"He Profits Most Who Serves Best"

VOLUME 47

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAY 27, 1932

NUMBER 22

## President Shot!

Paul Doumer, President of France who was killed by a Russian lunatic. He was 75 years old, son of a railroad worker, and had been President only one year.

## Mrs. W. L. Day, of Pioneer Family, Dies Past Week

Early last Saturday morning Mrs. W. L. Day passed away at the Day home in the Liberty community east of town.

Mrs. Day was a member of a pioneer family that moved here from Austin in 1834. Mrs. Day was a daughter of Dr. and M. S. W. B. Beakley, who came to Texas from Missouri in 1861. Mrs. Day was born in Austin in 1868. The family moved here in 1884. She was married to W. L. Day in 1888. She is survived by the following children: Mrs. Lonnie Alcorn of Talpa, Mrs. E. M. Tisdell of Whom, Miss Ida May at home, who is one of the teachers in the schools at Brownwood, Roy Day with the Magnolia Petroleum company at Fry, Ear Day at home. The following brothers survive her: Dr. G. W. Beakley of Levelland, Dr. J. D. Beakley of LaVernia, Dr. J. F. Beakley of Shannon, Dr. B. B. Beakley of Melvin and one sister, Mrs. E. P. Rendleman who lives between Santa Anna and Whom.

Mrs. Day left a large number of friends who will join the family in their bereavement. She was true to her companion, her children, her friends and loyal to her God. We do not know when she became a Christian, but have often heard of her noble Christian character. Her past life is a monument to righteousness and good deeds.

The remains were laid to rest in the Santa Anna Cemetery on Saturday afternoon, after a funeral service at the family home. The flowers were mute testimony of the high esteem in which she was held. The community has lost a treasured citizen and Heaven has gained a jewel.

## Primitive Baptists to Hold Meeting Beginning June 3

The Primitive Baptist Church will hold special services at its building in the west part of the city, beginning on Friday before the first Sunday in June, and continuing through the first Sunday in June. The first of the services will be held at 2:30 on Friday afternoon, June 3rd.

Rev. C. H. Richards, pastor of the church, announces that the congregation is expecting Elder E. V. Gibson of Eldorado to be here for the meeting, and also states that sacred harp singing will be held all day Sunday with dinner served at the church for all who attend.

Members of the church state that a very cordial invitation is extended to the public to come and worship with them.

### LATE CHICK HATCH

We have a few baby chicks at the Evans & Nell Hatchery from our bloodstested, master bred Plymouths, to sell at a price cheaper than we have sold any this season. Some are two weeks old, and others hatched this week. If you need a few real birds, this is your opportunity.

J. J. GREGG

Dr. E. D. McDonald returned to his home here Tuesday after several days visit with his father, who has been very ill in Dallas.

Mr. and Mrs. Sam Forehand spent the past week-end visiting in Comanche.

## French President

Albert Le Brun, elected President of France to succeed Paul Doumer, who was assassinated on May 6.

## District Legion Meet in Mineral Wells, May 28-29

MINERAL WELLS, May 23.—At least four hundred Legion members, their wives and guests, are expected to attend the 17th District Convention which will open in Mineral Wells Saturday afternoon, May 28, and continue through Sunday, May 29. The program promises to be somewhat varied from those held in the past in the matter of entertainment, for this year there will be a floor show, swimming party, bridge party, and other entertainment for the ladies in addition to the usual dance, noon day luncheon and church and business sessions.

Lieut. Governor Edgar Witt, State Commander Earl Eap, State Adjutant Bob Whittaker, and a number of other distinguished guests will be on the program.

The following program has been announced:

**Saturday**  
1:00 p.m.—Registration.  
4:00 p.m.—Concert by 124th Cavalry Band.  
6:00 p.m.—Music by Baker Hotel orchestra. Also additional musical stunts.  
8:00 p.m.—Floor Show at the Baker.  
9:00 p.m.—Dancing on Baker roof.  
**Saturday**  
8:00 to 9:00 a.m.—Swimming party.  
11:00 a.m.—Church services.  
12:30 p.m.—Luncheon and program.  
1:45 p.m.—Business session.

At the business session problems of compensation, hospitalization, widows' and orphans' membership, resolutions and policies will come up, and the last thing is the selection of the next convention city.

## Silver Valley Boy Accidentally Shot Monday Morning

COLEMAN, May 23.—Tragedy marked the auspicious closing of the old Silver Valley school in this county the past week-end when one of the students, 14-year-old son of T. W. Calk, was accidentally shot with a pistol that was to have been used in a play.

Those that were to take part in the play had congregated at school yesterday morning and had the pistol. Not knowing it was loaded they were careless with it. It was accidentally discharged, according to County Farm Agent C. V. Robinson, and struck young Calk, snooting one finger off of one hand and three off of the other hand after which the bullet penetrated the thigh and broke the hip bone.

## Brady Woman and Daughter Drowned In San Saba River

BRADY, May 23.—Mrs. Henry F. Virdel and her daughter, Hazel, 15, were drowned Sunday afternoon in the San Saba river. Mrs. Virdel's body was recovered a short while after the drowning but the daughter's body was not taken from the water until late Sunday.

The drowned girl was a freshman student in the Brady high school. This was the first drowning of 1932 in the Brady territory.

## CONGRATULATIONS!

The editor and family acknowledge receipt of several invitations and announcements of graduation at the closing of this school year. The number is too numerous for us to purchase gifts for all, but in our hearts, we possess a feeling of gratitude worth more than could be measured by any gifts we might buy.

We love our friends, and treasure them above all other earthly possessions. It is real gratifying to see so many of them succeed in achieving a high school education. It means a great deal, in fact, it speaks well for a young man or young lady to step out in life and master a high school education. We congratulate you upon your success in your school work, and permit us to admonish you to press onward and upward for still higher things. The accomplishment so far is only a foundation upon which to build an education. The better you prepare yourselves for the future, the better and bigger service you can render in life. When a person falls short of their very best, life is not what it should be, and the service is not what is expected of you. Faith, courage and endurance will win, and winners always get more out of life. Step out in life; do your utmost and life will be real instead of a tragedy.

## Key of Dallas to Be Given Lions in State Meeting

DALLAS, May 24.—The key of Dallas will be given "key men" in Texas Lionism when the Texas State Convention of Lions Clubs meets in Dallas, June 6 and 7, declared A. S. Stewart, secretary of Texas Lions.

"A special recognition of these men who have contributed so much to Lionism will be provided for during the two-day convention" Mr. Stewart announced. Plans along this line are now being worked out.

Julien Hyer, of Fort Worth president of Lions International will address the Texas convention on "The Job Ahead," June 7. Congressman Martin Dies, Jr., of Orange; Col. Alvin M. Owsley, of Dallas, former national commander of the American Legion, and Dr. Robert A. Clark of Paducah, Ky., ex-officio member of the executive committee and of the board of directors of Lions International will be among the speakers.

Dallas is preparing to entertain the largest group of Lions ever to attend a state convention. C. J. Crampton, past president of the Lions Club of Dallas and executive secretary of the Dallas Chamber of Commerce, is general convention chairman. Among convention features are a "back lot" baseball game between the Oak Cliff Lions team of Dallas and an aggregation of

## Smart Boy

Robert Spencer Whitlow, 17, of Tulsa, Oklahoma, who won a free trip to Geneva for knowing more about the League of Nations than any other of 10,000 high school boys who competed.

## Farmer's Foot Badly Crushed by Tractor

W. S. Loabstein, well known farmer residing a few miles north of Santa Anna, sustained severe injuries to his left foot at 10 o'clock Monday morning, at his farm, and was rushed to a Brownwood hospital. His foot got caught in a tractor wheel and the big toe was mashed off and other bones in the foot were broken.

Lions from over the state, governors' banquet, district luncheons, conferences, band concerts, and special music features.

## Supreme Court Upholds Texas Truck Statute

WASHINGTON, May 23. (AP)—The Texas motor vehicle law, regulating the size and weight of loads permitted on the highways of that state was fully sustained today by the supreme court in an opinion by Chief Justice Hughes, to which no dissent was announced.

While a net weight carrying capacity of 7,000 pounds was imposed on trucks and no such limitation on passenger buses, the provision was approved. It was stated only 5,500 out of a total of 206,000 trucks had only 7,000 capacity, and that large sums of money were alleged to be affected if the law was upheld.

