VFD Calls For Caution

The Santa Anna Volunteer Fire Department answered a call Saturday afternoon about 2 p.m. at the Zach Bible place located 2 or 3 miles west of Whon. Cause of the fire was burning trash in outdoor barrels. Lost in the fire were a small barn and about 60 acres of grass.

The same evening while still at Whon smoke was spotted four miles east of Rockwood. An old unoccupied two story home belonging to Dr. Wes Wise of Brownwood and three small camper trailers were involved in this blaze. Although the exact cause was not known it was suspected that an outdoor campfire had spread.

The local fire department was assisted by Coleman VFD on both fires.

An official with the fire department said on Tuesday that area landowners should cautious hunters to not do any outside burning due to dry conditions.

The Santa Anna VFD is expecting the arrival of another 2-1/2 ton Army truck from the Texas Forest Service. When this truck it is service, the local fire department hopes to handle more fires without the need of assistance from other fire departments. Santa Anna is receiving this truck due to the efforts to State Representative Bob Turner.

Some local fire officials are planning to attend a barbecue in Llano Saturday honoring Rep. Turner for the work on House Bill 680.

Findley Cashes In

Jean Findley, a faithful player of Mountaineer Football Frenzy is winner in the second week of this season's contest. She will be awarded \$20 for picking 15 games correctly out of a possible 17. Jean, however, did not know the former Mountaineer pictured on last week's contest, so will not receive the \$5 bonus.

Our Mountaineer of yesteryear was Bobby DeLeon who was pictured as a senior in the 1988-89 school year. Guesses included Buddy Hardin, Alex DeLeon, Tony DeLeon and Danny Guerrero with many not even taking a guess.

Roy Joe Harvey and Patti Musick tied for second place, out of the money, each with 14 correct guesses.

The response to our contest was exceptional last week, so come on fans, try again this week and maybe you will be that lucky winner.

Among the games that seemed to have thrown our contestants a curve were Texas-UCLA; Stephenville-Abilene; Gorman-Millsap; and Coleman-Jim Ned.

Scores of contest games were as follows:

- HPU 28 - SUL Ross 18

Check It Out

By Alice Anna Spillman

Working together can help Santa Anna. Two invitations this past week are good examples.

We have been calling about overdue books from the Reading Club. With many parents at work and children at sitters or in school, that was not real successful.

Betty Key was telling about the problem when Margaret Mobley said they would probably help at the school library. See it's difficult for young children to come to the library alone and the parents often aren't home when the library is open.

An agreement was reached for the school library to hold a list and allow boys and girls to put books into a specially prepared box. Since some of the books on loan from Abilene were out, we really need them. We have to pay for any missing books.

Already books have been coming in. Our sincere thanks to the school library for their cooperation.

When Betty visited the Garage Sale for the Santa Anna Nutrition Center, she noticed two books that would sure be good in the library. When she went to pay they were donated! One is *Sweet Valley High* book and the other is *Denosaurs*, a favorite around here. Our thanks to the Nutrition Center. I believe they did well on the sale but may need to have another.

Have you noticed that most newspapers and magazines devote much space to information about computers? The September 22 *Newsweek* has an article by Richard Falkers. He suggests that computers will eliminate reading a paper. Do you believe that? There are many who like the feel of a book. Also who wants to sit up and stare at a screen. Am I alone?

There was also an article about Scotland voting to establish their own parliament. Why should we be interested in Scotland? Well, without their financial backing Texas might not have made it. If you can get a copy of *Scottish Capital on the American Credit Frontier* by W. G. Kerr, learn the facts.

Scotland helped after the Chicago fire. After the Civil War they helped the South recover. Many of those who left the South and came to Texas were Scot. Banking followed and they helped build Paris, Dallas, Waco, San Antonio, Galveston and the Panhandle. The ranchers and farmers large and small were financed by the Scottish Credit.

Please adults and boys and girls check all your books. Some may be stamped with Santa Anna Library. These books may have been on your shelf for years. Right now you will not be charged overdue fees. Just return the books. Thanks.

Bob Turner To Be Honored By Area Fire Departments

On September 30, all fire departments in the Llano area will host a barbecue in appreciation of Rep. Bob Turner and others who worked to hard to get House Bill 680 passed in the last legislative session.

The new law will allow industrial companies to donate their surplus fire and emergency equipment to volunteer fire departments across the state through the Texas Forest

Service without threat of future civil liability.

The program and barbecue will be held from 3 to 7 p.m. at the Llano Volunteer Fire Department.

The public is invited to participate in this exciting day of recognition for Bob Turner, co-sponsor of the new law.

