VOLUME LXXVI

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MARCH 2, 1962

NUMBER 9

BY A DECISIVE MAJORITY of 114 votes the House last week put the quietus on the controversial Presidential move to create a new Department of Urban Affairs. I joined with 18 other Texans in voting against the proposal. Two Texans — Albert Thomas of Houston and Henry Gonzales of San Antonio — voted for it.

Many valid objections were raised to the new agency. Designed to accelerate the flow of federal funds to the cities to be used in solving their housing, transportation, welfare and other local problems, its approval would undoubtedly have been a tough break for the American taxpayer.

A NEW QUESTIONNAIRE, covering a variety of current issues, is being sent to all residents of the 21st Congressional district. Twenty-four questions are included, ranging from foreign aid to unemployment benefits. Based upon prior experience, it is believed the results of this test will provide a fairly accurate barometer of public opinion in our district, on the issues covered. Your cooperation is earnestly solicited.

The questionnaire technique for finding out what the people are thinking is now employed by many Congressmen and Senators. I initiated the practice in the House several years ago, and others picked it up. The results provide a valuable source of information regarding public interest and public reaction to legislation pending before the Congress. And the tests generate many interesting and useful comments.

It costs me, out of my own pocket, close to \$1,000 to send these questionnaires out. But I feel it is worth every cent of it and then some, to thus encourage public interest and participation in the affairs of government, with the resulting benefits.

DAN AULD of Kerrville has made a valuable contribution to Congressional hearings on a bill to prohibit the killing of the golden eagle. In a letter to Secretary of Interior Udall, a copy of which I had inserted in the printed hearings of the bill, Auld provided expert and convincing argument why it is in the public interest to destroy, rather than preserve, this predatory bird.

A known killer of new-born lambs, kids and fawn, the Kerrville authority described the eagle, and he based his views upon years of actual experience and observation as a hunter and practical ranchman. I joined with Auld in urging the defeat of the proposal.

John L. Burden Buried Here Friday Afternoon

Funeral services for John L. Burden, 75, were held in the Stevens Memorial Chapel in Coleman Friday, Feb. 23, at 2:00 p. m. Burial was in the Santa Anna Cemetery, under the direction of Stevens Funeral Home. Mr. Burden died at 9:50 p. m. Wednesday, Feb. 21, in the Hendricks Memorial Hospital in Abilene. He was struck by a car Saturday, Feb. 17, as he was crossing a street in Coleman. He was carried to the Coleman hospital and later transferred to the Abilene hospital.

Mr. Burden was born in Lee County, Texas, September 18, 1886 and moved to Coleman Co. in 1903. He made his home in Santa Anna for many years. He was a retired construction worker and a member of the Church of Christ.

Survivors include one brother, Homer Burden of Santa Anna; one sister, Mrs. E. J. Boardman of Lamesa; one daughter-in-law and three grandchildren.

FOUNTAIN OF YOUTH
A fountain of youth has finally been discovered, but unfortunately it's just for baby chicks and mice. Experimenters say they have "suspended" week-old chicks at that level of physiological development for six to nine months without affecting normal health or behavior. Trick is to properly juggle the amino acid balance of their diets. Using this method, the scientists say they have doubled the life span of mice.

Beef Cattle Short Course For Adult Farmers

WILLIAM M. OLIVER

A beef cattle short course for adult farmers will be held March 12 thru 16 under the sponsorship of the Santa Anna High School Vocational Agriculture Department, according to Mr. Cullen N. Perry, Superintendent and Mr. A. D. Pettit, teacher of vocational agriculture.

Mr. William M. Oliver, beef cattle specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Husbandry at Texas A & M College with headquarters at A & M College will be the instructor in the course.

Mr. Oliver holds two degrees in Agricultural Education from Texas A & M College. Much of his college work in technical agriculture has been in the fields of Animal Husbandry, Range Management and Agronomy. As a Vocational Agriculture Teacher, he was very popular and has a wide and varied experience in training livestock and meat judging teams in the State and National FFA Judging Contests. Two of these teams won their respective contests in the National FFA judging contests. Mr. Oliver has worked closely with registered breeders, commercial cattlemen and vocational agriculture students in the field of beef cattle production.

"Many beef cattle short courses in various parts of the state have been taught by Mr. Oliver and all have met with outstanding success," according to J. B. Payne, area supervisor of vocational agriculture, Stephenville, Texas. Arrangements for the adult education short course in beef cattle and in other fields are made through Mr. Payne's office.

The short course at Santa Anna is scheduled to begin March 12 at 7:30 p. m. in the vocational agriculture building. Other meetings in the series of five will be held through the week. During the dates the short course is in progress, Mr. Oliver will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Mr. Pettit.

Cattlemen interested in attending the short course should write or call the superintendent of schools, Mr. Cullen N. Perry, or the teacher of vocational agriculture, Mr. A. D. Pettit. An entry fee of \$2.00 will be charged. Beef Cattle Short Course Certificates are to be presented to each cattlemen who attends all the training sessions.

Mr. Oliver states that the field of beef cattle production must take a close look at efficiency of production in the future. With land prices, feed and taxes rising the producer is meeting more and more competition for the consumers dollar at the meat counter. From the economic view of the beef cattle business, there is every indication that in comparing the producer of yesterday and the producer of tomorrow, beef must be produced to a point of maximum profit making business. Mr. Oliver indicates that the beef cattle short course will deal with the methods of producing beef at a lower cost and the ways of producing the kind of beef that the housewife wants to buy. He also states that the course will include such very important fields as the meat type steer, selecting bulls and replacement heifers, proper range use, supplemental winter feeding and will be adapted to the wishes and interests of the farmers and ranchers enrolled.

Short courses in beef cattle, as well as in other areas, are now available to farmers through

School Board Filing Deadline Is March 7th

The filing deadline for persons wishing to have their names printed on the Official Ballot for election to the Santa Anna Independent School District Board of Trustees is 5:00 p. m. Wednesday, March 7. All names must be filed with the County Judge in Coleman.

Applications for putting your name on the ballot are available at the school office in the high school.

The terms of Catherine Markland, J. W. McClellan and Tom Stewardson expire this year. Other members of the board are William Brown, Tony Rehm, Barbara Kingsbery and Grady McIver.

Tom Stewardson has indicated that he will seek re-election. Both Mrs. Markland and Mr. McClellan have indicated they may not seek re-election.

Early this week no announcement had been received of any names being filed for places on the ballot.

Fred Murray Elected Head of Local Hospital

Fred Murray was re-elected as Administrator of the Santa Anna Hospital at a recent meeting held on the campus of Southwestern Junior College, Keene, Texas. Other elections affecting the hospital were: B. E. Leach, Chairman, Fort Worth; J. W. L. Elyans, Medical Secretary, Fort Worth. Board members elected were O. J. Bell, Dr. G. A. King, C. W. Skantz, all of Fort Worth; H. W. Klaser, Dallas; Dr. Charles M. Henner, Dallas; Altus Hayes, Keene; Dr. Dale Whitcomb, Grand Prairie; Dr. James Kegley, Santa Anna; Marion Smith and Henry Baron, Brownwood.

Mr. Leach said, "I believe this Board will prove to be the strongest and most helpful of any the Santa Anna Hospital has ever had, and I feel confident that the future of the Santa Anna Hospital is more promising now than at any time since it has been my privilege to be chairman of the board."

