NUMBER 5

OUR WASHINGTON LETTER
By Congressman O. C. FISHER

THE SHIFTING SANDS of politics stirred up a bit of maneuvering last week when the House Rules Committee unexpectedly reneged on President Kennedy's top priority request for legislation to create the controversial Department of Urban Affairs. Two Democrats on that committee who always did the bidding of the late Speaker Sam Rayburn scanned the political skies on this election year and proceeded to vote against clearing the new agency legislation for House action. Those two votes, added to others, blocked the bill.

But President Kennedy promptly announced he would create the new agency by Executive action, despite the Rules Committee action. And he announced further that if Congress does not override his action creating the new department he will appoint Robert C. Weaver, a Negro, to the new cabinet post.

OBSERVERS saw in this maneuver a strategic move to put opponents on the spot because now, in view of that announcement, it is reasoned that political strategists can say to those who vote to override the Kennedy action: "By voting against the creation of this new agency you will be voting against allowing the first Negro to be given a cabinet post." And supposedly thereby incur the wrath of Negro voters.

STANDING BY PRINCIPLES: Here's a classic statement written by the late Harry Hornby, Sr., in the first issue of The Uvalde Leader published January 22, 1898: "Our politics will be Democratic, and while we do not believe in harshness, in support of our party's platform we believe in holding our own and advocating the principles of true Democracy."

A 23-year-old restaurant employee in a Washington court last week discovered the pitfalls in acting as his own lawyer.

Charged with holding up a night auditor, in a hearing the auditor said he recognized Nance, the colored defendant. Acting as his own lawyer, Nance asked him:

"How do you know it was me, when I had a handkerchief over my face?"

A. D. Donham Jr. Dies Suddenly Friday Afternoon

A. D. Donham Jr., 55, science teacher and coach for the Junior High School for the past ten years died suddenly of a heart attack in the Harris Memorial Hospital in Fort Worth about 4:30 p. m. Friday. He and Mrs. Donham had gone to Fort Worth Tuesday of last week for him to undergo a series of medical examinations.

Funeral services were held at the First Baptist Church at 4:00 p. m. Sunday, with the pastor, Rev. Raymond Jones, officiating, assisted by the Rev. Carroll Thompson of Ballinger, a former Methodist pastor here. Burial was in the Santa Anna Cemetery under the direction of Hosh Funeral Home. Masonic rites were conducted at the graveside.

Mr. Donham was born April 12, 1906 in Itasca, Texas, and came to Santa Anna 39 years ago with his parents. After graduating from the Santa Anna High School, he received his Bachelor of Science degree from Southwestern State University in Weatherford, Okla., in 1936. His major was in natural science with a minor in mathematics.

He entered college in September, 1930 and during the time he was working on his degree, he was also teaching and coaching in several Oklahoma towns. He was married to Carmen Southard in Cordell, Okla. October 27, 1933.

He returned to the Santa Anna school system for the 1941-42 school year. After teaching through the 1942-43 school year he resigned to help his mother operate the Service Cafe. He resumed his teaching career in September, 1952 as Junior High Coach and Science teacher. During the ten years he served in this capacity he won eight district football championships, had good track and basketball teams every year. He was the official scout for the high school team most of the years he has been coaching here.

Being interested in sports and youth, Mr. Donham spent many hours working with the Quarterback Club and their summer program for the boys of this area.

Mr. Donham was also active in Masonic work. He was a past Worshipful Master and Past District Deputy. He was Worthy Patron of the Eastern Star and had served in this capacity on other occasions. He was a member of the First Baptist Church.

He is survived by his wife; two sons, Larry Donham of Abilene and Martin Lewis of the home; one daughter, Mrs. Janice Cozart of Abilene; one sister, Mrs. Calvin Campbell of Santa Anna; and three grandchildren.

Palbearers were D. W. McBride, Rommie C. Smith, D. W. Behrens, James A. Harris, Cullen N. Perry and William Brown.

County Surpasses Savings Bond Goal For 1961

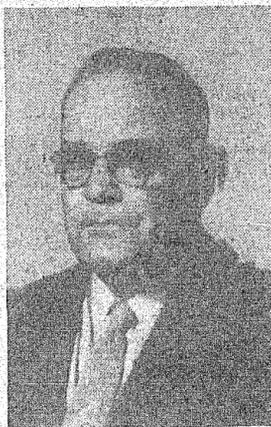

During 1961 citizens of Coleman County purchased \$520,355 in Savings Bonds. This represents 115.6% of the county's sales goal.

This announcement was made recently by Mr. Robert I. Bowen, Chairman of the Coleman Co. Savings Bonds Committee. The total bond purchases in Texas during 1961 were \$155,694,292 which represents 94.3% of the goal for the state. Sales for 1961 represent approximately 2% increase over 1960, for the state.

Nationally, 1961 bond sales were 4% above 1960, and at the same time, redemptions were 10% below 1960.

Mr. and Mrs. Bill Pritchard and Sue of Post came Friday and visited her parents, Mr. and Mrs. W. E. Vandertord. On Saturday the Pritchards, Mrs. Opal Little and Roger Mathews visited in Temple with Mrs. W. A. Pritchard. On Sunday the Pritchards, Vandertords, and the W. P. Aldridges were dinner guests in the Don Pritchard home. Afternoon callers were Mrs. Rip Mayo and Cynthia of Coleman.

Cemetery Improvements In 1961 Listed

Listed below are the major improvements in the Santa Anna Cemetery during 1961. These were accomplished through many hours of hard work by the board of directors and the officers.

They are: curbed 1400 feet of the main entrance, removed all the mesquite trees and thickets on the east side of the cemetery, hauled 50 or more truck loads of rock and trash from the cemetery, straightened up a number of tomb stones throughout the cemetery, built several drain ditches, graded three streets and repaired several other streets.

Some of the plans for 1962 call for paving the 1400 feet of the entrance street and putting caiche on at least three more streets; maintaining the cemetery in first class condition and to complete the cleaning of the cemetery.

At present there are 50 members of the Santa Anna Cemetery under the Perpetual Care Plan. This is a program where the member deposits a sum of money with the association and it guarantees you your premises in the cemetery will be cared for from now on. The deposit depends upon the size lot the member owns.

The association would like to have many more members under this plan. Actually, the money deposited with them is placed in a savings account where the interest will pay for your dues each year.

Anyone interested in this type of care for your premises in the cemetery is invited to discuss the program with any of the officers, which include Jim Danjell, president; Emzy Brown, vice president; and Mrs. W. B. Griffin, secretary and treasurer.

