"He Profits Most Who Serves Best"

ANNUAL MEETING OF CHISHOLM TRAIL AREA BOY SCOUTS TO MEET IN ABILENE, JANUARY 27

A Special Effort is Being Made to Get a Full Representation from All Towns in the Chisholm Trail Area.

ABILENE, Texas—January 16, 1933. The Annual Meeting of the Chisholm Trail Council to be held in Abilene January 27th will be of the Convention Type which is an evolution in Council Meetings, which grew out of national conditions in an endeavor to increase the effectiveness of the Annual Meeting by reaching out and bringing into the picture in a participating way the largest number of men. It is a Council wide convention of Scouters.

The Convention will open at eleven-thirty with registration and assignments. At noon the Scouters will meet with Abilene Rotary Club. Immediately following adjournment of the Rotary Club President Thos. E. Hayden, Jr. will call the meeting to order following which will be the welcome address by Rev. P. M. Warren, Pastor of the First Christian Church, Abilene. From 2 P. M. until 6 there will be held inspiring group conferences, each group presided over by outstanding business men, who are volunteer Scouters of the Chisholm Trail Council.

President Hayden has outlined a wonderful program of interest to every citizen in the council and subjects for the promotion of the Ten Year Program of Growth will be covered.

There will be four Conference Groups covering such subjects as the Annual May Jamboree, Administration and Finance; Past Present, and Future Conditions Preparing for a Campaign; the Functioning District Committee; Activities and Camping; District Rallies; Anniversary Banquets; Troop and Council Camping; Health and Safety; Methods of Educating the Public; Importance of the Court of Honor; Why Advance; Troop Leadership; Program Building; The Job of Boy Leaders; The Ten Year Program of Growth.

Officers for 1933 will be elected through recommendation of the Nominating Committee. Recently Scout Executive Shumway attended the Annual Meeting at Brownwood. There were seventy-five business men present and our Executive is challenging the Scouters of the Chisholm Trail Council to attend in such numbers that our attendance will be more than that of the Brownwood Council.

Throughout the entire day Regional Executive J. P. Fitch will serve as advisor and at the annual banquet will address the Convention on the subject "Accepting the Challenge of the Ten Year Program."

The Slogan of the conference will be "The Nations Need More Participating Citizens."

President Hayden urges all Scouters to report for registrations at 11:30 A. M. January 27. Rotarians may make up their attendance with the Abilene Rotary Club.

The forty-nine boys selected by the Edison Scholarship Program included 30 former Scouts and active Scouts. 8 of the 10 highest were former Scouts. All of the 6 highest were former Scouts. Dr. Millard Sutton, former President of the N. E. A. states that 22 per cent of the students of the Atlanta, Georgia High School were former active Scouts but that 85 per cent of the honor students are Scouts. The Cecil Rhodes scholars of the class of 1931 were 71 per cent former Scouts. This has increased from 34 per cent in 1926 to 71 per cent in 1931.

54 per cent of the students in colleges are former Boy Scouts. Yet only 16 per cent of the total number of boys have been reached by the Boy Scouts.

In a study of Football Captains of the larger American Colleges, 59.3 per cent were Scouts.

The Boy Scout Oath: "On my honor I will do my best—1. To do my duty to God and my country, and to obey the Scout law. 2. To help other people at all times. 3. To keep myself physically strong, mentally awake, and morally straight."

The Boy Scout Law:

1. A SCOUT IS TRUSTWORTHY. A Scout's honor is to be trusted. If he were to violate his honor by telling a lie, or by cheating, or by not doing exactly a given task, when trusted on his honor, he may be directed to hand over his Scout badge.
2. A SCOUT IS LOYAL. He is loyal to all to whom loyalty is due, his Scout leader, his home and parents and country.
3. A SCOUT IS HELPFUL. He must be prepared at any time to save life, help injured persons and share the home duties. He must do at least one "Good Turn" to somebody every day.
4. A SCOUT IS FRIENDLY. He is a friend to all and a brother to every other Scout.
5. A SCOUT IS COURTEOUS. He is polite to all, especially to women, children, old people and the weak and helpless. He must not take pay for being helpful or courteous.
6. A SCOUT IS KIND. He is a friend to animals. He will not kill nor hurt any living creature needlessly, but will strive to save and protect all harmless life.
7. A SCOUT IS OBEDIENT. He obeys his parents, Scoutmaster, Patrol Leader, and all other duly constituted authorities.
8. A SCOUT IS CHEERFUL. He smiles whenever he can. His

CONCHO PEAK HOME DEMONSTRATION CLUB

The Concho Peak Home Demonstration Club met with Mrs. M. F. Reasoner last Friday. Miss Brent met with them and gave a demonstration on sub-irrigation with the use of tile.

