

Where FRESH Means

FRESH

Anyone can say FRESH GROCERIES—but delivering them to the trade—day in and day out throughout the year—ah—there's the trick of it.

Our groceries are always fresh because we do not order in large lots. Prompt deliveries and a continual close attention to needs of our trade—is the service we have inaugurated to insure FRESHNESS in foodstuff and which has made this store headquarters of all thoughtful housewives.

NOTICE TO HIGH SCHOOL STUDENTS

Santa Anna High School

Believing that a change in the manner of classification and enrollment in high school will facilitate matters, I am asking all high school students to come to my office on Friday and Saturday, Sept. 9 and 10 at the hours indicated below at which time Mr. Gottwald and I shall work out with you all accepted credits and make the proper assignment of courses for the year. This is a matter that necessitates careful attention and as previously done has worked a hardship on both teachers and students. Students coming from other schools will please bring certified transcript of courses completed in your respective schools. You will please report at the hour assigned to the initial letter of your surname.

Those whose names begin with A, B, C or D, report at 1 p. m. Friday, Sept. 9th.

E, F, G at 2 p. m. Friday.
H, I, J, K at 3 p. m. Friday.
L, M, N at 8 a. m. Saturday, Sept. 10th.

O, P, Q, R at 9 a. m.
S, T, U, V at 10 a. m.
W, X, Y, Z at 11 a. m.

We are broadening our curriculum by changing our home economics department from the Rural Plan to the Smith-Hughes, or vocational plan which will give us four units, namely: Foods, Clothing 1, Physiology 1-2, Design 1-2, Home Nursing 1-2, Home Management 1-2. Home economics is open to student who have reached the Sophomore year.

We shall introduce Bookkeeping this year for a complete year's work—1 credit—which will require two forty-five minute periods daily for the entire year. This will be open to students who have reached their Sophomore year.

We shall also introduce a course in public speaking which will require one forty-five minute daily for the entire year, giving one credit. This will be open to students who have reached the Junior year. These courses are elective and are offered because of their practicality.

The test of any course is whether it presents life situations or not. Dewey says: "The school cannot be a preparation for adult social life except it reproduces within itself—purified and idealized." Inglis says: "The belief is growing stronger than subjects of study in our schools should be organized primarily with reference to the capacities and needs of the pupils and with reference to their activities in life after the school."

No one can question the plausibility of an enlarged Home Economics department. The course in Foods has two primary aims: the study of menu planning, and preparation of meals. A background of considerations of food sanitation, considerations of small courtesies connected with the serving of food, and considerations of applied art and design in the serving of food is furnished the girl. A knowledge of kitchen efficiency and organization in the planning of meals is also acquired.

The aim in the clothing course is to develop an appreciation of the artistic hygienic and economic aspects of textiles, clothing and house furnishings, and to encourage the girls to look out beyond their own immediate desires for a wardrobe to their larger place in society as the consumers or investors of family incomes.

The aims of the Household Management course are: (1) to give girls an appreciation of the family as an institution and a realization of its purposes and obligations; (2) to acquaint girls with the actual problems of home-making and to give them a basis for action in solving these problems; and (3) to create an interest in community problems that bear directly on home life.

The reasons for teaching Bookkeeping are threefold: it trains the pupil in system and order, developing accuracy, neatness, concentration, and systematic work; it develops power which comes from mental exercise, the use of judgment and initiative in the work; and an understanding of the institutions of our commercial life; it prepares the pupil to do useful work whereby he can earn a living.

A good course in public speaking is not amiss for any student regardless of his future vocation. The aim of instruction in it is to train the pupil for citizenship by enabling him to rise effectively to any public speaking occasion, to think clearly before an audience and to deliver his thoughts in a clear and convincing manner.

Don't forget the day and hour when you are to be classified. Be present and assist us in getting started with dispatch. You should pay your library and laboratory fees at this time which are \$1.00 and \$2.50.

J. C. Scarborough, Supt.

"Pa, what does it mean here by 'Diplomatic Phraseology'?"

SOME OF SANTA ANNA'S HIGH SCHOOL GRADUATES

When we take a retrospective view of the Santa Anna High School products in the past quarter of a century we have a right to say that our schools are the greatest and most valuable asset of our town.