The court accepted the finding of the Texas legislature "That 7,000 pounds load weight, in addition to the weight of the vehicle, is the maximum load that should be allowed to pass over the Texas highways, taking into consideration the manner of the past and present construction, probable future construction, cost of maintenance, strength of bridges, conditions of traffic, etc."

Mr. and Mrs. H. T. Costin and little son, Don, left this week to make their home in Brownwood, where Mr. Costin is with the W. J. Harlow store.

## GRADUATION EXERCISES SANTA ANNA HIGH SCHOOL High School Auditorium Friday, May 27, 8 p. m.

- Recessional.

Custer in Bronze

This monument to General George A. Custer, famous Indian fighter whose whole command was killed in the massacre of the Little Big Horn in 1876, is to be unveiled on June 22 at the general's birthplace, New Rumley, Ohio.

Send the Right Men to Make Laws

It is a timely statement of purpose which Representative Harry N. Graves, chairman of the legislative efficiency committee, presents to the people of Texas. Mr. Graves' committee has been surveying the state government with a view to finding means for its simplification in the interest of economy. There are, Mr. Graves points out, 123 different boards and commissions directing the public's business, and the committee will recommend, on the basis of its survey showing how efficiencies and economies may be accomplished thereby, a reduction in this number by means of consolidations and abolitions.

Texas has resisted all efforts at simplification of its state government, so that it has become one of the most top-heavy among the States. Numerous States have attacked the problem and have solved it measurably. Several of the largest States in the Union, having greater population than Texas, have reduced the number of their boards under 29. They are doing business with as much success as formerly, and with much smaller cost to the taxpayers. A multiplicity of government agencies defeats responsibility and inhibits economy.

The business of Mr. Graves' statement rests in the fact that it comes at the beginning of the campaign for legislative places. Whether or not Texas burdensome and costly superstructure of boards and agencies is made more bearable and more effective depends upon the Legislature. The public has been thinking and talking about economy at Washington. That is more important, but economy at Austin is of more direct concern to the Texas people. Here is the opportunity for voters to exert pressure for that economy. Make sure that the candidates who go to the Legislature next term will support consolidation and elimination of state boards and agencies. Make sure that they will vote for as well as indorse in pre-election talk measures which will give practical and specific effect to the theory of governmental simplification and governmental saving.

This ought to be one year when the filling of legislative places comes in for its deserved attention at the hands of the voters. Too often in the past these contests have been decided virtually by default while the voters were engrossed with the rival claims of candidates for county and local offices where it could not possibly make any difference to the cause of governmental economy whoever was chosen. The voters should send the community's best men to the Legislature which meets in January. That session will have many opportunities to help the State, and many chances to make costly mistakes. Texas needs more than anything else an awakened electorate alert to the importance of a Legislature qualified by the strength and intelligence and honesty of its members to help rather than hinder the progress of the State.—Fort Worth Star-Telegram.

Even if we could see ourselves as others see us, we probably wouldn't believe our own eyes.

SHE REDUCED 38 POUNDS THE SAFE WAY

"I have been taking Kruschen Salts for 4 months and I think they are wonderful. I am 32 years old and 5 ft. 2 in. tall. I was very fat. I weighed 165 lbs. and now I weigh 127 lbs. and feel fine. If I let up taking the Salts one morning I feel lazy and heavy." Mrs. Florence Loftus, of Boston.

This is just one of hundreds of letters we get every month—Kruschen not only causes you to lose fat but while you are losing it you gain in health—in vivaciousness—you lose fat where fat is most prominent and at the same time keep stomach, liver, kidneys and bowels functioning naturally.

Any drugstore in the world will sell you a jar of Kruschen for a trifling sum—take one-half teaspoonful in a glass of hot water every morning—go light on fatty meats, potatoes and sweets. But for your health's sake demand and get Kruschen Salts—imitations are numerous. It's the little daily dose that does it.

Texas, A State of Extremes

Someone has said, truthfully, too, that Texas is a state of extremes. It is the wettest when it's wet, the driest when it's dry, the hottest when it's hot, and the coldest when it's cold, of any known locality. When the winds blow in March they blow as though they "meant business," yet contrast a March sandstorm with a balmy clear May-Day two or three weeks later and you catch the significance of Texas' extremes. When there's a drought in Texas there is dire need. And when the seasons smile on her plains and valleys and hill-sides Dame Nature lowers the big end of her cornucopia and pours out a profligate, extravagant harvest. Yes, Texas is a state of extremes!—DeLeon Free Press.

Reactions

- I tell you now I've learned a lot From this depression bunk. Don't measure folks by what they've got— It may be only junk. We overspent our pocketbooks— Went in for show and splurgings; We banked too much upon our looks And scorned our deepest urgings. Forsook our homes for country clubs— Spent money like the devil And acted like a lot of dubs— Sometimes weren't on the level. We let our children grow like weeds— Without our fond attention, And now we shudder at their deeds— Too horrible to mention. We burned the candle at both ends— Increased the public taxes, And when the bill Ma Nature sends The earth stops on its axis. It's time our feet got on the ground— We're coming to our senses, This nation at the heart is sound, But we must watch expenses. —Lila Lee Newberry, Little Rock, Ark., in the Sovereign Visitor.

It was quite a comedown for Babe Ruth to sign for \$75,000. President Hoover makes that much.—Sweetwater Reporter.

Planting Seed!

I have a few clean, first year run LANKART COTTON SEED at 50c per bushel. I will bring the seed to Santa Anna or will fill your orders at my home, 5 miles north of Rockwood, in the late afternoons. I also have plenty of ALGERIA SEED, and do not hesitate to recommend it as being the best all-purpose feed I have ever seen grow in Coleman county. Fine, large heads, and the stalks make fine bundle feed. Highly recommended for its drought resisting qualities. Any orders filled, large or small, at 6c per pound.

J. J. GREGG

Island Storm Center

Sir Richard Squires, Prime Minister of the Colony of Newfoundland, whose government was forced to resign by a mob which wrecked the colonial legislative building.

A Negro's Prayer

"Oh, Lawd! Give me dis ebening de eyes of de eagle and de wisdom of de owl. Connect my soul wid de gospel telephone in de central skies! Luminat my brow wid de blessed sunshine of heben. Lectify my brain wid de lightin' of dy Word. Prizen my mind wid de love of de people. Put petual motion in me through and through. Turpentine my 'magination. Grease my libs wid 'possum oil. Fill me plumb full of de dynamite of dy glory. Anoint me all oveh wid de kerosene of dy salvation! Set me on fire wid de torch of magnanimous love and send me out in dis world to do my nachul duty!" —Luther League Review.

COMFORT for COLICKY BABIES THROUGH CASTORIA'S GENTLE REGULATION

The best way to prevent colic, doctors say, is to avoid gas in stomach and bowels by keeping the entire intestinal tract open, free from waste. But remember this: a tiny baby's tender little organs cannot stand harsh treatment. They must be gently urged. This is just the time Castoria can help most. Castoria, you know, is made specially for babies and children. It is a pure vegetable preparation, perfectly harmless. It contains no harsh drugs, no narcotics. For years it has helped mothers through trying times with colicky babies and children suffering with digestive upsets, colds and fever. Keep genuine Castoria on hand, with the name: —Lila Lee Newberry, Little Rock, Ark., in the Sovereign Visitor.

IMPORTANT ANNOUNCEMENT

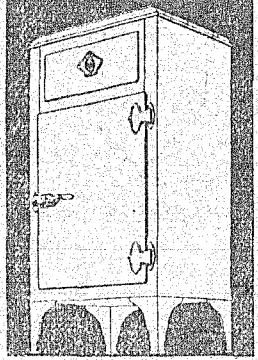

WE HAVE JUST TAKEN ON A COMPLETE LINE OF

Westinghouse Dual-automatic Refrigerators

We are announcing our appointment as your dealer in Westinghouse Dual-automatic Refrigerators. And may we add . . . that never before in our years of business have we been so enthusiastic, so impressed, as we are with the outstanding advantages and unsurpassed performance of this modern refrigerator.

Every desirable feature of automatic refrigeration . . . every detail of manufacturing precision . . . is combined in Westinghouse, PLUS the remarkable advantage of Built-in Watchman control . . . an exclusive and revolutionary Westinghouse feature that provides double reliability and double assurance of uninterrupted performance.

