### PRECINCT CONVENTIONS

We would like to urge every qualified voter in Texas to cast your ballots Saturday, May 7, and attend your precinct conventions. By attending your precinct convention is the only manner in which you have a voice in the final selection of the presidential nominee. This goes for both major political parties. Although the Republican party will not have a primary election, they will have their conventions. The Democrats will have a primary election and precinct convention in every voting box in the state.

A new law this year states you must vote before you can attend the precinct convention. If you take your poll tax receipt with you, it will be stamped "Democrat" and this will be your admission to the convention. If you do not have your poll tax receipt with you, you will be issued a slip of paper showing you voted in the primary and this will be your admission to the convention. Either way, you are urged to attend.

Most of the conventions in this area will be held about 2:00 or 2:30 p. m. at the voting boxes. Generally speaking the Election Judge will be the Precinct Chairman, who will preside at the convention until a permanent chairman is elected.

As this is a Presidential year, the convention will primarily concern national politics.

So far as the Democrats are concerned, there are about six persons seeking the nomination.

We would like to urge all conventions to send an instructed delegation to the county convention in favor of Lyndon Johnson for the Democratic nomination. During the years, Mr. Johnson has been a national figure in politics, we have not necessarily been one of his supporters. We can find many faults with him. And it is not because he is a Texan that we ask you to send the instructed delegation to the county convention. We have watched the development leading to the precinct conventions very closely for the past several months. Of all the ones seeking the nomination, Sen. Johnson is in our opinion by far the best qualified man in the group to deal with the situation that will confront the new president, come next January.

We certainly do not want Sen. Kennedy to get the nomination. Not only because of his religion, but because of his very "liberal" ideas toward many problems that face the nation. Sen. Humphries is just as bad, as well as is Sen. Morse. And if Mr. Stephenson were to receive the nomination again this year, there would be very little use in holding the General Election in November, as it would be a walk-in for Richard Nixon (or whoever gets the Republican nomination) and the way things are taking shape, Stephenson just might get the nomination unless Sen. Johnson can get it in the first three or four ballots.

Sen. Symington of Missouri would be our second choice for the nomination. We feel he would make a good president, but he apparently does not have the political know-how that Sen. Johnson has so ably shown during his several years in Washington.

Resolutions will be introduced at all precinct conventions for Mr. Johnson. We hope you will give him the consideration he deserves at this time.

### Band Boosters to Meet Friday Night

The Santa Anna Band Boosters organization will meet in the Band Hall at 7:30 p. m. Friday, May 6, for the final meeting of the school year.

New officers for the coming year will be elected at this time, and plans for the summer work of the band will be made.

All members of the organization are invited and urged to be present.

Also to be discussed is the proposed Senior Band trip to Longhorn Caverns on May 14.

Recent new members of the organization are: Mr. and Mrs. John Gorman, Mr. and Mrs. W. J. Smith and Mr. and Mrs. Fred Murray.

### BAKE SALE SATURDAY

The Junior Class of the Santa Anna High School will have a Bake Sale at Piggly Wiggly Saturday, beginning at 9:00 a. m. Everyone is invited to buy their pastries for the weekend from the class.

### GO TO CHURCH SUNDAY

## 6 Mukewater Sites To Be Under Construction Soon

Six sites on the Mukewater Creek watershed will soon be under construction. A contract was let on sites 5 and 6 last week. The first contract will be almost a year in being completed and the others are due to be completed in about 165 working days.

The contract on Sites 5 and 6 was awarded to Cox & Hamilton of Corsicana. The low bid was \$132,592.62. Eight other bids were submitted. This company has just recently completed five projects on the Brady Creek watershed and are now beginning to move some of their equipment to the sites. Site 5 is located on property belonging to H. O. Norris, Hardy Blue, Mrs. B. Weaver and Dr. Carroll Holt. Site 6 is located on property belonging to Mrs. C. A. Crump, Pierre Rowe, R. L. Todd and Dr. J. F. Brewer.

Schedule date for completion is within 316 days from the time the construction is started. The company has 20 days to begin construction after the contract is awarded.

Sites 1 and 4 will be contracted for in one bid, which will be opened in Temple May 23. It is expected that bids on these two projects will be less than \$100,000, and the contract can be approved in the main office in Temple. Sites 7 and 9 will also be awarded in one contract and should be less than \$100,000 also. Bids on these two sites will be opened in Temple May 26.

Site one is located on property belonging to Bond Featherston and the Minear Estate. Site 4 is located on the Tom Kingsberry, William Brown, A. J. Frazer, Clark Miller and Mollie Cochran places; Site 7 is on property belonging to the Murey Estate, William Pruitt and Glenn Woolridge; and Site 9 is on property belonging to Mrs. Bertha Strange, Tom Comland and Chas. Bowen; J. A. Estes Estate, Haden Hargett, Lee Smith and Fred Strange.

## Lions Club to Present Minstrel Thursday Night

Rehearsals have been completed and the annual Lions Club Minstrel is ready to be presented Thursday evening of this week. The show will be a good evening of entertainment for the entire family.

Proceeds from the show will be used to start a fund to build rest room facilities at the football field. This has been needed for a long time, and the Lions Club, in cooperation with the school officials, is going to see the project is completed. Admission prices to the annual show are 75 cents for adults and 35 cents for students.

Home made candy will also be sold and many of the bags of candy will contain prizes donated by local merchants. There is about 75 prizes to be given away.

In addition to the minstrel part of the show are numerous other features. The Stage Band will present a short program, a boys and girls chorus will sing, along with a solo number and several other special features are on tap.

The big interest will be the show by the End men and the Interlocuter. The Rev. Ray Elliott, End Men will be Fred Murray, W. B. Griffin, Allyn Gill, Roy Horne, R. C. Smith, El Kenneth Harris, Cullen N. Perry and Kenneth Bowker.

Help the Lions Club to help the school put rest rooms at the football field — attend the Minstrel Thursday night.

## Mrs. Lewis Guthrie Presents Pupils in Piano Recital

Mrs. Lewis M. Guthrie will present her piano pupils in a Recital at the First Presbyterian Church at 7:30 p. m. Saturday, May 7. The general public is invited to attend.

Pupils taking part in the recital will be: Boots Walker, Marguerite Horner, Velda Cullins, LaWanda Horner, Brenda Densman, Linda Lee Abernathy, Linda Campbell, Susanna Rags, Ruth Ann Walker and Sandra Davis.

## Harold Walker Goes to State Meet Saturday

Harold Walker, a sophomore student in the Santa Anna High School, won first place in the mile run in the Regional meet at Denton Saturday, May 23. He will go to the State meet in Austin Saturday of this week to participate in the final events of the Interscholastic League meet of the year.

Walker set a new Regional record. His time was 4 minutes, 44.4 seconds. The old record, held by Johnny Horton of Merkel, was 4 minutes, 53 seconds.

Walker has spent many hours in training for this event during the past several months. His coach, Douglas McArthur, was high in his praise for the 10th grade student, and said his possibilities at the state meet were good.

There are four regional meets in the state and it is known that Walker had a better time than at least one of the other districts, and possibly both the others.

Walker will have two years of eligibility after this year. At the rate he is making progress, there is a good possibility that he can cut several seconds from the time posted at the district meet. His future looks very bright in the track events for Santa Anna High School.

Randy Brown, a freshman student, placed fifth in the Regional 440-yard dash. He also has good possibilities in his next three years in the Santa Anna school.

The participants in the Regional meet represent an approximate 2,800 athletes from every school in the region.

## Lions to Observe 35th Anniversary Friday, May 13

The Lions Club is planning an elaborate observance to be held Friday evening, May 13, when they will observe their 35th anniversary in Santa Anna. Plans are being made to honor all charter members or wives of charter members, who are able to attend.

