## As We Sit and Think

(Sometimes Just SIT)

This is Monday, and we are still thinking of politics. It seems useless to search other papers for a thought, unless one is looking for a new political thought, and I think the most of the thinking facilities have been overworked this summer in search of something new to tell on the other fellow. If Jim Ferguson and those working in the interest of Governor Sterling have not exhausted the vocabulary for thoughts, it was because they got drunk rehashing the old ones.

At this time it appears that Mr. Sterling has been renominated, but by only a small majority. According to reports coming over the radio, Mr. Sterling has a lead of 3400 votes, and most all the votes have been accounted for. This is close for a vote of almost one million in number.

We have been reminded that during the Hogg and Clarke campaign, back in the nineties, there was a difference of only 600 votes in the final, but that was before our political days. This is close enough, and most too close to really be comfortable.

There were some races in the county uncomfortably close. Shorty Brown nosed out L. E. Collins by about 115 votes for Tax Assessor, and J. B. Hilton nosed out W. E. Gideon for District Clerk by less than 20 votes. Out in Tom Green County, the present County Judge, G. F. Jones was re-elected by only 3 votes over his opponent, Judge J. T. Mathison.

In the three places for Congressman at large, George B. Terrell of Alto, former Commissioner of Agriculture, defeated Pink Parrish of Lubbock for place one. Joseph Welborn Briffy Jr., of Dallas defeated his opponent, J. H. (Cyclone) Davis of Sulphur Springs for place two, and Sterling P. Strong of Dallas defeated Joe Burkett of San Antonio for place three. Terrell and Bally are anties, and Strong is a pro, however, Mr. Strong favors submission and pledged himself to support the democratic national ticket.

C. V. Terrell was renominated for Railroad Commissioner over his opponent, Lee Satterwhite and Col. E. O. Thompson of Amarillo defeated his opponent, W. Gregory Hatcher of Dallas for the four year term.

J. E. Ferguson has made a request to be mailed to him at Austin, stating that the vote is too close to take any chances.

There will probably be some contesting and the matter may not be settled for some time. The election is over, and cotton is selling for about twice as much per bale as it did last year, the country is full of feed and good things to eat, the wardrobes are all empty, so is the family pocket book, clothing on hand is badly worn and in some places worse than that, but, "Every day in every way, things are looking better."

It has been a hard season on the newspaper men, especially the small papers over the country. Candidates were out for all the publicity they could get, but were very slow to turn loose the cash. The mails have been flooded with political dope, and much personal work was done. The papers were full of politics for several weeks, and one who detested so much political bunkum has been at a loss for something else to write about. Maybe in the future, we will find other subjects to write about and we hope to make our columns more interesting.

Just at this time a young man from the Rockwood community came in and offered to trade us fryans for the Santa Anna News a year. We traded, and will trade with all others who come and make the right approach. Later: Well, we had to think some more. Mrs. Ferguson's majority Wednesday is 1399 over the present Governor, due to re-counts and other reports coming in. The Texas Election Bureau now accounts for 949,571 votes, giving Ferguson 475,735 and Sterling 473,838. There are a few votes yet unaccounted for, but not enough to change the majority very much. Mrs. Ferguson has the nomination, but there is no con-

## Legislature Meets In Special Session

Governor R. S. Sterling issued a call last week for the Legislature to meet Tuesday of this week in an extra ordinary session to pass on some needed tax relief.

The principal subject submitted for consideration was legislation providing for the state highway fund to assume payment of principal and interest on county and district road bonds, issued for the purpose of constructing roads now a part of the state system.

Assumption of that indebtedness would take from the taxpayers in the counties affected what Governor Sterling termed in his message "a ruinous load of x x running as high as two dollars on the one hundred dollars valuation in some instances."

The governor also asked that a law be enacted remitting interest and principal on delinquent taxes provided they were paid prior to January 31, 1933.

Insurance Amendments Another subject submitted was amendments to statutes to permit insurance companies and building and loan associations to make investments in the stock of the federal home loan banks, created by a recent act of Congress.

He said alterations in Texas laws governing these companies were necessary "so that home owners might have the benefit of those institutions in financing and refinancing and carrying and extending loans on their homesteads."

