Agriculture Train On Santa Fe Will Be Here March 10

**Agricultural, Livestock, Home
Industry Exhibits Being
Shown Over Texas**

Telling a story of modern farming methods through the medium of specially prepared exhibits as well as in the words of speakers aboard, the Santa Fe farm and home special, operated by the Santa Fe Railway Company and the Texas A. & M. College co-operating, began a forty-five day tour of all Santa Fe lines in Texas, February 15th at Navasota. The special will make 147 stops in all and a program of two to three hours will be given at each stop. Visitors will be invited aboard the cars to inspect the various agricultural, livestock, home industries and home improvement exhibits and speakers will appear at open air meetings at the train at all stops where the weather permits. Passenger coaches will be used for meetings in inclement weather. The final program of the tour will be at Snyder, April 6th.

Much in the nature of an agricultural college on wheels, the nine-car special carries a message the keynote of which is more profit and better living on the farm. It will re-emphasize throughout the broad stretches of the state the benefits of improved methods of livestock raising and farm practices tried methods of cutting production costs and making the farm self-sustaining. It tells the story, in words and exhibits, of proper care and utilization of the soil, of a well rounded farming program, of home beautification and live-at-home practices, including enlargement in the scope of the home industries among progressive farm women.

The special agricultural train will be in Santa Anna on March 10th, at 1:30 P. M., and the entire public is urged to inspect the exhibits and hear the lectures.

Brownwood To Be Host District Legionnaires

**Program Planned for Two Day
Entertainment, Saturday
and Sunday, Feb. 27-28**

American Legionnaires here are making plans for a big powwow to be held in Brownwood Saturday and Sunday, February 27th and 28th, when the Isham A. Smith Post will be host to legionnaires in this district.

Principal speakers for the two-day session include Thomas H. Taylor, Pres. Howard Payne College; V. Earl Earp, Sweetwater, state commander of the legionnaires; Carl Blasig, Brady Chamber of Commerce secretary; and M. J. Benefield, Brady, district commander.

Registration is to begin Saturday noon at Hotel Brownwood and will continue until 10 o'clock the following morning.

On Saturday evening a dance is to be given on the hotel roof, honoring the visiting legionnaires.

Special church services will be conducted at the First Methodist Church Sunday morning for the visitors.

Dr. Taylor is to address the war veterans at a business meeting early Sunday, February 28th. (Brownwood News).

Cotton Acreage Case Is Appealed

WACO, Feb. 13 (AP)—Tom L. Tyson, county attorney of Robertson county, today filed an appeal from the ruling of District Judge W. C. Davis of Bryan holding the cotton acreage reduction law unconstitutional. The appeal was filed in the 10th Court of Civil Appeals here.

TEXAS SOCIETY PLANS A STATUE OF WASHINGTON

The United States George Washington Bicentennial Commission has been notified by the Texas Society Daughters of the American Revolution that a monument to George Washington will be placed on the campus of the University of Texas by the Society.

The exact location of the monument, expected to cost \$50,000, will be marked on Washington's birthday in fitting ceremonies. This event is expected to be one of the outstanding Bicentennial features of the Texas program.

Farmers Meet To Discuss Blue Bug Control Tonight

**Plan Decided on Last Friday
Night for Eradication
Of Rats**

Tonight at 7 o'clock in the Agriculture Department of the Santa Anna High School a discussion among interested farmers will be held on the Control of the Fowl Tick or Common Blue Bugs of Poultry. The blue bug is a very interesting, mysterious and destructive pest that is hard to control, but it can be controlled by proper methods. If your place is infested with blue bugs, come out tonight and get a practical control measure for them.

This is the third of a series of meetings dealing with local farm problems. Last Friday night the following method was adopted for the Control of Rats:

First, separate rats from food, as nearly as possible, which, naturally makes them hungry. When hungry they do not breed so fast and they eat poison bait quicker, and that is the main thing. To poison, use 1 part of Borium Carbonate to 4 parts of several different kinds of bait, so the rats will not get suspicious. Borium Carbonate does not kill them quickly but gives them time to leave the building in search of water or to go to their holes, and that is what we want. Persistent following of this program will rid the place of rats, according to J. M. Binlon, Santa Anna agriculture instructor.

"For a more complete discussion on the Control of Rats," suggests Mr. Binlon, "order the Farmers' Bulletin No. 1302 on Rat Control from your Congressman, Thomas L. Blanton, Washington, D. C."

Trickham Club Holds Meeting

Miss Brent met with the Trickham Club Thursday, February 11th. We had twelve present and had a real good meeting. Miss Brent gave a talk on landscaping and gardening. Our second meeting this month will be held Thursday, February 25, at which time we will quilt. The meeting in March will be an all-day meeting. Miss Brent will demonstrate cheese-making.

Everyone is urged to try to be present at these meetings.

City Commission Grants Firemen Low Water Rate

The City Commission passed a resolution at a recent meeting granting the members of the Volunteer Fire Department the minimum water rate for the year, a saving to the twenty members of approximately \$25.00 a month. The members state that they consider the action on the part of the City Commission a most commendable one and that they appreciate it greatly.

MISS ELIZABETH WYLIE

HERE'S A NEW SOLUTION FOR THE UNEMPLOYMENT PROBLEM!

He wanted a job—and he wanted it bad! In fact, he was generous enough to offer a solution to the unemployment problem.

When a Santa Anna citizen was leaving the city limits of Coleman recently after night, he was "thumbed" for a ride by a lad apparently in his middle teens. The boy proved to be a veritable "son of the streets" from a Texas city.

Upon engaging in a conversation, the youngster was not reluctant to say, "I hope they have a war. That's what we need—kill out a lot of these older guys an' then us young fellers can git a job."

Leman Brown Is Candidate For County Clerk

**Widely Known Santa Anna
Offers Himself For
County Office**

In our announcement column this week will be found the name of Leman Brown added to the list for the office of County Clerk.

We feel at a loss for words to introduce Mr. Brown. The fact is, he knows personally more men, women and children than any man living in Coleman county. He was born in the Silver Valley community some time during the eighteenth century, was reared on a farm north of Coleman, near where he was born, entered politics in 1908, was elected County Clerk and served for six years, retiring voluntarily in 1904.

Mr. Brown made many friends over the county during his tenure in office and further cemented his friendship with a large circle of friends in this portion of the county during the dozen or more years he served as president of the State Bank which merged with the First National Bank in October, 1930.

He is thoroughly competent and qualified by talent and experience to fill the office he seeks and will appreciate your favorable consideration during the campaign and your vote at the polls in July. He will attend most of the picnics and make a personal campaign, renewing his acquaintance with friends and solicit your votes later in the campaign.

We might add that Mr. Brown will not come to your place riding a bicycle, wearing knickerbocker pants and a wrist watch, chewing Wrigley gum and wearing his socks rolled down to the upper end of his shoes.

Mrs. M. O. Lightfoot of Miles is here for medical treatment by the Sealy Clinic.

