Brandi Martin, Tonya Hipp Receive Top 4-H Award

By Marty Gibbs
County Extension Agent-Agriculture

The annual 4-H Achievement Banquet was held on Monday, October 23 with 125 guests, 4-Hers and parents attending. 4-H members were recognized for their achievements during the past year with several awards.

The prestigious 4-H Gold Star Award was presented to Brandi Martin, daughter of Bill and Becky Martin of Santa Anna and Tonya Hipp, daughter of Tommy and Barbara Hipp of Coleman. The Gold Star Award is the highest honor a 4-H member can receive for their project work. Silver Star Awards for junior 4-H members were awarded to Hayes Edington, son of Sandra Edington and Dan Edington and Ashley Johnson, daughter of Joe and Janet Johnson, all of Coleman. The William Danforth "I Dare You" Award was

presented to Amy Kenney, daughter of Jackie and Norma Kenney of Coleman.

Several adults were also recognized for their contributions to the youth of Coleman County. Curtis Skelton and Doodie Knox were recognized as Outstanding Adult Leaders for their leadership provided to 4-H members in their project work.

The Coleman County Friends of 4-H Award was presented to J. E. Stevens Co., for their contributions and support of the 4-H program. J. E. Stevens Co. has been a strong supporter of 4-H for several years.

Guest speaker for the evening was Cindy Triplitt who gave an inspirational speech to 4-H members on staying involved in extra-curricular activities and how these activities help compliment academic achievement to develop a strong background for students preparing for college and professional careers.

Janice Fellers Breaks Tie To Win Football Frenzy

Although Janice Fellers is one of our most faithful Football Frenzy players and winner in past years, she had not been a winner yet this year until now. Even though she had an almost perfect score, missing only one game, Janice had to break a 4-way tie to be declared tops in last week's contest. To top it off, the others in the tie missed the same game as did our winner. Janice had to out-guess Maria Ellerbe, Frances Malone, and Roy Joe Harvey in the tie-breaker game and that she did with 35 combined points for the Goldthwaite-Bangs clash which Bangs won 21-12 for a total of 33 points scored in the game. Frances guessed 48 total game points in the tie-breaker, Maria 44, and Harvey 42. Janice also guessed Dickie Horner to be our former Mountaineer. The others in the 4-way tie agreed.

Horner, who was pictured as a junior, played halfback for the Mountaineers and graduated SAHS in 1968.

Our regular player who makes good natured stabs at the former Mountaineer, last week suggested it might be Newt Gingrich. Sorry! Wrong again!

This week will be our last Football Frenzy for this season since the Mountaineers will not be

advancing in the play-offs. It was our agreement with our advertising sponsors that our contest would end with the end of the Mountaineers' season.

Be sure and get your entry in for this final week. And we hope you will express your appreciation to our sponsors for helping make this contest possible.

Results of last week's contest games were as follows:

- Dallas 34-Eagles 12
- Oakland 20-Cincinnati 17
- Houston 37-Cleveland 10
- Gorman 41-Santa Anna 0
- Rising Star 46-Cross Plains 7
- Evant 20-Lometa 8
- Stephenville 50-Brownwood 9
- Breckenridge Coleman 0
- Early 21-San Saba 15
- Panther Creek 56-Blackwell 8
- Permian 32-Angelo Central 7
- HSU 55-Sul Ross 7
- Alabama 10-LSU 3
- Southern Cal 31-Stamford 30
- Texas 48-Tech 7
- HPU 33-Austin College-0

Santa Anna!

By Audrey Wright

Santa Anna got it's name from an Indian chief, at least, that's the general belief.

What's in a name? To some of us, it's "home just the same!" We have been here for a while.

"Santa Anna" is said with a smile!

Some folks say we are a ghost town. Years ago there were all sorts of businesses around!

There were at least three family stores. Everything was sold - pants and medicine for horse sores!

If there was money, one could buy sheets. Two drug stores were on the street.

There were cotton gins, ice and meat houses to boot, and a game of pool, one could shoot.

A theater was on main street. The western shows and comics were a treat!

"If it's Borden's, it's got to be good!" Was the milk house made of wood?

Several doctors had offices in town. The hospital took care of the sick for miles around!

A lot of that is gone now. Progress closed it, or moved to a bigger town, anyhow!