At the first meeting of the new board, held Feb. 15 in Fort Worth, three physicians made written application to be on the active medical staff. They were Dr. G. A. King, physician and surgeon of Fort Worth; Dr. C. M. Henner, physician and surgeon of Dallas; and Dr. James Kegley, physician and surgeon of Santa Anna. The applications were approved and accepted. Dr. Donald Casebolt and Dr. Herbert Westphal, both of Menard, were granted staff privileges. Dr. Kegley was appointed Chief of Staff, Dr. Henner was appointed Chairman of the Credentials Committee, and Dr. King was voted as Secretary of the Medical Staff.

Mr. Leach expressed his appreciation to all the doctors who had contributed their time and energy in helping to keep the Santa Anna Hospital operating the past few years. In a recent interview he said he was confident that the hospital would continue to operate for the benefit of the citizens of this area. He expressed a desire to see improvements made at the hospital and said a committee was at work at this time, preparing a list of improvements to be recommended to the board. This committee's report is due to be completed in about two months.

Throughout the state under the cooperative program between the Texas Education Agency and Texas A & M College," stated Bob Craig, associate professor, Department of Agricultural Education at Texas A & M College, who coordinates the program for Texas A & M.

"This cooperative program," states Craig, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef cattle, insect control, farm management, farm electrification, farm welding, swine production, tractor maintenance and dairy cattle.

Santa Anna Wins Track Meet At Baird Friday

The Santa Anna track and field team won the six-man practice meet held at Baird Friday afternoon. Tommy Stewardson paced the Mountaineers with two first place victories, winning the 120-yard high hurdles in 16.1 and the high jump with a leap of 5-9. Randy Brown won the 440-yard dash in 54.1. Tinker Dockery won the 220-yard dash in 23.2.

Santa Anna took a total of 114 1/2 points. Cisco was second with 105 points; host Baird was third with 87 5/6 points. Bangs totaled 71 points, Wylie took 67 1/2 points and Hamlin took 25 1/2 points.

The Santa Anna boys will go to Mason Saturday to enter the Hill Country Relays, where a large number of teams are entered.

Filing Deadline For City Places Set Monday, March 5th

Monday, March 5, at 5:00 p. m. is the deadline for those wishing to seek places on the City Council, to file their names with the City Secretary at the City Hall. The City Election will be held at the City Hall Tuesday, April 3rd. Joe Baker has been named Election Judge and is to select his help.

The terms of Kenneth Bowker, Jr., O. A. Etheredge and Ben W. Yarborough expire this year.

Lewis Miles Guthrie was appointed in the place of Ozro Eubank, deceased, until the regular election time. Thus, there will be three Councilmen elected for a two year period and one elected for a one-year period.

Those filing their names for places on the ballot will indicate which term they are seeking.

Mayor W. Ford Barnes and Councilman Doug Moore will be the carry-over members of the Council. None of those whose terms expire have indicated their intentions to seek re-election by filing their names as yet.

Essay Contest Offered Texas Senior Students

Austin — The Texas Good Roads Association announced it will sponsor a \$400 Scholarship Essay Contest for senior students in Texas high schools as part of the observance of National Highway Week (May 20-26).

Callan Graham of Austin, executive vice president of the association, said the contest will "encourage more widespread understanding of the benefits of better highways to our state" and will reward winning students with the following prizes:

First place — a \$250 scholarship to the college or university of the student's choice, plus an expense-paid trip to Austin for the student and parent or guardian to receive the award.

Second place — a \$100 scholarship.

Third place — a \$50 scholarship.

Funds for the three winning scholarships have been set aside in an Austin bank. Honorable Mention certificates will also be awarded to worthy essays.

The contest is limited to seniors in Texas high schools. Entrants must use the title, "What Better Highways Mean to My Community," and limit the essay to 500 words or less. Entries must be mailed by April 30 to the Texas Good Roads Association, Suite One, Perry-Brooks Building, Austin, Texas.

Graham said information on the contest is being forwarded to school superintendents and high school principals, and that anyone desiring information may also write to the T. G. R. A. in the Perry-Brooks Building, Austin, Texas.

The sponsoring association has for half-a-century been a non-profit, non-partisan citizens group devoted to the encouragement of sound highway policies and good highways.

Mr. and Mrs. O. L. Cheaney returned home early this week from a visit in Phoenix, Arizona, with their son, Bobby Joe.

GO TO CHURCH SUNDAY

Public Schools Weeks Program

The annual Public Schools Week will be observed Monday through Thursday of next week. Friday will be a holiday for all the local students, as the teachers will be attending the district teachers meeting in San Angelo Thursday night and Friday.

Supt. Cullen N. Perry extended an invitation to everyone interested in the Santa Anna Schools to visit them sometime during the four-day period. Mr.

MARCH 3-10 4-H WEEK IN TEXAS AND NATION

College Station — March 3-10 has been designated as 4-H Club Week in Texas. The same week will be observed across the nation as National 4-H Club Week.

In his official proclamation covering the weeklong observance, Governor Price Daniel said, "The development of citizens and leaders for America is a high purpose in 4-H Club work."

"The 4-H program stresses the development of head, heart, hands and health as well as teaching the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States government in 1914, the movement has spread across our nation and established bridges of understanding to more than 50 foreign countries. 4-H Club members learn by conducting result demonstrations and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities."

"Voluntary adult leaders working with the club members provide a key to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The Agricultural Extension Service of the A&M College of Texas, through county extension agents, directs the 4-H Club program."

"Any boy or girl from ages nine to twenty-one can take part in 4-H Club work. The opportunities offered to 4-H members to grow in citizenship, leadership and practical skills are especially valuable to them, to the State and Nation. 4-H Clubs are a proving ground for the training of future leaders."

"Therefore, I, as Governor of Texas, do hereby designate the week of March 3-10, 1962, as 4-H Club Week in Texas."

Special events and programs are being planned by both community and county 4-M organizations throughout Texas and the nation, as practical demonstrations of 4-H in action. Interested persons, especially youth, have a special invitation to attend a 4-H meeting during the week in order to learn more about the organization.

March of Dimes Continues Growth

Slowly but surely the annual March of Dimes continues to grow toward the \$600 goal set in January. A check this week for \$1500 left at the Santa Anna National Bank brings the total for the drive to \$554.82.

We are now less than \$50 short of the goal. With the help of a few who have not contributed to the drive that does so much for humanity, the goal can be met. Won't you make your contribution now — and help bring the drive to a close.

Mail Ballot Elects C of C Directors

Five new directors for the Community Chamber of Commerce were elected last week by mail ballot. New directors are: O. L. Cheaney, John C. Gregg, Walter Holt, Bill Griffin and C. F. Campbell. Doug Moore was elected to fill out the unexpired term of Ozro Eubank, deceased.

Each of the new directors will serve a term of two years. Hold-over directors, who will serve for one more year, are: Norman Hosch, Roy Horne, Cullen N. Perry, L. A. Welch and W. R. Mulroy. John C. Gregg, Walter Holt, Bill Griffin and C. F. Campbell were elected at the first meeting of the new directors.

Perry said, "Visitors are invited to attend any class they care to attend. The work in the classroom will proceed as it normally does with no time out to greet the visitor, except to see that they are seated and comfortable." This is being done in order for the visitor to see the work being done in the classroom.

