## Seniors Bequest Legacy to Class Mates

By Gayla McIver

We, the Class of '61, sound and sane of mind  
Do here bequeath a lot of things to those we leave behind.  
We leave our Senior dignity to Juniors large and small,  
In hopes that they will foster it and save themselves a fall.  
We leave our honored faculty the knowledge they have gained  
Through answers which have startled them and sometimes even pained.  
We leave the wads of chewing gum which to the seats adhere  
To those who like to talk too much or feel the need of cheer.  
Our pencil stubs and scribbled pads, our bottles low in ink,  
We leave as inspiration rare to

and shorthand that she never learned.

Roberta Morgan wills her collection of fousl from the past four years to Elaine White.

Jerry Haynes leaves to Harry Walker his constant drive and initiative in school.

Dixie Bible wills her ability to keep a REAL secret to Mary Ford, who REALLY NEEDS IT.

Tommy Pollock wills his ability to stay two chapters behind in bookkeeping when he suddenly catches up only a week PASSED deadline to Don Rutherford.

Anita Broadway wills her pony

during Typing class to Robert Clark.

Ray Barrington wills to Dayton Jackson his chewing gum, thinking he has enough brawn and persistence to pry it loose.

Mrs. Hays and Mr. Bowen will to Mrs. McQueen and Coach McArthur all the problems, disappointments, and happy times that goes with Sr. play, Sr. trip, Sr. parties, and — just Seniors!

Collins Steward wills his winning smile and pretty eyes to Gary Hosch, hoping it will get him out of Dutch with the teachers as it has him.

Steven Voss wills his love for Freshman and Sophomore to Lonnie Clark.

me Horne wills her ability to all her Economic's tests as as her book is wide open in lap to any coming Senior can't learn it anyway.

mmy Niell wills to Denny sman the privilege of being the teachers' pet and get-away WITH MURDER.

Founda Blount wills to sell Mercer the skill and ity it takes to always giggle loud at the wrong time.

ommy Watson wills his ability to get in trouble and NEVER discovered by any teacher to n Baucom and Alfred Mc-y, who needs some encouragement to have a little fun.

Ellen Lewis wills her ability to keep her nose out of other people's business and also the ability to be in two plays and make a complete BUST in Declamation to Sue Garrett.

Gayla McIver wills to Sandra Hartman all the information never learned and books never studied hoping she will absorb a little more.

Peggy McIntire wills to the Senior Class treasurer of next year any and all of the bills that she failed to pay this year as class treasurer.

Patsy Cupps wills to Sherrill James her ability to have an open mind in order to be ALWAYS well informed.

LaQuinn Cooper wills all her old chemistry formulas and books to Ann Stiles.

Don McCullough wills his extra brains to Harold Walker, knowing that the girls will someday learn not to get his lessons while he sleeps during English.

Mary Rehm leaves this advice to anyone that attempts to have the main part in the Senior play, senior secretary, band president, etc., to first consider jumping off a cliff.

Bob Markland wills his abbreviated statue to Charles Wells, who can take a lot of kidding.

Pete Wylie wills his ability to not having his assignments until

HEAVEN KNOWS WHEN to Raymond Clark, who has been known for such things.

Janice Smith wills her ability to bring down the ADA by always being late and to be noted for her slumber parties to anyone who has a good supply of NO-DOZE.

In closing the Senior Class wishes to retain the many pleasant memories, achievements and friendships we have acquired during the past four years in high school. However we do leave to the present Junior class the responsibilities of upholding the traditions of our school and our high spirit of loyalty.

## 1961 Senior Play Presented By 14 Students

On April 7, 1961 at 7:30 p. m. the Senior Class presented a play entitled "Absolutely Murder." It was a three-act comedy-mystery play.

A body, which didn't seem to stay dead, was found in an old chest in an abandoned gunpowder factory, and from there on there was plenty of chilly trouble.

Aunty Bess, not knowing that the old mill was the scene of a knife murder, wanted to buy the mill and remodel it into a house, and this gave her pretty niece, Kate, and her rival boyfriends a lot of problems, both in court- ing and detective work. The situation was further complicated because on this rainy night, three nit-witted girls arrived — they were being taken to Berrydale, a mental rest home, by a strange Dr. Hooker, who lost his way in the storm. The search began for the murderer, even though it seemed that the corpse was wandering around the mill in the dark. When it developed that the murderer was someone with only one hand it brought some terrifying moments, but the murderer was finally caught. It turned out to be Mrs. Ranch, the real estate lady, getting revenge for the death of her sister, whom Kate knew. The walking corpse was only Charlie who was planted in the mill to scare Aunty Bess out of buying the mill. In the end, Kate married Charlie and there was an anniversary party in the old mill.

## Junior-Senior Banquet Featured Cinderella's Ball

The Senior Class of 1961 was honored with a banquet given them by the Junior Class, April 8, 1961. It was held in the school cafeteria at 7:30 p. m.

The theme of the banquet was "Cinderella's Ball." It was beautifully decorated in pink and silver, the Senior Class colors. A life size stage coach was placed in the door as an entrance to the ballroom. The guests were received by the waiters and waitresses, dressed as guardsmen and fairy god-mothers respectively. They were girls and boys chosen from the Sophomore Class by the Junior Class. They were as follows: Carol Campbell, Arlene Welch, Ruth Ann Starnes, Linda Evans, Tommy Stewardson, Tinker Dockery, Terry Moore and John Dillingham.

After the guests had taken their places at the tables, the invocation was given by Gary Hosch, president of the Junior Class. The food was brought out by the waiters and waitresses and served to the guests by candlelight.

After the meal the Junior Class presented to the Senior Class a key to the future beginning a tradition. Next, everyone listened intently to the speaker, Dr. Ben H. Moore, who related to us the story of Cinderella, and how its moral would apply to us today.

The Coronation Pageant was then held and the Prom King and Queen were crowned. The Queen was Miss Judy Bryan and the King was Mr. Collins Steward. They were entertained with a song and the Class Prophecy, and the Class Will, given by Tommy Pollock and Gayla McIver. This concluded the entertainment for the evening.

To bring the banquet to a close, the Junior Class provided a most enjoyable prom which lasted until midnight.

The characters were: Kate Landson, Mary Rehm; Aunty Bess, Patsy Cupps; Lane Bur-rage, Don McCullough; Sky Bentley, Weldon Haynes; Mrs. Ranch, LaQuinn Cooper; Dr. Hooker, Tommy Pollock; Laura, Gayla McIver; Nan, Alice Love-lady; Dottie, Barbara Craig; Charlie, J. C. Bible; Emmeline, Ellen Lewis; Mr. Cordyce, Charles Walker; Mrs. Cordyce, Peggy McIntire; and the Nurse, La-faunda Blount.