Maybe we do live in a ghost town; memory, tho, is still around!

Some of us grew up knowing the mountain and the streets. That part is still great treats!

Once, years ago, the mountain was climbed up. We forgot to take water, and we kept thinking of cool water in a cup!

The mountain still stands stately and tall. It can still be seen by one and all!

Our kids climbed the mountain, as kids are bound to do. They walked the streets, too.

Walking was the style back then. (One has a story of a cotton gin!)

They went to Santa Anna school, and they didn't grow up to be anybody's fool!

Santa Anna is still the their hometown. They are glad it and the mountain is still around!

Of course, it isn't as it was "back then," but it's not all "a has been!"

Call it a ghost town if you wish to, but don't poke fun as you pass thru!

Parent Appreciation Night At Game Friday

"Parent Appreciation Night" will be held on Friday evening at 7 p.m. at Mountaineer Stadium. The event is sponsored by the Santa Anna Mountaineer Booster Club.

The Booster club urges all everyone to come out the game against the Rising Star Wildcats 30 minutes prior to kickoff to show your support when the varsity football players and their parents are introduced.

Football & Band Sweethearts To Be Announced Friday

The Mountaineer Football Beau and Sweetheart will be announced Friday at the Pep Rally on Friday afternoon at 3 p.m. in the high school auditorium.

The Band Sweetheart will be named on Friday evening at Mountaineer Stadium during the final game of the football season.

Everyone is encouraged to attend both the pep rally and game to show their support the local team.

WTU Awards Scholarships For Economic Development Course

West Texas Utilities is providing a scholarship for Rod Musick, sales and economic development director for Coleman County Telecommunications, to attend the 29th annual Economic Development Course in San Antonio, November 5-10.

The course is a one-week intensive training program rather than a workshop, seminar or conference. The course, sponsored by the Texas Economic Development Council and Texas A&M University, has two major objectives: first, to provide a medium for the exchange of ideas on the principles, practices and ethics in the field of economic

development; and second, to provide the background theory and practical application of economic development techniques.

"We strongly believe the principles of economic and community development offered in this course will aid in helping West Texas communities grow and prosper," said Eric Geisler, WTU director of Business Development. "WTU is proud to have provided the scholarship allowing Rod Musick to attend the course."

Also attending will be WTU Santa Anna area manager Robert Noriega.

Santa Anna FFA, 4-H Show Pigs To Be Validated At Local Show Barn Saturday

All show pigs owned by Coleman County FFA and 4-H members will be validated on November 11. Those animals owned by Santa Anna FFA and 4-H members will be validated at the show barn in Santa Anna on Saturday afternoon November 11.

Gary York, FFA Advisor, says please bring all your pigs to the Santa Anna show barn by noon on November 11. Pigs should be unloaded into the pens at the barn and be ready for validation by the county committee appointed to do

this job. Pigs will be tattooed, ear tagged and ear notched when necessary and all information recorded at a fee of \$3.00 per animal.

The scales will also be available for weighing if you would like to do so.

Don't forget, Saturday November 11 at the Santa Anna show barn. No pigs will be allowed to show at the county show or any major show if it has not been validated on November 11.

Ministerial Alliance Plans Community Wide Thanksgiving Service

The Santa Anna Ministerial Alliance met on Monday, October 30 to finalize plans for the Community Wide Thanksgiving Service. The decision to continue the service, at the Armory on the Sunday before Thanksgiving, November 19 at 11 a.m., was unanimous.

The speaker for the service will be Rev. Joe M. Frausto, Jr. of the Cordero Baptist Church. Many of the ministers will have a part in the service as will the Youth Orchestra combined Choir, and from Sam Stumph of the Seventh Day Adventist Church.

of the Northside Baptist Church, along with special music by a

Everyone is encouraged to attend this special time in the life of the community to give thanks for the many blessing God has bestowed on Santa Anna.

Also on the agenda was the election of the new officers for 1996. Joe Frausto will serve his second term as treasurer, and Mike Efrid was elected to serve as president.

Appreciation and thanks were extended to Rev. Marvin Hale, outgoing president, for the good job he did during 1995.

