# Local FFA Member Receives State Award

The State FFA Convention was held July 9-12 in El Paso. Tommy Williford of Santa Anna was the recipient of the State Proficiency Award in Turf and Landscape Management. Tommy had to win in the district and area levels before begin able to compete for the state honor. His application has now been sent on to the National level competition. If he were to win on the National level, he would be eligible to attend the National FFA Convention in Kansas City Missouri.

Approximately 7,000 FFA members, parents, teachers and guests attended the state convention from across the entire state. Tommy was accompanied to El Paso by Agriculture Science Teacher Gary York and Mrs. Connie York. They reported a very enjoyable trip.

Tommy, who will be a senior at Santa Anna High School, is the son of Mr. and Mrs. Harold Williford.

Those county education districts will levy a property tax which will be distributed equally among school districts within the county education district. The election to be held August 10 will enable taxpayers in the county education districts to avail themselves of certain exemptions on their homesteads as well as open up the possibility of taxing certain tangible personal property.

> What happens if Proposition 1 fails?

If this constitutional amendment fails statewide, the school district election whereby the VOTERS authorize the exemptions will be disregarded. However, the governing body of the CED might adopt these exemptions under existing provisions of the Constitution.

Does each school district have to approve the three ballot propositions for them to pass?

The results for each question will be added together for the county education district as a whole. If the question fails in one district but passes the CED as a whole, it is still adopted by the CED.

Is a vote against Proposition 1 a vote against taxing tangible personal property by the CED?

Yes, but it is also a vote against voter-authorization for the CED to use homestead exemptions and

elderly and disabled exemptions. As stated previously, the CED governing body might adopt these provisions following procedures set up under current law.

What items would be taxed as tangible personal property?

Perhaps tangible personal property can best be described by what it is NOT: it is not real property; it is not household goods, which are exempt from taxation by the Texas Constitution; it is not intangible property, such as stocks or bonds; and it is not income-producing property. The most obvious targets are cars, boats, airplanes, and RVs.

Absentee voting will continue until Tuesday August 6. In Coleman County, absentee voting is taking place at the Mrs. J.A. Miller Library building on the courthouse square.

## Apologies From Co. Farm Bureau

COLEMAN-The Coleman County Farm Bureau Board Of Directors would like to extend our apologies to those who showed up for the recently planned ice cream supper. We kept checking with the San Angelo and Abilene Weather Stations and the information we received indicated that rain was moving our way and we felt we should cancel since we did not have an alternate location. We did have the cancellations put on the radio and CMTV but know there are many who did not hear it.

As it turned out, we could have just about finished the evening before the rain did start and we apologize to those who went to the trouble to be present. The next time we will find an alternate location before setting the date.

Again, we are sorry for the inconvenience to our members

# Thoughts From Our Pastors

Dennis Pruto The "Word" for the Week (In the absence of an article from a local pastor)

### TWO KINDS OF PEOPLE

There are a host of different races of people on the face of the earth. There are also a lot of different skin colors around the globe. And many languages are spoken in the world. And unfortunately, these differences have often been exaggerated to the point of open conflict, blood letting and war. In the mean time, these racial clashes and differences in language have overshadowed a more basic distinction.

You see, there are really only two kinds of people in the world. There are those who follow the God of the Bible and others who reject Him. Early in man's history God promised that there would always be only two kinds of people in the world. He said to the serpent, "I will put hostility between you and the woman, and between your seed and her seed" (Genesis 3:15). In other words, the world will always contain God's people and Satan's people; those who love and obey God and those who follow Satan. The proof of God's promise came when "Cain rose up against Abel his brother and killed him" (Genesis 4:8).

What kind of person are you? "Do not be deceived; neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor homosexuals, nor thieves, nor covetous, nor drunkards, nor revilers, nor swindlers, shall inherit the kingdom of God"

(1 Corinthians 6:9-10).

## William R. 'Rusty' Bryce

William R. "Rusty" Bryce, age 42, of Santa Anna passed away at 10:40 a.m. Wednesday, July 24, 1991 at Hendrick Medical Center Hospital in Abilene.

Services were Saturday, July 27 at 10:30 a.m. at First Baptist Church of Santa Anna with the Rev. John Stanislaw, former pastor, now of First Baptist Church, Florence, and Rev. Waide Messer officiating. Burial was in Bangs Cemetery, Henderson Funeral Home in charge of arrangements.

