Presbyterian Church

Easter Sunday is one of the most cherished days of the year. The church is the place where you can find the spirit of Easter. Easter is not a parade of spring apparel but is the commemoration of the most profound and important act that has ever taken place. That day of observance is too sacred to pass by without spending an hour in the house of God.

Sunday morning at the eleven o'clock hour the Communion Service will be held. Your presence will be a benefit to yourself and others.

West Texas Chamber of Commerce Opposes Payment of Soldier Bonus

(AN EDITORIAL)

At a meeting of the officials of the West Texas Chamber of Commerce, held in Fort Worth Tuesday, the officials went on record as being opposed to the Government paying the remainder of the soldier bonus, according to petitions and agitations now before Congress.

The writer is a charter member of the West Texas Chamber of Commerce, and has been identified with it since its organization, except two years and then we gave it our support just the same as if we had been actively identified, and we give them credit for accomplishing a great deal for West Texas and all of Texas, for that matter, but we are bound to rise up in meeting and oppose their action in this matter.

Talk about your production loans, appropriation for reconstruction, to be distributed by boards and sub-boards, such as the two billion dollar appropriation recently made and a new board created, headed by former Vice-President, Charles Dawes, and other millions and millions appropriated for this relief and that relief, such as the railroads, large commercial banking institutions and large corporations, none of which appropriations are worth a whoop to us common people that we are able to see, or realize, and then balk on a prop-

osition that will put money into the channels of trade in every hamlet of the country, and the beauty of it is that it would not have to be paid back with interest, and no mortgage with a bunch of waivers would be required to get it.

In our opinion, the payment of the soldier bonus, or adjusted compensation, would be the greatest boon toward bringing prosperity of anything that could happen in this great country of ours. According to figures compiled by Hon. Wright Patman, militant Texas Congressman, it would release \$388,644.98 to Coleman county men and their families, and in the State of Texas, \$95,641,820.30 would be released and put into circulation, and what we mean, almost one hundred per cent of it would be put into circulation, for ex-service men are largely now men of families and many of them are now struggling for means of support, and any number of them, right here in Coleman and adjoining counties, are men with families and out of employment and very greatly in need of finances in order to make it possible for them to support their families and continue in useful pursuits of life.

Compensation has been provided for veterans of all other wars, the widows and orphans

of soldiers of all other wars have been provided for, and the men of our country now, millions of them who were rushed into service, drilled in haste, shipped overseas, fought like hell for months, and many of them never really knew what the fight was all about, just rushed thru training schools and drilled in patriotism, many of them when they went into battle felt like they could whip a dozen "bachs" without a gun, they won the cause for which they were fighting, returned to their homes—those who were fortunate not to be killed in action, they went at the command of the Government, they protected it and now the manly thing for this Government to do is to compensate each of them sufficiently for his services.

This is the first article we have ever tried to compose on this subject, and it may sound a little radical, but our heart is in sympathy with those men who gave up their homes, vocations, the privilege of home environment and friends, and went out to war not knowing whether they would ever return, and many of them did not. We say, issue treasury warrants and pay them in full, the same as our allies have done, many of them borrowing the money from the United States with which to pay.

Supplemental List Of Sealy Shower Donors Is Found

Names of Some Most Liberal Contributors Omitted Last Week

Last week the News published a list of those who contributed to the shower given the Sealy Hospital, and immediately after the paper was mailed it was discovered that several who contributed, some of whom were among the largest givers, were left off the list, and those who participated in compiling the list of names regret very much that such a mistake was made.

Dr. Sealy was not aware of the missing list until after the paper was published and he has the News in an effort to clear the matter up.

Dr. Sealy is disappointed and no one donated for the purpose of getting publicity, but, inasmuch as the News started to publish the complete list, and by some mishap a list of the names got lost and was not used last week, this supplemental list to the one published last week is herewith printed. Both Dr. Sealy and the News regret deeply the failure to get the complete list in one week's publication.

