Janice Fellers Is First Winner Of The Season In Mountaineer Frenzy

SAHS football fan, Janice Fellers, has been declared winner of the first Mountaineer Football Frenzy contest of this football season.

High school cheerleader, Maria Ellerbe, picked as many games correctly as did Janice. However Janice picked the correct game in the tie-breaker which was won by Cisco. Maria opted for Baird in that one.

Janet picked 12 of 17 games correctly and will get \$20 for her win. She did not know who the former Mountaineer pictured was, so will not receive the five dollar bonus. Maria did guess correctly that it was Jackie Smith who was pictured as a senior in the 1988-89 school year. So close, Maria!! Keep playing. Sam Allen was mentioned a few times as the former Mountaineer.

Be sure to get your entries in by 5:00 p.m. Friday. Entries placed in our drop box later than our 5:00 p.m. closing time will not be

judged. Faxed entries need to show a timeline of no later than 5:00 p.m. Friday and mailed entries must be postmarked Friday.

Games that seemed to trouble our contest players the most last week were Santa Anna-Christoval; Dallas-Arizona; Butler-HPU and Cisco-Baird.

Scores of last week's contest games were as follows:

Mountaineers Put Loss Behind; Getting Ready For Friday Trip To Ranger

The Santa Anna Mountaineers were defeated by the Christoval Cougars last week in their season opener at home last Friday.

Mountaineer Chris Boyet rushed for 155 yards on 17 carries during the 20-13 defeat. Clay Crossley had two receptions with one a touchdown. Josh Lewis had 60 yards on 7 carries. Total rushing yards for the Mountaineers were 237 yards. SAHS struck first on an eight yard scoring pass from quarterback Shane Watson to Clay Crossley and Josh Lewis added the kick. Running back Chris Boyet added a 14-yard run with the kick failing to bring the score 13-8 in the Mountaineers favor at the half.

Christoval scored twice in the second half to take command of the game.

According to Head Coach David Robinett the Ranger Bulldogs are expected to be big but not as fast as Christoval. Ranger moves the ball well, like to throw and throw option plays. They can also catch the ball well.

According to a pre-season report the Bulldogs strength is the offensive line and kicking game.

Phillips Drug, the interior of which is pictured in this 1910 photo, has been more than pills and prescriptions to the people of Santa Anna since it was established in 1886 by S.H. Phillips. The gentlemen in in

the store are identified as Steward Ramsaur, J.D. Estes and S.H. (Sam) Phillips.

It's Been More Than Pills And Prescriptions

Editors Note: The following is an article written by Jon McConal and appeared in his Fort Worth Star-Telegram column on Thursday, Sept. 4, 1997. We took the liberty of changing his headline just a little.

After easing the aches and pains of people and livestock for some 111 years, the Phillips Drug store will not refill its prescriptions for the future.

"I'm getting rid of everything," owner Carolyn Barkley said. "The old fountains...the old bottles...the..."

Her voice stopped. She smiled. "Probably I'll close by September 30," she said. "It's all got to go."

(Editor's note: Carolyn said Tuesday she hoped to be closed by then but it may not be possible).

That includes things like Ocurol for the treatment of pink eye of cattle and Furachite Footrot solution for foot rot lesions, puncture wounds and fungus infections.

And there's the antivenim for cobra bites. Cobra bites...in this area west of Brownwood. Well, that is the mark of old-time drugstores: something for anything that might happen.

The drugstore has been in her family since 1960. She has run it by herself since 1990, when her husband died.

"Hate to see it close? Mister,

you don't know the hardship it's going to be for us, losing our only drugstore. We'll lose our town," said Sylvia Herring, a longtime area resident.

"I'm mad at the people who did not support this drugstore, who went to Wal-Mart and Eckerd's in big towns. That is a tragedy."

Barkley, 53, a pleasant, sturdy woman, aged that the big stores began shrinking her profit. And then she could not afford to pay a pharmacist.

"Let me tell you a story about how this drugstore was," Herring said. "I had a daughter who was dying of brain cancer. She needed a special prescription for relief one

night. I didn't get it from the doctor until 4 a.m. So I called Mrs. Opal Riley, who owned it then. She got up from bed and came down and mixed the prescription for me."

