"He Profits Most Who Serves Best"

School Leaders Entertained in Coleman Church

COLEMAN, Nov. 21.—School superintendents, their wives and a number of rural teachers in Coleman county were elaborately entertained at the First Christian Church in this city with a banquet arranged as a courtesy to them by County School Superintendent J. L. Beard and the Coleman Chamber of Commerce.

About 80 were present and short talks were made by M. Beard, C. V. Robinson, County Farm Agent, S. W. Cooper, Chamber of Commerce Secretary, J. C. Scarborough, Superintendent of schools at Santa Anna; and J. M. Binion, teacher of agriculture in Santa Anna school. Music was furnished by Jimmie King's orchestra and Mrs. Leola Christie Barnes of Santa Anna, eminent Texas poet, who has recently gained international prominence with her book of poems, "Crimson Dawning," and others entertained the banquetees with several delightful readings. FOR BUSINESS MEN ONLY

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned in its columns.

"This does not mean that you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

"The man who does not advertise his business does an injustice to himself and to the town in which he lives. The man who insists on sharing the business that comes to town but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business men."—American Banker's Magazine.

Keep on smiling.

Thanksgiving Proclamation

According to custom President Hoover issued a proclamation naming Thursday, November 24th as Thanksgiving Day. But this being the George Washington Bicentennial year, the President departed somewhat from that regular custom and included the full text of the first request for the observance of this day, issued by George Washington in 1789. The proclamation follows:

"Whereas at this season of the year our people for generations past have always turned their thoughts to thankfulness for the blessing of Almighty God,

"Now, therefore, I, Herbert Hoover, President of the United States, do set aside and declare Thursday, November 24th, as a day of national thanksgiving, and I do urge that they repair to their places of public worship, there to give thanks to the beneficent providence from which comes all our good; and I do further recommend, inasmuch as this year marks the 200th anniversary of the President George Washington, the Father of Our Country, whose immeasurable services to our liberties and our security are blessings perennially renewed upon us, that our people refresh their memory of his first Thanksgiving proclamation, which I append and incorporate in this present proclamation:

"By the President of the United States of America.

"A proclamation.

"Whereas it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits and humbly to implore His protection and favor; and whereas both houses of Congress have by their joint committee requested me to recommend to the people of the United States a day of public thanksgiving and prayer to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially by affording them an opportunity peaceably to establish a form of Government for their safety and happiness."

"Now, therefore, I do recommend and assign Thursday the 26th day of November next to be devoted by the people of these States to the service of that great and glorious being who is the beneficent author of all the good that was, or that will be—that we may then all unite in rendering unto Him our sincere and humble thanks for His kind care and protection of the people of this country previous to their becoming a Nation—for the signal and manifold mercies, and the favorable interpositions, of His Providence, which we experienced in the course and conclusion of the late war—for the great degree of tranquility, union and plenty which we have since enjoyed—for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, and particularly the national one now lately instituted—for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and in general for all the great and various favors which He hath been pleased to confer upon us.

"And also that we may then unite in most humbly offering our prayers and supplications to the great Lord and ruler of nations and beseech Him to pardon our national and other transgressions to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually—to render our National Government a blessing to all people, by constantly being a government of wise, just and constitutional laws, discreetly and faithfully executed and obeyed—to protect and guide all sovereigns and nations (especially such as have shown kindness unto us) and to bless them with good government, peace and concord—to promote the knowledge and practice of true religion and virtue, and the increase of science among them and us—and generally to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best.

"Given unto my hand at the City of New York, the third day of October, the year of our Lord 1789.

Mountaineers Defeat Coleman Blue Cats

Well, I guess the opinion of the Mountaineers will be somewhat elevated since last Friday. We knew that they had the stuff to beat those Blue Cats and those that saw the game Friday saw how they put that "stuff" into action.

The boys put a scare into the Blue Cats during the first quarter. They soon saw that if they let Ward, Wheeler or Zachary get loose, their game was up. Ward made some nice end runs and gained a lot of territory for the Mountaineers.

During the second quarter the Mountaineers got their heads together and decided to sup a bit one over on the Blue Cats. And so they did. Ward completed a short pass to Wheeler and the letter ran 60 yards for a touchdown. That was some run. That one play was worth the price of admission. And then our old standby, "Bull" Fletcher kicked the goal for the extra point. That touchdown and extra point singled some cat fur but it didn't seem to kill their spirit because they came right back just as strong as ever.

