## Army Men Blown To Bits As Big Plane Explodes

DENVER, Aug. 23 (AP)—Nine U. S. army fliers were blown to bits when their twin-motored bombing plane crashed and exploded during a storm while on a routine bomb practice flight from the Douglas B-18A craft struck, 23 miles south-east of Denver.

The explosion scattered wreckage and parts of bodies 300 yards from the spot where the Douglas B-18A craft struck, 23 miles south-east of Denver.

Major Leo H. Dawson, operations officer at Lowry field, said the plane's gasoline tanks, containing approximately 300 gallons of fuel, apparently had exploded when it crashed.

Five unexploded "practice" bombs, loaded with small quantities of explosive, were found scattered around the wreckage when a searching party from Lowry field reached the scene before dawn.

Investigating officers said it was possible the plane was struck by lightning or was caught in a down-draft during a severe hail and lightning storm about 8 p. m.

A rescue ship accompanied the plane on the flight assignment to practice bombing a target on the field's located bombing range.

Officers of the second plane said the first ship had released two bombs before it disappeared in a storm cloud.

Soon after, Major Dawson said, the missing plane rained that it had lost sight of its sister ship. That was the last word from it.

The second plane returned to Lowry field. Searching planes, equipped with flares, were dispatched to the bombing range at 11 p. m. when the missing bomber was still unreported. They led ground parties to the site of the crash, on a barren spot adjacent to the bombing range.

The dead: 2nd Lt. Wilbur A. Champagne, Denver, pilot. 2nd Lt. Robert P. Schuldt, steam, air corps reserve, Valley Stream, Long Island, N. Y., co-pilot. Staff Sergeant William McDermott, 32, Lebanon, Tenn. Staff Sergeant Clarence L. Hobbs, 35, Irving, Tex. Sergeant Truman Fraser, 26, McCrory, Ark. Sergeant Roy C. Adkins, 25, Swift City, Ind. Private Claude E. Hutchinson, 23, Denver. Private Charles E. Kelley, 23, Texarkana, Ark., radio operator. Private Weldon Bryson, 22, Deport, Tex.

**16 KILLED IN RAIDS ON NETHERLANDS**  
AMSTERDAM, Aug. 23 (AP)—Authorities said today that first reports indicated 16 persons had been killed by British bombers in the Netherlands early this morning.

Ten were killed, these sources said, in Rotterdam; six civilians killed, 20 wounded and 80 dwellings wrecked at a town in the east Netherlands. An aircraft was destroyed to have driven the raiders from Amsterdam. Unexploded bombs were said to have injured 12 in another town.

### Safety Pin Is Taken From Youth's Lung

Jack Friday's coughing spell was cleared up today, but the whole thing left him puzzled. About a year ago Jack, 12-year-old son of Mr. and Mrs. Horace L. Friday of Midland, developed a cough, and during succeeding months the condition became aggravated. This morning the source of trouble was located—a safety pin lodged in his left lung. The pin already corroded, was removed by means of a bronchoscope at the Hall & Bennett Clinic. Jack's condition was reported satisfactory, but he was still puzzled over the matter. He stoutly maintained, "I did not swallow that pin."

### Says Payments The Problem On Paving

Problems of paving were studied by members of the chamber of commerce paving committee Friday morning as they made a tour of projects now underway in the city. E. V. Spence, city manager, who discussed the matter with committee members, said that at present there are 183 blocks of paving in Big Spring and that an additional 28 1/2 were contemplated under an impending program. By bond issues the city had paved 68 blocks prior to 1931, he said, and since that time 115 blocks have been added without necessity of bonds. For the present, the city is operating under a WPA blanket project calling for \$42,260 municipal and \$59,546 federal expenditures. Citing the amount of engineering and pipe replacements required for a paving program here, the manager pointed out that the real snag was in financing the work. Delinquent paving accounts as of Wednesday totaled \$13,601 and current accounts due \$28,857, leaving \$42,458 of city paying funds frozen. Of the delinquent bills, \$16,300 is on Third street and \$2,060 on E. 11th. Amounts due on currently improved streets are: Wood \$2,301; Johnson \$4,725; Gould \$2,031; Douglas \$4,248; Ayford \$4,071; Fifth \$2,908; Owens \$531; Main \$7,800. Main and Ayford, however, are still under construction. Included in work due to be recommended soon are six blocks on See PAVING, Page 5, Column 1

### Big Guns Go Into Action On Both Sides Of Channel In Dover Sector

LONDON, Aug. 23 (AP)—Britain disclosed today that heavy guns on both sides of the channel have fired the battle of Britain. German air raiders, stepping up their pace again, hit hard three thickly populated London suburbs in early morning attacks. Military sources said British guns had fired "a few rounds" at German cannon bombarding the important channel port of Dover from the French coast. They minimized the possibilities of long-range shelling, however, declaring the German guns could have some "nuisance value" but could have no military significance. Although vans began moving the belongings of Dover's populace from what now has become a front-line city, military sources declared the rail guns—which they figured might be mobile "12-inchers" mounted on railroad cars—could not make the British give up Dover as a war base.

### Train Holdup, Western Style, In Manhattan

NEW YORK, Aug. 23 (AP)—Six gunmen, flourishing six-shooters and automatics in emulation of old western badmen, held up a passenger train in upper Manhattan early today, cowed its crew at muzzle point, handcuffed two postal clerks to an iron post and fled after carefully selecting only one pouch containing "mail for Yonkers." The holdup consumed less than three minutes. Federal and city officers expressed belief the gang sought payrolls aggregating \$100,000 which customarily are sent by registered mail twice weekly from New York banks to Yonkers factories.

They added the robbers had chosen the right train but the wrong day. Nothing of importance was contained in the stolen pouch, they said. The robbers swooped down on the New York Central railroad local as it halted about 2 a. m. at the Marble Hill station at 225th street.