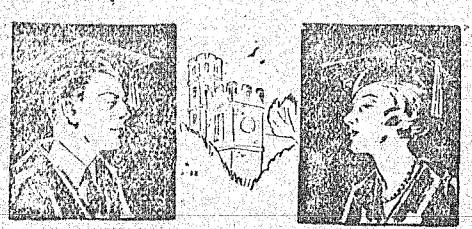

We want you to see a demonstration. For only in this way can you fully appreciate the significance of dual-automatic dependability, and the many dual-advantages that Westinghouse . . . and only Westinghouse . . . offers you today.

You are cordially invited to see our complete display. Come in . . . today!

The famous Built-in Watchman control makes Westinghouse the only dual-automatic refrigerator. It provides almost human control in keeping the refrigerator automatic and running through all kinds of emergencies.

A Word About the Future

You are through with one epoch of your life. You have ideals and a certain sense of the fitness of things. You know it is considered bad taste to talk about money at certain times and places . . . . But DO you know how important it is to THINK of money and the future? Do you realize that during the past three years thousands of destitute men and women have bitterly learned for the first time how wise they would have been to maintain a savings account regularly and systematically to meet just such strenuous times as those of today? Take a moment for thought and observation today. Start a good habit you will never regret. Start a savings account with this bank now!

The First National Bank OF SANTA ANNA, TEXAS

**Rockwood News**

A school program, consisting of songs, drills and plays, was rendered by the classes Wednesday evening at the school auditorium. Supt. Beard and Farm Agent Robinson each gave short talks at the end of the program.

The graduating class had designated Thursday, May 19th as class day. A trailer was used for the purpose of getting the members of the class to the picnic ground picked out at the Flat Rock Crossing on Home Creek. Swimming, boat riding, and wading were the chief sports enjoyed by the class. A lunch of fried chicken, pickles, deviled eggs, fruit salad, pie cake and fruit was spread at the noon hour and about 3 o'clock a big freezer of banana ice cream was opened.

Mr. and Mrs. Ernest Brusenhan and children of Coleman visited Sunday in the T. J. Johnson home.

Thursday evening Miss Pebble Steward, a member of last year's graduating class, entertained the senior class with a party at her home.

Mrs. Jack Bostick, Ray and Mary Pearl Simon, accompanied by Fred Essary of San Angelo, are visiting their parents near Lampasas.

Commencement exercises for the high and grammar school graduates were concluded at the school auditorium Friday evening for the following grammar graduates: Coleta Wise, Glenn Blackwell, Billy Teal, Jr., Catherine Ellis, Ruby Priddy, Jack Rutherford, Naomi McAvie, Conrad and Weldon McCreary, and Lois and Clova Bryan. High school students: Jaunita Holland, Frank Hodges, James Caldwell, Marguerite Johnson, Jack Johnson, Edna Snider, Ola Mae McCarroll, Mary Pearl Simon, Gwenth Cheatham, Frank Richardson, and Jessie Mae Estes.

The program consisted of the processional played by Hyla Teal, invocation by Rev. Capps, commencement song by graduates, welcome address by Marguerite Johnson, violin solo by Billy Teal, Jr., class poem by James Caldwell, farewell address by Ola Mae McCarroll, and an address by Judge A. O. Newman of Coleman. M. B. Williams gave the invocation, which was preceded by a short talk.

Miss Gladys Moore, who taught the past school term at Echo is now at home here.

**Miss Marion Polk Weds E. Sanders**

Friends here learned last week of the marriage of Miss Marion Polk, daughter of Mr. and Mrs. E. E. Polk, of Abilene, formerly of Santa Anna, to Mr. E. E. Sanders of San Angelo, formerly of Abilene. Further data is not available.

**Coleman Junct'n**

Sunday school was attended by a large crowd Sunday. The preaching services were held on Saturday night and Sunday.

We were glad to have with us Sunday at church, Mr. and Mrs. J. Horner and family of the Plainview community.

The Coleman Junction Home Demonstration Club met last meeting day in the home of Mrs. Rachel Alvey. It will be held next week in the home of Mrs. Ara Ripley. Visitors and new members are always welcome.

Mr. and Mrs. J. B. Williams, and daughter, Betty Florence, of Corpus Christi, have been visiting for the past week with their parents. They expect to return home some time next week.

Misses Lena Moore and Velma Dunn were guests of Mr. and Mrs. Kay Glasson Sunday.

Miss Vera Horner visited Sunday with Miss Imogene Ward.

Miss Elsie Whitfield spent last Tuesday night with Miss Opal Odum.

Mr. and Mrs. G. H. Dunn and family spent Sunday with Mrs. Dunn's parents of Shields.

R. A. Moore of Cross Plains visited last week with Mr. and Mrs. U. P. Moore.

There will be a B.T.S. business meeting at the church Thursday night. There was a good attendance last Sunday night, but we hope to have more next Sunday. The subject will be "The Challenge of China."

Those victories that peace hath, no less renowned than war, probably will be won during the coming baseball season.

F. D. Weston was a business visitor in Santa Anna and Coleman Saturday.

**Cleveland News**

Several from this community attended the play at Concord on Thursday and Friday nights.

Mr. and Mrs. J. P. Hodges and family of Rockwood visited Mr. and Mrs. S. A. Moore of this community Sunday.

Mr. and Mrs. Carl Mathews visited Mrs. Mathews' parents, Mr. and Mrs. Claud Phillips, on Sunday.

Mr. and Mrs. Claud Cole had as their guests Sunday, Mrs. Bessie Penland, Mr. and Mrs. Jack Stovall and Mrs. Emmitt Moore.

Miss Mamie Moore spent Sunday with Miss Mary Neal Priest.

Weldon Priest visited in the home of Mr. and Mrs. William Pritchard this week-end.

Mr. and Mrs. M. F. Blanton and family, Mrs. Frank Fannin and Miss Vera Lowery visited Mr. and Mrs. Hugh Phillips last Sunday.

Mr. and Mrs. Elmer Mullis of the Trickham community visited Mr. and Mrs. Johnnie Mullis last Sunday.

Mr. and Mrs. Lester Watson of New Mexico are visiting relatives in this community.

Fred McCormick and Manley Blanton were in Abilene on business Saturday.

Mrs. G. O. Welch visited Mrs. Hugh Phillips Friday morning.

Miss Vera Lowery of the Crossroads community visited Mrs. Lillie Allison Friday night.

It may be good for us. An experience in hot water makes the pruned expand and grow tender. Americanism: Encouraging violation of laws that don't please you; whining for somebody to stop this awful lawlessness.

Unsigned or anonymous articles or letters will not be published.

Applied Common Sense

The State gasoline tax should be reduced from 4c to 2c and the cigarette tax from 3c to 1c—this would put the gas and cigarette bootlegger out of business as the margin he would have to work on would be too small for him to make a profit. Result—the state would collect a tax on all gas and cigarettes sold in the state and the probabilities are this would bring in as much state funds as the present law, which is being evaded all over the state and the practice is growing by leaps and bounds. If additional funds were needed a small tax on lube oils, and other forms of tobacco would quickly and fairly make up the difference. Legislators should make use of their heads more and play politics less.—Jayton Chronicle.

You're wrong, Editor Wade, bootlegging has become too common with some people. They would buy their gas, booze, and probably some other things they use, from bootleggers, even if the cost was higher than legitimate trade. Lots of people have revenge in their hearts, and because of the way they feel toward certain laws on our statute, had rather commend a fault than praise a virtue. There is much depending upon the patriotic, God-fearing and peace-loving citizens of this country, who crave decency and command respect, but God never requires a thing of a person He has not endowed them with the strength and courage to yield if they will fully trust Him and exercise the proper faith. It is up to the people to do away with lawlessness, but winking at law violations will never stop them.

Hospital Notes

A. S. Hart is in the hospital for treatment for a nervous breakdown.
W. P. Johnson of Ballinger is convalescing nicely after an operation Monday.
Mrs. W. R. Harris of Garfield is in the hospital for treatment.
Mrs. Edmer Phillips is recovering from an operation undergone last Thursday.
Miss Mary Doyle of Eldorado is here for treatment.
Melvin Rutland of San Angelo returned to his home Thursday.
Mrs. C. M. Ewing of Coleman is convalescing nicely and expects to return home soon.
Miss Mable Kizer of Coleman expects to return home Thursday.
Harry Harvey had a tonsillectomy operation Wednesday.
J. B. Davis of Winters entered the hospital for treatment Tuesday.
Mrs. Roger Holt returned to her home Wednesday following a serious operation from which she is convalescing nicely.
Mrs. Lee Hunter had her tonsils removed Tuesday.
Fred Briggs of Coleman had a tonsillectomy operation Tuesday.
Mrs. Edgar Shelton returned to her home in Shields Tuesday.
Mrs. Amos Griffith returned to her home in Brownwood Tuesday.
Mrs. M. C. Hargroves of Brady had her tonsils removed Thursday.
Mrs. Ral S. Kilgore of Talpa had her tonsils removed Thursday.
Mr. and Mrs. Byron Joiner are the proud parents of a son, Joe Edd, who was born Thursday morning. Mr. Joiner is manager of the Santa Anna Motor Co.

