Rep. Albert Gore hears the good news that Tennessee Democrats voting in their primary election nominated him for U. S. Senator, usually equivalent to election. He defeated the veteran Senator Kenneth D. McKelmer, who had held the office 35 years. With Gore at his Nashville, Tenn., home to share the good news are Mrs. Gore and their daughter, Nancy. Doyle Riley Roping Champion Of Rodeo

Doyle Riley of Ballinger copped the calf-roping championship of the 19th annual Big Spring Rodeo with a time of 30.8 seconds on two calves, final figures computed at the closing event last night revealed. An enthusiastic crowd of approximately 4,000 persons turned out for the last performance to run the estimated attendance past the 18,000 mark. Eddie Curtis of Nowata, Okla. is the 1952 Big Spring steer wrestling champ with an average of 14.8 seconds for two tries, while Tex Barton of Abilene copped the bareback roping championship. In calf roping Riley was just ahead of Jimmy Cooper of Monahan, who turned in a time of 21.1 seconds. Don McLaughlin of Fort Worth posted a 21.5 and Billy Byrum of Sterling City, 22.4. Bill Lowe of Crane has an average of 14.8 seconds in steer wrestling to take second in that event. Bill McGuire of Fort Worth was next with 24.5 and Buddy Groff of Honda was fourth with 56.8. Bill Barton of Abilene was runner-up in bareback roping, while Joe Patterson of San Angelo was third and Mike Raymond of Albuquerque, N. M., was fourth. Becky Jo Smith of Jal, N.M. paced the field in the girls clover-leaf race Saturday night with a time of 18.7 seconds. Tex Martin of Alpine, a Sul Ross College student, won first place in the bull riding event and also copped fourth in the saddle bronc contest. A member of the Sul Ross rodeo team, Martin has starred in intercollegiate rodeos throughout the country. Second in bull riding was Clinton Hill of Canadian, Wolf Perry of Perry, Okla., placed third and Jack Buchanan of Big Spring rode in fourth. Hill captured first place in the saddle bronc event, while Sonny

Linger of Alamosa, Colo., was second and Joe Patterson of San Angelo was third. In the cutting horse contest, Trusky, owned and ridden by Jess Everett, of Snyder, was adjudged most adept. Ploesti, owned and ridden by Rex A. Smith of Abilene, and Scot Man, ridden by Billy Holley of Gall and owned by M. J. Taylor, tied for second and third places in that event. Friday night Toots Mansfield made up for his no time when he missed with his loop Thursday, but by an exhibition call in 13.8 seconds, the fastest time of the night. In the regular roping events, Ken Thompson, was in top place with 15.4 followed by Lanham Riley of Fort Worth with 15.7, Jack Newton of Abilene and Buddy Neal of Horn tied with 16.3. Other Friday night roping times were Marvin Fisher of Andrews 29.0; Clifton Lowery of Del Rio 21.2; N. A. Pittcock of Aspermont 24.4; John D. Holleyman of Ysleta 18.9; Jack Riggs of Dryden 26.8; J. L. Sawyers of Garden City 25.5; Tuffy Cooper of Monahan 19.4; Ruffy Bra: ch of Big Lake 30.6 and Jimmy Cooper of Monahan 16.6. No time in calf roping was charged up to Bud Smith of Dryden, Jess Slaughter Jr., of Big Spring, Junior Hays of Midland and Rufus Hart of Snyder. Among the bareback bronc riders only Bill Barton of Abilene and Joe Patterson qualified. Other riders who went in for spills only were Sonny McBride of Midland, Leonard McCravy of Memphis, Pete Pool of Big Spring, Jim Wallis of San Angelo, Don McNerlin of Monahan and Angelo McNally also of Monahan. Blanche Smith of Dryden was winner of the cowgirls cloverleaf barrel race Friday night with a time of 19.2 seconds. Sally Taylor of Coleman was second with 19.9 and Maude Lou Cox of Sanderson and Gail Groessel of Clint tied for third with 20.1. Others times were Darlene Taylor of Gall 20.6.

FIRST FUNDS RECEIVED FOR RAIN-MAKING

When the drive for funds to continue Howard County in the cloud seeding project was revived a few days ago the first contributor was Mrs. David B. Snelling of Big Spring, who explained she had nothing but a lawn but wanted to start the campaign off with \$1 any way. Other contributions reported to the Chamber of Commerce to date are:

R. G. Wilson	\$50.00
L. W. Covert	20.00
Jess Bailey Co.	20.00
Hempill-Wellis	75.00
Big Spring Herald	75.00

Other persons wishing to contribute to the project, which is calculated to increase rainfall, may do so by taking or sending their contribution in any amount to the Big Spring Chamber of Commerce; Hempill-Wellis Store, or the Big Spring Herald.

R. V. Middleton, chairman, has asked that all committee members engaged in soliciting funds in either the city or county make reports to him or to the Chamber of Commerce as soon as possible even though their solicitations have not been completed.

Reviewing The Big Spring Week With Joe Pickle

There was some question about which was the hottest this past week — the rodeo stock or the weather. The bulls and the horses at the 19th annual Big Spring rodeo were either tougher than ever, or the contestants were feeling polly. The animals were winning. All in all, people were proclaiming it another good western show, and the total attendance was due to stack up as good as usual. Worst drawback was the dust, about which the less said the better.

It was a record week, as far as summer is concerned. The thermometer readings were up to 105 — yeah, in the shade. But come heat or drought, the Colorado River Municipal Water District people are not dismayed. Here they had a conference about stocking Lake J. B. Thomas with fish. This could be called planning for the future.

The tragedy of the Korean War came close to home this past week, with news of the death of young Kenneth Barnes of Forsan. A popular youth in Forsan High School and at Howard County Junior College, Barnes was widely known.

Ike Issues Call For Increase In Social Security

Urges Program To Cover Additional 14-Million People

By MARVIN L. ARROWSMITH DENVER, Aug. 9. (AP) — Gen. Dwight D. Eisenhower called today for expansion of the social security program to cover an additional 14 million persons — and for increased old age assistance grants. And the Republican presidential nominee was reported by three Republican members of the House to be much interested in their suggestion that the scandal-ridden Internal Revenue Bureau be removed from jurisdiction of the Treasury Department and given independent status.

Eisenhower held a lengthy conference with Rep. Robert Keen of New Jersey, Carl Curtis of Nebraska and John Byrnes of Wisconsin, the GOP members of a House Ways and Means Subcommittee which investigated the tax-collecting Internal Revenue Bureau and turned up a series of scandals. The group's inquiry led to the firing and resignation of several top bureau officials. The three Republicans gave Eisenhower a report on the investigation, and Keen told a news conference afterward that the general was disturbed about the situation. Byrnes said Eisenhower felt "there should have been considerably more activity" on the part of the White House in getting to the bottom of Internal Revenue Bureau irregularities.

The general said, "Byrnes added, "that he thought any executive branch agency would want and welcome a thorough investigation by the FBI to set their house in order." The three Congress members also discussed the social security program with Eisenhower, and the general later issued this statement: "I am particularly concerned about the present inadequacies of the social security law and feel strongly that the law ought to be extended to presently uncovered persons."

"One of the pressing problems in the field of social security, both on the merits and security, are the old folks. "They have contributed so much to America and we have a responsibility and obligation to see that they receive adequate protection in their old age. "I would support and press for adoption of legislation designed to lighten the burden of the high cost of living on our senior citizens."

James C. Hagerly, Eisenhower's press secretary, said the general had in mind increased old age assistance grants in talking about easing the financial burden of senior citizens. Eisenhower flies tomorrow to Gallup, N. M., to attend an intertribal Indian ceremonial and make a brief speech. He has said the address will be non-political. On Monday, the GOP nominee will hold two conferences which aides regard as most important. One will be on farm policies with the Republican members of the Senate and House Agriculture Committees. The other is scheduled with a nine-state delegation of Southern supporters.

No Action On Resignation Of OPS Chief

WASHINGTON, Aug. 9 (AP) — Ellis Arnall's resignation as price stabilizer has been given to President Truman but whether it will be accepted immediately depends upon the price outlook, it was learned tonight. Arnall, who has headed the Office of Price Stabilization (OPS) since February, carried his resignation with him when he called on the President last Wednesday. Both Truman and Arnall declined subsequent comment on the resignation. Arnall wants the President to relieve him by Sept. 1, he has told friends, so he can return to his law practice and other business interests in Georgia. Some administration officials have reported that the President is reluctant to see Arnall leave and have predicted he would make a strong effort to keep Arnall on the job. Arnall has told the President it might be necessary to call Congress back into special session "if food prices continue to get out of hand and skyrocket." Officials have indicated that if the President felt impelled to call Congress back to handle price legislation, he would want to have an experienced price control man, such as Arnall, available to present the situation to congressional committees.

Effort To Oust Moody Seen If Session Called

SUN WAS HOT IN 1911, TOO, REMEMBER?

That lucky ole sun, that has nothin' to do, just rolled around Heaven all day—every day—last week and caused temperatures to climb to 100 here Monday and hold a daily maximum above that all week. High for the week was recorded Wednesday and Friday. The temperature both days reached 105 degrees. Sunday, Aug. 3 was the last day the thermometer didn't reach the 100 mark—it was just 98 then. But those who remember the first week in August, 1951, will recall it was just about as hot as the past week. An extreme heat wave that hit the state last year had a firm hold on the temperatures and kept on the maximums above the 100 mark in Big Spring all that week. But the high reading of the week didn't match the 105 recorded Wednesday and Friday of this past week—it just climbed to 104 during the same period last year. Going back to the record books, 1911 stands out as the hottest August 4, 5, 6, 7 and 8 in Big Spring. For during that week of 1911, the maximum didn't dip below 106. And on August 5 of that year, the temperature rose to 109!

Friday Night Mishap Fatal To Snyder Man

Howard County recorded its eighth traffic fatality of 1952 Friday night when Gilbert Perry Chunn, 52, of Snyder was killed instantly in a car-truck collision eight miles northeast of Big Spring. State Highway patrolmen from Big Spring who investigated the mishap, said Chunn apparently cut in too sharply as he attempted to pass a truck. Officers said they believed that Chunn saw another vehicle bearing down upon him from the opposite direction before he could get around a truck driven by Ernest Dale James, 19, also of Snyder. Neither James nor Harold Hudnall of Hermleigh, who was a passenger in the truck, was injured. Officers said the truck was owned by John B. Barbour of Iowa Park. Chunn's car struck a wheel of the truck, and then the car overturned beside the pavement. Chunn was found some 20 feet from the car beside the highway. His skull was crushed, officers said. Chunn's body was brought to Big Spring in an Eberley Ambulance and later was transferred to a Snyder Funeral Home. Chunn is survived by his widow, two daughters, Nancy Faye and Patsy, both of Snyder; three sons, Gerry and William of Snyder and L. P. Chunn of Goldsmith. Four brothers and two sisters live in Alabama, Chunn's native state. He had lived in Snyder for about two years. Funeral services will be conducted at 4 p.m. today at the Northside Baptist Church of Snyder.

GOP Gunning For Committee Seat

By G. MILTON KELLY WASHINGTON, Aug. 9. (AP) — A Republican move to squeeze Sen. Moody (D-Mich) off the key Senate Banking Committee, in the event a special session of Congress is called, came to light today. The committee would play a major role if President Truman calls the mid-campaign session of Congress he says he is considering to deal with a threat of mounting prices. If he does so, he said, he would ask it primarily for a tougher wage-price control law. Moody is one of the few pro-Truman stalwarts on the group, through which any new economic controls bill would have to pass. Sen. Flanders (R-Vt) confirmed reports that the Republicans in their effort to disclose Moody will use the same arguments which installed the Michigan senator as a member of the committee in the first place. Democratic Gov. G. Mennen Williams of Michigan appointed Moody to the Senate last year to succeed the late Sen. Arthur H. Vandenberg, a Republican. That gave the Democrats a 4-vote Senate majority—50 to 46. It also forced a shake-up of Senate committee assignments which knocked Sen. Bennett (R-Utah) off the Banking Committee to make way for Moody. The Democrats argued successfully at the time that a 1-vote bigger majority entitled them to the committee seat. Republican Gov. John Lodge of Connecticut has delayed appointing a successor to Sen. Brian McMahon, a Democrat and administration supporter who died last month. But Lodge almost certainly would appoint a Republican promptly if there should be a special session of Congress. This would cut the Democratic majority back to 2—the same 49 to 47 margin which existed before Vandenberg's death—and set off Republican demands that Bennett be given back his seat on the Banking Committee. Moody would have to take some lesser committee assignment if this occurred. The Republicans say privately that if such a move comes they are counting on strong support from Southern Democrats. Moody stirred Dixie senators' wrath at the party's National Convention in Chicago last month in a fight over an oath of loyalty to the national Democratic ticket. Some Southerners accused him of trying to drive them from the party. A number of Democrats on whom Truman would have to rely heavily in any fight for a stronger controls law have warned him publicly he cannot crack the Republican-Southern Democratic coalition which last June was instrumental in rejecting many of his controls requests. Among them is Sen. Maybank (D-SC) the Banking Committee chairman. He said in a statement yesterday he thought nothing could be gained from a special session. Sen. O'Mahoney (D-Wyo), another influential Senate Democrat, said he thought a special session would be futile. If no special session is called, it is expected that no more will be made, at least this year, to remove Moody from the Banking Committee. All Senate committee alignments are due for revision when the new Congress meets in January. The ratio of Republicans to Democrats on committees is governed by the number of senators each party has in the full Senate.

Polio Picture Is Brighter In State

By The Associated Press TEXAS' dark polio picture began looking a little brighter Saturday. Only one new case was reported at Houston, hardest hit city by the disease. And at Lamesa City-County Health Officer J. V. McKay has declared the polio epidemic over. Dr. McKay classified the dread disease in an epidemic stage at Lamesa several weeks ago. The health officer said no new cases had been diagnosed in Lamesa since July 25 and that not a single case was under treatment at Lamesa's largest hospital. He said children could once more attend public gatherings safely and the swimming pool could be reopened. Before the epidemic was declared over 19 cases were reported in Lamesa and Dawson County, including one death.

Four Victims Of Crash Are Named

LANGLEY AIR FORCE BASE, Va., Aug. 9 (AP)—Three combat-veteran officers and a young enlisted man were the four victims of the light bomber crash on Plum Tree Island in Chesapeake Bay, the Air Force disclosed today. Those killed in yesterday's crash, which came shortly after the take-off from Langley for a training flight, included: First Lt. Fayden Douglas Watson, 26, pilot, son of Mr. and Mrs. Sewell E. Watson of Peterson, Tex., formerly of Denison, Tex.

SEARCH FOR 'MAJOR' Photos Are Taken In Restricted Area

FORT WORTH, Aug. 9 (AP)—Aurthorities in five states searched today for a man who yesterday took photographs near secret installations where the gigantic B-36 world-ranging bombers are based. Earlier, Carswell Air Force base authorities had said the man was a bona fide Air Force major whose only violation of regulations was the one against visitors taking a camera on the base. Maj. Gen. S. E. Anderson, 8th Air Force commander, said in a statement today that Fort Worth police and authorities in five states have been alerted to look for a man, using the name of a major, and "identified by identification card (not a pass), who disappeared from Carswell Air Force base yesterday after reportedly photographing restricted areas." "The man had what appeared to be bona-fide orders to report to the air base. He was driving a 1951 Chevrolet—he did not obtain entry to the restricted area of the base," the statement continued. "He was, however, reported by Master Sgt. Joseph R. Dugan as taking a picture from outside the wire fence surrounding the restricted area of aircraft and maintenance docks." The statement said that "in view of this report of photographic activity and failure of the alleged major" to report to base headquarters, as required by orders at the south base gate, "he is wanted for questioning by Carswell authorities." "A misunderstanding which resulted during the absence from base of Col. L. T. Brown, base provost marshal, resulted in the statement yesterday afternoon that the incident had not occurred.

Three Career Men Named To Tax Posts

WASHINGTON, Aug. 9 (AP)—Three tax service career men—all lawyers, and the oldest of them 44—were named assistant commissioners of Internal Revenue in a reorganization of the service's headquarters here today. The trio, to be sworn in Monday for duties substantially like those they were performing under the old set-up, are: Justin F. Winkle, 41-year-old native of Seneca Falls, N. Y., who has already put in 25 years' government service, starting as a messenger at 16. He will supervise general operations, including the field service and collections work. Norman A. Sagarman, 35, a Cleveland, O., native who entered the revenue service in 1940. He will supervise technical functions, including rule and regulation making. Edgar E. Hoppe, 44, a native of

Legion Deplores Sales Of Arms To Red Nations

DALLAS, Aug. 9 (AP)—Texas members of the American Legion today passed a resolution unanimously condemning what they termed sale and shipment of contraband arms to Communist nations. The resolution, adopted at the Texas American Legion convention, was offered by Rogers Kelly of Edinburg. Resolution-passing highlighted afternoon activities following a speech by Gov. Allan Shivers demanding that Texas be removed from one first place "we can't brag about"—highway traffic death lists. Shivers repeated an earlier announcement he planned to appoint a state-wide citizens traffic committee to work with the next legislature. The organization will concentrate on safety engineering, enforcement and education, shivers said. Other major resolutions passed: 1. Asked a legislative committee to investigate "subversive activities" in public schools and requested legislation tightening narcotics laws, especially as they affect dope traffic among teenagers. 2. Asked that Negroes be permitted to serve in the Texas National Guard under separately organized units. 3. Counselled moderation in aiding foreign powers. "Lend a helping hand wherever we can," the resolution said, "but in justice to other countries and our own people." 4. Approved chiropractic outpatient treatment for veterans. This motion had slight opposition but was passed after a roll call. Another speaker was James Workton of Fort Worth, Abilene Christian College student and national president of Boy's Nation, Legion-sponsored youth group. He told of a trip to Washington where he observed legislation in the making. Last night new officers of Forty-and-Eight, the Texas Department's men's auxiliary, and Eight-and-Fifty, women's auxiliary, were elected. New Forty-and-Eight officers are Henry B. Wiemer, San Antonio, grand chief de gear; and Joe L. Matthews, Fort Worth, George W. Reid, Austin, Ira Schwartz, Fort Arthur, H. H. Parker, El Paso, and Fred Enckhausen, Texasarkana, all grand chiefs de train. E. W. Dechman of Houston, retiring grand chief de gear, was elected national executive committee man. Eight-and-Fifty officers are Mrs. Lynn Bethel, Mineola, president; Mrs. Miles Wasson, Houston, and Mrs. F. A. Matthews, Dallas, vice presidents; Mrs. Vera Cusick, Amarillo, chaplain; Mrs. H. V. Han, Houston, historian; and Mrs. Mollie Hynes, San Antonio, sergeant-at-arms. Registration through noon today totaled about 2,500. The convention will close tomorrow after new state officers are elected.

REDS Lose 20 Jets In Week Of Raiding

SEOUL, Sunday, Aug. 10 (AP) — British carrier-based warplanes Saturday destroyed one Russian-built MIG 15 jet and damaged three others in three dogfights near North Korea's west coast, the Navy announced today. It was the first kill of the war scored by the ship-based British fighter-bombers. Two sea forces from HMS Ocean were hit but the Navy said damage was minor and neither pilot was hurt. It related the Allied toll for Saturday to two, and the total for six blistering days of air combat to 20 MIGs destroyed and 22 damaged. The swift MIGs attacked the slower British planes while the latter were pounding Red targets at Chinnampo, port city for the North Korean capital of Pyongyang, on the west coast. Even as the latest score was posted the Fifth Air Force announced it had not lost a single plane to aerial combat last week. It was perhaps the best balance sheet thus far since the Russian-built jets began challenging Allied air power. However, the Allies otherwise lost eight planes last week. Four were shot down by Communist antiaircraft fire and four were missing from "unknown causes." The six days of daily dog fights were the longest string of the year and the longest since an 11-day period last year, Nov. 26 through Dec. 6. The Sabres were continuing their job of shielding Allied fighter-bombers striking at Communist supply arteries and troop concentrations. The Fifth Air Force said Saturday's blows were centered on the Haeju Peninsula in Western Korea with 29 buildings blasted. On the sweltering battlefield, a reinforced platoon of Chinese Reds—more than 60 men—took a hill east of the truce conference site of Panmunjom, retreated before an Allied counter-assault and then regained the crest before noon. The Eighth Army said the Reds threw 4,000 rounds of artillery and mortar fire at the Western Front position in support of their attack. Only patrol clashes were reported elsewhere on the front.

GOP Opponent For Patman Is To Be Named

LINDEN, Aug. 9 (AP)—Rep. Wright Patman of Texas is expected to be opposed for re-election this fall by a Republican candidate—Robert Hoague of Linden.

