Band to Abilene For Parade and Ball Game Sat.

The Santa Anna Senior Band will leave from the Band Hall at 1:00 p.m. Saturday for Abilene, where they will participate in the West Texas Fair downtown parade at 3:00 p.m. They will also take part in the half-time activities of the first home game for Abilene Christian College Saturday night.

The evening meal for the band will be furnished by the college. Friday night at the Goldthwaite game, the band presented their drum major, Dixie Baugh, and the twirlers, Mary Rehm, Elaine White and Peggy Hawkins, in a special drill at the half-time activities.

The band elected officers for the year Monday, as follows: President, Mary Rehm; Vice President, Tommy Pollock; Secretary-Treasurer, Dixie Baugh; and Reporter, Arlene Welch.

Our School Must Have More Money

The fact that the Santa Anna School system must have more money for its continued operation was brought to the attention of a number of local citizens when they met with the school trustees on Thursday night of last week. Purpose of the meeting was the regular meeting of the board and the reading and discussion of the proposed budget for the 1950-61 school term.

In the discussion, it was brought out that during the past two years the school has been forced to operate at a deficit, more last year and the previous year. And the deficit for the present term will be more than the previous years.

For the past nine or ten years the school has been operating on a tax rate of \$1.50 on the \$100 valuation, based on state and county renditions. Until two years ago, the money brought in from this tax rate was made to cover the necessary expenses of operating the school. Some services any accredited school should offer the student will need to be dropped from the local system, after this year if additional financing is not made available. This year the course in Speech has had to be curtailed; Speech II and Typing II have been dropped.

Why has this come about? There is only one answer and that is "inflation has affected the operation of our school system, the same as it has affected the operation of any household or business in America." Prices for everything purchased has increased considerably over the years, and the increased money needed for the operation of the school has not been consistent with the cost of inflation.

A school is allowed State Aid to employ one teacher for each 24 students in average daily attendance for the previous year. Presently the local school has two teachers over this allowance, and is desperately in need of two more teachers in order to offer subjects the students need and want. Any teacher employed over the state allowance must be paid from the local maintenance fund, which is the money derived from taxes paid by property owners in the school district. Also to be paid from this tax money is the bonded indebtedness of the school, maintenance of the buildings, insurance, all necessary books and other supplies, plus all the other details necessary for the operation of a school.

The present tax rate just does not bring enough money into the fund for the successful operation of the school plant, as the situation now exists.

During the years in the first half of the 1950's the school received enough money to appropriate more money in the interest and sinking fund than was necessary for the payment of the bonded indebtedness. During the past two years a larger amount was needed for the operation of the school, and the amount going into the interest and sinking fund had to be reduced in order to continue the operation of the school, with many small items discontinued.

It is considered good business practice to have enough money in the interest and sinking fund to take care of bonded indebtedness for a year in advance, and at present that much is not on hand in the fund. However, it will be put there when taxes begin to be paid next month.

When the 1960-61 fiscal year is over next August 31, it is estimated in the budget the accumulated deficit could be about \$8,000.00.

We, as citizens of the Santa Anna Independent School District, must do something to relieve the situation. Actually there is only two courses of action we can take. One is to cut the operation of the school to bare minimum as required by the state for accreditation — the other is to raise the necessary money for the continued operation of the school, and while doing this raise enough money to give the school the prestige gained over the years.

There are two courses available to raise the needed money. One is to increase the values of all property rendered for taxation, which would be a long drawn out affair, and would be very costly to the district. This process would cost the taxpayer much more money in the long run to furnish the school the needed funds than the second method available to school districts in this situation.

The second method is to call an election and authorize the school district to invoke what is commonly known as Senate Bill 116, adopted by the Texas Legislature in 1955.

This bill is lengthy and covers many schedules for schools over the state. Some sections cover schools having a bonded indebtedness of 7% or less of the district's assessed valuation. Other sections cover districts with more indebtedness. As the Santa Anna district has less than 7%, we will only go into the part of it that concerns us.

A petition requesting the School Board to call such an election must be signed by at least 20 resident qualified taxpaying voters, and presented to the board. They then would be required to call the election and set a date for same. If the election carries, the board then would have the authority to allot a maximum of \$1.50 per \$100 valuation to the local maintenance fund and up to \$.50 per \$100 valuation to the interest and sinking fund, for the retirement of the bonded indebtedness. In short, the election would authorize the school board to increase the tax from a maximum of \$1.50 for local maintenance and retirement of the bonded indebtedness, to a maximum of \$2.00 per \$100 valuation with not more than \$1.50 going for school operation and up to 50 cents per \$100 valuation going to the bond fund. At the present time 35 cents would be ample to care for the bonded indebtedness.

