Continuing their sensational brand of ball, the Cosden Lab Chemists bested the first division Howard County Refiners in Thursday evening's first softball game, 4-2.

Seven Men Back On Dallas Team

New Pitcher, Santerre, Said To Be Hard Hitter

Seven of the men listed on the starting line-up of the Dallas Savages, T&P baseball team, faced the Cosden Oilers last year and went down in defeat, 4 to 0. The Dallasites return here Sunday, this time to play the Big Spring Cowboys. This year's Cowboy team is composed mostly of players who were with the Cosden outfit last year. The Refiners did not reorganize this year.

Fred Stephens, J. Black Win

Fred Stephens defeated Joe Black, 6 and 4, Thursday in a first flight round match of the city golf tourney. Aldridge won a first flight match by trimming Cecil Collings 4 and 2.
Mrs. Harry Stalcup advanced in the ladies' championship flight by eliminating Mrs. Chas. Akey, 5 and 4. Mrs. E. V. Spence capped a first flight joust from Mrs. Beale, 6 and 4.
Golfers have through Sunday to complete their first matches. All first round matches in the men's championship flight were completed Wednesday.

IF THE PUBLICITY AGENT of the Dallas T&P Savages, who are scheduled to meet the Cowboys here Sunday, knows his stuff, the locals will get a glimpse of a real batter. Yes sir, a man who wields the willow six times better than perfect. His name is Santerre, and he's listed as a pitcher. Manager Ingram of the Dallas team lists him as a 600 % hitter, but he would judge he meant .600, which is about double what the average player gets.

THE FAVORITE "DODGE" AT Ebbs Field, Brooklyn, according to a writer in the Sporting News, is presenting letters for Manager Casey Stengel that the bearer insists must be delivered "personally." However, a new one was tried recently. A man appeared at the gate with a big piece of ice which he said he had been told to take into the dressing room. He stood outside the gate, arguing until the ice finally melted, but the gatekeeper's heart remained as frigid as the North Pole.

AMOS MELTON, FORT WORTH Star-Telegram golf writer, has started something that should give you rabid linkmen something to worry about. He writes in part: "Due to the fact that they are watched by few of the writers who do the voting, West Texans usually have little chance of drawing a ranking among the state's first ten amateurs. The same thing will probably hold true this year. Nevertheless, the section west of Dallas will have several candidates this year."

THE CHEMISTS got to Roy Lee for three successive base hits in the second and each of the blows eventually resulted in a run. Wallin, Groseclose, and Shettlesworth were the trio who worked Lee for the knockers that in the end decided the victory.
The Oilers, counting two runs in the first inning of the second game, had to work hard to repel the charges of the Mechanics, but broke loose for three runs in the sixth to ice the game.
"Mileaway" Baker, hitting in each of his three attempts, led the victory attack. Baker also recorded two of the Oilers' five runs.
Freddy Simmons limited the Carterites to give hits during the seven inning affair while Harvey Krauss allowed one more.
Jennings Ketter was the only pitcher to collect more than one hit, coming through with a pair of bingles.

MANAGERS Vote For New Rules
At a meeting of softball team managers and the executive committee Thursday night, the following rules and regulations were adopted, effectively immediately:

VISION IN BUSINESS
A GOOSE IS ALWAYS A GOOSE

It makes no difference what kind nor how much food you give a goose, the best you can hope for is a larger goose. And the more we patronize and support illogical business endeavor the only thing we will have to boast of will be a bigger and more demoralizing depression.

Your dollars continue to work for you when spent at

Flew's Service Stations

CAN YOU PICK A BETTER one? Melton gives this as the choice of one scriber: Todd, No. 1; Goldman, No. 2; Reynolds Smith, No. 3; Ed White, No. 4; Jack Munger, No. 5; Jimmy Walkup, No. 6; Clinton Hogan, No. 7; Ramsel, No. 8.

go the way of the old and take the same place in the history of man's movements on this earth. Perhaps the greatest danger we run nowadays is the danger of growing discouraged by the progressive failure, in one country after another, of parliamentary institutions and democratic processes. By growing discouraged we prepare the way for the destruction of such institutions and processes in our own country.

When we take the long view, and reflect that this reversion to dictatorship in the modern world is still approaching its crucial test, that in the long run it will stand or fall by the amount of plain human happiness it is able to bring to the ordinary citizen—when we do that, we are able to see that our town democracy is by no means discredited or outworn.

ENTRIES shall be sent to Mr. Raymond Deberry, Hardin-Simmons University, Abilene, Texas. Downtown headquarters will be maintained at the Kilgore Jewelry store at 210 Cypress street.