Duke Riley Found Dead Tuesday

Duke Riley, 70, was found dead in bed early Tuesday morning by a neighbor, Mrs. Willie Blevins. He had been being treated for an illness and Mrs. Blevins had been helping to see after him. W. Earl Irick, Justice of the Peace, said he died of natural causes. He apparently died about 9:00 p. m. Monday.

Funeral arrangements are pending at the Stevens Funeral Home in Coleman. He is survived by one brother, Dave, of Austin and several nieces and nephews.

March of Dimes Basketball Game Cancelled

The March of Dimes Basketball Game, scheduled to be held the past Saturday night, was cancelled due to the untimely death of A. D. Donham Jr., coach and teacher in the local school system.

An attempt was made to reschedule the game, but all the boys going to play could not find a time when they could get together again.

The March of Dimes officials appreciate the efforts of those involved in the preparations for the game, especially Donnie Collins, who was doing just about all the work on the details.

Guests with Mrs. R. B. Archer Sunday were her daughter, Mrs. Peyton Dick of San Angelo; a grandson, Duane Dick of A & M College; a granddaughter, Mrs. Glen Brown and son, Peyton Dick, of Somerville, Texas.

1962 License Plates Go On Sale Here

John Skelton, County Tax Assessor-Collector, announces the 1962 license plates are now on sale in Santa Anna, at the Santa Anna Insurance Agency office. Mr. and Mrs. Montie Guthrie are operating a sub-station here.

Skelton advises everyone to purchase your new plates as soon as possible to avoid the waiting line during the rush of the last few days. Plates may be put on your vehicle now and must be on it by April 1st, 1962 plates for automobiles and farm vehicles may be purchased here. All other plates must be purchased in the tax collector's office in Coleman.

Numbers assigned to Santa Anna are DR-8200 to DR-8849. The new plates will have a black background with white numerals, just opposite of the present plates.

Skelton said everyone must present your Certificate of Title and Receipt for the previous registration in order to purchase the new plates. Your Title number must be on your 1962 registration receipt. He urged your cooperation in this matter and said a State Law requires this to be done.

Mr. and Mrs. Guthrie will also take rendations for state and county taxes for the Santa Anna area. Skelton said it would be appreciated if you would render your taxes when you purchased your new license plates.

85 POLL TAX RECEIPTS SOLD LOCALLY

The Delta Omicron Sorority sold a total of 85 poll tax receipts during the final two weeks of January. Mrs. Billie Guthrie and Mrs. Coyita Bowker were the committee working on this project.

Last year the ladies sold only nine poll tax receipts, but did not have as much time to work on the project as this year.

Poll tax sales have been sold throughout the county this year. Less than 1500 had been sold last weekend, while generally a few more than 3,000 are usually sold in a political year. It appears the tax collector's office was rather busy during the weekend and the first part of this week.

BASKETBALL RESULTS

District 10-A basketball went through another week of exciting play, with upsets and close games being a feature.

Friday night Albany upset the Cross Plains boys to the tune of 44-40, while Clyde was taking a 59 to 43 win over Eastland. This gave both Cross Plains and Clyde a 4-1 record. Santa Anna handed Early their fifth defeat, winning 52 to 29.

In the girls division, Albany also won over Cross Plains by one point, 43 to 42. Santa Anna won over Early 34 to 24. The Eastland girls stepped into first place by defeating Clyde 50 to 47, another upset for the week.

Tuesday night the Santa Anna boys lost to Cross Plains 47 to 24; Clyde bounced Albany 44 to 40; and Eastland won over Early 45 to 42.

In the girls division, Santa Anna won over Cross Plains 28 to 27; Eastland won over Early 41 to 40; and Clyde won over Albany 46 to 27.

Games the coming week include the Santa Anna teams at Clyde on Friday night and the Albany teams here on Tuesday night.

Dinner guests in the Leonard Moore home Sunday were Mr. and Mrs. Donnie Clifton of Coleman, Mr. and Mrs. Roy West, Mrs. Sam McCrary and Buddy Campbell. They were observing Mrs. West's birthday.

Mother's March Raises \$438.99 On Monday

The annual Mother's March for the New March of Dimes, raised a total of \$438.99 in their march Monday afternoon. There was a number of homes where no one was present and these people are requested to leave their contribution at the Santa Anna Insurance Agency office, The News office or the Santa Anna National Bank.

At some homes where no one was present, envelopes were left at the door for you to mail your contributions in. It would be appreciated if you would take care of this in the next few days, so the drive can be completed.

It was hoped that \$600 could be raised in this drive. We are still of the opinion the \$600 can be raised if everyone who has not contributed will do so.

The National Foundation does not actually set a goal for any area, but leaves this to the chairman of each area. However, they suggest a goal of 50 cents per person, and we do not remember when Santa Anna has felt short of this goal. Many times we have gone way over this amount.

With the \$604.42 raised in the Snatch Coffee, Saturday, this brings the total to \$439.41. We certainly would like to see another one hundred dollars contributed.

The Mother's March, as well as the Snatch Coffee, are both projects of the Delta Omicron Sorority. Many of the members participated in the Mother's March and a number of the same ones helped in the Snatch Coffee. They are a wonderful group and do many outstanding things for the community in which they live. Our hats are off to them!

Ladies participating in the Monday March were: Mrs. E. B. Drake, Mrs. L. K. Wardlow, Mrs. Edd Hartman, Mrs. Eleana Harris, Mrs. Fred Hicks, Charlotte Moseley, Mrs. Jerry Clark, Mrs. John Gregg, Mrs. Kenneth Bowker, Mrs. Billy Joe Harvey, Mrs. Earl Irick Jr., Mrs. Montie Guthrie, Mrs. Ray Owen, Mrs. Jake McCrary, Mrs. Ruby Markland, Mrs. Fred Murray, Mrs. J. W. Kegley, Mrs. Glen Copeland, Mrs. Lee Ray Huggins, and Mrs. W. B. Gilbreath.

He has a Bachelor of Science Degree from Sam Houston State College in Huntsville.

He married Miss Kay Kingsbery. They have one small child and are moving here this week.

Filing Deadline Monday; Only Two Contested Races

The deadline for candidates to file their names with the County Democratic Chairman for places on the official ballot is Monday, February 5. That is only four days away. Persons who are considering placing their names before the public for public office should keep this in mind and get this attended to right away.

