Chamber Banquet Scheduled Tuesday Jr. Livestock Show Set For Feb. 8-10

Col. Wilson Speir Will Be Speaker

"Agriculture-- Our Golden Opportunity" is the theme for the annual Chamber of Commerce and Agriculture Banquet this year. The banquet will be held Tuesday night, January 30, at 7:30 p.m. in the Muleshoe High School cafeteria.

This year in addition to the Soil Conservation Farmer of the Year Award which is presented annually at the banquet, an award will be presented to the Farm Family of the Year.

The speaker for the evening this year will be Col. Wilson E. Speir, director of the Texas Department of Public Safety. Col. Speir graduated from Gilmer High School and received his BS degree, with honors, from East Texas State University. In 1971 East Texas State named him an outstanding alumnus.

Speir joined the Department of Public Safety as a highway patrolman on November 1, 1941. After military leave, he returned to duty with the Highway Patrol in 1945, was promoted to sergeant in 1951, and to captain in 1955. On September 1, 1957, he was promoted major and assigned as commander of the department's Midland Region.

On June 1, 1962, he assumed the assistant director position with DPS. He was appointed acting director upon the death in May of 1968 of the late director, Colonel Homer Garrison, Jr., and was named permanent director by the Texas Public Safety Commission on September 16, 1968.

Active in his profession, church and community, Colonel Speir is past-president of Texas Police Association and

is immediate past-president of the Rotary Club of Austin. In August 1971, the National Convention of the Veterans of Foreign Wars presented him the J. Edgar Hoover Gold Medal Award as law enforcement officer of the year.

In 1972, Baylor University at Waco awarded Colonel Speir with an Honorary doctor of laws degree and cited him for contributions to law enforcement, training and education of law enforcement personnel and his leadership of the Texas Department of Public Safety. He was commended as "the ideal law enforcement officer".

He is now serving his third consecutive year as chairman of the Motor Vehicle Theft Committee of the International Association of Chiefs of Police, and in October, 1972, he was elected General Chairman of the IACP Division of State and Provincial Police, at the association's annual conference held in Salt Lake City, Utah.

Tickets for the banquet are priced at \$4 per person and can be obtained at the local Chamber of Commerce and Agriculture office.

JAYCEES NAMED OUTSTANDING MEN... The Muleshoe Jaycees held their annual Bosses Night Banquet Friday night, January 26, at 7:30 p.m. in the Muleshoe Country Club. Master of ceremonies for the evening was Max King, president of the club. Speaker at the banquet was Dr. Berlie J. Fallon, Associate Dean for Graduate Studies and Chair-

man, Educational Administration Program, College of Education, Texas Tech. Pictured left to right are Henry Stoneham, Boss of the Year; Robert Hooten, Merchant of the Year; Dr. Fallon; John Young, Outstanding Young Farmer; and Jeff Smith, Outstanding Young Citizen.

Police Report

Arrests logged in the Bailey County Law Enforcement Center this week included two for assault, one for disorderly conduct and one for failure to stop and give information, by the Sheriff's office; the Highway Patrol arrested two for DWI, one for auto theft; and the police department arrested two for making liquor available and for minor possession.

Miss Ford Country To Appear At Opening

Robert Hooten, owner and manager of Muleshoe Motor Company, announces that they will be having the Grand Opening of their new building on Thursday, February 1, 1973.

The new location is on the corner of American Blvd. and Twelfth Street.

The Muleshoe Motor Company was at its former location at the crossroads since 1939.

Search Underway For Rural Hero

The search is underway for Texas' Rural Hero of 1972.

The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented annually to some deserving person who has performed an act of exceptional bravery during a time of crisis.

According to Keese, all entries must be submitted by March 1 to the Rural Heroism Committee, Texas Farm and Ranch Safety Council, P.O. Box 489, Waco 76703.

The heroic act or deed must have occurred within the legal boundaries of Texas during 1972 and must be related to the farm and ranch operations.

Nominations should include a written account of the incident and the names of all persons involved. Newspaper clippings and pictures should also accompany the nomination if these are available.

Keese notes that examples of heroic deeds could be saving a person from a burning building or from drowning.

Last year's recipient was L. J. Luedcke who farms near the Industry community in Austin County. He saved a Bellville man, Bubba Krueger, from fatal electrocution when delivering a load of feed to the Luedcke farm.

According to Keese the rural Heroism Award and the rural safety program of the TFRSC point up the continuing need for improved safety in rural areas, both at work and play.

This new facility will provide additional space for automotive repairs, more accessible entrance and additional customer and new and used car parking facilities.

Construction on the new building started the first of July and the cost of the building and display area exceeded \$100,000.

Miss Ford Country, Sandy Lankford, will be in Muleshoe on Thursday to attend the Grand Opening of the new facility.

She has been traveling the State of Texas wearing her specially designed Ford blue western outfit representing Ford

Clayton Named To Important Committees

State Representative Bill Clayton was named to three committees important to his district Friday by newly elected Speaker Price Daniel, Jr., in appointments which generally reflected a shift of influence from the rural areas of Texas to major cities, particularly in Houston-Gulf Coast area.

Clayton, generally regarded as a conservative, was appointed to membership on the natural resources, intergovernmental affairs, and elections committees. Under a new rule which gives the Speaker power to choose the chairman and vice chairman of each committee plus half the remaining members.

House committees have been reduced from 46 to 21, so each committee is more powerful and encompassing. For example, the natural resources committee now includes a subcommittee on water conservation, which Rep. Clayton will serve as subcommittee chairman. Clayton said he sought this position because of the importance of water conservation to this district. Other resources, such as oil and gas, will also come under this committee.

Several important problems face Texans which will come under the Elections Committee, this year, Rep. Clayton said. They include the move to put primary elections back, to

Dealers at rodeos, civic events and personal appearances. In addition to her personal appearance schedule, Miss Ford Country has been featured in Dealers' radio and television commercials as well as newspaper advertisements and billboards throughout the state.

Besides her title of Miss Ford Country, she has also held the title of Miss University of Texas at Arlington. A senior physical education major, she is also a member of the Tri Delta Sorority. At the university she has been a varsity cheerleader, a school favorite and Reveille Beauty of 1970.

The daughter of Mr. and Mrs. L.L. Lankford of Graham, Texas, Miss Ford Country will make her tour of Texas rodeos and civic events in her official car, a 1973 blue LTD Ford.

Criminal Justice Committee Organized

The South Plains Association of Governments has organized a Criminal Justice Planning Committee to study the inadequacies in the present 15-county criminal justice system. Approximately 15 persons with careers in law enforcement, law, courts, probation, and other public service fields will serve as committee members.

The purpose of the committee is to acquaint all cities and counties with available programs and funds for which they might qualify. It is imperative that all needed projects be recognized so that sufficient funds can be requested in the SPAG Criminal Justice Plan. Before a pro-

8 Accidents Investigated In December

The Texas Highway Patrol investigated eight accidents on rural highways in Bailey County during the month of December, 1972 according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and no persons injured.

The rural traffic summary for this county during the twelve months of 1972 shows a total of 51 accidents resulting in four persons killed and 25 persons injured.

The rural traffic accident Cont. on Page 3, col. 3

MISS FORD COUNTRY, SANDY LANKFORD

TELEPHONE REPAIRS CONTINUE...General Telephone Company has extended their work over into the east part of the town. The General Telephone Company is installing new cables throughout town. In the south and west parts of town, new cables have already been installed and the project in that part of town has been completed at a cost of around \$120,000. These services should help in making better service for telephone customers in this area.

Beef Picture Stable

COLLEGE STATION - Beef prices continue steady across the nation despite increased production and increased livestock marketings. The main reason is the increased demand for beef due to the continued growth in the United States population and rising per capita disposable income, says Dr. Edward Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

He points out that the U. S. population increased by 22

million from July 1, 1970 to July 1, 1971 and that per capita disposable income rose 7 percent during that same period from a year earlier. "This has placed all sorts of demand on the only slightly higher total meat production."

Prices for feeder cattle continue up due to good feed grain crops during the past year and the continued expansion of large commercial feedlots in the Texas High Plains and in the Midwest. Citing figures from the U. S. Department of Agriculture, U-

vacek notes that cattle numbers have changed relatively little from 1966 to 1970. Beef cows and heifers have increased by about 3.5 million while dairy cows and heifers have decreased by some 3 million. The average value per head of all cattle rose from \$133 to \$179.

In Texas dairy cow and heifer numbers remained stable during the four-year period while beef cows and heifers increased only about a half million. The average value per head of all cattle in Texas increased from \$115 to \$155. "The real striking statistic as far as beef cattle are concerned is the growth in the cattle feeding industry in Texas," points out Uvacek. "Cattle feeding jumped 58 percent during the short period from 1969 to 1972. "Of course, this phenom-

enal growth has put Texas in the driver's seat as the nation's top cattle feeding state."

BIBLE VERSE

"By this is my Father glorified, that you bear much fruit, and prove to be my disciples."

1. Who is the author of this statement?
2. To whom was he speaking?
3. What was the occasion of this statement?
4. Where may this verse be found?

Answers to Bible Verse

1. Jesus.
2. To the eleven disciples.
3. After the Last Supper, while Jesus and the eleven were enroute to the Garden of Gethsemane.
4. John 15:8.

