Santa Anna friends of Dr. and Mrs. Woodward wish them much success in their work, this winter. And are proud of the fine record this Santa Anna boy has made in his profession, in such a short time.

J. S. Jones

J. S. Jones was born in Harris county, Georgia, March 24th, 1865. His father, Dr. J. H. Jones, was an Alabamian by birth and his mother, Anna MacIntyre Jones, a native of Scotland.

Mr. Jones came to Texas when he was 26 years of age. He settled near Waco, later moving to Navarro county where he met and married Miss Minnie Williams. To this union were born three children, three girls and seven boys, all of whom are living and were present during the last illness and at the funeral services of their father.

Mr. Jones joined the Baptist church when a young man and had lived a devout christian life in that faith for forty years. He was also a member of the Odd Fellow, Woodmen of the World and Masonic fraternities.

Rev. J. R. McCorkle of Coleman, conducted the funeral services at the home at two o'clock last Friday afternoon, and the Masons, under the direction of Judge Weathered of Coleman, were in charge of the burial service.

J. S. Jones was a faithful, honored citizen of this town for 19 years, serving as Justice of the Peace during the last four years of that time.

He is survived by two brothers, E. C. Jones of Compton California and Rev. R. H. Jones of Birmingham Alabama; his wife, and children, S. P., of Dallas, Ed, Lester, C. W., Walter, Francis and James of Santa Anna, Mrs. John Hambricht and Robert of Abilene and Mrs. Vernon Eppler of Goldsboro.

Services at the Christian Church

There will be preaching services at the First Christian church, Sunday at both the 11 o'clock and 7:30 hours. Mr. Bedford Smith, Christian Evangelist of Fort Worth, who was here on the fourth Sunday of last month will deliver the sermons. He came in Tuesday evening and began a Vesper service on Wednesday evening for the young people, to meet daily at 6:45 p.m. The young people chose to have Mr. Smith lead them at that time in a study of the Book of Hebrews. All the young people of the town are invited to come. When here last month a Christian Endeavor society was organized by Bro. Smith. He hopes to organize a junior Endeavor this time, so is having a special service this week, also. They are vice for the children from 7-11, meeting at 5 p. m.

The revival closed yesterday evening, with Bro. Forrester preaching on the "Unpardonable Sin." There were 12 additions to the church during this series of services.

Pioneer Santa Anna Woman Celebrates Ninetieth Birthday

Mrs. M. E. Chambers celebrated the 90th anniversary of her birth, on Wednesday, October 14, at her home two miles south of Santa Anna, where she has resided for the past thirty-seven years, with a number of the members of her family present. The dinner was prepared and served by her daughter, Miss Luella Chambers, who makes her home with her mother. Matie Elizabeth Watts was born in Merengo county, Alabama, in 1841, the daughter of Rufus Watts, a prominent plantation owner of that state. When a child of seven her parents moved to Texas, settling near Palestine, in the spring of 1850. She was married to Mr. Lemuel Chambers in 1860 and immediately went to Weatherford, in Parker county, making the trip in a buggy, where they lived for two years. This being a frontier country at that time, they were forced to undergo many hardships and their lives were endangered many times by the hostile Indians who were likely to raid the settlements at any time. Mrs. Chambers well remembers many incidents which took place during her stay in Weatherford, one particularly interesting practice was the bringing of guns to the church, where they were stacked in the corners, in readiness against an attack by the Indians.

In 1862, one year after the war between the states, had begun, she moved with her husband to Waco, where they resided until 1887, when they came to Coleman county and settled at Santa Anna. Many friends were made by them while living in Waco, the memory of many of whom is cherished very dearly by her until this day. While living there she became a member of the First Baptist church and was baptized by Dr. R. C. Burleson, founder of Baylor University. She is still an ardent and faithful member of that faith and her daughter who has the care of her mother, reads to her every day from and old family Bible which was brought to Texas by her family in 1850, and which is almost one hundred years old, having been published in 1841. It is printed in plain, large type on the best of paper which appears as white as the day it was printed.

