

British To Give Up India Rule By June, 1948

LONDON, Feb. 20. (AP) — Prime Minister Attlee announced today that it was the British government's definite intention to turn India over to responsible Indian rule by June, 1948.

Attlee also announced the recall of Field Marshal Lord Wavell as viceroy of India and the appointment of Admiral Lord Mountbatten to succeed him.

An authoritative source said Mountbatten was expected to leave for India "sometime in March."

This source said he understood that Lord Wavell would retire from public service.

Prime Minister Attlee was scheduled to give the House of Commons today a statement "of crucial importance" concerning India.

Whitehall sources said yesterday that Wavell was being recalled as a result of the current constitutional deadlock in India between the Congress Party and the Muslim League.

Authoritative sources said it was entirely possible that Attlee would announce complete British evacuation of the sub-continent—which has been under Britain's sway for 200 years—within a stated period, perhaps as little as a year.

A government white paper on the subject will be issued at the same time and American correspondents were summoned to a special news conference immediately afterward by members of the British cabinet which evolved the 1946 Indian independence plan.

SNOW TRAIN IN ENGLAND — Workmen shovel snow from British railroad right-of-way onto coal cars which will dump it in valleys along the line. The snow is being removed to avert slides onto the tracks and flooding when a thaw comes. (AP Wirephoto).

Approval Of Lillenthal Predicted By President

WASHINGTON, Feb. 20. — President Truman predicted today the confirmation of David E. Lillenthal as chairman of the Atomic Energy Commission.

Questioned by a reporter about the fight on Lillenthal in the Senate, Mr. Truman told his news conference he still is behind his nominee 100 percent and thinks he will be confirmed.

Senator Bridges (R-NH), today listed 10 men—among them former Secretary of State Byrnes, and AFL Secretary George Meany—as acceptable to him for the chairmanship of the atomic energy commission.

David E. Lillenthal, President Truman's nominee for the post, definitely is not acceptable to Bridges. The New Hampshire Senator has called Lillenthal "an extreme left winger" and an "appeaser of Russia."

The first man listed by Bridges as an alternate nominee is Ernest Martin Hopkins, president emeritus of Dartmouth College at Hanover, N. H. The Senator issued a statement saying these other men also would be "acceptable" to him and various senators taking part.

Newsprint Arrives

MEXICO CITY, Feb. 20. (AP) — A carload of newsprint from Lufkin, arrived today adding another issue to the life of Mexico City newspapers which have only enough paper for five days.

YUGOSLAV DEMAND FOR TERRITORY IN AUSTRIA RUFFLES MINISTERS

LONDON, Feb. 20. (AP) — Yugoslavia's demand for about 1,000 square miles of Austrian territory stirred up another ripple of disagreement among the deputies of the four-power foreign ministers today.

British quarters reported that Russia, which supported original Yugoslav claims against the votes of the United States, Britain and France, served notice she would draft a special report on the subject for the foreign ministers conference in Moscow, Russia should be given a strip of the Austrian province of Carinthia as a reward for her war effort.

The sharpening of disagreement on this territorial claim came to light as the deputies reviewed 15 political clauses of the treaty which is to re-establish Austria as an independent state. It was found that all approve seven of them, and that there is substantial disagreement on eight.

Jester Says He Will 'Dot Map' To Get Regents

Much Speculation Surrounds List For Senate Okay

AUSTIN, Feb. 20. (AP) — Gov. Beauford H. Jester said today he intends to "dot the map" and make wide geographical distribution in filling vacancies on the governing boards of the University of Texas and A. and M.

The Governor added he would follow the same policy in naming directors of Texas Technological College at Lubbock. The terms of three directors on that board expired yesterday.

Jester said he hoped to be able today or tomorrow to submit to the

SENATE OFFERED POSTS

AUSTIN, Feb. 20. (AP) — Sen. Walter Tamm, of San Antonio, said today that Mrs. Edger Tobin of San Antonio will be offered appointment to the University of Texas Board of Regents, and C. C. Kruger of San Antonio will be offered a place on the Texas A&M Board of Directors by Gov. Beauford H. Jester.

Senate the names of his appointees to the board of regents of the University of Texas and the board of directors of A. and M.

Commenting on published reports that he was particularly considering certain individuals, he said one such story included "one bad guess."

The geographical consideration would eliminate the name of Thomas B. Ramey of Tyler as a possible appointee to the board of regents, the Governor said at his press conference. "He is a good man and would make a good regent, but we have one regent from the area."

Jester said definitely that he would name one woman to the board of regents.

Asked about speculation that James W. Rockwall of Houston was also under consideration as a regent, the Governor would say only that he was acceptable to Sen. Lacy Stewart from that district.

"Stewart wants Rockwall," he said.

Planes Avoid Landing Here

Big Spring was the principal spot in Texas to be avoided by commercial airlines today, as early morning fog hugged the runways at the municipal airport and failed to lift appreciably later in the day.

Continental and American ships flew over without landing, and Pioneer, still seeking to launch 100 per cent service on its new schedule, cancelled out flights over its Big Spring route. One American plane circled the municipal port for approximately two hours but continued on its way when the fog continued.

D. J. Lusk, local manager for Pioneer, said that low ceilings had been reported throughout the state, but apparently the fog was thicker in this area than in others. Pioneer was operating planes out of Houston and Dallas, he said, but it was strictly instrument flying.

Strike Of Oil Men Is Averted

LOS ANGELES, Feb. 20. (AP) — A threatened strike of CIO union oil workers in five western states, set for 8 a. m., CST today, was averted when company and union representatives reached a tentative wage agreement less than three hours before the deadline.

The agreement, subject to ratification by the union membership, was accepted for the union by O. A. Knight, international president of the CIO oil workers. He promised it would be presented to the members within 72 hours and said that meanwhile the strike was suspended.

Frank Wenig, chairman of the federal conciliation panel which has been in session with company and union representatives for several days, said the wage proposal of the Standard Oil company tentatively accepted by the union provide for:

An increase of 10 cents an hour in base pay, plus a provisional cost of living increase of \$17.70 monthly, effective from Jan. 1, 1947, to Dec. 31, 1947, with the provision that after Sept. 1 either party may reopen the matter of wages.

DEATH ENDS CASE AGAINST SUSPECT

Local investigators of the Texas Liquor Control Board have closed their books on Henry Burton, Mitchell county negro, who was to have faced six different charges as an alleged bootlegger in county court at Colorado City Wednesday.

When District Supervisor J. T. Morgan arrived in Colorado City, he was informed that Burton, who has been convicted some 25 times on liquor counts during the past decade, had died after swallowing poison. The victim was found at his home in the northwestern part of the Mitchell county capital.

Three Counties To Be Quarantined

AUSTIN, Feb. 20. (AP) — A livestock quarantine will be proclaimed for portions of Maverick, Dimmit, and Webb counties because of infection or exposure of the fever tick, Gov. Beauford H. Jester said today.

He said he would issue a proclamation specifying the areas. "This has nothing to do with foot and mouth disease," Jester said. He will issue the proclamation on recommendation of the Livestock Sanitary Commission.

30 Die And 100 Injured In Los Angeles Blast

Solons OK Outlawing Portal Pay

WASHINGTON, Feb. 20. (AP) — A Senate Judiciary subcommittee today approved legislation outlawing portal-to-portal back pay claims, except those covered by agreements between employers and employees.

The bill was sent to the full judiciary committee whose chairman, Senator Wiley (R-Wis) predicted it would be approved next Monday. It is possible, Wiley said, that the Senate may be ready to take it up on the floor by the end of next week. The Republican leadership has given the legislation the right of way.

The bill would ban future as well as existing claims for portal back pay which now total nearly \$5,000,000,000. Contracts providing for such pay would be exempt.

Portal-to-portal time, as defined in the bill, covers activities occurring outside the regular working hours.

Thus, it would exclude such non-productive activities as walking to the work bench and waiting in line for pay checks.

The back pay suits sprang up after a Supreme Court decision last year which held that employers are liable under the wage-hour act for non-productive time which he controls, whether or not it involves actual labor.

Planes Avoid Landing Here

Big Spring was the principal spot in Texas to be avoided by commercial airlines today, as early morning fog hugged the runways at the municipal airport and failed to lift appreciably later in the day.

Continental and American ships flew over without landing, and Pioneer, still seeking to launch 100 per cent service on its new schedule, cancelled out flights over its Big Spring route. One American plane circled the municipal port for approximately two hours but continued on its way when the fog continued.

D. J. Lusk, local manager for Pioneer, said that low ceilings had been reported throughout the state, but apparently the fog was thicker in this area than in others. Pioneer was operating planes out of Houston and Dallas, he said, but it was strictly instrument flying.

11 Men Admit Lynch Slaying

GREENVILLE, S. C., Feb. 20. (AP) Sheriff R. H. Bearden announced today that eleven men had admitted taking part in the lynch slaying of Willie Earle, 25-year-old Negro, near here Monday.

Bearden said a concentrated search was being pushed for "the trigger man," in the case.

Earle, arrested as a suspect in the fatal stabbing of a Greenville taxi driver, was taken from the nearby Pickens county jail by a mob estimated at 25 men. A short time later his body, bearing knife and gunshot wounds, was found beside a Greenville county road.

Up to noon today, federal, state, city, and county officers working on the case had taken 14 men into custody.

Bearden did not identify those arrested. He said no warrants had been issued. It may be late today or tomorrow before warrants are taken out, he added.

Explosion Destroys Two-Story Building

Police Department Declares State Of Emergency; Ambulances Mobilized

LOS ANGELES, Feb. 20. (AP) — At least 30 persons were killed and more than 100 injured, police estimated, in a violent explosion which destroyed a two-story brick building and several nearby structures near here today.

The explosion wrecked an area four blocks square. Buildings were damaged for an area of a mile and a score of automobiles parked nearby were demolished.

Hospitals were filled with injured taken there by all available ambulances and in private motor cars.

The police department declared a state of emergency and summoned all officers to duty, as were all staff members of emergency hospitals.

Thousands of curious thronged the area, hampering rescue work.

The explosion, which rocked downtown Los Angeles and broke windows as far away as 70 blocks, was in the plant of the O'Connor Electro-Plating Corporation at 922 East Pico Boulevard. Police said at least a dozen of the 25 employees of the concern were critically injured in the explosion.

The critically injured include Mrs. Vera Woltering, who was thrown from her seat in a nearby cafe. Every available ambulance was rushed to the scene and a general alarm was sounded.

Windows were broken in buildings in the immediate vicinity and the force of the explosion was felt for ten miles.

"It seemed that every building in the area shook and rocked," said Jesse Jay, who was four blocks away. "Glass was shot out into the air for blocks, many persons were stunned."

Budget Ruling Won By GOP

WASHINGTON, Feb. 20. (AP) — House Republicans won the first test today in their drive to cut \$6,000,000,000 off President Truman's budget, putting over a rule forbidding amendments to their economy resolution.

Democrats shouted "gag" and "czarist rule" at the GOP tactics, but Republican ranks held firm to put through the rule.

The vote, by roll call on strict party lines, was 229 to 173.

The action came in the face of a declaration by Democratic Floor Leader Rayburn of Texas that the budget slash would help push reluctant millions abroad "into the arms of communism."

Saying "you can't cure communism by making a speech," Rayburn declared that millions in China and in Europe were counting on this nation to provide relief, to keep them from starvation.

"If we do not help those near starvation," he cautioned, "We'll push them into the arms of communism."

Charges Against Girl, 19, Dismissed

HERTFORD, England, Feb. 20. (AP) — Manslaughter charges against Elsie White, 19, were dismissed today on the ground that her father did not die because she hit him on the head with an aspistrada pot.

