NUMBER 2

New Political Calendar for the Year 1932

(Hamilton Herald Record)

For the first time since Texas was a republic, its citizens next fall will vote for a president and a vice-president of the United States. In the past they have voted for electors of the political parties. In 1932 the names of the democratic, republican and other nominees for president will appear on the ballot. Electors still will cast the state's vote; but the electors will be chosen by the party convention and those of the majority party will be empowered to cast 23 Texas votes for president and vice-president.

Notice that the party nominees' names will be on the ballots was given by Mrs. Jane Y. McCallum, who has prepared a "voters' calendar" of the 1932 dates of political significance as fixed by statute. The dates fixed by the election laws, and others of concern to the voter and the election officials, include:

- Jan. 31—Last day to pay poll tax.
- Jan.—Democrats select national convention city.
- Feb. 8—Election judges appointed in counties.
- March 10—Last day for tax collectors to report poll tax payments.
- April 1—Tax collectors furnish election boards with poll lists.
- May 7—Precinct conventions in presidential nominations.
- May 10—County conventions to name presidential delegates.
- May 10—Executive committee of republican party to decide on whether to hold primary election or name county officers in conventions.
- May 24—State conventions to name national democratic and republican delegates for nomination of a president.
- June 6—Last day to file for state offices.
- June 9—Party chairmen call executive committee meetings for June 13.
- June 13—State executive committees meet to select place of meeting of state convention.
- June 14—Republican national convention meets in Chicago. (Date and place for democratic national convention to be fixed in January.)
- June 18—Last day for candidates to file for county offices.
- June 20—County executive committee to prepare ballot and assess costs.
- June 23—First campaign expense report.
- June 25—Last day for candidates to pay ballot fees.
- June 27—Last day to file first expense report.
- June 27—Primary committee meets to prepare ballot.
- July 2—Absentee voting begins.
- July 10—First day for filing second campaign expense report.
- July 14—Last day to file second expense report.
- July 13—Tax collector delivers to county executive committee chairman list of voters.
- July 19—Last day for absentee voting.
- July 21—County Clerk sends absentee votes to presiding judges.
- July 23—First primary.
- July 23—Precinct conventions.
- July 20—First day for filing first expense account for second primary.
- June 30—County conventions held, county commissioners canvass returns.
- Aug. 1—Last day for first expense account of second primary.
- Aug. 2—Last day for final expense account of first primary.
- Aug. 4—Presiding election officers seal and deliver ballots to county clerk.
- Aug. 7—First day for absentee balloting in second primary.
- Aug. 8—State executive committee canvasses returns.
- Aug. 8—Publication of pending constitutional amendments begin.
- Aug. 18—Last day for filing second campaign expense report.
- Aug. 23—Tax collector delivers list of voters to county chairmen.

Special to Our Contributors

It has been the policy of the Santa Anna News to publish church announcements, school, lodge and other announcements such as are of public and general nature complimentary, and we will endeavor to keep it up in the future provided we can get the copy in the office in time to get the articles set and ready for print without too much inconvenience to the operators and workmen in the office. However, there is reason in all things, and nothing will succeed without a system. Therefore, we must have copy for such announcements and news items early in the week. It takes time to prepare such articles for the press, and we plan to print and mail the paper on Thursday of each week, in order to reach our rural subscribers Friday. Bear in mind that the following rules must be respected. All church, league, B.Y.P.U. and other such announcements must be in the office not later than Tuesday to insure publication, and notices of meetings of such nature that could have been brought in early, but was delayed because of carelessness or other procrastination, will not accept on press day. All ad copy and news items of every kind must be in the office Wednesday, and preferably early Wednesday morning. Wednesday night is the deadline for all copy of whatever kind.

THE ABSURDITY OF PRESENT CONDITIONS

(Jayton Chronicle)

Did you ever stop to think that we are the most fortunate people on earth? We live and have our being in the most wonderful country under the sun. A land overflowing with everything mentionable. A land so rich in natural resources that there is no way to compute its value. Millions of square miles of fertile soil, millions of miles of concrete highways, thousands of miles of railroads, millions of miles of telephone and telegraph lines, the greatest oil fields in the world, gold mines, silver mines, lead mines, coal field after coal field, iron mines, timber, running waters in a thousand river beds, oceans on three sides of us, churches, schools, colleges, universities, hospitals, airplanes, automobiles, tens of thousands of factories, millions of cattle, horses, hogs, poultry, sheep, enough wheat and cotton on hand to last the world two years, one-half the gold supply of the world, the most stable government in the world, the best educated people in the world, and we might go on for pages telling of the wonderful blessings that are ours, but what's the use, for if we will only stop and think, we, each and all of us must know and realize these things.

But here is the sad thing about it all. With everything to make us happy and prosperous, thankful and hopeful, we find ourselves moping around like a nation with the pip, our tail feathers dragging out our tracks gripping and groaning, and bewailing our sad fate when in fact the only disease we are afflicted with is a lack of faith, and guts to get down to honest toil, and the ability to smile and go forward.

As the doctor would say: We have a severe case of acute constipation; our tongue is badly coated; and our liver is dead. Our stomach is bloated, and our breath is foul. In fact, our feet stink and we need a bath, a change of underwear and some clean socks. We have the hippo, the hookworm, the itch and the mange and for the last twelve months many of us have been having "running fits". Running from the shadow of want, howling at our friends and neighbors just like they have been howling at us. Getting out on the high rocky points and baying at the moon with our eyes shut so tight that we can't see that the sun shines and God is God, and that if He watches the sparrow, surely He will take note of "Those He created in His own image" for His own glory and to possess the earth and the heavens above.