This is a situation we must all face. Are you interested in the continued operation of the school on a basis that will guarantee the student the high school education they are entitled to? Or, would you prefer the operation of the school be dropped to a bare minimum as prescribed by the state, and let the student enter the world in these complex times, lacking a sufficient education?

Within the next few weeks the petition to request the school board to call the election for Senate Bill 116 will be circulated. As said above, only 20 signatures are actually needed, but it would be much more impressive if there were 200 or more signatures on the petition. And signing the petition does not obligate you to vote for the proposal, but is an indication you see the need for it and will study the proposals.

Methodist Ladies To Study Effects Of Alcohol

The ladies of the Methodist WSCS and Nita Daniel Circle will begin a four week study of "Alcohol and Christian Responsibility" Wednesday, September 21 at 7:00 p.m. in the parlor of the First Methodist Church.

The ladies of the Christian Church and the Presbyterian Church have been extended an invitation to participate in the study and discussion with the Methodist ladies. It is felt that all who participate in the study will acquire a greater knowledge of the alcohol problem.

Mountaineers to Host Rising Star Wildcats Friday Night

The Mountaineers will play hosts to the Rising Star Wildcats on the local field Friday evening, beginning at 8:00 p.m. This will be the second game of the season for the Mountaineers and the third for the Wildcats. Admission prices will be \$1.00 for adults and 25 cents for students. Reserve seat tickets will be on sale at the game.

The Mountaineers took their first game of the season Friday night over the Goldthwaite Eagles by a score of 12-0, and at this time are one of two Class A teams in Central Texas that is undefeated. The other team is Rescoe, who defeated Clyde last week.

The Mountaineers are spending a lot of time working on their offense this week. They made a number of other mistakes Friday night that are also being worked out this week.

Only one Mountaineer, Dayton Jackson, suffered an injury last week, and this was not serious. He will be back in the lineup this week at his guard post. All the other boys are in good physical condition and are expected to win the game over the Wildcats.

Last week the Mountaineers were picked to lose to the Eagles by all the daily newspapers in this area except the Brownwood Bulletin. We have been requested by several citizens to inform the Abilene Reporter-News that the boys "found the combination."

Last week it was predicted the Bangs Dragons would win easily over the Wildcats, but when the final gun sounded the Wildcats held an 8-6 over the Dragons.

We are picking the Mountaineers to win the Friday night tilt by at least 2 touchdowns, and they could win by more than that. But, the boys must understand it will not be an easy win, and in order to do so they must put forth every effort, every down or the Wildcats can slip up on them just like they did at Bangs last week.

We know the local eleven has the weight and training to remain on the undefeated list. Let's see you do it BOYS!

WOW!

Juniors Take 50-0 Beating Tuesday Night

Coach A. D. Donham's Junior High School lads took a 50-0 lashing at the hands of the Junior Wildcats from Rising Star Tuesday night on the local field. The much heavier and more experienced Wildcats took command of the game at the start and never let up throughout the contest.

Coach Donham said he was real proud of his boys, and that they all played a good game. They were just out-classed and that was all there was to it. Donham said he had no complaint as to the way his boys played. He only has one boy with any experience.

Donham said his boys would play some good football before the season is over.

One Santa Anna boy was injured in the game, but not seriously. One Rising Star boy suffered a broken leg in the game, but it is not known just how the injury occurred. Rising Star was on the defense at the time, and from the best reports available to us, apparently he became entangled with one of his own team-mates, in attempting to tackle one of the Santa Anna boys.

The break was a clean break below the knee on the right leg. The boy is not expected to suffer any permanent damage from the injury.

Stockholders of Gin Co-op to Meet Saturday

The annual meeting of the stockholders of the Santa Anna Co-op Gin will be held on the gin grounds Saturday, Sept. 17, beginning at 7:30 p.m. Pierre Rowe, manager of the gin, said there was a considerable amount of business that would come before the members, and all are urged to be present.

Visitors are also invited to attend the meeting. Ice Cold Watermelon will be served

Jaycees Sponsor Football Program For Score Board

The Santa Anna Junior Chamber of Commerce is again sponsoring the football program for the five home games. They have sold a number of subscriptions to the program, and they will be sold at the gate at each home game for the program.