According to medical testimony, Elsie's father, Frederick, died of strangulation after the flower pot hit him and knocked him down stairs. Anyway, the ruling said, Elsie acted in self defense.

Vital Iraq Pipeline Cut In Two Places

JERUSALEM, Feb. 20. (AP) — An official announcement said the vital Iraq Petroleum company pipeline had been blown up and cut in two places near Haifa early today.

The communique said the blasts, at 3 a. m. severed the line at the village of Indur, near Afulah, in the Haifa area and near the Consolidated Refineries, Ltd., on Haifa Bay.

(Pipelines of the Iraq Petroleum company, an international group, run approximately 800 miles from an oilfield at Kirkuk, in northeastern Iraq, through Transjordan to Haifa. One part of the line branches off to Tripoli, in Lebanon.)

Earlier, there were other reports of violence in the Holy Land and the Jewish and Arab press both attacked the recently announced British plan to toss the whole Palestine problem into the lap of the United Nations.

An official announcement said that a royal air force at Ein Shemer near Haifa was attacked during the night with mortar and small arms fire. There were no casualties.

BOGOTA PLANE CRASH—Spectators look over the 1,000 foot cliff into which the Avianca DC-4 plane crashed near Bogota, Colombia. The body of the plane tumbled down the 1,000-foot cliff, killing 53 occupants. (AP Wirephoto).

Truman To Ask New Draft Bill

WASHINGTON, Feb. 20. (AP) — President Truman said today he will send a message to Congress advocating universal training as soon as his committee has completed an inquiry.

Mr. Truman at the same time told a news conference the question of a message dealing with extension of the draft was still under consideration.

He made this comment when a reporter said there was a report around the war department there would be no request for drafting authority.

The present draft law will expire March 31 unless there is a request for an extension and Congress takes action.

Dr. Karl E. Compton, president of Massachusetts Institute of Technology, heads a committee which is making a study of universal training for Mr. Truman but its report is not expected to be ready before some time in April.

The armed services have been reported favoring congressional action to establish some form of universal training in preference to requesting an extension of the draft law.

The president, in response to one question, said that he would send a message to Congress soon on universal training.

The president said that when a decision is made concerning draft extension he will inform the press.

Mr. Truman said he still is for universal training.

Hog Price Matches All-Time Record

CHICAGO, Feb. 20. (AP) — Top prices on live hogs today matched the all-time record high set last Oct. 15 at \$27.50 a hundred pounds.

The market started at the second highest level in history—\$27.25—a quarter higher than yesterday, then surged up another quarter with some offerings still held for additional bids.

A year ago the Office of Price Administration ceiling on live hogs was \$14.95. After controls were temporarily relaxed June 30, top price reached \$24.50 on Aug. 1, went down to \$16.25 when OPA was restored Sept. 3, and since Jan. 1 has shown a continuous upward trend to today's record level.

Fire Damages House On E. Fifth Street

A house at 309 East Fifth street was damaged considerably by heat and smoke in a fire at 8:30 p. m. Wednesday, the Big Spring fire department reported.

The house was occupied by D. R. Tullos.

Firemen said the blaze apparently started from a leak in a gas stove connection. A stove, a dresser and some flooring were burned, and other contents of the house were damaged.

SPARK PLUG SALE Reg. 31¢ 4 for 1.00

Riverside plugs—you can't get finer! Engineered to give easier starting, better gas mileage, more power!

Phone Workers Hit Pending Labor Measure

WASHINGTON, Feb. 20. (AP)—The National Federation of Telephone Workers, preparing for a countrywide strike in April unless its wage demands are met, today opposed legislation to forbid collective bargaining on an industry-wide basis.

Joseph A. Beirne, the federation's president, told the Senate labor committee that only by negotiating on such a scale can the independent union deal satisfactorily with what he called the "monopolistic" American Telephone and Telegraph Co.

Beirne appeared with his prepared testimony after calling on the CIO and AFL to join with his union to "fight valiantly" against any restrictive laws a nationwide telephone strike might precipitate.

The NFW has served notice that its 250,000 members in every state will walk off their jobs "on or about" April 7 unless they get a wage boost. They are asking \$12 a week more.

Opposition to pending labor legislation also was voiced by Edward G. Wilms, chairman of the independent unions of New Jersey. He told the Senate committee to spread the flames of communism along legitimate and responsible labor unions.

For the telephone workers, Beirne said a ban on industry-wide bargaining "cannot produce industrial peace but only chaos and servitude." He asked that Congress either specifically exclude his union from any big-scale bargaining prohibition, or write an exemption applying to "similarly situated employees and employers."

Palmer Voted President Of New Kiwanis Club Chapter Organized In Colorado City

COLORADO CITY, Feb. 20.—With 15 members of the Sweetwater club and Herschel Ezell, field representative of Chicago as guests, a new chapter of the Kiwanis club was organized in Colorado City this week. Dinner was served in the Crawford hotel banquet room to 35 Colorado City business men and to the visitors present. After the adoption of by-laws officers were elected.

Sims A. Palmer, Colorado City postmaster, was elected president. Jack Edwards was named vice president, Dee Tonn, secretary-treasurer. Directors chosen are Jim Sharp, Dr. Melvin Crymes, Dell Barber, Huron Dorn, H. I. Berman, Frank H. Kelley, and James Payne.

The charter meeting date has been set for April 22 when the Kiwanis governor of the Texas-Oklahoma district, Bill Whalen of McAllen, will formally present the charter. Weekly meetings have been set for each Tuesday noon in the Crawford. Ezell and Larry Hubbard, president of Sweetwater Kiwanis club, were in charge of the organization meeting.

Until the new service club was begun Colorado City had long been a one service club town with the large and active Lions club, headed by A. L. McSpadden, as the only business men's luncheon group. Members of the Jaycees, organized last year, recently inaugurated weekly Wednesday luncheons and business sessions as the town grows more organization minded.

Prison Farms To Be Proved

HOUSTON, Feb. 20. (AP)—The State Prison Board has ordered an investigation of alleged brutal treatment of convicts at Texas prison farms.

Riley Wyatt of San Antonio, chairman of the board, said he ordered Major D. W. Stakes, prison farm manager, to investigate charges made by Rev. E. W. Coffers, a prison chaplain, and report his findings to the board.

Coffers, in a speech here Monday, said convicts were mistreated and that he had been slapped and cursed by John Easton, manager of Darrington Prison Farm last Friday night when he asked to talk with a convict who had swallowed seven capsules of lye.

Wyatt, who visited Darrington on Saturday and heard Easton's account of the incident, said "I believe Easton thought the preacher was trying to interfere with the management of the farm and that harm would come to the chaplain if he were allowed to enter the cell block."

"I haven't heard the preacher's side of the story. That will come out of Major Stakes' investigation, I'm sure."

Wyatt said Easton admitted slapping Rev. Coffers.

Rev. Coffers is chaplain for five prison farms in the Sugarland-Angleton area. Wyatt said he had never complained to the prison board of alleged brutality on the farms.

Churchmen Trying To Find Formula Of Economic Life

PITTSBURGH, Feb. 20. (AP)—A conference of 350 protestant churchmen seeking to blend Christianity and modern economics met today in final session in an attempt to find the formula.

Charles P. Taft of Cincinnati, chairman of this unique national conference on the church and economic life and president of the Federal Council of churches, said that without a concrete "ongoing" plan the effect of these earnest discussions would be lost.

"Without a representatives' commission set up by this conference and further cooperation from the church denominations, the effective results of these discussions would be lost. They wouldn't carry outside this meeting," he said.

Taft asserted today's final meeting, at which the suggestions from three section meetings will be drafted into the churches' economic program, undoubtedly will establish such a commission.

The first step in this direction was taken last night when one of the section meetings adopted a resolution calling on the conference to set up such a commission. This resolution asked that the commission undertake research and stimulate discussions throughout the churches to bring Christian principles to bear on economic life.

Gas Exporters Now Subject to FPC

WASHINGTON, Feb. 20. (AP)—The Power Commission has ruled that a company operating facilities in Texas to export natural gas to Mexico is subject to its jurisdiction.

The ruling applied to the Border Pipeline Company, a Delaware Corporation with an operations office at Houston.

In so ruling, the FPC issued the company a certificate authorizing it to continue operating a compressor station in Jim Hogg County, and a 38-mile pipeline from there to the eastern bank of the Rio Grande about seven miles south of Laredo.

The company first applied for the certificate in 1942, but later undertook to withdraw the application.

Spain-Soviet Trade Rumor Called 'Silly'

MOSCOW, Feb. 20. (AP)—Tass described as a "silly rumor" today a report that a trade agreement was to be signed by Franco Spain and the USSR, but declared that it was reported in Oslo that the conservative party of Norway was ready to make concessions to the Spanish generalissimo.

The Russian news agency dispatch, from Oslo and dated Feb. 19, said:

"As is known, Franco has sent a note to the Norwegian government threatening to close Spanish ports to Norwegian vessels as a sign of dissatisfaction toward the view taken by Norway on the Spanish question. This insolent deed by Franco was met in Norwegian political circles differently. It was reported that the conservative party is ready to make concessions to Franco."

"Anti-Soviet provocation," Tass continued, "has been let loose in an effort to justify such appeasement of Franco. The silly rumor is being spread that the Soviet union has carried on talks with Franco Spain towards establishment of trade and diplomatic relations and that soon a trade agreement will be signed between Spain and the Soviet Union."

Half a million cattle and horses were being destroyed annually by wolves in the western states in the nineties.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

NAZIS CLEAR SNOW—While an armed policeman stands guard, Nazi prisoners in Vienna clear a street following one of the heavy snowfalls harassing the continent.

Quartet Entertains At Kiwanis Meet

The "Four Sharps" a quartet composed of Bobo Hardy, Murph Thorp, Jr., George Worrell and Pat Lamb, furnished musical entertainment at the Big Spring Kiwanis club's luncheon meeting Thursday.

Mrs. Lavin Aaron, coach of the quartet, was accompanist.

Rev. Lloyd Thompson, pastor of the First Christian Church, was principal speaker, addressing the group on "How We Know the Bible Is True."

H. D. Norris, fund drive chairman for the Red Cross, announced the beginning of the special gifts campaign.

Harnessing Atom To Be Discussed

LAKE SUCCESS, N. Y., Feb. 20. (AP)—Three principal points of disagreement between Soviet Russia and the United States on atomic control stood out today as the United Nations security council delegates discussed possible ways to harness the atom for peace.

Bradley Freezes VA Employment

WASHINGTON, Feb. 20. (AP)—Swirling snowflakes outside the window blanketed the White House gardens from view, but President Truman got in his morning walk today as usual.

He told his news conference he set forth at 6:40 a.m. on a two-mile stroll through downtown streets, virtually deserted at that early hour, and got back at 7:15.

Jews Ask To Come Back To Germany

BERLIN, Feb. 20. (AP)—Five thousand Jews in Palestine have applied for permission to come to Germany, Brig. A. G. Kennington, British military government expert for displaced persons, said today at a news conference.

Filipino Official Hits China Action

MANILA, Feb. 20. (AP)—Vice President Elpidio Quirino, commenting on China's suspension of negotiations for an armistice pact with the Philippines, said today the new republic would not "subordinate national interest to the wishes of another country."

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. PASTERE, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No runny, sticky, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Check "denture odor" (denture breath). Get PASTERE today at any drug store.

VISITOR—Former Greek Foreign Minister Jean Sofanopoulos is shown in New York City on a trip from Europe by plane. He declared the Union of Republican Leftists, which he leads, favored free elections in his country.