## Baptist Church

The revival, which has been in progress for two weeks at the Baptist Church, closed Sunday night as far as the protracted preaching is concerned, but we feel that the revival spirit and work of righteousness will close only with the closing of time.

Dr. J. B. Leavell, of Nashville, Tenn., who did the preaching, left after the service Friday night to commence a meeting at Huntsville Sunday night. Brother Joe Trussell left Sunday afternoon to go to another meeting at Grand Saline. These brethren were used mightily of the Lord while here, and we feel that our community will be better religiously for many years because of their coming our way.

There were many professions of faith, approximately 65, many reclaims, and 28 additions to the church by letter and statement. Fifty-six have been baptized into the fellowship of the church.

We will have all of our regular services next Sunday. The pastor will preach at both hours. You are invited to worship with us.

Hal C. Wingo, Pastor.

## American Legion Labor Day Rodeo

Thursday morning the Scott Brothers Trio from Abilene, accompanied by Will W. Watson, Alvin Barnes, and Mr. Ruck Sibley, Chief of Police of Abilene, were here in the interest of the American Legion Labor Day Rodeo at Abilene to be held September 5 and 6. They were touring West Texas with a sound car owned by Mr. Barnes, with Mr. Watson doing the announcing. Mr. Sibley represents the Patrons Post 57 of the American Legion.

The group made a very attractive offer to any woman who might wish to ride in the Women's Horse Show. Four valuable prizes will be given.

The money made from the Rodeo will go for the building of a home for the American Legion in Abilene.

Mr. and Mrs. Sam Bridges have come here from San Angelo, and plan to make their home here.

By the time we go to press Thursday, we may have to think some more, but our thoughts at of this splendid couple will re-echo the boy the calf run over.

We overlooked the race between Mr. J. W. Gustin of Coleman and Miss Carrie Reeves of Brownwood for Representative in the 125th district. Mr. Gustin is the winner by about 300 votes.

## SPLENDID COUPLE MARRIED HERE SATURDAY

Friends throughout the country will join the Santa Anna News in extending congratulations and best wishes to C. A. Crump and Miss Artie May Stewardson, upon their happy marriage last Saturday afternoon.

The couple drove up to the Methodist parsonage about 4:30 Saturday afternoon, presented the proper credentials to the pastor, Rev. G. A. Morgan and requested that they be made as one. The preacher soon performed the act and sent them on their way to be happy ever afterwards.

Mr. Crump is the popular carrier on route 1, and owns some splendid properties in Santa Anna. He is not only a good servant of the Postal Division of the U. S. Government, but a splendid citizen and very deserving of the fine lady he has won for life's companion.

The bride, a niece of Mr. Sam Stewardson, where she made her home, is a member of the well esteemed pioneer Stewardson family, and by reason of her wide acquaintance, has as many friends as any young lady in Coleman County. She is worthy and deserving in every respect of the companion she has given her name and united her life.

Congratulations are very much in order and the many friends present are similar to those of yore to hear of their marriage. Mr. and Mrs. Crump will make their home in Santa Anna where Mr. Crump will continue his services as carrier on route 1.

## LITTLE WILL ROGERS HARRIS

Will Rogers, the little three year old son of Mr. and Mrs. Rep Harris, died in the Sealy Hospital last Thursday, following an emergency operation for gangrene appendix and peritonitis. Little Will Rogers was born Christmas Day, 1928, and died August 25, making him three years and eight months old. His little remains were buried in the local cemetery Friday morning, following funeral services conducted at the home of his grandmother, Mrs. J. B. Harris, west of town.

The Santa Anna News joins other friends in extending sympathy to Mr. and Mrs. Harris and the other children in their bereavement.

Miss Welma Williams returned to her home Sunday from an extended visit with Mr. and Mrs. J. S. Hudson of Talpa.

## PRESEYTERIAN CHURCH

The first Lord's day of the month of September is an important time. September is the opening of the autumn, the season in which we gather the fruits of the fields. A season that is joyful because we praise the Giver of all good things with the spirit that is thankful.

Sunday morning there will be special music in the hour of worship.