Three shadowy figures appeared at the head-end. One stretched a cleated plank from an embankment to the ledge of the mail-car. They ran down the plank, following their leader who menaced the two postal clerks with a rifle and ordered, "give us the Yonkers pouch." The clerks refused. The two remaining bandits, one with his face hidden behind a black mask, the other's features obscured by a blue handkerchief, inspected the sacks, then chose one, crying "here it is—this is what we want." They jumped from the car. Meantime, from the rear of the train, three other bandits advanced on the conductor and brakemen.

### LEW SAYS HE WILL TRAIN IF BOXING CHIEFS INSIST

KNOXVILLE, Tenn., Aug. 23 (AP)—Bob Montgomery "would seem like a pushover after being hit by that tree," Lightweight Boxing Champion Lew Jenkins said today, telling of the automobile accident near Spartanburg, Tenn., yesterday in which his car was wrecked and he and Danny Doran, Canadian fighter, were injured. Nursing body bruises and a cut which required three stitches in the back of his head, Jenkins said that if the New York boxing commission insists he will go into training for the fight scheduled with Montgomery in Philadelphia Sept. 1. "I don't want anyone to say that I didn't want to fight Montgomery," he added.

## Italy Sounds A Warning On Greek Move

### Will Invade, If Britain Occupies Islands, Rome Announces

ROME, Aug. 23 (AP)—A clear warning that Italy will invade Greece if the British occupy strategic Greek islands was sounded by a high fascist source today. "Italy is not going to let the British occupy any Greek islands. If the British move into Greece we will do the same," this source declared in response to rumors that Britain is considering occupation of the islands of Crete and Corfu. (British foreign office quarters said Britain intends to stand by her guarantee of Greek independence, given in April 13, 1939, if Greece resists any invasion, and that a report of a conversation yesterday between the British minister and Greek Premier John Metaxas was being awaited.)

The comment of the high fascist source was made as fierce gale and lake air and naval war raged from the eastern Mediterranean to the shores of the Indian ocean. An intense bombardment of a British convoy escorted by two destroyers was carried out by Italian planes in the eastern Mediterranean, an Italian communiqué said, and Alexandria, Britain's naval base in Egypt, was attacked. (The British reported a low-flying attack on Italian warships anchored in Bomba roadstead off the Libyan coast destroyed two submarines, a destroyer and a submarine depot ship, and that bombs falling among airplanes, trucks and other vehicles gathered near Derna, nearby, caused great damage.)

### Relations Between Greece and Italy, grown taut since the Italian press and radio accused Greeks of the decapitation of an Albanian "patriot,"

Dant Hoggia, an Italian-conquered Albanian, was drawn tighter today by rumors concerning British intentions. The Albanian newspaper, Tomori, reported that Greece had "virtually closed" the mountainous frontier with Albania, preventing Albanians from crossing into Greece to work their land, and charged the Greeks with new grievances.

### INVESTMENT TRUST MEASURE SIGNED

WASHINGTON, Aug. 23 (AP)—President Roosevelt signed into law today legislation giving the securities commission authority to regulate investment trust companies and termed it "another milestone" in the administration's "vigorous program" to protect investors. In a formal statement, Mr. Roosevelt used as a good example of the "trust" meaning of this program the 1935 utility holding company act which he said was designed to curb "these corporate monstrosities."

### WIDOW OF FORMER BAYLOR PREXY DIES

WACO, Aug. 23 (AP)—Baylor university's flag flew at half mast today for Mrs. Samuel Palmer Brooks, widow of Baylor's late president. She died here early today after a three-month illness. Funeral services will be held here tomorrow morning with Baylor trustees as honorary pallbearers.

## Urge Speed On Defense Full Supply Of Basic Weapons

A communication calling for prompt action in congress on military preparedness measures has gone to Rep. George Mahon in Washington from the Big Spring Kiwanis club, the group having voted at its Wednesday luncheon to have President Thos. J. Coffee send the letter. The club's action was taken following an address on defense needs by Jaa. T. Brooks. The letter said there was no criticism of Mahon's efforts, but is to "let you know how we feel." The communication follows: "Today, at a regular meeting of the Kiwanis Club of Big Spring, the question of the preparedness program now under discussion by Congress was considered by the club. At the conclusion of the meeting, I was instructed, as president of the club, by the unanimous vote of the membership, to write our Congressmen and Senators and urge you to use your full power and influence to assure the speedy passage of the military preparedness measures now before Congress. It is our belief that our entire resources and man power should be promptly and speedily mobilized, our country furnished with a full supply of basic weapons." "We have plenty of material to train all these men." Although he derided fears the United States would have a "wooden gun" or "broomstick" army, General Marshall acknowledged that adequate supplies of newer, lightning-war weapons were lacking. He referred especially to anti-tank guns, 60-millimeter mortars and 90-millimeter anti-aircraft guns. Taking issue with the argument that conscripts should not be drafted into the war department, he said it would be a "disgrace" if the army's basic training could be given with existing equipment. "We have enough 30-caliber rifles for 3,000,000 men right now," General Marshall said. "It makes little difference in the training of a soldier whether he has a Garand (semi-automatic) rifle or a 30-caliber rifle." Backing up General Marshall's statement with his latest count of basic weapons, the war department said it owned: 3,000 75-millimeter guns and 75,000 machine guns (exclusive of aircraft guns), which also were sufficient for 3,000,000 men.

## GUARD LEGISLATION COMPLETED, SENT TO WHITE HOUSE

WASHINGTON, Aug. 23 (AP)—The senate sent to the White House today legislation authorizing the president to call the national guard and army reserves to active duty for any period of 11 consecutive months.

The chamber completed legislative action on the resolution by accepting without dissent a conference report previously approved by the house. As finally enacted, the measure would make approximately 300,000 members of the guard, officers reserve corps, enlisted reserves and other units subject to active service anywhere within the western hemisphere or the Philippine Islands. The legislation provides that any guardsman or reserve under the rank of captain who has dependents with no other means of support could resign within 30 days after he had been ordered into active service. Guard members under 18 years of age would be given honorable discharges. Re-employment of those inducted into service would be required of employers, after their period of active service ended, with a provision that they should not then be discharged without cause for one year.

