Ten members and two guests, Mrs. O. B. Warren and Mrs. O. R. Smith, attended.

DESIGNING WOMAN

Natural Reed Wicker Is Now Combined With Iron

Remember wicker furniture? Many homes had more of it than anything else several decades ago and some of the old-fashioned kind survives to this day. Most of it wasn't made of natural reed, but of twisted fiber which resembles it when it is varnished or painted.

Wicker furniture has usually been thought of as comfortable rather than fashionable, although it was once definitely the thing for a porch. Wicker is back today, but with what a difference. Top designers of contemporary furniture introduce it in some of their smartest designs. The wicker is natural reed, and it's most often combined with wrought iron. Shapes of pieces depart widely from the old reeded arms and flared backs and are neater and smaller. Here is a new wicker tub chair with butterfly arms designed by the distinguished Italian architect, Maurizio Tempe-

stini, who led the return to wicker. It is shown with his new metal, wood and glass desk, and inset is another of his chairs which shows we'll again enjoy a favorite wicker rocker.

Holleys Return Home After Visit

The Rev. and Mrs. L. Allen Holley and children, Middle Lou and Billy Allen, left Tuesday morning for their home in Okla. Miss. after a two-week visit here with Mrs. J. R. Creath and Mr. and Mrs. Bill Earley and family.

Vocational Ag Teachers Open Course Here

Nine first-year teachers of vocational agriculture from over a 48-county area started a three-day course of special instruction here this morning before assuming their school duties. E. L. Tiner, supervisor of vocational agriculture in Area 2, said.

The purpose of this special course, Tiner explained, is to give them needed practical suggestions that are not included in their regular college work. Assisting Tiner in this special instruction are Truitt

Vines and R. E. Baumhardt, vocational agriculture teachers in the Big Spring High School; M. T. Jenkins, VA teacher in the Coahoma High School; Bob Post of Colorado City; E. E. Young of San Angelo and L. M. Hargrave of Texas Tech.

Tomorrow morning the new teachers will go to Colorado City to study the calf feeding projects of the FFA students there. Tomorrow afternoon they will return to Coahoma, where Jenkins will explain his lamb feeding program. Final instruction will be given in Big Spring Friday.

The instructors are all men who are experienced vocational agriculture teachers.

Tiner also announced that Bobby Albart will again teach vocational agriculture in the Knott High School this year.

'OPERATION U-SAFE' Air Base Launches A Safety Campaign

Alarmed by the mounting toll of accidents, Webb Air Force Base officials have launched an area-wide safety campaign.

As part of a Training Command-wide project, "Operation U-SAFE" swung into action this week at the local installation.

Lt. Col. John Campbell has been designated base project officer for the operation. He will work closely with Ground Safety Director K. S. Shriver.

A report released by Lt. Col. Campbell and Shriver indicates that Webb AFB has the second-highest per capita accident cost in the entire training command.

Many personal-injury accidents report took into consideration all types of accidents, both flying and ground.

On the flight side of the ledger, Lt. Col. Campbell indicates Webb has a better-than average record, but non-flying accidents, including highway mishaps have taken a heavy toll in personal injuries and in costs.

Although principally concerned with the elimination of "on-base" accident potentials, "Operation U-SAFE" will also include a survey of

all highway and roads in the Big Spring area, with special emphasis being placed on the location and designation dangerous intersections and high-accident-frequency sites. In this connection, Lt. Col. Campbell has asked for the co-operation of civilian motorists and pedestrians.

"The Air Force makes every effort to train its drivers carefully and thoroughly," Lt. Col. Campbell pointed out. "The importance of complying with all civic traffic regulations and observing the generally accepted rules of the road has been stressed."

"Military vehicles are easily identified by their markings," the colonel continued, "and any report of one of our drivers misbehaving will be promptly investigated."

At the same time the colonel called for civilian observance of traffic rules both on and off the base.

Also under careful scrutiny are base recreational facilities. Results of an investigation indicate many personal-injury accidents result from the use of improper or inadequate athletic equipment.

All base buildings and shops are

LT. COL. CAMPBELL

being inspected in an effort to locate hazardous conditions or bad working habits and practices.

Base officials are confident the drive will reduce the high per-capita accident costs now charged to Webb.

Heart Attack Fatal

LAREDO, Aug. 27 (AP)—A heart attack suffered while watching Laredo beat Brownsville has killed Dr. S. H. Graham, Sr., president of the Gulf Coast League team last year. He was about 70.

Woman Has Little Time For Grief Over Child's Death

MIAMI, Fla. (AP)—Mrs. John Moskal had little time for grief. First, she had to find a lawyer to defend her 57-year-old husband, with whom she had lived happily for 33 years, against a murder charge.

Then there were funeral arrangements to be made for their invalid daughter Adela, whose 18 years of suffering came to an end Monday when her father plunged a butcher knife into her heart.

The attorney, Mark O'Quin, go Moskal released from jail yesterday in \$5,000 bond, and then Mrs. Moskal had to hurry home to their deserted apartment, so she would be there to comfort her husband when he returned.

"In three seconds, my whole life was ruined," she told a reporter. "We have always been happy—all three of us together."

"I don't know how he could have done it. He's a good man, and when he came home, he cried. He was devoted to Adela."

Moskal, who brought his family to Miami five months ago after retiring from the grocery business in Newark, N. J., sent his wife out on a shopping errand Monday.

Then, he related to police, he led his daughter, an invalid since birth, into the bathroom of their apartment and killed her "because I couldn't stand to see her suffer any more."

The girl had been helpless since birth.

Runyan's Record Is Longest

Runyan Plumbing Company, Big Spring's oldest plumbing establishment, stands ready to assist residents of the Big Spring area with any plumbing problem—whether it be a residential or commercial contract job, installation of new fixtures or a simple service call such as is often occasioned by a leaking water closet or plugged sewer line.

And satisfaction is guaranteed on every job performed by Runyan workmen who are skilled in every phase of the plumbing trade.

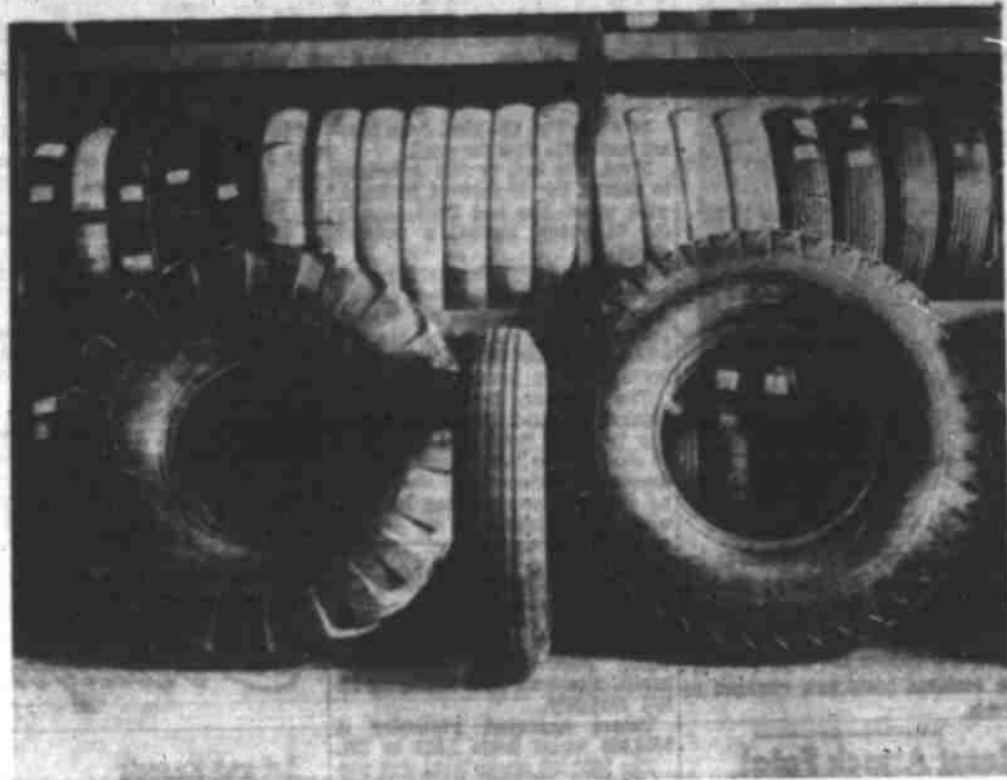

Runyan Plumbing Company takes pride in the work its personnel perform, for, as officials of the concern point out, a good plumbing system in the home or business is as conducive to good health, comfort and safety as any other item.

Mrs. Edith Trappell, office manager, who with Raymond Runyan, field manager, is proprietor of the concern, says that the bathroom is one of the most important items to be considered in making the house into a home. Runyan Plumbing Company is particularly concerned with the bath since that room contains the majority of the home's plumbing.

Mrs. Trappell points out that several factors, all hinging around the plumbing system, should be considered in planning a new or remodeled bathroom. These are convenient arrangement, sufficient storage space, general attractiveness, fixtures and the quality of plumbing materials used.

The flexibility of American Standard fixtures, combined with the know-how of Runyan plumbers, contributes to both comfort and safety of a bathroom by an adaptability to almost any arrangement. American Standard, long the leader in the plumbing fixture field, are distributed locally by Runyan and add to the beauty of any bathroom. Runyan also has ample stocks of necessary pipe and fittings for prompt installation.

There's no need to delay plumbing repair or remodeling work either, Mrs. Trappell says. She explains that home improvement loan restrictions are more liberal than those on such items as automobiles and refrigerators. Information in connection with securing the loan, as well as estimates on the cost of any plumbing job may be secured at the Runyan office, 305 E. 6th.

Safe And Durable

Here are but a few of the exceptionally wide range of sizes and types of famous Seiberling Tires to be had at Creighton Tire Company, 203 W. 3rd. Seiberling, long a hallmark of quality in the rubber industry, combines the characteristic of durability and safety in its casings. Whether it is a heavy duty truck tread or a ventilated special passenger grip, Seiberling provides toughness and design that gives confidence.

DRIVING THRILL

You Must Drive New DeSoto To Appreciate Superiority

"It was a revelation. I never would have believed it if I hadn't experienced it."

That was the comment of a man who recently drove the brilliant new De Soto for the first time. And that is just the way it is with this beautiful, durable, super-comfortable automobile powered with the spectacular new De Soto Fire-Dome Eight 160-horsepower engine which is truly America's most powerful engine design because never before has an American automobile engine developed so much horsepower per cubic inch.

Also to be found at the Clark Motor Company, 213 East Third Street, Big Spring's De Soto dealer is the famous Powermaster Six, the finest six on the road today, and a great running mate to the mighty Fire Dome V-Eight. This other car is carried along in a silent, smooth powerful glide by the famous De Soto Powermaster Six engine. Billions of miles on the road, and the acclaim it has received from thousands of thrilled owners are overwhelming proof of Powermaster's leadership in the field of sixes. The De Soto Powermaster Six is renowned for high-compression performance even on regular gasoline.

For those who like to know that they have getaway speed and power that will instantly respond to a touch taking them from a standstill away like a shot, across busy intersections in an instant, ahead of traffic in split seconds, the De Soto offers the amazingly new torque converter with Tip-Tee shift.

It's called Fluid-Torque Drive, and it is an important feature for added safety in every drive. The De Soto is also available with the conventional transmission and overdrive. But one of the very nice things about the wonderful new De Soto is the power steering that is as easy as dialing a telephone.

De Soto Power Steering is something that the drivers of other cars really can't believe until they have had the experience of using it. It means parking becomes a simple, relaxed task for anyone. Unexpected curves cease to be hazardous and sharp corners can be taken with the greatest of ease. With the new De Soto Power Steering the driver is controlling a strong, dependable hydraulic power which in turn does the hard work of turning the wheels for the operator.

An operator can turn the steering wheel of the new De Soto with the pressure of one finger more easily than he can turn the steering wheel of an ordinary car with the strength of both arms. Even when standing still, turning the steering wheel with a fingertip is practically effortless.

No Roach Effective Against Most Bugs

Roaches and waterbugs are fit candidates to be germ carriers because they breed in the sewers and drains of a home.

When the lights are out at night, they merge to stir about over food and dishes. If they have had contact with some infectious disease, there is a possibility that they may distribute some of the germs around.

Recently science came up with a sure, simple method of exterminating these reprehensible creatures.

This new discovery kills cockroaches and ants, and it stays effective for months.

