LAKE FOREST, IL--A select group of America's teachers are being honored by their toughest critics...their former students, in the fourth edition of Who's Who

five percent of our nation's high school and college students respectively. Paul Krouse, publisher of

Who's Who Among America's Teachers said, "there is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to

nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

Local educators honored in Who's Who Among America's Teachers, 1996 include Montie Guthrie, the Santa Anna ISD counselor and Sandra Guthrie, SAHS English teacher. Others who recognized who have taught at SAHS were Shayna Markham and Cindy

By Alice Anna Spillman

You really should watch for book sale advertisements. There are some excellent buys in all kinds of books. It is getting near Christmas and some of these books would be excellent gifts.

Jim and I went to the Altrusa Sale in Abilene and found some good books in large print. These are not found as often-Die For Love Blizabeth Peters. A librarian from Nebraska wants a vacation. She selects a Romance Writers Convention (toll free) in New York. What interesting characters she meets. There is a murder and her old college friend needs help!

The Cradle Will Fall Mary Higgins Clark. Katie, a lawyer, is in the hospital. She sees her doctor carrying a body to his car. Doctors and lawyers are doing suspicious things. When she must return to the hospital, her life may be in danger.

Two westerns, double rate-westerns and large print. The Lone Rifle Gordon D. Shirreffs. Jonas is driving his cattle to Montana. He must go through Indian territory Isn't it strange that he is taking his beautiful wife and a rare albino

Keller's Canyon Will Knoth. Kyle Robinson became marshal of Sweetwater County for one reason-to bring the killers of his friends to justice. The largest landowner may be guilty and will do anything to stop Kyle.

I found two more sources of information about Lewis Carroll. Some school children have been looking for these. Do you remember Alice in Wonderland? Aren't you glad that some students are studying some of the classics?

Have you been hearing about the revival of book clubs? Oprah Winfrey is causing a panic among book stores. The Abilene Library is having aclub for adults. It is similar to our club for children. They set goals and have rewards just like our children.

And speaking of children--that's the publisher's gold mine. The authors of the best selling children's books are making more money than people like Grisham and Stephen King. Can you believe that the elderly couple who write Berenstein Bears Series will make 90 million dollars this year? Others at the top are Goosebumps. The Magic School Bus, Authur, Amber Brown and The Baby Sitters Club. All these have new books out. These would make excellent gifts for Christmas. Don't forget the Magic School Bus exhibit at the Grace Museum in Abilene. Kids love it.

## **Cheaney Back in Frenzy Spotlight**

By virtue of coming closer in the tie breaker, Rob Cheaney is back in the Mountaineer Football Frenzy spotlight.

He guessed a total of 55 points for the Texas-Oklahoma game while high schooler Kristen Keeney guessed a total of 42 points. Oklahoma beat Texas 30-27 for a total of 57 points scored in the game.

Rob and Kristen both picked 14 out of 16 games correctly. We had to scratch the HPU-McMurry game from the contest. They did not play each other last week. We found the schedule we used had a couple of mistakes in it, this being one. Carol says to tell you, "Don't yell at me; it was a mistake in the schedule!"

Rob and Kristen both missed the same games, ACU-Central Oklahoma and Texas-Oklahoma. which gave most of our contestants trouble. Couldn't get much closer than that!

Right behind them were four players with 13 correct guesses.

Rob also named our former Mountaineer (we think he had a little help there). Danny Wylie was a 1963 graduate of SAHS who played running back for the Mountaineers during his high school days here (before Rob's time). Folks, Rob knows anything we say is all in fun.

By Marty Gibbs County Extension Agent--

Agriculuture Coleman County

A pesticide applicators training and testing to get a license for using restricted and state limited used pesticides will be held in Coleman on Tuesday, October 22. The train-Peyton Crawford, Mayra Dean, ing portion will begin at approxi-Colt Martin, Carl Sims, Bianca mately 5 p.m. in the annex of the Coleman Public Library and will take about three hours to complete. Immediately following the training, a representative from the Texas Department of Agriculture will be on hand to administer the test. Once an applicant has passed the FIFTH GRADE: Kindi Cloer, test and mailed a \$50.00 feet to

TDA, a license will be issued through the mail. All interested persons are asked to pre-register by calling the County Extension Office at 625-4519.

Who needs a license? Agricultural producers who must restricted or state limited use pesticides in producing an agricultural commodity. Their is usually an alternative unrestricted chemical that can be used, however, several specific pesticides such as the one to kill pricklypear are the only chemicals available. If there are any questions on whether a license is needed or about the training and testing program, call the Coleman County Extension Office at 625-4519.

# Fishing

By Durwood Strickland

Fishing for catfish is real good on the main lake at night. Most are using night crawlers. Catching some real good fish, anywhere from three to six pounds.

Lake Ivie

Trotlines are producing some good fish in the river.

White bass are real good on the main lake at night using minnows.

Bass fishing is kind of average. I was out with some people from Baytown Monday and we had about an 18-fish outing. We used topwaters, buzz baits and a new one called Spitting Image.

Perch are still biting pretty good and the youngun's really enjoy catching them. We older folks enjoy it too!

If you'd rather hunt right now, dove hunting in Coleman County has been excellent.

Call me about fishing or hunting. 915-357-4785.

### "I want to tell you a few things about my friend Rick Rhodes."

COLEMAN, TEXAS

With my retirement, it's so important we send a strong, bipartisan and conservative leader to the Texas Senate from District 24-someone who lives and works in the district and understands the people and their vision for a better Texas.

-Rick-with-Senator-Bill-Sims

Rick lives and works in the district and has for the past 23 years. His opponent from Big Spring recently moved into the district to run for my seat.

Rick's a conservative, small businessman and former, four-term mayor of Sweetwater My wife, Sue, and I strongly support him for the Texas Senate.

We hope you will, too.

Rick will work hard to protect private property rights, champion small business, promote quality education, fight crime and guard against excessive government regulations. He'll serve our district and the state in a conservative, non-partisan manner.

Let's elect Rick and send him to Austin. He'll protect your concerns and continue our work for a better Texas.

### City Council Continued from page 3

A letter was received from the Coleman County Tax Appraisal District regarding bids on property in Santa Anna. Before any bid could be accepted, the council approved was needed since all bids were lower than the appraised value. Scotty Herrod's bid of \$1,500.00 for the property at Block 31 of the

GC & SF ADDN was accepted.

Crew Supervisor Doug Watson gave the September maintenance report. There were several water leaks and the city crew continues to work with the telephone contractors. All easements for the sewer line grant have been signed and recorded. Clearing of the right of way will begin in the near future.