Ballinger Cashier Heads Bank Group

SAN ANGELO, Feb. 20. (AP)—Harry Lynn, cashier of the First National Bank of Ballinger, was elevated to the chairmanship of District 6 of the Texas Bankers Association at the annual meeting here last night.

To Eliminate Static

AKRON, Ohio, Feb. 20. (AP)—Research technicians at Goodyear Tire & Rubber Co. disclosed today that radio static eliminators were being used by military and civilian airplane pilots in airground communications.

Lilienthal

(Continued from Page One)

in the campaign to block Lilienthal's confirmation:

Bernard M. Baruch, adviser to presidents and former American representative on the United Nations atomic energy commission.

Former Senator Robert M. La Follette of Wisconsin.

Secretary of the Navy James Forrestal.

Lawrence F. Whittemore, president of the Boston Federal Reserve Bank.

John L. Sullivan, Under Secretary of the Navy.

Lewis H. Brown, Chairman of the Johns Manville Corp.

Movie Is Planned On Life Of FDR

HOLLYWOOD, Feb. 20. (AP)—James Roosevelt says that Jay Richard Kennedy, independent film producer, plans to make one and perhaps a series of motion pictures on the life of Franklin Delano Roosevelt.

From where I sit... by Joe Marsh

Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Cupper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

Joe Marsh

Copyright, 1947, United States Brewers Foundation

Schmid Sworn In To Pardon Board

AUSTIN, Feb. 20. (AP)—R. A. (Smoot) Schmid of Dallas was sworn in as a member of the State Board of Pardons and Paroles here today.

Fred Wemple of Midland took the oath as a member of the State Highway Commission during similar ceremonies in the governor's office.

Wemple was sworn in by Judge Lloyd Davidson of the Court of Criminal Appeals and Schmid took the oath from Judge M. W. Taylor of the Supreme Court.

Church May Buy Palestine Tract

PALESTINE, Feb. 20. (AP)—A drive was underway here today for \$17,000 to purchase a 450-acre tract of land for the Texas Conference of the Methodist Church.

The land, already approved by the conference as site for a youth encampment area, will be donated to the conference which embraces the East Texas area from Oklahoma line to the Gulf. The church plans to use it for summer encampments and other conference gatherings.

Local contributions will cover cost of the land and building an artificial lake around which buildings will be constructed.

Drive

Continued From Page 1

they would begin their contact work on schedule.

By noon some workers already had made reports at the special gifts headquarters in the Empire Southern Gas Co. office. Early contacts indicated that response to the drive would average approximately the same as for 1946.

Attending the kick-off breakfast were Reeder, Roden, J. W. Ligon, Louis Hill, Cecil Collins, Bert Tate, D. E. Meier, Champ Rainwater, R. R. McEwen, J. B. Apple, Iva Huneycutt, Martelle McDonald, Chester O'Brien, John A. Coffee, J. W. Elrod, Kelly Lawrence, T. E. Jordan, Woodrow Campbell, John Walker, Ted Phillips, Otis Grafa, Jack Smith, Ray Griffin, Olen Puckett, Culin Grigsby.

Also, Roy Cornelison, W. L. Meier, Fritz Wehner, Bill Cox, Worth Peeler, C. Y. Clinkscales, Matt Harrington, Lee Harris, Fred Keating, J. L. LeBlanc, Don Burk, J. E. Stanley, Ray Clark, Joe Pond, J. B. Collins, William E. Greenlee, C. O. Nalley, John Davis and H. D. Norris, Red Cross fund drive chairman.

Cotton Research Group Is Named

WASHINGTON, Feb. 20. (AP)—Secretary Anderson today named an industrial advisory committee to help the Agricultural Department carry out research into broader uses of cotton and a more efficient marketing system.

The research program is being set up under provisions of the 1946 research and marketing act. Similar committees are being named for other farm commodities. They will make recommendations to an overall national advisory committee scheduled to meet here April 14-16.

Swap Of Colonies For Money Talked

LONDON, Feb. 20. (AP)—Norman Smith, labor member of Parliament from Nottingham, offered today for House of Commons debate a proposal that Britain swap her western hemisphere colonies for needed capital and goods from the United States.

There was no immediate comment from government sources.

Corpus Christi Mayor 'Critical'

CORPUS CHRISTI, Feb. 20. (AP) Mayor Robert T. Wilson suffered a heart attack in his office shortly before noon today and Dr. Gordon Heaney, the attending physician, said that Wilson's condition was "critical." He has been placed under an oxygen tent.

Ex-Jap Soldier Gets 40 Years

YOKOHAMA, Feb. 20. (AP)—Former Japanese Pvt. Takeo Katsura, interpreter and guard at a Fukuoka prisoner of war camp, was sentenced by a US Eighth Army tribunal today to 40 years at hard labor. He was convicted of beating prisoners and of misappropriating Red Cross supplies.

Chinese Orphan Boy Is Sentenced

HONG KONG, Feb. 20. (AP)—A five-year-old Chinese orphan boy was sentenced today to receive nine strokes with a cane for stabbing a four-year-old playmate to death with a penknife.

A jury which heard evidence in the case recommended leniency because of the defendant's extreme youth and because it doubted that he intended to kill. The stabbing followed a quarrel over a game.

32 Major Unions Organized By Japs

TOKYO, Feb. 20. (AP)—Thirty-two major labor unions with a total membership of more than 2,000,000 have formed the "democratic front election policy committee" to increase labor's representation in the lower house in the coming elections.

Hoover In London

LONDON, Feb. 20. (AP)—Herbert Hoover arrived today from his food survey of Europe and told reporters, "This is the worst period in Europe in 25 years. — And that applies to the British, too."

Government predictions are that auto tires manufactured in 1947 will contain 35 to 50 percent more natural rubber than those produced in 1946.

School Warrants For Year Released

AUSTIN, Feb. 20. (AP)—School fund warrants representing the fifth state per capita apportionment have been released on the basis of \$5 per capita on 1,500,000 scholastics for the current school year.

State superintendent said the payment of \$6,914,525.85 makes a total of \$21 that has been apportioned on the \$35 total authorized by the state board of education. The next payment will be in March.

Friends Of Library Discuss Policies

The organization committee of "Friends of the Howard County Free Library" met in the library office Wednesday evening to discuss the future policies of the organization and review the proposed constitution and by-laws.

Attending were Olen Puckett, chairman of the committee; Mrs. J. B. Mull, nomination committee chairman; Matilda Maier, chairman of the constitution and by-laws unit; Mrs. J. D. Benson, Joe Holladay and Katherine McDaniel, librarian.

Now She Shops "Cash and Carry"

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep

and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant, diuretic, used successfully by millions for over 40 years. Doan's Pills are easy to take and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

CUTTING SWISS ICE—Miss Gretchen Merrill, 1946 American figure skating champion, cuts a pretty figure as she glides across the ice at St. Moritz, Switzerland's famous winter resort, in an exhibition.

Ex-Convict Dies In Ambush Set By Police

CHICAGO, Feb. 20. (AP)—Police machine gun fire killed Elmer Henry Pierce, notorious Milwaukee ex-convict, in an ambush at a deserted elevated station in suburban Westchester shortly before midnight last night.

Detective Joseph McCabe—one of nine policemen who laid the trap—opened fire on Pierce, 37, charged with murder in the wild Milwaukee street-car slaying of his niece last Jan. 7.

He said Pierce, described by police as a "dangerous maniac," ignored orders to surrender and reached for a loaded revolver in his overcoat pocket.

McCabe raked Pierce with 10 shots at a distance of 10 feet, killing him instantly. Andrew Aitken, deputy chief of detectives, several weeks ago warned police to "have your weapons ready at all times" in dealing with Pierce.

Pierce was slain a few minutes after he alighted from the elevated train. He walked up a catwalk from the depressed tracks to the station and through the door. He was the only passenger to get off the train.

As he walked into the street, McCabe called to him: "Raise your hands. We are police officers."

Pierce turned toward McCabe, with his left hand outstretched as though to ward off a blow. McCabe said he saw Pierce's right hand steal into his right overcoat

Five Big Spring Men Enter Army

Five Big Spring men two of them former service men, have been processed for duty in the US Army and the local recruiting station and dispatched to the reception center at Goodfellow field.

They are Charles S. Sholte, one time lieutenant in the army air forces and before that a member of the Royal South African Air Force; Neel A. Gonyea, former sailor; and Weaver Coffman, Wesley M. Rogers and Floyd Stephens.

Sholte returns with the rank of tenth sergeant and goes into the AAF. Gonyea and Coffman will serve three years each with the AAF while Rogers and Stephens enlisted for 18 months and have not yet been assigned to any particular duty.

Dutch Threatening American Freighter

BATAVIA, Feb. 20. (AP)—The American freighter Martin Behrman continued loading today at the Indonesian-controlled Port of Cheribon a cargo of rubber, sugar and sisal which the Dutch have threatened to seize if the vessel departs. A decision as to whether the Behrman will attempt to sail was expected this afternoon.

McCabe fired as did Police Chief Darrel E. Schuster of suburban Wheaton. Pierce fell, mortally wounded.

CHRISTIANITY in PROPHECY

Presented by Rev. Cecil E. Simerly of Santa Cruz, California at MAIN ST. CHURCH OF GOD

Wesley R. Hutchings, Pastor Mornings 10:00 a. m. Evenings 7:30 p. m.

LANDS SAKES!
WITHOUT ADVERTISING,
WHERE WOULD WE BE!

Advertising is the Spark Plug of Business, And Good Business is What Makes Good, Steady Work!

WHEN you read the advertising in this issue—wherever you read or hear advertising—remember this:

Advertising's job is to sell goods. Poor sales mean pay cuts, layoffs, fear and worry all through the family. Good sales mean steady work, pay increases, promotions, peace of mind for all.

For when advertising sells goods, there's just naturally more work to be done. In the factory that makes the

goods. In the mines and on the farms that produce the raw materials. In the transportation lines, stores and businesses that handle the goods. Yes, and in the banks, insurance companies, machinery houses, real estate firms, builders, etc., that service that factory. It's a never-ending chain.

So be grateful for advertising for bringing you fine products at good values. But most of all—thank advertising for making your job more secure.

Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

Advertising... BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure

PIGGLY WIGGLY

Sale Of Texas Iron Plant Is Predicted

WASHINGTON, Feb. 20. (AP)—Last minute talks were underway here today as the deadline neared for officials of the Lone Star Steel Co., of Texas to accept or reject a \$7,500,000 sale price on the Daingerfield, Tex., pig iron plant and related coal mines.

While Rep. Patman (D-Tex.) said he foresaw acceptance by the company of the proposal he pointed out that a possible hitch in consummation of the transaction might arise in connection with a proposal to sell to the Italian government one-third of the pig iron produced.

The company, Patman explained, had hoped to have the Italian government contract for future deliveries of the pig iron and make an advance payment of some \$4,000,000.

Part of this advance was to be used by the Lone Star company to finance the purchase of the plant from the government, Patman said. Italian authorities expressed their intention of buying approximately \$18,000,000 worth of pig iron, but want to pay for it only as it is delivered, he added.

Here discussing the situation with WAA and National Housing Administration officials are Dr. George H. Anderson, of Dallas, vice president of the Lone Star company and J. G. Putterbaugh, McAllister, Okla., coal man.

The company has until tomorrow night to accept the WAA's \$7,500,000 figure, which was in the nature of a counter proposal to the Lone Star company's bid of \$2,200,000.

The coal mines included in the sale figure are located in the McAllister area.

Patman said Putterbaugh told government officials there was ample coal at McAllister to meet the future needs not only of the Daingerfield plant but of the Sheffield Steel plant at Houston.

