SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JULY 22, 1932

NUMBER 30

H. J. LLOYD, 83, SERIOUSLY HURT IN CAR WRECK

SANTA ANNA, July 19—(Special)—H. J. Lloyd, of Waco is in a serious condition suffering from injuries received this morning in an automobile accident in Coleman county on highway 7 between Santa Anna and Brownwood. Dr. Jason Tyson also suffered injuries and two automobiles and a truck were badly damaged. The injured are receiving treatment in Sealy Hospital here.

Mr. Lloyd, formerly a prominent resident of Coleman county who was at Santa Anna on a visit, was riding in an automobile driven by Dr. Tyson. The Tyson car collided with an automobile driven by H. M. Meek of Shamrock as it started around a truck of the State Highway Department, which was said to have been parked. The Tyson car was knocked against the truck and was badly damaged. The Meek car and truck also were damaged. The accident occurred at 8:30 o'clock. Tyson was driving east and Meek was driving west.

Mr. Lloyd was pronounced in a serious condition by Dr. Richard Sealy. He suffered severe injuries to his head and throat and has been in a semi-conscious condition since the wreck. He also lost a considerable amount of blood and is in a weakened condition. The injury to his throat also affects the vocal cords and he can not speak. Mr. Meek and the man in charge of the truck were uninjured, according to reports received here.—Brownwood Bulletin.

The above was clipped from the Brownwood Bulletin Tuesday, and Mr. Lloyd died Wednesday morning at 4 o'clock from Traumatic Oedema of the lungs as a result of the accident. From the beginning no hope was held for his recovery, and all the children were called. All were here before death occurred except one, Mrs. Ida Hale, of Dallas.

Mr. Lloyd was born in November 1849, in Tennessee, and came to Texas while still an infant. He was married in 1879 to Mrs. Minnie Holmes, at Cleburne, and moved to his farm in the Liberty community 37 years ago. Twelve years ago the family moved to Waco, where Mrs. Lloyd died several years ago, and was brought here for burial.

Mr. Lloyd was converted and joined the Baptist church when he was 21 years of age. He has always been known as a Christian man, and his annual visits here were greatly enjoyed by the people who knew him.

Services were held at the First Baptist church here at 10 o'clock Thursday morning. Rev. Hal C. Wingo conducted the services.

The following children and grandchildren attended the funeral: Mr. and Mrs. O. B. Lloyd, Mrs. Beulah Erkin, Mrs. V. O. Blake and daughter Argelee, Mr. and Mrs. J. W. Thorn and daughters Lucille and Ra y, all of Waco, and Mrs. Ida Hale and son Lawrence of Dallas. Other out-of-town relatives were here, but the News failed to get their names.

Ex-Texas Rangers To Meet Here Soon

The Ex-Texas Rangers will meet here August 1, 2, and 3. Full co-operation of the citizens is asked for, and will be very much appreciated. Preparations are being made for splendid program during the three days.

Mrs. M. D. Eubanks and daughters, Misses Mildred and Pauline and Mr. and Mrs. Jimmie Daniel spent last week end in the F. M. Huddler home in May.

Sunrise Breakfast Is Given At Mountain

Miss Dorothy Baxter entertained last Thursday morning, July 14, with a morning sunrise breakfast honoring Miss Mattie Bell McCord of Sweetwater, Texas. The guests began to arrive at 4 a. m. and a few minutes later proceeded to the mountain. After watching "the sun come over the mountain," a camp-fire was built and eggs and bacon were served to the following guests: Misses Louise Gray and Margaret Gray, Fay Turner, Velma Sealy, Odelle Brown, the hostess and the honoree, Miss McCord, and Mesdames W. T. Gray, George Gray, and W. E. Baxter.

Ira Huddler of Fry was a business visitor here Saturday.

Red & White Stores Hold Annual Picnic At Buffalo Gap Wed.

The annual picnic of the Red and White Stores was held Wednesday at Buffalo Gap. Representatives from stores all over West Texas attended.

The proprietors, employees and their families from the local stores closed for the occasion. They are most enthusiastic in their reports of a jolly good time. They report an estimate of about 2,000 in attendance.

The Election Returns will be placed on a bulletin board on the east side of the Corner Drug Store Saturday night. A section of the street will be roped off, and people will not find it necessary to go to Coleman for the returns.

Lions Club To Hold Lawn Party

Next Tuesday evening the Lions Club will have a lawn party at the home of Mrs. D. J. Johnson. All Lions and their wives or sweethearts are invited to attend and make merry with the group.

R. F. Crum, George Johnson, and L. Gene Hensley are sponsoring the party, which is enough to assure anyone an enjoyable evening. Lions, you can not afford to miss this substitute for the usual luncheon.

The meeting will begin at 8 o'clock p. m.

