RATE DECISION POSTPONED

State Board of Insurance voted 2-to-1 not to adopt a recommended 13.3 percent rate in-

crease in certain types of auto insurance.

Board members R. W. Strain and Ned Price said they wanted to study the new safe driving plan more before approving any rate changes. They have been at odds with Board Chairman Penn J. Jackson who has recently advocated abolishment of mandatory merit rating. To scrap merit rating, said Dr. Strain, would penalize the 70 percent of

drivers who earn a discount for good driving records.

Board also refused by a 2-1 vote to allow insurance companies to disregard penalties against drivers involved in accidents presumably not their fault. This must be decided by a court, said Strain and Price.

Very few drivers seem to mind paying higher accident insurance rates because they are involved in accidents. But many do resent the assessment of a penalty based on traffic tickets issued. Especially tickets they feel were not warranted.

Still others contend that they are insuring their cars against accidents and not insuring themselves against traffic fines. Therefore if they are paying a premium for fines they should be reimbursed for those fines.

AVERAGE SPEED LAWFUL

Average speed of Texas passenger cars on rural roads is 55.9 miles per hour, reports the State Highway Department.

This is below the legal limit of 60 miles per hour on most stretches of highway.

Average speed of buses, however, is 60.7 miles per hour. Trucks average 51.2 miles per hour. Legal limit for trucks and buses is 55.

Statewide speed survey is taken by the Department each year with concealed radar devices. Department found that 19.3 percent of passenger cars were exceeding 60, a 26 percent decrease from last year.

STUDENTS GALORE

Texas is getting set for a bumper crop of college graduates in the sixties.

Commission on Higher Education reports the highest ever enrollment — 90,035 students in the 18 fully supported state colleges and universities.

This is up 5,391 from last fall and a 60 percent increase over 10 years ago. Biggest enrollments in state schools are at the University of Texas, Texas Tech, North Texas State, Arlington State and Texas A&M, in that order.

Biggest gains this year were UT and Arlington State.

ROAD LAG AVERTED

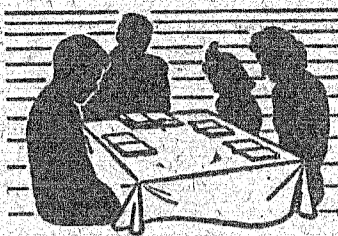

Release of additional federal funds will largely prevent an expected winter slowdown of highway work in Texas, State Highway Engineer D. C. Greer announced.

Only the November bid letting will be affected, said Greer.

This month the Highway Department tabulated low bids totaling \$19,030,127 for highway

Read Hebrews 11:1-6. Faith is the substance of things hoped for, the evidence of things not seen. (Hebrews 11:1.)

My husband and I were invited to visit a new church in a barrio. The church had been built, at great sacrifice and despite poverty, by a handful of new converts. There had been a drought. Food had been insufficient. The men, without enough nourishment to do hard work, had gone to the forest to cut logs and bamboo to build the church.

Those who built the church feel it is a symbol of their new faith. It is a beautiful house of worship — not built with substantial materials, but with substantial faith.

We visited another church. It was old. I said to a layman, "This church needs repairs." He replied, "This is our best." I firmly said, "Brother, I am sure this is not your best. Look at the roof. It leaks. A church that leaks shows a weak faith." He bowed down his head and said humbly, "Pray for me. I should have a solid faith. Then this church would have a solid roof."

If our faith is solid and unshakable, we use our abilities in various ways for the sake of Christ and His kingdom.

PRAYER:

Our Father, we thank Thee for our faith in our Lord Jesus Christ. In Him we live, move, and have our being. Deepen our faith. Help us to serve Thee to the end. In Jesus' name. Amen.

work. Next month the contracts are expected to total only about \$12,000,000, but by December the total should be increased again to about \$17,000,000 or \$18,000,000.

This will mean fewer workers laid off for the winter by contractors doing state highway work.

SHORT SNORTS

Texas Railroad Commission announced that the eight-day oil production pattern will continue through November, making seven consecutive months of wells shut down 22-23 days a month.

Texas' cotton acreage allotment for 1961 will be 7,849,196 acres, the U.S. Dept. of Agriculture announced. This is a slight increase over this year's 7,377,151 acres.

TAX-MAN SAM SEZ:

The Internal Revenue Service folks are real proud of the fact that the United States has the only major voluntary compliance system of taxation in the world. They work hard to keep it that way. One of the Internal Revenue's best educational programs is their little Teaching Taxes course given by our high school and college teachers. Last year the Dallas District with the help of some mighty fine school teachers taught 71,366 young Texans how to prepare their income tax returns. The Internal Revenue Service folks think that this is one of their most important programs. It certainly goes a long way towards helping our country's taxpayers comply with the tax laws. Internal Revenue has enrolled the CPA's help in encouraging more schools to teach this course to more students. We can all certainly hope they are successful in doubling the number of young Texans who are given this important training.