## Voters Give Final Verdict Saturday

Howard county voters—probably more than 4,000 strong—will march to the polls Saturday to write a final decision on candidates for a pair of state and eight local offices. Polls will open at 8 a. m. and will close at 7 p. m. Any having a poll tax or exemption certificate may vote. In the city box No. 1 will vote in the grand jury room upstairs in the courthouse; No. 2 in the county judge's office, also upstairs; No. 3 in the county court room, downstairs; and No. 4 in the district courtroom, upstairs. Over the county voting will be done in the Vincent, R-Bar, Gay Hill, Center Point, Moore, Forsan, Knott, Noah and Morris school houses and the Coahoma city hall. With an unprecedented absentee vote of 384 for a starter, it appeared that the total vote might easily reach 4,000 and could go far beyond it. Despite lack of heat in state races, local campaigns are keeping interest at a high pitch. Two county offices—sheriff and district clerk—are at stake, as are all four county commissionerships and the justice of peace and constable offices.

## State Offices To Be Filled

The Texas Liquor Control board has announced that no liquor or beer may be sold during the period starting an hour before poll openings and ending an hour after the polls close. L. S. Patterson, county democratic chairman, has furnished all election judges with supplies and instructions to have adequate help to count ballots. With the short ballot on hand, it was indicated that returns would pour in quickly Saturday evening. Here is the way the ballot will stack up before voters: Railroad commissioner, Olin Cuberson and Pierce Brooks; chief justice of the supreme court, James P. Alexander and H. S. Lattimore; district clerk, Joe B. Harrison and Hugh Dunagan; sheriff, Rowan Settle and Bob Wolf; commissioner precinct No. 1, J. Ed Brown and T. M. Robinson; No. 2, Archie Thompson and H. T. (Thad) Hale; No. 3, R. L. (Pancho) Ed and J. S. Winalow; No. 4, Nell J. Carpenter and Akin Simpson; justice of peace, Newton Robinson and Louis A. Coffey; and constable, J. E. Crenshaw and Carl Mercer. In the latter two races, all boxes in the county, except Coahoma, R-Bar and Vincent, vote on the candidates.

The second or run-off primary will determine the nominees for railroad commissioner, chief justice of the supreme court, two seats in the national house, nine places in the state senate and 66 memberships in the state house of representatives. It will settle scores of local and district races too but no one anticipates anything like the record 1,195,026 votes rolled up in the July 27 primary which determined the gubernatorial and other nominees. The voters had Governor W. Lee O'Daniel's admonition to finish the job of routing the "professional politicians." He didn't name names but asked the electorate to investigate the records of legislative candidates and choose men who would cooperate with him in enacting laws the people want. While the democrats anticipated this final chapter in picking standard bearers the republicans and communists had completed state tickets by the convention route. Although the first primary vote record was not endangered many observers anticipated a sizeable poll Saturday in view of the punchy campaigns conducted by some of the democratic state, district and local candidates.

## FD's Trip South Stirs Speculation Argentine Official Takes Own Life

BUENOS AIRES, Aug. 23 (AP)—Victor Guillot, a member of the chamber of deputies, died today of what police said was a self-inflicted bullet wound, complicating a critical political situation created by the resignation of President Robert M. Ortiz. Guillot's ouster from the chamber had been demanded by a committee investigating the El Paillon land deal in which the army is alleged to have paid five times the value of a piece of land for an airport. Such a discussion, also would give Mr. Roosevelt the opportunity to speak—if he wished—on the long conflict between the TVA and his republican opponent, Wendell L. Willkie.

SUB ON CRUISE WASHINGTON, Aug. 23 (AP)—The submarine Tautog will leave New London, Conn., Sept. 2 for a two-month cruise to the Gulf coast and Canal Zone.

## Cartoons Of Local Business Folk To Appear In Sunday's Herald

Three hundred and seventeen of the business men and women of Big Spring will be featured in cartoon sketches that will occupy two full pages of The Herald Sunday. They represent 37 different firms. The sketching of these men and women was done by the art department of The Postlethwaite company of Kansas City. The cartoons are drawn by cartoonists from photographs. Louis Ehrardt of The Postlethwaite company has spent the past several weeks in this community calling upon these business folks and photographing them in their characteristic poses. You will enjoy this feature. See how many of the men and women you can identify. There are some cash prizes for those who make the correct identifications and submit original answers plus theatre passes to the Ritz Theatre through the courtesy of J. Y. Robb, manager of the theatre in Big Spring.

## Men Needed To Learn Use Of Equipment

### Further Delay Will Cripple Defense Plans, He Says

WASHINGTON, Aug. 23 (AP)—President Roosevelt said today he was personally and absolutely opposed to postponement of compulsory military training until next year. The president told a press conference new increments of man power were needed now to learn to use modern fighting equipment that already is on hand. To put off actual drafting of men, he said, would delay the whole defense program a year or two.

Mr. Roosevelt said congress had been considering the subject since June 20 and still was talking about it. If a bill should not be enacted in the next couple of weeks, he added, there was going to be real delay in the defense program. Pending in the senate as the president spoke was an amendment proposed to the Burke-Wadsworth conscription bill by Senator Maloney (D-Conn.) which would delay actual selection of men for active military service until January 1, while a further trial was given the volunteer system. Mr. Roosevelt expressed himself as emphatically opposed to such delay. Shortly before, Senator Glass (D-Va.) had joined the ranks of conscription advocates opposing the Maloney amendment. "I think we have postponed getting ready for years," Glass told reporters, "and I am in favor of postponing action for another day."

