Lee Ann Musick

Lee Ann Musick Is Summer Graduate Of CTCC, B'wood

Lee Ann Musick participated in summer commencement exercises of Central Texas Commercial College, Brownwood. The graduation service was held Thursday, June 20, at First Baptist Church in Brownwood. Miss Musick received her diploma in the Medical Secretary course.

Speaker for the occasion was Bill Prince, James Spillman, CCTC Administrator, and Billy Gocher, chairman of the English department, officiated the ceremony and presented awards.

The daughter of Rod and Patti Musick, Lee Ann is a 1990 graduate of Santa Anna High School.

Celebrate The Hot Dog

On the 4th of every July we celebrate the birth of our great nation and what is more American than the hot dog that is served at those July 4th picnics?

They say that every dog has its day. The hot dog, however, gets a whole month. July has been designated as National Hot Dog Month to pay homage to this American favorite.

But just how popular is the hot dog? Fifty million are eaten every day in the United States. And during the peak summer months, Memorial Day to Labor Day, Americans eat more than five billion hot dogs. When laid end to end, these summertime franks would circle the globe more than 15 times.

And we all have our favorite combinations. Mustard, ketchup, coleslaw, horseradish, onions, and chili are a few of the condiments served with hot dogs. According to the national Hot Dog and Sausage Council, some opt for more unusual additions to their hot dogs, such as maple syrup or peanut butter? Hot dogs and champagne were the favorite dinner combination of actress Marlene Dietrich.

National Hot Dog Month is sponsored by the National Hot Dog and Sausage Council for the purpose of calling attention to the versatility of the ever-popular frankfurter.

Well Said

Life is not the way it's supposed to be. It's the way it is. The way you cope with it is what makes the difference.

Play It Safe On Independence Day

Independence Day 1991 will be a joyous celebration, marking the traditional holiday and the victory of the United States and its allies in the liberation of Kuwait. However, if Texans follow their traditional habits, July 4, 1991, will also be marked by tragic fires caused by the careless use of fireworks.

"Fireworks are a holiday tradition," said Claire Koriath, chair of the State Board of Insurance. "However, they traditionally are involved in needless fires, usually because someone chooses to use fireworks carelessly or thoughtlessly."

The State Fire Marshal's Office, which is a division of the State Board of Insurance, licenses companies and persons involved in manufacturing, storing and selling fireworks within the state. It also oversees fireworks technicians that design and operate large public displays of fireworks.

Chief Torres Reminds Us Fireworks Illegal In City

Chief of Police, Carlos Torres reminds Santa Anna citizens that the selling and setting off of fireworks inside the city limits is against the law and is a punishable offense. Torres reports he has this week had several complaints concerning fireworks in the city and he will take appropriate action when the law is broken.

You are also asked to be very mindful of fire hazards whenever you discharge fireworks.

Have a safe and happy holiday!

plays of fireworks.

State Fire Marshal Ernest Emerson said that although most cities have banned the use of fireworks within city limits, fireworks are still easily available for sale to the public. He pointed out that fireworks require high temperatures to operate and that many discharged fireworks retain enough heat to start a fire or cause burns for hours after they are discharged. The result, he said, is that many fire departments will be called to battle fireworks-related fires this holiday.

Nationwide, more than 44,000 fires, about 20 deaths and \$41 million in property damage were caused by fireworks-related fires during 1988, the latest year for which national statistics are available.

The statistics gathered by the State Fire Marshal's Office on fireworks-related fires do not include fireworks injuries not related to fires. Such injuries include eye injuries, cuts and burns from contact with firework materials. The U.S. Consumer Product Safety Commission (CPSC) estimates that 12,400 firework related injuries were reported to hospital emergency rooms during 1990.

Ownership Change For Local Business

D. Carroll Holt this week announced that he and his wife, Kathy, have purchased B & B Convenience store on Wallis Ave.

Plans are to expand the grocery stock and specialty items for the convenience of their customers.

They will continue to handle Citgo gasoline.

The store, located on Wallis Avenue also formerly housed Becky's Blooms & B'Loons which is moving to the building on the east end of Wallis where Eubank Real Estate was formerly located.

Becky Martin will operate her flower and gift shop out of her home until things are all situated in the new location. The phone number will remain the same, 348-9199.

Lions Club Fish Fry Fri.

The Santa Anna Lions Club will be holding their annual "fish fry" benefit supper Friday evening with serving starting at 5:00 p.m. at the Lions Club building on Wallis Ave.

The meal will consist of fried catfish, beans, fries, and bread at a cost of \$5.00 per plate.

All proceeds raised from the event will be used to benefit the community through the Club's charitable projects.

to compete at the state level.

At the state high school rodeo finals, Wise earned the reserve champion honor with a time of 10.34 seconds right behind the grand champion winner, who posted a time of 10.24 seconds. Wise's time in the first go-round was 3.0 seconds, while she posted a time of 2.9 seconds in the second go-round. In the short go-round, Wise had a time of 4.2 seconds.

The National Finals will be hosted in Shawnee, Oklahoma during the week of July 21-28. The top four in each event at the state finals will advance to the national competition.

Voters Say No In Hospital Election; Another Unlikely

Coleman County voters on Saturday rejected establishing a hospital district by a vote of 1,492 to 1,204, according to unofficial returns, and Mike Eddington, president of the Overall-Morris Memorial Hospital board of directors, said Monday that another election is unlikely. The directors of the hospital will be meeting Friday to discuss their options. "At this time we don't have a real solid game plan," Eddington said.

An auditor will review the hospital's financial situation before the meeting on Friday and see how long it can stay in operation.

A countywide tax rate of 25 to 30 cents per \$100 valuation was deemed needed to subsidize the hospital. The hospital is current on all its bills, and Eddington said he believes the board's philosophy is

not to go into debt to keep the facility open.

Residents in the city of Coleman cast votes in favor of the hospital district, 404 to 306. Absentee voters were also for the tax issue, 642-594.

However in the rural communities were most of the county landowners cast their votes, the election failed with only one exception, at Voss where the vote was evenly split. Santa Anna area voters said no to the tune of 282 against and 38 for; Talpa 38 against and 7 for; Rockwood 43 against and 3 for; Novice 81 against and 22 for.