Both the sea horse and the chameleon can move one eye without moving the other, and they can move both eyes in opposite directions.

A person married legally the second time is a digamist.

Mount Everest has never been climbed.

Oology is the study of the science of birds eggs.

Blue, black and green inks are used in printing a U. S. one dollar bill.

re of the past.....  
re of the future...

This is yours now. From the history of mankind, through experiment, and failure and success . . . through wars and peace, bit by bit, knowledge has been perfected and handed to you until today you have the entire span of mankind's learning at your command.

From Caesar to the atom, knowledge will prove to be your friend . . . an "open Sesame" to the world.

As you go on in your quest for success, we wish you a sincere and heartfelt "Good Luck".

CONGRATULATIONS SENIORS

Class of '61

OUR VERY BEST TO EACH GRAD.

## McKee Cleaners

**Prophecy**

(Continued from Page One)

they only wanted to go with her all the more. One day along came a boy who was just as shy of girls as Judy was of boys. It was only natural that the two should become good friends. It wouldn't have been so bad if it had ended right there, but it didn't. One day without any warning at all they discovered they were in love, and the next day they were married. After her marriage, her shyness disappeared completely for some reason and she became a social fiend. She was out every night of the week until the wee hours of the morning at first one party and then another. Her husband (poor fellow) was too weak to keep up with the pace and he was dead in less than a year. Judy has since then gone through four husbands. Either they couldn't take the pace physically or they just couldn't afford it. Judy is know world wide for throwing bigger and better parties than anyone else in the world. (Including the Junior Class of 1961).

**LAIQUIN COOPER**

Quincy wanted to be a Medical Laboratory Technician, but she changed her mind and became a Biological expert. She is very famous throughout the world as an authority on Chromosomes and Gens. In common English these are what determine the color of your eyes, hair, skin and so forth. Naturally Quincy had to make experiments to become an authority, and experiments she made. She crossed a cat with a dog, an eagle with a bird dog and so on. If you think this was bad, you should hear of the one that put her in the nut house. She once crossed a woman with an ant eater and got such a nosy old hag out of the deal that she was driven to insanity. After a long stretch at Berrydale, she retired to a quite chicken farm somewhere in West Texas. The last I heard she was

crossing chickens with chickens and getting little chickens.

**JANICE SMITH**

As you know Janice was the editor of the 1961 Annual her senior year in high school and she let it go to her head. It is quite true that she got married right after school, but that didn't stop her ambition to one day edit an international newspaper. Well she worked for 20 years on the editing of one international newspaper, which would be printed in 136 different languages. When the paper finally came out, Janice went out too. It seems that you just can't tell about an affair between the Queen of England and the Prime Minister of Russia and get by with it. Such gossip that went on in her annual room, just didn't go to well with the entire world. So Janice is now a resident of the planet Mars, and is quite content with raising a family of Martians.

**TOMMY LANE**

Tommy had made plans to become a business administration teacher. And believe me he made a good one. Tommy spent 11 years in colleges and universities before he decided he was ready for teaching. Tommy now holds the B.S., A. B., M. A., PH.D., D.D. S., F.O.B., and S.O.S. degrees from 4 different colleges and universities. He is now the Dean of his own college which he founded and built, the Lane Institute, sometimes called the Lovers Lane Institute, by the students. Tommy is a very happily married man with a lovely wife. **LULA HAWKINS** wanted to be a private secretary when she finished high school, so she set out to find a job. It was right at this time that Tommy was in the middle of his college building, and he was in bad need of a good secretary. He hired Lula and it wasn't any time at all until the two were man and wife. Lula is the proud mother of twins and — ahh what's the use, we all know Tommy and Lula are a wonderful pair and are very happy

together.

**PEGGY McINTIRE**

Peggy was another who had plans to become a secretary. And become a secretary she did. She is now the Secretary of the Treasury for the United States Government. She handled so much money for the Class of 1961 that it seemed to go to her head. All through college where money is so scarce, she longed for the chance to feel the crispness of new bills and the smoothness of shiny new coins. After she graduated from college she decided to find some job at which she could handle great sums of money. She remembered that the president had once been her school mate, so she made her way back to Santa Anna, which is now the Capitol of the United States, and managed to get appointed as Secretary of the Treasury. Any time you want to see her just go to the government vault and you will find her running bare-foot through the money like Scrooge McDuck.

**LAWANDA CLARK**

There isn't too much to say about Lawanda because she was married before she even finished high school. We can say that she takes an interest in her husband's work. He is employed by the Santa Anna Telephone Company and is president of the entire corporation. Last year the company had a beauty contest, and you can guess who the beauty was that won. That's right, Lawanda. You should have seen her. She was dressed in the most beautiful gown that Paris has ever turned out. The judges had no choice, they had to crown her the Queen of the Telephone Co. We can truly say that she made a lovely Queen.

**PATSY CUPPS**

Patsy didn't wait long about finding her mate either. She married just after graduation from high school. Brownie and she left for Denton where he hoped to enroll in North Texas State Teachers College. We are sorry to say that he was certainly surprised. It seems that Patsy is such a poor cook that she can't even boil water without scorching it. You guessed it, her husband ended up in the kitchen and she ended up in college, studying to become a school teacher. What's worse she could out nag any other woman in the entire State of Texas. She is now a dominating old hag in the Santa Anna Public Schools and she reminds me so much of a certain bookkeeping teacher I once had.

**ELLEN LEWIS**

Ellen decided that she was going to become a movie star, so off she went to Hollywood. As you might know Hollywood is only interested in foreign actresses, so Ellen went to Italy and studied acting. At the same time she learned to speak Latin better than the Italians. After 7 years of hard work and study she returned to Hollywood as an Italian movie star. She was a great smash, mainly because a cattle truck happened to hit her as she was crossing the street. After a lengthy stay in the hospital, she was released. It was quiet evident though that her movie days were over. You see they amputated both her legs, and who ever saw an Italian movie star with no legs. After her dreadful accident Ellen retired to a villa overlooking the sea and became famous as a play write.

**STEVEN VOSS**

It was a well known fact that

Steven had always had a strong admiration for someone in the senior class. He did everything he could think of to win her love, and when she married Sony he nearly lost his mind. He decided that since he couldn't have Jane that he would have to settle for another girl that he had a great deal of liking for. This time he was successful, and he and Sue Garrett were married June 1, 1961. Steve worked so long at Mel's Texaco Station that he decided to start his own business. He now owns three Texaco Stations in Santa Anna, Shields and Trickham. The last I heard he was the proud father of twin boys. Congratulations Steve, on a job well done.

