Santa Anna City Hall Moves To New Location After 67 Years In Same Location

By Barbara Kingsbery

After 67 years in the same location, Santa Anna City offices have moved to a new location. City Hall and several of the other City offices are now located at 709 Wallis Avenue, the former location of Countywide Insurance Company.

The move was made Friday, September 23, after city employees completed remodeling part of the building. Also included at the new location is an office for the City Superintendent, the City Police office and a meeting room for the City Council. The Municipal Court office will remain at the former location a few doors west of the new City Hall.

The old City Hall is a landmark in Santa Anna, built in 1927. The two-story brick building was planned to accommodate the City offices and Fire Department. For many years the City Library was located in a room upstairs. The ornate structure has suffered structure

tors for the building. In the relocation process, Countywide Insurance Company has moved to North Second Street to the former Police Station office.

All Santa Anna Football Teams On Road To Irion County This Week

Thursday evening at 5 p.m. the junior high Mountaineers will kick off the action with fifth quarter play and junior high action followed by the junior varsity.

The varsity team will take to the field in Irion County Friday evening at 8 p.m.

The Hornets strength lies in 16 returning starters, defensive and offensive backs and receivers. Their weakness seems to be in numbers and depth.

Bell Will Ring Again For Sunday School At Christian Church

Its been more than three years since we heard it, but a familiar sound will greet the citizens of Santa Anna on the first Sunday in October when the bell of the Christian Church is rung.

The ringing of the bell will signal the fact that Sunday school will once again be held at the church which, due to a declining congregation, has not had a service in the past three years except for a funeral. Services were held there recently for Mrs. C.W. (Ruby) Stephenson, who at the time of her death, had been a member of the church for 78 years.

According to an account written by Gladys Hunter in *A History of Coleman County And Its People* the Santa Anna Christian Church (Disciples of Christ) was organized in 1894 and met in the Methodist building for seven years. May 12, 1900, R. M. Stephenson deeded the land at what is now Ave. C and South 1st Street. The church building which has been awarded a

historical marker was finished in March, 1901 and dedicated in April, 1901, complete with the bell that will sound again on Sunday, October 2.

According to John Naron, who along with his wife, Juanita, is coordinating the re-opening of the place of worship, the Sunday School class will start at 9:30. If

all goes as expected, members plan to obtain a minister in the future who will conduct worship services.

Visitors are welcome. If you do not have a church home you have a special invitation to attend the classes.

Assembly Of God Announces Plans For Weekend Revival Services

Spivey is married to Santa Anna native Mary Rendon. Most of the eighteen years of their marriage has been spent in the ministry. West Virginia was the home of

their last pastorate. While there he was director for six years of the Men's Retreat for the state.

He graduated Bible Training Institute in 1982 and attended the College of West Virginia for two years. Spivey served their as an instructor for the Center for Bible Leadership.

The Spivey are the parents of three daughters and two sons. The two sons attended Santa Anna schools.

Pastor Ford and members of the Santa Anna Assembly of God extend an invitation to everyone in the community to come and hear this talented man.

First United Methodist To Welcome New Minister Sun.

The congregation of First United Methodist Church will be welcoming their new minister this Sunday, October 2.

The Rev. Mike Efirid and his wife, Patricia, are moving into the parsonage at the end of this week. Efirid is a native of McKinney. He attended North Texas University and Perkin's School of Theology at SMU.

The Rev. Efirid worked for Southwestern Bell Telephone Co. from 1969 to 1989 before going into full time ministry. His first appointment in the Methodist ministry was part time service at Elm Ridge UMC in the North Texas Conference. In 1989 he moved to First United Methodist of Carrollton as a full time associate. He comes to Santa Anna from Graham where he served the Salem Crestview Charge.

While in Graham he was vice-president of the Graham Ministerial Fellowship, a member of the Young County Alcohol & Drug Abuse Council, Spiritual Advisor for the Graham Women's Aglow chapter, and recent past president of Graham Kiwanis Club.

The Rev. Efirid says, "Pat and I are excited about coming to Santa Anna to serve the churches and the community."