"If another election were held, the earliest taxes could be collected is October, 1992," said Eddington, adding, "I don't think we can stay in operation that long."

Rodeo Begins James Allen & Sons To Compete

Coleman's 54th Annual PCRA Rodeo is slated for Thursday through Saturday, July 4, 5, and 6 — night performances only, beginning each evening at 8:00 p.m. at the "dustfree arena" south Coleman.

Included in those cowboys competing in the single steer roping events will be three former Santa Annans, James Allen and his two sons, Guy and Gip. The three now live in Oklahoma where they continue to be in the ranching and rodeo business. Guy is a five-time champion in PCRA single steer roping and is currently leading in the race for this year's championship. James is steer roping director for the PCRA, a position he has held for several years. As is often the case for professional rodeo people, plans may change, but as of print time, Guy was scheduled to compete on Thursday night and James and Gip on Friday night.

The Coleman Rodeo is strictly professional and always has been. This means that it is approved by

the Professional Rodeo Cowboys Association and the Women's Professional Rodeo Association. This insures that some of the top cowboys and cowgirls in the nation will be competing in the Coleman Rodeo for some \$5,600 added prize money.

The queen for the 1991 Rodeo is Tish Taylor, daughter of Ted and Sonjia Taylor.

Stock will be furnished by the Don Gay Allstar Rodeo of Mesquite, Texas owned by Mr. Don Gay. Gay is an eight times World Champion Bull Rider and a member of the Pro Rodeo Hall of Champions. Several of Don's horses and bulls were selected to the 1990 National Finals in Las Vegas.

Charlie Throckmorton of Grandview, Texas will serve as rodeo announcer this year. He was the 1990 National Finals Steer Roping Announcer.

The clowns for the 1991 Rodeo are David Burnham and Ron Craver. Dwain Le Bouef will serve as bar-

Shawn Wise Earns Trip To National High School Finals

Shawn Wise, 15-year-old daughter of Mr. and Mrs. Corky Wise of Vernon, Texas and granddaughter of Mr. and Mrs. Joe W. Wise of the Rockwood Community has recently earned the right to advance to the National High School Finals. This was based upon her reserve champion finish at the state level competition.

Wise earned the reserve champion honor in the break-away roping competition at the Texas High School Rodeo Association Finals, which were held June 9-25 in

Abilene. Wise, who was a freshman at Vernon High School last year, has been representing VHS on an invitational basis by competing in rodeos throughout Region 3 from September through May. A total of 10 rodeos are hosted in each region during this period, with the top six finishers in each event earning the right to advance to the state finals. The state is divided into 10 regions.

Overall, Wise was named as the champion break-away roper in Region 3, which gave her the right

Former Resident Wed In Oklahoma

Miss Charla Van Hartness became the bride of Mr. Gip Richard Allen on Saturday, May 18, 1991 when they exchanged wedding vows at the First United Methodist Church in Pawhuska, Oklahoma. Dr. Wade Markham, of Vinita, Oklahoma, officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Tim Hartness of Pawhuska and the groom is the son of Mr. and Mrs. James Allen of Vinita, Oklahoma, formerly of Santa Anna.

The church was decorated with matching bouquets of dusty rose peonies and white seven-tiered candelabrams, which flanked each side of the altar with a unity candle in the center. The pews were tied with white satin bows with dusty rose centers.

The semi-cathedral train. Her fingertip veil of bridal illusion was attached to a band of white satin embellished with seed pearls and rhinestones. She carried a cascading bouquet of white roses and baby's breath accented with pearls.

For good luck Charla wore a six-pence in her shoe, which was brought to her by her father the year of her birth.

Attending the bride as matron of honor was Mrs. Lynn Spencer of Pawhuska. Bridesmaids were Mary Dee Bowline of Copan and Amelia Casebolt of Pawhuska. The attendants wore matching floor-length gowns of white with dusty rose floral design polished cotton which featured a sweetheart neckline, puffed sleeves accented with shoulder bows and flared skirts.

Providing traditional wedding music was Mrs. Bonnie Tatum, aunt of the groom, who accompanied Mrs. Mary McCartney, soloist, who sang "You Light Up My Life", and soloist Mike McCartney, who sang "Forever's As Far As I'll Go" and "The Lord's Prayer".

Given in marriage by her parents, and escorted by her father, the bride wore a formal gown of white satin with a sweetheart neckline. The puff sleeves were adorned with small satin bows. The fitted bodice was embellished with Italian sposebella beaded lace. A soft peplum was gathered at the waistline of the full skirt and beaded motifs adorned the skirt while lace trim outlined

Matt Casebolt served as ring bearer. Scott Watson, of Santa Anna, Texas, nephew of the groom, was candle lighter and flowergirls were Gigi Allen of Vinita and Bree Dillard of Sterling City, Texas, both nieces of the groom. They wore white dresses trimmed with lace.

Guy Allen of Vinita, served his brother as best man. Groomsmen were Randy O'Meara, Alpine, Texas, and Darryl Hawkins of Vinita. Ushers were Allen Hartness, Pawhuska, brother of the bride and John Salley, Broken Arrow.

The groom's attendants were attired in black tuxedo jackets, white tuxedo shirts and black jeans and trophy belt buckles.

Following the ceremony a reception was held in the fellowship hall of the church hosted by the bride's parents. The bride's table was centered with a four-tiered white cake with flowers matching the bridesmaids dresses. Appointments on the table included a silver punch bowl and crystal candelabrams. The groom's cake was chocolate with a miniature steer roper on top. Assistants for the reception included Miss Wendy Wyatt and Miss Kandi Stephens, both of Pawhuska, and Mrs. Pam Long of Coffeyville, Kansas.

Mrs. Tony Watson, sister of the groom, from Santa Anna, Texas, attended the guest book.

The newlyweds will make their home at the Kyler Ranch west of Pawhuska.