Mr. Bryce was born May 15, 1949 in Ranger. He married Marilyn Eason, May 22, 1970 in Bangs, Texas. He had been a resident of Santa Anna since 1984,

moving here from Fort Worth. He was a 1966 graduate of Hillsboro Cathy Ellis, Cathy Pearce, Carol High School. He attended Hill Junior College and Baylor University. He served in the U.S. Army. He was a member of Santa Anna First Baptist Church where he served as chairman of the high school youth and was active in many other church activities. He was president of the Santa Anna Athletic Booster Club and a member of Santa Anna Livestock Association. He was a licensed plumber for H. E. Hanks of Brownwood.

He is survived by his wife, Marilyn, of Santa Anna; a daughter, Melissa Bryce of Santa Anna; three sons, Rusty Bryce Jr. and Chris Bryce, both of Abilene and Jimmy Bryce of Santa Anna; his parents, William and LaVern Sikes of Dallas; paternal grandmother, Grace Sikes of Bangs; and maternal grandmother, Ercell Geer of Bangs.

Pallbearers were Dean Bass, Roddy Dean, Dickie Horner, Lynn Loyd, Terry McIver, and Scott Patterson.

### A.G. Weaver

Services for A.G. Weaver, 77, were at 11 a.m. Wednesday at First Baptist Church of Dallas with the Rev. W.A. Criswell officiating, assisted by the Rev. Joel Gregory. Graveside services were 5:00 p.m. Wednesday at Santa Anna Cemetery with the Rev. Waide Messer officiating, Henderson Funeral Home in charge of arrangements.

He died Saturday, July 27, 1991, in a Dallas hospital after a battle with Lou Gehrig's disease.

Mr. Weaver was born in Santa Anna where he graduated from high school and served as class president in 1935. He attended Baylor University and received his law degree from Southern Methodist University.

He held an executive position for the Internal Revenue Service before retiring. He was a member of First Baptist Church of Dallas, served on the Deacon Board and was a U.S. Navy veteran of World War II.

Survivors include his wife, Isabel Weaver of Dallas; one daughter, Jane Pope of Abilene; two sons, Burgess Weaver of Fort Monroe, Va., and Alan Weaver of Waco; one brother, Wilbourn Weaver of Austin; seven grandchildren; and several nieces and nephews.

Memorials may be made to the First Baptist Church in Dallas, A.G. Weaver Junior Camp Scholarship Fund.

son, all of Odessa. Visitors included: Jason Counts

of Austin, Tonya Williams of Coleman, Richie Tuepleton of Dallas, Bennie Molder of Odessa and Clay Adams of Seminole.

The group enjoyed visiting, dominoes, cards, pictionary, swimming and golfing.

Friday evening's meal consisted of sandwiches, chips, dips, vegetable tray and large fruit and melon bowl, cakes and cookies. Saturday evening, going as a family, they had dinner at the Western Sizzling Steak House, returning to Embassy Suites having a fun, family picturetaking time.

Our thanks to Police Chief Carlos Torres for his prompt, professional investigation of the burglary of our Video Plus store and for his speedy recovery of our stolen property.

Check it Out

Our final reading club meeting for 1991 was rather exciting from start to finish. One leader had a flat tire, another a tooth removed, and the daughter of a third was attacked by a dog. The actual party went quite smoothly. All the children were anxious to help prepare the food. Adults leaders had brought all the needed materials and nearly all the children liked the food. The rain started in drops and cooled nicely, but the downpour put a very quick end to presentation of certificates.

I'm always amazed at the number of leaders necessary for an activity involving children. Thirty-five people helped this year.

Adult leaders were Patsy Starr, Herring, DeLisa Coyle, and Betty Key. Adults managing bead awards

were Cam Slagle and Jodie Oakes. Library checks and records were done by Gladis Barnes, Gale Brock and Letha Martin. programs were given by Kerry Shropshire, Kelly Luera, Mary B. Pritchard and Lori Kernes. David Key supervised building the fire and cooking.

Polly Warnock and the Santa Anna News gave us much publicity as did KSTA Radio, Coleman, City of Santa Anna kept the library yards in good condition. Coleman County Telephone Cooperative, Santa Anna Housing Authority, and North Side Church of Christ gave permission to use their facilities. Dairy Queen, B & B, Holt's General Store, H & H Food Mart and the Post Office displayed information posters. The Presbyterian Church and

Central Texas Commercial College

copied materials for us. Enough plastic for sit-upons was supplied by Bradley Lumber.

Junior Leaders who were so faithful and helpful included Christie Beam, Jamie Ellis, Chanda Simmons, Missey Marshall, K Lynn Tucker, Tamie Starr, Laura Howze, Vickie Ford, Cynthia Patterson, Amy Ellerbe, Misty Bradley, Chris and Joey Cheaney, Tom and Aaron Guthrie.