**TOMMY POLLOCK**

Tommy, as you know hoped to become a Baptist preacher. On May 29, 1961 he left for college in Springfield, Missouri, where he was to study to become a minister. It seems that he was in such a hurry to get there he forgot all about traffic laws. By the time he reached Springfield he had been stopped 116 times and had been given 53 tickets for a total of \$786.35. He was so mad he couldn't see straight and just as he entered Springfield, he ran over a utility pole. He was then given an additional \$500.00 fine and 30 days in jail. The emotional strain was more than he could bear and he was reduced to a blithering idiot. Seven years later **ANITA BROADWAY** heard of his mishap and decided to try and help. Nita had always wanted to be a nurse, and she became a very good one. She felt sure that she could help, so she spent four years trying to restore him to his normal mind which was very little above his idiocy. After Nita performed such an amazing job on Tommy, she became famous as a mental doctor. You

would think this story would end happily ever after. For the most part I think the Class of 1961 can be very proud of its achievements. As for my self, and the entire mess, all I have to say is "GRACIOUS."

**BEST WISHES**

## Seniors Bequest Legacy to Class Mates

By Gayla McIver

We, the Class of '61, sound and sane of mind  
Do here bequeath a lot of things to those we leave behind.  
We leave our Senior dignity to Juniors large and small,  
In hopes that they will foster it and save themselves a fall.  
We leave our honored faculty the knowledge they have gained  
Through answers which have startled them and sometimes even pained.  
We leave the wads of chewing gum which to the seats adhere  
To those who like to talk too much or feel the need of cheer.  
Our pencil stubs and scribbled pads, our bottles low in ink,  
We leave as inspiration rare to all who write or think.  
Weldon Haynes devises his hardly acquired executive experience to our successors next presidential choice.  
Barbara Craig wills to Linda Sudderth all the purses, towels, combs, and basketballs of the basketball girls.  
Milton Drake, on his way to greener grasses and new fields to conquer, leaves the girls of S.A.H.S. to Billy Williams.  
Lawanda Clark wills her ability to get stopped while going to the Regional basketball game, and talk the cop out of a ticket to Carl Cowan, who talks too much.  
Lula Hawkins wills to Janice Harrington all the brief forms

VOLUME LXXV

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAY 21, 1961

NUMBER 21

and shorthand that she never learned.

Roberta Morgan wills her collection of fousls from the past four years to Elaine White.

Jerry Haynes leaves to Harry Walker his constant drive and initiative in school.

Dixie Bible wills her ability to keep a REAL secret to Mary Ford, who REALLY NEEDS IT.

Tommy Pollock wills his ability to stay two chapters behind in bookkeeping when he suddenly catches up only a week PASSED deadline to Don Rutherford.

Anita Broadway wills her pony tail to Louise Cooper in hopes that she may find some comfort in twisting it during a trying basketball game.

J. C. Bible wills his ability to swallow gum as fast as the teacher catches him and still maintain his innocent look to Larry Makuta.

Judy Bryan directs that all her test papers be bound and the volume placed in the library where any distracted Senior may refer thereto and quote therefrom (by the way, she is not responsible for errors).

Charles Walker wills his good personality and happy laugh to Bobby Langford.

Alice Lovelady wills her ability to stay awake all night for the sole purpose of sleeping soundly

during Typing class to Robert Clark.

Ray Barrington wills to Dayton Jackson his chewing gum, thinking he has enough brawn and persistence to pry it loose.

Mrs. Hays and Mr. Bowen will to Mrs. McQueen and Coach McArthur all the problems, dis-appointments, and happy times that goes with Sr. play, Sr. trip, Sr. parties, and — just Seniors!

Collins Steward wills his winning smile and pretty eyes to Gary Hosch, hoping it will get him out of Dutch with the teachers as it has him.

Steven Voss wills his love for the Freshman and Sophomore girls to Lonnie Clark.

Jane Horne wills her ability to pass all her Economic's tests as long as her book is wide open in her lap to any coming Senior that can't learn it anyway.

Jimmy Niell wills to Denny Densman the privilege of being ALL the teachers' pet and getting away WITH MURDER.

LaFounda Blount wills to Juanell Mercer the skill and ability it takes to always giggle out loud at the wrong time.

Tommy Watson wills his ability to get in trouble and NEVER be discovered by any teacher to Brian Baucom and Alfred McCrary, who needs some encouragement to have a little fun.

Ellen Lewis wills her ability to keep her nose out of other people's business and also the ability to be in two plays and make a complete BUST in Declamation to Sue Garrett.

Gayla McIver wills to Sandra Hartman all the information never learned and books never studied hoping she will absorb a little more.

Peggy McIntire wills to the Senior Class treasurer of next year any and all of the bills that she failed to pay this year as class treasurer.

Patsy Cupps wills to Sherrill James her ability to have an open mind in order to be ALWAYS well informed.

LaQuinn Cooper wills all her old chemistry formulas and books to Ann Stiles.

Don McCullough wills his extra brains to Harold Walker, knowing that the girls will someday learn not to get his lessons while he sleeps during English.

Mary Rehm leaves this advice to anyone that attempts to have the main part in the Senior play, senior secretary, band president, etc., to first consider jumping off a cliff.

Bob Markland wills his abbreviated statue to Charles Wells, who can take a lot of kidding.

Pete Wylie wills his ability to not having his assignments until

HEAVEN KNOWS WHEN to Raymond Clark, who has been known for such things.

Janice Smith wills her ability to bring down the ADA by always being late and to be noted for her slumber parties to anyone who has a good supply of NO-DOZE.

In closing the Senior Class wishes to retain the many pleasant memories, achievements and friendships we have acquired during the past four years in high school. However we do leave to the present Junior class the responsibilities of upholding the traditions of our school and our high spirit of loyalty.

## Junior-Senior Banquet Featured Cinderella's Ball

The Senior Class of 1961 was honored with a banquet given them by the Junior Class, April 8, 1961. It was held in the school cafeteria at 7:30 p. m.

The theme of the banquet was "Cinderella's Ball." It was beautifully decorated in pink and silver, the Senior Class colors. A life size stage coach was placed in the door as an entrance to the ballroom. The guests were received by the waiters and waitresses, dressed as guardsmen and fairy god-mothers respectively. They were girls and boys chosen from the Sophomore Class by the Junior Class. They were as follows: Carol Campbell, Arlene Welch, Ruth Ann Starnes, Linda Evans, Tommy Stewardson, Tinker Dockery, Terry Moore and John Dillingham.

After the guests had taken their places at the tables, the invocation was given by Gary Hosch, president of the Junior Class. The food was brought out by the waiters and waitresses and served to the guests by candlelight.