The Rev. David Tidd gave preached his farewell sermon to the

church this past Sunday after serving here for sixteen months. Due to a heart condition, he has been forced to take a leave from the ministry until the condition is allowed to heal and will be living in Fort Worth where he and his wife, Kathy, own a home. Following the service on Sunday, the church hosted a fellowship-luncheon before Tidd returned to Fort Worth. Mrs. Tidd was unable to make the return visit due to the illness of the couple's son, Andrew, who was suffering from a viral infection.

Library Notes

Check It Out

If I were planning to give a book to a child, I'd ask Geneva Garrett to select it! She has given this library a number of books over several years. Each was very special in its own way. **The Adventures of Dusty** a delightful tale of a horned toad. **Johnny Tractor and His Pals** and the other stories from John Deere were given by Johnson Implement Company of Coleman. Geneva had a hand in that. She found the new series based on the grown up life of Laura Ingles. Recently she finished that group of 8 books for the library. This is recommended for children and adults. The latest find is a just released book for first time readers, **Winter Days in the Big Woods**. This is based on the Laura Ingles stories. Renee Graef's illustrations are lovely enough to frame. She has given the same feeling that the original artist used for Laura, but these are in color. If you want a Christmas gift that will be a family heirloom, pick this book.

Another book **Whitefish Will Ride Again** is another tall tale like **Pecos Bill**. This story is about a Montana Sheriff but it could be Texas.

The two Laura books are written by T. L. Tedrowand based on newspaper articles, dairies, interviews and letters of Laura. **The World's Fair** was at St. Louis and Laura went to cover it for her newspaper. There was also an Olympic games.

Laura expressed her bad opinion about everything. **Mountain Miracle** an old woman of the mountains gains Laura's help. Together they help restore a forest and cure a boy.

These lovely books and a very generous contribution were given by Geneva and Bill Garrett in memory of Bill's father Mr. William Garrett. Generations will enjoy this tribute and remember his name.

Do you enjoy a mystery? Charlotte Garrett Springer sent four books that you should enjoy. **Tales of Mystery and Imagination** is a collection of Edgar Allen Poe that you may not have read. **Honor and Fantasy in the Movies** shows how they make those scary scenes in movies and T.V. **American Short Mystery Stories** has a story for every state. **Sister Light and Sister Dark** is based on folksongs of the Upper Dales of England. Thanks for remembering your hometown Charlotte.

Mrs. Louise Taylor brings paperbacks often. One of the latest has an interesting title **Who Do I Think I'm Nothing Without A Man?** Dr. Russianoff, the author is a happily married lady who thinks women might well aspire to this happy state. However, she should know and be herself. More than one out of two women may expect to be a widow at 65 years or over. One out of four women working today can expect to be poor in her old age. With facts like these women need to know how to be independent or at least not totally dependent on a man. Thanks Mrs. Taylor for a thought provoking look at today.

Don't forget that we have current newspapers and magazines that you can enjoy anytime. Come and in check them out.

About Your Health

By Bud Isbell, P.A.
Santa Anna Medical Clinic

Atypical Pneumonia (Walking Pneumonia)

This pneumonia usually occurs in children and young adults. It's onset is not dramatic and the early symptoms are usually shrugged off as "just a cold".

Because of the beginning mild symptoms medical help is not sought until the illness progresses to a more advanced stage. Those effected continue to work but they tire easily and have little energy to spare. Their daily activities continue but are performed in a fog of fatigue. Hence the term "walking pneumonia".

Finally, only after other symptoms appear, or they are "sick and tired" of being sick and tired will they seek medical help.

This disease responds well to appropriate therapy but progress is slow. Complete recovery can often take weeks and relapse is not uncommon. With the disease causing a decrease in the bodies' disease fighting capacity, secondary illness often appears.

This pneumonia rarely kills the healthy individual but can, over time, cause a great decrease in vital capacity. In those with pre-existing respiratory disease such as asthma, chronic bronchitis and obstructive pulmonary disease, it can develop into a life threatening crisis.

With the absence of clear-cut symptoms a good rule-of-thumb to observe is: If the symptoms continue beyond seven days, seek help. Viral colds last five to seven days is not a cold and probably not the flu. Seek help; to delay will only prolong the recovery period. Treatment delayed is treatment prolonged.