Farm Debts Growing

COLLEGE STATION - There is "compelling evidence" that Texas farmers' debt situations are getting heavier every year, according to three economists with the Texas Agricultural Experiment Station.

Farmers appear to be "carrying over" significant amounts of loans and find themselves borrowing large amounts simply to repay previous debts, Lindon J. Robison, Dr. Peter J. Barry and Dr. John A. Hopkins said. Indicating the extent of the situation, they said, is the fact that in seven of the years from 1962 to 1972, farmers' debt re-

Overlooked
The world has forgotten, in its concern with Left and Right, that there's an Above and Below.

-Times, Hampton, Ia.

Slow Thinker
Some men have a reputation for truthfulness because they can't think fast enough.

-Guide, Audubon, Ia.

payments exceeded gross farm income.

Projections to 1980 indicate more of the same. Even with a conservative two per cent inflation rate—it was three per cent between 1962 and 1970 the ratio of nonreal estate debt repayments to the total cash farm income is projected to increase from .93 in 1970 to a high 1.42. A ratio of one means that the repayments and income are evenly matched, below one there is more cash than repayments and above one the payments exceed the income.

Little, if any, real growth has occurred in cash farm receipts from farm marketing.

Cash receipts per farm seem to be on the increase because farms have been growing larger and becoming fewer in number. The number of farms in Texas has decreased from 224,000 with an average size of 638 acres in 1962, to 187,000 farms with a 775-acre average in 1970. Because of this, cash receipts per farm have gone up while receipts per acre have actually remained nearly constant. The three economists, all with the Department of Agricultural Economics and Rural Sociology at Texas A&M University, emphasized that the figures should be interpreted carefully as the calculations involved were based on limited data.

Robison is a research assistant with the department, Mr. Barry, an assistant professor, and Dr. Hopkins, a Stiles professor.

SPAG Organizes Law Enforcement Training

The South Plains Association of Governments has organized a Criminal Justice Law Enforcement Training Committee to determine the training needs of the law enforcement agencies in the 15-county area which SPAG serves. Approximately 16 regional law enforcement officers in supervisory positions will serve on the committee and will meet monthly.

The purpose of the committee is to study the needs for intermediate and advanced training courses for law enforcement officers. In the past, attendance has been less than satisfactory in many courses.

Every law enforcement agency in the region is encouraged to send at least one staff member to these meetings to present specific local needs. With area-wide participation, future training courses can be planned which will benefit a substantial number of departments.

"When a police or sheriff's department has limited personnel, as the majority in our area do, it is essential that the officers have the best training available. This is our goal," according to Mr. Sydney Hester, who is in charge of the training conducted by the South Plains Association of Governments' Law Enforcement Institute.

ON DRAFT EXAMS

Most men with lottery number up to 70 eligible for next year's draft pool have been given induction exams but few, if any, are expected to be drafted, according to Selective Service officials.

Safety belts, when you think about it, it's a nice way to say I love you.

WHO KNOWS?

1. When did the United States and North Vietnam agree to start peace talks in Paris?
2. When did the first General Assembly of the United Nations open, and where?
3. What is the predicted lightning damage for 1973?
4. Identify: Cathay, Hellas, Muscovy and Mesopotamia.
5. To what does anthropology refer?
6. Where would you find the Black Forest?
7. What does loquacious mean?
8. What is multiple myeloma?
9. During what war was the national anthem written?

Answers to Who Knows

1. January 16, 1969.
2. January 19, 1946, in London.
3. According to National Geographic, \$70 to \$100 million.
4. Ancient names for China, Greece, Russia and Iraq. Description of flowers.
6. In southwestern Germany -- the German name is Schwarzwald.
7. Talkative or fond of chatting.
8. An almost always fatal disease of the bone marrow.
9. The War of 1812.

NOTES, COMMENTS

Borrowers are usually optimists.

Envy is a form of self-poisoning.

Most people don't know what work is.

Eating is getting to be a costly habit.

Selfishness is the main cause of bad manners.

A compliment makes more friends for you than the truth.

Being frank is the road to unpopularity, unfortunately.

1973 will be a good year for those who plan ahead.

Have you ever met anyone who had nothing to complain about?

Almost any efficiency expert can speed up another man's business.

A conversationalist will talk whether anyone is listening, or not.

You can measure the size of a man by his reaction to flattery.

electric heating estimate
an eye-opener for:

makes molehills out of mountains

Why sift through a heap of information about heating? An accurate, easily understood estimate of what it would cost to heat the electric way makes the decision easy. It makes any ideas about electric heating costing too much come apart at the seams. It's the moment of truth when customers decide to switch to the total comfort of electric heat. Let us make a believer out of you. Call us. The estimate is free, accurate and a real eye-opener.

membership participation takes on a vital air during the coming year, pointing out that reports on the Mississippi River Import Study will be handed to Congress by the Corps of Engineers, Bureau of Reclamation and the Mississippi River Commission. "If we are serious about wanting to import water to the high plains now is the time for us to unite as never before. We have a tremendous selling job ahead, and the job will take all of us working together," Wells said.

TRADITION BROKEN
SAN FRANCISCO--A long seagoing tradition was broken when the U.S. Navy's hospital ship Sanctuary sailed with 60 female crewmembers aboard. The short trial cruise was a test for male and female sailors living in close quarters.

MRS. TONY MAURICE POTEET, the former Linda Kay Engle

Adrian Vows Unite Couple

Miss Linda Kay Engle and Tony Maurice Poteet exchanged double ring vows at 7:30 p.m. on Wednesday, Jan. 10, in the Adrian United Methodist Church. Officiating was Rev. Aaron L. Mitchell, pastor of the church.

Parents of the bride are Mr. and Mrs. Howard Engle of Adrian. The groom's parents are Mr. and Mrs. George C. Poteet of Muleshoe.

The altar was decorated with antique black candlesticks holding white candles and accented with red bows. A white kneeling pillow centered the setting and was flanked by arrangements of red gladioli and greenery.

Regina Poteet, sister of the groom, provided wedding music from Lohengrin, Hochzeitsmarsch, and "Love Story".

Given in marriage by her

father, the bride was attired in a formal length white velvet gown made by the groom's mother. The bodice was lace covered with the lace extending down the front of the skirt. The lace was accented with seed pearls and covered buttons. Beginning at the empire waist, the skirt ended in a sweeping chapel length train. An elbow length veil over a chapel length veil edged in lace and accented with rose appliques flowed from a lace beaded cap. The bride carried a bouquet of white feathered carnations and roses with white ribbon streamers tied in love knots.

Following tradition--- for something old, the bride wore an heirloom birthstone ring of the groom's mother; for something new, her wedding attire; she borrowed a necklace from her mother and wore

the traditional blue garter. She also wore in her shoes pennies minted in the years of her and the groom's births.

Jan Cavin of Adrian served as maid of honor. Bridesmaid was Mina Engle, sister of the bride. The attendants wore empire waisted gowns styled with white velvet tops and red velvet skirts joined at the waists with red and white ribbon. They each carried a nosegay of red carnations with white ribbon streamers.

Robert Gardner served as best man. Greg Little was groomsman. Both are of Muleshoe. The usher was Larry Groneman of Vega.

Guests were registered by Dagmar Poteet, sister of the groom.

A reception was held in Jesse's Cafe at Adrian following the ceremony. The table was laid with an ecru lace cloth over red and centered with the bride's bouquet and red candles. The tiered white wedding cake, decorated with pink and red icing roses, was centered with a miniature bride and groom. Cake, punch and coffee were served by Beth Lloyd and Patty Gray.

For travel the bride chose a green two-piece double knit suit complemented with a rose corsage lifted from her bridal bouquet.

After a wedding trip to points of interest in New Mexico, the couple will reside in the West Camp community.

BEAUTY QUEEN CANDIDATEMrs. Jerry Caswell, Beauty Queen for the Epsilon Chi Chapter of Epsilon Sigma Alpha, is competing for the title of District Beauty Queen at the District Nine meeting and Beauty Queen contest being held this afternoon in the fellowship hall of the First United Methodist Church.

Planning Supervised Play For Children

COLLEGE STATION--Go-to-meetin' time can be fun--with the children along, according to one authority.

"Planned, supervised play is the key," Jane Fleischer, family life education specialist with the Texas Agricultural Extension Service, Texas A & M University, advocated.

She explained essentials of planning "supervised play."

"Four things must be considered--the children, the person in charge, the place and available play materials.

"First, children should be recognized and accepted for what they are--foundations of motion, sound, delight and devotion. Thus, activities should involve the whole group, uniting the children rather than dividing them.

"A second essential part of planned, supervised play is the adult in charge. This supervisor should enjoy caring for children and treat them as people with rights and privileges.

"A supervisor should reflect a calm manner and willingness to listen. In addition,

an adult leader should realize children are individuals--and not compare them.

"A supervisor should feel that children basically want to do the right things--but are only learning. Thus, she or he isn't quick to blame or criticize--and looks for the good in each child," the specialist stressed.

A location for supervised play is the third major consideration.

"This involves numerous possibilities--another room in the home or club house, church nursery or kindergarten room, or even an area of the meeting room partially screened from the rest.

"Whatever is chosen, it should be warm, airy and light," Miss Fleischer continued. "Also, toilets should be located nearby."