"All contestants will be given free lodging in the dormitories of Abilene Christian college and Hardin-Simmons university.

"Out standing entries will probably include Leo Brady, Texas university squadman and defending champion; Sterling Williams, municipal champion from Austin; Mr. Tom McCarty of Wichita Falls; Mr. Doc Barr of Dallas; Mr. Don McClelland of Fort Worth; Mr. W. E. Clinton of San Angelo; Mr. Jim Adkins of Germantown; Bertram Weltens and Billie Byrd of San Antonio; M. M. Ballard of Abilene; Max Chenoweth of Abilene in the men's division. Outstanding junior entries will include Steve Latham, of Mason, state junior champion; Bill Devine of San Antonio, also a state champion in doubles; Maurice Fincher and Kendall Jones of Abilene, state interscholastic champions for this year. Among the entrants in the women's division will be Dell Houston of Paint Rock, state interscholastic champion, and Miss Laverne Stages of Waco, state municipal champion.

"Entries must be made by twelve o'clock noon on July 31, 1935.

"We hope to have you among the entrants.

Sincerely yours,

Midland Man Will Be Candidate For Rotary Governor

MIDLAND—Decision was voted by the Midland Rotary club Thursday to propose the candidacy of Fred Wempie, recently retired president of the organization, for district governor, to be voted on at the district conference next spring.

Proponents of his candidacy pointed out the successful year of the club under his leadership and predicted that if elected district governor he would serve as an inspiration to the 60 clubs which would come under his jurisdiction. A unanimous vote of confidence was given by the club, each member pledging to give his best efforts in the Midland candidate's behalf. A committee composed of W. L. Pratt, Ralph Bucy and T. Paul Farron was named to submit the candidacy of Wempie to the other clubs of the district.

Local Rotarians who recently attended the assembly of presidents and secretaries at Vernon reported much favorable support of the proposed candidacy of the Midland man when he was mentioned to Rotarians elsewhere. Wempie was general chairman of the annual district conference held here in May and received high praise from Rotarians all over the district for the successful manner in which the three day event was staged.

The program today comprised an outline of the aims and objects plan under which the club operates. Chairman, or committeemen, who spoke on the various phases included: club service, P. G. Bridgewater and W. R. Upham; vocational service, A. O. Thomas; community service, Dr. W. E. Ryan and Ralph Bucy; international service, Father Edw. P. Harrison and Col. John Perkins.

Ralph Bucy, in a humorous talk, presented newly married members, John R. Crump and Dr. K. F. Campbell, gifts on behalf of the club.

Announcement was made that District Governor Jim Wilson of Floydada will make his official visit to the club next Thursday, and a 100 per cent attendance was asked.

Many Farm Families Put Back On Farms

WASHINGTON (UP)—Rural resettlement officials said Thursday that 290,155 farm families were taken off relief rolls in the year ended last April through rehabilitation activities formerly under the relief administration.

The latest available reports showed that in April a total of 212,712 farm families were listed as rural rehabilitation clients. They had been removed from the direct relief rolls of the FERA.

Officials explained that the difference between the total number of families taken off relief rolls during the year and the total number of families under rehabilitation classification on May 1, resulted

from the fact that many thousands of families had returned to a completely self-sustaining basis. They said the latest estimate from FERA placed the number of rural farm families receiving direct relief at approximately 825,000.

Estimating an average of five persons to the family, officials said the statistics indicated approximately 4,125,000 individuals on farms were receiving direct relief, and that approximately 1,400,000 (individual) had been removed from relief during the past twelve months.

Officials heralded improved crop prospects this year, the breaking of the drought and increased farm income as indications that further increases in relief rolls on farms may be expected during the summer and fall.

Discovered! Wonderful Jam and Jelly Making Aid

SURE-JELL, amazing new powdered pectin product, actually gives two-thirds more glasses... Perfect results with any fruit... Better flavor too!

1 ONLY 1/2 MINUTE BOIL. No long, laborious boiling with Sure-Jell. Only 1/2 minute for jellies; one minute for jams. Just think of the time you save! Why, you can actually finish a whole batch of jelly or jam in less than 15 minutes after your fruit is prepared! That's one reason women everywhere are so delighted with this wonderful new pectin product. You'll be delighted, too!

2 TWO-THIRDS MORE JELLY... Because of that short, 1/2 minute boil which Sure-Jell makes possible, none of the fruit juice boils away, and you actually get two-thirds more jelly... as much as 10 glasses from the same amount of juice that gave you only 6 glasses when you used the old-fashioned, "long-boil" way. Just think what a money saving that means to you!