A call for a First Congressional District GOP convention—the first to be held in many years—has been issued by Dist. Chairman W. J. Harria, Sulphur Springs. The convention will be at Mt. Pleasant Tuesday.

Hoague, 32, a World War II veteran, confirmed today he has asked Republicans in the 11-county Northeast Texas district to nominate him for the Congressional race.

Hoague said his campaign will be based principally "on the fact that the trend of Congressman Patman's political philosophy is toward Socialism." He said the Texas lawmaker has gone "straight down the line for Truman" on most issues.

Patman has served 26 years in Congress and has usually won his Democratic primary races with ease. In the July 28 primary he won a lopsided victory over Joe McCasland, Jefferson attorney. McCasland's campaign addresses included charges that Patman is a New Dealer and Truman supporter.

Hoague, a six-foot Massachusetts-born man, said he would make an active campaign. "Just how active a campaign it can be," he said, "will depend on how much help I can get in the way of campaign funds."

"We'll want to use most of our campaign money and time in an effort to carry the First District for Eisenhower," Hoague added. "That's the way it should be."

Hoague was born in Cambridge, Mass., and was educated at the University of New Hampshire at Durham. During his three years service in the Marine Corps in World War II, he met a Navy nurse, Bessie Mae Hill of Linden. They married and returned to Linden, where Hoague, at 28, was elected mayor in 1948.

In the same year, Hoague ran as a Republican against State Sen. Howard Karney of Atlanta, now president pro tem of the Senate. He was defeated.

Harris, the district chairman, said nominating a candidate to run against Patman will be the principal business of the district convention. He said he expected the convention to endorse Alvin Lane of Dallas for state GOP chairman.

Service Is Held For Mrs. Ginsberg

Memorial services for Mrs. Anna Ginsberg, about 65, who died here Friday morning, were conducted at the Eberley Chapel at 8:30 p.m. Saturday. In charge was A. J. Frazer.

The body was to be forwarded via rail to Fort Worth, where it will be taken to the Robinson-Mueller-Harper Funeral Home for another service at 11 a.m. Burial will be in the Ahavath Shalom Cemetery.

A resident of Big Spring for 35 years, Mrs. Ginsberg was a native of Latvia. Her husband, Max Ginsberg, died in 1929.

Survivors include three sons, Herman of Denver, Colo.; Aaron of Odessa; and Frank of San Antonio; and a brother, Israel Tucker, New York state.

Three Persons Die In Two Accidents

TEXARKANA, Aug. 9 (AP)—Two unrelated traffic accidents killed three persons near here today. One was killed in Arkansas and two in Texas.

A couple tentatively identified as Mr. and Mrs. Dan G. Owens, Tyler, were killed in a collision between a truck and a car 12 miles southwest of Texarkana on Highway 28. Personal papers on the bodies were used in the tentative identification.

John Jenson, 48, Malvern, Ark., was killed as a car driven by Len Hicks, Malvern, went out of control and struck a telegraph pole in Miller County, Ark.

'Way Back In 1919—

This was a proud outfit in the Occupation Army in Germany following the end of the first World War. It is Company D, 117th Supply Train, 42nd (Rainbow) Division, a Texas outfit built around a core of Big Spring men. Seated in front are Capt. Jas. T. Brooks, who commanded the company, and Lt. John M. Lamb of Houston. Seated at left is Sgt. Joe Butts and at right Sgt. J. Y. Robb. A number of other local men may be identifiable to their old friends. Company D is having its 32nd annual reunion at the city park at noon today.

RAINBOW DIVISIONERS INVITED

Company D Men Gathering For 32nd Annual Reunion Today

It was in August of 1917 that a band of Big Springers—with men from neighboring towns—went off to war.

Today members of Company D, 117th Supply Train, 42nd (Rainbow) Division, will be gathering for their 32nd reunion.

It's an annual highlight for the men who organized a unit here and stuck together through World War I and occupation days. The affair will be an informal get-together at the city park, starting at noon. Meat will be prepared on the ground, and the womenfolk are bringing salads.

An invitation is issued to all former Rainbow Division men, of both World War I and II, to attend the reunion, and to bring their families.

There will be only one brief formal note. That will be when the crowd pauses for a moment of silent tribute to the buddies who

have gone on. This includes the late beloved James T. Brooks who was Captain of Company D, together with Bill Amos, Forrest Marchbanks, Cleve Aker and L. Y. Nall Jr. of Big Spring; Oran C. Hooker and Herman Griffith of Colorado City; Brock Martin, Hamp Smith, Jas. H. Brown, Hamp Hampton of Sweetwater; Joe Butts and "Ma" Nixon of Midland, and Merville Walker of Stanton.

Mostly the World War I men will be reminiscing about the muddy roads of "sunny France," and the job it was to wrestle the old ten-ton Pierce-Arrow trucks. They'll be recalling how they jumped from here to Fort Worth in the summer of 1917, from there to New York, to sail for Europe on Halloween night. And how good the old U.S.A. looked at Newport News, Va., when they returned in May of 1919.

The dinner will be under direction of Charley Deats, Pancho Nall and Buck Hull, the "permanent detail" on this job for all the reunions that have been held since 1919 (with one year omitted during World War II). The Company D reunion has been established permanently for the first Sunday after August 5 each year.

Their number includes Jack Wilcox, Herbert A. Hays, J. Y. Robb, Roy Carter, C. W. Deats, Tom Cantrell, E. L. (Pancho) Nall, Perch Woods, Allen Hull, John W. Miller, Frank Powell, Doc Foster, Cecil Wasson, Odie Lindsay, Fred Eaker, Usher Powell, Jim Terry and Tom Helton, all of Big Spring; Dean Phenix, Roy Dooler, W. C. Keys, Sam Thompson, Cullion O. Powell, J. B. Pritchett, J. F. Quinney, all of Colorado City.

Also, John B. Majors, Sweetwater; E. E. Terry, Plainview; T. E. (Red) Steele, Midland; Floyd Williams, Lubbock; Ledford Beard, Anthony, N. M.; Bill Etheridge, Stanton; W. W. Kelley, Austin; Roy G. Deaman, Roscoe; R. A. Powell, Fisk, Tex.; Henry D. Erby, George Hills and Henry Enderley of Fort Worth; Glen Deason, Corpus Christi; Pitt Gardner, Tucson, Ariz.; A. F. Miller, Odessa; Ben T. Webb and Wallace Williams, Mexia; Curtis Turner, Bryan; and J. W. Brown, El Paso.

Court Records Show That Police Had A Busy Week

City police had one of their more active weeks, judging from the number of fines assessed in Corporation Court Monday through Saturday. No fewer than 85 fines were assessed for a like number of misdemeanors and traffic violations. Fines totaled \$1,617.

That doesn't include nine individuals and their cases transferred to county authorities. And in addition to their regular policing duties, city officers assisted with two rodeo parades and helped police rodeo grounds during four rodeo performances.

Drunkness accounted for the biggest portion of arrests and fines. Forty-five intoxication fines were levied for a total of \$901.

Traffic violations also were numerous. Eleven persons paid speeding fines totalling \$125. Seven were fined \$140 for driving without license and three were fined a total of \$75 as a result of reckless driving charges.

There were nine fines for a total of \$35 levied as a result of vagrancy complaints. Three affray fines totalled \$75.

Improper turns (left and U-turns) resulted in eight fines for a total of \$31. Two motorists were fined \$5 for running stop signs and a \$5 levy was made for causing excessive noise (with defective muffler).

A \$1 fine was levied for following another vehicle too closely, and three fines for a total of \$9 were assessed for parking in an alley. Another improper parking charge resulted in a \$2 levy.

Display of a firearm was responsible for a \$98 fine levied against one person.

Transferred to county authorities were two persons charged with

driving while intoxicated, three charged with disturbance, one named on a "brass knucks" complaint, and a 44-year-old man charged with fondling a minor.

Body Of Eva Peron Paraded To Capitol

By ROMAN JIMENEZ

BUENOS AIRES, Argentina, Aug. 9 (AP)—The body of Eva Peron was taken through troop-lined streets to the national Capitol today in a solemn military and civilian procession unmatched in Argentina's history.

President Juan D. Peron, in a grey suit and slipover sweater, marched behind the 7-foot high gun carriage on which the mahogany casket with silver handles rested. Military bands played funeral dirges as 45 white shirted workers slowly pulled the carriage to the black draped Capitol building from the Ministry of Labor building where it had lain in state since Mrs. Peron's death two weeks ago.

There the body of the nation's first lady will lie in state for the first day until tomorrow, when it will be taken to the general headquarters building of the General Confederation of Labor (CGT) for temporary burial, the climax of unprecedented national mourning.

Later it is to be embalmed for permanent public display in a multi-million-dollar Eva Peron monument to be built from workers' donations in the heart of the city.

Hundreds of thousands of grieving Argentines from Buenos Aires and the provinces have viewed the body as it lay in state in the Labor

Ministry building. Thousands more passed by the glass-topped coffin this afternoon for a final look at the wax-like face of the woman who once was hailed as one of Latin America's greatest beauties.

After Mrs. Peron died July 26 the government directed that military honors usually paid only to Presidents dying in office should be rendered to the blonde former radio actress who became a powerful political figure. Today's procession was organized to show that the nation's armed forces and the people and workers are united.

Along the fifteen-block route from the Labor Ministry to the Capitol Army, Navy and Air Force troops stood guard and helped police control the crowds.

Twenty yards behind the gun carriage marched President Peron, a black armband on his sleeve. Some relatives, Cabinet ministers, labor leaders and armed forces officers joined in the slow walk.

At the Capitol the great Constitution Hall of Congress had been especially arranged as a chapel. Huge Argentine flags and black crepe hung from the domed ceiling. An enormous antique crucifix was placed behind the bier.

Once the coffin was in place Peron took his place at the head. Then the public was allowed to file by in two single files.

The body will be unseen for one year. During that time the body will be specially embalmed to preserve it forever. Then it will be transferred to a permanent tomb in the monument to be erected in the center of Buenos Aires.

Rev. Strong Attends School For Pastors

GEORGETOWN—The Reverend D. Orval Strong, assistant pastor of the First Methodist Church, Big Spring was among a group of 500 pastors gathered here attending the 52nd Pastors' School held Monday through Friday.

Among the speakers at the school were Dr. Edwin Lewis, theology professor at Drew University; Bishop Donald Tippet, bishop of the California area; Dr. Ralph Stoddy, director of the Committee of Public Information of the Methodist Church, and the Reverend Wilford H. Bridge, an exchange Methodist minister to Texas from British Methodism.

Visits Relatives

Visiting in the home of Mr. and Mrs. W. E. Mann, 704 E. 14th Street, is Mrs. E. A. Mann, mother of Mann and a resident of Belton. Mrs. Mann will stay with her son and daughter-in-law for approximately three weeks.

The public is, of course, encouraged to look at the records of my office at all times. They will show that in 1951, Justice Court, Precinct 1, handled: 963 misdemeanors; 197 felonies; 77 civil cases; registration of 68 vital statistics (births and deaths); 20 inquests; and collected fines and civil case fees totaling over \$16,000.

Sickness has caused me to limit my campaigning but I seek your support at the polls in the Second Democratic Primary Election Aug. 23.

Riding THE GRUB LINE With Franklin Reynolds

These two Herefords from the TO Ranch herd are being fed out in a pen that has sheltered more club calves that have gone on to championships than any other feed pen in the United States. These calves, being exhibited here by the sweet little nine-year-old 4-H Club girl who owns them, Joyce Robinson, assisted by Lyle LeVetter, son of the county agent, will follow, she hopes, in the footsteps of those Herefords prepared in this pen by her brother, Lloyd Robinson, now a United States Marine. He is the 4-H clubber with the nation's outstanding record for calf feeding.

Joyce is the daughter of Mr. and Mrs. T. M. Robinson of the South Community and she was the county's first 4-H'er to entirely eliminate flies from the feed pen. She accomplished the task with cotton insect poison, being careful not to get it on either the calves or their feed.

Those who attended a rodeo for the first time this week were introduced to the fact that dust is a most essential ingredient of rodeos. You can't have one without it any more than you can have a rodeo without horses and cattle. In this connection it is interesting to note that only one truly authoritative book has ever been written about rodeos, and the title of this book is "MAN-BEAST-DUST" by Clifford P. Westermeyer, assistant professor of history at Saint Louis University.

So—the dust wasn't at all unnatural or unusual. Buster Lee of Hobbs who was here for the rodeo has some rangeland in New Mexico right up near the Texas line. He says he has gotten 10 inches of rain on that land this year and has never had better grass himself. But he said there is even better grass in Andrews County than on his ranch.

Tarleton A. Jenkins of the Fort Worth office of the Soil Conservation Service was in Big Spring several days during the week traveling over the area making drought pictures and compiling information for the SCS records on which a program of work will be based for submission to the supervisors of the soil conservation districts. Jenkins says that apparently East Texas newspapermen and other people throughout the country are far more alarmed and excited by this West Texas drought than the West Texans themselves. They just don't seem to believe that such a condition is actually possible, he comments.

The recent Bracero conference in Lamesa gave the Grub Line Rider the impression that one of three things must happen unless the do-gooders in Washington are willing to leave the people along both sides of the Rio Grande strictly alone. These three things are that there must be a simple work card system, or the Texas farmers must completely mechanize crop cultivation and harvesting, or that the

Soaring Pilots To Hold Annual Meet
GRAND PRAIRIE, Aug. 9 (AP)—About 65 of the nation's top soaring pilots, the men and women who fly all over the sky without engines in their airplanes, will meet here Aug. 19-30 for the 19th annual national soaring contest. Several pilots from foreign countries also will attend. E. J. Reeves, president of the Texas Soaring Assn., said today, "It is expected that this will be the largest soaring event ever held in this country." "Given the right weather conditions, as is likely in this part of Texas in August, new records in soaring may be expected to be established." Among pilots will be Richard John on, defending national champion, who last year set a world's distance record of 543 miles. Last month at the world's soaring championships in Spain, he set a new speed record.

Marjorie Haines, only girl on the U.S. Olympic Equestrian team, worked in a dress shop to help pay for her training.

Texas farmers must make arrangements to depend wholly on domestic labor. The more Washington interferes with the matter of Mexican national labor in Texas the worse the situation gets. For a hundred years the people worked the thing out for themselves and then at the insistence of the CIO and AFL the do-gooders stepped in and messed things up. Like the road to hell, the further we go the worse it gets.

After you get that time-hammered look of Joe Hayden, Bob Whipple, Jim Kelly and the others, people are likely to ask how long you've been in the newspaper business, as if expecting you to say, "Ever since I was discharged at the end of the Spanish-American War." Adding up the times I've been in and out will probably bring larger numbers than the number of years actually in. I was reminded of this a few days ago when Presley Bryant, state editor of the Fort Worth Star-Telegram dropped in the Herald office for a visit. I hadn't seen him for almost 30 years when I worked for him a whole week in Fort Smith, Arkansas, where he was managing editor of the Southwest American.

At that time I was trading in mules in Arkansas, sold my last one, decided I would like to get back in the newspaper business of which I'd had a taste on a weekly, and so I hit him up for a job.

At the end of the first week I was spending a part of Saturday afternoon around a sales barn when a man sold me some more mules. Right then I was out of the newspaper business and into mule trading again. Presley told me Thursday he wished I'd taken him into the mule business with me then. I told him that I wished I had stayed in the newspaper business. However, it is refreshing to mingle with mules after mixing with newspapermen, it is one of those great exhilarating experiences that but few of us have ever known, and the transition is apt to be more successful if you can keep it secret from the mules that you have ever been a newspaperman.

Stevenson Would Use Influence To Curb Filibusters In Senate

By DON WHITEHEAD
SPRINGFIELD, Ill., Aug. 9 (AP)—

An authoritative source says that if Gov. Adlai Stevenson is elected President he can be expected to use his influence to curb filibusters in the Senate, and then try to find some means to insure enforcement of fair employment practices throughout the nation.

This source, who declined to be quoted by name, said that this is a fair statement of the governor's intentions as of today.

And this view has become clear to reporters who have followed Stevenson since he won the Democratic presidential nomination in Chicago.

Stevenson appears to be far closer to President Truman's position on this explosive issue than he is to the Southerners who are dead set against any form of compulsory fair employment enforcement.

Stevenson's thinking was described as running along these lines on other issues:

1. He believes that he could make a substantial reduction in the bud-

et within two years with some relief in the tax burden. He regards as foolish any statement that there could be an immediate debt reduction and he sees any cut depending on world conditions remaining as they are. The cut would be in reducing military spending, although he has no fixed goal of the amount.

2. He feels that if elected President he should throw his influence into the fight to change Senate Rule 22—behind which the Southerners have filibustered in the past to block civil rights legislation.

3. He is determined to run his own campaign with friends around him who share his views on major issues.

4. He is convinced Formosa should be held against the Communists but he is disturbed about debating Korean military strategy and policy in the coming campaign because of its effects on our world position.

5. He considers Eisenhower a formidable opponent and as politicians say he is "running scared"

with no underestimation of the opposition.

6. He thinks there may be some merit to bringing Republicans into the Cabinet—as President Roosevelt did during World War II—but he has made no decision on such a step.

7. He would make an effort to re-establish the bipartisan approach to foreign policy.

The authoritative source described Stevenson's views as follows:

Stevenson is ready to take a firmer stand for some form of fair employment enforcement than he has stated publicly, although he has not yet reached any conclusion on what the mechanics should be.

First, there must be a change in the Senate rules before any effective action can be taken toward civil rights legislation.

This is the rule which provides that a two-thirds vote of the Senate is necessary before debate can be shut off and a measure brought to the floor for a vote. It is under this rule that legislation—including

civil rights bills—has been "talked to death." Stevenson's feeling is at present the states should be given a reasonable time in which to work out the problem of fair employment practices without federal intervention.

But it also has become clear he is not willing to leave the matter to the states indefinitely even though he concedes that the states have made much progress.

His thinking is known to run along this line:

First, there should be a change in the Senate rules so that a minority cannot block the majority by filibuster. Then, once this is accomplished, Congress should perhaps fix a time limit in which the states would have a chance to work out the problem in their own ways.

But if at the end of this period (and he has no fixed idea on how long it should be) some states have failed—then the federal government should act perhaps through some form of enforcement agency.

PORT LAVACA, Aug. 9 (AP)—A new street in Port Comfort Village will bear the name of the late Beauford Jester, Texas governor from 1946 until he died in office in 1949.

Point Comfort village is a housing development belonging to the Aluminum Company of America. Ben H. Sloane, manager of the Point Comfort works, said the name was selected because of Jester's interest in seeing the aluminum industry moved to Texas.

MEN AND WOMEN TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drugstore and ask for 4 ounces of liquid Barconstrate. Pour into a glass bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple easy way to lose bulky fat and help regain slender, more graceful curves; if you're pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 32 Pounds
"I am writing to tell you how much good Barconstrate has done for me!" writes Mrs. H. J. Foutner, Box 433, Anaheim, Texas. "I weighed 165 pounds when I started and am now down to 133 and am still taking Barconstrate. I feel better than I have in six years and I cannot begin to tell you how proud I am to lose weight. And Mrs. J. W. Harp, Box 4, Colley, Cleburne, Texas, writes to say: "I think Barconstrate is wonderful. I lost 29 pounds taking it—from 145 to 116. I now have my normal weight and feel like a new person."

Stanton Paper Takes Award At Press Meet

ALPINE, Aug. 9 (U.S.)—Marvin Hunter Jr., Baird, was elevated to the presidency of the West Texas Press Association today at the annual meeting.

Bill Collins, Midland, was elected first vice president and Ed Harris Jr., was named second vice president. Mrs. June Jones, Hamlin, was elected secretary-treasurer, succeeding Mrs. Maud Green of Kermit, who has held the office four years.

New directors are Roy Fox, Colorado City, and Ben Oglesby, Bronte.

West Texas Chamber of Commerce awards for community service were presented at the annual breakfast this morning.

Marvin Hunter Jr., Baird, won first, the Fredericksburg Radio-Post second and the Hamlin Herald, third.

At the regular meeting, the general excellence awards in towns under 2,000 population went to the Wink Bulletin, first; Stanton Reporter, second; Baird Star, third and Matador Tribune fourth.

In towns of 2,000 to 4,000 population, the Fredericksburg Standard, first; Andrews County News, second; Hamilton Herald-News and Hamlin Herald tied for third.

In towns over 4,000, Hockley County Herald, first; Stamford American and Colorado City Record, tied for second; Alpine Avalanche, third.

At the luncheon today, the group heard Bill Hooten, editor of the El Paso Times, in the feature address.