After the meal the Junior Class presented to the Senior Class a key to the future beginning a tradition. Next, everyone listened intently to the speaker, Dr. Ben H. Moore, who related to us the story of Cinderella, and how its moral would apply to us today.

The Coronation Pageant was then held and the Prom King and Queen were crowned. The Queen was Miss Judy Bryan and the King was Mr. Collins Steward. They were entertained with a song and the Class Prophecy, and the Class Will, given by Tommy Pollock and Gayla McIver. This concluded the entertainment for the evening.

To bring the banquet to a close, the Junior Class provided a most enjoyable prom which lasted until midnight.

## 1961 Senior Play Presented By 14 Students

On April 7, 1961 at 7:30 p. m. the Senior Class presented a play entitled "Absolutely Murder." It was a three-act comedy-mystery play.

A body, which didn't seem to stay dead, was found in an old chest in an abandoned gun-powder factory, and from there on there was plenty of chilly trouble.

Aunty Bess, not knowing that the old mill was the scene of a knife murder, wanted to buy the mill and remodel it into a house, and this gave her pretty niece, Kate, and her rival boyfriends a lot of problems, both in court-ing and detective work. The situation was further complicated because on this rainy night, three nit-witted girls arrived — they were being taken to Berrydale, a mental rest home by a strange Dr. Hooker, who lost his way in the storm. The search began for the murderer, even though it seemed that the corpse was wandering around the mill in the dark. When it developed that the murderer was someone with only one hand it brought some terrifying moments, but the murderer was finally caught. It turned out to be Mrs. Ranch, the real estate lady, getting revenge for the death of her sister, whom Kate knew. The walking corpse was only Charlie who was planted in the mill to scare Aunty Bess out of buying the mill. In the end, Kate married Charlie and there was an anniversary party in the old mill.

The characters were: Kate Landson, Mary Rehm, Aunty Bess, Patsy Cupps, Lane Bur-rage, Don McCullough, Sky Bentley, Weldon Haynes, Mrs. Ranch, LaQuinn Cooper, Dr. Hooker, Tommy Pollock, Laura, Gayla McIver, Nan, Alice Love-lady, Dottie, Barbara Craig, Charlie, J. C. Bible, Emmeline, Ellen Lewis, Mr. Cordyce, Charles Walker, Mrs. Cordyce, Peggy McIntire, and the Nurse, La-Faunda Blount.

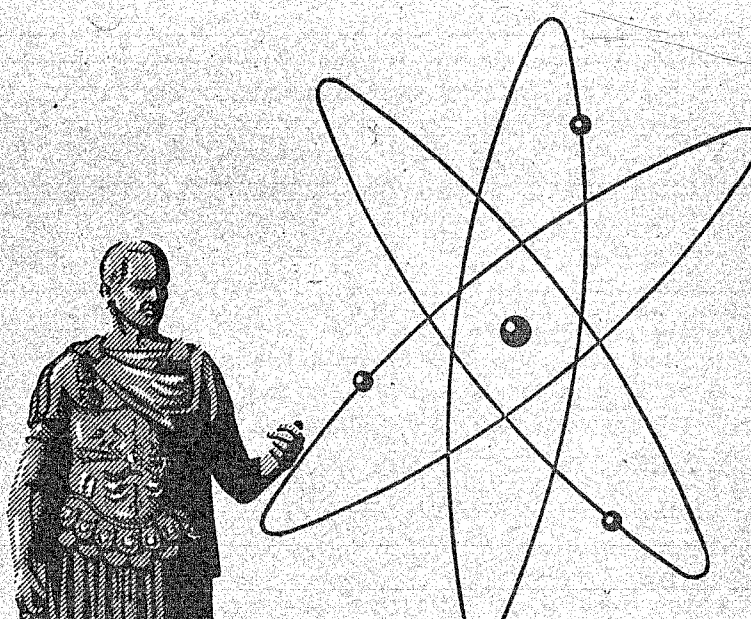

Both the sea horse and the chameleon can move one eye without moving the other, and they can move both eyes in opposite directions.

A person married legally the second time is a digamist.

Mount Everest has never been climbed.

Oology is the study of the science of birds' eggs.

Blue, black and green inks are used in printing a U. S. one dollar bill.

the lore of the past . . . .  
the lure of the future . . .

This is yours now. From the history of mankind, through experiment, and failure and success . . . through wars and peace, bit by bit, knowledge has been perfected and handed to you until today you have the entire span of mankind's learning at your command.

From Caesar to the atom, knowledge will prove to be your friend . . . an "open Sesame" to the world.

As you go on in your quest for success, we wish you a sincere and heartfelt "Good Luck".

### Seniors of '61 Began Career In Fall of '48

By Gayla McIver

Twelve years ago a new class was born — the class known to be the banner carriers of the year 1961.

The first grade consisted of Eric Shields, Don Stacy, Garland Stevens, Delbert Shepard, Mary Wigger, Jim Gill, Johnny Hoyt, Sue Sules, Harvey Tommie, Nora Wallace, Janet Scarborough, Bennett McClure, Barton Goodwin, Danny Taylor, Beth Taylor, Sandra DeSha, Janice Harrington, Gary James, Alice Lovelady, Sheller, Edna Tackel, and Bill Lawanda. McCarrill, Janice Smith, Charles Walker, Pete Wylie, Darrell Wright, Dixie Pierce, Jerry Foster, Jim Gill, Baugh, Jimmy Blanton, Milton Evelyn Matthews, Garland Stev-

ens, Junior Vasquez, Janice Harrington and Louis Diaz.

The class was joined by Frankie Nelson, Lloyd Eubanks, Guadalupe Frausto, Evangelina Frausto, and Bobby Wardlow during the sixth grade. Lloyd Eubanks and Harvey Tommie left.

In the seventh grade a large group joined. It was LaFaunda Blount, Steven Voss, Robert Fritchard, Joe Brannon, LaQuinn Cooper, Mary Rehm, Judy Bryan, Sony Steward, Peggy McIntire, Patsy Cupps, J. C. Bible, Jimmy Smith, Stanley Anderson, Jane Horne, James Beasley and Linda Lane. We lost Johnnie Hoyt, Frankie Nelson, Guadalupe Frausto, Evangelina Frausto, Charles Wells, and James Beasley.

During the 7th and 8th grades a large percentage of the class was involved in various activities, mainly sports. We had an excellent record in football and girls' and boys' basketball.

The past four years have passed so fast. It was only yesterday that we were freshmen and "almost grown."

As freshmen we were joined by Barbara Allen, Brenda Clinch, and Barbara Wallace.