In good weather, outdoor space--preferably a fenced area--is highly desirable, she added. The outdoors is healthy for children and helps remove disturbing noise.

Play materials comprise the fourth factor. They can cause problems--especially when children bring their own. A child may not want to share his toy and cut himself off from the group.

"Maintaining a permanent club toy box can help avoid this situation, and members can take it from one meeting place to another."

Play materials may be donated, purchased or made by the group. However, different sizes, shapes and sound levels should be included.

"This variety is essential for both active and quiet play. Children have an attention span which is generally short and dependent on the play material," the specialist concluded.

Bridal Shower Fetes Mrs. Randall Copley

A bridal shower honoring Mrs. Randall Copley, the former Glenda James, was held January 6 at the Baptist

Church in Progress. Corsages made of kitchen gadgets were presented to the honoree; her mother, Mrs.

Examine Mobile Home Furnishings Carefully

(Editor's Note: This is the final article of a two-part series on mobile home buying.)

"In over 90 per cent of mobile homes sold, furniture, draperies, carpeting and appliances are part of a sales package, so a careful look at them is in order.

"Although some mobile homes are fully furnished most provide a bare minimum of furniture," according to Mrs. Robin Taylor, county Extension agent.

"Living rooms might contain a sofa and one chair. Dining areas usually have a table and four chairs, while also include a hutch or china cabinet."

In the living room, sit on the sofa and chairs to determine their comfort. Check for ample padding on the fabric-covered frame and the springs.

Another look at comfort and padding involves beds and mattresses.

Most bedrooms include a bed and chest of drawers, with or without mirror. Some master bedrooms contain an oversized bed--queen-size or even king-size.

Other bedrooms often feature under-sized beds--standard three-quarter-size or a special size made especially for the mobile home market. Sizes of appliances are generally standard and can range from minimum standards to luxury standards.

The agent warned buyers against expecting top-quality furnishings and appliances in less expensive mobile homes. She cited three choices for the buyer not satisfied with existing furniture and appliances:

--Furniture and appliances may be deleted from the order --dealers usually do this at the buyer's request.

--Buyers may accept the unit including furnishing and appliances with plans to replace the furniture later.

--At the time of the purchase, better quality furniture and appliances can be selected and the cost included in the price of the mobile home.

One more consideration is carpets and window fabrics. Factors to study include their appearance, care, how long they will last, and their quality in general, the agent concluded.

Willie James; and the groom's mother, Mrs. W.T. Copley. The serving table was covered with a white tablecloth edged in lace. An arrangement of green artificial flowers and yellow candles centered the table. Refreshments of cookies, mints, nuts, punch and hot spiced cider were served.

Hostesses were Mrs. Robert Hunt, Mrs. Eugene Shaw, Mrs. Bobby E. Free, Mrs. J.R. King, Mrs. Joe King, Mrs. Henry Stoneham, Mrs. Monty Dollar and Jerry Lupkin.

Market Report

COLLEGE STATION--Recent cold weather in many produce growing areas will have a decided effect on supplies in the next few weeks.

Mrs. Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service, Texas A & M University, predicted that prices will rise on items in short supply.

"Currently, citrus continues to highlight Texas fruit counters.

"Oranges and grapefruit are in greatest quantity, while tangerines, tangelos and lemons are still available."

Other fresh fruits and vegetables in best supply at the most economical prices include apples, bananas, avocados, potatoes, and hard shell squash.

Also yellow onions, green cabbage, purple top turnips, rutabagas, sweet potatoes, carrots and broccoli.

"Prices on fryer chickens are up a bit also," Mrs. Clyatt continued. "Nevertheless, they are versatile and offer protein at an economical price."

"Although egg prices are higher than the last quarter of 1972, that is the normal price trend of former years."

"Most markets feature some cuts of mature beef at special prices. In general, look for best beef values on short ribs, ground beef, round steaks and roasts, chuck steaks and roasts, and beef and calf liver."

Pork buys consist of smoked ham portions, picnics, Boston butt roasts, shoulder steaks and roasts, end cut loin roasts and chops, and pork liver.

However, pork values are scarce for this time of the year, the specialist added.

DONATES PUPPETS... Members of the Alpha Zeta Pi Chapter of Beta Sigma Phi are making and donating hand puppets to the Muleshoe Hospital and Nursing Home Auxiliary for children who are patients in the West Plains Memorial Hospital. Mrs. Delbert Barry, service chairman for the Sorority, left, presents some finished puppets to Mrs. J.E. McVicker, president of the Auxiliary. Mrs. Doyce Turner is pediatric chairman for the Hospital Auxiliary and is president of the Sorority.

Mrs. Hooten Presents Beta Sigma Phi Program

Members of the Alpha Zeta Pi Chapter of Beta Sigma Phi met in the home of Mrs. Don Cihak on Tuesday, January 23. Plans were discussed for the annual Valentine social to be held in February.

Mrs. Tom Jinks and Mrs. Joel Young introduced the guest speaker for the evening, Mrs. Robert Hooten. The theme of the program was "Awareness of Blessing." Members shared quotations on the meaning of true happiness. Mrs. Hooten spoke on happiness as an individual blessing which grows in strength as we share it with those around us.

Following the program members and guests were served trifle, mints, nuts and coffee. Hostesses for the evening were Mrs. Don Cihak and Mrs. Ken Box.

Members attending were

Mrs. Dick Johnson, Mrs. Delbert Barry, Mrs. Joel Young, Mrs. Tom Jinks, Mrs. John Neil Agee, Mrs. Max King, Mrs. Eric Smith, Mrs. Jimmy Dale Black, Mrs. Don Rempe, Mrs. Bill Russell, Mrs. Ken Box, Mrs. Bob Finney, Mrs. Kearney Scoggin, Mrs. Joe

King, Mrs. Doyce Turner, Mrs. Marcia Henry, Mrs. Don Cihak, Mrs. Travis Bessire and Mrs. John David Hamblen. Mrs. John W. Maddox, now of Muleshoe, a Beta Sigma Phi member formerly of Littlefield, was a special guest at the meeting.

4-H Film Series Slated For Local TV Viewing

"Exploring the World of Electricity," the first film of a new 4-H television series, will be shown on television station KCBD, Lubbock, Channell, Feb 10, at 12:00.

County Extension Agent Robin Taylor says the film is about 25 minutes long and features "Sam, Betty and Mr. E," two 4-H'ers and their adult leader. Astronaut Neil Armstrong introduces the series of six films called "The Magic World of Electricity." The three basic uses of electricity—heat, light and

power—are explored in this first film. The 4-H'ers learn about the principle of electromagnetism and how this idea is practically applied in home appliances, machinery and industry. The basic operation of heating devices, light bulbs, and motors are outlined. In one part of the film, the two youths and their leader visit a television studio and see how important electricity is in television production.

The county agent points out that the film should help area youth learn to perform certain technical skills related to everyday uses of electricity. The film is made available by the Texas Agricultural Extension Service. More information concerning the film and the entire series can be obtained at the county Extension office, says Mrs. Taylor.

KKI Holds "Yatzhee" Party

Kappa Kappa Iota met Thursday, January 18, at 8 p.m. at the First National Bank. Hostesses for the evening were Mrs. Kathleen Francis and Mrs. Lewis Scoggin.

Following the business meeting, the members played "Yatzhee" with "white elephant" prizes. Refreshments of pecan pie, mints, spiced tea and coffee were served to the following members: Mrs. Jimmy Harvey, Mrs. Fred Mardis, Mrs. E.W. Johnson, Mrs. Lena Hawkins, Mrs. Arvis Grogan, Mrs. Joe Costen, Mrs. Tom Jinks, Miss Virginia Bowers, Mrs. Kathleen Francis and Mrs. Lewis Scoggin.

Running roses can be pruned anytime during winter. Cut out the dead and oldest canes.

NEW ARRIVALS

Damon Lee Parker

Mr. and Mrs. Alton Parker of Muleshoe are the parents of a son born at 12:25 p.m. on January 24 in the West Plains Memorial Hospital. The baby weighed five pounds seven ounces and was named Damon Lee. Damon Lee has one sister, Casey, who is four years old.

Grandparents are Mr. and Mrs. Bernard Cottam of Hereford and W.W. Parker of Muleshoe, and great grandparents, Mr. and Mrs. J.J. Murray, Kress.

Mental vacations are more necessary than physical rest.

To learn, one must listen, and that's what throws many of us.

From the Journal

20 Years Ago

The March of Dimes drive is to benefit from admissions paid to a basketball game scheduled for tonight between members of the school faculty and former high school players.

CWF Meets In McGee Home

The Christian Women's Fellowship of the First Christian Church met Tuesday, January 23, in the home of Mrs. Bobby McGee.

The worship was given by Mrs. McGee who told of the beginning of the Church. The group then read in unison the Affirmation of Faith.

Mrs. T.R. White presented the program, "The Visible Community," emphasizing Matthew 5:13-16. Mrs. White discussed the significance of salt as applied to Christians such as the use of salt in purifying, seasoning and preserving. Next she discussed the symbol of light to describe many persons and objects such as God is described as the light of the world and David was the lamp or light of Israel.