3 PERFECT RESULTS with any fruit; finer flavor, too... No more worry about failures. Sure-Jell eliminates uncertainty. With this wonderful new powdered pectin product, all fruits jell perfectly. The flavor is much finer, too. Short boiling retains all the natural, fresh-fruit flavor... There is no "boiled-down" taste when you use this amazing new Sure-Jell.

MONEY BACK OFFER!

Buy two packages of Sure-Jell. Use one. If it does not do all we claim for it, just take the other package back to your grocer. He will refund the full price of both packages. Sure-Jell is a product of General Foods. You can buy it at any grocer's.

Menus Of The Day

Pineapple-Peppermint Cream
Peppermint candy furnishes that cool refreshing taste so welcome in the summer time. To make this dessert, one tablespoon of gelatin in one quarter cup of cold water is placed over hot water until the gelatin is dissolved. Next blend it with one half cup of sugar, and one half cup of grated canned one and one half cups of grated pineapple and two tablespoons of lemon juice. Cool, and when partly firm, whip into a froth and fold in one cup of cream beaten stiff and one half cup of broken peppermint candy. Pour into a mold and chill several hours.

Yes! Blackberries and Peanut Brittle!
A bowl of blackberries and a dish of peanut brittle bear no relation, but one cup of crushed peanut brittle and one cup of blackberries eased into one cup of whipped cream and chilled, make a startling and fascinating dessert.

Sunset Fudding
Crumble twenty-four small chocolate wafers and add to one cup of whipped cream. Partly fill sherbet glasses with this mixture and place rose, yellow and green after dinner mints on top, fill the remainder of glass with the cream mixture. Place in refrigerator to chill and set.

Cinnamon Candy Frost
Drop one half cup of red cinnamon candies into one half cup of hot water, and a speck of salt and heat over a slow fire until dissolved. Pour three tablespoons of cold water into a bowl, sprinkle over war one teaspoon of gelatin, add the softened candy and stir until all ingredients are mixed and dissolved. Next add one half cup of milk. Cool until slightly thickened and then beat until frothy. Fold in one cup of whipped cream and freeze without stirring.

Lime Ice Cream
Dissolve twelve lime candy drops in two cups of scalded milk. Mix together two tablespoons of cornstarch, one half cup of sugar, one eighth teaspoon of salt, and two tablespoons of cold milk and add to the hot milk, stirring constantly. When cool, add two cups of cream, then freeze to a thick mush in the refrigerator. Next stir in one cup of seedless raisins. Use raisins that have been boiled five minutes, drained and cooled. Return the mixture to the refrigerator, stirring constantly while freezing.

Individual Ice Box Cakes
For a filling put together one cup of whipped cream blended with one cup of grated Jordan almonds. Chill, spread on graham crackers, top with another cracker and repeat process topping with third cracker. Garnish with whipped cream with a bit of the grated Jordan almonds sprinkled over the top of the cream.

A Marshmallow Jello Sweet
Prepare one package of raspberry jello, add two sliced bananas and six marshmallows, cut in pieces. Pour in a mold and chill. Next prepare a package of lemon jello and when partly set, whip and fold in two stiffly beaten egg whites and pour on the well set raspberry combination. Chill and unmold when well firm.

Summer Fruit Cocktail
Combine these ingredients: sliced ripe bananas, canned grapefruit and juice, and white "pillow" candy mints, slightly crushed. Pile in sherbet glasses. Chill. Garnish with a sprig of mint or green cherry.

Candy In Summer Drinks
Flavor iced milk with chocolate peppermint patties. Heat the mints in the upper part of a double boiler and when melted, stir into the milk.

To the ice in the glass add a few pieces of broken-up peppermint stick candy and then pour on the hot tea.

Summer Salad Dressing
Ground or grated peppermint stick candy added to mayonnaise provides a refreshing flavor and transforms the dressing into an appealing rose color. Try this on the next fruit salad!

