CCTC Hires New General Manager

Michael Walton who most people refer to as Mike, has been named the new general manager of Coleman County Telephone Cooperative. Walton is replacing Danny Kellar who resigned last December to take a similar position in East Texas.

Walton comes to Santa Anna from Lubbock where he was employed with the Pocka Lambro Telephone Cooperative with headquarters in Tahoka. He served there as business systems manager for the telecommunications division. Walton has been in the telecommunications field in one position or another since 1963.

He and his wife Clonette are residing in Coleman. They are the parents of three sons, one in Austin who graduated from Texas Tech University; one a sophomore at Texas Tech; and the third who is married with two children and lives in Slaton.

About CCTC Walton said, "We need to prepare to go into the future and make additional plans. We will be in an expanding mode for the next few years."

Funtier Day Plans Moving Along All County Girls May Enter Miss Funtier Pageant

Funtier Day plans are moving right along, according to Chamber of Commerce officials. Funtier Day is set for Saturday, May 16 and will once again be held at what we have come to call Funtier Square (armory and park area).

Sid Richards is organizing the Brisket Cookoff which is open to anyone who wishes to enter. We have not been told how much the entry fee is or what the prizes will be, so contact Sid Richards or call the Chamber of Commerce office, 348-3535.

A new event will be a chuck wagon cookoff where full meals will be available for purchase after judging. Proceeds of sales will go

Cleveland Cemetery Association To Meet April 26

The Cleveland Cemetery Association will meet on Saturday, April 26 at 10 a.m. in the Cleveland Methodist Church.

Officers are Darrel Cupps, president; Joe Wallace, vice

president; James Ford, 2nd vice president; and Janice Fellers, secretary-treasurer.

Everyone is invited to come take part in the business meeting and enjoy visiting with those attending.

Economic Development Corporation Makes First Dispersal Of Funds

The Santa Anna Economic Development Corporation recently made its first dispersal of funds when they granted \$5,000 for start-up expenses to Touch of Class

which has opened in the former Art Fabrics location. The business does silk screening and related operations. The business is owned and operated by James and Sandra Conolly and Marty and Nikki Donham.

The EDC was organized in August of 1996 and received its first funds the first of 1997 after businesses of Santa Anna started collecting a 1/2 cent sales tax in October of 1996 to be used for economic development. Funds received through the tax are collected by the City but administered by the EDC. Board members appointed by the City Council are Jim Spillman, president, Jean Findley, secretary, D. Carol Holt, Mike Simmons, James Pelton and Bobby Morgan.

Early Voting Underway For May 2 School And City Elections

Early voting is underway in the school board and city council elections. It will end on Wednesday, April 29 with the election to be held Saturday, May 2.

Running for three places on the Santa Anna ISD Board of Trustees are Sandra Hosch Ferrera, J. R. Salazar, Paul Martin and Dickie Horner.

Candidates for the three seats on the Santa Anna City Council are Bobby Morgan, Jean Findley, Gilbert Morales, Kay Yancy and Rick Grissam.

In next week's issue of the NEWS, we will carry the candidates' statements.

Council Hears Of Court Fund Balance And First EDC Disbursement To Business

The Santa Anna City Council met in their regular monthly meeting on Tuesday, April 14.

Council members present were Jean Findley, Jim Spillman and Bobby Morgan and Mayor Karen Morris.

Others present were Judge Bill Worley, Director of Public Works Doug Watson, Rusty Wells, Richard Watson, Police Officer Wayne Robbins, City Secretary Alys Pelton and representative of the Santa Anna High School PALS organization Lupe Castillo, Ryan Keeney and Amanda Lishka.

Representative of the PALS organization requested that they be allowed to do some work at Gary James Memorial park to complete some of their requirements. Work planned includes making signs with the name of the park and park rules, putting pipe fencing up and installing a pavilion at the north end of the park. A start date has not been set but the city will be informed before work commences.

The police report was reviewed.

The court report was given by Judge Bill Worley. As of March 31, 1998 the court fund had a balance of \$10,540.33. Approximately \$5,375.00 is to be sent to the State of Texas and court security costs are approximately \$400.00. The remaining balance is to be used to help pay salaries and applied toward the purchase price of computers for the municipal court and police department.

The City has received no new information from the city attorney regarding the termination from the Texas Municipal Retirement System.

The TML Group Benefit Risk has sent the City an update regarding upgrading the city employees' life, dental and vision insurance.

The council decided to wait until a new contract begins in October.

Jean Findley informed the council that a local business has received first disbursement of funds from the Economic Development Board.

Director of Public Works Doug Watson reported that the Texas Rural Water Association spent the first week in April here doing a rate study analysis of the city's utility rates. This is a free service which shows the fixed and variable costs of the city and what the utility rates should be in order to cover these costs and expenses. The rate study

is available at city hall for inspection by the public.