Members present were Mrs. Sena Stevens, Mrs. LeVina Pitts, Mrs. Lula Gorrell, Mrs. T.R. White, Mrs. Ken Cole, Mrs. S.E. Goucher, Mrs. Joe Costen and the hostess, Mrs. McGee.

Journal

announce the arrival of a daughter on January 15 at the South Plains Hospital at Amherst. She weighs eight pounds 11 ounces and has been named Becky Dianne.

Mrs. Sam McKinstry, who recently opened her piano studio in Muleshoe, accompanied by Nan Allison, attended the solo district state contest for New Mexico Teacher's Association which was held in Clovis Saturday.

Annual Spring and Summer market of the American Fashion Association was held in the Adolphus, Baker and Blue Bonnet Hotels in Dallas January 18-23. Attending from Muleshoe were Elizabeth Barnett and Dorothy Mathieson of the Fashion Shop and Lowell Irvin St. Clair of St. Clair's Department Store.

Mr. and Mrs. O.R. Chandler of Littlefield are the parents of twin girls born January 21 in the South Plains Hospital at Amherst. They were named Bonnie Evalene and Betty Evalene. Mrs. Chandler is the twin sister of Charlene Watson of the Chamber of Commerce and is the former resident of Muleshoe.

Jeff Peeler was named vice-chairman of Yellowhouse District, Boy Scouts of America, at an organizational meeting held in Fisher's Cafe, Littlefield, Thursday night.

The Pleasant Valley Social Club met January 21 in the home of Mrs. Gerald Allison. Mrs. Sam McKinstry played the musical skits that accompanied the games for the afternoon. Mrs. McKinstry is the mother of Mrs. Allison.

Delicious refreshments of Jello salad, fruit, cake and coffee were served to Mesdames R.L. Roubinek, George Wuerflin, Leroy Hicks, Oscar Allison, Gerald Allison, Charlie Prather, E.K. Angeley, Bruce Burreson, M.L. Hayes and Sam McKinstry. Mesdames Burreson, Hays and McKinstry were visitors for the afternoon.

10 Years Ago

Jane and Jerry Bruns were Saturday night guests in the Howard Watson Home, Muleshoe. Jane and Jerry are Mrs.

Watson's sister and brother.

Mr. and Mrs. Jay Feagley and boys visited in the home of her sister, Mr. and Mrs. J. W. Walker, Pep, Sunday.

Troop 70 of the Girl Scouts met in the home of Mrs. Roy Dyer Monday evening.

Attending were Karla Ellington, Sheila Harvey, Karen Parks, Lana Gibson, Jean Haskins, Sharon Tucker, Faith Talley, Gerri Hardy, Vickie Henderson, Penny Langer and Renee Dyer.

Mrs. Joe Langer, assistant Troop leader, assisted Mrs. Dyer with serving and the business meeting.

New officers were installed for Rebekah Lodge No. 114, Muleshoe, Tuesday night in a ceremony conducted by Mary Murrell, district deputy, and her staff from Earth Lodge No. 139, Mcathrine.

Installed were Mrs. Katharine Aylesworth, Noble Grand; Mrs. Lena Hawkins, vice Grand; Jackie Blaylock, Past Noble Grand and recording secretary; Ona Berry, treasurer; Adele Tompkins, Right Support to Noble Grand; Grace Kemp, Left Support to Noble Grand; Juanita Busby, conductor; Lucille Gross, Warden; Mary Finley, Chaplain; Argilee Millen, musician; Ruby Green, Inside Guardian; Callie Smith, Outside Guardian; Barbara Burton, Right Support to Vice Grand; and Fern Davis, Left Support to Vice Grand.

Mrs. Bonnie Haber was guest speaker for a meeting of the Alpha, Dorcas and Mary Martha Circles of the First Methodist Church Tuesday when 30 members were present in a combined meeting. She presented the film, "Follow the Bamboo". At the conclusion, Mrs. Haber answered questions in connection with her trip to the Orient.

Foreman—Why is it you carry only one plank at a time when all the other men on the job carry two? Worker—I suppose they are just too lazy to make the extra trips like I do.

On The Button Mr. Grouch—Woman, is nothing but a rag, a bone, and a hank of hair. Mrs. Grouch—Man is nothing but a brag, a groan and a tank of air!

Nursing Home News

Mrs. Stotts of Modesto, California, came Saturday to see her mother, Mrs. Nicholson. Also visiting with Mrs. Nicholson were her other daughter and son-in-law, Mr. and Mrs. Merle Stephenson.

Mr. and Mrs. Bob Boone, Mrs. Bonnie Green and Mr. and Mrs. O.B. Whitford came to see Mrs. Whitford Sunday. Mrs. Boone and O.B. Whitford are Mrs. Whitford's children.

Visiting Mrs. Lewis on Sunday were Mr. and Mrs. Leon Lewis and Kirk, Mr. and Mrs. Edwards and Ray, Mr. Roberson, Mrs. Wood and Mrs. Boyston and daughter.

Mrs. Sybil Simpson of Clovis, Mrs. Brown's daughter, came by early Friday and got her and they went to Lubbock for the day. They also visited Mrs. Brown's brother and his wife that day.

Mr. and Mrs. Paul Twaddell of Amarillo came Tuesday morning and got Mrs. Brown. They attended some business, ate lunch, then brought her back to the Home. Mrs. Twaddell is Mrs. Brown's daughter.

Mrs. Timms came to see her mother, Mrs. Perry, on Tuesday bringing two of her grandchildren, Mike and Kim Miller, who are also Mrs. Perry's great-great-grandchildren.

Mr. and Mrs. Merle Stephenson visited Mrs. Nicholson on

Wednesday.

Miss Anna Long is still a patient in the West Plains Memorial Hospital.

Mrs. Opal Robinson and Mrs. Jewell Griffith come each day to visit with their mother, Mrs. Stevens.

Mrs. Ava Nell Lenderson visited her mother, Mrs. Motheral, Wednesday.

Mr. and Mrs. Russell Harmon of House, N.M., and their grandson came Wednesday afternoon to see Mrs. Wilterding. Mrs. Harmon is her daughter.

Mrs. Pete Robinson visited with Mrs. Lois Robinson on Wednesday.

Mrs. Bryant visited her father, Mr. Bealer, Wednesday afternoon.

Mrs. Stovall came to see "Pop" Stovall on Wednesday.

Mrs. Crain, Jessie's sister, served us juices Wednesday morning. We really appreciate the "Pink Ladies" as they are such willing workers.

As we look back over the years past, this little verse comes to my mind. Maybe you would like to read it too. "It isn't your years, but how you spent them, it isn't the cares that life may bring, but it's the joys and dreams and friendships that are worth remembering."

It All Adds Up Boy—Aw, Pop, I don't want to study arithmetic. It 'tain't no use.

Dad—What! A son of mine grow up and not be able to figure football scores, batting averages and race-track odds!

Wedding Policy

The Muleshoe and Bailey County Journals will hereafter print wedding stories and pictures under the following guidelines:

1. Newspaper reproduction is best with black and white photographs which have good contrast. Color prints often do not have enough contrast to reproduce well and are slower to have developed and must be done by professional studios. Those taking pictures at the wedding should have at least one black and white picture taken of the bride before the altar, to be ready immediately following the ceremony, to be submitted with the wedding story. Pictures submitted for publication should be of the bride only.

2. Photos and stories must be in the office by noon Monday for the Thursday Muleshoe Journal and noon Thursday for the Sunday Bailey County Journal.

3. Story with picture must be presented by deadline for publication in issue no later than two weeks following the ceremony.

4. Stories without photos will be printed if received in time for publication within the same two weeks deadline.

5. All information will be printed as desired and as space allows with the exception of out-of-town guests. The immediate family of the bride couple will be printed as out-of-town guests, as space allows. If serving in some capacity at the wedding, names will not be repeated in the guest list.

6. Information preferably should be typed, either on a form provided by the paper, or in story form, in which case it should be double spaced, on one side of the paper only. The paper will not be responsible for misspelled names taken from handwritten stories or forms.

7. Photos are returnable following publication and appropriate arrangements should be made with the Society Reporter.

8. When announcing engagements, the Journal's wedding form may be obtained from the Society Reporter. The staff is available to assist brides-to-be and her family.

9. As with all copy, the Journal reserved the right to edit all stories to fit newspaper standards and policies.

10. Any society story received after deadlines will be subject to further editing or publication in later issues.

TOPS Hold Weekly Meeting

Muleshoe TOPS Chapter No. 34 met Thursday evening, Jan. 25, in the Bailey County Electric meeting room with 25 members weighing in. Members repeated the Pledge and sang the Friendship song.

Crowned queen for the week was Vickie Garner, Lucille Harp was first runner-up and Ann Vinson was second runner-up.

Aurora Mata celebrated her birthday and received a gift from the birthday box.

Two guests, Dell Sneath and Felepa Garcia, and one new member, LaVell Parker, attended.

The next meeting will be fruit night and awards night. The meeting was dismissed with the singing of the good-night song.

Editorial

Welfare Reform

Just about everyone who has seriously studied the welfare picture in the United States agrees reforms are needed; there are, of course, differences as to how present laws, agencies, local offices, state collaboration agencies, etc., should be streamlined.