There were fifty-eight in our sophomore class. The additions were Mary Burden, Vernon Cornett, James Hodges, Nancy Wallace, Linda Squyres, John Pricer, Robert Lengefield, Jean Jackson, Emmitt Stiles, Kenneth Shields, Billy Singleton, June Close, Jimmy Griffin and Kenny Haynes.

Our junior year we were decreasing in number. Stanley Anderson, Mary Burden, Brenda Clinch, Vernon Cornett, Carlton Griffin, James Hodges, Jean Jackson, Gary James, Robert Lengefield, Evelyn Matthews, John Pricer, Linda Squyres, Nancy Wallace, Kenneth Shields, Bill Tucker, Arthur Windham, Billy Singleton, Benny Trinidad, June Close, Jimmy Griffin, Kenny Haynes, Darrell Wright and Tony Tucker left for various reasons. Some just dropped out, some married and others moved away. Ray Barrington and Tommy Lane joined us.

Now we have reached our senior year. Our class roll consists of thirty-one seniors: Ray Barrington, Dixie Baugh, Bible, J. C. Bible, LaFaunda Blount, Anita Broadway, Judy Bryan, LaQuinn Cooper, Barbara Craig, Patsy Cupps, Lawanda McCarrill, Clark, Milton Drake, Jerry Haynes, Weldon Haynes, Jane Horne, Tommy Lane, Ellen Lewis, Alice Lovelady, Bob Markland, Don McCullough, Peggy McIntire, Gayla McIver, Roberta

Page 2

The News, Santa Anna, Texas, May 26, 1961

nine months, then moved to Liberty. She lived there until she was two years of age. Then Peggy moved to Rockwood where she spent the next sixteen years of her life. She is a member of the Rockwood Baptist Church, which she attends regularly.

Peggy started to school at Rockwood. She attended school there through the sixth grade. After that year the school completely closed. The next year she started the seventh grade in the Santa Anna Schools.

In 1957 Peggy graduated from grade school and in the fall of that year, started to Santa Anna High School.

During her four years in high school, she was a member of the Future Homemakers of America for three years, represented her school in Interscholastic League Spelling for three years, winning third place her freshman year. In her senior year she competed in Shorthand. Peggy was a member of the Librarians Club for four years. She played the part of "Mrs. Cordyce" in the Senior Play. She was also class treasurer her senior year.

After graduation Peggy plans to attend Nixon-Clay Commercial College in Austin.

GO TO CHURCH SUNDAY.

Good Wishes Graduates

### LIGHTING THE WAY

As you plan your career, may you be secure in the knowledge of friends and loved ones who have lighted the way that your course might be more successful. Best wishes, always.

## Autobiographies of Senior Class

**ANITA BROADWAY**

Anita Broadway was born on July 25, 1943 in the Brownwood Memorial Hospital. She weighed six pounds, two ounces, and had brown hair and brown eyes.

Anita spent her first year of school in Jacksonville. She moved back to Brownwood when she was in the second grade. She started to school at Mozelle when she was in the fourth grade. At the end of her seventh grade year, she moved to Rockwood. She became a member of the Rockwood Baptist Church, and is now the song leader. In the eighth grade, she started to school at Santa Anna.

In 1957, Anita began her school years in Santa Anna High

School. While attending school there, she was a member of the basketball team for three years. She was a member of the Future Homemakers of America two years and president of the Librarians Club.

After graduation, Anita plans to enter nurse's training at Shannon School of Nursing in San Angelo.

**DON McCULLOUGH**

Don McCullough was born in the Santa Anna Hospital, November 13, 1942.

He went to school his first few years at Buffalo. He came to the Santa Anna Schools in the fourth grade and has remained here since.

He has been class president

two years and has lettered in football three years. He is a member of the Annual Staff.

After graduation he plans to attend Howard Payne College, and major in the field of accounting.

**BARBARA CRAIG**

Barbara Craig, daughter of Mr. and Mrs. Roger Craig of Santa Anna, Texas, was born on December 12, 1942 in Mexia, Texas.

She attended Wortham Elementary School for six years, Fairfield Junior High School for one year and moved to Santa Anna during her eighth grade year, where she was a member of the pep squad and lettered in basketball.

In her four years at Santa Anna High School, she has been an active member of the Future

Homemakers of America, serving on the Finance and Social committees. She was a member of the Music Club her freshman year and served as secretary-treasurer of the Science Club her sophomore year. During her junior year, she was a member of the Athletic Club and worked in the office. As a senior she represented the senior class in the Halloween Coronation and played Nan in the Senior Play. She was also manager of the girls' basketball team.

After graduation, she plans to be married to Melvin Avants, and become a housewife.

**TOMMY LANE**

Tommy Lane was born October 11, 1941 in Santa Anna, Texas. He lived in Santa Anna for about eight years, then moved to Abilene and went to school there, until 1959 when he came back to Santa Anna.

While in Abilene he was in the Science Club and the Auto Club.

He has gone to Santa Anna High School during his junior and senior years. He belonged to the P. E. Club in the junior year.

His plans for the future are not definite at the moment. But he plans to do six months active duty with the Army after he graduates.

tical geography, comparative government and international relations with instruction by Dr. August Spain, chairman of the TCU government department.

TCU library facilities will be available to participants for outside reading.

Classes are scheduled to meet in air-conditioned buildings from 10 a. m. to noon and from 2 to 3 p. m. Monday through Fri-

day during the period.

Six hours of graduate credit may be received for the work.

Additional information and application forms may be obtained by writing to Dr. George H. Reeves, Department of History, TCU, Fort Worth.

In a 20-mile race, a man would win over a horse because of his endurance.

## Memorial Day First Observed In 1868

When Memorial Day was first observed in 1868, San Juan Hill, Verdun, Dunkerque and Korea still were unfamiliar names to most Americans. They were honoring men who had died in their own lands at the hands of their own countrymen in defense of "one nation, indivisible."

What was that first Memorial Day like?

Major General John A. Logan had proclaimed the holiday, according to World Book Ency-

clopedia. The Grand Army of the Republic which he commanded was leading the tributes with services at Arlington National Cemetery. Just across the river in Washington, D.C., President Andrew Johnson was probably celebrating the end of his impeachment trial four days ago. He had been acquitted, but his enemies, the Radical Republicans, were firmly in control of Reconstruction and determined to punish the south.

The day was probably greeted with mixed feelings by the four million former slaves. Legally they were still not citizens, but Congress, after celebrating the holiday, would go back to work on passing the Fourteenth Amendment to make them so.

The Negroes were trying to adjust to their new freedom, with little help from the newly organized Ku-Klux-Klan.