The Christian Endeavor will meet Sunday evening. This being the first Sunday of the month, it is Consecration Meeting.

M. L. Womack, Minister.

## County Workers To Meet In Coleman

- 11:15 - General Work - Dr. A. E. Prince.
- LUNCH
- 1:30 - County Board Meeting.
- 1:30 - W. M. U. Meeting.
- 2:30 - Devotional - F. A. Adam.
- 2:45 - This Year's Work - Hal C. Wingo.
- Closing season of Prayer.

## It Was A Beautiful Scene

We refer to the baptismal service held at the Baptist Church Monday evening of this week.

Pastor Wingo preached a short sermon on the subject of baptism at 8 o'clock, and the baptizing followed. There were 31 women and girls and 21 boys who obeyed the ordinance of baptism, if we have the number correct. Three more were to be baptised Tuesday in Home Creek.

The two weeks revival that closed this week was a wonderful meeting. About fifty conversions and a number of rededications. The church members of not only the Baptist church, but of other denominations have been greatly revived and much and lasting good has been accomplished.

Personally, the service Monday night was impressive and appreciated by the writer. Our baby child, Mary Josephine, 9 years old, was among those to be baptised. All the other children having professed their faith in the Lord Jesus Christ and followed Him in baptism during other years, then for the last one to join and make it a united family, it is great indeed.

We are inclined to want to write a general lecture right here, addressed to those who recently confessed their faith in God and united with the church, but we feel our inability to do so. Anyway, you will not find all of life to be smooth sailing. The path of sin is broad and has many attractions, and unless you live close to your Creator and communicate with Him daily, the path is going to be hard to follow. It is easy to live an exemplary life if you never once let sin get started in your lives.

Once you let sin get hold on you and it takes much effort to get back in the straight and narrow path. Straight is the gate and narrow is the path that leads to life everlasting, broad is the road that leads to eternal punishment and many are the attractions to lead one in that direction.

The closer to God you live daily the less attractions sin will hold for you. Sin, in all of its attractiveness cannot overcome the joys of salvation if you live close enough to God. The God who created you and put you out into this world will never forsake you so long as you live in His sacred realm. But when you neglect your daily prayers and devotion to God Satan will come into your life and rob you of many joys a Christian is entitled to enjoy.

## Methodist Church

Sunday School at 9:45 A. M. Morning worship at 11 A. M. Subject: "A Communion Meditation." Evening worship at 8 P. M. Subject: "Bearing the Cross." G. A. Morgan, Pastor.

Mr. and Mrs. Charlie Freeman from Oklahoma and Mrs. Dillard Freeman and daughter of Fort Worth came Saturday for a visit with Mrs. C. F. Freeman and other relatives. Mrs. C. F. Freeman accompanied Mrs. Dillard Freeman home Tuesday.

## Garland Futch, Coleman, Killed in Crash 4 Others Injured

Coleman, Texas, August 25. Garland Futch, about 22 years old, son of Mr. and Mrs. W. L. Futch, 1315 Colorado street, was instantly killed as a result of an automobile accident, two miles east of Ballinger shortly before noon today.

Moderate Pierce, about 23, daughter of former Representative A. L. Pierce, Bowen, received a broken collar bone and a severe cut about the face and arm and was carried to the Ballinger sanitarium. She is a 1927 graduate of Coleman High.

Erma Thompson, who lives at Silver Valley, former correspondent for the Coleman Democrat-Voice, received scratches and slight bruises. Truman Ragsdale, 25, son of Neal Ragsdale, and Ireland Hubert, son of R. R. Hubert, city employee, were injured slightly but had been released from the hospital shortly after noon.

The youths were riding in an Essex just a short distance from Ballinger when the machine got out of hand and overturned four or five times, according to information given the Democrat-Voice.

Young Futch had just recently returned with the Coleman company from the Texas National Guard camp at Paudios. He was well known and generally liked in the community.

He was a football star during his high school days here.

His father, special agent for the Santa Fe railroad, his mother and his wife and a brother left about noon today for Ballinger.

Garland Futch and Erma Thompson were riding in the rumbly seat of the automobile at the time of the accident. D. V.