It is called Johnson's No-Roach. Unknown four years ago, No-Roach has in this short space of time become the most popular insecticide in the country.

It's simple to apply. You just use a small brush and paint the invisible coating on surfaces frequented by roaches and ants, on woodwork near the sink, on baseboards, garbage pails, window and door sills.

When the crawling pests come in contact with this stainless coating they die. Because of its long effectiveness, this transparent barrier gives protection for weeks and weeks.

This product contains no DDT, no sodium fluoride and no phosphorus.

In Big Spring it is available at Furr Food Store, Collins, Cunningham & Phillips and at Big Spring Hardware.

Douglass Grocery Stresses Hot Weather Tasty Foods

A proverbial oasis in the desert during a heat wave is the grocery store, where such hot weather food items as vegetables, cold cuts, frozen foods and ice cream can be purchased.

A concern which offers all that, and hospitality and a friendly atmosphere, too, is the Douglass Grocery and Market, located at 2013 Johnson Street in Big Spring.

The Douglass store, owned and operated by Dale Douglass, long-

time Big Spring merchant, also offers the customers air-conditioned comfort while they shop.

"Douglass' establishment maintains the best in meats, including steak, roast, ham and chicken, all of which is attractively displayed in modern counters.

Vegetables are shipped into the concern several times weekly from the lush gardens in the Texas Valley and Southern California. Cantaloupes, which are much in demand at this time of year, are also sold by the Douglass concern.

"Douglass' store also maintains fresh breads, cakes, pies and other pastries, along with all nationally advertised, canned goods and other items.

The concern also has a complete stock of school supplies and is always a favorite shopping place for the school children once classes begin. Business telephone number of the concern is 78.

BY CITY COMMISSION

Parallel Parking On Area Of Johnson Street Is Approved

One Zoning and Planning Commission recommendation was approved and another was tabled by city commissioners Tuesday.

Approved was a proposal for instituting parallel parking on Johnson Street between Second and Fourth.

Tabled was a recommendation that a community business district be established at State and Ridgeroad Drive in the Central Park Addition, just across the street from Ridgelea Terrace.

The Zoning and Planning Commission had approved the change in zoning from "A" (residential) to "E" (business) following a public hearing last week. Developer Carl Strom proposed the community shopping center to serve the Central Park and Ridgelea Terrace Additions and surrounding residential property.

He displayed plans for "old English style" business property in the "Y" formed by the intersection of State and Ridgeroad Drive. Zoning and Planning Commission members had recommended that City Commission action authorize the change in zoning when plans for the buildings are completed and

Strom is ready to secure building permits.

Work in two other residential areas also received commissioners' attention. Plat of a three-acre addition to Monticello Addition was approved, and commissioners told Louis Thompson the city can furnish only engineering services for paving in the Indiana Addition, near Webb Air Base.

Thompson had requested that the city share in the paving project by providing paving in the intersections. Commissioners stuck by a recently-adopted policy whereby they provide paving engineering but do not share in any other costs.

Third reading of an ordinance annexing a 50-acre portion of College Park Estates near Howard County Junior College was approved. City Manager H. W. Whitney was authorized to place orders for equipment to install two traffic signals on West Third—at Presidio and San Jacinto. Whitney estimated the cost of signaling the two intersections will be \$1,235.

The commission postponed until next Tuesday decision on establishing a closing date for the municipal swimming pool. Members also told Joe Pickle, president of the Howard County Fair Association, they will decide Tuesday whether to allow the fair association to sponsor a carnival in connection with the annual fair.

Pickle explained that the carnival provides about 40 per cent of the fair association's operating revenue—\$750 to \$1,000 per year. Problem of carnival sponsorship arose after the city annexed land including the fair and rodeo grounds recently. City ordinance prohibits operation of a carnival inside the city limits.

A communication from J. D. Church, district airport engineer for the Civil Aeronautics Administration, was introduced to the effect that the CAA can't transfer title to a former Army Air Force hangar to the City of Big Spring.

The CAA had previously offered the hangar, located in Dawson County, to the city. However, regulations prohibit the transfer of federal property for use on a leased public airport, such as Hamilton Field, Church explained.

Pleven Appears To Be Hopeful

PARIS (AP)—France's Defense Minister Rene Pleven says he thinks the French armament industry can turn out main items on its 1952 program even if the United States doesn't give all the help the French would like.

The French and Americans have been negotiating for some weeks over how much arms the U. S. program of offshore aid will take from French industry for European defense forces. France has said an order for 625 million dollars worth in the next three years is required to keep its industry operating at the necessary level.

The United States says Congress won't let it make commitments that far ahead and 185 million dollars worth for this year is all it can promise.

Pleven told a closed session of the National Assembly's Defense Committee last night that the French government would maintain its orders from French plants for the most important military items through administrative economies and diversion of funds from less essential items of the 1952 budget.

Legion Resumes Business After Gigantic Parade

NEW YORK (AP)—It was back to convention business today for American Legionnaires after a day of parading up Fifth Avenue to the cheers of three million spectators.

They returned to Madison Square Garden to vote on committee resolutions and to hear a number of speeches, topped by an address by Democratic presidential nominee Adlai E. Stevenson.

Other speakers on the agenda were the American Medical Association president, Dr. L. H. Bauer, Deputy Secretary of Defense William C. Foster, and the U. S. Marine Corps commandant, Gen. Lemuel C. Shepherd Jr.

Resolutions scheduled to be dealt with today include such subjects as child welfare, constitutional and internal affairs. It already has been indicated that the Foreign Relations Committee will ask new criticism of certain State Department policies.

Yesterday's parade, one of the biggest in Legion history, provided an interlude between today's speech by Stevenson and an address Monday by his Republican opponent, Dwight D. Eisenhower. Eisenhower and his running mate, Sen. Richard M. Nixon, marched in the parade with some 75,000 other Legionnaires. The general was with the delegation from his state, Kansas, and Nixon was with his California group.

From morning until after dark for about 10 hours the veterans of three wars moved from 34th Street to 72nd Street. Confetti rained down on them from Fifth Avenue office buildings.

Murder Charges Due In Lamesa

LAMESA, Aug. 27 (AP)—Murder charges are to be filed today in two fatal shootings.

County Attorney R. Y. Lindsey said he would act in the slaying yesterday of Mrs. Johnny Sanchez, 30. She was shot after riding in a car driven by Joe Pina, 18, who was wounded. Johnny Sanchez, 33, has been jailed.

Lindsey said he would move also in the shooting Monday of Mrs. Lee McCallister, 32, wife of the principal of the Lamesa Negro school for five years. McCallister, 33, has told officers the shooting came after an argument over use of the family car. McCallister has a leg wound.

AREA OIL

Slight Gas Show Encountered In Northern Glasscock Test

A slight show of gas was encountered in a drillstem test of a northern Glasscock wildcat in the Permian-Pennsylvanian zone Tuesday, and another test was due today.

Casing was set in a northeast Howard shallow outcrop pending attempts to try for completion. Gas-cut mud and salt water were recovered in the lower Canyon by Conden No. 1 Jones, which deepened.

In southeast Glasscock Turner No. 1 Currie was preparing to swab after perforating in what is probably the Wichita-Albany top.

Superior No. 13-536 Florence Latham, 600 from the south and west lines of section 536-97, H&TC, was at 7,912 in lime and shale.

Standard Oil of Texas No. 13-6-D Griffin, 2,130 from the east and 1,918 from the south lines section 29-25, H&TC, was announced as a 7,500-foot Hobo field location.

Union No. 1 Loggie, C SE SW 10-1-M, EL&RR, 15 miles north-west of Gall, went to 8,162 in lime and shale.

Fred Turner Jr. No. 1 Stephen Currie, C SW SW 4-32-56, T&P, 14 miles southeast of Garden City and 4 1/2 miles northeast of the recent Wichita-Albany discovery.

Sinclair No. 1 Scott, C SE SE 10-1-M, EL&RR, drilled to 12,753 in unidentified dolomite.

Standard No. 1-4 Mrs. Smith, C NE SE 2-H-EL&RR, 14 miles north of Lamesa, drilled to 6,040 in lime.

Cities Service No. 1-B Leverett, C NW SW 3-4, Cunningham, was drilling below 4,455 in lime.

Phillips No. 1-C McDowell, C SW NE 31-33-25, T&P, four miles southwest of Lee's, drilled on surface to set at 960.

Sinclair No. 1 G. T. Hall, C SW NE 6-34-25, T&P, took a test in the Permian-Pennsylvanian from 9,310-43 with the tool open three hours.

Recovery was 45 feet of slightly gas-cut mud. The tool plugged and operator is preparing to take a drillstem test again, this time from 9,310-48.

Fred Turner Jr. No. 1 Stephen Currie, C SW SW 4-32-56, T&P, 14 miles southeast of Garden City and 4 1/2 miles northeast of the recent Wichita-Albany discovery.

Sinclair No. 1 Scott, C SE SE 10-1-M, EL&RR, drilled to 12,753 in unidentified dolomite.

Standard No. 1-4 Mrs. Smith, C NE SE 2-H-EL&RR, 14 miles north of Lamesa, drilled to 6,040 in lime.

Cities Service No. 1-B Leverett, C NW SW 3-4, Cunningham, was drilling below 4,455 in lime.

Phillips No. 1-C McDowell, C SW NE 31-33-25, T&P, four miles southwest of Lee's, drilled on surface to set at 960.

Sinclair No. 1 G. T. Hall, C SW NE 6-34-25, T&P, took a test in the Permian-Pennsylvanian from 9,310-43 with the tool open three hours.

Recovery was 45 feet of slightly gas-cut mud. The tool plugged and operator is preparing to take a drillstem test again, this time from 9,310-48.

Fred Turner Jr. No. 1 Stephen Currie, C SW SW 4-32-56, T&P, 14 miles southeast of Garden City and 4 1/2 miles northeast of the recent Wichita-Albany discovery.

Sinclair No. 1 Scott, C SE SE 10-1-M, EL&RR, drilled to 12,753 in unidentified dolomite.

Dawson

Fred Turner Jr. No. 1 Stephen Currie, C SW SW 4-32-56, T&P, 14 miles southeast of Garden City and 4 1/2 miles northeast of the recent Wichita-Albany discovery.

Glasscock

Phillips No. 1-C McDowell, C SW NE 31-33-25, T&P, four miles southwest of Lee's, drilled on surface to set at 960.

Howard

Standard of Texas No. 1 Jones, 330 from the south and 1,650 from the west lines section 59-20, LaVaca, was at 2,200 in lime, waiting on cement to set on 7-in. at 2,704.

Martin

Plymouth No. 1 Morris, a mile and a half northeast of town, continued shut in after making 18 barrels of new oil in five hours. It is awaiting storage.

Midland Rites Held Today For Area Pioneer

Funeral services were held at 3 p. m. Wednesday at the Ellis Chapel in Midland for Mrs. Rennie Power Epley, 90, pioneer West Texas ranchwoman.

With her husband, the late J. H. Epley, she had pioneered in Martin and Midland Counties. Mrs. Epley died Tuesday at Abilene after a brief illness. Burial was in the Fairview cemetery beside the grave of her husband who died in 1929.

Born in Yorkum, she was married Aug. 12, 1877. Soon afterward, she and Mr. Epley moved to Stanton where they were engaged in the cattle business. Subsequently they moved to Midland and to Abilene in 1920.

Mrs. Epley was a charter member of the First Baptist Church in Stanton and also at Midland, and she had been active in the First Baptist Church at Abilene. The Rev. Vernon Yearby, pastor of the First Baptist Church in Midland, conducted the last rites.

Local People Attend Funeral At Talpa

Mrs. Coy Nalley and daughter, Janice, were in Talpa Wednesday for the 4 p. m. rites of her uncle, A. A. Brown, 77, who died Tuesday.

Services were to be conducted by the Rev. Curtis Carroll at the Talpa Baptist Church where Mr. Brown had been a member for more than 50 years.

Born in Pontotoc, Miss., he came to Talpa 60 years ago. Survivors are two brothers, Miller Brown, Arthur Brown, and two sisters, Ada Brown and Mrs. W. T. Gregory, all of Talpa.

STEVENSON

self-restraint that goes with confidence. The purpose of our power must never be lost in the fact of our power—and the purpose, I take it, is the promotion of freedom, justice and peace in the world.

And then turning to the theme of patriotism, Stevenson brought up the subject of pressure tactics. "He said: 'Consider the groups who seek to identify their special interests with the general welfare. I find it sobering to think that their pressures might one day be focused on me.'