There will be many high ranking Lions from over the nation here for the observance. All local citizens who are interested, but not members of the club are invited to attend. Admission tickets are on sale by members of the club for \$1.50 per person.

Principal speaker for the evening will be Randall D. Watkins of Laramie, Wyoming.

## First Primary Election to Be Held Saturday

The First Primary Election will be held in every voting box in the State this Saturday, May 7. Local polls will be open from 8:00 a. m. to 7:00 p. m. Every qualified voter is urged to go to the polls and express your opinion by casting your ballot for the ones you want to serve you for the next two years, or four years, whichever the cast may be.

A sample ballot was published in The News last week. The names on the Official Ballot will appear in the same order they were on the Sample Ballot. We hope every qualified voter will study the ballot and know how you are going to vote when you get to the polls.

Election talk has been very quiet thus far. Generally by two or three weeks before election time, the political talk is running pretty fast. This is due, at least in part, to the fact that previous to this time the First Primary has always been held the fourth Saturday in July. This year it has been changed to the first Saturday in May, and was changed by those who represent us in the Texas Legislature.

So it will seem odd to most of us. But do not let this keep you from going to the polls and casting your ballot.

The North Ward voting box will be at the Fire Station at the City Hall. The South Ward voting box will be in the Stockard Building, just south across the street from the bank.

Attend church regularly.

## Little Olympics Set for Monday

The annual Coleman Kiwanis Club Little Olympics will be held at the Mountaineer football field in Santa Anna Monday, May 9.

The first part of the program will get underway at 5:00 p. m. with the broad jump and chinning events. Other events will begin at 7:00 p. m.

There will be no charge of admission. Everyone is invited out to see the young athletics compete with each other.

## Band Concert to Be Presented Tuesday Night

The Mountaineer Band will present their final concert of the season Tuesday evening, May 10, beginning at 8:00 p. m. Only the Senior Band will participate in the program, which will last 45 minutes to one hour.

Admission prices will be 50 cents for adults and 25 cents for students. All proceeds will go to the fund to purchase new music stands.

The band wishes to thank all those who bought mixed nuts from them during their recent campaign. Several new music stands have already been ordered with the profits from the sale.

## Pct. Conventions To Be Held Sat. Afternoon

The Democratic Presidential Precinct Conventions in all voting boxes in Texas will be held Saturday, May 7. In most large cities the conventions will be held after 7:00 p. m. in the evening.

However, in most rural areas and small voting boxes, the conventions will be held in the afternoon. Both the conventions in Santa Anna will be held at 2:30 p. m. at the voting places.

W. Ford Barnes is Precinct Chairman of the North Ward. The convention will be held in the court room of the city hall, with the voting box being in the fire station.

Roy Stockard is the Precinct Chairman of the South Ward. This convention and polling place will be in the Stockard Building, formerly occupied by the Kile Dry Goods.

Delegates to the County Convention will be elected at both conventions. The North Ward is entitled to four delegates, the South Ward five delegates. The number of delegates is based on the number of persons voting in the last election held when a governor was elected.

Everyone attending the convention must have voted before being admitted to the convention. This is the only place the individual has any voice in who will be the nominee for the Democratic Party for the President of the United States. Every Democrat is urged to attend the convention and voice your opinion.

## Edwin Henning, Coleman Jeweler, Buried Tuesday

Funeral services for Edwin H. Henning Sr., a longtime Coleman Jeweler, were held in the Coleman First Baptist Church at 2:00 p. m. Tuesday. Mr. Henning died of a heart attack Monday. Burial was in the Silver Valley Cemetery.

Henning was born in Chicago, Nov. 17, 1886 and was married Nov. 4, 1912. The family had lived in Coleman County for 33 years.

Survivors include his wife, two sons, Dr. E. H. Henning Jr., of Coleman and Billy Henning of Fort Worth; one daughter, Mrs. Leola Ewing of Waco; one brother, two sisters and four grandchildren.

## Bank Will Be Closed Saturday

The Santa Anna National Bank will be closed all day Saturday, May 7, because of the First Primary Election. Everyone who has business to transact with the bank is requested to take note of this and make your plans accordingly.

## County Teachers Hold Meeting and Election Thursday

Some 115 members of the Coleman County Teachers Association met in the Elementary School lunchroom Thursday evening of last week for their annual meeting of entertainment and the election of officers for the coming year. This was the first meeting the group has held in Santa Anna.

They were served a nice banquet. Entertainment was furnished by the Skyliners, the Santa Anna Stage Band, and three students from Howland Payne College, Johnny Miliner, Karen Carpenter and Sue Watson.

Officers elected for the next year were: President, James Gilliam of Coleman; First Vice President, Mrs. Virginia Jamison of Mozelle; Second Vice President, Donald Coursey of Coleman; Secretary, Mrs. Nan Mercer of Talpa; and Treasurer, Mrs. Ruth Dodson of Santa Anna.

The group has three meetings during each school year. The first two are professional meetings, the third the annual banquet and election of officers.

## Garden Club Flower Show To Be Friday

The Mountain City Garden Club will hold their annual Flower Show Friday, May 6, between the hours of 2:00 and 6:30 p. m. The show will be held in the Payne Building on Wallis Avenue.

The ladies of the club are spending a lot of time in the building this week, getting it decorated and ready for the show. Most of the time Friday morning will be spent getting arrangements in the building and on display.

Everyone is invited to visit the show during the hours. There will be a wide variety of almost every kind of flower on display. No admission will be charged.

## North Side Baptist Vacation Bible School Soon

The North Side Baptist Church announces their annual Vacation Bible School will get underway Monday, May 30 and it will continue through Friday, June 10. Classes will be held from 8:30 to 11:00 a. m. Departments included in the school will be Beginners, Primary, Juniors, and Young People Ages, run from 2 years through 16 years.

The Vacation Bible School will be kicked off on Saturday, May 28, with a downtown parade. The parade will form in front of the church, march east on Avenue B to North Lee Street, then to Wallis Avenue and then through the main part of town and back to the church. Registration will begin at the church immediately following the parade. All children of the town in the above age groups are invited to join the parade and register for the two weeks school.

Registration will also be held the morning of May 30th.

At the closing of the school, each department will have a part on the program. Hand crafts and notebooks will be on exhibit. Each child completing the school will be presented a diploma. The closing program will be held in the evening, beginning at 7:30 o'clock.

James L. Rogers, pastor, will be the director of the school. Mrs. Hazel McCrary will be the assistant. Other workers in the school will be Darlene Mercer, Juanell Mercer, Mrs. Ollie Moore, Mrs. Jean Langford, Mrs. Betty Keeney, Mrs. Edgar Cole, Mrs. Allie Woodward, Mrs. Janice Rogers, Mrs. Odell Henderson, Mrs. Viona West, Mrs. Ross Slaughter and Mrs. L. E. Story.

All children of the community are invited to attend the school.

Visiting in the home of Mr. and Mrs. P. A. Radle over the weekend were their son, Billy Radle and a friend, Bobby Gibbons, both of Weatherford, Okla.

A. D. Pettit, Sosny Steward and John Dillingham were in Sentiental, Okla., last week to attend a sheep sale.

## WTU to Hold Development Workshop May 12

Civic leaders from Santa Anna will be in San Angelo Thursday, May 12, to attend a Community Development Workshop sponsored by West Texas Utilities Company. Attending the regional meeting will be representatives from the Chamber of Commerce, civic leaders and representatives of news media of the area.

Those planning to attend from Santa Anna are: W. F. Barnes, O. L. Cheaney, Ozro Eubank, W. B. Griffin, Roy Horne and W. R. Mulroy.

The regional meeting is scheduled to open at 10:30 a. m. in the Cactus Hotel at which speakers and discussion groups will talk on how to encourage active participation at the local level in community development, how to establish clearly the needs, problems and benefits of area development as it affects the community, and a presentation of West Texas Utilities Company's Area Development Program, its policies and services which are available to all towns in the company's service area.