C. W. Williams of Coleman spent last week end in the home of his father, Ozro Williams.

Officials Will Appreciate Early Voting Saturday

Those who preside at the polls Saturday will appreciate it if the voters will do your voting as early in the day as you can conveniently do so. Each ticket will have to be tabulated and checked before proper returns can be made and the tellers will have a long siege of it at the best.

By casting your vote early you will confer a favor on those holding the election and might make it possible for them to finish their work and give out the returns Saturday night.

Saturday afternoon, July 23, precinct conventions will be held to select delegates to the County Convention which will be held at the Court House at 2 p. m. July 30. At the county convention delegates will be selected to represent Coleman County at the State Convention at Lubbock September 24.

Mrs. W. R. Gardner Marries Richland Springs Man

Friends here were advised last Thursday of the marriage Thursday morning of Mrs. W. R. Gardner to Mr. Ben W. Yarborough of Richland Springs, the marriage taking place in Brady. Immediately following the marriage ceremony, the happy couple left for an overland trip to the western part of this state, with the intentions of extending their trip over into the Republic of Old Mexico and also in the regions of New Mexico.

Mrs. Gardner is too well known here to need any comments of introduction from this paper, being among the leading ladies of Coleman county, and known to his many people as most any lady in the county. She is pleasant in her conduct, cultured in her manner and refined in her every walk of life.

Mr. Yarborough, the lucky man to win the hand and confidence of such a woman lives at Richland Springs, and if we are correctly informed, is engaged in farming, ranching and commercially connected with the San Antonio Coffee Company of the Alamo city.

Friends here will join the Santa Anna News in good wishes for a pleasant and profitable voyage thru life together. According to data at hand, Mr. and Mrs. Yarborough will divide their time between Santa Anna and Richland Springs, until a permanent home is established.

Sealy Hospital Host To More Than 200 Babies Born There

Monday the Sealy Hospital was host to more than 200 children born there since its opening twelve and one-half years ago. Sixty-seven of the children present were under two years of age. Dr. Lovelady, assisted by a group of graduate nurses, examined these, and it is interesting to note that only a very few of them were found to be abnormal. Among those examined were the triplets, Charline, Cathleen, and Pauline, daughters of Mr. and Mrs. Curtis Melton of Zenhyr. They were born January 31, 1932, and are doing fine.

The response was so splendid that Dr. T. Richard Sealy, founder and president of the institution, plans to make the occasion an annual affair. The Third Monday in July will be known as Babies Homecoming Day in the years to come.

Miss Minnie Lewellyn of Shields visited in Santa Anna Saturday.

MY PLATFORM

J. J. GREGG

Upon Which I Will Make My Campaign for the Legislature As a Candidate for Representative from 125th District, Composed of Brown and Coleman Counties:

I FAVOR abolishing all worthless boards, commissions and bureaus and a more rigid economy in government—state, district, county and municipal.

I FAVOR a great reduction in the number of courts and the simplification of judicial procedure.

I FAVOR abolishing state ad valorem tax on our homesteads up to \$5,000, and the substituting of a graduated income and inheritance tax.

I FAVOR stopping the waste of the tax payers' money by curbing the appointive power of the Governor and the Railroad Commission.

I FAVOR an elective Highway Commission and the restriction of their appointive power, especially in their engineering and superintending of work. (According to one of the candidates for Governor of the state, there are 258 workmen employed in a single county, and they are under 106 bosses. Another statement charges that only 40 per cent of the forty-four million dollars spent on our highways annually actually goes into the roadbeds—60 per cent goes for super-servicing.)

I FAVOR the lowering of all state taxes 50 per cent and county taxes at least 25 per cent and reducing the overhead expenditures accordingly.

I FAVOR the reorganization of our penitentiary system and placing it on a self-supporting basis. (According to a recent report of the state auditor, it is costing the State of Texas \$75,000 per month to carry on the work in our penal institutions, above what they produce.)

I FAVOR transferring future payments, of interest and sinking fund on bonds voted to build highways, from our real and personal property to the gasoline tax.

I FAVOR the repeal of the present truck

law, and the payment of a reasonable compensation by commercial trucks for the use of the highways.

I PROTEST spending tax payers' money to reclaim agricultural land upon which to produce cotton, wheat, rice or other field crops until said products can be sold at a profit.

I FAVOR restricting the planting of cotton to 50 per cent of the cultivated land on all farms.

I FAVOR the reimbursement of all state taxes for the years 1930, 1931 and 1932 in the 62 counties so badly affected by the 1930 drouth.

I PROTEST our state and national governments engaging in business in competition with private capital where there is no monopoly.

I FAVOR the encouragement of foreign capital for manufacturing and industrial purposes, so long as such investors respect our anti-trust laws.

I PROTEST any further spending of the tax payers' money to establish state parks and playgrounds for the rich, when the common people, who pay the bills, never see them.