L. F. Nicholson was called to Hamlin Sunday evening to the bedside of his brother, Rev. J. T. Nicholson, who died before he awoke.

SUNDAY SCHOOL LESSON

by REV. SAMUEL D. PRICE D.D.

International Sunday School Lesson for May 29th.

Joseph, the Dreamer

Genesis 37:1-11

Four lessons of unusual interest are devoted to the life of Joseph. He was the son of Jacob and the beloved wife Rachel. A second son of Rachel was Benjamin and the mother died in childbirth. We have seen her reputed tomb just a short distance below Jerusalem toward Bethlehem. It will save a lot of trouble at the start if you will commit to memory the names of the twelve sons of Jacob, following the order of birth; such as Reuben, Simeon, Levi, Judah—sons of Leah, etc.

Again we find favoritism in the home, for Jacob makes more of Joseph than of the other sons. This they resent, especially when the father bestows a coat with sleeves to Joseph suggesting that he is more of a gentleman than the others, for one who wears sleeves is not a man of physical toil. However, we do find Joseph in the fields with the sons of Bilhah and Zilpah, concubines of Jacob.

Here we have the first record of dreams by this man who later prophesied through dreams in Egypt. First, the sheaf of Jacob moved from the shock and received the obeisance of the sheaves that represented the eleven brothers. Later the same purport was expressed in the dream in which in the starry heavens honor was done to Joseph and in this the father, represented by the bowing sun, participated. This doubling of the dream added fire to the flame of envy and jealousy already so well started. While God can still make His will and ways to be known to us in dreams we must not declare that each of our dreams bears a message from God. The source may be merely a matter of indigestion. It is wise to weigh each impression and be ready to be taught where there is a lesson to be gained.

CARD OF THANKS

We wish to express our sincere appreciation for every kindness and expression of sympathy extended to us during the recent illness and death of our beloved companion and mother. May God abundantly bless each one of you.

W. L. DAY and CHILDREN

BAPTIST CHURCH

We will have regular services next Sunday. Sunday school at 9:45, preaching at 11 a.m. and 3:15 p.m., B.T.S. at 7:15. The pastor will preach at both hours and is anxious to have a good part of the church members present. We invite all the heart-hungry, and all who are praying for and craving an old-time Holy Spirit directed, heaven-sent, sin-confessing and sin-announcing revival to come and worship with us. The pastor will leave Monday morning for Sherman to hold a revival. Rev. W. B. Holland will preach at both hours Sunday, June 5th. I am hoping that he will have a splendid crowd. You who read this pass the word on around to our old time friends.

HAL C. WINGO, Pastor

C. E. Program to Be on China Mission

The Presbyterian young people give of their gifts to support the mission station at Showchow China. Not only do they help support this station but six others, in Tokyo, Japan; Curitiba, Brazil; Oaxaca, Mexico; Mosul-Bagdad, Mesopotamia; Dumaguete, Philippines; Chiengmai, Siam.

Lesson—"News from Showchow Mission Station."
Leader—Charlotte Oakes.
Call to worship—Elizabeth Rollins.
Hymn.
Prayer.
Scripture reading—Luke 11.
Response—Nell Bell.
Hymn 159, "My Faith Looks Up to Thee"—a favorite hymn of Chinese Christians.
Special message from China—Earnest Lee Womack.
Experiences of a Missionary in Showchow Station—Helen Turner.
Mizpah.

CLOSING NOTICE!
This Bank will observe Decoration Day as a legal holiday, Monday, May 30th, and request that you govern your business accordingly.
FIRST NATIONAL BANK

FULTON INFANT DIES

People of this city will regret to hear that little Peggy Ruth Fulton, the four-day-old baby girl of Mr. and Mrs. V. D. (Hippo) Fulton of Poolville, Texas, died of meningitis Thursday night May 19. "Hippo" formerly lived here.

Mrs. J. W. Fulton, the baby's grandmother, of this city left for Poolville Friday morning and arrived in time for the funeral. She will remain there for an indefinite time.

CHURCH OF CHRISTO HOLD REVIVAL MEETING

On next Sunday, May 29, at 11 a.m. the Santa Anna Church of Christ will begin a meeting, to run two or three weeks. C. W. Watkins of Petersburg, Texas, will do the preaching. Hear him! He is interesting!
R. B. Griffith

PRESBYTERIAN WOMEN STUDY OLD MEXICO

Monday afternoon the Presbyterian Mission Study Class met at the church with Mrs. Van Zandt presiding in the absence of the president. Mrs. John McClellan led the lesson which was on the "Latin Speaking People of America." The greatest pleasure of the afternoon's lesson was the address given by Mrs. Ollie Pearce Weaver, who has recently returned from Old Mexico. The description of the country in its present condition was both instructive and engaging. We have a greater vision of the spiritual and material needs of our sister Republic, and all who missed Mrs. Weaver's address missed something that was worthwhile.
—Reporter.

PARK WORKING TO BE HELD NEXT TUESDAY

The Federated Clubs decided on Tuesday afternoon to have a park working Tuesday morning, May 31st. They ask the Boy Scouts, Girl Scouts and any other interested boys and girls to come to the park at 8 o'clock and bring something to work with. The ladies who are interested are asked to send sandwiches or something for lunch.

Mrs. Boyd Morris of Goldthwaite, who is well known here as Miss Eva Williams, came the latter part of last week for a visit with friends and relatives here and at Rockwood and Shields. Mr. Morris joined her Monday, and they returned to their home Tuesday.

Mrs. W. A. Forman of Bangs returned to her home Sunday, after a week's stay in the home of her niece, Mrs. Altus Bowden.

Mr. and Mrs. Russell Rehm and children of Rockwood were in Santa Anna shopping Tuesday.

Mrs. H. A. Everett of Lometa spent Sunday and Monday in the home of her son, S. M. Everett.

Mayo-Longview Club Holds Meet

The club members enjoyed a very interesting meeting Tuesday, May 17th, with Mrs. Roy Wilson. The time was spent in making out reports. There were twelve members and two visitors present.

The club meets Tuesday, June 7th, with Mrs. Brown. We expect Miss Brent to meet with us and give a demonstration on canning fruits and vegetables.
—Reporter.

CARD OF THANKS

My heart was so full of gratitude that I could not adequately express my appreciation to all of my good friends who showered me so generously on my 69th birthday, May 20th. May God bless each and every one of you abundantly is my prayer. I thank you.
MOTHER GARRETT

NOTICE TO CITY TAXPAYERS

By order of the City Commission, checks on time accounts will be accepted in payment of taxes due the City of Santa Anna for any year up to and including 1931 tax.

If you have a time account in the First National Bank of Santa Anna and are delinquent on any city tax you will be permitted to pay same in this way.
GRACE MITCHELL,
Tax Collector

Several million dollars have been realized from the state tax of three cents on cigarettes, according to State Treasurer Charlie Lockhart, who predicts that the tax will be retained, with a few amendments to make it more enforceable. The money that has been received from this source so far is in excess of the estimated return from the tax. The state tax of 3 cents together with the federal tax of 6 cents places a 9 cent tax on the consumer for every package sold in Texas.

When the tax was first placed upon cigarettes, a business of ordering them by mail from the neighboring states sprung up and also there was a sudden popularity of "home-rolled" smokes. But these fads have died down considerably and smokers are accepting the three cents additional but with some complaint. There is bootlegging of cigarettes here and there as well as reports of forged stamps and other tricks to evade the tax payment, but apparently this has not been serious enough to curtail the revenue received by the state.

Reduced 38 Pounds; Never Felt Better

SAFE WAY TO LOSE FAT

Take the case of Miss Madeline Crowley, for instance, who lives in Little Rock, Ark. Just read her letter:

"I have used Kruschen Salts for one year—when I started I weighed 140 lbs.—now I weigh 110 lbs. and never felt better in my life."