LIONS CLUB TO BOOST SANTA FE EXHIBIT CARS

The Lions Club has decided to boost the special Agricultural and livestock exhibition train to be in Santa Anna during the afternoon of March 10. S. W. Cooper, newly acquired secretary of the Coleman Chamber of Commerce, was a guest of the Club Tuesday, and pledged his support toward advertising the event.

The train will be here at 1:30 and spend the greater part of the afternoon during which time the nine cars will be open for visitors to inspect, and a program will be rendered.

We hope to have every farmer in this vicinity here during the afternoon.

R. A. Carroll Is In The Race For Tax Assessor

**Former Santa Anna Resident
Now Living in Coleman
Enters Campaign**

In the announcement column this week will be found the announcement of R. A. Carroll as a candidate for Tax Assessor of Coleman county, subject to the action of Democrats who participate in the Democratic primary election, July 23rd.

In making his announcement, Mr. Carroll made the following statement:

"I was born in St. Landry Parish, La. in 1885. I am a Texan and a citizen of Coleman county by choice. I came here in 1922 and located in Santa Anna. I lived in that fine mountain city five years and took an active part in all civic and religious affairs. I moved to Coleman five years ago and engaged in the plumbing business. I have enjoyed a fine business and am grateful to the people. My motto has always been "clean, dependable and prompt service," because I realize that a satisfied customer is a valuable asset.

"I will greatly appreciate your vote and your support, and, if elected to the office I seek, I will strive to serve you to the very best of my ability and be ready at all times to render any assistance I can.

"R. A. CARROLL"

Agriculture Boy's Pig Project Gains Two Pounds Day

Do your pigs gain two pounds per day? If so, how much does the gain cost you? The average farm grower of pigs does not know how much his pigs gain in weight each day nor the cost of the gain, but Robert Steward, member of the Vocational Agriculture I. Class of Santa Anna High School, knows that his project-pigs gained 14 pounds last week at a feed cost of 3c per pound. Robert is working on plans now to increase the gain at a lower cost per pound. "He thinks it is good business to know production facts concerning his pigs," states J. M. Binlon, Vocational Agriculture instructor.

Card of Thanks

We wish to express a word of thanks and gratitude to all who rendered us aid and for words of sympathy during our bereavement in the death and burial of our mother, Mrs. R. H. Taylor. May God's blessings rest with you HER CHILDREN and GRANDCHILDREN

Mr. and Mrs. M. M. Whitsitt of San Angelo are spending some time here in the W. A. Powell home, while Mrs. Whitsitt is being treated by the Sealy Clinic, preparing for an operation soon to follow.

Buck Cartwright of Sweetwater visited homefolks here this week.

Washington Day Program To Be Held at City Hall

**200th Anniversary of George
Washington's Birthday
To Be Observed**

The City Federation of Clubs will sponsor a program to be held February 22, observing the 200th anniversary of the birth of George Washington.

The local program, which is in conjunction with a nation-wide move, sponsored by the United States Government George Washington Bi-centennial Commission, for the greatest celebration of its kind ever held, will be in the form of a tree-planting ceremony. The event will be held at the Santa Anna City Hall, Monday, February 22, at 4:30 P. M.

Santa Anna's initial observance of the 200th birthday of the first U. S. president, which the national Bi-centennial Commission plans to carry on throughout the entire year, has been announced in the form of the following program:

Song—"America"—Grade School Reading—William Mitchell.

"History of Arbor Day"—Beth Barnes.

Address—Wayor W. E. Baxter. Topics appropriate for the occasion will be discussed by Mrs. Weaver, Mrs. Bannister, D. D. Burns and J. M. Binlon.

"Washington Elm"—Margaret Mobley.

Planting and dedicating of tree.

Song—"Star Spangled Banner"—High School.

In view of the rareness of the occasion, those in charge of the program very cordially invite the entire citizenry of Santa Anna and surrounding communities to be present and join in celebrating the 200th birthday of Washington.

Coleman Bank Has Opening On Last Monday

**2,000 Attend Program, Wood-
ward and Hawkins Are
Main Speakers**

COLEMAN, Feb. 15—Two thousand people stood in the rain here this morning to witness the opening of the First National Bank.

State Senator Walter Woodward and J. W. Hawkins, state bank examiner, were the principal speakers. The street was roped off and the Coleman band played.

R. A. Carroll, local plumber and candidate for tax assessor, was the first depositor. A cow, a sow and a hen were given away. M. K. Witt, local Ford dealer, was in charge of the program.

This city of 6,000 inhabitants had banking facilities today for the first time in more than four months, with the opening of the bank, an institution with a capital stock of \$100,000 and surplus and paid-in profits of \$20,000.

It is successor to three local banks which closed temporarily last October 9th. Stockholders of the old institutions furnished capital for the new setup, so that no depositor of any bank will lose a cent.