Another Bible in the home is more than a hundred years old, which was brought to Texas by Grandfather, William Chambers, and which was published in 1830.

During the time spent in Parker County all families had trap doors in the floors of their residence through which they could go and hide themselves from Indians during a raid, according to Mrs. Chambers.

Many interesting antiques are to be found in this home including a Seth Thomas clock which is more than a hundred years old and which was owned by Mrs. Chamber's father many years before her birth.

A silver water tankard swung on handles given to her as a Christmas present by her children 1882. Furniture made of genuine walnut and the dressers and tables of marble tops, including a side-board which has been in constant use for more than 70 years, and a Nober Grand piano of more than 60 years service. Perhaps the most interesting of all these is a bedspread made by Mr. Chambers' mother more than one hundred years ago and which is used only on the birthday of Mrs. Chambers and on Mothers Day of each year. When Mrs. Chambers and her husband came to Santa Anna, they immediately became the leaders in their community, and he entered the mercantile business which he followed for a number of years, finally quitting the business and moving to a large farm which he had purchased two miles south of town, where Mrs. Chambers now resides and where he died in 1906. The late Mrs. Fannie Chambers Gooch-Iglerhart, noted author, who died in Austin, Texas, on October 10th, was a sister of Mr. Chambers. Her works included "The Boy Captive of the Mier Expedition" and "Face to Face With the Mexicans". The boy

Texas Baptists Start Stewardship Revival

The Southern Baptist Convention has struck out on the biggest task ever yet undertaken—member of Baptist Churches in the world-wide program of Jesus Christ through the stewardship of life.

The Bible teaching on stewardship is plain and can not be misunderstood by any soul wishing to know the truth. The Bible says: "For ye are bought with a price; therefore, glorify God in your body, and in your spirit, which are God's" (1 Cor. 6:20). Stewardship means being entrusted with another's goods to be used for others as the owner directs. Then as stewards of God we are entrusted with lives to be lived for others as God directs. Then, when we mention a stewardship revival we merely mean one in which we strive to get all the blood-bought children of God to recognize God as owner of all they are or have, and urge them to use it as God intended.

God never intended that any man who called himself a Christian should live a narrow selfish life, striving to gather this world's goods for his personal pleasure, giving God a small portion of his time, talent, influence and money. But rather as Christ gave us the example, to live unto God, seeking to please Him in everything we do. It is not so much a question of where we go or what we do as it is a question of "why do it." A Christian can better please God behind the plow handles than in the pulpit if he has the right attitude toward God and life. We are all stewards under God, regardless of where we serve.

The aim of this campaign at present is to enlist every Texas Baptist in the 2,888 Missionary Baptist Churches in Texas to financially support the local work of the Churches and all denominational causes. Texas Baptists raised for Christian Education, Associational Missions, Benevolence, and local Church expenses last year \$5,595,540.86. We are sure that it will take about the same amount next year. The goal suggested by the State Finance Committee for the Co-operative Program is \$750,000.00. This, added to the local church budget, gives us a combined financial goal of \$6,345,540.86. This is no large amount for 500,000 Texas Baptists.

We are striving in Coleman County to raise at least one dollar per capita for denominational causes. There are 3446 members in the Missionary Baptist churches of Coleman County.

The week of November 29, December 6, has been designated throughout the Southern Baptist Convention as "Baptist Every Member Canvass Week." We hope during this week to get a pledge from every Baptist in Coleman County for the advancement of the Kingdom of God as represented by Baptist.

In Memory of Willis Ashley

Whereas God, in His infinite wisdom, has seen fit to call from our midst, on October 13th, our friend and neighbor, John Willis Ashley, in his going he left a faithful and loving wife, who walked with him and shared his joys and trials all these years; his sympathies go out to her for she will miss him most; one son, three devoted sisters, beside a host of other relatives and friends.