## WHY SMILE AT DREAMERS

Why Smile at Dreamers? Back in olden times most people were satisfied with their progress, but a few were thinking far beyond their times. They were the "dreamers."

The world was too small for Columbus. He gave us a new world.

Bows and arrows and broad-swords were effective, but their range was too short. Dreamers produced our great array of modern guns, and gas, and bombs.

Sailing vessels were small and somewhat slow in their movements. Fulton, the dreamer, produced the steamboat, the forerunner of our present magnificent shipping.

Edison, the boy who dreamed of great things, did not approve of kerosene lamps and candles. Now we have electric lights.

Alexander Graham Bell found interstate communication too slow for our growing expansion. He gave us the telephone, and later came the cable across the seas.

Marconi, also, dreamed while others smiled. But we have the wireless as the result of those dreams.

Ox carts, wagons and bugies were too slow for a changing world. Steam engines and long trains of cars replaced them.

Octave Chanute and the Wright brothers saw the birds flying through the air and wondered why men could not do the same. Man now flies with ease and safety.

The world was large and nations and cities far apart. Now the radio has made them as one community.

We might continue indefinitely listing the great achievements that have sprung from the minds of dreamers. But to what end? They are no longer dreams—they are accomplished facts—and the world which benefits from the ridiculed dreamers takes them as a matter of course.

Professor Piccard, the bushy haired Belgian scientist, has a mind fixed upon the stars. Dreaming of course, but some day it may be more than an idle dream. He, or some other, may be among them, blazing the trail of interplanetary communication and commerce.

Nothing is impossible as long as we have dreamers to point the way.

The Purdy Mercantile Company is moving this week across the street to one of the new buildings west of D. R. Hill & Bros. store.

Any erroneous reflection on the character of any person or firm appearing in these columns will be gladly and properly corrected if the attention of the editor and publisher is called to the matter.

CHANGE IN MAKE UP

Due to business conditions, or, the lack of business, the Santa Anna News has been compelled to cut to a four page sheet for the present and we will continue to use this somewhat "Tabloid" size until such a time as we are justified in going back to an 8 page paper.

We have a number of delinquent subscribers, most of them have been to see us, and have told us they enjoyed reading the paper, appreciated the advertising information, and if we could continue sending it to them they would exert a special effort to pay us some time in the future.

Most of our readers have been bonafide subscribers for several years and have always managed to pay us, and we believe in them and expect to collect for the paper sooner or later. But, the question is now, How Soon?

We are outlining a very attractive subscription offer and plan to have it ready soon. But don't wait for a special offer, just come on in, we will frame one up p. d. q. if you want to settle for your back subscription.

TAPS ROCK, GETS SPRING

Brady, Texas, August 27. The biblical story where Moses smote a rock and produced a stream of water was paralleled by state highway workers in McCulloch County who blasted a rock and got a limpid flow of artesian water.

Grasshoppers and Communists

Grasshoppers and communists are about the noisiest things in this country.

Both are pests, destructive, and of no value whatever.

The grasshopper destroys crops.

The communist seeks to destroy our social fabric.

Government and states wage war against the grasshopper.

The communist wages war against both the states and the government.

Why seek to eliminate one and allow the other to multiply.

Mr. and Mrs. Carl Mathews are giving a party Saturday night for the young folks.

The Clan of Roosevelt

One of the most curious illustrations of the fact that most people don't seem to know what is going on in the world is the recent visit by Mrs. Theodore Roosevelt, widow of the former president, of several hundred letters and telegrams congratulating her upon the nomination of her husband for the Presidency!

There were also a good many thousands who wrote to Franklin D. Roosevelt, the Democratic nominee for President under the impression that he is a son of the former President.

As a matter of fact, his wife is much more closely related to the late Theodore Roosevelt than Franklin D. Roosevelt is. She was the daughter of Theodore Roosevelt's brother, Elliot, and that makes her a first cousin to the present Theodore Roosevelt, Governor-General of the Philippines.

One has to go back nearly two hundred years to trace the relationship of Franklin D. Roosevelt to Theodore Roosevelt, but it is there.