Boys and girls who attended the meetings were Jessica Pelton, Mica Pritchard, Kaitlin Barkley, Kathy Simmons, Kayla Cloer, Kinda Cloer, Brad Oakes, Timothy Messer, Ty Morgan, Heather Bradley, Tristan Tomme, Robert Pearce, Bo Morgan, Jacob Pritchard, Alicia Ellis, Shala Guthrie, Jenna Hensley, Matthew Messer, Phillip Wristen, Jennifer Pelton, Austin Voss, Lisa Hornback, Kelly Voss, Jon Turney, Casey Herring, Cowlye Lucra, Jamie Ellerbe,, Brian Coyle, Eric Hosch, Jeremy Tomme, Jimmy Bryce, Scott Dowdy, Timmy Ingram, Edgar Mullins, David Coyle, Maria Ellerbe, Derek Herring, and Justin Oakes. Guests were Alesha Miller, Michelle Miller and Jeremy Miller from Lubbock, and Barbara from Virginia.

Members should have received a bead award necklace, a certificate and the sit-upon he or she made. If they failed to receive these items, please check the library/ In fact, boys and girls can continue to add beads to their necklace by taking their reading records showing an hour of reading to the library. Gold beads will be given to those who go to the library and water the tree. Any child who missed the last meeting should turn in their books and collect beads for that reading.

Congratulations to all the children and many thanks to those adults and junior leaders and the business community for their sup-

All friends and relatives are invited to attend. The couple requests no gifts please.

# WIC Expands To Serve More Pregnant Women, Children

More than 450,000 pregnant women, babies and children in Texas are now able to receive the free, healthy foods and educational benefits provided each month by the Special Supplemental Food Program for Women, Infants and Children (WIC). This is a record number of participants for the Texasæprogram, an increase of more than 100,000 since May 1990.

An expected \$2-3 million reallocation of federal funds and a funding surplus due to lower food costs have made it possible to increase WIC participation from the 402,000 served in May to a record 450,000 to be served by Sept. 30, 1991, according to Debra Stabeno, chief of the Bureau of WIC Nutrition.

"We have a responsibility to serve every eligible person we can", Stabeno said. "Even with this tremendous increase we will still be serving less than half of the women and children who are eligible for our program.'

WIC, supported by federal and state funds, is administered through the Texas Department of Health. The 17-year-old program provides nutritious food, nutritional assessment, health information and referrals. The program is available statewide to low-income pregnant and breastfeeding women, babies and children up to age five who are at nutritional risk.

"The purpose of the WIC program is to offer nutritious foods and appropriate nutrition education during the critical periods of human growth, such as pregnancy, infancy

and childhood", Stabeno explained. create a nourishing environment for a full-term birth of a healthy weight baby, or it may enable a child to reach his or her physical potential without chronic health problems caused by poor nutrition

Summer is here and the temperatures have already started to soar. If you're not careful, your energy bills can soar, too. Keeping your cool this summer can be a breeze, however, if you use natural cooling

Shading is one way to keep your house cool. Windows are most effectively shaded from the outside because exterior shading devices block heat from entering the house. In addition, any heat absorbed by the shading device is dissipated outside rather than inside.

methods.

Trees, shrubs, vines, solar screens, awnings, and shutters are all good sources of outside shade. Although less effective, curtains, venetian blinds and pull-down shades may be used on the inside of windows.

To save money, you can make your own shades and screens. Solar screen material is available at your local hardware store. Also, you can simply tape aluminum foil to the inside of the window pane to reflect the sun's heat.

Proper ventilation will help you make the most of your shade. By opening shaded windows you can create a breeze through your home. Try opening different combinations of windows and doors to get the best air flow. For instance, opening windows located on opposite walls will create the best ventilation.

On days when there is no breeze, you can create a breeze with fans. The moving air that fans provide cools the body without adding a significant cost. In fact, a fan costs only about 8 cents to run 10 hours, grandson of Bangs and Michelle and you can buy a fan for as little

Fans and ventilation will allow Rutherford, Ora Rutherford and you to use your air conditioning less. However, when you do use air conditioning, set the thermostat between 78 and 80 degrees when you are home and 80 to 85 degrees when

> you will be out of the house for several hours.

There are several ways you can keep cool while working inside your house. Do baking, clotheswashing, ironing and other heatproducing jobs in the early morning or in the evening. Dry clothes and cook outdoors. Also, remember to dress in cool clothing and drink plenty of liquids. A shower or sponge bath can help refresh you.

