State Rep. Bob Turner First To File For Re-Election

"You have to get up pretty early to get ahead of Bob Turner," said a disappointed candidate who had intended to be the first to file for reelection on December 3. Instead, State Rep. Turner was the first state official to signal his intent to run again as the state representative of House District 73. The filing deadline for all candidates is January 3.

"I am more concerned than ever about rural Texans," said Turner. "Our problems are unique and I feel a great responsibility to help the urban members of the Legislature understand that all public policy decisions are not created equal. What may be a great solution for a Houston or Dallas problem may be terrible for Coleman or Bandera or Crane," he continued. "There are onl, a handful of us in the legislature who are rural landowners and agricultural producer and seasoned public servants. That combination of background and experience is vital to the well being of rural Texas and I plan to be back for the 76th Legislature doing what I do best for the people I care about most," Turner said.

Turner, a resident of Voss in Coleman County, entered the Texas Legislature in March 1991 and represented what was then House District 65. This district changed to House District 73 during legislative redistricting and now includes the following countries: Bandera,

Real trees make scents

Sixty Texas countles have Ohristmas tree farms where buyers can choose and cut their own trees. When a tree is harvested, another is planted in its place. While growing, one acre of Christmas trees can produce enough oxygen for 18 people. Texas Christmas tree farms host approximately 640,000 tourists year round, and generate nearly \$400,000 in sales tax revenues yearly.

Give your tree a little "tender loving care" Rinse the tree stand with a mixture of one capful of bleach and one cup of water. This reduces the growth of micro-organisms that can block the tree's ability to absorb water.

Make a fresh cut at the base of the trunk at least one-half inch or more above the original.

Place the tree immediately in a sturdy stand that holds at least one gallon of water. Check your tree stand daily and replenish the water supply. A tree may drink as much as a gallon

ocations and let your tree continue to keep our

Ban Lifted

Coleman County Commissioners met Monday morning and voted to lift the Burn Ban which has been in effect for the county the

According to County Judge Sherrill Ragsdale the ban will not be reinstated unless dry condition deem it necessary.

Coleman County Sheriff Wade Turner and County Treasurer Kay LeMay discussed employee's holiday

In the past if the employee's day off fell on a holiday, the employee would be compensated.

Commissioners unanimiously voted to change the policy to state that if an employee is off on a holiday, the employee will not be compensated at anytime for that holiday. An employee will just lose that holiday. If an employee is working on a day that is also a holiday, the employee will be paid

Also if a holiday falls during vacation time for an employee, that day becomes a part of the vacation time with no compensation or