This is the first week of the New Year and let's resolve now, to do our best to forget the mistakes of the past and go into the future with hearts filled with faith, hope and charity. If we don't and won't, then who can say that we do not deserve to be disinherited and kicked into outer darkness where weeping and wailing goes on forever and disturbs no one and is its own reward.

Grapes Make Second Crop

Our good friend, B. R. Risinger, living here in Santa Anna, presented the editor with a bunch of green grapes on New Year's Day that grew on a vine in his yard. The grapes are about the usual size of grapes ready to ripen, and look right attractive. They are plenty large to make a pie, and Mr. Risinger says the vine has several bunches on it. Now you two-in-one fellows put that in your pipe and smoke it.

Miss Margurete Gray returned to Abilene Sunday, where she is attending McMurray College.

Mr. and Mrs. H. Stubblefield of Belton spent the week-end with Mr. and Mrs. Frank Crum.

Boy Scouts Hold Good Encampment

Abilene, December 4, 1932

The first winter camp for the Council which closed Saturday at Camp Tonkawa near Buffalo Gap was a huge success. Tent were supplied, army stoves heated the tents, professional cooks made every meal one of joy to the Scouts. Executive Ed Shumway served as Camp Director and was assisted by Camping Chairman Ed Stewart, Mrs. Ed Shumway who instructed in leather work, rope making and first aid, Mrs. Ed Stewart and several advanced Scouts.

Judge C.M. Caldwell furnished a goat which was served to the Scouts. Judge Caldwell was the speaker Sunday night and was accompanied to camp by former Council President Judge J. P. Stinson, Mrs. Stinson and Mrs. Caldwell.

The Scouts were organized into Patrols named Spanish Dagers and Pottowatomic Indians. Thomas Flanagan of Troop 3, Abilene, was voted the best all-around camper and presented with a fine Boy Scout knife.

Several observation hikes were held averaging from eight to twelve miles each. Four Scouts took their fourteen mile hike to pass their First Class tests.

A special New Year's program was put on by the Scouts including a Christmas tree with presents for everyone including little Eddie Stewart the seven year old camp mascot who went with the Scouts on every hike and yelled for more.

No one was injured, no one ill and the foundation was made for a winter camp every year in the Chisholm Trail Council. The Winter Camp Tonkawa is only one of the Chisholm Trail Council objectives for yearly outdoor camping.

The summer camp will open about June 12 and instead of running two weeks will continue from one to two months and it is expected that a large concrete swimming pool will be available for the Chisholm Trail Council Scouts by the time summer camping time arrives.

Oliver McClellan Puts S.A.H.S. High

In a recent report received from the registrar of the University of Texas, a fact is disclosed which SAHS is indeed proud of. The report gives the data on all Freshmen in the University during the session of 1930-1931. Each school having graduates in the Freshman class is given a score—the score being the number of six-semester-hour courses passed with a grade of D by the average student from that school. This method of rating schools gives credit for quantity as well as quality of work done in the University, and makes schools comparable.

Santa Anna High had only one student in the Freshman class of the University of Texas. This young man was Oliver McClellan, alumnus of 1928 and the honor boy of his graduating class. Oliver succeeded in securing for SAHS a score of 7.48 which was exceeded by only one other high school in the state. The general average for all the schools was 4.69; for all out-of-state schools, 4.43. Such a splendid record not only reflects credit upon our local high school, but also speaks in no uncertain terms of the ability and effort of one of its valued alumni.

TEXAS BETTER OFF

James R. Tucker, manager of the south and southwest division of Bradstreets, with offices in Dallas, states that Texas is much better off than many other sections, due to the opening of a number of factories that had been closed.

Neal Wood and Earnestine Beakley of Richland Springs spent the week end in the E. H. Wylie home here.

LIONS PLAN TO CELEBRATE ON TUES., JAN. 19

At the regular weekly luncheon of the Lions Club Tuesday, it was decided to hold an open house for the members and their wives, to honor the Charter members. The week is designated as Founders week, all of the charter members of the Lions Club in Santa Anna, whether members at present or not will be invited to attend and bring their wives.

The Lions Club has received several new members of late, and the older members are pleased to have young business men to become identified with the business activities of the town. Most all progress of the town is fostered by the Lions Club, and every business house in town should be identified with the Club.

District Governor N.H. Pierce of Menard, District A. was a pleasant and surprise guest of the Club Tuesday. District Governor Pierce is a real Lion and is devoting considerable time and effort to the elevation of Lionism in his district. The Lions Club is a service institution and the better it serves humanity the nearer it lives up to the intentions of the original founder's ideas. It is great to be a Lion, provided you are really a LION.

W.O.W. Installation Is Attended By Many

As was announced the members of the W.O.W. and Woodmen Circle met in the local hall last Friday night, New Year's night, for the installation of officers for the ensuing year, and to enjoy a good feed and social hour together.

About 125 members, visitors and friends met and greatly enjoyed a fine spread of baked turkey with the necessary trimmings, cakes, pies and coffee. The eats were greatly enjoyed and the social hour was pleasing to most of those who attended.

Due to certain handicaps, the installing officer for the W.O.W. was unable to attend, and the installation ceremony was delayed until the regular meeting. The Circle members declared their indignation and demanded that the members of the W.O.W. provide another entertainment cats and such like for the installation night and invite the Circle members to be present. The demands were accepted and the next regular meeting, February 6, or, for convenience of the members, to be held on Friday night, February 5, we will entertain the Circle members with a feed and installation ceremony. The meeting will be restricted to members and their families.