Teams Fight To Break The Tie
The Mellinger Angels will resume their fight for first place in the local softball loop this evening when they take the field against the Flewelen Stationmen in the first game, beginning at 7:30. Both teams have been contenders since the season opened and the Operators have led most of the time, but the Taylor forces suffered a severe letdown in their last few games and will go into the scrap fighting to regain their old-time form. Grovella Maions, who has conquered the Angels twice this season, will take the mound again tonight, with Woodrow Coats as his battery mate. Bucket Hare will do twirling duties for the Angels with the "Powerful Paul" Coburn on the receiving end. Hare twirled one of the greatest games of his career against the Stationmen, but lost 1-0, when his mates could not give him a run. The Angels can boast of more power through their lineup with such sluggers as Freddy Townsend, Jack Wilson, Howard Swatzy and Ollie Cordill. Three of these boys are in the Big Six, while Wilson is number seven batter in the league with an average of .381. Swatzy leads the whole circuit in batting, while Townsend is ahead in the runs-scored division. The Stationmen have but one .350 hitter, but the team plays for runs and not for hits. The Ford V'sers and Howard County Refiners will meet in the second game. Many former featured players in the days of silent films are now scenarists or producers.

READY MADE WIFE

BY CORALIE STANTON

**Chapter 10
NEW JOB**

The morning after Rex Moore and his wife dined with him, Mark Albery discovered that young Mrs. Moore had come back to work, and sent a message to ask her to come to his office.

"I said you were to stay away until you were settled," he told her in the smooth, autocratic voice that was his Oriental type.

"I am quite settled, thank you, Mr. Albery. It was easily done yesterday. Everything in the flat is so convenient and so beautiful. You have been so very kind to us."

"Not at all. I wanted you husband near by. He and I have some

"Rex and I have some important plans to make," said Albery. very important plans to make. And the flat was empty. I took it for my young cousin when he came into the business, but he has gone over to the United States for six months. You are more than welcome, Mrs. Moore."

He was thinking that she did not look as happy as she ought to. Last night, at dinner, he had thought how beautiful she was. But very quiet. Of course, it must have been a great shock to her. And, though joy doesn't kill, it may frighten a sensitive nature. Rex Moore he had not understood at all. He could make no contact with him. The young man seemed entirely withdrawn; his eyes, his words, his very self. He evidently would not speak of his experience

'LITTLE SISTER' OF ELKS TO WED

Aloha Dallas Elk (left), blind girl adopted by the Elks' Lodge 20 years ago when she was left on the doorstep of the Dallas, Tex., hall, will wed William Parks, also blind, organist in a Chicago church. specialist, and he has ordered a cure and a complete rest. It will take about three months. So I wondered if you would care to take her place again. It would suit me very well indeed. Your work was most satisfactory. What do you say?"

"Oh, Mr. Albery! Laurie was taken aback. Of course, it was a rise, a big rise in the office. And she had found it most interesting. But she was of two minds.

A little voice deep inside her said—"No, don't take it on! She had not the remotest idea why. Except that, perhaps, she had at times felt slightly uncomfortable when she was with Mr. Albery. But that was ridiculous.

Her business mind pushed the

dential. So we shall in a way all three be working together."

It was a wonderful piece of luck, and yet Laurie was in the grip of an uncomfortable mental depression, like a vague premonition of evil, as she went back to her own office for the last time.

That evening, when she left work she collected the last of her personal belongings from her little flat, telling the landlady that she would come in now and then to see that everything was all right.

The good woman was naturally excited and bursting with curiosity, which Laurie could not satisfy. It had been enough to say that her husband, the famous airman, had come back from the dead, and that they were moving temporarily into another flat, as hers was not large enough when her sister came home. But was keeping it on as it was for the remainder of her lease.

She hailed a taxi and was driven to the new flat in Chelsea, not on the Embankment, but in a pleasant side street, with trees on either side, and with a view of the river from a bay window in the big front living room.

this policy to an extreme when he vested authority over these charges in the Interior Department. He placed in command Ernest Gruening, a high minded, idealistic educator. It hasn't worked so far. Congressional investigators believe that army or navy men are best fitted for bossing our wards. They are practical rather than theoretical. So don't be surprised if Mr. Roosevelt abandons his experiment in civilian rule of our so-called dominions.

First 1935 Baby

Photo by Thurman DANNIE MAC HART

This young lady has the distinction of being the first baby born in Big Spring in 1935. She is the daughter of Mr. and Mrs. Homer Hart and was a New Year's gift to her parents. She has now moved to Colorado to live.

Division—

Obviously the broadened use of federal credit must mean further increase in public debt. How does this square with Mr. Morgenthau's concern about balancing the budget? The paradox will be solved by a permanent division of federal accounts into two categories—normal expenditures and permanent investments. The former can be made to balance with receipts and the latter can be permitted to grow to whatever extent the traffic will bear.