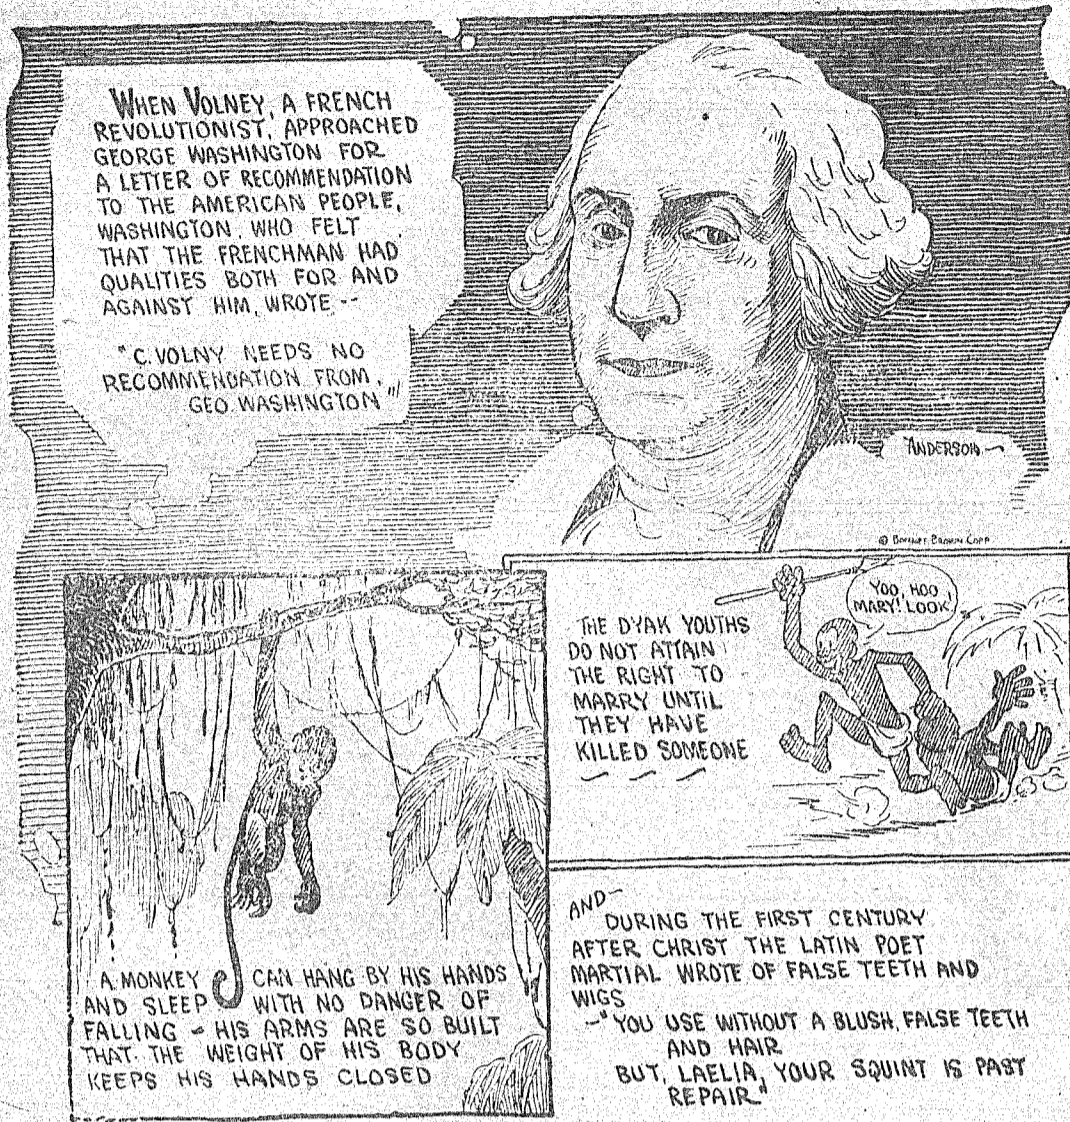

Long before the doors opened this morning customers were in line to make deposits. J. P. McCord is its president, S. H. Gray executive vice-president, and E. C. Edens cashier.

NOTICE!

The undersigned banks will be closed Monday, February 22nd, in observance of the 200th anniversary of the birth of George Washington.

Odd But True

The Washington Bicentennial

Two hundred years ago this month, on February 11, 1732, a son was born to Augustine Washington, a prosperous planter of Waverfield, Westmoreland County, Virginia. This year we are celebrating the two hundredth anniversary of the birth of George Washington. Because the calendar system of the English-speaking world was changed in 1756, by dropping eleven days, we now celebrate Washington's birthday on February 22nd instead of February 11th.

But this whole year will be given over to commemorating the Father of this country. Everybody who can possibly afford to do so ought to make a visit to the city of Washington, and the nearby home of George Washington, Mt. Vernon, as well as to his birthplace farther on down the Potomac River, at one time or other during the year. It is our feeling that no true American can really get the spirit of America without visiting our national capital and seeing the historic mementos of the great leader who made our nation possible.

The very clothes that Washington wore are on exhibition in the National Museum in Washington. In the great memorial building on Shooter's Hill in Alexandria erected by the Masonic Order as a memorial to Washington, may be seen the apron he wore and the gavel he wielded as Master of the Friendship Lodge. In Alexandria still stands the school which he built and for which he left an endowment in his will, while the very streets of the city are a memorial, for he was the young surveyor who laid them out. St. John's Church in which he was a vestryman, is open to visitors who are privileged to sit in the pew which Washington occupied, while back from Mt. Vernon is the little country church at Pohick which he attended in his earlier years. Mt. Vernon itself stands almost as Washington left it, with much of the furniture he used.

Any time of the year is a good time to visit Washington. The city named for the great revolutionary leader grows more beautiful year by year and easier to get to from any part of the country. Even if you can spare no time or money for any other holiday in 1932, by all means we hope every one of our readers will find a way to pay at least a brief visit to Washington.

If You Can't Believe It You Can Figure It Out for Yourself

Council Bluffs, Ia.—Last Sunday an Omaha newspaper told about Dr. Leopold Bauer of Austria, depositing a shilling in the Bank of England, at London, with instructions that his will would contain the provision that the shilling was to remain in the bank at interest for 1,500 years.

Then, wrote Dr. Bauer, the bank was to step out and "buy the American continent and a few other things it might want". The idea intrigued E. V. Gustafson, former Council Bluffs city clerk, and he immediately went into a huddle with himself. Gustafson emerged from the huddle last night and delivered the information that at the end of one thousand five hundred years, supposing the shilling to be worth 25 cents and the interest five per cent and compounded semi-annually the total would be:

Four thousand fifty one octillions, five hundred eleven septillions, eight hundred eleven quintillions, seven hundred sixty four trillions, eight hundred ninety six billion, three hundred nine million, five hundred ninety thousand, three hundred twenty dollars and twenty cents.—(The Woodson Record).

THE NATIONAL HORROR

During the year 1931, approximately 1,032,000 persons suffered from automobile accidents in the United States—34,000 being killed and 997,000 injured, half of the latter seriously.

Of those killed, 14,500, or 42 per cent, were pedestrians, of whom 2,500 met death while walking on rural highways and 12,000 on city streets. More than 297,000 pedestrians were injured. Collisions of one automobile with another caused 8,570 deaths and 528,950 injuries. Collisions with trains and street cars accounted for about 1,900 deaths and 21,000 injuries. Striking fixed objects, such as telephone poles and trees, resulted in 4,150 deaths and 55,820 injuries; while running off the road and turning over caused approximately the same number of casualties.

Contrary to the belief of many relatively few accidents can be blamed on new drivers, who realizing their inexperience, are usually more careful. Women proved to be only one-fourth as dangerous as men, while persons over 50 years of age had comparatively few accidents when at the wheel. Boys under 20 were the most reckless of all, and took a terrible toll as a result of their folly.

Total fatalities for 1931 were 3.3 greater than in 1930, and it is almost certain that 1932 will show a further increase. With few exceptions the accidents which bring these appalling results could be prevented by the use of ordinary care and common sense. But when so many drivers seem devoid of sense it appears that no amount of warning has any effect.

The pity is that careful and intelligent drivers and helpless passengers are so often the victims of thoughtless fools.—(Ex.)

W.C.T.U. Wants To Know

The Women's Christian Temperance Union, it seems, will follow its established custom of supporting only those candidates who are "bone dry". Mrs. Claude de Van Watts, state chairman of the organization, is quoted in news dispatches as saying: "We don't care if John Garner is a beloved Texan, if he's dry we'll support him; if he's wet we won't"

Contrary to the belief in some quarters, the prohibition issue is not the immediate problem to be solved—we must extricate the country from serious economic distress. Business, industrial and political leaders are co-ordinating efforts to that end. John Garner, as an authority on finance, taxation and tariff,

SELECTING A PICTURE FOR A SCHOOL ROOM

A good picture always adds to the attractiveness of a school room. The selecting of a nice picture is no easy task and it requires care and good judgment. Some pictures that a class may like at first lose their attractiveness. Some are either uninteresting or sensational. Others that interest a few in the class do not interest the majority.