At the half the score was 7-0 in favor of the Mountaineers. The first quarter of the last half was something similar to the first quarter in the first half with the exception of passing.

During the last quarter the Blue Cats managed to push the ball over for a touchdown. This helped their feelings considerably, but they still had one point to make to tie the Mountaineers. But as luck would have it, they failed to get their extra point. All in all it was a good clean game and we congratulate Coleman for their clean sportsmanship.

Today, Monday, November 21, the Mountaineers go to Ballinger to contest the Bear Cats.

Everyone that can should go to Ballinger to root for the Mountaineers. We have a chance to win the district championship.

We understand that Coleman is rooting for the Mountaineers. That shows what they think of good clean sports.

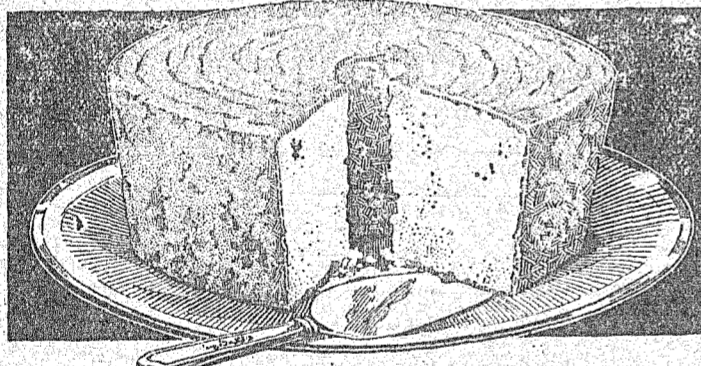

MRS. BAKER OPENS "ART GIFT SHOP"

Guests who called at the home of Mrs. Jodie Baker Saturday afternoon were served a dainty place consisting of summer pie and tea, after which they were ushered into the Gift Shop room. There a large and attractive display of very unusual "Arts and Crafts" was tastefully arranged for inspection. The many useful hand painted gifts at attractive prices gained much enthusiastic praise from art lovers. Guests were presented a clever hand tinted book.

Assisting Mrs. Baker in receiving and serving were Misses Mary Dellinger and Mary Garrett.

Peaceful as a cemetery today.

Well, we have read about thirty exchanges coming to our desk from throughout the central portion of Texas and some from the far away corners, and about all we can find is football and politics. Politics have been crowding the football news out just a bit for some time, but now it seems that football is taking the lead again. We will be glad when some of the editors get off that football and political stuff and give us some more of their original gray matter. One going thru with the trials this writer is undergoing needs some stimulant different to what we get from reading the football happenings and the politicking that has been going on.

This week the Texas Editorial Association is in session in Mission, Texas, and the Texas writer are enjoying several fine trips thru the magic valley as guests of the South Texas Chamber of Commerce. They have a splendid good time and the writers are enjoying several fine them, but as it is, the only way we can be there is in spirit and thought. Personally, we have a trifling job here in Santa Anna that is keeping us very busy.

Fred W. Turner and Ed Bartlett went to Abilene last week to attend the meeting of the directors of the West Texas Chamber of Commerce, and others interested in the allotment and distribution of the funds appropriated by the U. S. Government to help finance and relieve the distress among the unemployed. We will try to write the story for a future issue, but just at the time what we want to say would make good reading but would not look good in print.

AMERICA IS GOING AHEAD

It is a relief to have something besides politics to talk about, now that the election is over. We are among those who believe that the United States of America will continue to travel along its predestined course, regardless of politics and politicians. They and their activities may impede or reflect the course of events momentarily, but in the long run the destiny of this republic is in the hands of its people, and over these nearly one hundred and sixty years since we established our independence as a free nation, our people have, always, in emergencies, exhibited a sane, underlying common sense which, we believe, is still to be relied upon.

One of the things our pioneer ancestors in America learned was to take the bitter with the sweet. They endured hardships far beyond anything we of today can imagine, in their determined effort to establish homes for themselves and enduring heritances for their children in the new land. Sometimes we forget that everyone who lives in America is a descendant of an immigrant. We all of us come of adventurous pioneer stock. Some of us are only a generation or two removed from those ancestors who left their native lands because they could no longer endure the conditions under which they were compelled to live, and came to America in search of a new freedom. Some of us come from older stock that has been developed in America through generations. But whether we are the children of recent immigrants or the descendants of the earliest Pilgrims we all have in our very blood something of the same strain of independence and self-reliance, without which none of our forebears would have ventured to cross the ocean.