This might lead to inflation—such a result is by no means certain. Government capital will serve chiefly as a substitute for private capital and it's quite possible that total credit expansion will amount to less than it would if private capital—functioning alone—had no New Deal brakes on its optimism in greeting recovery. There are no signs that inflation of that careless type will develop and the deeper the government goes into the financing field the less reason to expect trouble from inflation.

Curtailed—

More than 100 processing tax suits have recently been filed on the basis that an amended law would preclude refund and credit for any taxes paid and accruing before the adoption of the amendment. Many others are pending. There have been three different types of processing tax cases. One seeks to enjoy the Internal Revenue Department from collecting the taxes as they come due. Another attempts to recover taxes already paid. The third consists of receivership and similar proceedings to resist tax payments. Meanwhile prices are kept up to include the tax until the courts take final action. That will make it nice for the processors if the law is held unconstitutional.

June processing tax collections were only 15% below those of May and about the same percentage below those of June a year ago. But revenues from this source will be sharply curtailed next month as a result of numerous exemption proceedings.

Reason—

It's worth noting that most of the opposition to the Guffey coal bill is coming from southern operators. Their antagonism traces to the fear that the proposed commission might deprive them of the large incentive differential they at present enjoy. That's precisely the reason why so many northern companies favor the bill.

Rather—

Conservative analysts are extremely confident that business would stage a snappy comeback if only it weren't restrained by government uncertainty about Congress is going to do next. One New York observer remarks: "The smartest thing Mr. Roosevelt could do would be to call off his legislative program and send Congress home. The revival that would follow would be just about cinch his re-election."

Other right wingers who share this view add that they would rather go through another year of acute uncertainty about money, taxes, regimentation, etc., rather than contribute in the remotest degree to FDR's political success.

Sidelights—

New Yorkers who know their France were not impressed by the absence of riots on Bastille Day. They figure a showdown is inevitable between the Fascist Croix de Feu and the left wingers—perhaps before the end of the year. . . . There's no love lost between Wall Street and Max Lowenthal—chief investigator for the Wheeler committee's inquiry into railroad financing. . . . before the board. "If it was left to me I'd charge it to Mr. Abbott," he snarled.

Motion was made that Abbott's figures stand and Garlington put it to a vote. It carried without a dissenting vote and the representative left with a curt: "I hope the gentlemen who follow have more success."

As L. V. Parmaley, representing the Gulf Refining company, took his place before the board, Judge Garlington interrupted proceedings to ask: "Mr. Abbott were you ever sworn?"

Garlington wanted him sworn as an expert witness, he had told a reporter previously.

"I have no objections to being sworn," replied Abbott.

Mr. Clerk Garlington said to R. L. Warren, county clerk, "will you swear Mr. Abbott?"

"What do you want to swear him for," inquired Commissioner Arch Thompson.

"Swear him on general principles," stated Judge Garlington.

The Gulf figures were passed and agreed upon without incident. Next two representatives were still with the board shortly before noon going over production, potential, acreage, etc.

Earlier the meeting was thrown into an uproar when Judge Garlington threatened to recess the court until he could get an opinion from the attorney general on a point of law.

Several representatives raised an objection to the spirited exchange of words and said they "didn't come several hundred miles to hear you argue about who will do things."

By noon the meeting had lost much of its color and spectators dwindled in number as the conference got underway.

Investigation Leads Officers To Believe Both Parties Right

"He misused me," complained a dusky belle of thirty-five summers. "She misused me," retorted her black companion when the sheriff's department investigated a ruckus in the negro section Friday.

They both had been "misused," the officers concluded after seeing slashes inflicted on their bodies. The woman, charging she was innocent and unsuspecting, said she had been lured into the man's quarters and attacked. She started a strip act before officers to exhibit maul cuts on her body but was stopped before she could finish.

Her companion of the evening before had a different story. He said that they had been gambling at a farewell party for another negro woman. The complainant, he said, went broke.

"I loaned her fifty cents on her ear lobe," he recalled. "Then she loses dat. Then I loans her a dollar and a half on jes' gen'ral principles and she loses dat."

They went outside and argued, he said, then went to a room where they "continued." He had several ugly slashes inflicted with a butcher knife.

CONTRACT LET FOR STEEL WORK

The Austin Bros. Steel Co. of Dallas was given the contract Thursday for construction of steel work only on new bleachers at the football field. The bid of the Dallas company was \$4,250.

Construction work is to start immediately. Contract for the framing material, box seats and bleachers, will be let Monday, it was decided.