The following names should have appeared in the list published in last week's Santa Anna News.

Mr. and Mrs. M. F. Short
Ed Vinson and family
Mr. and Mrs. Bob Stewart
Mrs. M. E. Chambers
Miss Louella Chambers
Mr. and Mrs. M. L. Banks

Mrs. H. W. Kingsbery
Mr. and Mrs. Dave Banks
Mr. and Mrs. G. S. Evans
Mrs. Jennie Aldridge
Mrs. Brush Aldridge

(EDITOR'S NOTE—There could be, and probably are, more yet, but this completes the list in so far as we are able to compile it, and if there is yet found another list, it will be printed in these columns at a later date.

Dr. Sealy has not had one thing to do with this further than to write the introductory carried in the main page that was published last week. In a conversation with Dr. Sealy over the telephone, he expresses his regrets in the deepest of tones that only a partial list of the names of friends who contributed to the hospital shower was published and the others misplaced and not published last week. No one was at fault intentionally, but little mishaps will happen occasionally regardless of how careful people try to be.)

Mrs. W. E. Baxter and daughter Dorothy, and Mrs. A. R. Brown visited in Coleman Monday.

Mrs. Leon Shield and daughter Leone and Mrs. Scarborough and daughter, Dorothy, of Coleman were shopping here Tuesday.

Stock Hauling Law In Effect

Owner's Permit Measure To Be Enforced As Aid To Quarantine

AUSTIN, March 6.—(APIL G. Phares, chief of the Texas Highway Patrol, announced Saturday that a campaign would be immediately launched with the assistance of the State Live Stock Sanitary Commission, to enforce the law requiring permits for transportation on the highway of live stock and poultry.

The legislature enacted a statute requiring those hauling live stock to obtain owner's permit certificates in an effort to prevent the removal of cattle from a quarantined district into areas not infested by ticks or cattle diseases.

Phares said that State highway patrolmen or other officers can, without a search warrant, require the driver of any vehicle moving live stock or poultry to produce a permit for the transportation signed by the owner.

Failure to possess such a permit subjects the driver of the vehicle to a fine of not less than \$25 nor more than \$200 for each head of live stock or poultry in the movement.

The law has a dual purpose, in that it will prohibit the transportation of stolen animals, or butchered portions thereof over the highways, a practice that is very prevalent in many parts of the State. The law was originally sponsored by the Texas Cattle Raisers Association and the West Texas Sheep and Goat Raisers Association and these two organizations will take an active part in its enforcement.

A book of these certificates can be had by writing J. H. Walker, Live Stock Sanitary Commissioner, Weimar, Texas.

SUB-JUNIOR SPELLING

The final elimination in Sub-Junior Spelling was held this week with seven entries competing for representative honors in the County Meet being held in Coleman today. A lively interest was displayed by the third grade entrants during the past few months.

First place goes to Dorothy Ross of three "A", who scored one hundred per cent. Three students tied for second place, each missing one word. They were Sarah Ridings of the three "A" grade, Nannie Robbins and Ima Neil of four "A". The last two representing Santa Anna in Sub-Junior Spelling last year and bringing back the cup by virtue of two one hundred per cent papers—the first time that Santa Anna ever won the spelling cup. Ima Neil won the run-off for second place with a score of one hundred per cent.

Honorable mention goes to O. L. Cheaney, J. T. Garrett and Joyce Hensley.

RELIEF FOR THE SMALL FARMER

Farmers who find themselves short of cash or credit with which to finance their 1932 crops can borrow money under the Reconstruction Finance Corporation Act, which provides that fifty million dollars is made available through the Secretary of Agriculture for crop-financing loans to farmers, and much more than that will be available if necessary.

These loans, Secretary Hvd announces, will be on an acreage basis and not more than \$100 may be borrowed by any farmer. This money must be used for the purchase of seed and the cultivation and harvesting of crops, and loans are to be secured by liens upon growing crops.