It is that spirit which has made America, and it is that spirit which will carry America forward to greater achievements than we have ever dreamed of.

Now we are all AMERICANS again.

SANTA ANNA vs BALLINGER

Last Monday, November 21, the Mountaineers went to Ballinger to take a shot at the Bear Cats. At the end of the first half it looked as if the Mountaineers had the Bear Cats going their way. Santa Anna had 8 first downs to Ballinger's 2. All in all it looked bright for the Mountaineers.

But in the last half Ballinger returned a punt for a touchdown. And again in the last quarter Ballinger pushed the ball over for their second touchdown of the day. They also kicked both goals.

Other than the game we have an honorable mention to make to the business men of Santa Anna. The football boys join in with Mr. Locke in thanking the business men who took boys and pep squad girls to the game. It showed what the people of Santa Anna really thought of their team. It made the boys play harder, and better than they have all season to know that Santa Anna was well represented and pulling for them. Again we thank the business men and others who took cars and provided ways for the goodly number present at the game.

HOW THEY PLAYED

SANTA ANNA: Points—7 43 yard average. Passes—6 19 yard average. Penalties—7 5 yards each. First downs—10. Score—0. Gained in scrimmage—221 yds. BALLINGER: Points—9 33 yard average. Passes—3 13 yard average. Penalties—5 Total of 45 yards. First downs—7. Score—14. Gained in scrimmage—372 yds.

SANTA ANNA vs COLEMAN

How they played. SANTA ANNA: Points—6 33 yard average. Passes—7 10 yard average. First downs—3. Penalties—2 5 and 25 yards. Final score—7. COLEMAN: Points—4 40 yard average. Passes—2 20 yard average. First downs—3. Penalties—0. Final score—6.

SANTA ANNA LINE UP: Left end—Scott Wallace. Left tackle—Max Price. Left guard—Lenton Oakes. Center—J. D. Pieratt. Right guard—Noel Campbell. Right tackle—Deggs Traylor. Right end—Clifford Wheeler. Left half—Dexter Walthall. Quarter—Leon Ward. Full—Clovis Fletcher. Right half—J. W. Zachary.

SENIOR NEWS

Seniors have been planning ways of making money in order to not be in deep water over the financial problems at the close of school. In order to do this, they sold candy at the game last Friday and plan to serve the Lions Club in December.

The Seniors have been very busy working on notebooks and enjoying the tragedy play of Shakespeare's 'Hamlet.'

SOPHOMORE NEWS

The Sophs are working hard to meet the examinations next week. We are trying to have a large number on the Honor Roll and we are entering the examinations with our heads and hearts.

The Modern History contest is over and we enjoyed it very much. The losing side will entertain the winning side.

The three Sophs on the main team, Dexter, Scott and J. W. helped the team defeat the Coleman Blue Cats Friday. We are proud of this victory and we are hoping to win the game with Ballinger November 21.

We are always glad to get holidays. We had no school Monday afternoon on account of the ball game. We have holidays Thursday and Friday for Thanksgiving. We appreciate these very much.

In English we have been working on citizenship ballots. These have helped us in such a way that many said they were going to reform and be better citizens of our school.

FRESHMAN NEWS

The class is proud to say that Maxie Price, one of our freshman boys, has played in every football game that Santa Anna has played. He missed one quarter of the game with Bangs but the rest of the game he was in there fighting for the team and the Freshmen.

Mary Lee Combs, our class president was sick last week. We are glad she is able to be back this week because we missed her. Everyone in school is glad because our team beat Coleman last Friday. It was a good game and ended with Santa Anna 7 and Coleman 6.

FOOTBALL GAME

The Mountaineers defeated the Coleman Blue Cats last Friday with a victory of 7-6. The boys are to be complimented on the way they played, although at times it looked as if Coleman would score. Several of the boys were with bruises, broken ribs, and broken fingers, but they played as if nothing was wrong. It was a fair game, and everyone was on friendly terms when it was over.

PEP SQUAD NEWS

The pep squad was yelling for all they were worth last Friday when the Mountaineers were defeating the Blue Cats. They certainly were co-operating, and all stayed together and yelled instead of running up and down the side lines. They did a drill between the halves, forming the letter 'S'. The girls have certainly stood behind their team and supported them as best they could.

FOOTBALL PARTY

Miss James Caldwell, a senior, entertained the football boys and pep squad girls last Friday night with several hours of entertainment. Some of the Coleman boys and girls came down to see how the Mountaineers felt over the victory. At a 1 1/2 hour all left reporting a fine time.