Employe Of Local Firm Electrocuted

Word has been received here of the death in DeLeon of Oris Grigsby, 46, employe of the Taylor Electric Company of Big Spring.

Grigsby was electrocuted while working on a transformer at about 8 a.m. Friday. Some 4,000 primary volts passed through his body.

Funeral services will be held at 4 p.m. today in Groesbeck, Tex. Survivors, in addition to his wife, Stella, of Groesbeck, include a son, A-3C Harvey Glenn Grigsby, Randolph Field, Tex.

Sen. Johnson Will Attend Show Opening

CORSICANA, Aug. 9 (U.S.)—Sen. Lyndon Johnson has agreed to take part in the parade opening the Corsicana livestock and agricultural show Sept. 23, R. W. Knight, chamber of commerce manager, announced today.

Johnson will be guest of honor of local service clubs at a luncheon following the parade.

To Sing Here Friday

The widely known Stamps Quartet will be one of the musical groups to present a program of gospel singing here Friday night under American Legion auspices. The program will be at the city auditorium beginning at 8:30, and is the second in a series of musical programs the Legion is sponsoring here. In this quartet are Vernon Bright, tenor; Harley Lester, tenor and manager; James Barnett, baritone; Bennie Dugger, bass; and Elmer Childress, pianist. Another quartet, to be designated, will appear with the Stamps group on the program.

Few Exports Pierce Reds' Iron Curtain

By STANLEY JOHNSON

UNITED NATIONS, N. Y., Aug. 9 (U.S.)—The free world sent only two per cent of its exports behind the Iron Curtain in 1951, a United Nations survey showed today. The same survey showed trade among free countries booming as never before in history.

Close study of the U. N.'s monthly Bulletin of Statistics revealed that not only is non-Communist trade with Soviet Russia, her satellite countries not showing an increase in her commerce but it is constantly declining.

Red countries got \$1,550,000,000 worth of goods in 1951—the last year for which figures are available—but most of this was in the early months. Volume of trade was down 25 per cent by Jan. 1, 1952.

Approximately two-thirds of the goods went to Eastern Europe and the balance to Communist China.

The sharp cutback in trade with Communist areas mostly resulted from drastically lower shipments by the United States, Canada, Japan, and Latin America.

The sterling area, dominated by Britain, on the other hand sent \$109,200,000 more in goods to the Reds in 1951 than it did in 1950. Western Europe sent \$61,100,000 more and the Middle East \$37,100,000.

The U. S. cut came after the

Archbishop Wants To Be Sure Of Identification

LIVERPOOL, Eng., Aug. 9 (U.S.)—The archbishop of Canterbury sailed for New York today with a case of pamphlets aimed to convince Americans that he is himself and not the "Red Dean" of Canterbury.

He is going for a New England holiday and an Episcopal church convention speech in Boston, but is armed to detach himself in the public mind from the Communist-sympathizing dean, Dr. Hewlett Johnson.

The archbishop is the cleric head of the Church of England; the dean administers only the Canterbury Cathedral.

"If the Americans ask me if I am the dean, I shall hand them the pamphlets which I have in one of my cases," the archbishop, Dr. Geoffrey Fisher, declared on the Cunard liner Media.

The archbishop explained his pamphlets quote an American newspaper editorial which spells out which is which. He did not name the paper.

Johnson, the dean, recently returned from a trip to Communist China and accused the U. S. of carrying on germ warfare in Korea. He has been under fire in Parliament and the press here because of his frequent pro-Soviet statements.

The archbishop has often com-

broken the law. Neither the church nor the state believes in making a law especially to get rid of one person.

"There are some burdens you have to bear in life for the sake of a greater end. What we really uphold in this country is freedom of speech this side of the law. The dean can hold his own views."

"It is regrettable and quite unjustifiable that in his position he should identify himself with political propaganda. It is the price we have to pay for the freedom of speech."

ABC Members See Film At Luncheon

Red Williams, former highway patrolman, showed a sound movie film concerning the trucking of oilfield equipment when the ABC club met Friday at noon.

Dr. H. F. Schwarzenbach, club president, announced that the 8th district convention of the club will be held in April in Amarillo.

Two guests attended Williams and George Oldham.

Foreign Vs. Domestic Policy Battle Looming

WASHINGTON, Aug. 9 (AP)—The pattern of a foreign vs. domestic policy battle was etched out sharply today for the fall presidential campaign.

Arthur Summerfield, Republican national chairman, told a reporter the GOP will lean heavily in its effort to elect Gen. Dwight D. Eisenhower on the contention that Democratic foreign policies have been a failure.

Democratic leaders and Gov. Adlai E. Stevenson of Illinois, the party nominee, have made it clear they will stress what they call the domestic accomplishments of 29 years of Democratic rule.

New Mark For Light Planes Is Established

By LEONARD P. GIBLIN

MONTPELIER, Vt., Aug. 9 (AP)—Bob Farris, 31-year-old Wichita, Kan., pilot, flew 1,400 miles from Wichita to Montpelier today in just half a minute under 12 hours to set a new non-stop distance record for very light planes.

Farris landed his tiny Mooney "Mile"—a Wichita-built one-seater powered by a 65-horsepower engine—at 5:22 1/2 p.m. (EST). He had taken off from Wichita at 5:23 a.m. (EST).

The previous very light airplane distance record was held by Albert Rehill of France, who covered 1,335 miles in his Minicraft type plane last August.

Farris, a Navy pilot in World War II and now the operator of an aircraft parts supply house in Wichita, said he had bad weather as far east as Windsor, Ont., "but most of the flight was on top between 12,000 and 14,000 feet."

When he took off he had expected the flight to take 1 1/2 hours but tail winds in the Midwest increased his speed. Farris estimated his average speed for the hop at 116.5 miles an hour.

"I'm not too bushed," he said after stepping from the 14-foot-long plane with a 28-foot wingspread. "Just a little cramped. It's something like sitting on a dime in that seat."

The craft weighed at take-off 1,075 pounds, including pilot and gasoline.

Four of the saddle bronc riders qualified at the Friday performance. Bill Barton of Abilene and Jim Wallis of San Angelo tied for first, and Bernard Moon of Denver, Colo., and Tex Martin of Alpine tied for the next spot.

The fastest bulldogging time was rolled up by Eddie Curtis of Nowata, Okla., with 6.6. In second place there was a 9.7 second tie between Bud Smith of Dryden and Roy Martin of Sand Angelo.

The time for Bill McGuire of Fort Worth was 10.1. For the second straight try World's Champion Bulldogger Dub Phillips of San Angelo and Dallas completely missed his steers for a no time record.

Rich Indian's Widow Is Dead

LOS ANGELES, Aug. 9 (AP)—Mrs. Anna Laura Lowe Barnett, 72, white widow of a man once known as "the world's richest Indian," died today, penniless and a victim of cancer.

Mrs. Barnett was married for 14 years to Jackson Barnett, eccentric Creek Indian who made a fortune in Oklahoma oil. She was deprived of a share of his three-million-dollar estate after a Federal Court ruled the marriage was not valid, holding the husband had been mentally incompetent.

The frail old woman had been supported in recent years by Miss Maxine Lowe, a daughter by a former marriage.

Only a month ago Mrs. Barnett said she needed an operation, but had no money for it. Friends said she harbored a bitter resentment against the government, and vowed that when she regained her health she would reopen the estate case.

Mrs. Barnett married "Crazy Jack," as the old Indian was known, in 1920, a year after oil was discovered on his small farm near Henrieville, Okla. Later the government, as guardian of the illiterate Indian, charged she was an "adventuress" who "kidnaped" him.

The couple moved to Los Angeles to a stately white mansion. The place became a landmark and Barnett a legend. It amused him to direct traffic at busy intersections. He passed out \$10 bills for 5-cent cigars.

Identify More Crash Victims

WACO, Aug. 9 (AP)—Three more victims of the Monday collision of two buses near here were identified today, including the body termed that of the "mystery woman."

Left to be identified are three bodies from the seating collision which took 29 lives and injured 23 other persons.

The "mystery woman" was so called because no one identified her although she was one of the few victims whose features remained intact.

Her son today said she was Mrs. Enriquez Sanchez, 64, of Monte Morelos, Mexico, near Monterrey. She was on route to Fort Worth to visit her mother, Mrs. Marie Castano.

The others identified today were: Airman 3-C Thomas C. Murphy, 19, stationed at Lackland Air Force Base, San Antonio, son of Thomas J. Murphy of Dallas.

M. Sgt. John Patke, 29, stationed at Fort Hood, near Waco, son of Mrs. Marie Patke of Chicago. His mother is employed by the Chicago Sun-Times.

Identity of Mrs. Sanchez was determined by her son, Vital Rodriguez, a farmer with whom she lived.

Men In Service

Pfc. Stanley Hayhurst is spending a 15-day leave with his parents, Mr. and Mrs. L. M. Hayhurst, Forsan.

Private Hayhurst is to report August 17 to Camp Kilmer, New Jersey for assignment in Frankfurt, Germany.

Wednesday evening the Royal Oil and Gas Company will honor him with a barbecue, on the lease.

He graduated from Forsan High School in 1947. He received his basic training at Fort Ord, Calif., and went to Fort Monmouth Signal School a year and graduated in 1951.

He instructed Reserve Officers Training Corps students there before being transferred to Southeastern Signal School, Camp George, Georgia and was there prior to his leave.

After spending seven months in the Far East operating with units of the UN Naval Forces, the aircraft carrier USS Philippine Sea has returned to the United States.

Serving aboard her with Attack Squadron 115 is Lt. (jg) William T. Morgan, USN, son of Mr. and Mrs. James T. Morgan of Big Spring.

During her time in the Far East the Philippine Sea sent her Panther Jets, Skyraider attack bombers and Corsair Fighter bombers on daily strikes against Communist supply and communication lines.

Manville's 9th Gets A Divorce

NEW LAREDO, Mex., Aug. 9 (AP)—Tommy Manville's ninth wife left this border town a single woman today after winning a quick Mexican divorce from her asbestos heir husband.

The divorce was issued by a judge at Reynosa, Mex., a small border town down the Rio Grande River from Nuevo Laredo where Mrs. Manville first fled. Her attorney filed at Reynosa after action was delayed in Nuevo Laredo.

Mrs. Manville wasn't even expected it. As Judge Armando Gonzalez handed down the decree at Reynosa she was in Nuevo Laredo packing her belongings, resigned to returning to New York without the divorce.

Attorney Jesus Tercero telephoned the good news. Before the divorce was granted she was described as "hopping mad" at a Nuevo Laredo judge who held up action for reasons not immediately known.

Weak Cold Front Is Shattered By Heat

By The Associated Press

A weak cold front disintegrated against a wall of heat in Texas Saturday as 100 degree-plus temperatures overcame citizens and wreaked havoc on the cotton crop.

The front which moved into the state from the northwest Friday dissipated. About all it did was reduce stifling temperatures slightly in the Panhandle, the U. S. Weather Bureau said.

At Dallas a 103-degree afternoon high sent three men to hospitals. Two collapsed in the city jail after being picked up by police. The other was found on a street. All were given emergency treatment, but one remained in critical condition.

The day's high reported temperature was a sizzling 110 degrees at Presidio. Fort Worth and Cotulla had 105, Laredo and Mineral Wells 104, and Abilene, Waco and Alice 103. Other 102 readings were at Big Spring, Del Rio and College Station. Austin, Wichita Falls, San Angelo, Wink, Midland and Junction reported 101 and San Antonio and Childress 100.

Galveston's 89 was the lowest reading. Dallas County Agricultural Agent A. B. Jolley ascribed out helplessly against the heat wave that has gripped the state.

He said cotton which perked up after July rains had "deteriorated and gone way downhill" during the past week of steady, dry heat.

Jolley said the heat is causing cottonbolls to open prematurely and that this often reduces the crop yield.

"There's no grass at all and feeds are short," Jolley complained. He said this is the second dry year in a row and "it's getting to be tough."

Friday night high winds toppled six powerline poles between Tye and Merkel near Abilene. The poles fell across U. S. Highway 80 and delayed traffic two hours. There were no reports of injuries.

Robert E. Huff of Natchez, Miss., said his car overturned when he swerved sharply to avoid hitting more of the poles. He wasn't hurt.

An Abilene weather bureau spokesman doubted the winds were of tornado force. But he said they were undoubtedly strong.

During 24 hours ending at 6:30 p. m. Saturday the only measurable rain in the state was .16 of an inch at Lubbock and .10 at Texarkana, Dallas, Tyler, Lufkin and Fort Worth had sprinkles.

Sunday's forecast called for continued hot weather with widely scattered thundershowers.

One Candidate Gets Shut-Out

STRONG STATION, Miss., Aug. 9 (AP)—When the nation votes for a President Nov. 4, either Republican Gen. Dwight D. Eisenhower or Democrat Adlai Stevenson will win a 23-0 victory in one Mississippi Precinct.

That is not an election prediction; it's a cinch. Here's why. On the morning of the election qualified voters of Strong Station, a tiny farming community in Northeast Mississippi, will gather at Dukeminier's postoffice and general store, on the only main street they have.

Mrs. A. S. Dukeminier will pass each voter a slip of tablet paper and the 28 voters will indicate in writing whether they like Ike or Adlai for President.

Everybody will join in the counting and if Eisenhower has a majority of the "straw" vote, the whole community will mark real ballots for him. If Stevenson emerges the winner then every voter in the precinct will put the "X" in the Democratic column.

It's winner take all and that goes for every office seeker from constable to President.

No one seems to know quite how the "straw" vote system began but it is a tradition and the minority has been "swallowing the pill" for years. Never in the history of the unique system has a minority voter "fudged" on his promise and voted for his choice anyway.

Rites Set Today For Mrs. Henry

COLORADO CITY — Funeral services for Mrs. Dora Henry, 77, will be conducted at the Oak Street Baptist Church at 3 p. m. today.

Mrs. Henry, a resident of Colorado City for the past 15 years and a native of Henrieville, Tex., died at the home of Mrs. B. Terrell in South Colorado City at 9:30 a. m. Friday.

R. B. Murray, pastor, will give last rites. Burial will take place in the Colorado City Cemetery beside the grave of her late husband, James A. Henry, who died Oct. 24, 1950. He was a retired farmer.

Survivors include four sons and a daughter. They are Noah of Los Bacos, Calif.; W. B. Big Spring; J. L. Colorado City; L. R. Abilene; and Mrs. G. T. Croy, Comanche, Okla.; four sisters, Mrs. Vona Wilford, Portales, N. M.; Mrs. Lucy Smith, Portales, N. M.; Mrs. Lucy Hardisty, Amarillo; and Mrs. Angie Simpson, Idabel, Okla.; 11 grandchildren and 11 great-grandchildren.

Funeral services will be conducted by Emmett Banks, Lawrence Reddick, John Lupton, Jim Medford, Buford Cline and W. B. Young.

Kiker and Son Funeral Home is in charge of the body.

Police Seeking Missing Persons

City police were asked Saturday to help ascertain the whereabouts of Denver E. Heffington, 39, who has been missing since about 11 a. m. Thursday.

Mrs. Heffington told police her husband had disappeared from the couple's home at 1305 W. 2nd shortly before lunch Thursday. When last seen he was dressed in khaki shirt and pants.

Officers also were informed of the disappearance of Betty June Wood, 19. Relatives told police she left home Wednesday enroute to Webb Air Force Base and had not returned Saturday.

\$200 Fine Levied In City Court Here

A fine of \$200 was assessed against a Big Spring man late Saturday after he pleaded guilty during a special session of Corporation Court to a charge of reckless driving.

"Very bad evidence . . . down Greeg at above 60 in heavy traffic," Corporation Judge William E. Greenlee wrote in the city docket. The defendant said he probably will appeal. He was attempting to raise an appeal bond of \$400 late Saturday night.

THE WEEK

(Continued From Page 1)

His loss prompted more prayers for peace.

Death stalked the highways again. Howard County's 13th traffic victim this year was Gilbert F. Chunn. If the fatality rate continues, 1952 will be a dark year at home as well as abroad.

The additional classrooms provided in the school system last year mean that some "under-age" youngsters might be accommodated this year. This has been impossible for several years, and it is not definite now, but some registrations will be accepted. Incidentally, September 1 is the fatal day for the school children.

And Howard County Junior College got its new president, Dr. W. A. Hunt, right to work in brisk fashion, since he had to complete a budget in a few days' time. Public hearing on the school's fiscal program is set for August 21. The hour is 5 p. m. Since no taxpayer ever showed up at a night budget hearing, maybe the 5 o'clock hour will appeal to some of them. Any bet?

Big Spring learned with considerable disappointment that Dr. L. B. Andrew will be leaving here, to go to a new VA post in Birmingham, Ala. Alfahie Dr. Andrew is the man who got the big VA institution here "on the road" and set it to operating. And he has been a co-operative worker in community affairs. He and his family will be missed. To make matters worse, he's taking along his charming secretary, Carolyn Murphy.

It was good news in the community that a strike on the local rental housing project was settled amicably, with only a few hours lost. Such labor disputes are uncommon in this part of the world, and an agreement makes everybody feel better.

Webb Air Force Base is now reaching the old man river class—just keeps rolling along. Second class was graduated a week ago, and the operational program stays right on schedule.

Suffer Again Gives Up Swim

SAN PEDRO, Calif., Aug. 9 (AP)—Texan Roy Sutter today gave up his third attempt to swim the Catalina Channel about 4 1/2 miles from the mainland.

A pulled muscle in his left forearm forced him to quit after 13 hours in the water. The 38-year-old chicken raucher from Fort Worth swam with one arm for most of the last hour, his manager, Ray Christian, said.

Sutter came ashore on a stretcher here and received cheers from several hundred persons gathered near Cabrillo Beach, his destination. The World War II veteran failed in previous attempts last June 30 and July 1.

His course was 21 miles beeline from Catalina Island, but Christian estimated Sutter swam at least 19 miles in a wandering path before giving up.

Apparently, strong offshore currents near the mainland hampered him as they did Florence Chadwick in her unsuccessful try on July 4. She came within a mile of shore before quitting after nearly 16 hours in the water.

The record for the swim is 13 hours, 35 minutes set by Byron Summers of Los Angeles in 1927.

Man Due To Face Morals Charge

Charges of fondling a minor will be filed Monday against a 44-year-old Big Spring man, County Attorney Hartman Hooser said late Saturday.

The man was arrested in a local hotel Saturday afternoon by Police Chief E. W. York. He is being held in county jail.

Chief York said the man had lured two small girls, one nine and the other 11 years of age, to his hotel room. Manager of the hotel called police who found the door to the room locked.

However, the door was unlocked and the two girls released as the police chief stood in the hallway. Apparently, neither of the youngsters was harmed.

Jury Returns Libel Verdict

DALLAS, Aug. 9 (AP)—A jury decided today Dr. Morris Fishbein of Chicago had libeled Cancer Clinic Operator Harry M. Hoxsey but refused to award Hoxsey any damages.

Jurors found that Fishbein, former editor of the Journal of the American Medical Association, made false statements about Hoxsey and his methods which constituted libel. But the jury held Hoxsey suffered no actual damage by distribution of an article Fishbein wrote.

Hoxsey, who operates a cancer clinic in Dallas, had asked \$1,000,000 damages.

Basis of the lawsuit was an article written by Fishbein which appeared in the Sunday supplement of the San Antonio Light Feb. 13, 1948.

The verdict closely paralleled a decision three years ago in a lawsuit brought by Hoxsey against the Hearst Newspaper interests, based on similar circumstances. Federal Judge William H. Atwell, acting without a jury, found that Hoxsey had been libeled and awarded him \$2 damages.

In the midst of the three-week trial that ended today the Fifth Federal Circuit Court of Appeals in New Orleans reversed a separate judgment by Judge Atwell relating to Hoxsey and granted an injunction to the Pure Food and Drug Administration against interstate shipment of two Hoxsey medicines.

The appellate court held the drugs "are not efficacious in the treatment, mitigation and cure of cancer in man." Herbert K. Hyde, of Oklahoma City, Hoxsey's chief counsel, said the judgment would be appealed to the U. S. Supreme Court.

Face To Face

Two Texans Die In Plane Crashes

WASHINGTON, Aug. 9 (AP)—The Navy tonight identified the 27 men lost in two plane crashes in the Pacific.

Fourteen men were aboard a patrol bomber, a PBM mariner, which the Navy said crashed Aug. 8 "off Tokyo."

Thirteen men were aboard a plane lost in the Philippine Islands.

Those aboard the plane lost off Tokyo included: Jimmie Lawrence Lowell, airman, son of Mr. and Mrs. Clarence S. Lowell, Box 93, Henrieville, Tex.

Truman Doyle Mauney, aviation ordnance man, 3rd class, son of Mr. and Mrs. Sullivan Mauney, Route 1, Gorman, Tex.