"I have resisted them before and I hope the Almighty will give me the strength to do so again. And I should tell you now, as I would tell all other organized groups, that I intend to resist pressures from veterans, too, if I think their demands are excessive or in conflict with the public interest, which must always be the paramount interest."

"Let me suggest, incidentally, that we are rapidly becoming a nation of veterans. If we were all to claim a special reward for our service, beyond that to which specific disability or sacrifice has created a just claim, who would be left to pay?"

On freedom of the mind, Stevenson said: "The anatomy of patriotism is complex. But surely tolerance and public irresponsibility cannot be cloaked in the shining armor of rectitude and righteousness. Nor can the denial of the right to hold ideas that are different—the freedom of man to think as he pleases. To strike freedom of the mind with the fist of patriotism is an old and ugly subtlety."

Most of all of us favor free enterprise for business. Let us also favor free enterprise for the mind. "Communism is abhorrent. It is the strangulation of the individual; it is the death of the soul. Americans who have surrendered to this misbegotten idol have surrendered their right to our trust. And there can be no secure place for them in our public life."

Then he went on: "Yet, as I have had occasion to say before we must take care not to burn down the barn to kill the rats. All of us, and especially patriotic organizations of enormous influence like the American Legion, must be vigilant in preserving our birthright from its too zealous friends while protecting it from its evil enemies."

"The tragedy of our day is the climate of fear in which we live, and fear breeds repression. Too often sinister threats to the Bill of Rights, to freedom of the mind, as I have said, are concealed under the patriotic cloak of anti-communism."

Stevenson said there was no justification "for indiscriminate attacks on our schools" and underpaid teachers. "If there are any Communist teachers," he said, "of course they should be excluded, but the task is not one for self-appointed thought police or ill-informed censors. As a practical matter, we do not stop Communist activity in this way."

5,208 Get Free X-Ray

A total of 5,208 persons received free chest X-rays during the seven-day anti-tuberculosis survey conducted by the State Health Department and the Howard County Tuberculosis Association, health authorities reported today.

The survey ended at 5:30 p. m. Tuesday and had been conducted since the previous Tuesday morning. Officials of both the health department and the tuberculosis association today expressed appreciation for the way residents turned out for the chest examinations.

Particularly commended for their work were Rev. Simon Natividad and Mrs. Eloisa Garcia who assisted with registration operations throughout the survey. They also worked many days prior to the start of the program encouraging Latin American residents of the county to participate in the survey, said Lige Fox city-county sanitarian.

Members and officers of the Big Spring Federation of Women's Clubs and local P-TA units also were thanked. Mrs. W. N. Norred was chairman of the P-TA work and Mrs. Hayes Stripling, president, served as chairman of BSWFC activities.

rose to inquire if they had been contacted for consent. "I would like to answer your question this way," Gull replied. "I want you to place in my your faith. I will not be put on record as saying they have been consulted."

When pressed on the question, he asked reporters present to agree to keep what he would say "off the record." No reporter was agreeable.

Gull prefaced his next remark with "this is off the record." Reporters immediately rose and left the room. Gull waited while they did so.

Later a committee member present quoted Gull as saying: "I can assure you (the names of the Democratic candidates) will not be withdrawn."

"That's all I can tell you," the informant told reporters. Only one committee member rose to debate against the Democratic nominees on the Republican ballot.

"It's ridiculous," said Payne Kilbourne, Brackettville. "This sounds more like a convention of Democrats than Republicans."

Neither Shivers nor Daniel would say immediately whether they would ask that their names be withdrawn from the Republican ticket.

"I have asked the people of Texas to let me know what course they think I should take (for or against Adlai Stevenson)," Shivers said in a prepared statement. "I am waiting on their response, which is now coming in, and on the action of the state Democratic convention in September. Other than that, I have no comment."

Said Daniel: "I was not consulted and did not consent to the action of the Republican convention, but as a Texas Democrat who intends to remain a Texas Democrat I am glad that the Republicans have decided not to run opponents against our state nominees."

"I am glad they admit that the Democrats of Texas have chosen the best candidates."

Muntzes Are Parents Of Son Born Tuesday Mr. and Mrs. Paul Muntz, South Rt. Coahoma, are parents of a son, Paul Edward, born at 4:15 p. m. Tuesday at Big Spring Hospital.

The youngster weighed eight pounds and four ounces. His maternal grandparents are Mr. and Mrs. A. A. Beekman, South Rt. Coahoma.

Steel Industry Acquires Some New Headaches

By SAM DAWSON
NEW YORK, Aug. 27 (AP)—The steel industry hopes within a month or so to be breaking all records of production. But it has some doubts as to how long it can keep that up and find customers. And it has some other headaches today too:

1. Earnings of 29 iron and steel companies for the first half year fell 43 per cent behind the first six months of 1952. And the third quarter doesn't look too good, either, because the mills were struck during July and at the end of August still aren't back to capacity output.
2. The \$520 a ton average price hike the mills might count on to sweeten the profit picture is offset, steel executives assert, by higher payroll expenses.
3. Many of the steel mills' customers are grumbling. They fear there's a good deal to what Secretary of Commerce Sawyer says: manufacturers may not be able to pass much of that extra steel cost along in higher prices on the end product. Competition and customer price resistance may prevent it.

The trade weekly, Iron Age, puts a steel customer's plight this way today: "Washington has raised a manufacturer's costs and is crowding because he can do nothing about it."

Steel makers are trying to catch up with the backlog of demand for defense production. But a new element of doubt is creeping in, because customers aren't too pressing.

Before the strike steel executives were predicting that demand would slacken in the closing months of this year and output fall below capacity.

With the mills closed down in June and July, and production still below capacity in August, this timetable for the end of capacity output might be put back until the first part of next year.

But orders for civilian use steel—while good—haven't been nearly as urgent since the strike ended, as some mills had predicted. And steel executives once more are wondering:

1. Will demand for steel slacken before we thought?
2. Will the new higher price cool off some of that demand?

Big Spring (Texas) Herald, Wed., Aug. 27, 1952 7

Entrepreneurs—Mite-Size

A neighborhood enterprise, established and operated by the four neighborhood youngsters above, is the funny book stand at 306 W. 18th Street. The comic books, slightly used, are going for a nickel apiece. Stocks include magazines, 15 cents each, and pocketbooks, a dime. The quartet started their business Monday afternoon and cleared 80 cents before dark. Business, stimulated by a dab of house-to-house selling, was still good Tuesday. Speedy service is assured by the waiting sales staff, left to right, Zay LeFevre, Pat Rogers, Eddie Cole and Jay LeFevre.

Senate Group To Ask Tighter Ag Inspection

WASHINGTON, Aug. 27 (AP)—Sen. Ellender (D-La.) said today that a tentative report of his Agriculture Committee will recommend a "tightening up" of the Agriculture Department's warehouse inspection service.

The committee recently wound up an extensive study of shortages in government grain running into millions of dollars, Sen. Williams (R-De) set off the probe by asserting that some private firms made "fantastic profits" in government grains.

Ellender told reporters today a draft of a report on the probe had been sent to government printers. It will then go out to all members of the committee "on a confidential basis" for possible revision before its public release, Ellender said.

"I believe," he told reporters, "that the Agriculture Department probably should have prosecuted more of those converters."

Converters, he said, were private warehouse men and farmers who removed government grain stored under price-support programs for their own private use.

IN BATTLE FOR OLD BALDY Three GIs Clear Way To Gain Hill

WITH THE U. S. SECOND DIVISION, Korea, Aug. 27 (AP)—Three heroic soldiers of the U. S. Second Division may have turned the tide in the bloody battle for Old Baldy, the strategic hill in Western Korea where Allied troops now are dug-in "for keeps."

A 235-pound sergeant from Kansas, a little corporal from Texas, and a hard-fighting lieutenant were credited today with clearing the way for second division troops to drive Red troops off the crest of Old Baldy.

The 23rd Infantry Regiment's A Company was pinned down by heavy Communist mortar and artillery fire on a finger of the hill. Cpl. Victor Espinoza, 3930 Findley St., El Paso, Tex., and his squad leader gathered all the hand grenades they could carry and charged toward the crest hoping to knock out some of the red guns.

The rest of the company gave as much supporting fire as possible from their heavily shelled positions.

The squad leader was hit on the way up. Espinoza administered first aid, grabbed more hand grenades and an automatic rifle and

stormed back up the hill. This time Lt. W. F. Vaughn, (hometown unavailable), his platoon leader, went with him.

Together they knocked out two bunkers and Espinoza silenced a machinegun with his rifle.

"It was so dark you couldn't see the Chinks until you were only a few yards from them," said Espinoza. "Sure was a funny feeling to be close enough to hear them breathe and not be able to see them."

Sgt. Rebel L. Holcomb, a six-foot-three-inch, 235-pound platoon sergeant of Wichita, Kans., also managed to move to the top. He immediately began firing at the Chinks with a flame thrower. He used up fuel in two of the weapons.

"Sometimes they squealed but most of the time they just grunted and toppled over," said the giant sergeant. "They must have been hopped up because they didn't seem to mind dying. I'll say one thing, though, they defended that hill like it was their last rice paddy."

Vaughn was wounded and from then on it was Holcomb and Espinoza. They threw every hand grenade they had and when their supply was exhausted they picked up enemy grenades and tossed them. Espinoza placed an explosive charge in a Red-held tunnel.

"We went from bunker to bunker," said Espinoza. "We knocked out mortars, machineguns, burp guns and everything they had, I guess."

After the two had cleared the ridge, the company moved to the top of the hill under the leadership of Capt. Arthur W. Pence Jr., company commander, who lives at Glen Ridge, N. J.

Company A joined Company C which had been giving them support and formed a strong line of defense which repulsed two enemy counterattacks during the night and made the 23rd Regiment confident it was on top of Old Baldy to stay.

"It was a very successful operation," said Pence. "I believe we're on the hill for keeps."

Texas GOP Backs Demo State Choices

SAN ANTONIO, Tex. (AP)—Republicans seeking to cinch Texas' vote for Eisenhower hurried ancient party lines and snuffed out the hottest internal feud in state GOP history.

Their convention here Tuesday named a full ticket of already nominated Democrats as "Republican candidates for state offices, an action unprecedented in Texas politics."

It healed a threatened split by a series of conciliatory moves and considerable back-slapping—all in an effort to present a solid front for Eisenhower.

Nominated as Democrat-Republicans were Gov. Allan Shivers for governor; Atty. Gen. Price Daniel for U. S. senator; former Rep. Martin Dies for congressman-at-large. Along with them went the full slate named by the Democrats in July for other state offices.

Their names, under a new Texas law, will go on the November election ballot both as Republicans and Democrats unless the individual candidates withdraw.

To meet that contingency, the convention passed a resolution empowering its State Executive Committee to fill any vacancy that may occur. It already had that power and has taken such action many times in the past.

At the State Capitol in Austin, Gov. Shivers declined comment on the GOP action and Daniel said he was "glad the Republicans admit the Democrats have chosen the best candidates." Whether they would consent to their names being on the GOP ballot remained unanswered.

Republican leaders were frankly confident that none of the designated Democrats would withdraw. They poured praise especially on Daniel and Shivers and passed a resolution commending them for saying they could not support Democratic presidential nominee Adlai Stevenson.

The convention was a total victory for Jack Porter of Houston, new national committeeman from Texas, and his Eisenhower forces. The cross-filing strategy was promoted by this group.

Porter sought and won the election of Alvin H. Lane of Dallas as State Executive Committee chairman, and a new 62-member committee dominated by his friends. But under the compromise which sought to avoid the party into a fighting unit for Eisenhower, the new committee included a substantial sprinkling of the Old Guard.

Another concession was to name Carlos Watson of Brownsville general counsel of the executive committee. Watson, obviously outvoted, withdrew from the contest with Lane, whose election as state chairman was unanimous.

Porter became Texas' committeeman when the National Convention at Chicago voted to seat the Texas Eisenhower delegation rather than the Taft Old Guard delegation.

The Republicans named practically a brand new slate of presidential electors, flatly instructing them to vote for Eisenhower.

It had to be good to get where it is!

Helena Rubinstein

Beauty Consultant direct from the New York Salon of Helena Rubinstein

Meet the personal representative of world-famous beauty authority, Helena Rubinstein. Let her give you, with Madame Rubinstein's compliments:

A FREE BEAUTY ANALYSIS

You'll get an individual analysis of your own beauty problems, just as it's given in the New York Wonder School.

