Santa Anna Man Sees Action In Recent Stand Off Against Saddam Hussein

Back in February and March when Saddam Hussein was once again trying to play the bully, Santa Anna native Glen Donham, at the far right, found himself in the midst of some heavy action in the Persian Gulf. The 1994 graduate of Santa Anna High School is shown as he and fellow seaman aboard the carrier, U.S.S. Independence, were loading bombs onto an airplane in preparation for anticipated problems with Iraq over weapons inspections. Donham is stationed out of Japan and is the son of Marty and Nikki Donham. The original picture by Susan May Tell/Saba Sygma, of which our copy is only a part, appeared in the March 2 issue of NEWSWEEK.

Spanish Camp Meeting Underway At Flying H Acres

Sammy Fuentes
Camp Director/Evangelist

The Spanish Camp Meeting at the Flying H Acres between Santa Anna and Coleman will run from Wednesday, July 1, through Sunday, July 5th. Although the camp is geared toward Spanish speaking people, everyone in the area is invited to the bilingual services which will appeal to everyone.

Evangelist Sammy Fuentes is director of the camp which will feature good preaching, good singing and lots of good old fashioned Christian fellowship.

There will be a fireworks display after the evening services on Saturday, Independence Day.

The "Little George Havens" Cowboy Camp Meeting has concluded for another year at Flying H Acres.

Mrs. Lucy Havens reports good attendance for the services and many important decisions made by those seeking a closer walk with God. New ground was broken in that some younger evangelists/singers were there to appeal to the younger people.

Be Cautious With Fireworks Over Fourth; City Burn Ban In Effect

Children and adults are being reminded to use extreme caution during this weekend's Fourth of July celebrations.

The traditional fireworks can easily start small grass fires which in the dry conditions we have been experiencing can quickly turn into a large grass fire if not watched carefully.

Also readers are reminded that there is not only a danger of fire from exploding fireworks, but there is a danger to persons who set them off or those standing close by watching the exhibitions.

Residents in the City of Santa Anna are reminded that there is an

ordinance against the setting off of any type fireworks within the city limits.

Residents of the City of Santa Anna are also reminded that a Burn Ban is in effect within the city limits. The only type of burning allowed is in any suitable device made for cooking food, or barbecuing.

Also anyone cooking out on the grill should be careful with sparks and hot ashes.

With no rain in the future weather forecast--only temperatures at or near 100 degrees-- we can assume that the dry conditions will continue to worsen.

Coleman County Farm Bureau Endorses Rick Perry

When the Coleman County Farm Bureau Board of Directors met recently, members chose not to accept the Texas Farm Bureau's endorsement of State Comptroller John Sharp for Lt. Governor.

While both Sharp and Rick Perry have been friends of Texas agriculture, the consensus of the Coleman County Farm Bureau Board of

Directors feel that Rick Perry is the best choice in representing the concerns of agriculture in Coleman County.

Farm Bureau membership within other Texas counties are also endorsing Rick Perry as their candidate for Lt. Governor.

Summer Jobs For Kids

By Carol Katzer
County Extension Agent
Family & Consumer Sciences

With summer coming up, many youngsters can earn a little money while getting a lesson in life. The main benefit of children is for them to learn how our economy works. They also gain an appreciation for the people and businesses that provide goods and services. It helps them realize that a person's time and skills are valuable and that some jobs may pay better because of the time and expense incurred to gain those skills. A summer job also offers the opportunity to teach the child basic money management skills. Ask them what their goals are and help them save and plan for the future, whether it's buying birthday presents in a few months or paying for college in several years.

Target the child's interests so they will want to work at the job and not just feel as if they have to work. If they're interested in animals, perhaps they can clean cages at the veterinarian's office. If they like housework, set up jobs within your own home. Wherever the job is, the child should get paid a fair market price. If they're paid too much, their expectations later in life may not be realistic. If they're paid too little, they may develop a bad attitude toward work. The cost of the job may be another factor. If you have to drive your child 10 miles to work each day, it may not be worth the trouble. It's best if the job is convenient and beneficial for everyone involved.