There were seven members present and one new member. We are hoping for several new members this year.

The Club presented a beautiful purse and handkerchief to Mrs. J. E. Richardson as an award for attending every meeting last year. They hope that she will continue this year, and that there will be others with her next year.

The next meeting will be held with Mrs. J. E. Richardson on Friday afternoon, January 27. Everyone is invited to attend, and visitors are especially welcomed.

Mr. and Mrs. Paul Bivins visited relatives at Junction Sunday.

A MUSICAL FAMILY

Heard the latest, Bobby? My sister sang at the opera the other night. Music has always run in our family.

Why Dosh T. that's nothing. Everything in our house is musical. The dog has a brass band around his neck, the tea kettle often sings, and even the sewing machine is a "Singer."

Musical Program at Queen Theatre Friday Night

J. J. Faulkner, well known entertainer, graduate of the school for blind, Austin, Texas, and Radio expert, sings, plays and renders a program well filled with entertainment not usually available in small theatres.

His program will be under the auspices of the Parent-Teachers Associations being divided equally between the High School P-T. A. and the Ward School P-T. A. This notice is written in behalf of the local organizations and is complimentary to them.

The entire program promises to be interesting and entertaining and the public is urged to attend. School children coming from other communities will be admitted at the 10c rate. All adults will be admitted for 25c. If you are not satisfied with the program, your money will be cheerfully refunded.

City Commission Entertains Firemen

Last Thursday evening the City Commissioners entertained the members of the Santa Anna Volunteer Fire Company and their families with a splendid luncheon and musical program in the Armory building.

Mayor W. E. Baxter presided at the meeting, and several nice speeches were made. Music was furnished by Ray Brothers and Ney Cartwright who are good entertainers.

J. T. Garrett gave a historical outline of the fire company in Santa Anna, dating back to the old bucket brigade days, of the hose and cart days, the first truck and later the fire truck, and now the pump.

Mayor Smith and Fire Chief Kelley Dalton of Coleman were among the principal speakers, much benefit to the firemen and others concerned.

The repast was prepared by the ladies of the First Christian Church, several young ladies assisting in the serving. Baked turkey, chicken, dressing, trimmings and pies were on the menu, and those present spoke in deed and action of the deliciousness of the food by the manner in which they consumed it.

The evening was a pleasant one indeed, and we feel sure it served a good purpose. Members of the Fire Department were assured of the appreciation of the City Officials and other citizens of the town.

Santa Anna has a splendid fire company, and they save the town hundreds of dollars each year in fire insurance premiums and save many homes and business properties from going up in smoke, by their heroic and unselfish efforts.

Many fires are too far gone before they are reported for the men to save the property without considerable damage, but in many instances several houses and maybe blocks of houses would have been consumed in flames if it had not been for the work of the firemen who compose the Santa Anna Volunteer Fire Company.

We commend the City Commission for their thoughtfulness in entertaining the firemen and their wives with a fine feed and program of entertainment at the beginning of the New Year.

12 BIG AGRICULTURAL PROGRAMS IN COUNTY NEXT WEEK

H. S. Mobley, well known agriculture speaker, who was in Santa Anna in February, 1931 when the International Harvester company held a two days short course here, when 3,200 people heard his enthusiastic talks, will be in Coleman county all next week.

He comes back this spring to talk to all people interested in Agriculture, and includes all the people in Coleman County.

His schedule for Coleman county, as announced by County Agent C. V. Robinson, is as follows:

Monday January 23, Shield at 2:30 p. m. Burkett at night.

Tuesday Chapel Santa Anna High School at 10 a. m. guest of Lions Club at Santa Anna at noon. Goshus 2:30 p. m. and

Talpa at night.

Wednesday 9 a. m. Chapel at Valera. Joint meeting of the Lions Club and Kiwanis Club at Coleman at noon. Rockwood 2:30 p. m. and Buffalo at night.