**HOT ON THE JOB**

Four members of President Hoover's cabinet, are destined to be much in the public eye between now and the November election. They are Postmaster General Brown, Secretary of War Hurley, Secretary of Agriculture Hyde and Secretary of the Treasury Mills. They have been termed "The Four Horsemen."

When the president wants to put out a statement that does not come direct from the executive offices it is one of these four men who makes it for him. When he needs defending on some controversial point, they do the defending for him. They are his spokesmen, his defenders, his political body guard.

They are the president's "Man Friday" multiplied by four, and they are hot on the job.

**Meeting Competition**

Having lost much of their business to the freight and passenger buses, railroad executives are considering the merits of a new bus that has been perfected which is designed to run on rails or public highways, as required.

This bus, recently exhibited in Chicago, has two sets of wheels, one of rubber for highway travel and also for support of the load on steel rails, and the other of smaller make and with flanges to prevent the buses from leaving the rails.

Buses could travel singly or in trains of fifty or more, and could leave the rails at any desired point and take off over the highways in delivering their freight and passengers.

It may be the beginning of a revolution in traffic.

**Thorough Preparation Key to Success in Fall Gardening**

Pointed out by C. V. Robinson, County Agent, that fall garden should furnish fresh vegetables from the middle of September to Christmas. Rains that we have had this month have made the garden spots as well as the place to plant a fall garden.

Prosperity may be just around the corner but we had better make the corner to go around so it is up to each one to grow as much as he can this fall and let what he has earned lie on the shelves.

"Most fall gardens that fail do so because they were plowed and disced only once, leaving big clods," he says. The ground should be plowed shallow, disced several times, and allowed to settle. Weeds should not be plowed under but cut out and raked away. If possible some fertilization should be used as it is needed more in the fall than in the spring.

Slower maturing vegetables suitable for planting from August 10th to September 1st are cucumbers, cream peas, pinto beans, Irish potatoes and winter squash. If not planted during that period these vegetables should not be planted at all. For September planting are suggested cabbage, radish, Cauliflower, Carrots, beans, onion sets, beets, turnips and tender greens.

Mr. Robinson states that there are plenty of lots that would look lots better if they were growing gardens than weeds, all one would have to do would be to cut and rake the weeds and work them up so the ground would not be cloddy, then plant and if water is available damping the top of the ground or wait until it rains. But to wait until it rains and then prepare the ground might be too late.

Mr. and Mrs. W. B. Hampton and two children, Mary Lee and W. B. Jr. and Mrs. S. H. Phillips, a former citizen of Santa Anna for thirty years, now living in Gonzales, came in Tuesday from a western trip, where they visited other members of the Phillips family. Mrs. Annie Phillips Shallow, San Jose, California, Miss Kate Phillips and Mrs. L. D. Terry of Tucson, Ariz. The Hampton family will join them here next week.

Mrs. Viola Mays leaves today (Friday) for Galveston, where she will be employed by Adriance and Sons, Real Estate and Insurance.

Mr. and Mrs. Whitten McKinney had as their guests the first of the week three cousins, the Misses McKinney of Dallas.

**County Meets**

By Roy Bedichek, Chief, Interscholastic League Bureau, University of Texas.

(The following article is one of a series written by Mr. Bedichek on various aspects of the Interscholastic League work in Texas.)

September is a significant month in American life for in this month generally throughout the entire nation, "school begins." These magic words mobilize the boys and girls on a scale and with a thoroughness unparalleled in the recorded history of past centuries and unknown in any other country of the world today. The American free school is at once the inspiration and the despair of aspiring democracies throughout the world. It is the one distinctly American institution; it is the greatest step as yet made towards the great ideal of "equal opportunities for all and special privileges for none."

Associated in Texas with the work of the public schools, organized by them and largely conducted by public school teachers and officials is the University Interscholastic League. Its organization for the current school year also begins in September. In counties where county teachers institutes are held before the classroom work of the schools begins, we usually find a period devoted to the organization of the county league. For many years the constitution and rules of this organization has contained the following paragraph:

"First of all, aim to secure a good live county organization. As the membership of the League increases, emphasis should more and more be placed on county meets since it is here that the schools as a whole receive the most benefits from the league activities."