The others identified today were: Airman 3-C Thomas C. Murphy, 19, stationed at Lackland Air Force Base, San Antonio, son of Thomas J. Murphy of Dallas.

M. Sgt. John Patke, 29, stationed at Fort Hood, near Waco, son of Mrs. Marie Patke of Chicago. His mother is employed by the Chicago Sun-Times.

Identity of Mrs. Sanchez was determined by her son, Vital Rodriguez, a farmer with whom she lived.

Information Sent On Sgt. Barnes' Death

Additional information surrounding the death of 9-Sgt. Kenneth W. Barnes, who died in action in Korea on July 31, is being sent to the parents, Mr. and Mrs. Wiley Barnes of Forsan, via letter, the Department of Defense has revealed.

Kenneth, one-time student at Howard County Junior College here, was killed while scouting near the front lines.

He was attached to Hq and Hq Co., 15th Infantry Regt., 3rd Infantry Div.

His parents were visiting Mrs. Barnes' father, W. J. McD Adams, in Collins, Tex., when the message arrived. W. J. McD Adams is a former resident of Big Spring.

Buick's New "Skylark" Sports Car

This sleek new sports convertible by Buick is built on a 1952 Roadmaster chassis with many innovations in styling, such as chrome plated wire racing wheels, down-swept doors in tune with fender lines, and ragier-styled sweepback moldings, key-note simplicity of design. Labeled the "Skylark", it was designed and made to

pre-test public acceptance for an American-built sports car. The interior, with lowered seats, is finished in brilliant Helsinki red leather in striking contrast to the Olympic white exterior. The "Skylark" is powered by Buick's famous 170 horsepower Fireball eight overhead valve engine.

Local 4-H Lad Wins Contest At Lubbock

Frank Tate Jr., Howard County 4-H clubber was top man in the rifle shooting contests among the 25 boys from 20 counties who attended the District Two 4-H Club camp at Lubbock this week. The camp and events were held at the Panhandle-South Plains Fair Grounds and at Mackenzie State Park. With Edgar Allen Phillips and Buryman Patton, young Tate was also a member of the Howard County team in the junior rifle division in which this team placed second in the district. The county's senior rifle team composed of Bennie Jo Blissard, Darrell Robinson and Jesse Overton also placed second in their division. Blissard was also fourth high individual in the senior group. Every one of the 16 boys attending from this county participated in baseball with the result that Howard County won the district series by taking all five of the games in which they played. The junior washer pitching team composed of Rodney Brooks and Mac Robinson placed fourth in that event, while J. S. Shortes and Ellis Iden, adult leaders who accompanied the boys, won first place in the horse shoe pitching contest held for the leaders. Darrell Robinson was elected district secretary for the coming year and in that capacity will serve as a member of the State 4-H Club Council. County Agent Durward Lawler also made the trip with the boys. Others attending the camp were Guy Hodnett, Donald Denton, Billy McIlvain, Delbert Davidson, Ronnie Davidson, Jerry Iden, Melvin Blake and Dickie Shortes.

FROM FLOODS TO DROUGHT

Weather Of Past Year Takes Heaviest Toll In U. S. History

By CHARLES F. BARRETT
WASHINGTON, Aug. 9 (AP)—From pounding floods to parching drought, the weather in the past year has wreaked more devastation on man's works in the United States than ever before. The Weather Bureau estimated today that a series of disasters—starting in July, 1951—has taken a toll of more than five billion dollars damage. No other similar period has approached that figure, although other years and other furious assaults by weather have taken more lives. Exact figures on deaths are difficult to pin down, but records of

major catastrophes indicate about 500 lives were lost in the U.S. in the past year's outbreaks. In July of 1951 massive tons of water roared down the Kansas River to the Missouri. Only Indian legends record greater floods. Damage to crops homes and industry was estimated at 2 1/2 billion dollars. Almost every month since then, the nation has been hit by tornadoes, more floods, record blizzards or record heat—and now drought. L. R. Tannehill, veteran chief of synoptic reports for the national Weather Bureau, told a reporter he can't remember—and the bu-

reau certainly hasn't recorded—a year like this. Never before, he said, have so many different disasters combined in a similar period of time to take such a property toll. As early as October, 1951, snow in Minnesota was the greatest since 1891. That was the first sign of winter's coming blows. The nation-wide average temperature in November was 39.8 degrees, lowest for the month since 1911 and second lowest on record. Texas had the earliest killing frosts ever recorded, Michigan, Illinois, Missouri and Oklahoma had their highest average snowfall on record for November. In December, bitter blizzards and ice storms took 170 lives in a few days. In January, a Southern Pacific Railroad streamliner with 200 persons aboard was trapped by deep snow near Donner Summit, Calif., for several days—the first such case in 60 years. Last March, tornadoes sent their black, swirling funnels tearing through Arkansas and neighboring states. The Red Cross estimates 231 dead, 1,829 injured, 1,041 homes destroyed and 3,000 damaged. Weather Bureau records indicate a loss of 15 million dollars. Last April flood waters breaking all records raced through South Dakota, Nebraska, Minnesota, Wisconsin, Iowa and some nearby areas. The toll: 1,581 homes and other buildings destroyed, 25,172 damaged, 500,000 acres flooded, total loss 130 million dollars. In late spring, the weather man started setting things up for his great contrast. Rainfall was generally deficient. In June and July, temperature records were smashed under a searing heat wave in scores of cities east of the Rockies. Unusually dry weather continued, until fields were powdered and parched and crop losses were estimated at close to one billion dollars in the Southeast and in New England. "It is usual for the weather to be unusual," Tannehill summed it up, "but it is unusual for the weather to be as unusual as this."

Everything's Quiet At Big Tussle Now

BUG TUSSELE, Tex., Aug. 9 (AP)—R. B. Thompson leaned back in his rocking chair, fanned himself with a fly swatter, and complained: "Nobody's swiped a highway sign here in almost a year. Thompson operates the general store that is almost the entire business district of this little North-east Texas town. "People mostly just drive by now," Thompson added, rocking slowly and looking from the back door of his store at the heat shimmering outside. "I guess I let Bug Tussle's big claim for fame get by me. I intended to do something about it, but I just never could get started. Things were livelier a couple years ago when a newspaper reporter dropped by and fixed up a story on Bug Tussle. The account of Bug Tussle's history was reprinted over the nation. "I reckon I got letters from a dozen states," recalled Thompson. "They all wanted a souvenir from Bug Tussle. One lady wrote that she had been trying for years to get a six-inch long hat pin. She was certain I could find some for her." She didn't explain why she expected to find six-inch hat pins in Bug Tussle. But Thompson did round up about a dozen. Never got around to mailing them, though. Lots of these out-staters wanted picture postcards of Bug Tussle. "I guess it would have cost me

six dollars or more to have had some cards made up," said Thompson. "I figured on it, but I never got around to it." He declared the biggest trouble he had was in getting up enough energy to answer all those letter writers. "They never wrote for anything that I had handy," he explained. Thompson repeated the story of how Bug Tussle got its name. Two old timers, both dissatisfied with the community's former name, were arguing about a new one. They forgot their argument when they noticed a couple tumble bugs fighting. "Look at those bugs tussle," remarked one. The town name was born. No one remembers the old name.

Angelo VFW Post Provides Program

Veterans of Foreign Wars from San Angelo will have charge of an entertainment program for VA Hospital patients at 8 p.m. today. The variety show will be staged in the hospital recreation room, according to J. A. Jolly, recreation supervisor for the hospital. Patients will be treated to a bingo party by members of the American Legion Auxiliary at 7 p.m. Tuesday. The Odessa Sheriff's posse will stage another variety show at 7 p.m. Thursday, said Jolly.

Burglar Wanted Nothing But Sack

HILLSBORO, Aug. 9 (AP)—This question had Hill County Sheriff Charlie Garrison shaking his head in wonderment today: Why should a burglar pry loose a protective bar on a rear window, put a sack full of maize on the floor and leave, taking only the empty sack? That's what happened during the night at the general store of Paul Haverman at Irene, near here, Garrison reported. Haverman said a check showed nothing but the sack missing.

Costly Homes Help Building Figures

AUSTIN, Aug. 9 (AP)—Contracts for costly homes helped give Texas an \$8,250,588 residential construction week. Non-residential lettings totaled \$7,243,907, and engineering awards \$818,415, reported the Texas Contractor, a trade magazine. Contracts for all types of construction totaled \$16,418,909. Lettings on 183 homes in the high-price bracket hit \$5,387,000, an average of \$27,911 per house. Awards on 387 low-price dwellings added \$2,513,000, an average of \$6,480 per house. Building contracts for the year totaled \$604,423,901.

Health Checks Are Urged Before New School Term Opens

Local health officials urge parents to be sure their youngsters are physically fit for the beginning of school early next month. Particular attention should be paid to the health of children entering school for the first time, says Jewel Barton, public health nurse for the Big Spring-Howard County Health Unit. Of primary importance is the need for vaccination against smallpox, a requirement for enrolling in public schools. Immunization against diphtheria and whooping cough also is highly recommended by the nurse and other health officials. Even youngsters who have been immunized previously against diphtheria should have an additional injection of toxoid to strengthen their resistance to the disease. Of course the future pupil should visit the family physician and dentist for a thorough examination, Miss Barton adds.

Thirty-One Apply For Jobs At TEC

Thirty-one new applications for jobs were filed during the week with the Big Spring office of the Texas Employment Commission, according to Leon M. Kinney, manager. Sixty-one non-agricultural workers were referred to jobs and of these 44 were placed, he said. During the week 309 visits were listed. There were also 19 claims for unemployment compensation.

Counterfeiters Take A Back Seat To Forgers

WASHINGTON, Aug. 9 (AP)—Secret Service Chief U. E. Baughman reported today that forging endorsements on government checks proved a far worse racket than counterfeiting in the 12 months ended June 30. Check forgers swindled unsuspecting cashiers out of \$2,383,750 while counterfeiters passed off \$374,002 in counterfeit bills and \$5,850 in bogus coins, he said in a yearly review of secret operations. One Brooklyn man the service ran down admitted cashing 60 government checks with faked endorsements, and added a moral tag-line for his case: "Two wives are just too many for one man to support."

man had two wives established in separate homes, was dividing his time between them, and telling them both he was a traveling salesman whose work kept him away from home part of the time. "Actually," the Secret Service chief reported, "his only 'business' was stealing and forging government checks, using the proceeds to maintain his two homes." Baughman said that, following a growing pattern, Secret Service traced a number of check forgery cases to drug addicts, whose motive was to raise money to buy drugs. Baughman cited some unusual cases encountered during the year. In one, he said, agents tracing down a check forger found him in a District of Columbia jail. Then they ran into trouble finding his victim, discovered finally he was in the same jail—and same cell—with the forger. "Upon learning who had stolen his check," said Baughman, "the victim insisted upon withdrawing all charges. He and the forger had become fast friends."

Immunization against diphtheria and whooping cough also is highly recommended by the nurse and other health officials. Even youngsters who have been immunized previously against diphtheria should have an additional injection of toxoid to strengthen their resistance to the disease. Of course the future pupil should visit the family physician and dentist for a thorough examination, Miss Barton adds.

Thirty-One Apply For Jobs At TEC

Thirty-one new applications for jobs were filed during the week with the Big Spring office of the Texas Employment Commission, according to Leon M. Kinney, manager. Sixty-one non-agricultural workers were referred to jobs and of these 44 were placed, he said. During the week 309 visits were listed. There were also 19 claims for unemployment compensation.

GREAT SOUTHERN Life INSURANCE COMPANY

Test Planned For Hudspeith

The scene of considerable leasing activity during recent weeks will furnish site for a 5,300-foot wildcat for Far West Texas.

General Crude Producing Company of Houston and Abilene is to start soon on its Merrill and Voyles test of the Ellenburger in Central-North Hudspeith County.

The well will be 65 miles east of El Paso, six miles southwest of Dell City and six miles northwest of the El Paso-Carlsbad Highway. It is in the center of the northeast quarter of Section 3, Block 69, Township 2, T&P Survey.

Contract to drill to 5,300 feet has been let to Carl B. King of Midland. The King concern now is drilling a water well and will move in a rotary rig in a few days.

The venture is on a spread of 9,000 acres of leases recently acquired by General Crude on the 101,000-acre Merrill and Voyles Ranch. Owners of the ranch are R. L. (Bud) Merrill of Midland and Claude Voyles of Austin.

WEEK'S REVIEW

Sterling, Runnels Lead Exploration

By JOHN B. BREWER

SAN ANGELO, Aug. 9—Runnels County, with the completion of two discoveries, and Sterling County, with finaling of a strike and an oil flow by a wildcat, led West Texas in successful exploration this week.

Oil flowed on a third drillstem test in the Wolfcamp by an Ector County wildcat and an Andrews County wildcat showed Wolfcamp oil.

Extensions included that of the Elkhorn (Ellenburger) field in Crockett County one mile south. A half-mile west outcrop and a well on the southeast edge of the same field flowed oil.

Viewed as further effects of the steel strike, locations for wildcats dropped to 10 in 10 counties from 15 in 11 counties the week before. Applications for permits to drill numbered only 44 in Districts 7-C (San Angelo) and 8 (Midland) during the thirty-first week in the year, matching the previous low during one week in September, 1949. A Reed Roller Bit Co. survey showed 524 rigs running in the Permian Basin July 25 compared with 639 two weeks earlier.

The Gray sand became the sixth pay in the Winters multipay field in Runnels County with completion of George Callahan of Abilene No. 1 L. Tinkle. The well flowed naturally 17 barrels of 46 gravity, pipeline oil in 24 hours through a quarter-inch choke and casing perforations at 4,388-98 feet. It is 330 feet from the north, 1,745 feet from the east line of H&C Ry. Co. survey 333.

Five miles southeast of Winters, E. K. Burt and E. M. Burt of White Falls and Edgar Davis Drilling Co. of Abilene completed No. 1 Robert Spill as a Caddo lime strike. Flowing production was 322 barrels of 46 gravity oil in 24 hours through a half-inch choke and casing perforations at 4,388-98 feet after treatment with 1,000 gallons of acid.

Location is 330 feet out of the northwest corner of the lease in J. C. McKee survey 534. It is 3,000 feet south-southwest of the Jim Burt (Clisco) field, three-quarter mile west and slightly south of a Caddo gas strike and three-quarter mile northeast of the Messenger (Pale Pinto and Gardner) field.

A Mississippian discovery in extreme Northeastern Sterling County, Tex. Harvey Employees, Inc., of Midland No. 1 Texas Eilwood Chappell was finaling for a daily flow of 98.51 barrels of 46.5 gravity oil and gas-oil ratio of 1,600-1. Production was through a three-eighths-inch choke and casing perforations at 7,672-84 feet after acidizing with 2,000 gallons.

The well is in the C SE SE, 43-18-SPRR, on a 2,600-acre checkerboard lease turned to Tex. Harvey Employees by A. L. Wimmer

Completions Show Increase

AUSTIN, Aug. 9—Oil well completions climbed to 228 this week after dropping to 149 the previous week, the Railroad Commission reported today.

The year's total of 7,058 compared with 6,433 a year ago.

Gas well drilling continued on the upgrade with 23 completions, and the year's total rose to 526 compared with 494 at this date last year.

Wildcaters found 15 oil wells, one gas well and 49 dry holes.

Operators plugged 122 dry wells, four gasers and 78 oil wells.

The total average calendar day crude allowable as of today was 2,964,850 barrels, an increase of 2,089 barrels from a week ago.

Humble Plans Test Of Crockett Leases

Humble Oil & Refining Company No. 1 W. P. Martin is to be a 3,000-foot wildcat in Northeast Crockett County to try for production in the Ellenburger.

It is to be 18 miles north of Ozona. The location is 1,900 feet from south and east lines of section 28, block 60, GP&S survey.

This prospect is on a large block of leases which Humble holds in that region.

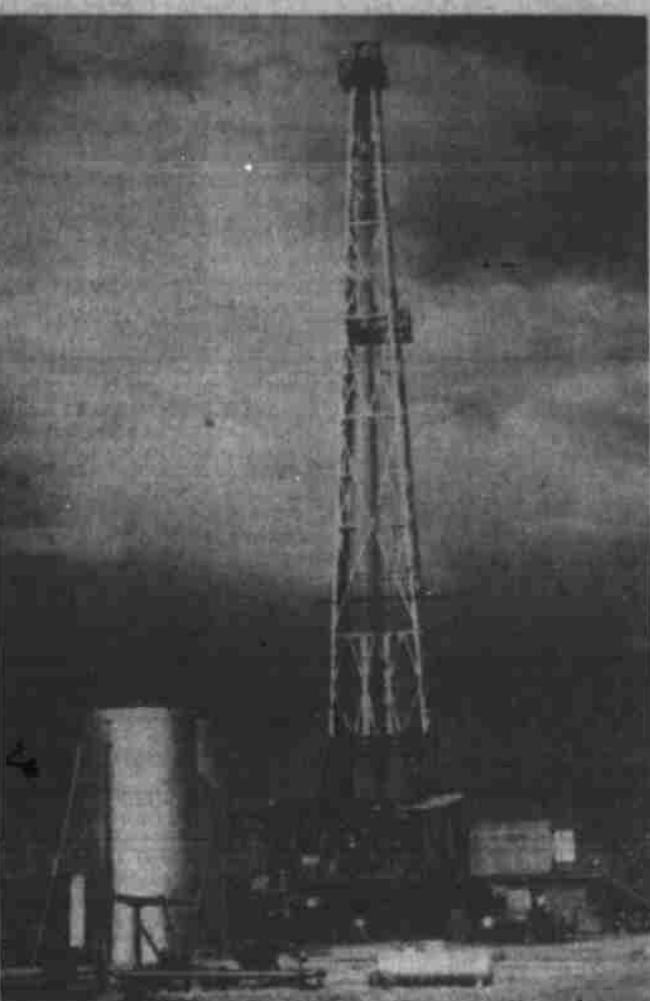

Drilling is to be started in the near future.

Union Stakes Wildcat In Tom Green County

Union Oil Company of California will drill No. 1 John Y. Rust, Sr., Rust, Sr., as a 5,900-foot wildcat in North-Central Tom Green County, five miles northwest of the Harriet (Strawn) field.

Drill site has been set 12,948 feet from north and 5,100 feet from east lines of block 965. San Saba County School Land survey.

Site is on a 3,978-acre block.

Mississippian Producer

The Austral Oil Exploration Company No. 1 Eilwood Estate has been flowing at the rate of 5 to 7 barrels of oil per hour since kicking off at midnight Wednesday. The Sterling County well had 5 1/2-inch casing perforated from 2,070 to 2,094 feet. Total depth is 2,164. Location is 960 from the south and west lines of Section 78-18, SPRR.

Oil Industry's 'Little Guns' Slate Meeting In Houston

LOS ANGELES, Aug. 9—About 800 of the little guns behind the big guns of the nation's oil industry will pack their overnight bags and leave for a meeting at the Shamrock Hotel in Houston next month.

They are the females in the petroleum business and some aren't such little guns. Many are secretaries, some geologists, scouts, oil operators. All have at least one thing in common—they are among the 5,000 members of the Association of Desk and Derrick Clubs of North America.

The all-women organization will hold its Houston convention Sept. 12 and 13 to hear industry bosses make speeches. Then the girls will get together to plan how they can interest other oil women in Desk and Derrick and further their own knowledge of the oil business.

Chief speaker will be Walter S. Hallinan, chairman of the National Petroleum Council and president of Plymouth Oil Co. He will be introduced by the club's president, Mrs. Lee Wilson Hoover, New Orleans.

According to Mrs. Hoover, the Desk and Derrick organization had its beginning in her home town in 1949. The oil women's association has grown to a group of 38 clubs in the U. S. and two in Canada.

Here in Los Angeles, the Desk and Derrick started in 1950 with 21 women and now has a membership of 100. Its members represent about 100 companies in petroleum and allied industries. Meeting once a month, the girls usually hear an address from some oil executive. Besides their meetings, Desk and Derricks often make field trips to oil leases, research labs, tank farms and refineries. It helps them understand petroleum operations and how their particular job fits into the industry.

One of the Los Angeles club's members, Dorothy Harkness, was with Union Oil Co. as a geologist 19 years.

Kay Olson, another D and D member, has taken over ownership and management of the Glenscoting Service since the death of her husband five years ago.

Women are a power to be reckoned with in the oil business. They have invaded almost every phase but the actual drilling. And oil men won't be too surprised if someday they find gas pulling levers at the draw works and mind-boggling the rotary table on some rig.

Start Due Soon On Reagan Try

A 10,000-foot wildcat to test the Ellenburger in Central South Reagan County has been staked.

