ORIGIN OF ICE CREAM

Attempts to trace the origin of ice cream have been generally inconclusive...

By 1831, it is said, an enterprising citizen had established the Cafe Procope in Paris...

In recent years the use of ice cream has been increasing with amazing rapidity...

The increased consumption of ice cream is entirely desirable as it is not only an aid to the dairy industry...

Cigarette's Anniversary

A press dispatch notes that the year 1933 marks the one-hundredth anniversary of the invention of the cigarette...

Since that time the cigarette has grown by leaps and bounds...

As a producer of revenue the cigarette is important. Last year the federal government collected \$310,000,000 from this source...

The rich man's cigar goes untaxed by the state, but the average man's cigarette tax runs from ten to thirty dollars per smoker.

FAITH

A senator in opposing the emergency beer bill stated that President Roosevelt would have been elected in this last campaign even if he had advocated the repeal of the law of gravitation.

That is an exaggeration, but the faith the American people have in the president is something startling.

Perhaps Roosevelt means peace somewhere in the Great Far-off. Who knows?

Seven below zero in Jehol, well, Japan and China have the world's hardest soldiers of war.

We'll be happy, however, when Dr. Roosevelt begins to prescribe for that painful "after effect."

But we have the single tax now. They call it a tax on taxes or that, but it all comes out of your income.

WAGE ONE MILLION

AUSTIN—It is known that the costs of the State government for the next two years will be substantially lower than for the past two years.

However, the possibility of offsetting the results of the start toward economy—and it is only a start, notwithstanding the impressive savings made—is by no means remote.

Thus far, no general new taxes have been levied. The sales tax which was the most important means suggested for raising new revenues, has been killed again.

Those who oppose new taxes will need to be alert during the closing days of the session of the legislature.

The amendment in the Senate proposing to reduce the state ad valorem tax for general revenue purposes from 35 to 15 cents has been engrossed in the Senate but apparently lacks the required two-thirds support to submit it as a constitutional amendment.

The amendment placing an arbitrary limit on total expenditures of the State government has been finally passed by the Senate by the necessary two-thirds vote.

Amendments proposing reorganization of costly county government are yet to be acted on.

The Senate has passed unanimously a bill limiting the amount of compensation which would be allowed county and precinct officials.

Deceased is survived by her parents and the following brothers and sisters: Mrs. Alma Williams, Brooksmith; Mrs. Bertie Miller, in the home community; Hillard Wagner, living in Arizona; Ernest Wagner, living in the home community; Julia Wagner, living in New Mexico; Silas Wagner living near the home community; Bunk and Fred Wagner, living in the parental home.

Mrs. Della Jane Rice, 84, whose family gave the Rice community, near Brooksmith, its name, died at the home of her daughter, Mrs. E. E. Sheffield, at Brooksmith, at 3 o'clock Sunday morning, April 9th.

Have your friends deserted you? Make some new ones—they may be better than the old.

MORTUARY

Mrs. Sarah Copeland, 84, died at the home of her daughter Mrs. J. P. Copeland in the Madre community, Wednesday April 6th and was buried in Santa Anna cemetery Thursday following.

Grandma Copeland, as she was familiarly known, is survived by three daughters and two sons.

Rev. A. L. Oiler conducted the funeral and Hurl Murrell and daughter, Mrs. Chester McDonald of Shild, rendered a special song requested by the family.

R. P. COPELAND

R. P. Copeland, a former citizen of this community, father of O. D. Copeland, living on the Shild ranch southwest of town, died very suddenly at his home near Dale, in Caldwell county, April 4th.

BETTY JOE COOPER

Betty Joe, the eight year old daughter of Mr. and Mrs. Tom Cooper of Rockwood died Monday morning and was buried Tuesday morning in the Rockwood cemetery.

MRS. IDA WARD

Mrs. Ida Ward, 63, died at her farm home three miles southeast of Coleman Friday, the body was prepared for burial by J. E. Stevens Company morticians and funeral services were conducted by Rev. J. R. McCorkle, Baptist minister.

MISS JOHNNIE WAGNER

A very sad funeral was held at Cleveland last Wednesday, April 5th, when the remains of Miss Johnnie Wagner, daughter of Mr. and Mrs. F. E. Wagner was laid to rest.