McDowell Well Makes Six Feet Of New Hole

About six feet of new hole had been made Friday morning in the John I. Moore No. 1 McDowell, Johnson county deep test.

Drilling was resumed Thursday after a long shutdown at 994 feet. The formation was hard and drilling slow. A slight delay occurred when a tool broke and a new bit had to be placed in the hole.

When work was resumed on the test, it headed an estimated 50 barrels about 40 feet up the derrick.

Operators expected to run out of the hard formation hourly. The hard streaks have been encountered several times past the 9,000 foot mark.

Mrs. B. T. Cardwell's Mother Passes Away After Long Illness

Mrs. B. T. Cardwell, whose father died about ten days ago, was called again to McAlester, Okla., by the death of her mother which occurred Thursday. Mrs. Cardwell left by an early train Friday morning.

Her mother, Mrs. Lorenzo Pistone, had been ill for several years and death was not unexpected although it was not known that her condition was as serious as it was. Mr. Cardwell who was unable to leave, said that he thought the funeral would be held Saturday, and that it was possible that Mrs. Cardwell, the only daughter in a family of five, might remain in McAlester and visit her brothers for a few days.

Overton Club Views Growing Club Gardens

Overton H. D. club met Thursday with Mrs. G. F. Painter, yard demonstrator. Miss Mayme Lou Parr, H. B. Agent, showed some handy board, recipe file and tools to use with young plants.

Refreshments were served to Mmes. W. S. Williams, Jesse Overton, Earl Lucas, H. W. Bartlett, Johnie Phillips, Jr., C. E. Parker, A. A. McElrath, G. H. Green, Frank Tate, Jewel White, G. L. James, G. W. Overton, Misses Mayme Lou Parr, Phyllis Green, Helen Green, Mrs. Alfred Thaine, new member, and Grandma Painter, visitor.

The members, after looking over Mrs. Painter's yard, which has some nice plants, drove to Mrs. G. L. James' where a good vegetable garden was in evidence; from there by Mrs. Lucas' where the entire Plymouth camp is covered with flowers and vines; then on to Mrs. Jewel White's to see a young garden planted only a few weeks ago; to Mrs. Frank Tate's where both vegetables and flowers are growing in profusion; on to Mrs. G. B. Green's where the new home and garden was viewed; finally to Mrs. Barnett's where a nice lawn and garden was looked over.

Mrs. C. E. Parker has a fine planned yard. Next meeting will be with Mrs. Jewel White August 1.

ST. MARY'S EPISCOPAL

Regular services will be held at 11 a. m. Sunday at St. Mary's Episcopal church. Due to the absence of the rector, who is conducting services in Midland, Mr. Jack B. Hodges, jr. will be in charge. Church school will meet at 9:45 a. m. Visitors are welcome to all services.

ST. THOMAS CATHOLIC

Northeast Big Spring
 Nine a. m. Sunday, July 21st: Mass sermon: "Did Christ establish a church for this world, or for Heaven; to be seen by men, or known only to the angels; to be governed by men, a democracy as the Baptists hold or to be ruled by His appointees as the Episcopalian affirm?"

Seven thirty p. m. Tuesday, July 23rd: Prayer, question box lecture; "Did Christ give a head to His church?"

Everyone is cordially invited. The above talks are practically the same as those delivered in December, 1929 at Crystal City, Texas before a representative audience of various faiths, in answer to questions put by Rev. Brother James, Baptist minister, "Are Catholics Christians? Are Mexican Catholics, in particular, Christians?"

Guarantee is given that these subjects will be treated in a matter-of-fact way, as they were treated then before Protestant ministers, so that no one can take any offence.

23 World Marks Tied Or Equaled

By ALAN GOULD
 (Associated Press Sports Editor)

NEW YORK (AP)—Eye-witnesses thought the record-breaking peak had been reached in 1932 when the cream of the world's athletic crop blasted a score of track and field records in Los Angeles Olympics under as nearly perfect conditions as any competition has ever known.

They figured the Olympic track the fastest of all time, but they overlooked Princeton's hard-baked, deeply rock-balled cinders. They considered the pace extraordinary, which it was, but the Cunningham-Bonthon and the Peacock-Owens rivalry had not yet moved into the headlines. And so, within three years after Los Angeles, it is a certified fact that 23 world records have been broken, bettered or equaled, including marks in a dozen of the standard Olympic events.

During the last three years, in fact, the competitive pace has been faster and more startling than it was before or even during the 1932 games.