Mr. Perry also extended an invitation to everyone to visit the lunchroom during Public Schools Week. He requested those planning to visit the lunchroom to notify the school at least 24 hours in advance of the visit, in order for the lunchroom personnel to prepare for as near the correct number as possible. Visitors will be expected to pay for their meal.

Parents of children in the elementary school are requested to visit the lunchroom on the following schedule: Monday, parents of students in the First and Second Grades; Tuesday, parents of students in the Third and Fourth Grades; Wednesday, parents of students in the Fifth and Sixth Grades; Thursday, parents of students in the Seventh and Eighth Grades. Other visitors, including visitors who have children in the high school, may select the day they wish to visit the lunchroom, but all are urged to give the lunchroom at least 24 hours notice of your intention to visit there.

The annual musical program, presented by the band and choral club, will be presented in the high school auditorium Tuesday, March 6, beginning at 7:00 p. m. There will be no charge of admission and everyone is invited to attend.

Classroom Schedule

Following is a complete schedule of each teacher in the Junior High and Senior High schools. All grades below the Sixth are all taught by the same teacher and students remain in the same room. Visitors are invited to select the classes they wish to visit from this schedule:

JUNIOR HIGH

8:30 to 9:20 a. m.
Gray, 8th Science
Dodson, 7th History
T. K. Martin, 6-B Arithmetic
Davenport, 7-A Spelling
G. Martin, 6-A English
9:20 to 10:10 a. m.
Harris, 7-B Arithmetic
Gray, 6-B Science
Dodson, 8th Geography
Davenport, 6-A Reading
G. Martin, 7-A Reading
10:10 to 10:15 — Break
10:15 to 11:05 a. m.
Harris, 8th Arithmetic
Gray, 6-A Science
Dodson, 7-B History
Davenport, 7-B Spelling
G. Martin, 6-B English
11:05 to 11:53 a. m.
Harris, Lunchroom
Gray, Study Hall
Dodson, Library
T. K. Martin, Junior Band
Davenport, Study Hall
G. Martin, Music
11:53 to 12:35 — NOON
12:35 to 1:20 p. m.
Gray, Physical Ed.
T. K. Martin, Beginners Band

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

MARCH 2
Warren Bruce Wallace
H. D. Speck
A. A. Bartrand

MARCH 4
Walter Holt
Edna Lee Craig

MARCH 5
Cynthia Dorrez
Mrs. G. E. Morgan
T. Wayne Horton, Houston
Eddie Jones

MARCH 6
Mrs. Earl Irick, Jr.
Mrs. Doris Griffin

MARCH 7
Raymond L. Jackson Jr., New Bedford, Mass.
Bill Price

MARCH 8
Mrs. J. J. Horner

Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between March 9th and March 15th.

AMERICANS FOR SOCIALISM

The foundations of our Constitutional government are being steadily nibbled away by super-politicians (not super-patriots) who often call themselves Americans and claim that what they are doing is "democratic" action. The present smoke screen comprising a broad attack upon

the conservative elements in our country serves to advance their real purposes, although their anti - anti - Communism brings them closer to the Reds than is comfortable. Because many of our citizens do not understand these men and their purposes, nor are aware of their power, this dangerous conspiracy on the left is gaining ground.

These super-politicians are most successful in having others do their work of bringing America around toward socialism, a little at a time. They make use of the labor vote to get in power, but they will ultimately take away the freedoms of the worker. They prate of "democracy"

and infiltrate the major parties particularly at platform writing time, but they advocate policies that are uptown Marxist.

They're In Power

Although President Kenney once declared as Senator that he was "not comfortable with those people" of the Americans For Democratic Action, he has learned to live much closer to them since accepting their assistance in getting elected to the Presidency. In fact, three White House aides, three cabinet officers, and more than thirty key officials in important administrative post are either present or former members of ADA. Many influential Democratic Congressmen are active ADAers, and some of them helped to organize this modern political action machine that pushes for collectivism.

The "Americans for Democratic Action" has had enough power on important newspapers and periodicals to wage a smear campaign against conservatives, so as to make it appear that the entire ADA opposition belongs with the "lunatic fringe" at the far right. They have thus tried to shift the attention of our people away from the far more serious dangers that they themselves represent: the neo-Marxism in and around the New Frontier.

Gradual Socialism

The inspiration for the ADA has doubtless come from certain American universities where the ideas of J. M. Keynes and other darlings of the British Fabian Socialists have been revered for a generation. It took the Fabians only 45 years to create, through the British Labor Party, the basic structure of socialism in Britain. It may not take the ADA that long in the United States, if the people do not wake up to what is happening. The ADA is not subversive or violent like Communism. They have no underground and profess no loyalty to another world power.

All they want to bring about is socialism. And it would be a socialism as thoroughgoing as that in Russia. They would accomplish it legally by Congressional action, if not this year then little by little. No shooting. Capitalists would not be liquidated. They simply would be put to work for the state, like everyone else, and might even be allowed to keep title to their enterprises.

But state control would be achieved through manipulation of money and credit and by the expenditure of an increasing portion of national wealth by the government.

The Real Goal

Danger from within? These people have infiltrated the government and have sometimes found the President to be their ready spokesman. They have written his speeches and with great skill and subtlety are steering him to action for their causes. No wonder we are being told by so many government spokesmen that there is no danger from within, that the danger is all from without. These radicals expect the American people to believe that! Another diversionary tactic.

Attacks on private ownership and private property are being continued by these super-politicians, although their loudest cries today are for civil rights. (Apparently property rights have no relation to civil rights in their thinking.) All this is largely political and diversionary. Presidential adviser and ADA leader, Arthur M. Schlesinger, Jr., in 1947, stated the real goal: "There seems no inherent obstacle to the gradual advance of socialism in the United States through a series of New Deals."

Texans Oppose Resolution On Mourning Doves

Austin — Texas sportsmen will oppose the passage of HR9882, introduced by Congressman Joseph E. Karth of Minnesota. This Resolution would amend the Migratory Bird Act, to prohibit hunting of mourning doves. H. D. Dodgen, executive secretary of the Texas Game and Fish Commission, has written to Texas members of Congress and to members of the Commission, pointing out that the mourning dove population in the nation during the last two years increased sufficiently that U. S. Fish and Wildlife Service increased the bag limit from 10 to 15 birds per day, and possession limit from 20 to 30 birds. He says that in the 1960 hunting season, some 450,000 Texas hunters bagged in excess of 14 million birds.

The Resolution offered by Congressman Karth provides that "notwithstanding any other provisions of this Act, the Secretary of the Interior shall not allow the hunting, taking, capturing, killing, possession, sale, purchase, shipment, transportation, carriage or export at any time, of the mourning dove."

The mourning dove has been the principal game bird of Texas for a good many years. In Minnesota, however, it is considered a song bird and the killing is prohibited under state law. This is true in a number of states, particularly in the Middle West. The bird being migratory, many of those harvested in Texas come from nesting grounds throughout the Middle West.

Texans may express their attitude to their Congressmen in Washington, according to Mr. Dodgen.

GO TO CHURCH SUNDAY.

Today's MEDITATION

from The World's Most Widely Used Devotional Guide

The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Luke 12:13-21.

A man's life consisteth not in the abundance of the things which he possesseth. (Luke 12:15.)