The bride is a graduate of Pawhuska High School and is a professional Barrel Racer. The groom is a graduate of Santa Anna High School and Sul Ross State University. He is currently employed as ranch manager for Kyler Ranch and is a professional Steer Roper.

THE TALE OF THE MISSING PICTURES

by Alice Anna Spillman
One day a lady visited the County Agricultural Agent's office. She saw a display of winning entries in the 4-H photography contest. First place had been awarded to a boy from Santa Anna. She asked him to make pictures for the library summer reading program. The boy asked his brother and two cousins to assist.

All went very well the first meeting. In fact, 2 pictures taken that day ended up being published in the newspaper with credit being given to the young photographers.

The second meeting, the lady failed to check out the camera. It had film in it—but the camera was new and she didn't know how to remove and reload the film. When the boys finished that roll, no one knew how to remove the film. One boy finally said, "I'll take it to the drug store." That worked, but we all did a bad job of putting in the new roll of film, so both rolls were exposed to light and ruined! That is why the pictures of June 26th library day are missing. The lady (me) apologizes to all. The young men, Aaron and Tom Guthrie and Chris and Joey Cheaney, did their job well. Just wait until July 10th, the next meeting.

A number of boys and girls received gold beads for good deeds. Any member who waters the tree we planted or the flower box in front of the new library building can receive gold beads. If they bring a new member, its gold.

Many received colored beads for reading or being read to for an hour. Please, help the girls and boys READ and get to the library for new books. There really are lots of good books for all ages on the shelves. Books from other sources are OK, but must be recorded on the reading record. If that is missing, write the names and time read on a sheet of paper.

Books have come from Mr. Jack Burns, including some auto repair information, Readers Digest, You and The Law, and Family Medical Guide. A nice addition to our "how to" books.

Mrs. Edd Hartman brought books and Mrs. Camille Shields Wallace of Fort Worth will be sending some soon.

Other good books have been donated by Mr. and Mrs. Homer Richter and by Greg Lane.

Thanks to all of you for your continuing support.

City Hall Closed On Fourth

City officials announced this week that City Hall will be closed Thursday, Independence Day. City employees will have the day off, but will be back on the job as usual on Friday. The landfill will not be open on Thursday.

Its Soon To Be Vacation Time

Get Your News/Announcements In Early As Possible

Its soon to be vacation time for this editor. I will be out of the office from Friday, July 12 through Friday, July 26. The paper will be put together by friends Gene Deason and Mark Kessinger at the Brownwood Bulletin while I am away.

In order to be assured that your news will be included, please make every effort to turn as much as possible in to the news office by Thursday, July 11. Other than that, please leave your news in the drop on the door and it will be picked up on each of those Monday afternoons. If you happen to be in Brownwood, you may wish to deliver it to the Bulletin office at 700 Carnegie. Be sure to include your name and phone number so you can be contacted if they have a question.

For classified advertising during that time, please call 646-2541 and ask for Peggy, or drop your ad and the \$3.00 minimum charge in the mail to Peggy Seals, C/O Brownwood Bulletin, P.O. Box 1188, Brownwood, Tex. 76801. For display advertising contact Kay Phillips or Ross Seltzer at that same telephone number.

If you know before that time that you will want to run an ad while I am away, it will be best to turn it in to the NEWS office in advance and it will be taken care of.

Remember To Recycle Saturday

You are asked to remember to bring you recyclable items to the recycling drop off center on Saturdays. The center is open each Saturday from 9:30 to noon. The center is accepting newspapers, grocery sacks, cardboard, glass bottles, and plastic (must have the numerals 1 or 2 stamped inside the triangular recycling symbol which you will find on the bottom of the container). Also aluminum cans, food cans, and aerosol cans.

If you need someone to pick up your recyclables, please call Lori Kernes at 348-3101, days, or 348-3202, evenings. Marybee Pritchard may be contacted at 348-3873, evenings only.

Play It Safe With Fireworks

—Continued From Page 1

The CPSC also reports that:

- Sixty-six percent of fireworks-related emergency-room injuries involved privately used devices that were legal under the federal law administered by the CPSC.
- Twenty-seven percent involved fireworks considered illegal under the federal law.
- Sparklers caused three-fourths of the injuries to children under 5 years old.
- Children under 19 years old suffered three of every five fire fireworks injuries. This means that children generally are more than four times as likely to be injured by fireworks as adults over 24 years old.

Using fireworks more safely can reduce the number of fires and injuries caused by fireworks. The State Fire Marshal's Office lists 10 recommendations for using fireworks as safely as possible:

1. Purchase fireworks only from a licensed vendor that displays a SFMO license certificate.
2. Remember that many cities and communities regulate the possession and use of fireworks. Contact the local fire department or law enforcement authorities for rules in your community.
3. Never let children use fireworks. Always designate a responsible, sober adult to ignite the fireworks.
4. Use fireworks outdoors only, in a clear area away from houses and flammable materials, such as grass, trees, gasoline cans or wooden decks. Be sure that the fireworks, especially aerial fireworks, will not contact or land on

potentially dangerous objects, such as power lines or automobiles.

5. Keep a bucket of water nearby while setting off fireworks. Use the water to douse any malfunctioning fireworks or accidental fire and to immerse minor burns.

6. Keep everyone, especially children under 15 years old, a safe distance away from the area where the fireworks are ignited.

7. Read and follow the directions exactly. If you don't understand the instructions, don't take a chance by lighting the firework.

8. Never touch a firework after it has been lit. If the firework malfunctions, do not try to relight it or pick it up. Carefully douse all used fireworks with water.

9. Never experiment with fireworks. Don't take fireworks apart or mix anything with the contents. Never make fireworks at home. Don't set off fireworks in metal, glass or other types of containers.

10. After you have finished lighting fireworks, cool the remains with water. Then collect all used fireworks materials and put them in a metal container. Cover with water again to reduce the chance of an accidental fire.

Emerson made another suggestion for parents who allow children to use sparklers. "Keep a metal bucket nearby, and have the children put their used sparklers in the bucket," he said. "Be sure the children are wearing shoes to avoid burns from stepping on hot wires that are dropped accidentally."

The State Board of Insurance chair concluded that avoiding fireworks is the safest choice.

