THE
AMERICAN
WAY

What Worries Robert Welch

By Harry T. Everingham

(Editor's note: Harry T. Everingham is a national patriotic leader dedicated to non-partisan political action to combat Communist forces within the U. S.)

We hardly turn to a newspaper nowadays, or tune in our radio or TV, without hearing something about the John Birch Society or its founder, Robert Welch.

But most of us don't probe further into the controversy. We are too busy with our own workaday world or past-time to learn what it is that worries Welch and causes him to be concerned about the security of our country. Perhaps now, for a few minutes, we can consider the proof he offers that there is Communist infiltration in this country that's been going on for years—undermining our government to destroy our way of life and produce a Soviet America.

A great man once said, "It is better to light one candle than to curse the darkness." Welch has lighted twelve. He has reprinted twelve books in paperback editions and offered them as "One Dozen Candles." He says if you will read these twelve books, long before you are finished you will probably be jumping up and down in amazement and alarm, like he is.

Here are Robert Welch's "One Dozen Candles" for dispelling the darkness:

1) **While You Slept**, by John T. Flynn — a veteran newspaperman tells of many government changes, of huge and tragic significance, that have been brought to pass in the U. S. without our being aware of the forces behind them.

2) **The Web of Subversion**, by James Burnham — With names and specific facts, this book reviews part of the Communist infiltration into our government which had already been exposed, before the executive order of May 17, 1954, issued by President Eisenhower, made further exposures impossible.

3) **America's Retreat From Victory** by Senator Joseph R. McCarthy — Few Americans will believe this until they read it. The almost incredible but fully documented story of General George Marshall.

4) **Odyssey Of A Fellow Traveler** by Dr. J. B. Matthews — How hundreds of "united fronts" were created, manipulated and used by the Communists to condition the American people to be led by Stalin's agents. Written by a misguided idealist who helped create these fronts and then, disillusioned, did all he could to expose them.

5) **Shanghai Conspiracy** by Major General Charles A. Willoughby — Stalin uses his worldwide propaganda pressures to bring on World War II and to get the U. S. into that war as his ally. General Willoughby, as former Chief of MacArthur's "Intelligence," writes from personal knowledge and experience.

6) **From Major Jordan's Diaries**, by George Racey Jordan — How American power — throughout the greatest war in history and its aftermath — was commandeered by Communists to serve the purposes of Stalin.

7) **I Saw Poland Betrayed**, by Ambassador Arthur Bliss Lane — How Communists used American money, prestige and productive might to, within five years after the war was over, enslave all the countries of Eastern Europe.

8) **The People's Pottage**, by Gareth Garrett — The Communist-inspired conversion of America, from a constitutional republic of self-reliant people into an unbridled democracy of handout-seeking whiners.

9) **The Kohler Strike**, by Sylvester Petro — He in miniscule completeness is the whole story of the part played by labor bosses, whom the Communist love, is gradually destroying our great inheritance.

10) **The Pentagon Case**, by Victor J. Cox — In Poland and other countries, the destruction or demoralization of the armed forces was a prelude to its final complete capture by the Communists. Here we see — though told as fiction — some aspects of the deliberate demoralization of our armed services, which demoralization has been carried immensely further since this book was written.

11) **The Tragedy of Bolivia**, by Alberto Ostria Gutierrez — The now increasingly rapid and widespread subjugation of Latin

District 10-A Spring Events Here Saturday

Considerable activities will be in progress at the Santa Anna Schools this Saturday. Most of the events of the District 10-A Spring Meet will be held here.

Cullen N. Perry was elected Director General of the Literary Meet. In addition to the Literary events, the volleyball meet and the softball meet will be held here. Douglas McArthur will be in charge of the volleyball and Frank Gray will be in charge of the softball.

J. W. (Bill) Moore Drops Out Of Race

J. W. (Bill) Moore of Ballinger, State Representative of the 77th District and incumbent candidate from the newly created 64th District, announced early this week that he was withdrawing from the race "due to health reasons and additional responsibilities in connection with my personal business and my farming and ranching operations."

Moore's withdrawal leaves only one candidate in the race, Representative Ben Barnes of De Leon, who has served one term in the Legislature as a Representative from the 73rd District.

The 64th District was formed with two counties, Brown and Comanche, from the 73rd District and two counties, Coleman and Fannin, from the 77th District. This caused two incumbents to be in one district.

In his formal statement Moore said he had served with Rep. Barnes in the last sessions of the Legislature, "and am convinced that he will represent the district with dignity and honor."

Two Grass Fires Saturday P. M.

The Santa Anna Volunteer Fire Department extinguished two grass fires on the railroad right-of-way west of town Saturday afternoon.

L. J. Clark, Fire Marshal, said they were called to the scene of the first fire and while in the process of putting it out, the alarm was sounded for the second fire. Both were extinguished as rapidly as possible.

With the good moisture from the snow last week and light moisture falling this week, the threat of grass fires should soon pass. However, you are urged to continue to be careful when burning anything that can get out of control.

"Skeet" Jones Is Candidate For State Senate

W. H. (Skeet) Jones of Houston, a native of Santa Anna and brother of Ed Jones, is a candidate for the Texas State Senate from Harris County. Skeet is presently serving as a member of the Houston City Council.

He said he has a real fight on his hands in this race, but he is really putting his every effort into the campaign.

Mr. and Mrs. Elgene Gillam and son, Dale, of Abilene, visited recently with Mr. and Mrs. Richard Smith.

America led by the Communists, through the use of our millions and our might for exactly the opposite purpose from that the people of the United States are told by their government.

12) **Nine Men Against America**, by Rosalie M. Gordon — Perhaps the most important, this thin volume shows how the Supreme Court under Chief Justice Warren has been destroying every safeguard which might prevent the Communists from carrying out their plans. If Americans would just learn what the Supreme Court has been doing, that alone would start the necessary revolt against policies which betray us.

These paper-bound books are published by American Opinion, Belmont 78, Mass. They are \$1.00 each, or the set of twelve for \$10.

BAND HAS BUSY MONTH

The Santa Anna Band has had a rather busy month thus far, but at present does not have any more activities scheduled for the remainder of the month. On March 3rd they went to Brady for the Brady Festival. This was a marching contest and concert and sight reading event.

Friday, March 9, the band went to San Angelo and participated in the stock show parade in the morning and attended the rodeo in the afternoon. March 13, the State Band went to Mozelle and presented a 45-minute program during their annual stock show. March 14th the Stage Band played for the assembly program of the high school.

The past Saturday the band went to Abilene to be judged in their solo and ensemble for Interscholastic League ratings.

In the solo judging, ratings were as follows: Dianne Copeland, first; Marty Donham, fourth; Linda Evans, third; Glen Gilbreath, second; Dickey Horner, third; Susanna Hays, second plus; Barrett Markland, third; Juanel Mercer, second; Karen McCluskey, first; Donnie Neff, second; Sonja Neff, third; Sheila Swindell, first; Ruth Ann Walker, first; Jackie Walker, third; Pat White, second; Leland Williams, second. Accompaniments for the above were Linda Horner, Margaret Mobley, Carol Campbell, Lawanda Horner, Ruth Ann Walker and Arlene Welch.

In the ensemble judging, ratings were as follows: Clairnet trio, Linda Horner, Karen Jones and Pat White, second; Sax quartet, Margaret Mobley, Linda Campbell, Lawanda Horner and Jo Ann Wallace, first; Flute trio, Carolyn Carpenter, Karen McCluskey and Dianna Copeland, second; Cornet quartet, Marty Donham, Jackie Walker, Barrett Markland and Sonja Neff, first.

The band has several activities scheduled for the month of April.

Easter Seals Mailed To Every Texas Community

A million and a half sheets of Easter Seals were placed in the mails last week by the Texas Society for Crippled Children and Adults, and its 84 local county affiliates.

This year's colorful messenger for crippled children will reach into homes in every community in Texas.

The seals have become so identified with the Society and its work, that all over America it is known simply as "The Easter Seal Society." Many probably would not recognize its official name of the National Society for Crippled Children and Adults. The Texas Society is one of the 52 associated state and territorial units.

Offering the first organized aid to America's physically handicapped, the generous public support given to the Society's work since its founding has accomplished more for the crippled in the last 41 years than in all past generations of man's civilization.

Seals are not sold; no specific donation is expected from those who receive them. The Society feels that each individual knows his pocketbook best, and being told of the need, will give as generously as he can. School children often contribute dimes, quarters, half-dollars, and older citizens send contributions ranging from a dollar to several hundred dollars.

Contributions to the Appeal will be used in Texas to support the Society's program of treatment, rehabilitation, education, and research for crippling conditions of all types; the Society has founded 32 Treatment Centers in Texas. Ninety percent of the funds remain in the state for direct services and ten percent supports a nationwide program of education, organization and the national Easter Seal Research Foundation.

Miss Darlene Mercer, student at Hardin-Simmons University in Abilene and Sgt. Joe Hine of Goodfellow Air Base, San Angelo, were visitors in the John Gregg home during the weekend.

Mr. and Mrs. Earl Hardy of Whitface met their daughter of Dallas here for a weekend together.

Mr. and Mrs. Jim Riley of Austin were weekend visitors in Santa Anna.