All agree there's too much paper work, varying with the various kinds of welfare, and administered by different agencies, local offices can't keep up with the paper work if recipients report each change of address, rent increase, pay hike, new expense, new employment, etc. As a result, the present overloaded, complex system translates into many receiving checks long after they should have been discontinued, ineligible recipients receiving checks, some who should receive aid obtaining it late, or obtaining too little, etc.

One impossible requirement of the present system is that it requires recipients who work a different number of hours each week to report the changes. The local office is then supposed to recalculate the recipient's budget, change the amount of money to be given him and notify the central office of that change. Most offices don't have the personnel for such a paperwork task; in fact, many don't have the personnel to check on recipients to see if they are still eligible, every six months, as the law requires.

One of the priority duties of the new Congress is to see that the Department of Health, Education and Welfare, and other federal bodies, bring some order out of the chaos of today's welfare system. HEW's recent proposal to reduce federal payments to states found making too many overpayments is a first step in the right direction.

FDR

The only President ever elected to four terms, and the only one likely to be, Franklin Delano Roosevelt, was born at Hyde Park, New York on January 30th in 1882.

Though appraisals on FDR vary widely, he was a master politician beyond much doubt. His unquestioned contribution to the nation was restoring confidence and hope and bringing the country out of the depths of its worst depression.

Many now in their sixties or seventies can testify that they avoided losing their home or were able to educate their children, only because of the pump-priming and emergency measures of the first Roosevelt Administration (1933-36). No amount of argument that many of the emergency programs were faulty or wasteful will convince them they were not badly needed, that the ends didn't justify the means.

There is dispute over FDR's role in leading the nation into World War II, though the President undoubtedly felt this course was necessary to safeguard democracy and crush the tyrant Hitler and Japanese militarism.

At the time, when Roosevelt was quietly aiding England, attacking U-boats, and pushing Japan into a corner, most Americans were unaware of the whole story. But certainly the United States emerged from the Second World War the most powerful country in the world, and Axis aggression was thoroughly crushed.

Regardless of more recent evaluations and revelations, FDR's death in April of 1944 touched off a spontaneous outflowing of sympathy at home and abroad which has seldom been equaled in the history of the western world.

CONGRESSMAN

Bob Price

18th Congressional District

Today Congressman Bob Price introduced legislation which, if enacted, will require the Secretary of Agriculture to carry out the provisions of the existing law providing for the authorization and funding of the Rural Environmental Assistance Program. While I agree in principle with and applaud the President's efforts to keep Federal expenditures within reasonable limits, Price stated, "I feel that the effects brought about through the discontinuance of this important program would be detrimental to the long range preservation of our most vital human resources—namely our soil, water and air."

Noting that the Rural Environmental Assistance Program has worked effectively as a Federal cost sharing program for conservation programs installed by farmers since the 1930's, the Texas Congressman went on to mention some of the accomplishments made possible through this program: "REAP has enabled our farmers to do more to clean up and preserve our environment than any other federally sponsored program. Through this program our farmers have been able to protect our soil through the establishment and improvement of vegetative cover, strip-cropping practices, terracing, the re-seeding of marginal land, and cross fencing for grazing. REAP has also provided for straddles to be made in the areas of sediment retention and chemical runoff control, drainage, irrigation and related practices and livestock water utilization and distribution on ranches. Through this program our farmers have also been able to embark upon activities which have slowed the spread of noxious brush and weeds, accounted for a major portion of our reforestation program on private lands, helped aid wildlife conservation and increased the development of recreational areas."

Price went on to state that it would be unfair of us to demand America's farmers to take on the burden of the conservation of our natural resources single-handed when it is evident that REAP has benefited not only rural America, but our Nation as a whole. He added that it is not feasible at this time for farmers to initiate and continue long range programs without the aid of cost sharing initiatives provided by the Federal Government especially if we are to continue to feed the starving millions abroad.

"I am looking forward to the hearings which will soon be held on this matter by the Committee on Agriculture of which I am a member and I am hopeful that the Administration will reconsider its action with regard to this important program," Price concluded.

ON CHEMICAL WEAPONS

U.S. officials predict a treaty banning the production, stockpiling and use of chemical weapons is at least two years away. Chemical weaponry is expected to dominate the 25-nation Geneva disarmament conference reopening Feb. 20.

NEWS NOTES

MORE ANTRAK TRAINS

WASHINGTON -- Amtrak plans to begin running four high-speed passenger trains in the Midwest by next summer. The new trains will not be electric but powered by an airplane-type, gas-turbine engine.

ORPHANED CATS

LONDON -- People moving to new housing developments are leaving their cats behind in condemned residential areas. The survival of these cats is causing the Animal Defense Society a great problem in London.

ON BLOOD RESEARCH

BOSTON -- A team of Harvard medical researchers, having successfully transplanted 35 rats' blood with an artificial substance, is

planning to use the same experiment on monkeys. The rats survived without any apparent ill effects.

A BIG TIP

LEDBURY, ENGLAND -- When Mrs. Helen Reeve, died recently, Sir Wood, a 59-year-old taxicab driver, received \$47,000. He had driven the 86-year-old widow regularly for years and did her shopping and odd jobs around the house when she became disabled.

ORDERED FREED

Justice William O. Douglas ordered reporter William T. Farr freed from jail while he appeals a contempt conviction for a story about the 1970 Manson trial. Douglas said he was freeing Farr "in the interest of justice."

exclusive interview—

Klein Says Bombing Halted On Signal From North Viets

By Edward H. Sims (Special Correspondent MULESHOE JOURNAL)

WASHINGTON, D.C. -- President Nixon's Director of Communications, Herb Klein, denies worldwide public opinion and public and congressional pressure at home forced President Nixon to suspend the bombing of North Vietnamese industrial centers.

"The President knew pressure to halt the bombing would come. We could have stood the pressure a little longer."

"What counts is the kind of peace we get, and the President has demonstrated to the North Vietnamese that he has the courage to do what he thinks is right. They realize that."

"The bombing halt of the northern part of North Vietnam definitely came after a signal from Hanoi that they were ready to resume the negotiations in Paris."

Because President Nixon has been criticized in some quarters for notifying Peking and Moscow the bombing would be resumed, Klein was asked about charges this 24-hour warning (which reached Hanoi) allowed the North Vietnamese to get ready for the bombing, bringing missiles from all over the country for the defense of Hanoi.

"The President felt Moscow and Peking, who were to help bring Hanoi to the peace table, should be informed; that the advantages outweighed the disadvantages."

"Of course, the North Vietnamese might have brought in missiles, but they could, in any event, have done that after the first day's resumption, couldn't they? So we're talking about one day really."

NEWS FROM WASHINGTON

WASHINGTON, D.C. -- Israel and Syria are now fighting a sporadic war, as Egypt and Israel have waged in the past. The latest clashes show Israel's Phantom and Mirage jets can successfully engage the Arabs' MIG-21's.

They also reveal the superiority of Israeli pilots. They do not answer the question whether Israeli jet fighters could successfully engage the MIG-23, which the Russians withdrew from Egypt in 1972. Most air observers think the MIG-23 is a better air-to-air fighter.

In addition to the testing of their fighter forces, Israel and Syria are testing radar, tanks and other equipment in the clashes near the Syrian Border. As yet, the Israelis, their military organization, the use of weapons, and their individual combat ability all remain superior.

Senator Hubert Humphrey in 1968 in paying his bills. Humphrey, with help from others, ran up a debt in the millions in a desperate Democratic bid to hold the White House (and patronage). The party is still struggling to pay it off. The debt is one of the more formidable problems facing Joseph Cole, the party's new finance chairman.

McGovern's remaining debt is less than half a million dollars; his supporters are continuing to pay that off.

The President still feels this country must build a supersonic transport, and the visit of a British official in Washington recently, who sought operating permission for the new British-French Concorde, emphasized the President's conviction.

The White House is to ask a small appropriation from Congress to begin a new study of the SST's effect on the environment, as a result of the President's opinion.

Congratulations

Enochs News

By Mrs. J.D. Bayless

Burton Gilbert of Memphis Texas, was in the community Friday and Saturday and visited his sister, Mr. and Mrs. H. B. King.

The Enochs Baptist women met at 9:30 Tuesday morning for Mission Study with Mrs. Zelma King in charge of the program. Mrs. Louise McCall, Wanda Layton, Mrs. L.E. Nichols, Mrs. Essie Seagler, Mrs. Sandra Austin and Mrs. Loretta Layton had parts on the program. Mrs. J.D. Bayless offered the closing prayer. The nine present were Mrs. Zelma King, Mrs. Essie Seagler, Mrs. Sandra Austin, Mrs. Wanda Layton, Mrs. Loretta Layton, Mrs. Louise McCall, Mrs. L.E. Nichols, Mrs. J.D. Bayless, the nursery worker, Mrs. C.H. Byars and one child, Jeff Austin.

Mrs. Henry Hardaway and children of Littlefield visited her parents, Mr. and Mrs. C. H. Byars, Sunday afternoon.

Mr. and Mrs. J.D. Bayless

were in Muleshoe Wednesday morning and visited in the home of his brother Roy Bayless.

Mrs. Ted Hall is home after staying with her daughter, Mrs. Billie Jean Monroe, who underwent surgery Monday. She returned to her home Friday.

Rev. and Mrs. Charlie Shaw attended the Evangelism Conference at the Convention Center in Ft. Worth Monday through Wednesday.

