Fred A. Rollins Buried Monday

Funeral services for Fred A. Rollins, 72, were held in the chapel of the Hosch Funeral Home at 2:00 p. m. Monday, November 14. Officiating ministers were Henry Barron, minister of the Seventh-day Adventist Church and the Rev. E. L. Craig, pastor of the First Methodist Church. Burial was in the Santa Anna Cemetery, under the direction of Hosch Funeral Home.

Mr. Rollins had been employed by the City of Santa Anna for 27 years, 8 months and 18 days when he retired Saturday, Nov. 5, due to his health. He had lived near the city pump station during this time and had been the City Pumper. He was born July 24, 1888 at Paris, Texas, and had been a resident of Santa Anna for 50 years. He was a former member of the IOOF lodge.

He died in the Brownwood Memorial Hospital at 6:30 a. m. Sunday. Mr. and Mrs. Rollins had purchased a home at 202 North 8th Street, and had completed moving into the house on Thursday. He was carried to the hospital on Friday. He had been in ill health for a number of months.

Survivors include his wife; one son, Edwin F. Rollins of Arlington, Va.; two daughters, Mrs. Catherine Ford of Tyler and Mrs. Doris Thomas of Cooper, Texas; and five grandchildren.

Pallbearers were members of the City Council, Mayor W. Ford Barnes and Councilmen Ozro Eubank, Oscar Etheredge, Doug Moore, Kenneth Bowker, and Ben W. Yarborough.

2 Championship Games To Be In Brownwood

Lion Stadium in Brownwood will be the site of two Bi-District football games this weekend.

The Albany Lions, winner of District 10-A and Copperas Cove, winner of District 9-A will meet at 7:30 p. m. Friday night in Lion Stadium. Copperas Cove is considered more or less of a weak district champion, which gives the Lions a good opportunity to advance on to the next place in the state play-offs.

The Coleman Bluecats, winners of District 7-AA will meet the Dublin Lions at Lion Stadium in Brownwood at 8:00 p. m. Saturday night. Dublin, winners of District 8-AA, is considered the weaker of the two teams, but might possibly put up a pretty good game against the powerful Bluecats.

The Brownwood Lions won their Class AAA district title Friday night, but still has another game on their regular schedule.

Census Bureau to Conduct Farm Survey in County

The 1960 Sample Survey of Agriculture will be conducted in this county during the next several weeks, it was announced today by the Bureau of the Census, U. S. Department of Commerce.

The 1960 Sample Survey of Agriculture will collect information on ownership and size of farms, acreage and harvest of crops, and livestock production and inventories. Information will be collected also on farm equipment, farm income, construction of new farm buildings, farm contracts, and farm operator debts. This survey will supplement information collected in the 1959 Census of Agriculture.

Farms in the county which will be covered in the 1960 Sample Survey of Agriculture were selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all farms in the county. Information collected locally will be combined with that collected in other areas of the country to provide national estimates.

Local interviews for the 1960 Sample Survey of Agriculture will be conducted by George Matthews.

National Guard to Fete Football Boys Sat. Night

The local National Guard unit will honor all the boys of the Santa Anna High School football team and their dates with a Barbecue Supper, to be served at the National Guard Armory Saturday, Nov. 19, at 7:30 p. m.

Members of the National Guard Company, with their wives or dates, will also attend.

Early Edition Next Week

Because of the Thanksgiving Holiday on Thursday of next week, The Santa Anna News will be published one day early, on Wednesday, Nov. 23. It is expected The News will be put in the mail late Wednesday afternoon.

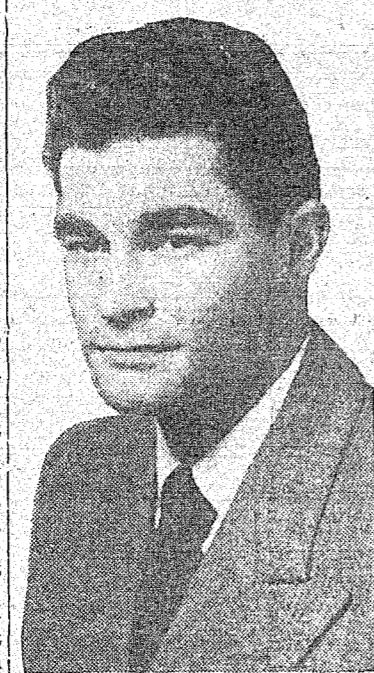

In order for us to get The News published early, it will be necessary for us to have the cooperation of all advertisers, correspondents and others who turn in news for publication.

All correspondents are requested to get your news letters in the mail so it will arrive here on Monday. All advertisers and others are requested to let us have your copy as early as possible, but not later than 12 noon, on Tuesday.

Your cooperation will be appreciated.

New Pastor for Seventh-day Adventist Church

HENRY A. BARRON

The new pastor of the Santa Anna Seventh-day Adventist Church is Henry A. Barron, a native of California, who has done extensive evangelistic work in Texas, North Dakota, Iowa and Minnesota. He is a son of a practicing physician in Riverside, California, and has pastored churches in Texas previous to the present time.

Mr. Barron will make his home in Brownwood and will hold regular services at the Santa Anna church every third week, as he is also the pastor of churches in Brownwood and Menard. He will also be the Chaplain for the Santa Anna and Menard hospitals, and will be here all day each Monday and Wednesday mornings. On these two days he will conduct devotions at the hospital.

He is a graduate of La Sierra College, Arlington, Calif., with a B. S. degree in theology, is married and has three children.

Jim Daniell in Brownwood Hospital

Jim Daniell, president of the Santa Anna Cemetery Association, is a patient in the Medical Arts Hospital in Brownwood, where he was taken Monday morning. He has had a heart condition for about the past 15 years.

Daniell has been president of the new cemetery association since it was organized about a year ago. Since that time he has been doing a lot of manual in the cemetery, and it is now in the best condition it has been in for many years.

One day last week Daniell was breaking some limbs from a tree and one of them broke suddenly, throwing him to the ground on his left side. He was taken to the hospital Monday morning, and has been undergoing a series of x-ray examinations to determine his exact condition.

Miss Lena Boyd To Speak at Liberty Sunday

Miss Lena Boyd of Santa Anna, a recently returned missionary from India, will speak at the Liberty Baptist Church, Sunday, November 20, at the eleven o'clock hour.

The church extends a cordial invitation to the public to attend the service.

Jaycee Turkey Shoot To Be Held Sunday

The Santa Anna Junior Chamber of Commerce will hold their pre-Thanksgiving Turkey Shoot Sunday, November 20, 1½ miles west of town on the Coleman Highway. The shoot will be held at the west end of the mountain.