Speakers on the program will be Fred Becker of San Angelo, James Yancy Jr. of Houston and Paul Marable of Abilene. The company's Community Development Program, its plans and services will be presented by Cal Young, WTU President, Bob Kennedy, Manager of the Public Service Department and Bill Savies of the Area Development Department.

## Summer Activity Program Meeting To Be Held Tuesday

Mrs. Jewell Hesch announces the first meeting for the Summer Recreation Group will be held Tuesday, May 10 at 2:30 p. m. in the school lunchroom. All who are interested in the program in any manner are urged to be present.

New officers for the year will be elected and other business matters will be discussed. It was hoped that a large number of ladies of the town be present.

## Peace Justice Report for April

Justice of the Peace W. Earl Erick Sr. reports a total of 43 cases were handled through his court during the month of April. Total fines collected amounted to \$841.50.

As usual the largest part of the fines were for speeding. Of the total, 27 persons paid fines for speeding, with the highest rate of speed this month being 35 miles per hour. Five paid fines for not having an operator's license, four for passing in a no-passing zone, two for not having a Railroad Permit, two for driving with expired license plates, and one each for assault and driving with no tag light.

# State Capital NEWS

Austin — Saturday is "speak at the polls and precinct now or forever hold your peace" day in Texas. Or, to say the least, the voter who does not express an opinion

A number of important decisions as to office holders will be made Saturday. Once made, they're final — for two years or even four years.

At this point in the campaign, almost all candidates and their supporters believe that if there is a big enough turnout Saturday, their side will win handily. And those who aren't pleased with the way things turn out will likely blame it on those who don't bother to show up.

Equally as important as the primaries are the precinct conventions to be held the same day. This is the only means by which the individual voter can participate in the selection of the presidential nominee.

### NEW HIGHWAY SIGNS DUE

New highway signs, bigger and more colorful than any used before, will begin appearing soon on the interstate highways in Texas.

Highway Commission has ordered the posting of route markers and guide signs on 707 miles of interstate highway now completed or under construction in the state.

Conspicuously absent in this marking system will be "stop signs. Completion of the 41,000-mile system of controlled access roads will make possible coast-to-coast and border-to-border driving without a stop sign or traffic light.

Motorists soon will become familiar with the interstate marker — a red, white and blue shield. Texas Highway Department designed the shield which later was adopted for the entire national system.

All markers and guide signs will be larger than usual. Advance exit signs will be placed about two miles ahead of interchanges to give motorists plenty of time to plan their next move.

Guide signs will have white letters and symbols on a green background, and signs for rest and service areas will have green letters on a reflectorized white background. Warning and yield signs will remain in the familiar yellow and black but will grow in dimensions.

Texas leads the nation in the number of miles of interstate highways completed and under way. Texas' allotment is 3,033 miles of which 697 are finished and 259 are in some stage of progress.

### SCHOOLS' SHARE DOWN

Texas is spending a smaller proportion of its tax revenue on education now than it did 10 years ago.

This statement was issued by the Texas State Teachers Association in support of its drive for enactment of the Hale-Alkin program for school improvement.

In 1958-59, says the report, Texas spent 29.67 cents of each

tax dollar for public school education. In the last completed school year the percentage was 27.68 cents of each dollar.

During that period public school spending more than doubled — from \$156,000,000 to \$322,000,000 — to keep pace with a 51 percent increase in students and 49 percent increase in teachers. But spending for other purposes increased faster. Gov. Price Daniel again has said that he would like to call a special session after the elections to erase the deficit and raise teachers' pay. But he also said it would depend on getting agreement from legislators.

### PROFIT PREDICTED

When everything is finally cleared up, the state will come out with a profit of \$50,000 — perhaps more — on land involved in the Veterans Land Board scandals.

This prediction was made by Land Commissioner Bill Allcorn who called \$50,000 a "conservative figure."

He said that \$1,725,000 has already been recovered from fraudulent land deals and that \$1,678,000 more is outstanding but fully secured.

When the entire \$3,404,000 is recovered, said Allcorn, the state will have a comfortable margin above what was involved in the original transactions.

### COSTLY ERROR

Texas Supreme Court has returned to district court for retrial a case involving a \$100,000 mistake in arithmetic.

An employee of an Arlington contractor made the error in submitting a bid of \$534,175 instead of \$634,226 to the local school board for a school building job. After the bid was accepted by the board, the contractor discovered the error and refused to carry out the contract.

Board then awarded the bid to the second low bidder and sued the first contractor for the \$36,278 difference between the second low bidder and the bid they had first accepted.

Supreme Court members, disagreed on the case, wrote three different opinions, but all agreed it should be re-tried.

### HOW BIG THE GROUNDS

State Building Commission is awaiting an attorney general's opinion before putting in sidewalks to the new state buildings.

Reason for the precaution is that the Legislature passed a bill in 1957 stating that nothing — absolutely nothing — could be built on the Capitol grounds without specific permission from the Legislature. And the Legislature did not provide for sidewalks.

### WHO OWNS THE OIL?

Another question under consideration by the attorney general's department is "who owns rights to the minerals under county roads?"

Request for an opinion was submitted by Jack Cook, county attorney of Kleberg County.

Ultimately to be decided is whether state and local govern-

ment can claim the right to mineral development of the right of way of some 228,000 miles of streets and highways in Texas.

### SCHOOL FUND ADVISORS

A 19-member advisory committee of prominent business and professional men is helping the State Board of Education

develop investment policies for the \$415,000,000 permanent school fund. Committee members are C. D. Aker, Jacksonville; Walter Lacy and H. M. Fentress, Waco; J. Ralph Wood and A. H. McCulloch, Dallas; Hines Baker, Houston; Joe B. McNeil, Wichita Falls; Frank D. Austin, Amarillo; H. H. DeWar, San Antonio.

EVERY MOTHER IN THE  
LAND HAS AT LEAST  
ONE THING IN COMMON —

**The Second  
Sunday in May —**

ONE of the newest American family holiday traditions — observance of Mother's Day on the second Sunday of May — actually is one of the world's oldest. It had its origin in the ancient Greek worship of Cybele, "great mother of the gods," was recognized with diminishing importance during the early and middle years of Christianity, then all but disappeared until

a half century ago when it was given new vigor in Philadelphia and spread throughout the nation and to many parts of the globe.

Today, it is observed as one of the most important holidays of the year in Vienna, ranks high in importance in Australia, is commemorated throughout South America and all other Spanish-speaking areas, rates three days of special notice in England, and in the United States annually causes the year's worst traffic jams with family cars headed for Grandma's for a day-long visit.

The Greeks, and later the Romans, both celebrated the day on the Ides of March. The holiday called Hilaria was the Roman counterpart of the Greeks' Feast of Cybele. The ceremonies were marked by feasting, music and dancing, but were not conducted in honor of earthly mothers. After the dawn of Christianity the fourth Sunday of Lent was dedicated to "Mother Church," the Christian religion. Some early Christians also venerated the Madonna on this day.

In 17th-century England, Mid-Lent Sunday became known as "Mothering Day," a day on which apprentice boys who lived within traveling distance of their homes were allowed to return to their families for a visit. When an apprentice was "going-a-mothering," it was customary for him to carry home a simnel cake as a gift.

This was a plum pudding encased in a hard crust. If the trip were too long, the apprentice was expected to send home a letter of felicitation, usually a missive that had to be penned for him by a professional letter-writer or scrivener.

Mother's Day, as it is known now, however, had its legal origin in 1908. Two years previously, Miss Anna Jarvis of Philadelphia, had suffered the loss of her mother. During memorial services in 1907, Miss Jarvis discussed with friends the possibility of having a day set aside for the remembrance of mothers and during the ensuing year succeeded in interesting several influential groups in the idea. As a result, the city of Philadelphia proclaimed the second Sunday of May 1908, Mother's Day.