A COMPLIMENTARY 7-DAY HOME BEAUTY COURSE

You'll get a complete home beauty course, in a big illustrated 32-page book—with your free beauty analysis. Based on Helena Rubinstein's famous New York Wonder Course for which women pay \$25—it comes at absolutely no cost to you! It's packed with dozens of beauty secrets, like these below, plus a wonderful 7-day reducing diet and daily exercises.

- 1ST DAY—Learn all about how to care for dry, oily, and "over 30" skin, how to reduce hips and keep them slim.
- 2ND DAY—Are your face and throat flabby? You'll find marvelous exercises to firm them—complete with diagrams.
- 3RD DAY—Is your hair oily? Dry? Learn its complete care. Learn how to correct special skin conditions.
- 4TH DAY—9 out of 10 women make-up wrong. This tells you how to do it right!
- 5TH DAY—Want to see how your lips can actually look bigger? Smaller? Your nose more prominent? Here's the artful art of make-up—all in pictures.
- 6TH DAY—Never underestimate the importance of your eyes. Learn how to make them look larger, more radiant.
- 7TH DAY—Learn where and when and how to wear fragrance. There's a big skin care chart, plus a complete make-up and hair-do chart.

Make your appointment with Helena Rubinstein's Beauty Consultant today. Her time is limited.

Truce Talkers In Recess After Red Outbursts

By SAM SUMMERLIN
MUNSAN, Korea, Aug. 27 (AP)—United Nation and Communist negotiators today called their fifth straight weeklong recess in the Korean truce talks after a Red propaganda blast over shooting of Communist prisoners in U.N. POW camps.

The truce teams talked only 33 minutes in a new Red-built conference hut at Panmunjom.

Neither side budged on the prisoner exchange deadlock, final issue blocking an armistice.

At the suggestion of Maj. Gen. William K. Harrison, chief U.N. delegate, they recessed until Sept. 4. For the past month, the delegations have met only once a week.

North Korean Gen. Nam Il, top Red negotiator, heaped fresh coals on the burning prisoner controversy with a new blast at U.N. treatment of North Korean and Chinese Communist captives.

He declared that since Aug. 11 the U.N. have "repeatedly carried out shameless and cowardly slaughters against our captured personnel, resulting in one killed and 52 wounded." He demanded an accounting.

The U. S. Eighth Army in Seoul yesterday and today announced that four Red prisoners were killed and 64 wounded or otherwise injured in incidents at U.N. POW camps in July and August.

Board Has No Right To Relocate Baker Memorial Hospital

AUSTIN, Aug. 27 (AP)—The State Hospital Board has no authority to relocate the Weaver H. Baker Memorial Sanatorium until authorized by the legislature, the Attorney General ruled today.

The Air Force plans to reactivate Moore Field near Mission where the hospital has been located since abandonment of the field after World War II.

The board may acquire land by gift for the benefit of the hospital, said the opinion, written by Assistant Atty. Gen. John Reeves.

The state has no other installations with enough bed space to care for the 900 patients now in the hospital, Board Director Larry O. Cox said.

A number of sites for relocation have been offered by South Texas cities. The board will meet Sept. 15-16 to consider making a choice.

Use of any of the proposed sites "will have to await authorization by the legislature," the Attorney General said.

"In order to prevent these (900) patients from being released, many of whose cases are infectious and contagious, it is absolutely necessary that plans be made and construction of a new installation be begun at once," Cox advised the Attorney General.

Ellender Refuses To Campaign For Adlai

By G. MILTON KELLY
WASHINGTON, Aug. 27 (AP)—Sen. Allen J. Ellender, peppery Louisiana Democrat, announced today some heat today that he will refuse to campaign for his party's presidential nominee, Gov. Adlai E. Stevenson.

However, while he said he finds himself "apologizing" for previous support of Stevenson, Ellender said he would vote the straight Democratic ticket on election day.

Ellender told a reporter he sees in a recent statement by Stevenson "a drift toward the policies of President Truman which have been so unpopular in the South."

Ellender cited Stevenson's declaration of last Saturday that he backed Truman's veto of a bill designed to reverse a Supreme Court ruling upholding the government's "paramount rights" to rich submerged oil lands lying along the shores of coastal states.

The states claim paramount rights in this wealth, and Ellender said he had assured Louisiana constituents that Stevenson felt the same way.

"Stevenson then did an about

face, and I find myself apologizing for believing his statements that he is a States Rights man," Ellender said.

Four of Louisiana's 10 presidential electors, pledged to Stevenson, have resigned in protest against Stevenson's stand on the tidelands issue.

Ellender predicted "a lot of stay-aways"—both Democrats and Republicans—from the presidential ballot boxes on election day and he suggested this could reach proportions having an important bearing on the outcome.

Ellender emphasized that for his own part "I'll vote for the Democratic ticket, including Stevenson, because I won't carry the Democrats' label as a senator and vote for the Republicans."

"But I'm not going to talk in Stevenson's behalf in the campaign," he said. "I'm going to stay home. I'm rejecting several invitations to speak for him, because I couldn't do so in good conscience." He said the invitations came "from Democratic headquarters."

Canned Fruit Prices May Be Even Lower

WASHINGTON (AP)—The Agriculture Department predicted today that retail prices of canned fruits will be no higher during the late summer and fall than a year ago despite prospects of a smaller production.

It is possible, the agency said, that prices may be a little lower than a year ago. The department's statement said the existence of larger than normal reserves of canned fruits from last year will offset the effect of smaller production this year on prices.

Child Dragged By Car When Rope Is Caught

DANESE, W. Va. (AP)—Seven-year-old Hattie Lou Bragg was happily playing in front of her home yesterday, a 16-foot length of rope tied to her wrist.

She was tossing the free end into the air when it suddenly caught on the front of a neighbor's passing automobile.

The little girl was dragged 150 yards before the driver could be stopped. Hattie died on the way to a doctor's office.

Texas Progressives To Run Candidates For State Positions

DALLAS, Aug. 27 (AP)—The Progressive Party in Texas held its state convention here last night and decided to run candidates for governor and U. S. Senator in the November election.

Naming of the candidates was left up to the State Executive Committee of the party. Several dozen delegates met in a Dallas courtroom for their convention.

They approved federal ownership of tidelands, endorsed nursery schools for children of working mothers without regard to race or creed, asked for an immediate cease-fire in Korea and urged that all war industries be taxed 100 per cent on their profits.

Troops Beaten Back

AMMAN, Jordan, Aug. 27 (AP)—Hashemite authorities said a small Israeli patrol crossed Jordan's border today but were beaten back by frontier guards who killed one Israeli and wounded two others. Jordan reported the incident to United Nations authorities who sent an observer to the scene.

GOP Opens Attacks On Brannan Program

By OVID A. MARTIN
WASHINGTON (AP)—Republicans are trying to turn the tables on Secretary of Agriculture Brannan this presidential campaign year. Four years ago the Democratic farm chief made the Republican-controlled 80th Congress a target in the important Midwestern farm belt on the basis of his farm legislation. Brannan's campaign was credited by the Democrats with playing a major role in President

Truman's upset victory over Gov. Thomas E. Dewey. The 1948 farm issue centered largely on action of the GOP Congress in restricting the government's power to store farm products.

This year, the Republicans have got off to an early start in attacking Brannan. Their guns are being pointed at a controversial farm plan he advanced in 1949 and on a contention that his successful 1948 campaign was based upon misrepresentation.

The GOP claims that the Brannan farm plan—which would expand the government's power to control farm production and make broad use of subsidies to keep farmers prosperous—would regiment agriculture. But Gov. Adlai Stevenson of Illinois, the Democratic presidential nominee, has sought to toss the Brannan plan aside with the statement that it is not recommended by him.

More attention is being paid to charges made by several Republican leaders that the 1948 Democratic victory in the farm belt was gained by a trumped-up issue. These claims have been made by Gov. Dewey, Sen. George D. Aiken of Vermont and Sen. John J. Williams of Delaware.

By mid-summer of 1948, it was quite apparent that bumper crops were being produced. Secretary Brannan came out with statements that there was a shortage of storage space for wheat, corn and other grains. He said the government's price support programs for the grains would not be effective because of a storage shortage.

Under the support program, farmers could get loans at the price support rates provided their grain was stored in acceptable facilities, either commercial or on the farm. This meant, Brannan said, that the farmer who could not get storage would have to accept whatever price he could get in the market.

The Agriculture Department could have helped such farmers, the secretary said, had it not been for the 80th Congress, which deprived the government of authority to build, erect and own storage facilities.

The fact that the 80th Congress took away this storage authority, Brannan claimed, was proof that Republicans would, if given a chance, weaken and destroy the aid programs.

At the time, the Republicans largely ignored the Brannan campaign. However, Dewey, Aiken and Williams have come forward this year with the claim that Brannan deliberately took steps to cause farm prices to fall in 1948 with the idea of trying to fasten responsibility on the GOP for campaign purposes.

They contend there is no evidence that there was an actual shortage of storage space that year. They say there are no reports of any unusual amount of grain going to waste because of inadequate storage and care. The Republicans also contend that Brannan's talk of a storage shortage, had the effect of depressing prices. They further claim that he failed to take other steps permitted by law to halt price declines.

Aluminum And Copper Off U.S. Critical List

By NORMAN WALKER
WASHINGTON (AP)—The government took copper and aluminum off its critical list today and indicated an improving metal supply situation may permit a big boost in military and civilian production next year.

The Defense Production Administration forecast a between supply of steel, copper and aluminum in early 1953.

Copper particularly has become more plentiful, partly because not so much of it was used by manufacturers during the steel strike. DPA Administrator Henry M. Fowler reportedly has advised the Defense Department that more materials can be expected by next April, or earlier. While not suggesting increased military production, he has told the military men they can schedule greater arms production if they wish to do so.

Yesterday, the National Production Authority told the construction industry it can expect considerably greater quantities of materials by next April, or perhaps as early as next Jan. 1 for private building.

A two-year ban on building such recreational facilities as race tracks, pool halls, ball parks and swimming pools also will be lifted next April, or possibly earlier, the NPA said.

In taking copper and aluminum off the DPA's scarcity list, Fowler said quantities of these two key metals are now sufficient, under existing controls, to meet all important needs of both defense and civilian production.

The steel strike, he said, delayed construction of new aluminum plants and aluminum stockpile goals have been boosted. Yet, he said, aluminum will be increasingly available for all civilian uses.

The steel supply, he said, will return to the relatively plentiful state it was before the recent strike by early next year. He said the strike cost about 2 1/2 months production this year.

California Reds In Defense To Be Probed
LOS ANGELES (AP)—Communism in Southern California's defense and radio industries will be investigated by the House Un-American Activities Committee, says Rep. Donald L. Jackson.

Jackson said yesterday that 15 witnesses will be called for a 10-day hearing here beginning Sept. 29.

MELVIN WISE
THE GOSPEL MEETING
OF THE 14th
and MAIN STREET
Church of Christ

Is now in progress and will continue through Aug. 27. Melvin J. Wise of Dallas, Tex., is doing the preaching. Mr. Wise is well known by many in this community as he lived in Big Spring only a few years ago.

The morning services begin at 7:00 a.m. and the evening services at 8:00 p.m.

The public is cordially invited to hear the gospel of Christ preached without fear or favor of man.

Riding THE GRUB LINE

With Franklin Reynolds

Ronnie and Delbert Davidson are two of the Howard County 4-H Club boys who have leveled their aim down on the favorite ribbons at the coming season's steer shows. Both are experienced and skilled hands at the game and they are getting a trio of calves ready.

Ronnie was caught in this picture while giving two of these calves another lesson in leading, in good conduct and graceful posing. Getting steers ready for the show ring is far different from getting them ready for the sale ring. There's more to it than just feeding when the show ring is the goal. Preparing a calf means working with that calf at least a few hours each day, and the boy or girl who doesn't believe readying a steer is hard work had better get interested in something else.

The steer on the left is from the Howard County herd of Perry Walker and the other is from the herd of W. G. Stamper of Jackboro.

Tools Mansfield of Big Spring will headline the annual World's Championship Steer Roping, the Lasso del Llano, sponsored by the Curry County Mounted Patrol which will be held at Clovis, New Mexico, next Sunday August 31, at 2 p.m. (Mountain Standard Time, which is one hour slower than Big Spring time).

Each of the 13 ropers will have five steers in the try for the \$6,000 purse. The show will be held in the Clovis Mounted Patrol Arena.