If you start to buy a picture for a school room first think of what the characteristics are that would make it cheerful for a school room; how would the picture affect the cheerfulness of the observer; how would it affect his taste; what can you say of the wearing quality of the picture; is the picture one which you would soon grow tired of; or do you think it would continue to please you. These are very essential questions in selecting a picture for a school room.

If one wants a picture I think for a home or the school room, "The Song of the Lark" would be a good one. This is a picture of a peasant girl going to work in the fields. She has a sickle in her hand with which she is going to cut grain. As she goes along she is singing as happily as a lark that rises early and soars high in the heavens and sings merrily as it soars upward. Her face shows happiness and contentment.

THE USE OF BRAINS

Dr. E. E. Free, the eminent scientist, hands a rather hard jolt to certain professions which are popularly supposed to embrace a large share of the world's intelligence.

Among those who may be said to be intelligent at all, he places university professors, actors, doctors and preachers lowest in the scale. His reason for this conclusion, which he says is made as a result of scientific research, is that "their intelligence gets no exercise; they learn to confuse dogmatic plausibility with truth."

Going further, Dr. Free declares that the class of persons who use their brains to the best advantage are the foremen-mechanics, chief engineers, chief riggers, precision machinists and the like. Slightly less able than these are engineers and technical men, all of whom are "required to get the facts before reaching conclusions."

The learned doctor doesn't say just where editors come in. Maybe it is well. Possibly they don't come in at all.—(Ex.)

and the dominant leader of the Democratic party organization in Washington, is closely identified with this work. The success he has attained since his elevation to the speakership in harmonizing all factions in the House, and the manner in which he has conducted his office, have won for him the admiration of a nation.

Friends of the speaker in Washington are warning his friends elsewhere to avoid adoption of any resolutions or expressions

which might destroy this teamwork and impede the work of economic rehabilitation. "Jack" Garner's stand on prohibition is well known; he voted against the dry law, but has consistently voted for every enforcement measure.

Loan Plan Used Last Year To Be Followed Again

Government Puts Machinery In Order to Handle Funds For Farmer Again

WASHINGTON, Feb. 13—Plans have been completed by Arthur M. Hyde, secretary of agriculture, for the handling of the \$50,000,000 loan fund provided for farmers in the reconstruction finance act. In general the plan is similar to that followed last year in the drouth relief loans.

The loans will be made by representatives of the secretary to be designated by him and the farmer must file an application before April 30. The loans will be for crop production purposes only, must mature on or before November 30, 1932, and will bear 5 1/2 per cent interest.

In Texas a crop mortgage will be taken by the government and the borrower must agree to plant not more than 65 per cent as much cotton as he did in 1931, provided he planted more than 10 acres last year.

No loans will exceed \$400 and the total amount of loans to the tenants of any one landowner in a single county must not exceed \$1,600. Seed loans will be on the basis of approximately \$1 per acre for cotton. Provision is also made for loans for fertilizer, oil and gasoline for tractors, feed for work stock, and spraying and dusting to protect against insects.

No loans will be made for feeding livestock other than work stock used in crop production.

The purpose of the loans is to provide financing for farmers only where other agencies are unable to do so, and the money is intended only for farmers who otherwise cannot plant this year.

The West Texas chamber of commerce has sent queries here about the plan and it is thought likely it will assist farmers in obtaining the aid as it did with the drouth loans last year.

THE GOVERNOR'S RACE

Ross Shaw Sterling will succeed himself as governor of the State of Texas. If the Ferguson's decide to enter the contest, he will know he ran a race. Otherwise he will saunter back to office without any considerable effort.

Probably it is a good thing for the people of Texas that no spirited gubernatorial campaign will be waged this year. There are

other issues of more importance upon which the people must speak. Nevertheless, many of the voters will regret that some of the stalwart West Texas favorites did not see fit to challenge the incumbent's right to succeed himself.

Mr. Sterling will have opposition, of course. But barring a Ferguson entry, there is no promise of anything like a serious contest. John F. Grant, wealthy aspirant for Mr. Sterling's job, will run upon a splendid platform and he would be a credit to the office, but he makes his race under the wrong banner; he is a Republican. A dirt-farmer of the Brady section has offered under a platform that is a little too radical for the thinking people of Texas to stomach. In lesser degree, the same may be said for the candidacy of Tom Hunter of Wichita Falls.

fact that Mr. Sterling is better fitted for the post than he was two years ago. Unfortunately for him, but fortunately for the people, he has lost some of the millions and severed some of the connections that made it difficult for him to keep the common touch. Moreover, he has learned to say "no". He has learned to discriminate. No longer does he lend ear to the wily political axe-grinder and proclaim he is in tune with the voice of the people. And—the most hopeful sign of all—he has learned that legislative sessions are not a panacea for all the ills to which the body politic is heir. In the face of pressure before which he would have formerly quailed, he has steadfastly refused to convene a special "revenues" session of our solons. This circumstance, by the way, has influenced many to entertain the hope that the governor has arrived at some plan for balancing the state budget without adding to the present tax burden.

Despite his improvement, however, it is a fact that Mr. Sterling will go back into office, not because of any signal achieve-

Paving Work On Highway No. 7 To Begin Soon

Equipment Now Arriving for Bangs-Brownwood Lap; Office in Bangs

Joe Hardiker, construction superintendent for the H. K. McCollum Construction Co., of Ft. Worth, has arrived in the city and is to make his home here. Business headquarters for the company that is to place paving on Highway 7, Brownwood to the Coleman county line, are to be in Bangs, Leo Ehlinger resident engineer, announced Saturday.

Much of the equipment for the preliminary paving work has arrived and it is expected that the work will begin within the next few days.

The company is to begin its construction work at the Coleman county end of the project and come toward Brownwood. After the construction gets under way the old Brownwood-Coleman road will be used as a detour from Bangs to the Coleman county line.

When work begins on the section between Bangs and Brownwood one of the former routes will be chosen as a detour.—(Sunday Record).

When the cost of government mounts, with resultant tax hikes, agriculture, business and industry suffer, and when they are sick distress is our lot.

ment as governor, but because the people are committed to the principle of two-term tenures, Mr. Sterling is honest; he has done no heinous crime. Therefore he will be given his second term.

It is an old Texas custom. —(Texas Opinion).

LEAP YEAR, BAH! NO WEDDINGS IN PAST FOUR WEEKS

Maybe it's the depression. Perhaps Danny Cupid lost his quiver of love darts.

And perchance ye modern maidens have become too danged smart to get hooked up in any of your old entangling alliances.

Whatever the heck it is... Poof! Poof, for Leap Year.

Instead of the contemplated rush in marriage license business during 1932, the unemployment situation in the matrimonial bureau of the County Clerk's office is getting to be more so.

County Clerk John R. Leavell and his aides have not issued a marriage license in the past four weeks.—(The Kerrville Mountain Sun).

A big reduction on all SPRING COATS at MRS. SHOCKLEY'S!