Kindergartners Visit Woodshop

During the last week of the school year Santa Anna Kindergartners visited the Santa Anna Library and having parked near the east end of block stopped in Gary Patterson's new business "Coleman Co. Woodshop" for a tour. The children saw the many nice pieces of furniture being made by Gary and his employees. Gary and teacher's aide Angie Hernandez stopped at an outdoor bench for a quick photo.

Check It Out

By Alice Anna Spillman

By the time you read this the first Summer Reading Club day will be over but I can't tell you what happened until it happens! Next week...

The computer did arrive. David Ponevac, our exchange student from Slovakia, put everything together. He's been giving us lessons. Also he has designed a letterhead and put some charts on. Our sincere appreciation to David! Did you know that he has received a scholarship to the University of Texas El Paso. Hopefully he will return to visit us many times.

We aren't on the net yet, but that's just around the corner. Thanks to the Foundation who has provided this wonderful invention.

Several people have dropped off magazines, including Mrs. Carmen Donham, Mrs. Angie Hernandez and Mrs. Carol Herring. Most of these will be on the magazine rack. There are many other free magazines for you.

Mr. Richard Shields from Austin (remember his family helped start Santa Anna) sent a box of books. Several were paper backs--two interesting soft backs of interest Writing for Children and Teenagers Lee Wyndham. If you ever considered trying to write for children, you should read this. This author covers everything from short stories, magazine articles to marketing your work. Contracts rejections or acceptance.

How To Read the Financial Pages Peter Passell. Study this then turn to the Wall Street Journal that a friend donates to the library.

The Big Country Library System sent books this week. It's been a very busy week.

Westerns by Haycox, Luke Short, T.V. Olsen and J. T. Edson. Then there is a book by H. A. DeRasso. It is a collection of 12 short stories. The author was from Wisconsin pioneers. He began writing in high school in 1917.

Zek and the Ned by Larry McMurtry is based on true stories of the last Cherokee warriors of the nations before the Trail of Tears.

A new Jane Ann Krentz mystery romance is Deep Waters. Land

speculators in the Northwest, two murders and romance.

The library has some excellent books of inspiration, some ours and some from Big Country. One in this shipment is Never Alone Joseph F. Girzone. This is a personal view of the way to find God.

Also included in each box is a craft book. The latest is The New Captured Harvest-Crafts From Nature. There are pictured steps to creating beautiful dried arrangements.

Please encourage boys and girls to come to Reading Club each Thursday of July. Read to or with the children you know. It's the best form of love and encouragement.

Make Plans To Have A Safe Summer

It's summer and it's time to take a break and have fun. But with so many activities it can also mean it's time for injuries and accidents. The 35,000 physicians of Texas Medical Association urge you to take extra precautions when participating in all activities.

Be aware there are dangers lurking around every fun time and it's best to take a minute or two to review safety measures.

*If you are going to be around water learn how to swim. Always swim with a friend and in supervised areas. Know your swimming limits.

*Never leave a child unsupervised around water. Always keep your eyes on the child even in your own backyard pool.

*Pay attention to "No Diving" signs. They are there for a reason.

*Alcohol and water don't mix. Never consume alcoholic beverages if you intend to swim or operate a boat. Judgement, balance and coordination are impaired by alcohol.

*Coast Guard approved life jackets should be available and worn when boating or fishing.

*The sun can be brutal on lakes and at the beach. Wear sunscreen and avoid direct sunlight between 10 a.m. and 2 p.m.

*Sun glasses are like sunscreen for your eyes. Wear eye protection to guard against ultra violet rays.

*Burns and cuts from glass are common when feet are bare.

*Read all posted signs at water parks and follow directions given by lifeguards.

*Never tube or raft in waters after a heavy rain.

*Beware of tick bites and insect stings. Ticks can carry Lyme Disease and should be removed by pulling slowly and firmly. Remove the tick close to the skin using fine-tipped tweezers.

*Grills and lighter fluids should be off limits to children.