The president said the government had been concentrating on letting orders for new equipment and much of it was to be delivered this fall and next spring. The equipment without man power is of no use, he declared. The present strength of the army and national guard, the president continued, was around 400,000 men and the aim was to raise this to 1,200,000 a year from this fall. There was no news, he told reporters, on the negotiations with Britain on leasing by the United States some of the British possessions in this hemisphere for naval bases. There also was nothing to be said, he added, on the question of furnishing Britain with some of our over-age destroyers. Mr. Roosevelt's position, however, the joint Canadian-American defense board named last night would meet Monday in Ottawa to organize and start work. Reading from a memorandum from Secretary of War Stimson, the president said Stimson had informed him it would take a year to fill up present regular and reserve army units with another 400,000 men, even as the present high rate of recruiting.

The president then went on to say that from present army maneuvers it had been shown the country has too many men who are soft. There was plenty of willingness to work on the part of the men, he said, but many showed they could not stand the strain. Stimson, the chief executive continued, said delay of the draft until next year would seriously hamper the defense program because equipment was now being gathered for the additional man power.

## Rieber Severs All Connection With The Texas Corp.

NEW YORK, Aug. 23 (AP)—Capt. Torkild Rieber, who quit the chairmanship of Texas Corp. last week, resigned today as a director, and the company announced his "complete retirement from the affairs of the big oil concern. His chairmanship resignation took place following disclosure of his association with Gerhard Wiertrick, special trade envoy accredited by the German embassy in Washington. Texas Corp. announced the post of chairman of the board had been assumed by W. S. E. Rodgers, in addition to his duties as president of Texas Co., a subsidiary to the corporation.

## NAZIS TO GET MORE LIBERAL RATONS ON CLOTHING

BERLIN, Aug. 23 (AP)—New and more liberal rationing cards for clothing will be issued Sept. 1, rather than Nov. 1, as planned, because of "the favorable textile situation," the economic ministry announced today. The textile industries of England, Holland, Luxembourg and France now are delivering to the German market, an official of the ministry said, adding new textile material now comes as cheap.

# WHOZIT?

As a lad of 17, Mr. Whozit built two telephones in a day when they were almost curiosities. A Bell Telephone official saw one of them, and for 17 years Mr. Whozit worked for the company, being promoted to plant wire chief in Southern New Jersey. He spent two years with DuPont, then two with the civil service in army work building coal plants during the war. In 1924 he came to Dallas as a power plant salesman, later operating a gin (unsuccessfully, he admits) in Stone-wall county, he became chief engineer for A. J. Crawford at Carlsbad in 1928. Mr. Whozit became interested in Big Spring and opened an electrical shop here in 1932, moving to his present location in 1933. Born in Philadelphia, he was schooled at Everett, Pa. He is leading knight—acting as ex-hatted ruler—for the Elks and his hobby is you guessed it—tinkering with electricity. See him and his associates Sunday in the Herald's Get Acquainted page.

No stranger to Big Spring people is Mr. Whozit, for many still remember his exploits as captain of a crack high school basketball team back in 1931. He was born at Colorado City and moved with the family, since well known in this area, to the Moore community when but three years old. He attended school there and graduated from the local high school, attending the West Texas State Teachers college at Canyon until 1935. Then he spent two years teaching in rural schools and coaching until 1937 when he went to work for an automobile concern. A year later he opened a tire business of his own and recently moved to a new location. Mr. Whozit is a member of the American Business club, and athletics in general qualify as his hobby. For the past season he sponsored and played with his softball in the city league. See more of Mr. Whozit and his associates Sunday in the Herald's Get Acquainted page.

# Fall Fashions Shown At Style Show Sponsored By Methodist Woman's Missionary Society

Fashions fall deers in sports afternoon and evening clothes were shown Thursday afternoon by local models at the Settles hotel ballroom before a crowd of approximately 125 persons.

The fashion show was sponsored by the Young Woman's Circle and Circle One of the First Methodist Woman's Missionary Society.

Corduroy to be used from slacks to afternoon dresses was shown a favorite for fall and new and old colors blossomed forth for new showings. Soldier blue, Persian green, Roseberry, tennis blue, and oatmeal are some of the new colors that have made fall clothes prettier than ever before.

Black as usual is tops for fall but with chocolate brown and other browns following a close second and blues and greens and wines favorite selections.

Sticking to Scotch, the designers have chosen plaids again for afternoon and evening both in shadow design and regular plaid. Autumn brown for suit wear is destined to be a No. One choice for sport fans and Hunter green is runner-up.

Dresses are 16" to 18" off the floor which shows very little change from last year with perhaps narrower skirts in evidence. Hats—there your conscience can be your guide as the hat designers have tried Russia, India, Peru, Spain and nearly every other country to adopt new hat styles hoping one will catch on as favorite. The annuals that include the snappiest, the pill box and off-the-face type are just as good as last year too.

Evening gowns are less exotic but more practical this year with most crafty designers providing jackets to make a two-way wear for each gown.

# MISS LANEOSU NOTES

By Mary Whaley

It's funny how a chance and thoughtless word can make such a difference in a life. It may make one happy or sad and yet every day without a thought of consequence for others, an innumerable amount of words are put forth that may make or break another's life.

Kind words have kept up the courage of more than one who had begun to feel that his life was worthless and a chance compliment has kept up larking spirits.

Words of encouragement have bridged the gap of uncertainty to the firm ground of self-reliance and self-respect while other words have left scars and hurts that never heal.

With heads full of nothing much at all, one speaks as if words were countless pebbles to be thrown into the sea and yet if one realized the consequences of even the lightest statements, words would be guarded like precious jewels.

If one were to trace the influence of conversation, tongues would be held in check. Burning statements would be left unsaid and some thoughts would remain just thoughts.

If one could peer into the future and know the consequences of even jesting statements, one would say the things that others want to hear.

With what a careful step one must walk through life, walking when there is an urge to run and remaining quiet when one wants to shout. And yet one never knows until to late which it is one should do.

### Garner School To Open Term On Sept. 2

Garner school, with a prospective enrollment of over 400, will open its 1940-41 term Sept. 2. H. F. Ralls, superintendent, said Friday. Trustees have staffed the school with 14 teachers and as usual, a high school unit will be operated, including commercial subjects and for the first time, vocational agricultural and home economics departments.