A parable has been described as an earthly story with a heavenly meaning. Jesus used many parables to illustrate His teachings.

For instance, He told the parable of the rich man who had bountiful harvests and decided to build larger barns to hold them. Thus he planned to have "goods laid up for many years" so that he could take his "ease, eat, drink and be merry."

But God said to him, "Thou fool, this night thy soul shall be repaired of thee." Jesus concluded the parable, saying, "So is he that layeth up treasure for himself, and is not rich toward God."

What an example of our world today! People spend so much effort and worry accumulating and increasing material wealth. They give so little time and attention to laying up spiritual treasure, which cannot be taken away, even by death. These are the treasures of love, mercy, kindness, justice — fruits of being faithful followers of Christ, of

His way of life.

PRAYER

Our Father, forgive us for striving for earthly pleasures and possessions. Turn our minds and hearts to seek spiritual treasures which pass not away. Trusting Thee to supply our needs, in Christ's name we offer our prayer. Amen.

THOUGHT FOR THE DAY

"Set your affection on things above, not on things on the earth."

—Eva M. Muma, Michigan Copyright — The Upper Room

About Your Health

Austin — Reported cases of infectious syphilis in Texas increased by 28 percent last year, a tabulation of State Health Department records shows.

Communicable disease control authorities say the figure is still significant, but the rate of increase is so much lower than the 93 percent gain registered for 1960 that they are cautiously optimistic about further improvements.

The discovery of penicillin in 1943 marked the beginning of a new era in venereal disease control. Prior to the development of the new drug, treatment was so long and unpleasant that most patients never completed it. Penicillin made successful

treatment possible in a matter of days rather than weeks or months. Using it as a tool, medical practitioners and public health officials began an intensive campaign to force syphilis into the ranks of "has been" disease.

Many infectious patients were located when various states passed laws requiring pregnant women and couples contemplating marriage to have blood tests. Mass blood testing by industries and institutions located still others.

Techniques of interviewing "contacts" of known patients were developed and as each chain of infection was traced and identified, additional cases came under medical treatment. By 1948 the incidence of infectious syphilis began to decline.

The decline continued until 1955 when complacency — perhaps due to over-confidence — caused a lack of interest in syphilis control. The downward spiral leveled off and case incidence remained fairly constant until 1958.

The following year's statistics revealed the disease to be in the increase throughout the United States. Texas recorded a gain of 47 percent during 1959 and that astounding 93 percent in 1960.

To counteract the menace, the Texas State Department of Health in July 1960 accelerated its syphilis control program to emphasize:

(1) Greater activity in detecting infectious patients and their contacts, and a rapid exchange of information by long-distance telephone concerning possible contacts.

(2) Close cooperation between private physicians and health department personnel in matters pertaining to venereal disease contact investigation.

(3) Continuous evaluation of techniques to reduce the number of unproductive contact investigations and interviews.

The lowered rate of increase in the number of new cases is evidence that the accelerated program is paying dividends. (A weekly feature of the Health Education Division, Texas State Department of Health.)

New Texas Ranger Appointed For East Texas Area

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, today announced the appointment of Newton W. Clark of Center as a Texas Ranger.

He will fill the vacancy created by the dismissal of Ranger Tully Seay and will be stationed in San Augustine.

Clark joined the department in 1950, as a Highway Patrolman, and was stationed at Crockett before being assigned to Center in 1951. He is 36 years old.

He is a native of Center, where he graduated from high school. After graduation, he attended Sam Houston College for one year prior to his enlistment in the U. S. Navy.

Attend church regularly.

March Plentifuls Can Give Meals Spring-Like Touch

College Station — Fresh eggs and milk can give March meals that springly, spring-like touch, suggests the Texas Agricultural Extension Service.

Both are on the U. S. Department of Agriculture's list of plentiful foods for this breezy month. Also among the plentifuls are potatoes, peanuts and peanut products and dry beans.

Eggs are the March feature. That's because spring production is increasing and farm prices have been running 20 percent lower than both last year and the 1947-49 average. For economy, nutrition and good eating, you'll do well to serve eggs often. Besides, March is both Egg Month and Better Breakfast Month.

The whole array of dairy foods will be plentiful, as milk production begins zooming to a spring-time peak. Use plenty of whole milk, evaporated milk, skim milk, dry milk, half-and-half, cream, butter, buttermilk and all the many different cheeses available in abundance. Even though milk cows on farms are the fewest since 1909, production per cow has increased 30 percent in the last decade to provide an ample supply of milk for all.

Plentiful potatoes also come in numerous styles — fresh, canned, instant, dehydrated, frozen, chips and in processed combinations with other foods.

Peanuts, raw and roasted, remain in excellent supply. USDA says more of last year's crop found its way into peanut butter, peanut candy and salted peanuts. Especially plentiful among economical, nutritious dry beans are pea beans, pinto and red kidney beans, and black-eye peas.

WILD YOUNG SHOULD BE LEFT ALONE

A warning against picking up young wildlife has been made by J. B. Phillips, coordinator of law enforcement for the Game and Fish Commission.

This is the time of year when young of the wild has a tendency at times to stray from the mother, and persons are inclined to want to make pets. This is particularly true of young deer.

Persons who capture and attempt to confine wild animals as pets are subject to arrest for violation. In addition, many of these young animals turn out to be not such good pets, and many times they revert to nature and injure their benefactors.

An additional risk in picking up these youngsters is in the rabies threat, which has been spreading, particularly among skunks. Skunks should be avoided for this, among other reasons, and domestic pets should be kept away from them at all times.

He also advised dog owners to keep them in control, so that babes of the wild will not be destroyed by roving dogs.

Annual Report To Social Security Due By April 15

Social security beneficiaries who earned over \$1,200 from employment or self-employment in 1961, and were under the age of 72 in any part of the year, must file a report of their 1961 earnings with the Social Security Administration by April 15, 1962. Failure to so report may result in a loss of benefits, according to R. R. Tuley Jr., manager of the Abilene Social Security District Office.

This report will enable the Social Security Administration to determine:

(1) Whether all benefits possible were paid in 1961. If not, the additional benefits due for last year will be mailed.

(2) If more benefits were paid

in 1961 than were due. If so, a refund of the amount of the overpayment will be requested.

(3) Whether any benefit checks for 1962 should be withheld. This will be determined on the basis of the estimate of earnings for the year.

Tuley noted that beneficiaries who received no benefits in 1961 are not required to file the report. However, they are encouraged to do so as they may be entitled to receive some benefits for the year even though their total yearly earnings greatly exceeded the \$1,200. Benefits can be paid to a beneficiary for any month in which he did not earn over \$100 as an employee and did not render substantial services in self-employment.

The annual report form has been simplified this year and, when it is received, may be completed at home, signed, and returned in the addressed envelope that is furnished.

If help is desired in completing the form or other information concerning social security status, contact should be made at the social security district office at 203 Fannin in Abilene, or with a representative of that office according to the schedule or area visits available at all post offices in the Abilene district.

STATE AND LOCAL TAXES ARE DEDUCTIBLE

Virgil W. Newman, Administrative Officer, Internal Revenue Service, Brownwood, Texas, explained today what state and local taxes may be deducted on federal income tax returns.