Social Security Representative In Coleman Tuesday

A representative of the Brownwood Social Security office will be in Coleman on the second floor of the courthouse on Wednesday, October 5 beginning at 9 a.m.

Dear Editor

My uncle Clifton R. Fisher married a girl from your area in 1950 or 1951. Her name was JoAnn Martin. Their first child was Joe Bob born in 1952 in Tom Green County. Their second child, Beverly Ann was born in 1954 in Milam County. They had a third child Sharon and I don't know where or when she was born. They later divorced and went their separate ways.

If anyone knows where I can get in touch with JoAnn on her children, I would appreciate having from them. I'm researching the family history of the Fishers. Please - send information to Jeanette Jewart, Route 3, Box 132, Rockdale, Texas 76567.

Thank You

Thank you all for the food, calls, visits, cards and prayers since I had my accident.

Self Culture Club Begins New Year With Book Review By Alice Spillman

The Self Culture Club began its 1994-95 club year with a book review Day held Wednesday, September 14 in the home of Alice Anna Spillman.

Cam Slagle, president, called the meeting to order followed by roll call from Cathy Ellis, secretary. Special guests introduced were Camilla Baugh, Bobbie Benton and Nell Myers.

The program was "Book Talk" by Alice Anna Spillman. She discussed the book "The Book of Virtues" by William J. Bennett. This book contains a wide variety of writings that illustrate the moral character. Included in the books are such writings as "The Tortoise and the Hare" (to illustrate perseverance), Indian legends, Lincoln's Gettysburg Address and quotations from the Bible. Spillman read short sections from the chapters on self discipline, perseverance, honesty and faith. She also recommended an excellent reading "Angles" by Billy Graham and a little book called "The Cowboy Hitchin' Post." All these books are in the Santa Anna Library.

Club year books were distributed. The 1994-95 yearbook is dedicated to Mae Blue. The dedication page reads "To Mae Blue. A bright and beautiful lady who is an inspiration to everyone who knows her."

Club members and guests helped themselves from a refreshment table loaded with homemade goodies, sandwiches, fresh fruit, nuts, punch and coffee.

Those attending were Gladis Barnes, Mae Blue, Novelle Boylston, Gale Brock, Cathy Ellis, Billie Gatlin, Bettie Henderson, Betty Key, Eula McCary, LaRue Morgan, Barbara Simmons, Cam Slagle, Alice Spillman, May Wallace, Mrs. Burgess Weaver, Camilla Baugh, Bobbie Benton and Nell Myers.

The next meeting will be Wednesday, October 12 at 3 p.m. in the home of Cam Slagle.

D. Carroll Holt and Troy Daniel stand ready to assist customers of Holt's General Store in the new fresh meat market cutting meat exactly as the customer wants.

Holt's General Store Adds Fresh Meat Market

D. Carroll and Kathy Holt, owners of Holt's General Store have added a fresh meat market.

Although the meat market will have pre-packaged meat available for the customer to choose from, the new addition will specialize in cutting meat to the customers preference including taking a chuck roast and grinding it into ground chuck as the customer looks on. The market will also be offering deli items such as roast beef and turkey sandwiches along with homemade chili and stew during the winter months.

According to Kathy Holt, this is something she has wanted to do for a long time and this just seemed to be the right time.

Troy Daniel, a 50-year veteran of meat cutting, is taking care of the meat market. He began his career at 14 years of age. He was employed by JRB Stores of Brownwood for 18 years and then owned the Sav-On Food Stores for 12 years. Daniel is the father of Mrs. Holt.

Assisting Daniel in cutting the meat will be D. Carroll Holt.

Findley Scores Another Win In Football Frenzy Contest

A previous winner, Jean Findley, took last week's Football Frenzy contest without having to rely on a tie-breaker which has been the case more times than not. Jean was the clear-cut winner picking 16 of the 19 contest games correctly. Mrs. Findley also correctly identified the former Mountaineer, Eddie Hartman, a member of the SAHS class of 1960. He was pictured as a sophomore running back on the 1957 Mountaineer team.