Mr. and Mrs. Chester Petree were in Lubbock Sunday to visit their son and family, Mr. and Mrs. Dannie Petree and children.

Mrs. George Fine is home after spending several weeks with her daughter, Mr. and Mrs. Erwin Campbell at Levelland.

Mrs. Myrna Turney is working at Morton at the Ramsey Food Store. Others from Enochs working at Morton are Freda Layton, who is working for Randy Thomas, County Attorney, and Mrs. Dennis Turney, who is working at the Abstract Company.

The Bula F.H.A. girls are having a chicken supper Friday night before and after the ball game. They will be playing Three Way.

Bula Junior High played Whitharral Thursday night. The Bula girls won and the boys lost their game.

Friday night Bula High School played Papat Pep, Bula boys won their game with a score of 70 to 40 and the girls lost their game in overtime.

Mr. and Mrs. Gary Johnson of Ft. Worth spent Saturday night and Sunday with her parents, the Harvey Blackstones.

Mr. and Mrs. W.T. Thomas spent the week in Amarillo with her sister, Mr. and Mrs. Joe Woodard to be with his brother, Henry Thomas of Childress, who fell during the ice storm and broke his hip. He was a patient in the Veterans Hospital in Amarillo.

-Courier, Bristol, Va.

Dog-Caused Collision

Injured, he claimed damages from the owner of the dog under the state's "strict liability" law. And the court held that, since the dog had indeed caused the accident, the owner would have to foot the bill—even with no proof of his negligence.

Strict liability laws, although not yet universal, are already on the books in many states. And even without such a law, a dog owner may be held liable if shown to be negligent.

In another case, a terrier had the habit of assaulting passing

vehicles of all kinds. One day he rushed ferociously at a youthful motorcyclist, causing him to lose his balance and crash.

Even with no strict liability law in effect, a court ruled that the dog's owner would have to pay damages. The court said he was guilty of negligence for failing to keep such a troublesome dog under restraint.

On the other hand, there is no liability if the dog—although involved in the accident—was not really its cause. Thus:

A motorist, after barely touch-

ing a dog, ran his car into the ditch. But when he sought damages from the dog's owner, the quality of his own driving came under scrutiny. Considering all the circumstances of the encounter, the jury concluded that a reasonably careful driver would have had no trouble staying on the road.

Result: case dismissed.

New Goal For Texas Agriculture

COLLEGE STATION--Dr. John E. Hutchison, director of the Texas Agricultural Extension Service, has announced that preliminary estimates indicate that gross agricultural income in Texas for 1972 will exceed the \$3.76 billion goal set in 1968 to be reached by 1976. This announcement was made to news media representatives attending a recent Extension Press Day banquet at Texas A&M University.

"The record agricultural income level forecast for 1972 is a consequence of a number of interacting factors," Hutchison said. One item was the establishment of a specific income goal for Texas agriculture by the Extension Service in cooperation with other agricultural agencies, organizations and individual leaders which permitted independent action designed to achieve the objective by all interested groups.

"Another key factor," the director said, "was the development by Extension specialists of comprehensive production and marketing guidelines, embodying all of the best practices from modern re-

search, for each economically important agricultural commodity produced in the state."

"These guidelines were then placed into the hands of each of the respective producers of these commodities by local county agents. The widespread application of these practices was a major contributor to the achievement of the statewide goal."

Hutchison noted that another major factor was generally for most areas of the state, coupled with fairly stable prices.

However, the director cautioned that unfavorable harvesting weather in the western cotton producing areas of the state may still reduce income estimates-- but these estimates have recognized that considerable cotton and other crops were still in the field.

While recognizing the substantial increase in gross agricultural income, Hutchison emphasized that net income in terms of returns on investments in production agriculture still lagged behind comparable returns for non-agricultural industry. "Production agriculture remains our

of the most competitive industries in America, and the need to improve net returns on investments in farming and ranching is still critical-- especially for the family farmer," he said.

On the assumption that 1972 cash receipts from agriculture will exceed the \$3.76 billion goal, Hutchison issued a challenge to try for \$4.76 billion by the end of crop year 1976. He asked news media representatives for their reaction to the suggested new goal and stated that he planned to meet with state agricultural leaders to determine whether they considered the new objective feasible.

"It will take the combined efforts of the total agricultural industry if the objective is to be reached," he emphasized, "and those of you with the agricultural press have a vital role to play in such a massive undertaking."

Focusing other remarks on the future role of the Extension Service in Texas, the director pointed out that the 70-year-old principles of Extension education which have evolved since Extension had its begin-

MHS Band Members Make All Region Band

By Karen Hamilton
Several members of the Muleshoe Mighty "M" Band left for Lubbock on January 13 to try out for the All-Region Band. Tryouts were held at the Texas Tech Music Building. Eight members of the Mighty "M" Band made the All-Region Band, Mike Hunt, a sophomore, made first chair mallets. Brent Blackman, a Senior, made third chair French Horn. Cassie Precure, a Senior, made second chair French Horn. Karen Hamilton, a Senior, made second chair Bass Clarinet. Sharon Wrinkle, a junior, made fourth chair clarinet. JAMA Marritt, a Senior, made seventeenth chair Clarinet.

Kim Milner, a Junior, made fourth chair on Bassoon. Stephanie Bryant, a Senior, made first chair on Saxophone. Also Danny Blaylock, a Senior made first alternate on Trumpet and Kathleen Jennings, a Senior, made third alternate on French Horn. The members who made All-Region Band left Thursday, January 25, for Lubbock where the All-Region Concert was held. The band had practices on Thursday, Friday, and Saturday. The concert was Saturday, January 27, at the Coronado High School Auditorium. The director of the All-Region Band was Dr. Frederick Fennell. Congratulations to these students for achieving these honors!

STEPHANIE BRYANT

Mulette Manuvers

The Mullettes Varsity won a very important district game Friday night over the Canyon girls. The final score was Muleshoe 58 and Canyon 46. I was very proud of all the girls and the tremendous effort they put forth. The Mullettes were behind 5-17 at the end of the first quarter. It takes great character to come back and win after being behind that much. The team shooting percentage was 52% and the free throw percentage was 76%. The scoring for the game was: Rejana Hardaway 34 points, Jeanie Putman 16, Tani Murrah 6, and Tracy Cowan 2. I felt the guard play of Linda Head, Audrey Winn, Brenda St. Clair and Belinda Throckmorton was outstanding. The Mullettes played Friona

Tuesday night and defeated them 49-42. Scoring for the game was Jeanie Putman 20 points, Tani Murrah 19, Rejana Hardaway 8, and Tracy Cowan 2. The Mullettes B team also defeated Friona 33-32. The Mullettes now have a season record of 20 wins and 5 losses. The B team has won 13 and lost 3. The Mullettes have a very important district game with Canyon February 9 and can win district championship by winning. We were very impressed by the large crowd that came out last Friday night and backed the Mullettes. We would like to thank Mr. Harvey and his stage band for playing at the game. We would like to congratulate Jeanie Putman for being selected player of the week by KGNC TV- Amarillo.

Speech Department Wins Sweepstakes

The Speech Department's contest team competed in the Midland Tall City Speech Tournament this past weekend. As a team effort, Muleshoe won the Individual Sweepstakes Championship over twenty-six other schools.

Muleshoe finished in second place for the overall debate championship. Results are as follows: Richard Meyers and Steve Block, first in debate; Denette Mann, first in persuasive speaking; Jennifer Davis, se-

cond in persuasive speaking; Brent Blackman, second in prose reading; Larry Torres, third in prose reading; and Chuck Smith, third in informative speaking. The contest team will compete in three tournaments dur-

ing the month of February: February 3, the Hereford Tournament; February 9-10, Kermit Tournament; and February 17, Dalhart Tournament.

FFA Boys Will Be Showing Animals

By Rex Black

The Bailey County Jr. Livestock Show will be February 8, 9, and 10 in the Muleshoe High School bus barn. The entries deadline is February 1, 1973. Entry fees are \$1.00 per head on sheep and swine entries and \$2 per head on cattle entries. The sheep show will be at 7:00 p.m., Thursday night, February 8. The swine will start the show Friday at 10:00 a.m. The steers will be shown after the swine at 2:00 p.m. The San Antonio show will be held February 11 through February 17. The boys who have swine entered at San Antonio will leave February 11, accompanied by their advisor, Mr. Keith Bray. These boys are Billy Milburn, Kyle Kimbrough, Dan Ellis, Kelly Head, David Saylor and Rex Black. The Houston Livestock show

will be held February 25 through March 3. The Muleshoe FFA has a total of 14 barrows, 30 lambs, and 17 calves entered. The people who are going to Houston include Marshall Pool, Dicky Hanks, Eddie and Cammie Waggoner, Sherman Presley, Larry Martin, Jimmy Henderson, Trent Stewart, Terry Stewart, Kim and Rex Black, Terry and Tim Wheeler, Mike Carpenter, Jerry Hodge, Rusty Whitt, Gene and Cynthia Rogers, Kem Bales, Gene Gray, John Gunter III, Randy Pitcock, Tommy and Brenda St. Clair, Donald Harrison, Gary Hooten, Ricky smallwood, Mike Grimsley, Roger Williams, Tim Black, Ross McKillip, David Watson, Richard Stovall, Tim McCormick, Keith Rempe, Troy Scott and John Saylor. FFA advisors Bill Bickeland Keith Bray will attend the Houston show.