Second Annual Poultry Show To Be Held Jan. 29-30

The Santa Anna Chapter of Future Farmers of America will sponsor the Second Annual Santa Anna Community Poultry Show, January 29th and 30th. The show last year was pronounced a very great success, and the one planned for this year will, in all probability, be better than the 1931 show, due to the increased interest and participation in poultry raising in this section of Coleman county.

J. M. Binion, vocational agriculture teacher in the Santa Anna High School, and who is directing the preliminary arrangements for the Poultry Show, says, "Everyone who has poultry to show should begin now to prepare the fowls for exhibition. You will have three weeks in which to do this work. Watch the Santa Anna News of next week for detailed information about the Community Poultry Show, and tell your neighbors about it."

Why High School?

"Why high school?" is a question which many are prone to ask. They probably think that after one has learned the fundamentals of reading, writing, and arithmetic he has learned enough. But has he?

How many could secure a position worthwhile with only an elementary education? How many could thus climb every rung in the ladder of success? Those who do not have a high school education and who do not care for one rarely succeed in life.

Let the slogan of the parents be "Send your child, or children, to high school."

Class of 1931 Is Entertained by Mrs. Scarborough

Memories of high school were recalled last Tuesday night when a few of the Seniors of '31 visited their sponsor, Mrs. Scarborough. College life was explained in full by those who were home from college for the Christmas holidays. Some rather surprising things were revealed by these freshmen.

At a late hour delicious refreshments of hot chocolate and fruit cake were served to the following: Misses June Bond, Irene McCreary, Aline Harper, and Messrs. Myrton L. McDonald, Jno. F. Turner, William Earl Ragsdale and Mr. and Mrs. J. C. Scarborough.

SOPHOMORE NEWS

The Sophomores are still losing their members. Two more of our members have withdrawn, Josephine Bouchillan and Juanita Keeling.

The Sophomores had a class meeting Monday to elect someone to fill Juanita's place as reporter of the class. Annie Louise Watkins was elected. It was also decided to serve the Lions Club during March and to sell candy at school Friday.

Slumber Party

One of the many entertainments given to watch the New Year come in was a slumber party given by Miss Becky Turner on the night of December 31st. Games of bridge and dancing were enjoyed throughout the night. A delicious midnight supper was served. Toward morning the guests began to blink their eyes and yawn. The very appetizing hot breakfast was served by the hostess after sleepy but happy.

Those enjoying this most delightful entertainment were: Misses Lillian Durham, Louise Gray, Helen Turner, Hettie Fae Todd, Catherine Rollins, Maurice Kirkpatrick, Kathryn R. Pinney, Margaret Gray, Aline Harper, June Bond, Mary H. Simpson, Nancy June Adams, Mary Alice Mitchell, Mildred Boardman, Bessie Evans and the hostess.

BACK AT WORK

The holidays are over and mid-term exams are just ahead. Students and teachers enjoyed the holidays and it is hard for them to come back to earth, and adjust themselves to their work. There will be work to do in the next two weeks and students and teachers alike will share it.

JUNIOR SPELLING

Entrants in Junior Interscholastic League Spelling to date are: Bess Inez Shields, Frances Louise Adams, and Eunice McGahey. These girls will begin training after mid-term examinations. All those interested in spelling see Mrs. Pieratt as soon as possible and let's bring back that spelling cup again this year. Probably another case of "downing those cats!"

Sophomores Have Outing During Xmas Holidays

"For once I had all the marshmallows that I wanted!" Certainly the Sophomore outing was a success when such a statement is forthcoming from Brownlee Hunter. When? Why, Wednesday night of last week. Where? On the Santa Anna Hill near the scout tree.

Of course, there was one thing to mar the pleasure and that was that there were not more of the classmates present to enjoy the occasion—and the sight of their sponsor falling down on some rocks several times before she regained her balance—and her dignity.

Those attending were: Camilla Flores, Golda Hardy, John David Harper, Robert Hunter, Alton Brandon, Brownlee Hunter, J. D. Pieratte and Samuel Everett.

Freshmen To Serve Santa Anna Lions

Freshmen are progressive in that they decided to increase their capital in the most generous way. The Lions have granted us February as a month of service. May we say that the Lions Club has always been a cooperative organization in aiding all worthwhile enterprises. We shall earnestly endeavor to prove our appreciation by serving good meals.

Neva Rae Chambers, of Abilene, spent some of the holidays with friends here. Neva Rae was a member of the Sophomore class before moving to Abilene. Since she has been in Abilene she has made a splendid scholastic record.

Sybil Ripley spent the holidays in Coleman.

Frances Louise Adams spent the holidays in Waco.

Mr. and Mrs. Homer Fletcher returned to their home at Cibola, south of San Antonio, last week after a few days visit with the former's mother, Mrs. T. G. Fletcher.

Robert Hunter had some visitors from Mart during the holidays.

Tylena Peoples visited friends and relatives in Melvin and Big Lake.

Mildred Eubank visited in Fry during the holidays.

Lillian Bibbes spent Christmas holidays at Rockwood with her parents.

Aline Harper accompanied Mrs. Gray and Misses Louise and Margaret Gray to Abilene Sunday, where Margaret will again enter McMurray.

Juanita Riordan spent Christmas in Comanche.

Thelma Lowe visited friends in Abilene the first of last week.

Louise Wilsford spent Christmas in her home at Snyder.