Watson has reported that one of the city pickups is needing a new motor and the others are in poor condition. He requested he use his personal pickup and use it on the job with the city paying him for usage on the job only. It was decided that the City will pay \$150 a month plus gas for such vehicle until such time as the City can get another pickup in service. He must keep a log of gas usage for two months and present it to the council to help determine the best benefit for the City.

School Board Handles Routine Agenda Items; Approves Next Year's Calendar

The Santa Anna ISD Board of Trustees met on Tuesday, April 14 with board members Roddy Dean, Dickie Horner, Mike Pritchard, Sharon Guthrie and Gay Abernathy.

Others present were Superintendent Dean Bass, Business Manager Judy Hartman, Jeff Robert, Janet Neff, Lois Harper and Sharon Cheaney.

Jeff Robert of First Southwest Company gave an information presentation about his company which does research and helps with bond issues.

Superintendent Bass held the first reading of Board Policy EIC (local) regarding "Class Ranking".

Board Policy EIE (local) about "Retention and Promotion" was approved on first reading.

After much discussion, the board approved the school calendar for the 1998-1999 school year.

May 5 was set as a meeting date to canvass the results of the upcoming school board election.

Business Manager Judy Hartman presented a financial report for the

period ending March 31. Bass distributed letters from Mike Marrs' office regarding outstanding payment.

Fire Department Associate Membership Drive Continuing

The Santa Anna Volunteer Fire Department is continuing to receive Associate Memberships from area residents.

Included in the week's list are Montie and Sandra Guthrie, Mrs. George Havens, Lee Abernathy, Tom and Margaret Robin, Gary, Patterson, Dessa Patterson, Lewis Miles Guthrie, R. C. Smith, Elvis Cozart, Allsups, Claudia Rutherford, Lula Havner, Verna Bolton, Northeast Tree Service, Dana Evans, Jim Bob Thweatt, Helen Slusher, Dink Wristen, John Hensley and Billy and Mary Lou Jones.

Everyone Got In The Act Saturday

Little Sarah Pelton got a head start on last week's clean-up by helping her mother and grandparents, Alys Pelton and Tex and Pat Wright when they voluntarily showed up the week before the clean-up to do some downtown cleaning. She also pitched in and did her part on the actual Clean-Up Day this past Saturday. Sarah is pictured cleaning the area in front of the Phillips Drug Building. The clean-up, which was spearheaded by city officials and city employees who worked on the downtown sector, has been considered a success as other citizens pitched in to clean their particular areas of town.

Giving Back To The Community

J.R. Salazar representing the Santa Anna Little Dribblers Association, is shown here presenting checks to Margaret Mobley for Santa Anna Elementary Accelerated Reading program, to Debbie Bacon, Elementary principal for the library, and to Janice Fellers representing the Santa Anna Baseball Association. Each check, in the amount of \$350, is a donation from Little Dribblers from monies raised from their games and concessions. It was explained that \$10 per child (less if more than one child per family participated) had been collected at the beginning of the season to help with expenses which were estimated to be about \$45 per child. The money donated to the other organizations was in excess of these expenses and given back to the community in this fashion. Approximately 130 people were present for the Little Dribbler awards program and hot dog supper held last Thursday evening when the checks were presented. 63 children from age groups 3rd to 6th grade received trophies. The Black & Gold team coached by Gay Abernathy was awarded the 2nd place trophy in the 5th-6th grade group. Toni Watson's Black and Gold team of 3rd-4th graders were second in their division.

Those of you who love football will want to check out the book that Joe Green just donated. *Singletary or Singleton* is an autobiography of the power house linebacker of the Chicago Bears football team. He gives stories of his whole life—family, career, philosophy and developing his faith in God.

Imogene Powers dropped off about a dozen sacks of magazines. We haven't really had a chance to check them out but I noticed. *Farm & Home* if you haven't seen this in years, you will not believe it change. There are *Texas Monthly*, *Cooking Light*, *Texas Highways*, *Country Women*, *Country Handicrafts* and *Crafting Traditions*. The library will place these on our shelves with schools or institutions or they will be in the next book sale.

You are welcome to read here or check out magazines. We usually have give aways at the door.

Speaking of series—who has *Outlander*, *Dragon Fly in Amber*? These are books from the series by Diana Gabaloon. One of the Merlin series by Mary Stewart is missing. It takes a while to collect books of a series and we do not like to disappoint those who want to read all the books. Do check to see if you have missing books. Check your children's shelves too for overdue books.

The library is lucky to continue to receive books from the Texas Library System—Big Country. Here are some of the latest shipment: *Reflections on Life After Life* Raymond A. Moody, Jr. M.D. These are examples of near death experiences that this doctor has observed first hand. *Wanted* Frank Gruber is a western about a man who is determined to locate the man who killed his brother. *Siege at Forlorn River* Romer Zane Grey. This is a story of Indian warrior, Yaque. It continues, his father character.