Thus far, there is only two contested races so far as Precinct No. 2 of Coleman County is concerned. These are the race for Commissioner of Precinct No. 2 and the race for Justice of the Peace of Precinct No. 7.

Seeking the office of Commissioner is Walter Holt, seeking re-election. He is being opposed by Thomas Wristen Jr., Jesse Williams, who was a candidate for the office four years ago, and Leroy Curry.

W. Earl Irick Sr., is seeking re-election as Justice of the Peace of this area. He is being opposed by Geo. O. Green, who lives just west of town on Highway 67.

Thus far none of the county wide offices have an announced opponent. This is also true for the District and State offices.

W. Earl Irick Sr. Seeks Re-Election

W. Earl Irick Sr., Justice of the Peace of Precinct No. 7, located here in Santa Anna, this week authorized The News to announce he is a candidate for re-election, subject to the Democratic Primaries in the summer.

Judge Irick said he would have a personal statement to the voters of the precinct in the next few weeks. However, in the meantime he would appreciate your consideration of his candidacy, and your vote and influence would be appreciated.

SNATCH COFFEE BRINGS \$60 FOR MARCH OF DIMES

The Snatch Coffee, sponsored by members of the Delta Omicron Sorority for the March of Dimes brought in a total of \$60.42 the past Saturday. This is slightly less than the group has been raising in past years, but there just was not as many people in town as usually are here on Saturday.

A large number of the sorority members worked on the project throughout the day. Hot coffee and pastries were served.

Postal Service Seeks Applicants For Clerks & Carriers

The Santa Anna Post Office is seeking applications from local residents who are interested in becoming postal clerks or city carriers. Postmaster Lee Strother announces.

Persons who apply and who pass a written test given by the Civil Service Commission will be placed on a list of eligibles, and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Anyone interested in a career in the Postal Service may obtain complete information from Postmaster Strother.

The Post Office Department is the largest employer in the Federal service, and provides facilities indispensable to the nation's commerce and defense. Postal employment is unusually stable and normally leads to a lifetime career. Outstanding postal workers advance to supervisory positions as vacancies occur.

Together with all Federal employees, they receive regular step increases in salary. They enjoy the benefits of low-cost life insurance, comprehensive health benefits programs, paid vacations and substantial retirement incomes.

State Capitol NEWS

Austin — Gov. Price Daniel's long fight over reporting unclaimed property to the state for escheat has ended at last.

So has the argument over rural roads policy.

But the scrap over the question of what to do about regulating loans, interest rates and lenders is not yet settled. And it may not be for a long, long time.

The Legislature has settled the escheat and road policy questions. Also it has partially solved the advertising program for tourists, juvenile parole and repair of the San Jacinto Monu-

ment.

Money problems were eased when Comptroller Bob Calvert estimated that the escheat reporting law passed last year will field at least \$300,000 during the next 20 months. He put no estimate on the bank reporting law just laid on Governor Daniel's desk for certain signature into law.

When the Legislature meets, growing Texas brings a pack of problems to Austin for it to solve.

High Plains irrigation farmers are quarreling with their gas

company. They want its rates regulated. Sen. Andy Rogers of Childress and Rep. H. G. Wells of Tulla tussled a bill through both houses to let the farmers appeal to the Railroad Commission, just as cities do, if the gas company increases its rates.

San Angelo and Edinburg got favorable reports from the Commission on Higher Education on making San Angelo College and Pan American College, now locally supported, part of the state system of colleges in 1965.

They came to Austin to get the Legislature to pass the necessary laws, and make the state take over support of the colleges. House of Representatives went along with both proposals.

But Sen. W. T. Moore of Bryan, down in A&M country, thinks Texas has enough state colleges already. So, he used the filibuster to fight the two new college bills to a standstill.

WAY TO ROADS PAVED

State Highway Commissioner Herb Petry Jr. complimented the Legislature on passage of the Farm-to-Market Road bill. He announced new projects as soon as Governor Daniel's signature was on the bill.

The Commission approved \$135,000 worth of surfacing work on highways in Cameron and Hidalgo counties and an \$32,000 highway contract in Cameron County. Within the next 60 days they will try to schedule more than \$1,000,000 of work on US 33 in the Valley and \$500,000 for road work in the valley.

Senators Bob Baker of Houston and Neville Colson of Navasota appeared before the Highway Commission to urge approval of a four-lane highway between Hempstead and Houston. The Senators reminded the Commission that they had helped pass the road bill which frees funds for primary roads.

NO RELIEF IN SIGHT

Many legislators were hoping to go home at the end of the week, but as soon as they processed pending bills, other bills were submitted.

At the end of the week, Governor Daniel submitted additional subjects: Authority for the Texas Employment Commission to enter into a compact with other states; financing of the Texas Securities Commission; an appropriation to the Department of Banking; and amendments to the Penal Code.

House members held a Friday session for the first time this month, and designed themselves to working right through the last of the 30 days of the called session.

INEQUITIES STUDY PROPOSED

Rep. W. S. Heatly of Paducah introduced a resolution that the House Committee on Privileges, Suffrage and Elections study election "inequities" in the Constitution, and report its findings to the next legislature.

Heatly said he didn't think it fair that while the law requires district and county officials to resign upon announcement of their candidacy for another office, it does not require this same action by all state officials.

COBB JOINS INDUSTRIAL GROUP

Bill B. Cobb of Austin, who has been serving as chief examiner of the Legislative Budget Board, will leave that post on February 1.

Harry W. Clark, executive director of the Texas Industrial Commission, has picked Cobb as his assistant.

In keeping with recommendations made by the Texas Research League, Cobb's prime duty will be to organize and design research projects, supervise community development efforts and direct the advertising program of the industrial commission.

A ROSE BY ANY NAME

Don Yarborough, Houstonian who is supposed to have liberal backing in Harris County and labor support on a statewide basis, told Capitol newsmen he will run for Governor. U. S. Senator Ralph Yarborough, who was supported by liberals in two gubernatorial campaigns, decided not to enter this race.

Candidates already in the race include Democrats Will Wilson, Marshall Formby and John Connally and Republican Jack Cox.

District Judge Otis T. Dunagan of Tyler paid the State Democratic Executive Committee the \$1,000 filing fee and became a candidate for Judge of the Court of Criminal Appeals. Judge W. A. Morrison of Austin, now serving on the high court, is his only opponent so far.

The committee received \$800 filing fees from: L. B. Hightower of Beaumont, running for reelection as Chief Justice of the 9th Court of Civil Appeals; Spurgeon E. Bell of Houston, for reelection as Chief Justice of the First Court of Civil Appeals; and Tom F. Coleman of Houston, candidate for the unexpired term of First Court of Civil Appeals Associate Justice Phil D. Woodruff.