That's the big reason a host of men and women take Kruschen to lose weight—as the fat goes you gain in health—skin clears—eyes grow bright—activity replaces indolence.

Take one-half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—cut down on fatty meats, potatoes and sweets—a jar of Kruschen that costs but a trifle lasts 4 weeks—get it at any drugstore in the world—but for your health's sake demand and get Kruschen Salts.

Modern Electric Cookery Will Make Your Kitchen

Cooler...
Cleaner...
More Economical

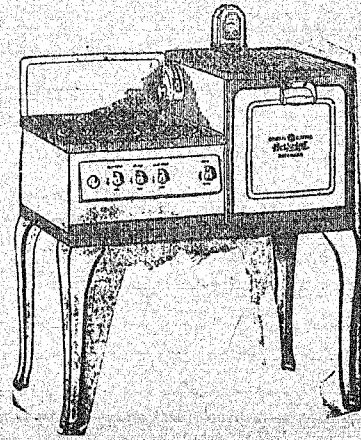

Electric Cookery means a cool, happy kitchen, because electric heat is "controlled." It is applied only to the bottom of the utensils, exactly as required. None is wasted to make your kitchen unbearably hot and disagreeable.

Your kitchen will be cleaner, too, for electricity is clean as sunshine. There's no soot, smoke or grease to soil walls and curtains or begrime pots and pans. Think of all the work you can eliminate by this one feature alone!

And the economy of Electric Cookery will gladden your heart and lower your budget! Electrically-cooked foods retain full bulk weight... meats do not shrink... vegetables do not boil away... and, due to a superior cooking principle, more inexpensive cuts of meat can be used with gratifying success. The Electric Range cooks foods with all the precious vitamins, essential minerals and delicious food-flavors sealed-in, too!

We will be delighted to demonstrate this modern automatic cook, and explain why it has been approved and endorsed throughout West Texas. Profit by Electric Cookery superiorities NOW!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

West Texas Utilities Company

**Why Advertising?**

Independence (Mo.) Examiner: "Did it ever occur to you that advertising is not printed in a newspaper for the benefit of the publisher, on account of friendship in order to help the paper along, but because the advertiser would pay the advertiser from a business standpoint?"

"Did it ever occur to you that an advertisement was not a commodity at all, but a service?"

"Not long ago an advertiser who operates a big store told one of our ad solicitors that he would never run a line in our paper if it were not for friendship with the solicitor. That merchant should not run advertisements at all if that is his reason for spending the money."

"A great many seem to consider an advertisement as a commodity, something sold by the inch and that one inch is worth the same as another inch. One inch in a real newspaper which gives service is worth many times the same amount of space in a free circular. Advertising is not a commodity at all and can not be intelligently bought by the pound or by the foot or by the inch. Advertising is a service, not a commodity."

"A small ad in your home paper to sell a used automobile is worth as much as if it were in a large city paper with a hundred times the circulation. If this advertisement in a small community paper will sell the automobile, that is all the same advertisement could possibly do if printed in the big paper. If in your circulation of 3,000 one man is found who buys the product advertised, the advertisement is worth just as much as if it had been printed in a paper with 100,000 circulation."

"Advertising is not a commodity but a service. Advertisements are not paid for to help out the newspaper, but because the advertiser hopes that it will bring good business to his doors."

**EXTINCT?**

By Elizabeth Saxon Camp

Where are the birds that in '28 We counted by the score? Can they have passed beyond the gate

Can it be they are no more. Or did they migrate as the geese To some fair tropic clime— Or did they hibernate at home Until election time?

In vain I quiz each one I meet For news of this rare bird, But of his whereabouts 'tis strange

No one has ever heard. In museums and through the zoo I've searched—but think it queer There's always just one answer; "Indeed! He is not here!"

Now I appeal to each of you Please tell me where it's "at." The specimen I want to find Is a HOOVER DEMOCRAT.

San Saba News.

**State Fair to Show Texas Made Goods**

DALLAS, May 25.—A manufacturers show in which only those goods which are really made in Texas of Texas products will be shown, will be one of the features of the 1932 State Fair of Texas. It has been announced here by Otto Herold, president of the fair. Col. W. E. Talbot, the managing director of The Southwest Development Bureau, under whose auspices the show will be held, is working in conjunction with Mr. Herold.

A total of 153 booths in the Main Exposition Building have been allocated to the Texas Made Show, and from early indications, every booth will be occupied. One of the features of the show is the fact that the manufacturer can ship his display direct to the State Fair of Texas where it will be arranged, literature handed out for him and the display will be shipped back following the close of the exposition. The exhibitor will not have to accompany his display to Dallas.

The show will be one of the exhibits planned by the Development Bureau to educate the people of Texas as to what is really made and manufactured in this state. However, the State Fair Show will be much more elaborate than the local exhibits which have been held in other parts of the state.

**Killed at Crossing**

ABILENE, May 23rd—Norma Ramsey, 22, Simmons University senior, was killed and her sister, Kate, was injured seriously today when their automobile was struck by a Texas & Pacific passenger train at a crossing here.

The injured girl's injuries include a broken leg, head injuries and cuts and bruises. She is an instructor at Simmons.

So many people are like a—  
ments. They work very  
where they are need—  
Avalanche

**THIS WEEK IN WASHINGTON**

Washington, D. C., May 25—Now that it seems that Congress is proceeding intelligently and efficiently toward the reduction of government expenses and the production of a tax bill which will neither hamper business nor impose too heavy a burden upon the ordinary man, more attention is being given here to programs for immediate relief of distress and unemployment and the restoration of commodity prices to a point where their production will again be profitable.

In spite of ex-Governor Smith's impassioned plea over the radio for the sales tax, it is regarded here as doubtful whether its advocates will succeed in putting that back into the tax bill. It is also doubtful whether the restoration of income tax schedules to the high point of war times will be in the tax bill as finally adopted. It is pointed out convincingly that those high taxes were based upon high profits, and were designed to curb profiteering in the production and sale of munitions of war, by taking most of the excess profits for the Treasury. With production at a low ebb and profits nil, the effect of wartime taxes would be extremely injurious and would delay the resumption of industrial operations. The sales tax is regarded by politicians as dangerous, because it is a tax which everybody who pays it knows he is paying. Exactly the same people would pay the sales tax as pay other kind of taxes, but it is the idea of a certain type of politician that if he advocates a tax that the ordinary voter has to pay, then the vote will be against him.

Possibly the most important subject on which Congress is beginning to concentrate is ways and means of increasing commodity prices. It has under consideration the Goldborough bill, instructing the Federal Reserve System to take immediate steps to restore commodity prices without telling them how to do it. As one banker, commenting on this bill, said: "I would hate to be ordered to run a hundred yards in ten seconds flat." In other words, the Goldborough bill is regarded as merely the expression of a desire which is shared by everybody, but the realization of which is not provided for.

There is beginning to be general agreement that the only way to restore commodity prices is to make money cheaper. All sorts of schemes have been suggested, from issuing thousands of millions of paper dollars based on nothing but government credit, which would correspond to the scheme of the old "Greenback" party, on which Horace Greeley went down to defeat for the Presidency in 1872, to the free and unlimited coinage of silver, on which Mr. Bryan was defeated in 1896. It is extremely doubtful whether any such project as either of these can get through both Houses and pass the President without a veto.

It is quite possible, however, and seems to be more probable as the days pass, that definite steps will be taken to restore silver to its money position which it occupied just before the war. This will have to be done by international agreement, since it involves the currency position of India and of China, the debasement of the subsidiary silver coinage of Europe and a hundred other angles affecting international trade.

The political sensation of the moment is the flat refusal of Owen D. Young to permit his name to be presented as a candidate for the Democrat Presidential nomination. There is no doubt that this will throw a great many more delegates to Newton D. Baker, who is regarded as being the same type of man as Mr. Young, and Mr. Baker may, therefore, develop unexpected strength early in the proceedings of the Democratic National Convention.

Recent sales of United States bonds, which were over-subscribed several times, indicate that there is plenty of money available for investment in these best of all securities. There is no question, therefore, that a billion dollars of money could be raised by a bond issue; and the proposal to float such an issue and use the proceeds to put men to work on public improvements, either nationally or by loans to the states, is gaining supporters. It is not at all unlikely that something of the sort may be done before Congress adjourns.