It Was Milled Right Here In Santa Anna

A gentleman from Coleman came into the office a while back asking where Santa Anna Milling Company might have been and allowed us to take a picture of the sacks pictured above. He had found the sacks in an old chest which had belonged to a deceased family member. The sacks were in perfect condition. In checking with local people on whom we rely for such information we were told the milling plant was in the tall brick building facing the railroad tracks behind the building most recently occupied by Bradley Lumber Co. and was operated during the late 30's and early 40's. They ground the wheat and corn for a portion of the product. Our source said there was another milling company across the tracks from the present-day Alderman-Cave grain elevator. NEWS staff photo

Fishing Lake Ivie

By Durwood Strickland
Bass are still a little slow fishing topwater but Monday a friend of mine caught one weighing about 8 lbs using Texas Rig worms. He was fishing about 35-40 foot deep. He also caught several crappie, but nothing to brag about. Early morning and late day times prove to be pretty good. The cool fronts have spoiled things for a few days, but these nice days will compensate. Crappie fishing is fair to good on minnows and jigs fished in the brushy areas. You'll catch a couple and then have to move on, but with patience you'll have some luck. Fishing for channel catfish has been fair to good—the past few days using blood bait in 10-30 feet water.

Check It Out

Anna Mae Brimer sent a lovely book this week. When I looked to see if we had a copy, I found several other books that you should know about. *In My Father's House* is by and about Carrie Ten Boom. She was a girl who grew up in a strong Christian family in Holland. When World War II came, this family gave help to all in need. Because they hid Jewish children, they were put into concentration camps. The library has two other books about this brave lady. *The Hiding Place* *Tromp for the Lord*. Read this and see if you could have been so strong a Christian. The book is in large print. Do you suppose that Juliet, Santa Anna exchange student from Holland knew Carrie or her family?

The Bumps Are What You Climb On: W. W. Wiersbo gives you clear cut encouragement for those difficult days. A sister told her brother on a mountain path "It's rocky and bumpy." She replied, "Sure the bumps are what you climb on." That's probably the philosophy of most successful people. There are Bible references here for situations. It's a shame that the names of the person who donated the book failed to be inscribed. Maybe Betty Key's sister Irene. If you gave it let us place your name.
I'm Having a Baby Help Me Lord: Cathy Hickling. What a wonderful idea. Inspiration for each day of your pregnancy. There is also a time table of development. Most of us wondered what was happening. This one didn't get the donor's name either. Often you are so eager for the new books that we don't get everything in before you check them out. By the time the books come back, we may have forgotten.

The library has several daily in spirational books. If you have a need, please check out shelves. The latest came from Carol Herring. *Daily Wesley* has the 365 days with Bible reference, discussion and prayer.

Some of the other books she donated are: *The Spirit Story of Crime*. This book compares crime and sports, there are stories by Asimov, Waugh, and Greenberg.

Best Evidence D. S. Litton is a 7 year investigation of the death of John F. Kennedy. The author finds disguise and deception. His conclusion is far different from that of the Warren Commission.

The Juror George D. Green is the newest of those who are following Grisham's lead.

Tom Clancy fans the newest books is here! *Op Center Mirror Image*. The Op Center intelligence group of U. S. finds a mirror image in Russia. When the Cold War is over these two are rivals. Can they work together and protect Russia from the Mafia, the Right Wing Nationalist and forces that want to return the days of the Czar.

Thank you friends for the these great new books!

Oh! and the library received the premier copy of a new magazine for boys. *Quest* states that it's goal is to instill wholesome traditional values. It is very interesting and geared to boys interests. This is \$15 a year and would be a great gift for Christmas. This publisher also produces *Hopscotch* for girls, stories, crafts, poetry, science. Give this to a girl 6-12 years.

Former SAHS Graduate Opens Accounting Firm

Stanley McSwane has opened an accounting firm in Arlington.

McSwane is a 1966 graduate of Santa Anna High School. After a stint in the Navy during the Vietnam conflict, he received an honorable discharge and enrolled in NTA Arlington, receiving a BBA. He also attended Lamar University at Beaumont, earning an MBA.

He is the son of the late Jack McSwane of Rockwood and Georgene McSwane of Santa Anna. McSwane and his family, the former Dian Nunn of Fort Worth, have a son Kevin and reside in Arlington.

Baby Shower To Honor Denise McElrath Nov. 11

Mrs. Mack (Denise) McElrath will be honored with a baby shower Saturday, November 11, at the Christian Life Center at First Baptist Church.