I PROTEST any further encroachment of the Federal government on our state rights.

I FAVOR the repeal of worthless laws now on our statutes and the strict enforcement of all laws so long as they are on the statutes.

I FAVOR a moratorium on real estate loans, district, county and municipal bonds, until values are restored.

I FAVOR the exemption from taxes on property encumbered to the amount of the encumbrance.

I WILL SUPPORT any feasible and plausible measure that has for its purpose the employment of the unemployed and relief of distress in our state, even to the extent of issuing state currency to provide necessary credit until values are restored and conditions generally improved.

I have lived in the heart of Texas since 1905, having been engaged most of the time in editing and publishing country weekly newspapers, but have divided my time with the farm and teaching school. I now own and publish the Santa Anna News, but live on the farm, 14 miles south of Santa Anna, where my children are engaged in farming in connection with their other education. I have studied legislative matters all my life, and believe I can render a service that is much needed and will be greatly appreciated if the people of this district will elect me to this important place.

Some people claim this platform "Unethical" others proclaim it a wonderful article and express themselves as being very enthusiastic over the prospect of getting a man in the Legislature upon a common sense platform.

Quoting from the Declaration of Independence. "When you see a wrong condition, it is not only your duty, but your privilege as a patriotic and loyal American Citizen to speak out, regardless of any person, party or consequence."

"Abraham Lincoln said, "This Country and its institutions belong to the people who inhabit it, and when they grow weary of their form of government they may exercise their Constitutional rights to change it."

If you want a change, vote for me for your Representative. If you don't care, vote for one of my opponents.

J. J. GREGG, Santa Anna, Texas

CONGRESSMEN PAD RECORDS

BY RAYMOND CLAPPER,

UP Staff Correspondent
(Copyright, 1932, by United Press)
WASHINGTON, July 16.—Padding of the Congressional Record is costing about \$2,000 a day in the final rush to get political propaganda printed at government expense.

About 35 pages in each issue of the Congressional Record are now given over to reprinting outside speeches, letters to and from constituents, addresses by eminent citizens and small type tables on everything from war debts to the cost of Canadian bungalow siding. Most of it has no connection whatever with the proceedings of Congress.

Senators and Congressmen, by obtaining unanimous consent, can have anything printed in the Congressional Record — and do. In one volume of the Record can be found almost anything except comic strips. Illustrations are forbidden. Anything printed in the Record can be reprinted and sent out as campaign literature under the Congressional franking privilege. Even political candidates not in Congress may have their speeches inserted in the Congressional Record and sent out from under the frank of some friendly Senator or Congressman.

Several Senators condemned the practice when an attempt was made to insert a political speech by Secretary of War Hurlay. They pointed out the Congressional Record cost \$58 a page. Congressional printing is a large item in the expense of the government printing office — which uses a total of 1,500 carloads of material every year. This is the equivalent of a train 10 miles long.

VETS MEET CANCELLED

Confederates Not To Meet At Christoval

Because of lack of funds the annual reunion of the fifth division, Mountain Remnants Brigade of Confederate Veterans, scheduled at Christoval for July 27, 28 and 29, has been canceled. This decision was reached at a meeting Saturday night of members of Daughters of the Confederacy and of Sons of Confederate Veterans.

Frank Van Horn, chairman of the reunion for the last 11 years, presided at the meeting. Mr. Van Horn said he was disappointed at not being able to have the reunion this year. The reunion will be planned as usual for next year.

Recently the program committee and directors of the Christoval Baptist Encampment called off the annual religious gathering which was to be held August 8 to 16.

The 12 best flocks of 4-H Club poultry in Texas this year will be entered in an egg laying contest at the 1932 State Fair of Texas. Records of all 4-H club poultry are now being made and from these the entries will be selected. The contest will last 16 days of the fair and huge baskets in the top of each pen will contain all of the eggs laid during the contest in full view of the public. Superintendent Walter Burton expects this to be one of the big features of the poultry show this year.

MARSHALL—A saving of 50 cents per cow has been effected by Harrison county Grade "A" dairymen who followed the suggestion of County Agent G. M. Morris to pool their cows for the tuberculosis test this year. The city council reduced the testing fee from 75 cents to 25 cents per head at the request of the dairymen who pooled 1,500 cows for the test.

AUSTIN—A Travis county home demonstration club member has found that her returns Home Markets are enough to justify firing her washing done, and she now spends that time in the more profitable job of preparing her products for market. Opened in May, the market is operated twice weekly for the benefit of farm people who can meet the requirements for quality and standardization. All kind of fresh processed food is sold.

GOLIAD. FARMER SELLS WEEVILY CORN AT 47c BU.