Events will be held for .22 and large bore rifles, shot guns and pistols. The program will get underway at 1:00 p. m. and continue to 5:00 p. m.

Donald Hosch Is Evangelist in Revival Meeting

The Rev. Donald Hosch of Crystal City, a son of Mr. and Mrs. Roscoe Hosch of Santa Anna, is the evangelist in a revival meeting now in progress at the Coleman Church of the Nazarene. The meeting will continue through Sunday night. Services are held each evening at 7:30 o'clock. The public is invited to attend the services.

The pastor of the church is Rev. Billy Jordan.

Lt. Cmdr. Hays to Speak at Eastern Star Family Night

Lt. Commander Thomas Myron Hays will be the guest speaker at the Family Night observance of the local Eastern Star, to be held Saturday, Nov. 19, at 7:00 p. m. in the banquet room of the Masonic Hall.

All members are especially urged to be present for this program.

The food committee is composed of Mrs. Billie Guthrie, Miss Joyce Smith and Mrs. Emma House.

TSA Urges Safe Driving During Coming Holidays

"Let every no-accident day be a day of thanksgiving," J. O. Musick, General Manager of the Texas Safety Association declared today.

"Thousands of really good drivers in our state can look back on 326 days of no-accident driving thus far in this 'leap year' of 1960," he said.

"For them, the driving privilege has been taken seriously, and they have proved themselves worthy in meeting the tests of varying road, weather and traffic conditions," he added.

"Others, not so fortunate, became involved in accidents — some meeting their death, some being injured, some escaping harm but suffering damage to their vehicles and other property," Musick pointed out.

"The Thanksgiving Day week-end ahead will be the occasion for many family gatherings around the festive board," he declared.

We hope none of these get-togethers will be marred by absence of guests who fail to arrive because of a traffic tragedy," he added. "But holidays seem to be death's favorite days for breaking that family circle."

Musick urged all holiday travelers to "take stock" of themselves. "Check that car of yours before you start home-ward. Don't rush so fast that you speed your own death. Keep your mind on driving. On a long trip, stop for an occasional 'rest break' and non-intoxicating beverage. If by chance snow storms should develop, or if rain turns to sleet, be sure you have had the foresight to carry a set of reinforced tire chains, ready for use when the going gets rough."

Musick concluded, "Among those drivers who have had no accidents thus far this year there may be some who will not be able to make a similar boast at the end of this year. Although a past good performance is a pretty good indicator of future accomplishment, it is not an absolute guarantee. Consistent application of common-sense driving rules, however, is pretty certain to deliver good results — preventing death, avoiding injury, and making travel convenient and enjoyable."

Mr. and Mrs. Pete Rutherford visited her parents, Mr. and Mrs. S. F. Tucker and Davis, near Coleman, Sunday afternoon. Other visitors were a son, Mr. and Mrs. Jim Tucker and children of Indian Creek.

\$75.00 To Be Given Away This Saturday

The Santa Anna Merchants Fall and Christmas Program will increase in interest this Saturday, as the amount of Merchandise Coupons to be awarded will increase from \$25.00 weekly to \$50.00 weekly.

Mario G. Salazar was not present the past Saturday at 3:00 p. m. when the name was called, and this \$25.00 in coupons will also be offered again.

Three names will be called, each for \$25.00 in merchandise coupons. Everyone is invited to be present at the old variety store building, Saturday at 3:00 p. m.

Girls Win Over Lohn; Return Game Thursday

The Santa Anna girls won their second basketball game of the season Thursday night of last week by defeating the Lohn girls in the local gym by a score of 73 to 47. Judy Bryan was high point girl with 28 points.

On Thursday night of this week, the Santa Anna girls and boys will go to Lohn for a return game. The game will get underway at 7:00 p. m. with the girls playing first, followed by the boys.

Monday night, Nov. 21, the Bangs boys and girls will play in the local gym, then on Tuesday night the Brooksmith boys and girls will play in the local gym.

Prospects are good for the girls to have the top team in the district again this year. They will appreciate your support at all their games.

Group Attends Royal Ambassador Program Saturday

Dallas — Fourteen boys and their sponsors from the First Baptist Church, Santa Anna, attended the Regional Texas Baptists Royal Ambassador Rally Saturday at Howard Payne College, Brownwood.

After hearing a message by the Rev. B. P. Emanuel, Southern Baptist missionary to Japan, and touring the Howard Payne Campus, the group attended the football game between Howard Payne College and Southwest Texas State College.

The Brownwood meeting was the third of four rallies which are expected to attract around 6,000 persons throughout the state, said Robert Chapman, state RA director.

"The whole idea is to get Royal Ambassador boys on a college campus so that they will have some idea of what college life is like," Chapman said.

The Royal Ambassador program enlists more than 34,000 Royal Ambassador boys in Texas. They participate in programs of study, fellowship and recreation designed to help mold Christian Character.

Attending were William Brown, Raymond Jones, Milton Drake, Pete Simmons, Larry Wardlow, Don Rutherford, Randy Brown, Wallace Cornett, Byron Rowe, Tommy Wardlow, Patrick Hosch, Pascal Hosch, Buddy Campbell, Dickie Horner, Wade Jones and Eddie Jones.

BENNIE BASS ON WAY TO GERMANY

Mr. and Mrs. Dick Bass visited over the weekend with their son, S/Sgt. and Mrs. Bennie Bass and family at Lake Charles, La. The Bennie Bass family will arrive here this week for a visit, then he will leave in December for overseas duty in Germany, and will be stationed at a base near his brother, Mr. and Mrs. Dean Bass. Mrs. Bennie Bass will remain in Santa Anna for a time and will join her husband in Germany, where they are due to remain for a three year period.

Mr. and Mrs. Ima Ubel of New York, the former Ima Niell, visited her father, Marvin Niell and her brothers, Woodrow and Elucian, and friends here last week.

Mrs. Annie Munger went to Odessa Sunday to spend several days with her son, Mr. and Mrs. B. A. Munger and other relatives.

Mr. and Mrs. Carl Lohn of Gouldsburg were visitors in Santa Anna Monday.

Two Weeks Remain In Lions Club Ticket Contest

Just less than two weeks remain to determine who the 10 Lions Club members are that will be in the annual Christmas Opening Parade, dressed as women. Every member of the club is contesting every other member to see who can sell the largest number of tickets.

