"He Profits Most Who Serves Best"

## Public Schools Open Monday

The Santa Anna Public schools will open next Monday morning, at 8:45 o'clock, with a full faculty in charge. Our school board has been busy for several months selecting a competent faculty and making such preparations as are necessary for the general school interest, and we have hopes of the ensuing term meeting the reasonable expectations of the patrons, and measuring up to the standard of requirements of an affiliated school.

Several of the out of town teachers came in last week and are attending the teachers institute at Brownwood this week. As we understand all the teachers in the county are required to attend the institute that is in progress this week in Brownwood.

The editor makes it apart of his business to accompany the children on the opening morning and we expect to do so this time and feel sure that it will meet the approval of the Superintendent and the faculty at large for as many of the patrons as can be present at the opening of school Monday morning.

Permit us to stress the importance of a full and hearty cooperation of the patrons with the school board and faculty of teachers for the best interest of the school. Not all things during the term will be pleasing to all concerned, but all things can be satisfactorily adjusted if all will be reasonable and do their duty. In many instances we have known difficulties to arise and grievances harbored against the school board and some of the teachers that would have been avoided if a proper understanding of the differences had been brought up and considered in

the right way. Let us all work together for the best interest of the school and we assure you that the school will measure up to the standard.

The school is the leading enterprise of the town and community and we all should centralize our efforts to make it an index of the worthwhile kind. Music and expression teachers will be present Monday morning organizing their classes and will appreciate a hearing in behalf of a worthy cause. Patronize them if you can.

Miss Kate Riley, one of the field workers of the Baptist church, is teaching some classes in preparatory work at the Baptist church this week. Miss Riley is said to be one of the most successful workers in the field, and her services are very much in demand among the different B. Y. P. U. and other auxiliary branches of the church. She taught one or more classes here last summer and her work was so pleasing to the church, special effort was made this summer to have her return here and put in another week's work.

Ed Jones and Fred Watkins have leased the South Half of the Harper building, next door to the News office, and will use it for a Dray office for Mr. Watkins and also the Cream station and Produce business for the Central Produce company, buyers of Cream, Poultry, Eggs and all kinds of country produce.

W. J. Stewart and family of Highland, Ark., are visiting in the home of Mr. Stewart's aunt, Mrs. David Thornton. Mr. Stewart is station agent for the P. & N. W. Ry., Company at Highland, one of the greatest fruit and vegetable points in the state of Arkansas.

## OUR BIG CIRCULATION AND PRIZE WINNING CONTEST NOW READY TO GO

Our Big Subscription Campaign is now ready to start and by this time next week several contestants will be "Shelling the Woods" for new and renewal subscriptions to the Santa Anna News. Let us urge upon you the importance of getting into the Campaign early and getting a line-up with your friends to help you win. Turn over to page 3 of this paper for full particulars of the contest, clip the nomination blank, insert your name in the proper blank and bring or mail to this office at once, and you will be supplied with full instructions, receipt books, etc., and as soon as you get the necessary supplies, make a run for your friends and enlist their support. First get them to subscribe for the Santa Anna News for just as many years as they will pay for at \$1.00 a year, and entreat them to use their influence for the next few weeks to help you win a valuable prize. On October 31st some man or lady who enters this contest will have the pleasure of riding around in a New Ford Touring Car as the reward for their services in this campaign. Make up your mind right now who that somebody is going to be and make a run for the goal. Courage and work was never known to fail and it will not fail in this instance. Read the rules which are very simple, enroll yourself as a candidate, get out into the field with a determination to win and don't let anybody stop you until you have succeeded. Speak a good word for us and come to see us.

### CONTEST CLOSED SUNDAY

A three months contest, which has been in progress between the First Baptist church at Coleman and First Baptist church of Santa Anna, closed last Sunday with Santa Anna winning. The Coleman church made the challenge, got beat and now is due to furnish the Santa Anna Sunday School an entertainment. The contest has been somewhat novel, but interesting, and we feel sure has been of value to both Sunday schools, but it failed to accomplish the results prayed for by the Sunday school leaders.

Read the advertisements and profit by looking up the advertisers when in town. People who appreciate your business take pleasure in advertising for it.

### LOCAL I. O. O. F. AND REBEKAH LODGES EN- TERTAIN GOOD CROWD

Last Thursday evening several members of the Coleman I. O. O. F. and Rebekah lodges came to Santa Anna as guests of the Santa Anna lodges in a regular quarterly social meeting. After a musical treat rendered by Thomas Campbell on the piano and a lovely duet sung by the Misses Pleasant, Hon. J. S. Jones delivered the address of the evening followed by a nice talk by Hon. Joe Dibrell of Coleman. An interesting program of fun and comedy entertainment was rendered for the amusement of all present, after which refreshments were served to about 100 people. The evening was well spent and all seemed to enjoy the occasion.

## FIRE AND TIDAL WAVE FOLLOW EARTHQUAKE

### Territory for One Hundred Miles Surrounding Japanese Capital Is Devastated While Incal- culable Number of Per- sons Are Killed and Whole Cities Wrecked

(By Associated Press.)  
Osaka, Sept. 3.—Lieutenant Ishida, who flew over Tokio and the stricken district in an airplane yesterday, reported to the commander of the Nagoya division that the imperial palace is only partially damaged. Nearly all concrete and brick buildings collapsed and the Fukagawa ward was flooded by a tidal wave.

The latest estimates of casualties in Yokohama alone exceed one hundred thousand. Reports from Yokohama say the damage to buildings in the foreign settlement has been particularly serious. The specie bank and the Grand Hotel have been demolished.

The minister of marine today estimated the fatalities from the earthquake and fire in Tokio alone at 150,000 persons, which with the loss of 100,000 in Yokohama, nearby, place the total casualties in the two cities at a quarter of a million.