Hugo Jacob of Kilgore sold his weevily corn to his hogs for 47c per bushel, when current price for the very best corn was 35c. Mr. Jacob had a quantity of poor quality corn which was so weevil eaten that it did not have enough energy in it to keep his teams going and too sorry to feed to his chickens, so he had to turn to his friend the hog to make anything out of it. After consulting with the county agent, he built a self-feeder largely out of old lumber he already had at a cost of \$1.25 for all new material bought and put 11 hogs on it. He termed the hogs typical runts and if they would make anything on the sorry corn, he said, he would be a disciple of self-feeders for the rest of his life. Poor hogs and poor corn looked like a bad bet to make a profit. The pigs were wormed weighted, and put on the feeder at a total of 696 pounds for 11 head. After being on the feeder 63 days they were sold for \$9.75 per hundred at a total weight of 1,947 pounds. Their average weight had increased from 3 to 177 pounds showing an average daily gain each of 1.8 pounds. They took 62 bushels of the weevily shelled corn and 300 pounds of the protein supplement to make the gain of 1,251 pounds. The supplement was tankage, cotton seed meal and alfalfa meal of equal weights. The hogs not only did well, but commanded a nice premium over ordinary hogs by reason of their superior finish.—K. J. Edwards, County Agent.

PARTY GIVEN HONORING LITTLE MISS BAKER ON 5 BIRTHDAY ANNIVERSARY

Honoring little Jo Ann Baker on her fifth birthday, her mother, Mrs. Jodie E. Baker, entertained with an A. B. C. party last Thursday. Each little guest was invited to the party by nursery invitations worded in clever A. B. C. rhyme. Following a series of games the little guests were ushered into the dining room where the A. B. C. decoration motif was carried out in the table arrangement. Places were marked by dainty pink cookies made in letter form for the beginning of each child's name. Paper letters tinted in pastel shades were scattered about the table in the center of which rested a large angel cake bearing five candles. The top of the cake bore the honoree's name and iced pink roses for candle holders. Around the sides of the cake were iced A. B. C. in parade. Accompaniments for the cake were pink beverages and ice cream. Prize winners in dotting the I and other letter games were Maurice Seale, George Day and M. L. Bowers, Jr.

Guests were Sybil Simpson, Rebecca Jane Harris, Billie Bolton, Dorothy Sumner, Bonnie Jean Balke, Maurice and Maurine Seale, Robert and George Day, Robert Joe and O. L. Cheney Jr., Kenneth Duggins, Fredna Watkins, W. H. Blake, Jean Mobley, Donald Ray Howard, Alice Anna Guthrie, Johnnie Ruth and M. L. Bowers of Corsicana and Billy Don Baker.

To The Voters of Precinct No. 2

I take this method of thanking all who have given me encouragement in my race for commissioner.

I have been very busy lately and have not been able to canvass the precinct as closely as I would like to. To all of you I will say that I am standing firm on the proposition of reducing taxes which means the reduction of expenditures, also officers salaries. For it is impossible to reduce taxes if every fellow who has his feet under the public table expects to continue getting his full piece of pie.

Yours for success July 23, (30p) R. E. DeRusha. (Political Advertisement)

Attorneys Regard Miller As Fair and Impartial in Conduct of Office

Brownwood, Texas, July 18, 1932.

TO THE VOTERS OF THE 35TH JUDICIAL DISTRICT:

We, the undersigned members of the Brownwood Bar, desire to make the following statement:

It has come to our knowledge that charges have been made to the effect that Judge E. J. Miller, who is a candidate for reelection, has in some instances shown unfairness and partiality in the performance of his judicial duties. We have personally participated in the trial of many cases before Judge Miller, and have carefully and somewhat critically observed his actions while on the bench, and we cheerfully testify that he has manifested an unusual degree of fairness in all his judicial conduct. He has been careful and deliberate in his rulings, and has shown a disposition to do right and accomplish justice along the lines of established law without favoritism or partiality to any one. We feel that he has earnestly tried to make correct rulings and his fairness has been a matter of favorable comment ever since he went upon the bench.

In view of the fact that both candidates for District Judge in this District are members of the Brownwood Bar, we had not expected to take any part in the campaign now on, and would not issue this statement except in the interest of justice and as we think every one is entitled to a square deal and should not be placed in a false light, and we feel that these charges against Judge Miller are not only without foundation in fact, but do him a serious injustice as well.

He has disposed of a vast volume of business since he went upon the bench, and has made a creditable record as a District Judge, and we regard him as well qualified.

Very respectfully,

- WILL J. SCOTT E. P. WOODRUFF

Last Call

This week the writer makes his last appeal for votes for Representative in the State Legislature prior to the election next Saturday.

We have spent most of our time the past few weeks out politicking around over the district and if our judgement deceives us not our chances to make the Second primary and win the nomination August 27 are flattering. We may receive the lowest number of votes of anyone in the race, but we don't feel that way about it, and surely hope we will not feel that way about it next week.