The contestants, in addition to Mansfield are, Shoat Webster, Nowata, Okla.; Duane Rosenburg, Casper, Wyo.; Jack Skipworth, Clovis; Everett Shaw, Stonewall, Okla.; John D. Hollyman, Ysleta, Texas; Clark McIntyre, Kiowa, Okla.; Hugh Bennett, Colorado Springs, Colo.; Dean Merritt, Cheyenne, Wyoming; Ike Rude, Fort Sumner, N. M.; Carl Arnold, Buckeye, Ariz.; John Scott, Miles City, Mont.; and Cotton Lee, Fort Sumner.

The difference in a country that has a little rain and one that has less rain is to be found in a report of sales on the Clovis, New Mexico, cattle market last week.

Charles Donthitt of Lampasas

Ex-Dancer's Death Is Due To Sedatives
CHICAGO (AP)—Mrs. Georgia de Laurentis, 28-year-old one-time dancer whose nearly nude body was found in a suburban ditch Aug. 4, died of chronic alcoholism and an overdose of sedatives, the coroner's office said yesterday.

The announcement said the cause of death was determined by chemical analysis. Police at first had suspected foul play after the woman's body, clad only in a brassiere and with a woman's belt and scarf knotted about the thighs, was found in suburban River Grove.

Rankin Is Loser In Mississippi To Ex-Colleague

By KEITH FULLER
JACKSON, Miss. (AP)—Rep. John Rankin, the last of Mississippi's old-school white supremacists and denouncer of Yankees, has lost his seat to his former colleague Rep. Thomas Abernethy.

Rankin and Abernethy were opponents because the State Legislature combined their districts last April to eliminate a congressional seat lost in the 1950 census.

Rankin conceded defeat early today after unofficial returns from 341 of the district's 358 precincts in yesterday's state Democratic primary showed: Abernethy, 26,903; Rankin, 20,568.

The 49-year-old Abernethy was reserved about dethroning the 70-year-old dean of the Mississippi congressional delegation, who was seeking his 17th term in the House of Representatives.

Abernethy's victory statement said he had been Rankin's friend during his own 18-year tenure in Congress. "I regret we found ourselves in the same district, thus making our opposition unavoidable."

Rankin, chairman of the House Veterans Affairs Committee, was co-author of the bill creating the Tennessee Valley Authority and author of the measure creating the permanent House Committee on Un-American Activities.

Abernethy, a senior member of the House Agriculture Committee, based his campaign on two issues: his position in Congress to aid farmers and his comparative youth.

Rankin belittled the administration's farm program and declared it did things "to rather than for the farmer."

Mississippi voters kept the state's bone-dry prohibition law by turning down a county-option liquor proposal.

Sixty-seven of the 82 counties were against county option; 15 favored it.

In other races U. S. Sen. John Stennis led in every county to win his bid for re-election against undertaker William Davis.

U. S. Reps. John Bell Williams, Arthur Winstead and William Colmer, incumbents, rolled over all opposition to win another term in Congress.

Two other congressmen, Reps. Jamie Whitten and Frank Smith, were unopposed for renomination on the Democratic ticket, tantamount to election in this predominantly Democratic state.

Dulles Charges Foreign Policy Of Administration Is Suicidal

BUFFALO, N. Y. (AP)—John Foster Dulles rapped American foreign policy today as "suicidal" and proposed a plan to disintegrate "the empire of Soviet communism" from within.

The Republican foreign policy adviser delivered his sharp attack in an address prepared for delivery before the American Political Science Association.

He called upon the United States to pay more attention to the peoples and problems of Asia, Africa and South America and to abandon as a failure its program of "containing" communism.

"The empire of Soviet communism can be disintegrated from within," Dulles said, adding: "Already it is over-extended, covering 800 million people of what were recently 19 different independent nations. The structure could be cracked by passive resistance, slow-downs and non-cooperation."

"That would happen if our nation would today exert the same type of influence in the world that we exerted during the first century of the republic. At that time we symbolized freedom, and we gave moral and sometimes material support

to those elsewhere who sought liberty."

The only alternative way to stop Soviet communism, he said, was by a "frightful head-on collision."

He said the Soviets traditionally believed the "road to victory in the West" lay through Asia, particularly China, and that non-Western and non-white peoples could not be treated as "second-class expendables" if the West wanted to survive in a free world.

The chief architect of the Japanese Peace Treaty said present foreign policy involved "race discrimination on a global scale" by concentrating on the defense of predominantly white Western Europe.

"That is a wrong policy and, in the face of the Soviet program of encirclement, it is a suicidal policy," he said. "It must be changed, changed."

CHICAGO (AP)—A federal grand jury continued investigation today into charges that 25 employees of the Chicago Postoffice paid bribes ranging from \$300 to \$1,900 each for promotions.

Testifying at yesterday's opening session were three men who have been promoted recently. Details of the testimony were not disclosed.

The investigation resulted from an inspector's report that bribes had been paid higher-ups in the office for better jobs.

SHREVEPORT, La. (AP)—A search was made today for a Democratic presidential elector who favors the Stevenson-Sparkman ticket.

N. B. Carstarphen, chairman of the Democratic State Central Committee, issued a call for volunteers to fill the post vacated by W. Scott Wilkinson of Shreveport, one of Louisiana's 10 electors.

Four of the electors have quit and two others have asked for time to decide whether they will keep the post.

Carstarphen's appeal came after no logical replacement indicated willingness to succeed Wilkinson.

This failure, the party chairman said, was "a cause of great concern for myself and the central committee."

"The position of presidential elector," he continued, "has always been considered in the past to be a most coveted post. Traditionally, it is much sought after."

Carstarphen said there was no limit to the number of volunteers who might apply for the electoral post. The only stipulation is that he must commit himself to cast his ballot in the electoral college for Gov. Adlai Stevenson of Illinois and Sen. John Sparkman of Alabama.

Wilkinson and Grove Stafford of Alexandria quit on Aug. 20, the day the State Central Committee placed the names of Stevenson and Sparkman on the ballot under Louisiana's traditional Democratic symbol, the rooster.

Coal Pact Meetings Take A Week Recess
WILKES-BARRE, Pa. (AP)—Contract negotiations between the United Mine Workers and the hard coal industry began a week's recess today.

The operators and UMW chief-tain John L. Lewis agreed yesterday to move the talks to Washington Sept. 3, two days after the end of the 10-day "memorial" holiday now being observed by miners.

to those elsewhere who sought liberty."

Louisiana Is Looking For Dem Electors

SHREVEPORT, La. (AP)—A search was made today for a Democratic presidential elector who favors the Stevenson-Sparkman ticket.

N. B. Carstarphen, chairman of the Democratic State Central Committee, issued a call for volunteers to fill the post vacated by W. Scott Wilkinson of Shreveport, one of Louisiana's 10 electors.

Four of the electors have quit and two others have asked for time to decide whether they will keep the post.

Carstarphen's appeal came after no logical replacement indicated willingness to succeed Wilkinson.

This failure, the party chairman said, was "a cause of great concern for myself and the central committee."

"The position of presidential elector," he continued, "has always been considered in the past to be a most coveted post. Traditionally, it is much sought after."

Carstarphen said there was no limit to the number of volunteers who might apply for the electoral post. The only stipulation is that he must commit himself to cast his ballot in the electoral college for Gov. Adlai Stevenson of Illinois and Sen. John Sparkman of Alabama.

Wilkinson and Grove Stafford of Alexandria quit on Aug. 20, the day the State Central Committee placed the names of Stevenson and Sparkman on the ballot under Louisiana's traditional Democratic symbol, the rooster.

WESTERN STATES TOUR

Stevenson Planning 9-State Campaign

SPRINGFIELD, Ill. (AP)—A 7,000-mile plane-train campaign tour through nine Western states is planned by Gov. Adlai E. Stevenson, the Democratic presidential nominee's headquarters announced last night.

The swing into the West will open at Denver on Sept. 5. Stevenson will give a televised speech the night of Sept. 5 after meeting during the day with supporters from 11 Western states.

He will return to the Midwest on Sept. 6 for a major farm speech at the National Plowing Contest at Kasson, Minn. Gen. Dwight D. Eisenhower, Republican presidential nominee, also is booked to speak at Kasson the same day.

From Kasson, Stevenson will fly into Wyoming and Montana. Wilson Wyatt, Stevenson's campaign manager, said stops are tentatively booked for Cheyenne, possibly Casper, Wyo., and for Billings, Mont.

The tentative schedule calls for Stevenson to make stops in both Portland, Ore., and Seattle, Wash., on Sept. 8. On Sept. 9, he is booked to make a major speech in San Francisco. On the following day he will board a train at San Francisco for a "whistle stop" trip down the San Joaquin Valley. The train is to arrive in Los Angeles the night of Sept. 10 but Stevenson's speech in Los Angeles is booked for Sept. 11.

Leaving Los Angeles on Sept. 12 by plane, the governor and his party plan stops during the day at Phoenix, Ariz., and Albuquerque, N. M.

Wyatt said after the Western tour Stevenson will swing eastward on the second phase of his campaign. A swing into the South will follow the Eastern trip.

FRIENDLY LETTER SERVICE

Would you like to receive a personal letter weekly from an understanding friend? One whom you can complain all your daily little troubles and sorrows to?

Tell me about your boy friend or sweetheart or relative in the armed service.

Share confidentially with me your personal worries, your so-called little idiosyncrasies, and your small faults, or your ideas, ambitions, ideals, personal wishes.

Let me help you to pass some of your long lonesome weary and bored hours cheerfully away.

Housewife, husband, widow, widower, working girls, career women, college girls and boys, institutional students and inmates write me, talk to me about yourself, and I will help you along life's highway to happiness in many ways.

This invaluable personal service is yours for only \$5.00 per month (four letters) or \$2.00 per single letter. Money Order or registered letter.

Address Paul, FRIENDLY LETTER SERVICE P. O. Box 5085 St. Petersburg Beach, Florida

Texas Group Nominates Mac For Presidency

SAN ANTONIO, Aug. 27 (AP)—Constitution Party of Texas delegates last night nominated Gen. Douglas MacArthur as their candidate for President. The party also nominated Sen. Harry Byrd of Virginia for vice president.

About 150 delegates from 12 cities attended the opening convention session in the Menger Hotel. Among them were several disaffected Old Guard delegates to the Tuesday Republican convention. The Rev. Jim McClain of Dallas was principal speaker. He lambasted the welfare state, "the socialist New Deal and the insipid platform of the Republican Party."

Party Chairman Bard A. Logan presided at the meeting. Phillip Lee Eubanks will preside at Wednesday sessions. Roy Penry will be Wednesday speaker. Other state party officers are Mr. James H. Hance, vice-chairman; Bryce Durbin, secretary; Merlin L. Cook, treasurer, and Eubanks, the registrar. The Rev. McClain was elected state chaplain.

National Constitution Party committee members are Eubank and Mrs. Pat Corder of Dallas. Mrs. Hance, in a speech at the opening session, emphasized the importance of the women's vote and said she strongly endorsed Sen. Joe McCarthy of Wisconsin.

Among those present at the meeting were Col. George Murphy of Galveston, Old Guard GOP leader; Mrs. W. A. Turnbull ousted Bexar County Republican executive committee woman, and Cyclone Davis Jr., self-styled candidate for lieutenant governor, Mike Nolte ousted Bexar Republican committeeman, dropped in to visit with delegates before the convention opened, but did not stay for the business sessions.

72 New Casualties

WASHINGTON (AP)—The Defense Department today identified 72 casualties of the Korean War. The new list (No. 57) included 11 killed, 52 wounded, four accidentally injured and five missing in action.

Culver, Thompson Seem To Be Winners

By The Associated Press
Judge Frank P. Culver of Fort Worth apparently had won nomination today to Place 1, State Supreme Court, over Attorney Spurgeon Bell of Houston.

Texas Election Bureau returns also indicated a clear victory for Rep. Clark Thompson of Galveston who made a third term bid against the determined opposition of Sheriff T. W. Buckshot Lane of Wharton County.

Grandstaff Gets Prison Term Again

Frank Grandstaff, whose music won him a pardon from the Tennessee State Prison, is headed for another term behind bars.

The 50-year-old composer drew concurrent terms of one to three years each Tuesday in Milwaukee after he was found guilty of burglary and attempted burglary. Grandstaff was serving a life sentence in Tennessee when he drew a pardon two years ago, following a furlough to visit Big Spring. He was granted the furlough to visit this city to hear his cantata "Big Spring" which he composed behind prison walls.