Jeanie Putman Named KGNC Player of Week

Named as KGNC 'player of the week' was Jeanie Putman, a junior at MHS. Jeanie, who plays forward for the Mullettes, has been outstanding in scoring for the Mullettes' 20-5 season record. In addition to playing basketball, Jeanie is drum major of the Mighty M band, is president of the Blackburn-Moore FFA Chapter, District President of FFA, and participates in Contest Speech. Jeanie, daughter of Dr. and Mrs. B.R. Putman, attends the Muleshoe Baptist Church.

JEANIE PUTMAN

Six Weeks Honor Roll

SENIORS

Lela Hughes Is HECE Student of Week

FTA Meeting

By Kathleen Jennings
On Monday, January 22, the F.T.A. Chapter met in the auditorium with Mr. Moore and Jeanie Putman presiding. There were several things to be discussed.

The F.T.A. members will be honored with a come and go tea in the High School library on Wednesday, January 31, from 4:15 p.m. until 5:00 p.m. All members are encouraged to attend this tea, which is sponsored by the local Delta Kappa Gamma Society.

Also discussed was the annual Faculty Basketball game, which will be held early in February. Everyone is reminded to sign up to work as many people are needed during this fun activity.

The F.T.A. is again sponsoring a Volleyball Tournament to be held in April. Details on this will be released at a later date.

Mr. Moore also reminded all members to turn in points. All points will be tallied after the Faculty Basketball game, and those with the highest points will be eligible for State Convention, February 22-24, in San Antonio.

MHS Junior Class News

By Kelly St. Clair
At a Student Council meeting held on Tuesday, January 17, plans were made for a Student Council sponsored Talent Show. Interested students may pick up entry blanks from Student Council sponsor Mr. Burel Block.

LINDA HEAD

Coaches

The Mules lost a close game to Canyon on January 19. We had an outstanding effort from all of the players. George Mitchell was our leading rebounder with 18 rebounds and 10 points. Kerry Wagon also had 11 rebounds and scored 15 points. Perry Stockard scored 14 points; Fred Locker scored 8 points; Raymond Davenport 4; and Roger Williams, 2. The Mules won a close game in overtime at Tahaoka. This was a gratifying win in that we were able to win although we weren't playing as well as we are capable of. Perry Stockard was the leading scorer with 16 points; Fred Locker 12; Raymond Davenport scored 12 points with five of them coming in the overtime; George Mitchell, 9; Roger Williams, 4; David Faver, 2; and Don Long 2. The Mules next home game will be with Perryton on February 2.

Best of MHS

The Spieson Troupe 714 would like to honor Lynda Head as "Best of MHS" for this week. The eighteen year old Senior resides at Route 3, Box 186. She is the daughter of Mr. and Mrs. Marshall Head. Lynda is active in Basketball, FFA, Art Club and is secretary for the Ag. Department. As a varsity guard in basketball, Lynda has done an outstanding job. When asked to comment on basketball, she stated, "I think that our team is real good this year. With a lot of work by each one of us we will be able to go a long way."

Thought For The Week

"As a man thinketh, so is he."

FHA News

The presidents of all FHA Chapters have met to plan the Sweetheart Banquet, which is to be held February 17 at 7:30 p.m. The theme of the banquet is "Sweethearts." Rose Chapter candidates for Queen are Christy Ford, Vowery Throckmorton, and Cindy Chandler. Candidates for King are Mike Slayden, Kim Crane, and Stephen Bell. All FHA chapters participated in the March of Dimes on January 24 at 4:00 p.m., assisting the Epsilon Sigma Alpha sorority with the drive. Saturday, January 25, the FHA Area Officers met in Muleshoe High School to conclude plans for the area meeting. Participating from the Rose Chapter were local President and Area Parliamentarian Cindy Chandler and State Parliamentarian Tani Murrah. A new project which the Rose Chapter is looking forward to this year is "Daddy Date Night," which is planned for February 8.

SMILES

Kept His Wits
"Why did you jump from in front of Green's car directly in the path of Barton's?"
"Well, I saw I was bound to be hit by one of them, and Barton has the most money."

Simple Needs
"The makings of a perfect life are simple. After all, you need only to own a comfortable bed and a comfortable pair of shoes, because you're in one or the other practically all of your life."

At Last The Truth
"Are you listening to the news, dear?"
"No, I heard the news, I'm listening to the meaning of the news."
"What does he say?"
"He says he doesn't know what it means."

Well Told
"So Fred has given up smoking?"
"Yes. On the advice of his doctor, at the request of his wife, and by command of his mother-in-law."
Brides Too?
Bride--Dear, what is the true definition of a groom?
Hubby--Why, a groom is a man who takes care of dumb animals.

Schools Close In Tribute To LBJ

The Muleshoe Independent School System did not hold classes on Thursday, January 25, in memoriam for former President Lyndon Baines Johnson. On Wednesday, January 24, a

tribute was paid to President Johnson over the public address system in the Muleshoe High School by Student Council members Steve Block and Larry Torres.

Wheat Straw Management Studied At Foundation

The problem of wheat straw management in a wheat-soybean rotation is being studied by scientists at the High Plains Research Foundation. This is a growing problem as grain yields, enhanced by improved technology, are accompanied by increasing straw yields. Under the program of study wheat stubble is managed in three methods-- no-tillage, where soybeans are planted in wheat stubble shredded to a two-inch height; conventional tillage, where wheat stubble is plowed under and re-listed before planting and a third method in which soybeans were planted in old beds following burning of wheat stubble.

Jim Schrib, associate agronomist, pointed out that burning of wheat stubble is highly controversial and is receiving considerable attention from both agricultural and nonagricultural segments of our population, from standpoints of soil conservation and air pollution. "One of the objectives of this study is to determine the effects of each of the management systems upon following soybean yields," Schrib noted. This year, results at the Foundation showed that soybean yields were reduced 14.3 bushels per acre in the no-tillage method and 16.1 bushels in the conventional method when compared to soybean

yields in the burned stubble method which produced 29.2 bushels per acre. Schrib said it is believed that yield reductions were due to stunting of soybeans from the application of the post-emergence herbicide, heavy wheat straw control and volunteer wheat competing for water and nutrients. Schrib also pointed out that there could have been some nitrogen deficiency during early stages of soybean growth. "The two to three tons of wheat straw per acre is very low in nitrogen and the resulting bacterial use of all available soil nitrogen during early

stages of soybean growth could have caused nitrogen deficiency," he said. On a two year average the burning method of wheat straw management outyielded the conventional method by 8.2 bushels per acre and the no-tillage by 9.0 bushels per acre.

The results of this study will be included in the 1972 Annual Research Report to be released early in 1973.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Small Grain Figures Released... Wheat Pasture Grazing Limited... Milk Production Declines... Cotton Production Estimate Declines... Screwworm Reports Needed.

Complete reports on 1972 small grain plantings for Texas have been released by the Texas Crop and Livestock Reporting Service. Oats, barley, wheat, rye, and flaxseed plantings and yields per acre for the state are included. For example, more oats were seeded in Central Texas than in any other area of the state. Texas is 13th in the nation in oat production, 20th in barley, 10th in rye and fourth in flaxseed production.

Top counties in oat production in Texas are Denton, Cooke, Grayson, Collin, Coleman, Hamilton, Hunt, Kaufman, Brown, and Limestone. Top counties in winter wheat production are Ochiltree, Carson, Hansford, Deaf Smith, Parmer, Sherman, Lipscomb, Randall, Wilbarger, and Moore.

A copy of the report is available free by writing Texas Department of Agriculture, Box 12847, Austin, Texas 78711. Ask for 1972 Texas Small Grain Statistics.

GRAZING of Texas wheat pastures on the High Plains and Rolling Plains has been delayed due to extensive snow and rain. Cold weather hindered wheat growth but prospects continue good with the additional moisture.

About 60 percent of the fall-seeded wheat acreage had sufficient growth for pasture compared with only 40 percent a year ago. The number of cattle on wheat pasture is about 300,000 head under last year.

COTTON production for the state is now estimated at 3,900,000 bales. This compared to only 2,579,000 bales last year. The present estimate is about 300,000 bales under the November projection.

Yield is expected to average 359 pounds per acre compared with only 263 pounds last year. Harvested area this year are expected to total 5,220,000 compared with 4,700,000 in 1971.

Harvest on the High Plains continues to lag due to bad weather.

Production of American-Pima cotton is expected to total 31,000 bales compared with 35,300 bales in 1971. Yield is expected to average 431 pounds of lint per acre compared with almost a bale per acre last year.

MILK production in Texas declined the past month by about three percent. Milk production per cow averaged 715 pounds. This is slightly under the nationwide average of 742 pounds per cow.

Nationwide, total milk production during the first 11 months of 1972 was two percent more than the same period last year. Milk cow numbers were down one percent.

LIVESTOCK producers in South Texas as well as Arizona and California are urged to continue to send in samples of suspected screwworm cases to the fly laboratory at Mission.

Cold, freezing weather has halted screwworm infestations over most of the state. But constant vigilance and reporting is needed in the southern part of Texas to assure the eradication of the pest in the overwintering areas along the U. S.-Mexican border and to help prevent a build-up in the spring.