Leaders of both parties are pretty well determined, however, that this form of relief must be based on "productive" improvements and not result in the tying up of the government's credit and the money and labor in places from which it cannot be directly repaid. There are many such projects which, in the light of past experience, ought to be able to repay such loans and retire the bonds in a reasonable time.

Whether Congress will succeed in getting its big program thru in time for final adjournment, before the June conventions becomes more and more questionable. The outlook is for a summer session after the nominations have been made.

**Signed but Not Read**

Officials and others who have the habit of signing documents without reading them may take warning from what recently happened to Comrade Isakhanov, director of a Soviet government shoe factory in Tiflis.

Russian periodical called The Crocodile is just now waging a campaign against inefficient officials, and its editors suspected that Isakhanov was not sufficiently diligent on his job. By some means it was arranged to have a fake letter presented to him for signature, along with routine documents placed on his desk each day. Isakhanov fell into the trap, and this is what

he signed without reading it: "Through some misunderstanding I was promoted to the post of factory director. I seldom go to the workshops. I do everything I should not do, and do not what I should. I am a fool. Everybody knows that and I inform you as well. I am ready to sign any paper without reading it. I am proving this to you herewith. (Signed) G. Isakhanov"

The Crocodile published the letter and razzed the unlucky shoe factory head so mercifully that it is said he will be forced out of his job and kicked out of the Communist party as well.

Moral: Don't sign anything before reading it—and seldom sign it afterward.

**Scenes and Personages in the Lindbergh Tragedy**

Map shows where the body of little Charlie Lindbergh was found, by William Allen, a Negro, five miles from his home. The circle device was signed to the ransom note left by the kidnapers, who said the money should be given to whoever showed that. Dr. J. F. Condon gave \$50,000 to a man who produced the baby's sleeping suit, but the baby had been killed before that. The pictures of "Lindy" and "Anne" are the last ones made before the kidnaping.

### Now's the Time to Subscribe for a Daily Paper

Many things of political nature will be happening this summer and fall which you will get no other way except through daily newspapers. The News has been authorized to take subscriptions for the San Angelo Standard-Times and the Abilene Reporter-News at special rates for either three or six months. The three months offer will keep you informed through the July primaries, or the six months special will carry you through the presidential election in November. This offer ends Tuesday, May 31, so turn in your subscription now. You may get either paper three months for \$1.00, or six months for \$2.00. You need a daily paper, and you cannot find a better bargain than these papers.

There are two kinds of women: Those you can argue with and those who believe in some crazy theory.

### Mayo News

The Mayo school closed last Friday morning. An interesting program was rendered by the children of the school, with almost the entire community attending. After the closing exercises, the children and parents went to the Coleman Park where a picnic lunch was spread and enjoyed by all. The remainder of the day was spent by the grown-ups playing dominoes, while the children enjoyed the playground equipment.

David Hardin of Bronte was a week-end guest in the J. W. Price home.

Miss Bernie Vinson visited Miss Wilma Stacy Thursday and Friday. Miss Wilma returned home with her for a visit Saturday.

Mrs. Murrel Bouchillon and little daughter of Coleman visited Mrs. E. C. Woodard Sunday afternoon.

Misses Valma and Thelma Price spent Saturday night with Miss Mary Neva Wilson.

### Got \$100,000

Clayton B. Means, former private detective, was arrested when Mrs. Edward McLean of Washington said she had given him \$100,000 to ransom the Lindbergh baby.

### This Must Find Place to Stop

In the good year 1913 the per capita tax in the United States was \$30.00 per capita, including every individual from the President down to the negro babies. In the 18-year period from 1913 to 1931, the tax burden has increased from \$30.00 to \$107.00 per capita, including negro babies. The increase figures something over 400 per cent, according to a statement recently issued by a big national commercial agency. If our earning power had increased 400 per cent everything would be o. k. But prices of commodities in almost every line are actually lower today than they were in 1913. Still, with all this in view, the U. S. Congress is having a heck of a time putting through an economy bill. The lawmakers,

first and foremost, refuse to cut their own salaries, and this paper predicts that the nation will select a group of lawmakers at the first opportunity who see things differently. Not so much in the matter of governmental salaries. But this orgy of spending EIGHT MILLION DOLLARS A DAY MORE THAN THE GOVERNMENT TAKES IN will have to stop somewhere. If our present Congress can't stop it, there will be nothing left to do but find representatives who will.—The DeLeon Free Press.

Easy way to boost car sales: A law requiring old ones to back out when 1932 models want the parking space.

## DECORATION DAY Sale!

**NEW LOW PRICES!**

"Going Places" .. Over Decoration Day?

Look to your tires and tubes! Nothing wrecks the holiday frame of mind so completely as a struggle by the roadside with a flat tire. We'll gladly inspect your tire equipment before you start out.

Now is a good time to have your car REPAIRED, PAINTED and treated to a new Set of Tires. All are CHEAPER than they have been in several years.

## Radiator Repairing

**Keep Clear!**

Radiator "tinkers" are as dangerous as the traffic menace that threatens your Car's Radiator. The worst the accident does is to injure the Radiator. But what "tinkering" can do may lead to the ruination of the entire motor! Keep clear of trouble in traffic. But, if you do get bumped up, keep clear of worse trouble by coming to us for the needed RADIATOR mmh the needed Radiator Repairs.

**BOB LEAVELL**  
THE RADIATOR MAN  
Coleman, Texas

# ALGERIA

THE STALK IS SWEET, CONTAINING A LARGE AMOUNT OF SUGAR, AND LIVESTOCK EAT THE ENTIRE STALK WITH RELISH. STALK GROWS FROM 4 TO 5 FEET TALL, WITH 15 TO 20 HEAVY LEAVES. THE HEADS ARE 12 TO 18 INCHES IN LENGTH, AND WEIGH FROM 3/4-LB. TO 1-LB. PER HEAD. THE GRAIN IS LARGER THAN MAIZE AND MUCH SOFTER. THE PLANT STOOLES OUT WELL AND MAKES SEVERAL STALKS.

The following is a brief account of my experience with ALGERIA in 1931:

I purchased 40 pounds of ALGERIA seed in the Spring of 1931, and planted it on about 9 acres. I intended to plant 5 pounds to the acre, but did not plant more than 4 or 4 1/2 lbs. per acre. The soil was fairly good, but it was planted late. The land was bedded and planted the third week in May. The only rain we had after April 28 was on June 9, until after the feed was harvested. I gathered about 15 tons of heads from the 9 acres. I have never fed a better bundle feed than the bundles cut with a row binder. Stock relish my bundle feed and eat it all. ALGERIA has roots similar to corn, except they grow straight down. I found ALGERIA to be the greatest drouth resister of any of the eight varieties planted in 1931.

Agents are selling ALGERIA seed for 25c, 50c, 75c and some are taking orders for the seed for as much as \$1.00 per pound. I paid a high price for my seed, but, under the circumstances, I will offer it for sale at only 6c per lb. Several of the merchants have agreed to sell ALGERIA seed for me, and the seed will soon be placed on sale in Santa Anna and Coleman. We took first and second prizes at the Coleman County Fair last Fall.

## To the Seniors

The time that the Seniors of 1932 will leave Santa Anna High School is rapidly drawing near. Students and teachers join in congratulating them upon the completion of their courses. With these congratulations go the best wishes for successful lives—lives of useful service.

When the ceremonies of graduation are over, the members of the class will be scattered and will become more widely separated as the years pass by. As they go, they will have this age-old challenge: "All things are ready if our minds be so." Despite all adverse circumstances which may discourage the seniors of 1932 in the achievement of their goals, sincere best wishes are extended to them that may have a guiding and sustaining Power to aid them in reaching that which is greatest in life.

Best wishes to the Seniors— and farewell!

## Class History

In all history, we find recorded struggles and more struggles. The history of our class has not been an exception. For the past eleven years, we have struggled together on the rugged pathway that has at last led us to this day. This has not been a "Rosy Pathway," for all along the way, there have been thorns of hardships, disappointments, jealousies, indolence, and other thorns too numerous to mention, but we have at last torn away the awful thorns—and have within our grasp our reward—a beautiful rose—a diploma.

I shall now attempt to give you a true history of the class of 1932, portraying to you some of our struggles for the past 11 years, but, regardless of these struggles, it has been a great game after all, just a game of golf, and were it not for the hazards, THERE WOULD BE NO GAME.

In the year of our Lord one thousand nine hundred and twenty-one there entered a new genius into the institution of the Santa Anna grammar school. There was no pomp, ceremony or celebration to announce the present class of 1931-32 into the halls of wisdom, but over all an ominous quiet reigned. Little was heard from us in these early years while we toiled under the leadership of those mighty machines of joys and troubles.

