## Senator Gramm Sends Appreciation To VFD

Jill Knebel of U.S. Senator Phil Gramm's Dallas office was in Santa Anna last Thursday to present the Santa Anna Volunteer Fire Department a plaque of appreciation during National Fire Prevention Week. Ms. Knebel is shown in the picture above, third from left, presenting the plaque to Fire Chief Donald Strickland. Other members of the fire department shown are Edith and Freddie Dodson, Clint Day, Assistant Fire Chief Lee Ray Huggins and Syble Huggins representing the Fire Department Auxiliary. In his message sent to the local firefighters, Senator Gramm said, "Your many endeavors devoted to the mission of protecting the citizens of Coleman County during catastrophic conditions are unquestionably noble. Your courage and dedication renews my belief that the list of America's real heroes includes men and women, like yourselves, who always respond to the sound of the alarm. Equally as honorable are the efforts of America's firefighters to educate our citizens of the importance of stopping fires before they ever start. I have no doubt the Fire Department's Fire Prevention Program spares numerous lives and averts the destruction of an incalculable amount of property each year." Senator Gramm said he deeply appreciates and respects the Fire Department's commitment to make Santa Anna a safer place to love, work, and raise a family. He said, "May God bless and keep you as you serve the people of this community." The VFD hopes to display the plaque in a prominent place down town so that all may be able to see it but a site had not as yet been selected.

## Ranger Park Residents Evacuated Sunday From Smoke Filled Wing

Ranger Park Inn Nursing Home residents were evacuated early Sunday morning after smoke filled the east wing of the building.

Thirty-nine residents were evacuated through the dining room exit to the driveway by nursing home staff and member of the Santa Anna Volunteer Fire Department.

Members of the fire department were on the scene only minutes after receiving the 9-1-1 call.

Firemen were quickly able to lo-

cate the cause of the smoke which was coming from a malfunction in a heating unit motor. The smoke caused an automatic alarm system to activate.

An official with the fire department praised the staff of the nursing home for their quick response in removing the residents of the home.

The residents were returned to the building after an hour, and relocated to another wing until the heating unit could be replaced.

## Mountaineer Band To Compete In UIL Marching Contest Saturday In Brady

On Saturday, October 21, the Santa Anna High School Mountaineer Marching Band will travel to Brady to participate in the Region 7 UIL Marching Contest.

Bands from all over the region will join them as they perform for judges who will rate them for musical ability and marching competencies.

This will be the first such competition for a majority of the band, which is made up to 45 students in grades 7-12.

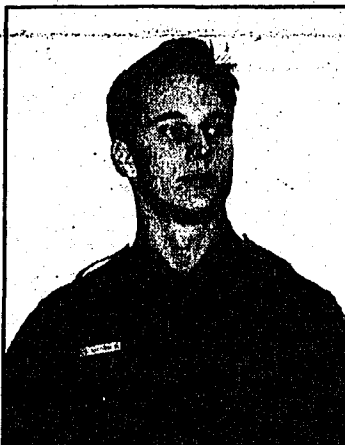

"We're young and inexperienced, but we will gain a lot of maturity just by making the effort," said band director David Powell. "In just over one year, this group has grown from eleven to its present size, and promises to grow even more in the next few years. We have a rough row to hoe, but no

one ever built a program without putting forth a great deal of effort.

Powell also stated that he believes in these kids and feels that they are well on the way to having a successful band.

The Mountaineer Band will perform at 10 a.m. in the Brady High School Stadium, the first band in the 1A classification.

Everyone is encouraged to attend the contest and show support for the Mountaineer Band.

## SAHS Freshman Wins Football Frenzy

Maria Ellerbe, a freshman at Santa Anna High School has claimed the winner's spot in our Football Frenzy contest. Maria came up with a clear-cut victory just about the time we thought for sure we had a six-way tie on our hands. Six other entries tied with 14 correct picks while Maria had 15 correct picks. Several more were close behind with 13. Maria, however did not attempt to name the former Mountaineer, who last week was Robert Barton, Jr. Robert was pictured as a senior halfback on the 1979 squad. He was a 1980 graduate of SAHS. Although we had a couple of other named submitted, most who guessed did think it was Barton who now lives in Coleman.

The field of entries grows each week, for which we are very pleased. We again encourage you to tell our advertising sponsors that

you appreciate their helping make the contest possible.

Hope to hear from even more of you this week!

Game results for last week's contest are as follows:

**Thoughts From Our Pastors**

Waide Messer  
First Baptist Church

Several years ago in a backward part of Brazil, an American film crew made a gift of a sun dial to a local chief. They set it up and explained how it worked. The natives enjoyed learning to tell time by the movement of the sun's shadow on the dial.