Joe Ed Wise and Randy Brown were guessed as the former Mountaineer by two of our contestants. One contestant cleverly told us, "Can't see his face". The football face mask, however didn't fool the rest of the contest players.

Coming closest to Mrs. Findley in the contest were several players who had thirteen games correct.

Once again the Panther Creek and Coleman losses caused a lot of folks to stumble in the picks.

Results of last week's contest games were:

- Houston 20-Cincinnati 13
- Chicago 19-New York Jets 7
- Llano 48-Bangs 8
- Cross Plains 28-Eden 0
- Hico 40-Evant 0

We might add that there were conflicting reports of the results of the Irion County-Sanderson game so we called Irion County High School and confirmed that Sanderson did indeed win the game.

Recognizing Those Who Have Helped Shape Local History

Mr. And Mrs. Ben Vinson

50th wedding anniversary picture

Now retired, Ben and Wilma Vinson have lived in Santa Anna for most of their lives.

Actually, Ben was born and raised here, the son of the late Will and Willie Mae Vinson. Wilma was born in Bangs, the daughter of the late Eloise and Wilburn Stacy. She was a fourth grade student when the family moved to Santa Anna.

Both attended Santa Anna schools. Wilma graduated Santa Anna High School in 1931 and became Mrs. Ben Vinson in ceremonies held at First Baptist Church in 1932.

Ben was called into service in the U.S. Navy during World War II where he was a gunner on board a ship. At the time of his call-up the young family (by this time the couple were parents of a son, Joe Benton and a daughter Betty) were living in Freeport where Ben was employed as an electrician for Dow Chemical Co. Wilma brought the children back to Santa Anna and awaited Ben's return to civilian life.

Starting as an apprentice and ending up as plant superintendent, Ben worked about thirty years for Santa Anna Telephone, first when it was independently owned by the George Johnson family, whom the couple fondly recalls, and then after it was sold to the Cooperative. He marvels at the

progress made in the telecommunications field.

Ben also served many years with the Santa Anna volunteer fire department and during slack time at the telephone company, worked with the City of Santa Anna reading water meters and taking care of emergencies. He remains a member of the Mountain City Masonic Lodge where he served for a time as Worshipful Master.

Wilma stayed busy through the years taking care of the children and working at the Santa Anna Tile plant and later at Brownwood Manufacturing where she was an inspector. She is presently recovering from a cracked hip for which she spent two weeks in the hospital recently.

When asked what stood out as fond memories over the years, Wilma recalled Santa Anna school teachers she admired as a student. They included both Mr. and Mrs. Scarborough, Mrs. Ed Bartlett, Ruby Valentine, Agnes Hays and Maude Evans, who also taught son, Joe Benton.

Joe Benton and his family reside in Houston. The Vinson's daughter, Betty Renfrow, and her family live in McKinney.

Although they don't get to see them as often as they would like, the couple also enjoys three grandchildren and a great-grandchild.

Mountaineers Fall To Longhorns

Santa Anna Mountaineers made the Bronte Longhorns work for the victory Friday night in Bronte with the Longhorns scoring all 32 points in the second half (20 in the final quarter) to win 32-0.

"They were very physical and they simply wore us down. We stayed with them until midway through the third period," according to Mountaineer Coach John Smith. "We missed opportunities twice to score and held them twice on the goal line so I'm not disappointed with our effort."

Santa Anna lost three of five

fumbles.

Bronte broke through in the third period on Keith Treadaway's 40-yard scoring run and a blocked punt recovered in the end zone. Russell Vaughn tallied a fourth period TD on a four-yard run and Kale Beck added two more on runs of 13 and 21 yards.

The Mountaineers were held to seven first downs and 122 total yards while the Longhorns amassed 332 rushing yards (398 total).

Smith had praise for fullback Manuel Frausto with 50 yards rushing and WR Calvin Kirven.

Lady Mountaineer Volleyball

Junior High vs. Bronte

The Junior High Lady Mountaineers opened district play last week against Bronte. The girls played well and really watched the ball.