The most serious damage was done to the tract covering the Yamanote district, including the Tokio wards of Honjo Fukawaga, Akusaka, Shitaya, Nihonbashi and Kanda, where hardly a single structure was left standing.

Rev. J. M. Reynolds will leave this week for Nixon, Texas, where he will preach next Sunday. His son, Virgil, will preach here at both preaching hours Sunday. Rev. Reynolds has been called to the pastorate of the Nixon church, but does not indicate that he will accept.

## Eclipse of Sun September 10th

Darkness dense enough to make lights necessary for the continuation of business uninterrupted, will accompany the eclipse of the sun Monday, September 10, although the eclipse as viewed in Santa Anna and Coleman county will not be total, according to the astronomers.

### May See Venus

Those with a keen eyesight will be able to view the planet Venus during the eclipse. This planet will be but a few degrees north of the sun.

At the height of the eclipse the sun will appear locally as a thin crescent of light, very much similar to a new moon, astronomers say. However, it will be much brighter. The real beauty of the eclipse will not be visible here, nor anywhere in Texas. This is the corona, which is supposed to be formed of superheated gas surrounding the sun, and visible only during a total eclipse, it was pointed out.

Coleman county residents may best obtain a view of the eclipse through a smoked glass large enough to cover both eyes. Those who own opera glasses or telescopes may get a much better view than those depending on the naked eye.

### Eclipse to Begin at 2 p. m.

The first contact of the moon and the sun will occur about 2 p. m., standard time, and the eclipse will last for approximately two hours. The eclipse is caused by the moon passing between the earth and the sun.

The eclipse will be total in Old Mexico, and astronomers from all sections of the world are going there to observe it.

**EXPLAINING THE EMERSON SYSTEM OF EXPRESSION**

The purpose of the Emerson System of Expression is both to arouse within the pupil an appreciation of the work of the great masters of literature; and to train the pupil mentally, morally and physically, that he may ultimately be capable of expressing the thoughts and emotions contained in the works of art. The power of clear and forceful expression brings confidence and poise at all times. It has been said: "When a man loves truth and can present it effectively to others, he has received the best possible training for life." Expression develops real power by cultivating those qualities of mind and heart which lie behind all expression and which spontaneously create its requisite forms. It develops a noble and cultured manhood and womanhood which is infinitely superior to all else. Expression is not only a social art but is an invaluable business asset. Special stress is laid on vocal technique, enunciation and articulation. Child, Italian, French, Negro, Irish, and Scotch dialects are taught. Special attention will be given to child training. Small children will be taught to form proper habits of position and movement and the correct use of voice.

**NOTICE**

I will begin instruction in oratory, expression and dramatic art at the home of J. Len Phillips September 10th. Rates for instruction will be \$4.00 per month for private lessons; \$1.50 for class work, two lessons per week. Phone 35—Mrs. Ford Barnes.

**OPPOSE NEW STATE SCHOOL**

Brady and Sweetwater have lead off. Other towns are expected to fall in line. It's a protest against the location of the "Texas Tech. College" in New Mexico. Of course the school was not located exactly outside of Texas, but it was so very near being outside the state that a lot of folks are dissatisfied. "I

told you so." If all these dissatisfied locations had come across and helped s. o. g. a long time ago all this rumpus would have been avoided. There was never the least bit of an excuse for such a college in the state of Texas anywhere. And if these protestants will now join with s. g. and ask the next legislature to knock out two acts of the last legislature the state will be infinitely better off. These two acts were twins and neither of them could have passed the legislature free from the blighting practice of legislative trading. "You vote for me and I'll vote for you." Jim Finlay voted against both of them and Jim was dead right. One of the acts was that appropriating \$800,000 to send a few engineers to properly locate the frogs and alligators in the Trinity and Brazos river bottoms. The other was the act establishing the "West Texas A. & M. College." The name of the college was changed in the bill to "Texas Technological College." This was done to catch votes in the legislature and fool a lot of people. Texas has too darned many colleges already. Most of them are nothing more than second-class high schools and they cost a lot of money. Sun-of-a-Gun said all the time that the biggest reason for this college was the boost it would give to the business men and real estate dealers of the lucky town. And the scales are falling off the eyes of a lot of other people, now that it is too late. But they will never admit it, by Heck—Sun-of-a-Gun in San Saba News.

The happiest ministers, the happiest teachers, and the happiest leaders in every kind of business are those who live and work to serve others rather than to be served by others. And slowly but surely we are learning the lesson that "He who would be greatest among men must be servant of all."

It is said that one fly will breed four billions of flies in one summer. As a multiplier the fly is almost equal to the German mark.

**AUTO TOURIST TRAVEL HANGS UP HIGH MARK**

Motor vehicles and good roads are combining to increase the pleasure, prosperity and advantages of the people of the United States, according to "Motor Land," which quotes figures States forest service and the United States national park service, showing that more than 3,500,000 motorists visited our national forests last year, and 695,000 visited the national parks.

Almost 2,000 cities have provided motor camp sites to help take care of this huge amount of motor tourist travel.

California leads the nation in this respect, with 193 cities maintaining motor camp sites.

Motor vehicles are helping to provide better education to 267,000 school children, who ride to 12,536 consolidated schools, in motor buses.

In this development of suburban areas, the motor vehicle is playing a leading part. The motor truck is giving the rural and suburban dweller nearly the same freight and express facilities as has the city. Motor bus lines are covering routes which never could be served by trolley cars. Automobiles are bringing in a few miles of the suburban or country home, and yet the railroads are not suffering, but are falling in line with the motor vehicle. Last year 40 railroad lines used flanged-wheel motor buses on short lines, and 60 electric lines operated motor buses in conjunction with their electric car service.

On the farm, the motor vehicle is playing its part. Last year it was estimated that 3,200,000 passenger cars and 300,000 trucks were on the farms. The motor truck is solving the farmer's transportation problem, while the passenger car is shortening the distance to the city and village.—Ex.