HOW ONE WOMAN LOST 10 POUNDS IN A WEEK

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one-half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—it is the safe way to lose unsightly fat, and one bottle that lasts 4 weeks costs but a trifle. Get it at all drug stores. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

In our announcement column last week we added the name of Frank Lewis for the office of Tax Collector. At the time Mr. Lewis was in Santa Anna, the forms were just about closed for the week, and no comments were made on his announcement. It is customary for editors to make some comment on candidates as they place their announcements in the paper, but Mr. Lewis came in too late for our issue of last week.

We might state that we doubt if there is a young man in Coleman county better acquainted with courthouse affairs than is Frank Lewis. His father, the late J. C. Lewis, served Coleman county as Tax Collector for more than five years, being in that office at the time of his death. Young Mr. Lewis, who is now a candidate, served the unexpired term of his father, and has served as deputy county clerk for several years. His work in the several places of trust in the county has been acceptable and satisfactory and his honor and integrity are above reproach.

Frank Lewis is pretty well known over the county and needs but little introduction at our hands. He is thoroughly competent to fill the high office he seeks, and will appreciate your favorable consideration during the campaign and your vote at the polls next July. He intends to make a personal campaign and meet the voters face to face between now and the primary.

W.T.C.C. To Meet In Sweetwater May 12, 13, 14

SWEETWATER, Feb. 15. (AP)—The thirteenth general convention of the West Texas Chamber of Commerce will meet here May 12, 13, 14. Dates were selected at a meeting today of the Sweetwater Board of City Development with Houston Harte, president of the West Texas Chamber; D. A. Barden, manager, and Maury Hopkins, assistant manager.

Business rather than pageantry, will be stressed, it was said. Group conferences will be held on public expenditures and taxation, town and countryside beautification, reconstruction financing, and breeder-feeder-agricultural development. The convention will open on Thursday and close on Saturday.

For the first time since Texas was a Republic, its citizens next fall will vote for a president and vice-president of the United States. In the past they have voted for electors of the political parties. — (Plano Star-Courier).

Three Cheers For Tom Blanton

Congressman Thomas L. Blanton, who is United States congressman from this district, sounded a note in Congress on February 1, that should harmonize with the sentiments of every peace loving American. According to the Congressional Record for the date mentioned, this, in part, is what Congressman Tom Blanton said: "I would suggest that instead of rushing in there with our battleships and military forces where people are fighting, we should stay away from it." This, of course, has reference to the affairs in China and Japan and the steps that have been taken by the American administration.

"It is not our fight," he continued. "We ought to arrange to assist Americans to get out of there, and when these fighters get through with their scrap they can settle for the damage done to American property, and that should be the extent of our activities. I am not willing that American forces should be sent 4,000 miles from home to protect the property of international merchants who pay no taxes to the United States, but who are seeking to enrich themselves in China."

"I was called upon to vote for war back in 1917, but I have learned a whole lot since then," the congressman added. It is likely that what he learned from the last great war has, so to speak, "taught a burnt child to dread the fire," and it should have taught everybody some things that will seem not to have been learned by some of the United States is plunged into another war.

"We should safeguard them and get them back through every reasonable and sane means," said the congressman in further explaining his position, "but," he said, "we are doing a very dangerous thing here. We have gotten them here before. We can get them back again without entering war. I wanted to sound this one note of warning. The first thing you know you are going to get some of our marines killed over there, and then we will be in a war, and if we use good judgment we can avoid it." — (The Simmons Brand).

THE STRAIGHT OF IT

It is alleged that a school boy in Kansas wrote the following, entitled "An Editor."

"I don't know how newspapers and magazines got into the world, and I don't think God does, for He ain't got nothing to say about these in the Bible. I think the editor is the missing link we read of, and that he stayed in the business until after the flood, came out and wrote the thing up and has kept busy ever since. If the editor makes a mistake folks say he ought to be hung; but if the doctor makes a mistake, he buries them and people don't say nothing because they can't read Latin. When the editor makes mistakes, there is a big lawsuit and swearing, and a big fuss, but if the doctor makes one there is a funeral with flowers and perfect silence. A doctor can use a word a yard long without him or anyone else knowing what it means; but if the editor uses one, he has to spell it. If the doctor goes to see another man's wife, he charges for the visit; but if the editor goes he gets a charge of buckshot. Any college can make doctors to order, but editors have to be born." — Exchange.

PARTNERSHIP

Married life is partnership — partner comes first.
With this in mind there should be mutual understanding definite principles decided upon before marriage.
Man should be the head of the household to keep his self respect
Woman should be the queen of the home to preserve its ideals.
Each with the interest of the others first in mind, it is easier to come to a perfect unity of purpose and its fulfillment.
Children sanctify the home and keep the atmosphere sweeter, make sacrifice easier and hearts warmer.
Children mean a threefold interest in home, church and civic life.
Homelife is more perfectly balanced when full of love. It is recognized from the start.
Young persons before they

marry should have set aside enough to pay for more than the bare necessities.

Through insurance or some other method of saving, young couples should provide against the time when they are likely to be unusual demands upon the family purse.

Such periods should not have the extra worry which comes with the realization of having bills that cannot be met when due. —Houston Chronicle.

R. A. Carroll, of Coleman, formerly a citizen of Santa Anna, was here this week handing out his cards and telling the people he is a candidate for the office of Tax Collector of Coleman county. Mr. Carroll is well remembered here. He is a plumber by trade, was a charter member of the Santa Anna Lions Club, and a high tone Christian gentleman. He is offering himself in this race upon his merits and we feel sure he is well qualified to fill the office he is seeking.

Texas, land of varying clime,
Ice and sleet at blossom time.

January mixes sweat and snow,
July feels blue northers blow.

Leave home when the day is warm,
You return in a freezing storm.

Leave home when it's dusty, dry,
Return in torrents from the sky.

Leave home in the snow and sleet,
You will faint from sultry heat.

Jack Wilson Dies In Ranger And Is Buried Here

Member of Well Known Santa Anna Family Succumbs In Ranger Hospital

The remains of Jack Wilson were brought here last Sunday from Ranger, where he died Saturday night, and were buried in the Santa Anna Cemetery Sunday afternoon.

It is with much regret that we chronicle the death of such a friend as Jack Wilson. Jack was a carpenter by trade, as was his father before him, and has done several jobs for this writer during the past ten years. We never worried about a job when Jack Wilson was in charge, for we knew it was going to be done right according to the best of his ability, which was never questioned.

The following data was furnished this office for funeral notices Sunday morning, and up to this time, we have not had opportunity to collect further information.

Lawrence (Jack) Wilson was born April 29, 1894, and died on February 13, 1932. The funeral services were held at the residence of his mother, Mrs. A. S. Wilson, Sunday afternoon at 4 o'clock. Interment was made in the Santa Anna Cemetery.

The funeral was conducted by Pastor Gray of the Methodist Church.

The deceased is survived by his widow and two sons, Pete and Erving, the boys ranging in age about the middle teens. He is also survived by his mother and several brothers and sisters most of whom were present for the funeral.

Jack was operated on a few days ago for ulcerated stomach, complicated with pneumonia and peritonitis, which sapped his strength and vitality beyond the power of resistance, and ended in his death Saturday night.