General Atlas Carbon Company, a subsidiary of Cabot Carbon Company, and Shamrock Oil & Gas Company of Amarillo will drill their No. 1-A University 1 1/4 miles southwest of Big Lake.

It is 6 1/2 miles west of the nearest Ellenburger production in the Barnhart field. It is to be in the northeast corner of Section 19, Block 11, University Survey, on acreage secured by General Atlas and Shamrock in a farmout deal with Superior Oil Company and Atlantic Refining Company which jointly owned oil and gas lease on a large block of University land in the area.

The wildcat is being supported by Stanolind and Humble, who made dry hole contributions. Drilling is to be started in the near future.

Pair Of Midland Wells Completed

Completed in the Germania (Sprabery) of Midland County was the Magnolia No. 1 Kelly Stephens, 1,900 feet from the north and 860 from the south lines of 43-36-1s, T&P.

The well flowed 24 hours through 32-3/4ths choke and made 161.26 barrels of oil with three per cent water. Gas-oil ratio was 694-1, gravity 37.8. Top of pay was at 7,786 feet, total depth 8,051 feet and 5 1/2-inch was set at 7,125.

Elevation of the well is 2,670 feet.

In the Tex. Harvey Sprabery, Forrest Oil Corp. No. 2-J TL, 660 from the east and 663.9 from the south lines of 47-37, T&P, flowed 24 hours for 177 barrels of oil through a half-inch choke. Flow was 34.8 per cent water and gas-oil ratio was 1,436, gravity 37.3, top of pay at 7,965 and total depth 7,562.

Five and a half-inch casing was set at 7,810.60. Elevation is 2,690 feet.

Wildcat Abandoned In N'East Runnels

E. B. Fletcher of Dallas No. 1 A. McWilliams, wildcat in Northeast Runnels County, has been plugged and abandoned at 4,396 feet in line.

Location was in block 267, Thomas J. Gardeman survey, and two and three-quarter miles northwest of the Sykes (Morris sand) field.

Duncan Sets Currie No. 1

Duncan Drilling Company of Big Spring Saturday reported location of another Glasscock well, to be drilled to 2,000 feet.

It is the Duncan No. 1 W. J. and S. C. Currie, 2,310 feet from the north and 1,630 feet from the east lines of Section 187, Block 29, W&NER Survey.

In Dawson County, the El Tee No. 1 Lindsey, C NE SE, 108-M, EL&RR Survey, is approximately 120 feet above the expected pay of the Pennsylvania Reef zone in the Mungerville Penn Field.

Operator was drilling at 8,400 feet in line and shale.

The Malco No. 1 Mitchell of Dawson County, 596 from the west and 660 from the south lines of the northeast quarter of 11-35-5n, T&P, drilled out plug on casing set several days ago. It cored from 7,829 to 7,864 feet and recovered 25 feet of shale, sand and lime. Material was tight and there were no shows of oil or gas.

Operator then cored from 7,864 to 7,911 and Saturday was pulling core.

The Shield No. 1 Galbraith, 10 miles northwest of Lamson on Section 77-M, EL&RR, was drilled at 7,925 feet in the Sprabery lime and shale, with no shows.

Over in Borden, the Ada O11 Company No. 1 Clayton & Johnson, 660 from the south and east lines of 39-32-4n, T&P, drilled in shale at 4,280 feet in shale.

Stephens No. 1 Bacon, 660 from the south and east lines of 49-25, H&C, drilled in lime at 3,951 feet while the Brill No. 1 Good, 660 from the west and south lines of 14-32-3n, T&P, drilled in shale at 7,572 feet.

Dual Production Seen In Ector

More shows for possible production in the Wolfcamp-Permian lime have been found in Northeast Ector County at V. A. Brill and Associates No. 1 David and Inez Fasken.

This project has already flowed oil from that formation. The latest show came in a drillstem test at 9,825-95 feet.

The tool was open one hour and 15 minutes. Gas surfaced in 23 minutes. No fluid came to the surface while the tool was open.

Recovery was 633 feet of slightly gas cut mud, 630 feet of oil and gas cut mud and 360 feet of oil cut mud, which was estimated to have been 75 per cent oil.

There were no signs of formation water. Open flowing bottom hole pressure was 200 pounds. Shut-in bottom hole pressure, after 30 minutes was 3,775 pounds.

The prospector is now making hole below 9,940 feet in lower Permian lime.

It has air dry shows as a discovery from the Atoka Zone of the Pennsylvanian as well as from the Wolfcamp horizon.

Andrews Wildcat Shows Sulfurous

Ralph Lowe of Midland No. 1-K Faken, wildcat in Southwest Andrews County, developed sulphur water on a drillstem test in the Wolfcamp from 9,422 to 9,500 feet.

Tool was open two hours and 30 minutes. Recovery was 450 feet of drilling mud and 7,800 feet of sulphur water.

More hole was being made below 9,537 feet.

This project encountered a possible pay section on a drillstem test in the Wolfcamp from 9,365 to 9,396 feet. Recovery was 1,130 feet of free oil and 500 feet of heavy oil and gas-cut drilling mud. There was no formation water.

Location is 2,160 feet from south and 600 feet from west lines of section 43, block 41, T-1-N, G&M&B&A survey.

Upper Permian Due Pecos Test

A shallow wildcat is projected for Northern Pecos County for a test in the Upper Permian lime.

It is the George Orenberg of Odessa No. 1 Iowa Realty Trust, 1,720 from the east and 1,580 from the south lines of Section 23, Block 10, H&GN Survey.

The wildcat is to be drilled to a possible bottom of 1,650 feet six miles south of the town of Imperial. Drilling is to start at once. Combination tools are to be used.

Garza Wildcat Is Abandoned

Urice Drilling Company of Fort Worth was to plug and abandon its No. 1 Leland F. Long, wildcat in Central-North Garza County after sulphur water was found in the Ellenburger.

The last drillstem test was taken on 9,451 to 9,525 feet. Tool was open one and one-half hours. Recovery was 938 feet of salty, sulphur water.

Location is 660 feet from north and east lines of the southeast quarter of section 1111, TW&NG survey.

Sohio Finals Well In Driver Sprabery

Sohio Petroleum Company completed its No. 2-A Bigby in the Driver Sprabery of Glasscock County.

The well pumped 138.55 barrels of oil in 22 hours with no water. Gas-oil ratio was 417-1, gravity 39, top of pay at 6,890, total depth 7,690 and 5 1/2-inch casing was set on the bottom.

Perforations were from 6,710 to 6,765 feet, and from 7,565 to 7,635. Elevation is 2,704 feet.

Sand Hills Field To Have Outpost

C. R. McVay and C. J. Stafford of Tulsa will dig a five-eighths-mile southeast outpost to the Sand Hills (Tubb) field in Central Garza County.

It is No. 1 Barnsley Estate, 467 feet from north and west lines of section 28, block B-32, pal survey. It will drill to 3,500 feet. It is on a farmout from The Texas Company.

Prairie View Baptist Church Begins Revival

Annual summer revival services will be conducted at Prairie View Baptist Church, located in the Fairview Community six miles north of Big Spring, beginning today and continuing through next Sunday, Leslie Kelley, pastor, announced Saturday.

Services will be conducted twice daily at 11 a. m. and 8 p. m., with special services for the boys and girls of the community scheduled each evening at 7:30.

Rev. Ira Harrison, manager of the Baptist Book Store in Lubbock, will preach. He is a graduate of Hardin-Simmons University and Southwestern Baptist Seminary, and has served as pastor in Paducah, Lubbock, Snyder and Georgetown. Among subjects he will discuss are "Crossing Over This Jordan," "The Woman at Jacob's Well" and "A Good Soldier For Christ."

Rev. Darwin Farmer, educational director of First Baptist Church in Terrell, will lead song services and direct activities for young people. He graduated from Oklahoma Baptist University and Southwestern Baptist Seminary and for several years was associated with the First Baptist Church in Colorado City.

Jackie Fryar, regular pianist for the church, is pianist for the revival.

Discussion Set On X-Ray Plans

Howard County Tuberculosis Association workers will meet Monday for a final discussion of plans for the annual mass chest X-ray survey to be conducted here Aug. 19-20.

The meeting is set for 2 p. m. at the Big Spring-Howard County Health Unit, 200 E. 2nd, Oscar Glickman, general chairman for survey arrangements, announced. Officials of the tuberculosis association hope to personally urge every resident of the county over 15 years of age to participate in the chest examination program.

Tuberculosis films have been secured by the health unit and are available for showing to any organization or group in the county, according to Jewel Barton, public health nurse. The motion pictures will remain here through Aug. 20.

A health unit representative will assist with projection of the movies, said Miss Barton. Members of the Howard County Girls' 4-H Club are to be in charge of distributing posters encouraging participation in the X-ray survey. They are to meet Tuesday at the Howard County Home Demonstration office to discuss plans for that work.

How To Avoid Crippling Deformities
An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2317, Excelsior Springs, Missouri. (Adv)

JUST SEEMS SO

Jet Noise Is Not Really That Loud

SAN ANTONIO, Tex., Aug. 9 (AP)—An Air Force noise expert says jet engines are not much louder than conventional piston engines—they just sound that way.

The difference, Maj. Elizabeth Guild of the School of Aviation Medicine said today, is that the jets cover all the sound frequencies with equal intensity—giving what experts call a "white" noise—while the sound of the piston engines is concentrated in the lower frequencies.

"Ears accustomed to the older type of power plant notice the jets more," Dr. Guild declared.

Maj. Guild and Lt. David D. Washburn were sent from Randolph Field, near here, to MacDill Air Force Base, Tampa, Fla., to check on complaints about the noise of jets. A summary of their findings was made public today by the Air Force School of Aviation Medicine here.

MacDill, a part of the Strategic Air Command, is a home base for three types of jet aircraft—six-engine B-47 bombers, and single-engine F-84 fighters and T-33 trainers—along with powerful four-piston-engine C-97 cargo planes and B-29 and B-50 bombers.

Maintenance men on MacDill's flight line complained that they were going deaf. Office workers said the engine whine drowned out telephone conversation. Housewives said they couldn't hear themselves think.

Maj. Guild and her assistant found that the jets are noisy, all right. The B-47 engine in flight puts out as much as 108 decibels of sound, which is roughly the equivalent of riveters at work on a building next door. (The decibel is a unit of sound volume). And on the maintenance line, when the engines are run at full throttle, the noise soars to 138 decibels, near the threshold of actual pain.

But they also reported that: 1. Auxiliary power units, used in starting the engines, produced as much as 118 decibels for 20 minutes at a time, while ground crews leaned on them indifferently—and plugged their ears briefly against jets taxiing nearby.

2. Fire trucks, idling on the runways at a normal 92 decibels, shot up to 120 decibels whenever the pumps were tested—yet the flames complained of the jets, flashing by for a second or two at a mere 106 decibels.

3. In the radio control shack, generators produced up to 108 decibels for 30 or 40 minutes in each hour—while jets landing or taking off nearby registered only 110 decibels at most, over very short intervals.

4. On the base as a whole, the hubbub of passing traffic, lawn

mowers and miscellaneous sounds mounted to as high as 90 decibels, while the jet planes overhead seldom produced more than 88.

Adding up all the evidence, Maj. Guild concluded that jets are no serious threat to the hearing of anyone except the maintenance men who keep them flying.

"And the line worker is in no danger of going deaf if he keeps a well fitted set of ear plugs—and wears them constantly when he is exposed to intense sound of any kind, not just that of jets," she said.

Miss Guild, a native of the University of Michigan—she was born on the campus—is the daughter of a noise expert, Dr. Stacy R. Guild, head of the Otological Research Laboratory at Johns Hopkins University, Baltimore, Md.

She is soon to transfer to the Aero Medical Laboratory at Wright Patterson Air Force Base, Dayton, O.,—there to listen to more terrifying noises.

Governor Urges A Good Safety Mark

DALLAS, Aug. 9 (AP)—Gov. Allan Shivers today demanded that Texas be removed from one first place "we can't brag about"—highway traffic death lists.

The governor spoke at the Texas American Legion convention as the legionnaires wound up their annual session.

Shivers repeated his earlier announcement that he planned to appoint a state-wide citizens traffic committee to work with the next legislature.

The organization will concentrate on safety engineering, enforcement and education.

A child welfare banquet and two dances tonight concluded the convention.

Stomach Disorder Heads Disease List

Gastroenteritis was the most prevalent communicable infection diagnosed by local physicians during the past week, communicable diseases roundup of the Big Spring-Howard County Health Unit showed Saturday.

There were 15 cases of the infection.

Other diseases listed and the number of cases of each were gonorrhea, nine; tonsillitis, eight; acute tonsillitis, six; virus infection, five; intestinal influenza, six; diarrhea, four; whooping cough and pneumonia, two cases each; and bronchitis and chickenpox, one case each.

Boston Red Sox Wham Yanks In Extra-Inning Game, 3-1

Benton Gains Second Win

NEW YORK, Aug. 9 (AP)—An exceptional relief performance by 42-year-old Al Benton and 10th-inning homers by Dick Gernert and Dom DiMaggio off Johnny Sain carried the Boston Red Sox to a 3-1 victory over the New York Yankees before a crowd of 34,277 today.

Rookies Shine In Bucco Win

PITTSBURGH, Aug. 9 (AP)—Rookies Jim Waugh and Brandy Davis, fresh up from the minors, teamed up today to help the Pittsburgh Pirates to a 4-3 win over the Chicago Cubs.

Davis, recalled from Waco in the Big State League, tripled to open the ninth and scored the winning tally on Clem Kosher's single. Waugh, who posted a mediocre 3-9 slate for Charleston in the Class A Sally League, scattered seven hits in going the distance for his first major league win.

The 18-year-old righthander from Lancaster, O., baffled the Cubs until the seventh when they scored their first run. Ralph Kiner's 21st home run of the campaign, his first in 14 contests, helped the Pirates out in the fourth.

Trophy Leaders To Be Named

Captains of the Big Spring and visiting Hall and Bennett trophy teams will be selected today, Shirley Robbins has announced.

The two captains are selected by a Country Club committee. The Big Spring team annually engages an aggregate team of visiting city golfers prior to the Big Spring invitational tourney. Qualifying is currently underway for the places on the Big Spring team. Eight players and one alternate will represent the local team.

Locals Get Bye In State Meet

LUBBOCK — Twenty-two softball teams are lined up and ready to start competition Monday in the double elimination state softball tournament.

Cook's Appliance, Big Spring, is one of the teams drawing a bye in the first round of action and they do not play until Wednesday. Their game is slated for 9 p.m. They are the lone Big Spring entrant.

Longhorn League Attendance Up

Longhorn League attendance stood at 231,857 at the season's three-quarter mark, President Hal Sayles has announced. That represents an increase of 8,700 over the figure at the same time last year.

Big Three Of Tribe Staff Credit for much of the success experienced by the Midland baseball club this year should go to the three hurlers pictured above. They are, left to right, Keith Nicolls, 20-game winner, Eddie Jacome and Israel Ten. Jacome copped 29 games for the Warriors in 1951.

BRONCS TRIUMPH, 7-3

Gil Guerra Picks Up 20th Victory In San Angelo

SAN ANGELO — Gil Guerra scattered ten hits and picked up his 20th victory of the season as the Big Spring Broncs defeated San Angelo, 7-3, here Friday night.

The triumph snapped a three-game losing skid for the Steeds and enabled them to maintain their 4th game bulge over Midland in the scrap for second place in Longhorn League standings.

The Cayuses could manage only five blows off Parks Thomas, the Angelo leftie, but used 12 walks and four Angelo misplays to good advantage. They never trailed in the game.

Ronald Dacko hit a banyan-home run for the Colts in the fifth inning. The game was also significant in that Pat Stasey, the Big Spring manager, batted in his 100th and 101st runs of the season. It marked the sixth straight year Stasey has batted in 100 or more runs, a Longhorn League record.

Johnny Toyano, spirited San Angelo third sacker, was ejected from the game in the ninth after protesting rather vigorously several decisions made by Umpire Bill Valentine. The crowning blow came when he heaved a ball over the grandstand.

The Steeds led only by a count of 2-1 going into the seventh inning. They counted twice in the seventh, however, and Stasey drove in two of three Big Spring runs in the ninth with a triple, his second blow of the game.

The defeat left San Angelo 11 1/2 games off the pace in the bid for a first division berth. The Colts have only 31 games remaining on their schedule.

Forsan Beaten By Cook, 8-2

Winifred Cunningham pitched for Cook's Appliance and didn't give the Forsan nine a run until the sixth inning Thursday night as the Cook's team won a practice game with Forsan here 8-2.

The Cook's nine jump on the Forsan hurler, Camp, for two tallies in the first inning, added one more in the third, then countered two in the fourth and three in the fifth.

LOOKING 'EM OVER With Tommy Hart

The future book: The Cleveland Indians should win the American League pennant this year, for a good reason . . . The Tribe plays only 22 games in September, 14 of them against the Browns, Tigers and A's . . . The move to the Evangline League apparently was just what Big Spring's Floyd Martin needed . . . Martin is with Baton Rouge and in a recent game he hit two home runs and a single to help the Red Sticks to an 8-6 win over Crowley . . . He's a pull hitter, ordinarily, but he drove his first round tripper over the right center field barrier . . . The second blow came with two men on and Baton Rouge trailing, 5-4, and disappeared over the center field upright, clearing the wall by at least 40 feet . . . Floyd is part of a double play combination that is nearing the Evangline League record for double plays . . . Little Pep won't be home for a while, he writes friend Donald Wren here, because the Sticks are a cinch for the playoffs . . . Will Ramsdell, the ex-Big Spring, made an auspicious debut in Pacific Coast League ball after being sent to Los Angeles by Chicago . . . He hurled the Angels to a 4-3 win over Oakland, setting the Acorns down with four hits . . . Jorge Lopez, who used to wear local flannels, is going to hit more home runs than he ever did before in the Gulf Coast League . . . Every professional baseball League in Texas has the Longhorn now broken the color line and given tryouts to Negroes . . . Midland will undoubtedly get a new hall park in 1952, since the old one is up for sale . . . The new one will be built by the City . . . Once started, the Midland dais will strive to be the best there is.

Tom Caskey Headed For West Texas

Billy (Chop) Van Pelt of Big Spring is being mentioned in several of the football periodicals as the top lineman at Austin College at mid-term but Coach Harold Davis said it would be to his advantage to wait until the fall of 1952. . . When they clean house on the Amarillo baseball team, they do a jam-up job. . . Of the fellows who opened the 1952 season as regulars with the Gold Sox, only Merv Connors is still a member of the club. . . Milton Ralat, Roswell's new hurler, was born in Barcelona, Spain. . . The New York Giants and the Cleveland Indians will play a baseball exhibition in Lubbock April 3 next year. . . The two teams drew 6,200 paying customers to a game there in 1950. . .

Chickasha Team A Poor Gate Lure

That could be Lubbock, Wichita Falls, Baytown and Ray of Corpus Christi. . . Each is supposed to be loaded. . . A. C. Gonzales may be dickering with Snyder interests to move the Sweetwater team there in 1953. . . Glenn Lowallen, who wrecked HCJC at basketball, while playing for San Angelo College last fall, will perform for Sul Ross next season, as will several of the other ex-Rams.

United States Netters Win Over Canucks In Cup Test

MONTREAL, Aug. 9 (AP)—The United States today won the final round of the North American Zone Davis Cup today defeating Canada in doubles to win the tie in three straight victories. . . The team of Vic Seixas, Philadelphia and Herb Flam, Beverly Hills, Calif., downed Brendan Macken and Lorne Main 6-3, 3-6, 6-3, 6-1. Yesterday Flam defeated Henri Rochin 6-2, 8-6, 6-2 and Seixas defeated Main 6-2, 6-3, 6-4. . . Two singles matches will be played tomorrow, but their outcome cannot effect the outcome of the best-of-five series. Bob Perry will play Macken and Rochin will take on Seixas.

Temple Tourney Starts Aug. 29

TEMPLE, Aug. 9 (AP)—Temple Country Club's third annual invitational golf tournament has been scheduled Aug. 29 to Sept. 1, with Aug. 29 the last day for qualifying, the tournament committee announced today.

Arcaro Pilots Mark-Ye-Well To Rich Win

CHICAGO, Aug. 9 (AP)—Calumet Farm's surprising Mark-Ye-Well today won the \$148,400 American Derby at Washington Park almost as easily as he captured the equally rich Arling classic at Arlington Park three weeks ago.

The Calumet three-year-old piloted as usual by Jockey Eddie Arcaro defeated Sub Fleet, second in the 1952 Kentucky Derby, by two lengths with Marcorador third 11 lengths back of Sub Fleet and Blue Dare fourth.