Last May 18 Grandstaff was arrested in Milwaukee and accused of burglarizing one home and attempting to burglarize another.

In his final report of Saturday's Democratic run-off election, the Texas Election Bureau's unofficial figures showed Bell with 308,420 votes to 316,789 for Culver. The returns were from 252 of Texas' 254 counties with counting complete in 221.

Complete unofficial returns gathered in the 15-county Ninth Congressional District gave incumbent Thompson 29,943 votes to 29,671 for the colorful Lane. That gave Thompson, Galveston business man, a paper-thin margin of 272 votes out of nearly 60,000 cast.

Galveston County returns in the Thompson-Lane race, meanwhile, were under question. Atty. Gen. Price Daniel said he would investigate the situation in Galveston County "if specific allegations of fraud were furnished." Gov. Allan Shivers had turned over to the attorney general about 52 requests for a probe after receiving them by telegram Tuesday.

Shivers said he had no power to start an investigation. And he added the telegrams did not specify any alleged voting irregularities.

Although the Texas run-off vote was light, less than 650,000 out of the voting strength of about 2,500,000, the vote in Galveston County was heavy. The Congressional race and a hot fight between veteran Sheriff Frank Blaggne and a so-called reform candidate were credited with bringing out a heavy vote. Blaggne won his bid for re-election, too.

County Agent's Aide Due Here September 1

A new assistant Howard County agricultural agent will arrive in a few days to assume his duties in the office of County Agent Dur-

ward Lewter Sept. 1. It has been announced by County Judge Walter Grice.

The new assistant is James Wrenn, who graduated this year at Texas A&M College. He is married and he and Mrs. Wrenn have two children.

BIG SPRING

Kirby Favorite In Tournament At Portland

PORTLAND, Aug. 27 (AP)—Most of the favorites were still in the picture but the ax falls twice today as 32 contestants head into the second and third rounds of match play in the Women's National Amateur Golf Championship.

Leading the parade, and doubling the most reliable favorite in the field, was the defending champion and medalist from Atlanta, Dorothy Kirby.

Playing will be split to 16 in the morning round, and on down the select eight by nightfall.

Champion Dorothy, who played well enough but hardly up to her own standard yesterday in winning a 4 and 3 decision over Mrs. Frank T. Fisk of Portland, teed off today against Mary Agnes Wall, of Menominee, Mich.

Perhaps the closest clash was between Claire Doran of Cleveland, runner-up for the title at St. Paul last year, and capable Mary Ann Downey, Maryland and former Trans-Mississippi champion from Baltimore.

The trio gave up only six hits among them and Reguera closed with a home run and a walk to end the game.

Corrales hurled the final inning for Big Spring and ran into trouble when runners reached first and third but Wayne Crawford was called out on strikes and Juan Visteur made a sensational running catch of Les Palmer's fly ball in center to end the game.

Big Spring had a 3-0 lead going into the fifth inning but the Rockets put together hits by Bobby Lemmel and Stubby Greer with a walk.

Corrales had a 65 for third place, Bob Satterwhite was fourth with a 66 and Kelly Lawrence fifth with a 67.

In women's play, Leona Freeman and Lois Hodges finished in a tie for second, each with a 70, and Mrs. Wright won the playoff.

In children's play, Tommy Neel, was first, Billy Edwards second, Frank Powell third and Sammy Sue McComb fourth.

A total of 28 players competed.

Sherman Moves Into 4th Spot

The McAlester Rockets mathematically clinched the Sooner State League pennant Tuesday night with a 10-8 win over Shawnee, Chickasha, the second-place contender, lost to Ardmore, 4-2, and dropped eight games off the pace.

The Serman Twins won a season-long uphill battle for a first division berth, beating Lawton, 14-9, and moving into a tie for fourth place with Shawnee.

The third-place club, Pauls Valley, scored seven times in the second inning and went on to beat Ada, 13-9.

QUINTANA'S HOMER DECIDES IT

Broncs Sew Up Spot In '52 Playoffs With 7-4 Victory

Witty Quintana's 23rd home run of the season, coming with two mates aboard in the eighth, enabled the Big Spring Broncs to defeat the Roswell Rockets, 7-4, in the first of a three-game series here Tuesday night.

The triumph clinched the locals a spot in the Longhorn League's Shaughnessy playoffs for the sixth consecutive season. It also protected the Steeds' two-game bulge over Midland in the battle for second place.

Big Spring used three hurlers, with Reggi Corrales finishing the chore after Bert Estrada and Oscar Reguera had given it a whirl.

Reguera gained credit for the win, his eighth of the campaign against three losses.

The trio gave up only six hits among them and Reguera closed with a home run and a walk to end the game.

Corrales hurled the final inning for Big Spring and ran into trouble when runners reached first and third but Wayne Crawford was called out on strikes and Juan Visteur made a sensational running catch of Les Palmer's fly ball in center to end the game.

Big Spring had a 3-0 lead going into the fifth inning but the Rockets put together hits by Bobby Lemmel and Stubby Greer with a walk.

Corrales had a 65 for third place, Bob Satterwhite was fourth with a 66 and Kelly Lawrence fifth with a 67.

In women's play, Leona Freeman and Lois Hodges finished in a tie for second, each with a 70, and Mrs. Wright won the playoff.

In children's play, Tommy Neel, was first, Billy Edwards second, Frank Powell third and Sammy Sue McComb fourth.

A total of 28 players competed.

Sherman Moves Into 4th Spot

The McAlester Rockets mathematically clinched the Sooner State League pennant Tuesday night with a 10-8 win over Shawnee, Chickasha, the second-place contender, lost to Ardmore, 4-2, and dropped eight games off the pace.

The Serman Twins won a season-long uphill battle for a first division berth, beating Lawton, 14-9, and moving into a tie for fourth place with Shawnee.

The third-place club, Pauls Valley, scored seven times in the second inning and went on to beat Ada, 13-9.

and a balk on the part of Estrada to get two tallies.

In the sixth, the visitors went to the fore for the first time when Estrada's control deserted him. He issued bases on balls to Pete Tusa and Van Huppert, a hit to Audie Malone that brought in a run and another walk to Andy Alonso to load them up.

He then delivered two balls to Lemmel before giving way to Reguera, who gave up the walk to force in a run and put Roswell ahead. Reguera then struck out Bobby West and got Greer on a long fly to end the threat, however.

DIAMOND DUST—Ossie Alvarez turned in one of the great catches of the season when he speared Palmer's line drive in the sixth, leaping high in the air to bring it down.

Visteur's game ending catch rivaled it for brilliance, however.

Palmer and Tusa tried to steal in succession in the seventh and each was thrown out by Al Valdes.

The game lengthened out, stretching to two hours and 40 minutes.

The old-timers' game, which preceded the main bout, turned into a hilarious event, as all the Broncs played out of position.

Costa did the pitching for the Steeds... Crawford put the blast on Umpire Bill Valentine for a called third strike in the ninth.

Alonso was seeking his 18th win but took his ninth loss.

Bob Feller Flashes Return To Form As Cleveland Wins

Yanks Retain Edge In Race

By JOE REICHLER Associated Press Sports Writer
"Expendable" Bob Feller may have lost some of his mound magic of years ago but by the stout-hearted Cleveland righthander is not ready to act as a sacrificial lamb for anyone.

The former strikeout king was enjoying the last laugh today following one of his better performances of the year in which he teamed up with three other "expendable" teammates to bring a most important victory to the Indians.

The one-time Iowa farmboy came within two outs of winning a hurling duel from the fabulous Bobby Shantz last night before leaving the mound in the ninth inning with the Indians and Athletics deadlocked at 3-3.

The Indians went in to capture a thrill-packed 6-3 triumph in 11 innings to remain within one game of the American League-leading Yankees, who whipped the St. Louis Browns, 6-3, in New York.

A two-run triple by castoff Barney McCosky, a Philadelphia discards, snapped the 3-3 deadlock and gave reliever Lou Brissie the win.

Brissie, who also once wore the livery of the Athletics, retired all eight men he faced and struck out pinch hitter Keith Thomas and the dangerous Eddie Joost with the bases loaded and one out in the ninth after relieving Feller.

It was a great night for Manager Al Lopez, who not only saw Feller pitch one-hit ball for seven innings, but had the satisfaction of seeing George Strickland, his emergency shortstop, elude a two-run homer in the seventh to break up a scoreless duel between the two Bobbies.

It was only two days ago that Lopez had benched Ray Boone and had given the post to Strickland, a throw-in in a duel with Pittsburgh.

Brooklyn's runaway Dodgers moved a step nearer to the National League flag, sweeping the four-game series in St. Louis with a 4-3 success over the Cardinals.

The second-place New York Giants remained 10 1/2 lengths behind the Dodgers, winning a 14-7 slugfest in Pittsburgh. Boston's Braves blanked the Reds in Cincinnati, 2-0, and the Chicago Cubs eked out a

13-inning 3-2 victory over the Philadelphia Phillies.
Washington moved into fourth place in the American League as Holt Porterfield batted in the only run in winning a 1-0 mound duel from Billy Pierce of the Chicago White Sox. The third place Boston Red Sox continued to trail the Yankees by 3 1/2 games, vanquishing the Detroit Tigers, 11-3.

Feller had won 239 big league games including three no-hitters but few of them have given him more satisfaction than yesterday's dramatic, albeit winless performance against Shantz and the A's.

According to a Cleveland writer, Feller, assigned to oppose Shantz in place of Mike Garcia, the Cleveland ace, was being sacrificed to the 22-year-old winning Philadelphia southpaw.

"Feller will be in there tonight," said Ed McAuley, the able sports columnist of the Cleveland News. "If the fabulous little Bobby Shantz is to win his 23rd game at the expense of the Indians, it will hurt less if he wins it from Feller."

"We'll see tonight who is expendable or who is being sacrificed," was Feller's reply.

The Yankees won in the ninth inning when Joe Collins smashed a home run with two out and two

runners on base to hang the defeat upon Satchell Paige, the ageless Brownie relief pitcher. The Yankees had tied the score in the eighth.

Rookie catcher Sammy White had batted in five runs with a pair of doubles and a single as the Red Sox downed the Tigers.

A two-base wild throw by catcher Del Rice on a dribbler hit by George Shuba just 10 feet in front of the plate allowed two Brooklyn runners to score in the ninth, enough to give the Dodgers a 4-3 decision over the Cards.

In the other games, Warren Spahn pitched a five-hit shutout for the Braves over the Reds. De Fendy singled to score Hank Sauer with the run that gave the Cubs their 13-inning triumph over the Phillies and Hoyt Wilhelm won his 13th game in relief as the Giants chabbed five Pittsburgh pitchers for 6 hits.

Wright put a 63 but who had to beat his brother, Marvin Wright, in a playoff to cop the blue ribbon.

Dan Hoover had a 65 for third place, Bob Satterwhite was fourth with a 66 and Kelly Lawrence fifth with a 67.

In women's play, Leona Freeman and Lois Hodges finished in a tie for second, each with a 70, and Mrs. Wright won the playoff.

In children's play, Tommy Neel, was first, Billy Edwards second, Frank Powell third and Sammy Sue McComb fourth.

A total of 28 players competed.

Hot Hurler

Virgil (Fire) Trucks, veteran Detroit right hander, holds his sweat-stained cap as he mops his brow in the dressing room at Yankee Stadium, New York, after racking up his second no-hitter of the 1952 season. He defeated the World Champion New York Yanks, 1-0, allowing no hits and permitting only three men to reach base. In May he hurled a no-hitter against Washington at Detroit. (AP Wirephoto).

VERNON SELLS OUT

Carlsbad Grabs LL Franchise

The long-rumored transfer of the Vernon Longhorn League franchise has been announced, with delivery to be made in 1953.

Sale of the club of Carlsbad, N. M., interests for \$10,000 was announced Tuesday. The sale is subject to the approval of league directors but is not due to experience any trouble.

If Vernon remains in professional baseball, it will enter the Sooner State League, according to reports.

The Carlsbad interests, headed by C. F. Montgomery, plan to take possession of the Vernon club's assets immediately after the close of this season. The Dusters are finishing their season on the road.

Corpus Beaten In Gulf Coast

Fast take-offs led to crash landings in the Gulf Coast League Tuesday night when high flying Port Arthur, the loop leader, and second-place Corpus Christi suffered setbacks.

As it happened to Lake Charles and twice to Brownsville, so did an early lead by Port Arthur and the Aces only provide the cue for opponents to bounce back and win.