Those planning to attend should call Paul Hanneman at the Texas Forest Service at 210-997-5426.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 4, 1997

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment to allow a person to hold the position of municipal judge in more than one municipality.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow a person who holds the office of municipal court judge to hold at the same time more than one civil office for which the person receives compensation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 43 proposes a constitutional amendment to allow the legislature to limit the maximum annual increase in homestead appraisals for each year since the most recent tax appraisal. The amendment would also permit the legislature to allow the governing body of a school district to elect to apply the law providing for the transfer of the age-65-and-older school property tax freeze to the person's new homestead, if the move to the new residence homestead occurred before the law took effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the Legislature to limit increases in the appraised value of residence homesteads for ad valorem taxation and to permit a school district to calculate the school property tax freeze applicable to the residence homestead of an elderly person or the surviving spouse of an elderly person in accordance with the law authorizing the transfer of the school property tax freeze to a different homestead regardless of whether that law was in effect at the time the person established the person's homestead."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment to allow the legislature to authorize counties, cities, towns, and other local taxing entities to grant exemptions or other forms of ad valorem tax relief on property on which approved water conservation initiatives have been implemented.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to permit a taxing unit to grant an exemption or other relief from ad valorem taxes on property on which a water conservation initiative has been implemented."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 104 proposes an

amendment to update the Texas Constitution by deleting duplicate numbering in its provisions and removing certain of its obsolete portions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment eliminating duplicate numbering in and certain obsolete provisions of the Texas Constitution."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to allow the Supreme Court of Texas to hold sessions at any location in this state. Currently, the court is limited to holding sessions only at Austin, the seat of state government.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the supreme court to sit to transact business at any location in this state."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment to repeal the current provision which provides that the board of the Texas Growth Fund may not invest money in a business unless the business has disclosed to the board whether it has any direct financial investment in or with South Africa or Namibia.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the Texas growth fund to continue to invest in businesses without requiring those businesses to disclose investments in South Africa or Namibia."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to create the Texas Water Development Fund II as a fund separate and distinct from the Texas Water Development Fund. The amendment would authorize the Texas Water Development Board to administer the fund and issue general obligation bonds for purposes of the fund under guidelines set forth in the amendment.

The amendment would also allow the Board to use loan repayments coming into the fund after the end of the fiscal year to make bond debt service payments, and would provide certain conditions for the flow of funds for repayment of Texas agricultural water conservation bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the authorization to the Texas Water Development Board to transfer existing bond authorizations for water

supply, water quality, flood control, or state participation from one category of use to another category to maximize the use of existing funds and relating to more efficient operation of the bond programs."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment which would authorize home equity lending, in which a loan could be secured by a lien against the borrower's homestead. The amendment would also establish several provisions providing for consumer protection in the home equity lending process.

The proposed amendment will appear on the ballot as follows:

"The amendment to the Texas Constitution expanding the types of liens for home equity loans that a lender, with the homeowner's consent, may place against a homestead."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment that would authorize the legislature to authorize a property tax of five cents for each \$100 valuation in rural fire prevention districts which are located in Harris County. The constitution currently authorizes a property tax of three cents for each \$100 valuation in rural fire prevention districts regardless of what county they are in.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to authorize an ad valorem tax rate in rural fire prevention districts located in Harris County of five cents on each \$100 of taxable value of property."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment to permanently dedicate monies from the Texas Crime Victims' Compensation Fund (and its auxiliary fund) so that they are used only for assisting victims of crime and not for any other purpose. If an episode of mass violence occurred, however, money from the funds could be used to assist victims of the mass violence if all other sources of authorized emergency assistance were depleted first.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment designating the purposes for which money in the compensation to victims of crime fund and the compensation to victims of crime auxiliary fund may be used."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 59 proposes a constitutional amendment to prohibit the Legislature from authorizing additional state debt payable from the general revenue fund if the resulting annual debt service (the amount needed each year to make payments) would exceed five percent of the annual general revenue avail-

able over the last three fiscal years, excluding revenues constitutionally dedicated for purposes other than payment of state debt.

The term "additional state debt" does not include bonds that, although backed by the full faith and credit of the state, are reasonably expected to be paid from revenue sources other than the general revenue fund.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment limiting the amount of state debt payable from the general revenue fund."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 55 proposes a constitutional amendment to provide that if the Texas Supreme Court does not act on a motion for a rehearing within 180 days of the motion's filing, the motion is denied.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to establish a deadline for supreme court action on a motion for rehearing."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment to establish the Texas Tomorrow trust fund dedicated exclusively to the prepayment of tuition and fees for higher education. The amendment would guarantee that if there is not enough money during any fiscal year to pay the appropriate tuition and required fees, the needed money will be appropriated out of the first available money coming into the state treasury each fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to encourage persons to plan and save for young Texans' college education, to extend the full faith and credit of the state to protect the Texas tomorrow fund of the prepaid higher education tuition program, and to establish the Texas tomorrow fund as a constitutionally protected trust fund."

PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow the legislature to set the official qualifications for constables.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of constables."