Remember Saturday of this week is a great day in Texas, and everyone who can and is eligible to vote should go to the polls and cast a vote for those who in your judgement are the best qualified to serve this State in either small or large station, honestly, intelligently, economically and otherwise to the best of their ability.

This editor wants to be your servant in the State Legislature the next two years, and we sure do want your approval at the polls next Saturday. Next week this column will carry either a glad or a sad message to our large circle of readers, and we trust you will help us to make it a glad message of good tidings and much joy. The more ways we can serve our friends the more pleasure we get out of life. We feel that we are specially qualified to serve in the house of Representatives, and would certainly appreciate the opportunity. Will you give us your vote of confidence and approval Saturday when you cast your vote?

Guests in the C. F. Freeman home Sunday were Mr. and Mrs. Preston Parish and children; Mr. and Mrs. Cecil Freeman of Coleman; Mr. and Mrs. Roy Freeman and children; Mr. and Mrs. W. T. Gassiot of Winters; and Mr. and Mrs. Wilson Lambert and children of Brownwood.

Picnic at Bangs Is Attended By Large Crowd

A crowd estimated to number 2,000 or more attended the annual picnic at Bangs last Saturday. The main part of the day was taken up by candidates speaking. Congressman Thomas L. Blanton spoke in the forenoon in the defense of his record in Congress, and dwelt at length on the short-comings and misfits of his opponent, Joe Jones, District Attorney of Eastland, who is a candidate to succeed Mr. Blanton in the National house of Congress.

Following Congressman Blanton's talk, a real dinner was spread on the long tables prepared for the occasion, in the old-fashioned picnic style. Barbecue with the usual trimmings and lots of other good eats prepared by the people throughout the Bangs community made up the dinner and the hour was greatly enjoyed.

Hon. G. B. Callaway spoke in the interest of his campaign for District Judge.

Following Mr. Callaway, different ones out from Brownwood spoke in behalf of the three leading candidates, Sterlings, Ferguson, and Hunter, for governor.

Joe Jones, candidate for Congress, spoke in the interest of his own campaign, and replied to several charges made by Congressman Blanton in his talk before noon. Jones charged Blanton with unfairness and using unscrupulous tactics in his attacks on Jones in his campaign.

The speaker charged Mr. Blanton with several unbecoming tactics, and offered excerpts from the Congressional Record as proof of his charges. Among other things, Mr. Jones stated that, since Mr. Blanton was first elected to office the nomination of Texas has increased about 29 per cent, and the taxes and government overhead expenses had increased over 300 per cent and defied anybody to prove differently. If Blanton is as dirty as he was pictured he should be deported to Russia and if Jones is one-half as crooked as Blanton charged him, instead of being a district attorney or in Congress, he should be shot at sunrise and not permitted to prey upon the people of this country longer.

Such methods of campaigning is deplorable and not appreciated by intelligent people.

Judge E. J. Miller who is a candidate for re-election for District Judge spoke and the candidates for the Legislature were given brief periods to make their announcements.

A number of County and precinct candidates were mingling with the voters and passing out cards.

The Bangs picnic and celebration was the biggest picnic affair we have attended this season, and must have been a satisfactory success to the good people of Bangs who sponsored it.

Funeral Held For Mrs. W. E. Smith Sunday Afternoon

The death of Mrs. W. E. Smith last Saturday afternoon was quite a shock to the many friends of the family, even though her death had been expected at just any minute for more than a week. She died at the home of her sister, Mrs. W. A. Wilkes, where she has been ill for several days. The following data was read at the funeral Sunday afternoon:

Miss Kathryn Williamson was born in Lott, Texas, February 23, 1879 and lived there until her marriage in 1906, when she moved with her husband to Waxahachie. They lived in Waxahachie until the fall of 1927 when they came here to make their home. They have been living on the farm near Whon since January.

Mrs. Smith is survived by one son, John E., her husband, W. E. Smith, her parents, Mr. and Mrs. J. A. Williamson, of near Whon; two brothers, J. G. Williamson, of Santa Anna, and Pleas Williamson of near Rockwood; one sister, Mrs. W. A. Wilkes, of Santa Anna; and a host of other relatives.

Out-of-town relatives here for the funeral were Mr. and Mrs. I. B. Chapman and daughter Florence, and grand-daughters Christine Rose and Pauline.

Lighting the Path to Success---

YOUR bank book is the beacon light that will light your path to success, if the system of saving is properly incorporated in your plans. It supplies the governing path to your daily expenditures so essential to those on the road to success, financially. It is easy to save, once you form the habit. No one ever made a success in life until they learned to live on less than their income. A small portion of your income placed in a savings account each month will soon grow into a valuable possession. We will assist you in your efforts to save if you will talk the matter over with us.