Miss Stella McDaniels of 1903 class is now teacher of English in Baylor Belton College.

Miss Edna McDaniels of 1904 class is Dean of Women for the University of Oklahoma.

Rev. W. M. Pearce of 1905 class is Presiding Elder of the Amarillo District—the largest district of the M. E. Church South in the State.

Miss Dovey Polk and Miss Ruth Puckett are very popular teachers in the city schools of Dallas.

Majors Neal and John Bannister, 1906 class, have done honorable and efficient service in the military world. Miss Florence Harper is a popular teacher in the city schools of Denver, Colorado.

Mr. and Mrs. Roy Holt are in charge of the Eldorado high school.

Stuart Ramsey, Max Woodward and Maurice Barnes are graduate physicians and are doing all in their power to relieve suffering humanity.

Miss Fatima Bartlett holds a position in Oklahoma City high school. Coleman Gay is a popular attorney of Austin.

Pinkney Woodruff is a leading attorney of Brownwood.

Miss Lena Boyd is teaching the heathen to love Jesus in far away India.

Miss Undine Stockard has recently returned from Europe where she taught English in the University of Spain.

Miss Cora Stockard is teaching Home Economics in the Houston high school.

Leeper Gay holds an important position as geologist in El Paso.

Virgil Kelley is a successful physician of Waco.

Miss Ruth Parker teaches in the Abilene schools.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by CORNER DRUG STORE

Miss Jennie Bannister teaches music in Houston.

Bonner Barnes holds an important position in Port Arthur.

Roy Pearson is a successful lawyer. Mrs. Annie Shaffer is at Cambridge Mass., with her husband who will graduate from Harvard University this year.

Jimmy Lund is cashier of one of the leading banks in New York City. Leon Shield is a successful banker.

Lester Bell is a graduate doctor. Miss Kathryn Baxter holds an important position in the Waco schools.

Ernest Weaver is a successful farmer and business man.

Miss Elsa Lee Harper is doing splendid work in Oklahoma schools teaching music.

These are only a few of the many Santa Anna boys and girls who have gone out in the world and made good.

Piggly Wiggly Convention Held At Brownwood Last Week

On account of machine trouble the News failed to report the Piggly Wiggly convention which was held at Brownwood Tuesday of last week. W. H. Thate, manager of the store here, attended this meeting. He reports a very interesting time. There were about thirty firms represented at the convention and among the prominent speakers were Mr. Harris of Fort Worth and Mr. Carter of Dallas. Many of the prominent members of the Piggly Wiggly corporation were present and made talks. The purpose of the convention was to help the West Texas Piggly Wiggly association in its buying power and for a general get-together meeting of the various heads of firms.

BLANTON BACK TO WASHINGTON NEXT TUESDAY

Congressman Thomas L. Blanton of this city stated Saturday that he and his family would leave Tuesday for Washington, where he is to continue his summer work of checking up and investigating "our numerous and eternally increasing bureaus, commissions and independent establishments of government."

Each summer for the past 6 years, he has been engaged in this work and with the completion of three more bureaus his work will have been finished and he will be ready with his reports for the next session of Congress.

He will be absent until the appropriations committee is through, he stated Saturday.

Concerning this activity, he said: "We have ten departments of Government presided over by ten Members of the President's cabinet and in each of such departments there are numerous bureaus. For instance, there are 16 bureaus in the Department of the Interior; there are 22 bureaus in the Agricultural Department; there are 18 bureaus in the Treasury Department; and in addition to the numerous bureaus in the other seven departments, there are 73 Commissions and Independent Establishments of the United States Government."

Congressman Blanton in his check up and investigation of them, ascertains what becomes of the money that each receives from the Treasury annually, into whose pockets it goes, what benefits the people receive therefrom, whether such appropriations are duly authorized by law, and whether such bureaus are of sufficient value to the people that it should be continued.

Then after gathering his detailed information, he is prepared, when the

supply bill granting appropriations for that bureau is before the House for passage, to make proper points of order against all items of appropriation therein which are unauthorized by law. And every appropriation he knocks out of such bills is just so much saved in taxes for the people. And we have seen reliable evidence of the fact that by his points of order Congressman Blanton has been able to knock several hundred million of dollars out of appropriation bills.—Abilene Morning News.