The "B" team played a good game with the first game 15-7. The second game was taken by Bronte 6-15. The final game was won by Bronte 15-5. Johnnie Spires scored six service points and Olivia Frausto had seven.

The "A" team was defeated quickly in the first game but came back in the second game to lose only by four points. Final scores: 4-15, 11-15. Bonnie Britton scored six service points followed by Anica Hastings with four.

SAHS Lady Mountaineers

The Lady Mountaineers met two tough teams the past week. On Tuesday, September 20 they traveled to DeLeon and on Saturday they hosted Rotan.

Junior Varsity vs. DeLeon

The Junior Varsity girls played close with both teams. DeLeon won the first game 15-7. The second game was forced into overtime with DeLeon ending up on top 17-15. Ebby Johnson served six service points with Racheal Guerrero

serving five.

Varsity vs. DeLeon

The varsity was a near repeat, losing the first game 15-7, but coming back in the second 15-12. Amy Ellerbe scored seven service points. Rene Guerrero had six and Bertha Frausto and Becky Zabel had three each.

Junior Varsity vs. Rotan

The Junior Varsity girls played the best they have played all year in this game. Rotan had defeated the JV 15-3 and 15-5 earlier in the year. The girls won the first game 15-13 but went into overtime to lose the second 14-16. The third game was also close with Rotan winning 15-11. There were many excellent plays. Racheal Guerrero scoring six service points in the first game, and eight in the second. There were lots of saves and big plays by all team members.

Varsity vs. Rotan

The varsity were caught sleeping by Rotan. They lost the first game 15-9. The serves were not as consistent as they have been. The second game was also won by Rotan 15-5.

District play will begin October 4 at Bronte.

Consumer Credit: Where To Go For Help

By Sandra Haverlah

In recognition of Consumer Credit Information Week, this column during the month of April is dedicated to covering credit issues.

Unfortunately, in the world of loans and credit, some people are unable to continue the commitment to pay their debts. It may be because a loss of a job, or personal injury, or the over-extension of ones means by use of credit.

Despite the reason, the person still owes the money and something needs to be done about the situation. The best bet is to cooperate fully with a creditor if behind on a payment. Most are polite and will be cooperative if the borrower is cooperative.

There are protections for consumers being harassed by unscrupulous collectors. Under the Texas Debt Collection Practices Act, a collector cannot threaten to use violence, have a debtor arrested or file charges against the debtor.

The collector also can't use profane language, call without disclosing who is calling, or use any seal on correspondence that makes it appear it is a government agency.

The federal laws added protections in 1978 that include reasonable times to call and regulation of communication.

For consumers needing assistance with creditors or credit problems, there are several sources.

There are eight Consumer Credit Counseling Services in Texas. These offices are private, non-profit organizations that provide counseling for consumers with credit problems and provide assistance in making credit decisions.

The Counseling offices help consumers in contacting creditors to work out payment plans and help to plan a budget for future expenses. The offices have a good rapport with creditors and a successful track record in helping people recover from financial trouble.

These offices also provide information to consumers who are not in financial trouble, but need advice on credit or lending. Counselors can help consumers by providing explanation of certain lending practices and general credit information. They are also versed in collection laws.

If you cannot find a Consumer Credit Counseling office in your town, call 1-800-388-2227 for more information.

Complaints about credit transactions can be directed to the Consumer Credit Commission of Texas or the Federal Trade Commission in D.C.

Consumers in financial trouble should first seek the advice of counselors. If the financial trouble is too dire, steps toward bankruptcy may be inevitable.

Bankruptcy should be the final choice. Consulting a bankruptcy attorney before you decide is the wisest move.

Use Credit Cards Wisely

By Carol Katzer
Credit card offers seems to come daily with the mail. Consumer credit is important to the United States economy. It makes buying easier, increases the demand for goods and services which stimulates the economy, and helps some peo-

ple meet emergency needs.

However, for the individual family, monthly installment payments reduce future financial resources for meeting regular expenses as well as reducing funds for saving. The bottom line is that families can easily raise their level of vulnerability to financial emergencies.