It was voted in the club that the 10 members selling the smallest number of tickets to the Aunt Jemima Pancake Sale would dress as women and take part in the annual Christmas Opening Parade. The parade will be held at 2:00 p. m. Friday, December 2.

Each member of the club was issued 25 tickets as a beginning, and a large number of members have checked out more tickets. There is not very many people left in this area who do not have the tickets now.

The pancake sale will be held in the old variety store building Friday, December 2, with the pancakes being served from 11:30 a. m. to 1:30 p. m. and from 3:00 p. m. to 8:00 p. m.

All profits from the Pancake Sale will go to the Lions Club Activity Fund, and will be used on some of the many projects the club sponsors each year.

M. A. Richardsons To Observe Golden Wedding

Mr. and Mrs. Marvin A. Richardson will observe their Golden Wedding Anniversary Saturday, November 26. The observance will be held in the couple's home, about 3 miles this side of Rockwood.

Friends and relatives are invited to call between the hours of 2:00 and 4:30 p. m. They request no gifts be sent.

Hostesses for the Golden Wedding will be their children.

Hospital Closed Temporarily

Fred Murray, administrator of the Santa Anna Hospital, announced early this week the Board of Directors of the hospital had decided to close the hospital temporarily, until a doctor could be located that would come here on a permanent basis. The rest care portion of the institution will continue to operate as it has in the past and new patients are still being accepted.

Murray said they were definitely not closing the hospital for any longer than absolutely necessary. But, because of the fact that a doctor is not available to this area at the present time, the board of directors deemed it advisable to close until a doctor is available.

The clinic will continue to remain open for regular patients who have prescribed treatments, and for the treatment of minor ailments. Dr. C. M. Henner will continue to make his regular visits here each Sunday.

Murray said they had been able to acquire the services of various doctors for short times, from two or three weeks, but they did not feel the hospital patients wanted this type of care. He said every effort is being made to locate one or two doctors who would be interested in coming to Santa Anna on a permanent basis. When they are located, the hospital will again be opened.

Three Southwest Conference Game Broadcasts Sat.

Broadcasts of three Southwest Conference games and the live NCAA telecast will be sponsored Saturday by the Humble Company.

The Illinois-Northwestern game will be telecast beginning at 1:15. The Rice-TCU game will be broadcast from Houston beginning at 1:45 p. m. (CST) over WFAA-WBAP, Dallas-Ft. Worth, 820; KSYD, Wichita Falls-890; and other stations.

The SMU-Baylor game will be broadcast from Dallas beginning at 1:45 p. m. (CST) over KRLD, Dallas-1080; WOAI, San Antonio-1200; and other stations.

The Texas Tech-Arkansas game will be broadcast from Lubbock beginning at 1:45 p. m. (CST) over WFAA-WBAP, Dallas-Ft. Worth-570; and other stations.

Meetings Set for Discussion of Senate Bill 116

Cullen N. Perry, Superintendent of Schools, will hold two meetings during the next two weeks for the discussion of Senate Bill No. 116, the Legislative Bill under which school districts may increase taxes above the \$1.50 per \$100 valuation maximum.

The first meeting will be in the high school auditorium at 6:30 p. m. Tuesday, November 22. This will be a short meeting and will adjourn at 7:00 p. m. so those present may go to the basketball game.

On Monday, November 23, at 7:00 p. m. a similar meeting will be held in the high school auditorium. There will be no conflicting dates on this night, and those present will be given the opportunity to ask any questions you may desire to know the answer to.

All interested persons are urged to attend one of the meetings.

Mrs. Ed Bartlett Honored at HPC Homecoming Sat.

Mr. and Mrs. J. Ed Bartlett were honor guests of the Ex-Students Association during the Homecoming activities for Howard Payne College Saturday in Brownwood. The Ex-Student Association honored all graduates of classes ending in "0", and Mrs. Bartlett, the former Reta McDaniel, is the only surviving member of the Class of 1900.

Dr. Thomas Taylor, President Emeritus, introduced Mrs. Bartlett. She was escorted to the stage by Mr. LaRue Cox, HPC, graduate with the Class of 1922. The group paid tribute to her and presented her with a bouquet of red rose buds.

BAND NEWS

The band participated in the crowning of the Band Sweetheart and Football Sweetheart during the half-time activities of the Santa Anna-Early football game Friday night. Miss Dixie Baugh, daughter of Mr. and Mrs. Dick Baugh, was crowned Band Sweetheart by Band Captain Dober McQueen. Miss Baugh has been a member of the band for seven years. For the past three years she has been drum major and she served one year as a twirler.

Miss Mary Rehm, daughter of Mr. and Mrs. Tony Rehm of Rockwood, was crowned Football Sweetheart. Also a member of the Santa Anna Band, Miss Rehm was crowned by Co-Captains Don McCullough and Jimmy Niell.

Saturday morning the band went to Brownwood to participate in the Homecoming Parade for Howard Payne College, and remained for the first half of the football game between Howard Payne and Southwest Texas. During the half-time, winners in the parade were announced.

The Mountaineer Band won first place in all three divisions, marching, playing and appearance. Mary Rehm, band president, accepted the trophy for the band.

State Capital NEWS

Austin — Shell-shocked and exhausted from one of the hardest-fought general elections in decades, Texans now can get a second wind and turn to new issues and decisions.

Some of the significant decisions ahead grow out of decisions made at the polls earlier this month.

As a result of Sen. Lyndon B. Johnson's election to the vice

presidency his senate seat will become vacant on or before Jan. 20. It's a highly coveted position, seldom up for grabs, since the winner of a six-year term can be fairly sure of holding it for life.

It is likely that the race for Johnson's post will be the first special election in Texas history to have a run-off. A 1957 law, called the Pool Bill, provided

that in special elections for congressional vacancies, there shall be a run-off if no candidate receives a majority of the votes in the first polling. Previously, special elections had been on a high-man-wins basis.

Many possible candidates are mentioned. Among them: John Connally of Fort Worth, Jack Cox of Breckenridge, Martin Dies Sr., of Lufkin, Congressman Joe Kilgore of McAllen, Wright Morrill of Houston, Lt. Gov. Ben Ramsey, John Ben Sheppard of Odessa, John G. Tower, Johnson's Republican opponent in the general election, Atty. Gen. Will Wilson and Congressman Jim Wright of Weatherford.

It is unlikely that any candidate will make a public announcement until Senator Johnson officially resigns and Gov. Price Daniel sets the date for the special election. Under the law, the governor must call the election in no less than 60 days and not later than 90 days from the time the vacancy occurs.

