Germany, Italy Have Spies In Frisco, Dies Asserts

SAN FRANCISCO, Aug. 20 (AP)—Congressman Martin Dies said today he had evidence that both Germany and Italy maintain active espionage organizations in San Francisco.

"I have the names of seven known Italian spies in San Francisco and the names of 30 of the leaders of the German espionage organization here," he said after taking testimony from half a dozen witnesses at a secret hearing. Names of the witnesses were not made public.

Dies, chairman of the congressional committee on un-American activities, also said he had been told that three maritime unions operating on the San Francisco waterfront and on vessels plying out of this port were controlled by communists.

He named these as the International Longshoremen's and Warehousemen's union, the American Radio Telegraphists Association and the Marine Cooks and Stewards.

While the rank and file of these unions were not communists, Dies said, they nevertheless were run by communist leaders.

Dies declared that gaining control of such unions was in keeping with communist policy, the plan being to prevent the United States from preparing its national defense and, if war should come, to have men in positions where they might engage in espionage and sabotage.

Goldberg Not Thru With Football, He's Learning To Pass

CHICAGO, Aug. 20 (AP)—They called him "Mad Marshall," the galloping Goldberg in college, but he was just another guy named Joe during his first year in pro football.

Goldberg, accustomed to the superlatives during a brilliant grid career as Pittsburgh's ace ball carrier, didn't care for the publicity he achieved in his freshman year with the Chicago Cardinals.

There was a time last fall when he considered himself through with football. He was having a dismal year and so were the Cardinals.

But all thought of quitting has gone now. He's drilling daily with the Cardinals under Coach Jimmy Conzelmann, working harder than the rawest rookie.

The pros swarmed him like flies all last fall because they knew what was coming—always a running play. So there was only one thing to do—learn to pass. Conzelmann told him that, so he's tossing dozens of passes every day.

The Sports Parade

By Hank Hart

(Lloyd Wasson and Lewis Rix riding for Hank Hart who is vacationing).

Whoa, there partner! Pull up and let's talk polo for a spell. If you aren't familiar with the game, it's kind of like "shinney" on horseback—only faster and rougher. Each side has four men, equipped with mallets, helmets, and a fatalistic attitude. They try to bat the ball through the opposition's goal posts and keep the same thing from happening to them. The periods are called chukkers, possibly for some reason or another. So now that you know the game let's look at the poloists.

It now looks as if Doc Bennett will have to be given a three goal handicap after his "three-goal assault" at El Paso. Doc rode like a Conacack on the border. His horse, Fox, has experienced an increase in value as a result. Handicap or no handicap, he's rarin' to ride again.

Local ranks would be bolstered if George White would elect to give up this farming foolishness for polo. And Lane Hudson can't play until Lewis Rix returns his helmet.

May Lawrence, a hard rider from way back, is noted for his stick work with a headless mallet. Bill Conger, who gets in now and then, has earned the title of the "Forsan Flash."

And there's Morris "Bullet Buck" Patterson, who rides No. 3 in polo and politics. With primaries and other outside interests out of the way, Bullet can now concentrate on his game.

An up-and-comer promises to be Woffard "Dooner" Hardy, Jr., up on Pat, same being a horse and not our No. 3 man. Added to all these are such notables as Gus White, Jr., known as "Big U," the old Juarez gardenia snatcher? His pappy also has a love for flowers as well as polo. And don't forget Bryant Fulkerson, alias "One Wallop" and "I Betcha," who like the Whites, hails from Lamessa.

As for ourselves, be it said that Lewis Rix has settled on "Junior" over "Mitar" as a favor to mount, but not without the pang of heart. Lloyd Wasson is happier since "Skylight" is convalencing from a game foot at the Irish Syndicate Stables. Stewart's stalls to you, partner.

Can you get excited over polo? Ask Clayton Stewart, who raises some of the section's finest horses on his ranch north of here. A week or so ago when one of his horses cut loose on a sparkling run, Mr. Stewart forgot himself, yelled something about "lookit him run" and "race horse," much in the manner of a proud papa at a football game yelling: "That's my boy!"

At this writing the polo field at the airport is in fine shape and promises to be one of the best in West Texas. This, along with the fact that everybody is getting a horse or two, should indicate more popularity for the game. Meanwhile, it doesn't take a horseman to appreciate the game—you don't have to know a hackamoor from a flame-trap to appreciate fast riding and watch the ball batted around. Finally, it's a good idea to come out and get a good taste of the game before we start charging. We've said enough, so goodbye, or as we say around the horses—giddap.

