Demands Of Democratic Platform Will Bring Beer Back He Says

Judging from all the things each side called the other in the recent face for governor you'd think they couldn't agree on anything.

Well, there are two things they agree on. One is that thousands of illegal votes were cast. The other is that leading forms on both.

In the count of the Volstead act to bring about return of beer before March 4.

In that leading forms all the things each side called the other will have jurisdiction in Rusk and Gregg counties. Enforcement --Not Repeal

DO YOU KNOW?

DO YOU KNOW?

That many people make no com-plaint about the lax enforcement of numerous laws, but complain because prohibition is not perenforced. Well, work for a perfect enforcement of all laws.

DO YOU KNOW? That it is absolutely necessary to fight alcohol, because alcohol will not leave people alone, it will enter homes, despois communities, mar states and hinder governments.

O YOU KNOW? That there is a place for alcohol. and that the place for alcohol is in industry. Alcohol is poured into automobile radiators, enters into the manufacture of artificial silk, ink, shoe polish, varnish, shellac and embaiming fluid. Alcohol should be kept where it

belongs. DO YOU KNOW? That the Eighteenth Amendment is only one method for securing total abstinence. Education con-cerning the upon the human home training, church instructoward total abstinence.

DO YOU KNOW? That throughout long year. Ilquor has been a problem and that in the United States continuous efforts have been made for nearly one hundred and fifty DO YOU KNOW? years to des with the liquor

"prison stadium", where the first tressed cotton farmers. The plan section of the second annual prison will ease the burden of repayment of such loans and should result in ing-room only crowd.

All of hte performers were convicts, many of them prominent in Texas "bad man" circles. Bright shirts, big hats and embroidered by a roll and a selection of the second annual prison will ease the burden of repayment deal with the liquor problem with a spledges of abstinence, regulation, local option, state prohibition; national prohibition has been by far the most sucregulation, legal option, state prohibition; national prohibition has been by far the most successful.

That prohibition can never destroyed if the churches stand firm. The firmness of the churches will not only saye pro-hibition, but will make prohibifirm. tion constantly better and more effective.

DO YOU KNOW?

That in 1914, over two and a quarter billions gallons of liquor consumed, and of this amount 92 per cent was in malt liquor or beer, and that the saloons in the day before prohibition were spoken of as "Beer Saloons." DO YOU KNOW?

You can travel over the highways of your country, observing the innumerable billboards, then you can read the magazines and newspapers; and that you can-not find any advertisements of intoxicating liquors.

DO YOU KNOW? but for profibition we would have saloons along the highways, and these filling stations for drinkers would be re-sponsible for an untold number of casualties caused by drunken drivers.

DO YOU KNOW? That prohibition has a record for convictions of 89.1 per cent Thus out of every 100 cases

lumbus discovered America. The Statistical abstract of the United States for 1915 gives the total a world's gold and silver production from 1993 down to and including 1914 as \$30,611,000,000.

That the liquor traffic stands indicted as a parasite? It enriched a few and impoverished many. The drinker paid high for something which cost the producers of it yery little, and not only reduced his own efficiency but reduced the buying power of his money. Liquor, viewed economoney. SCISSORS THIS DAILY EXERCISE!

Madam! Do you know that it's clever to be a clipper? Here's a habit you can readily cultivate, and you'll find many of your best friends following it.

To become a clipper at one clip, so to speak, just see that the shears are handy when you sit down to read your newspaper. As you spot an advertisement of something that interests you . . . especially some time that you want to examine when you're shopping next time . . . clip out the notice and take it with you.

The merchants who advertise with us are glad to have you ask for specific merchandise. And sometimes it's helpful to refer to the advertisement when you're right in the store.

At all events, a clipping pinned to your shopping list helps you to remember this particular errand. It simplifies and shortens a shopping-trip so much to know what you want and where to get it!