A new building for Garner (Knott) is being talked as a WPA project. This season there will be four bus routes, all similar to last year. Schedules will be worked out to meet demands as reflected when students enroll so that this matter may be worked out. High

school students may enroll early, on Friday, Aug. 30.

Results of a survey indicate that there will be students from Moore, Gay Hill, Valley View (Martin county), Vealmoor, Fairview and Soash attending the school.

Teachers include: Mrs. J. D. McGregor, first grade; Mrs. Nora Y. Burnett, second; Mrs. Lavada Brownrigg, third; Edna Weed, fourth; Mrs. H. F. Rallsback, fifth; Warren Gentry, sixth; John Sims, seventh; Mary Mathis, English; Noel Burnett, shop work and science; T. J. Turner; Marie George, commercial; Walter C. Hadley, vocational agriculture; and Rallsback. The home economics teacher will be named later.

Schad was a director of the Gainesville community circus.

### AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

The Nazi raid over England during the hours of darkness wasn't a big wind but just a breeze in the midst of the doldrums through which the blitzkrieg has been wallowing the past few days.

This unusual calm is attracting a lot of attention. Many people ask me:

"Is this the lull before the storm or what?"

Well, I'm going to plead guilty to ignorance of the exact reason why the fuhrer still paces the sands of the English channel, as did Napoleon.

The worst mistake Britain could make—would be to assume that Herr Hitler is finished.

He is carrying in his clenched hand a far greater bolt of lightning than he has yet flung at the England he hates. If and when he will

let it loose, perhaps he himself doesn't know. It is possible he won't find it feasible to use it at all in the manner originally intended.

The important thing is that the bolt is there in the form of as yet untouched aerial power which is his to use as he wills.

Apparently there was some danger that Britons, with their growing confidence, might discount this fact.

Yesterday when some were declaring that the Royal Air Force had shot the "blitz" out of the blitzkrieg, Air Secretary Sinclair jumped in with a warning.

It would be a mistake, he told them, "to think that the danger of invasion, or of massed attacks from the air, is past." He added that the Germans have used "only

a small fraction of their heavy bomber force."

So far as we know that vast air power is the weapon upon which Hitler must depend for victory, unless he does the hat-trick and pulls out something that is new to military science. The strong defense which the British have been making means that he must strike with all the force he has, and with exceeding care and skill.

This presages quick victory or defeat. With that in mind it doesn't take much imagination to see that the Nazi high command is faced with a tremendous amount of organization before they can attack.

### CHINESE CAPITAL IS BOMBED AGAIN

CHUNGKING, Aug. 22 (AP)—Japanese warplanes resumed their heavy bombing of this capital of the Chinese central government today after 48 hours of quiet.

The government considers the compulsory removal of all civilians except high officials and those directly serving war needs.

### RUSSIA SUPPLYING GERMANY WITH RAW MATERIALS

MOSCOW, Aug. 22 (AP)—The soviet government newspaper Ivestia declared today Russia was helping Germany beat the British blockade by supplying her with raw materials and in return was receiving German industrial products, including armaments.

Reviewing relations of the two powers since the signing last Aug. 24 of their nonaggression pact, Ivestia hailed the treaty as still "the most important factor for peace" and asserted that under the trade accord, signed three days earlier, commerce between the two nations was the greatest since the World war.

"Bram hat" is military slang for a general or a staff officer.

## Dwyer Glad To Be Through With Pro Football

ALBUQUERQUE, N. M., Aug. 23 (AP)—Big Bill Dwyer, New Mexico university star half back and Border conference sensation, is hunting a job, "glad" that his fling at pro gridiron "is all over."

Of his release by the Chicago Cardinals because of a knee injured in a New Mexico-Arizona university football game in 1938, he declared:

"I'm glad it is over with. I can forget ever playing football again."

The Cardinals picked up Dwyer in the 1938 draft as one of the "finds" from smaller colleges. He was put through special training at bicycle riding which team managers thought might improve his knees.

Dwyer is a graduate of New Mexico university in physical education. He is looking for a coaching job.

## Indians' Lead Is Trimmed To 4 1-2 Games

By BILL WHITE  
Associated Press Sports Writer

The epitaphs have been written, the decline and fall of the Yankee empire have been explained, the mourners have headed for home—but the Yankees refuse to stay dead.

Certainly they looked like anything but hopelessly beaten ex-champions yesterday, as they smashed the first-place Cleveland Indians, 15-2, in as brutal an assault as the American league has seen all year. They hit a new high in seasonal effectiveness in that nightmarish second inning when they scored nine runs, of which four were produced by Joe DiMaggio's 26th homer with the bases full.

Raking Al Milnar, Eisenstat and Zuber for 12 lousy blows—six of them for extra bases—the Yanks ran their victory string to 12 out of their last 15 tries and to four straight over the league's two top teams. That sent them scooting into third place (just eight games off the pace), which represents the highest heights to which they've climbed since the season's earliest days.

The Yankee triumph, plus a 9-8 Detroit victory over the Boston Red Sox, cut the Indians' lead over the Tigers to 4 1-2 games. Fred Hutchinson blanked the Sox after replacing Buck Newsom in the second inning and drove Dutch Meyer home in the 10th to plummet the Sox into fourth place.

In the league's only other offering a night game—Johnny Bernardino, with five blows in five tries, led an 18-hit St. Louis Brown assault on the Athletics that netted the Browns an 8-4 victory.

Rain forced postponement of the Chicago-Washington game.

The National League also has a team that refuses to admit it started too late—the cocky Cardinals. They won their seventh straight by whaling Philadelphia, 9-0, to jump into a third-place tie with the New York Giants, busy splitting a double-header with the Pittsburgh Pirates.

Mort Cooper limited the Phils to six hits while the Cards banged out 12, including Johnny Mize's 26th homer.

The Giants won the first game of the Pirates, 5-4, as Mickey Witke singled home Mel Ott in the 12th inning. The second game went to the Pirates, 4-0.