SINGING SCHOOL TO START

Beginning next Monday night
at the Baptist Church at 8:15
o'clock there will be conducted
an old time Singing School. The
school is the outgrowth of the
desire of many people of the
town to learn to sing and an
opportunity to practice singing.

Mr. R. E. Ward who in times
past has spent many summers
conducting singing schools of
this kind will have charge of
the school and will be assisted
by Lewis Newman, Emmett Day,
and any others who may know
a great deal about music.

Rudiments of music have been
ordered and will be sold to
those who wish to buy them.
They are not required. The
total cost for the rudiments and
the practice book is about thirty
cents and the price of the
books will be all the expense
there will be to any person who
attends.

Remember everybody is in-
vited and those who are in-
terested in singing are urged to
attend. The Baptist Church is
not sponsoring the school but is
merely lending its building for
it. If you are interested in
singing in any way, be sure to
be present Monday night. It
will be decided at that time
whether the classes shall be in
the afternoon or at night.

**C. V. TERRELL
of Wise County**

**Candidate for his second full
term as Railroad Commissioner**
Mr. Terrell is asking for a
second full term on his record,
which is in part as follows:

During his term of office, the
Commission has turned back in-
to the General Revenue Fund
more than \$500,000.00. They have
tried more than fifteen thousand
cases, with only four reversals,
a record unsurpassed by any
similar body in the United
States.

Mr. Terrell was the first state
official to use the half time job
plan, thus helping a number of
boys and girls through school,
who could not have gone other-
wise.

He has never indulged in a
mud slinging campaign, believ-
ing that "One can never elevate
himself by trying to pull the
other fellow down."

When Mr. Terrell was elected
to his first full term, which he
is now serving, he carried 234
of the 256 counties in this great
state, which was a large ma-
jority over his two honorable op-
ponents.

Only a few of the many things
which Mr. Terrell has accom-
plished can be mentioned, due
to the limited space. However,
it is believed that his faithful
discharge of public duty in the
past is the best guarantee of a
promise to perform a like ser-
vice in the future. It

THE SMALL CITY...

A Pacemaker of Progress

More and more the signs point to the greater importance of the
small and medium-sized community.

We are proud of the part electric power is playing in laying
the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a
monopoly of power supply, the first essential of industrial
growth and development.

Widespread networks of transmission lines have given the
smaller communities the same high-grade electric service as the
larger cities have.

On this firm basis, industries are increasingly recognizing the
advantages of location in small communities.

This trend will react most favorably to West Texas, the "Land
of Opportunity"—efficiently, dependably and inexpensively
served by the West Texas Utilities Company.

Do you know that your increased use of Electric
Service is billed on a surprisingly low rate schedule
... and adds only a small amount to your total bill?

SWEET FLOWERS

Flowers are many and colors too, Sweet perfume they are to you.

Some are yellow and some are pink—
Now I want you to stop and think

Who made these flowers here to grow,
On earth and not below.

The sunshine and the flowers come
To welcome them to their earthly home.

The birds sing and the birds hum
Around the flowers little throne.

Who is the author of just such things?
Our God in heaven with His Holy name.

I want to be loved, don't you see—
Do right by others and then by me.

We'd be interested in knowing how a three and a half cent hog feels when he gets to be forty cent bacon.

If, as meteorologists claim, we are to have a lack of rain this fall we dare say it will not interfere with the political mud-slinging.

FEDERAL AID FALLACY

There is no doubt that the financial plight in which many states find themselves has been caused largely by the making of appropriations to match Federal Aid for road building. While the building of roads is a highly commendable proceeding, the fact is that the states have bankrupted themselves by going too fast, spurred by the temptation of Federal Aid.

Since 1917 the United States Government has appropriated approximately a billion and a half dollars for highways, requiring the states to appropriate a like amount in order to obtain their proportion of Federal funds.

The states have eagerly swallowed this bait, apparently looking upon it as a gift from heaven. But, as every sensible person might have readily seen, these Federal sums had to come from the pockets of the public, just as the state funds do.

In other words the government says: Uncle Sam will tax you a billion and a half dollars for roads, provided you let your state governments tax you another billion. And the pork barrel politicians tell you how generous Uncle Sam is—with your own money.

Of course, if Uncle Sam is going to tax the states for their pro rata of the Federal Highway fund anyway, each state government feels that it must impose a tax upon its own people to meet it or lose its proportion of the Federal Aid.

Thus a sort of vicious circle is created, from which the states can hardly escape. For if any state does not match the Federal aid offered, it must still pay its proportion of the Federal tax and see it go to states which do. By this system a club is placed in the hands of the Federal government with which to virtually force each state to match its own funds, whether it can afford to or not.