**HERE'S TO DAD**

He gets up in the morning and starts the realities of life by providing a breakfast for the family. His sleigh of hand achievement which we have not

seen at the bench, the loom or the desk has provided the breakfast. He provides the manna that those who sleep late enjoy when they arise. He is off early to provide it for the next day also. If there is a shortage of money, call Dad. If enjoyment is wanted, call the old man and tell him the family's desires. If there is a noise in the house in the night, Dad is kicked in the back and made to get up and go downstairs and not only locate the burglar, but kill him. Mother darns the socks, but Dad bought the socks in the first place, and the needle, and yarn afterward. Mother does up the fruit; Dad bought it all, and jars and sugar cost like the mischief.

Dad buys the chicken for Sunday dinner, and serves it himself, and draws the neck from the ruins after everyone else has been served.

"What is Home Without a Mother?" Yes, that's all right, but "What is Home Without a Father?" Ten chances to one it's a boarding house. Father is under the sod and the landlady is a widow.

Dad, here's to you. You may have your faults—you may have lots of them, but you are all right, and we will miss you when you are gone.

We may not realize it now, but we'll miss you just the same, and we will know what it is to be thrown on our own resources upon an unfeeling world. But now, as the world moves on and you hide your many worries and troubles under a smile, while your heart is heavy and your one thought is the future welfare of your family, one can realize that it is only the troubles of others that throw a shadow over Dad—God bless him!

**A COUNTRY BOY**

A writer on a big city paper recently said: "The real life for a boy is not in a city."

We'll say it is not. He should know of animals, rivers, plants and that great out-of-door life that lays for him the foundation of his later years.

What memories come to us who were so fortunate to be brought up in the country! Many big and successful men have never ceased to thank God that they were privileged to spend their boyhood life among the hills, streams and fields. The pictures that the country boy studied are far more real to him in later years than the canvases of the great masters, which he has since enjoyed in the various museums.

The scent of new-mown hay is all very well in poetry, and it is a delight to the city vacationist, but tell us, reader—you who were brought up on a farm and who followed the rake with your bare feet, jumping every now and then as the new-cut stalks pierced your soles—what wouldn't you exchange for those halcyon days?

A recent Austin dispatch states that all of the nine states higher educational institutions will be on a deficiency basis when they open in September as result of the deficiency in the general revenue fund. The statement follows the announcement by the board of regents of the State University that that institution now is now facing a deficiency of over \$300,000. Included in the list of those facing lack of funds are A. & M. College, Denton Teachers' College, College of Industrial Arts, North Texas Junior Agricultural College, John Tarleton Agriculture College, Huntsville Teachers' College and Alpine Teachers' College. The deficiency will mean that warrants paid employees of the various schools will be required to discount these probably as high as five per cent.—Democrat-Voice.

One of our know-it-all friends insists that it is impossible to get something for nothing in these days of high prices and low values. But he is in error. His tongue wags while his brain sleeps. We suggest that he go to church Sunday. He will hear some good singing, get the benefit of a good sermon, meet some mighty nice people, and see the latest millinery creations. Then he can slide out without noticing the collection plate—with a cordial invitation to come again. Something for nothing? It's done every Sunday.

"GIFTS THAT LAST"

**WE SAY SO TOO**

A farmer near Marble Falls lost a valuable horse a few days back and says he could have saved the animal if he could have purchased a few ounces of chloroform. The people will stand just one more legislature like the last one and then they will rise up with clubs and proceed to the business of killing fools.—Marble Falls Messenger.

Come, Faubion, don't be so severe with the legislature. Remember that a goodly portion of the membership is composed of experienced boy-lawyers, and the people are to blame for electing them. They may do the best they know how. If you are starting out as a fool-killer, slay the people who elect the kids. A man should be at least

thirty years old before he is eligible to membership in the legislature, and then pay a reasonably yearly salary and the right kind of men will be elected.—San Saba Star.

**WHO BUTTERS YOUR BREAD**

A reliable Texas creamery manager is authority for the statement that Texas buy annually 5,000,000 pounds of butter from outside states. "Who Butters Your Bread?" will be an astounding story of neglected dairy opportunities in Texas, which will be published in the Magazine Section of the Santa Anna News Sept. 7th. The story is impressive and will furnish food for thought that should take deep root in the hearts of all Texans.

# RED GOOSE SCHOOL SHOES

Most every boy and girl knows RED GOOSE shoes and most all parents know them even better for once the boy or girl has worn them they know them from the service they have given. RED GOOSE shoes are not the cheapest when you buy them, but like all other good merchandise they are cheaper for they give more service for the amount invested than any cheap shoe. Every shoe bearing the RED GOOSE trade mark must be every part solid leather or your money will be refunded. When we say LEATHER we mean LEATHER of QUALITY. There are different grades of leathers the same as any other material. Some sell you a shoe they tell you it is leather which may be true, but you are made to believe because it is leather it is as good as can be had. There is good leather and there is cheap leather. Let us fit the children in RED GOOSE Shoes. They are made to fit the feet and they are made to wear. Remember to call for RED GOOSE shoes; we guarantee satisfaction.

Kingsberg Overalls and pants are made for service. When you buy a pair of these of any kind you may be sure they are well made and full cut. They are not all the same quality, but each garment full made. Derrick work shirts, Blue, Grey and Khaki.

### OUR STAPLE DEPARTMENT

Here you will find most anything you want. Brands of dependable quality; Pepperell Sheeting, Hope Domestic, Regent Outings. Just opened a new case of Gingham; beautiful patterns and priced ..... 20c.

The Lion represents the King of the Jungles. Lion Brand Shoes represent the same in the shoe line. We do not mean by this there are none as good, but we do mean there are none better, and we do say there are very few as good. Let your next pair be a Lion Brand. We know then what your next pair will be.