# Pros and Cons of August 10

Two proposed constitutional amendments, as well as three county education district propositions, will be on an Aug. 10 ballot. Absentee voting opened Monday, July 22 and will end Aug. 6. To prepare Texas citizens for this constitutional election, and in its continuing effort to "Make Democracy Work," the League of Women Voters of Texas Education Fund has researched and prepared unbiased, nonpartisan pro/ con material on all propositions, with the assistance of information from the House Research Organization.

### Proposition No. 1 (SJR 42)

WORDING ON BALLOT: The constitutional amendment to allow the voters of a county education district to adopt certain exemptions from the district's ad valorem taxation for residence homesteads and to provide for the taxation of certain tangible personal property.

### Explanation

The school finance law approved by the 72nd Legislature created 188 new county education districts, composed of single counties or groups of counties. These districts have the limited purpose of levying the required local first-tier tax to raise the equivalent of 72 cents per \$100 of assessed market value and redistributing the proceeds among local school districts within the county education district.

This proposed amendment would authorize the new districts to hold elections to all voters within the districts to decide whether to grant an exemption on a percentage of the assessed value of residence homesteads; whether to grant an additional exemption on the homesteads of elderly and disabled persons; and whether to impose taxes on certain types of personal property. In the enabling legislation that was passed during the regular session of the legislature, the amount of the homestead exemption was specified as 20 percent and the exemption for elderly and disabled persons was set at \$10,000. These exemptions would be in addition to the existing \$5,000 homestead exemption, the \$10,000 exemption on homesteads of elderly and disabled person and the freeze on property taxes of elderly and disabled persons.

The enabling legislation also directed the county education districts to present the propositions to their voters in an election to be held on. August 10, 1991. The wording of the proposals on local ballots will be identical across the state, but the order may very. Decisions made by voters in a district would apply in that district only, contingent upon the decision of voters statewide on the proposed constitutional amendment which authorizes these elections.

Thus, voters who go to the polls on August 10 will be asked to vote simultaneously on a constitutional amendment and to vote on the local tax options authorized by the proposed amendment. If voters approve the proposed amendment statewide, the locally adopted options would go into effect without delay. This is being done in order to enable the new taxing districts to implement voter decisions in the property tax bills scheduled to go out in October.

### Pros and Cons of the Proposed Constitutional Amendment

1. Trustees of the new county education districts are appointed by local school boards rather than being elected by the voters, and thus do not have the discretionary authority to decide whether or not to grant these exemptions or impose these taxes on personal property. There-

fore, the power to make these decisions must rest with voters in the county education districts.

2. This amendment would make it possible for homestead exemptions and personal property taxes to be continued, but at the option of voters rather than by action of the county education district board.

### Against

1. Passage of this proposed amendment would shift the tax burden from residential property to businesses. It would affect county education districts across the state differently. Those that are dependent primarily upon residential property would be forced to raise residential property taxes more than those that rely on commercial property.

2. Tax exemptions for some property owners would result in higher taxes for others. Only 259 of the more than 1,050 school districts in Texas currently grant the homestead exemption. This amendment could result in a large increase in property tax exemptions statewide, narrowing the property base that must provide the local share of public school funding, which contributes approximately half of all school funding. This would mean higher taxes for the remaining taxpayers in order to maintain the required local funding.

Pros and Cons of County Education District Propositions

The propositions below will be presented to voters at the same time as the proposed constitutional amendment above. Although the language of the propositions will be identical statewide, the order in which they appear on the ballot may vary.

Wording on Ballot: The taxation of all tangible personal property, other than manufactured homes, in (name of the county education district) that is not held or used for the production of income.

This would spread the tax burden over a wider base by generating revenue from non-income producing personal property such as boats, cars and motorcycles.

### Against

Appraisals, verification of property, and collection of the tax create costs to taxpayers that may offset the income generated. Many local governing bodies do not collect this tax because it has a high delinquency rate and is difficult to enforce equitably.

Wording on Ballot: The exemption of 20 percent of the market value of the residence homestead from ad valorem taxation in (name of the county education district).

If locally-granted homestead exemptions are completely eliminated, homeowners in the local school districts that have been granting homestead exemptions are likely to face large property tax increases. This proposed exemption would cushion the impact of expected increases.

### Against

In districts with substantial residential property, this proposal would shift tax burden from residential property to business. Districts that are largely residential would suffer losses of tax revenue and would have to raise tax rates to generate the required amount of local funding.

Wording on Ballot: The exemption of \$10,000 of the market value of the residence homestead of an individual who is disabled and of \$10,000 of the market value of the residence homestead on an

individual who is 65 or older from ad valorem taxation in (name of the county education district).

