"He Profits Most Who Serves Best"

3.2 Beer Healthier Than Coffee, Claim Leading Physicians

FORT WORTH, Texas, May 17.—Bear of the 3.2 variety is a better beverage any day than coffee in the opinion of at least two physicians who attended the state medical convention here.

Coffee-drinking and over-eating will do more harm to this nation than drinking 3.2 beer, even to excess, declared Dr. W. D. Russ, a strict "tee-totaler," San Antonio surgeon, and former president of the state medical association.

Dr. C. C. Cody, Houston, gives a bottle of 3.2 brew the tonic properties of a dose of bitters. Dr. Russ believes it may become "Depression's tonic."

"If 3.2 beer can do anything to make people adopt a more cheerful and happy attitude, and give them some freedom from the domination of fanatics—who believe that the world is merely a place in which to suffer and be sad in preparation for the next—it will have accomplished wonders," he said.

"It will take many years to overcome the damage wrought by the 18th amendment and for the people to regain their self-respect after they have been submitted to the domination of men and women who can think of no better means for making people good than by use of force," Dr. Russ declared.

Many physicians here informally said the new brew possesses certain food values. Few, if any, believed 3.2 beer ever will cause husbands to come home drunk and beat up their wives.

Dr. T. J. McCamant, who comes from El Paso where the beer runs "six and seven," believes the 3.2 variety should be rightfully classed as non-alcoholic.

Patronage in State is Beset

AUSTIN, May 19.—Governor Miram A. Ferguson has had some difficulty in distribution of patronage.

She and her husband, former Governor James E. Ferguson, have many friends among outstanding men and women. Some of them would like to serve their State just now.

The Governor has had few places to offer since she was inaugurated. She filled the Highway Commission vacancy only to have her man opposed by the Senate and others. If F. L. Depison of Temple, her first choice, does not finally win the right to take that place the Governor will have an opportunity to regard some other aspirant.

The Legislature had a chance to give her opportunity to distribute a few choice plums, but it failed to deliver. It did not realize her plan to appoint a five-member highway commission to serve until the next general election when the personnel would have been elected from districts. As pending, the bill has been amended to make it ineffective until after the next general election. It is possible it will be fixed to the Governor's liking, but doubtful since the Legislature is likely to go home sine die soon.

The Governor offered to leave W. R. Ely of Abilene and D. K. Martin of San Antonio, Moody-Sterling appointees, on the board should she be given the appointive power asked.

Likewise, the Legislature took from her the privilege of naming three members to an oil and gas commission, which would have been created to take over the conservation administration duties of the Railroad Commission. It killed that bill.

There were several other minor boards the Legislature would have set up had it passed certain bills, but it did not. Those were minor bureaus, however, and originated from sources other than the executive office.

As the summer wears on, however, Governor Ferguson will have some desirable places to fill. For instance, Roy Tennant is slated to go back to the board of control before the Ferguson administration terminates.

Secretary of State Hull thinks the nation should junk some of the dumbheads who are in control, and about everyone else thinks the same—except the dumbheads.

This is a great country, of course, but the greatest of its greatness is the public debt.

800 Preparing for Degrees in Texas University

AUSTIN, Texas, May 25.—More than eight hundred University of Texas students are preparing to take the various degrees offered by that institution at the annual commencement, June 5. In the tentative list of degree candidates announced by Registrar E. J. Mathews there are 130 candidates for the various masters' degrees, and 19 applicants for the doctor of philosophy degree.

There are 699 applicants for the various bachelor's degrees, including 303 for the bachelor of arts, 21 for the bachelor of journalism, 4 for the bachelor of science in geology, 19 for the bachelor of science in home economics, 104 for the bachelor of degree in various engineering fields, 129 for the bachelor of business administration, 5 for the bachelor of science in pharmacy, 12 for the degree of graduate in pharmacy, 29 for the bachelor of science in education, 12 for the bachelor of science in physical education, 129 for the bachelor of business administration and 61 for the bachelor of laws.

Best Wishes to Graduates

We extend congratulations to the 45 graduates of the Santa Anna High School, Class of 1933. Our heartfelt congratulations are extended to one and all.

The baccalaureate service for the high school graduating class was held in the school auditorium here Sunday evening with all churches of the city cooperating. Rev. Hal C. Wingo, pastor of the First Baptist Church, delivered the sermon, entitled "The Challenge to Youth."

Final commencement activities will be held Friday evening, when Dr. T. Richard Sealy will address the graduates on "Character Building." Catherine Ashmore will deliver the valedictory address and Gus Morgan and Robert Dempsey will give co-salutatory addresses.

The elementary school exercises will be held in the high school auditorium Thursday evening, with Dr. Sealy delivering the address on "Stickability." Annette Shield is class valedictorian and Doris Spencer, salutatorian.

