VOLUME 52 SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY APRIL 15, 1938 NUMBER 15

"He Profits Most Who Serves Best"

## SMOKE FROM THE MOUNTAIN

Weather postponed several scheduled meetings last week. We sincerely hope they occur this week since this will be about the third time we have announced them. The third time is a charm, we have heard, so hold your breath, everybody, those clubs may meet after all.

Several folks have asked us if Santa Anna is going to have a softball league this year. We don't know so you'll have to ask some one else. We have heard arguments for and against and looks like we may have some heated debates on the subject before the season is over.

The Golf Association is being re-organized. The association needs interested members now so that the club will not be disbanded and so that there will be enough members to keep the course in good condition. At the present time, a golfer would turn ball-hunter in those weeds, but it is hoped that work on improving the course will be concluded next week. If you want to pull down that waist line or increase your appetite, join the Golf Club.

## Ward Winners For League Events Are Announced Tues.

## Local Artists In Brownwood Exhibit

Two Santa Anna ladies have had their paintings and other art work on exhibit this past week at the McLean Studios in Brownwood. Mrs. G. A. Shockley and Mrs. Annie Childers, together with Mrs. G. E. Bohannon of Brownwood, were invited by the Brownwood Arts Association to enter the "one-man exhibits" which started April 7 and will continue April 22.

Both Mrs. Childers and Mrs. Shockley have done art work of merit in various types of painting and pencil sketches.

## April Blizzard of 1899 Recalled By Miss Chambers After Recent Snow

By Miss Luella Chambers  
My, what an awful blizzard we had recently for April. It reminds me of the 21 of April, 1899. Professor Hickman and Mr. E. K. Thomson had arranged to have hacks and wagons to take the students to Home Creek to celebrate the Battle of San Jacinto where we would be told of the hardships the Texans had endured from the Mexicans and how our great generals, Sam Houston and Ed Burleson, knew the custom of the Mexicans to take their siesta around 3 p. m.

The Texas army was small and the Mexicans had thousands. Our General sent Dear God to destroy the bridge across Vince's bayou and our small army arranged so it could not be destroyed. The Mexicans were in the bayou, when they were suddenly aroused from sleep by the Texans with the battle cry, "Remember the Alamo," "Remember Goliad," the Mexicans were in abject terror saying, "Me no Alamo, me no Goliad."

The next day some boys out rabbit hunting found General Santa Anna asleep under a tree and recognized him by his fine clothes. All these things Professor Hickman was going to tell us.

Paralee Thornton, Emma Foe and I had prepared a nice dinner for our picnic and awoke to find the trees, buildings and fences hanging in long icicles. The ground was covered with sleet and snow, but we did not have the hard weather as this year's blizzard.

## Refunding Bonds For Local School Up For Approval

Recent appearances before the State Board of Education by R. R. Lovelady, D. L. Pieratt and J. C. Scarborough in the interest of the Santa Anna Independent School District have resulted in obtaining the State Board's consent to purchase for the State Permanent School Fund a Refunding Issue of \$86,000. This is the balance of the 1927 issue used in building the high school.

The present issue draws 5 1/2 per cent and matures in 1967, whereas the refunding issue will bear only 4 per cent and matures in 1966, thereby affecting a material saving. The proposed refunding bonds are being submitted to the attorney general for his approval and it is believed the proposition will be consummated in a few days.

## Funeral Services For Mrs. Stacy At Rockwood Tuesday

"Lovers of singing well know the quality of anything that bears the Stamps' approval," Supt. J. C. Scarborough stated.

## Funeral Services For Jimmie Grant Held Wednesday

Infant Son of Mr. and Mrs. E. R. Grant Succumbs

Funeral services for little Jimmy Dale Grant, infant son of Mr. and Mrs. E. R. Grant of Rockwood, were held Wednesday afternoon at 2:30 at the Whon Baptist Church with the Rev. Cecil Strickland officiating. The baby died early Wednesday morning at the home of his uncle and aunt, Mr. and Mrs. Joe Haynes of Santa Anna after an illness of several days due to pneumonia.

Born on July 31, 1937 the baby was only 8 months and 12 days old at his death.

Surviving besides the parents are two brothers, Kenneth and Gene; his maternal grandparents, Mr. and Mrs. Sam Rutherford and his paternal grandfather, C. O. Grant, all of Rockwood community.