Santa Anna Takes Fourth At Brady Relays

The Santa Anna track and field team took fourth place in the Brady Relays Saturday with 66 1/2 points. Brady won the meet, followed by Winters and Fredericksburg. Santa Anna boys getting points were:

Pole Vault: 6th, Pete Simmons. Broad Jump: 2nd, Randy Brown.

High Jump: Tommy Stewardson and three other boys tied for 3rd place.

880-yard Run: 5th, Tinker Dockery.

880-yard Relay: Santa Anna 4th, team composed of Bill Horne, Harold Walker, Tinker Dockery and Randy Brown.

440-yard Relay: Santa Anna 3rd place, same team.

120-yard High Hurdles: 3rd, Stewardson.

180-yard Low Hurdles: 4th, Stewardson.

100-yard Dash: 4th, Brown.

200-yard Dash: 2nd, Brown.

1 Mile Run: 1st, Walker, time 4:50.5.

This weekend the boys will go to Bangs on Friday for the Dragon Relays and on Saturday to Brownwood for the Bluebonnet Relays.

At the Brady meet, several local records fell. Tommy Stewardson broke his own records in the low and high hurdles, running the high hurdles in 15.8 and the low hurdles in 20.9. The 440-yard relay team ran the race in 45.6 seconds, breaking the 46.0 record set in 1953.

Randy Brown came within 3 1/2 inches of breaking the broad jump record of 21 ft., 2 1/2 in. set by Joe Bailey Cheaney in 1919.

Asst. Secretary of Agriculture To Speak To Cotton Gainers

Dallas — Assistant Secretary of Agriculture John P. Duncan will be one of the featured speakers at the three-day annual convention of the Texas Cotton Gainers' Association to be held in Dallas, April 1-3, announced R. L. Massey, Association President.

Duncan, who will speak at 1:45 p. m. Monday, April 2, is in charge of the USDA's Marketing and Stabilization, including the work of the Department's Agricultural Marketing Service, Agricultural Stabilization and Conservation Service, Commodity Exchange Authority and the Federal Crop Insurance Corporation.

The Texas Cotton Gainers' Association, largest organization of its kind in the world, will be holding their 49th Annual Convention with registration in the Varied Industries Building and business meetings in the Agricultural Building on the State Fair of Texas grounds in Dallas.

Annual Trickham Cemetery Meeting To Be April 1st

O. R. Boenicke, President of the Trickham Cemetery Association, announces the annual meeting of the membership will be held Sunday, April 1. All who are interested in the cemetery, the association and the Trickham Community are invited to attend.

Mr. Boenicke said the annual Memorial Sermon would be delivered by a guest speaker, probably a former pastor, at 11:00 a. m. in the Union Church. The day's program will actually get underway at 10:00 a. m. in the cemetery where everyone is invited to gather and spend about an hour in fellowship and visiting the cemetery, before the group convenes in the church.

Immediately after the sermon the annual business meeting will be held. Mrs. Minnie Wilson will give the secretary's report and the meeting will be open for any other business that needs to be brought before the group.

When the business meeting adjourns, the group will go to the Community Center, where a basket lunch will be served. A singing will be held during the afternoon hours.

Officers and directors of the association are: President, O. R. Boenicke; Vice President, Bernice Melver; Secretary and Treasurer, Mrs. Minnie Wilson and directors are Lige Lancaster and Albert Cole.

Course In First Aid To Be Taught At Fire Station

The Standard First Aid Course will be taught at the Santa Anna Fire Station, beginning Monday, March 26, at 7:30 p. m. This will be a six week course, with one class per week. The class will be about two hours long.

Everyone is invited to take the course. The only expense will be the small cost of books to be used.

The course will be taught by Roy G. Gardner of Coleman, chairman of the Coleman County Red Cross Chapter. It will be interesting to all persons interested in Civil Defense work, as well as persons who are interested in knowing what to do in an emergency.

Everyone should know or at least have a general knowledge of standard first aid procedures. This is your opportunity to learn. Housewives, teachers, business men and women, farmers, ranchers—everyone is invited to take the course.

All necessary for you to do is to be present at the fire station at 7:30 p. m. Monday, March 26.

50 High Schools

To Be At Howard

Payne DIA Program

Brownwood — Approximately 50 high school students from across the state, together with their sponsors, will be at Howard Payne University April 13 and 14 for a high school Americanism Seminar, closing the Seventh Annual Democracy-in-Action Week at the university.

A twice-yearly event of the DIA program at Howard Payne, the seminar is an invitational meeting, when high schools across the state send their top science students to Howard Payne for a weekend of study and discussion on the American Heritage and the threats against it.

This spring, the high school visitors will register Friday afternoon, April 13, at Hotel Brownwood and open their sessions by attending the closing DIA general session, an address by Gov. Price Daniel at 7:30 p. m. Friday in Mims Auditorium. At 8:45 p. m. they will hold a seminar with another DIA speaker, Cleon Skousen of Salt Lake City, Utah, former member of the FBI and author of "The Naked Communist."

Saturday, the high school students will hear a panel discussion by the Howard Payne Student DIA Committee and R. H. Lawrence of Dallas, executive director and secretary of the Texas Bureau of Economic Understanding; see two films, Operation Abolition and a film of an award ceremony of the Freedoms Foundation at Valley Forge; see "The Birth of a Democracy," an historical panorama in speech; hold group discussions, and hear a final challenge by Dr. Guy D. Newman, Howard Payne president.

"The Birth of Democracy," which won a Freedom Foundation George Washington Honor Medal in February, was written by Dr. McDonald W. Held, Howard Payne academic dean, DIA chairman and head of the speech department, and his wife, Mrs. Beverly Held, instructor in speech.

The panorama will be presented in a public performance earlier in DIA Week — at 7:30 p. m. Thursday, April 12, in Coggin Chapel Theatre.

Visitors during the weekend with Mrs. Jewell Owen were Mr. and Mrs. James Van Huss and daughter, Tanya, of El Paso and Mrs. Edgar Hodges of Coleman. Mrs. Owen visited Mrs. Lum Gray in Coleman Tuesday afternoon.

Mrs. David Coffman of Albany visited Monday with Mr. and Mrs. Dutch Campbell.

Mrs. Hardy Blue, Mrs. L. D. Ladd, Mrs. Bill Griffin and Mrs. Dale Smith were in Texarkana Wednesday and Thursday to attend a conference meeting of the W.S.C.S.

Mrs. T. R. Sealy and Mrs. Lois Lancaster went to Fort Worth Tuesday on business and visit.

Mrs. C. Durrenburger of Georgetown was in town Saturday attending to business.

Actual Diagnosis May Reveal Case Not Small Pox

The case of small pox reported in The News last week may eventually turn out to be some other disease — probably chicken pox — when the final analysis is complete. As of Wednesday at noon of this week no final report had been received from the State Health Department.

On Friday of last week a doctor from the State Health Department in Austin went to Brownwood and examined the patient. After his examination, he took specimens necessary to grow the disease in the laboratory in Austin to determine exactly what it is. When his report is complete, it will be sent back here.

The patient is a 27-year-old man who had suffered a severe case of pneumonia just before the rash broke out on him.

He has now been dismissed from the hospital, but is still in isolation at his home and will remain there until the outcome of the report is received from the Health Department.

In the meantime there is nothing to be particularly alarmed about. All the rumors that have been spreading fast and furious the past few days are unfounded as far as we can find out. We have checked with several different doctors and all say they have had no cases resembling small pox other than this one case.

Should it turn out to be small pox there is still nothing to become alarmed at. All the school children have been vaccinated in recent years and all adults should have the vaccinations about every five years. If this is done there is very little likelihood of the disease getting out of control.

4-H Club Members Making Variety of Electric Lamps

Many Coleman County 4-H'ers are now in the process of building various types of lamps. The contest rules state, only that the contestant be enrolled in 4-H and that the lamp be of their own design, construction and wiring.

Emphasis will be placed in originality in design of the lamps. Therefore, it is expected to have all types of "creations."

These entries will be brought to the Coleman County Electric Co-op office during the week of March 26 through March 30th. Judging will be April 2nd.

The public is invited to come by and see these many types of lamps the week following the judging. The contest is sponsored by the Coleman County Electric Cooperative.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

MARCH 23

L. R. Bilibrey
Murray Cooper
Billy Dean Tucker
J. T. Hill

MARCH 24

Mrs. R. W. Matthews
Mark Sheffield

MARCH 25

Ruth Odum
Calvin Shields
LaFaunda Blount
Mrs. A. E. Campbell
LeDell Morris

MARCH 26

Fred Murray
Mrs. Rex Golston

MARCH 27

Clara Lou Wright
Dick Bass

MARCH 28

J. B. Weathers

MARCH 29

Mrs. Nannie Watson, Brownwood.
Raymond Jones
Mrs. Sid Knox
Roy Blanton

Would you like to have your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between March 30th and April 6th.

Don Yarborough Visits In Santa Anna on Thursday

Calling for "equal rights for small business men", Democratic gubernatorial candidate Don Yarborough carried his campaign directly to business men themselves last week with a swing through a dozen towns and cities in snow-covered West-Central Texas. He visited in Santa Anna Thursday afternoon.

Yarborough said, "What we need is an economic revival for the small business man."

Yarborough added another 150 miles to his campaign speedometer that has already ticked off 150,000 miles of travel.