State Treasurer Jesse James also became an official candidate for re-election.

About Your Health

Austin—Public school teachers throughout Texas face more teaching problems today than ever before.

High on the list of reasons for the situation are the difficulties involved in presenting instruction on whole subjects or portions of subjects which cannot properly be taught using normal classroom methods.

Many of the state's teachers—particularly counsellors and health and physical education teachers—have found the solution to this problem at the film library of the Texas State Department of Health in Austin.

The library, with its 1,600 films which are listed under 600 different titles, is said to be one of the most extensive in the Southwest. It contains films with viewing times ranging from four to 57 minutes, covering particularly all phases of personal and community health.

Most of the films were produced commercially, but 20 of them were written and produced for specific Texas application. All films are aimed at a single purpose: teaching good health practices.

In addition to providing Texas school teachers with films for classroom aids, the library makes films available to religious and fraternal organizations and to civic groups. Practically any club or organization may

book films for general interest or educational viewing, but they are limited to use within the state.

If you happen to be this month's program chairman for a neighborhood ladies' club, perhaps you'd like to show club members an approved, step-by-step method of making a baby's formula. There is a sequence in a film titled "Linda" to do exactly that.

During the past three months the library has furnished films for more than 6,000 showings to over three-quarters of a million people. All films are shipped parcel post, with the borrower paying return postage. (A weekly feature from the Division of Public Health Education, Texas State Department of Health.)

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 4:6-15.

"The hour is coming, and now is, when the true worshippers will worship the Father in spirit and truth, for such the Father seeks to worship him." (John 4:23, RSV.)

When we were children on the farm, we frequently spent Sunday afternoons in the summer climbing the hills. By the time we thought we were high enough to risk drinking water from a stream, we scooped up a cool drink with our hands. Because we were thirsty, we did not miss the usual containers from which to drink.

Being thirsty and in the presence of pure water, did we stand looking at our hands, admiring them, discussing size and shape of palms, and length and taper of fingers? No, we washed them and drank of the fresh water.

In the story of the woman of Samaria, we read that she later left her water jar for the higher mission. Can we today worship the Father "in spirit and truth" unless we leave our water jars for the higher mission—worship of God and fellowship with one another?

PRAYER:
Our Father, teach us that true worship is not achieved merely by gazing at our beautiful church structure or admiring the splendid equipment they contain. Grant us contrite hearts and humbleness of mind that we may worship Thee in spirit and in truth; through Christ our Lord. Amen.

THOUGHT FOR THE DAY
The church is the fountain from which we drink the living water.

Program Announced For Judges' and Commissioners' Meet

College Station — The program for the fourth annual conference for County Judges and Commissioners, to be held in the Memorial Student Center on the campus of the A&M College of Texas, February 18-20, has been released. The Conference is sponsored by the County Judges' and Commissioners' Association of Texas and the Texas Agricultural Extension Service.

Participants will register Sunday afternoon and guides will be available to escort those interested in touring the campus, said Extension Director John E. Hutchison. Titus County Judge Harry Taylor will preside at the opening session on Monday. He is president of the co-sponsoring organization. President Earl Rudder will welcome the group to A&M and Assistant Attorney General J. C. Davis, Jr. will discuss "Problems Confronting Commissioners' Courts." The final speaker of the opening session will be Harvey D. Davis, executive director, Texas State Soil Conservation Board, Temple, on "Watershed Agreements."

After lunching with the Cadet Corps in Duncan Hall, the conferees will hear "Welfare Problems, State-County" discussed by J. W. Watson, State Department of Public Welfare, Austin, and W. K. Peace, acting state librarian, Austin, on "County Libraries." Gaines County Judge Chas. Lawrence will be the presiding officer. The groups will meet separately for the second afternoon session. A smorabord with entertainment by the Stinging Cadets will wind up the day's activities.

Chairman E. B. Germany, Dallas, Texas Industrial Commis-

sion and State Auditor C. H. Cavness will speak on Tuesday morning's first session to be presided over by Brooks County Commissioner and Vice President of the Association Elmer Zahn.

Harry Burleigh, area engineer, Department of Interior, Austin, will outline a "Master Water Plan for Texas" and will be the final speaker on the program. A business meeting of the Association will conclude the conference with adjournment set for noon on February 20.

Knight of The Road Award to be Presented Feb. 9th

One of Texas' highest truck driving awards will be made in Austin Friday, February 9, when an expected 450 persons gather in the Commodore Perry Hotel to witness the presentation of 1961's Most Representative Hobbs Knight of the Road Award.

J. O. Musick, General Manager of the Texas Safety Association, in making the announcement said the banquet spotlight will focus on one of four drivers now being considered for the honor, as the climax of the evening's program.

Knight awards are made to bus and truck drivers throughout the year who perform exceptional acts of courtesy or helpfulness on Texas' streets and highways. An average of more than one hundred such awards are made each year and, from these citations, one driver is selected as being the "Most Representative" of the others, for the preceding year.

Principal speakers for the banquet will include H. K. Speck, president of TMTA and president of Atlas Truck Lines, Inc., Houston; Colonel Homer Garrison, Jr., director of the Texas Department of Public Safety; Master of ceremonies will be J. O. Musick.

Since inception of the program in 1954, more than 800 truck and bus operators have been named to receive the Hobbs awards.

Entertainment for the evening will be provided by a young Austin couple, Sandy Ewell and Tommy Tiemann, both University of Texas students, who were recently featured on the Arthur Godfrey radio show for a week.

Original Knight citations are made by DPS patrolmen who witness or investigate incidents involving acts of helpfulness, or even heroism, by commercial drivers. The driver is then presented an award at a public ceremony in his home town. At the end of the year all awards are reviewed by a Board in Austin and the Most Representative Knight is selected for special deeds and an exemplary private life.

The program is sponsored by the DPS, Texas Safety Association and Hobbs Trailers.

MILITARY AND VETERANS ALSO TAXED

Military and veterans are subject to Uncle Sam's income tax just the same as other U. S. A. residents, Virgil W. Newman, Administrative Officer, Internal Revenue Service, Brownwood, Texas, said today.

The IRS representative reminded that if you are under 65, reside in the United States, and had gross income of \$600 or more during 1961, you must file a federal income tax return.