"Go to a local public fireworks display," Koriath said.

Low-income Households May Be Eligible For Energy Assistance

AUSTIN—Some low-income Texans may be eligible for help in paying cooling bills this summer through the Home Energy Assistance Program, according to the Texas Department of Human Services.

The one-time payment is available to many low-income households. Applications for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children, or Supplemental Security Income in May. Other low-income individuals may request an application by calling the toll-free number 1-800-252-8060 during the enrollment period of July 1 through July 31.

Eligibility is limited by gross income and resources. Aid is available for a one-person household having less than \$628.49 gross income per month. The gross income limits are \$842.49 for households of two persons, \$1,056.49 for three, \$1,270.49 for four, \$1,484.49 for five, and \$1,698.49 for six.

Households are eligible if the cost for cooling is included in the rent payment or if the household pays a portion of its home energy

costs. Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy provider.

People receiving one of these energy assistance checks should mail it or take it in person to the energy provider business office with their regular energy bill. The check can be cashed only by the energy provider. If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the energy bill is higher than the check, the person is responsible for paying the difference.

Family Outreach Benefit Program A Success

A large crowd was on hand Saturday, June 22, for the benefit program for Family Outreach of Coleman County. Velma Trahan of Oklahoma City was master of ceremonies for the entertainment provided by local talent.

Gale Brock, Mayor of Santa Anna, introduced Representative Bob Turner of Voss, who spoke briefly, citing the newly-organized group for working with local families and children on a volunteer basis.

Kathy Dudley, president of the Coleman County group welcomed those attending and extended appreciation to the individuals and merchants who have worked with the program.

Included on the program were vocalists, Jasmine Bell, Eddie Creel,

Don Harmes and DeAnn Tisdale. Clothing from local and area stores was modeled during musical scenes, and dancers performed routines, including the favorite, a cowboy boot "ballet" by a group of local men.

Between scenes, door prizes, courtesy of local business, were given away.

Preceding the show an art exhibit by Theda Rhea and her students was held in the foyer.

Leaders of the Family Outreach of Coleman County have expressed their appreciation to the dozens of people who took part or assisted in any way to make the fund raiser a success. All proceeds from the show will be used to operate the new office for the group.

DPS Estimates 12 May Die On Texas Roads Over Fourth

AUSTIN—As many as 12 persons may be killed on Texas roadways during the 30-hour July 4th period, according to Department of Public Safety estimates.

DPS Director Joe Milner said the summer and vacation traveling holiday times will challenge motorists to avoid driving risks.

"The DPS and other law enforcement agencies throughout Texas will be working to keep dan-

gerous drivers off local and rural streets," according to Colonel Milner.

During July 4th last year, which was also 30 hours in length, the DPS tabulated 15 deaths. Deaths due to critical injuries raised last year's final count to 19. This year's

counting period will begin at 6:00 p.m. Wednesday, July 3 and continue to midnight, Thursday, July 4.

"In 1990, 89 percent of fatalities during July 4th occurred in accidents where speeding over the limits or driving while intoxicated was a factor in this state," Milner said.

Of the 19 traffic deaths, 13 were persons in vehicles where seat belts could have been used.

Milner said additional troopers will be working areas where high volumes of traffic can be anticipated.

"DPS officers will be watching for intoxicated drivers and speeders, the leading traffic death elements in Texas," Milner stressed.

Tater Tidbits and Treats

Englishman Peter Dowdeswell holds the record for eating the most potatoes in the shortest amount of time, consuming three pounds in only one minute. The average American may not break world records, but we do love our spuds. Each year we consume about 124 pounds of potatoes per person—an average of one potato per day.

Packed full of Vitamin C, Vitamin B6, iron, potassium and other important nutrients, the unpretentious potato is one of nature's most perfect foods.

Although the potato is low in fat, we tend to load it with extra calories and fat by adding rich toppings. Some health-conscious Americans have substituted plain yogurt to top their baked potatoes, but many find it just doesn't satisfy like smooth, creamy sour cream.

Potato lovers can now indulge in the great taste and texture of sour cream fat free and guilt free with new LIGHT N' LIVELY FREE nonfat sour cream alternative...the first fat free substitute for real sour cream. Try these yummy, low fat potato recipes and savor the rich taste of sour cream (without the fat) yourself!

TANGY AMERICAN POTATO SALAD

| | |
|--|---------------------------------|
| 1/3 cup nonfat mayonnaise dressing | 1/2 teaspoon salt (optional) |
| 1/3 cup LIGHT N' LIVELY FREE nonfat sour cream alternative | 6 cups cubed cooked potato |
| 1/3 cup pure prepared mustard | 1/3 cup sliced green onion |
| | 1/3 cup sweet pickle relish |
| | 1/4 cup chopped red bell pepper |

Mix together nonfat mayonnaise dressing, LIGHT N' LIVELY FREE nonfat sour cream alternative and mustard in large bowl. Add remaining ingredients; mix lightly. Refrigerate. Makes 6 servings.

Nutrition information per serving: 160 calories, 1 g. fat, 2 mg. cholesterol, 630 mg. sodium.

CHEESY DOUBLE BAKED POTATO

| | |
|--|--------------------------|
| 3 medium baked potatoes | 2 tablespoons skim milk |
| 1/2 cup LIGHT N' LIVELY FREE nonfat sour cream alternative | 1/4 teaspoon garlic salt |
| 1/2 cup (2 ozs.) shredded reduced fat cheddar cheese | 1/4 teaspoon pepper |

Preheat oven to 375°. Cut potatoes in half lengthwise; scoop out centers, leaving 1/8 inch shell. Mash potatoes. Add remaining ingredients; beat until fluffy. Spoon into shells. Bake 20 to 25 minutes or until lightly browned. Makes 6 servings.

Nutrition information per serving: 150 calories, 2 g. fat, 5 mg. cholesterol, 190 mg. sodium.

Lyme Disease Threatens Now That Tick Season Has Begun

Tick season is here, and it's triggering words of caution for anyone venturing outdoors, especially where ticks carrying Lyme disease lurk.