"Along the way", he said, "I have seen the skeletons of small businesses strewn along the roadside. I have seen the battered store fronts barred and shuttered and buildings which once hummed with activity now used as hay lofts and storage sheds."

Yarborough visited with farmers, merchants and other citizens in stops in Tom Green, Runnels, Coleman and Brown counties.

He proposed a small business task force as a permanent advisory committee to the Governor. Yarborough said members would be selected from small business representatives of every section of the state.

"They will chart opportunities for a new era of business enterprise. Our free enterprise system cannot function unless small business serves as a corner stone," he said.

Yarborough said his proposed small business advisory commission would compile suggestions from business men in every field

DON YARBOROUGH

of commerce. He said it would hold periodic state-wide meetings with the Governor in attendance.

Yarborough said, "It is time in Texas that small business be given equal rights."

"It is essential", he said, "that we take immediate steps to save the small business man from economic disaster." He added, "A program to preserve this basic American institution cannot be formed or executed by a Governor who has favored out-of-state monopolistic giants to the detriment of competition."

INDIA TO TEST ROCKETS

India's first full-fledged rocket center will soon be built in the town of Ranchi. Leading industrialist B. M. Birla has started a fund with a target of nearly \$2,000,000. The center is expected to send up a two-stage rocket late in 1962.

Eggs Good Food Buy Every Month

College Station — March is National Egg Month. The supplies of this top food are plentiful, and prices very favorable. Why not take advantage of the favorable prices on this excellent high protein food and buy an extra dozen or two? asks F. Z. Beanblossom, extension poultry marketing specialist.

Eggs, he continued, have been for centuries one of the most popular foods of mankind. When we stop to think that all the makings of a whole chicken are inside the shell, we aren't surprised to learn that an egg is a gold mine of top food values that people of all ages need.

Eggs are a top source of protein which is so essential for building and repairing body tissues, explains the specialist. They are low in calories and contain vitamins A, B and D — all necessary for growth and good health. Too, eggs contain iron, phosphorus and calcium.

When buying eggs, remember that the grade shows the difference in quality and size, points out Beanblossom. According to the U. S. Department of Agriculture and Texas grading standards here's what makes the difference in egg quality.

Grade A quality eggs contain a large amount of thick white and an upstanding yolk. They have a delicate flavor and are excellent as table eggs.

Grade B quality eggs are perfectly satisfactory for most other uses, such as baking and general cooking. When broken, the whites of these eggs cover a wider surface and the yolks are rather flat and enlarged.

Beanblossom points out that the minimum weights for a dozen eggs are extra large, 27 ounces; large, 24 ounces; medium, 21 ounces and small, 18 ounces.

Hints Offered On Lawn Care

College Station — Want to have a beautiful lawn this summer? Now is the time to start planning for it. E. M. Trew, extension pasture specialist, says you need to watch all management factors because neglecting one may keep you from having an attractive lawn.

Fertilizer should be applied according to soil test recommendations. You can, however, use a sufficient amount of a complete fertilizer to supply two pounds of nitrogen per 1000 square feet. Whichever method you choose, the fertilizer should be applied about the time the grass begins to grow. This should be done again in the fall, 30 days before frost, says Trew.

Throughout the summer, at 30 to 40 days intervals, the lawn should be topdressed with nitrogen at the rate of one pound

KNOW YOUR NAVY

THE QUARTERMASTER IS PRIMARILY A SEA-GOING MAN. YOU WILL FIND HIM ON THE BRIDGE OR IN THE CHART ROOM. HE SERVES AS STEERSMAN OR CAN TAKE OVER THE BRIDGE IN AN EMERGENCY. AS PETTY OFFICER HE IS THE PILOT OF SMALL CRAFT. HE PERFORMS NAVIGATIONAL WATCH DUTIES, SENDS AND RECEIVES MESSAGES BY LIGHT SIGNAL OR SEMIAPHORE.

Program Announced For Annual Swine Short Course at A&M

College Station — A breeding and selection program for swine producers which will result in more pigs; more pork on less feed and the highest quality carcass at slaughter time will be featured at the 11th annual Swine Short Course.

According to T. D. Tankersley, Jr., extension swine specialist, the meeting will be held on April 2-3 in the Memorial Student Center on the campus of Texas A&M College, and he recommends it without reservation to anyone interested in swine production.

Brownsville, Texas, is the only city in the United States that ever had an ordinance prohibiting camels on main street.

PRESTON SMITH

for LIEUTENANT GOVERNOR of Texas

"Working for Texas"

- ★ To simplify the general sales tax.
- ★ To correct the auto insurance merit plan.
- ★ To help Texas grow and prosper.
- ★ A proven legislative veteran of six years in the house and six years in the senate.

106 Roselawn Coleman

Highline routes to GROWTH UNLIMITED

High voltage transmission lines carry electric energy throughout our service area.

As the area grows, our high lines must be expanded to keep pace with this growth.

The pictures here show construction progress on current and recent high line additions. This vast undertaking is part of our multi-million dollar expansion program.

It is a symbol of our faith in the future of The Center of the Southwest. What's more, it is tangible evidence that we are convinced this area faces GROWTH UNLIMITED.

per 1000 square feet.

Another thing that will detract from lawn beauty is the presence of weeds. One of the best defenses against weeds is a thick, vigorous growth of grass. Weeds can also be controlled with chemicals. For chemical recommendations and application rates, ask your county agent for a copy of L-425, "Chemical Weed Control on Lawns."

Lawns should also be mowed regularly, points out Trew. Bermudagrass should be kept at a height of about 1 to 1½ inches, and St. Augustine and bluegrass at about 1½ to 2 inches. No more than one inch should be removed at a time.

Lawns should be watered when the grass begins to wilt, says Trew. Then they should be soaked to a depth of 6 inches or more.

If you start now, and continue managing your lawn through the summer, you can be the envy of the neighborhood. Local county agents can supply additional information on lawn management and care.

NEW SNOW SHOES

The Northern-Lights have seen strange sights but none to match the new snowshoes being adopted by the Canadian army and air force. They're abandoning the old cowhide-and-wood affairs in favor of shoes consisting of a magnesium frame strung with nylon-covered aircraft cable. Oldtimers may snort, but the Canadian researchers say the new shoes will last 10 times as long and can't be chewed by rats.

DUST CLOUDS ON MOON THREAT TO EXPLORERS

Blinding dust clouds kicked up by rocket exhaust could well be the greatest danger that arises as a space vehicle lands on the moon, says the National Aeronautics and Space Administration. This dust would not only obscure astronauts' vision, but it could jam radar and even the operation of the spacecraft itself, NASA adds. A perplexing problem is selection of the right landing gear for the unknown properties of lunar terrain. Should the moon have a thick layer of soft dust, the scientists say, wide treads or oversize shoes would be the answer.

Rockwood News

By MRS. JOHN C. HUNTER

Mr. and Mrs. J. T. Avants and Larry of Santa Anna attended church Sunday morning and were dinner guests with Mr. and Mrs. M. D. Bryan and Lester. Mr. and Mrs. Floyd Smith and children of Santa Anna were also guests.

Mr. and Mrs. Hilary Rutherford, Dena Lee and Rocky of Brownwood spent Saturday night with Mr. and Mrs. Sherman Hellman. Sunday Mrs. Rutherford and children and Mrs. Hellman visited with Mrs. Cecil Harmes of Lamesa, who was visiting with Mr. and Mrs. Joe Langehenning and children in Coleman.

Mr. and Mrs. Leffel Estes and Geneva spent last Thursday at Valera with Mr. and Mrs. Bob Nixon. Mr. and Mrs. Lee Smith of Bangs were Sunday guests in the Estes home. Mrs. Estes and Geneva spent Monday in Coleman with the Cecil Days.

Peggy McIntire, who is employed in Austin, and Mary Beth Kirchhof spent Friday to Sunday with Mr. and Mrs. Billy McIntire and family, who took them home and visited Sunday.

The Rev. David Morrison, pastor, filled the pulpit at the Baptist Church at both Sunday services. Little Ellice Morrison is on the sick list this week.

Mr. and Mrs. E. G. Billings spent Thursday to Sunday in West Texas, visiting with the K. B. Pickering family at Wickett, with the H. A. Pickering at Gulf Camp and the T. A. Pickering at Odessa.

Mr. and Mrs. J. E. Porter of Utopia and Mr. and Mrs. Olin Horton, Johnny Wayne and Denise of Andrews, spent the weekend with Mr. and Mrs. Johnny Steward.

The Rev. Bruce Hornell, pastor, a student in Texas Wesleyan College in Fort Worth, preached at the Methodist Church Sunday morning worship hour. He was dinner guest with Mr. and

Mrs. Cecil Richardson and boys. Mr. and Mrs. Marcus Johnson and Nikki and Miss Bernice Johnson were Sunday dinner guests with Mr. and Mrs. Fox Johnson.

Mr. and Mrs. Cecil Richardson and boys visited Sunday afternoon with Mr. and Mrs. M. A. Richardson.

Mr. and Mrs. Clinton Estes of Houston visited Friday to Sunday with Mr. and Mrs. Drury Estes. They all visited in Coleman on Saturday with Mrs. Dee Mankins, a patient in Coleman hospital.

Mr. and Mrs. Floyd Smith and family and Mr. and Mrs. J. T. Avants and Larry of Santa Anna, Mr. and Mrs. Boss Estes, Mike and Gordon visited Sunday, Mr. and Mrs. Vernon Estes of Bovina and Mr. and Mrs. Matt Estes visited one day last week.