This proposal would alleviate the impact of higher school taxes on those most likely to be adversely affected by them. Against

Property taxes are already frozen for individuals 65 or older and for disabled persons; this proposal would create an even larger exemption. This proposal is not need-based and would exempt many individuals who can afford to pay the higher taxes, increasing the burden on other taxpayers.

## Proposition No. 2 (SJR 5)

Wording on Ballot: The constitutional amendment providing for the issuance of general obligation bonds to provide educational loans to students.

### Explanation

This proposed amendment would authorize the legislature to allow the Higher Education Coordinating Board to issue up to \$300 million in general obligation bonds to finance educational loans to Texas students attending Texas colleges and universities. The maximum interest rate would be set by law. An interest and sinking fund would be established to pay the principal of and the interest on the bonds as they mature. The legislature could provide for the investment of bond proceeds and establish the interest and sinking fund. The state cannot issue bonds to finance student loans without this constitutional amendment because the Texas Constitution prohibits the legislature from lending the credit of the state without specific authorization in the constitution, and prohibits use of public funds for grants and loans to individuals. Previous amendments authorized issuance of \$85 million for student loans in 1965, \$200 million in 1969 and \$75 million in 1989. For

1. These loans are urgently needed to meet the fall 1991 demand for loans to financially needy students. If this amendment is not approved, approximately 15,000 Texas students (the number who received loans last year) may be unable to attend Texas colleges and universities this

year. These loans go only to financially needy students who otherwise could not afford to attend college.

2. The student loan program usually operates as a revolving, selfsupporting fund. Because changes in federal loan programs have created large increases in demands for state loans, and because most of the many loans made in recent years are not yet due, the bonds to be issued are necessary to fund the program until payments on recent loans begin to come in. The bonds will be paid back, plus interest, by borrowers, not taxpayers.

### Against

1. The state does not need to incur any more debt. The bonded indebtedness of the state now totals \$7.5 billion. General obligation debts, which accounted for \$2.3 billion in debt at the end of fiscal 1989, reached \$2.8 billion at the end of 1990. 2. This proposed \$300 million debt would not stand alone. The

legislature should undertake a comprehensive evaluation of overall state debt before voters are asked to add to it.

State Representative - District 65

July 25, 1991 The first Special Session of the 72nd Texas Legislature is going full speed ahead. A number of bills are being sent from the Committees to the House and Senate floors for debate by this time in the session. It seems that a number of non-budgetfinance related items, such as education and insurance are being discussed, much to my surprise. Senator Montford's proposals in promise. As interested persons, I

urge you to contact other House and

Senate members, urging the reten-

tion of 4-H, etc. It is obvious that most folks want to implement as much of the Sharp Plan as possible, but it is equally obvious that no one wants their own program cut.

House Bill 2, the bill relating to primary, secondary and postsecondary education passed the House on final reading. The bill

basically eliminates the Career Ladder, but mandates that teachers currently receiving career award payment will continue to receive the bonus, and will not realize a loss in income, as long as they stay in

utilized as incentive pay for teachers, at the discretion of the local school board, but will be used for no other purpose in the system. It now appears that teachers will still be

er of the money in the fund will be

appraised, by two appraisers on an annual basis. A change was made in the Consolidation Incentive Pay system, in hopes of making consolidation more attractive for smaller

school districts. The pre-kindergarten 3-year-old program that was authorized by SB was eliminated in the final House version of the bill. However, this will likely be added back in when the Senate takes the legislation under consideration.

A bill on the proposed new Department of Environment is being heard in committee, and will be on the floor this week for debate. It appears at this time that the District Soil & Water Conservation

districts are being left as they have been, and not consolidated. It also appears that the Pesticides Registration Agency will be left in the Texas Department of Agriculture,

where it is currently administered

The Texas Health and Human Services Commission is being acted on in the House this week. It is proposed that 12 agencies be combined into the HHSC, as suggested in the Sharp report. A great deal of question is involved in the consolidation and centralization of individual agencies. A lot of the agencies with which we deal on a regular basis are involved in the consolidation - the Department on Aging, Texas Commission on Alcohol and

Drug Abuse, Texas Commission for the Blind, the Texas Youth Commission - to name a few. After the reorganization phase is completed in the Special Session, then comes the "fun" part of providing adequate financing to cover the planned budget expenditures.

The legislation concerning the Teacher Retirement System has not gotten out of committee at this time, and will likely be seeing action early next week. I have been gratified and pleased that so many retired teachers have written and called my office to solicit my support. I will always vote in the best interest of our teachers. Each of you who are interested in any issue that is before the Texas House please feel free to call on my staff or me at (512) 463-0644.