Thursday 2:30 p. m. Trickham and at Santa Anna at night.

Friday 2:30 Novice, Coleman at night. All the night programs are due to start at 7:30.

The school at each place is urged to put on a 30 minute program, which will add much to the meeting.

Mr. Mobley is one of the greatest common sense talkers we have in the field today, and the public is invited to hear him at all meetings. If it is inconvenient for any one to attend the night program here, try and hear him in chapel Tuesday morning at 10 o'clock.

SANTA ANNA DECLARES WAR ON RATS

Several efforts have been made here of late to inaugurate a campaign to exterminate the rats in this community. Rats have been reported numerous throughout the country, and the U. S. Biological survey has been cooperating to help exterminate them. Thousands of dollars worth of property has been reported destroyed by rats during recent months.

Several committees have been engaged in rat extermination campaigns, some of them reporting successful work being done. Organization and united effort is very essential in poisoning rats. Poison should be put out at the same time for the best results.

At a meeting in the auditorium of the High School building last Friday night, several committees set dates for pre-baiting and poisoning. Only a few of the business places in town were represented, and a mass meeting was called at the City Hall Wednesday afternoon for the purpose of organizing and setting dates for poisoning in Santa Anna. The campaign is now being carried on by County Agent C. V. Robinson of Coleman, with J. M. Binion, teacher of vocational agriculture, cooperating.

Thursday night and Friday night of this week were designated for pre-baiting in the town, the main poison to be put out Saturday night. The poison, with full instructions is on sale by the Government at the City Hall. Miss Mitchell has charge of the poison and the price is 25c for 2 ounces. Full instructions go with each 2 ounce package, and each place is urged to cooperate in the campaign. Poison bait should be put out again one night next week, as it will be impossible to get all the rats in this town at one treatment of poison.

What the writer knows about rat poison would make a much smaller book than what we don't know, but we know that rats are numerous, and are doing much damage in this country, and we recommend that all join in this campaign to help exterminate the rats in Santa Anna.

Other kinds of poison can be used successfully, but no other poison is recommended to kill rats only. Red Squill is said to kill rats only, and the other poisons are said to be dangerous to cats, dogs or any other animal.

It is safer to go around the morning after the poison is distributed and take up all poison baits not consumed by the rats, and place it out again the next night.

Miss Dollie Belle Faulkner of Brownwood is a guest this week of Miss Ruby Freeman of the Longview Community.

O. V. Mitchell returned to his home in Trickham first of the week, after a several days visit with relatives in Childers county.

SUBSCRIBERS STILL COMING

Last week-end several more good subscribers called and took advantage of our special offer to settle all back and past due subscription accounts for one dollar and for \$1.50 we would not only settle all the back accounts but would mark the subscriber to January 1, 1934.

This offer has certainly been received in the way it was intended by a large number, but there are still a few others who have not taken advantage of it. We wish every delinquent subscriber on our mailing list would call our hands on this special offer and permit us to get our books up in perfect shape for the ensuing year. If you happen to be one of those delinquents will you not rush in with a dollar and one-half before this offer is closed. We need you and we know the Santa Anna News is worth the money to any family.

Mrs. Clarence Webb of San Angelo spent last week-end in the home of her parents, Mr. and Mrs. J. D. Simpson.

Miss Marie Blewett of Menard spent Sunday with her parents, Mr. and Mrs. E. K. Blewett.

Mr. and Mrs. F. G. Lewin of Miles visited Mr. and Mrs. E. N. Voss Sunday.

Mr. and Mrs. J. D. Whetstone are in Temple this week where Mr. Whetstone is attending a Water School.

WHAT ARE YOUR PLANS FOR 1933?

This bank suggests that you include in your program plenty of feed for your livestock, hogs for your own use if not some to spare, dairy cows sufficient for your home needs, a good home garden and plenty of poultry to supply your table and some for the market.

Each family can greatly improve your living conditions by providing plenty of the above mentioned products at home.

Proper determination to take such as you have and make the best of it will add much to the pleasures of the home, where ever you may live.

A friendly service is carried on at this bank.