We think this is a pretty good arrangement for two or three reasons. In the first place, it is cheap financing for farmers, the interest rate being only five and one-half per cent. In the second place, it is likely to result in teaching a good many farmers how to use credit in the same way a business man uses it. The kind of loans with which farmers are most familiar are mortgage loans on the security of their land. And if farmers, generally, take advantage of this process, it will distribute a very large amount of working money throughout all of the agricultural regions, and every dollar so distributed will contribute many times its own value to the restoration of business activity and the benefit of the community in which it circulates.

PAYING OUR BILLS

Depression's best friend is the man or woman who can, with little or no effort, pay his or her bills promptly—but doesn't. During the war it was a serious offense to utter seditious remarks or to commit unpatriotic acts. Today, with the whole world fighting a great economic war, thousands who should be doing their bit by paying their bills promptly are actually aiding the enemy—depression—by letting the grocer, the landlord, "the butcher, the baker, the candlestick maker," the newspaper, the doctor and others wait for the payment of goods that have been delivered or for services rendered. Payment of these bills—in full or in part—will help re-open old jobs and stimulate business. Slow pay means slower business and more unemployment. If you cannot pay all, pay a part of every bill you owe.—(Giddings News).

Nothing will get people together like getting them into a hole. As long as things are going smoothly we are all independent, but let misfortune come and there is at once a community interest that binds us together.
Anyway, if we take all these optimistic predictions with a grain of salt it will help the salt business.—Jacksonville Journal.

SOME OF THE THINGS WE APPRECIATE

It has been two or three weeks since we took the time to comment on those who showed this office favors by calling and renewing their subscriptions to the News.

It was not for the lack of appreciation that we neglected this matter, but due to other things demanding our attention in such manner we just gave them the preference.

We wish to place the following on the honor roll since our last report:

H. B. Bouchillon, J. J. Kirkpatrick, E. W. Polk, George Stewardson, W. A. Brandon, Mrs. Earl Hardy, J. F. Williams, Mrs. Frank Edwards of Bracketville, Clark Miller, Roy McFarlane, J. Ed Bartlett, Frank Fields (colored), J. H. Steward, Mrs. J. R. Gipson, T. M. Brown, J. L. Stewardson, J. D. Nabours.

It is the cooperation of such as you that makes it possible for us to continue in business.

W. A. Stroman of San Angelo, candidate for District Attorney in the newly created 119th Judicial District, composed of Coleman, Runnels and Tom Green counties, spent a day in Santa Anna last week, meeting the voters and placing his claims before them. The voters in Coleman county will have the privilege of voting for two sets of district officers this year. The original 35th Judicial District, composed of Brown, Coleman, Runnels, Concho and McCulloch counties, still exists, and the newly created 119th District overlaps Coleman county, giving us two district courts and two sets of district officers to elect. This will be confusing to some, but can be worked out and understood by giving it a little thought.

The editor, accompanied by the wife and baby daughter, attended the afternoon singing at Bangs last Sunday afternoon and greatly enjoyed the occasion. We were also joined enroute by Henry Smith, another one of the singing clan, who is now among the "has beens."

There were several from these parts attending but we made no list of them. Mr. and Mrs. J. Tom Newman of the Liveoak community and several of their married sons and their families, L. G. Bobo, R. E. Ward and others were there. The afternoon was greatly enjoyed.

John Knott, whose cartoons in the Dallas News have become celebrated throughout the world, hit the spot recently following the Ferguson's announcement, when he drew a picture of a fire station, sounded a fire alarm and had forner Governor Dan Moody skinning down the pole to pick up an axe labeled "for Jim." One hardly needed the accompanying editorial to interpret the picture. It was that Dan Moody had been aroused by the announcement that Ma and Pa Ferguson were again asking for the governor's office, and Dan was ready to do battle. And Dan will do valiant battle, for Dan is a fighter, inspired to fight by his convictions that the State's welfare would be in danger with the Ferguson's again in the governor's office. Dan had much to do with defeating Mrs. Ferguson two years ago. He will have a great deal to do with defeating her this year.—(Hamilton Herald-Record).