Report Families Of Troops To Move Is Denied

VIENNA, Feb. 20. (AP)—Official Russian sources denied today any knowledge of a published report that all families of Russian troops in occupied Austria had been ordered to return to Russia before March 23.

In the course of what the Russians termed "ordinary redeployment" a number of Russian families recently left Vienna and the Russian Zone of Austria.

Rumors have been current in Vienna for some time that several wives of Russian soldiers due for redeployment to the homeland had committed suicide rather than return. Careful checking with police and Russian sources, however, has failed to substantiate these rumors.

Mark McMahon, 67, Dies At Fort Worth

FORT WORTH, Feb. 20. (AP)—Mark McMahon, 67, Fort Worth attorney and former Oklahoma university football coach, died here last night after a short illness.

McMahon was born in Fannin county May 17, 1878. After completing his public schooling at Savoy he entered the University of Texas. He played football at the university, and upon his graduation in 1900 he went to the University of Oklahoma as football coach. He returned to Texas and was admitted to the bar in 1902.

Martin County 4-H Show Set

STANTON, Feb. 20. — Martin County 4-H club members will exhibit 20 fat barrows Saturday at the Higginbotham-Bartlett lumber yard in the first club livestock show scheduled here since the war.

W. I. Marshall, district agricultural agent from San Angelo will judge the barrows at 2 p. m. An auction sale will follow at 4 p. m.

The club members have cared for the barrows as regular 4-H feeding projects under the supervision of County Agent James D. Eiland.

I'M GROWING BIG AND STRONG THE FUL-O-PEP WAY

FUL-O-PEP Calf Starter is an appetizing, nourishing, energy-giving feed for calves. And best of all, Ful-O-Pep Calf Starter is cheaper to feed than whole milk, because one pound replaces up to 10 pounds of whole milk in feeding calves. Many dairymen save up to 75% of the milk formerly used in feeding calves; a saving of as much as \$30 per calf, by feeding Ful-O-Pep.

RADIO BROADCAST WAS SO REALISTIC!

OMAHA, Nebr., Feb. 20. (AP)—Ten-year-old Harold Peters listened attentively to a graphic radio program on forest fire fighting.

As the program depicted the flames roaring over a mile area the youngster could smell the smoke.

Then he discovered a fire and real flames. The radio had caught fire.

John Hancock, first signer of the Declaration of Independence, was one of the wealthiest citizens of Boston.

CADETS IN REVIEW—This picture of the corps of West Point cadets in review was made when Viscount Alexander, (center, foreground) governor-general of Canada, visited the academy. Maj. Gen. Maxwell D. Taylor, academy superintendent, is at extreme right.

Father, 26 Loses Life In Futile Attempt To Save His Two Children

BIG BEAVER, Mich., Feb. 20. (AP)—A 26-year-old father lost his life in a futile attempt to rescue his two young children as the family's two-story frame house near here was destroyed by fire early today.

Dead are Edward Frank Welch, the father; Flora May, four, and Edward Frank Jr., three.

Police said the children were trapped in an upstairs bedroom when the flames broke out about 1:30 a.m. Welch and his wife Eva, 28, escaped from the burning building by jumping out a back window, but the father rushed back into the house through the front door.

He was overcome by smoke before he could reach the children. Critically burned in the fire was Welch's mother, Mrs. Flora Welch, 44. Also trapped in an upstairs room, she made her way to the

first floor but fell unconscious at the foot of the stairs. She was taken to Royal Oak General Hospital with third degree burns.

TEXSUN CITRUS EXCHANGE • WESLACO, TEXAS

University Humor Mag Editor Hits 'Censors'

AUSTIN, Feb. 20. (AP)—Johnny Bryson of Amarillo, editor of the Texas Ranger, University of Texas student humor magazine, charged today that "political censorship" had wrecked his February issue.

Dr. Dewitt Reddick, a member of the magazine's editorial propriety committee countered with an assertion that such charge was premature in view of the fact that only one member of the three-man committee had seen five articles that Bryson claimed were censored.

Thus the college humor magazine for the second time in a week found itself in hot water. Saturday, Vice-President James C. Dolley of the university protested that "The Cheat Complaint," a story by Bryson claiming that two-thirds of the students admit they cheat on examinations, was "irresponsible."

To this Bryson replied that the three-member propriety board had passed the article a month ago and that no criticism had been voiced by the university until the article was reprinted in Life magazine. He denied that it was "irresponsible."

Commenting today on what he termed needless rejection by one member of the board of some paragraphs in an article intended for February publication about participation of a student in Gov. Beauford H. Jester's victorious campaign for governor last summer, Bryson said:

looks like they are trying to get me to resign, but I won't. It may look like we are trying to stir up trouble, but we are not."

Jester defeated Dr. Homer P. Rainey, discharged president of the university for the governorship.

Bryson said five of eight articles meant for February publication had come back to him marked "re-write." The inference, he said, was that they were smutty.

"That's okay. We won't fight over that," he said. "But my chief objection is to deletion from the Jester article of a paragraph connecting Pat Smith, first president of the University Ex-servicemen's association, with Gov. Jester's 'People's Path.' A member of the committee turned thumbs down on mention of his participation in Jester's campaign."

Market Butcher Animals Show Drop At Sale

Market for butcher animals registered a slight decline Tuesday at the West Texas Livestock Auction company's weekly sale, principally as the result of a scarcity of good offerings.

Stocks, however, continued steady, and hogs were strong. Hereford cows and calves brought from \$105 to \$137.50 a pair, while mixed pairs ranged from \$100 to \$136.

Stocker cows sold from 10.50 to 12.00 cwt; stocker yearlings, 15.00-17.50; stocker calves, 17.00-19.10; fat cows, 12.00-13.90; fat yearlings, 18.00-19.00; fat calves, 18.50-19.70; canners and cutters, 7.50-9.00; bulls 11.00-14.00. A run of 36 hogs brought \$26 cwt.

Newsboys Selling Belgian Papers In Paris Attacked

PARIS, Feb. 20. (AP)—Newsboys selling copies of Belgian daily newspapers flown here from Brussels were attacked by two groups and their papers seized today as Paris newspaper workers continued a strike for higher wages.

Enterprising Belgian publishers have been sending copies of their papers, filled with French news, to Paris since the strike began seven days ago. The papers have been selling like hot cakes.

Prospective customers attempted to save the newsboys when they were attacked this morning and police had to intervene to avert a general strike.

Cheese and Eggs Make Happy Lenten Team

Jelly Omelet

1/4 lb. cheese food
1/4 cup milk
4 eggs
Salt, pepper

2 tablespoons butter or margarine
Tart jelly

Melt the cheese food in the top of a double boiler. Gradually add the milk, stirring until the mixture is smooth. Beat the egg yolks in a bowl, add seasonings to taste, and slowly blend in the cheese food mixture. Fold in the stiffly beaten egg whites, and pour into a skillet in which the butter or margarine has been melted. Cook slowly until done. Place in a slow oven, 300°, a few moments to dry the top. Spread half of the omelet with tart jelly, fold the other half over it, and serve immediately.

No End To Good Dishes Made Of Cheese, Eggs

The proof of a good cook is what she can do with familiar foods, not the rare or exotic. And nowhere is the hand of the really inspired cook more apparent than in specialties created with those indispensable, cheese and eggs—as happy a team of comestibles as ever were joined in a skillet or casserole. There's no end to the number of varied good dishes to be made from these two, when imagination stirs the spoon.

If it's Lenten planning that has you cudgeling your brains, try this pair—eggs and cheese—in a variation of a classic stand-by—the omelet. This is an omelet all right—but what an omelet—rich with the taste of golden cheese, its flavors pointed up with tart jelly.

If you've thought of omelets as strictly Sunday morning fare, re-raise your estimate, and get out your smoothest skillet. The family are due for a pleasant conversion too—for this dish is just as good for luncheon or supper as it is for a hearty breakfast.

There are all kinds of schools of omelet-making, and all of them have their points. But for the main dish variety, tried and true, and filled to the brim with hearty goodness, we like a fluffy one. One that fluffs every time—and one that has its cloudlike puffs rich in the flavor of melted cheese. No trick at all to making it! Just a simple technique.

One important reason for the universal popularity of the mild smooth readily melting cheese food recommended for this dish is its versatility, as well as its good behavior when exposed to heat. Its dependability in cooked dishes endears it to all good cooks—and its flavor to diners.

A fluffy omelet, rejoicing in the full flavor of cheddar cheese, browned to perfection, spread with a generous layer of your favorite tart jelly—currant or wild grape, perhaps—is a dish that no connoisseur of fine food would pass up. It is also a dish to make an instantaneous appeal to the particular palates of childhood. Serve it often to the whole family during Lent and thereafter, for a quickly made and distinguished main dish to please everybody.

JELLY OMELET

1/4-lb. cheese
1/4-cup milk
4 eggs
Salt, pepper
2 tablespoons butter or margarine
Tart jelly

Melt the cheese in the top of a double boiler. Gradually add the milk, stirring until the mixture is smooth. Beat the egg yolks in a bowl, add seasonings to taste, and slowly blend in the cheese mixture. Fold in the stiffly beaten egg whites, and pour into a skillet in which the butter or margarine has been melted. Cook slowly until done. Place in a slow oven, 300 degrees, a few moments to dry the top. Spread half of the omelet with tart jelly, fold the other half over it, and serve immediately.

The wolf sometimes is called the "shark of the plains."

New Safeguards Taken Against Cattle Disease

FORT WORTH, Feb. 20. (AP)—The Texas Livestock Sanitary Commission has placed a quarantine on livestock, poultry and livestock products from Mexico as an added safeguard against the spread of foot and mouth disease from Mexico. The quarantine became effective yesterday.

Except for stiffer penalties for violations, the state measure duplicates the federal quarantine now in effect.

It provides a fine of \$500 to \$5,000 or a jail sentence of up to six months or both for first offenders and a prison sentence of not less than two and not more than five years and a fine up to \$10,000 for a second violation.

The commission was authorized by recently passed legislation to take such action to protect the livestock industry.

The state quarantine also forbids persons, vehicles, boats, airplanes, commodities, clothing, articles and goods from crossing the border except through established U.S. ports of entry.

Double Salary Ruling Given

AUSTIN, Feb. 20. (AP)—A Texas drawing \$1,000 a month on a Mississippi construction job can still be a good road commissioner of Polk County, the attorney general ruled today.

E. L. Hinson, Jr., auditor of Polk County, said one of their newly-elected county commissioners got a job in Mississippi in December, 1946, and did not take the oath of office until Jan. 13, 1947. He said the commissioner immediately returned to Mississippi, where he draws \$1,000 a month, and "has not done anything to the maintenance of his roads or hired a crew to do the work."

The attorney general said the road commissioner was still legally in office and will remain so until his resignation or removal from office by proper proceedings.

The ruling said the Polk County commissioners court could appoint a road supervisor to serve in his place and could purchase road machinery and supplies for the precinct.

Legion Birthday Week Proclaimed

AUSTIN, Feb. 20. (AP)—Gov. Beauford H. Jester issued a proclamation designating March 10 to 16 as American Legion Membership and Birthday Week.

The American Legion will observe March 15 as its 28th anniversary.

The governor also proclaimed Feb. 23 to March 1 as Future Farmer Week in honor of the Texas Future Farmers Association.

New Withholding Statements Here

Employers can obtain withholding statement for the current year by calling in person at the Internal Revenue office in the basement of the post office building, Deputy Collector Ben Hawkins stated today.