In recent years, Lyme disease, which is transmitted from infective ticks when they bite, has become one of the nastiest health threats facing people who work or play outdoors.

Unrecognized in the U.S. prior to 1976, now it is widespread. In 1989, 8,552 cases were confirmed in the U.S., 82 of those cases in Texas. For 1990, 7,995 cases have been tallied thus far (final 1990 national records will be closed out later this month), 44 of those in Texas. So far in 1991, 32 possible cases are being investigated by the Texas Department of Health.

Although it looks as if the disease is declining, those whose job it is to track the disease say that's not the case. "Even though it looks like a drop, I don't really think it is," said Julie Rawlings, a microbiologist in the Texas Department of Health's Zoonosis Control Division

and a nationally recognized Lyme disease expert. "What's happened is that possible Lyme disease cases are not being included in the final count because they can't be verified using the more stringent reporting and verification procedures put into place during the past two years." All but a small percentage of the cases that have been verified in Texas occurred in the eastern half of the state.

People contract Lyme disease when they are bitten by ticks infected with a certain spirochete, or corkscrew-shaped bacterium. In Texas, the spirochete may be carried by at least four kinds of ticks: the Lone Star tick, the American dog tick, the brown dog tick, and the black-legged tick.

Lyme disease has been reported among pet owners, campers, hunters and others who work outdoors or with animals. It is difficult to recognize, because the symptoms are similar to many other common ailments. Left untreated, it can advance from early flu-like symptoms to painful and permanent damage to the joints and debilitating damage to the nervous system.

While antibiotic treatment for Lyme disease is available, knowing about this disease and taking the proper precautions can drastically reduce the chances of getting it in the first place. Precautions to take, especially in May, June and July, include:

- *Wear long-sleeved shirt and long pants, tuck pant legs into socks or into boots, tuck shirt into pants, and tape the area where pants and socks meet. This helps keep ticks out.
- *Wear light-colored clothing so ticks can easily be seen.
- *Spray insect repellent listing "DEET" or "permethrin" as the active ingredient on pants, socks and shoes (not on skin).
- *Avoid walking in brush and tall grass. Ticks sit on vegetation with outstretched legs waiting to snag whatever animal comes by.
- *Keep pets from infested areas. Since pets can bring ticks home, look for ticks on pets and remove them.

After being outdoors, promptly remove and wash clothing. Inspect your body carefully and remove attached ticks with tweezers, grasping as close to the head as possible and gently tugging the tick free without crushing its body.

Alberto Stamper had visits from Delia and Stephanie Salazar, Joe Diaz, and Ida Perry.

Pat DeWitt visitors included Lera Guthrie, Louise McCaughn, Buna Baucom, Myrtle Chapman, Mr. and Mrs. Nick Buse and Gene McSwane.

Modora Gilmore had visits from Lonella Roesch, Gene McSwane, Mrs. McClintock, Buna Baucom, Treva Barnett, Dorothy Bible, Mr. and Mrs. Canerly.

Vaude Hill was visited by Rev. and Mrs. Don Elrod.

Preston Cude had visits from Cleo Cude.

Red Cupps had visits from Joe Wallace.

Camp Wanna-Read Participants Study Rocks

by Betty Key

The second session of Camp Wanna-Read was held on Wednesday, June 26. This outdoor reading program is sponsored by the Santa Anna Library Board and the Big Country Library System. About 30 children, 11 teenage helpers and 10 adult volunteers had a busy morning learning about rocks.

The group gathered behind the future library building at 9:30 a.m. for a sing-along followed by a flag raising ceremony.

Kelley Luera presented a very interesting program about rocks. After a short introduction, the children were divided into small groups and visited the nine interest centers that had been set up. At the interest

centers the children had an opportunity to study approximately 200 rocks that Ms. Luera had on display. Older children were interested in reading about the minerals in

each rock and where they were collected. Younger children enjoyed feeling the texture of the rocks, looking for color patterns and watching crystals sparkle in the sun.

Favorite activities for everyone were dipping cut rocks in water to see how they would look if polished, and panning for "gold". Like many of the old gold prospectors, the children were quite excited to find chunks of iron pyrite or "fools gold" in their pan. Each child left the program with a chunk of fools

gold and one or more polished rocks.

The children also visited the library to check out books and receive reading awards. The award necklaces are beginning to be quite colorful as children receive white beads for each session they attend and a colored bead for each hour they spend reading. A number of children also received gold beads for bringing new members and for extra work cleaning up the area behind the library. Children may also earn gold beads by going by the library between sessions and watering the tree that was planted at the first meeting. The librarians have bottles for carrying water and will record the names of the children who water the tree.

Story time and other activities were held in the shade of the trees on the lawn of the present library. Pre-school children heard a story and a poem about rocks. They then played a game with rocks and painted rocks. Lower elementary children heard two stories and made autograph cards. Upper elementary children worked word puzzles and had an art activity.

The next session of Camp Wanna-Read will be at 9:30 a.m. on Wednesday, July 10. An interesting program is planned for that day also.

Children are reminded to bring their yellow reading records so they can receive their awards beads. New members are always welcome.

Tells About Desert Storm—Jim Davis of Dallas, a recent visitor with the Edwin Hipshers, spoke to the 8th grade class and high school classes during his visit here just prior to school being out for the summer. Davis is a member of the Naval Reserves and served in the Medical Corp during Desert Storm. He is a research biologist by profession and that training was instrumental in his going to the war zone. He told the students of his experiences, demonstrated gas masks and other gear as well as telling them of native customs and dress such as you see here. Photo by Jack Burns

Desert Storm Soldiers To Be Honored By Postal Service

On July 3, 1991, a special commemorative stamp will be issued by the Postal Service honoring those who served in the Desert Storm campaign. The stamp will be very limited. A few "Plate Blocks" will be available at your local Post Office.

Philatelic Products To Be Destroyed

On September 20, 1991, all Philatelic collection kits more than two years old will be destroyed by the Postal Service. Postmaster Gary Absher noted that many of the kits have increased in value more than the sale price and must be destroyed. The Santa Anna Post Office is fortunate to have many of these collection kits on hand, some of which are more than ten years old. Please make an appointment with Mr. Absher to see these stamp collecting items prior to the September 20th date.