I never lived by a better neighbor. In sickness, he was always ready to lend a helping hand to all he could. Willis was a kind, loving father and a very devoted husband. He enjoyed having his neighbors in his home and what he and his wife had, we were welcome to share it for he loved his neighbors as himself. He, like all of us had his faults, but did not try to hide them, for he lived an open life. He believed in God and knew that He does all thing well.

We shall miss him, but I am praying that the peace and love that passeth all understanding may come into the hearts of the loved ones, and that there be much happiness in feeling that always there are Everlasting Arms. May the going of our friend and neighbor bring us closer to the feet of our Master and make us better christians, better neighbors and to love one another better, even as Christ has loved us.

While we cannot understand this dispensation of the Almighty, we, in faith, would say, in the words of the poet:

I cannot say, I will not say
That he is dead, he is just away.
With a cheery smile and wave
Of the hand,
He has wandered into another
land.
Think of him as faring on as
dear,
In the love of there as the
love of here.
Think of him still as the same.
I say:
He is not dead, he is just away.
—A friend and neighbor

Local Line-up To Be Stronger Than In Last Three Games

The game that Santa Anna has scheduled with the Paint Rock Indians for next Friday has been changed from Paint Rock, to the local gridiron. The cause for the change is that Paint Rock is unable to finance the game there.

This will be a conference game the second for the Mountaineers and the fourth for the Indians. In the other three starts by the Paint Rock boys they have been beaten by top-heavy scores by Ballinger, Coleman, and Bangs. The game with Winters last Friday was the first conference game for Santa Anna and was lost by the score of 45 to 6. The boys showed that they do not quit fighting by scoring in the last two minutes of play. The games that follow on our schedule are all conference games. Paint Rock, Ballinger, Melvin, Bangs and Coleman. If the injured of the Mountaineers ranks can get back in, we shall not be at the bottom when the season is over. Three of the remaining games will be played at home. We as school boys and girls who are backing our team, beg each and every one of you to support us with your presence at these games and any other encouragement that you can give us.

All the boys who have been on the injured list will be back in the game next Friday except Edwin Rollins. The starting line up will be the strongest since the first game. The probable line-up will be: Woodrow Niell, le; Yantis Hires, lt; Noel "Puny" Campbell, lg; Nowlin "Smilum" Meyers, c; Robert "Tar" Curry, rg; Degges Traylor, rt; Clifford "Snatch" Wheeler, re; Ernest "Red" Harrod, q; Clovis "Bull" Fletcher, f; and Leon Ward and Elsworth Brandon at halves. Other boys who will see service during the game are: Grady McIver, Lenton Oakes, Jesse Lee Sparkman, Rankin McIver, Murrell Spence, Emmett Stiles, J. D. Pieratt, Scott Wallace.

The game will be started at 3:30. The admission will be reduced to twenty-five cents so that all who care to may attend without any complaint about the price. If you want to show your loyalty to the school and its interests, be present and help your team win.

Ward School P. T. A.

The Ward school P-T-A. met October 13th with a large and enthusiastic attendance. Miss Addie Alexander, Health representative from the State Department, made an instructive, inspirational talk to the mothers and teachers on her work with the schools and parent-teachers organizations. The next meeting will be on the first Tuesday in November. Every mother interested in the Ward school should be in attendance.

SANTA ANNA vs. WINTERS

Last Friday, October 7th, the Santa Anna (Mountaineers) played the Winters (Blizzards) at the Ballinger fair.