The Jaycees took a break last year, the installation and operation of an electric score board at the football field. The cost of the equipment was \$1,500 and it is to be paid for in three years. They need your cooperation in this project.

The Jaycees met Monday evening in the Club Room of the hotel and recognized several new members. Billy Bob Jackson, Robert Smith, Q. W. Daniel, L. J. and Jerry Clark, Bobby Joe Densman, Max Eubank and Lynn Hayes.

Officers were elected for a six-month period, in order to set the next election at the same time as the state organization. All officers were re-elected. Allyn W. Gill, Felton Martin, James Eubank and Billy Campbell. State Director is Jake McCreary and members of the Board of Directors are Delbert Rice and Tom Kingsbury. New directors are R. C. Smith and Tommy Upson.

Robert Smith was appointed chairman of the Membership Committee. Billy Bob Jackson was appointed chairman of the committee to sell the football program.

The group voted to hold regular monthly meetings on the fourth Monday night each month. They discussed a number of projects and those were considered for further study.

The group has a need for many other new members. If you might be interested in joining, you are invited to contact any of the officers or directors.

W. Carl Williams Buried Friday

Funeral services for W. Carl Williams, 41, were held at the First Baptist Church, Friday, September 9, at 2:30 p.m. Mr. Williams died at his home 10 miles south of Santa Anna about 11:00 a.m. Wednesday, Sept. 7, after a lengthy illness.

Officiating ministers were the pastor, Rev. Raymond Jones and a former pastor, Rev. S. F. Smith of Brownwood.

Mr. Williams had lived on his farm 42 years, where he was engaged in farming and ranching activities. In his youth he played professional baseball in the Pacific Coast League and was manager of the Wichita Falls Sputters when the team won a pennant a number of years ago.

He was born February 1, 1896 in Cooke County, Tennessee. He was a member of the Baptist Church and Masonic Lodge.

Survivors include his wife Mrs. Carl Williams of the home, his mother, Mrs. Josephine Williams of Limestone, Tenn., two sons, Stuart Williams of Hargrave and Carl Williams Jr. of Tyler; three daughters, Mrs. Welma Powell of Coleman, Mrs. Sarah Riggs of Lakewood, Colo., and Miss Maxine Williams of New York City; five brothers, Earl Williams of Limestone, Tenn., Paul Williams of Lenoir, Tenn., Otto Williams of Nashville, Tenn., Fred and Frank Williams, both of Kingsport, Tenn.; three sisters, Mrs. Ruby Moore of Dayton, Ohio, Mrs. Edna Dillon and Miss Gladys Williams, both of Nashville, Tenn.; nine grandchildren and one great grandchild.

Mr. and Mrs. Fred Murray and children, Ricky and Vicki, returned home last week from San Francisco, Calif., where they attended the American Hospital Association convention. They also visited his brother, Wilson Murray and family, in Riverside, Calif.

The Rev. Mr. Poteet of Coleman, preached at the First Methodist Church Sunday, in the absence of the pastor, Rev. E. L. Craig.

No Community Chest Drive This Year

Officers and directors of the Precinct No. 2 Community Chest met in the Community Room of the Santa Anna National Bank Tuesday afternoon and decided there was enough money in the treasury not to hold a drive this year, and voted to pass the fund raising drive until next time next year. When the Precinct No. 2 charter was issued on October 3, 1957 one of the first principles set by the officers of Precinct No. 2, Capital City, was that enough money carried over in the treasury to take care of requests from participants in the fund — there would be no drive that year. Now just three years after the charter was issued, enough money is on hand for the purposes and no fund raising drive will be held in the Precinct No. 2 this year.

Rev. Horne was re-elected as General Chairman of the Santa Anna Community Directors representing rural areas. Officers elected as follows: first named — being the first chairman — Red Banks, Mr. Buck Johnson, Shields Bell, Fowler and P. A. Miller; Rockwood, Jake McCreary and Lon Gray. When Mrs. Rev. England, Trickham, Mrs. Bill Vaughn and Oscar Bonnick, Liberty, Henry Pittard, Cleveland, Elmer Capps, Leedy, Dick Baugh, Plainview, Dale Smith and Ozro Earhart, Burdette, Garland, Powell and Mayo. Mrs. J. W. McClellan and Lester Newman.