Screwworm officials are concerned that inadequate reporting from livestock producers could mean that sterile flies would not be released where they are needed most. About 200,000,000 sterile flies per week are being produced and dropped in South Texas and northern Mexico at present.

L. D. TAYLOR

Services Held Thursday For L. D. Taylor

L. D. (Buck) Taylor, 65, died about 4 p.m. Thursday afternoon, January 23, in West Plains Memorial Hospital. Taylor was born June 15, 1907 in Coleman County, Texas. He had been a Muleshoe resident since 1936, moving from Lazbuddie. He was a farmer and a member of the First Baptist Church of Muleshoe.

Services were held at 4 p.m. Thursday in the First Baptist Church with Rev. Doug DuBose and Rev. Hugh Frazier, Baptist minister from Portales, officiating. Burial was in the Bailey County Memorial Park under the direction of Singleton-Ellis Funeral Home.

Survivors include his wife, Corda; one daughter, Mrs. Joyce Osborn of Milpitas, California; four sisters, Mrs. Earl Hardy of Gordan, Texas, Mrs. D. G. Hand of Friona, Mrs. Woodrow Copeland of Milpitas, California, and Mrs. Worth Hawkins of Pleasant Hill, California; two brothers, S. V. Taylor of Denver City, Texas, and J. B. Taylor of Snyder, Texas; and two grandchildren.

Lazbuddie News

By Mrs. C.A. Watson

Mr. and Mrs. Royce Barnes are the parents of a son born in the Farmer County Hospital on Jan. 16. The boy weighed eight pounds 12 ounces and has been named Douglas Wayne. He has a little brother, Wesley Bryan, age four. Grandparents are Mr. and Mrs. Jack Julian, Muleshoe, and Mr. and Mrs. Wesley Barnes, Lazbuddie.

NEWS OF YESTER--YEARS 9 Years Ago.

Wanda Ketchum from Lubbock visited her parents Mr. and Mrs. E.C. Ketchum the past weekend.

At a recent meeting Jan. 1964 in the school auditorium the FFA members honored the chapter grandparents, Twila Gallman presented gifts to those attending, Katie Blackstone led the group in singing favorite songs. The roll call

preceded the business meeting by answering with a name symbolizing F.H.A. Then various reports from committees were given.

The girl of the month was Linda Monk. During the year of 1963 Linda attended the Tech Workshop. She was historian for chapter on the program and decoration committees for teachers banquet. She helped with booths at the carnival, was chairman of Tubfirm, and chairman for foods for banquets. Who was on the Area 1 Chapter Committees chairman for records and materials received a trophy at the annual fair for having the most points and is presently working for her chapter degree.

A stock shower was held Monday afternoon in the Methodist Fellowship Hall honoring Mrs. Harley Ethredge. About 31 guests registered and many sent gifts who were unable to attend. Mrs. Leon Smith, Mrs. J.B. Jennings, Mrs. Wyle Bullock and Mrs. Calvin Embry were hostesses. The hostess gift was a car bed. Pink punch and assorted cookies were served.

Mr. and Mrs. Randy Bush visited an old classmate of Mrs. Bush's, Beverly Cooper, and other friends in Lubbock Sunday.

Mr. and Mrs. James Harvey and children visited Sunday in Plainview with his parents, Mr. and Mrs. H.A. Harvey.

Mrs. David Beeson and children have returned home to Hayward, Calif. after several days visit here with her parents, Mr. and Mrs. James Harvey. David Beeson is in the U.S. Navy on the Carrier Midway.

Anniversary greetings to Mr. and Mrs. Max Bush.

Visitors in the P.E. Cargile home Sunday afternoon were Mr. and Mrs. Morris Nowlin, Muleshoe, Mr. and Mrs. Don Martin and children, Progress and A.E. and Opal Richards from Falls.

SHINED AND READY

"And your feet shod with the preparation of the gospel of peace." Ephesians 6:15.

These shoes fairly shine and sparkle and are ready to take their owner proudly any place. Society dictates that we should be well turned out and that our feet be shod with well-groomed footwear. The Bible tells us that we should be clad in the whole armor of God, and that our feet should be shod with the preparation of the gospel of peace. The gospel is this: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." Romans 8:1

St. Peter advises, "Be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear." Come to church this week that you might learn of Him and that you might be prepared to give this good news of the gospel to others.

THE CHURCH IS GOD'S appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

LETTERS EDITOR

LETTER TO EDITOR
Editor
The Muleshoe Journal
Muleshoe, Texas 79347

Dear Editor:
A drastic curtailment of the Texas highway construction program is imminent because the 92nd Congress did not pass the 1972 Highway Act.

The highway act was defeated primarily because the Nixon Administration pushed for Rail Mass Transit to be funded out of the Highway Trust Fund gasoline taxes. There is little argument that some larger cities need a dual rail transit and highway system, however, highway officials contend that funds for rail transit should come from sources other than the Highway Trust Fund.

Texas Highway Engineer, J. C. Dingwall, has said that it may be late in 1973 before Congress can pass on another highway bill. The loser on these congressional bunglings is the motorist, and the loss can be measured in human lives. A prime example is the tragic accident which occurred near Ft. Sumner, New Mexico, where several young people lost their lives on a narrow bridge. Reportedly, this bridge and others similar to it has not been replaced due to the lack of federal funds. The construction of many highways in Texas are also being postponed because of unpredictable federal spending.

If Congress does not pass on a highway bill early in 1973, Texas will be limited to building Farm to Market roads and to maintenance of existing roads. Major construction on Interstate, U. S. and State highways will be held. In the 92nd Congress, Texas Senators and Representatives stood firm for the continued funding of highways. I urge that you and your readers write your Congressmen and Senators requesting passage of Federal-aid highway legislation without diversion of Highway Trust Fund monies for other purposes. Contact your city and county governments and your Chamber of Commerce and request their support for immediate highway legislation without diversion.

If the Highway Trust Fund is diverted, we in Texas stand to lose our mobility, and possibly our lives.

Thank you for your consideration.
Sincerely yours,
Bobby C. Beale

Portales Marathon Set For February 17

PORTALES, N.M., --The older generation is tired of the youngsters hogging the show, or it would appear so as applications begin pouring in for the annual Eastern New Mexico University at Portales Marathon. Set for Feb. 17 here in the "Peanut Basin of the Nation," this rueling 26-mile, 385-yard footrace is drawing a good many of the "Geritol Generation" this year.

Coach Bill Silverberg, ENMU track and field coach and coordinator of the Marathon, has said that applications from men and women in the 35-years-and-older category are outnumbering so far applications from the 15-30-year-old class.

"Applications to compete in the Marathon are coming in nicely," Silverberg said recently.

"And a good many of them will compete in "Veteran" category, or over-35, if you prefer."

Applications for the bicycle portion of the race are also beginning to pick up, according to Silverberg, and it appears that last year's field of 105 runners and cyclists will be greatly surpassed this year.

1972's ENMU at Portales Marathon drew runners and cyclists from throughout the Southwest and Midwest. An Albuquerque, N.M., accountant, Charles Harris, won the exhausting Marathon race with a time of 2 hours, 29 minutes and 59 seconds.

A Lubbock, Tex., man, Tom Hutchison, captured first in the bicycle portion, flashing across in one hour, 6 minutes, and six

seconds. Harris and Hutchison have indicated they will be back to defend their crowns this year. Twenty-four trophies will be awarded runners and cyclists; for the first three places in different divisions, and for the first female runner finishing, person traveling the greatest distance to compete, etc.

A souvenir T-shirt and certificate will be presented to participants.

Entrance fee to the fastest-growing sports spectacle in the Southwest is but \$2 (\$3.50 Without a current and valid AAU card) for runners and a flat \$2 for cyclists.

Applications for entry forms may be obtained by writing Bill Silverberg, Track and Field Coach, Eastern New Mexico University, Portales, N.M., 88130. Feb. 17 may see the so-called "generation gap" bridged as the "older folk" seek to prove that "I can do anything you can do better."

Three Way News

By Mrs. H.W. Garvin

The Three Way basketball teams played Pep Tuesday night winning all three games. Friday night the basketball teams played Whitherell on the home court with Three Way winning both games. Debby Furgeson was crowned queen and Joey Kindie was king of basketball.

Larry Neutzler, son of Mr. and Mrs. Ed Neutzler was the honor roll at South Plains College in Levelland.

Key Fine was a medical patient in a Littlefield hospital the past week.

Mr. and Mrs. Don Lowe are the parents of a baby girl born in University Hospital in Lubbock last week.

Mr. and Mrs. Dickey Wheeler from Lovington, N.M., spent Saturday with his grandparents, the Johnnie Wheelers.

Paul Powell passed away in Methodist Hospital in Lubbock Sunday.

Mr. and Mrs. D.S. Fowler were in Patis Tuesday to attend the funeral of a cousin.

Farmers in the community were busy in the fields the last part of the week pulling cotton and cutting feed.

Mr. and Mrs. James Fowler and son from Lubbock and Ray Fowler and children from Morton spent Sunday with their parents, the D.S. Fowlers.

If cold winds make your skin especially dry, heat the oil or cream before applying to hands, face and legs.