If Congress is in session at the time the vacancy occurs, it would also be the governor's duty to name an interim senator to serve until a successor is elected. Governor Daniel already has said that former Sen. William Blakely would have first chance at such an appointment.

When the vacancy will occur depends entirely on Senator Johnson. There is speculation that he will not lay aside his senatorial togs until he takes the oath as vice president (Jan. 20). Many feel that his presence and assistance in organizing the Senate prior to that date would help get the incoming Democratic administration off to a good start.

Maximum interest the board can pay on the bonds it sells was raised from 3 to 3.5 percent. With this easing of restrictions, the board expects to be able to sell more bonds and have more money available to loan veterans for land purchases.

A new bond sale is planned tentatively for December. Meanwhile, the board secretary said mailing of applications to veterans has been stepped up from 100 a week to 225 a week.

Some 40,000 veterans are now waiting for loans, but in actual practice, only about one in five finally finds land and qualifies for a loan.

Board has authority to issue \$62,500,000 more in bonds. This amount of money is expected to be made after Dec. 1, 1965.

Knowing it will be a tough job in this debt-ridden era, Texas school people are, nevertheless, setting their sights on a \$100,000,000 improvement program.

At an Austin meeting of educators, legislators and interested citizens, Governor Daniel promised his support to the effort to pass a bill to raise teachers salaries.

This is one of the main items of the \$100,000,000 Hale-Aikin recommendations. This program resulted from a study begun in 1957. It sat on the shelf during the last legislature because of the acute money shortage.

GO TO CHURCH SUNDAY.

Night Hunters Pay Big Fines For Two Deer

Austin — Two deer hunters in Comal County recently learned it doesn't pay to headlight deer. They were caught by the game warden with two buck deer already skinned out, a headlight and two scope equipped rifles.

They lost the meat, the guns and the equipment, and paid fines of \$230 each.

A warning was issued this week by J. B. Phillips, assistant director of law enforcement of the Game and Fish Commission, against headlight shooting, hunting from automobiles and roadside shooting.

"Game wardens are working day and night right now watching out for these game violators," Captain Phillips said. "Sometimes they are given valuable tips by law-abiding persons. Most of the time, however, they happen on these violators while patrolling back roads."

Valuable assistance also is given to wardens by other peace officers. Very frequently sheriffs' deputies, highway patrolmen and even city policemen apprehend violators with game in their cars. They immediately radio the game wardens who make the case. Fines are then assessed in court.

Michigan University survey indicates that only one-third of the nation's teen-agers get driver education instruction.

Attend church regularly.

An Easy Retirement Plan For Late Starters

Even at 47, you can add \$72.50 a month to your retirement income for just \$1.25 a day

Maybe you've put off saving up to now. But, it's not too late to learn a new habit. You can help make your retirement years more pleasant with this simple formula:

Buy one \$50.00 U.S. Savings Bond a month until you're 65 (just \$1.25 a day). By that time you'll have accumulated 213 Bonds.

Now you're ready to start cashing-in a Bond a month. Each Bond you bought for \$37.50 will be worth \$72.50 — \$1.93 for every \$1 you put in.

Total Invested: \$ 7,987.50
Total Realized: \$15,442.50

Whatever your age, you'll find Savings Bonds can make a valuable addition to your retirement income. And the sooner you start, the better. Why not today?

SOME OTHER ADVANTAGES

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save.

You now get 3 1/2% interest, to maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E

Bonds now mature 14 months earlier than before — in just 7 years, 9 months. Bonds bought before June 1, 1959, earn more too — an extra 1/2% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed safe by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you the cash value of your Bond will not drop — it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Peace costs money — money for science, education, military strength. And the money you save helps keep our Nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 17 years, 9 months

If you want this much income per month	\$36.25	\$72.50	\$145.00
you should save this much per week	\$4.38	\$8.75	\$17.50

East Texas Timberlands and on half of the soils in the Gulf Coast Prairie, says W. F. Bennett, extension soil chemist. This lime deficiency, which results in acid or sour soils, limits the growth of nearly all crops, and practically stops growth of clover and other legumes.

Lime deficiency not only reduces yields, it ties up other necessary plant foods so that they are unavailable to the crop. Bennett says that lime should be one of the first fertilizer elements applied.

Another advantage of lime is that it can be applied at any time during the year. It should, however, be applied well in advance of when it is needed, as it often takes several months for it to sufficiently correct the acidity of the soil.

Urging a stepped-up liming program, Bennett points out that farmers can determine just how much to add per acre through a soil analysis. County agents can supply information sheets and boxes for sending soil samples to the State Soil Testing Laboratory, Bennett concludes.

Centipedes get their name from two Latin words meaning hundred footed.

LEGAL NOTICES

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Edward Sykes, Defendant,
Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 119 District Court of Coleman County at the Court-house thereof, in Coleman, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of December A. D. 1960, to Plaintiff's Petition filed in said court, on the 2nd day of August A. D. 1960, in this cause, numbered 8446-B on the docket of said court, and styled Ruby Sykes, Plaintiff, vs. Edward Sykes, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff is suing for divorce alleging cruel treatment directed at plaintiff by defendant of such nature as to render their further living together as man and wife insupportable. Plaintiff prays for judgment of divorce and custody of the minor child, Gary Lee Sykes, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Coleman, Texas, this 24th day of October A. D. 1960.

Attest:
S/G. A. HENSLEY, Clerk,
District Court
Coleman County, Texas
(SEAL) 44-47c.

Blight Important

Oat Disease

College Station — Blight damages oats in all areas where the small grain is grown. The amount of damage may vary from field to field and within a field depending on management practices.

Three different types of oat blight occur in Texas. The most damaging is the Victoriae blight on varieties such as Alamo, Mustang and Victorgram. Small plants of these varieties are blighted and killed shortly after they come up. A less severe attack by the fungus disease may cause stunting, reddening and eventual death. Attacks nearer harvest cause some stunting and lower yield of forage and grain. Damaged plants appear to ripen earlier than healthy ones.

The disease is likely to be more severe on early seeded oats, also where oats follow oats in the rotation and fields planted with untreated seed.

Another kind of blight results in oblong, linear blotches on the leaves. The blotches are light yellow at first, later turning red to brown. In severe cases, the entire leaf is blighted.

A third type of blight results in a rotting at and just below the soil line. Little is known about this blight since it was only discovered in 1957.

Oat diseases are controlled by a preventive program. A combination of seed treatment, crop rotation and the use of resistant varieties is necessary to reduce damage. Too, old straw and stubble should be deeply buried immediately after grain harvest.