Friends and relatives are invited to attend between 2 and 3 p.m. Friends from the Adult IV Class are hostesses for the party.

Delta Omicron Social Held In Bowker Home

Delta Omicron Sorority held a social in the home of K. M. Bowker on November 5 at 6 p.m.

The Pledge Ceremony was read by Lois Harper, president of Peggy Hensley.

Hostesses were Bernidine Watson, Patty Musick, Dorothy Harris and Coyita Bowker. Others attending were Debbie Wheatley and Kenneth Bowker.

Beloat Appointed New Meals On Wheels Director

Thelma Beloat has been appointed new director of the local Meals on Wheels program which provides nutritional meals to homebound people in Santa Anna.

The meals are delivered by members of the various churches who volunteer their time for the program. Although people participating in the program are expected to pay for their meals, Meals on Wheels still needs volunteer funds to help meet its expenses. Memorials are a wonderful way to contribute to the program while at the same time remembering loved ones or friends.

When you contribute to the local Meals on Wheels, a card is sent the family of the deceased recognizing your gift. Contributions may be made at Santa Anna National Bank.

Dear Editor

I wish to express my thanks to the officers and directors of the Santa Anna Ex-Student Association for a job well done for the 1995 Homecoming.

The welcome, the entertainment, the food and the fellowship were all super. I think all ex-students and visitors would say the same.

P.S. A word of thanks to the Santa Anna News crew for the good coverage before and after Homecoming. In fact, I look forward to reading the paper every week.

Fallen Leaves Good For Yards, Bad For Landfills

AUSTIN—If you've got trees in your yard, you're in luck. It's almost "fall-like" in most parts of Texas, and your lawn is probably being blanketed with a valuable source of nutrients for your yard.

So instead of raking and bagging those bulky leaves and packing them off to the landfill, save yourself some time and put them to good use as a natural fertilizer.

"Leaves make up at least half of the landscape trimmings headed to Texas landfills in the fall," says Kitty Coley, compost manager at the Texas Natural Resource Conservation Commission. "Why take up expensive landfill space with these materials when they're a great natural resource for your yard? You can save money in collection and disposal fees and use less fertilizer by turning your leaves into compost or mulch." According to the Texas Agricultural Extension Service, which created the "Don't Bag It" Lawn Care Plan, there are four basic ways to recycle leaves:

- * Mowing: If there's only a light covering of leaves in your yard, just mow right over them and leave the shredded leaves on the lawn. This easy method works best with a mulching mower. Heavier leaf cover calls for the methods listed below.

- * Mulching: Leaves that have been mowed or run through a shredder decompose faster and stay in place well as a mulch in gardens and around trees and shrubs. Mulching conserves soil moisture, controls weeds and grasses, protects against extreme heat and cold, and prevents soil erosion. Use a lawn mower with a bag attachment to quickly gather and shred your leaf mulch.

- * Soil Improvement: Prepare your garden and flower beds for spring planting by working leaves into the soil in the fall. Till 6 to 8 inches of leaves into a heavy, clay soil to improve aeration and drainage. Till the same amount into a light, sandy soil to improve water- and nutrient-holding capacity.

- * Composting: If you have a garden, lawn or even house plants, you have a use for compost. Start with leaves and other yard trimmings to form the bottom layer of a compost pile. Top with water and soil or old compost and add more leaves, grass clippings and vegetative kitchen scraps as they become available.

While many citizens are helping "Take Care of Texas" by following these simple yard care tips, communities across the state such as Fort Worth and College Station are diverting tons of yard waste from landfills and saving thousands of dollars in collection fees by implementing citywide "Don't Bag It" programs.

For a free copy of *A Green Guide to Yard Care*, call the TNRC Environmental Information Center at 1-800-64-TEXAS.

Halloween Hayride A Success

The Santa Anna Chamber of Commerce has reported the first annual Halloween Hayride a success. It has been decided that this will be an annual event.

This success would not have been possible without the help of Willard Allen and Quinton Daniel who were drivers for the event.

Safety Tips For Cold Weather

DALLAS—Are you ready for winter? The severe storms the state endured last spring mean that there are some special things you should be aware of before the cold weather really takes hold, particularly if you sustained any roof damage from hail or high winds.