Mrs. Robert Markland, Mrs. John Bray and Mrs. J. W. McClellan attended the Brazos Presbyterian Meeting in Abilene Friday of last week. The meeting was held in the Abilene Central Presbyterian Church.

Wedding Plans Announced

Mr. and Mrs. Edmond McCarrell announce the engagement and approaching marriage of their daughter, Lawanda, to Mr. Jerry Clark, son of Mrs. Dorothy Clark of Santa Anna.

The wedding is planned for early in November. Miss McCarrell is a senior student in Santa Anna High School, and will continue her schooling here.

Mr. Clark is employed by the Coleman County Telephone Co-operative. He was discharged from military service in June, after serving 3½ years in the Army.

The couple plan to make their home in Santa Anna.

Roy Bledsoe's Observe Golden Wedding Anniversary

Mr. and Mrs. Roy Bledsoe were honored on their 50th wedding anniversary Sunday, October 23, with a reception at the Shields Community Center. Hostesses for the occasion were their many friends of the community.

Mr. Bledsoe and the former Miss Minta Huggins were married at Trickham, Texas, October 23, 1910, which was a Sunday in that year. Both are native Texans, Mr. Bledsoe having been born in Lamar County, and Minta in Falls County. They moved to the Shields Community in 1918 and have lived on the same farm for 42 years. The couple have one daughter, Mrs. Peggy Isaacs of Lubbock and one granddaughter, Margaret Ann.

The tea table was laid with a lace cloth over gold satin. The

center piece was in gold colors, built around double wedding rings, using gold Fuji mums. The table appointments were silver and crystal. The three-tiered cake was decorated with gold bells and topped with a white Bible, with "Roy and Minta" inscribed in gold.

Alternating at the punch and cake service were Misses Leta McClure, Carolyn Carpenter, Karen Jones, Georgia Eppler and Anna Kay McClure. Mrs. Herman Gilbreath presided at the register.

Some 154 guests registered. Guests out of the county were from Fort Worth, Ballinger, Abilene, Eldorado, McGregor, Brownwood, Evant and Bangs.

20th Century Club Meeting

The 20th Century Club met Friday, October 21, in the home of Mrs. Roy Stockard. Seven members and one visitor were present.

The club plans to attend the Civil Defense program in January. On November 8, members will attend a program on soil analysis, insect control and care of pecan trees.

The club will have one meeting in November, which will be a Thanksgiving dinner in the home of Mrs. Cora Smith.

Several of the members received gifts from their secret pals.

Present were Mrs. Verna Parks, Mrs. Floy Jones, Mrs. Alice Talley, Mrs. Beulah Aldridge, Mrs. Cora Smith, Mrs. Ruby Stephenson, Little Nell Talley and the hostess.

ROCKWOOD WSCS SOCIAL MEETING

Mrs. Marcus Johnson and Mrs. Jack McSwane were hostesses for the Woman's Society of Christian Service social meeting at the Rockwood Community Center Monday afternoon. The Halloween motif was carried out in decorations and games.

Secret pal gifts were exchanged. Refreshments of pumpkin pie, apple pie, coffee and tea were served to Mrs. Cecil Richardson, Mrs. Drury Estes, Mrs. M. A. Richardson, Mrs. Aubrey McSwane, Mrs. Tom Bryan, Mrs. Lefell Estes, Mrs. Jack McSwane, Mrs. Marcus Johnson, Mrs. J. A. Hunter, Mrs. M. D. Bryan, Mrs. Kate McIlvain, Mrs. Fox Johnson and Mrs. John Hunter.

The meeting was closed with group singing. Mrs. M. A. Richardson read the scripture and Mrs. John Hunter gave the closing prayer.

ROCKWOOD H. D. C. REGULAR MEETING

Mrs. Johnny Steward conducted a Driver Education Clinic, when the Rockwood Home Demonstration Club met at the Community Center last Wednesday.

Mrs. Joe Wise served doughnuts and coffee to Mrs. Jack Cooper, Mrs. Curtis Bryan, Mrs. Henry Smith, Mrs. Johnny Steward, Mrs. James Steward and a visitor, Mrs. Clyde Pittard.

ROCKWOOD WMS REGULAR MEETING

Mrs. Evan Wise directed the Bible Study on "The Christian Home", when the Woman's Missionary Society met at the Rockwood Baptist Church Monday afternoon.

Those present were Mrs. Matt Estes, Mrs. F. E. McCreary, Mrs. Goldie Milberger, Mrs. Bill Bryan, Mrs. A. L. King, Mrs. Henry Smith, Mrs. R. J. Deal and Mrs. Wise.