The forms are to be used for employees who are discharged or resign and from whose income tax has been withheld on or after Jan. 1 of this year, or whose wages for any pay roll on or after such date exceeded the amount of one withholding exemption for such period.

Texas Air Express Shipments Increase

AUSTIN, Feb. 20. (AP)—Texas Air Express shipments in January fell 36 per cent below the December level, but increases were reported for the month as compared with January a year ago, the Bureau of Business Research said today.

Yearly increases were reported by each city for the month except Laredo, where a drop of 18 per cent was registered.

New airports and enlarged servicing of medium-sized towns by airlines caused percentage gain to soar for the yearly comparison, especially in Lubbock, Abilene, Waco, San Angelo, and Midland. Corpus Christi shipments almost doubled during the year Big Spring, Austin, Port Arthur and Texarkana followed with gains ranging from 65 to 91 per cent.

Wolf bounties in the United States amounted to more than a million dollars a year by 1914.

Mexico City Presidential Suite Set Up

MEXICO CITY, Feb. 20. (AP)—President Truman, first chief executive of the United States to visit Mexico City, will make the apartment of Ambassador Walter Thurston his headquarters during his three days in the Mexican capital next month.

The ambassador has moved out of the apartment, at the corner of the US embassy, and it is being furnished as a "Presidential Suite." Three of the President's official party also will be at the embassy. The other four, with news and secret service men, will stay at the nearby Hotel Geneva.

The President, who as a senator visited Vera Cruz on committee business is to land here about 10 a.m., CST, March 3, in the presidential plane, the Sacred Cow. His departure for Waco, Texas, where he is to be awarded an honorary college degree, is set for about 8 a.m. March 6.

James Rowley, White House secret service chief, and his operatives already are in Mexico City.

Weddings by telephone are legal in Washington, D. C., and Minnesota.

'Iron Curtain' Term Is Called Slander

MOSCOW, Feb. 20. (AP)—Izvestia, Soviet government newspaper, said today that some newspapers in the United States were using the matter of press representation at the forthcoming foreign ministers' council here to "reiterate for the thousandth time the old slander of an 'iron curtain.'"

Izvestia said these papers had objected to Russia's quota of 20 US newsmen to cover the conference, starting March 10, on the ground that the quota had some bearing on freedom of information. This, said the Russian organ, is confusing two different questions.

Only a tenth of the world's people live on the southern half of the world.

Zoo Animals In Berlin Get More Coal To Keep Warm Than Humans

BERLIN, Feb. 20. (AP)—Birds of a feather are no longer nesting together at Berlin's battered zoo, which is waging its own rigorous "battle of the winter" in the midst of a sorely-beset city.

The zoo's surviving animals get a regular ration of coal to warm their cages — which is more than

German humans get. That's why attendance is usually high now for winter months. Many visitors come daily, pay their one mark (ten cents) admission and then linger near the stoves in the patched but heated buildings.

However, the fuel ration is small and the zoo has had to consolidate and retrench during the protracted cold of this severest winter in many years.

This has resulted in some strange cage mates. The zoo's 20 surviving parrots (out of a prewar total of between 200 and 300) are in with the Guinea pigs. The barn owls are in with a fancy breed of chickens. Some few rare tropical birds chatter their strange cries in cages which also contain mutter doves.

Other doves are in with the Guinea hens. And even the two proud peacocks must share their cage with owls.

None of the zoo's survivors seem too happy on their reduced rations, nor too warm. Only a bear and a wolf, some sheep, deer and a lone goat survive in outdoor pens these days. A chimpanzee has a trick of wrapping himself in a ragged coverlet, though there's a coal stove burning in the reduced monkey house.

Other doves are in with the Guinea hens. And even the two proud peacocks must share their cage with owls.

Railroad Engineer Killed At Palestine

PALESTINE, Feb. 20. (AP)—Bruce Morris, railroad engineer, was killed and J. R. Hockridge, fireman, received minor injuries yesterday when they were struck by a switch engine in the Missouri Pacific yards.

Morris had quit work for the day and was walking across the yards. His body was severed.

Hockridge was treated for abrasions and released from the railroad hospital here.

FRIENDLY FELINE NURSING PORKER

SPRINGFIELD, Ill., Feb. 20. (AP)—The cat at Ulysses Jones' farm home faces eviction to the barn because she added a newborn pig to her litter of four kittens.

Jones said he brought one of the seven newly born pigs into the house after he found it was sick.

"Tabby showed sympathetic interest," Jones said, "and soon was nursing the pig."

"But if she keeps it up she'll have to move to the barn. We can't keep the pig in the house very long."

Opportunity Vs Demagoguery Mess

The wrangle over the nomination of David Lilienthal to the Atomic Energy Commission is nothing short of a spectacle.

It is to be hoped that the Republican party will not accept its tactics in this case as a pattern for future activities, for if it does, the country is in for more confusion and befuddlement.

If the Republican-controlled Senate has no desire to confirm Mr. Lilienthal, because of his affiliation as a New Dealer, it has the power and right to reject him. One may question the propriety of placing liberality of varying degree above the fundamental issue of ability and integrity, but still if the party in power finds the nominee objectionable, it has the means to reject him.

But this business of trying to label the man as a Red or Pink is silly. Few people seriously place any stock in this stab, especially in view of the nominee's pronouncement on democracy and his over-zealousness in protecting atomic 'secrets' from the very point with which the accusers claim he has sympathy. Still more disheartening is yielding to the temptation to fight behind the front of fuddy-duddy Sen. McKellar, the right-hand bower of Boss Ed Crump of Memphis and whose crowd is one of revenge for having the patronage door slammed in his face.

The Republican party has a far greater opportunity than expending its current power in demagoguery. It ought to either boldly reject Lilienthal or to confirm him, and do it in dignity.

Museum Would Be A Worthy Project

The death of Mrs. H. W. Caylor recalls her interest in the West Texas Historical museum, a forgotten institution which gained wide popular support a decade ago. In many ways, Mrs. Caylor encouraged the institution, founded by the late and beloved Mary Bumpass, but especially was that encouragement given substance through the gift of several canvases by her husband, a leading early day West Texas artist.

Few painters serving this area have captured the atmosphere, the color and the broad expanses so accurately and vividly as did H. W. Caylor. Not until Peter Hurd came on the contemporary scene has any person from this particular section of the Southwest so effectively

captured impressions of the country on canvas.

These paintings of Mr. Caylor, together with many other relics of pioneer days, together with artifacts from the Indian era, have real educational value.

However, during the war years and after the death of Mrs. Bumpass, the museum has not had opportunity of performing its maximum service. It is housed in the rock building at the city park, but with no provision for a curator or caretaker, it is almost never open.

If there are one or more institutions wishing a worthy project to justify their existence, we suggest that they explore the possibilities of revamping and reopening the museum on a regular, though limited basis.

The Nation Today—James Marlow—

GOP Stepping Easy On Tariffs

WASHINGTON, (AP)—Has our foreign trade program done any good? The Democrats offer figures to back up their claim that it has.

Top Republicans in Congress, critical of the way the program is handled, want some changes made. Some other Republicans call it a failure.

But most are pretty careful not to talk of throwing the program out the window.

If they did that—and if our foreign trade were to slump badly—the results might show up in the 1948 elections.

The Democrats started the program in 1934 when, controlling Congress, they passed the reciprocal trade act under which the program works.

In the past 13 years we have signed trade agreements with 29 nations. Briefly, the agreements mean:

We cut tariffs for certain—but not all—goods from a nation which agrees to cut its tariffs for some of our goods.

To show what the program did, the Democrats compare 1934-35, when the program was starting, with 1936-39, the last peaceful trading years before the World War.

In those years—1936-39—our exports went up 63 per cent to agreement nations but only 32 per cent for non-agreement nations; and our imports from agreement nations went up 22 per cent but only 12 per cent from non-agreement nations.

Two of the harshest Republican critics of the program are Rep. Gearhart, California, and Senator Butler, Nebraska.

Gearhart calls the program a failure and Butler says he can't see where it's done much good. They talk of damage done American business by tariff cuts—but the State Department says no American business has been hurt seriously.

Top Republicans in the Senate—like Taft of Ohio, Vandenberg of Michigan, and Millikin of Colorado—don't go so far as Butler.

They suggest changes in the way the program is carried out, which means changes in details, not in the principle of the program.

Affairs Of The World—DeWitt MacKenzie

War Termed 'Madman's Dream'

Secretary of State Marshall is said by members of the House Foreign Affairs Committee to be "optimistic on the whole" over maintaining peace, and Secretary-General Trygve Lie of the United Nations declares that "for the time being the possibility of actual armed conflict involving the powers can be discarded as a madman's dream."

That's encouraging testimony by two of the world's leading experts on international affairs. Indeed there's plenty of evidence to support the thesis of peace among the major powers of evidence to support the thesis of peace among the major powers for a considerable period of years. However, General Marshall was discussing the world's "sore spots" with the committee, and Mr. Lie, in addressing the Minneapolis round table of the National Conference of Christians and Jews, cautioned that the world must devote itself to

the future. So it's clear that neither of these gentlemen is doing wishful thinking but that both recognize the dangers which must be avoided if peace is to continue. Peace is a fragile vase. The greatest deterrent to another world conflict in the near future is the fact that none of the powers—barring the United States—is physically capable of waging another major war. They're all in, and it's going to take many years for them to recover. And of course the peoples who have experienced this horror are, on the whole, thoroughly fed up.

Your columnist isn't one of those who believe that the militaristic spirit has been uprooted from all hearts. To mention a specific case, I have no doubt that if the Prussians were capable of making war, they might be at it again. My tour of Germany a few months ago

convinced me that while the militaristic-minded German had been thoroughly whipped physically, he was far from beaten mentally. The will to fight was still there.

But unfortunately that's not the whole story. There are other folk besides the Prussians who most certainly are toying with militaristic ideas. Perhaps they don't exactly wish for war, but they've persuaded themselves that they will have to fight sooner or later to achieve their aspirations.

Quite apart from the question of whether anybody wants war, there are numerous international issues which are potential breeders of conflict. One of them—and among the most dangerous—is the matter of world-wide control of atomic energy. Peace will be in jeopardy until that is settled, for it is creating doubts and suspicions.

Texas Today—Jack Rutledge

Real Texas Hill Billies Found

Maybe you think Snuffy Smith and Lil Abner are just figments of someone's imagination. And that people like that don't exist—especially in the Lone Star state. But you're wrong. Worthy companions are people like "My Uncle Down in Texas," famed in song. A reporter for the Arlington Ex-Press just back from a deer hunt in the piney woods of East Texas tells of the Texas hill billies graphically:

"We went into the little town and looked up Lem, the harness maker. He reckoned as how he 'ud show us to the place. "Lem directed us along a winding road through dense wood. When we had gone through several mud bogs and creek beds, I began to wonder what the road was used for. Then I saw a house, or shack, and Lem had me stop the jeep a good hundred yards away.

"He approached the apparently empty dwelling with noticeable hesitancy, carrying his rifle across his arm. He kicked the doorstep, and finally the door opened and Lem went in, closing the door behind him.

"He came out with a grizzled old man and another middle-aged man who dipped snuff about every fifth step. "Howdy, strangers," Grand- pop said. It was arranged that

we set up camp south of the shack and 'not do no goin' off huntin' wifout one or t'other o' us along."

"The old man and his son accompanied us. We made camp, with the hosts keeping their rifles in a ready position. "Later we had a visitor. He just turned up from out of the woods, and the first knowledge I had of his presence was when he said: 'I heard you'uns had visitors, Jed.'"