Barren Land Showdown Luke Short. This is a mystery—snow and the northwest.

Small Town Girl LaVyrle Spencer. A girl goes to Nashville and becomes a big success. Her sister calls her back to a sick mother. Friends and family are not impressed.

Dragon Eye Jennie Melville. A girl inherits an ancient castle on the coast of Northumberland. From arrival people are trying to kill her.

Undesirable Company Frances Rych. Is written by the #1 mystery writer of France.

Fenner George Harmon Cox. Carol Browning disappears from a mental hospital. Her husband placed her there. Her disappearance takes place one month before she inherits a multimillion dollar trust fund. Now her husband, ex-husband, family and lawyers are trying to locate her.

There are more good books in the shipment.

Reminder: The two part TV series of *Merlin* will start at 8 p.m. on Sunday night on KRBC. It runs until 9:30 p.m. The second part will probably be on Monday. This is a Hallmark entertainment and

A man is tallest when he stoops to help another, so with love in my heart, I thank all of the wonderful people who stooped to help me.
The kind gestures, beautiful flowers, phone calls, food, memorials, dedicated songs and poems were all I and Billy Wayne could have hoped for.
The generosity in each one's hearts will be remembered by me always!

Self Culture Club Presents Two Books For Library; Plans Luncheon For ULL Participants

Self Culture Club met Wednesday, April 8 at 2 p.m. at the Presbyterian Church. Cathy Ellis opened the meeting and Suzie Bass called roll and read the minutes.

A program titled "What Women Should Know" was presented by Pat Vance. She explained that no matter who handles the money and paperwork in a family there is some information that both husband and wife should have. They should both know how to pay bills, where all bank accounts are located, what insurance you have and who to contact about it, what retirement funds are available, where deeds and titles are kept, how to cancel anything that is automatically added to or taken from your bank account, who as working for many years as teller at the Santa Anna National Bank.

Sixth Graders Study AIDS, Then Write Report

Editors Note: The Santa Anna Elementary school sixth graders have been studying AIDS. The following are two reports written by students on the subject.

AIDS
By Amber Squyres
I have learned many things from this aids book. I have learned that the aids virus can be spread by having sex, tattoo guns and by trying to be blood brothers with someone. I will tell you about how to keep from getting the virus, which diseases viruses cause, and how the immune system fights viruses.

First I will explain how to keep from getting the aids virus. Some people think that you can get aids from insects, sneezing, sharing objects, touching and sharing food. It has been tested and doctors say you cannot get the aids virus from these things. You can get the aids virus from having sex, sharing IV needles, blood and from mother to child. You can prevent these things by using protection cleaning things that have blood on them and by not doing drugs.

Next I will explain which diseases viruses cause. Viruses are germs that cause disease. Viruses are very tiny. There are about 200 different viruses that can cause colds. Other viruses cause flu, chicken pox, polio, measles, smallpox and whooping cough. Vaccines can cure some of these disease. But there is no cure for the mumps, measles, smallpox, whooping cough or polio.

Finally I will explain how the immune system works against aids. Aids virus enters the body and attacks t-cells and macrophages. The aids virus remains hidden in the white blood cells. The body shows no sign of infection. As more and more t-cells are destroyed. The immune system is destroyed and you start showing symptoms of illness. Eventually you die. You die because without an immune

system your body can't fight diseases. It's not the Aids that kills you, it's the disease that you get while you have aids when your immune system is destroyed.

In conclusion I have explained how to keep from getting aids, which diseases the virus cause, and how the immune system fights the aids virus. I hope you have learned from what I wrote.

AIDS
By John Frausto
I have learned many things in the AIDS booklet. Before reading and answering questions in the AIDS booklet I hardly knew anything about the AIDS-virus. In the following paragraphs I will tell you what I learned in the AIDS booklet.

One of the things I learned in the AIDS booklet is how the AIDS virus is spread. There are three ways you can get the AIDS virus. One way is if you have unprotected sex with a person who has AIDS. You will get AIDS from that person. If you share needles with a IV drug users, you will get AIDS from that person. Also, if you get pregnant and you have AIDS, you will pass it to your child. One way you can prevent from getting the AIDS virus, is don't behave in risky ways. If you behave in risky ways there is a chance of getting Aids.

Another I learned in the AIDS booklet is how you can die from AIDS. When you get AIDS it stays with you until you die. You can't get rid of AIDS because there is no cure for it. You can die from the AIDS virus when a deadly disease enters your body. When a deadly disease enters your body, it stays in you. When you can't get rid of a deadly disease, you are going to die. It is really the disease that kills you instead the AIDS virus.

These were some of the things I have learned in the AIDS booklet.