Bill Werber was the toast of Cincinnati for his ninth-inning home run that beat the Boston Bees, 3-2, and gave Bucky Walters his oft-delayed 17th win. The victory plus Brooklyn's loss to the Cubs, extended the Reds' lead to 6 1-2 games.

Vern Olsen almost had a no-hitter as the Cubs whaled the Brooks, 5-0, the fourth straight western loss for the invaders. He finally was touched for singles by Ducky Medwick and Joe Voanik in the seventh.

The Big Spring Daily Herald

PAGE FOUR FRIDAY, AUGUST 23, 1940

## The Sports Parade

By Hank Hart

(Matt Harrington substituting for Hank Hart)

Most sports prevalent in this section have been pretty well covered by columnists of the past two weeks thus sports in general will be the subject today.

In Big Spring we enjoy a great many various sports and recreational facilities. We are indeed fortunate in having such advantages within our reach. There is no doubt that recreation in moderation is an aid to physical and mental fitness.

Seldom in a town of this size do you see so many ardent fans and participants in such varied sports as bowling, golf, tennis, polo, croquet, horseback riding, ping pong, football, horseshoe pitching, roller skating and archery all come in for their share, too.

The writer has at some time or another indulged in most of the above mentioned sports only to find that he cannot reach even the heights of mediocrity. It often puzzled me why so many people called me to play golf or some other game . . . And then it dawned on me . . . Everyone likes to win . . . And am I easy! One duffer in this town sent a taxi to take me to the golf course, spotted me a stroke a hole—and then made expenses! One consolation is that it was not Bill Tate.

After the golf came a fling at ping pong with the same disastrous results. My wife beat me and to add to my shame even Harry Brown beat me. So now I am in search of some game where I will not always be last.

## Forgotten Man, The Umpire, To Be Treated With Respect (He Hopes) At Special Night In Okla. City

OKLAHOMA CITY, Aug. 23 (AP)—If everything works out right, the fans at tonight's Texas league baseball game between San Antonio and Oklahoma City can be found in the stands and not in the umpire's hair.

It's "Be Kind to Umpires" night, a little thing dreamed up by the home club bosses to honor the forgotten men in the blue serge suits who get all of the jeers and none of the cheers—especially in Oklahoma City.

Right now, the fans are extra boisterous. They're trying to keep their team in the first division for a Shaughnessy playoff berth, and each considers it a personal insult when the "umps" on the field don't agree with those in the stands.

So the front office asked the customers to check their sarcasm at the gate, hide their hatred for "Blind Tom" and take him to their hearts, if only for an evening.

Whether they recognize them or not, the cheers tonight—if any—will fall on the ears of Eddie Palmer, for 16 years a Texas league player and umpire; Tim Tongate, a newcomer last season, and Bill Wilson, back on the job after a lengthy suspension for brandishing a knife during an argument at home plate.

The sponsors offered 100 free tickets for the best poems about umpires and the fickle fans immediately splattered once-hated "bad-blood" with everything from couplets to omelets.

Some got sentimental, even admitting that—

"Under his heavy coat of blue, He's got a heart like me and you."

Some were more personal. A young lady penned the following about rotund Dusty Boggs, a newcomer to the league who pushed the scales well past the 200-pound mark.

The batter yelled: "Boggs, you're crummy!"

"That pitcher and you are too chummy."

Said Dusty: "I'm right! 'T must be a strike, 'But I can't see the plate for my tummy."

Wilson came in for an extra dose of ribbing from the poetic fans. One of many rhymes about him was:

Come shed a tear for Wilson, dear, His meals are such a strife, When steak is served, he grows unerved, 'Cause he dares not touch his knife.

**DENNY SHUTE THE BOY TO WATCH IN PGA TOURNAMENT**

HERSHEY, Pa., Aug. 23 (AP)—Denny Shute, professional journeyman, limbering up for their longest PGA tournament test on the 7,077 yard Hervey course, tabbed Denny Shute today as one of the boys to watch. Play starts Monday.

Shute dropped eight birdies yesterday in a practice round over the 18-hole layout and came in with an unofficial 68, five under par.

Other unofficial cards included 70s by Ky Laffoon of Chicago and Jimmy Demaret of Houston, Tex.

## Poloists Will Meet Lamesa-Pecos Four

Out to make up for a 4-2 defeat suffered a week ago, the Big Spring polo club will tangle with a combined Lamesa and Pecos squad on Bennett field southeast of the airport Sunday at 3 p. m. The invaders will include A. C. Woodward, Lee Barron and Walter Lawrence of Lamesa and Frank Stocks of Pecos as players.

Carrying the Big Spring colors will be Morris "Bullet Buck" Patterson, M. H. Bennett, Lewis Rix, Lloyd Wasson and Ray Lawrence.

The game here last Sunday proved interesting, despite the margin of score, for through five chukkers the count stood 3-2 for Lamesa. In the last two minutes the visitors added to their advantage.

There will be no admission charge for the game and sports fans and admirers of good horse-flesh are invited to witness the game.

## SPORTS ROUNDUP

By EDDIE BRIEZZ

NEW YORK, Aug. 23 (AP)—Judge Landis is shaking his big stick at Southern Association magnates and telling 'em to stop all that open betting in the bleachers. The football Dodgers may come up with a couple more halfbacks. Could they be Nile Kinnick (if he doesn't enter the Harvard Law school) and Bonnie Banks M'Fadden, the Clemson star man?

**KENNEL CLUB**

Doggone, if a player in a Minnesota amateur league didn't get a homer because his long hit rolled into a very much occupied dog house. While the pooch snapped and snarled, the opposing outfielder stood helplessly by. Meantime, the hitter dashed around the bases and scored the winning run.

Billy Southworth has the Cardinals playing 642 ball since he took hold. Frank Kinnabrough, Hardin Simmons coach, is picking the Texas Aggies to be the first South-west Conference champs to repeat, and he says it isn't because his two little brothers, Jarrin' John and Jack, are on the Aggies. Detroit offered Washington 20 grand for Muddy Meyer as Gehring insurance, but Cleveland blocked the deal.