Winters started the game with a kick off of 80 yards. The ball rolled over the goal line before it stopped. Red made no gain on a cut back over right tackle. The luck remained the same when Ward tried to go over left guard. Wheeler punted for 30 yards. Winters whooped it up on the next few plays. Over tight guard for 1 yard, over left tackle for 5 yards, around right end for 10 yards, around left end for 20 yards and over right tackle for a touchdown. They also kicked their goal, making the score 7-0 for Winters. Winters kicked off for 20 yards and Red returned for 18 yards. The Mountaineers made lots of plays in their next rally but little gain. Ward made a long run around left end but only made 3 yards. Ward tried an incomplete pass to Wheeler for 15 yards. Bull over right guard for 10 yards. Ward complete pass to Bull for 8 yards. Red fumbles and loses 3 yards. Wheeler punted for 30 yards. Winters over right tackle for 5 yards, over left tackle for 5 yards, over right guard for 2 yards. Complete a 15 yard pass over left end and run it 35 yards for a touchdown. They failed to kick their goal. The score then stood 13-0 Winters favor. Winters kicked off for 50 yards. Bull

made 2 yards over right guard. Brandon lost 2 yards when he tried to go the wrong way. Wheeler punted for 40 yards. Winters around left end for 15 yards. Winters went over the goal line but they fumbled the ball. Ward accepted it and returned for 15 yards. Ward made no gain over right guard. Bull made no gain over left guard. Wheeler punted for 40 yards. Winters went over right tackle for 3 yards. Winters fumbled at the end of the quarter. We don't know what the consequences might have been.

2nd Quarter
 Winters completed a pass over left end that was run 50 yards to a touchdown. They failed to kick off for 50 yards. Winters intercepted a pass from Ward to Wheeler and returned it for 30 yards. Bull then intercepted a pass from Winters. He thought that turn about was fair play. Red over right guard for 5 yards. Ward no gain around left end. Santa Anna tried a few more unprofitable plays, then Wheeler punted for 50 yards. Winters 17 yards around right end. They might have made more if Lucy had not taken time to straighten his head gear. Winters over left guard for 2 yards, over left tackle for 5 yards, completed a pass for 15 yards and a touchdown. The half ended with 25-0 in favor of Winters. They are just now getting warmed up.

1st Quarter Last Half
 Winters kicked off for 50 yards. Spence took the ball and re-

turned for a short distance. Red fumbled in the next play and lost the ball back to Winters. Winters was free hearted so they fumbled in the next play and lost the ball back to Santa Anna. Red made 2 yards over right tackle. Bull 2 yards over right guard. Wheeler tried an incomplete pass to Ward for 20 yards. Ball goes over to Winters. Winters around left end for a touchdown. They kicked their goal making the score 32-0 Winters. Winters kicked off for 50 yards. Ward made no gain over center. Ward completed a pass to Red for 25 yards. Spence no gain over right guard. Ward completed a pass to Wheeler for 45 yards. Ward completed a pass to Red for 15 yards. Santa Anna tried a few more plays but to no advantage. We lost the ball within 10 yards of our goal line. Winters 8 yards over right tackle. No gain over right guard. They punt for 30 yards. Santa Anna lost the ball back to Winters on a fumble **2nd Quarter Last Half**

Winters over left guard for 5 yards, over right tackle for 5 yards, over center for 4 yards, over right tackle for 15 yards, over left guard for 2 yards and over center for a touchdown. The score was then 38-0, Winters. Oakes displaced Pury (Noel) Campbell at left guard. Wallace displaced Hines at left tackle. Winters kicked off for 50 yards. Red no gain around left end. Ward over right tackle for 3 yards. Ball goes over. Winters made 5 yards over right guard, 3 yards around right end, 40 yards around left end. They went over center for their last touchdown of the day. They also made their extra point. 45-0 Winters. Winters kicked off for 25 yards. Ward completed a 40 yard pass to Wheeler, Bull over right guard for 2 yards. Bull then accepts a pass from Ward for a touchdown. The game ended with the score of 45-6 in favor of Winters. Santa Anna didn't get skunked as most every one thought that we would. Why not boost your team instead of knocking it. It won't do any harm. When the boys know that the people are behind them they will try harder.

In our museum. Especially were we interested in the picture Mrs. Blanton painted and let us have. It is a picture of Santa Anna, before it was settled. It is very attractive and very pretty. Several other articles were given us for our museum, but we cannot make it worth while without the cooperation of everyone who has something. If you have anything that you wish to let us have, please notify Mr. Lock, Carl Flores or Helen Turner. We will be very glad to get it.