"You CAN deduct personal property taxes, state income taxes and real estate taxes, which are imposed on you. You can also deduct state or local sales taxes, and state gasoline taxes if the tax is imposed upon you, the consumer. Auto license fees and state capitation or poll taxes also are deductible.

"Cigarette taxes are deductible by the consumer in only a few of the states."

The IRS representative said that cigarette taxes paid after August 23, 1961, are deductible in Texas this year, for the first time, and that Texas state sales taxes paid on and after September 1, 1961, are also deductible.

He added, "If you are a tenant-stockholder in a cooperative housing or apartment corporation you can deduct your proportionate share of the real estate taxes paid by the cooperative."

"In most cases, you cannot de-

duct special assessments for pavements or other local improvements, including front-foot benefits, which tend to increase the value of your property. Nor can you deduct Social Security taxes paid on the wages of your maid or other domestic help."

The IRS representative said you may not deduct customs duties or federal excise taxes on articles acquired by, or on services rendered to you, for personal or family use, such as automobiles, jewelry, cosmetics, telephone, air, rail or bus tickets, etc.

Many questions about federal income tax returns can be answered by telephoning your local IRS office.

Social Security Numbers Should Be On Estimated Tax

U. S. Director of Internal Revenue Ellis Campbell, Jr., today urged taxpayers who must file Declarations of Estimated Tax, and who have Social Security numbers, to include this on their submissions in 1962. These numbers will become the Taxpayer account numbers under the automatic data processing system now being installed by IRS.

He said most taxpayers in the Dallas District have been including their Social Security numbers on their tax returns and should continue to do so.

However, IRS will make a special check of 1962 Declarations of Estimated Tax to identify those taxpayers who presumably do not have Social Security numbers, since they do not include them.

Therefore, all who have Social Security numbers already should list them on their Declarations, to preclude unnecessary correspondence.

Director Campbell emphasized that, for persons not covered by Social Security, the numbers as-

signed will be for tax account identification only.

RESOLUTIONS OF RESPECT

WHEREAS, God in His all wise providence has removed from our midst, our friend and fellow townsman, Mr. Clinton Lowe.

WHEREAS, Mr. Lowe was a good citizen and a Christian gentleman who stood for the right, and for the betterment of our schools, our churches, and our community, and was always devoted to his church and loyal to his friends;

AND WHEREAS he was for many years a member of our Board of Directors and was faithful in attendance upon its meetings as long as his health permitted;

NOW, THEREFORE be it resolved by the Board of Directors of the Santa Anna National Bank in regular session Tuesday, February 13, 1962:

First: That while we shall miss greatly the presence and timely counsel of our departed member in our meetings and deliberations, yet we bow in humble submission to God's will.

Second: That we extend our heartfelt sympathy to his sorrowing family;

Third: That we place a copy of these resolutions upon the pages of our Minute Book, give a copy to The Santa Anna News for publication, and present a copy to Mr. Lowe's bereaved family.

Mrs. B. Weaver,
J. L. Boggus
Robert L. Markland,
Committee 9c

Sunday evening visitors in the home of Mr. and Mrs. C. W. Stephenson were Mr. and Mrs. Geo. W. Richardson and Mr. and Mrs. Darrell Richardson, Kathy and Karen, all of Abilene. They were also visiting their mother and grandmother, Mrs. Geo. W. Richardson, who is convalescing in the home of her daughter, Mr. and Mrs. Stephenson.

Mr. and Mrs. Gene Smith recently returned from a week's trip to New York, where Gene attended the John Mangville

Henry Mathews Buried Here Saturday Afternoon

Henry Mathews, 64, of Bangs, died Thursday of last week about 3:00 p. m. in the home of a step-daughter, Mrs. Elzada Mauldin of Bangs, after a short illness. Funeral services were held Saturday at 3:00 p. m. in the Bangs First Baptist Church with the Rev. B. M. Jackson officiating. Burial was in the Santa Anna Cemetery.

Born in Louisiana June 28, 1877, Mr. Mathews moved to Brown County from Mexia in 1918. He moved to Coleman County in 1922 and returned to Bangs 15 years ago. He was a retired farmer.

His wife preceded him in death in 1952.

Survivors include two sons, Carl Mathews of Albany and Chester Mathews of Napa, Calif.; two step-sons, George May of Teague and John May of Brownwood; two step-daughters, Mrs. Mauldin and Mrs. W. E. Calloway of Santa Anna; 12 grandchildren, and 16 great-grandchildren.

Mr. and Mrs. Gerald D. Pruitt, Kenneth and Sheryl of Dallas, spent the weekend in the home of Mrs. Pruitt's parents, Mr. and Mrs. C. W. Stephenson.

Callahan was first made in California and France.

Lunchroom Menu

The menu at the Santa Anna Lunchroom for next week is as follows:

Monday, Mar. 5
Spaghetti and meat balls, pin-tuce and tomato salad, pineapple pudding, rolls, butter and milk.

Tuesday, Mar. 6
Salmon croquettes, black-eye peas, canned new potatoes, lettuce and tomato salad, pineapple pudding, rolls, butter and milk.

Wednesday, Mar. 7
Steak, gravy, English peas, combination salad, grapefruit sections, rolls, butter and milk.

Thursday, March 8
Turkey and dressing, green beans, fruit salad, celery stick, rolls, butter and milk.

Attendance At Church Services

Reports of attendance at local churches during the weekend are as follows:

FIRST BAPTIST CHURCH

Enrollment	305
Sunday School (9:45)	144

Mrs. Lou Banta Buried Here Saturday Morning

Funeral services for Mrs. Ester Lou Banta, 89, were held Saturday, Feb. 24, at 10:00 a. m. at the Southside Church of Christ in Santa Anna. Mrs. Banta had been a resident of Coleman County since 1930. Burial was in the Trickham Cemetery.

She died Thursday of last week in Mineral Wells. She was born Feb. 26, 1872 in Hill County.

Survivors include three sons, Ed Banta of Clovis, N. M., Jess Banta of Grants Pass, Ore., and Jack Banta of Coleman; three daughters, Mrs. Pearl Lunewebber of Kerrville, Mrs. John Cameron of Mineral Wells and Mrs. Allen Wells of Santa Anna; two half-brothers, Bill Wells of Coleman and Nolan Wells of Hatch, N. M.; three half-sisters, Mrs. Eva Hull and Mrs. Dora White both of Santa Anna and Mrs. Stella Burfield of Abilene; 20 grandchildren and 35 great-grandchildren.

Hand punches at the News office.

Nitrogen Suggested For Small Grains

College Station — Been wondering how to increase the forage or grain yields of your small grain crop? R. J. Mears, extension agronomist, says nitrogen, applied before the plants begin to joint but late enough to avoid the danger of a hard freeze, is the answer.

If the crop has been grazed, much of the available nitrogen has been utilized by the plants and removed by animals. Grain crops need nitrogen at this time to stimulate additional growth for maximum yields, explains Mears. Nitrogen applications also increase the protein levels of grain, and in wheat improves the baking quality of the flour.

Application rates of 20 to 40 pounds of nitrogen per acre will usually pay big dividends if moisture is adequate, says the specialist. For specific application recommendations, consult your local county agent.