Mr. and Mrs. Iru Bray were Sunday dinner guests with Mr. and Mrs. Bud Frost at Waldrip. Mr. and Mrs. R. E. Briscoe of Waldrip were Sunday supper guests with the Brays.

Mr. and Mrs. C. F. Nevans visited Sunday afternoon with Mr. and Mrs. Jack McSwane and Stanley.

Friends were notified of the death of Ralph Hall, a former resident, Monday in the hospital at Ingram. Services were at Lohm at 3:00 p. m. Wednesday. Burial was in the Lohm Cemetery.

Mrs. Mena Shuford and Mrs. Kate McIlvain visited with Mrs. N. J. Buttry Sunday afternoon.

Mr. and Mrs. Weldon Estes and Gordon of Coahoma spent Thursday night with Mr. and Mrs. Boss Estes and family. Gordon remained to Sunday, when Mr. and Mrs. Boss Estes, Douglas and Mike took him to Abilene to meet his parents. They also visited with Mr. and Mrs. Woodrow Estes and girls.

Mr. and Mrs. Vernon Estes of Bovina spent Friday night with Mr. and Mrs. Matt Estes. The Rev. Bill Shamblin and Rev. Simmons of Fort Worth, visited the Estes' one day last week.

Mrs. Ray Caldwell and Mrs. Sherman Hellman recently visited in Brownwood. Mrs. Hellman visited her daughter and family. Mrs. Hilary Rutherford, Mrs. Caldwell was a dinner guest with Mrs. Vera Lovelady and they visited in the afternoon with Mrs. Uless Maness.

Mr. and Mrs. Ted McCarthy of Dallas spent the weekend with Mr. and Mrs. R. L. Steward. They brought Mrs. Caldwell home after visiting this week with them.

The Rockwood Community will sponsor a 42 party at the Community Center Friday night, March 23. The candidates are invited. Local families are asked to bring a pie, dominoes and card tables.

Mr. and Mrs. Charles Hunter, Rocky and Tim of Coleman visited Friday evening with Mr. and Mrs. Curtis Bryan and Leann. Mrs. C. W. Hunter of Shamrock was a business visitor in Coleman one day and Mrs. Bryan met her there.

Mrs. Lee Miller came home Monday after nearly two weeks in Coleman with her sister, Mrs. Fanny Pike, who was ill in the hospital.

Mr. and Mrs. Matt Estes recently visited Mr. and Mrs. Clyde Horseman at Bangs and Mr. and Mrs. Lee McMillan accompanied them and visited Mr. and Mrs. Luther Crutcher.

Edwin Fowler of Coleman visited Sunday afternoon with Mrs. Hyatt Moore and Mrs. Rosa Belle Heilman. Other callers were Mrs. Drury Estes, Mrs. Clinton Estes and Mrs. Era Blackwell.

Sunday guests with Mr. and Frank Bryan were Mr. and Mrs. Wayne Bray and girls of Lohn, Mr. and Mrs. Mack Hambright and children of Coleman, Mr. and Mrs. Curtis Bryan and Leann. Kathy Hambright recently suffered a broken collar bone.

Mr. and Mrs. A. L. King visited with Mr. and Mrs. Willie King in Coleman last Thursday. Mrs. Georgia Hill of Houston, Linda and Charlotte Oakes of Brownwood and Mrs. Lige Lancaster of Trickham visited Mr. and Mrs. King Saturday afternoon. Callers were Mrs. Claud Box Friday afternoon and Mrs. Lon Gray Monday afternoon. The Kings are making some new additions to their home.

Mrs. King visited Sunday afternoon with Mrs. P. E. McCrea.

Charles Ed Hill of Lohn recently visited Mr. and Mrs. Claud Box. Mr. Hill has been discharged from the Army, retiring after 22 years of service. Last tour of duty was at Taipei, Taiwan, with the Det. 1, 2165th Comm. Sq.

Mrs. Claud Box and Mrs. Boss Estes were in Brownwood last Thursday. Mrs. Box was a dinner guest with Mrs. Vera Lovelady. Mrs. Estes spent the day with Mrs. Uless Maness. In the afternoon Mrs. Box, Mrs. Lovelady and Mrs. G. W. Williams visited Mrs. Maness and Mrs. Estes.

Mrs. Elec Cooper was dismissed from the Brady Hospital on Thursday, after minor surgery on Monday.

Sue Hodges of Lohn spent Sunday night with Louise Cooper.

Clinton Estes visited Sunday morning in the M. D. Bryan home.

Mr. and Mrs. Tony Rehm spent Sunday in Brownwood with Mr. and Mrs. Mack Rehm and Ginger.

Mr. and Mrs. R. J. Deal attended a Worker's Conference at Voss Monday evening.

Sony Steward, a student at Tarleton College, was home for the weekend.

By MRS. TOM RUTHERFORD

Another reminder of the annual April Picnic, to be here April 7. We will be looking for you. Please don't become annoyed that I keep reminding you. Plans are in the making to have a matched softball game in the afternoon with a team from Abilene.

The weather is the chief topic of discussion. We wonder why we can't receive the much needed rain, when apparently everything is so favorable. The snow last week was welcomed by both farmers and ranchers.

Mr. and Mrs. Mickey Chilton and children of Arlington, were weekend guests with her parents, Mr. and Mrs. Bert Turney, returning home Sunday afternoon.

Mr. and Mrs. Hilary Rutherford and children, Rocky and Dena, were Saturday night supper guests with his parents, Mr. and Mrs. Tom Rutherford.

Several ladies and husbands met at the Community Center Wednesday afternoon. The lad-

ies put in a quilt and worked, while the men played dominoes. A group met again Friday night. The ladies quilted while the men played dominoes.

Mrs. Earl Cozart spent Friday with her mother, Mrs. Bob Johnson in Coleman.

Cheryl Fitzpatrick spent Monday night with Sandra Davis in Santa Anna.

Mrs. Walter Yancy and children, Sandra and David, visited in the Bert Turney home Sunday morning. David remained for the day, visiting with Mike Chilton.

Mr. and Mrs. John David Morris and Joe Floyd Morris of Dallas visited during the weekend with the boy's parents, Mr. and Mrs. Floyd Morris.

Mr. and Mrs. Bert Turney and Mrs. Roy England were shopping in town last Wednesday and were dinner guests of Mr. and Mrs. Rex Turney and Mark.

Mr. and Mrs. Darwin Lovelady and Randel visited Sunday afternoon with Mrs. Vera Lovelady in Brownwood.

Mrs. Roy England and children, Mike, Cindy and Jana, were supper guests with Mr. and Mrs. Bert Turney Thursday night.

Mrs. Floyd Morris states she hears from her father, Mr. D. T. Perkins, who is in the home of a son near Dallas, and Mr. Perkins is feeling fine but home sick.

Linda Stanley spent the weekend with friends in Comanche. Jana England spent last Thursday night with Billie Gay Rutherford of Rockwood.

Trickham News

By Mrs. J. E. York
Telephone 2-3250

Rev. Frank Haynes, Baptist pastor, preached the Sunday morning worship service. Church was called off Sunday night due to the recent illness of Rev. Haynes.

The M. Y. F. group held their meeting at the usual time Sunday evening. There were 10 members present. On Thursday night the M. Y. F. enjoyed a skating party in Coleman.

Mrs. George Haynes, Carol and Janice of Lovington, N. M., and Mr. and Mrs. G. O. Welch of Coleman, visited on Friday with Mr. and Mrs. Fred Haynes. Mr. and Mrs. Frank Wallace and children of Abilene spent the weekend with the Fred Haynes family.

Mr. and Mrs. O. R. Boenicke visited with Mr. Tom White in the Coleman hospital on Sunday afternoon.

Mrs. Ruby Lea Anderson and Mrs. Delar Matthews of Brownwood visited with Mrs. Beula Kingston on Friday and took her to her doctor for her usual check-up. Other visitors with Mrs. Kingston during the weekend were Mr. and Mrs. O. J. Martin, Mrs. Carrie Stacy and Mr. and Mrs. Rob Sheffield of Brooksmith.

We were sorry to hear of the illness of Mrs. O. V. (Buck) Mitchell, who was admitted to a hospital in Brownwood last week. Mr. Mitchell had recently undergone surgery and was able to be up and around. We wish him a speedy recovery. Mr. and Mrs. Damon Miller and children of Killen and Mr. and Mrs. Lloyd Mock of Post City, were here over the weekend, visiting their parents, Mr. and Mrs. O. V. Mitchell.

Mrs. Ray Davis and Mrs. James Townsend of Abilene visited in my home on Thursday.

Mr. and Mrs. J. L. Burney of Pueblo, Colo., visited with Mr. and Mrs. Wiley McClatchey on Thursday afternoon.

Mr. and Mrs. Cotton Looney visited Mr. and Mrs. O. R. Boenicke Sunday afternoon.

The Candidates Rally, held at the Community Center on Friday night, was reported to be a big success. There were several candidates and a large bunch of community folks present. All enjoyed a nice time.

Mr. and Mrs. T. C. Rutherford of Crane and Mr. and Mrs. Julian Whitley, Terry and Cathy of Goldthwaite, visited with Mr. and Mrs. Marvin Whitley last week.