SUN-OF-A-GUN
(San Saba News)

"It's time to trim educational cost in Texas." Sun-of-a-Gun didn't say that but it is the truth just as though he had said it. But this doesn't mean that the place to begin trimming is with the rural, or with the public school in any place. If S. G. had been going to say it he would have said it this way: It is time to trim higher educational cost in Texas and trim it to the bone. In fact it was never the idea of the founders of education in Texas that the higher institutions of learning should be maintained by taxing the common people to support them. What the constitution intended, and does, guarantee to every child is a common school education. It is unjust and unfair to tax the masses of the people to build universities and colleges when nine-tenths of them never expect to and will never see inside one of them.

And it is better that they do not. A common high school education is the best equipment nine-tenths of the people can possibly have in the general business affairs of life. For the professional and technical careers every ambitious boy or girl can find a way to make it, or is plenty able to pay his way. The common people are little interested in educating the few technicians that it takes to make this country go. The people of Texas are taxed to support about a dozen institutions of higher education, from which the taxpayer gets little or no returns. The common school, the public school, if you please, must not be sacrificed on the altar of educational graft at this time when everything is being sifted. Higher education will have its lobby, strong and powerful, at Austin during the session of the legislature. Who is going to speak there for the boys and girls back yonder on the farm, whose teachers are not paid high salaries enough to organize a lobby? Sun-of-a-Gun is raising his feeble voice right now for that boy and that girl, the farm boy and girl, the backbone of this state and this republic. Let those who patronize the universities pay the bill. That's fair, that is just.

I AM THE FARMER

I am the provider for all mankind. Upon me every human being constantly depends. A world itself is built upon my toil, my products, my honesty. Because of my industry America my country, leads the world. Her prosperity is maintained by me; her great Commerce is the work of my good hands; her "balance of trade" springs from the furrows of my farm. My reaper brings food for today; my plows hold promise for tomorrow.

In war I am absolute; in Peace I am indispensable—my country's surest defense and constant reliance.

I am the very soul of America, the hope of a race, the balance wheel of Civilization.

When I prosper, men are happy; when I fail, all the world suffers.

I live with Nature; walk in the green fields under the golden sunlight, out in the great Alone where brain and brawn and toil supply mankind's primary need. And I try to do my humble part to carry out the great plan of God.

Even the birds are my companions; they greet me with a symphony at the new day's dawn and chum with me 'till the evening prayer is said.

If it were not for me the treasures of the earth would remain securely locked; the granaries would be useless frames; man himself would be doomed speedily to extinction or decay.

Through me is produced the energy that maintains the spark of life.

I rise with the early dawn and retire when the "chores" of the world are done.

I am your true friend. I am the Farmer.—Buffalo (Minn.) Journal-Press.

Dr. C. C. Seelman is president of Southern Methodist University. He is one of the active moral forces of the state. He talks out in meetin' just any time he is called. Nobody ever has to hunt for Dr. Seelman. Recently he spoke a mouth full to the churches of this country. Here is about the way he said it: "If the Stewards, Sunday School teachers, men and women church workers would quit drinking, the bootlegger would be out of business." He might have gone further and said when the public officials in the high places quit violating the law the crime wave will have broken in this country. San Saba News.

I've been interested a little in this new science of Technocracy, and technocrat Howard Scott. It is all as plain as broad daylight only I don't get much kick out of such terms as "obfuscate," "rodomontade," "rationalized," "transmuted," "suppeted" and a few more such. San Saba News.

PASS UP THE PEDDLER!

"Beware, Don't trade with the door-to-door peddler." That is the heading over a page advertisement in an exchange, signed by the merchants of the city.

It points out that the rule of "caveat emptor" prevails when one purchases from the unknown agent. Let the buyer beware, for there are no come-backs. The continued success of the merchant, however, depends upon his local patronage, and therefore his reputation for fair dealing. He can be reached, endeavor to provide service and correct mistakes. With the peddler he is here today and gone tomorrow.

The advertisement asks: "Do you want to deal with an assortment of 'fly-by-night' traders? Or do you want to deal with your steadfast, reliable, home town merchants—the men who make up the list of your best citizens, largest taxpayers, public benefactors and community builders?"

The irresponsible agent appears at the door. He or she shows you samples of goods. You are prevailed upon to buy for it appears to be a bargain. But you find out differently when the article arrives. It is not in accordance with the sample or representations. It is cheap stuff, may not fit, and is entirely unsatisfactory. It is returned with request for correction or return of money. You receive neither. There is no redress. Your investment is lost.