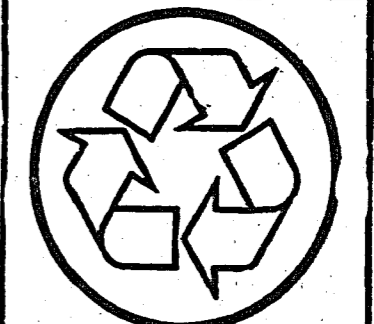

Some credit cards users are convenience users. They pay the full balance due each month. If they can get an account with no annual fee and a long grace period, credit card use can let them earn interest on money put into savings to draw interest until the bill is due.

Many consumers, today have become revolving credit users. They pay the minimum or less than the full balance each month. Revolving credit balances, as a share of total consumer debt, grew up 19 percent in 1981 to 30 percent in 1990. It is estimated that 70 percent of United States families have at least one credit card account now compared to 50 percent in 1970. The average number of accounts held by all card-holding families in 1989 was nearly six.

Consumers who wisely move to lower interest rate and lower or no annual fee credit card accounts need to avoid the temptation to pay only the minimum balance. Even with lower interest rates, continuing to pay only the minimum balance will make little difference in the total cost paid for an item bought with a credit card. If you can shift to a lower interest rate account, be sure you continue to pay just as much, if not more, on each account so the account will be paid off faster and the total cost can be lower.

Let your dollar buy more in 1994. Pay off credit accounts as quickly as possible, starting with the one with the highest interest rate. Also quickly pay off the account with the lowest balance. When an account is paid in full, move those payments to the next account with the highest interest. Only when you have paid off all credit accounts would it be wise to shift your money freed from former credit accounts to other expenses. If you have lived comfortably without spending the money used for credit payments, shift it to savings for things you normally would buy with credit.

A study at Michigan State University in the 1960's estimated that if a family put the money they would pay each month for credit into a passbook savings account and bought the item when they had the cash, they would have over \$46,000 in their savings account after the typical 45 years of family consumption. When you consider the limited items families typically bought using credit then compared to today, you can visualize the effect paying yourself for payments and buying when you have the cash can make on your family's economic security.

LEGAL MATTERS West Texas Farm And Ranch Show Scheduled

By Texas Attorney General Dan Morales

How To Buy A Used Car
Most of us, at some point in our lives, have bought a used car. Although it may be a dependable source of transportation—there are many reputable dealers—we have all heard the occasional horror story.

In fact, we receive more complaints about defective used cars than any other consumer complaint.

Know before you go
Although there are no absolute guarantees, there are some things you can do to maximize your chances of satisfaction and minimize the likelihood that you'll end up with a lemon. Cars are high-ticket items. When making any major purchase, you should look before you leap. A bit of research up front can save headaches later on.

Before you begin looking at used cars, think about what car models and options you want, and how much you are able or willing to spend. Check out your local library—it has books and magazines that compare and contract car models, reliability, statistics and mileage. Many on-line computers have discussion forums where people trade information.

When you settle on what you want, shop around. More than one place will offer you the car you want, but the price may vary.

Kicking the tires
Once you find the car you want, check it out thoroughly. You should consider having a knowledgeable friend or mechanic look over the car before you buy it. Some cities even have "lemon-busting" services that will come out and

do a thorough and professional inspection of the auto for a reasonable price. An initial investment of a few dollars can conceivably save you from making a mistake worth thousands to your bank account.

If the seller refuses to allow you to inspect the vehicle, that's a clear sign that you should walk away from the deal.

There are some things you can do on your own. Don't believe everything you read. Investigations by our office in the past have uncovered odometer shops that roll back the mileage of cars and provide "legitimate" certificates of authenticity. So when you look at an automobile, see that everything is consistent with the odometer. Are the brake pedals and seat worn and slick? That doesn't give with a reading of 40,000 miles.

Some people say not to buy a car that has had more than one owner. While that may be extreme, you can always ask to see maintenance records. The very existence of a record of oil changes and routine repairs may indicate that a car has had good care.

If you have problems

If something goes wrong with your car and it is covered by a warranty or a service contract, there are several steps you can take to get service. First, read the warranty or contract; the document should have instructions on how to get service. Try to resolve the problem with the salesperson or owner of the dealership. However, if you think you are entitled to service, but the dealer disagrees, you can take other steps.