Mr. and Mrs. Marvin Whitley visited in Big Lake Monday with Mr. and Mrs. Wayne Whitley and Sherron.

Mr. and Mrs. H. B. James, Wanda and Donna visited Buck Mitchell in a Brownwood hospital Saturday night.

Shields News

By MRS. E. S. JONES

An average crowd attended the monthly Community Supper. The next supper, a candidate rally, will be held Saturday, April 21st.

Mr. Lewis Evans of San Angelo and Mrs. Frances Everett, brother and sister of Mrs. Geo. and Mrs. Geo. Stewardson Saturday afternoon.

Chrystene Carpenter was chosen as one of the twelve students representing McMurry College when the National Education Association met at Corpus Christi March 16 and 17. Chrystene had the honor of being elected recording secretary of the association.

Bro. and Mrs. Floyd Littlepage and Brenda were guests of Mr. and Mrs. Glen Scarborough and Sherry Sunday.

Mr. and Mrs. John Stewardson spent Sunday with Mr. and Mrs. Carl Benton and boys, Jim and Larry, and visited Monday evening with Mrs. Sam Dalton and son, Sidney.

Jo Ann Wallace won first, Glen Gilbreath, Leland Williams and Karen Jones all won second ratings in their respective classes at the Regional Interscholastic Band contest at Abilene Saturday.

Mr. and Mrs. George Bivins of Iran visited during the week with the Otis Bivins.

Mrs. Effie Dalton, who visited several days with her son, Carter and family at Irving, returned home Monday.

Monday Mr. and Mrs. Ernest Beakley of Eden visited with

Mr. and Mrs. G. C. McDonald. Mr. and Mrs. Fred Perry of Bangs and Mr. and Mrs. Dan Wheatley were in Brownwood Sunday morning. Mr. and Mrs. Wheatley and Mr. Perry were requested to sing a trio at the Men's Bible Class, which meets in Hotel Brownwood.

Sunday visitors with Mr. and Mrs. Grady Williams and children were her parents, Mr. and Mrs. Emmet Lowe, her grandmother, Mrs. Manley Williams, Mr. and Mrs. Bill Lowe and children, Mr. and Mrs. Dub Lowe and Patsy and Miss Mabel Williams, all of Coleman.

Pensions And Annuities Tax Information

Pensions and annuities received by individuals during 1961, fall into one of three categories for federal income tax purposes: nontaxable, fully taxable, or partly taxable, according to V. W. Newman, Administrative Officer, Internal Revenue Service, Brownwood.

Pensions which are tax-free and need not be reported on the federal return include Social Security payments, Railroad Retirement Act pensions, pensions to veterans, and family benefits and disability retirement pay of military personnel, if retired on disability resulting from active service.

On the other hand, the IRS representative added, payments received by a retired employee from a pension plan provided by his employer, without cost to the employee, are fully taxable.

"If you purchase an annuity contract, or if you retire under a plan financed jointly by you and your employer part of the payments received by you will be taxed and the balance will not."

"If you and your employer each contributed a part of the cost of your pension or annuity and you will recover your entire cost within three years after retirement, you report nothing as income until you recover your cost. After that, all amounts received are fully taxable."

In all other cases, the IRS representative said, a part of each annuity or pension payment is tax-free and the balance is taxable. Computation of the taxable portion is based on a formula designed to enable the taxpayer to recover his cost tax-free.

Many questions about federal income tax can be answered by telephoning the local IRS office.

GARDEN WINDMILL

This 10-ft.-high Dutch windmill makes an attractive storage space for mowers, rakes, hoses, and other lawn and garden implements. The front door shown is a dummy; in the back is a full-size door. The base is a 54-in. circle, and the blades, which turn, have a wooden framework covered with canvas. For instruction blueprint B890, send 40¢ to Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill.

Our WASHINGTON Letter
By Congressman O. C. FISHER

THE GOLDEN EAGLE, long a bane to the sheep and goat raiser, particularly in the area of the Mexican border, would be given some protection under the terms of a bill recently approved by a House committee.

An amendment adopted by the committee, however, gives the Interior Department authority to give ranchmen the right to destroy the eagles which are known to be predatory. The amendment gives that right where "it is necessary for the protection of wildlife or of agricultural or other interests in any particular locality."

The golden eagle, described by the Department of Agriculture as "a majestic bird of prey", is one of the largest of the world's eagles and has a wingspread of about seven feet.

It has been difficult to convince sponsors of this protection legislation that the golden eagle is a menace to new-born lambs, kids, and fawns, although this fact is well known in the region of the Rio Grande where these birds are quite prevalent during certain seasons. I have accumulated an abundance of information that confirms this.

Dan Auld of Kerrville is a respected authority on this subject, and he attests to the predatory habits of the eagle, based upon actual observation and experience.

Another authority in our area is W. J. Burns of Del Rio, who for years was a government trapper, writes: "I have seen the eagles fly over the pastures, and dive straight down like a bullet and rise with a lamb in its claws..."

In the border country every ranchman knows about this menace. Bounties are often paid for the killing of eagles, and airplanes are sometimes employed to help protect the sheep and goat raisers against losses of this kind, by shooting the eagles from the air.

While the amendment giving some protection to the ranchmen is helpful, I still consider the legislation unnecessary. There is no present danger of extinction of this bird, as is contended by some. And that is the reason given for the legislation.

Preston Smith Has Plans for Betterment of Texas

A "man with a plan" for Texas is how friends of Senator Preston Smith describe the Lubbock businessman.

Senator Smith has been working for Texas for many years as a public servant.

The veteran legislator has served six years in the Texas House of Representatives and is in his sixth year as a State Senator.

He now seeks his highest goal, that of Lieutenant Governor of Texas, his native state.

The veteran West Texas lawmaker campaigned for the office of lieutenant governor in 1950. He placed third in a field of 12 candidates and led the ticket in 68 counties.

This "man with a plan" has drafted a program of progress as the platform for his campaign.

Six Flags Girds For Second Season Opening

Despite unseasonal snowfalls and a seige of freezing weather that hit the Dallas-Fort Worth area during late February and this month, schedules for the completion of Six Flags Over Texas in time for the April 20 opening are being maintained.

Much remains to be done however, as the 1/2-million dollar expansion program which began last fall is fast drawing to a close.

Twenty-four programs which included a general expansion of present facilities at the Park as well as new additions were planned at the close of the 1961 season. This will result in increasing the handling capacity at Six Flags by approximately 50 percent or 22,000 per day in 1962.

Among the general expansion programs were a second narrow gauge steam engine and cars, the addition of a second Free-way for the specially built gasoline-powered sports cars, as well as enlargement of the terminals for the unloading and loading of passengers on the various rides.

A \$99,000 landscaping design for the Park will, in the estimation of William Baker the brilliant chief of this operation, top the scenic beauty that won for Six Flags a national landscaping award last year.

New for the 1962 season is a fleet of Indian war canoes for the area back of Skull Island in the Confederate Section. Skull Island has been greatly enlarged and a pirate ship and pirate island are also being added to that section.

In the Texas section the high-way for the Chaparral antique car ride is nearing completion. A dozen of these four passenger gasoline-powered autos, modeled after 1912 vintage cars, were specially built for use at Six Flags Over Texas.

Perhaps the strangest new addition to the Park is the Casa Magnifica in the Spanish section. A product of an old-time architect's faulty calculations, this abode will offer visitors the most unusual sensations, both visual and physical.

On tap for the 1962 season is a Campus Revue Show scheduled to run for 14 weeks during the summer months at the Six Flags 500-seat Amphitheatre. Auditions are currently being held at a number of the colleges and universities located in the South-

Earliten Club Organized Mar. 17

All the teenagers of the Santa Anna and Brownwood Seventh-day Adventist churches were invited to meet at the home of the pastor, H. A. Baron, in Brownwood Saturday night for the purpose of organizing an Earliten Club. Thirty members from the two churches were present for the organization.

The Earliten Club is one of the activities of the Missionary Volunteer Youth Organization which began in 1907 with a membership of 5,329. Membership now numbers about 500,000 youths.

The club plans to meet once a month. Next month lake outing is planned.

The group enjoyed a number of indoor games, then went on an old-fashioned scavenger hunt.

Hand punches at the News office.

west on a search for talented college students for this show. Certain to be one of the highlights of the year, the Campus Revue Show, with a top notch cast of thirty will go into rehearsals towards the end of May.

In addition to the entertainment at the Amphitheatre, college students play a major role in the other phases of the Park's operation. Last year more than 600 of them worked at Six Flags playing various characters which included singers for the Crazy Horse Saloon, fast draw gunfighters, Spanish conquistadores, chefs, musicians, ride operators, Confederate soldiers, coxswains on French river boats and on the guest relations staff, just to name a few.

Because of the expanded activities and enlargement of the facilities at the historical theme fun Park planned for 1962, close to 1,000 college students will make up the "cast" at Six Flags this year.

A long-felt need for providing accommodations for tourists planning to visit Six Flags this summer will be fulfilled on May 28 with the opening of The Inn of Six Flags. Consisting of 100 luxurious rooms, three swimming pools and featuring superb dining facilities, the Inn is currently under construction and being built at a cost of \$1,125,000. It is located just adjacent to the Park.