**TODAY'S GUEST STAR**

James E. Doyle, Cleveland Plain Dealer: "The story of the National league home run race is a story (titled 'Mize and men') trying to catch him."

Doc Sutherland's pals will toss him a big feed when he takes the Dodgers to Pittsburgh Sept. 29. The game is a near sell-out already. Jack Dempsey is passing out "I Want Roosevelt" buttons. Patty Berg is lecturing at a Denver golf clinic this week.

**RED LIGHT**

Buddy Knox, the busy Irish heavyweight, makes his 13th start of the year in Hollywood Friday, September 13. This is the second time in his career Buddy has faced this combination.

**BRAINS DEPT.**

Hert Hell of the Philadelphia Eagles long has been known as one of the shrewdest traders in football, but his last deal tops them all. He sold Dave Smukler to Detroit for cash and players. Smukler then joined the army.

## To Be Given The Oath Of Office As District Clerk

HUGH W. DUNAGAN  
(Political Ad Paid For by Friends)

You can help Hugh W. Dunagan to read in Sunday morning's paper this quotation—"Hugh W. Dunagan to be given the oath of office as District Clerk"—by granting him your support in Saturday's election.

You responded to his call in the first primary overwhelmingly. To clothe him with this office will be said: "We join you in your continued March of Life."

Hugh W. Dunagan will be grateful if you will reflect this story, by your support and will ever strive to hold the principles of your office at their heights.

## KNOW THE AIMS OF THE MAN YOU HIRE!

NEWTON ROBINSON  
FOR JUSTICE OF PEACE  
(Pol. Adv. Paid for by Newton Robinson)

Folks, I'm trying to run my campaign like you would want your own son to do . . . CLEANLY and on my own qualifications.

You want a man in this office whom you know will conduct the business of this court on a FAIR . . . HONEST and DECENT basis—a man who will consider both sides of the case and a man who feels the deep moral obligation of treating everyone courteously . . . fairly and with justice.

I'm asking you as a young man to give me an opportunity by hiring me for this job, and in return, I promise you that I will try to do my duty in a way that everyone can say, "I got a SQUARE DEAL!"

## Les Mueller Chalks Up A No-Hitter

By the Associated Press

Les Mueller, a lanky pitcher for Beaumont, turned in a no-hit, no-run Texas league game against Dallas last night.

Mueller, who has been in professional baseball four seasons and just this year reached voting age pitched the Exporters to a 1-0 decision in the first game of a double-header. He also hit a double and came in with the winning run on George Meyer's error.

The Beaumont pitcher is the property of the Detroit Tigers. He has won 15 games and lost 10 this season.

The Exporters also beat Dallas in the second game 3-2. Oklahoma City lost to San Antonio 3-2 on Loy Hanning's fourth-inning pitching.

The leading Houston Buffs beat Fort Worth 5-4 with a three-run rally in the ninth.

Tulsa and Shreveport divided, the Oilers winning 2-1 behind Julian Tubbs' two-hit hurling and Shreveport taking the nightcap 6-1 on Jackie Reid's five-hit exhibition.

## FOR DISTRICT CLERK

JOE B. HARRISON

May I again thank the voters of Howard County for placing me in the lead in the first primary for District Clerk.

If the duties of this office are fulfilled correctly, the funds received will in turn make it almost a self-sustaining office. With 14 years of actual experience in book-keeping and clerical work, I feel that I am capable of handling this office efficiently.

I earnestly solicit your vote and influence upon my qualifications and past record.

M'Ewen Returns From Buick Showing

R. R. McEwen returned Thursday from Flint, Mich., and Chicago, where he attended meetings of Buick dealers called in for an advance presentation of the 1941 Buick models. The McEwen Motor company is the local Buick agency.

The new models will be presented to the public early in September, and McEwen said he would have 1941 cars on hand for the formal event. Buick is making no radical changes this year, but has made many improvements, McEwen said, particularly in stepping up the engine horsepower. Styling is along more modern lines.

#### MERCHANT SHIP IS SUNK BY BOMBS

BERLIN, Aug. 23 (AP)—D.N.B., official German news agency, said today a German Junkers plane had sunk a 15,000-ton merchant ship by dropping four bombs on its deck as it was entering Moray Firth, Scotland.

The agency said another raid started three in a plane Paris factory at Luton, northwest of London. So bright were the flames, Germans said, they gave the location to other bombers, which destroyed the plant.

#### FIRE DAMAGE

MCKINNEY, Aug. 23 (AP)—Fire of undetermined origin damaged a building housing a grocery store and the Woodman of the World lodge quarters here today.

### WOULD PUT BAN ON THE SOLICITING OF POLITICAL FUNDS

WASHINGTON, Aug. 23 (AP)—Bipartisan recommendations were advanced today in the senate campaign expenditures committee for a ban on the solicitation of political contributions from employees by their employers or business superiors.

Chairman Gillette (D-Iowa) said he was confident the committee would offer legislation to "try and plug up holes for abuses" in the present federal corrupt practices act.

Senator Reed (R-Kans.) criticized employers or corporation executives who took up political col-

lections among their workers but said it was extremely difficult to frame legislation that would cover these cases.

The chairman said numerous complaints had been made to the campaign committee of business leaders seeking political contributions from their employes.

### Japan's Move Into South Seas Depends On European War

HANOI, French-Indo-China, Aug. 23 (AP)—Japan's avowed program of expansion in the South seas is seen here as awaiting a "go" signal from Europe. Businessmen and diplomats in the Netherlands East Indies and French Indo-China voice repeatedly their belief Japan will take no direct action until Germany's assault upon Britain reaches its climax. These sources contend Japan and Germany will arrange a partitioning in the Orient which will have to wait for pre-occupation elsewhere of the western nations. In contrast to the unanimity of this opinion regarding European prerequisites to Japanese action is the varying appraisal of the United States' role in the Orient. Secretly, Indo-China has been trying to persuade United States airplane builders to turn over about 200 originally ordered for France, but most sources admit small hope of any American military intervention.