By 1912, the idea had spread as far as Texas. Texas' governor instituted a custom that year of pardoning worthy prisoners as well as proclaiming the day in honor of motherhood. The next year, Texas was joined by Pennsylvania and Nebraska in memorializing Mother's Day. Nebraska also designated it a Flag Holiday.

Meanwhile, the idea had spread across the ocean to England. In addition to the Sunday observance since 1913, schools in that country conducted special ceremonies on the preceding Friday, and business firms honored mothers on the preceding Saturday.

**City Water Supt.  
Earns Grade "C"  
Certificate**

Skill and knowledge of water plant operation has won a Grade C certificate of competency for C. W. Stephenson of Santa Anna.

The certificate was awarded under Texas general sanitation law that water plants supplying the public must be under the supervision of an operator who has proved his talent for the job in a written examination and has been certified by the Texas State Department of Health.

Stephenson's newly won certificate will be valid for three years. After meeting certain conditions of additional training and experience, he will be eligible to try for higher certification.

The examination for Grade C certification covers fundamental knowledge in quality requirements for a public water supply, interpretation of bacteriological analysis, and sanitation.

Under the law, one operator on each shift has to hold certification, but other plant personnel often seek certification on their time and at their own expense to advance themselves professionally and to increase their efficiency as public servants.

Grade C certification requires a minimum of one year's experience plus 40 credits earned by attendance at annual district and state short schools sponsored by the Texas State Department of Health, the engineering extension of Texas A and M College, and the Texas Water and Sewage Works Association.

Reg's Trading Post — Coleman

President Woodrow Wilson, in 1914, proclaimed the second Sunday in May Mother's Day in perpetuity and succeeding presidents have followed the custom of issuing special proclamations directed toward this national observance.

For many years thereafter, Miss Jarvis devoted her energies and her personal funds to efforts to dedicate Mother's Day to the lofty purposes she had envisioned. Miss Jarvis lived well into the era when Mother's Day had become a national tradition. She died in Philadelphia in 1948, penniless as the result of her life-long crusade.

On May 8th, this year, white or pink carnations appearing in public holes in memory of departed or living mothers will be tangible evidence to the success of Miss Jarvis' life work. Millions of families, however, remained on this special day will signify the deeper spirit of the occasion — the heart of the heart is Mother.

LEGAL NOTICES

The State of Texas, County of Coleman, SHERIFF'S SALE

WHEREAS, on the 11th day of April, 1960, in Cause No. 8318-B in the District Court of Coleman County, Texas, wherein City of Santa Anna, County of Coleman, State of Texas and Santa Anna Independent School District were Plaintiffs, Impleaded Party Defendants, recovered judgment against Jewell Harvey, Margaret Marby McQueen, Glen Allen Harvey, Veri Harvey Este (Bill) Harvey, Zeph W. Harvey, Mrs. Charles Whiston and husband John Steward, Defendants, for taxes, penalty, interest and cost against the hereinafter described property...

WHEREAS, on the 12th day of April, 1960, by virtue of said judgment and the mandates thereof, the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, sell and sell in the manner and form as required by law the hereinafter described property...

WHEREAS, by virtue of judgment and said Order of Sale and the mandates thereof I did on the 13th day of April, 1960, seize and levy upon the property of the above defendants the following described property situated in Coleman County, Texas, to-wit:

Sole description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.

FIRST TRACT: Being a part of W. L. Mulkey Survey, Abstr. No. 926, being a part of Survey No. 58 surveyed by H. T. & B. R. Co. described as BEGINNING at a point in the W. boundary line of said Survey 58 at a point in the N. line of right-of-way of C. C. & S. F. Ry. Co.; THENCE N. 44-45-00" to corner; THENCE East 1300 ft. to corner; THENCE South 225 ft. to corner and N. boundary line of said railroad right-of-way; THENCE West with said right-of-way to the place of beginning, containing 1.5 acres of land, more or less, out of Survey 58.

And I will on the first Tuesday in the month of June, 1960, the same being the 7th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Coleman, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Coleman, Texas, this 13th day of April, 1960.

H. E. FENTON JR., Sheriff, Coleman County, Texas.

Service for Joe V. Wilson Held Here Tuesday

Funeral services for Joe V. Wilson, 44, a Santa Anna resident for the past 19 years, were held in the First Methodist Church at 4:00 p. m. Tuesday, May 3. Wilson, driver of the Negro school bus, suffered a stroke Friday afternoon and passed away in the Santa Anna Hospital at 10:15 p. m. that night. Rev. F. A. Jerhigan, minister of the New Hope Baptist Church, was the officiating minister.

Burial was in the Santa Anna Cemetery with graveside rites being conducted by the St. Luke Masonic Lodge of Santa Anna and the Kerr-Holman American Legion Post of Brownwood. Arrangements were by Holman Funeral Home of Brownwood.

He was born January 21, 1916 in Okmulgee, Okla. He came to Santa Anna in 1941 from Midland and was married to the former Pearl Collins May 18, 1941. They have made their home in Santa Anna through the years. A veteran of World War II, Wilson was adjutant of the Kerr-Holman American Legion Post. He was a member of the Methodist Church and Masonic Lodge, and was Scoutmaster of Boy Scout Troop No. 62, composed of Coleman and Santa Anna Negro boys.

Survivors include his wife, and adopted son, Raymond Wilson of Santa Anna, his mother, Mrs. Prencie Wilson of Okmulgee, Okla., two brothers, George of Tulsa and James of Oklahoma City, and five sisters, Mrs. Vera Peitman of Tulsa, Mrs. Ernest Adams of Oklahoma City, and Mrs. Maxine Parker, Mrs. Dee Jones and Mrs. Ruth Nash, all of Okmulgee.

Nester DeLeon Jr. Buried Here Thursday, April 27

Funeral services for Nester DeLeon Jr., age 31, were held at the Sacred Hearts Catholic Church in Coleman at 2:30 p. m. Thursday, April 28. Burial was in the Santa Anna Cemetery under the direction of Bosch Funeral Home, Father Benedict was the officiating minister.

DeLeon died at 12:20 p. m. Wednesday, April 27, in the Santa Anna Hospital after an illness of about six months. He had been in a Temple hospital several weeks and in the local hospital several days.

He was born in Santa Anna December 29, 1928 and had lived here all his life. He was employed by the Santa Fe Railway. He never married.

He is survived by his parents, Mr. and Mrs. Nester DeLeon Sr., four brothers, Larry DeLeon of San Antonio, Alex, Raymond and Thomas DeLeon, all of Santa Anna; four sisters, Mrs. Annie L. Martinez of Brownwood, Mrs. Elvira Felan of San Antonio, Mrs. Grace Torrez of Santa Anna, and Mrs. Minnie L. Mullen of San Antonio. Pallbearers were Victor Sanchez, Jose Deanda, Venino Vasquez Jr., Adan Balderama, Alfonso Sanchez and Candido Sanchez.

Gean R. Close Enlists in Army

Master Sergeant Leonard M. Evans, local U.S. Army recruiting sergeant from Abilene, announced the enlistment in the regular Army of Gean Ray Close, son of Mr. J. R. Close of Santa Anna. Close volunteered for three years, choosing the automotive maintenance career field. He enlisted Saturday, April 30. He departed Abilene via Commercial Airlines for Fort Ord, California, where he will receive initial processing and basic training.

Close attended Santa Anna High School and was a member of the local National Guard unit for over three years. Prior to his enlistment, he was employed by Wristen Texaco Service Station.

Fishermen Don't Harvest Enough Fish from Lakes

Austin - Research has shown fisheries biologists that to maintain desirable fish populations, each year's crop of fish must be harvested either by fishermen or by some other means. Billy D. Cooper, aquatic biologist for the Game and Fish Commission, makes this statement in his very educational article, "Fish or Fishermen," in the April issue of Texas Game and Fish.