If you are 65 or over on the last day of your tax year, you are not required to file a return unless you had a gross income of

\$1,200 or more during the year. American citizens residing abroad must file a return if they had gross income of \$600 or more (\$1,200 or more if 65 or over).

Military pay is taxable and this includes active duty, Armed Services academies, lump-sum payments upon separation or release from active duty (except disability severance pay). Also included as taxable are Naval Aviation College programs, reenlistment bonus, Reserve Officer Training Corps, and Reserve training.

Good news for veterans is that veterans' benefits paid by the Veterans Administration are exempt from tax.

Further information may be had by telephoning the IRS office.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASS'N.

HOME MEDICINE CHEST

Is your household properly equipped to handle minor illnesses and accidents? Probably not. Most of us would have to make a quick trip to the drug store to meet most minor family emergencies.

There are a few staple items that it would be well to include in your stock of medicine supplies. As listed in Today's Health, the magazine of the American Medical Association, these include:

Aspirin, to help get rid of headaches or the aches and pains accompanying a cold.

Calamine lotion for minor skin irritations, insect bites and the early stages of poison ivy.

A cough syrup containing soothing ingredients and no habit-forming drugs.

Petrolatum for chapped skin and superficial burns, cuts and bruises.

Adhesive bandages, roll bandages, sterile gauze pads and adhesive tape.

An oral thermometer and a rectal one for small children.

A bulk or mild saline laxative for occasional use.

Epsom salts and rubbing alcohol.

Sick room supplies such as hot water bottle, ice bag, vaporizer, enema bag, medicine droppers, tongue depressors, tweezers, scissors, a handy reference poison chart and a good first aid manual.

An antiseptic for wounds.

Don't brother with antiseptic for minor cuts. Hot water and soap will do a good job.

A final word of caution: Keep your medical supplies out of the reach of small children. The candy-coated aspirin are fine for children, but they also are tempting and children sometimes will eat the whole bottle of the small pills, with dire results.

There are other useful household medical supplies and equipment, but these listed here will handle most minor home ailments and injuries. Don't try to treat a more serious illness or injury yourself. Call your doctor.

FRESHMAN CLASS MEETING
 Lavanda Horner presided at our class meeting January 25. We received our third six weeks and mid-term report cards. We totaled up our grade point. There were six who made the honor roll and five on the mid-term.

We also elected Class Favorites. They were Barbara Baugom and Donald Makuta.

Mr. and Mrs. Jack Gage and Janet of Austin were weekend visitors with his mother, Mrs. J.

Jesse Williams Makes Statement To The Public

TO ALL RESIDENTS OF PRECINCT TWO

It is with humble pride that I again solicit your vote and support for Commissioner of our Precinct. First I would like to state a few words about my family and my qualifications as a candidate.

I am 43 years of age and have spent all my life in the county, and have lived more than thirty years in this precinct. I attended schools at Shields and Santa Anna and graduated from Santa Anna High School in 1935. I was married in 1939 and we have five children, all boys ranging in age from 9 to 19. Four of them are attending Santa Anna schools at this time. The oldest graduated from Santa Anna High School in 1960 and has been attending college at Tarleton State College in Stephenville.

I have received several diplomas from mechanical schools, and have spent most of my life handling or working on machinery, industrial as well as automotive and farm machinery. I have had more than 20 years experience in public work, much of this time working several men at a time. I feel I could select very competent men to handle the road machinery. This experience would be very helpful in holding down maintenance costs and expenses. I am very familiar with court proceedings in County Court, and feel that I could give you the fair, honest and aggressive representation you are entitled to.

I would try to administer the office as you people desire, and be able to stand for what I thought was fair and right for you, anytime the decision of a problem was left to me.

To those of you who supported me four years ago, I want to again say Thank You very much for your fine support. It was certainly appreciated, and I would appreciate yours as well as the rest of the voters support in the coming election. It has long been a sincere desire of mine to serve as your Commissioner, and if you feel you need or want a change in this office, I would like very much to serve you in this capacity.

I feel that much improving can be done to our school bus and mail routes, and that a well planned program of improvement could give every person in the precinct an all weather outlet to the paved roads. This is something that everyone is entitled to, in this time of fast, low automobiles, with a high cost and high upkeep.

Proper maintenance of road beds, road ditches, drainage and brush clearance, hard work plus proper management of available funds to prevent further taxation, would be my goal. If elected I would devote all the time required to gain new Farm to Market Roads, and to fulfill the obligation to each individual of this precinct. The choice most certainly is yours.
 Truly your friend,
 JESSE WILLIAMS

ADDITIONS TO HONOR ROLL
 Two names have been added to the high school honor roll since it was published last week. They are: Linda Robinett, freshman; and Kay Haynes, sophomore.

FISH WITH TEETH
 Recently Mr. and Mrs. P. S. Jackson of Las Vegas, Nev. (the former Roxie Lane) visited in Santa Anna and while here visited The News Office. They were on their way to the Gulf for a few days fishing.
 While here they were shown a copy of the fish story we published last September and got a big kick from it.

On their return this week, Mrs. Jackson gave Mrs. Gregg two fish they caught in the Gulf, both them having teeth, which is the first time for either of us to see such a thing.
 We live and learn!

Eddie Jones Enters 8 Lambs In Houston Show

Eddie Jones of Santa Anna, son of Rev. and Mrs. Raymond Jones, has entered eight Fat Lambs in the Junior Division in the 1962 Houston Livestock Show & Rodeo.

Dates of the show are February 21 through March 4.

The 30th annual livestock exposition promises to be one of the finest ever with more participants than in any previous year.

Family Nights, Girls' Barrel Races, and sales of Appaloosa horses and Brahman breeding cattle will be new to the show.

Opening night, February 21, and Monday night, February 26, have been designated Family Nights when children 12 years old and under will be admitted to the rodeo at 1/2 price when accompanied by adults.

The parade date is changed from the traditional opening Wednesday to 10:00 a.m. on Thursday, February 22, to accommodate school children celebrating George Washington's Birthday.

Rex Allen, "Mr. Cowboy", and his beautiful horse KOKO will be the star attraction of the R. C. A. approved rodeo. Allen was an overnight success when he appeared for the first time in the Houston arena last year.

Other features will be June Terry, Houston musical comedy singing star, the Lone Star Stagecoach Pony Hitch, and Girls' Barrel Racing.

ALL of the 1961 Champion Cowboys are expected to compete.

Approximately 5,500 livestock entries from 31 states will compete for \$140,000 in premiums.

The livestock show will consist of eight beef breeds, three dairy breeds, four horse breeds, 10 sheep breeds and market rabbits.