The high school class, one of the largest to be graduated from the local school, includes 45 students: Eva Nelle Arrant, Catherine Ashmore, Pauline Ashmore, Lillian Bible, Shirley Blanton, Mildred Boardman, Clovis Fletcher, Seth Ford, Hiram Glenn, Jesse Goen, Frank Hodges, James Caldwell, Garland Close, Kathryn Creamer, Lois Crump, Ozelle Daniel, Robert Dempsey, Cora Douglass, William Brown, Mildred Eubank, Emmett Howard, Marguerite Johnson, Lavada May, Eunice McGahey, Mary Alice Mitchell, Gus Morgan, Nowlin Myers, Edwin Niell, Lenton Oakes, Clifford Oder, Harry Oder, Iona Phillips, Louis Pittard, Sybil Ripley, Catherine Rollins, Lois Spencer, Odis Turner, Helen Turner, Rebecca Turner, Neewah Turney, Leon Ward, Edith Watson, Clifford Wheeler, Ruby Williams and Weima Williams.

The record shows that the first death was a Poage, shot on the streets. Among the first children were four Perry children, Dunman children and Dorcas Spicer, now Mrs. Joel Warner.

A BIG CHANGE

Today business conditions look much brighter than at any time for a year or more. Congress seems to have laid aside all personal and partisan feeling and in cooperating with the president in his efforts to deal the country out of the depression. Business leaders have promised prompt aid in placing the unemployed to work, and the public, long stricken, is becoming convinced that the "economic millennium" is at last at hand. The last few weeks have made a marvelous change in the attitude of the people in all parts of the country.

The president wants the unemployed to have jobs. The unemployed want jobs. It's unanimous. Now if the gentlemen who are steering the game will just "get a move" both sides will be eminently satisfied.

A lot of honor degrees are conferred upon people who do not honor them.

One thing they might do at the forthcoming economic conference is to practice economy.

Coleman Lists First Citizens as Church Plans for 52 Birthday

COLEMAN, May 22.—This county is harking back to some of its first citizens as the Rev. J. A. Sicheloff, pastor of the First Methodist Church here, gathers history preliminary to observing the 52nd anniversary celebration of the institution here. Some difficulty has been found in establishing the authenticity of early dates.

One bit of kinship has been found to San Angelo and Tom Green County in that Jonathan Miles was the first county judge here. Subsequently he went to San Angelo and sold off the Miles addition to the city. A niece, Miss Anna Miles, was the teacher of the first school. The first school building was on the site now occupied by the Maves Drug Store. Miles built a rock house here and he once owned the lands where producing oil wells now add to the wealth of this county.

County Formed in 1876

Coleman County was organized in 1876, the townsite of Coleman being surveyed by R. S. Bowen that same year as the county seat. A Mr. Clow donated the site for the town, provided it became the county seat. The town was named for J. B. Coleman, an uncle of J. H. Babington. Coleman helped in organizing the Citizens Bank. At that time there was not a tree or a shrub on the townsite.

In 1878, Rev. Mr. Hampton, Methodist minister, arrived as the first preacher in the county. He conducted monthly services and there were usually seven or eight in the congregation. There were no roads in the county at that time and people traveled by compass or guidance of the Santa Anna mountains. Rev. Hampton remained in the county only a few months. When he left there were no preaching services for 18 months.

About that time there were four saloons in Coleman, one general merchandise store, a boarding house operated by W. C. Perry, a drug store established by L. E. Collins.

The record shows that the first death was a Poage, shot on the streets. Among the first children were four Perry children, Dunman children and Dorcas Spicer, now Mrs. Joel Warner.

Jeff Morgan First Child

Jeff Morgan, now living at Camp Colorado, was the first child born in Coleman County, but the date is not given.

In 1880 W. C. Brodie, Methodist minister, was sent to the circuit of which Coleman was a part, by the annual conference of the church, and in 1881, Mar. 13, the local Methodist Church was organized by Rev. Brodie. Charter members were Mr. and Mrs. R. H. Overall, Daniel Carter, S. A. Carter, A. T. Bailey, Texas Bailey, T. J. White, Nancy White and S. E. Lea.

In 1882 Rev. Mr. Blythe, Presbyterian, arrived. With the help of the general mission fund and the people of the sparsely settled community, a Presbyterian Church was built and permission was given for all denominations to worship in the building. The building still stands in the east part of Coleman and is owned and used by the Catholic Church for worship. The first house of worship was the courthouse.

The date when the first Methodist parsonage was built is not given, but it was built in the east part of town and consisted of one room and a lean-to. It was the last house above high water of Hord's Creek.

BREAK EGG

A lady brought us the remains of a very large egg last Friday afternoon, but accidently had broken the outer shell. The egg weighed 6 ounces originally, but after feeding the back seat of an automobile with a plumb-good yoke and white, scrambled up together, there was still another well developed egg on the inside. It was the product of a Rhode Island hen but most any old hen can produce two-in-one under this new deal labeled FDR.

Smashing China comes easy to the Japs, and also to some wives.

T. C. U. to Hear Pat Neff in Commencement Address

FORT WORTH, May 25.—One hundred and thirty-five seniors will receive their degrees from Texas Christian University at the sixtieth annual commencement exercises here Monday evening, June 5.

President Pat Neff of Baylor University will deliver the commencement address. The baccalaureate sermon for the class of '33 will be preached Sunday morning, June 4, by Dr. H. T. Wood, pastor of the First Christian Church of Wichita Falls.