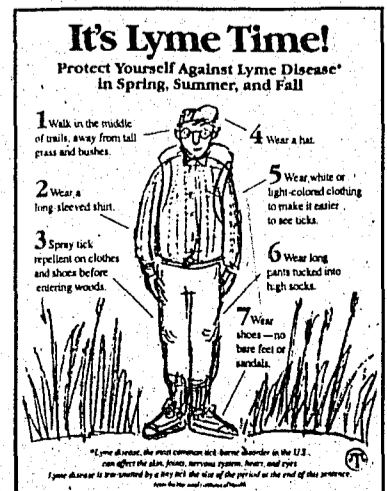

total nutrition Mythbusters

Nutrition is a "hot" topic today, with 75 percent of consumers saying that nutrition is a very important factor in food selection, according to a study by the Food Marketing Institute. Unfortunately, misinformation about nutrition is rampant, says Mary Helen Gunkler, registered dietitian and staff nutritionist for Total cereal. Here are just a few of the myths and the truth about them:

- Myth: Fasting purifies the body and aids weight loss.
 - Fact: The only thing accomplished by fasting is to deprive the body of nutrients. And because the fasting body thinks it is being "starved," metabolism slows down. This often results in quick weight gain when you resume eating. With metabolism being slowed, the body requires less food than before to gain weight.
 - Myth: Smoking keeps you slim.
 - Fact: If you quit smoking, you may gain weight because your metabolism slows down. Food may taste and smell better, so your appetite increases. Also, eating may take the place of smoking. To help prevent weight gain, follow a well-balanced diet and exercise regularly.
 - Myth: Carob is healthier than chocolate.
 - Fact: Unprocessed carob powder has less fat than cocoa powder, but products made from carob powder often include saturated fats, such as butter or palm kernel oil.
 - Myth: Only sugar causes cavities.
 - Fact: Cavities can result when the teeth have extended contact (more than a few minutes) with any food containing carbohydrates. These can be simple carbohydrates like sugars, or they can be complex carbohydrates, such as those in bread or potatoes.
 - Myth: Fiber pills make you slim.
 - Fact: Fiber pills alone won't make you slim. However, high-fiber diets including lots of fresh fruits, vegetables and whole-grain breads and cereals, such as Total, are often lower in fat. Less fat means fewer calories—and potential weight loss.
 - Myth: A high-protein diet produces shiny, silky hair.
 - Fact: Increasing your intake of protein will not affect how much protein is used by the hair follicles unless you have a protein deficiency. Any increase in protein will be burned as fuel or stored as fat.
- Gunkler concludes that as more information about nutrition is published, myths may become more abundant, too. It is a good idea to verify new information with a reliable source, such as a registered dietitian.

Medicine for the Public

It's Lyme time; time to take care when you go into grassy areas. A tick smaller than a pinhead can carry Lyme disease, the most common tick-borne disorder in the United States. It can affect the skin, joints, nervous system, heart, and eyes.

Lyme disease is, increasingly, a serious health threat.

Trickham News

By Anna York

The rains have been passing us by the last three weeks and most of us would like to see a shower, especially the farmers that have milo. It might stop the hay baling for a while though and that would interfere, so maybe we don't need a rain. I wonder what would stop the grasshoppers?

There were three funerals at the Trickham Cemetery last week, Mrs.

Matty Wideman of Robert Le was buried on Monday. I understand she was a sister of Mrs. Coletta (Mullis) Finley who was raised near here and now lives at Robert Lee.

Mr. Albert Cole of Bangs passed away on Tuesday and his services were on Thursday morning at First Methodist Church in Bangs with burial in Trickham. Survivors are his wife Nova; one son, Dale Cole of Bangs; three sisters, Mrs. Edna Laughlin of Brooksmith, Mrs. Daisy McClatchy of Trickham and Mrs. Sybil Reager of Bangs; two grandchildren and one great grandchild.

Mrs. Irene Brogan of Pasadena passed away and was buried at Trickham Saturday morning. She is survived by her husband, two children and her mother, Mrs. Ethel (Featherston) Matthews. You have my sympathy.

Mrs. Daisy McClatchy visited Sunday afternoon with her sister, Edna McLaughlin.

Paul Martin and Colt of Santa Anna and James McSwain and Phillip of Coleman visited Sunday afternoon with their grandmother, Gertrude Martin.

Pat and Edna Stearns of Fort Worth visited Friday afternoon with Mrs. Novella Stearns and Ora Alice of San Angelo visited briefly. Those who visited Saturday and helped work cattle were Pat Stearns, Grady James, and Claborn James and son Leslie, all of Fort Worth and Tommy McIlvain and son Keith of Bangs. Mrs. Myra Haynes and Mrs. Doris Stearns of Brownwood were Sunday afternoon visitors and Mr. and Mrs. Ance Hall of Bangs visited in the evening.

Talmage and Laverne McClatchy received a call from a friend Darrel Livingston of Riverside a few days ago and he told them of the earthquake that hit there and shook them out of bed twice. The first big one measured six points on the richter scale and there were ten aftershocks. That sounds like a

pretty scary time to me.

Mr. and Mrs. R.C. Stearns and a friend, Mrs. Polly Bird of Cross Cut visited with Florence Stearns on Wednesday morning. Mrs. Alice Wells of Coleman visited on Saturday with her mother, and Ervin Ray and Branda Wells and John Robert of Silver Valley and Doris Stearns and Myra Haynes were Sunday afternoon visitors.

Dan and Lavonda Evans and girls Ariel and Allison of Kemper visited Thursday afternoon with his grandmother, Mrs. Winnie Haynes.

Darla McIver and children and her mother, Natalie McIver, were on an outing Friday and had lunch in Brownwood.

Sunday, Rankin and Natalie McIver visited in Bangs at Twilight Nursing Home with Mrs. Mary Boenicke and with his sister, Mrs. Irene Durham, in Brownwood.

Sherrie Blake and Megan visited with her dad, Rankin McIver and Natalie Sunday evening.