Nevertheless, the Indies particularly have taken comfort in the continued presence of the United States fleet in Hawaii.

## Willkie Will Tour South

NEW YORK, Aug. 23 (AP)—A state by state campaign for Wendell L. Willkie in the democratic "solid South" was being blocked out today after the republican presidential nominee approved a two weeks' speaking tour of the western half of the country.

Behind the southern drive are leaders of an independent democratic organization who conferred with Willkie last night.

This reached no decision as to whether a new ticket should be put up in states where democrats might not want to vote the republican slate, but agreed that legal and practical political question would settle the situation in each case.

"This is a very aggressive movement," Willkie told reporters after a dinner meeting with John W. Hanes, former Roosevelt under-secretary of the treasury, Lewis Douglas, first budget director under the new deal, and Dr. Van Valentine, president of the University of Rochester.

Willkie said he might make a major speech under the auspices of the independent democrats, whose leaders voiced belief they had a good chance of carrying Texas, Florida, Virginia, North Carolina and Tennessee.

He told a press conference earlier about general plans for his first long stamping trip—beginning at Coffeyville, Kan., Sept. 16 and ending in Detroit Sept. 30.

Leaving Rushville, Ind., on Sept. 14, Willkie will visit Indiana, Illinois, Iowa, Missouri, Kansas, Oklahoma, Texas, Arizona, New Mexico, California, Oregon, Washington, Idaho, Montana, North Dakota, South Dakota, Wisconsin and Michigan. A short journey into Minnesota also may be arranged, but no dates and places for the entire trip have yet been set officially.

### AIR ATTACKS AIMED AT DESTROYING CROPS

LONDON, Aug. 23 (AP)—Two waves of German air attacks today in southwestern England were regarded by the British as aimed at destroying crops.

Officials said there was little damage although about 200 bombs fell. One farmer said most hits on his land were near meadows and orchards and another said a hail of incendiary bombs lit up the countryside but fell harmlessly on pastureland.

## Nazis Following A 'Pay-As-You-Go' Policy On War

BERLIN, Aug. 23 (AP)—Fritz Reinhardt, state secretary of the finance ministry, reported today Germany is paying for the war as she goes, without any extraordinary increase in taxes or great public loans.

Reinhardt, in predicting income taxes in 1940 would bring the government 25,000,000,000 marks (nominally \$10,000,000,000), observed the tax income when Adolf Hitler assumed power in 1933 was 6,800,000,000 marks and increased to 23,600,000,000 marks in 1939.

This increase, he said, was made possible by a tremendous enlargement of the German people's productive capacities under Hitler and a corresponding increase in incomes and elevation of living standards.

"It reflects a fundamental change in the way of life," said Reinhardt.

## Probe 'Plot' In Slaying Of Trotsky

MEXICO CITY, Aug. 23 (AP)—Slain Leon Trotsky lay in state today, surrounded by a police guard of honor, while authorities hunted for evidence to corroborate their belief an "international master mind" was behind the exiled bolshevist leader's assassination.

Officers maintained a guard over the confessed slayer, Frank Jackson, and his Brooklyn (N. Y.) friend, Sylvia Ageloff. United States Consul George Shaw, who interviewed the woman, said he found her hysterical. Col. Leandro Sanchez Salazar, chief of the police secret service, said the investigation of the young woman was not complete.

(New York municipal records show Miss Ageloff, 31, was an investigator for the city welfare department's bureau of home relief. She was on absence due to expire two weeks hence.)

Officers questioned Jackson, who posed as a friend of Trotsky and then mortally wounded him with a pickax.

Burial plans remained uncertain.

## YELLOW JACKET WAS THE WINNER

HOUSTON, Aug. 23 (AP)—K. R. Andrews, telephone lineman, disturbed a yellow jacket at the top of a 30-foot pole. The insect zoomed into a power drive; Andrews ducked and swung. The yellow jacket circled and came back again and again.

"Next thing I knew, I was on the ground looking up," Andrews told hospital attendants.

He had two broken ankles.

Mr. and Mrs. F. W. H. Wehner and Barbara of Del Rio are spending the weekend with Mr. and Mrs. Fritz Wehner and daughter, Linda Kaye.

## New Body Design, Symphonic Style Featured In New Hudson '41 Models

Hudson's Symphonic Styling, with interiors that harmonize with exterior colors, is offered at no extra cost in all 1941 models, even in the Hudson Six Sedan, in the lowest price field, shown above. Color harmonies are complete.

Three new lines of 1941 Hudson cars featuring a brand new style achievement called Symphonic Styling, striking new body designs, longer wheelbases and a host of new features are now on display here by Emmett Hull, Hudson dealer for Big Spring.

"Hailed by stylists as a sensational advance, particularly in the lowest price field, Symphonic Styling not only embodies a new lower, longer, more flowing exterior body design, but also makes available at no extra cost a wide selection of interior color combinations that harmonize with exterior body colors," Hull said in describing the new Hudson cars.

"Symphonic Styling offers, for the first time in a full line of motor cars in standard production, complete harmony between interior shades of upholstery and trim and the exterior body colors. Basically,

in grey or tan are standard in this model. Upholstery is a high quality woolen twill cloth in a "three pillow" design. Garnish mouldings are finished in satin chrome and fittings are complete.

The new 1941 Hudson interiors are styled in three color combinations, grey, green and tan—the one included in any car being determined by the exterior color. For example, if tan is the basic color harmony selected, not only the exterior body color but the upholstery, headlining, trim, carpets, floor mats and instrument panel will also be in harmonizing shades of tan. Color harmonies in grey and tan are standard in the new Hudson Six, in the lowest price field, while all other models, beginning with the new Super-Six, have all three.

"The ensemble effect achieved by Symphonic Styling is entirely new in motor cars and is an application of the same harmonious color trends observed in well-planned home furnishings, ensembles in women's apparel, and the like."