ALGERIA

THE STALK IS SWEET, CONTAINING A LARGE AMOUNT OF SUGAR, AND LIVESTOCK EAT THE ENTIRE STALK WITH RELISH. STALK GROWS FROM 4 TO 5 FEET TALL, WITH 15 TO 20 HEAVY LEAVES. THE HEADS ARE 12 TO 18 INCHES IN LENGTH, AND WEIGH FROM ¾-LB. TO 1-LB. PER HEAD. THE GRAIN IS LARGER THAN MAIZE AND MUCH SOFTER. THE PLANT STOOLES OUT WELL AND MAKES SEVERAL STALKS.

The following is a brief account of my experience with ALGERIA in 1931:

I purchased 40 pounds of ALGERIA seed in the Spring of 1931, and planted it on about 9 acres. I intended to plant 5 pounds to the acre, but did not plant more than 4 or 4½ lbs. per acre. The soil was fairly good, but it was planted late. The land was bedded and planted the third week in May. The only rain we had after April 28 was on June 9, until after the feed was harvested. I gathered about 15 tons of heads from the 9 acres. I have never fed a better bundle feed than the bundles cut with a row binder. Stock relish my bundle feed and eat it all. ALGERIA has roots similar to corn, except they grow straight down. I found ALGERIA to be the greatest drouth resister of any of the eight varieties planted in 1931.

Agents are selling ALGERIA seed for 25c, 50c, 75c and some are taking orders for the seed for as much as \$1.00 per pound. I paid a high price for my seed, but, under the circumstances, I will offer it for sale at only 6c per lb. Several of the merchants have agreed to sell ALGERIA seed for me, and the seed will soon be placed on sale in Santa Anna and Coleman. We took first and second prizes at the Coleman County Fair last Fall.

G. C. Walters Dies After Long Illness

(Cameron Enterprise)

G. C. Walters, 46, passed away Tuesday, March 8, after a several weeks illness of the flu and pneumonia. Mr. Walters had resided in Cameron a number of years and for more than ten years was manager of the Milam County Lumber Company, where friends here first knew him readily as a competent, able business man. He served with the Wm. P. Cary Co. at Brownwood and in Kansas before coming here. For the last several months he had served as salesman for the Rawleigh Products Company.

Mr. Walters was born in Coleman county, May 25, 1885, and was married to Mrs. Vada Tucker Little, April 1, 1925. To their union was born one child, Hubert Walters. He also leaves children by a former marriage, G. C. Walters, Jr., and Ernest Walters; and one step-child, Miss Billie Moore. Surviving besides those mentioned are the following sisters and brothers: Mrs. H. H. Gresham, Brownwood; Mrs. W. E. Chambers, Brady; Mrs. Miriam Prickett, Santa Anna; Mrs. Ben T. Vinson, Santa Anna; Mrs. Floyd Reynolds, Richland Springs; Moses Walters, Jr., of Clovis, New Mexico; Joe Walters, Cisco; Henry Walters, Brownfield; Stark Walters, Carlstadt, New Jersey; and Sam Walters, Sweetwater.

Mr. Walters joined a Baptist church in early youth, and remained a member until in 1929 when he took fellowship with the Christian Church. During these last years, he made the church his major concern. He was generous, kindly and of a friendly disposition.

Funeral services were held at the residence, Wednesday afternoon, March 9, at 2:30, by Rev. Joel B. Hardigree, pastor of the First Christian Church of Cameron. The Odd Fellows Lodge, of which Mr. Walters was a member, was in charge of the service at Oak Hill cemetery. Pall-bearers were members of that lodge and as follows: J. L. Slaughter, Jeff T. Kemp, Roy Law, J. L. Adams, Joe Bass and Chas. C. Smith.