*When planning outdoor activities always be aware of changing weather conditions.

*Power tools and sharp gardening equipment should never be left unattended. Even small construction projects can be hazardous.

*If you are working on construction projects at home make sure someone is around in case you need assistance in the event of an accident.

*Keep children away from mowers. And never let a child ride with you on a riding lawnmower.

*Never leave your child unattended in a car in the summer heat. The temperature inside your car can reach 109 degrees Fahrenheit in 15 minutes even if it's 83 degrees Fahrenheit outside and the windows are down two inches.

*You may be suffering from heat exhaustion if you become fatigued, exhausted, nauseated or lightheaded. Heat stroke is a life-threatening emergency and victims should be attended to immediately.

Texas Medical Association is a professional organization of more than 35,000 physician and medical student members. It is located in Austin and has 120 component county medical societies around the state. The Association represents 85 percent of the doctors of medicine licensed and residing in Texas. TMA's key objective is to improve the health of all Texans.

Dear Editor

I would like to address the desperate need for child care in Santa Anna. The only registered child care will cease to exist when school starts. This will leave many working mothers in a bind. I have checked with daycare centers and homes in Coleman and they are already full for the fall. I would hate to see mothers have to quit their jobs to keep their children.

It would be greatly appreciated if someone would come forward and be willing to care for the children. I am the single mom to a 4-year-old girl that needs loving care for a year until she can start kindergarten as our school system does not have Pre-K.

There are other children that need care so their parents can work, too.

Please consider child care as an option for your future. It can be very rewarding and a money maker, too.

Youth Crusaders Still Meeting Each Tuesday During Summer Months

Contributed

On June 2, the Santa Anna Youth Crusaders held a drawing of the chances which they had been selling for the past several weeks. Helen Lacy of Santa Anna was the winner of the television set donated by J. E. Stevens Co. in Coleman.

On June 9, the Youth Crusaders enjoyed a very successful fishing day at Santa Anna Lake.

Following fishing, the group appreciated being treated to hamburger and all the fixings prepared by Freddie and Edith Dodson who served about 70 hungry fishermen.

The Coleman EMT and ambulance were also on hand for the safety of those participating in the fishing day.

On June 16, the Youth Crusaders met at the Santa Anna Armory. Although numbers were few the children had Bible study with Terry McIver.

City of Santa Anna workers then volunteered their time by giving an informative program. Following the program, the youth cleaned the trash for the streets around the armory. Top trash gatherer was Richard Rankin received a prize for filling nine bags. A BFI dumpster was completed filled with trash from this project.

Group coordinators and the youth appreciate all those who furnish refreshments. If other groups would like to furnish refreshments, please contact Police Office Wayne Robbins at City Hall. Volunteers workers are also needed and welcomed.

According to Officer Robbins, the people of the town are making this program work by coming together and helping. He also said, "God has been with us all the way."

Park Rules Posted In New Sign

PALs Group at Santa Anna High School recently did some work at Gary James Memorial Park. Among the changes are the sign stating rules for the park. The sign is large, easy to read and attractive in SAHS school colors of black and gold.

Honest criticism is hard to take, particularly from a relative, a friend or acquaintance or a stranger.

'Round & About

Derriel and Polly Warnock spent from Thursday to Sunday at Palo Duro Canyon State Park and visiting the museums and other sites around. They attended the "Texas" pageant on Friday night in the canyon and a concert by the Otwell Twins of Lawrence Welk Show fame in the restored Gem Theater in Claude on Saturday night.

The daytime heat was terrific so the cool museums were the place to be. Nights, however, were quite pleasant in the canyon.

We could not reach Cecil and Pat Vance to get a report on their trip. In a chat with them last Wednesday, they said they also were going to the panhandle to visit Cecil's mother in Amarillo over the weekend. Their children were to join them there and all attend "Texas" on Saturday night.