If the warranty is backed by the manufacturer, contact the local representative of the car company. This local, or "zone" representative, has the authority to adjust and make decisions about warranty service and repairs.

You might also consider using a dispute resolution organization to arbitrate your disagreement—if both you and the dealer are willing. Under the terms of many warranties, this may be required before you can sue a dealer or manufacturer.

In addition, you may contact our Consumer Protection Division (800-337-3928) which mediates consumer complaints.

The West Texas Farm and Ranch Show will be held November 18 and 19 at the San Angelo Coliseum in San Angelo. This will be the third consecutive year for the show and as exhibitors and attendance increase it promises to be bigger and better than before.

The two day show will provide a direct marketplace where buyers and sellers can meet face to face. Prospective buyers can ask questions, observe demonstrations and personally inspect products geared for the farmer and rancher. This year will also provide the opportunity to observe live cattle working demonstrations as well as participate in the Continuing Education Units (CEU) directed by the Tom Green County Extension Service.

Last year's show drew exhibitors from national companies as well as local suppliers and agribusinesses with feed, animal health products, equipment, breeding stock, machinery, seed, farming herbicides and pesticides, hunting related items, general farm and ranch supplies and clothing displays.

Coleman County Crime Stoppers Crime of the Week

Between the hours of 6:30 a.m. and 6:30 p.m., Friday, Sept. 9, 1994, person or persons unknown burglarized a residence at Comanche Shores, north of Lake Coleman. Taken the burglary was a Colt Combat Commander, 45 ACP, Series 80, a Colt 22 Peacemaker revolver and a Smith and Wesson 357 magnum revolver. The two Colt handguns were commemorative models.

If you have information leading to the arrest and indictment of the person or persons responsible for this burglary, you could be eligible for a cash reward of up to \$1,000.00.

Fishing Lake Ivie

By Durwood Strickland

Overall, fishing has been a little slow of late, but some good catches are out there if you have patience.

Mike Bustetter brought in an 8 lb 4 oz bass last Saturday. On Monday we saw a 7 lb bass hooked. This fisherman said he was fishing top water at about eight feet when he caught his prize.

So you can see they are there, just not real consistent.

Crappie are still a little slow, however if you fish in the main lake around the islands you're going to have some fair luck.

Trotliners are still having some luck using live bait for catfish. Some report good luck using cheese. Nice channel cat have been reported at about 7-8 lbs.

Even if you don't have tremendous luck fishing, a day on the water this time of year is well worth your trip. We've been having some beautiful weather.

Dove hunting continues to be real good.

Parenting Skills Can Help Prevent Child Abuse

Few issues in society are as disturbing to think about as child abuse. When children are abused, they are robbed of their childhood, security and sometimes even their life.

An estimated 2.4 million cases of suspected child abuse are reported each year. In Texas alone, more than 60,000 children were victims of abuse in 1993, with 107 dying as a result. The physicians of Texas Medical Association encourages you to begin learning more about this devastating problem.

Physical abuse of children can include bruises, burns, bone fractures, head trauma caused by shaking infants, and more. Unfortunately, child abuse also means more than just physical abuse. It can include sexual abuse, neglect and emotional abuse.

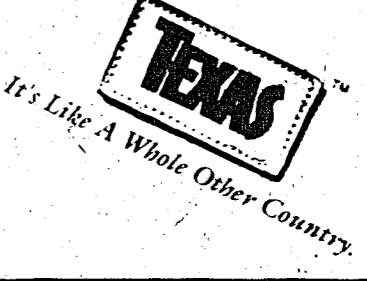

The causes of child abuse, which knows no social, ethnic or economic boundaries, are sometimes difficult to identify. Risk factors for child abuse include isolation of the family, absence of a support system, existence of chemical dependency within the family, lack of parenting skills, poverty and childhood abuse of the parents.

In fact, parents who were abused as children as six times more likely to abuse their own children. Abused children also are more likely to suffer from substance abuse, depression, learning disabilities, school failure, emotional and behavioral disorders, criminal activity and an inability to maintain healthy relationships.