DO IT NOW!
"Do It Now" is a phrase which has been used most frequently in modern times by all. Never before has it been so vital as in this day of modern inventions. Professor Scarborough has apparently realized this; for posted on the clock in his office is the poem:
Yesterday is gone
Today is short
To-morrow never comes
Delay pays no dividends
On the great clock of time
There is but one word, NOW!
Now is indeed the time to begin; to grasp life's opportunities; to make some effort to reach that distant goal. Let your slogan be "Do It Now!"

SOPHOMORE SPONSOR BURNED
Miss Land, the Sponsor of the Sophomore class, was unable to be at school last Tuesday morning because she got her face badly burned and her hair singed. The burns were the result of an explosion in a gas stove, as she opened the oven door of her stove, it exploded and singed her hair and burned the upper part of her face. We are sorry this accident occurred and we hope she will soon be fully recovered.

VISITOR OF LAST WEEK
Miss Irma Dean Fowler, one of the eight high school supervisors from the State Department of Education, visited our high school last Thursday. She highly

commended the way in which the building had been cared for, the sodding of the campus in bermuda grass by the teachers and students, the customs of classes giving worthwhile things to their alma mater, the beginning of commercial work in a small way, and last but not least the proficiency and discipline manifested in the teaching process. Miss Fowler, whose home is in Victoria, is a niece of Dr. Fowler of Brownwood. We were happy to have her inspect our building and class work and shall welcome her return some future date.

EDISON
What one man thinks of the services of Edison is revealed in the following paragraph from Homer M. Price's column in the Marshall News:

"Thursday night when the life of Thomas Alva Edison was hanging in the balance, I went with a friend into a darkened hall, and as my companion turned on the electric light, he removed his hat and said: 'I pray God that he who made the turning on of this light possible is not suffering.' I removed my hat also."

SANTA ANNA ALUMNAE LOYAL

When it comes to loyalty to, and for a cause you can always depend on the supporters of Santa Anna High School.
Odell Brown, Lula Harvey, Mary Lela Woodward, Annie Stiles and Helen Hall are to be congratulated in working up the rainbow float, which won the prize in the Coleman County Fair parade.
Odelle's car was transformed into a beautiful rainbow with all colors blending into soft shades artistically draped around and over the body.

The loving cup is a beautiful addition to many that we have also won.
Thanks to you girls, may all undertakings prove as pleasing and successful.

TO THE HONORABLE BOARD OF COMMISSIONERS OF THE CITY OF SANTA ANNA

Now comes the Coleman Gas and Oil Company, a corporation, duly incorporated under the laws of the State of Texas, and in response to the letter of July 28th, addressed to said Coleman Gas and Oil Company, signed, "W. E. Baxter, Mayor," and the attached proposed ordinance accompanying said letter and entitled "AN ORDINANCE FIXING AND PRESCRIBING UNIFORM RATES AND CHARGES FOR ALL PERSONS, FIRMS AND CORPORATIONS FURNISHING AND DISTRIBUTING NATURAL GAS IN THE CITY OF SANTA ANNA, AMENDING THE FRANCHISES AND AMENDMENTS THERETO OF ALL FIRMS, PERSONS AND CORPORATIONS NOW FURNISHING AND DISTRIBUTING NATURAL GAS IN THE CITY OF SANTA ANNA, AND REPEALING ALL ORDINANCES, OR PARTS OF ORDINANCES IN CONFLICT HEREWITH, represents and says:

That the Coleman Gas and Oil Company is now operating in the City of Santa Anna under a franchise granted by said city, and hereby objects to and protests against said proposed ordinance and each and every portion of the same insofar as said proposed ordinance would if passed, diminish or in any manner lower the rate now and heretofore charged by said Coleman Gas and Oil Company for gas supplied to the City of Santa Anna and the inhabitants and citizens of the same, and for domestic and commercial and industrial uses therein, and for objection and protest to said proposed ordinance says:

(1) That said proposed ordinance, if put into effect, would deprive said Coleman Gas and Oil Company of its property without due process of law, in

that the rate therein proposed would not yield, or permit the said Coleman Gas and Oil Company to collect a sufficient rate or income from the sale of gas to make a fair return upon its investment, taking into consideration physical properties of said company, the expense or replacement cost of the same, the depletion, and other matters proper and necessary to be taken into consideration in this connection.