FOOLISH FACTS FROM A FOOLISH SCRIBBLER

All things come to the fellow who waits, but the fellow who goes after them gets rich. Why do they call them elevators when they spend half the time going down? If all the autos in the world were laid end to end, it would be Sunday afternoon. Possession means to sit astride of the world, instead of having it astride of you. The modern husband may find the safety pin okay as a substitute for a button, but it is not so good for closing up the hole in the toe of the sock. And then there is the Scotchman who, having a nose-bleed, rushed to the hospital to see if anyone needed a blood transfusion.

SENIOR CHARACTERISTICS

Eva Nell Arrant—very quiet and studious, refined, and cooperative with the senior class. Catherine Ashmore—always smiling, considerate of others, and clever in her studies. Pauline Ashmore—prompt in everything she does, kind to everyone, and an ideal girl. Lillian Bibb—Bessie, a good public speaker, and a loyal Santa Anna High school student. Shirley Elinton—Conscientious, good-humored, and a real friend to all. Mildred Boardman—Industrious, a good sport, and very winning to all who know her.

TEACHER IS ILL

Mrs. J. C. Scarborough, English teacher, has been ill. She was absent from school Friday afternoon. Mr. J. C. Scarborough taught in her place. We are hoping she will soon be with us again.

YES OR NO

Did you know that: Mrs. Scarborough has been ill? Exams are over? Miss Land will be a declamation judge at San Angelo Friday? Notebooks have been coming in the past week? There are six more weeks of school? Miss Land (teaching alphabet) "What comes after 'O'?" Chorus: "Yeah!" Miss Land (in General Science class): "When is the season for shooting stars?" Creighton Morgan: "Don't know, ma'am; I am not yet acquainted with the state's game law."

TENNIS GAME IS PLAYED WITH BROWNWOOD

Bess Inez Shield and Miss Hays went to Blanket, Saturday, April 8th. Bess Inez played Brownwood at Blanket and won the set of singles with 6 love and 6 one. Bess Inez has certainly done some good playing and if she keeps it up, she will have a good chance in the district meet. Singles and doubles players will go to Brownwood to play Blanket Saturday, April 15th.

The following "characteristic" punctuation for the various high school classes is prescribed by the teachers of English: Freshmen Sophomore! Junior? Senior.

WORK

Work is perfect ecstasy. Work till the sun is low. Work to gain an evening's rest. For your tired steps and slow. Work and have heaps of glad memories. When you're old and limp and gray. From those happy well-spent toiling days. That then were so agile and gay. Work for work is a blessing. How sweet are the blessings that come. To comfort and give you pure thoughts of the good. To conclude a day's task that's been done.

Those who work will be happy. There'll be a truer love. That comes from their heart, the giver. That's as sweet as the coo of the dove.

Work to live, and work to give. A kindly gift each day. To those who are weary, fatigued and worn. Of their happy untoldsome way. By a sophomore.

Golda Hardy: "When I am sad I sing. Then others are sad with me."

Life is real, life is earnest. Let us strive to do our best. And departing leave behind us Notebooks that will help the rest.

Miss Hays: "Why are you late? Pauline Ashmore: "Class started before I got here."

Minister: "My boy, do you attend a place of worship?" Seth Ford: "I'm on my way to her house now."

Emma Jeanne Werner (in home economics class): "Have you put the little sailors on the table yet?" Novella Freeman: "What do you mean, little sailors?" Emma Jeanne: "Oh, you know, the goblets."

Radio—The Young Man's Opportunity

Twelve million families in the United States have radio receiving sets. That's just twelve million more than there were fifteen years ago. Those sets must be serviced.

There are over six hundred commercial broadcasting stations, spending millions of dollars every month to bring entertainment into our homes. There are heaven knows how many steamships sailing the Seven Seas, and international law requires that practically every one of them carry at least two radio operators.

Every concert hall, every stage nowadays aspires to sound amplifying equipment. Every motion picture house is a talking picture house, with machinery for somebody who knows how to run.

Every commercial transport airplane flies by radio; every major airport has its radio station.

Radio communication is worldwide. Television may be just around the corner. There are other inventions without number coming along in a steady stream. Radio, in a word, is today's science and industry. What a field! What a fortune! What an opportunity for the young man just starting in life!