### Brazilian newspaper warns of 156-foot snake

In 1948, an alarming headline in a Brazilian newspaper told of a 156foot anaconda.

The huge reptile knocked down entire buildings and destroyed automobiles as it slithered through the streets, the report stated. It was finally subdued and killed by the Brazilian army.

Does this sound like 'ta bloid trash' or perhaps the theme of a Hollywood grade B movie?

"The newspaper report was published as the truth, although the snake never existed," said Ray Sutton. wildlife manager of the International Wildlife Park in Grand Prairie, Tex.

Shortly afterwards, a scientist offered a reward for any anaconda skin more than 40 feet long. The reward went unclaimed, although the current record is slightly longer than 37 feet.

GREETINGS FROM COLORADO.....News editor, Polly Warnock waves to you from atop Mount Massive near Leadville, Colorado. (Altitude over 14,000 ft.) She stands on the Hagerman Pass between two snow banks on either side of the road. In the bottom picture is Derriel Warnock fishing for trout at Turquoise Lake at the foot of the snowcapped mountains. We camped there for over a week and were constantly awed by the beauty. (Derriel did have some luck in his fishing!) Even though we enjoyed evey minute of our vacation, it is good to be back in Santa Anna among our Texas friends and family.

The United States has more radios than any other country in the world.

Banish the odor of fish from cooking and cleaning utensils by rinsing in vinegar water.

# Trickham News By Anna York

The rains have come again to most of Coleman County, so far we haven't had a lot, around one inch in our area, but it had been real nice and has cooled the temperature off some, which is wonderful. We are thankful for that.

James McSwain of Colorado City spent Friday night with his grandmother, Mrs. Gertrude Martin. He will be principal of the high school there for the upcoming school year.

Mrs. Russie, James visited Thursday afternoon with Mrs. Winnie Haynes. Mrs. Haynes and Novella Stearns were shopping in Brownwood Saturday afternoon.

Recent visitors with Mrs. Annie Lou Vaughn were George and Alice came Wednesday to spend a Goldie Haynes of Brownwood and Rodney Guthrie and Michael. Mrs. Marjorie Sullivan of Bandera and Russie James visited Thursday morning and Marvin and Ruth Smith of San Angelo were dinner guests. Saturday visitors were Reba Cozart of Round Rock and Tom and Sue Stacy of Abilene.

The quilting Club met Tuesday Afternoon at the community center with six ladies present. Those were Gertrude Martin, Mrs. Novella Steams, Mrs. Edna Laughlin, Mrs. Daisy McClatchy, Mrs. Russie James and Mrs. Annie Lou Vaughn.

The 84 party was held at the regular time with 23 present. Mr. and Mrs. Albert Ruggles were hosts.

Mrs. Lea Mock of Post and Mrs. Betty Miller of Austin visited during the week with their mother. Mrs. Mary Lea Mitchell. Also visiting was her brother and his wife. Leroy and Billie griffin of Mathis.

A gift for the cemetery fund was given last week from Mrs. Oneita James in Memory of Talmage McClatchy Sr.

Mr. and Mrs. Rankin McIver and Sherrie Blake and Megan attended the Utility meeting at the high school in Coleman Wednesday night. On Thursday Mrs. Natalie McIver and Darla McIver and Brent and Ben visited in Abilene with Natalie's mother. Mr. and Mrs. Marvin Smith of San Angelo visited the McIvers on Friday. Saturday, Natalie baby sat with the Terry McIver children and Sunday she and Rankin and her son Chris

had lunch at Brownwood. Francis Fleming and Cris of few days with her mother, Mrs. Florence Stearnes. Visitors with her during the week has been Mrs. Gertrude Martin, Mrs. Mary Lea Mitchell, Lea Mock, Betty Miller, Barbara Kirkpatrick, and girls Jennifer and Amber, R.C. Stearns, Leslie Fleming, Marjorie Sullivam and O.T. and Sue Stacy. Charlie Ray Fleming spent the weekend. Sunday afternoon visitors were Erwin Ray and Brenda Wells and John Robert of Silver Valley, Greg and Sylvia, Stephanie and Thomas of Coleman and Novella Steams. A neighbor, Mrs. Annie Lou Vaughn has been in and out every day. Mrs. Stearns has had a long sick spell and is to see her doctor again today, (Monday). We hope she is doing much better soon. On their way from Alice, Cris Fleming started in having chest pains which grew

worse as the time went by and his

mother had to take him to the

emergency room at Brownwood

Regional Hospital where the doctor found him to have a deflated lung. He spent two days there and is going each day for Xrays. As of Sunday his lung had began to inflate some. Francis, His mother, told me that she had no idea how long it would take, but hopefully soon. We certainly wish him a speedy and complete recovery.