The first and most important step in responding to the child abuse crisis is to prevent it. Providing educational and support services to parents from the time a baby is born through the first three years of a child's life can significantly reduce risk factors for abuse. The ability to effectively parent older children and adolescents also is important.

Parents can help prevent abusive situations in their families by working to improve their parenting skills.

By Mrs. Tom Rutherford

Our little community was not very well blessed with the showers of rain that fell in places during the past week. We did enjoy the nice change in the weather—changing from very hot weather to much cooler weather, reminding us kinda early how winter weather will feel. We are still really in need of a good rain. Some stock tanks really need water.

A friend of Jamie Lee Morris and his daughter of the Fort Worth area were with Mr. Floyd Morris during the weekend. John David Morris of Santa Anna was with them Sunday.

Lean Beef Can Help Lower Cholesterol

HOUSTON—When a cholesterol-lowering diet is prescribed, new research indicated lean beef can stay on the menu.

Researchers at Baylor College of Medicine in Houston have determined eating lean beef in a cholesterol-lowering diet produces reductions in levels of total blood cholesterol and LDL (low-density lipoprotein—the "bad" cholesterol) similar to those achieved by eating chicken.

"The keys to keeping beef in a heart-healthy, low-fat diet are the amount of fat in the meat and the portion size," said Lynne Scott, director of the DeBakey Heart Center's Diet Modification Clinic at Baylor and The Methodist Hospital and the study's principal investigator.

The beef and chicken used in the study were prepared by scientists at Texas A&M University and contained only 7 or 8 percent fat. Portion sizes totaled less than three ounces of meat per 1,000 calories daily.

The 13-week study involved 38 healthy men with cholesterol levels higher than 240 mg/dl. After a three week period to stabilize their diets, the men were provided with their food for 10 weeks.

For five weeks, all participants followed all typical American diet with 40 percent of calories from fat that contained both beef and chicken entrees. Then, for five weeks, half the men ate chicken and half ate lean beef as their only entree as part of the American Heart Association's Step-One Diet for lowering cholesterol.

Cholesterol levels were reduced by similar percentages in both groups.

and chicken are interchangeable in the Step-One Diet," Scott said. "Now we can offer more variety in cholesterol-lowering diets and, hopefully help patients avoid becoming bored and abandoning their healthier eating plans."

Results from the study, which was funded by the National Livestock and Meat Board, were published in the June 13 edition of the *Archives of Internal Medicine*.

The DeBakey Heart Center is a joint program of Baylor College of Medicine and The Methodist Hospital supporting cardiovascular research, treatment and education.

Trickham News

By Anna York

We here are thankful for the cooler weather that we are having, however, the rain passed us by last week with only a trace that fell Wednesday. The farmers are getting the grain in the ground and it seems there is plenty of moisture at the present time, so they will be ready for another rain soon.

Sunday turned out to be a nice day for us with a hamburger dinner at the community center with all of the trimmings, and a music and singing service at church in the afternoon. There was a large crowd present and each one seemed to enjoy it.

Royce and Wanda McIver attended a birthday celebration for her uncle Walter Hodges, 82, at the home of a nephew Richard Hodges of Lake Brownwood. A large crowd of relatives and friends were present and all enjoyed the day. Later Royce and Wanda visited a while with Terry and Helen McIver. Debra Smiley of Santa Anna vis-

ited Sunday afternoon with Mrs. Winnie Haynes.

Ray and Bobby Dean and Windham spent the weekend in San Antonio visiting with her sister Edith Huebner. Kit Dean and three friends of Dallas visited his parents during the weekend.

Dr. C. W. McCullough of Brownwood visited Sunday afternoon with Mrs. Gertrude Martin and Felton and Betty Martin.

Lara Meckfessel from Howard Payne spent the weekend with her grandparents Mr. and Mrs. Talmadge McClatchy. Jim Looby of Howard Payne visited with them on Saturday and Sunday.

Mrs. Natalie McIver and a group from the Central Methodist Church in Brownwood were in Waco on Friday where they visited the museum's which she reports were very interesting.

The eighty-four club met Thursday night at the community center with eleven present. Leona