Billie Dickey of Houston is president of the senior class at T. C. U. Howard Walsh, Fort Worth, is vice-president, and Miss Lennie Doris Roberson, also of Fort Worth, is secretary-treasurer.

J. D. Sparks Funeral Held Tuesday

J. D. Sparks, 68, dairyman, died very suddenly at his home in the southwest part of town Monday May 22, just before noon.

Mr. Sparks had done his usual chores about the place, came in in his usual jolly mood, but complained of pains in his shoulders. Death struck him suddenly, and he died before doctors could reach him.

According to data at hand John David Sparks was born in the state of Alabama, January 23, 1865. He came to Texas with his parents when just a child, and settled in Ellis County. He was married to Miss Frances Webb, October 10, 1888 at Bristol, in Ellis County, Texas. To this union were born five children, two died in infancy, the others Mrs. Myrtle Ashley and Mrs. B. G. Brown of Santa Anna, and Calvin Sparks of Fisk, together with the wife, survive him in death.

Mr. Sparks and his family moved to Santa Anna in 1904, and has lived here since. He was a farmer until 16 years ago, when he started a dairy business, which he has followed since. Deceased was a member of the Church of Christ, and was faithful to his church. He was a cripple most of his life, and in recent years submitted to an amputation of one foot and lower limb. Since that time he has listened to as many sermons over the radio as any one in Santa Anna, according to his own family.

Mr. Sparks was a good citizen, good neighbor, always ready to help the needy, numbered his friends by his acquaintances, and got a great deal out of living.

His remains were prepared by Hosch Brothers, and buried in the local cemetery Tuesday afternoon, following funeral services conducted by Rev. A. L. Oder at the Christian Church.

Out of town relatives and friends here for the funeral were Mrs. George Ramer of Hillsboro; Mr. and Mrs. Jess Ribbles of Rice, Mr. and Mrs. Sam Webb and Mr. and Mrs. Oran Culbertson of Dallas, Mr. Joe A. Webb, Mrs. Marie Mullins, Russell Webb, Vance C. Tankersley, and Mr. and Mrs. Dean Webb of Miles, Mr. and Mrs. George Webb, Mr. and Mrs. Curtis Poyner, Mr. Abner Johnson, Mr. W. A. Johnson, Mr. and Mrs. M. A. Patterson, and M. D. Widfelt of San Angelo, besides so great a number from Coleman and other places in Coleman County that it was impossible to get all their names.

Friends will sympathize with Mr. Samuel Everett in the loss of his mother, who died at her home in Lometa last Saturday. Mr. Everett and family attended the funeral Sunday.

Mrs. Everett is survived by her aged husband and several children and grand-children. Burial was made in the Senterfitt cemetery at Lometa.

CARD OF THANKS

We wish to express our thanks and gratitude for the many deeds of kindness, words of sympathy, beautiful floral offerings, and other courtesies shown during the illness, death and burial of our mother, Mrs. M. L. Switzer. May God's richest blessing ever be yours. Mr. and Mrs. Clifton Switzer

Methodist Church

The pastor will occupy the pulpit at both services Sunday. "The Place of the Sunday School in the Program of the Church" is the subject for the morning hour. At the evening hour, 8 o'clock, the subject will be "The Need of a Revival." Sunday School at 9:45 a. m. Epworth Leagues at 7 p. m. G. A. MORGAN, Pastor. C. B. VERNER, Supt.

Texas Glass Co. Properties Sold at Auction Tuesday

Plans Being Made to Start Operation Soon

Dewey Pieratt, Receiver for the Texas Glass Company, known as the Santa Anna Glass Factory, sold the property Tuesday at auction. The First National Bank in Dallas purchased the lots and buildings, at \$4,000.00 and the plant at \$2,500.00. The Ajax Finance Corporation of Dallas purchased the moulds and other equipment except the motors at \$1,400.00. The West Texas Utilities company purchased the motors at \$250.00. The gross bids were \$8,150.00. The purchasers in turn sold the property to S. A. Coleman, Jr., of Brownwood and H. O. Knope of Austin, who plan to start the plant in operation as soon as titles are passed and approved. No change in location will be made. The plant will continue to be operated in Santa Anna.

Pass Bill for Big State Park

AUSTIN, May 19.—The largest public park in the Southwest will be created under the terms of a bill passed finally by the House today, a measure that designates 9,000 acres at the southern tip of the Big Bend country as a new state park, to be known as Texas Canyon State Park. The bill was sponsored by Representatives R. M. Wagstaff, Abilene; Frank Haag, Midland, and E. E. Townsend, Alpine.

At present this tract belongs to the Texas public school fund and the bill transfers title to the State Park Board. In its area are the famous St. Helena Canyon, Vicente Canyon and Bockliss Canyon, the walls of St. Helena rising a sheer 2,000 feet above the waters of the Rio Grande. The scenery rivals that of Colorado and the Royal Gorge of that State is much similar to St. Helena, although comparatively few tourists take the trip in the Southern Big Bend section.