Port Arthur scored single runs in the first two frames, yet lost to Galveston's late surge, 7-2. Corpus Christi tallied twice in the first, second and fourth frames then was turned under, 14-6, by Harlingen.

Laredo came back twice against Brownsville, 2-1 and 18-1. In the other game, Texas City scored twice in the eighth to beat Lake Charles 3-1.

SAYS SWEETWATER SCRIBE

Ponies Face Tough Card But Prospects Are Fine

By BUD WORSHAM Sweetwater Reporter

SWEETWATER—When the Texas high school football practice bugle sounds next Monday, one of the—if not THE—biggest and most experienced squads in Sweetwater gridiron history will report to Coaches Pat Gerald, Mel Grigg and Tommy Hinson for daily workouts.

Seldom has there been such a wealth of material for local coaches, who heretofore have had to depend on a handful of players to mold a winning combination.

Boasting seven returning offensive regulars and seven defensive starters from the 1951 club which won four and lost six, Sweetwater High School will be an odds-on favorite to beat out Lamesa, Vernon, Plainview, Big Spring and Snyder for the district 1-AAA (3A-1) championship.

The Mustangs are also expected to be rated near the top in the state Conference 3-A race with the two '51 finalists, Temple and Breckenridge.

Among Sweetwater's returning veterans this fall are the four first-string backs of last year Quarterback Joe Feagan, Halfbacks James Butler and Don Reagan, and Fullback Angel Olvera.

Tackles J. W. Patton and Al-an Thompson and Guard Frank Glass round out the offensive returnees from the 1951 starting squad. In addition to Thompson, Olvera and Feagan, other front-line defensive veterans back for another campaign are End Harold Green, Guard Jack Leonard and Halfbacks Hal (Fox) Byrd and Mark Bishop.

Sweetwater's only first-string losses of 1951, who played both offense and defense, are Ends Deric Rudd and Charles Wilson, Guard Ira Hill and Center Lloyd Ware.

Butler, a dash man in track, was an "all-district" selection last year and he scored 56 points, the third best mark in the district. The 140-pound speedster ranked as the Mustangs' top ball carrier, gaining 1,024 yards in 144 tries, or 7.1 yards per carry.

Olvera, a 165-pounder, was second in yards-gained-rushing for the Ponies in '51—216 yards in 50 carries. Reagan, 160, made 189 yards on 62 trips, while Bishop—who alternated with Olvera at the fullback slot—gained 180 in 42 carries.

Feagan, who now weighs 193 pounds, did most of the Mustang passing last year, completing 50 of 103 aerials for 657 yards, Butler caught 28 passes for 439 yards.

Probable weights of the returning first-string linemen: Patton, 225; Thompson, 190; Glass, 160; Green, 170; Leonard, 200; Byrd, 185; and Bishop, 185.

However, the Mustangs won't depend solely on the above-named veterans for gridiron glory in 1952.

Among the other boys of equal ability, who may earn starting berths, are: End Dell Greer, 165; End J. B. Moss, 195; Guard Billy Stone, 190; Fullback Eugene Kouri, 155; Center Charles Cupp, 185; Tackle Clifford Wilson, 195; Center Jack Summerville, 160; End Glendell Petty, 160; Tackle Joe McCutchen, 195; Halfback Coy Berry, 150; Guard Leroy McElroy, 160; Tackle Dick Amos, 155; Halfback Charles Hudgins, 140.

The Mustangs launch their 1952 non-conference season on Friday, Sept. 12, with the Class 2-A Levelland Lobos.

Sweetwater then tackles three of the Class 4-A schools: Odessa, there, Sept. 19, Abilene, there, Oct. 26, and San Angelo, here, Oct. 3. Following two open dates in succession, the Mustangs open district play with Plainview here on Oct. 24.

The Ponies travel to Vernon for a title battle on Oct. 31, then journey to Corpus Christi on Nov. 8 for their fifth and final non-conference bout with the 4-A powerhouse, J. B. Ray High.

Other district games: Nov. 14, Snyder here; Nov. 21, Lamesa there; and Nov. 27, Big Spring there.

Hunter Named Most Valuable

DALLAS, Aug. 27 (AP)—Bill Hunter, Fort Worth shortstop, and Hal Erickson, Dallas pitcher, have been named player and pitcher-of-the-year respectively in the Texas League.

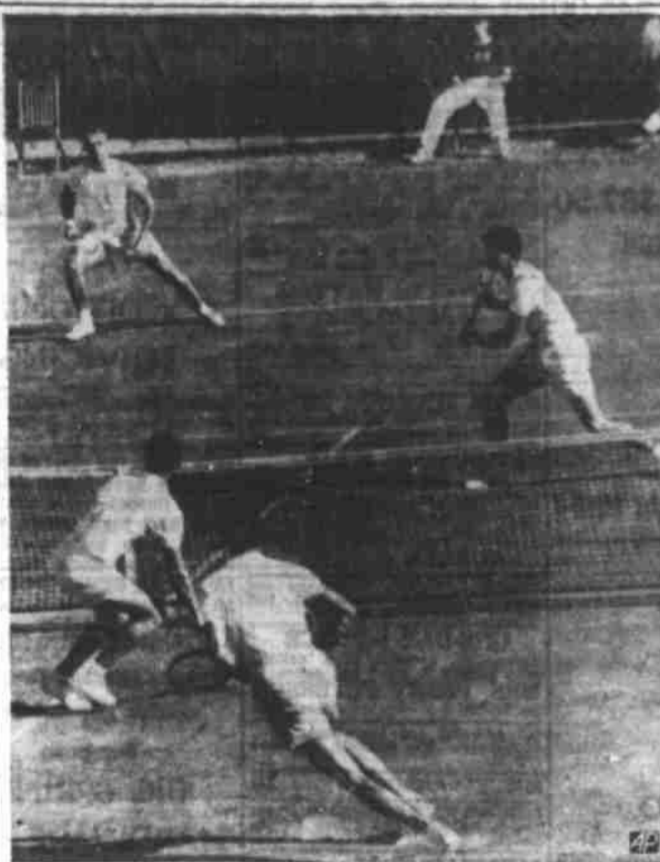

Dave Hoskins of Dallas and Vern Kennedy of Oklahoma City were second and third in the balloting by sports writers and sportscasters of the league cities on pitcher-of-the-year.

Harry Heslett, San Antonio outfielder, and Wayne Belardi, Fort Worth first baseman, ranked next to Hunter for player-of-the-year.

Hunter and Erickson each will receive \$100 and a plaque, their clubs to make the presentations.

Panzer is First DALLAS, Aug. 27 (AP)—Al Panzer of the Fort Worth Star-Telegram won the Texas League pitcher-of-the-month contest for July, League Secretary Milton Price announced today.

His winning picture was "winning run upcoming," showing Fort Worth's Wayne Belardi sliding into third against Houston.

Champions Defeated

Two comparative strangers from opposite ends of the world, Philadelphia's Vic Selgas (back left) and Australia's Mervyn Rose (back right) dethroned great Frank Sedgman (front left) and Ken McGregor (front right), also of Australia, as National Doubles tennis champions at Longwood in Boston, Mass. After subjecting Sedgman and McGregor, hailed as the world's best doubles team, to terrific pressure from the start to the finish, Selgas and Rose turned in an upset 3-6, 10-8, 10-8, 6-8, 8-6 victory. (AP Wirephoto).

LOOKING 'EM OVER

With Tommy Hart

Larry McCulloch, the ex-Big Spring High School basketball coach who now holds that job with Odessa Junior College, writes this department—with tongue in cheek—saying what he needs are five 6-foot-6 boys to go with what he has.

He begins basketball trials today and continues them through Saturday. He'll welcome all who care to try out for the squad. The first three days of the drills will extend from 5 p. m. to 7 p. m. There'll be two workouts Saturday, from 2:30 to 4 p. m. and again from 5:30 to 7 p. m.

Odessa JC is returning to athletics in a big way, although it will not field a football team. It will back baseball, track, tennis and golf teams, as well as a cage club.

Look for the SMU football team to do much more running this season than at any time in recent years. For one thing, Coach Rusty Russell was criticized more than a little last year for building his attack almost exclusively around his passing game.

For another, he's got boys in Frank Eldom and Jerry Norton who can lug the leather. Good as Norton is, Eldom may be better in the ball carrying department.

Spec Gammon, who has been sports editor of the Odessa American, is giving up that job to enter the field of radio. Larry King, who used to be sports editor of the Midland paper, is also in radio. Gammon's place is being taken by Ben Peeler.

KENNY JONES NEAR 300 IN BATTING Kenny Jones, the former Midland backstop, has a good chance to finish the Big State League season with a 300 plus batting average. Latest records showed him with a .295 mark. He's with Temple.

Julio Ramos, the ex-Big Spring hurler who is now with Paris in the Big State wheel, had won 12 games and lost 11, the more recent records showed.

Leroy Gibson, the Stanton redhead who won his football letter as a freshman at Texas Western College in El Paso last season, will be out for grid drills with the Miners Sept. 1. He's a back.

Marshall Robnett, the one-time All-America gridder for Texas A & M, is now in the construction business in Dallas.

PRIEST WAS AT HIS BEST UNDER PRESSURE A San Diego Padre scout picked a fine time to watch Jesse Priest, the one-time Sweetwater hurler, in action.

The scout, who happened to be Bill Starr, the Padre proxy himself, looked on as Jesse, now with Albuquerque, authored a one-hitter as the Dukes won, 5-0. Priest knew Starr was in the stands, too.

Harold Rosson, the former HCJC cager, may wind up in Baylor this fall.

GERALD AND JERRY, THEY'RE THE SAME In answer to several inquiries, Gerald Scott and Jerry Scott are one and the same people. He's the young golfer who is just about Big Spring's best bet to win the invitational tournament going on here this week end.

Dallas Negro Hurler Will Be Honored Thursday Nite By HAROLD V. RATLIFF DALLAS (AP)—Dave Hoskins, called by some "the savior of the Texas League," gets his "night" tomorrow night.

The Dallas Negro pitcher, who has packed in 164,301 fans in 30 appearances, will be honored at Ft. Worth as he hurries for his first game in a crucial series between the clubs leading the league. Negro citizens of Ft. Worth will hold the night for him.

Hoskins, first Negro to play in the Texas League, will be seeking his 20th victory of the season. Not only has he been valuable as a gate attraction but he has been a most important man in the Dallas pennant drive. He's the leading pitcher (19-10) and also the club's leading hitter, batting .327.

To show his value as an attraction, Hoskins has actually added \$2,850 to the league attendance.

SEE ME BEFORE THE FIRE Emma Slaughter 1305 Gregg Phone 1322

Notre Dame May Be A Year Away As Grid Power

By CHARLES CHAMBERLAIN SOUTH BEND, Ind. (AP)—They used to laugh when Frank Leahy sang the blues. But this year he may be better in tune.

The perennially pessimistic coach, molder of Notre Dame football giants, is in the middle of a rebuilding job.

It may take a year or so longer before he uncages another monster to begin a reign of terror on the nation's gridirons.

This 44th birthday of Leahy finds the perfectionist in good spirits.

I am pleased that our team has not been picked for the mythical national championship weeks in advance of the opening games," he said. "We do not have too much to look forward to this season and most football experts realize it."

Does that mean you will lose all 10 of your games, Frank? "We could, you know," he chuckled. "Our schedule is the most difficult ever attempted by a Notre Dame squad."

In order, the Irish will take on Penn, Texas, Pitt, Purdue, North Carolina, Navy, Oklahoma, Michigan State, Iowa and Southern California.

Although the Notre Dame giant that until 1950 roamed through four undefeated seasons is presumably now under a sedative, it still is not dead.

Leahy has 31 lettermen in his hair, the largest batch in the Midwest. Thirty or 40 more pent-up gladiators will join them next week to start preparations for Notre Dame's 64th season.

"It could be that our team will show a certain amount of improvement definitely," Leahy allowed. "And John Latner a halfback and Neil Worden, fullback, are pretty good college runners."

"But for the most part, games are won on offense, not defense, and there are not any backfield men who will appear to advantage without the support of a fast-charging, good-blocking offensive line. We do not have such a line."

Playoffs Begin On September 9 DALLAS, Aug. 27 (AP)—The Texas League playoffs will begin Sept. 9—two days after the regular season ends.

Plans for the playoff were announced by the league office today. First place will play fourth place and second meets third in the first round. The club highest in the standings has the option of where the playoff is to open.