Golfers Getting Cautious, Fewer Risk \$5 Entry Fee In Nat'l. Match

NEW YORK, Aug. 20 (AP)—It's hard to believe, but golfers appear to be a trifle more cautious than they were a few years back. At least there aren't so many of them willing to spend five dollars on the slim chance they'll qualify for the national amateur championship, which will be played at the Winged Foot club, Mamaroneck, N. Y., Sept. 8-14.

The entry list shows the same downward trend that was seen in the open championship. Figures announced today by the United States Golf association show that just 700 entries were accepted. That's the lowest total, with one exception, of any year since 1933.

As a result one of the locations where sectional qualifying rounds were scheduled a week from today—Salt Lake City—was dropped, leaving 25 sites where 748 golfers will shoot their 36 holes each. Only 140 places in the big tournament are open to these hopefuls, as the field in the tournament proper is limited to 150. Ten former champions are exempted from the sectional qualifying.

The number of places allotted to each site where sectional qualifying rounds will be played next Tuesday were based on the size and strength of the field. Six places were allotted for the Dallas tests, with 21 entries.

ITASCA, Aug. 20 (AP)—Arthur Pearson, 26, was killed today when his car was struck and dragged 400 yards by a freight train at a crossing two miles north of Itasca.

SPORTS ROUNDUP

By EDDIE BREITZ
NEW YORK, Aug. 20 (AP)—Don McNeill, the tennis star, will tour South America next winter, leaving his racquets at home. Ken Kavanagh, La. State's great end, has told friends he'll sign with the Chicago Bears immediately after the all-star game. Ace Parker's doctors have told him the leg he broke playing baseball for Syracuse early this summer, will stand another season of football with the Dodgers. The baseball Dodgers, incidentally, are making the entire current western swing by air.

One-Minute Interview—
Tom Williams: If I were a free agent and each major league club offered me identical contracts, I'd sign with the Dodgers. . . . I know I'd be a hero in Brooklyn.

Attention, Detroit!
One of the Cleveland newspapers is running a contest and offering tickets to the world's series as bait. . . . Despite the shortage of juniors and seniors, Frank Thomas thinks his Alabama team will have the best set of backs since Dixie Howell and Co. wrecked Stanford in the 1935 Rose Bowl game. . . . The Texas league sun must be mellowing Dizay Dean. He told our Mr. Austin Bealman the other day that Bob Feller has more stuff right now than he (Dizay) ever had. That's popping off in reverse for Dizay.

Oddsities!
Two brothers—Al and Wallace Hopp—were finalists in the city golf tournament at Hastings, Neb. . . . There has only been one ad on the fences of Forbes Field, Pittsburgh, in more than 30 years and that was one boosting the sale of Liberty Bonds during the World War. . . . During the recent Northland golf tourney at Duluth, a golfer buried his club into the rough after his ball and discovered he had killed a rabbit.

Today's Guest Star—
Jim Rasmussen, Ironwood (Mich.) Daily Globe: "G. Albert Mott, Missouri university ace, pointed to a headline, 'Italy Seeks Yankees' and said, 'It looks like the presidency isn't the only thing Jim Farley lost out on this trip.'"

And That Was That—
While the Reds were in Chicago, Mrs. Gabe Paul, wife of the club's secretary, rang up from Cincinnati and asked if she might drive over for the series. . . . Gabe said no. . . . Mrs. Paul arrived next morning.

GIANTS PLASTER REDS, 9-2 AS HUBBELL TOSSES 7 HIT BALL

BITTER PILL—FOR AN ENEMY—At least one "John Hubbell" inspects first-hand a bomb-resistant pillbox demonstrated to army and navy leaders in Washington at an isolated spot along the Potomac. Built of concrete in five hours, complete with gun openings and trench approach, the pillbox supported weight of three men a few hours later.

Cleveland Gets 16-7 Drubbing From Red Sox

By BILL WHITE
Associated Press Sports Writer
This is one of those rare occasions—like a total eclipse of the sun or breakfast without bacon and eggs. It marks the only time this—or any other—year when loyal Brooklyn fans will yell for, not at, the New York Giants.

The Giants are helping their rambunctious rivals catch up with the league leading Cincinnati Reds. And if there's anything a Dodger fan would rather see than the Giants being "moldered" it's his own Superbas surpassing the Reds.

Hence the tag line in every Brooklyn prayer, "and please, bless the Giants—just for this series with the Reds."

While the Dodgers were idle yesterday the Giants, with a make-shift line-up that included Mel Ott at third, and Johnny McCarthy at first, hopped on the Reds by a 9-2 count.