Many have undergone such experiences, and have profited thereby at a cost. So from the selfish and safe standpoints alone, it pays to patronize the home merchant in preference to the unknown afar off.

If a poor man does it, it is called stealing, and the fellow goes to jail. If it is done by a great corporation or an international banker, it is high finance or investment and the culprit puts on a high hat and sits in the amen corner at church.

Why not a sales tax? The consumer pays it anyway.

PROHIBITION SPEECH IS DELIVERED IN CHAPEL

"Liquor is the great enemy of man," said Reverend Wingo, pastor of the First Baptist Church, in his talk on Prohibition in Chapel Monday morning.

Primarily, he said, liquor destroys one physically. It is no longer considered a stimulant, and its use in medicines is greatly restricted.

Liquor is also an enemy of education. When a school boy or girl becomes addicted to the use of liquor, he usually quits school and his education ceases.

A SENIOR-THE NIGHT BEFORE EXAMS

As I sit tonight in my dreary old den And I see the hour is long past ten, My mind is weary and ill at ease, While my spirits have dropped plum to my knees.

I've crammed and crammed till my eyes are red, Through my veins my blood doth like lead, All my Spanish has turned to Latin or Greek

From my dome all my knowledge doth seemingly leak. Bookkeeping, English and History, too, My goodness, Miss Trixie, oh, what shall I do? All that is left in this whole world wide, Is to seek an attempt, my ignorance to hide.

A little bluff here—a pleasant smile there, (Something that any good senior will dare) Let us hope and be patient, perhaps even pray, That the morrow will bring us a happier day.

LETTER FROM HIGH SCHOOL TO SENATOR WOODWARD

Below is a copy of the letter sent to Senator Woodward from our High School. A copy was also sent to Rep. Golsom.

Mr. Walter Woodward, State Senator, Austin, Texas. Dear Mr. Woodward:

We, the undersigned committee, were appointed by the superintendent, Mr. J. C. Scarborough, of Santa Anna High School to make to you the following report:

That the Santa Anna High School faculty and student body assembled did last Tuesday morning go on record as being in favor of our "dry laws" as they are now in force and as going against any change being made in same.

That our reasons for such a stand on the liquor question are these: That the use of alcoholic liquors is injurious to the user both physically, mentally, morally, and spiritually; that any modification of the present laws will place liquor where it will be more easily obtained by those who are too weak to resist temptation; that those who do not use liquor will suffer in coming in contact with those who do use it; that our society in general will be weakened if any sort of liquor is legalized.

Sincerely and respectfully, Signed by committee: MARY LEE COMBS, President Freshman Class. LEON DUBOIS, President Sophomore Class. JOHN D. HARPER, President Junior Class. SETH FORD, President Senior Class. J. R. LOCK, Principal High School.

SWEETHEART REVUE

Sweetheart's Revue was one of the greatest excitements of last week. This was an operetta given last Thursday night directed by Miss Mildred Kidd, from Brownwood, who has charge of the boys and girls choral club.

There were twelve main characters who were dressed to suit their part of the play. There were twenty-five boys and girls in the choruses.

The operetta opened with the "Sweethearts on Parade." Then came the Gipsy Love Song with Maurice Kirkpatrick and Annie Lee Brown doing a gipsy dance.

"Sweetheart of Sigma Chi" and "Let Me Call You Sweetheart" proved to be the themes of romance. "Schoolday Sweethearts" carried the audience back to old remembrances. Clovis Fletcher, called Manhattan, dressed as a negro sang "Lindy Lou" while six other negroes did the Virginia Reel.

Miss Kidd very successfully directed this play, and there was a continual laughter from the audience during the entire time of the play.

DUMB-DORA PARTY

The Home Economics III girls and their teacher Miss Hays entertained with a most unique Dumb-Dora party last Thursday afternoon.

The invitations read: Hello, Mr. Smarty: Did you know you are invited to a Dumb-Dora party? Its to be in the Home Economics Laboratory. If you're not here, it'll be too bad. So be prepared to eat a lot. And be there on the dot. Time 5:30-7:30. Date Jan. 12, 1933

Promptly on time the twelve gentlemen guests arrived and the fun began. They were to soon find out their hostesses were not so dumb. Caps with a crazy name printed upon it were given to each one and if at any time during the party they were called by their real names a forfeit was given.