Mr. and Mrs. Richard Smith returned home last week from a few days vacation. They visited her sister, Mr. and Mrs. Wiley Seals of Arlington; a niece, Mr. and Mrs. W. R. Bond and Karen of Irving; and two brothers, C. D. and Jerome Gilliam of Corsicana; and their son, Mr. and Mrs. Gene Smith and Jeffery of Tyler.

W. A. Stroman Makes Statement In Senate Race

W. A. (Bill) Stroman made his official statement to the public this week in the race for Texas Senate. Stroman said he was a native Texan and finished high school at Uvalde, Texas. Earned own money to go to Business College. Then worked in Court Houses and Abstract Offices including the abstract office of Vice-President John N. Garner at Uvalde. Married Elsie Cloudt, daughter of a pioneer ranchman, Rocksprings, Texas. Have three children, viz: Eileen, graduate of Texas University, married to Col. John Lemp, Army Reserve, Washington, D. C.; Wm. J. Stroman, graduate of A & M College, ranchman, married to Cleo Lane of Concho County, Texas; Gusta Mae, graduate of Austin College, married to Fred O. Brewton, Presbyterian minister, Levelland, Texas.

Studied law and admitted to practice law in Texas in 1923; elected County Attorney of Tom Green County in 1924 and 1928; then elected District Attorney of the 119th Judicial District of Texas in 1934 and 1936. Was elected in 1951 to fill out the unexpired term of Hon. Peppy Blount, who resigned from the Legislature after the regular session that year. Was re-elected

to the State Legislature as Representative from Tom Green County (which comprised the new 92nd District) in 1952, 1954, 1956 and 1958. Did not seek reelection to that post in 1960. I am now asking to be your State Senator and consider it an honor, a promotion and a sacred trust. While I am an Attorney in good standing in the State of Texas, I am not engaged in the active practice of law, and did not engage in the practice of law while State Representative, directly or indirectly. This policy will be continued as your State Senator.

I do not have now, nor will I have, any outside interests or entangling alliances that might tend to influence my decisions adversely to the best interests of the people or interests of this District or to the State of Texas. I do not consider being a ranch owner in this district an adverse interest. On the contrary I consider it an advantage because it affords me practical first hand knowledge of the problems and needs of the livestock industry. One pressing need now is to go forward with the move to eradicate the screwworm.

The 119th Judicial District of Texas which I served as District Attorney for two terms comprised the counties of Coleman, Concho, Runnels and Tom Green. Three of these counties are in this Senatorial District. I look back with pleasant memories to the splendid co-operation and assistance towards law enforcement that prevailed during that time by the citizens and Peace Officers.

This Senatorial District now embraces twenty counties and the combined population, I be-

lieve, at the present time is around two hundred thousand and as your state Senator would always strive to give every part of the District the same consideration and diligent attention. As your Public Servant, will welcome and give close attention to all suggestions, requests and information communicated to me either by letter or personal calls — all of which would be welcome.

The only legislation that I have promised to sponsor at this time is the measure to advance San Angelo College to a four-year status. I feel that this legislation will inure to the benefit of this District. I consider it important that we have first class educational facilities from the first grade on up through Colleges and Universities of Higher Learning and then have them as near as possible to the people that students will not have to travel so far from home to finish an education.

The State Board of Insurance was given unlimited powers as to rates and rules prior to the beginning of my tenure in the Legislature. I am in favor of the return of this control to the Legislature. I am specifically thinking of the unfair automobile rate.

As your State Senator I would give the utmost attention and study to all Legislation coming before the Senate in order that I might be able to cast a vote thereon that would be in the interest of good and honest Government of the people, by the people and for the people.

Your vote and influence will be deeply appreciated.

Shields News

By MRS. E. S. JONES

Tommy Stewardson won first place in the high jump and high hurdles at the Baird track meet Friday. The Santa Anna track team won first over five other schools.

Betty Hipp of Santa Anna spent Sunday with Bernadine Culpepper.

Sandra Fowler of ACC, Abilene, spent Sunday with her parents, Mr. and Mrs. Bert Fowler. Other visitors were Mr. and Mrs. Rhinard Troup of Abilene and Mrs. Jesse Fowler of Bangs.

Mrs. Jesse Griffiths and Mrs. R. L. Todd of Santa Anna and Mrs. Leonard Williams were visitors when the Quilting Club met Tuesday afternoon at the Community Center. Also, Mrs. G. C. McDonald, a new member, Mrs. Ura Dillingham, hostess, served coffee and cake to the above-mentioned and nine club members.

Mr. and Mrs. Roy Bledsoe, Mr. and Mrs. A. D. Eppler, Georgia and Dwight visited with Mrs. E. S. Jones Tuesday evening.

Funeral services were held in Brownwood Wednesday for Mrs. Bill Powers. Friends here will remember her as Mrs. Herbert Ashford.

Mrs. Grady Williams was in Coleman Tuesday and Wednesday with her mother, Mrs. Emmett Lowe, who is sick.

Mrs. David Zirkle and boys of Abilene spent Monday night and Tuesday with her mother, Mrs. Lillian Lewellen.

Mr. and Mrs. Manton Jamison of Leaday visited Saturday with Mr. and Mrs. Glen Scarborough and Sherry.

ROCKWOOD WSCS REGULAR MEETING

The Mission of the Church of Christ in Latin America, was the subject of the program of the Woman's Society of Christian Service at the Rockwood Methodist Church Monday.

Participating in the program were Miss Bernice Johnson, Mrs. M. A. Richardson, Mrs. Fox Johnson and Mrs. John Hunter.

Mr. and Mrs. W. H. Blake Jr. and family of Fort Worth, spent the weekend with the Dan Blakes.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN. NOSEBLEEDS

How do you stop a nosebleed? Almost everyone has his own pet remedy. Remember the technique of inserting a wad of paper under the upper lip? And after awhile the bleeding stopped. Of course, the paper probably didn't really help and the bleeding would have stopped anyway.

Some people, particularly children, have frequent nosebleeds even though they have no serious disease. Small blood vessels under the delicate nasal lining may rupture easily, especially during violent exertion. Nosebleeds are common following a blow on the nose.

Exposure to high altitudes can cause nasal bleeding. Some diseases also are credited in nosebleeds. High blood pressure sometimes is to blame.

Loss of blood usually is much less than the victim thinks, and, unless bleeding persists, this loss usually isn't serious.

Several suggestions for treating nosebleeds are offered in the February issue of Today's Health the magazine of the American Medical Association.

Have the victim sit up unless he is faint.

Apply large, cold, wet towels over the face, nose and back of the head and neck.

Pinch the nostrils together. The bleeding point is usually near the tip of the nose.

Keep the victim quiet. He should not cough, blow his nose or walk about during or soon after a nosebleed. Even talking or laughing should be avoided. He should breathe through his mouth.

If bleeding is severe or prolonged, call a physician.

U. S. SAVINGS BONDS INTEREST ALSO TAXABLE

Interest received during 1961 on U. S. Savings bonds is gross income for federal income tax purposes, Virgil W. Newman, Administrative Officer, for Internal Revenue Service, Brownwood, Texas, reminded bondholders today.

He said, "If you own U. S. Savings Bonds and are on the cash basis of accounting, you may elect to report the increase

in redemption value of the bond yearly or you may defer reporting the interest until the bonds are matured or cashed, in which case the interest is included in income that year.

"Once you elect to report interest each year, you must continue to do so for all bonds owned and those subsequently acquired. You may not change to another method unless you first receive permission to do so.