"That night, as we started to prepare supper, the uninvited guests began to gather. But they all 'brang' their part of the supper which turned into one big stew. It had squirrel, rabbit, dove, chicken and other things. "I would have objected to one big bird I thought was a buzzard but they convinced me it was a turkey when a chorus of voices echoed over gun barrels 'Cal said it uz a wild turkey, stranger."

"The stew wasn't too bad if you didn't mind havin' it garnished with cigaret ashes and bits of dirt from long knives that probed into the pot. "Each man would take turns talking to us, managing a few obvious questions about how we happened to come to the place. "In all, there were about eleven of us gathered around the fire swapping yarns, punctuated by the contented belches of

our bearded companions. "The rifles had been laid aside, but I noticed that one of the bunch always sat outside the circle and busied himself cleaning his weapon. "Suddenly two more tobacco chewing characters came out of the dark with a burlap sack. It contained ten gallons of 'Mountain Dew.'"

"Have a sip, fellers," Grand-pop said to me and Jim. And I noticed for the first time we hadn't been 'strangers.'"

California Makes Idaho's Potatoes

BOISE, Idaho (AP)—The Gem State of Idaho is justifiably proud of the fine, big potatoes it grows, but now the secret is out—some of the credit belongs to California.

John R. Robertson, University of Idaho extension division potato specialist, discloses that Idaho potato growers have 432 test of seed potatoes planted in test plots at Oceanside, Calif.

"The test plots are maintained to provide seed growers with advance information on the disease content of the seed they plan to use in growing the 1947 crop of certified seed potatoes," Robertson explains.

FOR TH' LUVVA MIKE

Hal Boyle's Notebook

Miami In Second Boom

MIAMI, Fla. (AP)—The three famous "B's" of Miami are—the boom, the blow and the but. Every native knows them.

Now must be added a fourth "B." It's for the second boom. A late-season rush of winter-driven northern tourists has swelled the Greater Miami population to an estimated 800,000, and the resort area is cracking apart at the seams.

The twin slogans here are "no vacancy" and "empty pockets." The hotels and rooming house owners are hanging out the "no vacancy" signs, and the tourists are saying "empty pockets" to the fancy night clubs that dish out \$10,000 a week to entertainers.

Resort's chief peacetime industry—the climate. They are after sun—not expensive fun. Thus while the MacArthur causeway linking Miami and Miami Beach echoes at night with the wails of cabinet owners, the moderate priced eating places are so jammed they sometimes have to shut down early for lack of food supplies.

"Some people here are just hollering because things are getting back to normal—and they can't get rich in one season," said a veteran taxi driver, commenting on the drop in night life trade. "They took the cream off the black market and war profiteer crowds last year. The folks coming now are the kind who came before the war."

One sure barometer of the reduced spending per capita is Hialeah Race track. Betting there has fallen off fifteen per cent although attendance is up more than six per cent over the 1946 average. One thousand more

persons are going to the races each day as compared to a year ago but each day they bet \$200,000 less than the average for last season.

Early To Rise

CASEY, Ill. (AP)—A habit formed in many decades on the farm is hard to break. So Uncle Wes Rue, 108 years old, still gets up every day at 4 a. m.

Washington Merry-Go-Round—Drew Pearson

Fantasy Of Buck Rogers Era Here

WASHINGTON. — It is difficult for the average person to understand the amazing vistas opened up by science during World War II and realize that the unbelievable era of Buck Rogers fantasy is now actually here.

The most obvious development was the atomic bomb. Not as well known but perhaps even more fantastic are the numerous secrets of the earth which the bomb's invention also opened. For the past three years, for instance, geoclastic scientists have been working on a project for setting off a controlled chain reaction in the crust of earth.

This project is described by the scientists as a hydrogen chain reaction, in which the hydrogen in the surface of the earth would be made to burn in a slow but continuous stream. Simultaneously, these scientists are reported to be preparing a means for speedily extinguishing such flames by a system of black fizes and chemical devices which could hold its spread at the borderline of any country.

Fantastic as this may sound, it is only a small phase of the field which science opened up at a time when the government, in desperation and out of fear of what enemy scientists might be doing, gave American scientists full freedom to work.

An earth-crust chain reaction is now deemed a reasonable possibility and might mean the end for a country even as large as Russia. A chain reaction of this type could carry across mountains, through ice and snow, searing everything in its path with the relentless force of a gigantic, fire-burning seam roller.

American scientists warn that what they are working on is also being worked on by scientists all over the world. No nation has a monopoly on knowledge. What American science has is a head start and the "know-how."

NOTE — Yet there are still some people who wonder whether it is a good idea to have international control of atomic energy!

UNDER THE DOME

President Truman not only has told intimates he will back Lilienthal's confirmation fight to the limit, but added that he would even argue with the TVA Director if he asked to be withdrawn. Truman told friends that he could have got Edwin V. Pauley as undersecretary of the navy if Pauley hadn't lost his nerve. . . . Just before he left for Tawail, Interior Secretary Cap Krug ordered a ten-foot square sign erected in the lobby of the interior department building, bearing the now famous statement on democracy by David Lilienthal. . . . Almost the entire cabinet will speak at a dinner to be given by Florida Democrats to raise a quarter of a million dollars to back Truman's 1948 election. The dinner will cost \$250 a plate. . . . American Ambassador Arthur Bliss Lane, who is not returning to Poland, will probably go to the Netherlands. Secretary Marshall will appoint a new ambassador to Warsaw, but not until after the Moscow conference.

LILIENTHAL'S DAUGHTER

During the height of last week's ruckus over his confirmation as head of the atomic energy commission, David Lilienthal received a "top secret" message. It was a Valentine from his 22-year-old daughter, Nancy.

Inscribed on a heart surrounded by bursting atoms, the Valentine read:

TOP SECRET

Subject: Atomic information From: An admirer of long standing, world-shaking division. Though senators may rant and rave And commentators hiss, When Goliath snarls at little Dave, Just remember this — Uranium supreme within my

In Hollywood—Bob Thomas

Colonna Dislikes Comedy Roles

HOLLYWOOD. (AP)—No doubt some ancient Greek funnyman once informed a scribe he yearned to discard his comic mask for a tragic one. Ever since that time comedians have been yearning for the drama, and the latest to get into the act is Jerry Colonna.

The mad professor is the last person I would expect to give out this aged routine, but he appears to be in earnest about it. "Ah yes," the comic told me, "I can't go on being the crazy professor all my life. People will grow tired of it. That's why I want to do something different in pictures—not the heavy drama, but good acting roles."

All of which would be pretty tame news, except for the fact that he has a deal cooking which may fulfill his desire. Harry Sherman is considering him for a juicy role as a Mexican gambler friend of Joel McCrea in "They Passed This Way."

Just one more issue on the issue of star marriages and then we'll close the forum for this year. The speaker is June Allyson, who is happily and permanently (she says) married to Dick Powell. Their union is just passing the year and a half mark and June told me they are out to blast all odds against two stars' being wedded for any length of time. Her analysis:

"The trouble with many actresses is that they get used to being waited on hand and foot at the studio and they try to act the same role at home. If the husband is an actor, he has been fed up with that routine from other actresses at his own studio and doesn't want to get it at home. That would never happen with us, because I can't even act at the studio, much less at home."

STRANGE REPUBLICAN

While Senator Bob Taft of Ohio was opening fire on the reciprocal trade program, another prominent Republican was firing from the opposite direction — right inside President Truman's private office.

The second Republican was Eric Johnston, scrappy Hollywood movie czar, who called at the White House not only to recommend retention of reciprocal trade, but to unceremoniously voice the coming Geneva conference, at which time the USA will sit down with 17 other nations to iron out bottlenecks in world commerce.

Johnston, former president of the US Chamber of Commerce and frequently mentioned as a GOP presidential dark horse, emphasized that he was speaking as a Republican when he expressed hope that the Geneva trade conference will succeed. He strongly urged Truman to do just the reverse of the Taft policy and work for the mutual lifting of restrictive tariffs on international trade.

Unless this is done, Johnston told Truman, all countries will have to go back to barter and national isolation. World peace depends more on opening up the channels of trade than in restricting them, Johnston added, and the Geneva conference may be the last chance to make a sick world well.

Johnston argued that all nations will have to learn to sacrifice some trade advantages to gain others, and no nation can expect always to get the best of the bargain. In the long run reciprocity work out for the advantage of everybody.

England, for instance, Johnston told Truman, sells Scotch whisky cheaper in New York than in London because of the advantage in gains in the exchange of other goods.

If the United States expects other nations to continue looking to us for leadership, we must continue to take the lead in world cooperation, the movie czar declared.

President Truman's reaction to this unusual Republican declaration could be described as pop-eyed approbation. He was almost speechless. Though Johnston is known for his forthright, liberal views on foreign affairs, not since Franklin Roosevelt was alive had the President's office heard such two-listed philosophizing.

LILIENTHAL'S DAUGHTER

During the height of last week's ruckus over his confirmation as head of the atomic energy commission, David Lilienthal received a "top secret" message. It was a Valentine from his 22-year-old daughter, Nancy.

Inscribed on a heart surrounded by bursting atoms, the Valentine read:

TOP SECRET Subject: Atomic information From: An admirer of long standing, world-shaking division. Though senators may rant and rave And commentators hiss, When Goliath snarls at little Dave, Just remember this — Uranium supreme within my

My Atomie Valentine. I'm smitten with a nuclear dart. Just say you are mine. For many years I've kept the secret (Not giving it to Russia). Now, at last, I will—I'll speak it— When I see you, I'll buzz yah. Between us there can be no fission. As long as we're alive. Here now is my secret Mission— I Love U235!"

CAPITAL CHAFF

Of course it wasn't announced as such, but California politicians consider that their governor, Earl Warren, launched his 1948 campaign when he arrived in Washington last week. Host at the Statler hotel upon his arrival was Senator Bill Knowland, with the guest list carefully including just about everyone who could be helpful in swinging a GOP nomination—even including Senator Bob Taft of Ohio. . . . Arriving Chairman Harold Knutson seems to think he can speak for the way and means committee, without even taking a vote of its members. During a meeting of the joint committee on the legislative budget a senator remarked that it might be well to wait until the ways and means committee had reached a decision on a certain matter. "I'll give you the answer of the ways and means committee right now if you want it," whispered Knutson to Sen. Styles Bridges of New Hampshire.

TRUMAN'S APPLES

Some people have the idea that local communities which borrow from the federal government never to pay their debts. But the other day Interior Secretary "Cap" Krug received a check for the final payment on a \$3,800,000 bureau of reclamation loan to the Tieton Reclamation project at Yakima, Washington, established in 1906. Celebrating the "mortgage lifting," Senator Warren Magnuson and Harry Cain of Washington called at the White House to present President Truman with a box of Yakima apples. Truman had the box opened and presented each senator with one of the tissue-wrapped doctor-chasers.

Magnuson expounded on the history of the Tieton project, telling how the area once was infested by "coyotes, rattle-snakes and jack-rabbits," but was now an agricultural paradise producing more than \$160,000,000 worth of farm products.

The project had furnished a livelihood for 13,000 farm residents, who had paid the government \$10,000,000 in taxes, added Magnuson, proudly. "Don't you think it's wonderful that the project has done all these fine things and still is self-liquidating?" he asked Truman. "Well, I don't know," responded the President. "Of course, I'm glad to hear that those farmers are out of debt. But Cap, Krug will probably use this case as an excuse to get some more reclamation money out of me." (Copyright, 1947, The Bell Syndicate, Inc.)

GOOD TIMES

Slingshots Are Coming Back Into Vogue

Slingshots, oftentimes identified by a less complimentary appellation, are coming back into vogue with the village's youth.