Sheldon Reservoir was the site for much of this research. It is the first lake of its size to be owned by the Commission. Since the Commission has complete authority over the lake, it decided to use these waters for experimental game management practices. Regulations on the lake were changed each year to

give fishermen a chance to harvest more fish.

The size limit of large-mouth bass was removed, then the possession limit was raised and fishing hours were increased, and finally outboard motors were permitted on the lake. Biologists tried just about everything to help fishermen catch more fish. They worked with the water levels, removed undesirable species by nets and chemicals, controlled noxious vegetation, and even baited the piers.

The only apparent conclusion which can be drawn from the work thus far at Sheldon, writes Cooper, is that the average fisherman with a pole and line, in most cases, cannot adequately harvest the fish that are produced in our lakes each year, whether additional fish are stocked or not.

John X. Steward To Head Rockwood Cemetery Assn.

By Mrs. John C. Hunter. John X. Steward was elected chairman and Mrs. Claud Box secretary-treasurer, when Mr. Bob Steward called a business meeting at the Rockwood Cemetery working Saturday, April 23. Plans were made for a working to be held each Saturday until the cemetery is cleaned up, and a regular caretaker can be employed.

As Mr. Bob Steward retires, he will be 90 years of age in October. He recalls his father, John X. Steward, helped survey the cemetery and had charge of it until his death in 1915. Mr. Bob recalls how the "X" became a part of his father's name. When Mr. Steward moved to Texas from Missouri he sold his household goods to neighbors, who "Paid Later." When they sent the money another John Steward got most of it, so Mr. Steward added the initial "X" to his name to keep it from happening again.

Mr. Bob remembers always helping his father care for the cemetery. Then later, except for a few years, the cemetery has been his greatest interest. He thinks about 72 years of his life has been devoted to that work. Friends always think of Mr. Bob, because he was always there to help and probably "laid off" most of the plots.

The second meeting was held April 30 when a large crowd was present with eight lawn mowers. The group really did a good job of cleaning the cemetery.

Mrs. John Hunter presided at the business session and Bill Bryan was elected Vice-Chairman of the Association. Mrs. Box appointed the Finance Committee to be composed of Mrs. Johnny Steward, Mrs. Jack Cooper, Mrs. John Hunter and Lon Gray. The committee asks contributions to help with the upkeep of the cemetery.

Mrs. Hunter paid tribute to "Mr. Bob" upon his retirement. Refreshments of cake, coffee and cold drinks were served the group by Mrs. Box, Mrs. Ray Caldwell, Mrs. Cooper and Mrs. Steward.

Robert S. Calvert Seeks Re-Election

Robert S. Calvert, a native Texan now living in Austin is seeking re-election as State Comptroller.

Mr. Calvert is now in his 12th year as State Comptroller. He has been with the Comptroller's Department since 1930 and has advanced through the ranks to head the department.

He is a native of McLennan County, spent his early life in Brownwood and worked in

Sweetwater (with a railroad, an electric company and in a bank) before becoming a career worker in the Comptroller's Department.

Mr. Calvert said his only platform was to continue to give the public good service and to operate his office as economically as possible, without sacrificing efficiency.

Studies by The Travelers Insurance Companies show that driver error caused 85 percent of the highway accidents in 1959.

## W. J. Smith Makes Statement To County Voters

Candidate for Sheriff W. J. Smith has authorized this newspaper to publish his statement to the voters, as follows:

**TO THE VOTERS:**  
I have been a resident of Coleman County since 1921, am a member of the Baptist Church, and am a veteran of World War number two, having served 37 months overseas. My wife is the former Mable Phillips, born and raised in the Santa Anna area.

I would like to say that I am running my own race, and that I am not supported by any organization or group. I have six years of peace officer experience, and believe that I am fully qualified to hold the office of Sheriff of Coleman County. If elected, I promise honest, efficient law enforcement, and I promise to enforce all the laws, to the best of my ability, and with fairness to all.

I would like to express appreciation to everyone for the courtesy shown me during the campaign and wish to express my thanks for your support previously.

Your vote and support will be greatly appreciated.

## Will Wilson Seeks Re-Election

**As Attorney General**  
Attorney General Will Wilson will be on the Democratic Primary election ballot Saturday, May 7, as a candidate for re-election to the post in which he has distinguished himself as a vigorous law enforcement official and outstanding chief legal officer for the state of Texas.

Wilson has won nationwide recognition as Attorney General of Texas for his concerted and effective drives to rid the state of organized racketeering, loan sharks who prey on needy people, anti-trust or price-fixing law violations and illegal medical practitioners.

Wilson declared it is his firm belief that a healthy climate for the progress and prosperity of Texas can be maintained only through solid enforcement of the laws of Texas.

Dr. and Mrs. Burgess Sealy and daughter of Fort Worth visited with his mother, Mrs. T. R. Sealy on Thursday of last week. Mrs. Sealy returned home with them for a visit.

Mrs. J. Frank Turner returned home last week from a visit with her children, Mr. and Mrs. Shag Garrett in O'Donnell and Dr. and Mrs. Dodson Garrett in El Paso.

## This is National ESA Week

This is National ESA Week and also marks the 31st birthday of this International sorority which was born in Jacksonville, Texas, September 13, 1928 when 10 like-minded women lighted the first candle of EST, Epsilon Sigma Alpha celebrates Founders Day on May 1st, since it was on that date in 1928 that it was incorporated in the state of Missouri.

This week — May 1st through 7th — is the first celebration of National ESA Week by some 40,000 members over our nation, Alaska and Canada. The name of Epsilon Sigma Alpha is not

a new name to you — as it is through this organization that many thousands of dollars have been given to Red Cross, Muscular Dystrophy, American Heart Drive, Cancer, Veterans Hospitals, Cerebral Palsy, Children's Hospitals, Polio, Tuberculosis, needy families, disaster aid, logopedic institutes, to name only a few.

The Texas Association of ESA has for many years had as their state project Polio. Your local chapter, Delta Omicron, has aided the above project, contributed to the \$475.00 that District VII presented to the Bangs Peaceful Valley Home for Children, has clothed and fed a needy family the past two years and various projects throughout years of service.

Monday, May 2, Mrs. Rodney Dean and Mrs. Roy England were hostesses to the Founders Day program, in the Santa Anna Bank Community Room. Coffee, rolls and miniature sandwiches were served to members from 10:00 to 10:30 a. m. Mrs. Allyn Gill offered the ESA Prayer as the program.

## Texas Ranks 5th in Elementary Teachers' With College Degree

Austin — In five years Texas has dropped from second to fifth place in the percentage of college trained teachers in its elementary schools, latest national rankings show.

Oklahoma now leads the nation with 99.6 of its elementary teachers having four or more years of college. Arizona, Florida and New Mexico also lead Texas, which is fifth with 95.6 percent.

Both the border states of Oklahoma and New Mexico, as well as nearby Arizona, have higher average teacher salaries than Texas.

In 1953-54 Texas was in second place. At that time, Arizona was first and Oklahoma was down in seventh position.

By 1958-59, the latest figures available, Oklahoma had vaulted to first place on the strength of higher requirements and better salaries. Only 80 of Oklahoma's 21,400 teachers do not have at least a bachelor's degree.

In Texas, records of the Texas Education Agency reveal that 1,772 out of the 32,088 total public school personnel did not have a college diploma in 1958-59. The majority of those were in the grades one through eight, where 1,508 teachers out of 49,828 failed to have degrees.

National rankings deal only with elementary teachers and with those having four or more

## Memorial Service Planned for Sunday, May 29

Memorial Services will be held in the Santa Anna Cemetery Sunday afternoon, May 29. The program will be planned and conducted by the Wark Laughlin Post No. 182, local American Legion Post, and by the Santa Anna Cemetery Association.