- * Make sure the flues to all your gas appliances are hooked together and extend through the roof.

- * If you have had your roof recovered, be sure that vent openings have not been covered over. Vent stacks should extend through the roof to the outside.

In addition to these special hints, Lone Star Gas also recommends you contact a certified heating and air conditioning contractor to check your heating equipment prior to the beginning of the heating season. To obtain the name of a Lone Star Gas Preferred Gas Dealer in your area, dial 1-800-545-3427. Additionally, Lone Star offers the following safety tips for the cold months ahead:

- * If an appliance's pilot light goes out, turn off the gas at the appliance for several minutes before you attempt to re-light it. You should find instructions attached to the appliance.

- * When re-lighting a pilot light, strike the match and hold it to the opening first. Then slow turn on the gas.

- * The pilot light on gas appliances should always be blue. If the flame is yellow or red, call a certified heating and air conditioning contractor immediately.

- * Use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.

- * And if you use a space heater in your home, the following guidelines should be observed:

- * Clean space heaters before using; remove cobwebs, dust and dirt that may have accumulated during the warmer months.

- * Be sure the space heater, if it is vented, is operating properly.

- * If the space heater doesn't have a vent or an oxygen cut-off switch, provide proper, outside ventilation such as slightly open window.

- * Check the air/gas mixture of your space heater's flame. Make sure it is blue, not red or yellow.

- * Make sure the grille is intact and in place.

- * Keep space heaters away from furniture, drapes and other combustible materials.

Here are some other tips for year-round safety:

- * Never store or use gasoline or any flammable liquids (such as paint, paint thinner, cleaning fluids, etc.) in the same room with any gas appliance.

- * Never store combustibles near floor or wall furnace grilles.

- * Never store rags, paper or other combustibles near any appliance with a pilot light or open flame.

- * Have qualified service people in-

stall and maintain all gas appliances.

- * Always follow the manufacturer's instructions for the installation and operation of each appliance. If installing a gas water heater in the garage, place the water heater at least 18 inches off the floor.

- * Before you dig in your yard, take precautions against disrupting underground gas lines by calling your local plumber.

- * Contact your local plumber to make periodic inspections of gas lines in your home and gas lines on your property.

If you ever smell the odor of gas in your home, follow these three steps:

1. Do not switch anything electrical on or off, strike a match or do anything that might cause a spark. And don't use your own telephone, as telephones use small amounts of electricity.

2. Have everyone evacuate the house immediately, leaving the doors open for ventilation.

3. Go to the nearest telephone and call Lone Star Company. Wait until the cause of the odor is found before returning to your home.

Lone Star Gas emphasizes that by following a few simple safety rules, consumers can reduce the risks and enjoy the benefits of natural gas as a safe, effective energy re-

Jerry Baugh Named Winner Of Santa Anna Livestock Assn. Drawing

The Santa Anna Livestock Association gave away a market hog on Friday, November 3. The drawing was held at the High School Ag Building according to Gary York, Santa Anna Livestock Association Advisor. Winner of the 240-250 lb. market hog was Jerry Baugh of Coleman.

The hog was donated by Junior FFA members Bennie Bible and Michael Guthrie, grandsons of Don and Wanda Bible and was raised by them on their farm. The hog will be delivered to Bernal's Custom Meat Processing Plant in Coleman with Baugh's paying the processing expense.

Proceeds from the donations netted \$275.00 for the Santa Anna Livestock Association. These funds will be used to defray expenses associated with the exhibiting of livestock by Santa Anna members at the Santa Anna and Coleman County Livestock shows.

If residents have any concerns regarding these safety measures, or if there is a gas leak in your home or community, Lone Star Gas urges you to call them immediately at 1-800-817-8090.

Bridal Shower To Honor Shamey Brand Saturday

News For And About Santa Anna Mountaineers

Booster Club Report

The Santa Anna Mountaineer Booster Club held a breakfast honoring all athletes who have been involved in fall sports on Tuesday morning in the varsity lounge. This event was well attended by coaches, faculty and students.

The Booster Club is now preparing for the basketball season which began on Tuesday night when the Mountaineer girls scrimmaged Paint Rock in Perry Gym. The first game of the season will be on November 14 against Abilene Christian in Perry Gym beginning at 4 p.m.