"A KISS IN A TAXI"

BEBE DANIELS' BEST

Few comedies have come to the screen during the past twelve months that can compare in plot interest or swiftness with "A Kiss in a Taxi," Bebe Daniels' new Paramount starring picture, which will be shown at the Queen Theatre, Friday, 9. In it, the vivacious comedian play, GINETTE, bewitching waitress of the Parisian Montmartre. All patrons seek to kiss her but she is untouchable, answering each advance with a fresh shower of glassware. Chester Conklin, Maraval, treasurer of the Artists' Society, has one of the best opportunities of his long mustached career. Douglas Gilmore, Paramount's latest leading man, gives a splendid performance as Lucien, Bebe's sweetheart. "A Kiss in a Taxi" bears the stamp of sterling comedy not only because of its cast but also due to the capable direction it received from Director Clarence Badger who seems quite satisfied to create one continual line of successful farces for Famous Players-Lasky. Jocelyn Lee gives added zest to the picture as Conklin's attractive secretary. Others excellent in their roles are Henry Kolker, Richard Tucker, Agostino Borgato, Eulalie Jensen and Rose Burdick. By all means see "A Kiss in a Taxi."

Self Culture Club, Friday, Sept. 9.

Time—4:00 o'clock.
 Hostess—Mrs. Ollie Weaver.
 Leader—Mrs. Hardy Blue.
 Outline of Ibsen's life—Leader.
 "Brand," a companion piece to "Peer Gynt"—Mrs. Bond.
 Peer Gynt—Mrs. Gay.
QUESTIONS—
 Discuss Ibsen's early poetical dramas.
 Was Ibsen a lover of his own country?
 Why is Peer Gynt made "Emperor of Himself" in the mad-house at Alexandria?
 Who is the button moulder?
 What are the reasons why "Peer Gynt" is scarcely an actable play?

JOHN SIMMONS

John Simmons, age 77, father of E. M. Simmons, of Santa Anna, with whom he has been making his home the past few months, died Monday afternoon enroute from Brownwood to Santa Anna. Mr. Simmons and his father had been in Brownwood on business yesterday and were on their way home when Mr. Simmons noticed that his father was acting queerly. He stopped the car and halled another car headed toward Brownwood. After Mr. Simmons and the men he stopped had examined the aged man they found that he was dying, so brought him back to Brownwood but he died before reaching the city.

Deceased was taken to the Harwell Funeral Home who prepared his body for burial and shipped it to Rogers this morning for services and interment there.

Mr. Simmons was born April 5, 1850, in Arkansas, but had been in Texas the greater part of his life, making his home in and near Bell county. He is survived by three sons, E. M. and J. F. Simmons of Santa

Anna, Frank Simmons of Rogers, and three daughters, Mrs. W. Bird, Santa Anna, Mrs. Allie Leatherman, Rogers and Mrs. Lula Pierce of Temple.

Funeral services will be held Wednesday and interment will be made in the family cemetery near Rogers, Texas.—Brownwood Bulletin.

Methodist Church

Sunday, Sept. 4 is Labor Day. Sunday, there will be an appropriate message at the Methodist church. A special invitation is extended to all laboring men in our town, to the stranger we extend a cordial welcome. Regular preaching services morning and evening.

ANENT THE I. O. O. F. AND REBEKAH ASSOCIATION

Last week, during the last two days we had to work on the paper, the 22nd annual convention of the Central Texas I. O. O. F. and Rebekah Assembly was in convention here, and being late was not the only handicap we had in reporting the doings of the convention.

Thursday morning when we came to the office to prepare our closing remarks for the week, we found our typesetting machine had run-a-muck and was almost out of commission. Two hands, putting in the full day, turned out about as much work as one could have done under more favorable circumstances in two hours. Therefore, we had to cut our report of the convention very brief and leave out many other items we had in store for last week's paper.

The convention, in the terms of many of those who attended, went over big, and all the visitors reported themselves well pleased, to the gratification of those who sponsored the work.

The several committees appointed did splendid work and the membership backed them up with fine cooperation. The Santa Anna News has been requested by the local lodges to extend the thanks of the two orders for the help and cooperation received from among the business people of the town, who aided very much in making the convention a success. All the membership, we feel sure are grateful for the cooperation received, and stand ready to return the favors shown.