The objective of this form is to help landlords and tenants determine an equitable rental arrangement and to record terms of agreement. Whether the function of the form is to foster stability between landlord and tenant by providing a committee said the program would likely last about 25 to 30 minutes, then those present will be requested to drive over the cemetery and see the work the association has been doing the past several months.

The Legion Post will put flags on the graves of all veterans and have the usual Memorial Day services in their behalf.

Mr. and Mrs. Oran Henderson of Snyder spent Saturday with Mr. and Mrs. Hardy Blue.

Mrs. A. B. Little took her mother, Mrs. M. A. Pritchard, back to Temple Saturday after she had spent several weeks sitting here.

## Information Available on Farm Leases

College Station — A written and lease is good insurance for both landlord and tenant. A simplified lease form for this purpose has been prepared by Cecil Parker and C. H. Bates, extension farm management specialists.

The objective of this form is to help landlords and tenants determine an equitable rental arrangement and to record terms of agreement. Whether the function of the form is to foster stability between landlord and tenant by providing a committee said the program would likely last about 25 to 30 minutes, then those present will be requested to drive over the cemetery and see the work the association has been doing the past several months.

Supplements to the leases are also included which cover crop and livestock share arrangements and conservation and other improved practices. This serves to provide far more definite attention to conservation and other sound agricultural practices.

The form may be obtained free from local county agents or the Agricultural Information Office, College Station, Texas. Ask for MP-390.

### Water Conservation Gets Commemorative Stamp

College Station — No other resource so directly affects the welfare, comfort and happiness of all the people as does water. Our national and personal need for water for domestic use, for sanitation, for manufacture, and for agriculture is multiplied each year by our expanding population, says Lynn Pittard, assistant extension soil and water conservation specialist.

In view of this great role water plays in our lives, the first water conservation stamp in history was released April 18 in Washington, D. C. The four-cent stamp is the latest in the series of conservation commemorative postage stamps.

This stamp should impress on every American the value of water conservation. We know there is only so much water on the earth, and this supply remains constant. The only way we can meet the vital and rising demands for water is by reducing the needless waste and pollution, by protecting the watershed upon which our water falls as rain and snow, and by finding more efficient methods for its use, Pittard said.

The unique two-panel stamp portrays a close-up view of a drop of water falling from a leaf, symbolizing watershed influences upon water supply. This design leads the eye to a right-hand panel depicting an actual watershed panorama. A town, and farm in the background are dependent on the upstream watershed with its well-managed farm and forest lands and small dams for flood prevention and storage.

The next time you need stamps make sure you get the new conservation issue. They are available at all local post offices.

### Public Asked For Views on Dove Seasons

Austin — South Texans want a longer or a delayed dove season this year, according to Ben F. Vaughan Jr., member of the Game and Fish Commission.

At the last meeting of the Commission in Austin, Mr. Vaughan pointed to conditions in South Texas during the past open seasons, and urged the Commission to suggest to the U.S. Fish and Wildlife Service that different dates be adopted.

Others present at the meeting said that North Texas also would be interested in an extension of the dove season.

As a result, Howard Dodge, executive secretary of the Commission, said that a study would be made and facts presented to the Fish and Wildlife Service, which finally sets the migratory bird seasons. Dodge urged persons interested in both the North and South Texas zones to write their ideas to the Commission in Austin. He also is asking for a report which will be based on nest and bird counts.

Last season, North Zone hunters shot doves from September 1 to October 20. South Zone hunters had from October 1 to November 19, excepting in the whitewing territory, where the season closed November 16, because they were permitted to kill mourning doves three days during the whitewing season in mid-September.

The bag limit last year on mourning doves was 10 per day and 20 in possession.

### WAC Looking for Girl Who Was Born to Be a WAC

The Women's Army Corps, which celebrates its 18th birthday next month, has begun one of the biggest recruiting campaigns in its history.

A sidelight of that campaign is a search for "the girl who was born to be a WAC," said M/Sgt. Leonard M. Evans, Army Recruiter for Santa Anna. A girl whose 18th birthday is the same as the Corps' (May 14) and who will join the WAC that day. But the campaign is by no means limited to this single search.

As the WAC approaches its 20th year, it is beginning to feel the pinch of retirements which threatens to cut back its total strength. During the next few years, many officers and enlisted women will be retiring. The problem is to recruit enough replacements.

Wacs are now being used in areas and jobs which have been "off limits" to them in the past, and they will be moving into more and more fields in the future.

"For instance missiles," said M/Sgt. Evans. "Two years ago their abilities were tested in the missile field for the first time.

Now its standard procedure to assign Wacs to these projects."

### Linam Reunion

The second Linam reunion was held Saturday and Sunday in the Coleman City Park. Records show 106 were present for the two-day affair.

All the living children of the late J. B. Linam were present, Mrs. Ada Roberts of Coleman, Mr. Beauford Linam of Robstown and Mrs. Abbie Richardson of Santa Anna.

In the business meeting it was decided to hold the reunion again next year, during the last weekend in April in the Coleman Park. Officers elected were Branch Linam of Victoria, president; Doyle Roberts of Abilene, vice president; and Joyce Brown of Lubbock, secretary-treasurer.

The family coming the greatest distance was Mr. and Mrs. Earle Jolly of Beaumont. Mrs. Ada Roberts was presented a corsage for being the oldest person present, and Mrs. Jolly a corsage for coming the greatest distance.

The group enjoyed several hours of visiting and fellowship and an old time singing on Saturday night. A bountiful lunch was served on Sunday.

### Y. W. A. Holds Regular Meeting

The Young Women's Auxiliary of the First Baptist Church, met in the church annex Wednesday, April 27 at 6:30 p. m. for their regular meeting.

Carole Campbell was in charge of the program, "Stronger Grows the Tie." The group sang "Blessed Assurance," followed with a prayer by Reta Ing. The scripture reading was Galatians 6:2.

The program was closed by the group singing "Bless Be the Tie."

A short business meeting followed the program. Sonja Dunn, president, presided. Several items of business were disposed of.

Those present were: Ellen Lewis, Reta Ing, Sonja Dunn, Carole Campbell, Peggy Hawkins, Ruth Radle, Lula Hawkins, Mrs. Elgean Harris, Mrs. James Mallow and Mrs. Raymond Jones.

### T. E. L. Class Regular Meeting

The T. E. L. Sunday school class of the First Baptist Church met in the home of Mrs. W. E. Ferguson Tuesday afternoon, April 26. Six members of the class were present, along with five visitors.

Mrs. Clarence Gray brought the devotional and Mrs. Gladys Brown presented a reading, "Wonderful Temple of Gods Revelation."

Each lady present gave her favorite scripture from the Bible. Mrs. Kettie Haynes closed the meeting with prayer.

The ladies spent the remainder of the afternoon sewing pajamas for Buckner Orphans Home in Dallas.

The hostess served a delicious refreshment plate.

Nearly 1,000,000 American men, women and children were injured or killed last year because an automobile driver exceeded the speed limit.

### No One is Immune To Crippling

Few families are fortunate enough to escape the effects of crippling in some form. Think for a few minutes about the following:

Crippling strikes one family in five each year.

Accidents alone injure 49 Americans each minute of each day in the year.

Thousands of American babies are born with crippling defects each year.

Thousands more American children and adults are crippled yearly by disease.

No one is immune to crippling. You, this writer, or any member of our families may be "a crippled American" before this day ends.

Yet crippled American boys, girls, men and women are really very fortunate.

Because in America there is a nationwide organization which fights not just one but all three types of physical handicaps — those caused by birth, those caused by accident, and those by disease.

Its services are available to anyone who is or who becomes crippled.

It is the Easter Seal Society—the National Society for Crippled Children and Adults, with its 1,700 state and local chapters — which, with out voluntary financial support, carries on a nationwide program of research; direct services and treatment of the crippled, and education of the crippled, their families, professional workers with the crippled, and the general public.