A crowd of 26,892 watched the 42nd running of the race which had eight starters. Mark-Ye-Well's first prize today of \$103,325 put the fabulous Calumet Farm's earnings for the year over the million mark, the exact total being \$1,001,252.

Mark-Ye-Well, carrying top weight of 120 pounds, raced the distance in 1:49 3/5 over a dull track. Mark-Ye-Well went to the post a 3 to 5 favorite and returned \$3.40, \$2.20 and \$2.20. The place price on the Dixiana Stable's Sub Fleet was \$2.80 with \$2.60 to show. Marcorador paid \$3.60 to show.

After Blue Dare in fourth place the balance of the field was strung out with King Beast fifth, the King Ranch's highly regarded High Road, sixth, the Chicago owned Red Charger seventh, and Mackville eighth and last.

Webb To Play In Zone Meet

Webb Air Force Base's softball nine is slated to compete in the north zone playoffs of the Southwest Air Force Conference in Mineral Wells August 18-21, Billy Pitts, manager of the team, has announced.

From the Mineral Wells meet, the winner will journey to Connally AFB, Waco for the Southwest Conference tournament August 25-27. This meet is a double elimination affair—two defeats before a team is ousted.

Millsaps Goes To Childress

LAMESA — Jerry Millsaps, star quarterback of the Lamesa Tornados last season, has gone to Childress, where he is in training for the annual Greenbelt Bowl Game, set for the night of Aug. 15. Millsaps is a member of the West quad. Each team is made up of 24 players, chosen from schools throughout Texas. Jack Mitchell and Bobby Good, Texas Tech mentors, will tutor the West. Dixie White of Midwestern coaches the East.

Garcia Is Traded To Tyler Troupe

Bert Garcia, former Big Spring pitcher, who still holds the Longhorn League record for low earned-run-averages, has been acquired by Tyler of the Class B Big State League from Texas City of the Gulf Coast League. Will Roca, another ex-Big Spring, was sent to Texas City in part payment for Garcia.

Vernon Slugger

One of the bright spots in the Vernon batting attack has been the play of Ed Bucynski, center fielder, who hits a long ball. Bucynski played earlier in the year in the WT-NM League.

MAY BE CHAMPION Marciano Loves To Eat But Is Hard Trainer

By GAYLE TALBOT NEW YORK (AP)—For a man who might be heavyweight champion of the world within another two months, Rocky Marciano of Brockton, Mass., is singularly unknown to the vast bulk of the nation's fight fans.

This is partly due to the fact that his rise has been very rapid and partly to the refusal of the East's boxing writers to whom it up for the rugged young man until his manager, Al Weill, quit feeding him popovers and put him in with someone who could fight. The memory of Primo Carnera, still is green.

But now that Rocky has obliterated such a headliner as Harry Matthews with one clout and stands out all by himself among the challengers for Joe Walcott's crown, there can be no particular harm in speculating on what sort of president—pardon, champion—the 27-year-old New Englander might make.

To begin with, Rocky, born Rocco Marchegiano, is a friendly young fellow, anxious to be liked. He talks willingly, both before and after a fight, and hasn't, up to now, been drunk with anyone. His Brockton admirers say he won't change a particle after he wins the title, but some of them have not been around fighters very long.

Rocky served a four-year hitch in the Army and, by preference, was attached to the branch which digs ditches and wrestles bridges and generally develops big muscles. He was brought up in a poor, hard-working family, as are all heavyweights aspirants, and he values even the present day buck.

One of the biggest jobs faced by Rocky's sponsors was to teach him to eat properly. They finally convinced him he should not surround a headdress of spaghetti just before a bout, but he remains a mighty man in the knife and fork league. He likes to put away two steaks at a sitting even when he is in training camp.

As a counter-balance, however, our candidate loves to train, and he goes at it long and grimly. He was in camp for five weeks before the Mathews scrap, working like a horse nearly every day. He did not spend a night away from camp, nor did he see his wife, Barbara, once during the period. They are reported to be expecting their first child in November.

Quietly, they say, Rocky has contributed several thousand dollars to Carmine Vingo, a fighter who came near dying and was long hospitalized after being kayoed by Marciano at Madison Square Garden last season.

Layne Decision Protested By Ezz Charles' Manager

OGDEN, Utah (AP)—Husky, young Rex Layne bulled his way over heavyweight Champion Ezzard Charles last night in a 10-round decision which threw the Charles camp into an uproar.

Jack Dempsey, the former world's heavyweight champ who was the referee and sole judge, held Layne's hand up in the victory sign as thunderous deluged Ogden Stadium. Immediately afterward, Charles' co-manager, Jake Mintz, rushed into the ring, berated Dempsey that "this is the loudest decision I've ever seen."

Later, Dempsey told a reporter that "I called them just like I saw them. I'm sorry that Mintz or anyone else didn't like the decision."

Fields To Become Dimmitt Mentor

Leo Fields, former football mentor at Stanton High School, will become the new mentor at Dimmitt in September. He replaces John Blaine, who is going to Sundown. Fields was at Seagraves last year. He coached the Buffaloes to a district championship two years ago.

Tickets Available For Pro Grid Game

Contrary to reports, there are still tickets available for the Philadelphia-Dallas pro football exhibition, which will be played in Odessa the night of Friday, Aug. 29. An estimated 10,000 seats have been sold but the stadium will seat 23,000. The tickets are priced at \$3.60 each. If orders are placed in writing, they should be mailed to the Shrine Club, Odessa.

den in 1949. He has taken his father out of the Brockton shoe factory where he worked and will send a kid brother to college next fall.

There seems, in fact, to be no rap at all against Rocky. It was not his fault that Weill brought him along so cautiously and parried him in a number of matches which were, shall we say, suspended. Weill knew what he had, and it is hard to fault him at this point for having perhaps cut a few corners.

The consensus is that Marciano will make a very popular champion, whether he wins the crown first time up, or later.

SOUTH BLITZES NORTH IN ALL-STAR BATTLE

FORT WORTH, Aug. 9 (AP)—Twin football howlers struck those Yankees, and the south won its third straight All-Star game of the Texas Coaching School last night, 26-7.

One of them was Jimmie Dickey, a passing, running one-man riot from Galena Park. He did enough to win the game by himself. And adding insult to injury Delano Womack, the Minute Man from Austin, made it almost as much again.

These two glorified the devastating spread formation taught by Coach Dutch Meyer of Texas Christian. A crowd of 16,000—the largest ever to see an All-Star game in the 18-year history of this contest—watched Dickey pass for two touchdowns and score one himself.

And Womack passed for one touchdown, set up another with a brilliant, twisting 50-yard return of a punt, and started another scoring march on his way with a 27-yard run-back of a kick. Dickey was picked as the outstanding back of the game while Womack ranked second.

The North started like it would blow the South out of the stadium, but, after scoring a touchdown, then seeing the South storm back for one in just seven plays, the Yanks simmered down and were just holding on at the finish.

It was a brilliantly-played game filled with long runs, booming passes, prodigious punt and kick-off returns and jarring, bone-cracking tackles.

The game, 18th in the colorful series, climaxed the Texas Coaching School that saw attendance records set for both of its All-Star games. The All-Star basketball game played Thursday night drew 4,588.

There were plenty of stars in the grid contest and not the least were Arl Johnson of Texarkana, who caught six passes for 86 yards and two touchdowns. He was the favorite target of Dickey and he also took a 28-yard throw from

Layne weighed 195 and Charles 190 for the outdoor fight which Promoter Ken Mayne said drew more than 23,000 fans. Mayne estimated the gate would top \$150,000. Each fighter will receive 35 per cent.

Layne, always strong with his right, showed a potent left hand as he doggedly kept after the elusive, left-jabbing Charles. The fight tempo hit its hottest pace in the eighth round when both fighters landed telling blows. The 31-year-old Cincinnati Negro flicked a left which cut Layne's lip in the ninth. Charles kept boxing in at a fast pace, behind his slipping left, and the battle ended in a last-round flurry.

Mintz claimed that the only way Charles could have won would have been by knocking out Layne. Some of the ringsiders also disagreed with Dempsey's card of seven even rounds, two for Layne, and one for Charles.

In his dressing room, Layne, the 26-year-old Utah strong boy, who lost his first fight with Charles, said the ex-champ "hurt me several times." But Layne thought he scored a solid victory. His manager, Marv Jensen, said, "We consider Rex the uncrowned heavyweight champion of the world. He has licked both Charles and the present champ, Jersey Joe Walcott."

Jensen said he will now try to line up a Layne-Walcott go in September.

Womack for the game's last score. Billy Huddleston of Iran-spear-headed the North's strong first period attack, running over the South at halfback on the split T at touch by Jim Tatum of Maryland. He scored the North touchdown, driving over from the one-yard line. But he suffered a chest injury on the play and left the game never to return. Huddleston was not seriously hurt, however.

Tigers To Play Sanderson Nine

Ynez Yanez and his Big Spring Tigers take their longest trip of the season today, moving to Sanderson where they play a double header. The first game gets underway at 2:30 p.m.

Douglass Smith may twirl the first game for the Bengals. Jackie Jennings could see action on the hill in the afterpiece. The Big Springers may not be at full strength, since Howard Washburn and possibly Harold Roason will not make the trip.

The Tigers split a twin bill with Midland last Sunday. Jim Hayes Sold To Albuquerque Jim Hayes, right-handed hitting infielder, has just switched clubs in the Class C West Texas-New Mexico League, going from Amarillo to Albuquerque, via Vernon of the Longhorns loop.

Hayes was bought by Vernon along with another player recently from Amarillo to the Albuquerque club.

Brooks Return Home Monday With Tribe

Angelo Colts Here Thursday

One of those in-and-out schedules confronts the Big Spring Brooks again this week. The Steeds move back into town Monday for the first of a three-game set with the Midland Indians. Only two of the contests will be played here, however. The other is in Midland and that on Wednesday night.

On Thursday, the Cayuses square away with San Angelo here in the first of a three-game series. It'll be the last set of the year between the two clubs.

Next Sunday, the Cayuses head for New Mexico and six games that could decide their final station in Longhorn League standings. Once they return from New Mexico, the Cayuses will have only five more road games during the season.

The horses wind up their stand in San Angelo with an afternoon game today. Arenchis is due to get the mound call for the locals.

SAN ANGELO.—The Big Spring Brooks assured themselves of an edge in their series with San Angelo by edging the Colts, 4-3, in a game played here Saturday night.

Reggie Corrales, retired Glenn Burns on a ground ball to Witty Quintana with the winning run at first base in the ninth inning to make victory certain for Oscar Reguera, who picked up his fifth win of the season. Reguera has lost once.

The Brooks had moved into the last inning leading 4-1, but a base-empty home run by Cotton Russell, a walk to Pinchhitter Parks Thomas, another to Ken Kowalik plus George Hayes fourth single of the night scored two runs for the home club.

It was the twelfth defeat in the last thirteen games for the Colts. Big Spring picked up its first run in the third on singles by Bert Baex and Pat Stacey and a walk to Ossie Alford.

After the Colts tied it in their half of the third, the Brooks came back for two in the fourth on back-to-back singles by Alvarez and Witty Quintana and doubles by Stacey and Juan Vistuer.

The final Bronc score came in the sixth on consecutive singles by Buddy Grimes and Al Costa and a wild pitch by J. B. May who replaced Colt starter Lew Lozano after he was hurt in the fifth inning.

BAUMAN LEADS Local Nine Still Tops In Fieding

Joe Bauman of Artesia still boasts a comfortable lead in the race for batting honors in the Longhorn League but Rudy Briner, a teammate, is moving up.

Bauman is clotting .382 while Briner has taken over second place with a .370 mark. Leo Eastham, Odessa, and Charley Buck, Sweetwater, are tied for third with .355 each.

Bauman is also out front in total bases with 248, home runs with 34 and runs batted in with 106. Eastham is threatening in the latter division with 104.

Eastham is top man in runs scored with 125 while Buck and Johnny Tayanov, San Angelo, each have 151 hits, tops in that department. Briner's 45 doubles tops the league. Roman Loyko, Odessa, has the most triples, 30.

In pitching, Bert Quintans of Odessa has won six games without a loss. There are two 19-game winners, Ovelio Ortega of Odessa and Keith Nicholls of Midland. (Big Spring's two games with Vernon, both of which were won by Gil Guerra, are not included in the averages).

In team batting, Artesia is tops with .299. Big Spring is fifth with .254. In team fielding, Big Spring is first with .955, two percentage points better than Roswell.

Table with columns: Player, Club, AB, R, H, E, Avg. Lists stats for various players like Bauman, Briner, etc.

WARREN SPANH BLANKS NEW YORK GIANTS BY 2-0 TALLY
BOSTON, Aug. 9 (UP)—Lefty Warren Spahn, the National League's strikeout king, added 10 more to boost his season's total to 132 to date while turning in a three-hit pitching performance that gave the Boston Braves their second consecutive 2-0 shutout over the pennant-minded New York Giants.

The Giants, cooled off by right-hander Max Surkont's four-hitter last night, never had a chance against the stylish Spanh after the second inning.

During that frame the Tribesmen bunched three of their six hits against Jim Hearn for the deciding run. It resulted from successive singles by Sid Gordon, Folsom and Bill Skowron.

Forsan Decided By Ballinger, 12-5
BALLINGER — The Ballinger-Winters team knocked off Forsan's Oilers, 12-5, in a Concho Basin League game played here Saturday night.

Two other circuit clashes are booked today. Big Lake goes to Verbit to play Bryan Electric and Robert Lee invades Enrica.

Pig Chase Is Set Saturday Night
The rules have been changed but still the Bronc ballplayer catching the pig turned loose at home plate next Saturday night can keep it.

The principal alteration is that the greased part of the greased pig act has been removed. The reason is that the grease would dirty the uniforms.

TAM O'SHANTER Worsham Blazes With 67 In Rich Chicago Meet

By JERRY LISKA CHICAGO, Aug. 9 (UP)—Law Worsham, just-jawed 1947 U. S. Open Champion, refused to crumble under pressure and blazed a five-under-par 67 today for a pace-setting 203 at the 54-hole mark of the \$50,000 world champion of golf.

Worsham's third-round 35-32 as the tension increased in the chase for golf's greatest first prize, \$25,000, left him 13 strokes under par for the distance.

The 34-year-old Oakmont, Pa., club pro sailed into the semifinals round at gaily-festooned Tam O'Shanter course trailing halfway-leader Jim Ferrier by two strokes after rounds of 65-71.

But Ferrier, keen-putting giant from San Francisco, crumbled for a 73, straying one-over-par on each of the last three holes, for a runner-up total of 197, three strokes behind Worsham.

Sharing second spot with Ferrier was Pete Cooper of White Plains, N. Y., a potato trucker in his youth who banged a 70.

Argentine Roberto de Vicenzo of Buenos Aires nailed fourth spot at 208. Playing in the same final threesome with the ballooning Ferrier, De Vicenzo settled for 71.

Six strokes behind Worsham at 209 were Henry Ransom, transplanted Texan now registered from Chicago, and 1952 U. S. Open Champion Julius Boros.

Jack Burke Jr., Houston, Tex., came in at 210, seven strokes behind Worsham with a 70.

Others whose fate now appears to be a battle for the still respectable second money of \$12,500 and third prize of \$5,000 included a pair of 211 shooters, Bill Ogden of Chicago and Dave Douglas of Newark, Del., and five players bracketed at 212.

These were Cary Middlecoff, Memphis, whose 67 matched Worsham's as the day's best round; Ed Furgal, Clayton, Mo.; Chick Harbert, Detroit; Dutch Harrison, Ardmore, Okla.; and Ed Oliver, Chicago.

Sammy Snead, White Sulphur Springs, W. Va., winner of last week end's all-america at Tam

Brook, Cook Achieve Wins
Runs and more runs were scored in the two YMCA Fastball league battles Friday night, as one game produced 33 and the other one "just" 19.

In the first game of the twinbill, Brook's Appliance walloped Peoples's Finance 31-2. Jimmy Newsum was the Appliance pitcher.

The Brook's team batted around twice in the first inning before the Peoples' nine could retire the side.

In the second contest, Cotton Mize hurled the Cook's Appliance team to a 18-1 victory over Henderson's Plumbing.

Mize limited the plumbers to two hits—a triple in the third and a single in the fifth.

Fly-Chaser
A regular in the outfield of the Forsan Oilers is John Gray (above), a standout in Concho Basin League play all season.

Scrivner Will Coach The West
SAN ANGELO—Half a hundred young men start moving in here Sunday to begin training for the games held in conjunction with the Six-Man Coaches Association school which is being brought to San Angelo for the first time.

Counterpoint Wins Whitney Stakes
SARATOGA SPRINGS, N. Y., Aug. 9 (UP)—C. V. Whitney's Counterpoint, the horse of the year in 1951, showed a return to his best form today when he won the 25th Whitney Stakes with the greatest of ease from five rivals.

BETTY JAMESON LEADS BY 3 STROKES IN TAM

CHICAGO, Aug. 9 (UP)—Texas Betty Jameson of San Antonio today clung to a three stroke lead over Patty Berg at the end of 54 holes in Tam O'Shanter's "world championship" for women pros with a 224 total, four under par.

Miss Jameson, the 1947 women's national open champion, ballooned to a 40 on the front nine and came back in 39 for a third round 79 against standard 38-38-76.

Erratic wood shots and approaches cost the Texas star strokes on five holes but she compensated with four birdies, bagging two of them with 15-foot putts.

Miss Berg held second place with 37-41-78 and a tally of 227. One 6 and four 5's wrecked the little redhead's chances to gain the lead on the last night as she struggled with a temperamental putter.

Louise Suggs was third in the chase for a \$5,000 first prize with 220. The petite Atlanta pro coupled 39-35-77 today.

The defending champion, Babe Zaharias, blew to a 37-43-80 to keep lodged in fourth spot with 232. In one of her worst rounds in Tam competition, Mrs. Zaharias capped a miserable last nine with a three-over 7 on the 18th.

Her second shot was in the water and then her approach was shanked, she finally used up five strokes to get on the green.

The "world" tourney is Mrs. Zaharias' first since undergoing an operation June 3.

The Gold Sox play their second game of the week Wednesday as they face the Indians.

The Oilers face the Yankees Thursday and Friday, the Indians and the Eagles later.

Colts Get Julio Moreno From Hubs
SAN ANGELO — The San Angelo Colts have traded infielder Marty Dooley to Vernon for infielder George Hayes.

The Colts have also signed Julio Moreno, former Angelo hurler, to a contract.

Moreno has been with Lubbock in the WT-NM League. Moreno is recognized as a good hitting pitcher.

Yankees, Gold Sox In Clash Monday
Only two weeks of action remain on the Little League schedule but those two weeks contain 10 games that could decide the titlist.

Five tussles are slated this week. Monday, the Yankees and the Gold Sox hook up and Tuesday, it'll be the Oilers and the Eagles.

The Gold Sox play their second game of the week Wednesday as they face the Indians.

The Oilers face the Yankees Thursday and Friday, the Indians and the Eagles later.

Midland Opens With Lamesans On Sept. 19

MIDLAND — Nineteen days separate the opening of fall grid drills and the opening grid game for the Midland High School eleven, for they blast the lid off the 1952 season September 19 with a non-conference contest here with Lamesa.

The 19-game state calendar for four road and six home games.

The second and third games of the season are also in affairs—the first with Poly High of Fort Worth September 26 and with Yale to October 3.

The Bulldogs open their District 1-AAAA slate with San Angelo October 10 in San Angelo.

The complete schedule: Sept. 19—Lamesa v. Midland; Sept. 26—Poly (Fort Worth) at Midland;

Oct. 3—Yale at Midland; Oct. 10—Midland at San Angelo;

Oct. 17—Midland at Borger v. Oct. 24—Midland at Pampa v. Oct. 30—Abilene at Midland v. Nov. 7—Open;

Nov. 14—Amarillo at Midland v. Nov. 21—Lubbock at Midland v. Nov. 27—Midland at Odessa v. c-conference game.

In the second contest, Cotton Mize hurled the Cook's Appliance team to a 18-1 victory over Henderson's Plumbing.

Mize limited the plumbers to two hits—a triple in the third and a single in the fifth.

Cook's got their runs in every frame but the second. They counted three in the first, two in the third, 12 in the fourth and one in the fifth. Henderson's got their lone run in the third.

Howard Washburn collected three of the day's full six-inning game, 9 to 3. Mike Musgrove was the winning pitcher, having relieved starter Mike Moore in the second inning.

DeWayne McCrorey homered in the second game with two men aboard.