The first scientific exploration of this park section was conducted by Dr. Robert T. Hill, a geologist, in 1900 and he wrote an article on his "find" in Century Magazine of that year. Of this park area Dr. Hill, recently wrote, in commending the bill that was passed: "Such an area includes some of the most wonderful desert, canyon, mountain and rock scenery in the world, and yet it lies there unappreciated and unknown. For 40 years I have made approaches toward getting publicity for this region for this region and its phenomena."

Most of the park area is in Brewster County and the tourist can reach it by highway either from Alpine or Marfa.

Not far from the park are the Chisos Mountains, which contain quicksilver mines and in the same section is Mount Livermore, one of the loftiest Texas peaks. Hot and cold springs abound in the region. Several years ago a party of tourists found a gigantic tree trunk that had petrified, and from its dimensions estimated that centuries ago it must have been the tallest tree in the world.

MOTHER DIES IN LOMETA

Friends will sympathize with Mr. Samuel Everett in the loss of his mother, who died at her home in Lometa last Saturday. Mr. Everett and family attended the funeral Sunday.

CARD OF THANKS

We wish to thank those who so kindly assisted us during our bereavement in the death and burial of our husband and father, J. D. Sparks. We acknowledge with thanks the many kind deeds, the beautiful flowers, the dinner furnished, the men who sat up with the body at night, and for your words of sympathy and other deeds of kindness. May God bless you all. Mrs. J. D. Sparks and children.

Game Warden Gives New Law on Fishing Now in Effect Here

Several changes are made in the new fish law which affects Brown county along with a number of other counties in this section. The law was enacted by the present Legislature and a copy has been received by Game Warden J. H. Wood.

The law requires that minnows of more than three inches in length be returned to the water. A fine of from \$5 to \$100 is provided for violation and each fish constitutes a separate offense. The sale or offering for sale any bass, white perch (crappie), channel or other catfish is prohibited and violation calls for a fine of from \$5 to \$50.

The law permits the use of only ordinary hooks and lines, or trot line or artificial bait, and prohibits the use of any seine, net or other device or trap, except a seine of not longer than 20 feet for the taking of bait. It excepts a seine with meshes not less than 3 inches square for catching carp and suckers in the Colorado river.

The throwing and leaving on the banks or grounds adjacent to any fresh water streams in the district of any edible fish without any intent to eat such fish or use same for bait constitutes an offense and a penalty of not more than \$25 is provided, with each fish a separate offense.

The law is now in effect, having been passed with an emergency clause. The following counties are included in its jurisdiction: Anderson, Burnet, San Saba, Mills, Bell, Brown, McCulloch, Edwards, Coleman, Concho, Menard, Mason, Gillespie, Kimble, Sutton, Tom Green, Kinney, Uvalde, Real, Runnels, Kerr, Comal, Val Verde, Bandera, Reeves, Ward, Loving, Pecos, Medina, Bexar, Hunt, Rains, Williamson, Zavala, Dimmitt, Lampasas and Llano.

A ruling on one point in the law, relative to the number of minnows that can be caught for bait, has been written for by Game Warden Wood. The point is not made clear in the copy of the law received. —Brownwood Bulletin.

Yarborough-Maddox

Friends will be pleased to learn of the marriage of Miss Norma Yarborough and Mr. Frank Maddox which took place in Wichita Falls last Saturday afternoon. Mrs. Maddox is the charming daughter of B. A. Yarborough of this city, and Mr. Maddox is the son of Mr. and Mrs. J. F. Maddox of Waco.

Mrs. Maddox is a former student of Howard Payne College at Brownwood, and Mr. Maddox is a graduate of Texas Technological College at Lubbock. Both are graduates of Waco High School, where the romance started that culminated in their marriage. Mr. Maddox has lived in Waco all his life until a year ago when he began working in Fort Worth. Mrs. Maddox has lived in Waco almost all her life until four years ago when she moved with her parents to Richland Springs. She has been here with her father for the past few months.

They will make their home in Wichita Falls.

FALL UNDER TRAIN FATAL

AMARILLO, Texas, May 22 (AP).—Injuries received Saturday night when he fell beneath a rapidly moving freight train here resulted in the death Sunday of W. A. Holman, 35, of Valera, Coleman County. He suffered the loss of both legs, severed above the ankles.

Advertisers Get the Business

Advertising agencies throughout the country, after a careful survey, have announced that those firms who have been consistent advertisers throughout the depression have felt the slump far less than non-advertisers. But that is reasonable and to be expected.

This is an advertising age. New commodities are marketed through advertising. Old commodities are protected in the same manner. Of late years it has become the custom to look along the newspaper ads for what you want to buy. It is human nature brought down to date. Advertisers get the business.

Young Mother Fatally Burned in Gas Explosion

Mrs. Lenton Brown, about 23, died here Wednesday morning from injuries received in a gas explosion near Pioneer Tuesday night.

According to information furnished this office, Mrs. Brown went to the storm cellar to light a lamp and prepare the cellar for the family to take refuge from an approaching cloud. As she entered the cellar, struck a match, gas that had accumulated in the cellar ignited, the explosion throwing the woman out of the cellar and igniting her clothes in a flame of fire. Mr. Brown heard the explosion and also his wife's scream, and quickly went to her rescue. He tore her clothing from her body, recognized the seriousness of the situation, procured help and rushed her to the Sealy Hospital for treatment, but her burns were so severe she soon succumbed.