She shook her head.

"Is one of them big-town drugstore going to do that?" she asked.

So I looked around and remembered when drugstores like Phillips' were much more than drugstores. A person could get her hair fixed here, shop for patterns and materials for a dress, eat a meal in the cafeteria or drink one of the old-time sodas from the fountain. And if any of that upset your stomach, well,

Check It Out

By Alice Anna Spillman

Several times lately I've noticed "Check It Out" used as a slogan for libraries. It's been years since we had a contest to name this column. Cheri Holman won the contest with "Check It Out".

Recently a man from the Allegheny Mountains of New York came in for directions to Clyde. He said he thought it looked like an interesting town and was curious of the history. I, of course, told him many things. He was most interesting. Of Scandinavian ancestry and was a member of a cultural dance group. They have performed all over the U.S.

Don't you feel pride that our town can catch an eastern stranger's interest?

Coleman County Commissioners Court contributes money to this library each year. Believe me, we appreciate the \$500. It is used very carefully. Please express our thanks to any of the commissioners or the county judge.

The books that Mrs. A. L. Ober brought are really interesting. There are two about the history of Texas Cattlewomen, The Outlaws of the Old West, Texas Parks System with information and pictures. There is a history of Pecos, two biographies of Texas ranchers. That's just some that I've had a chance to study. By the way, I asked you for information. Found that my brother Lewis Miles, knew Mr. Ober as a friend. Small world.

Carol Herring brought some new paper backs. A Jack Higgins adventure and a Koontz mystery.

Amanda Ellerbe brought new magazines including a *Women's Day* full of wonderful food. A *Coin Collector Magazine* and *Coin Collector News*. If you have any interest in coins, come and study these.

Speaking of collecting. Do you watch the *Antique Road Show* on Thursday night TV? I really can't believe the value placed on some items. Those evaluating are experts. A Civil War sword that a man found hanging in an attic was rare and worth \$10 to \$20,000!

The *Smithsonian Magazine* has arrived thanks to a friend. There's always something to catch your interest. How about the history of laundry? It started at least with the Egyptians. Tombs have paintings of men washing. Sailors put cloths in sea bags and hung them over the ship into water. I remember the excitement when the women in a Spanish village get a "wash house". The river had been diverted over a cement trough where they could stand and rub the clothes. Beats bending on knees and beating with a stick!

What a change in laundromats. They now show movies, have cafes, live music, free newspapers, etc. Then there's soap.

John Hensley, Jr. donated *Behind the Lines* WEB Griffin. This is the latest in a series of books about the marine corps. He wrote the *Brotherhood of War* series and the *Badge of Honor*.

Last week I mentioned book clubs for men. I think these books might appeal to such a group.

Keep waving to people and see you at the library.

Ranger Park Inn Shows Appreciation To Brashear Family For Volunteering

By Dorothy York

Pictured are Gilbert and Dawn Brashear, the Rev. Albert and Mrs. Brashear, their son Albert, daughter Marjorie Wheeler and her daughter Cathy.

We were pleased that while Gilbert and Dawn were visiting his parents, he took the time to come to Ranger Park and sing his inspirational hymns for our residents. He puts his heart into his singing and his voice brings the words to life as well as many tears to the eyes. We spent a very moving Sunday afternoon. Thank you.

New Requirements For Applicants Of Disabled Person Vehicle Registration

AUSTIN--Texans who apply for disabled person motor vehicle registration face new requirements effective Sept. 1, 1997. These actions are the result of a new state law approved by the 75th Legislature earlier this year.

Beginning Sept. 1, a first-time application for disabled person vehicle registration must be accompanied by a notaries written statement or a written prescription from a physician licensed to practice medicine in Texas. The statement or prescription must also include a certification of whether the disability is permanent or temporary.

A first-time applicant must also show a Texas driver license or personal identification card issued by the Texas Department of Public Safety (DPS). Disabled parking placards issued to persons with a permanent disability will now be valid for four years instead of five; placards issued to persons with a temporary disability will expire after a period of time not to exceed six months and can only be renewed when the request is accompanied by a physician's statement or prescription.