Billy Maxwell Reaches Finals
LUBBOCK, Aug. 9 (UP)—Billy Maxwell, national amateur champion, meets Jack Williams of Plainview tomorrow for the Lubbock Country Club Golf Tournament title.

Maxwell, North Texas State College ace, downed Kenneth Shields of Plainview and Milo Clark of Dallas to gain the finals. Williams defeated Joe Jimmes of San Antonio and Ernie Vosler of Fort Worth.

Don Hill of Amarillo and Stan Mosel of San Antonio meet tomorrow for consolation honors.

Local Linksters Play In Snyder
Big Spring's entry in the Tri-angle golf league will play a match next Sunday—their first engagement in almost two months.

The local Linksters will journey to Snyder for a dual meet. In the other match next Sunday, Colorado City is at Sweetwater.

Big Spring has split their four previous matches with Colorado City and Sweetwater.

Other Animals Not Hit By Hog Disease

By LAWRENCE N. ELDRED
CHICAGO, Aug. 9 (AP)—If you have wondered how that hog virus disease so much in the headlines lately affects you and your meat supply, you are not alone. The man who likes his "ham and," the housewife, butcher, meat packer, and hog producer are wondering, too.

For 20 years the disease, commonly called VE for vesicular exanthema, kicked around in California with little outside attention. But for the last two months it has been in the news nearly every day, and this week it appeared in Chicago, called "hog butcher to the world."

On the surface, this sudden publicity may seem strange, because actual damage so far from the disease has been relatively light. True, VE has popped up in some 45 counties sprinkled through 15 states outside California, a rash of quarantines and embargoes have

Bond Purchases Over \$371,000 In Six Months

Howard County's investment in various types of U.S. Savings bonds totals \$371,867 for the first six months of this year. A report on sales of January through June was received Saturday by Ira L. Thurman, local bond chairman, from the Dallas Federal Reserve Bank.

Local bond purchases in June amounted to \$35,853.75. All of this sum was represented in E and H bonds.

been tacked onto hog exhibitions and terminal markets.

Yet only about 100,000 hogs are known to have been infected up to this time, a mere handful out of the country's hog population of around 63 million. Of those infected, not many have died of the disease.

It does not affect human beings, so the pork you buy at the butcher counter is safe for you to eat. VE does not transmit to other animals like cattle and sheep, affecting swine only.

And control measures have been swift and drastic wherever the disease has appeared outside California.

But what really sends shivers through the meat industry is this: Symptoms of VE are identical with those of aftosa, the dread foot-and-mouth disease which does hit cattle and sheep as well as hogs and spreads like wildfire.

So, when a pig turns sick with a high temperature and with blisters on the lips or mouth, between the toes or just above the hoofs, does it have VE? Or does it have aftosa?

It takes 96 hours of scientific tests to find out what the symptoms mean, once they appear. And before they appear the virus may have incubated in the sick pig for up to six days, during which period it can be transmitted to other hogs. That is why the stuff spread so far and so rapidly.

The wave of VE infection has begun to recede. Of the original 15 states outside of California which had been partially quarantined, four were removed Friday.

Effective Monday the last two public stockyards under quarantine or embargo—Chicago and Peoria—will be back in normal business.

Blazes! What Hoppin'?

The mercury soared to 105 again Friday and even glass was breaking under the heat. D. S. (Schley) Riley examines the rear window of his automobile which shattered into about a million pieces under impact of the sun's rays. The car had been parked in the sun for about an hour when the glass buckled and broke. Riley figured the intense heat radiated through the window crystallized the glass, causing it to expand and shatter. Some windows of the vehicle were open, so expanding air couldn't have broken the glass. Friday's maximum temperature reading was the same as Wednesday's—high for the year up to that time.

75 Enrolled First Day At H. School Band Clinic

Enrollment Friday—first day of registration for the annual summer band school—reached 75 and J. W. King Jr., high school band director and instructor for the clinic, added that students desiring to enroll could register through this week. Classes will open Monday at 8

a.m. and they are open to students from the fifth through the twelfth grades in three classifications—beginners, intermediates, and advanced students.

Daily the classes will be held from 8 until 12 noon and the school will last through August 27.

King was uncertain whether any concerts by the band will be given. He added the decision would come later if they were to hold any.

All sections and instruments of band work are to be taught in the school and King said that practically all are represented on the initial enrollment. Cornet and clarinet sections are the largest at present, he added.

Approximately 30 students are registered in the advanced classes and about the same number in the intermediate group. He said that about 15 are enrolled in the beginner's class.

Classes this summer will all be given in the senior high band room, King commented.

The clinic is not strictly for concert practice, King added. He said that marching practice will be given, "when it's not too hot." Also, twirling instruction will be given for band members desiring it. The school is sponsored by the school and therefore there is no registration fee.

OPS Man Due August 28

Sam Blake, price specialist for the Office of Price Stabilization, is to be in Big Spring Thursday, Aug. 28, to assist merchants with problems involved in compliance with price regulations.

Blake will be available for conference or advice throughout the afternoon. He will operate from the Chamber of Commerce office in the Settles Hotel.

Price stabilization officials remind merchants of the area that the newly revised Defense Production Act has resulted in new regulations and amendments. Blake will offer information concerning the revisions.

Two-Day Celebration To Mark Annual XIT Reunion

DALHART, Aug. 9 (AP)—The annual XIT reunion—biggest in the West based on the history of a ranch—opens tomorrow. The two-day celebration is based on the history of the three million Panhandle acres which the state in the 1890's traded to two Chicago financiers in payment for

its three million dollar red granite capitol building—the one still in use at Austin.

The three million acres laid in an irregular strip, about 30 miles wide, from what is now Lubbock northward 200 miles to the Oklahoma line. It became known as the XIT when Ab Blocker—then a Tom Green County trail driver—designed the brand with his boot heel in the dust of the Buffalo Springs corral near Dalhart in July, 1855. Blocker, who died a few years ago at Freet, Tex., had just delivered the first cattle to the new spread.

There will be a public reception tomorrow in honor of pioneers and members of the XIT Association. Maj. Gen. Joseph H. Atkinson, son of an old XIT ranchhand and now commander of the Second Air Force at Barksdale, La., will be principal speaker.

The XIT Association originally was open only to men and women who had once worked on the ranch, or their wives or husbands. But membership has now been extended to sons and daughters of the old XIT'ers.

Beginning in 1912, the big ranch began breaking up. Pieces were sold from time to time, creating smaller ranches and even farms.

FACTS YOU SHOULD KNOW

About Voting Aug. 23 for

County Commissioner, Pct. 3

THINK THIS OVER

Murph Thorp believes there should be close co-operation between the County Commissioners and the city government. He believes that the County Commissioners should invest your tax dollar with a view of giving you 100% value. He believes taxes should be EQUALIZED and held at a minimum, consistent with meeting Howard County's need in an economical manner. He believes the County Commissioners should give full support to our County Engineer. Within a few years, the engineer's technical knowledge—and varied experience should give us the best roads we have ever had in Howard County.

City Federation Plans Presentation Of 'Follies Of 1952 In October

Early in September the Big Spring Federation of Women's Clubs, Inc. will launch preliminary activities for one of the largest and most colorful home talent shows ever staged here.

The "Follies of 1952," directed by an experienced producer from New York, will be presented Oct. 16 and 17, beginning at 8 p.m. in the City Auditorium for the benefit of its building fund.

The nine clubs in the City Federation are co-operating in the enterprise to raise the necessary funds to launch in earnest their Federated clubhouse building project.

The comedy-musical variety show will contain music and scripts from some of the best Broadway productions in recent years.

The drive to sell advertising space on the programs will begin early in September, to be followed a few weeks later by an all-out ticket sale.

The community clubhouse project has been a

dream of the Federation for the past several years, but the "Follies" will be the first joint project undertaken by the member clubs to raise funds.

In addition to individual club projects the Federation participates in many civic activities, including the chest X-ray, Tuberculosis Association, Red Cross, American Cancer Society, USO, blood bank, Community Chest, Gonzales Warm Springs Foundation and Concert Association drives, and its members serve on many Chamber of Commerce committees on civic projects.

Mrs. Hayes Stripling, Federation president who is directing the over-all activities, has made initial committee appointments. Her general co-chairmen are Mrs. H. W. Smith, in charge of promotion, and Mrs. R. B. G. Cowper, chairman of production.

Mrs. R. R. McEwen Jr. is chairman of the sale of program space, and Mrs. E. L. Powell is general publicity director.

FOLLIES CHAIRMEN—Mrs. Hayes Stripling, left, president of the City Federation, discusses her committee appointments with Mrs. H. W. Smith, center, promotion chairman, and Mrs. R. B. G. Cowper, production chairman.

PROGRAM COMMITTEE—In charge of the sale of program advertising space is Mrs. R. R. McEwen Jr., shown here with members of her committee. Left to right are Mrs. Cecil D. McDonald, Mrs. J. G. Tucker, Mrs. J. A. Coffey and Mrs. McEwen.

PUBLICITY COMMITTEE—Mrs. E. L. Powell, third from left, general chairman of publicity, is being assisted by left to right, Mrs. Jack Y. Smith, Mrs. W. F. Taylor and Mrs. R. W. Whipkey.

CLUB REPRESENTATIVES—Representing the city's nine Federated clubs on ticket sales and general planning committees are left to right, seated, Mrs. Floyd R. Mays, Mrs. Otis Grafa, Mrs. K. H. McGibbon, and standing, Mrs. Ruth Burnam, Mrs. H. M. Jarratt, Mrs. W. C. Foster and Mrs. Bob Eubank.

CLUB PRESIDENTS—Club presidents assisting with the staging of the show include, left to right, Mrs. C. H. Rainwater, 1930 Hyperion; Mrs. G. H. Wood, 1948 Hyperion; Mrs. J. D. Elliott, Junior Woman's Forum; and Mrs. J. E. Knox, Garden Club.

Bride-Elect

Mr. and Mrs. Eugene Gross have announced the engagement and approaching marriage of their daughter, Lindel Jean, to Billy James Fletcher, son of Mr. and Mrs. C. R. Fletcher of Dallas. The Rev. P. D. O'Brien will perform the ceremony at the First Baptist Church Sept. 6 at 8 p.m.

Bettye Gray Engaged To James Hardy

Mr. and Mrs. Ted Gray of Refugio have announced the engagement and approaching marriage of their daughter, Bettye, to James M. (Bobo) Hardy, son of Dr. and Mrs. W. B. Hardy of Big Spring. The wedding will take place Aug. 30 in the First Methodist Church in Refugio.

The bride-elect graduated from Southwestern University, Georgetown, this year and was a member of Alpha Delta Pi sorority. The prospective bridegroom received his degree from Southwestern in 1951 and is a member of Kappa Sigma fraternity.

They will make their home in Cambridge, Mass., where he will attend the Graduate School of Business Administration at Harvard.

MRS. KEITH WAYNE MATSON

Kimzey-Matson Vows Exchanged In Lubbock

Dolores Eileen Kimzey, daughter of Mr. and Mrs. Floyd V. Kimzey of Lubbock, formerly of Big Spring, became the bride of Lt. Keith Wayne Matson, son of H. A. Matson of Burke, S. D., Aug. 2 in the chapel at Reese Air Force Base.

Chaplain Elmore P. Nelson read the double ring rites before an altar banked with baskets of white gladioli and greenery. Lattice, lined with garlands of fern, marked either side of the entrance, and marked the center aisle.

Mrs. A. B. Brown of Big Spring sang "Because" and "I Love You Truly." She was accompanied by Loyce Elliott, organist, who played traditional wedding music throughout the ceremony.

Given in marriage by her father, the bride wore a white Murray-Hamburger original gown of imported organdy with a matching bolero, a small lace hat with shoulder-length veil and carried a Bible arrangement of stephanotis and frano.

For the traditional something old she wore an heirloom lapel watch belonging to her grandmother. Her something new was a single strand of pearls with matching earrings, a gift from the bridegroom. Her something borrowed was a penny in her shoe and her something blue, a garter.

Mrs. Robert Kimzey of Big Spring attended her niece as matron of honor. She wore a gown of

pale blue organdy with a matching bolero and carried a colonial bouquet of sweet peas and roses.

Dean H. Matson of Burke, S. D., attended his brother as best man. Ushers were Robert M. Kimzey, Big Spring; Lt. Robert Rehwaldt, Hartford, Wis.; Lt. Anthony Thorne, Williamsport, Pa.; and Lt. Donald Richtit, Washington, D. C.

The bride is a graduate of Big Spring High School. Her husband is a graduate of Burke (S.D.) High School and the United States Naval Academy at Annapolis. He recently completed advanced pilot training at Reese and will be stationed at Minneapolis, Minn., with the Midwest Air Defense Command.

When the couple left on a three weeks wedding trip through Colorado, Wyoming, South Dakota and Minnesota, the bride was wearing a pink and gray checked dress with white accessories.

For the wedding and reception in the home of the bride's parents, the bride's mother chose a beige suit with white accessories and wore a corsage of white gardenias.

Out-of-town guests included the bridegroom's father and Mr. and Mrs. Dean H. Matson, Burke, S. D.; Mr. and Mrs. Robert M. Kimzey, Mr. and Mrs. A. B. Brown and son, Melvin, Big Spring; Major Kimzey, Herrlehigh; Mrs. Lois Carwell, Mrs. Eunice Lee, Louisiana; Capt. and Mrs. Anthony Richtit, Washington, D. C.; Mr. and Mrs. Frank Rehwaldt, Hartford, Wis.

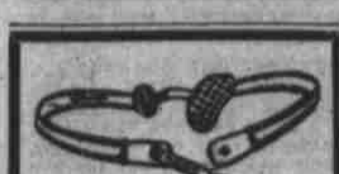

Arlene Mitchell Fetes Nancy Henson With Snack Party

Nancy Henson of Abilene, formerly of Big Spring was entertained Thursday evening with a snack party by Arlene Mitchell in the home of her parents, Mr. and Mrs. T. J. Mitchell.

Games were played and refreshments were served.

Attending were Beverly Edwards, Barbara Parks, Belva Wren, Doris Ann Daniels, Alice Ann Martin, Lajuan Horton, Betty Earley and Martha Winans.

Jeff Jenkins Jr. has returned from a vacation trip to Hot Springs, Ark.

DR. AND MRS. WILLIAM A. HUNT AND FRANK

New HCJC President Arrives With Family

Dr. William Anthony Hunt, new president of Howard County Junior College, has arrived in town.

And he has brought his family, charming dark-haired Mrs. Hunt and young high school senior, Frank, 17.

The Hunts arrived less than a week ago from Austin, where Dr. Hunt earned his Doctor of Philosophy degree and, later, was a faculty member supervising social science student teachers from the University of Texas. While her husband was busy working toward his degree, his wife, a graduate of ACC Academy and McMurry College, Abilene, was teaching.

She assisted in conducting reading clinics for elementary age students from three Austin schools.

The Hunts were married 22 years ago at the home of the bride's parents near Clyde.

During World War II, while Dr. Hunt was USO-YMCA director in Army camps across the southern regions of Texas and Louisiana, his family remained by his side.

Mrs. Hunt remembers all too well their stay in Leesville, La., where the "daddy" of all USO groups was organized. During that period some 50,000 Army troops were on maneuvers in the swamps near the village.

"It's unbelievable, but six and eight Army transports were used each day to haul away the wet

bath towels," Mrs. Hunt commented.

"During the peak of the activities, 17 men were needed to do nothing but open soda pop bottles and put them on a conveyor," she laughingly added.

At the end of the war, the Hunts were in Galveston assisting with the operation of the much smaller Galveston USO unit.

The Hunts enjoy all sporting events, a carry-over from Dr. Hunt's days as a high school coach. Frank is an avid golfer.

In addition, the family shares an enthusiasm for fishing and Dr. Hunt is an amateur radio operator with the call letters WSJEE.

They are all happy to be in Big Spring and one reason is its proximity to Abilene, their former home.

"We are rather centrally located now and it's going to be so convenient for both our families," the first lady of HCJC concluded.

MANGONE'S SUIT
New Design For Townwear
Minimizes Waist, Hips

Town suit for a bright urbanite is this wonderful creation by the renowned designer, Phillip Mangone. Those of you who follow the commands of fashion know that Mr. Mangone's star has been in the ascendancy for many, many years. A Mangone suit is the byword of most of the nation's fashionable women, for they have come to realize that a suit from this designing hand is something that speaks the highest couture and the greatest quality.

Interestingly enough, a Mangone suit adds stateliness and beauty to the most average of women. It has a posture, a grace that fits any figure—and adds height (fashion-wise). Then, too, the style is an eternal verity, looking perfect through the years to come.

This particular suit has much to offer any woman. The line is the thing, and this one has lines that would be flattering to the most fashion-conscious rib that ever came from an Adam. It is especially good through the bust, giving it emphasis and lift; it is excellent for the waist and hips as it tends to minimize both. The skirt, as you can see, is pencil slim.

Originally designed in navy wool, it is wool that we recommend for your wearing pleasure.

Size 12 requires 3-1/2 yds. of 54-inch material. Pattern 1109 is available in sizes 12, 14, 16, 18, 20. To order Pattern 1109, send \$1 to Spades Syndicate, Inc., Dept. 164, Box 238, Madison Square Station, New York 10, N. Y. For air mail handling, enclose 25 cents.

To order pattern booklet VII, send 15 cents.

GARDEN CITY, (Sp)—Mr. and Mrs. Clyde Reynolds entertained with a chicken barbecue Tuesday evening. Supper was served on the lawn of their ranch home east of Garden City.

Guests attending were Mr. and Mrs. Reynolds Foster, Mr. and Mrs. Ross Foster, Mr. and Mrs. Weldon Parker, Mrs. David Glass, and Mr. and Mrs. I. L. Watkins.

Sandra Wilkerson entertained a group of her friends Tuesday evening with a party. Both lawn and indoor games were played.

Refreshments were served to Helen Cunningham, Annalee Hillger, Kersey Sue Scudder, Mercedes Gill, Mary Jo Cox, Kay Mitchell, Bonnie Gandy, Glenn Joe Riley, Dale Hillger, Jerry Jones, Truman Parker, Lewis and Truet Newell, Tommy Rich, Jimmie Smith, John L. Daniel and Sonny Allen.

Mr. and Mrs. Ross Foster entertained the Night Bridges Club Friday at their home east of Garden City. Mrs. Max Fitzhugh took high for women and D. W. Parker took high for men. Couples' low scores went to Mr. and Mrs. Clyde Reynolds and David Glass won the low cut prize.

Mr. and Mrs. David Glass will entertain the club next, August 14.

Class Makes Plans For Year Ahead

Plans for the year ahead were made when the Home Makers Class of the E. 4th Baptist Church met Friday evening in the home of Mrs. Rufus Davidson for a monthly business meeting and social.

Mrs. Frances Oliver offered the opening prayer and Mrs. L. O. Johnston gave the devotional.

Mrs. H. Reeves presided during the business session and Mrs. E. L. Patton directed the games.

Secret pals were revealed and new names were drawn. Mrs. T. F. Hill led the benediction.

Attending were eight members and two guests, Mrs. Oliver and Mrs. T. B. Clifton.

The next meeting will be Sept. 12 with Mrs. E. L. Patton and Mrs. H. Reeves as co-hostesses.

Thermometers that hug the 100-degree-plus marks notwithstanding—business girls must go on, finding various means to keep cool or to look that way.

MRS. RAD WARE

For practicality and to set off her dark hair, chic Mrs. Velma O'Neal, who balances the books at Big Spring Motor, selects a navy linen two-piece dress with a pointed collar buttoned high at the neckline with self buttons and fastened with a pearl pin. Her self belt sports a gold buckle and patch pockets add a dash to the jacket. Her shoes are navy kid and her jewelry a three-strand pearl neck-

THE REV. J. M. STAGNER

New Baptist Pastor Takes Over Duties

FORSAN. (Sp) — The Rev. J. M. Stagner has arrived here to become the new pastor of the Forsan Baptist Church.

A graduate of Van High School, he attended Tyler Junior College and received his degree from Hardin-Simmons University, Abilene, in 1950. He also attended Southwestern Baptist Theological Seminary in Fort Worth for one year.

The Rev. Stagner was ordained in September 1947 at the First Baptist Church in Van and prior to coming to Forsan he was pastor of the Hanna Baptist Church.

On Aug. 21, the pastor will begin a 10-day revival at the Cape Baptist Church near Abilene, a commitment that was made before the Forsan call.

The Rev. Stagner is married and the couple has one son, Mike, 10 months.