Such record-smashers as Jesse Owens, Eulace Peacock, Keith Brown, Bill Bonthon, Jack Torrance and Walter Marty were not even participants in the last international games. Others, including Glenn Hardin, Glenn Cunningham and Ben Eastman, were beaten in the Olympic competition.

Eastman and Owens have given time and distance their worst beating in the last two seasons. The former Stanford star's come-back in 1934 resulted in successful attacks on three records, including the 880-yard run. At the same time he was finally given credit for the 440-yard mark of 46.4 seconds which he had registered in March, 1932.

Owens, in a single afternoon at Ann Arbor in this year's Big Ten championships, tied the 110-yard record of 9.4 and eclipsed the world standards for the broad jump, 220-yard dash and 220-yard low hurdles. His best lateral leap measured 26 feet, 3 1/4 inches, but he was beaten on in the National A.A.U. championships by Peacock, whose winning jump of 26 feet 3 inches also bettered the existing world record.

 The Young People will meet at 7:15 p. m.
 You are welcome to all these services.

FIRST PRESBYTERIAN

Services will be held at the First Presbyterian church on Sunday conducted by the pastor, Rev. J. C. Thorna. At the morning hour the subject will be "The Sign of Not Caring." At 8 in the evening the subject will be "Uncertainty." Special music on the organ pipe by Miss Jeannette Barnett will be presented at both services.

Sunday school meets at 9:45 a. m. with Mr. A. A. Porter, supt. The young people's vesper service will be held at 7 p. m. Mrs. D. B. Striplin, sponsor.

TEXAS TOPICS

By Raymond Brooks

One hundred years to the hour from the opening gun of the first Texas battle for independence, a cannon will be fired at Gonzales October 2 of this year—from the reputed exact spot of the first shot for independence.

This will open the official observance of Texas Centennial. Sen. W. C. Hopkins of Gonzales announced plans of the Gonzales Centennial committee to commemorate the "Lexington of Texas" and to observe the city's historical hundredth birthday this autumn.

Secretary of State Gerald C. Mann, who pointed out the acute need of stock-sale regulation, and secured the strong present law licensed stock salesmen and registering all issues of securities, is determined that administration of the law will put Texas ahead in protection of the people.

Mr. Mann is now visiting other states for a detailed study of their blue-sky law administration. D. Leon Harp, chief of the securities

ed then before Protestant ministers, so that no one can take any offence.

"ROLL YOUR OWN"—DESSERTS!

Roll is up and slice off when dessert time rolls around! "Just rolling along" is a very good practice to observe during the summer—or any time, for the luscious roll, roly-poly, and round loaf-type of dessert is good to look at, good to eat.

Old-fashioned Jelly Roll is probably the parent of our various rolls—remember that tender sponge cake spread with home-made jelly? But now we make all manner of delicious desserts into rolls and find it's one of the better ideas. Sweetmeats, too, come in rolls and are especially adaptable in this form to warm-weather candy

Jolly Night Party Given
Ideal Club
Members Enjoy Playing in The R. Richardson Home

Five tables of ideal club members, their husbands and friends gathered at the home of Mr. and Mrs. R. Richardson Thursday evening for an enjoyable session of contract bridge.

Bouquets of perennial phlox and gladioli decorated the rooms.

Mrs. Griffith made high for the women visitors and Dr. Ellington for the men. Mr. Ford scored highest for husbands and Mrs. Wood captured honors for the club.

Delicious ice cream and cake were served the following visitors: Mr. and Mrs. Ira Thurman, Dr. and Mrs. E. O. Ellington, Mrs. J. D. Biles, Mrs. Hayden Griffith and Misses Fern Wells and Violet Hudgins, and to the following members and husbands: Messrs. and Mrs. M. M. Edwards, Ebb Hatch, L. W. Croft, G. H. Wood, Steve Ford and Mr. George Wilke.

Personally Speaking

Mr. and Mrs. Russell Richardson expect Mrs. Richardson's mother, Mrs. Margaret Richardson of Kemp, Sunday for an extended summer visit.

Miss Flomarie Robinson and Miss Janet Mason of Denton are visiting their grandmother, Mrs. Hattie Crosssett.

Mrs. H. E. Mosely has as a guest her sister, Mrs. Richard W. McDonald and daughter, Helen Rita, of Los Angeles, Calif.

Mrs. Lloyd Wasson and her sister, Miss Caroline McCleskey, Mrs. Rex Ragan, Miss Eugenia Merrick and Mrs. Claude Hearne of Seagraves returned Thursday night from a trip to Long Beach and San Diego, Calif. They attended the Exposition and reported the best time of their lives on the trip.