BOOKKEEPING

Tuesday, January 5th, the bookkeeping class began work on their first set. They had, however, worked up a number of shorter practice sets and through them gained an idea of the great amount of work it would require. For greater economy, the students are making their own blank books, under the supervision of Professor Scarborough.

Senior Spelling

Senior spellers have begun to study their spelling. Kathryn Creamer and Ruby Williams are the only entrants this year. These girls are studying very hard, and are going to do their best to win the cup.

Let's have some more entrants in spelling. Our spellers are already working, but you might beat them yet. S.A.H.S. wants the spelling cup again this year, so let's get to work and bring it back.

YES OR NO

DO YOU KNOW:
That the Spanish II. class is learning songs?

That the Freshman and Sophomore classes are going to serve the Lions during the months of February and March?

That many students are displaying gifts from Santa Claus?

That the Freshmen have enrolled sixty-two students?

That some teachers will give demerits for incorrect posture?

That we are reviewing for mid-term examinations?

That we have a grand basketball team?

That our basketball boys have beaten Coleman, Rockwood, Live Oak, Valera, Rae, and the Coleman National Guard?

"BETTER THAN GOLD"

The Senior play, "Better Than Gold", proved its worth last Monday night, December 21, by being an overwhelming success. It was one of the best plays presented in years. Under the direction of Mrs. J. Ed Bartlett, the players proved to be near professionals. Her untiring efforts in directing the play were rewarded with a complete success.

Another play will be presented by the Seniors in the spring. Watch for it!

STOLEN!

TAKEN: Two weeks from high school by the students.

TAKEN: Soles by Juniors on Tuesday night, Dec. 22, 1931—while dancing.

TAKEN: Emmett's attention by Helen during third period history class.

TAKEN: Lillian Bible's name by Mrs. Bartlett during the first period study hall.

TAKEN: A book "How to Make Love" by Mrs. Scarborough from a Senior boy.

TAKEN: The voice of Miss Land while singing "Ramona" to Spanish I. Class.

TAKEN: Twenty credits from Santa Anna High School by Carl Flores.

TAKEN: A mouthful of gum from Ernest Van Zandt during the eighth period Monday.

Carmilla Flores had as her guests last Sunday Myrtle Bell, W. I. and Florence Fisher of Dallas, who are her cousins.

Alberta Banks spent the week in Shields.

7th GRADE NEWS

Our Christmas program was enjoyed very much by our room and a few mothers who attended.

On the program were: Alton Liserens, reading; Era Hill, a Christmas story; song by the 7th grade; and a song by a sextette, including Misses Louise Gray, Mary Southern Garrett (alto), Mary Dellinger, Emma John Blake, Emma Jeanne Werner and Ted Bradford (sopranos). The presents were then distributed by Frances Brown, James Jones and Todd Oakes.

Monday morning when we returned to school we had three new pupils, Novella Freeman, Prudy Watts and Jack Powell. We are very glad to have them.

One of our old classmates, Glen Copeland, has recently moved away.

We are all studying hard and trying to pass our mid-term exams, which come in about two more weeks.

HIGH SCHOOL P.T.A.

The High School division of the Santa Anna P.T.A. will hold its regular meeting at 4:00 o'clock Tuesday, January 12, at the school. An interesting program has been arranged and all members and friends are urged to be present.

Mrs. J. R. Bannister Hostess to W.C.T.U.

The Womans Christian Union had a delightful and profitable meeting Wednesday afternoon at the home of Mrs. J.R. Bannister. Several visitors were present including Mrs. J.R. Mann president of the Coleman Union, who added much inspiration to the meeting with plans and suggestions for the good of the cause. Most everyone present took part in reading or discussions and optimism and determination were evident in the entire meeting. The committee reported the books for the play, "Ten Nights in a Barroom," had arrived. This play will be put on soon and will be free. At the conclusion of the business and program period, a good social time was spent viewing the rare collection of relics, souvenirs and curios owned by Mrs. Bannister. She has a private museum. Refreshments consisting of hot tea with whipped cream and cake were served and the meeting adjourned to meet the first Wednesday in February with Miss Josie Baxter. All members are urged to mark the first Wednesday in each month on their calendars, and keep the day for the W.C.T.U.

Three Candidates Announce For Office This Week

The first political announcement to reach our desk this year was that of L. Emet Walker, who announces for re-election to the office of County Clerk, subject to the action of the Democratic primaries in July.

Mr. Walker has served the people of this county in the capacity of County Clerk for several terms, and is so proficient in his work, courteous with the people who have business in the office and popular over the county that he needs no introduction at our hands. He is a friend to all and friendly toward all, and does his work well, and that is enough said. Thanks for the announcement at this early date.

Next to arrive was the announcement of Mrs. E. K. Thomson, who announces for re-election to the office of County Treasurer. Mrs. Thomson's efficiency and courtesy in office, and friendship over the county prior to entering office, speaks louder than any terms we might utter in this column. She is honorable in every way and a friend to mankind.

Next came the announcement of Miss Jettie Kirkpatrick for re-election to the office of County Tax Collector. Miss Kirkpatrick's home is in Santa Anna, and she is too well known to need any introduction at our hands. There is not a more deserving woman in the county than Miss Kirkpatrick, and her honor and integrity are above reproach. She is thoroughly competent in her work and is favorably known throughout the county.

All the above-mentioned candidates have placed their formal announcements in this week's paper for your consideration, and we refer you to them for further information.