Via the sand table, the multiplication table, and others we successfully passed the first, second and third grades. We owe a great deal to our early teachers for their encouragement and stickability and leniency. We left our first goal, the grammar school, behind, and little be said to the old class members (however, they are few in number) as to how enjoyable were the sixth and seventh grades. A mere recollection recalls to the mind happy memories.

We entered the high school in 1928, our former number denoted, and we make honest admission that the so-called greenness of the freshmen was not altogether lost upon us. For a while the new order of things found us a little at sea, and our first year was used mostly in getting used to the schedule. Under the guidance of Mrs. Bartlett, our faithful sponsor, we came thru our first year flying colors. Our sophomore year found us "wise in the ways of a scholar." We recovered, we hope, before the year was out and in our junior year became staunch friends of the new system, and firmly established in the new institution.

Then we began to see everything in a far different light than heretofore. The teachers, who before seemed as tools to throw labor upon our shoulders, now stood in a different light, and we saw them as comrades, than a druggery or a place for one to make perfect grades to take home in a manner of brag-gadocio.

Wisdom was therefore, for the one who made little effort to acquire it. We began to see each

day leave with a little sorrow deep down within us that we could not explain. We looked forward to graduation with a little feeling of dread with our hope.

Let it suffice to say that, the melancholy hours may be ahead of us, fond recollections of comradeship and teachers may arise in our thoughts and blot out the darkness.

Whether we win or whether we lose, With the hands that life is dealing, It is not we nor the ways we choose But the fall of (Fate) that's revealing.

There is a fate in love and a fate in fight And the best of us all go under, And whether we're wrong or whether we're right, We win, sometimes, to our wofulder.

You to the left and I to the right, For the ways of men must sever And it as well may be for a day and a night, And it well may be forever. But whether we meet or whether we part, For our days are past our knowing, A pledge from the heart to its fellow heart On the ways we all are going! Here's luck! In the teeth of all winds blowing!

## Class Night

On Wednesday night, May 26, the Senior Class gave an entertainment at the high school auditorium, free of charge. The play was entitled the "Primrose Pathway," a short comedy of one act.

Rosy, a young high school girl, is giving a party the night before graduation to the "gang," at which she plans to announce her engagement to a wealthy but idle young man. Her grandmother hears of her intention and by skillful maneuverings dissuades her and makes her promise to marry Guy, a diligent young man of about the same age. The scene closes with her announcement of her intentions.

The play was well acted and enjoyed by all. At this time also the honor S's were given to those students who succeeded in lecturing in intercollegiate activities as well as scholarship. Santa Anna has many loyal students in this work.

This was the final appearance of the Seniors before the commencement exercises to be given at the high school auditorium Friday night, to which everyone is cordially invited.

## Former Student Marries

Announcements have been received of the marriage of Miss Ola Polk, an alumna of 1928. Miss Polk was married to Mr. Orville Burton Phillips of Abilene on April 2 of this year in Clovis, New Mexico. The bride has been teaching in the high school of Dalhart for the past three years.

Mr. and Mrs. Phillips will be at home in Abilene.

## Othel Curry Receives Master's Degree

Othel Curry, a member of the class of 1923, will receive his Master's degree from the University of Texas, June 7. His major work has been in Business Administration, different courses of which field he has been teaching in the Austin high school for the past two years. His work in the university was of such superior quality that he has qualified for the honorary scholarship fraternity of his department.

Santa Anna High School is happy for the success that Mr. Curry, as one of its former students, is attaining.

## "School Days"

Delivered by Hettie Fae Todd  
Tell me not in mournful numbers, School is not a place of dread, O'er these problems I have worried Till a pain is in my head.

School is bum, lessons bummer, And our marks would make one sigh. Then when teachers mark us zero In our hearts we wished they'd die.

Not in joy and not in pleasure, Is our destined end or way, Though we're toiling with our measure We may never win the day.

In the dull and noisy old room, Where I sit each day at school, I have pondered, worked and worried O'er some wretched Latin rule.

Trust no teacher, man or woman Though Mrs. Bartlett is quite a brick, Yet in economics when she's angered I can feel my pulse grow quick.

Days are long and time is passing And my brain with work is numb Yet I hear a stern voice saying, "Why can't you do that sum?"

Though the days are slowly passing, And our hearts are sick and sore And our teachers oft impatient Yet we love them more and more

Let us then cease growling, grumbling, And our zeros try to bear, For when we are safe in Heaven, There will be no zeros there.

## S-A-H-S Picnic

Pep Squad girls were entertained by the football boys with a picnic last Friday afternoon after school. Miss Hays and Mr. Binion were chaperons for the outing.

After a delightful swim a lunch of sandwiches, fruit, potato chips pickles, cookies and ice cream was spread.

The picnic was very enjoyably concluded by the washing of Mr. Binion's face with orange juice.

## S-A-H-S Scribblers Have Party

Beth Barnes entertained the Scribblers with a party at her home Friday night.

After each guest had registered, various games, such as writing witty stories and building news stories, were played.

After the refreshments, consisting of lemonade with cherries and cakes, were served, the Scribblers presented their sponsor, Miss Land, a beautiful white chiffon and lace handkerchief. A gift was also presented to Mrs. Scarborough, the co-sponsor, but she was not able to be present. The presentation was made later.

The following were present: Miss Land, Aline Harper, Ruby Williams, Kathryn Creamer, Maurice Kirkpatrick, Francine Merritt, Irene Rountree, Bess Inez Shield, and the hostess.

## S-A-H-S Freshman Home Room Picnic

Thursday the Freshmen enjoyed another "eat, drink and be merry" picnic.

Each student bought cookies and fruit and ran races with each other in seeing who could eat most.

This progressive group plans to "do wonders" next year in curricula and extra-curricula activities. Look out for the Sophomores of next year!

## S-A-H-S Yes or No

DID YOU KNOW THAT: Final examinations were held May 23 and 24?

About twenty-five "honor S's" were given for scholarship on Class Night?

Very few books were found missing when they were checked in Tuesday?

All lockers were cleaned out some time Tuesday?

The rubber production and output increased last week because of the number of erasers used on books?

This is the last issue of the "Mountaineer"?

John David Harper has the distinction of being the only boy to receive a track award who will also receive one in scholarship. He is the only Sophomore boy to receive the scholarship award.

## S-A-H-S We Thank You

Faculty members and students wish to thank our many business friends in town for the courtesies extended.

Especially do we wish to thank Mr. J. J. Gregg, who has so generously given us our page for "The Mountaineer".

## JOKES

**Evidently An Expert**  
Mrs. Pieratt: "Give the principal parts of the verb 'skate'."  
Arthur in Latin class: "Skato, slippere, falli, bumpus."

**Geographical Lunch**  
"Are you Hungary?"  
"Yes, Sham."  
"Den Russit to the table, and I'll Fiji."  
"All right, Sweden my coffee and Denmark my bill."

Besse: "What is college bread, Dad?"

Mr. Evans: "They make college bread, my daughter, from the flour of youth and the dough of old age."

Helen Turner wouldn't believe that it was a truck farm—she was sure that trucks came from factories.

The mosquito is queer. He never begins to bore you until he becomes silent.

## Miss Ola Polk Wed To O. B. Phillips

Friends here received the announcement this week from Mr. and Mrs. S. M. Polk of Abilene of the marriage of their daughter, Miss Ola, to Mr. Orville Burton Phillips in Clovis, New Mexico on April 2nd. Mr. and Mrs. Phillips are at home in Abilene. The Polk family are former Santa Anna residents, moving to Abilene after Miss Ola and her twin brother, Othel, graduated from the local high school. They attended Simmons University, where Othel is teaching now. Mrs. Phillips has been teaching in the public schools at Dalhart for the past three years.

As some see it, the electric chair is all right for discouraging crime, but the best place to start in preventing it is with the high-chair.

No wonder poor Eve didn't use her head, considering what it was made of.

## Some Are BORN Beautiful

THERE ARE NATURAL-BORN BEAUTIES—BUT ONLY A FEW. YET HERE IN AMERICA THERE ARE SO MANY LOVELY WOMEN!

It is because so many have discovered that Beauty can be an achievement, as well as a gift, and have learned the first beauty lesson: Pure, Scientific Complexion Aids!