Contact your county agent for more information. Ask for a copy of Texas Agricultural Extension Service publication L-465, "Diseases of Oats."

Junior Livestock

Show Best Ever

At State Fair

Dallas — Checks totaling \$148,200.47 have been mailed to boys and girls all over Texas who participated in the Junior Livestock and Poultry Auction Sales during the 1960 State Fair of Texas.

More than 1,000 Future Farmers and 4-H Club members from throughout the state had animals or fowl in the auctions.

In the Junior Livestock Auction, 338 steers were sold for \$111,677.10, 209 lambs for \$6,302.65 and 512 pigs for \$20,763.87 for a total of \$138,743.62.

The market turkey sale brought \$5,369.77 for 434 birds and the market broiler sale \$4,087.08 for 1,110 broilers for a total of \$9,456.85 in the Poultry Auction.

The buyers in the junior auction sales paid a substantial premium over the market price to offer encouragement and incentive to the boys and girls who had raised their livestock and poultry as Future Farmer or 4-H Club projects.

The Junior Livestock Show at the 1960 State Fair was the best in the history of the Fair with the best quality animals ever exhibited, according to Ray W. Wilson, livestock manager of the Fair.

GO TO CHURCH SUNDAY

Straight Talk

by *Tate Anderson*

Many friends, enemies, neutrals and kinfolks inquire "What're you so upset about? Have you ever had it so good? Are you against everything? What're you for?"

Friends and fellow crackpots, I've never had it so good. I used to be upset because I thought my child might have to live in a police state. Now I'm upset because I might have to. If we and the Communists keep doing the same as we have been doing, they'll take us over from within, by 1973. I'm for dying on my feet in preference to living on my knees. For a "National Purpose" diametrically opposed to co-existence with history's most despotic, atheistic mass enslavers. For a "National Purpose" dedicated to freeing the half of the world enslaved by the Communists. For these conquered people then holding their own "Nuremberg" trials to convict and hang slaughters like Khrushchev, Mao, Tito. I'm for the Constitution.

I'm for J. Edgar Hoover, who can catch Communists faster than the Supreme Court can turn 'em loose. For an upward reach for our nation toward more spiritual values and morality, starting at the Presidential level. For spending whatever it takes to protect America from attack, from without and within.

I'm for the right to vote, without regard to race or age, for all citizens who can pass an intelligence test proving they've earned the right to vote. For a law requiring that the number of federal agricultural employees shall not exceed the total number of farmers. For outlawing the Communist Party and jailing or deporting all known Communists, including those in our State Department.

"I'm for Human Values" as distinguished from Socialism. Socialism is materialism. The bigger the government, the smaller "Human Values" (that's you) become. (To Big Government bureaucrats, "Human Values" are statistics.)

I'm for a Congressional investigation of why we "recognize" all our enemies — except Red China — but don't "recognize" friends like Trujillo's Dominican Republic. For using the evidence in this investigation as the basis for public trials, some for criminal incompetency, some for treason.

I'm for putting Christ back in Christmas — not X-mas but Christmas. And on the subject of abbreviations, I'm for restoring the last part of what should again be our "National Purpose": "Give me liberty or give me death." (The American people have shortened that original sentence to just "gimme.") I'm for nationalism. For America first.

For everybody standing up and being counted: teachers, doctors, lawyers, businessmen, even to face the catastrophe of catastrophes "it hurts business." For killing the Agricultural Act of 1938 as amended, setting the farmer free. For taxing co-ops like corporations.

For Sammy Davis Jr. as the first space man. For nuclear war in preference to slavery. For Africa — for Africans. For iris, daffodils, old limestone fences, ivy-covered brick, sunbathing, old brick, wood fireplaces, the Golden Rule.

I'm for Senator Kennedy, the Roosevelts. Soapy Williams, Adlai Stevenson, Nelson Rockefeller, Averill Harriman and other super-rich-by-inheritance, built-in-guilt-complex do-gooders sharing their own wealth, not mine. For an opposition party.

For winning the Cold War, not ending it. I'm for Earl War-

ren for impeachment. For right-to-work without being forced to join a union. For repeal of the 16th Amendment (the federal personal income tax). For the inequality of man, since equal men are not free men and free men are not equal. For education bought, paid for and controlled locally. For more expensive teachers and less expensive school buildings. For separation of Church and State. For the right of a businessman to run his business without being dictated to by a labor union.

For limiting all federal officeholders to one term so our federal employees can become our servants instead of masters, making honest mistakes instead of calculated ones.

For non-conformists, as long as they break no law, harm no one. (We crackpots need protection as long as we're not dangerous.) For the right to be a bigot, the right to be wrong.

For people who so live that they can look any accuser in the eye and tell him to go to hell. For losing a cause that's right instead of winning with a cause that's wrong. For the House Un-American Activities Committee. For trading with people and companies who are for America, for the Constitution and for capitalism.

I love children: all kinds, colors and sizes. (Sometimes I wonder why I like 'em so much less when they're grown.) I like competition, hot-water hoe cake and white beans, football, burned toast, waterfalls, hardship (because it builds character), getting "found out" in some act of voluntary private charity. For tart green apples, and teenage slang.

I'm for giving Red China a seat in the UN — our seat. For Khrushchev's idea of moving the UN out of the US and for moving us out of the UN. For Eisenhower — as golf pro at Burning Tree. For practically everything the socialist Americans for Democratic Action is against, and against every politician that outfit is for.

For all the millions of American boys whose daddies will never be able to buy them the Presidency. For a "New Frontier" for Cyrus Eaton, in Russia. For tightening law enforcement to prevent the production, transportation and sale of obscene literature, photographs, movies, records and TV programs. For boycotting bookstores, TV and radio networks, drugstores and newstands which handles the filth.

For curbing the Supreme Court, balancing the budget, limiting the debt, killing aid to veterans not injured in combat. For the Connally Amendment, pay TV. For accepting union gangster Hoffa's statement that John Kennedy has a "police state mentality." (Takes one to catch one.)

If the reader will excuse the personal references, I had to do it to prove I'm not all bad, that I'm actually very tender-hearted. Probably because of being emotionally immature on account of something which happened in my childhood or something which didn't. Or maybe it was something I ate.

Regular Monthly Sorority Meeting Held Monday

The regular monthly meeting of the Delta Omicron chapter of Epsilon Sigma Alpha, was held Monday night in the Community Room of the Santa Anna National Bank.