A citizen who renews a placard will complete the top portion of the application and surrender the expired placard to the county. A notarized statement or written doctor's prescription is not necessary to process

Bill And Billie Baker To Celebrate 50th Anniversary

The Bakers—Then

The Bakers—Today

Bill and Billie Baker will be honored with a reception in observance of their 50th wedding anniversary on Saturday, September 13, from 2 to 5 p.m. at the Trinity United Methodist Church Fellowship Hall in Coleman.

Hosts will be their children, Becky Baker of Irving and Beverly and Randy Ford of Frisco, and their two grandsons, David and Daniel Ford of Frisco.

The former Billie Lee Nelson was born Dec. 7, 1931, in the White Chapel Community near Coleman to Edward Leon and Winnie B. Collins Nelson. Bill was born April 7, 1928, in Pembroke, NC, to Aarin Joseph and Lettie Mae Hunter Barker.

Serving in the Air Force took Bill to Davis Monthan AFB in Tuscon, AZ where he met Billie while she was visiting relatives. During furlough, he came to Texas to see Billie and on Sept. 22, 1947, they found a minister at the Daniel Baker College in Brownwood and were married. Their first attempt to be married that day by the Justice of the Peace failed when the JP was too long in returning from his fishing trip.

Their honeymoon was a return trip to Tuscon where Bill reported back to duty. In the following years, the air force took them to Chatham Field in Savannah, GA and MacDill AFB in Tampa, FL.

After Bill discharged from the air force, he and Billie went back to Savannah and settled there. He began a new career with the Seaboard AirLine-Railroad as a switchman, brakeman and eventually, conductor. Billie went to work at a local car dealership as a switchboard operator/secretary. During this time they had their first child, Beverly.

In 1963 family ties drew the Bakers back to Texas where they settled near Santa Anna. Bill began farming and ranching and Billie worked for Dr. J. B. Stephens. Their second child, Becky, was born at this time, too.

Soon, Bill and Billie moved to

Centennial, where they raised their daughters until they were grown. Bill continued to farm and ranch, while Billie started her career in the Coleman County Tax Assessor-Collectors office where she worked for 30 years meeting and greeting everyone in Coleman County.

Bill and Billie bought the farm at White Chapel where Billie was born, and in 1984, built a new home and moved there to stay. Bill is semi-retired from his farming and ranching. Billie retired as the County Tax Assessor-Collector in 1996.

West Central Leadership

By Carol Kater

County Extension Agent Family & Consumer Sciences

The purpose of the Texas Rural Leadership Program, Inc. is to create and deliver an exciting, effective leadership development program for rural Texans. The program is committed to training leaders in rural Texas by providing the working tools for community revitalization. The ultimate goal is to develop a strategic plan for the economic development of rural Texas.

The ability of Texas communities to devise and implement successful economic development strategies is heavily influenced by the quality of leadership in each community. In recognition of this fact, more than 30 agencies, organizations, private businesses and individuals with an interest in revitalizing rural Texas have formed an alliance to develop and deliver Texans in Leadership throughout the state.

RURAL TEXAS NEEDS:

*Leaders who are knowledgeable about economic trends, local resources and alternative development strategies.

*Leaders who can translate this knowledge into new strategies to stimulate the economy.

*Leaders who can mobilize people and resources to improve the community's future.

*Leaders who can work together across political boundaries and who will intentionally include minority groups.

*Leaders who can assist their communities in discovering a vision of their future.

West Central Leadership is an innovative program designed to train and promote a network of leaders aggressively involved in the economic and community development of Coleman and Runnels Counties. The leadership will provide perspective into the two counties while helping the participants understand the assets, needs and resources of the area. This will provide a team framework to discover the solutions for meeting the area's unique challenges.

West Central Leadership is a commitment, from the completion of the application through graduation in May, 1998. The commitment requires one day a month, September through May. Tuition is \$150 and payable in full prior to the opening session of the program. This includes materials, training and some meals. Scholarships may be obtained from businesses, professional groups, agencies, institutions, civic groups or interested individuals. If your group would like to offer a scholarship let either the Chamber of Commerce or the County Extension Office know. There will be some travel within the two-county area for field trips, a trip to Abilene for at least one meeting, plus a bus trip to Austin on May 5, 1998. A certificate will be awarded to those who complete the program by fulfilling the commitments listed below. The group will meet on the second Thursday of each month except for special occasions. The focus of the sessions will include:

invited to come by the Trinity Methodist Fellowship Hall on Saturday, September 13 to help Bill and Billie celebrate.