In practice the so-called Federal aid is merely a bureaucratic scheme for coercing the states into bankruptcy, to keep the Federal government in its similar condition.

HOLIDAY NOTICE

Saturday, July 23, 1932 being State Primary Election day we will observe same as a holiday and will not be open on that date. First National Bank.

Correct this sentence: I always read the political platform carefully before deciding which candidate to support.

IT WON'T BE LONG NOW

Saturday, July 23rd, is only a few days off and the candidates will be thinned out to two in a hill on that date. Another month of campaigning and cultivation on the part of the several candidates, and they will be thinned out to a stand.

Remember, those who are nominated in the July and August primaries will be your officials for two years to come, and it behooves us all to select the best timber available for our servants in office. Vote a judgement vote this year instead of a sentimental and prejudice vote. The field is full of candidates, some of them are among the best citizens we have and others are just candidates. However, there are plenty to select from, and let's get right down to business and choose the best to represent us during the next two or four years.

The editor is handicapped this week in trying to write articles for our readers that will be interesting. The fine rains over the county the past week called for much work to follow, and the threshing season is on in full blast where threshers can run, and the people are busy from early to late. Farmers are too busy to stop and talk to you, and politicians are so numerous we have nothing to dredge from but candidates. The writer being numbered among those seeking sufferage, he has a hard time concentrating on anything but politics. In our efforts to divert our thoughts to something other than politics, we are constantly interrupted by other candidates seeking favors, and our mail is just a mass of political dope from candidates over the state seeking publicity and offering explanations why they are asking for these favors complimentary. It would require the services of several helpers to read the dope that comes to our desk, much less to set it up and print it. Politics is politics and the road to victory is not paved with lovely shade trees, loaded with fruit and sweet-scented blossoms.

Gib Callaway Makes Statement Dist. Judge's Race

I have only made one statement concerning the issues in this race. My opponent has made three or more replies to that statement. It costs more than fifty dollars per day to reply to these statements through the press. To Judge Miller, whose private fortune is estimated at about \$100,000.00 and who, during the past 3 1-2 years has been drawing a salary of \$5,000.00 per year, such expense is a small item, but to me it is prohibitive. Having made three statements as to his record, he should have it as nearly correct as he can get it.

He at first made a statement leaving the impression that of hundreds of cases appealed, only about half a dozen had been reversed. On July 5th, he made a second statement showing three cases reversed from McCulloch County, six from Brown, and saying he had been unable to get Coleman County. On July 14th he made a third statement, which shows 31 reversals out of a total of 96 cases appealed. In this statement he shows 8 reversals from Brown County instead of 6, as claimed in his second statement. However, this third statement is incorrect, since there have been at least 12 cases reversed from Brown County as follows:

- No. 4268, State of Texas vs. O. T. Leonard, Murder.
- No. 4229, State of Texas vs. Ben Pittman, Swindling.
- No. 4371, State of Texas vs. Wm. Turner, Wife Desertion.
- No. 4420, State of Texas vs. Ausey Woodbridge, Possession.
- No. 5657, B. U. Ross vs. Webb-North Motor Company, Suit for damages.
- No. 7671, Bettis, Administrator, vs. I. T. A. Insurance Company, reversed and rendered in part.
- No. 5726, Natural Gas & Fuel Co. vs. Community Natural Gas Co., et al.
- No. 5738, Homer Chastain vs. Mauldin.
- No. 5761, Ellis Daughtry vs. Blanket State Bank, et al.
- No. 5775, Townsend vs. Challette.
- No. 5851, Austin-Morris Co. vs. Malcheff.
- No. 5946, Cox vs. Gaines.

If, with all this investigation, Judge Miller has only found two-thirds of the cases reversed in his home county should we trust him with the important position of Judge? My opponent's last three statements are filled with bitter insinuations attacking the motives and integrity of myself, my relatives and even other lawyers in the district, who he says are supporting me.

My opponent states that his "appellate record is unusually good." Again he says: "That my appellate record is much better than the average of the state; cannot be denied." Passing in review the venerable J. O. Woodward, Judge John Goodwin, and the other illustrious men who have served the district in the past, he boldly states in his last circular: "I have made the best district judge this district has ever had."

Judge Miller has laid down a rule that he will not grant a divorce on cruel treatment until the parties have been separated one year; although the statute authorizes the divorce immediately. He has made a further rule that no waiver will be accepted in a divorce case, unless acknowledged before a notary public, although the statutes make no such requirement. If a district judge can arbitrarily substitute his own views or whims for the constitution and statutes of your state in divorce cases he can do so in any other cases.

My opponent in every statement stresses the fact that I am a "criminal lawyer." If he means to say that because I defend those charged with crime, I should be discredited, I might remind him that the late Chas. Reardon, his father-in-law, and the man to whom he owes whatever standing he has as a lawyer, was for years the outstanding criminal lawyer of this section. He was a successful criminal lawyer, and a successful criminal lawyer, the must have

an intuitive knowledge of human nature, and the feelings and motives that actuate the human heart.

