An alcohol-related traffic death occurs every 20 minutes. Alcohol causes almost 100,000 deaths per year. About 90 percent of unwanted pregnancies occur as a result of the influence of alcohol. Up to 36 percent of suicide victims have a history of alchionabuse or were drinking shorlty Health Organization predicts that in the next three decades, the number of women who die of smoking will more than double to over 1 million per year. And we could go on and on.
But that's not the half of it. Alcohol and other drugs are spiritually
dangerous! In Galatians 5:19-26. Paul contrast the "works of the with the "fruit of the Spirit". The works of the flesh (the sin ne ure) are expressions of the cravings of an unregenerate heart. He describes three classes of activities of the flesh: impurity ("sexual immorality, impurity debauchery"), paganism ("idolatry, witchcraft"), and intemperance ("hatred, discord, jealousy, fits of range, selfish ambition, dessensions, factions and envy, drunkenness, orgies and the like"). Alcohol and other drugs are
mentioned twice. First, in verse 20, the word for witchicraft is the word mentioned wice. First, in verse 20, the word for witchcraft is the wor
from which we get the word "pharmacy". Drug use and the occult have also been friends to each other. Second, in verse 21, drunkenness or intoxication is associated with the use of alcohol or other drugs. Frighteningly, Paul declares that those persons whore lives are charac
erized by these practices "shall not inherit the kingdom erized by these practices "shall not inherit the kingdom of God." Paul echoes this important warning in 1 Corinthians $6: 9-10$ an Ephesians $5: 5$. Alcohol and other drugs are both physically and spiritually deadly. But the fruit of the Holy Spirit is, among the other character istics listed, "self-control." Attempting to master our sinful 'appetites and passions is a mark of a person who is a Christian and who is, therefore,
indwelt by the Holy Spirit. Christians possess the power of the Spirit to resist the use of intoxicating and disease-causing substances. Likewise, those who belong, to Jesus Christ should resist the "media ype" that alcohol and other drugs need to prosper in our society. W ould also
*Support federal, state and local legislation aimed at restricting ads for cohol and cigarettes.
*Support school groups that emphasize and reinforce abstinence
death-producing substances. C. Ben Mitchell is the author of this article. He is the staff member o
the Southern Bapist Christian Life Commission assigned to the Southern Bapist Christian Life Commission assigned to the issue of
alcohol and drug abuse prevention.