But crippled Americans haven't always been so fortunate.

This organization came into being early in the century in a way which is typical of America — because a father, whose son died as a result of crippling injuries received in a small town lacking proper medical facilities, saw the need for community services and facilities for the crippled. The Society has spent 39 years awakening America to the need for local rehabilitation services for the crippled, regardless of the cause of crippling, and helping communities to establish such services.

Now all 50 states and Puerto Rico have their own Easter Seal Societies, with local chapters in hundreds of cities and towns.

Each year the Society sends a message to Americans at Easter telling the needs of crippled Americans and the services provided for them, and asking us to help support these services in our community and state. A sheet of Easter Seals is enclosed.

The seals have no value in themselves. We are encouraged to give whatever our hearts and our finances will permit. Whether we give or not, the Society wants us to keep the seals and use them on our letters and other mail to remind others of the needs of America's crippled.

The services which the Society can offer in any state or community are in direct proportion to the support given by residents of the area. Each local chapter keeps 77 percent of funds given to its local Easter Seal Appeal, for local services to the crippled. The state Society receives 12.7 percent for aid to crippled Texans who live in areas of the state where there is no local chapter and for its services to local chapters. The National Society receives 10.3 percent for research, scholarships, educational activities and publications, and services to state and local groups. Thus 89.7 percent of Texas donations remain in Texas for crippled aid to cri-

pled Texans.

But even the small percentage received by the National Society comes back to aid Texans in the form of new knowledge gained through research studies, professional workers trained by scholarship programs, education of the general public to the needs of the crippled and safety measures, and services of a highly qualified professional staff which helps state and local units to establish and maintain the most efficient and far-reaching local programs of service for the crippled.

As we never know when or who crippling will strike, and as no individual can ever be fully prepared for all its consequences, these community services are important to each one of us. We owe it to ourselves, our families and each other to make sure that our community has the best and most complete program possible.

The 1960 Easter Seal Appeal in Texas is far behind its state goal of \$400,000 needed to maintain and expand services and facilities for the crippled this year.

We are already indebted to the Easter Seal Society more than we have probably realized. Let's make sure we keep these vital community services available to us.

Send your donation — whether it is a dime, a dollar or more — to "Crippled Children, c/o Postmaster," in your city. It will be forwarded to the Easter Seal Society.

### Hardeman Endorses Ramsey for Lt. Governor

Senator Dorsey B. Hardeman of San Angelo today announced his endorsement of Ben Ramsey of San Augustine for re-election as Lieutenant Governor.

Senator Hardeman said: "The time I have been privileged to represent you in the

Texas Senate, I have worked closely with Lieutenant Governor Ben Ramsey of San Augustine.

"I respect him as a man of dignity, integrity, and mature judgment.

"He has assisted me in passing legislation that helped our state and the 25th Senatorial District.

"I commend him to you and hope that you will vote for Ben Ramsey for re-election as our Lieutenant Governor."

### Calvert is Only Candidate With Court Experience

One of the important races to be decided in Saturday's election will be for Chief Justice of the Texas Supreme Court.

Associate Justice Robert W. Calvert of Hill County is one of the two candidates for this position.

Judge Calvert has been on the Supreme Court since 1950, and is the only member of the court who is a candidate to succeed the present chief justice, who is retiring, and is the only candidate for chief justice with Supreme Court experience.

"Judge Calvert has served with great distinction as associate justice for almost ten years," Gaynor Kendall of Austin, state campaign manager, said. "He therefore knows from actual experience the additional administrative duties which he must assume as chief justice, and he has demonstrated by his service with the other judges his ability to furnish the leadership the court requires."

Cholla is a particularly spiny species of cactus. It grows to a height of six or eight feet and has many stumpy branches which are easily detached, and on this account has a most vicious reputation for embedding itself in passers-by.

## J. W. Moore States His Platform

On this, the eve of the First Primary election, I wish to make this final appeal to the voters of the 77th district for your support in Saturday's May 7th election.

J. W. (BILL) MOORE

During the short time from announcement until now it has been impossible to personally see every voter in the four-county district; however, I have tried to see as many people as possible. In this final appeal, I urge those whom I have not seen to give me your careful consideration for the office I seek.

I wish to make it clear that I am not running for the office on the demerits of my opponent, but I come to you as a candidate for the place on my own merits, believing that I can serve all the people of the District and the State of Texas.

My past experience of 30 years of business in Rannels County and more recently in the farm and ranch business, gives a clear knowledge of what is needed in this section of West Texas. I am not a candidate of any group or clique, and if elected, I will stand on my own two feet and vote my convictions. I am only interested in what is best for the people of my District and for the entire state.

I admit that I do not have a plan for solving all the problems of our area or state, but I am willing to study every piece of legislation and make an honest effort to improve conditions.

I have stated my position as being in favor of improving benefits for teachers and seeing that they get a pay increase which would be comparable to their profession. I have publicly announced my opposition to a sales tax and a personal income tax. My connection with the City of Ballinger as Mayor has given me first hand knowledge on the need of water in West Texas and this District, and I will strive to relieve this condition in every way possible.

Let me urge you to go to the polls Saturday, May 7, and exercise your right to vote.

Sincerely,  
J. W. (Bill) Moore  
Paid Pol. Adv.

### MRS. BOBO HOSTESS TO CHAT & STITCH CLUB APRIL 23

Mrs. Ethel Bobo was hostess to the Chat & Stitch Club in her home Friday, April 23. Mrs. O. L. Garrett received the club gift. Eight members were served refreshments of chicken sandwiches, potato chips, pickles, cookies and punch.

The next meeting will be with Mrs. Arthur Casey May 13.

Recent visitors with Mrs. John W. Taylor were her sister, Mrs. Sam Morgan of Pecan Gap, Mrs. Gib Boyer and son, Sam, of Greenville; Mrs. Tom Williams and son, Tim, of Sulphur Spring; Mr. and Mrs. Harry Stanford, Becky, Janice, Tera and Nancy, all of Midland; and John Walker Taylor of Junction.

### MIXED-QUALITY COTTON BALE LOSSES

Well in advance of the beginning of another ginning season, it might be well for Texas cotton growers to consider and remember the results of a recent study on money losses resulting from mixed-quality cotton bales.

The study was made by the Agricultural Marketing Service of the U.S. Department of Agriculture, and showed that in a single season cotton farmers lost an estimated \$2,400,000 because of mixed quality bales.

The AMS found the situation basically to be this: When cotton is sampled for grading, a small amount of lint is taken from each side of the bale, and both parts are classed. If the quality is different on the two sides, the farmer is paid on the basis of the lower quality — even though most of the bale may be higher.

Cotton shippers also lost money in payments to warehousemen for special handling of the mixed bales. Some warehouses reopened the bales, re-sampled, and rebaled them with the low-quality lint removed. Usually, the benefits were not enough to defray the costs.

The AMS reported that most frequently it is the ginners who get the blame for mixed bales because they often combine cotton from two different growers, but the study showed actually that it is the farmer who is most often responsible. It was found that 61 percent of the mixed-quality bales was brought to the gins as mixed seed cotton, with only 39 percent being mixed by the gins.

The problem of mixed-quality cotton, of course, can never be entirely eliminated because it is impossible for farmers always to bring in loads with the same quality of cotton throughout. Weather causes certain differences, and cotton from two different fields may have to be combined to make up a load.

However, the AMS made two principal suggestions: First, farmers can be more careful to reduce mixing cotton of different qualities; and second, ginners in starting a new bale should see to it that their presses are not turned before all of the cotton from one farmer's load has been baled.