The old Southern aristocracy, too, had to make adjustments. Its land had been ruined, its economy was near collapse and its social traditions had been overturned.

The picture was more cheerful in the North, where Harriet Beecher Stowe, author of "Uncle Tom's Cabin," was now writing stories about New England life. While the war had shattered the South, it had brought booming prosperity to the North. Men who financed the Union cause and manufactured its weapons and supplies became millionaires and, at the same time, speeded up the process of industrialization.

There were still echoes of war on that solemn day. While graves were being decorated with flowers, Irish republicans in the United States were plotting to take over Canada and hold it as hostage for the freedom to Ireland. Cubans were just beginning a ten-year rebellion against the Spanish that would soon win the official sympathy of the U.S. House of Representatives.

But most Americans had put thoughts of war behind them. They were looking westward to the Great Plains and to the "manifest destiny" of the nation. Miners had started the surge west. Now the Union Pacific and the Central Pacific railroads were nearing their meeting at Promontory Point, Utah, which would mark the completion of the first transcontinental railway. The railroads would bring in settlers and equipment. They would carry back to Eastern markets the herds that Texas cattlemen were beginning to drive north. Farmers would follow the cowboys, respectable towns would replace the rowdy camps. Bret Harte was immortalizing in such stores as "The Luck of Roaring Camp," and the frontier would disappear.

The stage was set for the emergence of the Union, cemented by the dead who were being memorialized on that May 30th, as an industrial giant that would spread its bounty across a continent.

### Over 50% of Santa Fe Employees Buy U. S. Bonds

The record of more than half of the employees in a major payroll participating in U. S. Savings Bond purchases earned for workers of the Santa Fe Railway Gulf Lines a citation today from the U. S. Government Bond Department.

The honor for all of the Gulf Lines employees participating in the 1961 Savings Bond campaign was received in their behalf by O. H. Osborn, vice-president and general manager at Galveston. The presentation was made by Miles K. Burton, Galveston County Savings Bond Chairman, with Harry J. Dedeaux, area manager of the U. S. Treasury Department Savings Bonds, Houston, and J. L. Lee, railway superintendent of communications and county chairman, payroll savings plan, on hand.

Participating in the payroll deduction plan were 2,545 of the railway's 5,045 Gulf Lines employees.

In his acceptance for the employees, Osborn said:

"We are highly pleased with the showing made by our employees who have given such concrete evidence of their concern with the future. In addition to recognizing the wisdom of putting aside earnings as individual Americans, it is heartening to see this interest in the country's well-being. The systematic and relatively painless payroll-savings plan is helping an increasing number to help themselves and their government."

GO TO CHURCH SUNDAY.

## Highway Dept. Requests You to Be a "Neatnik"

Austin — The Texas Highway Department recently launched a new slogan in its anti-litter campaign: "Be a neatnik, not a litterbug."

This plea comes from Texas Highway Department maintenance crews all over the state as they haul mountains of cans, bottles, paper, decaying food, and other litter from Texas highway right of way.

"Spring houseclean our Texas highways all year long by fighting that urge to toss litter from your car," they recommend.

Throwing litter on highways and roadsides is prohibited by law. Last year 281 cases against litter-throwing were completed in Texas courts. Of this number, 269 were found guilty and were fined or punished by other means.

Highway maintenance men point out that litter is local for the main part, coming from resident litterbugs and not from out-of-staters or from phantom travelers from "up the road." Surveys reveal that the litterbug is a local person, possibly a civic-minded citizen in all other phases of his life, but he fails to see the multiplication factor when he tosses out an empty cigarette package, wad of paper, or soft-drink bottle. He would not toss these objects down in his own yard, or in a friend's; but he will thoughtlessly take over the highway as his own private trashcan.

Other evidence of the "resident litterbug" is sometimes a can-and-bottle trail. Maintenance foremen report that the biggest dead-soldier tossouts are about a drink away (by car) from the nearest local emporium. Cost of removal has been estimated at one-half cent per can. Maintenance crews join poet Richard Armour in his hurry-up order to science for an edible beer can.

Maintenance men point out: No machine can pick up litter. It has to be hand-picked. That makes it an expensive operation. Last year the clean-up and mowing bill for 57,500 maintained miles of Texas highways totaled more than \$7,000,000. This included picking up, hauling, and unloading rubbish. Another chore for maintenance men is removal of dead animals, removal of rocks and rock piles. Wrecked cars must be hauled off. Advertising signs in the right of way must be taken down. Maintenance crews are also responsible for mowing the grass, removing brush and keeping vegetation from the highway markers and guard posts.

A maintenance foreman explains, "We could do our mowing job so much quicker and save money if we didn't have to pick up all the cans, bottles and litter before we start. A heap of litter hidden in the grass can wreck an expensive machine or an automobile. Cutting grass is more than just trying to keep a neat highway yard. Mowing reduces fire hazards and prevents spreading of weed seed to nearby farms. Tall grass and brush can also distort sight distances and result in expensive and tragic automobile smashups."

"Take a count of the litter objects you see the next time you are on the road. Even though we have regular maintenance crews making periodic litter pickups, that busy litterbug is still way ahead of us. Help us out. Be a 'neatnik'. Litter? Don't throw it; stow it — till you get to a proper disposal unit."

### Anglers Given Reminder About Fishing Permits

Austin — This is the time of the year when many fishermen get caught without licenses, according to Capt. E. M. Spratt, director of law enforcement of the Game and Fish Commission.

In the arrest report for the month of March, there were 111 persons who were arrested for fishing without first buying the regular \$2.15 license required. This license is required for all persons between the ages of 17 and 65, who fish outside their home county, or who fish with any type of winding device, such as rod and reel, regardless of where they fish. The \$2.15 license applies to residents and non-residents alike. It can be bought in practically all sporting goods stores and many other places throughout the State.

Game wardens also arrested 27 night hunters during the same period of time. Although several were arrested for netting violations, no arrests were made during the month for "telephoning" fish. In all, there were 245 arrests which netted fines and court costs of \$5,929.40.

The law enforcement director warned that with the approaching summer months, all fishermen should be careful to have their required licenses. While persons over 65 years of age are not required to have a license, there is an exemption certificate available for the asking, and it is good to have one of these in possession because it properly establishes the age when the fisherman is checked by a game warden.

## Magazine Predicts Need for Sonic Boom Protection

For most people today, a sonic boom is a novelty. Before long it may be all too commonplace, according to the editors of Changing Times, the Kiplinger Magazine.

A copyrighted article in the current issue of the magazine includes a brief review of an Oklahoma City incident in 1956 when sonic booms resulting from an air show caused an estimated \$250,000 of damage — largely in broken windows and split plaster walls.