Mountaineer Football

Junior High Mountaineer Jesse Castillo (11) carries the ball with a Gorman Panther attempting to catch him. Dustin Maedgin (31) is about the tackle the Panther.

Santa Anna Varsity

The Gorman Panthers came to Mountaineer Stadium Friday night and left with a 41-0 win.

Adam Rodriguez scored the first TD of the evening on a 4-yard run, then scored the third TD on a 12-yard.

Paul Petree scored the second TD of the night on a one-yard dash.

Quarterback Nick Guthery passed for the next three scores. These were on an 8-yard pass, a 1-yard throw and another 8-yard pass.

Santa Anna had 163 total yards to 376 for Gorman. Each team punted five times

and both lost two fumbles each. The week the Mountaineers will end their season against the Rising Star Wildcats in Mountaineer Stadium beginning at 7:30 p.m.

Santa Anna JV

The Junior Varsity Mountaineers were winners last week when the Gorman Junior Varsity Panthers left Mountaineer Stadium. The final score was 8-0.

This week the team will take Rising Star there immediately following the junior high game.

Dr. Clyde Majors, the Baptist pastor from Brownwood preached at our church Sunday and brought a good message. His wife and grandson were with him who we enjoyed having.

The weather has cooled off and during the week we had rain, measurements were from six-tenths to over an inch, it was nice however the grain needs more so we are hoping another rain is on the way.

The spooks and goblins were out on Tuesday night so some were

Rose attended funeral services for Myrtle Estes Monday afternoon. Jack and Skeeta Cooper visited Monday evening with Elec and Rose.

Friday night Hunter Wise spent the night with Chase Avants and friends at the bunk house. Saturday Janet Barker and Darla were in Abilene while Hayden enjoyed the afternoon with his great-grandmother Hettie Scarbrough.

Tuesday night Bradley, Deann and a little pumpkin Dara Wise visited with Faye Wise. Faye was in San Angelo Monday, Wednesday and Friday to check on Coleta Pearson. Friday Joyce Mueller accompanied her. Hayden Wise spent the night with Faye Sunday. Lyndie Jo Wise spent the weekend with Faye, Bobby and Eddie Valicek had lunch with Faye Saturday.

Tuesday night the little goblins visited Rockwood. They were very delightful in their costumes. We had about twelve children chaperoned by several mothers. Thanks kids I really enjoyed it. Thursday I was in Brownwood where I visited with Rondoe Horton who has had knee surgery in the Brownwood hospital. He is doing well. Saturday Charlie Smith, Frances McAlister and Bo went to Brady while I worked on a cake. Charlie and Frances visited and had supper with Bo and I. Sunday morning Bo and I had brunch with Charlie and Frances. We delivered the cake and then helped Charlie and Frances cut some firewood. We enjoyed the exercise and the nice autumn day.

I am most sure we all enjoyed the colder weather we received for a few days especially after such a hot summer. Our little community never received very much moisture but are all thankful for every shower on grain that was planted.

Mr. Floyd Morris visited a few days with his son Mr. and Mrs. Jamie Lee Morris and family in Arlington. Jamie Lee brought him home and was here over the weekend.

Mr. and Mrs. Thomas and Trudi Rutherford drove to Austin Friday to the airport. Trudi's daughter and her little 3-year-old girl are visiting with Thomas and Trudi for a short time. They too are from the New Hampshire area.

Mr. and Mrs. Loyd and Linda Rutherford had dinner with me on Thursday. Linda has not been feeling so well for a while. Thankful she is doing much better.

Mrs. Ruth Poldrack of Coleman enjoyed noon day meal with her mother Mrs. Ethel Radle in Santa Anna on Thursday.

My son Thomas and Loyd were dinner guests with me during the week and Thomas visited a while Sunday afternoon.

Mrs. Julie Fitzpatrick accompanied her mother Mrs. Halfman of Oden, Texas to Arlington over the weekend to visit their daughter and sister.

Mrs. Ethel Radle talked with her son Bob Stewart of the Dallas area Tuesday night. Her son had just returned home from Omaha where he had been attending his son's wedding.

I talked with Leon Carter. He did not visit his sister Lorene Black in Brownwood this Sunday but plans were to go see her Monday.

Mr. Don Fitzpatrick attended the burial service for a dear friend at Clyde, Texas Sunday.