Jack was an employee of the Banner Ice Company, with headquarters in Ranger, where he had lived for more than a year since moving from Santa Anna.

To the Sheriff or any Constable of Coleman County—Greeting:

You are hereby commanded to summon May Hannon by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the 35th District Court of Coleman County, to be holden at the Court House thereof, in Coleman, Texas, on the fourth Monday in March, A. D., 1932, the same being the 28th day of March, A. D., 1932, then and there to answer a petition filed in said Court on the first day of February, A. D., 1932, in a suit, numbered on the docket of said Court No 4996A, wherein Robert Hannon is Plaintiff, and May Hannon is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

That heretofore to-wit: on or about the 19th day of June, 1910, plaintiff and defendant were lawfully married in Coleman County, Texas, and continued to live together as husband and wife until on or about the 10th day of September, 1910, when defendant abandoned this plaintiff with the intention of permanently separating from him, and plaintiff alleges that they have been separated for more than 10 years.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Coleman, Texas, on this 1st day of Feb., A. D., 1932.

The party at Miss Mary Neil Priest's was enjoyed by a large crowd Saturday night.

Misses Amanda Huggins and Iona Phillips spent the evening Sunday with Misses Neil and Shirley Blanton.

Mr. and Mrs. Douglas Moore visited Sunday in the home of Mr. Moore's parents, Mr. and Mrs. S. A. Moore.

Misses Madge and Brady Lee Phillips spent Sunday night with their sister, Mrs. Carl Phillips.

Mrs. C. F. McCormick and Mr. Loy Lovelace were visitors in the Cleveland school Friday.

Mr. and Mrs. Jess Williams visited with Mr. and Mrs. M. F. Blanton Sunday afternoon.

Mrs. Hugh Phillips visited in the Gus Mills home Thursday.

Robert Lovelace visited with Thomas L. Blanton Sunday afternoon.

Mr. and Mrs. Harvey Perry spent Friday night and Saturday with Mr. and Mrs. W. H. Perry and son, John.

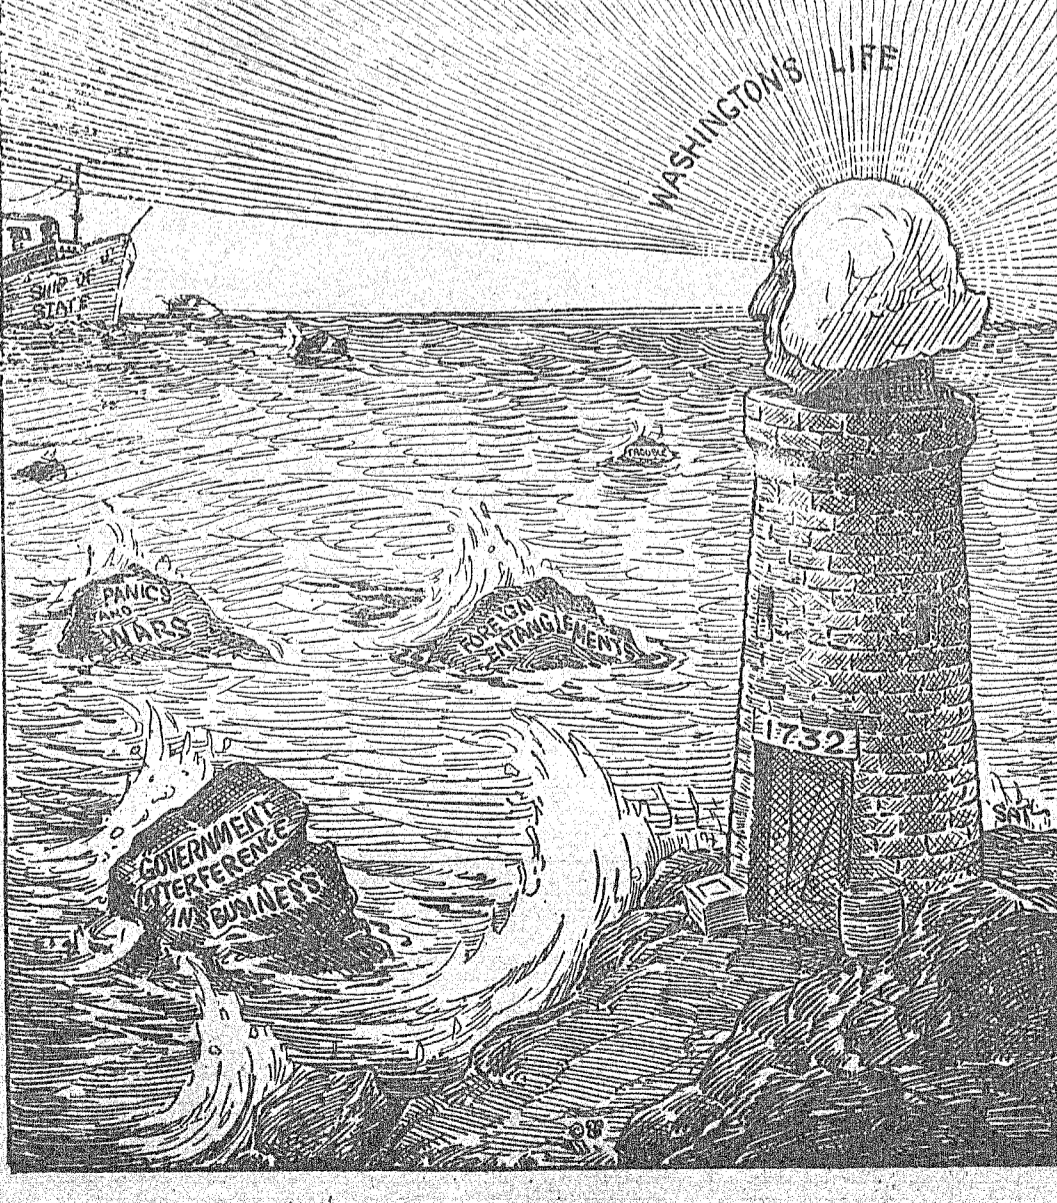

Several of the Santa Anna girls came to Cleveland Friday and played ball. The Cleveland girls won. Santa Anna hopes to play us a real game soon, when they have their regular team.

—Three Boosters

A big reduction on all SPRING COATS at MRS. SHOCKLEY'S!

Thus the people of Texas are challenged to awaken from the lethargy into which they have fallen in the past few years and concentrate on a program of economic and social progress that will place the state among the leaders. As the News concludes, "taxes are too high and the expense of local government is preposterous."

WHY GO TO SCHOOL?

Why go to school? Does it pay? It does. It pays in various ways to go as far as one can in school. Perhaps you say Mr. Edison and Mr. Ford didn't have much formal training; neither did Lincoln nor Walt Whitman. Very superior persons like these are outside the law of averages. Perhaps their superiority may lie in a specially active will and ambition. But generally speaking, if one intends to make a success, he must prepare himself—and schools are the best answer.

It pays in dollars and cents. One who leaves school early is shut out from all the professions to begin.