President, Betty Henderson, conducted the business meeting. The group voted to donate plastic bags, linens and other useful items to the House of Calvary Hospital of New York, as a district social service project. The Hospital is one for cancer victims in the advanced stages of the disease.

Billie Guthrie displayed the doll, which the Sorority will give away Christmas Eve, and passed out patterns for the clothes each member will make. Coyita Bowker distributed the tickets and these may be purchased from any sorority member.

Charlotte Moseley was named chairman in charge of arrangements for the district meeting to be held in Santa Anna in January. Plans were discussed to take interested members to the Peaceful Valley Children's Home at Bangs following that meeting. The Home has been the district project the past two years.

A candlelight pledge pin ceremony was held for Dorothy Harris, with Betty Henderson conducting the ritual, assisted by Daphne Dockery.

Educational Director, Wanda Campbell, introduced Sascha Kurda of the Academy of Dance, who presented the program on "Body Beautiful". Miss Sandra

Davis, Santa Anna High School student, demonstrated various exercises the housewife can do during her daily chores.

Sylvia Herring and Betty Henderson were hostesses for the evening and served cookies, coffee and soft drinks.

Present besides those mentioned above were Besse Gill, Joyce England, Sybil Dean, Claudia Rutherford, Sammie McCreary, Lorene Rice, Betty Martin, Patsy Granad, Gayle Stewardson, Eddy Swindell, Freddie Herring and Patricia Davis.

ROCKWOOD WMS REGULAR MEETING

Mrs. James Steward directed the Mission Study when the Women's Missionary Society met at the Rockwood Baptist Church Monday. A study of Spanish America entitled "Across the Bridge," was given by Mrs. Steward, Mrs. Goldie Milberger and Mrs. F. E. McCreary.

Others present were Mrs. Ray Caldwell, Mrs. Evan Wise, Mrs. L. L. Bryan, Mrs. A. L. King, Mrs. Henry Smith and Mrs. Matt Estes.

Roasting the Turkey

Today's high quality birds make it easy for even the inexperienced to have excellent results. If the turkey purchased carries specific instructions for handling and cooking (on the wrapper or insert sheet), follow those recommendations. True roasting is slow cooking by dry heat on a rack in an open pan. And no water, no cover nor searing is required. Variations of this method also give satisfactory results. Whatever the method, always complete roasting in one continuous cooking period.

Follow these simple steps for open-pan, low-heat roasting:

1. Have bird completely clean. Rinse with cold water. Pat dry.
2. Preheat oven to 325°F degrees (slow).
3. Rub cavity of bird lightly with salt. Do not salt, if stuffed.
4. Fill wishbone area (neck) with stuffing, if used.
5. Fasten neck skin to back with skewer.
6. Stuff cavity lightly, if stuffing is used.
7. Push drumsticks under band of skin at tail; or tie them to tail.
8. Place turkey on rack in roasting pan. Brush skin with fat. Place in oven.
9. If desired, baste or brush with pan drippings — especially any dry areas. Baste quickly in order not to lose oven heat. When turkey is 3/4 done, cut cord or band of skin at drumsticks.
10. Continue roasting until done. Turkey is done when meat at thickest part of drumstick feels very soft when pressed with protected fingers.

TB Patients Need Gifts for Christmas Now

Sanatorium — SANTA NEEDS HELP. Gifts for the McKnight State Tuberculosis Patients Christmas Gift Shop are urgently needed. Gifts should be sent now so that they may be inventoried and Christmas wrapped for the patients selection from the shop the first week of December.

Patients unable to go home for Christmas and those not in a position to give a gift to their families are aided by your gifts. Volunteer workers, headed by Gift Shop Chairman, Mrs. Homer G. Nickel of San Angelo, help the patients select, Christmas wrap and then mail the gifts to their families. This is the seventh year of the gift shop and it has through the years given immeasurable happiness to thousands of patients and their loved ones.

All work on the Gift Shop is done by volunteers of the McKnight Volunteer Council and their efforts are given that they may share with the less fortunate the joys of the yuletide season.

Needed items are underwear for men and women, hose (all sizes), deodorants for men and women, costume jewelry, household items, toys suitable for small children, gifts for teenage boys and girls, and of course cash can be used to replenish short items in the shop.

Wherever you live, you may send items at no cost to you — simply take the package to the motor freight line office in your city and mark the package to go to the Christmas Gift Shop, McKnight State Tuberculosis Hospital, Sanatorium, Texas. The freight line will deliver it free of charge.

Please send your gifts before Thanksgiving.

Hints for Turkey Buyers

College Station — Thanksgiving and Christmas are almost here, and turkey buying fever is beginning to rise. Will your dinner centerpiece be something to be proud of, or will it be a bird that does not quite fill the bill?

F. Z. Beanblossom, extension poultry marketing specialist, offers the following tips to help homemakers buy a bird that they will be proud of on these festive occasions. Factors such as body conformation, size and quality should be considered when shopping for the holiday turkey.

What should you look for in body conformation? Most important are proportions — a broad breast, deep body and medium length. Also, the legs should have bulging thighs and thick drumsticks.

How large a turkey should you buy? The size will be influenced by the number of people you expect to serve and the attitude of your family toward leftovers.

Church Attendance Last Sunday

Beanblossom says you should allow about 3/4 pound of oven-ready turkey for each person to be served.

After you have decided on the size of turkey to buy, you should consider quality. Grade A turkeys will have an even covering of fat over the entire body. In addition to this fat, top quality birds will also be broad breasted and have bulging thighs and large drumsticks. Turkeys with these qualities will have the highest ratio of meat to bone, thus giving more edible meat for each dollar spent, the specialist points out. Blemishes such as torn skin and bruises are also factors to consider when determining quality.

Has the turkey been inspected for wholesomeness? Turkeys that have been inspected for wholesomeness under USDA supervision will be so tagged. Birds that have been graded under USDA supervision will also carry this information. Do not confuse the two, Beanblossom warns.

In addition to buying tips, Beanblossom passes on these suggestions on cooking. Kathryn Bell Nyles, home economist for the Poultry and Egg National Board, suggests that you allow 15 to 20 minutes cooking time per pound of oven-ready turkey weight. She also recommends a temperature of 325 degrees Fahrenheit. The larger the turkey, the less time per pound will be needed for cooking.

Attend church regularly.

Profit From Business Records

College Station — Extra income can come from well kept farm or ranch business records. Some errors in business decisions are unavoidable, points out C. H. Bates, extension farm management specialist, but adequate records can often help farmers and ranchmen reduce the chance of wrong ones.