Fishing Proves Good On East Texas Jaunt T. J. A. Robinson returned Tuesday from the East Texas area where he had more than the usual amount of luck in fishing.

Robinson reported eating scores of bass and crappie in lakes at Texarkana, Danglerfield and Mt. Pleasant. Largest catch was a seven-pounder.

Angling with Robinson was Hugh Cross, editor of the Mt. Pleasant Times.

Ackerly Football Field Is Moved ACKERLY—Six acres of land have been donated to Ackerly High School for location of a new stadium football field.

The donor is Mrs. Odessa Davemport. The land is located next to the High School gymnasium. The old gridiron is located in the west-part of Ackerly.

The lighting system is being moved to the new site and everything will be in readiness when the 1952 season gets underway.

Softball Ace

Harlow (Bud) Corwin, Roswell, N. M., softball pitcher, recently struck out 22 batters in a seven-inning performance. He hurled for the Walker Air Base team. He has given up only 11 hits in the 28 games in which he has appeared this year.

B And Yearling Cards Complete

Schedules for the Big Spring High School B and Junior High football teams have been announced by Head Coach Carl Coleman.

The Shortorns will open their 1952 season in Stanton Sept. 13 against the Stanton varsity troops. The Junior High Yearlings wait until Sept. 20 to open their play, at which time they entertain Crockett of Odessa here.

The B team will play to Class B schools. In addition to Stanton, the Shortorns tangle with Seagraves there Oct. 9.

B team schedule: Sept. 13—Stanton A there. Sept. 27—Sweetwater there. Oct. 4—Snyder here. Oct. 9—Seagraves A there. Oct. 18—Sweetwater here. Oct. 25—Lamesa there. Nov. 1—Odessa there. Nov. 8—Snyder there. Nov. 15—Odessa here. Junior High Schedule: Sept. 20—Crockett (Od) here. Sept. 25—Sweetwater here. Oct. 4—Snyder there. Oct. 11—Bowling (Od) here. Oct. 18—Sweetwater there. Oct. 25—Bowling (Od) there. Nov. 1—Crockett (Od) there. Nov. 8—Snyder here. Nov. 22—Lamesa here.

AT COLORADO CITY Eight Lettermen To Report For First Football Drills

COLORADO CITY.—The Colorado City Wolves will hold their first practice session Monday afternoon, with eight lettermen slated to report for duty. The eight are James Barber, LE; David Bridgford, LT; Byron Wilkerson, Center; Jack Wells, RT; and backs, Dick Howell, Don Maynard, Ber-man Corbell and Jay McCollum. Of these, only Corbell saw regular service during the past fall.

"We've got a good group of soph coming up," says Jerome Buxkemper, head coach at Colorado City, "and what we do this year will depend largely on what our sophomores do." Buxkemper says 15 sophomores are expected to report for practice Monday, many of them from a hot B team, coached by Rex Klepper last year.

Klepper and Line Coach Mack Alexander resigned in the early part of August, and Buxkemper announced that both places have been filled. Bill Tittle, 28, Texas Western graduate and with El Paso High last fall will tutor the forward wall at Colorado City. James Mancill, formerly coach at Junior High moved up to fill the B Coach slot and Johnnie Hall from Junction will replace Mancill.

The Colorado City schedule opens with non-conference Roscoe, a tough foe that defeated the Wolf pack last year. After the opening game at Colorado City, on September 12, the Wolves schedule reads like this:

Sept. 19, Ballinger, here September 26, Brownfield, there October 3, Andrews, here October 10, Winters, here October 17, Anson, there (C) October 24, Rotan, there (C) October 31, Hamlin, there (C) November 7, Stamford, here (C) November 14, Merkel, here (C) (C) denotes conference game

Dallas Eagles Add To Lead In Texas League Scramble By CHARLEY ESKEW Associated Press Sports Writer

A couple of "new" discoveries on the mound, Joe Kotrany of Dallas and Bill Greason of Oklahoma City, staked their clubs a bit closer to their goal in the Texas League Tuesday night.

Kotrany, hidden among relievers and bullpen traffic all season, appears to be the vital fourth starter Dallas has been hunting all season. He proved 24-karat and got the Eagles a first-place margin of three games with a five-hit, 2-1 triumph over Tulsa.

Oklahoma City has been looking for a pitcher, period. They uncovered Greason, the second Negro in the league, and scooped up the standings. Last night the climb was into a third place tie as he stopped Fort Worth, 5-0, on four hits.

Shreveport tripped before two homers of Beaumont and lost 2-1 in 11 innings. San Antonio kept its playing hopes alive on the energetic bat of Les Fleming, who singled in the deciding run in the ninth to beat Houston, 5-4.

Grid Coaching Lineup Is Set Carl Coleman will be assisted in coaching the Big Spring High School A football team this season by Wayne Bonner, veteran mentor who handled the B squad part of last year.

The B team will be coached by Roy Baird and Max Alexander. Baird tutored the Junior High club in '51 while Alexander was at Colorado City.

James Walker and Harold Bentley have been named Junior High coaches. Walker is a Texas Western graduate while Bentley received his degree from Howard Payne.

REP. KEATING BELIEVES

Airing Of Grand Jury's Tax Scandal Probe Seen Helpful

By HARRY P. SNYDER
WASHINGTON (AP)—Rep. Keating (R-NY) said today he believes a House committee's airing of a 1951 St. Louis grand jury probe of income tax scandals will prove highly beneficial to the nation.

"Because of this committee," Keating told newsmen, "I don't think there will be ever again such an abuse of the public process as went on out there."

He referred to testimony heard yesterday by a Judiciary Subcommittee to the effect that some Justice Department officials tried to steer the grand jury to a "whitewash" report.

The group heard from four members of the grand jury—Henry J. Butler, foreman; Clinton L. Whitmore, deputy foreman; Colis P. Lovely and Mrs. Mary O. Messenger—and Marvin Hopper who was an assistant U. S. attorney at the time.

Yet to be heard is Ellis N. Slack, an acting assistant attorney general now in charge of the department's Tax Division. Slack, who had a hand in guiding the grand jury, is slated for testimony tomorrow. The committee doesn't meet today.

The former jurymen testified that at the start they were "schooling" in the way income tax cases were handled by revenue officials. They were given reasons why the government often closed cases because tax-payers had made voluntary disclosures of delinquencies or were aged or suffering physical disorders.

They said they also were counseled that once a tax case was closed, a grand jury couldn't dig into it. And after they looked over lists of tax cases that had been shelved, they accepted a suggestion by the district attorney, the late Drake Watson, to make a partial report.

Watson's assistants—Hopper and William Costello—actually wrote the report which vindicated the way in which tax matters had been handled under former collector James P. Finnegan.

One note of disagreement was struck during the hearing. Hopper said 85 per cent of the report came from notes kept by Whitmore. Not true said the former jurymen.

Finnegan later was convicted on two charges of misconduct in office. The case is on appeal.

The other jurymen said they got the feeling early in the proceedings that Watson and his assistants were being directed by Washington officials.

Whitmore said he approved the report but it certainly didn't reflect the suggestions he turned over to Hopper. The committee notes, pending clearance from Judge Moore who had encouraged the jurymen to testify.

The other jurymen said they got the feeling early in the proceedings that Watson and his assistants were being directed by Washington officials.

UN Guards Meet All Prisoner Challenges

By WILLIAM C. BARNARD
SEOUL, Korea (AP)—Defiant Red war prisoners festered the nerves of U. N. guards in a series of incidents this month and guards "met every challenge" with maximum force, killing four and injuring 64, the U. S. Eighth Army said today.

Most of the casualties occurred at the main U. N. war prisoner camp on Koje Island off South Korea. It was on Koje last June 10 that American paratroopers broke Red rule over prison pens in a bloody battle in which one American and 40 prisoners were killed and 140 prisoners wounded.

NEW YORK, Aug. 27 (AP)—State Sen. Rogers Kelly of Edinburg, national chairman of the American Legion Foreign Affairs Committee, was scheduled to present his committee's report to the national Legion convention here today.

The Texas State commander, Albert D. Brown Jr. and his wife, were also selected yesterday as the "typical Legion couple of the year" by Paramount Films. The film company took newsreels of the young couple. Brown was recently elected Texas Commander at the Legion's state convention.

Texas serving on committees here include: Credentials committee, Charles Gibson, Amarillo; legislative committee, Elmore Torn, Taylor; military affairs, State Sen. Jimmy Phillips, Angleton; aeronautics, Herman G. Niami, San Antonio; veterans' preference, Harry B. Crozier, Austin; merchant marine, S. Perry Brown, Beaumont; naval affairs, District Judge Thurmond Gupton, West Columbia; Americanism, James E. Waters, Lufkin; publications, Hershel Hunt, Austin.

Two prisoners were killed in escape attempts from mainland stockades. A third prisoner was killed when he stoned a guard at Hospital Camp No. 2 at Pusan.

The fourth POW met death Aug. 23 when an Allied infantry company barged into Koje's Compound No. 10 and forcibly halted a mass singing demonstration. Twelve other prisoners were hurt in the fight.

An Eighth Army spokesman summed up disturbances in July and August this way:

"In the last few weeks, prisoners of war and civilian internees in their new 500-men compounds have tried out the nerves of United Nations personnel, making trouble to see what force would be used against them. On every occasion we have used maximum force. We have met every challenge."

The Army began yesterday to disclose the prisoners' incidents in piecemeal announcements after a Communist broadcast charged the U. N. with mistreating prisoners in August a year ago.

An Army spokesman said there had been no intent to withhold information and added that the delay was caused by a reorganization of the camp command.

Gen. Nam Il, senior Communist negotiator at the Panmunjon truce talks, made propaganda capital of the POW troubles at today's truce session. He accused the U. N. of "shameless and cowardly slaughter" of captured Reds.

Nam Il's casualty figures—one killed and 54 injured—were lower than those announced by the Eighth Army.

The prisoner disorders occurred on two islands and in camps on the South Korea mainland. Some incidents were put down without injury. Some prisoners were hurt in free-for-all fights among the prison inmates.

Fighting among prisoners has been common as Communist and anti-Communist factions clash—apparently for power within the stockades.

Two prisoners were killed in escape attempts from mainland stockades. A third prisoner was killed when he stoned a guard at Hospital Camp No. 2 at Pusan.

The fourth POW met death Aug. 23 when an Allied infantry company barged into Koje's Compound No. 10 and forcibly halted a mass singing demonstration. Twelve other prisoners were hurt in the fight.

No Appeal In Gambler's Case By The Govt.

DALLAS, Aug. 27 (AP)—The federal government reversed its field again yesterday in the case of Benny Binion, former Dallas man now a gambler in Nevada.

U. S. Atty. Gen. James P. McGranery said he would not appeal Federal Judge Edward R. Murphy's denial of a government petition to move the Binion tax case back to Texas.

Last Friday, McGranery said the government would appeal the case, but yesterday a spokesman in McGranery's office said government lawyers had decided Murphy's decision cannot be appealed.

The Washington bureau of the Dallas News reported McGranery's aides were still confident they could get Binion to Texas to answer state charges of gambling.

He is charged with operating a multi-million dollar policy racket in Dallas. He has successfully avoided extradition to Texas on the gambling charge and Texas officials want him brought back to Texas for the tax trial so he can be arrested when he appears for the federal court trial.

U. S. Atty. Frank Potter of Fort Worth agreed earlier this summer to allow Binion to plead guilty or no contest to the federal charges in Nevada, but a later Dallas County Dist. Atty. Henry Wade to McGranery brought an order from the attorney general to bring Binion to Texas.

Although government lawyers said Binion had no appeal from McGranery's decision, the Nevada's attorneys blocked the government move when Murphy agreed to accept a no-contest plea in Nevada.

Binion, meanwhile, is in a county jail in Nevada awaiting sentencing set for Sept. 3.

Man Had No Reason To Hide Platinum At Customs Gate

NEW YORK (AP)—Customs officials say an Air France steward, arrested yesterday on a charge of failing to declare seven platinum bars, had no reason to try to hide the metal.

There is no duty on platinum brought into this country, the customs spokesman said, and the only requirement is that it be declared.

But customs officials said the steward, Andre Foligno, 30, of Paris, apparently did not know this and hid the seven bars in a vest under his shirt. The platinum was valued at \$7,000.

Baruch To New York

NEW YORK (AP)—Bernard Baruch returned to New York from San Francisco today, still declining to state his preference in the presidential race.