Mrs. Brown, daughter of Mrs. C. D. Brown and her deceased husband, was known here during her high school days as Miss Bobbie Brown. She is survived by her husband, two small boys, her mother, and other members of the family.

The body was prepared by the Santa Anna Furniture and Undertaking company and interment is to be made in the Santa Anna cemetery Thursday afternoon, following funeral services at the Baptist Church at three o'clock, about the time this issue of the Santa Anna News goes to press.

STUDENTS PRESENTED IN RECITAL

Pupils of Miss Mildred Kidd and Mrs. Ford Barnes were presented in a joint recital at the home of Mrs. E. J. Merritt on Tuesday, May 16, 1933.

Piano numbers were given by Mary Strand Dellenger, Ernestine Thames, Francine Merritt, and Lonella Taylor. Humorous readings were given by Mary Joyce Hill, Ima Niell, and Ernestine Thames. A special piano solo was charmingly rendered by Miss Kidd.

DATES SET FOR STATE FAIR

Dates for the 1933 Exposition of the State Fair of Texas have been set. October 7 to 22, and the opening Saturday has again been chosen as Press Day when the newspaper fraternity gathers for one of its annual holidays. Sam P. Harben, secretary of the Texas Press Association, Otto Herold of the State Fair, Dallas and newspaper men from all parts of the state are planning one of the big days in the History of Texas newspapers, it has been announced.

The 68,000 retail stores in Texas do an annual business of more than two billion dollars. The state ranks fifth in the number of retail establishments and seventh in the volume of retail business.

"Utility" will be expressed more in exhibits at the 1933 State Fair of Texas than ever before, it has been announced here by Otto Herold, president of the exposition. The superintendents of every department connected with the State exposition are at work to make their particular shows of especial usefulness to the people of the state.

All of the sulphur mined in the United States comes from Texas. This Texas product happens to be a total of 85 per cent of the world's output of sulphur.

Railroads are again working on record breaking rates for the State Fair of Texas season, Oct. 7 to 22, according to information received from railroad officials. The 1933 rates to the State Fair of Texas were the lowest rates in the history of Texas railroads.

The deepest oil well in the world is on the University of Texas school lands in Reagan County. This producer is more than 9,000 feet deep or better than one and one half miles in depth.

FLIES AND MOSQUITOES SPREAD DISEASE

AUSTIN, Texas, May 25—Word has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly, with their kindfoks, are planning to take up their summer residence in the State. They state that, although many had died since last summer, they would soon have large families. Mrs. Mosquito raises from fifty to three hundred children at one time and only takes around two weeks to have full grown children. Mrs. Fly bragged that she and her husband could be ancestors to a million flies in one season.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in any standing water, therefore, you should drain, ditch or fill such places, spray oil on water each week, too, or stock the water with surface minnows as they will eat the wiggle-tails. Houses should be screened.

Flies help spread typhoid fever, dysentery, diarrhoea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies so that their number is an excellent index to the sanitary conditions. The State Health Department, County and City Health Officers are only too glad to assist in banishing this source of disease.

MORTUARY

Mrs. M. L. Switzer, 61, passed away at her home here Saturday morning, May 20, after an illness of several days.

The following data was furnished the News this week.

Miss Ella Skinner was born at Slado, Texas, October 20, 1872. She was converted in 1893 and united with the Christian church of Slado.

She was married to M. L. Switzer at Slado, April 28, 1904, and moved to Coleman county, and has resided here since. One child, Clifton, was born to this union, and survives his mother in death. Her husband preceded her in death by four years and five months, having passed on in December 1928.

Besides her son, she is survived by her mother, Mrs. Skinner, three brothers, one sister, and four step-sons. Ernest and Lawrence Switzer, Valley View, Cook County, Texas; Roy Switzer, living in Oklahoma and Arthur Switzer, Santa Anna. Deceased was a member of the First Christian church in Santa Anna at the time of her death.

Her remains were laid to rest in the Santa Anna cemetery Saturday afternoon, following funeral services at the Christian church, conducted by Rev. A. L. Oder and Rev. Hal C. Wingo.

The pall bearers were Alpheus Boardman, M. C. McKean, Willie Campbell, Roy Voss, Eldon Holt and Mary Herring.

Miss Ebulene Herring, Mrs. Paul Arnold, Mrs. M. C. McKean, Mrs. E. E. Pittard, Mrs. John Oakes, Mrs. Mark Herring, Miss Ima Herring and Miss Rhea Boardman were in charge of the flowers.

Hosch Brothers, funeral directors for the Santa Anna Furniture and Undertaking Company were in charge.

REGRETABLE

It is regretted that the American Legion can not find some effective means of putting an end to this silly marching upon Washington by proponents of immediate payment of the bonus. The legion, however, can not be held responsible for the ill advised acts of some of its radical members.

The world war, through the draft, brought all kinds of people into the army. While the great body of the army was made up of clean and virile

young men, there still was a small element composed of communists and men of a moral status not to be classed with the others.