Requests from organizations that have been accepted to participate in the local Community Chest drive each year have amounted to just under \$3,000. The financial report given the group Tuesday showed a balance of just over \$4,000.

dist. and if Kennedy were a poor, mature Methodist bishop from Mississippi, I wouldn't vote for him for dogcatcher because I'd be afraid he'd either socialize the kennel or give it to some foreign country. I think less of Johnson, an All-American hypocrite of such unusual ability he's a modern American menace.

The issue is not Republican vs. Democrat. The issue is not segregation vs. integration. The issue is freedom. Both parties are moving toward an all-powerful international Socialist dictatorship. A centralized welfare state brings slavery, not freedom. Property rights is the very basis of "human rights." The right to self-determination of association is the essence of human dignity. Forced equality is not democracy but dictatorship. Equal men are not free and free men are not equal.

Nixon and Kennedy are young opportunists on the make, riding the Socialist wave as far as it will take them. Neither has the necessary character — but then they haven't had that in any President since Hoover.

Creeping Brinksmanship

I have been a little unfair at times in the past, saying the difference between the Democratic and Republican Parties is merely which twin has the "Toni." There is a difference, particularly now that John Kennedy has taken over. But the difference is not enough to get my vote. I don't believe in creeping socialism more than I do in creeping integration.

Depends on Nixon-Lodge to save this country from the international Socialists. Nixon remains one of the airplane pilot who has both feet on the ground. His policies are sound and seem to care for the passengers. (Don't anybody panic! I'm not a Nixon-happy voter. Nixon is a politician. Politicians can't save this country. They brought it to this brink of disaster and defeat.)

Norman Thomas, who should know, has said that we've made more progress toward Socialism under Eisenhower than even under Truman. Facts support this statement. Norman Thomas got 267,220 votes for President in 1952 and a little more than half of that in 1948. Thomas now says that both candidates are satisfactory to him.

Nixon is lesser-of-evils. Lesser

-of-evils is a wasted vote. Voting for lesser-of-evils is an endorsement of evil. There is no way to win, voting for lesser-of-evils. You are silencing your voice, disfranchising yourself if you vote for lesser-of-evils.

I'm not sure a Kennedy victory would be catastrophic. Just like I'm not sure the nation wouldn't have been better off if Norman Thomas had been elected in 1932, or Stevenson in 1952. These candidates are for what they call "human rights," the brotherhood of man, the welfare state. They are for international Socialism, although some haven't the courage to call it that. If Thomas, Stevenson, or Kennedy or their like should get a chance to install their all-powerful federal state, then the people would have a choice. An opposition party would rise. Of course, we might never be able to unscramble the Socialist egg. As it is, there is no real opposition party. Both major parties are infiltrated, dominated and owned by Socialists, one-worlders, welfare-state and fellow-travelers.

Installment Plan Surrender

We can't save America by dragging our feet to slow down the Socialist toboggan. We can't win by choosing lesser-of-evils, by giving-in a little at a time, by surrendering our freedom piecemeal, by defaulting each succeeding skirmish as it occurs. In fact, it may be better to join full-scale battle now — win or lose — than to surrender on the installment plan. Otherwise, there'll be no final major battle to win. Just the firing squad. I believe in staying in any organization — and that includes church — only so long as there is a chance to save it. The Democratic Party is not even worth talking about saving. Evidently Senator Goldwater thinks he can save the Republican Party. A party owned by Nixon, Dewey, Percy, Rockefeller, Lodge, Keating, Rogers, Javits — can't be saved from Socialism. Goldwater has as much chance of returning the Republican Party to Americanism, Constitutionalism and states rights as Neville Chamberlain had at Munich.

A platform is worth no more than the man who runs on it. And that makes both platforms virtually valueless. A platform is like a wedding dress; used only once, and even then it sometimes flies false colors.

I went to both conventions. Delegates at both had this obvious characteristic. The Party comes first. Many of them would support a Castro-Cyrus Eaton ticket if it would get the most votes. The delegates of both parties are primarily self-seeking politicians, influence peddlers and lime-light junketeers without the integrity or the courage to buck the tide. Letting these people decide who should save our country in these times is like letting Beverly Aadland be Housemother in a boy's dormitory.

Don't Waste Your Vote!

In some states it is relatively easy to get somebody to vote for on the ballot — an independent candidate or unpledged independent electors. Your clean-cut dissent in this way makes your voice heard.