The county organization is formed on a thoroughly democratic basis. The county executive committee (each member of which has specific duties assigned in connection with the different contests and features of the county meet) is elected by popular vote of the teachers assembled. There is one ex-officio officer in the person of the county superintendent of schools who looks after the interests of the rural schools in he meet. Last year there were 229 of these county organizations formed which means that practically every county which contains any schools formed a county league organization.

All of the contests which are thus provided for are directly connected with the work of the schools and so planned that the schools may prepare for them and use them as a stimulus to better endeavor on the part of the pupils without encroaching to any measurable extent upon school time and unduly burdening any teacher with the work of preparation.

The program of the county meet is meant to be broad enough to include the activities and enlist the interest of practically every pupil in the school. If the pupil likes speech-making and desires to learn how to address public gatherings, there is a wide variety of contests in this field which he may enter. If he has a gift for spelling, a contest is provided in which he can show his proficiency and develop his ability. There are contests in music and art for the artistically inclined, a contest for the "wizard with figures," and so on.

On the athletic side, there are games to suit every type. There are group games and individual contests. There are games for girls and games for boys, all organized so as to bring up genuine competition, that is, "competition with a kick in it" for every school. Of course, it is necessary in order to secure effective competition to make many different divisions and classifications, both of schools and of pupils themselves, but that is too technical a matter to be described herein.

Beginning, then, in September, with the early county institutes, the leagues are formed, all pointing towards the great day of the county meet which occurs in March, usually on Saturdays in order to economize school time. Each school sends its best in the respective events to the county meets and there under the supervision of the county committee and the individual members thereof, the county championships are determined. It is a great day for the schools and for the school children. It is an exhibition day in which the interest and attention of the whole community is centered upon the general welfare of the younger generation and upon their accomplishments.

**A Sane Recovery.**

Some few people express surprise that business recovery is not more rapid. They maintain their optimism, but a feeling of disappointment is discernable. The majority of the people, however, are of the opinion that recovery is as rapid as could be expected.

Sudden spurts of a sporadic nature are not enduring. They soon die out, and there is no lasting benefit.

What the country wants and will have is a steady line of endeavor until the country is again operating at normal speed. Such a movement is under way, is being experienced every day in many lines, and will continue from month to month until the depression of the past three years is only a memory.

Be thankful that prosperity is not returning with a wild rush and a blare of trumpets that will soon wear itself out and leave us worse off than we were before.

He who builds for the present only will be of but little value to the future.

**DEATH TAKES MRS. McMAHAN**

County's 'Grand Old Lady' More Than 50-Year Resident

COLEMAN, Aug. 30.—Mrs. Mary E. McMahan, 83, Coleman County's grand old lady, died at her farm home west of Coleman yesterday morning. She had lived there for more than half a century and until she became a regular weekly contributor to the Coleman weekly paper, and by reason of her writing the subscription list of Talpa route 1 was the largest the paper had. Her comments on current events were interesting and read far and wide.

Mrs. McMahan was born September 28, 1848, in Arkansas, and her recollection of Civil War days made her a staunch Democrat. She was in fact a brass collar Democrat and never had much patience with those who booted the ticket when their favorites were not nominated. She never raised her religion and her politics.

The simple life she lived was carried out in funeral services this afternoon conducted at the Glen Cove Cemetery by Rev. J. R. McCorkle, Baptist minister of this city, and old friend of the family. Her wish that her body be conveyed to its last resting place in a hack or wagon without pomp or ceremony was complied with.

Mrs. McMahan is survived by three children, Dick McMahan who has lived with her at the farm home, Mrs. Hugh Knox of Brownwood and a daughter in Iowa.

Many from this city and other parts of Coleman County attended the funeral this afternoon.

**LET'S SWAP**

The following "Let's Swap" ads are carried complimentary by the Santa Anna News. Look them over and see if you don't have something to offer for trade. Let's make this a real feature in this paper for the next few weeks.

To trade: Canary birds and potted plants, for farm products. Mrs. Chas. Oakes.

Wheat for fresh country made sorghum syrup. J. T. Baird.