"If you are deferring the reporting of interest and wish to change to reporting the interest each year, you may do so without obtaining permission. However, if you do change you must report all interest on all such bonds which you own that had not been previously reported."

The IRS representative continued:

"Taxpayers using the accrual method of reporting income must report interest on U. S. savings bonds each year as the interest accrues. They are not permitted to defer the reporting of such interest until the bonds are cashed or matured.

Many tax problems can be solved by telephoning IRS," he concluded.

T E L CLASS HOLDS REGULAR MEETING

The T E L Sunday School Class of the First Baptist Church met Friday, February 23, in the home of Mrs. Enzy Brown for a covered dish luncheon. Sixteen were present.

The meeting was called to order by Mrs. Neely Evans. Mrs. Will Haynes opened the meeting with a prayer. Mrs. Carl Ashmore gave the devotional, "Disobedience of Adam and Eve." Mrs. W. E. Ferguson gave the secretary's report and the meeting was closed.

REGULAR MEETING OF ROCKWOOD WMS

Helping the Migrant was the theme of the Royal Service Program at the Rockwood Baptist Church Monday, with Mrs. Ray Caldwell as leader. Assisting were Mrs. Henry Smith, Mrs. David Morrison and Mrs. A. L. King.

During the business session plans were made for the Week of Prayer Program on Home Missions, to be held Monday, March 5, at the Church, changing the date of the monthly social to the Second Monday.

All the children of Mr. and Mrs. Jim Lovelady were with them Saturday night and Sunday. They are: Mr. and Mrs. Charles Haynes and children of Lone Wolf, Okla., Mr. and Mrs. Roy Winstead and children of Coleman; and Mr. and Mrs. Tommy Lane of Temple. Mrs. Ruth McCreary of Sweetwater, visited in the Lovelady home and spent Saturday night with her brother, Hays Miller.

Janice Sue Smith of Lubbock spent the weekend with her mother, Mrs. Christine Smith.

Mrs. Jessie Jolly of Beaumont spent last week in the home of Mr. and Mrs. C. W. Stephenson, visiting her aunt, Mrs. George Richardson and other relatives.

Korean Vets Need To Step Up School Training

Many of the 140,000 Korean veterans, in night school or part-time training under the Korean GI Bill, should accelerate their training if they wish to complete all their courses before their benefits terminate, P. J. Mims, manager of the Veterans Administration Regional Office in Waco warned today.

Under the law, a Korean veteran's termination date is eight years from the date of his discharge or release from active duty. In no event may he take GI training beyond January 31, 1965, Mims said. Veterans may

The News, Santa Anna, Texas, March 2, 1962

Page 5

not be paid GI educational allowances after their termination dates have passed.

As an example, Mims cited the fact that a veteran discharged in 1955 faces a termination date next year, in 1963. A veteran discharged in 1956 has a termination date in 1964.

Mims suggested that all veterans taking Korean GI Bill training check their own individual termination dates. If the termination is in 1963, or 1964, they may consider accelerating their program by taking additional courses or by attending summer school.

Veterans who attend school at night after working at their

regular employment during the day should give this problem careful consideration Mims advised, because their training is slower and extends over a longer period of time. They should complete essential courses before their deadline.

Mr. and Mrs. Glenn Smith and Fran of San Angelo visited Sunday with his parents, Mr. and Mrs. Richard Smith.

Mr. and Mrs. Holmsley and children, Terry and Beth, of Clovis, N. M., visited during the past week with her parents, Mr. and Mrs. Cleburn Stanley and Lynda.

Mark Turney of Santa Anna is visiting his grandparents, Mr. and Mrs. Bert Turney.

Mrs. Snowden visited her daughter, Mr. and Mrs. Grehm Fitzpatrick and children, Cheryl, Don and Niel, Saturday. The group were also shopping in Brady.

Mr. and Mrs. Darwin Lovelady and Randel visited with Mr. and Mrs. Floyd Morris Thursday night.

Billy Gay Rutherford of Rockwood spent Friday night with Cindy and Jana England.

Virginia Penson visited Sunday afternoon with Linda Stanley.

Mr. and Mrs. Darwin Lovelady visited with her father, Mr. R. A. Baker near Brownwood Sunday. Randel Lovelady visited Sun-

day with Nell Fitzpatrick.

Fellowships For Teachers

Abilene — For the sixth straight summer, Abilene Christian College is offering fellowships for teachers in its American Studies Program.

One hundred fellowships are offered, fifty during each six-week semester of the 1962 summer session, June 5-July 13 and July 17-August 27. The fellowships will cover the cost of room, board, tuition and fees.

The American Studies may take two of the following graduate courses: Bible 399, Christianity and Communism, Business Administration 399, The American Economic System; Education 399, History of American Education; English 399, Masters of American Literature; History 399, American Political Biography 1607-1665; Speech 399, The American Forum.

Any teacher under sixty years of age or any graduating college senior who will qualify for certification as a teacher is eligible to apply for a scholarship.

Teachers who wish to apply for American Studies Fellowships should write Mr. Edward L. Kirk, Coordinator of American Studies Program, Abilene Christian College, Abilene, Texas. Completed applications must be returned not later than April 1, 1962. Successful applicants will be notified by April 20.

Austin — After the labor unions gave Houstonian Don Yarborough their coveted COPE "Commendation", some sections of the Political Association of Spanish-Speaking Organizations

TOM REAVLEY
... wants to be YOUR ATTORNEY GENERAL

★Former Texas Secretary of State ★Former County Attorney and Assistant DA. ★Ex-President of State Junior Bar. ★Professor in criminal law. ★14 years a practicing, full-time working lawyer.

★An independent progressive in the old-fashioned Democratic tradition. The best man for the job. Best for Texas.

SUPPORT TOM REAVLEY
Democratic Primary, May 5
(Paid Pol. Adv.)

started worrying about joining the state body in a PASSO pronouncement for Gov. Price Daniel.

First splinter off the block was Hidalgo County chapter—third largest PASSO unit—which voted 44-16 to make no endorsement in the governor's race.

Yarborough made no comment as he rounded the Gulf Coast area to line up more support.

He's been conspicuously absent from his Austin headquarters, while all other statewide candidates touch base here frequently to counteract the almost constant presence of gubernatorial candidate Will Wilson and the incumbent who dwells in the mansion.

Daniel almost had trouble getting his campaign off the ground when a Department of Public Safety plane nipped its wing while lifting the governor off Austin ground for a Houston appearance. The party changed to a private plane, and proceeded to inspect the Carla-damaged San Jacinto Monument with representatives from the State Board of Control, Building Commission and State Archives.

Former Secretary of the Navy John Connally also suffered aerial setbacks in his search for support. Bad weather prevented him from landing for San Marcos and San Antonio speaking engagements. When the clouds cleared he carried his campaign to Laredo.

Sen. Jarrad Secrest, democratic candidate for lieutenant governor, followed Connally into Laredo to speak to PASSO sup-

porters where champion traveler Tom Reavley joined his to get help for his attorney general's race.

Secrest announced the opening of his Austin office this week with a blaring banner on the avenue leading to the Capitol.

Will Wilson started crowding Daniel's position as patron of Texas teachers. Wilson stated that Texans need to take a "long hard look at the curricula of our schools — and then pay a little more attention to the advice of professional educators instead of well-meaning but ill-informed amateurs." He also suggested higher pay.