It is indeed a pleasure to be back on the job after taking a long vacation from the duties of publishing a newspaper and doing the other work incidental thereto. We enjoy scanning the pages of our exchanges, reading what the other fellows are doing and trying to do. It is a stimulant to see how optimistic some of the country editors are. They still find something good to write about, and most of them are boosting things. We wonder sometimes, after days and weeks of toil and sacrifice, if others in the town really appreciate our efforts in trying to give the town and community a good newspaper. Well, we take it for granted that most of them do, and that is some encouragement, and as long as there is life there is hope.

It is gratifying to receive the response we have received since coming back to our desk last week and re-assuming our duties in connection with the Santa Anna News. Our appeal to subscribers was responded to nicely, and our heart is filled with gratitude. A large number have been in and renewed their subscription to the paper, and by doing have helped to make it possible for us to get started out in business again. We certainly thank you!

Several have asked the editor recently if he purposes to deal out advice to the farmers now, since he has gone out and had some experience toiling in the sun and mixing and turning dirt. Well, we feel capable of dealing out some advice alright, but what would be the use? If we thought our advice would be of real, honest-to-goodness service, and cause this country to get back on its feet, financially, religiously, good-naturedly and otherwise, we would sit right here until we completed that job, without taking food or sleep until the trick was turned. But advice to farmers is a funny thing. More people have wasted time, energy and effort trying to advise farmers than anything we know, and the farmer is just about fed-up on such dope. The advice we feel like giving is for each of you to study your own problems, plan to produce the most you can that you can consume at home, plan to be of all the service you can to your community and friends, plan to observe the law in its every phase and statute, try and manage to keep well and clean physically, keep your conscience clear, and obey the demands of righteousness as best you can. Pay your debts if you can do so, and do not make any more obligations which require money to liquidate, for you are liable to have to use considerable time explaining.

There is a new law on the statute regulating cotton acreage, and it behooves you to respect that law the same as he does any other. A few good hens, some good milk cows, and a pig or two about the premises will aid you greatly in meeting the problems of life. Also, a good garden will help some more. There is likely to be some human misery endured in the future, but most of it can be overcome by doing right. Idleness is said to be the devil's work-shop, and that being the case, we advise you to keep busy at something. Work is a right good cure for the blues, and might be the means of accomplishing something. Try it!

Suit Brought To Test Statute on Cotton Acreage

Farmer Near Franklin Is Accused of Preparing to Plant Too Much

Franklin, Texas, Jan. 4 (AP).—An injunction suit, the first test case under Texas' new cotton acreage curtailment law, was filed here Monday by T.L. Tyson, Robertson County Attorney, against Fred L. Smith, farmer. The suit alleged Smith was making arrangements to plant more cotton this year than the statute permitted the law forbidding the planting in 1932 of more than 30 per cent of the acreage on which cotton was grown in 1931.

Supporting the plea for injunction, it was alleged Smith had shown his intention of violating the law by breaking and plowing his land and had made arrangements with the Calvert State Bank at Calvert to finance his farming operations in 1932 by executing a crop lien, showing he expected to plant 900 acres in cotton.

The petition asserted that Smith owned 286 acres of land and as lessee controlled another track of 1,411 acres, a total of 1,300 acres of the two tracks having been in cultivation in 1931 and devoted principally to cotton growing. It alleged he was about to plant 1,100 acres in cotton this year and had made contracts with tenants and instructed laborers to plant cotton on the land.

Judge W. C. Davis of the Eighty-Fifth District Court, before whom the injunction plea was filed, indicated he would set the case for hearing soon.

DOWN WITH THE EXPERTS

If there is any thing that fills the average man to "bubbling over" with disgust it is all this twaddle we hear these days of and by "experts". We have financial experts, military experts and naval experts; in fact experts for everything known and unknown, and commissions of experts and expert commissions. We have almost as many commissions as we have experts.

What the average man would like to do—if he could just find some "expert" to tell him how it would be to "can" all the experts and commissions and draft some horse sense and put it in charge of things industrial, commercial, agricultural and governmental. We have been "experted" in all these lines till full recovery is doubted by some.

The average man knows nothing of the finances from an "experts" viewpoint. He just knows that in 1918 and in 1919 that farmers and stockmen were prosperous and that all men who wanted to work had a job at fair wages, that all were making a living, paying taxes and interest; that in 1927 and 1928 farmers and stockmen were reasonably prosperous and that all men who wanted to work had a job at fair wages and all were making a living paying interest and taxes. He knows that today there are some men out of work that farmers and stockmen are stranded industry and commerce prostrated and a large percentage in all classes unable to pay interest or taxes. He knows that in 1918, 1919, 1927 and 1928 there was much more money in circulation than there is now or than has been for two years or more. It does not take an expert, financial or otherwise, to tell him what is the matter. He just knows.

We hear a great deal from experts about stabilizing the dollar. The average man in the agriculture districts wonders why it never occurred to our financiers and their experts to stabilize the dollar when it was worth in the agriculture section one-third of what it is not. Why did it not occur to them to stabilize wheat when it was \$1.50 per bushel, cotton when 30 cents per pound, wool when 40 cents. Is the dollar more sacred than wheat, cotton or wool? Not to the average man.

Former Resident Requests Letters

DeQueen, Ark. January 3, 1932

Dear Editor and Readers: I once lived in Coleman county. In fact, I was raised at Trickham in Coleman county.

My father owned a blacksmith shop there for about eight years and my mother was postmaster. They will be remembered by many of the old-timers, and, probably, some of the younger ones, as Mr. and Mrs. E. B. Drury.

Mr. Joe Flores of Santa Anna was the mail carrier part of the time while mother was postmaster, but I was so young at that time I do not remember any of the others.