Beatrice is doing well. She went home a couple of days but stays most of the time with Ladell.

I visited with Mrs. Winnie Haynes last week.

Doyle and Juanita Ward visited Vera Wise a while Sunday.

Ovella Williams visited Uncle Emil and Aunt Helen Williams Sunday.

Lou Pierce got a deer and is proud.

The rain was very welcome around my place, how about yours?

PUBLIC NOTICE AMISTAD FUEL COMPANY SURFACE COAL MINING AND RECLAMATION PERMIT Little Bull Creek Coal Mine

Amistad Fuel Company, Box 35, Rockwood, Texas 76873 has applied to the Railroad Commission of Texas Surface Mining and Reclamation Division for a partial release of reclamation bond on the Little Bull Creek Mine, Permit No. 7A.

Permit Number 7A is a renewal permit that was approved by the Commission on August 1, 1995. The initial permit for the Little Bull Creek Mine was approved by the Commission on February 20, 1979.

The Commission currently holds a performance bond in the amount of \$725,283 for reclamation of Permit 7A. The application for partial release of the performance bond is based upon Amistad Fuel Company's completion of Phase I on 136.6 acres, Phase II on 249.6 acres, and Phase III on 109.0 acres. The completion of Phase I includes backfilling, regrading and drainage control. The completion of Phase II includes revegetation. The completion of Phase III includes stabilization of hills and gullies, demonstration of satisfactory water quality, the successful completion of all surface coal mining and reclamation activities, the expiration of the period specified for operator responsibility, and successfully meeting all reclamation requirements of the Act and the permit. The 434.9 acre permit area includes 336.6 acres disturbed by mining and associated activities.

Phases I, II and III of the reclamation have been accomplished on portions of the permit area in accordance with Commission regulations and Amistad Fuel Company's approved reclamation plan. The approved postmine land uses are pastureland and water resources on the disturbed areas and grazingland on the undisturbed areas of the permit area. The results achieved, as they relate to the approved reclamation plan, are: reestablishment of a native grass mixture, including Kleingrass, sidepoats grama, buffalograss, and K R bluestem; development and maintenance of greater than 70 percent ground cover; and construction of permanent surface water impoundments to support the pastureland land use. On the Phase III areas, the 70 percent ground cover has been maintained over the five year period of extended responsibility. Phase I was completed in May, 1991. Phase II was completed on June 29, 1994. Phase III was completed on 109.0 acres in October, 1994.

The amount of the performance bond that is currently posted is \$725,283.00. As a result of the last Railroad Commission of Texas bond evaluation, the RCT staff recommended a revised bond amount of \$533,661.00. Section 807.313(a)(1) of the Coal Mining Regulations allows the Commission to reduce the bond amount by up to 60% after backfilling, regrading, and drainage control has been successfully completed. Section 807.313(a)(2) allows an additional 25% bond reduction after successful establishment of revegetation. Section 807.313(a)(3) allows the final 15% of the original bond to be released after successful completion of all surface coal mining and reclamation activities. Amistad is requesting 60% bond reduction on 136.6 acres, an additional 25% bond reduction on 249.6 acres, and the final 15% bond release on 109.0 acres.

The permit area is shown on the map printed with this public notice. The Permit Number 7A area is located in southern Coleman County. The area lies approximately one mile southwest of Rockwood, Texas. The area is included in U.S.G.S. 7.5 minute quadrangle map File, Texas.

The application is made pursuant to the Texas Surface Coal Mining and Reclamation Act, Tex. Rev. Civ. Stat. Ann. Art. 5920-11 (Vernon Supp. 1995). Interested persons are invited to submit written comments on the application. All written comments, objections, or requests for a public hearing or informal conference on the application should be sent to:

Melvin B. Hodgkiss, Director
Surface Mining and Reclamation Division
Railroad Commission of Texas
Capital Station, P. O. Drawer 12967
Austin, Texas 78711-2967

Written comments or objections may be submitted within thirty days of the last date upon which this public notice is published.

A copy of the partial bond release application may be inspected in the main office of the Railroad Commission of Texas at 1701 North Congress, William B. Travis Building, Austin, Texas and at the Regional Office, located at 2202 Old Henderson Highway, Tyler, Texas and in the office of the County Clerk, Coleman County Courthouse, Coleman, Texas.