RUMMAGE SALE

The WSCS of the First Methodist Church will assist the MYF in a Rummage Sale to be held Saturday, October 29, in the Hays Building, first door west of Purdy Mercantile Co.

MRS. J. D. WHETSTONE HONORED SUNDAY

Mrs. J. D. Whetstone was honored with a surprise birthday dinner in her home Sunday. Her children and grandchildren planned and brought the dinner.

Present were: Mrs. Tom Bryan of Rockwood; Mrs. E. D. Black and children of San Angelo; Brice Stark and Mrs. Winifred Stark of Brownwood; Rex Stark and family of Abilene; Charles Jetton and family of Coleman; the Earl Trick family, Mark and Patricia Davis and Sparks Whetstone, all of Santa Anna.

Mrs. Whetstone and her twin sister, Mrs. Nannie Miller, were 86 on Monday.

About Your Health

Texans are prone to think of their state as one of wide open spaces, while the truth is, cities claim the overwhelming proportion of the State's population. It is fallacious for Texans to think that air pollution is a problem only in Pittsburgh and Los Angeles or that Texas cities can't have their own air pollution problems.

The fact is that even small towns with a cotton gin as the sole industry often have their own peculiar air pollution problems.

Air pollution abatement engineers from the State Health Department's Division of Occupational Health have thick files on instances of local air pollution problems in small and large cities alike.

Several Texas cities comprising large urban complexes have experienced somewhat severe air pollution conditions, especially during temperature inversions which prohibit the natural dissipation of pollutants.

However, active cooperative programs undertaken by municipal, industrial, and civic groups can do much to alleviate the air pollution problem in most cities.

Industries can install special smoke reducing apparatuses and devices which significantly reduce odor, soot, and dust.

Municipalities can utilize land-fill disposal of refuse instead of the once popular open incineration. Cities often pass ordinances which make it mandatory for new industries to install air pollution control devices before operations can begin.

Civic groups can spread the word that everyone can do his part to control air pollution. Many experts claim automobiles as the number one contributor to air pollution in some areas.

This cause can be greatly reduced by having automobiles properly tuned so that they are operating at peak efficiency. Home burning of leaves is another big contributor to air pollution, especially in the fall, and trash burning not only contributes air pollution, but is insubstantial as well.

Air pollution can bring on crying, sneezing, and coughing; can corrode buildings, spotch laundry, run paint, and generally make city living unpleasant unless everyone cooperates to hold it down. A weekly feature from Public Health Education Division, Texas State Department of Health.

College Station - U. S. Department of Agriculture scientists have discovered a new treatment that shrinkproofs wool fabrics and makes them safely washable in machines. Their discovery is essentially a way to cover wool fibers with an ultrathin coating of a polyamide that is chemically similar to one type of nylon. Treated fabrics retain wool's natural soft texture, yet they wash without shrinking and dry without wrinkling.

The new treatment can be combined with USDA's recently announced ethanamine method for putting permanent pleats and creases in wool fabrics. It differs, however, from the shrinkproofing treatment previously reported, in which modified epoxy resins are used.

The Game

The Mountaineers received the kick-off on their 18-yard line and returned the ball to their 40. One play gained a yard, then lost 2 yards, then gained 6 yards and fumbled and lost the ball. Clyde gained one yard, then 3 yards, then went 41 yards for their first TD. An attempted kick missed the extra point. The Mountaineers took the kick-off on their 20-yard line and returned to their 40-yard line. One play lost a yard, a pass picked up 12 yards and a first down. Three plays gained three yards and the Mountaineers punted to the Clyde 18-yard line. The Bulldogs gained 7 yards, then were penalized back to their 16-yard line. They drove to the Mountaineers 28-yard line where a Mountaineer penalty put the ball on the Mountaineer 14-yard line. The Bulldogs drove to the Mountaineer 8 and fumbled with the Mountaineers recovering on the 7. A 3 1/2 yard penalty put the Mountaineers on the 3 1/2-yard line and they gained to the 5 and fumbled, losing the ball. One play and the Bulldogs scored again, this time making two extra points. The Mountaineers took the kick-off on their 6-yard line and returned to their 29. Three plays failed to gain but about 3 yards and they punted to the Bulldog 32-yard line. The Clyde boys received a 5-yard penalty, then gained the 5 back as the quarter ended.