The couple request no gifts, please.

Dear Editor

I was pleased to see your recent article concerning the Santa Anna School's report card. Recognition for this accomplishment was quite deserving of front page coverage. To have our school system rated in the top 6% of the State of Texas is an achievement that everyone in Santa Anna should be proud of. This endorsement verifies to the citizens of Santa Anna that their children and grandchildren can get a quality education in Santa Anna. Our school system is an important component to our community; and we, as citizens, should take time to let these teachers and administrators know that we do support their efforts.

Congratulations to the Santa Anna School District for receiving such an outstanding report card. Thank you for making it happen in Santa Anna, Texas.

Sincerely,
Jean Robnett Findley

County Court Report

Coleman County Judge Sherrill Ragsdale has reported the following actions in county court during the month of August:

Chastity Horton pled guilty to Theft by Check and was assessed a fine, court costs, probation and was ordered to pay restitution.

Robert Howard Hensley pled guilty to second offense Driving While Intoxicated and was assessed a fine, court costs, probation and was placed in county jail.

Robert Allen Luedtka and Edgar Ramirez pled guilty to Burglary of a Motor Vehicle and were assessed a fine, court costs and placed in county jail.

Mark William Debre and Theresa Anne Pinnell pled no contest to Possession of Marijuana and were assessed a fine, court costs and placed on probation.

Melanie Nunez pled guilty to Theft by Check and was assessed a fine, court costs, ordered to pay restitution and placed on probation.

Robert Cordero, Darrell Johnson and Joshua Gattis all pled guilty to Criminal Mischief and bonds were set at \$1000 each. In addition, Joshua Gattis pled true on a Motion to Revoke probation on a previous conviction and was placed in county jail.

Kathy Johnson pled guilty to Theft by Check and was assessed a fine, court costs, ordered to pay restitution and placed on probation.

David Paul Jennings, Jr. pled guilty to Possession of Marijuana and was assessed a fine, court costs and placed in county jail.

Ernest Lee Keeney pled guilty to Driving While Intoxicated and was

assessed a fine, court costs and placed on probation.

All Driving While Intoxicated cases carry a mandatory drivers license suspension.

In response to numerous inquiries, the following is provided for the public's information:

County Court has criminal jurisdiction over class A and B misdemeanors. Class A misdemeanors are punishable by up to a \$4,000 fine, up to 365 days in jail or both. Class B misdemeanors are punishable by up to a \$2,000 fine, up to 180 days in jail or both. Fines in County Court may range from \$209.25 to \$244.25.

Probation fees, if applicable, are an additional \$25 to \$50 per month. When court costs, fines and probation fees are combined, it can be a substantial amount of money. In addition to the above, 80 hours of community service is generally assessed unless there are very extenuating circumstances. The State of Texas automatically suspends the drivers license of anyone convicted of Driving While Intoxicated and there is a fee to get the license reinstated. If the services of any attorney are required, that is also an expense. When you see the sign on Texas highways which says "DWI, you can't afford it" you should believe what it says!

In addition to court cases, Judge Ragsdale attended probate hearings, commissioners court, damage control meeting, detention hearings, task force meeting for studying jail needs and a guardianship hearing.

Phillips Drug - continued from page 1

have no fear. Help was here.

Barkley showed a prescription from May 1898. The wording on the brittle yellowed paper read, "Take half teaspoon every two hours until the bowels are checked."

As she tended to customers, I walked up the stairway to the attic, past a tape of *Glow Little Glow Worm* for a player piano, and huge vials of old medication for fevers, itches and toothaches.

That strong kind of aching smell of age came from old records, bot-

les, jars and spider webs masking the face of an old Crosley upright radio.

Back downstairs, Barkley figures half off an item for a customer.

"I have a group of men who come in and drink coffee twice a day. They asked me what they were going to do. I told them I would give them a key and they could keep on making their coffee," she said.

That sounds just like the old-time drugstores.

Strange, when you come to think of it, that of all the countless folks who have lived before our time on this planet, not one is known in history or in legend as having died of laughter.