But how to get into it? How—when—where? A young man can complete a radio course at Tyler Commercial College and School of Business Administration in from five to seven months. The cost is not great. When he finishes he is examined and licensed by government examiners. He is ready for his first job—his first step on radio's bright path to success.

It's all told about in the Radio Catalog "R-8", which any young fellow can have free by simply writing to Tyler Commercial College, Tyler, Texas. If I were a young fellow again I'd go for radio tomorrow.

LEOLA CHRISTIE BARNES ON SAN ANGELO PROGRAM

Mrs. Leola Christie Barnes of Santa Anna, well known in Brownwood social and literary circles, was guest poet at a program sponsored Wednesday in San Angelo at the Hilton Hotel by the San Angelo Woman's Club.

Mrs. Barnes read from her volume, "Crimson Dawning," and several selections from "Purple Petals," which is to come off the Channing Press in London soon and also from her manuscript for "Spurs and Sables" on which she is now working.

Approximately 200 people were in attendance at the program at which winners of awards in a poetry contest, of which the program was the culminating feature, were announced. The program also included recitation from well known poets over the state which were read by Mrs. Gladys de Silva Brito. These included Leslie Dean Robertson of Rising Star, Grace Mill Crowell of Houston and Hilton Ross Groer of Dallas.

Before reading her poems Mrs. Barnes made a short talk, according to a story in The San Angelo Standard-Times. Her talk in part included:

"I believe we are entering on a threshold of greater literature in America. Never before has poetry on so broad a basis been given to provide opportunities for greater writers and subjects. The last few years of national instability have given us a new perspective toward the really worthwhile things of life. Literature and art are more fully appreciated and we have learned to place our affections more on the natural beauties.

"I am averse to the opinion that a pursuit of the arts disqualifies a woman from making a good wife, mother and homemaker." Mrs. Barnes continued. "On the other hand the mind and soul-training a woman receives in this field makes her a happier and more capable person."

Mrs. Barnes is a sister of Mrs. J. Austin Boler of this city, and her son, Billy Barnes, is a student in Daniel Baker College—Brownwood Bulletin.

Says Her Husband Lost 16 Pounds In 4 Weeks

"I have never found a medicine that 'peps you up' like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce, but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning. A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

HELLO FOLKS:

I just wanted to attract your attention to remind you that I have charge of the Filling and Service Station department of the Santa Anna Motor Company's large garage, and am now dispensing the famous Cities Service Products. Try that Kool-motor gas in your good cars for longer distance and better service. Our regular standard quality gas is as good as the best, and our no. 3 is the best to any of the cheap quality gas on the market.

Drive down to the Big Garage in the east part of town, and let us fill your gas tank with Cities Service Gas of your own selection. Let us clean your crankcase and refill it with a higher grade lubricating oil that will meet every requirement you can expect of it.

Let us wash and grease your car.

High Rank Graduates Most Successful in Business

AUSTIN, Texas, April 10—In a series of articles which he has written recently, Dr. H. Y. Benedict, president of the University of Texas, has endeavored to show the importance of a good scholastic record on the part of college students as a foundation for successful careers in whatever line of business or profession they may enter. In arriving at this conclusion that student who attain high marks in college stand a better chance of acquiring fame and fortune than those who make low marks, Dr. Benedict used statistics gathered from various sources. He pointed out that this general rule perhaps does not apply to men who enter politics, "as it is known that a good many graduates of lower rank who make successes afterward do so in public life."

This survey of scholastic standards and their relation to life careers is confined to men as few women are elected to "Who's Who." An unfinished analysis of the records of graduates of the University of Texas undertaken about fifteen years ago made it very plain that most of those listed as successful were also those who had won high marks. In the matter of high scholastic record better fitting the student for business, Dr. Benedict comments:

"Failures in business among both high rank and low rank college graduates are much more numerous than successes, and college men of all ranks are often too lazy or too conceited to jump in at the bottom of a business and try for the top by hard work. . . . The men who are big lawyers or corporation presidents or managers are men who know how to work hard, as a general rule, extraordinary ability and pull being responsible for only very few cases."

It was admitted, however, by Dr. Benedict that it is very difficult to determine just what constitutes success, also that it is not the noblest aspiration. Above success are duty and self sacrifice. Generally speaking, success in college means success afterwards as far as one is able to judge from the statistics that are available on the subject. Phi Beta Kappa and "Who's Who in America" are some of the sources from which this information was obtained.