New to the Houston show will be a sale of Appaloosa horses and of Brahman cattle. Other breed sales include Aberdeen-Angus, Herefords, Santa Gertrudis, Charlais and Shorthorn cattle and Quarter horses.

The world's largest calf scramble contest will award, 210 Texas 4-H and FFA boys with certificates for calves amounting to a total of \$36,500.

February 24 is 4-H Club day and March 3 is FFA and FHA day.

Pedro Mambiolo, minister of agriculture of Guatemala, will be one of the distinguished international guests of the show. He will bring a native Marimba band to entertain at the show.

Rodeo tickets are available by mail order by writing the Ticket Director, Houston Livestock Show & Rodeo, 3005 Louisiana, Houston 6, Texas.

RURAL YOUTH HONORED

Four boys and girls representing the major rural youth organizations in the nation were honored for their outstanding achievements during the Fifteenth Annual Luncheon sponsored by The Cattleman magazine in Fort Worth, Monday, January 29.

The honorees were Linda Rosenkranz of Bryan, Texas; Dick Plank of Hereford, Texas, both of whom are 4-H Club members; Sue Greenway of Stephenville, Texas, a Future Homemaker of America; and James Morris of Anahuac, Texas, president of the Future Farmers of America.

Each was presented a leather plaque by the Texas and Southwestern Cattle Raisers Association. The plaques were presented by Dolph Briscoe, Jr. of Uvalde, TSCRA president.

In presenting the plaques, Briscoe paid tribute to the organizations which the young people represented and complimented the recipients on their achievement.

James J. Rowley, Chief, United States Secret Service, was the luncheon speaker, and he emphasized the importance of the nation's youth to the future of the country.

Each of the youngsters who were honored have made outstanding records as leaders in their respective organizations and in their communities.

The Cattleman magazine is published by the Texas and Southwestern Cattle Raisers Association. Henry Biederman, editor, was master of ceremonies at the luncheon.

WHO MUST FILE A 1961 RETURN

Requirements for filing federal income tax returns for 1961 were announced here today by Ellis Campbell, Jr., District Director of Internal Revenue Service, Dallas.

Briefly — "most people with \$600 or more of gross income for 1961 must file a return with Uncle Sam," the director said.

Every citizen or resident of the U. S. A. — whether adult or minor who had \$500 or more gross income in 1961 must file; if 85 or over, \$1,200 or more.

"However," the IRS representative continued, "if you're self-employed, you file a return if your self-employment income

was \$400 or more, even though your gross income was less than \$600."

He added this timely tip: A person with income of less than these amounts should file a '61 return to get a refund if tax was withheld.

Area taxpayers are urged to file their returns for '61 with their IRS District Director as soon after January 1, 1962, as possible.

"Although the filing deadline is April 15, those who wait until the last minute find it more difficult to get technical help the nearer the final day approaches."

"Also," the Director said, "last minute income tax filers make more costly errors in their returns."

Check or money orders for any tax due should be clipped, not stapled, to the return and should be made payable to the "Internal Revenue Service."

Taxpayers with technical problems may have them solved by phoning IRS at MILTON 2-7839, or by visiting their office at the Citizens National Bank Bldg., Brownwood.

Special taxpayers assistance day is every Monday morning.

Revision Proposed For U. S. Standards For Grain Sorghum

College Station—Because of the change in character of the grain sorghum crop due to the adoption of new varieties, the U. S. Department of Agriculture has announced a proposal to revise the Official Grain Standards of the United States for grain sorghum.

The proposed changes include the elimination of the class Red Grain Sorghums and all the subclasses in the classes of Yellow Grain and White Grain Sorghums. Since the new varieties and hybrids are heavier than the old ones, it is proposed that the testweight per bushel be raised from 55 to 58 pounds for No. 1, from 53 to 56 for No. 2, from 51 to 54 for No. 3 and from 49 to 51 for No. 4.

Also, in order to provide for better keeping quality, a proposal has been made to lower moisture content from 14 to 13 percent for No. 1, from 15 to 14 for No. 2 and from 16 to 15 for No. 3. It is also proposed to eliminate dockage and substitute a factor for fine foreign material in the grade table. Alternative proposals provide for dockage as now applied and a special grade "Tough" instead of moisture as a grading factor.

Informal public hearings to consider these proposals have been scheduled for Lubbock on January 29 at 1:30 p. m. in the MacKenzie Terrace, 407 E. Broadway and January 31 at 9:30 a. m., Continental Hotel, Kansas City, Missouri.

Interested persons may also submit written data, views or

arguments to the Director, Grain Division, Agricultural Marketing Service, U. S. Department of Agriculture, Washington 25, D. C. not later than February 15, 1962.

The proposals are scheduled to appear in the January 13 Federal Register. Copies will be available from the AMS Grain Division.

Support Price Levels Announced For Texas Crops

College Station — Price support levels for 1962 crops of cotton, peanuts, rice and honey have been announced by Secretary of Agriculture Orville L. Freeman.

The minimum national average support price for upland cotton will be 31.88 cents per pound, gross weight, the same as last year. This reflects approximately 32 percent of the current parity price. For extra long staple cotton, the price will be 53.17 cents per pound, net weight, and 65 percent of current parity price.

In the event the minimum level of support for upland or extra long staple as required by law on the basis of parity as of the beginning of the marketing year is higher than the level announced, the level of support will be increased accordingly, the secretary said.

The minimum national average support price for peanuts will be \$221 per ton, the same as for 1961 and it reflects 85 percent of parity price on January 1.

The support level for rice was set at the same level as 1961, \$4.71 per hundredweight.

The support price for honey was set at 11.2 cents a pound. The same as the 1961 rate but substantially above the 1960 level, and reflects 74 percent of the January 1962 parity price adjusted to a 60-pound container basis. The support announced applies to honey marketed during the 1962 season, which begins on April 1.

The David Hunter family of Abilene spent the weekend with their parents, Mr. and Mrs. Jim Dunn and Mrs. Ora Hunter.

Mrs. R. L. Todd went to Texarkana Sunday morning to be at the bedside of a niece who is critically ill.

Self Culture Club Meeting

A program on home decoration was given when the Self Culture Club met in the Grade School auditorium last Friday. Members of the P-TA were special guests of the club, and other guests were also present.

Slides on Do-It-Yourself decoration, designed by the Celanese Corporation of America, were shown by Mrs. C. D. Bruce. The commentary was given by Mrs. Tom Kingsbery. A dress length of blue celanese material given as a door prize was won by Mrs. Carl Ashmore.