Another lieutenant governor contender, Sen. Crawford C. Martin, also started keeping shop in the capital city.

A Friday coffee party served as "house" warming for Waggoner Carr, former Speaker of the House, who's an attorney general hopeful.

Carr's office is just a block and a half from the Capitol grounds. Les Procter, another attorney general candidate, has his headquarters in a long silver trailer, across the street from the Capitol.

GOP HOPES TO BLANKET STATE

After State Democratic Executive Committee officials slung verbal arrows at the Republicans for not holding primary elections in every county and precinct, the GOP's embarked on a campaign to finance a primary in every county.

Paul Desrochers at Republican State Headquarters said, "We're working like mad to get a primary in every county." Two obstacles stand in the way: Getting funds in about 235 counties where the party has county chairmen, and getting chairmen for the other 19 counties.

Some Republican candidates have a regional flavor — like the 12 senatorial candidates who hope to represent 67 counties; or the 76 House of Representative hopefuls for 77 counties; and congressional candidates in all but seven districts. Republican party still wants general ballot representation for the winners among its two gubernatorial candidates, two candidates for lieutenant governor, and those seeking posts as congressman-at-large, commissioner of agriculture, general land office and on the railroad commission. A step toward solicitations was made by the GOP state chairman Tad R. Smith who appointed Dudley C. Sharp of Houston, former US Secretary of the Air Force, chairman of the Republicans' finance committee.

WATER STUDY REQUESTED
The Texas Water Commission asked Texas Research League to make a study of the commission's operations and the system of dividing the responsibility for Texas' water development among several state agencies.

The problem of water development and conservation in Texas is so great and controversial that the already-burdened League researchers estimate it will be 1963 before they can begin such a time-consuming, comprehensive study.

Judge Otha F. Dent of the Water Commission expressed deep concern about meeting water requirements for 1980. Not only is it necessary to develop plans for constructing dams and reservoirs to fill the expected need, but the business of condemning land and building these projects involves as much as a decade.

One stage of the long-range development plan includes a \$65,700,000 reservoir on the lower Navasota River. But supporters have run into the problem of excessive chloride content caused by oil field salt water waste disposal — a problem repeated in many Texas streams.

Water Commission Engineer John Vandertulip will submit a report on the source of this pollution next week.

HIGHWAY SAFETY STUDIED
Top engineers and administrators from the state highway department of Texas, Oklahoma, Arkansas and Louisiana will gather this week to discuss uniform use of highway and street signs, signals and markings in an effort to increase driving safety.

Governor Daniel announced

that traffic deaths over the past five years have averaged 230 below the 1956 toll. There were 2,611 traffic deaths in 1956, and the yearly average since then has been 2,381. Daniel credited the joint efforts of groups interested in traffic safety with the preservation of many lives.

'AIRCADE' DUE IN AUSTIN

U. S. Chamber of Commerce President Richard Wagner will head the team of national chamber officers, committeemen and staff specialists who will land here March 8 on an "Arcade for Citizenship Action."

This will be the first Texas stop in the Arcade's sixth annual cross-country series of public discussions on legislative matters.

Former Gov. Allan Shivers is chairman of the Austin Arcade which will begin at the Municipal Auditorium at 9:25 a. m. and continue until 3:30 p. m. Delegations from all over the state are planning to wing in for the panel conferences and \$7.00 luncheon.

SHORT SNORTS

Eight hundred high school students invaded Austin Friday for the 1962 State Youth Leadership conference, where they'll compete for \$5,000 in scholarships as representatives of 5,000 distributive education students, working in retail, wholesale and services projects.

Governor Daniel called on the Texas Tourist Council, State Parks Board, Highway Department and Game and Fish Commission to work out a proposal to establish a park and game preserve in the Big Thicket area of East Texas.

Mrs. Carter Clouton took over as State Coordinator of Aging Services, which is set up to guide organizations interested in care and activities of elderly people.

Alex C. Roberts of Austin succeeded E. H. Colfield of Del Rio as a member of the State Board of Barber Examiners.

Hill Country Meet Scheduled For Saturday

One of the first school boy track meets of this young season will be held in Mason Saturday, March 3, when the Hill Country Relays open. The Hill Country Relays had their beginning in 1958 when the Mason Junior Chamber of Commerce and Mason High School co-sponsored this meet. The meet has been held each year except in 1961. The Jaycees are again sponsoring the meet.

Mason Coach Keith Miles has received entries from the following class A and B schools: Marble Falls, Blanco, Lohn, Santa Anna, Cherokee, Bandera, Early of Brownwood, Junction, Melvin, Albany, Leakey, Comfort, Robert Lee, Rochelle, Copperas Cove, Rising Star, Eldorado, Harper, Eden and Mason.

Individual Medals will be given for the first three places in each event; a trophy will be given for the winner of each relay event, team champions and high point individual. The medals and trophies are being donated by the Mason Junior Chamber of Commerce.

Preliminaries start at 10:00 a. m. and finals at 2:00 p. m.

Eight to ten weeks is the average life of the housefly.

Benjamin Franklin introduced the broom to America.

Fishermen Warned To Buy Licenses

Austin — Spring weather has kindled the urge to fish, and fishermen are reminded that a fishing license is required in most instances, according to J. B. Phillips, coordinator of law enforcement for the Game and Fish Commission.

This applies to both resident and non-resident fishermen, fishing in fresh water or salt water, except for persons fishing within their own county with an ordinary pole and line, or persons under 17 or over 65. Persons fishing within their own county with any type of winding device are required to buy licenses, also.

The Texas license fee, at \$2.15, offers an inducement to non-residents, because it is the only fishing license in any state available to non-residents at the same price as to residents. All other states charge additional fees for non-residents.

Prune Freeze Damaged Plants, But Not Now

College Station — If you're like most other Texans, you have some ornamental plants in your yard that were damaged by the recent hard freezes. The natural inclination is to remove the damaged growth, but Harlan Smith, extension plant pathologist, advises against being too hasty.

If there is any doubt that twigs and branches have been killed it is best to wait a few weeks until such damage can be easily seen, says Smith. At that time prune the plant back to live wood by making the pruning cut several inches below the last sign of dead wood.

To find out how much of a shrub has been killed, use a knife or the thumbnail to scratch into the cambium layer, just beneath the bark, says Smith. Discoloration of this layer is a sign that the plant needs cutting back below such damage. If any bark has been split or cracked, this area should also be cut out. Often the damage is to the outside twigs and branches, and the plant will need only a slight clipping back.

Pruning shears should be dipped in a disinfectant such as 70 percent denatured alcohol between cuts, the specialist advises.

With trees and large shrubs the cut end should be painted with shellac. After the shellac has dried, a wound dressing or disinfectant tree paint should be applied to the exposed area. You will get best results if you inspect the dressed surfaces periodically and recoat them once or twice a year. Before re-

coating, clean the wound with a stiff wire brush to remove all blisters and loose flakes. Be careful not to cover the new growth with these additional applications of wound dressing.

Smith says one way to lessen damage in case of another freeze is to water the plants thoroughly as soon as pipes thaw. This prevents drying, which causes more damage than the cold.

For more information on pruning, contact your local county agent and ask for a copy of B-977, "Modern Pruning Methods."