There is nothing more imperative to Beauty than absolutely Pure, Safe Face Cream and Powder. Impure creams and powders cause half our skin troubles—Dryness, Irritation, Unevenness. The PURE CREAMS are not only the finest, but, in addition, protect the skin from exposure.

That is why we say MURIEL ASTOR and DIANA DEANE Creams Have a Double Beauty Action.

A DOLLAR QUALITY CREAM FOR 50c

SKIN ANALYSIS and \$2.00 FACIAL ABSOLUTELY FREE with every \$2.00 worth of Diana Deane or Muriel Astor Beauty Treatment Cream

## Walker's Pharmacy

# BAYER ASPIRIN

is always SAFE

beware of imitations

Unless you see the name Bayer and the word genuine on the package as pictured above you can never be sure that you are taking the genuine Bayer Aspirin that thousands of physicians prescribe in their daily practice.

The name Bayer means genuine Aspirin. It is your guarantee of purity—your protection against the

imitations. Millions of users have proved that it is safe.

Genuine Bayer Aspirin promptly relieves:

- Headaches
- Neuralgia
- Rheumatism
- Lumbago
- Neuritis
- Toothache

No harmful after-effects follow its use. It does not depress the heart.

## Local Happenings

John W. Tyndall Jr. of Randolph College, Cisco will preach at the Christian Church next Sunday morning and night. His father has held services here and is remembered as a great Bible scholar and speaker. The son is also a fine speaker. Everyone is invited to attend.

Mrs. W. A. Forman who had stayed one week at the home of her niece, Mrs. Altus Bowden, following an operation and stay in the hospital, was carried to her home in Bangs Sunday afternoon.

P. B. Snook came from Longview last week and moved his family there, where he is employed.

Class of Mrs. Lon L. Smith presented in Dance Revue at High School Auditorium, on Tuesday night. 10c and 15c.

Urban Voss came from Kilgore last week and took his family there for an extended stay.

Mrs. Wallace Kirkpatrick and Miss Josie Baxter spent Sunday with their sister Mrs. E. E. Polk at Abilene.

Miss Leta Murphy, Ward School teacher, left Wednesday for her home in Hubbard.

Miss Allie Pearce, teacher in Ward School, went to her home in Coleman Thursday.

Miss Mattie Ella McCreary left today for Waco for a short visit with her mother, Mrs. T. T. McCreary.

Mr. and Mrs. D. D. Byrne of the Ward School faculty, left for their home near Houston.

See the Dance Revue at the High School Auditorium, on Tuesday night at 8:30. 10c and 15c.

Myron L. McDonald, who has been attending McMurry College at Abilene, returned to his home here this week.

J. L. Dry of Carey, Texas, came in Tuesday for a visit in and around Santa Anna.

8 Yards Bias Tape with 1 Spool of Thread to match, all for 10c. GEHRETT DRY GOODS CO.

William Wheeler, who has been teaching in Cross Plains public schools, returned to his home here Saturday.

Mr. and Mrs. G. A. Shockley, accompanied by their niece, Miss Lillian Durham, who teaches in the Ward School, went to Hamilton Wednesday, where they attended the dedication of a new courthouse there.

Howell Lee Howard of Houston, is visiting relatives and friends here.

Boys Wash Suits, long and short trousers, age 3 to 6, 59c. AT GEHRETT DRY GOODS CO.

L. W. Guthrie has recovered sufficiently from an operation sufficiently from a recent operation, wherein he lost a badly decayed appendix, to be out on the streets again. His smiles and good natured jokes were badly missed from the streets during his confinement.

Mr. and Mrs. Clyde Lee Bays of San Angelo spent last week-end with relatives here.

See Mrs. Lon L. Smith's Dance Revue at the High School Auditorium, Tuesday night, May 31.

Dennis and Veo Kelley are in the coast country, in the Point Isabel section, enjoying an outing and fishing trip. Both the Kelleys are good anglers, and when they return we expect to hear the jumbo fish story of the season. Usually, the Kelley brothers can tell interesting fish stories without exaggeration.

W. M. Ghormley, a citizen of Rising Star the past 20 years or more, and good friend to the editor, has aligned himself with the Rawleigh Products company, or whatever it is, and has the southern part of this county for his territory. Mr. Ghormley is in his territory this week with a car loaded with the Rawleigh medicines and other products, getting acquainted with people in his territory, and we hope he makes a success in his newly accepted line.

See Mrs. Lon L. Smith's Dance Revue at the High School Auditorium, Tuesday night, May 31.

Roy McFarland of Brady was a Santa Anna visitor Monday.

P. B. Snook and family left Sunday for Longview where they are planning to make their future home.

Miss Juanita Keeling of Brownwood is visiting this week in the G. F. Barlett home.

The Harlow & Son grocery, successors to the Helpy-Selfy, closed their doors this week, and moved the stock and fixtures to Brownwood, where they will open up another grocery. We regret losing another good store from Santa Anna, but in doing so, another opening is created, and sooner or later someone will take advantage of the fine opening and open up another grocery store in Santa Anna.

There will be a great deal of local talent in the Dance Revue at the High School Auditorium on Tuesday night. 10c and 15c.

Mrs. T. J. Lancaster left Tuesday for Sonora, where she will visit in the home of her son, Joe.

Mrs. Lucille Cartwright went to Sweetwater Sunday for a visit with her brother, Buck.

Guests in the H. L. Lackey home Sunday were: Mr. and Mrs. W. C. McHorse of Coleman, and Miss Annie Lee Ashford of the Shields community.

See Mrs. Lon L. Smith's Dance Revue at the High School Auditorium, Tuesday night, May 31.

Miss Jessie Nixon, Elucian Niell and Floyd Blair visited in Brownwood Sunday evening.

Miss Inez Ferguson was a visitor in Brownwood Sunday evening.

Mr. and Mrs. R. F. Crum spent Sunday with Mrs. Crum's sisters, Mrs. C. F. McDonald and Miss Kathryn Stubblefield of Abilene.

See Mrs. Lon L. Smith's Dance Revue at the High School Auditorium, Tuesday night, May 31.

Mrs. Mildred Simpson, who is attending business college in Abilene, spent last week-end here.

Miss Dorothy Baxter, who is attending Simmons University, Abilene, spent last Sunday in the home of her parents, Mr. and Mrs. W. E. Baxter. She had as her guests for the day Misses Sarah and Margaret Upshaw of Stamford, Mattie Bell McCord of Sweetwater, and Frances Rogers of Rule, all of whom are students in Simmons.

See Mrs. Lon L. Smith's Dance Revue at the High School Auditorium, Tuesday night, May 31.

Misses Belle Bowers and Elizabeth Kelley attended the West Texas Hospital and Clinic Association in Abilene Friday and Saturday.

Neal Oakes, Sparks Whetstone and John William Burden spent Sunday afternoon visiting in Brownwood.

Misses Irene James and Jessie Nixon were Coleman visitors on Saturday.

Ladies Mesh Hose, 25c, 49c, 69c, and \$1.00. GEHRETT DRY GOODS CO.

Mrs. Edith Watson spent the last week-end with Misses Buna and Ida Mae Kendricks of Brownwood.

W. E. Gideon of Coleman, candidate for re-election to the office of district clerk, was in the city Saturday.

H. M. Brown of Coleman, candidate for tax assessor, was in Santa Anna last Saturday.

Men's and Ladies All Wool Bathing Suits, \$1.25. GEHRETT DRY GOODS CO.

Mr. and Mrs. Alton B. Taylor of Robstown are visiting in the home of Mr. Taylor's father, Amos Taylor.

Mrs. Leon Shields and children, Leona and Donald, and Mr. and Mrs. Elgean Shields and baby, all of Coleman, spent Sunday in the I. O. Shields home.

Mrs. Floyd Reynolds and two nephews, G. C. and Ernest Walters of Richland Springs, are visiting Mrs. Reynolds' sister, Mrs. B. T. Vinson and Mrs. Miriam Prickett, this week.

Mrs. Coe Cross and little son of Brownwood, her mother, M. S. E. W. Marshall, and Mrs. Cecil Walker spent Tuesday with Mrs. Walker's mother, Mrs. J. W. Newton of Cross Cut.

Mrs. J. W. Kirkpatrick and Miss Josie Pavter spent Sunday in the E. E. Polk home at Abilene.

Mr. and Mrs. Jimmie Simpson of McGregor visited Mrs. Simpson's mother, Mrs. Dora Bell, the past Sunday.