But the best rewards of going to school are not in dollars and cents. There is a stagnating littleness in the common routine of mechanical tasks, unless the mind has caught the secret of escape into broader fields.

Training in school gives a world-wide range to our interest in facts; it makes us reluctant to accept mere hearsay; it shows us how to test appearances.

Another function of the school is to prepare one for thoughtful citizenship.

A possible service of schools is the training of feeling and taste, so that we come to appreciate life for the rich thing it may be, and to act with consideration for the interests of our fellow-men. The big danger of leaving school early is that of personal littleness, of stagnation in a mental treadmill.

College days do more than others for mental freedom and taste. When we come along toward the end of our journey, we know that no part of the way has been better worth traveling than the way toward a bachelor's degree in the liberal arts and sciences.

HONOR SWEATERS FOR FOOTBALL BOYS ORDERED

Orders were sent off last week for honor sweaters for those who participated in football activities this year and who were eligible in every way for a sweater and letter. The sweaters are to be the regulation V-neck pull-over sweaters with an eight-inch chenille letter in light orange.

There were thirteen boys who played enough to letter and are eligible in every other way for a letter. Three girls acted as sponsor and pep leaders and are to receive letters and sweaters. The boys and girls who are to be honored are:

Degges Traylor, Edwin Rollins, Nowlin Myers, Ernest Harrod, Clovis Fletcher, Elsworth Brandon, Jesse Goen (mgr.), Murrell Spence, Woodrow Niell, Scott Wallace, Leon Ward, Noel Campbell, Helen Turner, Hettie Faye Todd, Louise Wilsford, Jessie Lee Sparkman.

Below is a copy of the pledge that a student must sign before he, or she, is awarded a sweater and letter by the Santa Anna High School:

REALIZING:
 First, That it is honorable to be counted worthy of wearing Santa Anna High School's letter and colors, and

Secondly, That they who are awarded a letter should strive to do only those things that are highest and noblest, and

Thirdly, That they who wear the letter should abstain from doing anything that might bring

dishonor to the letter, to the colors, or to the school, and

Fourthly, That the letter is not mine but belongs to the school and has been loaned to me to wear during good behavior marking me as one of the school's best students.

I, therefore, pledge my word of honor as a (lady—gentleman) student of the Santa Anna High School, and as a member of the _____ team

First, That I intend to remain in school the remainder of this school year and, if possible, until I graduate, and

Secondly, That I shall study hard and make the best grades that it is possible for me to make and

Thirdly, That I shall behave myself well, both in school and out of school, and shall keep my deportment grade among the highest, and

Fourthly, That I shall display and encourage good sportsmanship and good school spirit at all times, and

Fifthly, That I shall refrain from the use of tobacco and alcoholic drinks at least until I have finished high school and, should I acquire the habit thereafter, I shall never use either while I am wearing my school's letters, and

Sixthly, That I shall keep myself physically fit, mentally awake, and morally straight, and

Seventhly, That I shall carefully and sincerely guard the trust reposed in me by ever refusing to permit others to wear my award and letter, and

Eighthly, That I shall never do anything that will bring dishonor to my school's colors and letter, and

Finally, Should I ever carelessly or willfully break all or any part of this pledge, I shall place myself subject to the regulations of the school and shall be willing to return my award and letter to the school at the request of the school officials.

FRESHMAN PARTY

Realizing the emptiness of funny Valentines, the Freshmen decided to have a full party in honor of St. Valentine.

At the home room period on Thursday each Freshman drew a name of some member of his class. Friday he bought a penny sucker as a gift to his Valentine. Great interest was shown in seeing whose name each drew. After exchanges were made, Mrs. Scarborough passed each an additional sucker.

Since the faculty has been so kind to us, we invited each member to our party and presented the coveted sucker as our token of good will. It was real sport to see how joyfully our Valentines were received.

Freshmen regret to lose Dathine Beard. Although she has been with us only a short while, we feel that she is certainly a co-operative, good sport. We hope she will enjoy living in her new home, in George West.

DID YOU KNOW THAT:

1. We are going to have two more tennis courts?
2. The Interscholastic League Meet is to be held March 25-26?
3. The State supervisor in Agriculture was here Thursday?
4. The Freshmen celebrated Lincoln's birthday with a Valentine party?
5. The Seniors are studying Burns' "The Cotter's Saturday Night"?
6. Our attendance record is improving—flu must be leaving us?
7. "Auld Lang Syne" means a long time ago in Scotch?
8. Junior spelling has about eight entries?
9. All students will have "orals" on book reports.
10. An idle brain is "Auld Hangie's" workshop?

INTERSCHOLASTIC MEET DATES SET FOR MARCH 25-26

At an executive meeting of the directors of the County Interscholastic League in Coieman last Saturday, March 25-26 was set as the eventful dates.

Now is the time to show your ability and loyalty by falling in line with those faithful boys and girls whose watchword is "dependability."

We have over one month in which to perfect the finishing touches to all events.

Debate is progressing nicely, under Miss Land's supervision, and declaimers are rounding out technicalities in their speeches with Mrs. Bartlett.

Senior spelling and essay work is steadily advancing with Mrs. Scarborough's aid.

Junior spelling is in full sway with Mrs. Pieratt in charge.

Athletic events are under Miss Hays' and Messrs. Lock's and Binlon's supervision.

HONOR PLAQUE GIVEN HIGH SCHOOL

A casual observation of the trophy case now reveals a beautiful plaque recently placed there by friends of the school. At the close of each school year the names of the ten senior students making the highest scholastic achievement will be engraved on the plaque.

The plaque is to remain the property of the school's for four years, at the end of which time there shall have been placed thereon the names of forty deserving, hard-working students. This should be a motivation for more diligent study and application on the part of our high school student body.

SOPHOMORE NEWS

The Sophomores all seem to be a little more cheerful since the book reports for English have been turned in. We know these books are good to read, but they surely cause long faces.

We are glad to see most of the flu victims back in school. Although we had better recitations in English, we are glad the others have returned so we won't have to answer so many questions.

SENIOR CLASS NEWS

The Seniors now have another reason for working hard and making high grades. Another "goal" has appeared in the form of a plaque on which the highest scorers will have their names engraved. Who wouldn't like to have his name engraved on a permanent plaque? Let's work hard, Seniors, and ten names will go down in history.

We are sorry to know of the death of the brother of our class president, Annie Wilson. He died in the hospital in Ranger Saturday.

SOME BIRD

John Hensley's essay on geese: "A geese is a low, heavy set bird which is mostly meat and feathers. His head sits on one side and he sits on the other. A geese can't sing much on account of dampness of the moisture. He ain't got no between-

his-toes and he's got a little balloon on his stomach to keep him from sinking. Some geoses when they gits big has curls on their tails and is called ganders. Ganders don't haff to sit and hatch, 'wimmin'. If I was a goose, I 'wimmin'. If I was a goose, I would rather be a gander."

JOKES

Miss Land: "Now, Vernon, what is an anecdote?"
 Vernon B.: "A short, funny tale."