Sara MecFessel was a Saturday luncheon guest of her great grandmother, Mrs. Daisy McClatchy.

Mr. and Mrs. Talmadge McClatchy Jr and Sara MecFessel visited Sunday afternoon with Fred and Jeannie Drienhofer and boys Nathan and Nicholas at Brownwood Lake.

Scottie Ford of Lingleville spent the weekend with Wesley and Dan Dockery and they attended the Brownwood Rodeo.

Wanda James of Abilene and her mother, Oneita James of Santa Anna had funch with Mrs.Russie James Monday. Later they visited Mrs. Mary Lea Mitchell. On Thursday Russie spent the day with her sister, Mrs. Yetive Cole in Brownwood. Sunday afternoon Pat and Roberta McShan and Pat Jr. and Shannon, Erica and Chase of Brownwood visited with her.

Billy Roy and Mildred Laughlin and Billy Lee, Charlotte and children, Susan and Clifton, of Brownwood spent the day with their mother and grandmother, Mrs. Edna Laughlin on Sunday.

### LAST WEEKS NEWS

Mrs. Janie Elridge of Corpus Christi visited a few days with her sister, Mrs. Mary Lea Mitchell, then the two ladies visited in Fort Worth with their brother, Bill Griffin and other relatives. They also visited at Tolado Bend with another sister. Mrs. Elridge remained there for a longer visit and Betty Miller and Lea Mock joined their mother along the way and the three of them visited in Ennis with Lou Featherston on the way home. This past weekend, Mrs. Mitchell's visitors were Richard and Pam Garrett and Leslie of Buda; Jay and Debbie Miller of Austin, and James Mock of Abilene.

Billy and Mary Lou Jones were in Colorado City on Saturday where they met her sister and husband. Lowell and Bettie Davis of Odessa.

4-H IS HERE TO STAY

That's my final word on a topic that has stirred up a lot of worry and a fair amount of anger in the 24th District and throughout rural Texas. For those who don't know, Senate Bill 1, the finance bill, included language which, among other things, threatened the Agricultural Extension Service and programs such as 4-H.

In our part of the state, nothing exists that contributes more to our quality of life than the communication made possible by county agents and, as one parent told me, 4-H kids don't go to the penitentiary. I, therefore, made it clear that I would fight such a move. It didn't take long for that proposal to

### **RURAL HIGHWAY** COMMISSIONER

Another issue of importance to my district concerns the State Highway Commission. During the regular session, I won a difficult battle to require that one member of the Commission come from rural Texas. The Dickson Amendment is now the law. Sunday we scored an important victory when the Senate approved the bill creating a new nd more powerful Department of Transportation which includes the Dickson Amendment, affirming rural Texas on the re-organized

Funds given for the cemetery upkeep were: in memory of Robert See, from Lou Featherston, Charlie and Billie Matthews, and Ethel Featherston: in Memory of Tal McClatchy, from Jannie Graham Day. I owe a special debt of and Mary Sweet; in Memory of Irene Brogran from Mrs. Ethel Featherston.

The descendants of the late Markham and Rosa Henderson met Friday at Embassy Suites in Abilene for their annual family reunion. Hilburn and Leona Henderson attended from here and report there were 60 present. Brent, Naoma and Ted Nicholas of Dallas came back by her parents home and had lunch with them Sunday. Mrs. Daisy McClatchy was also a dinner guest with Leona and Hilburn.

Clara Cupps visited on Tuesday afternoon with Winnie Haynes and I visited with her on Thursday. Those who met on Monday for

bridge were Mrs. Mildred Ruggles, Mrs. Natalie McIver, Mrs. Russie James and Mrs. Annie Lou Vaughn. There were 18 present on Thursday night for the 84 party at the

Community Center, with Rankin and Natalie McIver as hosts. Mrs. Natalie McIver visited on Wednesday with Mrs. Annie Lou Vaughn. Saturday visitors were

Mrs. Mary Ola Woods of Bangs, Mrs. JoAnna Smith and Jodie Whistler of Duncanville. Mrs. Laverne McClatchy took her mother, Mrs. Gertrude Martin to San Angelo Thursday where she

had lazer eye surgery. Mrs. Mc-Clatchy took her granddaughter, Lara Meckfessel to Elk City, Oklahoma on Saturday to meet her folks to return home to Garfield, Kansas. She picked up another granddaughter, Sara, who will be visiting

Commission. The Transportation Bill now goes to Conference Committee to resolve the differences with the House approved version.