Right here, permit us to say that several people brought in food to help supply the lunches served, left dishes and table ware, and those who brought them in will find them in the Armory building where the luncheon were served. The committees have no way of knowing who the dishes belong to, so they left them, in the building for the owners when you call for them.

The 1928 convention will be held

in Bangs, and the Bangs membership promise plenty of entertainment for all who attend.

There were about one hundred visitors in the city during the convention, and we heard many words of praise for Santa Anna. This is as we would have it be.

WHAT'S DOING IN WEST TEXAS

(By West Texas C. of C.)

Pampa—Pampa won the 1928 district convention of the Panhandle-North plains region of the West Texas Chamber of Commerce following a close contest at the Wellington meet August 25. The 1927 gathering was one of the most successful held this year, with more than 421 registered delegates.

Happy—Construction is underway on Happy's new high school building. The contract calls for completion by the first of January.

Midland—A rodeo that is expected to draw the best riders from three states, and which offers the largest purse since pre-war days is scheduled to take place in Midland September 5, 6 and 7. West Texas, Oklahoma, and New Mexico will send a large part of the attendants at the mammoth three day celebration. Relay races, steeplechasing, cowboy reunion, and rodeo attractions are among the high points of the entertainment.

Iowa Park—Parties interested in dairying and in improving the present dairy industry of Iowa Park territory have formulated plans for a definite organization to promote these interests. Election of officers, appointment of committees, methods of purchasing additional dairy cows, and sale of dairy products are the first problems that will be considered.

Marfa—A baker shop is to be opened here by two young men from Ozona, the new enterprise to start work about September 1.

Hereford—Operation of Hereford's new \$2,800 pumping unit has begun following installation of new equipment. The pump has a capacity of nearly 1,200 gallons per minute.

Ranger—Ranger has invited officials of the West Texas Chamber of Commerce to take part in Ranger's Homecoming Oil Jubilee to be held here October 21-22, celebrating the tenth anniversary of the discovery of oil in Eastland County. Prominent oil men of the State and Nation are expected to attend the celebration.

Brady—Brady is going ahead with preparations for her famous "Turkey Trot" fete. It is expected that the show will be one of the biggest and best yet held, as many visitors from far points will attend due to the fact that Cuero's turkey exhibition will not be held due to adverse crop conditions.

El Paso—Manager Homer D. Wade has issued invitations to Governors of two states and the governor of Chihuahua, Mexico, as well as other high officials of Texas and New Mexico, to attend an international highway conference in El Paso September 24, the occasion of Col. Lindbergh's visit to the Border City. The prime purpose of the proposed meeting is to coordinate better the highways that lead from West Texas and the Republic of Old Mexico, and New Mexico.

Spur—The Educational Committee of the West Texas Chamber of Commerce headed by Clifford B. Jones of Spur, is broadcasting to territory of the regional organization announcement of a profitable type of agricultural training easily available to its member towns. Under the Federal Smith-Hughes law, local chambers of commerce or local schools can secure services of a Texas Agricultural and Mechanical College graduate to teach vocational agriculture and promote agricultural interests, with half or more of his expenses borne by the

government. The amount of the salary paid by the government depends upon the amount of time the teacher devotes to agricultural work. The Smith-Hughes teachers often sponsor fairs, encourage distribution of good seed, terraces help with insect control, conduct night schools with farmers and boys out of school, and do work of farm nature that is highly beneficial to any section.

J. H. Brannan returned last week from Dallas where he spent several days looking after business affairs and visiting with his children.

Mr. and Mrs. H. Stubblefield of Belton and Dr. Roy G. Giles of Temple spent the week-end here visiting in the home of R. F. Crum.

Dr. V. A. Kelley and wife of Waco are here this week in the home of the doctor's parents, W. R. Kelley and family.

Mrs. W. A. Lowe and Mrs. G. A. Terry and children of Gorman are visiting Mrs. Frank Turner and Mrs. J. D. Simpson this week.

Miss Helen Hazle Donelson left Saturday for Cheney, Kansas, where she will spend the winter and take a special treatment for her eyes.

Miss Florence Neill returned last week from San Marcos where she attended the summer session of the State Teachers Normal this summer.