Records of 1960 operations may prove very helpful by showing the amount of income from various enterprises and total gross receipts, indicating the total cash expenses and reflecting items of greatest outlay, aiding in determining depreciation deductions for tax purposes and reflecting the amount of net profit or loss for the year.

Profit or loss, says Bates, should be given attention before the end of the tax year for taxes may be saved or full benefit gained from allowed deductions resulting from tax planning decisions. Records are very useful when these decisions are made. Calendar year operators are reminded a check-up is now in order.

Bates adds that local county extension agents have publications on record keeping which should prove helpful to farmers or ranchmen.

Mrs. Paul Jones and Evelyn of Houston, spent Friday here with her mother, Mrs. Rex Golston. They took Mrs. Golston back home with them for a visit.

Mountaineers Complete Season Friday Night

Both teams scored in every quarter Friday night when the Early Longhorns won over the Santa Anna Mountaineers by a score of 46 to 30, on the local field. The Longhorns piled up a total of 502 yards passing and running, while the Mountaineers gathered together 372 yards in both departments. Early made

21 first downs and the Mountaineers made 17.

As indicated by the yards gained, both teams were lacking considerably in defense while the offense clicked fairly well for both clubs.

The season and district records of the teams in District 10-A are not even similar, with the exception of Albany and Santa Anna. Albany went through the season with only one loss, and that was to powerful Class AA Anson, then they took first place in district competition, giving them the top spot in both district and season play. On the other hand the Mountaineers ended the season with 2 wins and 8 losses, giving them the bottom place in season play, then they did not win a district game, which gave them the bottom spot in district competition.

In season play the six teams ended in the following order: Albany, 9-1; Early, 6-4; Cross Plains, 5-5; Eastland, 4-6; Clyde, 3-7; and Santa Anna 2-8. In District play, the teams ended the season as follows: Albany, 5-0; Clyde, 3-2; Eastland, 3-2; Cross Plains, 2-3; Early, 2-3; and Santa Anna 0-5.

The Game
The Longhorns took the kick-off on their 22-yard line and went all the way to score in 10 ground plays, receiving a 5-yard penalty during the course of the drive. An attempted pass for 2 extra points failed. The Mountaineers took the kick-off on their 28-yard line and returned to their 35-yard line. Voss took a hand-off from Simmons and passed to Stewardson that was good for 49 yards, but the Mountaineers could not gain a first down and the ball went to Early on their 13-yard line. The Longhorns gained 5 yards, then C. A. Milam broke lose from the 17-yard line and went the 83 yards to score. Try for extra point failed.

The Mountaineers took the

kick-off on their 21-yard line and drove to their 43, lost a yard and had a pass intercepted and ran back to their 45-yard line. The Longhorns gained to the Mountaineer 36, were penalized 5 yards, then gained back to the 35 where the Mountaineers were penalized 5 yards. In four ground plays the Longhorns went over from 15 yards out for their TD in the first period. They made their extra points this time and were in the lead 20-0. The Mountaineers took the kick-off on their 32-yard line and returned to their 41-yard line. They gained 4 yards, then Simmons connected with Brown on a long pass that covered 55 yards and gave the Mountaineers their first TD. Try for extra points was made by Walker going through the line. The Longhorns took the kick-off on their 20-yard line, run one play and fumbled with the Mountaineers recovering on their 21-yard line as the quarter ended.

On the fifth play in the second period Voss went over for the TD and Simmons passed to Brown for the 2 extra points, making the score 20-16. The Longhorns took the kick-off on their 21-yard line and returned to their 36. They drove to the Mountaineer 40, then completed a long pass that went almost to the goal line, but were penalized from the point of foul, back to the Mountaineer 42-yard line. They gained to the 36, then went all the way, but failed to make the extra points again.

The Mountaineers took the kick-off on their 4-yard line and brought it out to their 25-yard line. Here the offense broke down, and the Mountaineers lost back to their 8-yard line in three attempts. Stewardson punted the only punt in the game, out to the 37-yard line. From there the Longhorns drove to another TD, completing a pass for the last 12 yards. Their try for extra point failed again.

The Mountaineers took the kick-off on their 25-yard line and returned to their 34-yard line, completed a third down pass to their 46-yard line, gained 4 yards on third down, then completed a fourth down pass to the Longhorn 40-yard line. The Longhorns intercepted the next pass and almost got lose for another TD, but was stopped on the Mountaineer 29-yard line. They gained 2 yards, then missed on three pass attempts as the first half ended with the Longhorns leading 32-16.

The Mountaineers came out the second half with a little more determination. They took the kick-off on their 24-yard line and drove all the way to score, one time taking a loss of 16 yards on a pitch-out, but the 18 yards and more were picked up on the next play. Simmons passed to Stewardson for the final yard, then Voss went around right end for the 2 extra points. The Longhorns took the kick-off on their 24-yard line, and using both their running and passing attack, drove all the way to score, with their last play covering four yards. They made their extra points this time, by going through the line. The Mountaineers took the kick-off on their 13-yard line and returned to their 33-yard line, gained to their 42, then lost back to their 38 and fumbled, with the Longhorns recovering. The Longhorns drove to the Mountaineer 21-yard line as the quarter ended.

The Longhorns scored on the fifth play in the final period, but missed their extra point try again. The Mountaineers took the kick-off on their 20-yard line and went all the way to score, with the final 6-yards being made on a pass from Simmons to Drake. The try for extra points failed and the Longhorns led 46-30.

The Longhorns took the kick-off on their 18-yard line and returned to their 32-yard line. They gained to the Mountaineer 44-yard line, lost 2 yards, at-

Fluffy Nylon Makes Snare For Big Gars

Anstin — A sure-fire method of catching gar fish is described in the November issue of Texas Game and Fish magazine, by Charles Gray, fisheries biologist at Lake Caddo.

Gray tells how he makes lures from sections of a nylon clothes-line. He snipes off a 6-inch piece of the plastic covered line, peels the covering back and leaves the loose threads of nylon to float free.

By using a snap swivel through the top of the end of the lure, on which a small section of the covering remains, it is attached to his fishing line on the rod and reel.

The gar strikes this nylon lure. Its teeth became snared in the nylon, and the fight is on between the gar and the fisherman. Gray cites some thrilling captures of big gar in the Caddo Lake area. The idea is not new, but many fishermen still haven't tried it on these big freshwater tackle busters.

Treat Lawns Before Brown Patch Appears

College Station — Brown patch on lawns is causing much concern in all sections of Texas. Many lawns throughout northern areas of the state begin to take on a brown spotted appearance during August and September. Most damage is inflicted in the central, eastern and western sections during September and October.