King Carl Hubbell scrawalled the Reds into submission with a seven-hit performance while his mates were bashing out 14 hits off Paul Derringer and three assistants. That left Brooklyn four games back of the Reds—just a pinch and a putt for the dashing Dodgers who have Leo Durocher back at shortstop to make them a wiser, if somewhat slower, outfit.

While Hubbell was making hash out of the Cincinnati Reds, Dick Erickson of the Bees was doing the same to the Pittsburgh Pirates' hopes for a first division berth. He won his ninth game of the season 2 to 0, limiting the Bees to nine hits and skidding them down into sixth place.

In the American league's only game, the Boston Red Sox gained their most decisive triumph of the season over the League-leading Cleveland Indians—smashing out 14 hits for a 16-7 win.

Included among the barrage of blows were four Sox homers—by Ted Williams, Bobby Doerr, Jimmy Foxx and Jim Tabor. Foxx's was his 32d of the year while Tabor's came with the bases loaded.

Two other American league games were scheduled—Detroit at Philadelphia—but both were rained out.

Newlin Wins 21st Tilt For Missions

By THE ASSOCIATED PRESS
San Antonio is in second place but the Missions have the Texas league's two top pitchers.

Bob Muncie, king with 22 victories in a first division game, and Ted Williams, Maurice Newlin, who won his twenty-first last night by trimming the struggling Dallas Rebels 5-1.

Hobson turned on its power to win a doubleheader from Tulsa 8-0 and 3-1.

Sam Naron's triple with the bases loaded broke a 5 to 5 tie in the ninth to ice the first game. Shreveport had little trouble defeating Fort Worth 8-2.

Beaumont and Oklahoma City were idle.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

England's claim that the Italian occupation of British Somaliland is lacking in strategic importance must hold good in a broad sense so long as King George's navy continues to control the Red sea and its approach through the Gulf of Aden, thereby safeguarding the arterial Suez canal.

Possession of inhospitable Somaliland, with its fierce warrior tribes, may prove a mixed blessing to Signor Mussolini. However, the British characterization of his very considerable achievement as "an empty victory" strikes me as being rather overdrawn and savoring a bit of the fox and the high-hanging grapes.

This British defeat may easily have an adverse influence on England's prestige in the Near East—and that is important. Possession of Somaliland also consolidates Italy's position in East Africa, gives added protection to all its territories in that region, and brings it a step nearer its ambition to seal the southern end of the Red sea, thus severing Britain's vital connection with the Far East.

While we are dealing with operations affecting the eastern Mediterranean I want to call your attention to the strained relations between Italy and Greece. There's enough high explosive in this situation to blow a very considerable hole in the Hitlerian blitzkrieg against England if much more heat is applied.

Greek belief that Mussolini is preparing to demand territorial concessions has created a position which could easily develop into war in the Balkans. That is one of the things which Herr Hitler wants least of all to happen at this crucial juncture, and one of the things which would please John Bull no end, especially right now while he finds the going tough.

Because of this peculiar state of affairs, in which one member of the axis partnership seems to be pulling against the other, it is given to wonder whether Signor Mussolini is having a little adventure of his own at the expense of his ally. It's hard to believe that Hitler would acquiesce in anything which would jeopardize his interests just as he is getting ready for the kill in England.

Truck Load Limit, Proration Talked By Candidates

By THE ASSOCIATED PRESS
Candidates in the run-off race for railroad commissioner today turned their attention to the truckload limit law and oil proration.

Speaking at a rally in Electric, Olin Culberson said that 99 per cent of the trucks in Texas were overloaded and that he favors legislation to repeal the 7,000-pound truck load limit law referring to oil allowances, he said he favored fair division among all Texas fields "with justice to all sections of the state."

Pierce Brooks continued his campaign in East Texas after a radio speech from Tyler last night. "Proration orders must be fair and uniform and just alike to every field in Texas," he said in a speech prepared for delivery at Kiger. "When East Texas is shut down, the shut down rule must apply to all, the only exceptions being those marginal wells exempted by law."

Also campaigning in East Texas was James F. Alexander of Waco, candidate for chief justice of the supreme court. H. S. Lattimore of Fort Worth, his opponent in the race, was in Central Texas.

Devils Nose Out Midland

The Devils, young Big Spring baseball aggregation, Sunday broke the Midland charm for the first time this season by taking a 3-4 win at Baron park here.

Savage, on the mound for the locals for seven innings, survived a shaky first inning when he gave up his only two hits for two runs. Thereafter, his delivery went unswayed by the visitors. Martin, who took over, yielded three hits for two runs, but was never in serious trouble.