Maple Is Adaptable Wood For Today's Furniture

By ELIZABETH HILLIER
All maple furniture has likeness that you like. It is simple, sturdy, small-scaled for small rooms, very American and very adaptable to today's living. This is true whether it is traditionally Early American in style or is redesigned for today to keep its Early American flavor. And it's also true of maple furniture that harks back not at all. New furniture just coming into the furniture fashion picture shows, too, how different maple furniture can be by striking out briskly into contemporary design, and a logical step it is for a wood that has so much to offer contemporary living. Here is an advance glimpse of very different maple furniture for a bedroom, with its cane paneled headboard, its night table and chest that have no hardware but are decorated by long and slender wooden drawer pulls. It is part of a large new collection for living room, dining room and bedroom that is called Town and Country Flair, which will soon be seen in the stores.

Former Classmates Fete Mrs. Dale Cox With Shower

FORSAN, (Sp.)—Mrs. Dale Cox of Big Spring, the former Nancy Huestis, was complimented with a wedding shower Friday afternoon in the Methodist Church Annex.
Hostesses were former classmates including Sara Pike, Ruth Calley, Corrina Willis, Jean Thorpe and Betty J. Dean.
The serving table was laid with a white lace cloth and centered with an arrangement of pale yellow gladioli, white chrysanthemums and fern. Miss Willis poured and Miss Thorpe served the cake.
Miss Pike presided at the register.

GRIN AND BEAR IT

Ma And Pa's Gay Days

The roaring 20s take the spotlight in "Has Anybody Seen My Gal," the Technicolor musical at the Ritz Theatre today and Monday. Rock Hudson and Piper Laurie co-star with Charles Coburn in the picture of Ma and Pa's "good old days."

'MY GAL' AT RITZ

Twenties Revived For Musicomedy

Life returns to the roaring '20s and Charles Coburn returns to the screen for his 50th movie role in "Has Anybody Seen My Gal," playing at the Ritz Theatre today and Monday.

Audie Murphy To Be Seen In New Western

Audie Murphy teams with Stephen McNally and Faith Domergue in the starring roles of Universal-International's "The Duel at Silver Creek," which plays at the Ritz Theatre Thursday, Friday and Saturday.

Murphy is cast in the role of the gambler who joins forces with a crusading marshal in wiping out a band of frontier claim jumpers. McNally is the peace officer in the Technicolor western and Miss Domergue is a member of an outlaw law gang. McNally falls in love with Miss Domergue, a recent arrival in town with her brother, who poses as a mining engineer.

Murphy and McNally have an argument and Murphy is fired but when McNally is in serious danger the Silver Kid returns to his side. "The Duel at Silver Creek" was directed by Don Siegel and produced by Leonard Goldstein.

Cycling Thrills Background For State Picture

Motorcycling provides the thrilling theme for RKO Radio's "The Pace That Thrills," featuring Bill Williams, Caris Balenda, Robert Armstrong, Frank McHugh and Steve Flagg.

The picture plays Thursday only at the State Theatre. The story deals with a three-cornered romance between a daredevil motorcycle race rider, Williams, a girl reporter Miss Balenda and a young engineer (Flagg) who is seeking to perfect a new transmission for motorcycles and thereby save his employer's business.

Complications develop when Williams accidentally injures his pal during a race and Miss Balenda believes he did it on purpose.

Appearing in support of the featured players are many professional riders who are well-known to motorcycle fans. They participate in all the motorcycle field events and also in the sensational carnival stunts.

Angeloan Backs Judge Culver For Supreme Court

FORT WORTH, August 9—Judge Robert T. Neill of San Angelo, who managed Glenn R. Lewis' campaign for the State Supreme Court in the July primary, will support Justice Frank P. Culver of Tarrant County in the runoff, Culver's headquarters announced Saturday. Judge Neill is Lewis' law partner.

A letter from Neill to Culver stated, "I will vote for you; am deeply interested in your success and will do what I personally can to assist you."

Lewis, who lives in San Angelo, was third in the race and led in a wide West Texas area, where Culver was second. In the state as a whole, Culver was high man, leading his runoff opponent in approximately two-thirds of the counties.

"I deeply appreciate the support of Judge Neill, who is recognized as outstanding as a lawyer and a citizen," declared Culver, justice of the Second Court of Civil Appeals, who has had 21 years' service as a judge.

U. S. Loyalty Major Issue Of 'My Son John'

With Dean Jagger, Robert Walker, Van Heflin and Helen Hayes co-starring, "My Son John" brings to the screen the plight of a small-town family when it is thrown into the national headlines by the son, who is discovered to be an espionage agent.

The Paramount production comes to the Ritz Theatre Tuesday and Wednesday.

Miss Hayes plays the role of the mother of the spy as she tries to decide between her son and her country. Walker is the guilty son; Jagger the father; and Heflin a government agent.

Walker, who has two brothers in service, comes home from his position in Washington and ridicules his father's faith in typically American ideals and beliefs.

With father and son brought to a violent showdown, the mother travels to Washington to prove or disprove Walker's guilt and her discovery confirms the evidence gathered by the FBI.

Included in the cast are Minor Watson, Frank McHugh, Richard Jaeckel and James Young. The picture was directed and produced by Leo McCarey.

"Chicago Calling," which comes to the State Theatre Tuesday and Wednesday, tells the story of a guy whose wife decides to leave him because he is without a job and irresponsible.

Dan Duruya and Mary Anderson, with youngster Gordon Gebert, take the starring roles with Ross Elliot, Melinda Eweman and Roy Engle heading the supporting cast.

The story revolves around Duruya and his attempt to raise \$53 to pay his telephone bill for he is anxiously waiting for a call from his wife, Miss Anderson, who has been injured in a car wreck—how serious he does not know.

Being without a job, Duruya is about to give up when he meets Gebert, a lonesome unselfish lad, who does everything within his power to help Duruya.

Chicago Calling

Dan Duruya and Mary Anderson take the leads in "Chicago Calling," the story of an irresponsible husband who is separated from his wife. The production plays at the State Theatre Tuesday and Wednesday.

Stevens is the captain of the ship with Knowles, a British naval officer, as second in command. After the ship leaves France with the gold, the crew led by Knowles, successfully overthrows Stevens and his few faithful crew members and turn from the United States.

And, meeting the demands of Miss Lansbury, Stevens is cast adrift on a raft. He reaches the United States and finally succeeds in recapturing his vessel, the Concord and the country's gold shipment.

Joining the tri-stars in "Mutiny" are Gene Evans, Rhys Williams, Robert Osterloh and Peter Crocco. The production was produced by Maurice and Frank King and directed by Edward Dmytryk.

1812 Voyage Is Dramatic Basis For 'Mutiny'

Time goes back to the War of 1812 for the movie, "Mutiny," starring Mark Stevens, Angela Lansbury and Patric Knowles, which begins at the State Theatre today.

The production is in color by Technicolor and is about the voyage to France and back of an American vessel which returns with 10 million dollars in gold bullion—in the shape of an anchor.

REPORT TO PARENTS

New Weapons Now In Fight Against Rheumatic Fever

By DR. MARTHA M. ELIOT
Parents who have a child with rheumatic fever can get much encouragement from new weapons now available to fight this childhood disease.

Doctors now are using antibiotics such as penicillin and the sulfa drugs in small doses over long periods to prevent recurrence of rheumatic fever. There is some hope that ACTH, now undergoing careful tests, may help in treating rheumatic fever.

Unfortunately, one of the drawbacks in treating the disease is that it is sometimes hard to diagnose.

The warning signal of rheumatic fever—loss of appetite, rapid pulse, pain in joints and muscles—are like the first signs of other childhood diseases. We are fairly certain that it is associated in some way with streptococcal infections. The fact that these infections are now being widely treated with antibiotics probably has influenced the decline in deaths from rheumatic fever and may have caused some decline in the number of cases.

It is estimated that about half a million children in the nation now have or have had rheumatic fever. It causes long periods of illness, and calls for good medical and nursing care, and return to activity by easy stages.

Most children can recover from rheumatic fever and lead perfectly normal lives, if they receive the proper treatment and care during their illness.

Over the past decade or two, there has been increasing recognition of the need for this kind of care and treatment, to be sure children have a chance to use their maximum potentials, rather than

go through life at an invalid's pace.

There are now 29 States which have developed programs in connection with their services to crippled children to treat children who have rheumatic fever. Trained pediatricians, nurses and medical social workers supervise the care of the children. They get careful examinations and arrangements are made for hospital or convalescent home care if needed. When a child recovers from the acute attack, he is given medical supervision to prevent further attacks, if possible.

Mrs. Brooks Feted At Bridge Party In Weaver Home

Mrs. Joe Fowler Brooks, who is moving to Dallas next week, was named honoree at a farewell bridge party Saturday afternoon in the home of Mrs. R. H. Weaver.

Mrs. Pete Cook was co-hostess. Attending were Mrs. Don Newsum, Mrs. Tom Rountree, Mrs. Gerald Harris, Mrs. Arch Ratliff and Mrs. Harrol Jones.

Mrs. Gill Barnett was a tea guest.

A typical program is in Virginia, where the primary aim is to treat the child from a physical, emotional and social standpoint. Those in charge of the program realize that special efforts must be made to help a child adjust emotionally during the long time he must stay in bed. Doctors, nurses, social workers, occupational therapists, teachers, the child's parents, and everyone else who comes in contact with the child have some part to play in this. The staff try to coordinate their work so closely with that of the family doctor and other helping agencies that both the child and his family consider all these agencies as one unit constantly functioning while the child grows and develops.

CAPTAIN EASY

LEARNING THAT GIMPO HAS STARTED HIS REVOLUTION, EASY AND ROBERTO FLY BACK TO THE CAPITAL

THE TROOPS ARE IN THE MOUNTAINS, CAPTAIN EASY! GIMPO WILL SEIZE THE TREASURY AND THE ARSENAL!

WE WILL TRY TO GET TO THE ARSENAL FIRST, ROBERTO! GIMPO HASN'T MUCH IN THE WAY OF WEAPONS!

THE ARSENAL IS AHEAD OF US! AND SO ARE SOME OF GIMPO'S MEN!

RUN, COMRADES! IT IS A SECRET WEAPON!

EL ARSENAL

MANY OF FELICIDAD'S FRIENDS REMAIN IN THE CITY, CAPTAIN EASY! THIS ONE WANTS TO HELP US!

GET GUNS FROM THE ARSENAL! WE'LL NEED HELP!

MEANWHILE, PRESIDENT FELICIDAD FLEES FROM THE PALACE...

THEY ARE COMING IN THE FRONT GATE!

WE CAN STILL ESCAPE THROUGH THE BACK!

FELICIDAD HAS GONE OUT THE BACK GATE AND LOCKED IT BEHIND HIM!

BUT THE PALACE IS OURS AND SO IS THE GOVERNMENT! WE'LL CATCH THE PRESIDENT LATER!

OUR BOARDING HOUSE

With Major Hoople

I ONLY HOPE THE HOUSE IS STANDING WHEN I GET BACK TO TOWN!

WHY, MARTHA! YOU KNOW I AM THE SOUL OF DILIGENCE AND NEATNESS!

I'LL BE IN CHARGE OF THE MANOR, BOYS, WHILE MARTHA IS AT HER SISTER'S!

WHAT DO WE DO NOW—MAKE A DEEP SALAAM?

EGAD, NO, HEH-HEH! BUT EACH OF US WILL HAVE A CHORE—MUSTER, YOU'LL WASH THE DISHES!

I SEE WHERE I GET GREASE UP TO THE ELBOWS!

MACK, YOUR LITTLE TASK WILL BE TO MAKE THE BEDS!

I AIN'T A UNION CHAMBERMAID, BUT THANKS, PAL!

CLYDE, YOU'LL CUT THE GRASS AND WEED THE GARDEN!

YOU'RE AWFUL GENEROUS WITH MY Z OFF DAY!

TWIGGS, YOU MAY SWEEP AND DUST, AND TAKE OVER SCRUBBING AND MOPPING!

OH, THE SANITARY ENGINEER, EH? OKAY!

WHAT ARE YOU GOING TO BE DOING ALL THIS TIME—PAINTING THE HOUSE?

OH! UM, WELL, COME AND I'LL SHOW YOU!

THIS IS MY MAIN TASK! OF COURSE, BESIDES THIS, I'LL UNDERTAKE TO KEEP THE ICEBOX DEFROSTED!

CAN YOU STAND IT?

WOULDN'T YOU GET ROUND-SHOULDERED?

LET US KNOW WHEN YOU FEEL A BREAKDOWN COMING SO WE CAN CHEER!

MISS STARR, DO YOU HAVE THE SAME FEELING THAT, MAYBE, FATE HAS BROUGHT US TOGETHER?

A YOUNG MAN AND WOMAN WHOSE ONLY INTEREST WAS THE STOLEN ROWENA.

TOGETHER FOR WHAT, PROFESSOR ARGYLE?

WELL, AS FAR AS THE CURSE OF THE ROWENA IS CONCERNED, YOU AND I SEEM TO HAVE CHARMED LIVES. SO WE MUST BE THE ONES TO OPEN THE ROWENA AND STILL LIVE!

SOUNDS VERY EXCITING. ONLY, AT THE MOMENT, IT'S BEEN STOLEN—REMEMBER?

THE ROWENA WILL TURN UP INTACT. BE SURE OF THAT.

YOU KNOW, MISS STARR, YOU HAVE STARS IN YOUR EYES!

AND, FOR ONE SPLIT SECOND, BRENDA FORGETS EVERYTHING EXCEPT THE HANDSOME YOUNG MAN WHO LOOKS DEEP INTO HER EYES.

THE RINGING OF THE TELEPHONE BREAKS THE SPELL.

EXCUSE ME, RETREAD, WHILE I ANSWER THE PHONE.

RETREAD! SO THAT'S IT!

IT SAYS... "AM GOING TO AUSTRALIA—SO AM SENDING FIDO TO YOU—BE GOOD TO HIM. REGARDS—UNCLE MARY."

GEE... "FIDO!" AND I ALLUS WANTED A NICE PET FER MY OWN!

THAT'S SWELL, GOOFY!

TUM-DE-DUM...

LITTLE FIDO'S GONNA HAVE THUM BEST HOME IN TOWN!

YUH GOT FIDO?

I SURE HAVE! SIGN HERE!

GUESS I'LL DROP IN AND SEE HOW GOOFY AND FIDO ARE GETTING ALONG!

ER... MEET FIDO!

SHUFF SHUFF

OZARK IKE

(GOS!) IT'S A PLOT AGAINST US "GLAMAZONS"!

IF'N OUR MASCOT CAN'T GO INTO TH' "RANGERRITES" BOWL PARK, THEN NEITHER WILL WE!

IT WORKED... OZARK'S CAP TRICK GOT YUH SAFELY INTO TH' LOCKER ROOM, "ROMA"!

NICE GOIN', GLORIA! BUT NOW HOW CAN WE SMUGGLE HER INTO TH' DUGOUT?

THAT WATER BUCKET GIVES ME AN IDEA... AND WITH OUR EXTRA CATCHER'S MASK...

SEE!

LATER, AS THE "GLAMAZONS" FLEE ONTO THE FIELD...

YOW! LOOK WHO'S WARMIN' UP FER THOSE "RANGERRITES"!

RED ROSIE, OUR OL' RIVAL, BET THAT SIGN OUTSIDE WUZ HER IDEA!

HAI... I KNEW THEY'D BE SURPRISED TO FIND ME HERE!

GRIN and BEAR IT

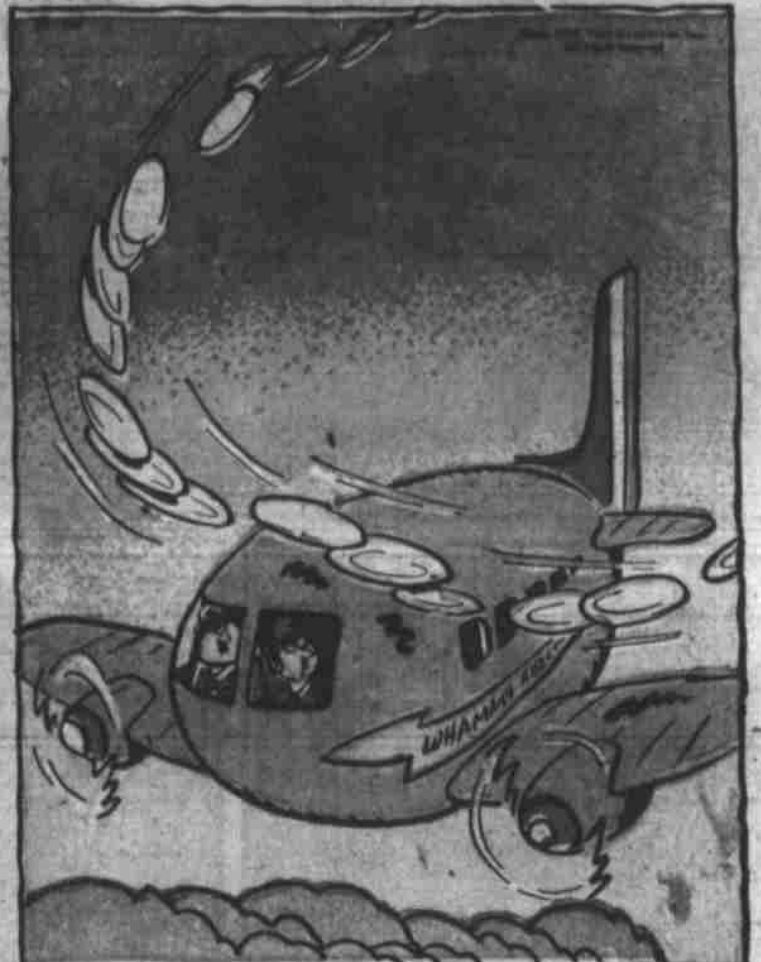

"For devotion to duty under extraordinary conditions...three months on 'operation triplicate' without a chair pad..."

"Must be having capitalist nightmare, comrade husband, screaming 'you can't afford it'... is nothing to afford!..."

"Why, yes... we advertised for a janitor!... the pay is 50 dollars a week and all you can see..."

"A complete dinner set, Figby!... we better not mention it... people got enough to worry about these days..."

IT'S BEAUTIFUL, CASEY! WHY DID YOU BRING ME HERE?

SOMETHING ON MY MIND, CHRIS... I THOUGHT MAYBE THE SETTING WOULD HELP ME FIND THE RIGHT WORDS...

THE WEST HAS BEEN PRETTY RAW, IT'S BEEN A SOCIETY OF MEN, AND WHEN YOU BAND ALL OF ONE KIND TOGETHER YOU'VE GOT A BRAWL! BUT THAT WILL CHANGE... WHEN ENOUGH WOMEN GET OUT HERE TO TEMPER THE FACE OF LIVING...

I GUESS EVERY MAN STARTS OUT THINKING HE CAN MAKE BETTER TIME ALONE! BUT THERE COMES A DAY WHEN HE NEEDS A WOMAN... AND ALL THE THINGS SHE STANDS FOR! ...DO YOU KNOW WHAT I'M TALKING ABOUT?

YOU'RE POINTING VERY WELL, DARLING...

A MARSHAL'S LIFE IN THE WEST ISN'T TOO PEACEFUL... I MIGHT BE CARRIED HOME IN A BLANKET ANY DAY--

NOW YOU'RE TALKING TOO MUCH! JUST SAY IT, SAY IT--!

CHRIS... WILL YOU MARRY ME?

HE'S SAID IT AT LAST!! OH, YES, CASEY! YES, YES, YES...

TARZAN

By Edgar Rice Burroughs

THE GROUP OF DETERMINED MEN FILED SILENTLY THROUGH THE FOREST. THEY CARRIED A LONG, GRASS ROPE, AND THREE FRESHLY KILLED CHICKENS-- THE ONLY EQUIPMENT TARZAN REQUIRED FOR HIS PLAN.

WHEN THEY REACHED THE LIONS' HABITAT, THE APE-MAN HID PART OF THE ROPE, HOOP-LIKE, IN FRONT OF A V-SHAPED ROCK.

"NOW QUICKLY," HE SAID. "TAKE THE OTHER END HIGH UP IN THAT TREE BEFORE NUMA GETS YOUR SCENT-- AND DON'T FORGET," HE SMILED GRIMLY, "WHEN TO PULL THE LASSO TIGHT!"

THEN TARZAN LAY DOWN BEHIND THE CONCEALED ROPE. HE SCATTERED THE CHICKENS IN FRONT OF HIMSELF, DREW HIS BOW IN READINESS-- AND GROANED LOUDLY, CONTINUOUSLY, HOUR AFTER HOUR--

AND FINALLY A GIANT, ALBINO CARNIVORE STEPPED INTO THE CLEARING! HE HAD SMELLED FRESH BLOOD, AND NOW HIS JAWS SLAVERED AT THE SIGHT OF THIS "WOUNDED" MAN-THING!