This season we have Iron Clad hosiery for every member of the family. It is not necessary for us to comment on the quality of this hosiery for every one knows. We have two grades for children, 35 cents and 50 cents. We want you to see the \$2.00 one in Ladies Black Silk.

### UNDERWEAR

You want to provide the children with good warm underwear for school. Buy good ones and you buy only once during the season. We have Haynes and E. Z. None better. Unions and two piece suits for men; all sizes for the boys.

Our stock is twice as large as we have ever had before. We have prepared to serve your wants in a most satisfactory way. We cannot, of course, mention all we have, but come to our store, ask for what you want. Clothing and Shoes for every member of the family. Also we expect to have a complete line of Ladies' Coats and Dresses and Children's Coats

### BROWN COUNTY FAIR

Tom Posey, secretary of the Brown County Fair Association, was advertising the fair here last week. Tom is a booster for Brownwood and is doing a good piece of work in boosting and advertising the Brown County Fair to be held October 8-11 inclusive. Tom authorizes the News to announce that the Brown County Fair is not for Brownwood and Brown county alone, but is open for the people in the entire territory and the citizens of Santa Anna and Coleman county are invited to join the forces, enter the fair for any premiums offered and take part in the fair just as though you were citizens of Brownwood and Brown county. We are glad to make this announcement and let us urge the farmers of this territory to visit the fair, and if you have some farm products that will make a good showing on exhibition, prepare them and enter

for a premium. A country or district fair has more than just exhibits of livestock and agricultural products for its object. The main object of the fair is to bring the people of the various communities together with their exhibits that all may get a new inspiration of what the country can produce and in so doing, educate and encourage the masses to use better methods, select better planting seeds, improve their herds and flocks by keeping the very best sires on the premises for general improvement. The real value of a community fair is inestimable for educational purposes.

### DELAYED LOCALS

Mrs. Ella Rowan of Rusk Springs, Okla., visited relatives in Santa Anna last week. Mr. and Mrs. Lester Newman are the proud parents of a fine baby girl which arrived last week. Clyde McLeod returned last week from the state of Kansas where he has been the past several months, and will make Santa Anna his home again. Mr. and Mrs. A. D. Constable are the proud parents of a fine baby girl, born Friday. J. Y. Brannan of Dallas is visiting his father, J. H. Brannan and other relatives in the city. Mr. and Mrs. Abe Collier of Brady spent Sunday with Mrs. Collier's parents, Mr. and Mrs. D. J. Barnes. F. N. May and family spent the week in Lubbock. Mrs. Ed Jones has returned from a visit to Ballinger. She was accompanied home by her sister, Mrs. J. R. Compton and children, who will spend a few days visiting here. Wednesday evening the Chamber of Commerce band of Cole-

man took this city by surprised, dropped down on Main Street about 8 o'clock and treated the town to several nice pieces of band music. Call again boys, we enjoyed the treat. Mrs. V. H. Humphrey of Eldorado, who spent several days with her father, J. H. Brannan, and other relatives of this city, returned to her home Wednesday. George Martin of Ninnèkah, Okla., came in a few days back for a visit with his mother, Mrs. J. S. Martin and other relatives. Mrs. W. W. Murrah left Saturday for her home in Dallas after having spent several days here with her father, J. H. Brannan and other relatives. Mr. and Mrs. A. J. Childers of Wichita Falls visited their aunt, Mrs. M. E. Chambers last Sunday. Dr. and Mrs. J. P. Mathews, accompanied by their son, Joe Mathews and wife of Brownwood visited in the home of Mrs. M. E. Chambers Sunday. Mrs. Lee Millhollen spent the week-end with relatives in Comanche. The above is a lot of locals prepared for our issue of last week, but just as we were making our final Round-Up our type setting machine played a mean trick on us and absolutely refused to set another line. This was not the only bad features about it. Our proofs had not all been corrected, thus, we were forced to go to press without correcting the proofs, and leave out several locals, very much to our regret. However, she, "the machine" is doing better this week and with a few more doses of good oil, we think it will go thru the season without balking anymore.

**YOUNG FRIEND LISTEN**  
The training received in College will measure your business success. Therefore it behooves you to think carefully and choose wisely the College that has stood as a leader in educating men and women for big business for more than twenty years, a college with an international reputation, students from thirty-nine states and seven foreign countries, more than 3600 enrollments annually for the last five years, with successful business men at the head of it, is the one for you to attend. The Tyler Commercial College, Tyler, Texas, America's largest and best known business training university, has made itself prominent by turning out graduates in its seven different extensive courses, containing over 37 subjects, who have achieved not only success but prominence, some as Presidents of large banks, wholesale houses, oil companies, etc., at salaries as high as \$50,000.00 a year. Our Employment Department secures good positions with successful concerns for graduates. We are receiving daily, many calls. **Hall's Catarrh Medicine**  
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. E. J. Cheney & Co., Toledo, Ohio.

**Be as Careful as Your Doctor**

When the little accident happens--be as careful as your doctor. He always uses sterile gauze, sterile cotton and sterile bandages. In case of accident will you be less careful? Strips of old linen or handkerchiefs--nearly always germ laden--will not do. Great surgeons and great physicians use Bauer & Black products, because they know they are absolutely sterile. We sell Bauer & Black dressings because we know you too can use them with the assurance of complete safety. Germ life has been made impossible by a double process of sterilization. Each package is marked sterile. Your home should always be prepared with Bauer & Black adhesive plaster, absorbent cotton, gauze bandages, and sterile acid gauze (best for burns). The cotton is small. Prepared for the little accidents and for intelligent first aid until the doctor comes. Be as careful as your doctor.

### Rules and Regulations

### Grand Capital Prize \$452.00 Latest Model Touring Car

Complete equipped with self-starter and all the latest attachments to make a serviceable pleasure and family car. This car has already been purchased from the Santa Anna Motor Co.

and will soon be on display in their salesroom for your inspection. Get busy now and before you can hardly realize such this car will be yours, for it is going to be given to some man or lady securing the greatest number of subscriptions to the Santa Anna News between this date and the close of the contest on Tuesday, October 30th, 1923.