LOCAL TEAMS IN PRACTICE DEBATE

Wednesday afternoon both the debate teams in the local high school met the Rising Star teams in practice debates. They debated on the Interscholastic League question, "Resolved, That Lobbying as Practiced in this country, is Detrimental to the Best Interest of the people." In girls' debate, Misses Helen Turner and Lillian Bible defended the affirmative against Misses Will Faye Hamilton and Naomi McBeth for Rising Star. The judges' decision was in favor of the affirmative.

In the Boys' debate, Charles Rutherford and Wayne Sellars, of Rising Star, defended the affirmative against Robert Hunter and Lois Crump. The decision was in favor of the affirmative.

All of these girls and boys are excellent debaters, and seem to understand their subject thoroughly. All the teams should go far in their respective counties and districts.

The able judges were Mrs. Leeper Gay, Miss Alice Hays and Earnest Lee Womack.

The Rising Star teams were accompanied by their coach, Superintendent E. T. Dowson and his wife, Miss Olivia Land is the local debate coach.

Mr. and Mrs. Walter Hill and son and Miss Geneva Atkinson of Midland spent last weekend here.

YOU PAY THE BILL

Some things you might ponder over while preparing your income tax report:

Your taxes have increased 325 per cent in 16 years.

Every worker gives approximately one day's work in six to taxes in this country.

Government costs America 13 billion dollars a year. That exceeds the value of all crops.

All money in circulation would not pay a year's cost of our government.

A half million persons on your payroll run the bureaus, boards, and commissions by which your government serves you.

The Federal government alone has 732,460 civilian workers, exclusive of those in the judicial and legislative department, on its payroll. You pay them the sum of \$1,055,970,633.55 annually.

And while you are thinking of these things don't fool yourself into believing that the thriving industry of government doesn't cost you money simply because you do not pay any direct taxes, or pay small ones. Your Uncle Sam, ably and enthusiastically assisted by the state, county and municipal governments, is getting the money and in one way or another you are paying your share.—(San Angelo Standard-Times).

Pithy Quotations from Public Addresses of
MELVIN A. TRAYLOR
President, First National Bank, Chicago

"It is time some leadership and some party called our attention to the fact there is no magic cure for the ills and the evils of human folly. We trod the primrose path of extravagance, of thoughtless and of almost criminal neglect of every sound principle of human conduct, from the individual to the government, and the individual was aided, encouraged, and abetted on that path by the government and those responsible for its administration."

"One of the biggest things was a watered state of mind in which we all thought we were richer than we were, and were living beyond our means."

"In my opinion, no great division of human society has ever been led to, and led about, as much in the same period of time as has the American farmer."

"This then is my hope for our future—that we may be rich without forgetting to be righteous; that we may be powerful without being offensively proud; that we may be nationally minded without being narrow-minded; and, finally, that we may live in a world of fact without surrendering our faith."

"I would urge consideration of the complete abolishment of so-called floor trading, which, as I am informed, has about it most of the characteristics of plain crap shooting, and few, if any, more redeeming features than that delightful Ethiopian pastime."

"It is bad enough when the intelligent and wealthy speculate and lose, but when scrubwomen, day laborers, small home owners, wives and youths speculate and lose, simply because they can go to a broker's office and get credit for small sums, the practice ceases to be defensible on any ground."

"Out of the stress and difficulty of the situation I believe gradually we shall return to simpler thinking

and simpler living. For it seems to me that we want above everything to abandon the struggle to live up with the Joneses, and to rediscover the true purpose of life, which is the joy to be found in the simple virtues of industry, thrift and sane living. I believe in our people, in our country, and in the God who directs our destinies; and I welcome the future with confidence and unshaken faith."

"We have not failed because of ignorance of economic theories, but because of our utter disregard and defiance of all economic laws. Ambition, stupidity, and greed have dictated policies, and trouble has been the result."

"All through history . . . the nations that have been agriculturists and have included in their agricultural and domestic pursuits the breeding and raising of livestock have been the nations that have endured the longest and performed the greatest work for mankind."

"Open the door of an agricultural school and you close the door of a poorhouse."