John Penn of Cisco and Lawrence English of May, nephews of Mr. and Mrs. W. A. Brandon, are visiting in the Brandon home.

Mrs. G. H. Lee of Brownwood and Mrs. R. C. Simmons of Dallas are here assisting Mr. and Mrs. J. J. Keeling, who have three very sick children.

Mrs. Brady Ray and daughter Louise, of Fort Worth are visiting their parents and grandparents, Mr. and Mrs. W. A. Brandon.

Mr. and Mrs. E. M. Neill attended the State Secretaries Association of the I. O. O. F. at Corsicana last week, and report a very interesting meeting.

W. W. Hunter and sons, Willie and Ernest, returned last week from an extended visit with relatives and

friends in New Mexico, spending the greater part of their time at Lovington.

FOR WORKING PEOPLE

The best workers get out of parts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lary. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Hertzine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

"NEVADA" TALE OF '868
 Gary Cooper, Thelma Todd and William Powell are now back in modern times after living nearly fifty years in the past for a month. The setting of the "Paramount" story in which they appear is the Southwest of 1880, and up until recently they had been wearing the picturesque costumes, talking the language, and living the characterizations of those wild old days. The picture is "Nevada" Zane Grey's romantic story of gun play, adventure and love in the country of the cattle barons which reaches the Queen Theatre Saturday, 10th, John Waters directed.

Fresh Every Day!

Fine big blue points to serve on the half shell; to fry; for stew—or for dressing; are now here.

Stop in any evening and take home a quart of these fine big oysters.

HI-WAY CAFE

Miss Florence Harper left, Friday for Denver, Colorado, where she has a position as teacher in the high school.

S. D. Harper, "a new comer here" has only lived in the town forty-five years—returned Thursday from a visit to his son, S. D. Jr., at Eldorado.

Mrs. P. D. Nesmith arrived here last Sunday from Comanche to join her husband and make this her home. Mr. Nesmith is connected with the Adams Mercantile Company.

Mrs. E. W. Bible, daughter, Miss Elsie and Miss Lucille Cartwright were Melvin visitors Friday, and while there Miss Lucille accepted a position as expression teacher in the Melvin school.

"CLEANEST STORES IN THE WORLD"

THE STATE OF TEXAS

To The Sheriff or Any Constable of Coleman County—Greeting:

You are hereby commanded to summon John F. Freeman, C. C. Dickson and wife, Rebecca Octavia Dickson, R. O. Dickson, J. E. Moore and wife, Martha Virginia Moore, Mrs. M. V. Moore, John T. Freeman, C. C. Dickson as administrator of the estate of John T. Freeman, deceased, C. C. Dickson, as administrator of the estate of John F. Freeman, deceased, T. W. Dickson, G. T. Dickson, wife of T. W. Dickson and Mrs. Della T. Easton and her husband whose name is unknown to plaintiff; and also the heirs and legal representatives of the following named deceased persons—that is to say—the unknown heirs and legal representatives and each of them of said John F. Freeman, C. C. Dickson, Rebecca Octavia Dickson, R. O. Dickson, J. E. Moore, Martha Virginia Moore, Mrs. M. V. Moore, John T. Freeman, T. W. Dickson, G. T. Dickson, and Mrs. Della T. Easton and of the successors of C. C. Dickson, administrator of the estate of John F. Freeman, deceased and of C. C. Dickson, administrator of the estate of John T. Freeman by making publication of this citation once in each week for four (4) successive weeks previous to the return day hereof, in some newspaper published in your county; if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District; but, if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 35th Judicial District, to appear at the next regular term of the District Court of Coleman county, to be holden at the courthouse thereof, in Coleman, on the 3rd Monday in September, 1927, same being the 19th day of September, A. D., 1927, then and there to answer a petition filed in said court on the 12th day of August, A. D., 1927, in a suit numbered on the docket of said court No. 4221, wherein W. E. Kelley is plaintiff and John F. Freeman, C. C. Dickson and wife, Rebecca Octavia Dickson, R. O. Dickson, J. E. Moore and wife, Martha Virginia Moore, Mrs. M. V. Moore, John T. Freeman, C. C. Dickson as administrator of the estate of John T. Freeman, deceased, C. C. Dickson as administrator of the estate of John F. Freeman, deceased, T. W. Dickson, G. T. Dickson, wife of T. W. Dickson and Mrs. Della T. Easton and her husband whose name is unknown to plaintiff; and also the heirs and legal representatives of the following named deceased persons—that is to say—the unknown heirs and legal representatives and each of them of said John F. Freeman, C. C. Dickson, Rebecca Octavia Dickson, R. O. Dickson, J. E. Moore, Martha Virginia Moore, Mrs. M. V. Moore, John T. Freeman, T. W. Dickson, G. T. Dickson, and Mrs. Della T. Easton and of the successors of C. C. Dickson, administrator of the estate of John F. Freeman, deceased, and of C. C. Dickson, administrator of the estate of John T. Freeman are defendants; said petition alleging:

That heretofore, to-wit, on the 15th day of July, A. D., 1927, plaintiff was lawfully seized and possessed of the following described tracts and parcels of land, situated in Coleman county, Texas, holding and owning the same in fee simple, and ever since said date, has been such owner and entitled to the possession thereof, to-wit:

All of Blocks Nos. 29, 30, 31, 32, 33, 35, 36, 37 and all of Blocks B, D, and F, of Mahoney's Addition to the town of Santa Anna, in Coleman County, Texas, being out of the G. W. Mahoney Subdivision of the Wm. Doran Survey No. 666; and all of Block No. 38 of said Mahoney's Addition to the town of Santa Anna, except a strip 132 feet wide off the South end of said Block No. 38 and running the entire length of said Block from East to West.

That on said last mentioned date, defendants wrongfully entered upon said land and premises and ejected plaintiff therefrom, and ever since said date have withheld from plaintiff the possession thereof to plaintiff's damage in the sum of Ten Thousand and No-100 (\$10,000.00) Dollars.

That on the 15th day of July, A. D., 1927, plaintiff had, and now has, title to the above described tracts and parcels of land not only by a regular and consecutive chain of deeds and transfers from the sovereignty of the soil to himself, but also by virtue of the statutes of three, five, and ten years; that plaintiff then had, and now has, and asserts and claims title to said tracts and parcels of land by virtue of the statute of limitation in this: That he has had and held, under title and color of title from and under the State of Texas, actual peaceable, continuous, exclusive and adverse possession of said land, above described, for a period of more than (3) years before the commencement of this suit.

That plaintiff then had, and now has, and asserts title to said tracts

and parcels of land by virtue of the statute of limitation of five years in this: That he, claiming the same under a deed, duly registered, has had actual peaceable, continuous, exclusive and adverse possession of the tracts and parcels of land, above described, using and enjoying the same and paying all taxes due thereon for a period of more than five (5) years three (3) years before the commencement of this suit.

Plaintiff then had, and now has, and asserts and claims title to said tracts and parcels of land by virtue of the statute of limitation of Ten (10) years in this: That he, claiming to have good and perfect right and title to said tracts and parcels of land, had had and held actual peaceable continuous, exclusive and adverse possession of said land, above described, cultivating, using and enjoying the same for a period of more than ten (10) years next before the commencement of this suit.

Plaintiff further alleges that the nature of defendants' claims to said tracts and parcels of land is to plaintiff unknown, but that defendants are asserting some kind of title to, interest in, or claims against, said land, the character and extent of which plaintiff is unable more definitely to state; that defendants have no title to, and no valid interest in, or claims against said tracts or parcels of land, or any of them, or any part thereof, and have no right to the possession thereof, but are naked trespassers.

Plaintiff prays for the title to, and possession of said tracts and parcels of land, and for writs of possession to same, that all clouds cast upon his title to said land by reason of defendants' claims thereto be removed; that plaintiff be established, confirmed and quieted in his title to same and for general relief.

HEREIN FAIL NOT, but have before said Court at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Coleman, Texas, on this the 15th day of August, A. D., 1927.

W. E. GIDEON, Clerk, District Court, Coleman County, Tex. 34-41

All lines of business will be benefited when people generally begin to save and invest the money they now throw away on useless, foolish indulgences. For when a man learns to save, to accumulate, to make sensible investments, he soon comes to have more money to spend in all worthwhile lines of business.