In our opinion these "marches upon Washington" are instigated and dominated by the latter class. They are vastly in the minority, yet, like the bullfrog, they can make an awful discordant noise.

The legion, as a body, resents these marches. They will accomplish nothing, unless it be to bring unjust criticism upon all legionaires.

We have too great admiration and respect for our veterans of all wars to see their luster dimmed by the inconsiderate acts of a little group of irreconcilable and noise makers, who in no way represent the great body of service men.

If the price of golf balls increases it will work a hardship upon a goodly portion of our population.

Longview

Mr. and Mrs. W. P. Burris and Mr. and Mrs. Loyd Burris visited Mr. and Mrs. Fred Brushenhan Sunday evening.

Mr. and Mrs. Jess Griffith visited friends in Coleman Sunday.

We had another fine shower Sunday morning which will be fine on crops and gardens.

Miss Verberia Yates visited Miss Jettie Mae McCreary Sunday.

Tom McClure and Noble Carpenter of Red Bank visited in the J. W. McClure home Sunday evening.

Sadness filled our hearts Friday when the message that Mrs. Ella Switzer had passed away came. Mrs. Switzer had lived here for years. She was a devoted wife, loving mother, noble Christian and true friend. Our loss in Heaven's gain.

Henry Ford
 Dearborn, Mich.
 May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

Baccalaureate Sermon Is Given Sunday Evening

Juniors were in charge of the baccalaureate sermon given Sunday evening, May the nineteenth, at eight o'clock at the high school building.

The program was opened with the singing of "Holy, Holy, Holy" by the junior class. Reverend Morgan, pastor of the Methodist Church, led the invocation. A quartet, composed of Nell Bell, Floye Spencer, Mary Oakes and Annie Louise Watkins, sang "My Prayer." The sermon, "The Challenge to Youth" was delivered by Reverend Wingo, pastor of the Baptist Church. The juniors then sang "Have Thine Own Way," and Reverend Oder, former pastor of the Christian Church, pronounced the benediction.

There were thirty juniors and forty-three seniors present.

SENIORS ATTEND DANIEL BAKER PROM

Seniors attended the annual Daniel Baker Prom last Saturday night, May 13th. Seniors from all the surrounding towns were present.

Decorations were carried out by the college colors, blue and white. There were six different Proms with entertainment between each. At a late hour refreshments of cake and cream were served. After the Prom a dance was given at the Brownwood Hotel for those who attended the Prom.

Seniors who attended from Santa Anna were Misses Mary Alice Mitchell, Mildred Boardman, Thelma Lowe, Ozelle Daniels, Helen Turner, Mildred Eubank, Newah Turney, Kathryn Creamer and Catherine Rollins. Messrs. Louis Pittard, Clifford Wheeler, Leon Ward, Garland Close, Robert Dempsey, William Brown, Edwin Niell, Gus Morgan and Seth Ford.

JUNIOR-SENIOR BANQUET PROVES GALA AFFAIR

Juniors entertained the seniors and the faculty of Santa Anna High School with a banquet Friday evening, May the nineteenth, at eight o'clock at the high school building.

At the appointed time seventy-eight members of the two classes and the faculty marched in two lines, one at each stairway, to the banquet hall.

The star was the motif used by the juniors. At each end of the table and in the center was a small red wagon hitched to a silver star, representing the old maxim, "Hitch your wagon to a star." The other decorations used were large and small silver stars, strung with silver paper and tinsel. The senior colors, pink and green, were also effectively carried out in the decorations. The place cards were decorated with a star cut-out, revealing a pink sweet pea, the senior flower, and were tied with pink ribbons.

Mr. J. R. Lock, the principal, gave the invocation. A welcome address was given by John David Harper, the toastmaster, and the response was made by Seth Ford, president of the senior class. Russell Hale, accompanied at the piano by Maurice Kirkpatrick, gave a saxophone solo, "When the Wandering Boy Comes Home." A talk on "The Distant Star" was given by Mr. J. C. Scarborough, the superintendent. Twelve junior girls then sang "Stars" after which Mr. J. M. Binion, teacher of Vocational Agriculture, talked about "The Radiant Star." The junior class then sang "The Perfect Day." The program was concluded with a farewell address given by Louise Wilsford, football sponsor for this year. As an additional concluding feature, all were showered with handfuls of gleaming "snow."

Ten sophomore girls, Annie Lee Brown, Elizabeth Fletcher, Kathryn Wylie, Mary Bradford, Christine Zachary, Evelyn Kirkpatrick, Bess Inez Shield, Beth Barnes, Rheba Boardman and Francine Merritt, served the banquet. They were dressed in pink and green. Silver stars decorated their green headbands.

After the banquet the group adjourned to the home of Mary Alice Mitchell, a senior, where they were entertained for the remainder of the evening.

Members of the junior class are: Alberta Banks, Lena Jane Barlett, Nell Bell, Alton Brandon, Merah Brown, Robert Hunter, Grover Lightfoot, Thelma Lowe, Ruth Niell, Mary Oakes, Veda Daniel, Richard Dillingham, Samuel Everett, Carmilla Flores, Jim Bob Gregg, J. D. Pleratt, Armenta Ragsdale, Juanita Rordan, Irene Rountree, Virgil Sewell, Russell Hale, Golda Hardy, John David Harper, John Hensley, Brownlee Hunter, Edna Shamblyn, Floye Spencer, Annie Louise Watkins, Louise Wilsford, Vivian Wristen and Elvard McGlothing.

