Too few people realize that Uncle Sam's actual expenditures during the present fiscal year are expected to reach a total of \$55 billion \$95 billion.

There also is too little awareness that out of this astronomical sum nearly 40 million persons are receiving direct payments from the federal treasury. If the families of these recipients are included, nearly half of the nation's population receives federal funds.

Piggly Wiggly Robbed, Safe Wrecked Sunday

The safe in the local Piggly Wiggly grocery store was litterally wrecked Sunday night by at least two persons. At this time it is not known just how many were involved in the robbery, but it is possible that more than two were involved.

W. H. Thate, owner and operator of the store, said he had gone to the bank late in the afternoon Saturday, and thus the receipts from the day were mostly al-ready deposited. Just how much the men took was not definitely determined, but it was some-where in the neighborhood of \$100. The primary damage was to the safe, which will be several hundred dollars.

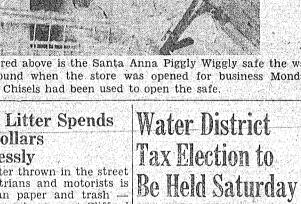

Several cartons of cigarettes were also taken, but what other merchandise was taken if any, could not be determined.

The robbers had apparently cased the job pretty carefully. They entered the store through a back window, by using a chisel to cut a cross bar that locked the window. No glass was broken. They apparently did not use any explosive on the safe, but went to work with an assortment of chisels, springing parts of the safe door, then taking heavier bars and prying the door loose.

COURT REJECTS VOTE HASSLE

Texas Supreme Court refused to consider a direct appeal from the City of Austin that it order a complete 'recount of votes in a hotly contested urban renewal election.

Issue has had Austinites in a stew for months. It was originally announced after the election in December that urban renewal had carried by a 52-vote margin. Eight property owners contested the election results on grounds that ballots were cast by persons five judges, rather than three,

not qualified to vote. After 9 of 18 contested boxes. had been opened, District Judge James K. Evetts of Belton declared the election void. He said there were so many disqualified. voters and improperly marked ballots that it was impossible to determine the election outcome. Austin's city attorney petitioned the Supreme Court for a writ of mandamus to compel Judge Evetts to open and examine all the ballot boxes. He contended the qualified voters had a right to have their votes counted.

Having lost out on a direct plea to the Supreme Court, City Attorney Doren Eskew said he would go through the usual appeal route, going first to the Third Court of Civil Appeals.

Federal Boating Stamp Due

Washington, D. C. — Effective April 1, 1960 boats of more than ten horsepower operated on the navigable waters of the United tates MUST be numbered under the Federal Boating Act of 1958, the Coast Guard announced today.

Applicants for Federal Certificates of Number may obtain ap-plication forms at local Post Offices. The completed application form and a \$3.00 fee must be filed with the Post Office. At that time a blue, \$3.00 Federal Boating Stamp will be affixed to the application and a temporary certificate will be returned to the applicant. This certificate will serve as proof of compliance with the law until such time as the application has been proces-

sed by the Coast Guard. The permanent Certificate of Number to be issued the boat owner will be an embossed plastic card similar to a gasoline credit card. The certificate will show the Coast Guard number to be affixed to each side of the bow of the boat by the owner and must be on board whenever the vessel is in use. A number awarded by the Coast Guard will be valid from the date of issuance and for three years from the date of the owner's birthday next occuring after the certificate is issued. Documentary proof of title and ownership is not required by the Coast Guard Office. with application for number. Application blanks may also be obtained from any Coast Guard

Census Takers To Attend Training Sessions Census takers who will visit

Census takers who will visit every dwelling unit in the area during the 1960 Census of Popu-lation and Housing which starts. April I will participate in four training sessions next week. Dis-briet Supervisor W. G. Stacy an-nounced today. The training sessions, to be conducted by the erew leaders. will be held on March 28, 29, 30, and 36 for Coleman County. Each-Cousing taker will receive a total of appresumately sinc hours of instruction Emphasis will be placed on the importance will be placed on the importance of a systematic, thorough can-vass of every dwelling unit, dur-ing the census to insure a_{τ} com-plete count. Class room training will cover proper manner of asking questions, use of the Census questionnaire. Census' definitions, and map reading.

Map reading is an important census-taking technique since, without maps, defining the limits of each district to which a census taker is assigned, the job census taker is assigned, the job would be a welter of confusion. About 250,000 maps have been prepared for the 1960 Census. This provides an individual map for each of the 250,000 districts into which the country has been divided for the census. Every census taker will be furnished with a map of his district As they make their rounds, census takers will be required to cantakers will be required to can-

takers will be required to can-vass every street and road and visit every housing unit within the boundaries of their assign-ments shown on these maps. Mrs. Estelle W. Cobb of the Shield Community is the county-erew leader. Enumerators for the Census in the county are as fol-lows. Mr. Kethryn Coffman, Novice. Mrs. Doris J. Haas, Cole-man. Mrs. Lean. Hamilton.