If the average home-brewer had to brew the family gasoline at home, his wife would walk most of the time.

"We Roast It, Others Praise It"

At All Grocers

Uncle Sam Glares With One Eye, Winks With the Other.

It may not be true, as waggish Rogers remarks, that "we ought to have our national debt paid in a couple of years now," since the Supreme Court has ruled that bootleggers must pay an income tax. Bootleggers are notoriously slippery. A good many of them will continue to evade their civic duty in this matter, along with quite a few citizens of more respectable occupations. A bootlegger may insist on working in his occasional fives, bribes and miscellaneous subsidies and legal costs as legitimate expenses.

Uncle Sam will help him as much as possible, though, to do his duty. The Treasury Department, it appears does not have to the Department of Justice in such matters. The Internal Revenue office ignores the prohibition enforcement branch. Uncle obeys the scriptural injunction and doesn't let his right hand know what his left hand is doing, or his right eye see what his left eye beholds. One eye may glare at the wrong-doer and other wink at him.

Well, the bootleggers ought to pay. And now that this principle is established, we may look to see income taxes collected also from bank robbers, house burglars and highwaymen.

If the world would raise more for the Salvation Army maybe we wouldn't have to raise quite so much for the Destruction Navy.

The no announcements have been made, our guess is that the radiator ornament on Henry's new model will be three balls.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system-purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

HOME PRIDE

Personal pride is the motive that keeps people up to certain standards. A man buys himself new clothes because his pride tells him his old suit looks too shabby.

That same feeling should operate with regard to his home place, which in many cases looks altogether too run down. His pride should be just as ashamed of it if he rents it as if he owns it. Whether he is owner or tenant, he should be as ashamed of having it look badly as a man is if he lets his clothes become covered with dust and grease spots.

We have heard all sorts of stories about what is the matter with the farmer, and many cures have been suggested, but no one has yet proposed that he have his tonsils removed.

TURNER-LAMB

Miss Elizabeth Turner and Mr. Jas. Lamb were married Tuesday morning at 11 o'clock, at the home of the bride's parents, Mr. and Mrs. Fred W. Turner. An attractive setting for the ceremony was given by quantities of roses and ferns effectively arranged throughout the home. Preceding the entrance of the bridal party Misses Grace and Eureka Pleasant sang "Loves Old Sweet Song," accompanied by Miss Marie Bluett. At the strains of Hochert's wedding march rendered by Miss Pleasant, the pretty young bride entered with the groom. She wore a lovely gown of azure blue georgette crepe, and carried a bouquet of bride's roses, and fern held together with maline. Amid a bower of beautiful pot plants, and in the presence of only close friends and relatives, Dr. Chandler, president of Daniel Baker College of Brownwood, used the impressive ring service, which culminated a romance of college days. After the ceremony good wishes were extended to the bride and groom, and a delicious ice course was served.

The bride was reared here and is loved by all who knew her. The groom is a promising young man, connected with the Lamb Drilling Company of Brownwood. The numerous handsome presents attested the love in which they were held. At 1 o'clock an elaborate luncheon was served, after which Mr. and Mrs. Lamb left for a honeymoon to be spent in Austin, San Antonio, Houston, Galveston, and Old Mexico. Upon their return they will be at home in Brownwood.

Guests attending the wedding were Mesdames H. W. Kingsbery, G. A. Shockley, H. I. Shield, Jerry Simpson, J. R. Gipson, George Lamb of Brownwood, Virgie Kelley of Waco, Misses Lois Lamb of Brownwood, Minnie Bell McMin, Marie Bluett, Grace and Eureka Pleasant.

CLARA CUTS UP IN "IT"

Clara Bow's ability with her fists almost ended disastrously when a well-planted upper-cut on Jacqueline Gadsdon's jaw almost rendered the latter hors de combat during the filming of a scene for Miss Bow's first Paramount starring vehicle, "It," which comes to the Queen Monday and Tuesday. In the photoplay, written by Elinor Glyn, Miss Bow is required to save Jacqueline from drowning by knocking her unconscious and then dragging her ashore.

Miscalculating her ability, she gave Miss Gadsdon a hard punch. The latter uttered a gasping, "Oh!" and went limp. A rowboat standing by for emergencies was quickly put into service and the two pulled aboard.