Those at Trickham, such as Pete Mitchell, Jim Matthews, Mr. McIver and Mr. Starns, will remember my father as "Gene" Drury. After dad's health got so bad he sold his shop and moved out on Mr. Lee Guthrie's ranch. He lived in and around there for about six years. Then he moved to Eden, where he again went into the blacksmith business. All of this time dad had as his helper his oldest son, Jackson Drury. I am sure that Doug Mitchell and other young men at Trickham remember him.

In 1930 we moved to Gillham, Arkansas. In July, 1931, dad passed away, after two days and nights of illness. He is survived by his wife and six children. My brother, Jackson, is in Carrollton, Texas, back at the old job in a shop with his uncle. This time of depression is very hard with us all. My oldest sister is married now. There are only the three smallest children at home. I have been in DeQueen, Ark., for the last year. I think Arkansas is a fine place but, at times, I long to be back in the Lone Star state. Now, folks, I'm not married,

and haven't the least idea of so doing soon, so I want the children of my father's friends to write to me and all others who will. I would like to hear from Pete Mitchell and others of my father's friends. My father never forgot you, and often spoke of you.

With love and best wishes to the Santa Anna News and all of readers, I am,

Hopefully, MARTHA DRURY

PIONEER WEST TEXAS SHERIFF DIES SUNDAY

Gerome W. (Rome) Shield, well known here for many years Sheriff of Tom Green county, died at his home in San Angelo early Sunday morning. According to reports reaching here, Mr. Shield passed off quietly, even his wife not aware of his suffering until after his death. When she undertook to arouse him she discovered he was dead.

The funeral services will be held at his home in San Angelo Wednesday morning at 10 o'clock. His widow with three sons live in San Angelo, the only daughter, Mrs. E. D. Kilger, formerly Miss Mary Shield, lives in Cornwallis, Oregon, and the funeral services were postponed to await her arrival.

Rome Shield was a brother to the late L.L. Shield, a pioneer merchant, farmer, rancher and banker, who died at his home here in Santa Anna, some years ago, and has many friends in Coleman County. He was 68 years old, and had lived in Tom Green County 48 years. He was the sheriff of the county when it was the largest county in the United States, and served for several terms.

After having the plant leased out for sixteen months, J. J. Gregg is back at the helm of the Santa Anna News. Mr. Gregg tried farming for a while but concluded that agriculture is worse than journalism. Funeral Here For Mrs. Daisy Duke

The remains of Mrs. Daisy Duke, who passed away at the home of her daughter, Mrs. Joe Riley at Melvin Sunday was brought here for burrial this week.

The following data was read at the funeral.

Mrs. Duke was born August 7, 1873 at Belview, Illinois. She was married to Thomas W. Duke, in September, 1890, in Coleman County, Texas. Eight children were born to them, six of whom were present for the funeral. Her husband Thos. W. Duke died in Santa Anna, during the year, 1913.

Deceased was baptized into the church in 1910, while living in Santa Anna, and lived faithful to her trust the remainder of her life. Her grand-father, J. L. McIntire, was a pioneer Christian preacher, and traveled over this country during the early days of settlement, preaching and baptizing people into the church.

The remains were laid to rest beside her deceased husband in the Santa Anna Cemetery Wednesday afternoon following the funeral services at the First Christian Church, conducted by Rev. E.H. Wylie.

Mountaineers To Enter Tournament In Coleman Friday

Next Friday and Saturday at the Armory in Coleman there will be a basketball tournament held for all the high school teams in the county that want to enter. The Armory has a good indoor court and is doing a great service for basketball in the county by permitting other teams to come there and play. The tournament play will begin Friday night at 7:00 o'clock and the Santa Anna boys will be on hand to play if they should draw one of the first games.

The mountain boys are deemed by some as the best prospects for winning the tournament. Their record for the season some what justifies such a prediction since they have lost only one game out of the seven starts and that one was played without the presence of the McIver boys from Trikham. The record of games played thus far is: Santa Anna, 27; Coleman, 19; Santa Anna, 24; Coleman Armory, 20; Santa Anna, 30; Live Oak, 6; Santa Anna, 24; Shields, 28; Santa Anna, 18; Rockwood, 16; Santa Anna, 25; Valera, 20; Santa Anna, 51; Rae, 16. All the games except the one with Rockwood have been played in the Armory at Coleman.

The starting lineup of most of the games has been Leon Ward and Rankin McIver at forwards, Grady McIver at center, and Clifford Wheeler and Dexter Walthall at guards. Others who have been taking a turn at regular positions are Edwin Rollins, Vernon Buse, Nowlin Meyers, Raymond Buse, and Donald

Church Training School

Last Week the Rockwood Baptist Church flinshes a Training School which was begun before Christmas and was rained out.

Three courses were taught. The Junior Manual, taught by Mrs. Ben Thompson, The Intermediate Manual, taught by Miss Georgia King. And the Sunday School Manual taught by Rev. Ben Thompson.

Speakers for the inspirational periods were Rev. P.F. Squires, of Coleman, who spoke Monday night on "The Bible Plan of Giving;" Rev. Ben Thompson "Recreation for Young People," and Dr. Thomas H. Taylor, president of Howard Payne College, who spoke Wednesday night on Howard Payne College.

About twenty five took the exams, and will recieve diplomas or seals.

TO THE VOTERS OF COLEMAN COUNTY:

I take this opportunity of thanking the voters of Coleman County for the honor and confidence shown me heretofore in electing me to the office of County Tax Collector, and I am again asking you for your support in the same capacity in the coming primary election, and promise if elected I will serve you to the very best of my ability.