Miss Land: "Give me a sentence using the word 'anecdote'."
 Vernon B.: "A dog has four legs and an anecdote."

Little Zelda Ruth discovered that one of her teeth was loose and, upon working with it, it came out. She exclaimed while running to her mother: "Muvver, muvver, muvver, I'm coming to pieces."

Mrs. Pieratt: "Did you go to the character reader?"
 Mrs. Scarborough: "Yes."
 Mrs. P.: "Did he know anything?"
 Mrs. S.: "Well, he made me pay in advance."

Becky Turner: "I'll have you know I'm related to the Boones."
 Garland Close: "Now I remember, your grandmother's name was Bob."

"Mr. Lock," said Jesse Lee.

"What becomes of a football player when his eyesight begins to fail?"

"They make a referee out of him," growled Mr. Lock.

Mr. Cheaney: "Son, I'm spanking you because I love you."
 Tub: "Dad, I'd like to be big enough to return your love."

Kathryn Rose: "I want the life of Caesar."
 Librarian (Carri Flores): "Not a chance. Brutus beat you to it!"

SEVENTH GRADE NEWS

The seventh grade spent the last period of last Friday having a "Valentine Box."

We are making an annual. The favorites were as follows: Most popular girl, Margaret Scott; Best all around girl, Margaret Scott; Prettiest girl, Mary Dellinger; Most popular boy, Alton Diserens; Best all around boy, Dan Blake; Best looking boy, J. T. Oakes.

We are glad to hear Margaret Scott, one of our former pupils, will graduate with us here.

There has been much sickness in the seventh grade but nearly everyone is back in school.

JOYCE HENSLEY, A FOUR "A" GIRL'S NAME SHOULD HAVE APPEARED ON THE HONOR ROLL FOR THE PAST SIX WEEKS AND, ALSO, FOR THE TERM. HER AVERAGE WAS "A" FOR BOTH TERMS.

TENNIS CLUB

All boys interested in tennis were called together last Monday afternoon by Mr. Lock. After a short discussion on tennis, each boy was allowed to rank the other members of the club as he thought they played, which best and which worst. Mr. Lock will compile the list and the boy who ranked first the most times will head the list. Twice a week the boys are allowed to challenge the person to a game, whose name appears above theirs. In this way they may work themselves up or down, according to their ability.

NEW TENNIS COURTS

Work has started on two more tennis courts. Students are repairing the old courts and, with the ever co-operative ideals of our high school P-T.A., we hope to have four modern, newly equipped inducements to tennis players.

The two courts now in use were donated by the class of 1931. They have proved interesting and helpful to the extent that a dire need for more accommodations brought our ally and friend, our P-T.A., to the rescue. Come on, students, raise a racquet! Let's keep up the S. A. H. S. banner in tennis!

HISTORY III.

History III. students have just completed the study of the election of Abraham Lincoln as the President of the United States, and are ready to take up study of the Civil War. The students have found that the question of slavery had been very intense for a long time, but the climax came when Lincoln was elected President. Several of the states seceded from the Union, and war came in less than a year.

SCHOOL HONORED

The State supervisor of Agri-

cultural Education, Mr. C. L. Davis, honored the Santa Anna High School Wednesday, February 10th, by his talks to the Vocational Agriculture boys.

Ways of improvements for Vocational Agriculture were suggested by the visitor. He visits schools all over Texas, making interesting and valuable talks to the students of Agriculture.

COMING!

A zinc etching plate of a "mountaineer", with a typical coonskin cap and gun, is being made for the high school. This emblem will be used for "The Mountaineer" page in the Santa Anna News each week.

SISTER OF H. S. TEACHER IS HONORED

Miss Stella McDaniel, sister of Mrs. J. Ed Bartlett, received the high honor of being listed in "Who's Who in American Education" for 1932.

The Denver Post carried, in addition to the picture of Miss McDaniel, this sketch: "Miss McDaniel came to the college (the Woman's College at Denver) two years ago from Baylor University at Waco. She received her degrees from Baylor and the University of Texas, and recently has done research in English and graduate work at the Universities of Texas, California, Oklahoma and Colorado."

Miss Stella at one time taught in Santa Anna, and is remembered by those students as a splendid teacher well deserving of the success she has attained. Santa Anna claims her and feels especially happy in this new honor that has come to her.

SCRIBBLERS

Twelve girls are still laboring faithfully to reach their goal, which is "To be able to write more than passably well". They are finding the lives of scribblers not without their discouragements. Routine news is often scarce, and there is not much

to stimulate the imagination in the way of a feature story when the mind is upset over English book reports which are shortly due.

These girls are working on a one-act play, "Me and Betty", which they hope to be able to give in chapel during the next month.

RULES FOR STUDY HALL

1. Always be tardy—teachers like late arrivals.
2. Drop books on the floor—teachers like the noise.
3. Don't whisper—yell.
4. Chew your gum there—other teachers will appreciate it.
5. Practice your school yells there—it will improve your lungs.
6. Throw pecan hulls—if you don't have them, throw "spit balls".
7. Never buy ink—borrow it.
8. Throw waste paper on the floor—it gives study hall a neat appearance.
9. Keep your feet in the aisle—others enjoy stumbling over them.
10. Write love notes—teachers enjoy reading them.

SIXTH GRADE NEWS

Marilyn Baxter has been elected president of the room.

We have elected officers for our Travel Club. They are as follows: Helen McKeand, president; Pauline Eubank, vice-president; Peter Willis Davis, reporter.

We had two of our room who won out for Interscholastic spelling. They were Marilyn Baxter and Doris Spencer.

Last Friday we had a Valentine Box. Marilyn Baxter gave us a party in the room. We enjoyed the many games we played. For refreshments we had red suckers.

Many in our room have not been attending school for the past week because of the flu. We hope they return soon.

We are writing themes in English. It is found to be very interesting to make little booklets on different cities, in geography.

TRAVEL CLUB OF 6th GRADE

Our first meeting was held last week. The house was called to order by the president, Helen McKeand. We all enjoyed a very pleasant trip to Carlsbad Cavern.

The program was as follows: History—Marilyn Baxter.

A Trip to Carlsbad Cavern—Anita Kirkpatrick.

The Rooms—Annelle Shield.

The Lunchroom—Julian Kelley

WARD SCHOOL CHORAL CLUB

The Choral Club is still meeting. Our meetings are held on the last two Thursdays of each month at the present time. The members have learned many songs.

We do not want members to lose interest because our meetings have been so irregular for the past two months. Others are urged to join!

Miss Land: "Your son has a great thirst for knowledge. Where did he get it?"

Mrs. Everett: "He gets the knowledge from me and the thirst from his father."

Miss Hays (a young wife): "I'm afraid, dear, my pie is not all it should be. I think I must have left something out."

Husband (?????): "There's nothing you could leave out that

would make it taste like that. It must be something you put in."

Very chic and smart SPRING DRESSES at MRS. SHOCKLEY'S.

Joe Lancaster and family of Sonora, are visiting in Santa Anna, this week.