Joda and Seth Jenkins of Bangs visited Sunday afternoon with Nikki and I.

Ray and Barbara Dockery and Traci and Kelli of Eden and Lynn and Jason Dillard of Stephenville and Two of Dan's friends, Robin Jones and Jim Crosson of Canyon and Mrs. Annie Lou Vaughn were Sunday dinner guests of John and Earlene Dockery, Wesley and Dan.

Those who have given to the Trickham Cemetery fund include Mr. and Mrs. R.L. Flannagan and Mrs. Coletta Finley, in memory of Mrs. Mattye Wilderman.

Memorials for Albert Cole were from George and Goldie Haynes, Riley and Kathleen McKinney, Betty and S.N. Cooper, Mr. and Mrs. C.O. Ford, Mr. and Mrs. Albert Ruggles, Mrs. Laura Harris, Mrs. Lou Vaughn, Mrs. Irene Durham, Johnnie Drohn and Mary Sweet.

Memorials for Irene Brogan were from Mrs. Mae McIver, Lou Featherston, Lou Vaughn, and George and Goldie Haynes.

George and Roberta Gruthis of Cave City, Arkansas, spent Saturday night with her sister, Betty and Felton Martin and on Sunday they attended a family reunion at the home of the ladies' mother, Mrs. Mary Crawford, in Goldthwaite. There were around thirty present for the day. All enjoyed visiting and getting together.

Booklet Available to Help Explain Social Security

A new publication designed to present a clean, concise overview of the Social Security program is now available from Social Security, according to Glyn Hammons, manager of the Abilene Social Security office. The publication, entitled *Understanding Social Security*, is the result of a project under which all of the agency's public information leaflets are being revised.

"Surveys show that most people know much less about Social Security than they should in order to use it effectively," Hammons said. "This is part of our continuing effort to alleviate the problem by making sure the information we provide is readable and understandable."

In addition, new booklets have been produced for each of the major Social Security programs: Retirement, Survivors, Disability, Supplemental Security Income, and Medicare. Factsheets which present information on specific issues have also been rewritten.

A catalog listing all available SSA public information materials, all of which are free of charge, is expected to be in circulation later in the spring. It is designed primarily for groups and organizations that have a special interest in Social Security. Those interested in receiving the material should contact the nearest Social Security office. Hammons said.

The Abilene office is located at 142 S. Pioneer. The phone number is 698-1360 or toll-free 1-800-234-5772.

Start Making Plans Now For SAHS Homecoming '91

by Mary Ford Fields

(Chairman of SAHS Ex-Student Association Entertainment Committee)

Again Homecoming is approaching...October 4 and 5th, 1991. Plans for another exciting weekend for all alumni of "Dear Ole Santa Anna High School" will soon be in the "makin". Mary Lee Ford Fields again will be chairman of the Homecoming Entertainment

Committee and will be assisted by Barbara Kingsbery and Monty Guthrie and they will be meeting the later part of July to make plans for the two-day event. If anyone has any suggestions they would like to make, please feel free to contact either of them locally or write to Mary Lee Ford Fields, 819 Praetorian Building, Dallas, Texas, 75201.

For any of you who are scheduling vacations, we would like to

suggest you save at least a day or two for this special event. On Friday we will have the hospitality room open at the Highrise as we have in the past and this gives everyone a place to go and visit and be together and after that you will be furnished the remainder of the schedule after the committee meets in July.

Please keep these important dates available so you can be with your friends.....!

Light Choices

New Choices New Syndicate

The following tips on making light menu choices are from "New Choices" magazine, edited by Kate Greer.

For health's sake, most of us are trying to cut down on the amount of fat we eat. It's easier than you might think to pare the fat from your favorite foods and use less butter, cream, and meat when you cook. Many high carbohydrate foods, for instance, have acquired the reputation for being rich, greasy or calorie-laden because of the way they are prepared. Here are alternative ways to enjoy many of these favorite foods:

• Instead of topping pancakes with butter, use fresh or frozen fruit, low-fat yogurt and chopped nuts.

• Instead of spaghetti and meatballs, make a light spaghetti sauce with chunks of fresh tomato and basil leaves.

• Instead of chocolate cake with icing, try angel food cake with sliced strawberries.

• Instead of fettucine Alfredo, enjoy fettucine lightly dressed with clam sauce.

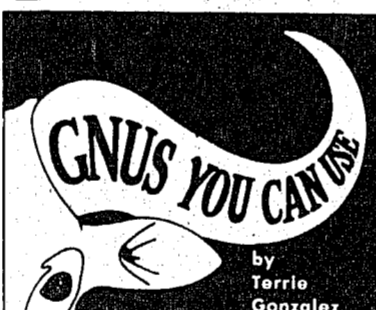

• Instead of french fries, make cottage fries in a pan sprayed with non-stick spray or oven roast potato chunks sprinkled with fresh rosemary.

• Instead of potato chips, go for plain, unbuttered, air-popped popcorn.

• Instead of a strawberry thick shake, whip fresh strawberries in a blender with skim milk, a couple of ice cubes, low-fat yogurt and a little sugar.

• Instead of croissants or doughnuts, have a bagel, pita bread or English muffin with a bit of fruit jam.

• Instead of a meat and potatoes dinner, try stir-fried broccoli with thin strips of lean beef. Serve on a bed of rice.

Toxic cobra venom can kill an elephant

The venom of a king cobra is perhaps the most potent toxin among all animals on earth.

"It is reportedly powerful enough to kill an elephant," said Ray Sutton, wildlife manager of the International Wildlife Park in Grand Prairie, Tex.

The king cobra is quite aggressive and measures from 14- to 18-feet long. They inhabit regions in Southeast Asia, India and southern China.

Another deadly cobra is the Indian, which measures one-third the size of the king cobra. Its hood is much wider than the king cobra's, stretching up to four times as wide as the snake's body.

Two African cobras, the ringhals and black-necked species, pose a different type of danger to humans: They can spit jets of venom up to 10 feet away.