"Relief from owing too much money does not lie in borrowing more."

"Knowledge is one thing, but courage of leadership is another."

"Falsehood and error make the headlines, while truth and fact are lost in the maze of half-point type."

"We cannot trade the hungry, the unfed, the feeble voice of the sick, the empty basket of the unemployed, against the maintenance of party preference or individual advantage or personal achievement."

"I believe I am a better farmer by a long shot than I am a banker."

"We must either all thrive together or all suffer disaster."

MELVIN A. TRAYLOR
President of First National Bank, Chicago

No business man in any town should allow an issue of the paper published in his town to go without his name and business being mentioned somewhere in its columns. We do not mean by that that you should have a whole, half or quarter page, advertisement in each issue. NO, NOT AT ALL, but your name and business should be mentioned, if you do not use more than two lines of space. A stranger picking up the newspaper should be able to tell what business is represented in the town by looking over the paper. This is the best possible town advertiser. The business man who DOES NOT advertise his business does an injustice to himself and to his town. The merchant who insists on sharing the business that comes to town as a result of his neighbor, but refuses to advertise his own, is not a valuable addition to any town. The life of any town depends on the live, wide-awake and liberal advertising business men.—(Exchange).

No one loves a quitter, but the acquitters seem to be fairly popular.—(Henderson Times).

RENEW OUR VISION

By Helen Keller

(Helen Adams Keller was born in Tuscumbia, Alabama, June 27, 1880. She is a graduate of Radcliffe College and has received several honorary degrees. She has been deaf and blind since the age of 9 months as a result of illness. Her great fight to overcome her handicaps became a story known to most of the entire world.)

Peace will not come through the League of Nations, where the statesmen agree to scrap everything they will not need in the next war. Nor will it come thru the disarmament conference being held in Geneva; neither will it come thru tariff walls and moratoriums. Why cannot the people see that the powers that be are trying to drive Russia into war with Japan because it

would be easier for them to exploit China if there was an enemy nation between it and Russia?

When captains of industry cannot, or will not, make a proper division of earnings between labor and capital, economic unrest prevails, and a state of affairs arises like what we are now witnessing here and all over the world.

Peace will come only through the enlightenment of the people on the political and economic causes of war, and the acquisitive motives that shape the policies of their rulers. Peace and prosperity will come only when we realize that we live for each other by each other and not unto ourselves. We need to renew our whole spiritual vision.

What you hear never seems as important as what you overheard.—Corsicana Sun.

Correct Lighting Will Save Your Eyes and Add to Your Enjoyment

THERE'S nothing quite so cozy—these long winter evenings—as a good book, a restful chair, comfortable slippers and the old briar pipe. The finishing touch, to make the evening at home a rare treat and to add to the enjoyment of your reading, is good light.

Good lighting, more than anything else, will make your reading a genuine pleasure. The print will stand out plainly and your eyes will follow the text untiringly. This absence of strain will double your enjoyment.

Lighting fixtures combining beauty and efficiency are so inexpensive—and the cost of adequate light so insignificant—that truly it's wise economy to use plenty of light. A courteous representative will be happy to inspect your home-lighting arrangements, and suggest beneficial changes if they're necessary. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

TAKE STOCK

The game is the thing wherein we'll see you as you are. Interscholastic events give opportunities for character training. Enter a contest for the joy of pitting your strength against others, if you win, you were not over estimated, if you lose, you were!

Take each rebuff that turns earth's smoothness rough. Losing will aid one greatly in seeing himself as he is. It teaches humility, self-investigation, and will readily cause one to take inventory of his stock of trite ideas—culling and improving the few that remain until he has mastered self and can say:

"It isn't the fact that you're hurt that counts,
But how did you take it?"

Brevity is the soul of wit.

Your face . . . is a book where men may read strange matters.

Sweet are the uses of adversity
Which like the toad, ugly and venomous,
Wears yet a precious jewel in his head.