MISS JETTIE KIRKPATRICK

TO THE VOTERS OF COLEMAN COUNTY:

I am taking this opportunity to announce through this column my candidacy for the office of County Treasurer. I will appreciate your vote and influence and, if reelected, will continue to take care of all duties connected with the office to the very best of my ability.

Sincerely, MRS. E. K. THOMPSON

TO THE VOTERS OF COLEMAN COUNTY

I desire to take this method of announcing that I will be a candidate to succeed myself as County Clerk of Coleman County at the July Primary.

The voters of this County have honored me several times in the past by electing me County Clerk, for all of which I am duly thankful, and I have tried to show my appreciation of your confidence by making just as good an officer as I could.

There are new laws being passed each time the Legislature meets which affected the affairs of this office and I think I am just as familiar with all the laws pertaining to the County Clerk's office as anyone, and for that reason believing that my qualifications and experience warrants me in asking for your vote at the coming election.

The financial depression at this time makes it necessary that everyone should co-operate to bring about a better condition and I pledge you my best effort along this line where the affairs of the county are concerned.

Should you see fit to honor me with your vote on July 23, I will do my best to show you my appreciation by administering the affairs of this office to the best of my ability.

Yours truly, L.Emet Walker

Mr. and Mrs. Newell Griffin and little daughter came in last Friday from Lovelady, Texas, and will make their future home in Santa Anna. Mr. Griffin is employed on the News.

Watch for dates on "FRANKENSTEIN"

Mrs. W.B. Harper is back among friends here this week, after spending several weeks in Wichita Falls. Her main object in returning to Santa Anna at present was for the benefit of her health, which we hope she fast recovers.

FOR SALE OR TRADE; I Have several fine pigs for sale at \$3.50 now ready to deliver. I also have some fine young sows, from my pure-bred Hamshires, bred to a Registered male, due to farrow early in the spring, such sows usually sell for \$35. to \$50. that I will sell at one-half the price or trade for good jersey heifers or young jersey cows. If you have a little extra feed, and it requires very little for only one sow and her litters, and want to get a start of good hogs, now is your chance. See me if interested.

Coleman Junction

The old year has passed away and the new year is here. The year 1931 was filled with disappointment and distress as well as joy and happiness. We hope the new year will be a year of prosperity, filled with happiness and we should all strive to make it best of preceding years.

As the weather was disagreeable, there was a small attendance at Sunday School Sunday.

We are sorry to report that Miss Aleene Ripley is ill with influenza. Her friends wish her a speedy recovery.

Miss Mildred Hatcher spent Saturday night with Velma Dunn and Miss Cleo Dunn visited with Miss Aloma Hatcher.

Miss Sybil Ripley of Santa Anna has been a guest of Misses Aleene and Nadine Ripley since Christmas. She returned home Sunday.

Mr. and Mrs. Kay Glasson visited in the home of her parents, Mr. and Mrs. Luther Odum, of Coleman, Sunday.

Mrs. A.K. Whitley of Bangs spent Tuesday night with Mr. and Mrs. G.H. Dunn.

Visitors in the L.H. Hatcher home Sunday were Glen Hatcher and family, Henry Winsted and family, and Miss Velma Dunn.

Mr. and Mrs. Willie Odum and family spent Sunday with Mr. and Mrs. Charlie Baker of Wats Creek Community.

Mr. and Mrs. John Crump and family are visiting in Temple. They went there on account of the death of Mrs. Crump's brother. They expect to return this week.

Miss Chalse Sewell and Miss Imogene Ward spent Sunday with Misses Alen and Nadine Ripley.

Mr. and Mrs. J.L. Ward went to Silver Valley Sunday. They were guests of Clarence Ward and family.

Virgil Sewell and Dale Hatcher spent Sunday with Roy Winstead.

There was B.Y.P.U. Sunday night, although not a very large crowd. New officers were elected. The subject for next Sunday night is "The New Birth." Everyone is invited.

NOTICE

The stock holders of the First National Bank of Santa Anna, Texas are hereby notified that the regular annual meeting will be held at the offices of the bank at 2 p. M. on the Second Tuesday in January, being January 12, 1932 for the purpose of selecting directors for the ensuing year and the transaction of any other business that may come before it.
O. L. Cheaney, Cachier

Miss Sybel Vinson and Miss Vera May Banks, student nurses in the Sealy Hospital, and Miss Kelley, Superintendent of Nurses left Tuesday for San Antonio. Miss Kelley will return after a visit to Miss Marie Baker, one of the student nurses in the Sealy Hospital, who was taking a special course in the Robt. B. Green Hospital, in the Alamo City. Miss Baker is at present confined to her room with typhoid fever, and Miss Vinson and Banks intend to nurse her to recovery, then, they, too, will enter the Robt. Green for special training, preparing to graduate here this year as registered nurses.

1931 Sheep Receipts Set All-Time Record

(Fort Worth Star-Telegram)
Receipts totaling 1,173,028 head of sheep on the Ft. Worth market during the 1931 set a new all-time record for the market. The number was almost three times as great as the sheep receipts for 1930, and consisted largely of lambs carried over from the Fall of 1930 and fattened on West Texas grass at a low cost.

The following is a comparison of the receipts for 1931 and 1930 for the different classes of livestock:

	1931	1930
Cattle	597,728	637,513
Calves	243,425	331,443
Hogs	216,038	279,331
Sheep	1,173,028	432,082
Horses-Mules	13,003	27,047

Ward School P.-T.A Met Tuesday, Jan. 5

The Ward School P.-T.A. had its regular meeting on Tuesday, January 5th, at 3:30 p. m.