A circular, signed by some of the lawyers of Brownwood, has recently been distributed commending my opponent's fairness and impartiality. The records of the District Attorney's office show that one firm of lawyers who signed that circular, and who represent a large per cent of the bootleggers, have been granted new trials in more than 50 per cent of all their contested cases in the last year and a half. They have received a greater number of new trials at the hands of Judge Miller than all other lawyers of the district combined, in criminal cases. Your District Attorney, whose duty it is to contest such motions, will verify the correctness of this statement.

These two lawyers are both members of Judge Miller's Sunday School class, and are both now on the stump for him. The most of the lawyers who signed the circular practice mostly civil law, and were no doubt ignorant of these facts. No doubt they were induced to sign such circular, because of sympathy, or because of persuasion on the part of those having personal reasons for wanting to see Judge Miller re-elected.

I believe the people of the district will resent this effort to control their choice.

PROPERTY VALUES IN TEXAS DECREASE REPORTS INDICATE

AUSTIN, July 16.—Property valuations upon which the state ad valorem tax rate is supposed to be fixed automatically, have dropped approximately 20 per cent, early reports indicate. Reports from the counties were required to be mailed by yesterday. Comparatively few have been received by the state comptroller. Some startling figures are shown by those already here.

Gregg county in the East Texas oil field stands out in sharp contrast with an unprecedented increase. Values have jumped from \$6,282,000 last year to \$73,879,000. Upshur county in the same field shows a jump from \$5,500,200 to \$10,000,000. Other counties in the field are unreported.

On the other side of the picture, Floyd county shows a drop from \$12,000,000 to \$8,000,000; Tarrant a drop from \$177,000,000 to \$167,000,000; Hidalgo from \$63,000,000 to \$43,000,000; McLennan from \$70,000,000 to \$3,000,000; Williamson from \$27,700,000 to \$21,000,000; Taylor from \$24,100,000 to \$19,500,000; Johnson from \$22,000,000 to \$16,000,000; Limestone from \$23,300,000 to \$19,000,000; Palo Pinto from \$14,700,000 to \$12,000,000 and DeWitt from \$18,000,000 to \$15,500,000.

OIL MAN BUYS COLEMAN COUNTY POLLED HEREFORDS

One of the recent sales of registered double-standard Polled Herefords by the Gill Ranch, Whon, Texas, was thirteen two-year old bulls to Ernest Kirkpatrick of Brownwood, Texas and Tulsa, Okla. Mr. Kirkpatrick is an extensive oil operator, being a partner of the late T. B. Slick. He has recently come into possession of the old Coggin Ranch in Brown County and is stocking it with some choice cows. Bryan Baxter, a nephew of Mr. Kirkpatrick, is associated with him in the deal and will be in active charge of the ranch.

THE CRUCIAL TEN PER CENT

The people of the United States consume about 90 per cent of what they produce. Ten per cent normally goes abroad.

That may seem a small drop in the bucket. But, as David Lawrence recently pointed out, the ten per cent may mean the difference between prosperity and depression in this country. A ten per cent profit on an investment is a very good one. A ten per cent drop in the business done by a concern usually makes drastic retrenchment essential.

In 1931 the United States sold abroad \$2,500,000,000 less goods than in 1925. Yet, even in 1931, more than \$1,500,000,000 was paid to 1,400,000 people directly involved in manufacturing products for export. According to Mr. Lawrence, if we could get back the two and a half billions of foreign trade we have lost, we could put more than 1,500,000 men to work, earning about \$1,500,000,000 in wages, all of which would serve to swell our purchasing power as a nation. Another 1,400,000 persons would be put to work supplying the goods these re-employed people would want to buy. The net gain, therefore, would be employment for close to 3,000,000 workers—more than a third of those now out of work.

There is not a state or a town in the country which is not adversely affected by the decline in foreign trade. In these days the commerce between nations grows steadily more important to the stability and prosperity of the world. It is an international problem, but it is a problem which narrows down until it reaches the smallest hamlet in the land.—Ex.

Both parties are said to face the campaign with confidence. Anyway they may be confident that voters will not take platforms or campaign promises too seriously.

Up at Newport, New Hampshire there lives a soap manufacturer by the name of Billy Van who originated the \$5.00 Club" idea. Each week some member of the club writes a check for \$5.00 and uses it to pay for merchandise from another member," the check can't be cashed until it has been endorsed by every member of the club—until it has been spent with every member of the club, including the man who wrote it originally—and then he tears it up and throws it in the waste basket! By this simple device Billy Van has taught townsmen the meaning of cooperation and has demonstrated the power of money in circulation.—Woodson Record.