Sometime after the film crew left, the sun dial began to be esteemed as a totem. Soon it became an object of great respect, it wasn't long before it became an object of worship. As a result, the natives, wishing to protect the sundial, built a shelter to protect it from the elements. Of course, since the sun could no longer shine on it, its value as a time piece was lost.

Jesus said, "Let your light so shine before men, that they may see your good works and glorify your Father in heaven" (Matt. 5:16 NKJ). As Christians we need to be reminded that "Faith" is something that is to be "used" out in the real world, too often, in an attempt to "protect our faith" we keep it safe and secure within the confines of our church building. May we as Christians commit to God to let the love of Jesus shine in our lives so that others might want to know more about Jesus and His love for them.

**Anyone Seen Our Friday Flag?**

The Santa Anna News is hoping someone out there can help us locate our "Friday Flag."

Our black and gold flag which we fly to support the Santa Anna Mountaineers disappeared sometime between 5:00 p.m. last Friday and Sunday afternoon. We left it flying when we left the office on Friday evening so it would be there when the football team and band came through town on their way to Cross Plains. Then we forgot to come back later to take it down.

Someone helped themselves to it or the wind of Friday night took it away. We would prefer to think the wind took it. Actually anyone else would have a problem using the flag since the names Derriel and Polly Warnock are imprinted on it.

If you can help us locate our flag a reward is yours when it is returned, no questions asked.

**Fishing Lake Ivie**

By Durwood Strickland

We've been having some pretty good luck catching bass the last couple of weeks. Especially early in the day and late evening, using spinner baits. 3-7 ft. of water in weed beds and rocky areas.

Some good catches have been reported fishing deep, about 35 ft. in the main lake. Carolina rigging is recommended. Some fish 4-5 lbs have been caught but a lot of fun fish as we call them, not quite keepers.

Crappie fishing has been good at night, especially in the mouths of the creeks.

Channel catfish have been biting on live minnows up the Colorado. Reports of 1-1/2 to 2 lb.

Surface temperature is cooling, at about 70 degrees now and fish are getting a lot more active.

## TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

- Do not use your telephone (telephones use small amounts of electricity).
- Do not strike a match or do anything else that might cause a spark.
- Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

**CONTRACTORS, BEFORE YOU DIG,** call for pipeline locations to avoid any potential problems: 1-800-344-8377 (1-800-DIG-TESS).

**IF YOU SMELL GAS** in your home, or know you have a gas leak, follow these rules:

- Everyone should leave the house immediately, leaving the doors open for ventilation.
- Do not switch anything electrical on or off.

Memories Of Disney World

By Jason Lewis
Miss Ford's English II

Two years ago, on summer vacation, my family and I went to Disney World in Orlando. I had a great time at the Magic Kingdom which is one of three amazing parks at Disney World.

rollercoaster, it's so dark you can't even see the people in front of you. I felt a little dizzy when I got off the ride.

Many tourists from around the world go to the Magic Kingdom year round. When I was there, I saw people from around Asia and South America.

This is a great place to take your family and friends. There are many things you can do. There are train rides, shows, and exhibits to see.

The Magic Kingdom is a very exciting place to go. Everyone should go the Magic Kingdom at least once before they die.

Remember, Grade 1 is one of the first steps out of the home toward him taking responsibility for his own life.

Books are great pastime and mind expanders as evenings get longer and we move into fall. Since he is now involved in "real work" as he calls it, this is a good time for him to start a quiet time after the evening meal for homework.

As the school year moves on there will be good times and bad times. At times he goes his family into an uproar.

His main problem is simply being six-years-old. Are there any solutions? No certain ones except the passage of time.

It's hard to remember in a frantic solution-but keeping the child's self-esteem and self-worth intact is most

### Trickham News

By Anna York

How about this beautiful weather we are having, I hope you are enjoying it as much as I do. We haven't had any rain in several days and most of the farmers seem to have their grain sown and are ready for a good rain when it does come.

Arvil and Verna Bolton were in Stephenville on Wednesday on business. While there his brother and his wife, Howard and Joyce from the Dallas area met with them and they all had lunch at a restaurant and then visited a while before returning home. On the way back they stopped in Comanche and visited a while with GIGI (Nancy Jo Haynes' Dudley daughter) and found out they were all doing fine. Sunday afternoon Verna received a call from Maryland. It was from a former Trickham resident, Herman Martin. He was asking about everyone in this area. It seems he had moved there several years ago to be near a daughter as his health isn't any good. We had wondered where he had gone to, it is nice to be remembered here in our part of the world.

Darrel Livingston of Riverside, Calif. returned to his home on Friday after spending some ten days with Mr. and Mrs. Talmadge McClatchy. Sunday dinner guests with the McClatchy were Lara Mecklessel and a friend, Melody from Howard Payne.