Mr. Angus G. Wynne, Jr., president of Great Southwest Corporation, of which Six Flags Over Texas is a major project, said, "The tremendous public acceptance of Six Flags in our first season of operations was most gratifying. Particularly so because 543,000 visitors came to see Six Flags during our first short season which extended only from August through November. In 1962 we will have the benefit of a seven month operating season and estimate 1.5 million people will visit Six Flags this year."

**HEALTH AND SAFETY
TIPS FROM THE
AMERICAN MEDICAL ASSN.**

POISON WEEK

There are 250,000 products for use in the home which contain one form of poison or another. It is little wonder then, that 600,000 children manage to poison themselves each year. Of these, about 500 die.

Cleaning and polishing agents, detergents, cosmetics, paint, turpentine, petroleum-based products, bleaches, plant foods, plaster and thousands of similar items all may contain poison.

Many of these substances can be found in such places as the cabinet under the sink, the broom closet, the bedroom dresser, etc. — places toddlers just love to explore.

Medicines are also extremely dangerous, except in the correct dose for the person for whom they are specifically recommended. Too much of virtually any medicine can be poisonous. As-

pirin, a virtual staple in every home, is the primary cause of poison deaths among children under five.

To emphasize potential poison dangers in the home, especially dangers to small children, the week of March 18-24 has been declared National Poison Prevention Week. The American Medical Association during the week will join with other organizations in urging safety measures against poisons.

Don't think that because something doesn't taste good, a child won't eat it. His inborn curiosity will lead him to sample almost anything, even if he has been warned not to touch.

The surest means of keeping small, inquisitive hands away from poisonous products is to keep such substances under lock and key. Since this isn't always practical, here are some other pointers to keep in mind:

If your child takes something that may be poisonous, call your doctor for instructions at once. Don't wait to see what happens.

Never transfer poisonous materials from the original containers; especially never store them in pop bottles, glasses, cups, bowls, etc. Children naturally assume things in such containers are for eating.

Never leave a child alone when you're working with cleaners, polishes, insecticides or other poisons. Wash contaminated utensils immediately.

Give medicines only in a lighted room and discard old medicines which are no longer being used.

When you throw away hazardous materials, be sure children can't rummage into them.

The important thing to keep in mind is this: Poisons lurk in a variety of common disguises and can be hiding in any nook and cranny in the home. No child is safe in a room by himself, at least not for long.

Dorothy Perkins Cosmetics now available at Moore's Variety Store.

Dr. L. R. Simmons, President of the California Baptist College, Riverside, Calif., spent Friday night with his mother-in-law, Mrs. J. J. Gregg.

Mr. and Mrs. Gene Smith and Jeffery of Tyler visited last week end with their parents, Mr. and Mrs. Richard Smith of Santa Anna and Mr. and Mrs. Tony Rehm of Rockwood.

**Leroy Curry Makes
Statement To
Precinct 2 Voters**

**TO THE VOTERS OF
PRECINCT NO. 2:**

I have announced my candidacy as your County Commissioner of Precinct Two, and want to say to one and all that I will appreciate your vote and support, and assure you that if elected, I will serve to the very best of my ability and for the best interest of all citizens in Precinct Two.

For some two and one-half years I worked for the commissioner of Precinct Two, and believe that I have a good understanding of the road needs and road problems in the area. I believe that I am qualified to fill the office and would appreciate the opportunity to serve.

I have been a long-time resident in Precinct Two and quite naturally all of my interests are here. If elected, I would constantly work for road and highway projects for the betterment of the precinct.

It is my intention to see every one before election day, but in any event, please accept this as my personal solicitation for your vote and influence.

Yours very truly,
LEROY CURRY
Paid Pol. Announcement

**Republic of Texas
Money Is Baker
Club Credential**

Facsimile \$5 Republic of Texas banknotes, printed on parchment so crinkly and genuine looking that Sam Houston would have accepted it as face value without a second glance, made their appearance throughout the state this week as part of Sen. Robert Baker's race for Lieutenant Governor.

On the reverse side of the bank-notes is printed, in appropriate formal language, the bearer's certificate of membership in the "Be for Baker Club," declaring that this is "the currency of good and progressive government in the State of Texas."

An announcement from Baker's Dallas headquarters said 100,000 of the unique banknotes will be distributed during the next six weeks, being offered to Baker supporters through county campaign headquarters and chairmen throughout Texas.

Baker confidently predicted that he would be in the run-off election with "the candidate who has already committed himself to a state-wide special interest group," and that he would win the run-off because he has made no commitments to any group or organization and will be free to serve the voters to the best of his ability and his 10-years' experience in the Legislature.

**ROCKWOOD QUILTING
CLUB MEETING**

The Rockwood Community Center was the scene of much activity Thursday, March 15, when quilting members gathered to work on a lovely shades-of-pink quilt, put up by Bernice Johnson.

At the afternoon refreshment period, greeting cards were signed to be mailed to Mrs. Elce Cooper and Miss Colleen Wise of Fort Worth.

The Home Demonstration Club also met here, where they decided the greatest need of the Center was for plenty of chairs and cups.

Members in attendance at both meetings were Mmes. Curtis Bryan, Jack Cooper, Dick Deal, Evan Wise, Hilton Wise, Bill Steward, Tony Rehm, J. P. Hodges, Sherman Hellman, Earl Cozart, Marcus Johnson, John Hunter, Aubrey McSwain, Fox Johnson, Era Blackwell, Kate McIlvain and Bernice Johnson.

**ROCKWOOD WMS
REGULAR MEETING**

Mrs. Ray Caldwell gave the opening prayer when the Woman's Missionary Society met at the Rockwood Baptist Church Monday in Mission Study, titled "Glimpse of Glory."

Giving chapters were Mrs. Caldwell, Mrs. Evan Wise, Mrs. R. J. Deal, Mrs. Matt Estes and Mrs. Bill Bryan. Following the study Mrs. A. L. King, vice president, conducted a business session. Mrs. Deal will direct Bible Study next Monday.

Mrs. Kate Holmes has returned from a 10-day visit with her son, Mr. and Mrs. L. J. Lovelady and family at Texas City. She made the trip with two of her sisters, Mrs. Jack Powers of Midland and Mrs. Edith Newson of Winchell. They also visited another sister, Mrs. Johnny Carruthers at Pasadena. Mrs. Holmes got acquainted with a new grand daughter, Lyna Denise, born to Mr. and Mrs. Lovelady March 7. The Loveladys have two other daughters.

Mr. and Mrs. Cecil King and girls of Brownwood visited Sunday with Mrs. Kate Holmes.

Dorothy Perkins Cosmetics now available at Moore's Variety Store.

HOSCH GROCERY

AFTER THE INSIDE STORY, this young reporter checks the maw of a giant black sea bass caught off the coast of California. Popular Mechanics magazine for February tells how shifting ocean currents have warmed West Coast waters in the last five years, causing an influx of fish usually caught only much farther south. Similar shifts in East Coast currents, the magazine says, would bring about spectacular fishing there.

WHAT TO MAKE

By Allen Carpenter, Director, Service Bureau
Popular Mechanics Magazine

BUILD PRE-FAB VACATION HOME AT HOME

This three-stage vacation home can be built in standard pre-fab sections at home in your basement or garage and moved easily to a building spot for construction. The basic unit, shown here, is 24 x 24-ft. (576 sq. ft.) and has a living room, kitchen, dining area, bathroom, and bedroom. You can add a 12-ft. second unit consisting of two bedrooms and a third unit with a screened-in porch and storage space. The foundation is concrete block, the walls and floors, prefabricated 4-ft. sections. A construction manual for the vacation home is available for \$1.00. Complete plans, including a material list, for the basic home as well as the add-on units, cost \$20.00; the construction manual is included without charge with the plans. To order, send cash or money order to Service Bureau, c/o this newspaper, 209 E. Ontario St., Chicago 11, Ill. A list of other What-To-Make projects is available without charge.

Read Romans 5:6-11.

God commendeth his love toward us, in that, while we were yet sinners, Christ died for us. (Romans 5:8.)

One afternoon in springtime, I was on my pastoral rounds on the Devon moors. On the mat at the door of a lovely cottage I saw the word WELCOME. Close at hand also was a large boot-scraper.

When the lady came to the door, I smiled and, pointing to the scraper and the mat, said, "I guess I'm welcome provided my boots are clean!" She smiled back and explained that the scraper was for her husband when he came in from the fields. The incident led us to talk of God's welcome for sinners. There are no boot-scrappers outside His door. He has opened the kingdom of heaven to all believers, and whosoever will may come. Welcome — that is the gospel invitation. We come to Christ "dirt and all," and we enter the kingdom as forgiven sinners. Indeed, there is no other way. If we were to wait till we were presentable, we would never come at all.

PRAYER

We have nothing but our need to bring to Thee, O God, and nothing to plea but Thy grace. Help us to live this day not in vain endeavor to qualify for Thy loving kindness, but in humble acceptance of Thy mercy freely given in Christ in His redeeming name. Amen.

THOUGHT FOR THE DAY

God has opened the Kingdom of heaven to all believers, and whosoever will may come.

**Eastern Star
Observes Friendship
At Monday Meeting**

Mrs. Viona West, Worthy Matron and Montie Guthrie, Worthy Patron Pro-tem, presided in the East Monday night when the Santa Anna Chapter No. 247, Order of Eastern Star, met in the Masonic Hall for its regular March meeting. Thirteen officers filled their stations.