Don't get spunky when we insist that everybody lies. No one sits up all night in bed.

METHODIST W. M. S.

W. M. S. of the M. E. Church met in business session Monday night 3 p. m. at the church. A very interesting Devotional was given by Mrs. Voss after which the business session was held. There were 22 members present. Mrs. C. B. Verner and Mrs. G. A. Morgan were elected delegates to our Annual Conference which meets in Georgetown April 13-20.

CANTOR'S TRAINER A REAL SHADOW TO HIM

"Frenchy" Atends Comedian During All His Waking Hours

Tardiness for an appointment, a badly laundered shirt or the innocent chirping of a cricket during the night upset and disturbed Eddie Cantor more than the loss of a fortune, according to "Frenchy," his bristling young German trainer.

"Frenchy" is really Edmund Frenching. He has worked for Eddie for many years through his stage career. During the shooting of a big picture like the new Cantor musical, "The Kid from Spain," at the LYRIC Theatre, Brownwood, Thursday, Friday and Saturday, "Frenchy" attends Eddie every hour of the day.

SENIOR B. T. S.

The subject of the lesson for Sunday April 16 is "The Holy Spirit in Salvation." The parts are as follows:

Introduction — Leta Ragsdale.

The Holy Spirit Reveals Christ — Ruby Davis.

The Holy Spirit Convicts of Sin — Vera Horner.

The Holy Spirit Draws to God — Vada Horner.

The Holy Spirit Regenerates the Soul — Ozelle Daniels.

The Holy Spirit Sanctifies the Life of the Believer — Queenie Gregg.

Be Filled With the Spirit — Melvin Howard.

It may be embarrassing at first for the ladies to trip into a drug store and ask for a long glass of beer. But trust the druggists to coin a high sounding name for it.

Hospital Notes

Mrs. H. M. Powers of Shield was brought to the hospital last week in a dangerous condition. She is suffering from hemorrhage of the stomach.

Mr. Burton Watson, who was injured several days ago in a car wreck, is reported improving and plans to return home soon.

Mr. Max Price who underwent an emergency appendix operation last week, is reported resting well at this time.

Mrs. R. L. Todd is receiving treatment this week.

Mr. W. J. Sayre of Talpa is in the hospital for treatment this week.

Mrs. Isham James of Talpa is a medical patient this week.

Master Glen Swor of Orlin underwent an emergency appendix operation last week.

Mr. A. B. Ripley is receiving treatment in the Sealy Hospital.

Mr. Russell Pauley, of Coleman, who sustained internal injuries when a horse fell on him several days ago, was brought to the Sealy Hospital last week. His condition is reported improved.

Mrs. L. T. Spivey of Mullin is here for a major operation.

Recent tonsillectomies were Mr. J. E. Underwood and Thomas Edward Underwood of Winters, and M. S. E. W. Watkins and Billy Watkins of Doole.

Mrs. E. D. Weston of Coleman, here last week for treatment, returned to her home.

Farmers are conservative. Their business makes them so. Nature moves slowly its wonders to perform. In the city a bold stroke may win wealth overnight, but on the farm, wealth—more wealth at that—comes only as a result of skill and managerial ability, as a rule.

Because farmers are so conservative, their estimates of the value of terracing should be received with due respect. County agents have estimated a terraced acre to be worth \$5 more than an unterraced one. Farmers' estimates average \$7.92. More than that, a terraced acre yields from \$1 more per acre to double the yield of unterraced land, say the farmers.

Texas has more than six million acres terraced and contoured, and when county agent reports for the full year come in the total will probably crowd the seven million mark. The increased farm income from these acres will run more than \$10,000,000 this year. If farmers are to be taken at their own estimates. Any one item that turns loose that much more money every year in the channels of trade is a tremendous factor in Texas business.

As it is, from one-fifth to one-fourth the lands in need of protection are terraced or contoured now; the movement headed by county agents is proceeding at the rate of more than a million acres per year; there remain something over 20 million acres to be protected.

SOUTH SIDE CIRCLE

The South Side Circle of the Baptist W. M. U. met Monday afternoon at the home of Mrs. J. L. Boggus. They enjoyed the Royal Service program. Twenty-one ladies were present for the meeting.

Christian Church

We shall be favored with a special Easter program Sunday and should like to have all members and friends present. Come and be with us.