The senior class is composed of Eva Nelle Arrant, Catherine Ashmore, Pauline Ashmore, Lillian Bible, Shirley Blanton, Mildred Boardman, William Brown, James Caldwell, Garland Close, Kathryn Creamer, Lois Crump, Ozelle Daniel, Robert Dempsey, Cora Douglass, Mildred Eubank, Clovis Fletcher, Seth Ford, Hiram Glenn, Jesse Goen, Frank Hodges, Emmett Howard, Marguerite Johnson, Lavada May, Eunice McGahey, Mary Alice Mitchell, Gustavus Morgan, Nowlin Myers, Edwin Niell, Lenton Oakes, Clifford Oder, Harry Oder, Ione Phillips, Louis Pittard, Sybil Ripley, Catherine Rollins, Lois Spencer, Odis Tatum, Helen Turner, Rebecca Turner, Neewah Turner, Leon Ward, Edith Watson, Clifford Wheeler, Ruby Williams and Welma Williams.

MISS HELEN TURNER HOSTESS

Miss Helen Turner, popular senior, entertained a number of her friends at her home last Monday evening May 15.

Dancing was the diversion for this congenial group of young people. Those present were Misses Maurice Kirkpatrick, Mildred Boardman, Mary Alice Mitchell, Lillian Bible, Thelma Lowe, Pauline and Catherine Ashmore, Besse Evans, James Caldwell, Odell Brown and Helen Turner. Messrs. John E. Smith, Everett Kirkpatrick, Jewel Hill, Cleto Pope, Buster Turner, Leon Ward, Garland Close, Dexter Walthall, Louis Pittard and Robert Turner.

MISS MITCHELL ENTERTAINS

Miss Mary Alice Mitchell gave a party for the juniors and seniors last Friday night, May 19th after the banquet. Dancing was enjoyed throughout the evening until a late hour when all went home reporting an enjoyable time.

That threatened walk-out of actors and actresses in Hollywood would be all right if some of them would stay out.

BILLIE BARNES WINS D. E. C. DECLAMATION CONTEST

Santa Anna High and the many friends of Billie Barnes welcome receipt of news of the effect that Billie won first place in the annual declamation contest sponsored by Daniel Baker College of Brownwood where Billie is a Freshman this year. He will be awarded a medal for his accomplishments during the forthcoming graduation exercises at that school. Billie is the son of Mr. and Mrs. Ford Barnes, the latter being Santa Anna's local poetess, who has won state, national and international recognition for her poetic contributions. Congratulations, Billie. We are proud of you.

EXAMS

Last Monday and Tuesday were final exams for the school term of 1932-33. All the students did their best, in order to pass all subjects. Although some students did not study very much during the entire year, they reviewed for final exams.

JOKES

"It is the duty of everyone to make at least one person happy during the week," said the Sunday School teacher.

"Have you done so, Vernon?" "Yes," said Vernon promptly. "That's right. What did you do?"

I went to see my aunt, and she was happy when I went home."

"I suppose you will miss your boy while he is at college?" "Yes," replied Mr. Ford, "I don't know what I'll do without him. He's got the livestock so they won't move unless he gives them the college yell, and I can't remember it."

The instructor, having delivered a lecture on parachute work, concluded: "And if the parachute doesn't open—well, that is what is known as 'jumping to a conclusion.'"

"Buy Dry" will be the next slogan.

Says Her Husband Lost 16 Pounds In 4 Weeks

"I have never found a medicine that 'peps you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

Of course, if there is nothing else to do a fellow can always pitch horse shoes.

Get Up Nights?

Make this 25c Test

You need a bladder physic to drive out impurities and excessive acids that cause irritation, burning and frequent desire. Get a 25c test box of BUKETS, the bladder physic, from any drug store. After four days if not relieved of getting up nights go back and get your money. BUKETS, containing buchu leaves, juniper oil, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache, or leg pains arising from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Sold by PHIL-LIPS DRUG CO.

C. P. PRESBYTERY

The Cumberland Presbyterian Church entertained the Brownwood Presbytery which was in session here from last Thursday night until Sunday noon. There was a very good attendance and interesting services throughout. Its sessions were very harmonious not a negative vote being cast at any time. Rev. J. P. Pierce of Ft. Worth was ordained to the Ministry on Sunday morning. Other ministers attending and taking part on the

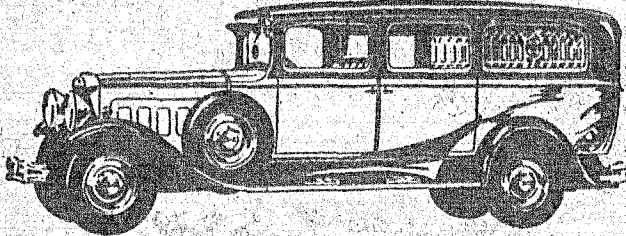

programs were Rev. A. J. Mann, McGregor, Texas; Rev. F. A. Brown, Ballinger, Texas; and Rev. W. B. Andress of Gaineville who was moderator of the sessions. On Saturday night an impressive memorial service was held in memory of Rev. J. B. Wright who labored faithfully in the Master's vineyard in this part of the state; for many years. The Womans Missionary Society had a very interesting program also on Saturday night. At the close of the services Sunday a bountiful dinner was

served at noon, when the congregation and delegates and a number of friends enjoyed a happy fellowship together. Blessed be the tie that binds.