(2) That same would invalidate and violate the present contract and franchise upon which said company is operated.

(3) That same would not allow or permit this company to collect a sufficient income or revenue from the sale and distribution of gas to pay a reasonable income upon the investment of said company in the City of Santa Anna, and in connection with the distributing plant of said company in said City.

(4) That the present rates do not permit or allow said company to collect any more than a reasonable income on the investment of said company in the gas distributing plant in the City of Santa Anna and in connection therewith connecting the same with the gas wells, taking into

consideration, the expenses incident thereto and furnishing and distributing gas in said city and in the upkeep and necessary overhead expenses of operating said plant and other lawful expenses in connection therewith.

(5) That said proposed ordinance, if enacted, or any portion of the same, insofar as the same lowers or proposes to lower rates, would have the effect to deprive said company of its properties without due process of law and deprive it of a reasonable income upon its investment has been made in reliance upon the City Commission of Santa Anna and the City Government in said city, allowing and permitting a reasonable rate to be collected for the services aforesaid.

(6) That the rates of said proposed ordinance are not adequate or reasonable, and that the same are not fair or reasonable rates of charges and regulations for transporting, producing or distributing, selling or delivering gas in the city of Santa Anna.

WHEREFORE, said Coleman Gas and Oil Company hereby objects to the enactment of said ordinance, or any part of the same, insofar as same would effect, diminish or lower such

rates, and hereby enters its protests thereto, and insists upon the present rates and the present ordinance governing such rates remaining in force and effect.

TWO MILLION DOLLARS PAID IN WAGES AND SALARIES...
A REAL CONTRIBUTION TO WEST TEXAS' PROSPERITY

PROVIDING a livelihood for over 1,200 employes... many of whom are your friends and neighbors... the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas... its growth and development... just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

Every dollar you spend for electric service... and more!... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes.

Do You Know?
... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way.

CELEBRATES NINETIETH BIRTHDAY

Continued from page 1

captured at The Mier was Juan C. C. Will, and it was from him that Mrs. Igehart obtained the data and facts which she used in writing the book, in which it is stated that he was captured by General Napudia on Christmas Day, 1842, during the Texas-Mexican War.

Those present for her birthday dinner were a son and wife, Mr. and Mrs. J.C. Chambers of Harlingen, Miss Luella chambers of Santa Anna and a Grandson, J.C. Mathews and wife of Santa and Mrs. Mathews' mother, Mrs. Mary Field Hodge of Brownwood. Another son, Ed Chambers of Oklahoma City was unable to attend.

Her birthday dinner was served on the same walnut table on which a former birthday dinner was served in 1872. She has ten grandchildren and eleven great-grandchildren.

While her sense of hearing is impaired, and her eye-sight is dimmed, she puts on her glasses and from the headlines in the daily papers she selects the items in which she is most interested and has them read to her, and converses with her friends on current news of the day. She is particularly interested in all her friends and appreciative of their concern for her comfort and happiness.

Mr. and Mrs. J. B. Chambers, Sr. drove up from their home at Harlingen and brought her a variety of fruits and vegetables from their own grounds. The relatives who could not be present sent useful and beautiful gifts, cards, letters and flowers.

Confidence

In a bank is born of the reliable service it has rendered in the past. its conservative policy. the substantial amount of its capital and surplus and, above all, the integrity of its personnel. That THIS BANK has measured up to those qualifications is attested to by the fact that our depositors continue to "back it" by trusting it with their savings. And their number is constantly INCREASING—we are happy to say.