#### NOMINATION BLANK

I hereby nominate

as a Contestant in the Santa Anna News Big Circulation Building Campaign, to work for one of the prizes you are offering. (The nominator's name will not be divulged if so requested.)

Mail or bring this Nomination Blank to the News office at once.

The Campaign officially opens immediately after this issue of the News is published and will continue in force until 6 o'clock, Tuesday evening, October 30th, 1923. Any white person over fifteen years of age of good character, living in Coleman county or any point on the eastern border of the county in the Santa Anna trade territory, is eligible to enter this campaign. Younger children can enter only with the consent of their parents or guardians.

No salaried employe of the News or members of their families will be allowed to enter or give out any information concerning the contest to contestants, or their friends, but the standing of contestants will be published from time to time for their benefit and information.

Candidates nominated who do not wish to remain in the contest can withdraw at any time, but there will be no trading or transferring of votes.

Votes are issued on both new and renewal subscriptions, but no votes will be issued until the cash has been received at this office.

All contestants who remain actively engaged throughout the campaign, making weekly cash reports, who fail to win one of the prizes offered, will be paid in cash Ten per cent of the amount they collect during the contest, but failure to comply with this restriction, he or she, will, at the discretion of the management, become disqualified and thereby forfeit all right to a prize or a commission.

The subscription price of the Santa Anna News in Coleman county is \$1.00 a year, and no subscriptions will be accepted at this price outside of Coleman county except at Bangs post office just over the line in Brown county, where several people receive their mail who trade in

Santa Anna. Votes will be given on foreign subscriptions when received at the regular price of \$1.50 a year.

We reserve the privilege of amending or changing these rules any time during the campaign if we deem it advisable and prudent for the benefit of the News and the contestants, but no material changes will be made.

The main object of this campaign is to increase our circulation and we expect to use our every effort to do so.

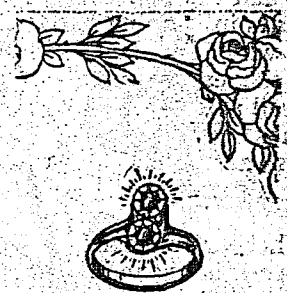

This contest will be conducted honorably in every respect, each contestant receiving the same fairness of all others, for we personally will see to it that no unfair means will be used. We want you to enter this contest feeling you are going to get a square deal and after it is over we expect you to feel the same way about it.

Any erroneous statements made without foundation by any contestant to the detriment of other contestants will be sufficient grounds for the management to declare such contestant disqualified and have them withdrawn from the contest.

Special inducements will be offered for long term subscriptions and contestants will do well to bear this in mind, as one long term subscription will mean many more votes per dollar than will the short term subscriptions. No subscription will be accepted for a shorter term than one year or a longer term than twenty years, but one twenty year subscription will equal fifty one year subscriptions, so it will be well for contestants to begin planning early to get a few of their close friends to consider long term subscriptions. Extra copies of the paper will be furnished free and contestants should keep themselves well supplied with copies of the paper.

Votes are the only thing that will determine the winner of the prizes at the close of the campaign, October 30th and the prizes WILL ABSOLUTELY BE AWARDED TO THOSE SECURING THE GREATEST NUMBER OF VOTES—JUST AS ADVERTISED—WHETHER THE WINNERS SECURE ONE OR A BILLION VOTES and the winners will not have to wait one minute for their prizes after votes are counted and winners announced. The prizes have all been purchased and are awaiting their final owners RIGHT NOW!

### Second Prize \$105.00 Diamond Ring

A perfect cut, sparkling, genuine solitaire, set in a popular 18 Karat Solid White Gold ring, purchased from Mrs. Comer Blue and is now on display at her Jewelry Store in this city for your inspection. Call and see this beautiful and valuable prize, it alone is worth your efforts in this great subscription building campaign.

### THIRD PRIZE

#### \$40 4-Burner Oil Cook Stove Complete

This Florence Automatic, 4 burner Oil Cooker, complete was purchased from W. R. Kelley & Co., of this city and is now on display in their large store for your inspection. If the winner of this prize had rather have the cash commission on the amount of money collected during the campaign as to have the premium, they will be granted the privilege.

### Other Prizes

Every contestant entering this campaign and remains active throughout the seven weeks, and fails to win one of the three prizes offered, will be paid for their services Ten per cent of the amount of cash collected during the life of the contest. You cannot lose in this contest. Enter today and stay in until the very last moment, for it means you will be paid for your time.

#### SCHEDULE OF VOTES

1 year \$1.00	1000 votes
2 years \$2.00	2500 votes

**JAPAN IN MIDST OF SUFFERING**

It is reported that 550,000 lives were lost and considerable property damage in Japan last week, caused by an earthquake.

The reports are appalling and much suffering has ensued. Miss Effie Baker, Missionary from Santa Anna has not been heard from, but from the best data we can gather, she is located some distance south of the section affected most, and she is probably safe. However, her parents and friends here would be glad to know that she is safe.

**A NEW ANGLE**

During the recent campaign and election of Magnus Johnson as U. S. senator in Minnesota, the public gained the impression that he is a radical. But Magnus Johnson is undoubtedly a different type of a man than the professional politician of the accepted radical type.

He is a hard worker, has raised a large family and his wife and his children are his assistants in running the farm. A man who owns land, farms it himself, earns his money from the soil and wears real working clothes covered with dirt and grease accumulated during manly toil, must have good stuff in him.

Whether Johnson is a "destructive radical" remains to be seen. A "constructive" radical can exercise a far wider influence than a "hard boiled conservative."

A New York paper recently contained following articles. If quotation is correct, Johnson has sounded a wise keynote and shown himself a student above the average.