First symptoms of the disease appear as brown circular areas from 4 to 18 inches in diameter, even though they may frequently be larger. During latter stages of infection circular patterns may run together and no longer be evident.

Since the fungus is most active on the outer border of these circular patches, these areas may take on a "smoking" appearance. Leaves usually start dying back from the tip and when sufficiently infected may be pulled easily from the

tempted a pass, then lost another yard and fumbled with the Mountaineers recovering. Using the air ways, the Mountaineers gained to the Longhorn 19-yard line, then had the third pass attempt intercepted. The Longhorns drove to the Mountaineer 41-yard line as the final whistle sounded for the 1960 football season.

About Your Health

Pioneering a program of medical care which has vitally helped four and a quarter million handicapped children in the past 23 years has earned the Crippled Children's Bureau a 1960 Albert Lasker Award.

The awards are made annually for "breakthroughs in medical research and advances in public health programs directly benefiting millions of human beings throughout the world" by the American Public Health Association.

This year's presentations were made by the Association and the Albert and Mary Lasker Foundation in New York last October.

The Crippled Children's Program, mainly administered by individual states emphasizes high quality care and is widely approved by physicians, hospitals and local communities throughout Texas and the United States.

Each year the demand for these services has increased, with the rate per 10,000 children served doubling in 22 years.

In Texas the total cases per year has risen an average of 14.3 percent per year from 4,532 cases in 1956 until 1959 with a record total of 6,473 cases.

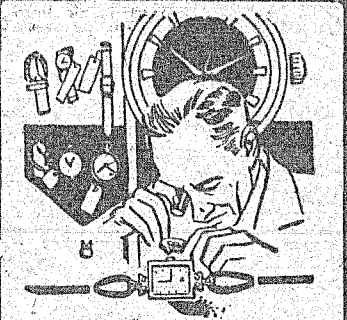

Under the law, basically, any child under 21 years of age and unable to pay is eligible provided he may be cured or his condition corrected so that he may be returned to a future of productive adulthood.

Children cared for under Texas' crippled children's program suffer a variety of conditions needing corrective treatment, devices, hospitalization or a corrective operation for certain conditions.

A breakdown of classes of cases shows most children under the program, administered by the Division of Crippled Child-

ren's Services of the State Health Department, need orthopedic services according to 1959 figures.

They are: congenital malformations — 1,632; other disease handicapping conditions — 874; diseases of bones and joints — 978; cerebral palsy — 732; and poliomyelitis after-effects — 780. Plastic repair of cleft palate and harelip — 574 — and burns, 364 — also account for a large portion in addition to other conditions including congenital heart lesions making up 339 registered cases in 1959. Latest on Freezing Poultry For Home Use

College Station — The popular Texas Agricultural Extension Service bulletin "Freezing Poultry for Home Use" has recently been reprinted for the third time. In addition to listing the equipment needed for preparing poultry for freezing, the bulletin explains and illustrates the different steps in cutting and packaging poultry for efficient and easy use.

As explained in the bulletin by F. Z. Beamblossom, poultry marketing specialist and Roy Snyder, meats specialist, poultry used for freezing should be of high quality and prepared ready to cook. Because of this need for preparation, it is advisable to think about the everyday needs of the family and special occasions before preparation of the chicken or turkey starts. Be sure the poultry is ready to be cooked regardless of the form in which it is frozen.

The recommendations given in the bulletin have proven to be reliable in insuring a quality product, but they are not necessarily the only procedures. This bulletin, B-177, may be obtained from local county extension agents.

Livestock Can Also Have Foot Troubles

College Station — During the cold weather ahead, farmers and ranchers should be on the lookout for limping cattle. Dr. C.

M. Patterson, extension veterinarian, says that limping is one of the first signs of foot rot, a livestock disease that often develops during fall and winter. The disease, which causes a raw condition similar to "athlete's foot," can spread rapidly through a herd. Foot rot is caused by an organism which gets its start when the feet of cattle become softened and damaged in wet, muddy lots and pastures. Dr. Patterson continues:

If treatment is begun early, the problem can usually be cleared up. The veterinarian will usually have to trim away the infected tissue before he can apply medication.

Farmers can help prevent the disease by keeping livestock away from pools of stagnant water and water-logged lots. Areas around water and feed troughs should also be kept clean and dry. Dr. Patterson concludes:

Guard Against Fire Damage

College Station — What would you and your family do in case of a fire? Do you have any emergency plan? The Texas Farm and Ranch Safety Council says that if every member of the family knows what to do in case of fire, severe property damage or even loss of life may be prevented. The Councilmen urge families

to work out a simple emergency plan that is understood, and even rehearsed periodically, by all members of the family. Basically, the plan should involve calling the fire department, getting the family to safety and saving animals or farm livestock.

The more isolated your place is, the more important it is to have fire-fighting equipment on hand. Such common tools as rakes, axes, shovels, a ladder and garden hoses are valuable for fighting small fires. It is also a good idea to have commercial fire extinguishers handy. Dry chemical or carbon dioxide extinguishers should be available for use on flammable liquid or electric fires, the Council says.

Another valuable fire-fighting aid is the farm pond or irrigation canals. If pumps are available, water sources such as these could mean the difference between light or heavy losses. High-pressure orchard sprayers can also double as fire-fighting equipment.

Avoiding fire hazards is also a vital part of safeguarding your home from damage, the Council points out. Care should be taken in house planning and construction, in installation and use of electrical appliances, and in such everyday activities as trash disposal, use of flammable liquids, and power equipment operation.

**Congressional Forum
To Be Staged in
Ft. Worth Dec. 2**

Fort Worth — A West Texas Congressional Forum will be staged here December 2, jointly sponsored by the West Texas and the Fort Worth Chambers of Commerce.

Six U. S. Congressmen from West Texas will face the public in the ballroom of the Texas Hotel, answering questions from 2:00 p. m. until 5:00 p. m. Former Congressman Ed Gossett, now general counsel for Southwestern Bell Telephone Co. will serve as moderator.

Similar forums have been presented in previous years with attendance ranging up to 1,000 persons. Portable microphones in the audience relay questions to the congressional panel.

"We expect the greatest interest and largest attendance for this Forum than ever before," E. H. Danner of San Angelo reports. "Well-publicized platforms and issues during the recent general election, some uncertainty about possible trends in the new Congress, and aspects of the promised 'new frontier' program should inspire lots of questions."

Danner is chairman of the WTCC's National Affairs Committee which is arranging the program.

The public is welcome, Danner said.