BEGINNER SCRIBBLERS NEWS

The beginner Scribblers met Thursday morning and elected the following officers. President—Rheba Boardman, Vice President—Frances Gregg, Secretary—Neil Bell, Treasurer—Mary Southern Garrett, Reporter—Iva Brannan.

MAN, KIDNAPED AT ROSEBUD 29 YEARS AGO AS A BABE, IS HAPPY TO LOCATE RELATIVES

VICKSBURG, Miss., Nov. 18 AP—Kidnaped from his parents home in Rosebud, Texas in 1903 when he was but four years of age, Sam Sheffield, a saw mill operator residing now in Vicksburg, was glad tonight that he had located long forgotten relatives in Texas.

Sheffield last Monday or Tuesday wrote a letter to his uncle, Reuben Johnson of Cameron, Texas, not knowing that the uncle had been dead for twelve years.

The letter was forwarded from Cameron to Reuben Johnson, a relative and namesake of the uncle, at San Marcos, where the surviving Johnson had moved from Cameron.

Sheffield said he had resided in Vicksburg "off and on" for the past 18 years. He has been here steadily for about 18 months and is manager of the Vicksburg Veneer factory. He is now married and has two children.

The "lost" man was stolen from his crib in Texas 29 years ago. His mother has remarried and now is the wife of a Dr. Burford of Rosebud, Texas. She is reported to be in ill health.

Sheffield has a sister, Dr. Ola Dee Massey, of Waco.

CRIMINALS COST U. S. MORE THAN EDUCATION

Washington, Nov. 16.—The annual maintenance of a penal offender is \$300, while only \$100 is required to keep a child in school, according to an extensive survey of crime just completed by the National Education Association.

Conclusions of the survey charge many of the local governments with lack of financial prudence in economizing on education and public welfare expenditures. Therefore concluded that these cuts in educational appropriations will have to be added a short time later to the budget for crime prevention.

"While such juggling of the public account books may lull the fears of the taxpaying public for the moment, it can save no money and encourages the waste of the Nation's human resources," the association declared.

The survey revealed the Nation spends approximately \$500,000,000 for punishing law violators, numbering nearly 570,000 or 25,000,000 children in school, the Nation pays almost \$1,000,000,000 more.

"Every time \$2 is spent on elementary and secondary education, \$1.50 is spent to control crime," it was pointed out.

It is even more expensive to care for juvenile delinquents than for adult criminals. The offending minors in special schools and reformatories average about \$400 a year," the association said.

"Such discussion of facts does not necessarily mean that the billions paid in crime should be drastically reduced, but the question may be raised—can a nation that spends \$900,000,000 annually for crime afford to pay less than \$2,500,000 for education?" the association declared.

EVERY DAY'S THANKS—GIVING DAY

I heard a good old mother say, Every night I thanksgiving Day, Every night I count each blessing.

And so many keep me guessing—Which is better, which is best? Though some pesky things depress me.

And everybody's lot, And sometimes they keep me guessing.

When I see and which is not set when comes around November.

And Thanksgiving Day is set, Just the good things I remember, and the "her kind" forget." —Albert Judson Fisher, in Nautilus Magazine.

If some one would get behind the depression and wave a red flag maybe the darned thing would change in the opposite direction. The trick works with a mad bull.

TRADES DAY BROUGHT LARGE CROWD WHO ENJOYED THE PROGRAM

There was a large crowd in town Tuesday, Trades Day, and from the best we could observe, most everyone enjoyed the afternoon program of fun and amusement.

The potato race was the first on the program. Five young men entered the contest, Wineford Watts, Leonard Larimore, Bill McIntyre, Leonard Watts and Bill Creamer with the latter winning first prize.

Pat Cupps, Alton Davis, Elmer Hardy, C. H. Bingham and Bill Lowery entered the sack race contest, with Bill Lowery first, Bingham second and Cupps third.

Ten entered the cigar smoking contest. Pat Cupps won first place, and several others won prizes but we failed to get the names of all the contestants.

About fifty prizes were awarded and many families were well paid for their coming to town.

The merchants enjoyed a fair business during the day and the committee did their utmost to make it profitable and entertaining enough to justify all in coming back next Trades Day, December 27.

Soon now we will be exercising our inalienable privilege of voting as we please after the bosses have picked the candidates for us. And still it's a great country.