While he was striking out nine batters, Savage walked three. Halater, Midland hurler, whiffed nine but gave up four walks. He only allowed six hits over the route.

MARINES WON'T HAVE MAN, HE'S TOO BIG

WILKES BARRE, Pa., Aug. 20 (AP)—Fischer Mike Naymick is just too big for the U. S. Marines.

Naymick, with Wilkes-Barre in the Eastern league, appeared at a Marine recruiting office to enlist and was rejected. The reason, said Sergeant William W. C. Black, was overweight (6 feet 1 1/4 inches) and oversize feet (size 16).

Softball League Members To Have Steak Barbecue

Climaxing a season's play, in which Standard Oilers emerged as winners, the Major City softball league will throw a steak barbecue Friday evening for all players in the loop.

The affair has been set for 8 p. m. in the city park with R. W. Jennings, manager of the Montgomery Ward team and foods committee chairman, in charge. Art Winalow will do the barbecuing.

A trophy for winning the league championship will be presented to the Oilers during the evening, said H. F. Malone, city recreation director.

The affair is being financed out of entry fees posted by each team. Coahoma players have been invited, and some 75 persons are expected to attend.

COMMUNISTS ARE BARRED FROM GEORGIA TICKET

ATLANTA, Aug. 20 (AP)—For the first time in Georgia history, communists seeking public office will be barred in the November general election from having their names placed on the ballot.

Secretary of State John B. Wilson, who made the ruling, said: "It would be against public policy to place on our ballot the names of candidates of a party which seeks to overthrow our democratic constitutional form of government."

LAGUARDIA WARS ON 'FILTH' MAGAZINES

NEW YORK, Aug. 20 (AP)—Mayor La Guardia intends to treat "obscene" publications as garbage—subject to collection by department of sanitation trucks—unless distributors withdraw the literature from New York newsstands.

A blackboard panel covered with what he termed "filthy" magazines at his side, the mayor yesterday spoke a strong warning to a group of publishers, distributors and dealers.

"I don't care how big you are, you are not going to distribute filth and smut in New York, at least for the next 18 months (when his term of office expires)" the mayor declared.

Air Warfare Seen By Some As Only Sample Of Terrors In The Future

By DEVON FRANCIS Associated Press Aviation Editor

NEW YORK, Aug. 20 — From time to time men have forecast a world which converted the airplane to military use, and today there are those of conservative opinion who look on the air warfare in the battle of Britain as only a sample of what the future holds.

The titanic struggle in the air above the British citadel they regard, as poet and military men have said before them, as a harbinger of terrifying things to come.

Tennyson forecast air warfare. Kipling hinted at the boundless possibilities of flight.

H. G. Wells wrote fictionally of a world air-dictatorship. General Giulio Douhet, the Italian, wrote a make-believe history of a future war in which whole cities were wiped out by bombs.

General "Billy" Mitchell asserted, "with us air people, the future of our nations is indissolubly bound up in the development of air power."

The chief of the army air corps, General H. H. Arnold, sees swarms of planes flying at 500 miles an hour miles above the earth.

A world war flier, airplane designer and manufacturer, Maj. Alexander P. de Seversky, believes that tomorrow's air forces will be on the pattern of surface navies with huge "battleship" and lesser-sized auxiliary craft.

However accurate the results of their crystalizing, the awesome yet poetic quality of their words has been translated into today's momentous events over the British Isles.

Alfred Lord Tennyson: "Heard the nation's air navy grappling in the central blue." Here is a sentence from a last week's report of DNR, the German news agency: "Like gnats over a swamp, so the fighters dance over grey London."

Rudyard Kipling said of the air plane that the world was at the opening verse of the opening chapter of a book of endless possibilities.

Less poetic, but with a sublime belief in air power, the late Billy Mitchell, leader of the American air forces sent to Europe in the war of 1914-18, asserted:

"The surface ship, as a means of making war, will gradually disappear, to be replaced by submarines that will act as transports for air forces and destroyers of commerce."

He added: "It is probable that future wars again will be conducted by a special class, the air force, as it was by the armored knights in the Middle Ages."

Even today Germany, England and Italy have accorded their airmen special recognition. Before the war began, Germany and Italy, studiously building up their air power, told their youth that the future of their nations lay in the air.

A tremendous growth in the air forces of world powers is inevitable. Planes will be larger, better-armed, able to withstand assaults by smaller planes bent on destroying them.

Bomber-destroyers probably will take the form of our heavily armed Bell Alrauda. Bombers themselves will run to tonnage which now seem fantastic. Bombers of 100 tons likely will be built in the next two years. Bombing attacks will occur from altitudes of eight and perhaps ten miles, the crews comfortable in pressurized cabins.