"If the snake squirts a victim in the eyes, it causes severe pain and possible blindness," said Sutton. "They can shoot a round of 20 squirts before they are out of ammunition."

If you have a question about wildlife you would like to see answered in this space, write to GNUS YOU CAN USE, 601 Wildlife Parkway, Grand Prairie, Tex. 75050.

Elephant's Trunk Packs Flexibility

Pity the poor neurosurgeon assigned to number the muscles and tendons in an elephant's trunk.

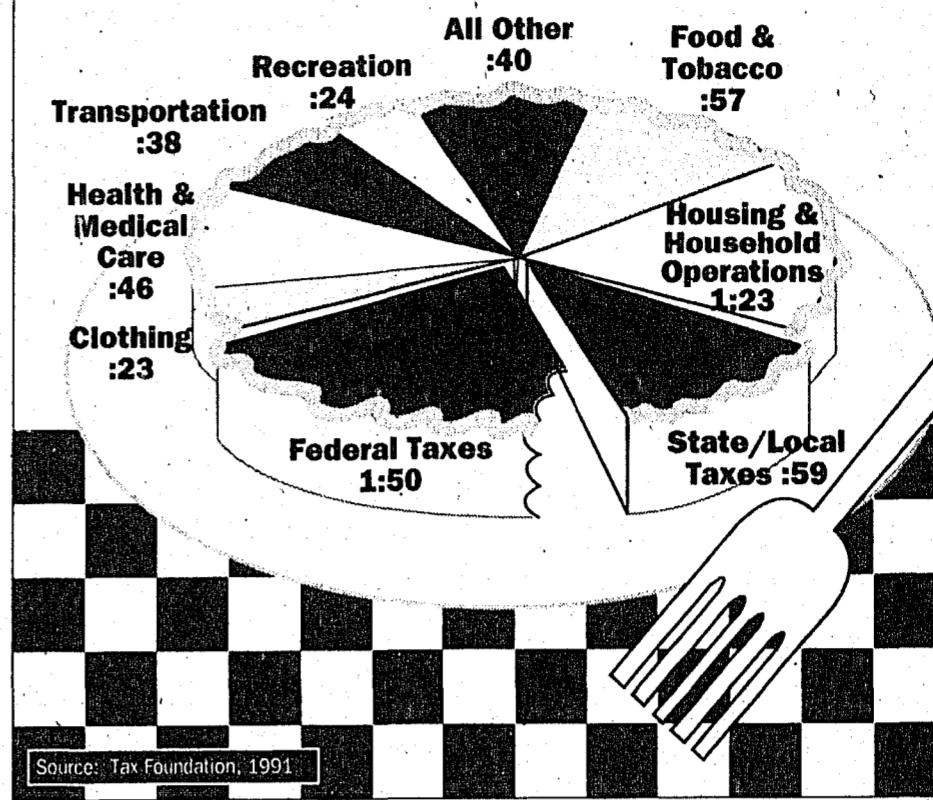

He would have to be able to count and identify more than 40,000!

"The complex network of muscles and tendons gives elephants great strength as well as amazing dexterity," said Ray Sutton, wildlife manager of the International Wildlife Park in Grand Prairie, Tex. "They can snap a huge tree as easily as they pluck a single blade of grass."

Whon News

By Mrs. Tom Rutherford

Mr. and Mrs. Darwin Lovelady and Doris Stearns were in Abilene on Friday afternoon and visited with Mr. and Mrs. Friday Couch.

I enjoyed a nice visit one afternoon this week from Mrs. Janie Morris. She also visited with Mr. and Mrs. Dick and Johnny Deal before returning home.

Graham Fitzpatrick drove to Brownwood on Saturday afternoon and again Sunday to visit with his wife, Imogene, and reports she seems to be feeling pretty good.

Mrs. Wats' son, Mr. and Mrs. Roger and Tammie Wagner and children, Rachel and Jeremy of Garden Dale were here with Mr. and Mrs. Wats over the weekend. They drove to Bangs and visited with relatives there before returning home Sunday p.m.

Mr. and Mrs. Elec Cooper of Rockwood visited with Mr. and Mrs. Darwin Lovelady Saturday p.m. and until bedtime.

Mr. Hilary Rutherford of Coleman and Mr. Loyd Rutherford was with me Saturday. Hilary was here on Friday also.

Mr. Don Fitzpatrick and his children, Brandon and Stephanie and Julie and her two little girls were weekend visitors of Mr. Graham Fitzpatrick. They all attended the rodeo at Gouldbusk on Friday night and enjoyed it a lot. Some of the children participated in the rodeo.

Mr. and Mrs. Darwin Lovelady visited their son and family, Mr. and Mrs. Randall Lovelady and daughters, in Brownwood Sunday.

Mr. Norman Floyd Morris of Holt, Texas was a Sunday guest with his uncle, Mr. and Mrs. Floyd Morris. Mr. Wats visited Mr. and Mrs. Morris Sunday morning.

Mr. Douglas Avant was here on the Avant farm Saturday and on to

Santa Anna to see his mother, Mrs. Pearl Avant. Thanks for a short visit, Douglas and for the vegetables. He reports his wife's mother,

Mrs. John X. Steward has been dismissed from a San Angelo hospital an is in the Sheffield Nursing Home # 2 in Brady and is improving. She happened to fall and break arm and a hip.

I was in San Angelo on Tuesday and Friday of last week and met my daughter and husband, Bob and Patsy Smith, there taking care of some business. And also visited with my grandson, Barry Smith, at his place of business, the Southside Feed Store in San Angelo.

Loucille Sorrells of Coleman visited with Billie Lovelady in Santa Anna Sunday afternoon.

Talked with my son, Thomas Ray Rutherford in New Hampshire Saturday. He reports they are really having extremely hot weather for that part of the world. I heard on the news was unusually hot weather in Boston. He lives about an hours drive from Boston. But the weather had been a little cooler on Saturday. He and family are well.

Talked to my daughter, Lynda, at LaGrange Saturday noon. She reported was really raining there. They live some 60 miles below Austin toward Houston. They have had lots of rain.

Thanks to friends and neighbors for garden vegetables. They are really good. Thanks.