Mrs. Aubrey Parker was welcomed as a new member. Plans were made for an International Tea in the home of Mrs. Bruce on February 9, with a foreign exchange student from Howard Payne University to be guest speaker. Mrs. Kingsbery and Mrs. Lyndon Haynes will assist the hostesses.

Memberships for the City Library were solicited, an annual card costing \$1.00, and all citizens are asked to buy memberships, allowing them the facilities of the Library for a year.

Forty-three women were present.

GOMEZ-RAMIREZ VOWS EXCHANGED

Miss Lupe Torres Gomez and Florentina Valenciano Ramirez were united in marriage Sunday with the Rev. Bruce Hornell reading the single ring ceremony at the home of the bride's parents, Mr. and Mrs. Jesse Gomez, near Rockwood.

The bride was attired in a bridal white, lace and net dress with a full, tiered floor-length skirt with a lace bodice and three-quarters length sleeves. Her net hip-length veil was attached to a flowered tiara. She wore a pearl necklace and pearl earrings and carried a white bridal bouquet.

Mr. Margarito Luera was best man and Mrs. Luera matron of honor, wore a white lace dress. Miss Rosa Luera, bride's maid, wore a white lace dress over pink.

The couple will make their home on the Carl Buttry farm where Mr. Ramirez is employed.

The real name of S. S. Van Dine, famous mystery writer, is Willard Huntington Wright.

Plaster of Paris was originally manufactured near Paris, France.

HISTORY OF WILLS

Courts see that your intention or "will" as to property is carried out after you die. Before then you may revoke or change it at any time.

The passing of property to heirs is one of man's oldest transactions. As far back as the Egyptian, Assyrian and Jewish civilizations, we have wills written and witnessed on papyrus, clay tablets, etc. In one will an early testator left some of his property to his wife and named a guardian for his children.

The Hammurabi code (2100 B. C.) permitted a father by deed to favor his son.

Under early Roman law the head of a house could tell the patrician assembly his wishes, but later Roman law favored a written will to keep the testator's plans secret until death. It also favored having a firm record of his wishes, not resting on memory.

By 2100 A.D. England, where we got our law of wills, was quite well advanced. The church courts (like our probate courts) supervised disposition of property according to a "testament" of how the testator wanted his property to go.

Church courts supervised personal property (movables like armor or personal effects); land was passed on by wills which the king's court handled. Hence today we speak of "last will and testament" since English courts came to pass on both real and personal property, so that one court could handle the whole estate.

English church courts had "executors" who carried out one's testament. To die "intestate" (without a testament) was almost like dying unconfessed. Sometimes the church in the interests of a man's soul could give some of the man's goods to others besides his family. Then, as now, some property had to be left to the surviving wife and children.

By the time of the American colonies, the laws were well settled, and law courts, rather than church courts, administered and distributed estates here.

ROCKWOOD WMS REGULAR MEETING

The Woman's Missionary Society met at the Rockwood Baptist Church Monday afternoon, in Bible study, discussing "Sharing My Saviour with College Students," under direction of Mrs. R. J. Deal. "Send the Light" was the opening song, with Mrs. Deal at the piano. Mrs. Bill Bryan gave the prayer, Mrs. David Morrison dismissed with a prayer.

Members present were Mrs. Morrison, Mrs. A. L. King, Mrs. Ray Caldwell, Mrs. Deal, Mrs. Henry Smith and Mrs. Bill Bryan.

The WMS will have a Valentine supper at the Community Center Monday, February 5, at 6:30 p. m. Hostesses are Mrs. R. J. Deal, Mrs. Walter Yancy and Mrs. David Morrison.

3,471 New Cases Of TB Found in Texas Last Year

Last year, 3,471 Texans were found with newly discovered cases of TB. About 2,400 of their neighbors were already receiving treatment in Texas' five state TB hospitals.

Other Texans have TB and don't know it, and they are unwittingly spreading this contagious disease. Health authorities know there are unknown cases about because of those found infected by the TB germ whenever a tuberculin testing survey is had.

Until these walking reservoirs of infection are found and adequately treated, TB will continue to be a menace in this community and state and nation.

The drop in the death rate from TB has indeed been dramatic. Only 30 years ago the death rate for the U. S. was 71 per hundred thousand of population. Today it is seven. A drop of more than 90 percent.

It is time we shifted our attention from the dead to those who are alive and suffering from active TB. The number of people ill with TB has dropped only 64 percent.

Your TB association does everything it can to see that TB patients are found and properly treated. Sometimes this gets the association into the business of finding new cases of active disease — tuberculin tests and

Game Warden School Opens

Austin — Classes in the game warden school at Texas A&M College began Jan. 26. It has been announced by H. D. Dodson, executive secretary of the Game and Fish Commission.

There will be 40 carefully selected trainees enrolled for courses in this school. The session will end June 1st.

This training is now required of all game wardens entering the service. The school was started in 1946, and practically all present game wardens have attended the school.

Courses are provided in every phase of the department activities. Not only are the wardens drilled in principle of law enforcement; they are given instruction in conservation, wildlife and fisheries management, information and education, safety and all other activities in

which they are expected to participate.

After completion of their courses, the new game wardens will be assigned to their stations over the state.

RECOGNITION FOR AGRICULTURE — Texas Governor Price Daniel recently signed a proclamation designating Feb. 4-10 as 'Farm Bureau Week' in Texas. County Farm Bureaus over the state will be conducting membership drives during the special week in their effort to reach a new state record membership for the tenth consecutive year. In his proclamation, Gov. Daniel described agriculture as "vital to the economic well-being of our State and Nation," and pointed out that more than one-third of all Texans derive their livelihood directly or indirectly from agriculture. Present at the signing of the proclamation were, left to right above, Millard Shivers of Waco, Texas Farm Bureau organization director; the Governor; Anita Louise Koop of Edna, Texas Farm Bureau queen; and J. H. West of Bishop, president of the state farm organization.

THE AMERICAN WAY

MEDDLING WORKS TWO WAYS

By Rosalie M. Gordon

(Editor's Note: Rosalie M. Gordon is editor of All-American Books, All-American Book Digest and America's Future.)

The snarls into which the United States is getting itself as a result of its involvement in the United Nations are multiplying so fast that it's hard to keep track of them. And, as many troubled Americans are now realizing, if we do not stop, take stock, and disentangle ourselves from the UN, we may wake up one day to find that some of our most precious rights have been abrogated by that busybody organization.