The minutes of the last meeting were read and approved. Montie Guthrie led the group in

giving the Pledge of Allegiance to the Flag.

After the regular order of business the chapter closed with the Retiring March.

Mrs. Carmen Donham was in charge of the Friendship Program. After the meaning of Friendship was given, Mrs. Donham read the poem, "My Friend" by Edgar A. Guest.

The group then gathered in the Fellowship Hall for a social hour.

Mr. and Mrs. Jack Mobley and Mrs. Fannie Gober served sandwiches, olives, potato chips, cake and coffee from a table laid with white linen cut work cloth, centered with an arrangement of ivy.

Mrs. Dottie Shroyer of Alexander C. Garrett Chapter No. 774, Dallas, was visiting the chapter.

**Roland G. Curry
Married Recently**

Roland Gale Curry, son of Leroy Curry of Santa Anna and Mrs. Travis Smith of San Angelo, was married to Miss Cheryle Dee Gallaway in San Angelo recently.

Mrs. Curry is a 1961 graduate of San Angelo Central High School. Mr. Curry is stationed with the 49th Armored Division at Ft. Polk, La.

After a short wedding trip, the couple are making their home in DeRidder, La.

Mr. and Mrs. R. L. Todd returned home Sunday after attending the funeral for her niece who was buried in Texarkana on Friday.

Texas' King Ranch is so large that there is a month's difference in the growing season between the north and south edges.

About Your Health

Insects have bothered man since the beginning of recorded history. They have stung him, bitten him, destroyed his home and his food and, even worse, carried germs that brought sickness and death. Entomologists report that they can identify some 10,000 "public enemy" insects that do \$4 billion damage annually.

For thousands of years man probably did little but swat and squash the insects to defend himself against them, but by 1000 B C Homer was writing about sulphur as a fumigant. Since that time insecticides have steadily improved. One, DDT, was developed in 1942, and gave promise of providing the knock-out punch against insect hordes. However, many insects, including flies, salt marsh mosquitoes, roaches and lice quickly developed resistance to the chemical. Other insects including Mexican beetles, spider mites and many aphids were not affected by it.

Even today there is still only one sure defense against insects. A simple but complete program of community and home sanitation. Start this program at home by clearing the weeds from around the garage, stock ponds and fence corners. These are ideal breeding places for mosquitoes and flies.

Check your garbage cans for leaks and corrosion, replacing those that are worn or misshapen. Garbage cans should be washed weekly to keep them clean and dry.

Always replace the lid when depositing refuse. If the lid doesn't fit, fix it or get a new one.

Inspect the house and ground carefully for stagnant water catchers. Vases and flower pots inside the house are frequent offenders as are old tires, wood piles, tin cans and empty jars in the yard.

Use a good residual spray on all out buildings, walls, ponds and shrubbery and eliminate stagnant water areas.

Empty and refill all stock and pet water troughs at least once a week.

Finally, repair or replace all worn or damaged screens and use a space spray or aerosol bomb to rid the house of flying pests, being particularly careful to cover foods and eating ware.

Take the precaution now and keep them up through the summer, and the fly and mosquito population will be the only loser. (A weekly feature from the Division of Public Health Education, Texas Department of Health.)

COLLEGE IQ SCORES COVER BROAD RANGE

IQ scores of U. S. college students cover a very broad spectrum, according to the American Council on Education, which reports that test scores of more than 60,000 students in 200 colleges and universities averaged a score of 104. For individual institutions, the ratings ranged from 38 to 142. Regionally, colleges in the Northeast enrolled students of the highest ability (117), followed by the North Central states (105), the West (101) and the South (95).

CLEAN AMERICANS

Americans are the cleanest. In 1960 we soaped our bodies, clothes, dishes, utensils, cars, homes, offices, factories, with more than 4,300,000,000 pounds of soap retailing for \$1,121,000,000.

Looking Ahead
 .. by Dr. George S. Benson
 PRESIDENT-NATIONAL
 EDUCATION PROGRAM
 Searcy, Arkansas

HOW TO BUY VOTES

When Congress denied the Kennedy Administration a proposed Department of Urban Affairs it reflected the traditional grass roots caution about expanding the power and authority of the central government. The Congress, somehow despite heavy political pressures for an obviously politically motivated strategy on the part of the Ad-

ministration, has once again found its conservative base regarding the encroachment of executive power.

A department of urban affairs would have started off by over-seeing federal expenditures of more than \$4 billion, which undoubtedly is enough to keep the big city vote in line for this year's congressional elections. Then, when one considers the kind of Urban aid programs that might be added before 1964, the advantages of this power concentration become obvious. Heavy emphasis has been experienced in the past year on federal aid and influence in related areas, such as relief and development assistance, old age programs, union bargaining and

organization, and raises for government employees.

Taxes For "Payoff?"

All this adds up to something for everybody, which is not to say that all of it is undesirable. But it is a sort of "payoff" from a newly elected administration that has promised to "get the nation moving" again. The movement of funds out of the Treasury will eventually require the movement of tax money back into Washington. If the country is not in fiscal chaos by 1964, all this activity will probably sound like votes recited at the convention. This kind of strategy worked under Roosevelt and under Truman.

More and more, the American economy is becoming a government planned economy directed by the party that promises most. Increasingly, the people are urged to leave it up to the President to do this or do that. Bills for every conceivable need or group flood the Congress. Is our society so complicated that one can no longer do anything for himself? Or is it so uncomplicated that all economic problems are merely "oysters" for the planners? Have the economic laws of the free market been replaced by government decree?

An Outmodel Congress

Some Americans apparently believe that we, the people, merely by giving up power, may expect Utopia. The President wants power to fight recessions, to cut taxes (raise them, too), to spend by executive order, to hand out millions to the jobless, to aid education, to control farm production, to unofficially establish wages and prices, to balance foreign trade, etc. The executive department, through the federal banking system, already controls the supply and cost of money. What else is left?

If the Congress grants all the powers being requested, there will be little left for Congress to do except okay big appropriations bills in a routine way and lift the ceiling on the national debt. This will undoubtedly give Congressmen more time back home with constituents for the purpose of obtaining more federal funds and preparing for the next election! For thirty years we have had continuous erosion of legislative power in favor of the executive department. It is most dangerous. We can lose representative government this way.

Opposition Needed

These trends, besides ignoring basic and fundamental freedoms of the individual under the Constitution, teach away the responsibilities that such freedoms assign to the individual. These developments lead to a resignation of local and personal responsibility in favor of an all powerful State which pre-supposes (and tries to convince the people) that vast power for good ends is always justifiable. We are on the wrong track, and we are likely to find that absolute power can corrupt absolutely.

There was encouragement, therefore, in the refusal of Congress to establish a department of urban affairs. This action shows the existence of a basic resistance to these powerful thrusts toward government centralization. We need to see more such opposition.

SMALL ARMS

During World War II America produced 41 billion rounds of small arms ammunition, enough to last 40 centuries fired at the rate of 20 rounds a minute.

SEVEN MAJOR LANGUAGES

Global TV could be the greatest force yet discovered to break down the language barriers that hamper communications, says Dr. Arthur C. Clarke, British physicist. Dr. Clarke points out that despite the many languages existent, only seven take care of the needs of half of mankind. These seven are Mandarin Chinese, English, Hindustani, Spanish, Russian, German and Japanese. Unless a new universal language is concocted, the choice will eventually be between English, Mandarin and Russian, Dr. Clarke says.

THE AMERICAN WAY

The Big Take

THAT'S A FACT

THE FLAMINGOS OF BONAIRE
 MORE THAN HALF OF ALL THE FLAMINGOS IN THE WORLD LIVE ON THE ISLAND OF BONAIRE IN THE NETHERLANDS ANTILLES. BONAIRE ATTRACTS THESE MAGNIFICENT BIRDS BECAUSE OF THE ABUNDANCE OF SMALL FISH AND SEA URCHINS FOUND ON THE ISLAND'S NOW-UNUSED SALT BEDS.

EDUCATION!
 THE EDUCATION OF OUR NATION'S YOUNGSTERS IS OF THE UTMOST IMPORTANCE—THERE'S NO ARGUMENT ABOUT THAT. AND THERE'S NO ARGUMENT ABOUT HOW U.S. SAVINGS BONDS CAN INSURE A YOUNG PERSON'S EDUCATION—WHILE AT THE SAME TIME IT HELPS MAKE AMERICA STRONG AS A NATION!

DUCK!
 LUIGI JENNINGS OF THE OLD BALTIMORE ORIOLES WAS HIT 49 TIMES IN ONE SEASON (1896) BY A PITCHED BALL!

DID YOU KNOW . . .
 IF YOU LOSE YOUR U.S. SAVINGS BOND, IT WILL BE REPLACED FREE OF CHARGE? AND THAT YOU CAN GET YOUR MONEY ANY TIME YOU NEED IT? U.S. SAVINGS BONDS ARE DESIGNED TO YOUR CONVENIENCE. BUY 'EM NOW AND KEEP ON BUYING 'EM!