Clarence Badger directed "It."

FALL OPENING

When Autumn Comes

This brilliant season is always eagerly heralded in the world of "What-to-Wear." The first crisp days; the first coloring leaf; are signals for fresh interest in new styles and fabrics.

In our Fall Opening, September 3rd to 10th, the accepted fashion tendencies of the season will be clearly revealed.

Coats and frocks in newest modes, Autumn fabrics in all their beauty of weaves and colorings will be shown, as well costume accessories of marked originality.

Women who like to be the first to adopt popular fashions will welcome the opportunity to buy excellent quality ready-to-wear and materials for Fall dress making at this Fall Opening.

There is economy, too in this early choosing, for it assures a full season's wear from every garment.

Plan to Attend Our FALL OPENING September 3rd to 10th

R. F. CRUM

Federal Reserve Bank Urges Orderly Marketing of Cotton

The Federal Reserve Bank of Dallas has again gone solidly and emphatically on record, as urging the orderly marketing of the cotton crop and has placed its resources at the disposal of member banks to bring this about according to information received yesterday by D. A. Cameron, field service representative of the Texas Farm Bureau Cotton Association.

In this connection Mr. Cameron stated that the association represented by him was now advancing \$50 a bale on cotton, and as a result of this substantial advance and debt paying power, material increased deliveries to the channels of cooperative and orderly marketing are to be looked for.

Excerpts from the position taken by Mr. Lynn Talley governor of the Dallas Federal Reserve Bank, and received by Mr. Cameron yesterday read:

"The Federal Reserve Bank is ready to throw its resources into such a position that the cotton crop can be marketed orderly, but whether this will be done depends on the farmers and the other people of Texas. We are ready now and will always be ready to finance farmers until the real value of their crop is known and can be marketed orderly. Warehoused cotton is much safer security than cotton in the field and bankers regularly loan money on the growing crop."

Many other Dallas banks followed the lead of the Federal Reserve Bank in this strong position towards the orderly marketing of the crop it was said. Mr. Cameron stated that deliveries to the Texas Farm Bureau Cotton Association this season are already greatly in excess of those at the same time last year.

West Texas Utilities Company Contracts For Coleman County Gas to Furnish City of Angelo

San Angelo, Aug. 27.—With the pipe line rapidly being completed to the Coleman county gas fields and with San Angelo making ready for natural gas, the first big industrial contract for the product has been signed. The agreement is between the West Texas Utilities Company and the Western Gas Service Company, the announcement being made jointly by Taylor Rowe, manager of the utilities concern at San Angelo, and L. M. Roberts, president of the gas company which is bringing the product to San Angelo.

The West Texas Utilities Company will use between 25 and 100 million cubic feet a month, the agreement states. The utilities concern was given a low industrial rate, which means much cheaper fuel. That company has its engines equipped so as to use either gas or oil, the machines being so equipped that the change can be made instantly.

The contract is to run five years with the privilege of renewal at the end of that time. The gas is expected at least by October 1, though under its franchise from the city it is given until October 12.

A dark brown taste sometimes follows the experience of a man who is having the experience of his life.

Long Troubled by Constipation

"Black-Draught has been a family medicine with us for years," says Mr. F. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time."

"I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then."

"Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine."

Costs only 1 cent a dose. P-122

DRAU

Always look for the Red Strand (top wire)

Hog Sanitation

The McLean County System of Hog Yard Sanitation, Agricultural Colleges and Experimental Stations all insist that little pigs must be confined to clean pasture until they are at least four months old as a prevention to worm infestation. Clean pastures need hog-tight fence. Separating individual litters usually requires temporary fencing. Money-making breeders naturally associate "McLean" with "Red Strand" -- both stand high with hog raisers because both help make more money from hogs.

"RED STRAND" FENCE is made from copper-bearing steel and "Galvannealed" in place of just galvanized. More copper makes the steel extra rust-resisting. More zinc welded on keeps rust out longer. This double protection—more copper and more zinc—makes "Red Strand" the longest lasting fence we ever sold. "Red Strand" fence saves you money because it lasts years longer. You pay nothing extra for the extra years of wear woven into every roll of this easy to erect, fine looking farm fence. See us for prices.