Mrs. Walter Kirkpatrick led the discussion on thrift. Many interesting facts were brought out. Mrs. Clifford Verner gave us an intelligence test for parents.

Splendid readings were given by Martha Bell Harvey, Era Hill and William Mitchell.

It was agreed upon to have two members each time care for the children of the patrons while the association was meeting. By doing this we hope to have more mothers present.

The Ward School P.-T.A. will put on the "Old District School". Some of our most prominent citizens will take part in this. The admission will be 10c and 15c.

Hob Ashmore of Eldorado, Barney Ashmore of Brownwood, and T.A. Ashmore of Fort Worth have been here this week at the bedside of their brother, Carl Ashmore, who is confined in the Sealy Hospital, suffering from severe bruises, he received last week, while unloading cotton from a truck in the local yard.

Hobson Everett, former citizen of Santa Anna, now living in Breckenridge, brought Mrs. Everett here last week to the Sealy Hospital for an operation. Her condition is reported satisfactory.

LIBERTY SCHOOL NEWS SEVENTH GRADE ENGLISH CLASS

VOLUME I. JANUARY 5, 1932 NUMBER 2
Editor—Lofton Priest Publisher—Raymond Singleton

EDITORIAL

We elected a president and a vice-president for our English Club. We have a meeting every Friday. The two committees give each a part. If they do not get up their part they have to pay one cent.
—Lofton Priest, editor

The basketball team of Liberty School has not been able to play since they played Concord on account of bad weather. They are planning to play Concord Friday. We think we will have a new player.
—Harold Howard, sport editor

7th GRADE CLASS PLANS

The seventh grade intends to make a book of wild flowers next spring. Cecil Smith and E. W. Polk, Jr., are the members to do this. They will start as soon as possible to collect these wild flowers. Fifty specimens will be pressed and dried. Three copies of each flower will be made. Two will be sent to the state and one will be kept for the school. This will be interesting as well as instructive. Besides learning about our state flowers, which we should all know, we will have the fun of making the book. Two other members of the seventh grade, Lofton Priest and Harold Howard, are to collect butterflies to make a book. Raymond Singleton is going to make a book of a poem. Bill Early is going to

make a book of stories from the history of our State.

—E. W. Polk, Jr., reporter for class plans

SCHOOL NEWS

The trustees came and fixed our water pump, and cleaned off the school ground. We have a new pupil, James Smith, in the ninth grade, and we are going to have more in our school.

Quinton Hudler, a boy thirteen years old, got his shoulder knocked out of place and his arm broken December 23rd, at school, but he is doing very well.
—Cecil Allen Smith, reporter for school news

COMMUNITY NEWS

Jess Swari moved to Bangs, Texas, last week.

Miss Merie Polk spent Tuesday night with Miss Mattie Lee Early.

We regret that Mr. and Mrs. Leo Scott moved to Junction.

Mrs. R. B. Hudler is very sick this week.

Sammy Duggins is visiting his folks.

Mr. Stovall moved to Cleveland, but we are glad that Lofton still comes to our school.

How About a New Cream Separator for This Spring

All McCormick-Deering Implements Are Sold on Easy Terms

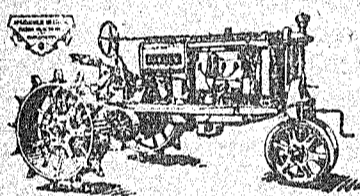

Ready Now—the McCormick-Deering Farmall in Two Sizes: 2-Plow and 3-Plow

As a logical development of the Farmall System of Farming, *International Harvester* has produced the Farmall 30, a new 3-plow model of the original successful Farmall. This new model offers the man with a larger acreage 50% additional capacity for faster handling of important drawbar work. In design, appearance, and all-purpose utility, it closely follows the 2-plow Farmall, which is today the popular choice of power farmers the world over.

The addition of the Farmall 30 to our McCormick-Deering Tractor line, enables

us to meet every power farming requirement of this community with an all-purpose tractor of suitable capacity and true Farmall design. Each model meets a distinct need. Look them over here at our store and learn how you can reduce your costs by entrusting your power jobs to the Farmall model which best suits your acreage.

A demonstration will be arranged on request, to show you how the original 2-plow Farmall or the new 3-plow Farmall 30 will handle your kind of work.

McCormick-Deering FARMALL

If It Isn't a McCormick-Deering, It Isn't a FARMALL

One man can do all the work necessary in preparing a 200-acre crop with one small FARMALL.

The one-way Breaking Plow will come in fine this spring as deep plowing is not recommended for late breaking.

Mrs. Warner To Run For Congress

Amarillo, Texas, Jan. 3 (AP.) Mrs. Phebe K. Warner of Claude rural club worker, writer and lecturer, Saturday announced her candidacy for Congressman-at-Large, subject to the democratic primaries.

Mrs. Warner said she would especially seek the farm vote and that she hoped to be the first member of the National Congress to represent the viewpoint of farm women.

"Our international relations are not in as grave a danger as national relations," Mrs. Warner said. "The soil is the source of

our prosperity. The factory transforms products of the soil into usable commodities. The farm and factory comprises the cycle of industry and commerce. When they are robbed of their just profits half of the buying power of the nation is cut off.

"When the farmers receive their just share of our nations income they will buy more. When they can buy more our industries will produce more. And when our industries are able to increase production our armies of unemployed men and women will be restored to positions where they can make an honest living."