HELP WANTED

IMMEDIATE OPPORTUNITIES TO HELP KIDS

For some of the most important jobs in America, all you need is the determination to make the world a better place for kids. And some time and talent. With this winning combination, you can fill an important job in a working mom's life by driving a sick child to the doctor. Or use your parenting skills to check on latchkey kids for a worried parent. Or put your letter-writing talents to work by sharing your perspective with a public official. You can help a child learn to read or mentor a math whiz. Organize a teen center or support a foster father with a gift of sports equipment.

We all know families everywhere are doing the best they can but need our help. Because it's tougher than ever to raise a child right. We're the **Coalition for America's Children**—more than 350 organizations united to help families be stronger than the problems they face. We know hundreds of ways you can take their side in your community. Call us at 1-888-544-KIDS about volunteering for these jobs and more. Or find us online at www.kidscampaigns.org.

Whatever you have to give—time, talent, leadership, emotional or financial support—there's a family that could use your help. We're fighting for the children—whose side are you on?

News From Ranger Park Inn

By Jennifer Hyden
Activity Director

Dear Ranger Park Inn Family and Friends,

We hope all of you are enjoying your summer. This has certainly been a HOT one! Everyone is sure looking forward to the next rain to cool things off again.

As many of you may already know, Dorothy York retired in June as Activity Director. I'm sure that she will be deeply missed by our residents and staff. Dorothy had been with the company for several years and did a wonderful job. We wish her the best of luck in her retirement.

We have been so busy the last couple of weeks. We've played bingo, exercised, had devotionals, and played a lot of ball... and would you believe that all those things are in our daily routine?! I can barely keep up with this group!

We enjoyed an Ice Cream Social Thursday, the 12th. I think just about everyone showed up for some good, cold, strawberry ice cream. There's just no better way to cool off on a summer day. We also played Bible Trivia. If you want to meet some people who really know their Bible, you need to come visit our residents. I was very impressed. (I was also last place.) We all had a good time laughing learning.

Probably the most fun that we've had came last week, when I put everyone "to work" shelling peas. These peas were all grown in our garden here at Ranger Park Inn. Robert Thate (a resident here) planted, watered and picked all of them for us... and after all that, he even helped us shell them! Oh, how many memories it brought back. I enjoyed listening to their stories. Grace kept us all laughing. We were all having such a good time and laughing so hard, that people all the way down the hall could hear us. I believe we have the

best pea shellers around! That afternoon I got everyone's secret ingredients. We put it all in a crock pot and cooked them all night. You could smell those peas the minute you walked in the building. As hard as it was to wait, we had them at lunch, and boy, were they good!!

Thursday we had our birthday party. Dalton Thomas provided the entertainment. He did a wonderful job! Dalton has a wonderful voice and a cheerful heart. Would you believe that our residents got up and danced. The residents paired up with staff members and really showed us young folks how it's done. Bill Laws even did us the privilege of singing. I had no idea how talented Bill was... I look forward to hearing more of him. Everyone had a wonderful time dancing and clapping with Dalton's music and we are so glad to have them come every month to entertain at our birthday party.

We celebrated Father's Day on Friday. The staff decided on an Adopt-a-Dad party. Staff members chose a resident and bought a present for every man. Some of the presents were pajamas, socks, slippers, t-shirts, clocks and

caps. The staff was so willing to do this for them. It's nice to see a staff that cares that much about our residents. We served cake, coffee and punch. The men were each given a Father's Day poem to hang on their wall. We had special music from Heather and Gary Sims (the D.O.N.'s daughter and husband) who performed a beautiful song entitled "Father's Eyes." Thank you to both of them.

We have so many things planned and we want you to know that you are always welcome to come join in the fun. I'm really looking forward to meeting all the families, friends and volunteers of Ranger Park Inn. I must thank all of the volunteers that I have met. You are so appreciated. I would be lost without you.

We are always looking for individuals or groups that would like to come and entertain our residents, or help with activities such as bingo, parties, arts and crafts, etc. You would be surprised to know how a visit or the smallest of entertainment can brighten the residents' day. If you are interested in volunteering, please call me at Ranger Park Inn, (915) 348-3105 during the day or 625-5592 in the evenings.

Hope to see you soon.