How far that little candle throws
its beams!
So shines a good deed in a naughty world.

We are such stuff as dreams are made of,
And our little lives are rounded with a sleep.

How sharper than a serpent's tooth
It is to have a thankless child!

All the world is a stage,
And the men and women merely players.

When sorrows come, they come not as single spies,
But in battalions.

Have more than thou showest,
Learn more than thou knowest.

There is a Divinity that shapes our ends,
Rough-hew them how we will.

FINE RECORD

Our record in boys' doubles is enviable. For six years our boys have held clear racquets over all of the star players of the county. In 1921 James Gipson and Max DuBois won in this district. Our doubles record follows:
1927—William Wheeler and Curry Mills.

1928—Joe Christ Barnes and Sparks Whetstone.
1929—Buster Turner and James Gipson.

1930—Buster Turner and James Gipson.

1931—Wilburn DuBois and James Gipson.

1932—Leon Ward and Clifford Wheeler.

In boys' singles we have a record of five years superiority over all entrants.
1927—William Wheeler.
1928—Sparks Whetstone.
1930—James Gipson.
1931—Leon Ward.
1932—Leon Ward.

GOOD LOSERS

Frances Louise Adams and Thelma Lowe proved themselves good losers in the tennis doubles contest last Saturday. Even though they did not win, they played clean games and their efforts were sincerely appreciated by the students and faculty.

DEBATING

Two practice debates last week greatly enlarged the experience of the Santa Anna High School debaters. Since all of the debaters are inexperienced in debating these practices are valuable aid in preparing them for the county contest.

Tuesday afternoon both of the teams went to Cross Plains where they were defeated by the experienced teams of Cross Plains. The girls of Cross Plains are excellent, having debated last season. Both teams of that school have debated several times already.

Santa Anna's boys debated in Brownwood Wednesday night. Even though they did not win the judges' decisions, they certainly gained some worthwhile criticism from these judges.

Practice debates with Brownwood and Bangs are scheduled for the week before the finals in county debate at Coleman on Friday night, March 25th.

Those composing the debating teams of Santa Anna High are Lillian Bible, Helen Turner, Robert Hunter and Lois Crump.

Arrangements were made on Tuesday to debate the two teams of Rising Star High School in the Santa Anna High School auditorium at 1:00 o'clock Wednesday.

OPENED!!

Each Thursday at noon from 12:30 to 1:00 o'clock the museum in the high school building, in Room 101, will be opened to the public. We have an interesting collection of old relics, but we need more of them. If you have anything or if you know of anyone who has anything that would be of interest to the public, we would be very glad to have it to place in our museum. We shall assure you that good care will be taken of everything, and it will be returned safely to its owner.

If you have things which you would like to loan to the museum, give them to Mr. Lock, our sponsor, or Ruth Niell, Camilla Flores, or Brownlee Hunter, the custodians.

TENNIS PLAYERS HONORED

Bess Inez Shield and Frances Adams were hostesses for our tennis players Saturday night, at the former's home.

Many games were enjoyed by Misses Mary Alice Mitchell, Mildred and Rheba Boardman, Thelma Lowe, Mary Oakes, Bessie Evans, Maurice and Evelyn Kirkpatrick, Mary Bradford, Rebecca Turner, Annie Wilson and the hostesses; and Cleto Pope Dexter Walthall, Scott Wallace, Leon Ward, Ernest Van Zandt, Clifford Wheeler, Fred Faulkner, Clovis Fletcher, Garland Close, and Edwin Neill.

PLAYGROUND BALL

Santa Anna has had an enthusiastic group of girls in baseball. Last Saturday in the elimination our girls showed real sportsmanship, although they beat Cleveland and had to play Rockwood immediately afterward. This was doubly hard on them, and the victory went to their opponent.

Girls playing are: Floye Spencer, captain; Faye South, ass't. ant.; Annie Lee Brown; Evelyn Kirkpatrick; Edna Lackey; Alberta Banks; Iva Brannan; Christine Buse; Dalphine Richardson and Minniea Price. Eight of these girls are freshmen, the other sophomores.