Nearly completed in a west coast factory is a 70-ton plane which will be able to fly 8,000 miles non-stop. Those ranges likely will be stepped up to 10,000 and 15,000 miles. After the air warfare may be too horrible to contemplate. Perhaps all of mankind will think so, too, and call a halt. Perhaps....

FLEXIBLE HIGHWAY ADAPTED TO TRAFFIC

CHICAGO, (AP)—Curbs which may be raised or lowered according to traffic needs are a feature of a new eight-lane highway under construction north of the "loop" business district.

Each line of curb, divided into 25-foot sections over the two-mile route, can be retracted into an under-pavement slot. In each slot are hydraulic jacks and powerful springs. Electrically controlled pressure pumps raise the jacks, which lift curb sections. When the pressure is released, the springs draw the sections back flush with the pavement.

Since three-fourths of the traffic moves north in the evening and south in the morning, the curbs were needed to provide a six-lane highway for the rush hours. During other hours there are four lanes each way. The curbs are spaced two lanes apart.

ARMY RECRUITING, ON UPGRADE, HITS PEAK

WASHINGTON, Aug. 19 (AP)—Army recruiting, on the upgrade since late May, reached another weekly peak of 8,905 new enlistments between August 11 and 18.

In making this weekly report to day, the war department said new enlistments since May had now reached 59,172, with the southeastern states leading in recruiting with a total of 12,821 volunteers.

Crude Production Ahead For Week

TULSA, Okla., Aug. 20 (AP)—With the increases mostly in Oklahoma, Texas and Kansas, the nation's daily crude oil production climbed 88,582 barrels to 2,580,848 for the week ended Aug. 17, the Oil and Gas Journal said today.

In Kansas, the flow was up 17,850 to 187,000; Texas, 16,543 to 1,192,488; Oklahoma, 11,000 to 602,478; Rocky Mountain area, 2,688 to 94,984; and Michigan, 108 to 84,148. Louisiana production was off 3,000 to 878,410; Illinois, 5,150 to 392,700; California, 2,800 to 338,200; Eastern fields, 800 to 108,400; and East Texas, 63 to 274,896.

Builds Model Of Ship Ancestor Commanded

MILWAUKEE, (AP)—Walter Hull, whose great-grandfather commanded "Old Ironsides" in her famous battle with the English ship Guerriere in the war of 1812, is finishing a scale model of the ship that relative Isaac Hull piloted to victory.

A sailor since childhood, Hull has built many models for the Milwaukee public museum, and the American frigate Constitution, better known as "Old Ironsides," will be placed on exhibition there. Hull's family came from Barnstable, England, and founded Barnstable, Mass., in the seventeenth century. His grandfather, the late K. C. Barker, a former mayor of Detroit, Mich., was commander of the International Yacht club of the Great Lakes.

We're In The Oil Business

For quite awhile now, we have been hearing of the part the oil business plays in the life of every Texan. Because it is an important lesson, there is good point in impressing it through generation.

Insurance and savings institutions receive staggering sums. It all adds up to the saying that if you live in Texas you're in the oil business.

WASHINGTON Occasionally, a word dropped here has strange repercussions. Because a Texas reader had more than passing interest in one of these columns, there is a new way of doing things in the office of Herbert E. Gaston, assistant secretary of the treasury.

It happened this way. In those days when the nazis were blitzkrieging France and the Red Cross was denouncing the fact that money from its current campaign was not readily available, the Texan wrote the treasury department with a plan for financing immediate Red Cross aid.

This year's summer theatre fare has produced far more revivals than new dramas. Savoy has a one-man musical comedy, "Mum's the Word," but alongside this one are scores of the old successes.

Warner Bros are not keeping quiet the Ann Sheridan-George Brent offscreen hand-holding. They're even letting it be known that "Honey-moon for Three," which they're making despite the romance, shows George and Annie loving and spating just as they might do if they really get married.

Potter's claim to fame, aside from the pictures and plays he's directed, is that he came from Broadway and listened a long time (as a cutter, drawing a directors' pay) instead of telling Hollywood how to do things.

Normally that snore would not have bothered me, but tonight I was overwrought. The instant I relaxed and was about to drift into sleep, unwelcome thoughts would swarm around me like mosquitoes. There were mosquitoes, too, in the flesh—their own and mine. And there was that softly persistent snore that gradually became maddening.

Eventually I resigned myself to staying awake. I doubled my pillow against the head of the bed and sat up, staring at the gray shape of a window.