The Bulldogs drove to the Mountaineer 5-yard line and seemed to bog down, then kicked a field goal, which gave them 3 points. The Mountaineers took the kick-off on their 15-yard line and returned to their 25-yard line. One pass was good for 7 yards, then a pass was intercepted on the Mountaineer 47-yard line and returned to the 44-yard line. The Bulldogs drove to the Mountaineer 12 yard line with the aid of a 5-yard penalty, then fumbled and the Mountaineers recovered. A 5-yard penalty put the Mountaineers back on their 7-yard line and they punted from their 9 three plays later. The Bulldogs put the ball in play on the Mountaineer 46-yard line and drove to the Mountaineer 2-yard line, where a 15-yard penalty set them back to the 17. One pass was incomplete, then they went the 17 yards on the ground. A pass was no good for the extra points. The Mountaineers took the kick-off on their 18-yard line and returned to their 43-yard line. A long pass was completed to the Bulldog 29-yard line and as the first half ended Clyde intercepted a Mountaineer pass on their 20-yard line and returned it back to almost mid-field.

Clyde took the kick-off on their 17-yard line and returned

to their 31-yard line. Staying on the ground, they drove to the Mountaineer 22-yard line and fumbled. The Mountaineers failed to gain, lost three yards, then gained 3 yards and punted to the Bulldog 43-yard line. Clyde gained 3 yards, lost 5 on a penalty, then lost 3 more and punted out of bounds for 7 yards. The Mountaineers put the ball in play on their 49-yard line and drove to the Bulldog 9-yard line as the quarter ended.

The Mountaineers lost 3 yards, then gained it back but failed to make a first down and the ball went over on the Bulldog 9-yard line. The Bulldogs went the 91 yards to score in eight plays, one being a long pass ruled completed by interference. The Mountaineers took the short kick-off on their 34-yard line and returned to the 35. They gained 4 yards, then gained 5 yards and Walker broke loose and went the remaining 55 yards to score the only Mountaineer TD of the evening. The extra point try failed.

Clyde took the kick-off on their 19-yard line and returned to their 46-yard line. They lost 3 yards and failed to gain it back, then punted to the Mountaineer 42-yard line. On the first play from scrimmage Terry McIver intercepted a hand-off and moved to the Bulldog 33-yard line. The local boys attempted 4 passes and received a 5-yard penalty, which gave the Bulldogs the ball on their 38-yard line. The Mountaineers received a 5-yard penalty, then almost held the Bulldogs for downs, but failed. Then in three ground plays the Bulldogs went 51 yards to score and made their extra point try. The Mountaineers took another short kick-off on their 46-yard line and returned to their 49. A pass was completed for 13 yards, then another one was missed. As the game ended the Mountaineers picked up 9 yards.

Two Mountaineers were injured during the evening. John Dillingham was accidentally struck on the head before they left Santa Anna, and he was apparently suffering a slight concussion when the game got underway. However, no one knew it, and he entered the game at his regular guard position. During the early part of the game he blocked a pretty hard block and it took him out of the game.

A little while later the other guard, Dayton Jackson, was injured and was out of the game for the rest of the evening. He suffered a shoulder separation of one of his bones, and will be out of the lineup the remainder of the season. Dillingham is expected to be ready to go Friday night.

War Orphans Education Program Extended

War Orphans Education, originally for the sons and daughters of deceased war veterans, has been broadened by a new

law to include the children of deceased veterans of peacetime service. P. J. Mims, manager of the VA Regional Office in Waco stated.

However, eligibility requirements for peacetime service under the new law will be stricter than for wartime service, he explained.

The wartime veteran must have died in military service or as the result of a service-connected condition after he was discharged.

Death of the peacetime veteran, however, must have been caused by the actual performance of military duties or resulted from extra-hazardous service.

Assistance can be obtained at any VA office.

Vote as a Free American!

Vote the Ticket that is BEST FOR TEXAS HERE'S HOW TO DO IT

1. Find the names of RICHARD M. NIXON and HENRY CABOT LODGE at the top of your ballot.
2. Leave the names NIXON and LODGE unmarked on the ballot; scratch all other names for President and Vice President.
3. To complete your ballot, leave the name of the candidate for whom you wish to vote for each office and scratch the rest.

WARNING!

You may be told that you cannot vote for Nixon and Lodge if (1) you voted in the Democratic Primary or (2) your poll tax receipt or exemption certificate is stamped "Democrat." THIS IS NOT TRUE. You CAN vote for any candidate you wish, no matter how you have voted, or not voted, in any previous primary or election. THIS IS YOUR RIGHT AS A FREE AMERICAN.

Last week we announced this column would be discontinued unless more churches took advantage of the opportunity offer to help increase the attendance. We have some indication that other churches might begin using the column soon. So, for the time-being, we are going to continue it.

To those who are interested, there is no charge for the space used. It is offered with the compliments of The News.

Mrs. Frances Everett left Wednesday for Oklahoma City, where she will visit her son, Mr. and Mrs. Pat Everett and family. She went with Mrs. Myrtle Burden, who is returning to her home in Kansas City after being here with the Homer Burden family for about 10 days.