Other appropriate games and contests furnished much merriment throughout the afternoon. Delicious refreshments of chicken and cheese sandwiches, fruit salad, pickles, candy, ice cream and dainty squares of white cake with the name of each guest written in green upon it, and coffee were served to Misses Agnes Hays, Mary Alice Mitchell, Mary Oaks, Catherine Rollins, Ozelle Daniel, Edith Watson, Martha Wallace, Merah Brown, Edna Shamblin, Golda Hardy, Neewah Turney, Jewel White, and Mildred Eubank. Messrs. Milton Binion, Clovis Fletcher, Leon Ward, Clifford Wheeler, Scott Wallace, Jesse Goan, Nowlin Myers, Garland Close, Hiram Glenn, Louis Pittard, Seth Ford and Clyde Nettleship of Brownwood.

THE DONKEYS BRAY

"The Donkeys Bray" a piece written by Kathryn Creamer, a senior in Santa Anna High School appeared, printed in English, in the December issue of the Arequin (The Clown). The Arequin is a Spanish newspaper published in San Jose, Costa Rica, and the piece concerned the recent election of the president of the United States.

Kathryn is to be congratulated upon the success of her piece. Last year she wrote for the Mountaineer and also is greatly interested in current events (especially politics) so one would probably be safe in predicting her to be either a great writer or politician in her future life.

Miss Lulu Jo Harvey Hostess

Miss Lulu Jo Harvey had as her week-end guests Misses Alene Beck and Lueta Watson of Silver Valley.

Saturday night Miss Lulu Jo Harvey invited a number of young ladies to meet her guests and spend a few hours dancing and playing games.

Those enjoying this delightful occasion were Misses Clara Pope, Mildred Boardman, Mary Alice Mitchell, Helen Turner, Rebecca Turner, the two honor guests and the hostess.

WHAT IS SUCCESS?

To start out in life with a definite purpose and to accomplish that purpose—to suffer bravely and without complaint.

To love nobly—to wrong no man—to keep the conscience unsullied and the heart pure, and yet not parade your goodness before the world.

To mingle with the saint and not to become self-righteous—to mingle with the sinner and not become vicious and to feel a kinship with all humanity, good and bad.

To perform your work uncomplainingly—to accept criticism without resentment and to give it without malice—to give both body and mind a daily cleansing.

To recognize the rights of others—and to learn that love is a constructive force in one's life—and that hate is a destructive force—that kindness and sympathy are highly moral and that hatred and revenge are highly immoral.

To have a kindly sympathy for our dumb friends—to forget self in the service of humanity—and to feel at the close of the day that though your performance has not been altogether praiseworthy that you are just a little nearer perfection toward which all humanity is striving.

THIS IS SUCCESS.

SENIOR NEWS

From an enrollment of sixty, the seniors have faced an enrollment of fifty-two. The following have withdrawn recently: Gweneth Cheatham, Berena Riley, Arlie Roberts, Wilburn Sharp, Edna Snider. There are various reasons for these withdrawals such as moving from Santa Anna, and ill health. We regret losing each of them.

Every day the class receives play books and catalogues for senior plays. We must soon decide on one to be given as the annual senior play for the year.

UNEXPECTED SCENE

Unexpected scenes had been noticed by the teachers of high school the last week. Every student carried a book into the study hall and seemed to be using the entire forty-five minutes. The teachers noticing the change consulted each other, and solved their problem by remembering that Thursday and Friday were mid-term exams, and the grades made on this exam will be put on permanent record.

West Texas Utilities Company advertisement. You Mustn't Take Chances... With Children's Eyes. Unimpaired eyesight is essential to the growing child... for two reasons: First, because good vision enables him to keep pace with his schoolmates and his playmates. Second, because strong eyes, guarded in youth, will last a lifetime. Improper lighting is one of the largest causes of weakened eyes. If you permit your child to study or even to play where there is not enough light, or where there is a blinding glare, you are making a mistake that may prove disastrous. Enjoy the benefits of plenty of light... it's ridiculously inexpensive. And, remember, new eyes cannot be bought at any price! One of our trained employes will be happy to inspect your lighting arrangements... without charge or obligation, of course. Chances are, a simple rearrangement of your present equipment, with larger or smaller lamps in a few of the fixtures, is all you need. Call for an inspection TODAY.