Albert Lea, Minn., Aug. 4.—More charity between man and man and teaching of more consideration in schools, coupled with a "greater love" in churches, is the means which will equip the United States to withstand the onslaughts of radicalism.

Senator-elect Magnus Johnson told celebrants at Freenborn County community picnic here to day.

Mr. Johnson paid a tribute to the dead President before discussing economic problems. Good fellowship and service among business and professional men and the farmer was the keynote of his talk.

"The press of the country has wronged me," said Mr. Johnson. The papers say I am profane—I am rough and care naught for books. This is untrue. I have access to a wonderful library. I love books. I have read until my eyes are greatly impaired.

"I am sorry that the papers of the country by their untruthful propaganda, are causing the people to lose confidence in what they have to say. The press should be truthful. The people are entitled to know the truth. "If this country is to prosper and to withstand the onslaughts of radicalism we must show more love in the churches, teach more consideration in our schools and show more charity between man and man."

**DON'T CONTRADICT**

One of the very worst habits to acquire—if we care for our own happiness and the happiness of others—is the habit of contradiction. An unfortunately, it comes easily, often unknowingly, and attains it's growth before we are fully aware of the existence of the evil thing we have nurtured. It's beginning often can be traced to the early days in life of the first baby, when solicitude for the child—or possibly for the mother—leads the man to make a suggestion that is lightly brushed aside with perhaps a remark that "men don't understand such things." Only a little ripple that passes in a second, and apparently leaves no trace that it ever was, but there has been planted a seed which, unless carefully watched, produces a plant that embitters the whole domestic life.

Woman has no monopoly of this habit. It is as often seen in and is just as bad in a man. Continual watchfulness over the unruly tongue is the only safeguard, the only remedy, the only cure.

**AS TO IMMIGRATION**

Periodically some one arises to demand that we close our doors to immigration. They think we already have enough foreigners in this country.

Others are loud in their demands that we let down the bars and allow them to flock in by droves. They need a certain illiterate class to work in steel mills, where it is difficult to

induce a native American to labor.

Both are right in one way and wrong in another.

We do have too many foreigners in this country, of a certain stripe. They are the agitators who are always "against the government," whenever they may be. We should be getting rid of such gentry instead of multiplying the number in our midst.

The great steel mills and kindred industries are dependent upon a class of labor that is extremely difficult to obtain among our own people. Hence in their extremity they turn to the immigrant, whose past life fits him for such work.

The duty of congress is to admit such foreigners as are actually in demand for legitimate purposes, but to restrict such admission to people who are able to prove by their past lives that they are law abiding and peaceable people who would conform to the laws and customs of our country.

Our immigration doors should be closed, barred and padlocked against the agitator and his whole brood.

**FIGHTING TOWNS**

Fear of competition is a sign of inferiority. The man who fears to compete with another man must know that he is not prepared to enter the fray. The town that fears the competition of other towns acknowledges its inferiority, and it may still be on the map, but it is dead. Real life is a battle—men and towns that battle best succeed most. The battle is now on us. "Forward march" should be the motto of life. "Retreat" and "mark time" should have little use in life and in business.—Haskell Free Press.

Abilene Reporter: If it is really the survival of the fittest in respect to human beings, then it must be the same theory in the matter of the success of towns. For, are not towns made up of human beings? some towns, however, go on the impression that it is the survival of the "fittestest," which is to say that the town that fights the other most, will win out. This happens, however, to be an utterly false standard upon which to base a town. Some towns do fight other towns and grow for a while, but eventually they will be surpassed. That should be remembered.

**SANTA ANNA PUBLIC SCHOOLS OPEN MONDAY**

The first faculty meeting of the present school year was held at the school building on last Saturday. The plans for the year were discussed and adopted by those in attendance, which was the entire faculty. Every member present was enthusiastic over the splendid prospects for the year. In our judgement, we have a splendid faculty employed and the prospect for the year is far above that at the opening last season. Additional teachers and equipment have been added making it possible for standard work to be accomplished in every department. With the proper cooperation of the parents and the community as a whole, we are inclined to think that we are opening the best year in the history of the school. If our present plans are successful, and we have every reason to believe that they will be, we will have more than 20 units of affiliation at the close of the year.

We regret that we are having to open school during these hot days without drinking water. As you know, tests have been made of the city water and it has been pronounced unfit for drinking purposes, until it is boiled. For this reason, the water supply will be cut off at the school building temporarily until other tests can be made and the water pronounced ok. It will be necessary, therefore, for all children to bring their drinking water with them to school. This will be a little trouble to us, but not nearly so much as a well set case of typhoid fever. We trust that each child will be provided with drinking water before leaving home each day to insure his comfort while at school. The water supply will be turned on as soon as the water is pronounced safe.

I wish to extend to every man, woman and child of this community an urgent invitation to visit our school at your convenience and thereby give your support in making this the banner year of the community educationally. School will open promptly at 8:45 Monday.

Respt.,  
 B. T. Withers, Superintendent.

**THE NATIONAL BONFIRE**

Fire loss in Kansas for 1922 was \$9.17 per capita, nearly twice national average of \$4.75 per capita. Great Britain's loss per capita was 72 per cent.

The question is often raised as to the reason for higher or lower fire insurance rates in different cities and in the foregoing figures we have the answer.

The National Board of Fire Underwriters has for years been collecting data on every fire loss reported by a stock fire insurance company in the United States.

The National Board has nothing to do with making rates or in any way operating the affairs of insurance companies. It simply collects and compiles irrefutable facts on fires and makes this information available for any person in the country.

The result is that the making of fire insurance rates is not a matter of guess work. If Kansas City permits greater fire hazards within its borders than does Omaha or Chicago, its insurance rates will be higher than cities which eliminate to the greatest extent the possibility of fires.

No fire is too small to escape the records of the National Board office if an insurance loss is paid on it. The result that every town in the United States has its fire history recorded. Not only that, but the National Board surveys every city of any size, makes a chart of the city showing the possibilities for fire, provisions for fighting fire, including water systems, fire departments, etc.