WHO'S WHO IN TENNIS

Bess Inez Shield, daughter of Mr. and Mrs. I. O. Shield, made freshman class history last Saturday morning by defeating both Talpa and Coleman for the county championship in girls' singles. The scores were: 6-1; 6-1 with Talpa, and 6-0; 6-1 with Coleman.

Throughout the sets, it was obvious that Bess had precision and cool calculation in her playing, thereby presenting a graceful superiority over her adversaries from the start.

Leon Ward, son of Mr. and Mrs. R. E. Ward, continued his record of victories in tennis by defeating Brown Ranch, Whon, and Coleman for the county championship in boys' singles. Leon considers tennis a real sport and deliberately plays the game in an ideal sportsmanlike way. His final score was 6-4; 6-2, over Coleman.

Clifford Wheeler, son of Mr. and Mrs. Tom Wheeler, joined Leon Ward in winning the boys' doubles from Whon and Coleman. Clifford is an enthusiast in all sports. Although he used tennis as a side-sport, he proved his cooperative ability to overcome obstacles by sharing this decided victory with Leon.

The final score was 7-5; 9-7, with Coleman.

We now have four permanent cups in tennis having won each of the three years in succession. We have two boys doubles cups, one in boys' singles, and one in girls' singles. During the last six years we have had the boys' doubles continually in our possession and the singles cup has been lost only once. The girls' singles cup has been in our possession for the last three years. The only cup that we are unable to win seems to be the girls' doubles.

We, as patrons and students, should show our tennis players that we are proud of their accomplishments in this sport and encourage Leon, Clifford and Bess Inez to win some more of the honors for their school at the District Meet. Our boys' doubles team won a district championship for us last year—the team was James Gipson and Max DuBois. Let's boost our teams for continued success.

RAH! JUNIORS!

This is not 'believe it or not', but only plain facts about that A-1 Junior Class. The following figures explain why the Juniors are feeling so proud.

The Juniors have 17 entries in the Interscholastic League work while the other three classes combined have only seventeen or eighteen.

The Junior entries are: Debate—Lillian Bible, Helen Turner and Lois Crump; Senior Spelling—Ruby Williams and Kathryn Creamer; Extemporaneous Speaking—Catherine Rollins; Declamation—Leon Ward; Tennis—Leon Ward for singles, Leon also plays in doubles with Clifford Wheeler; Track—Clovis Fletcher, Clifford Wheeler, William Brown, Seth Ford, Degges Traylor, and Leon Ward.

The Juniors have won the class basketball games over every class except the Seniors and our prospects of winning the cup look favorable.

The Juniors also had more on the honor roll the last six weeks than any other class.

Come on, Juniors! Keep up your class spirit and your good sportsmanship!

THE RECIPE

- It's doing your job the best you can
- And being just to your fellow-man,
- It's making money—but holding friends
- And staying true to your aims and ends
- It's figuring how and learning why
- And looking forward and thinking high
- And dreaming a little and doing much,
- It's being thorough, yet making speed,
- It's daring blithely the field of chance
- While making labor a brave romance.

It's going onward despite defeat
And fighting staunchly, but keeping sweet,

It's being clean and it's playing fair,
It's laughing lightly at Dame Despair,

It's looking up at the stars above
And drinking deeply of life and love,

It's struggling on with a will to win,
But taking loss with a cheerful grin;

It's sharing sorrow and work and mirth
And making better this good old earth,

It's serving, striving through strain and stress,
It's doing your noblest—that's success.

CHARACTER TRAINING

The Character Training of the Senior girls will be conducted by members of the class next meeting, March 24th. Heretofore, Mrs. Bartlett has done the greater part of the discussing and it seemed to be a more helpful plan for the girls to give the program. A program committee appointed was Margaret Harvey, Bessie Evans and LaRue Curry. The next subject for discussion is "Industries."