"At that time, the insurance companies were almost as confused as the homeowners," the editors state. "Since then, some — not all — of the mechanical and legal questions have been answered."

The new military jets are capable of sustained supersonic speeds in level flight, the editors explain. As they pass over the "Mach 1" mark (the speed of sound at a given altitude), a continuous shock wave flows behind them in the form of a cone trailing from the bow and tail. "How much of that sonic boom hits the ground, and what injury it inflicts, depends upon many factors, such as altitude, wind, temperature and barometric pressure. Given one set of factors, the boom is just a noisy nuisance. Given another set, it can break your windows, or worse."

Although the insurance industry has not clarified all the issues involved, this much is clear, according to the article:

Sonic boom is covered by the Homeowners Policy in Forms 2, 3, 4 and 5, but not in Homeowners Form 1, which is akin to fire and extended coverage.

Some claims have been paid under the extended coverage endorsement that is commonly added to the conventional fire policy, but the trend is to exclude this from the "EC" endorsement.

A fire and EC policy can be built up to take care of sonic boom loss by purchasing either a Dwelling Building and Contents Board Form or Dwelling Building Special Form endorsement.

So far, the editors note, demand for sonic boom protection has not been widespread. But more and more highspeed fighters are in operation, the new supersonic B-50 attack bomber is aloft and, most sobering of all, supersonic commercial transports are in prospect for the next

decade.

### EVER LOSE YOUR CAR KEYS?

Be on the safe side and give your hunting companions each a key to your car. This way, nobody gets stranded and these extra keys come in mighty handy, should you lose your own.

### To Cut Glare From Sights

Smoke the front and rear sights of your rifle to overcome glitter that could spoil your aim at a crucial moment. Pass sight several times through the flame of a burning match.

### Loaded or Empty?

Sometimes it is difficult to tell when the magazine of a .22 repeater is empty. To correct this, dab a bit of red nail polish on end of magazine.

When last bullet has been used, red will be plainly visible.

### Autobiographies of Senior Class

**ROBERT LADD MARKLAND**  
Robert Ladd Markland was born in Warrenton (Fauquier County), Virginia, where his

father was stationed as he served as Captain in the U. S. Signal Corps. They lived there until 1944, when he and his mother returned to Texas to live with his grandparents, while his father was overseas.

In 1946 the family moved to Coleman County and to Santa Anna, where his sister, Barrett, was born. He entered the first grade in the Santa Anna Public Schools. Bob has usually made the Honor Roll each semester, all through school, and has always been interested in Science and Mathematics. He has won several medals at the Science Fair held at our school.

He has been president and vice president of his respective classes, representative of his school in the Interscholastic League for the Slide Rule Club. His senior year, he was president

of the Student Council.

He will enter A & M College in the fall after attending an orientation course at Junction in June. He will study Civil Engineering, and R.O.T.C., and hopes to become an officer in the regular Army after graduating from college, and become a professional soldier.

Wall Street in New York was so named because it follows the line of the palisaded wall or stockade built in 1652 across the southern end of Manhattan Island.

Fido, a dog's name is taken from the Latin *fidus* meaning faithful.

Utah leads other states in the production of gold.

"Dooresack" is a colloquial name for bagpipes.

William Jennings Bryan ran for president four times.

**LAWANDA (McCarrell) CLARK**

Lawanda McCarrell was born in the Santa Anna Hospital on March 22, 1943, to Mr. and Mrs. C. E. McCarrell.

She attended her first year of school at Shields. The school was closed because of the lack of students.

The rest of her schooling was at Santa Anna. During the four years of high school, she was in these clubs: Future Homemakers of America, four years; Historian of the Music Club, one year; Science Club, one year; Librarians Club, one year.

On November 3, 1960 she married Jerry Clark.

**JANE HORNE**

On March 13, 1943, a baby girl was born to Mr. and Mrs. Roy J. Horne, in Hillcrest Hospital at Waco, Texas. Jane Horne was the name given to the baby. She started school at the age of six and attended Sanger Elementary School for six years.

In 1955 Jane moved to Santa Anna, Texas. There she started to school in the seventh grade. She was Cheerleader in the seventh and eighth grades. She started in band her seventh grade year, and remained in it

until her sophomore year in high school. Her junior and senior years she was elected high school Cheerleader, and was Homecoming Queen also her junior year. Jane served as reporter for her class her junior year. She was elected Assistant Literary Editor her junior year and Literary Editor her senior year for the Annual Staff.

During Jane's high school years, she was in the Future Homemakers of America three

years, Solo and Ensemble Club two years, and was in the Interscholastic League One-Act Play her junior year.

After graduation Jane plans to attend McMurry College in Abilene and plans to major in Elementary Education.

Maine is bordered by only one other state.

Napoleon called England a "Nation of Shopkeepers."

Of Senior Class**

MARY ELLA REHM

On July 1, 1943, a daughter was born to Mr. and Mrs. Tony

Rehm of Rockwood, Texas, at the Sealy Hospital in Santa Anna, Texas. This baby, being the fourth daughter in the family was given the name Mary Ella Rehm.

From the hospital, Mary was taken to her home in Rockwood, where she has lived since.

In the fall of 1949, she started to school in a big, red brick schoolhouse at Rockwood, which then consisted of only the first through the sixth grades. Her seventh year, Mary went to Santa Anna with the others in her class, where she has attended since.

From the eighth grade she graduated into high school with an honor. She was Salutatorian and president of her class.

She then began her long, awaited days in high school. In high school she continued her service in the band that she started in the seventh grade. Her freshman year she was elected majorette of the band, which

she served as for four years. She also served as historian of her class and became a member of the Future Homemakers of America that year. In the summer of that year she attended twirling school at McMurry College.

Her sophomore year she was elected Sophomore Favorite, lettered in basketball and was vice president of her class. The summer of her sophomore year, she attended twirling school at Stephenville.

Then came the busy, but exciting junior year. She lettered in basketball that year, when the team won District. She had the honor of being chosen All School Favorite, and she was chosen to be Band Sweetheart and president of the band. She held the position of class secretary. She attended twirling school at Brownwood that summer.

Finally, came her welcomed senior year. This year she had the honor of being chosen All School Favorite and D. A. R. representative of the senior class. She also received the honor of being Football Sweetheart and F. F. A. Sweetheart the same year. She held the offices of band president and secretary of her class her senior year. She also lettered in basketball that year when they proudly went to Regional.

After graduation, Mary plans to attend Tarleton State College at Stephenville, and she is undecided about what she will major in.

J. C. BIBLE

J. C. Bible was born May 6, 1942 in Rising Star, Texas. He came to Santa Anna when he was four years old. He entered the Santa Anna Schools at the age of six. In his seventh and eighth grade years he played football, basketball, track and tennis.