If Kennedy or Nixon can be kept from getting a majority in

There could be 57 free electors

Mountaineers Win First Game Of New Season With a 12-0 Score

The Santa Anna football team took advantage of an early 12-point lead at Goldthwaite Friday night, and brought home the first victory for the Mountaineers since October 24, 1958. On that date they won over the Goldthwaite Eagles 46-12, and had a season record of 4-4-1 in 1958. Last year the Mountaineers did not win one game.

The boys showed they were in the best early season condition they have been in, in a number of years. There was a number of first game mistakes, as was expected, but overall they played the Eagles a good game. Both teams made mistakes that can be straightened out in a few weeks time.

The Mountaineer ground game did not show up too well, but they were up against a good heavy Eagle line, one that seemed to know their business pretty well. However, the passing game was the difference in the two teams' and the Mountaineers took advantage of it to win the game.

Both scores came in the first period on passes from Quarterback Pete Simmons and End Turney Stewardson. The first play covered 42 yards and the second 10 yards. Both tries at extra points failed.

In the first period the Mountaineers took the kickoff on their 14-yard line and drove all the way to score in about 5 minutes. The Eagles took the Mountaineer kick-off on their 17-yard line and returned it to their 30-yard line. Failing to make a first down, they punted to the Mountaineer 36-yard line. After gaining 3 first downs and going to the Eagle 23-yard line, the Mountaineers fumbled and Goldthwaite recovered. Two plays later John Dillinger intercepted an Eric pass at their 33-yard line. Simmons passed to Dockers for 10 yards and Walker picked up a yard, then a five yard penalty against the Eagles set the ball on their 16-yard line. Simmons completed his second pass to Stewardson for 10 yards.

All the second period was played new on the Goldthwaite 15-yard line and the Mountaineer 17-yard line with the two sides exchanging punts, fumbles and interception passes. The Mountaineers reached 3 first downs and the Eagle 4. In the first period the Mountaineers had 10 first downs and the Eagles 8.

Most of the third period the Eagles controlled the ball and exchanged turnover with the Mountaineers twice immediately following the 10-0 lead. In the Mountaineer end of the field, the Mountaineers had charge of the ball for only one series, making two first downs and gaining 28 yards and losing 5 yards, then fumbled the ball away. The Eagles were on the Mountaineer 11-yard line at the end of the quarter.

During the fourth period the Eagles moved the ball to the Mountaineer 3-yard line, then received a 5-yard penalty with two downs to go. They gained back to the five-yard line as the ball went over on downs.

A strong cross wind came up during the second period that hindered the passing attack of the Mountaineers, and when they took the ball on their five yard line, they were really in the hole. Three plays gained only three yards, and Stewardson dropped back to punt. With con-

ditions as they were, anything over a 20-yard punt would have been considered good, but Stewardson punted the ball way over the defenders head and received credit for a 43-yard punt. This got the Mountaineers out of the hole and from then on it was a real football game, with both teams making every effort to score.

OTHER GAMES:

Four of the Mountaineer opponents lost their weekend games, while Goldthwaite did not have a game as we received no reports on a score from them.

In the first half of the game the Eagles had a 3-0 lead. The Mountaineers were predicted to have a 1-1 record after the game. This was the first win for Rising Star since the 1956 season, and the Eagles had a 1-1 record.

Bronite trounced the May Tigers 25-0 in their first game of the season. It was the second loss for May.

The Buffaloes from Cross Plains took a 20-0 trouncing from the Class AA DeLeon eleven which gives the Buffaloes a 1-1 record now.

Bronte had their second game in action for the season. They lost to Rose City by a 0-14 score.

Albany also now has a 1-1 record by defeating Merkel 22-0 in their game in this area last week.

Eastland now sports a 1-1 record by absorbing a 23-0 loss to Class AA Cisco.

Early trounced the Lakeview "B" club to the tune of 56-22 on Saturday night. Early had been scheduled to play Gorman, but a mixup in contracts caused the game to be cancelled. The game with Lakeview "B" was a quickly arranged affair. Early also has a 1-1 record.

lace.

Officers dues were set at \$1.00

for each member or \$2.00 for

the head of a family.

Each "Party Center" sold at

Packer Farm Store,

and the Sophomore Class

met at the Packer Farm Store

by S.A. Award.

Between the two meetings, Mr. and

Miss John C. Glass and family

spent a week in a hospital

undergoing eye surgery.

Mr. Glass is recovering well

and is improving nicely.