### "APPRECIATION DAY" I want to thank Governor Rich-

ards and the hundreds of people from throughout the district who joined us in Sweetwater last Saturday. Having the opportunity to visit with so many of you means a lot to me. Receiving the endorsement and encouragement to seek re-election from every sheriff and every prosecutor in my new and proposed district, as well as from the 235 members of the Texas Association of Rural Schools also means a great deal to me. Cappy Eads, District Attorney for Bell and Lampasas Counties honored me with a proclamation joined his peers. Bill Strickland, McCulloch County Sheriff, delivered a smiliar message from the district's sheriffs. I cannot say enough about both men and the institutions they represent. Reforming our criminal justice system is of vital importance to us all and it is my privilege to work with these crime-fighters in pursuit of this end. The battle over education funding was as difficult as it publicized. However, I believe the schools in District 24 fared better than most. Hearing that belief echoed by the Association of Rural Schools and its president, Bill Grusendorf, is welcome news. Bill's a good friend and great ally in the course of preserving rural Texas.

It is difficult to put into words my feelings for everyone who took part in Temple Dickson Appreciation gratitude to all those who worked so hard to make the day enjoyable.

her grandparents and other relatives for two weeks

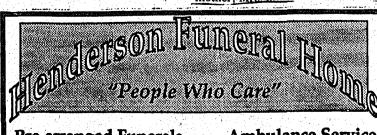

Sherman and Dortha Stearns and Sabrina of McGregor spent the weekend with his mother, Mrs. Novella Stearns. Pat and Edna Stearns of Fort Worth visited with them awhile on Saturday.

Barbara Kirkpatrick and girls, Jennifer and Amber and a friend of Amber's, Tonya Walters of Coleman, visited Monday with Barbara's grandmother, Mrs. Florence Stearns. Del Ray Stacy of California visited her on Thursday. Annie Lou Vaughn and Novella Stearns were in and out several times. Saturday, Winnie Haynes, Anna York, Alice Wells and Barbara and Amber Kirkpatrick visited. Sunday her visitors were R. C., Ann, Sam and Bill Stearns of Cross Cut.

Mrs. Gertrude Martin attendeu a family birthday party for Colt Martin, son of Paul and Gay Martin in Santa Anna cn Saturday. Colt was celebrating his fourth birthday.

Rankin and Natalie McIver visited in Bangs at the Twilight Nursing Home Sunday with Mrs. Mary Boenicke and also at Brownwood with his sister, Mrs. Irene Bobo and found both to be doing fine.

Wanda James of Abilene and her mother, Mrs. Oneita James of Santa Anna, and Mrs. Russie James spent a couple of days last week at Granbury visiting with Melton and Inez Johnson and family. Roberta and Pat McShan Sr. of Brownwood spent Sunday with her mother, Mrs. James

### **UPCOMING EDUCATION ELECTION**

My offices have received a large number of inquiries about the August 10th constitutional amendment election. There is a lot of confusion and concern over Amendment Number 1, and understandably so. The amendment would give voters the authority to determine three

things: 1. if an exemption should be granted to the owners of residential homesteads against property taxes levied by a county education district;

2. if an exemption should be granted to elderly and disabled owners of residential homesteads against property taxes levied by a county education district;

3. if non-income-producing personal property should be taxed by a county education district.

Texans will be given an "up or down" vote on whether they want the authority to determine the fate of these three questions. If voters say yes, they will be given an opportunity to vote on each question in a local option election. This ballot will also be included in the August 10th election.

As you might expect, most of the public concern over the three property tax alternatives has focused on the option to tax tangible nonincome-producing personal pro-

1. What is the definition of tangible non-income-producing personal property?

2. How will this property be appraised?

The Texas Constitution excludes "household goods and personal effects" in defining potentially taxable property: "Historically, this leaves cars, trucks, motorcycles, boats and aircrafts. I am assured that appraisal districts will not send agents into homes to search for taxable property. Rather, the districts will rely on information from licensing entities, such as county tax assessor-collectors, the Texas Department of Highways and Public Transportation and the Federal Aviation Administration.

If you'd like more information about the August 10th election I'd be happy to send it to you.

Should you have a problem or concern let me hear from you. Our Austin office number is (512) 463-0124, P.O. Box 12068, Capitol Station, 78711; Sweetwater (915) 235-2460, P.O. Box 638, 79556; Abilene (915) 677-1933, 400 Oak Street, Suite 170, 76902; Killeen (817) 554-3600, P.O. Box 398, 76540.