Our hearts in Christian love, The fellowship of kindred minds, Is like to that above.

What Is a Funeral Home?

A FUNERAL HOME is and always must remain an institution of service for the dead, but it is fast becoming an institution of service for the living, to alleviate the grief of those who survive.

To meet the requirements of present day needs and customs a modern funeral home should include:—

- A FUNERAL CHAPEL with ample seating capacity.
A BUSINESS OFFICE isolated from other parts of the home but with access to all parts.
A RECEPTION ROOM large enough to accommodate crowds.
A REPOSE ROOM or STATE ROOM where the remains may lie in state.
GUEST ROOMS for out of town guests.
TWO or more Laying out or Dressing Rooms.
A WELL EQUIPPED PREPARATION ROOM.
A MAUSOLEUM Receiving Vault.
A DISPLAY ROOM where 50 or more caskets may be displayed.
PRIVATE GARAGE to house exclusive funeral cars.
EQUIPMENT ROOM to take care of all funeral service equipment.
LIVING QUARTERS for at least three families that they may be on hand to serve at all hours.

We would like for you to inspect our modern funeral home and see if it does not meet all these requirements.

LOW-COST Hot Water... at the Turn of a Faucet...

with a Modern ELECTRIC Water-Heater

When you turn your "hot water" faucet you want... and NEED... an adequate supply of piping hot water. That, however, is only the primary requisite. If you can get this constant supply of hot water inexpensively, automatically and with perfect safety at all times, isn't that a perfect combination?

The modern ELECTRIC water heater gives you a surplus of hot water, and for good measure adds safety, cleanliness, health, dependability, quiet, comfort and convenience. Contrast these advantages with the flame noise, fumes, soot, smoke and odors of old-fashioned methods.

Ask a trained representative to show you the beautiful new electric water heaters now on display. They are equipped with emergency reliefs for both temperature and pressure... they offer all the well-known advantages of modern automatic electric water heating... they operate on the new "constant hot water service" plan that means LOW COST to you... and prices and terms are especially attractive!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Messrs. J. E. and T. F. Gassaway of ElMott and Mrs. S. A. Hobbs of Mart spent last week-end in the home of their sister, Mrs. J. E. Ford. Mrs. Hobbs remained for a longer visit.

Mr. and Mrs. G. W. Faulkner of San Angelo, spent the week-end here with relatives.

Last week we exerted our very best efforts to put out a local newspaper of the optimistic kind, using our subject matter selected from the better things, and trying to eliminate things of unpleasant trends. After the paper was mailed our hand was called for some of the things we wrote. In a sarcastic manner, such sarcasm causes us to reflect back to the utterance once made by a youth who was trying to do good deeds with pure purposes and good intentions, and after seeing the attitude in which his efforts were received, he said, "Its hell if you do and hell if you don't, so what the hell is the use?"

IGNORANCE COSTING TEXAS A HUGE SUM

Lack of knowledge of how to read and write on the part of 300,000 people in Texas is costing them \$30,000,000 annually in earning capacity, President Fatt M. Neff of Baylor declared Monday in a chapel address on "The High Cost of Ignorance."

"Many of our legislators are debating the high cost of learning and are seeking every possible avenue for reducing the expenses of our state educational system," the president declared "but I am wondering if any of them have ever given serious consideration to the high cost of ignorance."

"There are 300,000 persons in Texas, ten years of age and above, who can neither read nor write, and 100,000 of that number are of native Texas stock, a record that does not seem to do justice to the founders of Texas that no government could attain the highest development which did not make ample provision for the education of its citizens."

"The deficiencies in the education of so many people of this state means a loss of \$30,000,000 per year in the earning capacity of our citizenship, which is a sum larger than it takes to operate the government of this state for a year," the president continued.

"How do I get these figures?"

you ask. Every ten years the government of this country takes a census of the entire population and then has its statisticians analyze the information obtained. From the last census it was estimated that a common school education is worth \$60,000 to one who lives to be 70 years of age, whereas a high school education is worth \$88,000 and a college education is worth \$200,000 in earning power." —Exchange.

Don't judge the child too harshly. The law of heredity is strong, and the poor little thing who lives to be 70 years of age, is not responsible for its parents.

What a Small Fee Will Do!

"It is appointed unto men once to die" and "we know not the day nor the hour" A small fee from each member, cheerfully and systematically given, will relieve the bereaved family of the burden and embarrassment that is often felt from the death of loved ones, and when the family finances are sometimes low. Then by paying this way you not only help others, but have yours paid for in full, for the amounts given when death comes into your own home. The bereavement of your neighbor today, may be your loss tomorrow.