This work is done gratis to the city and every assistance offered fire departments of city officials in pointing out how to better protect the city with the idea of eliminating fires and reducing rates.

With such assistance offered, it is a marvel that so many

**SCHOOL STYLE NOTES**

The first day of school will be a regular Juvenile Fashion Show. That's all right, too, for it's a fact that you can study better when wearing just the right clothes. We are showing some new M. F. C. gingham, especially adapted for children's dresses.

Of Course Jimmy is too small for school, but he insisted upon a new romper suit of gingham.

Betty feels very proud of herself in her frock of pink and white checked gingham, with its quite unusual belt and collar of white, bound with plain pink.

As for Polly—she hasn't stopped gazing with pride on her smart little dress. No wonder—for she picked out the gingham herself—a good looking plaid in white and two shades of blue.

Demure little Peggy is only in first grade, but she knows when she's dressed becomingly, and her quaint little yoked dress of gingham in tiny checks meets her full approval.

Mary Jane likes unusual things, so mother makes her dress of new novelty gingham with its checks broken by a tiny touch of black in each square.

Emmy Lou jumped up and down with joy when her mother brought home this gayly plaid gingham for her dress. She demanded a big white collar and pleats in the skirt, and she's mighty proud of the results.

Beth knows she'll get every point in the lesson just right when she wears her dress with the new pointed yoke. The gingham is a novelty plaid in striking colors.

Come girls, bring mother along and help her pick out some M. F. C. for your school dresses. Tell her the price is only 25 cents and 30 cents per yard.

## AN OPINION

Two farmers were discussing The News the other day. One thought the paper had too many advertisements in it. The other replied: "In my opinion, the advertisements are far from being the least interesting part of it. I look them over carefully and save many times the cost of the paper each week, through the business advantages I get from them."

"I don't know but what you are right," said the second farmer. "I know they pay me well and rather think it is not good taste to find fault with the advertisements after all."

Those men have the right idea of the matter. It pays any man with a family to take a good local paper for the sake of the advertisements, if nothing more. If business men fail to give farmers a chance to read advertisements in the local paper, they are blind to their own interests.

"You never trade with me," said a business man to a prosperous farmer. "You have never invited me to your place of business, and I never go where I am not invited, because I might not be welcome," was his reply.

## CRITICISM

Don't worry over the criticism of others. It is often caused by envy.—Roscoe Times.

Some people cannot bear to be criticized. It often brings about a feeling of utter dejection and a sense of failure to be criticized. It has the effect of making them pessimistic and brings about the feeling of doubt as to whether or not the struggle of life is worth while after all. Others are exactly opposite, and criticism, even though it may be unjust, has the effect of spurring them into a greater determination to reach a higher success in life. It has the effect of creating in the man feeling of attaining such a high goal in life that when the storms of criticism beat around them, they look down on them as though from a mountain peak and smile of serenity and peace. Criticism brings to others resentment, hatred and in some cases a feeling for revenge, which never dies out. It therefore behooves man to be sparing in his criticisms; that is to say, if he respects the feelings of his fellowman to any degree.—Abilene Reporter.

## STERLING MANHOOD—SIMPLE FAITH

The pastor of President Harding says the President "was a man who was a man and always sought the right thing to do." This thought might be set in a diadem, as it were, by combining it to a sentiment from Shakespeare to the effect that Warren G. Harding.

"Dared do all that became a man, who dares do more is none." This pastor says President Harding was "a plain man of simple faith" to this we add the words from Tennyson: "Kind hearts are more than coronets, and simple faith than Norman blood."

## LESSON FOR SEPTEMBER 9

JOHN MARK

**LESSON TEXT**—Mark 14:51-52; Acts 13:13; 24:12-13; Acts 15:38-40; II Tim. 4:11.

**GOLDEN TEXT**—"Whatever thy hand findeth to do, do it with thy might."—Eccl. 9:10.  
**PRIMARY TOPIC**—John Mark, One of Paul's Helpers.  
**JUNIOR TOPIC**—The Man Who Failed and Tried Again.  
**INTERMEDIATE AND SENIOR TOPIC**—Warning and Encouragement From the Life of Mark.  
**YOUNG PEOPLE AND ADULT TOPIC**—Mark's Contribution to Christianity.

I. Mark's Home Life (Acts 12:12).  
He had the wholesome influence of a Christian home, for his mother was a godly woman. There is no heritage to be compared to that of a godly home. Nothing has such a far-reaching influence upon the life of a young man as the memory of a praying mother. Even when it was so perilous to be known as a follower of Jesus, she was not afraid to have a prayer meeting in her home.

II. Mark With Jesus in Gethsemane (Mark 14:51, 52).  
At the sight of the Roman guard, the disciples "all forsook Him and fled." This timid had still followed the Lord till laid hold on by the young man. He then fled, leaving behind him his linen garment. This Gethsemane experience doubtless had a decided effect upon his life.

III. Mark a Servant of Paul and Barnabas (Acts 12:25-13:5).  
Mark was with the company when Peter told of his wonderful release from prison. This, doubtless, made a great impression upon him and was the beginning of his desire to accompany the missionaries of the cross. He was not a missionary on the same footing as Paul and Barnabas, but an attendant upon them to look after their needs.

IV. Mark Deserting Paul and Barnabas (Acts 13:13).  
We are not told the cause of this desertion. Three conjectures, one or all of which had a bearing upon his action, are offered.

1. Homesickness. His home was of easy circumstances if not wealthy. As they were carrying the gospel into the rough, mountainous country, occupied by rough, half-civilized people, the pettles of this young servant was tried. We ought not to condemn him too readily, for we know how trying it is to leave home when struggling against the rough world. While sympathizing with him, we must remember that duty is stronger than the tender ties of life. The time comes when the soldier must spurn the ties which bind him to father, mother, wife and children, in response to the call of duty. The missionary must turn his back upon home, native land, and friends in his devotion to his Lord.