In 1957 he entered Santa Anna High School. He played football four years, basketball three years and track two years. He was Honorable Mention, All-District, in basketball his last year. He is a Future Farmers of America officer. He was elected Senior Class Favorite.

He will be leaving Santa Anna May 28. He will be going to the United States Army. Further plans include department store work in Fort Worth or Dallas.

TOMMY R. POLLOCK

On July 18, 1942, Mr. and Mrs. M. R. Pollock were blessed with a new baby boy, Tommy R. Pollock. Tommy moved to Santa Anna from Amarillo when he was three years old. He spent his entire twelve years of school in the Santa Anna Public Schools. During the final four years of his education he was active in band, Solo and Ensemble Club, Projection Club, Science Club, Annual Staff and played the part of Dr. Hooker in the Senior Play.

All Tommy's life he had a strong interest in aviation, art and music. He had about decided to become a Commercial Pilot, when on May 9, 1960, he made a decision that was to change his entire life. One Friday night at a Youth Fellowship meeting in Coleman, he surrendered his life to God to become a Baptist

preacher.

After graduation, he plans to attend the Baptist Bible College work for a year in Abilene, in in Springfield, Missouri.

#### GOOF GLORIFIED

By Dr. Alfred P. Haake

(Editor's Note: Alfred P. Haake, Ph. D., is a noted economist, public relations consultant, author and lecturer.)

Recent reports on the flood of Communist propaganda pouring its poison into our country, especially into the minds of our college students, help explain the weak-kneed opposition to Communism by our budding intellectuals, the unreasoning

opposition to patriotic groups who are fighting against the disintegration of our morals and patriotism, and the continuing fight to gag congressional committees investigating un-American activities. An illustration of the effect of communist influence was the recent disgraceful episode in San Francisco when communist-led students brought shame to themselves and to the institutions which harbor them.

One can understand differences of opinion as to the best ways to foster strength against the forces undermining America, but there are forms of "tolerance" and so-called "intellectual exchanges" which approach stupidity in their ineptness and blindness.

Among them is our appeasement in permitting the uncensored and unlimited flow of communist propaganda, individ-

ually addressed in Moscow and shipped from Russia in ton lots to be distributed free by the U. S. Post Office directly to individual and private addresses, with no censorship or check whatsoever.

Contrast that treatment with what happens in Russia. It is credibly stated that every piece of mail sent from America to a Communist country is opened and read. If not acceptable to the Communist censor who reads it, it goes into the waste basket to be destroyed. The Soviets do not permit us to "educate" their people or show them the benefits of living under freedom.

Even the radio voice into which we have sunk millions upon millions of dollars, is silenced when our communist "friends" jam the air lanes with their own frequencies to prevent our messages from being heard by their people. You see "intellectual exchange," with them, is a matter of "persuading" the rest of us to accept the "superior" communist way of living and control of mind and body.

The real purpose of any exchange by the Communists is to condition us for the time when, as Lenin promised, we are to fall like an over-ripe fruit into their hands. And the mailing of their periodicals to our students by the millions is a part of that process of softening.

Are there many millions of them? I am afraid so. In New Orleans alone, one of the lesser ports of entry, a 12-month spot check by our own Bureau of Customs revealed at least 300,000 packages of propaganda headed for schools and colleges in the United States.

As revealed by Lawrence Sullivan in a tremendously significant article in Christian Economics of March 21, 1961, in one recent year 7 million pieces of Communist literature were cleared through New York alone, and tons more of it through San Francisco, Seattle, Baltimore, Los Angeles, Philadelphia, Boston and New Orleans. Every Russian, Polish or Czech ship touching a United States port brings its quota of communist "educational literature" for free mailing within the United States. The American taxpayer pays the bill, the Communist train the minds and dissolve the back-bones of their innocent dupes, hoping for a new generation of leaders ready to turn things over to collectivism through government control and increased federal responsibility.

Why don't the postal authorities do something about it? Because they are powerless under present law, Supreme Court rul-

ings and the administration with its brave, bold voice and supple back-bone. Under cover of the foreign policy front and attractive label of "New Frontiers" we are being taken by a remorseless emerging dictatorship, with its inflationary domestic policies, to the rapidly approaching goal of welfare-state slavery.

We began "goofing" it when the so-called "New Deal" seduced us with its promises of something for nothing, but this latest "goofery" of distributing free of charge the propaganda with which Russia undermines our strength, has reached the pinnacles of folly. It is "Goof Glorified."

#### Cattle Theft, A Problem of the Modern Ranchman

Helena, Montana — A Texas and Southwestern Cattle Raisers Association inspector told Western Law Enforcement Officers and Attorney Generals, meeting here May 4-6 for their annual conference, that apprehending and convicting cattle thieves is one of the primary problems confronting the cattlemen today.

J. T. Hamby of DeKalb, Texas, explained that modern transportation methods, tranquilizer pellets and "shade tree butchering places" have made the cattle thieves' job both more easy and more simple. "This means that the man whose job is to catch these thieves is much more complex than in years past," Hamby said.

Hamby is one of 31 TSCRA field inspectors located in Texas and Oklahoma, and he cited a number of actual cases where thieves had been apprehended through the cooperation of these inspectors with local law enforcement agencies.

"This requires not only a thorough knowledge of cattle, but a working knowledge of modern crime detecting techniques," Hamby emphasized. "In convicting the thieves, nothing is more important than the animal carrying a brand because this offers positive identification of ownership which will stand up in court."

Hamby said that membership in a cattlemen's association also offered considerable protection for the individual cattlemen.

"In the Texas and Southwestern Cattle Raisers Association, we not only have men who help apprehend the thieves, but also have an attorney who is available at all times to help local prosecutors in working up the theft cases. The Association also leases signs which serve as a warning to any thief," Hamby said, "and most of the thieves I have talked with said that they try to skirt those ranches which have these signs posted."

Hamburger is so called because it originated in Hamburg, Germany.

"Seasoned" Hunting Clothes  
Smoke those new-smelling hunting clothes over a campfire. This will prepare them for the hunting season so they won't scare off game, or get ribald comments from your fellow hunters.

#### CUTTING UP THE RABBIT

There is little usable meat on a rabbit close to the back so, when cleaning and trimming one, trim the ribs and abdomen close and throw the back away. This will improve your cuts and make for better cooking.

One reason the zoo is so popular with parents is that you can't take it home with you. — CHANGING TIMES

## Congratulations GRADS

You Deserve  
The Best

As You Push on to Future  
Achievements We Extend  
Our Very Best Wishes  
For Your Success.