Wagon for good cow; Ford running gear for corn maize or Kaffir corn. C. B. Garrison.

P. & O. 4 disc tractor plow, also John Deer 3 disc tractor plow for Jersey cows, heifers, hogs, pigs, sheep or wood. T. J. Dalton, Gouldbusk.

400 egg incubator for a good cow. Allen-Jones, Rockwood.

Good 39-30 Winchester for a light trailer. G. A. Shackley.

A good home in Santa Anna for a farm. R. J. Marshall.

Model T Ford and one Jersey male, 18 months old for what have you. T. T. Raliff.

Good 4 wheel trailer to trade for a wagon. O. C. Wallace.

Cows or yearlings to trade for incubator. H. H. Brown.

One wyandot cockrel, for a white leghorn. Mrs. J. F. Goot.

Weldon Winn, one time a familiar figure in these parts, now living in Lubbock, paid this office a friendly visit last Friday afternoon. Mr. Winn is well remembered by a number of the old-timers in this county, especially in Santa Anna and in the communities northeast of here.

D. D. Byrne, principal of the Ward School here was one of the large group to receive his M. A. Degree from the University of Colorado, at Boulder, with this summer's graduating class. The title of his thesis was "A Comparison of the White and Negro Schools of Montgomery County." Professor Byrne was reared in Montgomery County and received his B. S. Degree from Sam Houston State Teachers College in 1926.

Mr. Byrne has been Ward School principal here for two years, and will arrive next week to take up the work for the third year. Mrs. Byrne teaches in the Primary grades.

After this article was set up we learned that Mrs. Byrne also received her Master's Degree with the class, but we failed to secure the title of her thesis. Best service possible as your Tax

**Rally Day**

GREAT RALLY DAY SERVICE. PLANNED FOR BIBLE SCHOOL AND CHURCH SERVICE AT CHRISTIAN CHURCH SUNDAY

Next Sunday is Rally Day for the Christian Bible School and every member and friend of the church is invited and urged to be present. Bible School will begin promptly at ten o'clock and Brother J. W. Gates of Coleman will preach at the eleven o'clock hour. The ladies are planning to serve dinner on the ground and every family is invited to bring a well-filled basket.

This will be an old time service which everyone will enjoy so let's make it a great event.

**SCHOOL WILL START SOON**

The Santa Anna School Board announces the opening of school Monday, September 12. The full announcement will be found in this issue of the Santa Anna News, to which you are referred for detailed information.

The Santa Anna News will welcome merchants advertisements next week, if they wish to give a little boost to the school and tell patrons what they have to offer for sale. Let us have your copy early if interested.

**TO THE VOTERS OF COLEMAN COUNTY, TEXAS**

Please allow me to again thank you for the vote you gave me in the run-off election August 27th; I want you to know that I greatly appreciate your confidence expressed at the ballot box in me, to those who saw fit to cast their vote against me. I assure you that I hold no ill feeling against you, I have at all times tried to do my duty and give the people of my County the service they deserved; so thanking you one and all, I desire to go on record as your friend.

Your humble servant, W. E. GIDEON

**Associational B. T. S.**

The Coleman County Associational B. T. S. will meet at three o'clock Sunday afternoon, September 11, at the Santa Anna Baptist Church. Leaders and directors should announce the meeting at their services Sunday so that the members will have a week in which to make plans to attend. The following program has been planned: Devotional—Rev. Melvin Livesay; Reports from Senior, Intermediate, and Junior Leaders on the progress of their work in the county and their plans for entering contestants in the state contests at Houston next Thanksgiving; a short sketch by the president on the duties of the officers, and what will be expected of them next year; the response from officers with suggestions for the year's work, and a sketch of their plans. Glen Gill, the retiring president will speak on Extension Work, and Rev. Ben Thompson will make a short evangelistic address.

The last meeting was rained out so the meeting in September would be doubly important even though the new officers were not to be installed. Your B. T. S. needs the Association, and the Association needs you. Plan to attend the next meeting with a complete representation of the B. T. S. from your church.

Miss Mary Harriette Simpson returned to her home here last week after an extended visit with her sister, Mrs. Clarence Webb, of San Angelo.