2. Disbelief in Foreign Missions. There was a common prejudice among the Jews against taking the gospel to the Gentiles. When he saw that these missionaries were going to the "regions beyond," his prejudice may have caused him to turn back.

3. Cowardice. The dangers before them were not imaginary but real. The missionary today faces awful dangers: climate, wild beasts, deadly serpents and insects, and savage and cannibalistic men. However, fear is no excuse for cowardice because we are linked to the Almighty by faith; there is nothing in heaven or on earth that can harm us. Courage is required of those who would do the Lord's work.

V. Mark With Peter in Babylon (I Pet. 5:13).  
Some years after Mark's desertion, when Paul and Barnabas were arranging for a second evangelistic tour, they had a sharp dispute over the question of taking Mark with them. Paul would not consent to Mark's accompanying them, so they departed "one from the other." Mark went with his uncle. By this time he must have been cured of his cowardice for we see him associated with Peter in Babylon.

VI. Mark Honored by Paul (II Tim. 4:11).  
Paul is now an old man in prison. Mark is a middle-aged man, associated with Timothy at Ephesus. Mark had proved himself, for Paul gives the pleasing testimony that "he is profitable unto me for the ministry." Mark is an example of one who made good in spite of his early backsliding.

**Heroism.**  
The world's battlefields have been in the heart chiefly; more heroism has been displayed in the household and the closet than on the most memorable battlefields of history.—H. W. Beecher.

**You Must Be Calm.**  
The language of excitement is at best but picturesque merely. You must be calm before you can utter oracles.—Thoreau.

**Little People.**  
I love these little people and it is not a slight thing, when they, who are so fresh from God, love us.—Dickens.

**Greatness and Truth.**  
If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.—Horace Mann.

## FARM BUREAU RECEIVING COTTON

Dallas, Tex., Aug. 25.—Although only scattered shipments of cotton have been received by the Texas Farm Bureau Cotton Association at their Houston warehouse, shipments already received show a 400 per cent increase over the amount received during the same period last year. Up to and including Aug. 21, the Association had received from its members a total of 11,642 bales of Texas cotton. On this date last year they had received but 3,185 bales.

"The amount of cotton handled by the Association last year amounted to 77,000 bales," Mr. J. W. L. Hall, secretary of the Association announced, "and already we have received one-seventh of this amount."

"The heavy shipments will not be received until the latter part of September and during the month of October, but from the receipts so far and the knowledge of the success of the 'More Money for Cotton' campaign, we are hopeful of handling around 250,000 bales this year," he said.

Reports from the headquarters of the Texas Farm Bureau Cotton Association indicate a tremendous increase in new members as a result of the present campaign. Prior to the start of the campaign the Association had 20,000 members in Texas and it is believed that this number will be doubled this year by cotton growers seeking the benefits of marketing their cotton co-operatively.

"The \$20,000,000 loan by Eastern interests to the Texas Association to finance this year's crop will enable us to make advances promptly and care for all shipments as fast as received," J. T. Orr, president of the Association said. "It is more than likely that Texas bankers will have an opportunity to join in a loan to the Association if shipments continue on the ratio they have started," he said.

## GREATER THAN ALL

Co-operation is the life of a town. Antagonism is its death. It is well for us to keep these facts in mind when we consider the affairs of this town.

We all want community life. None of us want sagnation and death.

Of course we do not all think the same, and it is well that it is so. Diversity of thought and expression bring out the best and the worst of every question that we have to consider. The advocates of all sides having placed their views before the public, it then becomes the province of the people to judge as to which will conform most to their interests, and adopt that course.

It is then that co-operation creates, or antagonism destroys. It is then that we show up as loyal and progressive citizens, or as mere trouble makers.

Co-operation is greater than all the seven wonders of the world.

## THE DECLINE OF NEIGHBORLINESS

Too many of the women of today have forgotten, in the hurry and turmoil of modern town and city life, the gentle art of being neighborly.

The mothers of yesterday were less hurried than those of today, and, consequently, were less selfish. They had time for the simpler pleasures which gave them as much enjoyment as the complex, strenuous, business like affairs of today. They could be interested in the people whose lives touched their own and without any sacrifice of their own more immediate home duties. They could lend and borrow; they could render loving assistance in times of joy and sorrow.

These acts made them more kindly and more tolerant as well. They had a chance to get behind the scenes of life, to see their fellows when they were not playing parts and when the paint and powder were washed off. They got at the mysteries of existence: The love of a good wife for a good husband; the forgiveness of fond parents for frailties of sons and daughters. They went out of themselves to get their knowledge and when it was theirs it broadened them.

Little of the sort, rewards the aloofness of the present day. To meet at a party or at a formal dinner; to know people by their gowns and to make their parties social clearing-houses doesn't put any man or woman into the warm, instructive, self-developing relations which followed upon the old big-hearted neighborliness.

## DID YOU KNOW,

There are twenty-five mountains in Colorado higher than Pike's Peak—Dye ever hear of 'em? You most likely did not—they have never been advertised, few people know they exist, while tens of thousands spend millions of dollars every year in vacation trips to Pike's Peak. This is another instance of the power of advertising. Many is the time merchants who prided themselves of the fact that they were old and well established in the community have had young Pike's Peak merchants to absolutely relegate them to poor second-raters, through steady and consistent advertising. If you are not a regular advertiser think of Pike's Peak.—Clarendon News.

France is willing to reduce the amount of reparations Germany is to pay her, provided we cancel an equal amount of the war debt France owes to us. Very interesting—quite generous, indeed. We didn't start the war, and over on the other side they say we didn't stop it. And since we didn't start it, and didn't stop it, and owe no debts for others to cancel, they propose that we step up nobly and hold the bag, too, with a hole at each end.