WHAT TO MAKE

By Allan Carpenter, Director, Service Bureau
 Popular Mechanics Magazine

FOUR PROJECTS FOR THE YOUNGSTERS

Start now to build these four projects to keep the children occupied happily outdoors all summer long. The miniature golf course, which can be used and built either outdoors or in a large basement, has 18 "holes." A 1/4-hp. motor drives the merry-go-round at a safe, moderate rate of speed. The battery-powered sidewalk jeep can be built inexpensively with second-hand auto parts. Without the motor, it makes an ideal coaster or pusher. Scrap lumber can be used for the 6 1/2 x 4-ft. one-room playhouse, which can be taken apart in sections for storing or moving. Instructions for making all four of these projects, and many more besides, are given in Book B44, available for \$2.00 from Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill. Austin — Capital newspapermen quizzed candidates for lieutenant governor at a Sigma Delta Chi dinner and found wide variety in the answers.

At a prior meeting the professional journalism society had quizzed the gubernatorial candidates.

Big news of the session was the unanimous opposition to legalizing pari-mutuel betting on horse races. Texas voters will have an opportunity to express their own views on this subject at the May 5 primaries.

Rep. V. E. "Red" Berry of San Antonio got this issue listed on both the Democratic and Republican primary ballots by presenting both political party headquarters with petitions signed by more than 200,000 persons. Petition asked the legislature to give the people an opportunity to vote on pari-mutuel betting.

Further questions to the candidates at the newsmen's dinner revealed diverse opinions on repeal of the poll tax as a prerequisite for voting. Four favored repeal; two opposed it. Senator Preston Smith and Bill Hayes were the opponents.

Candidates present at the meeting were Senators Preston Smith, Jarrard Secrest, Crawford Martin and Robert Baker.

all Democrats, and Bill Hayes and Kellis Dibrell, Republicans. Speaker James A. Turman, the seventh candidate, was absent.

Former Lt. Gov. Ben Ramsey moderated the discussion. He closed the session with a comment that most people underestimate the importance of the job of lieutenant governor. Because all state policy is made by the Legislature, the lieutenant governor is of prime importance. He presides over the Senate, names the Senate committees, and decides which committees will handle bills. Thus he has almost absolute control over the course of legislation — which is state policymaking.

POLL LISTS HIGH
It seems like there's a record number of candidates running for state and national office this year. There also appears to be a record number of potential voters.

A recent count showed 2,373,857 Texans paid poll taxes or filed for exemptions this year. That's 217,212 more eligible voters than last year.

With 15 county totals still due at the State Comptroller's office, including some big cities, the list may exceed the record setting 2,594,254 who paid to go to the polls in the 1960 presidential election.

All poll tax payers who show up at the May 5 primaries will answer the big question: Do you want to keep the poll tax as a voting requirement?

Their answers on primary tickets of both parties should be a representative decision on the long-battled subject.

ATTORNEY GENERAL RULES
Angelina County Attorney Dan Brazil asked Attorney General Will Wilson whether a precinct chairman who is elected in a May primary can take office immediately.

He was told that even though a man becomes precinct chairman without a run-off, he must wait until the Saturday after his county run-off election before he assumes his new duties.

Attorney general also ruled that the "banking echeat" law calls for bankers to advertise for missing depositors in May of this year.

He also interpreted the criminal code to read that a justice of the peace cannot collect a \$4 trial fee if the case at hand is dismissed.

EGG STANDARDS UPGRADED
Benefits of the crackdown on egg grade violations in 1958 were reaped by Texas housewives. Number of below-quality or inedible eggs reported for the last quarter of 1961 was only 1.2 percent.

Agriculture Commissioner John White said this incidence is "the lowest in history for Texas and probably as low a level as ever attained by any state."

When the Egg Law became effective in 1958, violations were uncovered at the rate of 16 percent. State Department of Agriculture spent \$39,902 in fiscal 1961 to see that the law was enforced.

At a meeting of the Texas Egg Advisory board, White commended the state's egg industry for its cooperation in the egg "clean-up".

Board includes G. F. Siebel of Burton; Marvin Gillbreath of Weimar; Jack Dubose of Gonzales; T. D. Craddock of Hamilton; Tom Boothe of San Antonio; D. W. Reneau of Seguin and F. Z. Beanblossom of Texas A & M.

A HALF-MILLION MILES TO SCHOOL

Texas Education Agency clocked school bus mileage in the state's 1,483 districts. They found that 8,240 bus drivers drive almost a half-million miles daily to take 420,000 children to school.

Some West Texas school buses travel as far as 229 miles a day.

INDIAN RAID ON CAPITAL
Dressed as Ani-Waya, Latonka, Tonkawa, Neep, Caddo, Kiva, Sotso, Po-Hebto-Quasho and Oglewanagi Indians, some 50 school children raided the Capitol.

Whooping it up for the Brenham Indian Festival to be held April 14, the youngsters danced and chanted to the beat of a giant drum for 30 minutes around the Capitol rotunda. Then they invaded Gov. Price Daniel's reception room to invite him to their April show.

Brian W. Schenk, Austin school teacher in charge of "Indian Affairs," said the children came from Dallas, Houston, Mexia, Denton, Port Arthur, San Antonio, Snyder, Lubbock and other points. They're members of an organization that's trying to preserve old Indian traditions. Some have visited tribes all over the Southwest.

TEXAS DAY AT THE FAIR
Seattle World's Fair officials have invited Governor Daniel to come to the fair on April 27. Billed as "Texas Day," the state will be saluted in a special program in which college, high school and other units can take part.

Schools that are interested in sending representatives should contact the governor's office. The Choralettes of Lamar High School in Houston already have been booked to sing April 26-29.

WHAT TO MAKE

GREENHOUSE
There's nothing as effective as a greenhouse for growing healthy plants and producing seedlings for spring plantings. The one shown has a continuous, sloping roof that saves a lot of trouble in building since a single set of rafters supports both the shingled and glazed sections. Complete drawings and building instructions are given in Booklet L39, 25¢. Order from Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill. Ask for a free listing of more than 500 other What-To-Make projects.

Plastic Covers For Plows Aid Soil Shedding

College Station — Ever have trouble with soil sticking to your plows? U. S. Department of Agriculture agricultural engineers may have found an answer to this problem.

In tests conducted at Auburn, Ala., moldboard plows covered with sheet plastic did an excellent job of shedding soil. Two plastic, Teflon and H. D. polyethylene, were effective in turning sticky, difficult-to-plow clay soil.

The plow covered with Teflon required 23 percent less pulling power than a conventional steel plow. The USDA engineers say this is the first time the Davidson clay used in the test has been satisfactorily plowed with a moldboard since the tillage machinery laboratory began using this soil for tests nearly 25 years ago.

Later tests of the plastic-covered plows were conducted at Plains, Ga. A rye cover crop was completely turned under with six inches or more of soil by a Teflon-covered moldboard. In an adjacent field, an uncovered moldboard failed to shed the soil, which was merely broken loose and pushed over. The soil in these fields was a very sticky clay.

Although both Teflon and H. D. polyethylene were effective in shedding soil, tests comparing sheets of equal thickness showed that Teflon lasts longer. The engineers estimate a 14-inch moldboard plow covered with Teflon will turn about 30 more acres of highly adhesive, sticky soil than will a similar plow covered with H. D. polyethylene.

USDA engineers are presently working with coverings for moldboard plows only, but they believe plastic coverings may eventually prove useful on any farm implement that comes in contact with the soil. This research is continuing.

The plow coverings are not yet commercially available. Manufacturers will have to determine, on the basis of potential demand, whether production of these items is economically feasible.

The French Embassy in Austin, Texas, is the only building ever constructed on American soil by a foreign government.

Director Urges All Revenue Be Included In Tax Return

Ellis Campbell, Jr., Director of Internal Revenue for the Dallas District, today cautioned wage earners who have more than one employer to be sure to include income from all sources on their federal income tax return.

Mr. Campbell said household workers in particular often work for a number of employers, either on a regular schedule of one or more days a week, or on an irregular basis.

In addition to reporting income from all such employment, household workers should be sure that any employer paying them \$50 or more in any calendar quarter reports the wages and pays both the employer and employee portion of the social security tax to the Internal Revenue Service. These tax payments provide monthly Social Security payments and other benefits to workers qualifying.

Covered are persons working as maids, laundresses, cooks, housekeepers, gardeners, janitors, furnacemen, governesses, valets, chauffeurs, etc.

Director Campbell reminded household employees that these taxes must be reported on Form 942 which is required to be filed by the end of the month following the calendar quarter. That is, by April 30, July 31, October 31, and January 31, as required. Failure to do so results in an accumulated tax liability and can lead to interest and penalty charges, he warned.

Mr. Campbell said Forms 942 can be obtained from any Internal Revenue office and that his staff would be happy to answer any questions with respect to application of this tax. The requirements also are set forth in

detailed, easy to understand language in Internal Revenue Circular H, "Household Employer's Social Security Tax Guide", which is available on request.

GO TO CHURCH SUNDAY.

PROMOTE Senator ROBERT BAKER to LT. GOVERNOR

13 Reasons Why BAKER will do more for YOU... more for TEXAS as your LT. GOVERNOR

- Baker believes in**
- A stable state fiscal policy
 - An improved higher education system
 - Laws to curb loan sharks
 - A Livestock disease control program
 - An adequate juvenile parole system
 - Codes to guarantee election counts
 - Local ad valorem tax powers
 - Creation of a Texas Tourist Commission
 - Padre Island as a national park
 - Limiting a cities annexation powers
 - Equitable congressional representation
 - Equality for women under the law
 - Public education for traffic safety.