A recent episode involving South Africa — one which got very little publicity — is a good example of what is in store for

us. The government of South Africa is controlled by the descendants of white Dutch pioneers who settled the country and built it to its present eminence. The South African government has an internal policy of racial segregation. We are not called upon to approve such a policy; Americans as individuals can condemn it to their heart's content. But any fair-minded American must admit that the policy is strictly the business of South Africa, just as American internal policies are strictly the business of citizens of the United States.

South Africa, like the United States, is a member of the UN. Also enjoying membership is a big batch of new African nations. These new African nations are gunning for South Africa's head. They want to throw her out of the UN because of her policy of racial segregation. Some of these new African nations do not come into court with clean hands — they themselves practice racial discrimination in reverse. That is, their black leaders are as prejudiced against whites, if not more so, as the white South Africans are against blacks. In fact, some of these new African leaders even practice discrimination against certain groups of their own people because they belong to a different tribe. But because these new partially savage African nations now hold the balance of power in the UN, a great, free nation like the United States feels it must appease them. So while we opposed their move to throw South Africa out of the UN, we indicated approval of a move to urge all governments to take "separate and collective action" to get South Africa to end its policy.

That, of course, puts us squarely in the role of an international busybody interfering in the internal affairs of another nation. But much more seriously it puts us directly in the path of that old but nonetheless true saying that "what's sauce for the goose is sauce for the gander." This is not a one-way street. Look at another side of this dangerous meddling. One of our established policies, and a jealously guarded right is freedom of the press. But there are nations in the world which do not consider a free press either a good thing or a wise national policy. This applies, of course, to all the communist countries but also to some countries outside the communist orbit. But while we deplore a government-owned or controlled press, we understand that this is the internal business of the nations involved and that it can be changed or corrected only by their own people.

But suppose one of these nations, or a group of them, decides that the free press in America is a danger to "world tranquility" or "world peace" — that our newspapers stir up world tensions by reporting the truth. Suppose these nations propose a resolution in the UN to censure the United States, or to eject us from the UN, or to gang up on us to force us to do away with our free press. How do we fight such a move when we ourselves have joined in an effort in the UN to dictate the internal policy of another nation like South Africa?

Oh, but you say, how can you couple a good thing like a free press with a bad thing like racial segregation? That is not the

TSA PREDICTS MORE WINTER WEATHER

The lowly groundhog may or may not see his shadow on February 2nd. Traditionally this little animal is the mascot of amateur weather forecasters.

"I'll stick my own neck out and say right now that we'll still have at least another six weeks of occasionally severe winter weather hazards," J. O. Musick, General Manager of the Texas Safety Association, said today.

"From experience covering a good many years, we can predict with fair certainty that motorists will experience some rough days and nights of winter driving for some weeks to come," he declared.

"It's much too early to contemplate now the joys of care-free spring driving," he added. "Winter is too much with us yet, and it behooves every motor vehicle owner to keep his automobile in tip-top shape for all kinds of weather, including sleet storms and blizzards."

He particularly recommended giving a late-winter check-up to the condition of reinforced tire chains, which may have worn smooth if the owner has allowed them to remain in use for many miles on bare pavement after initially using them to get over icy or snow-packed stretches of roadway.

"Many wise drivers and companies operating fleets of vehicles require reinforced tire chains to be carried for use when severe winter conditions develop," he pointed out. "When the chains are needed, they must be in good shape so they will provide the traction for which they were created."

A late-winter checkup of all vital winter equipment is in order at this time of year, he concluded. Special attention should be given lights, brakes, defroster, windshield wipers and tires. "Today's inspection guarantees tomorrow's protection."

New Farm Road Bill Will Expand F-M Road System

Austin — The Texas Highway Commission today praised the new Farm to Market Road Bill as a "constructive piece of legislation" and announced that the bill will pave the way for an eventual 15,000 mile increase in total Farm Road mileage in the State.

Governor Price Daniel signed the Farm to Market Road Bill into law Jan. 26th.

"The establishment by the Legislature, through this legis-

lation, of a longrange maintenance program for Farm Roads will make increased new mileage possible," said Herbert C. Petry, Jr., chairman of the Highway Commission. "The Texas Highway Commission," he said, "has this day passed a Commission Minute Order expanding the objective of the Department from the present 35,000 mile system of Farm to Market Roads to a 50,000 mile system." It was pointed out that this is in accordance with the agreement made by the Highway Commission to all of the interested road development groups to coordinate with the new legislation. "The increased mileage will be developed over a period of years, logically balanced among the various areas of the State," Petry said. "Such a system of roads will be selected for the over-all benefit of the road system and the areas involved and with the objective of developing all areas of the State up to the 50,000 mile system as uniformly as possible."

A total of 34,294 miles of Farm

to Market Roads have already been designated.

"We are confident that we can secure under the new Farm to Market Road Bill more miles of newly designed Farm Roads than we have been getting in recent years," he said.

Chairman Petry added, "This new action of the Legislature will have the effect of relieving the growing pressure on the funds available for Primary Highways and urban traffic facilities. These funds have heretofore borne the total burden of maintenance of the Farm to Market Roads. The new law provides a separate maintenance

program for these roads, thereby relieving the tensions on the Primary Highway Fund, in which a deficiency has long prevailed."

Speaking for the Highway Commission, Petry expressed gratitude to the Members of the Texas Legislature "for the confidence they have displayed in the Highway Department in the passage of this legislation."

**Santa Anna Night
To Be Observed In
Brownwood Feb. 6th**

On Tuesday, February 6, the Brownwood Civic Music Association will present concert artists, Archer and Gile. According to Mrs. Arthur Turner, a member of the Advisory Board of Directors for the Brownwood Association, the February 6 performance is to be "Santa Anna night." Residents of Santa Anna will be admitted, as guest of the Association, by registering at the door.

Frances Archer and Beverly Gile hold a unique place in the music world today. By bringing to the concert stage a program based on authentic melodies from many lands, sung in the original languages, and given extra warmth and interest, by their own special arrangements, they transport their audiences to far global corners and to times past and present. Their soprano and contralto voices compliment each other to perfection, and their delightful artistry combines musicianship, personality and stylish presentation that means success wherever they appear.

Among the most in demand of concert artists, Misses Archer and Gile have been acclaimed by audiences of New York's Town Hall, Mexico City's Palacio de Bellas Artes, the Concertgebouw of Amsterdam, and the Royal Festival Hall of London.

The concert time is 8:00 p. m. in the Brownwood High School Auditorium.