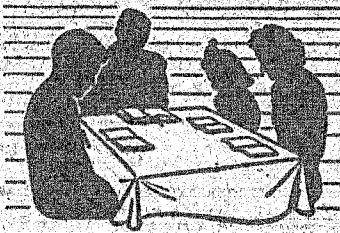

During one recent season, it was estimated that nearly half a million bales of cotton were of mixed quality. About 70 percent of these came from Texas, Oklahoma and Arkansas where only 37 percent of the year's production was ginned. All other states showed considerably less than the national average of mixed-quality bales, which amounted to only 3.4 percent of total ginnings.

Visitors in the John Gregg home Sunday were Mr. and Mrs. Bryan Blevins of San Angelo and Mr. and Mrs. Scott Cole, Gary and Pat, of Coleman.

Mrs. Kate Holmes spent the weekend in Brownwood with her daughter, Mr. and Mrs. Cecil King and girls. The King family has just returned from a 10-day visit in Miami Beach, Fla.

Mr. and Mrs. Jim Harris were weekend visitors with their daughter and family, Mr. and Mrs. Eugene Medlin, in Odessa.

### Today's MEDITATION from The World's Most Widely Used Devotional Guide

### The Upper Room

Read Colossians 3:8-17.

Put on then, as God's chosen ones, holy and beloved, compassion, kindness, lowliness, meekness, and patience, forbearing one another and, if one has a complaint against another, forgiving each other. (Colossians 3:12, 13. RSV.)

During "Family Week" a mother and father lost the only happiness they possessed — their daughter, seventeen years old. The parents did not live harmoniously, and in the home there was no peace or security or love. The daughter took her own life.

What a difference it would have made if the parents had dedicated themselves to Christ and lived harmoniously! What a difference if this daughter had been encouraged in the home to love God and had experienced the many benefits of daily family worship!

As in that home, in many other homes parents are guilty of the moral, intellectual and spiritual defeat of their sons and daughters. Great is the responsibility of parents and of supreme importance their example to their children. A home where God is revered and daily worship does not have room for serious conflicts and deep-rooted misunderstandings.

**PRAYER:**  
Eternal Father, help us as we try to make our home a house of prayer and worship. Help us as we worship there, that we may receive power to overcome evil and to do good. We ask in Christ's name. Amen.

**THOUGHT FOR THE DAY**  
A home where God is revered does not have room to harbor conflicts and misunderstandings.

### Loose Smut of Wheat

In recent years the growing of highly susceptible wheat varieties has caused loose smut disease to become increasingly important throughout Texas. Several central Texas wheat fields were observed in 1959 with as high as 25 percent loose smut damage. The disease is generally more damaging in areas of higher rainfall or high humidity.

Damage may be easily overlooked at harvest time. The smut fungus destroys the entire head leaving only the central stem. Damage is more easily determined by checking the field several times at weekly intervals before harvest. It is during this time that one can see the mass of black dust or spores that replace the head of grain.

Smut spores from diseased heads are blown to healthy heads on which they germinate and penetrate the young seed. The smut fungus remains dormant within the seed until it is planted. As the seed wheat germinates, the smut fungus also starts to grow. The smut fungus eventually grows up to the wheat head completing its life cycle.

Ponca, Pawnee, Triumph and Austin wheat varieties are resistant. Quana, Concho, Kiowa and Bison varieties are extremely susceptible. Comanche, Wichita and Westar seldom develop high infection of the disease.

Loose smut can be controlled by a special seed water-soak method. Relatively small amounts of seed can be treated by this method for increase in seed fields. Treated seeds should be sown in a field isolated as far as possible from fields sown with infected seed.

Contact your county agent for additional information on this and other plant diseases.

The border draw, according to cowboys, is a cross draw made with the gun carried at or near the hip, but hanging butt forward. A quick stab of the hand across the body reaches the gun, and the continuation of the movement lifts it clear of the holster. It is called this because of its popularity with men in the vicinity of the Mexican border.

There were 2,910 pedestrians killed and 66,030 injured on U. S. roads last year because they crossed between intersections.

## About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M. D., Commissioner of Health.

They're some great times ahead for Texas swimming enthusiasts. They've got 13,000 pools to choose from and the season is right at hand.

And things stand to break even better for the wet set in days to come. According to the National Swimming Pool Institute, Texas will have some 50,000 pools in 1970, almost quadruple the present number.

But play for plungers means work for someone else, namely State Health Department engineers and local health department sanitarians who sponsor training courses for pool managers and personnel from border to border.

The Department began its voluntary program of training operators in 1956. Day-long courses are held at various points throughout the State, and cover such diverse subjects as chlorination, filtration and sanitation.

So far 1,216 pool operators have been certified by the Department through the medium of short schools. Others will be added to the certified list by summer's end.

It's all in the interest of healthful recreation.

### VA Appeals to Pensioners to Return Cards

A double-barreled appeal to the approximately 10,000 Central Texas people who received monthly pension payments from the Veterans Administration was made today by P. J. Mims, manager of the Waco VA Regional Office.

First, said Mr. Mims, veterans and the widows and orphans of veterans who received cards early in March for the choice of pension under the new law are urged to fill in all questions on the cards before returning them to the VA.

Second, he said, be sure not to mutilate, twist or damage the cards before returning them. The cards pass through electronic tabulating machines and damaged cards can't be handled.

Mr. Mims said that a great many of the cards returned thus

**Our WASHINGTON Letter**

By Congressman O. C. FISHER

**DURING THE EASTER** recess I enjoyed a pleasant visit to the district. It gave me an opportunity to see and talk with many people and to see how the country looks following the winter rains. Even though people were pleased with range and crops, they were needing more rain. And since my return to Washington, I received good news of more rain in several areas!

In San Angelo I addressed the annual convention of the West Texas Chamber of Commerce. I met with a group of Farm Bureau representatives from a dozen counties who discussed with me many agricultural problems. Their views were helpful and appreciated.

In Kimble County — my old home and birthplace — where I operate a small ranch, things are looking up. Range conditions were never better. Livestock are in excellent shape, and I was told prices in general are holding up very well.

I spent a night in Lampasas where I met with a number of my friends at an early-morning breakfast. That gave me a chance to discuss with them some of the current issues in Congress and the prospects for constructive legislation being enacted at this session of the Congress.

From Lampasas I went to Austin where I addressed a large gathering of Texans at a luncheon at the Driskill Hotel who were attending the annual meeting of the Texas Historical Association. My subject was "King Fisher," whose activities along the Rio Grande during the 70's was a part of the dramatic history of that turbulent period and area where he operated.

Fisher was killed (probably assassinated) with Ben Thompson in San Antonio on March 11, 1884. People are still talking about that tragedy which rocked the entire state at the time. The

subject provides an interesting bit of research into the border history of that period and the people who help make that history.

**Conditions Favorable For Mesquite Control**

College Station — Mesquite robs 55 million acres of Texas range-lands of precious moisture and plant nutrients each year. Often it is necessary to control mesquite in order that the ranch achieve and maintain the highest production.

The ranchman seeks the most economical control of mesquite consistent with highest livestock production, and at the same time conserving natural range resources. A variety of chemical and mechanical methods or a combination of them can be used to solve individual problems.

"Mesquite Control" is a new extension publication which goes into detail on the different chemical and mechanical methods of control which can be used.

Local county agents have copies of this publication. It may also be obtained by writing the Agricultural Information Office, College Station. Ask for MP-336.

### Band Makes Excellent Showing At UIL Contest

The Mountaineer Band represented Santa Anna very well at the Interscholastic League Concert Playing and Sight Reading contests in San Angelo last Saturday. Although the band missed the First Division rating by one point, it received the best criticisms they have received in several years.

One of the three judges rated the band in the first division and the others rated them in the second division, which is excellent. Had two of the judges rated them in the first division, they would have received the superior rating.

James Mallow, band director, said he was well pleased with the band's performance and that the students had put forth great effort this year, to make the Santa Anna Band one of the best.