Before the war, the weapon which dates back to Biblical times, was an essential part of any boy's equipment but, when leather and rubber became scarce items the youngsters reluctantly ceased using them.

Times are definitely getting better, as far as Master Johnny is concerned. Occasionally, he runs across an old inner tube and from it derives the rubber bands which are so necessary in the 'shooter.'

Perhaps finding the proper wood for the stock is the most difficult thing about the slingshot's manufacture. Some of the lads make them from box ends, cutting them carefully so as to have the proper amount of prongs in relation to the stock. Others seek out forked mesquite trees, which make the sturdiest brands.

The shorter the prongs, the less quiver there is apt to be in the weapon. Leather, usually carved from an old shoe, is patterned into a snug pocket, which is tied to the rubber bands. The bands, in turn, are laced onto the prongs. The stouter the rubber the more formidable the weapon. Ordinary rock usually serve as shot for the slinger but many employ buckshot for ammunition. Some of the boys get so good with their 'shooters' they can fell a bird perched in a distant tree or a rabbit on the run. When a live target doesn't present itself, the youngsters never want for entertainment. They usually can find a tin can or an empty bottle on which to level their sights.

CLINCHES TIE
HOUSTON, Feb. 20. (P)—Sam Houston High School defeated Lamar Tech School last night 51 to 32 to gain at least a tie for the basketball championship of District 13-AA.

Take Time To Play, Too

All work and no play makes you feel dull. Have a regular bowling night with the boys—and relax here while you exercise.

314 Runnels

Sterling Independent Tourney Begins At 6:45 P. M. Today

YANKEE MANAGER; COACHES—The New York Yankees' baseball team manager and coaches confer on the first workout of the team in San Juan, P.R. They are (left to right): Chuck Dresser, Coach; Stanley (Bucky) Harris, Mgr.; John Schulte, coach, and John (Red) Corriden. (AP Wirephoto).

LOOKING 'EM OVER

WITH TOMMY HART

Selection of Herschel "Red" Ramsey as the San Angelo high school football coach would please his many local friends.

Red's brother, W. E., is in business here and has long been one of our more popular sportsmen. The two of them used to play baseball for the Cosden Oilers. Red once wore a local all-star football team's spanglers when the eleven invaded Hobbs, N. M., for a New Year's Day game. He has worked a number of pickup games here as a head lineman.

The former Little All-American, who hails from Chillicothe, (Tex.) knows football. He played pro ball for the Philadelphia Eagles for some years after leaving Texas Tech and has served a couple of years of apprenticeship as an assistant in the Concho city.

Charley Gillam, who appeared on the South Plains Sportsman club program at Lamesa last week, is credited with killing more lobo wolves than any other man in the U.S. The former game warden left this thought with his audience: If you want more game, kill less of it and kill it in season; give it a suitable place in which to live and breed.

One of the prime local needs is an 18-hole golf course, without which Our Town cannot hope to land any of the major tournaments or lure any of the front-running players who make other parties in this section.

The country club set has discussed the addition of nine holes

to its snug little course but so far no definite plans have been made toward that end.

The Munny has an 18-hole layout but only half the course—the back side—is used. The first nine have fallen into ruin and it would take a major revamping job to restore them.

Lamesa's baseball Lobos, who will be managed by George Sturdivant again this season, will open their home season against Albuquerque April 25. The New Mexico team may be one of the saltiest in the WT-NM circuit, incidentally.

If the Longhorn league breaks the barrier this year, the Lobos might be playing their final year in the WT-NM league. It is not improbable that both Lamesa and Abilene will be knocking at the Longhorn loop for admittance by 1948.

Travis: Tom Gallagher, a member of the Illinois football team which played in the Rose Bowl last year, was an usher at Shirley Temple's wedding. . . . Meiji Shrine in Tokyo, which was to have been the site of the 1940 Olympics, is now operated by the Army as a sports center. A baseball field seats 65,000; a track and field stadium, 30,000; a natatorium, 12,000. . . . City street cleaners picked up 40 tons of waste paper on Miami streets after the Orange bowl parade there last Jan. 1. . . . Capt. Olive Sheppard, Salvation Army chief here, is making plans to field a boys' rifle team this summer. . . . If the squad is organized, the rifle range at the former bombardier school will be used.

Bruins Getting Special Food

AVALON, Calif., Feb. 20. (P) There is nothing, apparently, too good for the Chicago Cubs baseball training camp.

The players who left their homes in northern climes and came to this picturesque Catalina island community 10 days ago to start the so-called training grind have found living conditions they describe as letter-perfect.

Owner Phil K. Wrigley and Manager Charlie Grimm long have considered the care and feeding of their ball players a prime requisite in building a pennant winner. They have added something new this year.

Before the pitchers and catchers arrived here the Cub's bosses had taken over an Avalon restaurant and hired restaurateur and food authority Arnold Shircliffe, who is on the faculty at Cornell university. He arranges the special menus for the ball players.

He selected a staff to prepare and serve the players—in style—the best food procurable and set up a special commissary.

Lunch is served the perspiring pitchers and catchers—who will be joined this weekend by the rest of the squad—in the flower-bowered patio of the Catalina visitor's country club.

"Snowy white table cloths, silver service, the proper number of spoons, knives and forks and proper table setting—they all help to make the menus more nourishing and delectable," Shircliffe said. "Dinner is always served in courses with prime steaks, chops, chicken, turkey and fancy dishes. We also see that the players get plenty of green foods for vitamins."

Phillips 66 Wins

SAN DIEGO, Calif., Feb. 20. (P)—Taking an early lead and never headed, the Phillips 66 Oilers from Bartlesville, Okla., smothered the San Diego Teacote Dons, 77 to 40, in an American basketball league game last night.

Jayhawks To See Early Action

STERLING CITY, Feb. 20.—Four games are scheduled in today's opening round of the Sterling City Independent basketball tournament, which begins at 6:45 o'clock this evening.

Landers and Farnan of San Angelo and Courtney ring up the curtain on the convention, followed by a game between Loraine and Howard County Junior college of Big Spring, booked for 7:45 o'clock. An hour later, the host team and Knott's Independents tangle with Ellis Parts, one of the pre-tournament favorites, clashes with Stanton.

Winners of the Loraine-HCJC and Ellis Parts-Stanton game collide at 6:45 p.m. Friday. Then American Legion of Big Spring and Bronte, quints which drew a first round bye, mix it up at 7:45 o'clock. At 8:45, winners of the Landers-Courtney and Gem Jewellers and Farnan will see action for the first time at 9:45 p.m.

Semifinal debates are booked for 3 p.m. and 4:15 p.m. Saturday, the finals at 8 o'clock. No consolation round will be played. Trophies are in the offing to members of the championship, a team cup for the runnerup squad and individual awards to the all-tournament team as selected by a group of spectators.

G. W. Tillerson and Chesney McDonald are the tournament directors.

Bob Wright Top Seeded At Munny

HOUSTON, Feb. 20. (P)—Frank Stranahan, whose four-under par 67 won him medalist honors, paced the field of 32 crack amateur shot makers teeing off today in the opening round of the annual Houston country club invitation golf tournament.

The Walker Cup player from Toledo, Ohio, almost missed his chance for medal honors yesterday on the 18th hole. Five under par, he hooked his drive deep into the woods and bayou. That cost him a shot as he dropped his ball back on the water hazard which splits the fairway. He recovered nicely with two shots that put him five feet from the cup and then curved in his putt for a 67.

Finishing one stroke behind him were Roy Riegel, Houston, a former tournament winner, Leo Bigatelli, Sandusky, Ohio, and Earl Stewart, Dallas, last year's medalist. Dick Nauts, Houston, finished with a 69.

Johnny Dawson, Los Angeles, last year's winner who automatically qualified, tried for medalist honors and turned in a 71.

Five other former winners of the tournament qualified for the championship flight. They were Ken Rogers, Oklahoma City, and Ed White, Houston, with 72. H. Creel, Houston, 74; Gus Moreland, Peoria, Ill., and Edwin McClure, Shreveport, La., with 75.

Lewis Heuvel has taken a four-stroke lead in the ringer tournament in progress at the Munny layout, having sliced his score to 61. His mark shaves 13 strokes off regulation figures.

Jack Keith, the former leader, now boasts a 65 for the 18 holes while Stockton has hammered his score down to 68.

Rental golf-bag carts are now available at the Munny clubhouse. Pro Foy Fanning announced Wednesday.

Lamprich Named Amarillo Pilot

AMARILLO, Feb. 20. (P)—Harry Lamprich, 26-year-old catcher of the Amarillo Gold Sox of the West Texas-New Mexico Baseball League last season has been signed to manage the team in 1947.

Lamprich, whose home is in Tulsa, Okla., played his first full season in organized baseball last year. He batted .271, established a full season record for putouts by a catcher—839—and ranked second in assists. He was chosen on the North Team for the League's annual all-star game.

He played briefly for Oklahoma City in the Texas League in 1942 before three years service as a Navy pilot.

Texas, Louisiana End Long Dispute

BATON ROUGE, La., Feb. 20. (P)—Texas and Louisiana have signed a reciprocal agreement relative to motor vehicle licenses, thus ending a long-standing dispute between the two states.

Roland Cochleham, collector of revenue, who announced the signing of the agreement yesterday, said it provides that firms domiciled in one state but operating trucks in the other no longer will have to buy tags in both states. Henceforth, he said, the domicile of the truck and not of the firm will be the determining factor as to which state license the truck is to carry.

The agreement grants full reciprocity to all trucks operated in interstate and foreign commerce except buses for hire, he said.

Cochleham said the agreement would be retroactive to Feb. 17.

Courtney Loses Second In Row To Buffs, 28-24

COURTNEY, Feb. 20.—Stanton's Buffaloes sewed up the District 21B basketball championship here Wednesday night, defeating Courtney's stubborn Eagles, 28-24, for the second time in a row.

Billy Ray Avery and LeRoy Gregg paced the Stanton attack. Avery hooped ten points while Gregg accumulated seven digits and was outstanding with his floor play.

B. J. Smith and Benny Kelly shared point-gathering laurels for the losers, each with six points.

Courtney led, 6-4, at the end of the first period but failed to score in the second period as the Buffs were running up eight points. By the end of Round Three, the Flock had cut the Stanton margin to three points but that was as close as H. H. Deck's gang got in its victory bid.

The Blons had edged Courtney by two points in a game at Stanton earlier in the week and Wednesday's triumph eliminated the possibility of a third game, which would have been played at Midland Friday night.

Stanton now becomes eligible to compete in the Regional Two meeting at Abilene, which will be unreeled Feb. 28 and March 1. The Buffs will be one of eight district winners in the show. Regional champion qualifies to take part in the state tournament.

Stranahan Wins Medalist Honors

HOUSTON, Feb. 20. (P)—Frank Stranahan, whose four-under par 67 won him medalist honors, paced the field of 32 crack amateur shot makers teeing off today in the opening round of the annual Houston country club invitation golf tournament.

The Walker Cup player from Toledo, Ohio, almost missed his chance for medal honors yesterday on the 18th hole. Five under par, he hooked his drive deep into the woods and bayou. That cost him a shot as he dropped his ball back on the water hazard which splits the fairway. He recovered nicely with two shots that put him five feet from the cup and then curved in his putt for a 67.

Bomber Punches Godoy Groggy

SANTIAGO, Chile, Feb. 20. (P)—With a crowd of 30,000 shouting "Take it easy, Joe," heavyweight champion Joe Louis punched Arturo Godoy groggy in a six-round boxing exhibition last night at the Estadio Nacional. Louis weighed 207 to 198 for Godoy, appearing in his native country for the first time since 1944.