A heron on a federal refuge in Louisiana was hale and hearty upon reaching the age of 14 years. The government knew its age by an attached bird band giving the approximate date of birth.

DOCTOR SAID SHE NEEDED "BULK" FOR HER CONSTIPATION

Kellogg's ALL-BRAN Brings Relief to Mrs. Manely

Read the following unsolicited letter:

"Up to five years ago, I knew no end of suffering caused by constipation. I used all kinds of laxatives but only found relief till I got used to them. My physician told me to get some Kellogg's ALL-BRAN, and instructed me how to use it.

"I did just as I was told by my doctor, and today I send my highest praise for what your ALL-BRAN has done for me."—Mrs. J. Manely, Jr., 9 Kilburn St., Valley Falls, R. I.

"Due to insufficient 'bulk' in meals.

ALL-BRAN provides gentle "bulk" to help overcome common constipation. It is also a good source of vitamin B and iron.

The "bulk" of ALL-BRAN is often more effective than the "bulk" in fruits and vegetables, as it does not break down within the body. Two tablespoons daily are usually sufficient. If not corrected this way, see your doctor.

Isn't this food much pleasanter and safer than risking patent medicines? Get the red-and-green package at your grocer's, made by Kellogg in Battle Creek.

Keep on the Sunny Side of Life

"The Arizonian," Enforcing Western Peace, Sequel To Famed "Cimarron"

Bringing to the theater-going public a saga of the settling of the American West, Richard Dix in "The Arizonian" from RKO Radio could well be called a sequel to the star's immortal "Cimarron."

Just as "Cimarron" depicted the settling of the Southwest, "The Arizonian" delineates the early Western frontier in Arizona and the problems confronting the citizens in bringing law and order out of the chaos created by gunmen, robbers and crooked politicians.

Dix is seen in the new production as a hard-fighting, quick-thinking marshal, in a job thrust upon him in order that he protect his brother and sweetheart. It is not so much by the gun that he rules as by his superior courage and intellect. His job was as that of marshals of the '80s and '90s, a job of suppressing rather than killing the wild men of his time.

There is gunplay in the picture and action galore, as was the case during the period upon which the production was based, but thrills depend less upon shooting than upon suspense and twists of the plot.

History has been carefully interwoven with a story of resource and conflict between law and banditry. A parallel to the story is said to have actually occurred when a famous early marshal had a like situation on his hands.

Margot Grahame, popular English actress who created a sensation in her part in "The Informer," continues her success as leading lady in "The Arizonian." Now she displays an added talent, singing "Roll Along, Covered Wagon," a boom day ballad.

Preston Foster and Louis Calhern, popular stars of the screen and stage, are seen in important roles. Foster will be best remembered for his part in "Wharf Angel," "The Informer" and "Strangers All," while Calhern, former leading man for Ethel Barrymore and Laurette Taylor, has appeared in "Twenty Thousand Years in Sing Sing" and other outstanding attractions.

Willie Best and Etta McDaniels, two famous colored comedians, are

Assumed for the first time in "The Arizonian," Best was seen in "The Nitwits" and "West of the Pecos," while Miss McDaniels scored an outstanding hit as the washwoman in "Operator 13."

Others in prominent roles of the picture are Joe Bauers, Ray Mayer, Francis Ford, Ted Oliver, Jim Thorpe and Podner Jones. Charles Vidor directed from Dudley Nichols' adaptation of his own original story. Cliff Reid, supervisor of "The Lost Patrol" and "The Informer," acted in the same capacity for "The Arizonian."

Playing at the Ritz Friday and Saturday.

Worm Scare Fatal To Parrot
CHARLESTON, W. Va. (UP)—Harry L. Snyder, of Charleston, owned a parrot who "couldn't take it." One warm night Snyder decided to let the 38-year-old bird out of its cage for a frolic on the front lawn. The parrot dug up an over-sized fishing worm and was so startled that it died a few minutes later.

Mills Shut To Aid Salmon
OREGON CITY, Ore. (UP)—Crown Willamette and Hawley pulp and paper mills suspended operations for several hours to allow hundreds of salmon to pass over the salmon ladder here. By closing down, the mills allowed more water to flow into the ladders, and tons of the fish swarmed into the upper river.

Prisoner Forgotten 86 Days
ALLENTOWN, Pa. (UP)—The "forgotten man" was discovered in the Lehigh county jail. He was Arthur Lewis. Records revealed that he was sentenced to 29 days imprisonment, but forgetful officials forgot, and Lewis served 114 days before being released.