Godoy was knocked down in the third and sixth rounds and was so groggy in the second that he accidentally landed a right haymaker on the jaw of Luis Angelo Firpo, former heavyweight contender from Buenos Aires, who was the referee.

Godoy, appearing for the fourth time against Louis, promised before the bout to "fight." He opened with a wild slugging attack, but Louis promptly punched back so effectively that Arturo seemed in a daze the rest of the way.

Texas, Cayuses Win SW Tests

The University of Texas was within a half-game of a sure tie for the Southwest conference basketball championship today.

The speedy Longhorns defeated Baylor, 70-52, in Austin last night for their ninth win and no defeats in conference play. A victory over Rice Saturday night will clinch the tie.

The second-place Southern Methodist five stayed in the running last night by defeating a hustling Texas Christian team, 59-52 at Fort Worth. The Methodists, with seven wins and two losses, are now a half-game ahead of Arkansas.

Both Texas and Baylor set a fast pace from the start last night, but Texas jumped into 16 point lead and was never headed. John Hargis, Texas forward, who missed a great part of the first half because of an ear infection, was high scorer with 17 points. Baylor forward Bill Johnson was runner-up with 15.

Texas Christian proved a tough foe for Southern Methodist. The Christians, who have lost 19 out of 20 games this season, lead 32-31, at the half and were behind only 55-52 with three minutes left in the game. The Christians tried to cover SMU, close under their own basket, and Bryan Lloyd broke clear for two easy lay-up shots that decided the game.

Tommy Tomlinson, SMU forward, was high scorer with 18 points. High man for TCU was center Frank Kudlaty with 14 points.

Varied Athletic Show At BS Gym

Two hours or more of athletic entertainment is promised fans who call at the high school gymnasium around 6:30 o'clock this evening.

Along about that time, Miss Arach Phillips will be sending her two girls' volley ball squads into action against two Sterling City teams.

After those games have been completed, Anna Smith's Eighth grade boys' basketball team takes on Forsan's Junior high club.

The local volley ballers are prepping for the Water Valley tournament, which comes off this weekend.

Bovine Quintet Underdogs In Tourney Go With Flock

Locals Cooking Up Court Magic

The blue chips will be showing for the Big Spring basketball Steers at 2:30 o'clock Friday afternoon when Johnny Malaise's gang take the courts in the San Angelo gymnasium against the mighty Abilene Eagles.

There's another game in the offing for the fans but all eyes will be on the Big Spring-Abilene debate, from which is expected to emerge the District 3AA kingpin and its representative in bi-district play.

San Angelo and Midland, who finished in that order behind the two top teams in regular play, fight it out for the right to meet the winner of the Big Spring-Abilene fracas in the 8 o'clock finals.

Abilene rules as decided favorite over the Big Springers. In two games played during the regular 3AA campaign, the War Birds rolled up 98 points in capturing both decisions. The locals were limited to 60 points in those outings.

However, where there's life, there's hope, as the old adage goes, and the Longhorns are bristling in defiance. They figure the last game here proved exactly nothing, that once they warmed to the task they outplayed the Flock from here to there.

If the locals can put the brakes on Duane Hendley, they reason they've won half the battle and Malaise has been working toward that end. He'll throw Delmar Turner on the War Bird scoring ace and build his own offense around Capt. Hoss Rankin and Eddie Houser.

Despite their surprise defeat at the hands of Lamesa last Tuesday, the Longhorns finished atop the circuit standings with a game to spare. Here's the way they wound up:

TEAM	W	L	Pct.
Big Spring	10	0	.833
Abilene	9	1	.900
San Angelo	8	2	.800
Midland	7	3	.700
Lamesa	6	4	.600
Odesa	5	5	.500
Sweetwater	0	12	.000

Woodson Seeking Two More Games

ABILENE, Feb. 20. (P)—Any college team that expects to be hard to handle next fall is wanted on the Hardin-Simmons university football schedule.

Coach Warren Woodson has two open dates—Sept. 17 and Nov. 1—and he'll play any class A team in the nation, either at home or in Abilene.

"I hope to find a couple of opponents who will be tough nuts to crack," said the coach of the undefeated, untied cowboys.

Legion Rallies To Win, 31-28

LORAIN, Feb. 20.—Surging from behind in the final three minutes of play, the American Legion team of Big Spring defeated the Loraine Community quintet, 31-28, in a basketball exhibition played here Wednesday night.

Coach Pats Farquhar's troops were short handed, so much so that the mentor, himself, had to play four full quarters. However, the Big Springers warmed to the task and finally arose to the challenge just when it seemed that time was going to run out on them.

The Loraine gang led, 10-5, at the end of the first quarter; 16-9, at half time; and 22-18 after three periods of play.

Frank Hardesty put the game on ice for the visitors with five points in the last few minutes and shared the game's scoring honors with Bobby "Pepper" Martin. Each had 11 points.

Box score:
LEGION (31) W L Pct.
Farquhar 10 0 1.000
Martin 10 0 1.000
Hardesty 10 0 1.000

Totals 28 0 1.000

STEERS LIKELY NCAA TITLISTS

NEW YORK, Feb. 20. (P)—Now that the Oklahoma Aggies are eliminated from the NCAA basketball tournament this year, it may be that Texas will succeed to the throne, assuming that Kentucky prefers a bid to the National Invitation Tourney at Madison Square Garden.

The Longhorns, undefeated leaders in the Southwest Conference, were beaten by the Aggies, 40 to 39 back in December before the NCAA champs went into a tailspin that eliminated them from the Missouri Valley Conference race. That is the only blot on Texas' record.

Texas won its 20th victory in 21 starts last night by trouncing Baylor 70 to 52. The Longhorns seem certain to take the Southwest Conference title and thus automatically qualify for the western NCAA eliminations at Kansas City March 21-22. After that it's up to them.

Kentucky, beaten by the Aggies and DePaul, but still generally recognized as the No. 1 quintet, swamped Cincinnati Xavier, 58 to 31, for its 25th victory in 27 games.

For a Full Day's Work from Horses and Top Condition in Bulls and Bucks FEED

PURINA OMOLENE

With a shortage of labor on the farm, it's important to see that every horse is in top condition for a full day's work. Purina Omolene—the South's favorite conditioner for many years—is an economical feed.

It's a grain ration that will help keep your work stock up in the collar day after day—ALL day!

Omolene is also an excellent conditioner for bulls and bucks.

SAN ANTONIO, Feb. 20. (AP)—Mrs. Sarah Elizabeth Eager, affectionately known as the "Grand Old Lady of South Alamo Street, yesterday celebrated her 105th birthday. Among her recollections is of sitting next to Robert E. Lee at a dinner party and hearing him give the toast: "If my state secedes, I will go with her." Harlingen Police Chief Will Retire HARLINGEN, Feb. 20. (AP)—Harlingen will lose her first law enforcement officer March 1, when E. W. Anglin, officer here since 1910, ends his career as chief of police. Anglin, named marshal in 1910 when the city was incorporated, served later in the Cameron County sheriff's office. In 1931 he was appointed chief of police. The wolf increased greatly in the cattle country in the nineties and finally fell off in numbers before the organized attacks of government trappers.

Cotton Spinners Going Full Blast

WASHINGTON, Feb. 20. (AP)—The census bureau reported today that the cotton spinning industry operated during January at 123.3 per cent of capacity, on a two-shift, 80-hour week basis, compared with 107.8 per cent during December last year, and 110.7 per cent during January last year.

FACES FORGERY CHARGE

M. W. Kirken was returned here from San Angelo Wednesday to face a forgery charge. He is being retained in the county jail pending fixture of bail.

O'DANIEL CONDEMNED BY SOLON FOR 'SLANDEROUS STATEMENTS'

AUSTIN, Feb. 20. (AP)—A House resolution condemning Sen. W. Lee O'Daniel (D-Tex) for what it called his "petty political slanderous statements" about Joe B. Dooley of Amarillo, nominee for Texas North District Federal Judgeship, was shunted to the State Affairs Committee today.

The resolution, by Rep. J. W. Shannon of Stephenville, said that O'Daniel represented "not the people but the corporate interests" of Texas.

It quoted O'Daniel as saying that

Dooley was "personally obnoxious" and that Dooley represented the oil interests.

"The members of the 50th Legislature refute the statement that O'Daniel represents the common people of Texas," the resolution said. It claimed that the junior senator from Texas had solicited \$100,000 from oil men for his O'Daniel News.

Rep. F. G. Swanson of Tyler spoke against the resolution, saying it went "too far afield" in that federal appointments were not the concern of the Texas Legislature.

Steady Cattle Market Holds Up

A steady market held up well for most grades of cattle Wednesday at the Big Spring Livestock Auction company, as bidders purchased approximately 1,600 head and about 50 head of hogs.

The hog market was strong, with most consignments moving at \$26 to \$28.50 cwt.

Butcher yearlings brought up to 22.00, with many going at 20.00 to 21.00. Good butcher calves sold for 18.00; fat cows, up to 15.00; fat bulls, up to 14.75; and stocker calves up to 18.50.

Kodiak Will Get Dial Telephones

CHICAGO (U.P.)—Installation of the first all-dial commercial telephone system in the Territory of Alaska will be started this year.

It will be installed at Kodiak Island, site of the oldest settlement in Alaska. To date, the town of Kodiak, which has a population of 2,000, has never had commercial telephone service.

The announcement was made during a visit here by Mrs. John F. Cushing of Sitka, a pioneer Alaskan telephone enterpriser and owner of the Sitka telephone system.

Advance Rejected

GENEVA, Switzerland, Feb. 20. (AP)—The preparatory commission of the International Refugee Organization was told today that the United Nations secretary-general, Trygve Lie, had rejected the commission's application for a \$250,000 advance to continue its work.

Discount Planned

DETROIT, Feb. 20. (AP)—A plan whereby salaried and supervisory employees may purchase new automobiles at a 10 per cent discount is being developed by General Motors Corp., C. E. Wilson, president, announced today.

Gambling Blasted

LONDON, Feb. 20. (AP)—Will Nally, labor member of parliament, called today for state operated gambling "to protect the people against the swarm of parasites who infest the gambling industry."

World Prayer Day Program Friday

Under sponsorship of the United Council of Church Women, ladies from the majority of the local churches representing various religious faiths will gather in the auditorium of the First Christian church Friday for a prayer service and inspirational program.

World Day of Prayer, to be recognized in countries throughout the world was designated as Friday, Feb. 21 by the National council, and programs similar to the one here will be held in thousands of churches throughout the world.

Mrs. L. M. Brooks will be leader for the local observance which will feature hymns by the Rainbow Girls' choir.

An invitation has been extended to the public to attend the service which will be held at 4 p.m., in order that young people in school might attend.

Jester Praises Junior Chambers

DALLAS, Feb. 20. (AP)—Gov. Beauford Jester told the World Congress of Junior Chamber of Commerce International yesterday that "without peace almost everything worthwhile is either impossible or impractical."

He lauded the organization for its efforts in "bringing about a better, more peaceful and more profitable world."

Delegates today were to vote on formal proposals and resolutions, which have been developed by Congress committees and delegations.

Allies To Liquidate Jap Families' Assets

TOKYO, Feb. 20. (AP)—Allied headquarters said today it would liquidate 1,165,000,000 yen (more than \$77,000,000) of the assets of Japan's Zaibatsu families to break their stranglehold on the nation's finance and industry.

Writer Advises Against Buying

BABSON PARK, Fla., Feb. 20. (AP)—This is no time for buying new houses, bonds or low-price stocks that are not paying dividends, Roger W. Babson, financial analyst and writer, said today.