Pallbearers were Joe Haynes, Robert Stearns, Houston Grant, and Walter Stacy, uncles of the baby.

Flower girls were Misses Elsie Haynes and Marjorie Stacy, both cousins of the infant. They were assisted by Mrs. Emmett Woods and Mrs. Rutherford.

Interment was in the Whon Cemetery with Hosch Undertakers of Santa Anna in charge.

## Park Offender Is Fined \$10 Tuesday

A fine of \$10 for destruction to wild flowers at the local Ranger State Park was assessed and collected this week from an out-of-town offender. The News was informed Wednesday. The sum, after the consent of Highway Division Engineer Ehlinger of Brownwood, was added to the Museum Fund for the Ex-Rangers building to be erected near the Park.

As stated before in the News, local citizens and officers are cooperating with the highway patrolmen and state park officials in stamping out destruction of flowers, animals and other property in state parks. Information furnished the News shows that the law in regard to state parks can punish the offenders on both civil and criminal charges if destruction of property and taking of property in a state park is done. The offender can be fined for destruction on a civil charge and can be fined for trespassing on property not their own on a criminal charge, even though they replace the damage done.

Local citizens are urged to assist in this movement. The fine imposed this week was the result of the alertness of a local resident who was interested enough in the park preservation to report the offender.

## Steam Laundry Sells Out To Coleman Firm

The Santa Anna Steam Laundry was sold last week to the Coleman Steam Laundry the former local owner has announced. Equipment was moved to Coleman immediately. Sale was completed because of much financial loss during the past fifteen months, the owner announced.

Hays Hefner, formerly with the local laundry, is now employed with the Coleman Steam Laundry and will make two runs a day to Santa Anna to collect laundry. Laundry collected one day will be delivered the next. Local customers may reach Mr. Hefner by phoning Santa Anna 32.

## NEW FICTION ADDED TO LIBRARY RENTAL SHELF

The Santa Anna Library has placed eleven new fiction books on the rental shelf this week, according to the Library Board. These books are among the very latest books and are those which are now being reviewed in study clubs of the country. These books rent for 10c a week and 2c a day overtime. The readers are invited to inspect the new shelf.

## EASTER SERVICE TO BE HELD AT SUNRISE

Sunrise Easter services will be held Sunday morning at the Texas Ranger Park, according to Rev. M. L. Womack, pastor of the Presbyterian Church. The local pastors are conducting a series of pre-Easter services at the high school this week, the last one to be held tonight with Rev. Boone, pastor of the Methodist Church of Brownwood as the speaker.

The congregation of all churches will begin gathering at about 5 a. m. Sunday. It is intended for the services to conclude by sunrise. In case of bad weather the meeting place will be changed, but the place of meeting will not be announced until tonight at the service at the high school.

This is the first sunrise Easter service in several years in Santa Anna and the pastors hope that many will attend this beautiful program. Rev. R. Elmer Dunham will be in charge.

## Local Students Help In Survey of State Roads

J. E. Williams of the State Highway Department visited Santa Anna High School Wednesday, speaking before all the English classes and securing valuable data and statistics to be used in the Texas Highway Planning Survey.

The Department will use this information, which they are securing through forms given to high school students, to assist in better building and up keep of roads and highways. A road map is now being prepared of each Texas county. Traffic counts have been made on state highways and are now being made on county roads. Weights of cars and trucks have been recorded to determine how great a strain they throw on road surfaces. The average life and cost of different kinds of road surfaces has been studied and the amounts that cities and counties spend on streets and roads is being learned. The Road Use Survey will determine how much driving is done on state highways, county roads, and city streets.

The Road Use Survey is being conducted through the high schools because more forms can be filled in per dollar of project money spent, because more accurate information can be obtained because the forms are filled in at a time of day when drivers have time to think about driving, and because this will give the high school students a chance to take part in and serve their government.

Mr. Williams also visited Rockwood High School Wednesday.

## Easter Egg Hunt For City Children Set For April 15

## Funeral Services For Miss Daniell Conducted Monday

Resident of Line Community Succumbs After Several Years Illness

Funeral services for Miss Ruby Daniell, daughter of J. R. Daniell of the Line community, were held Monday morning, April 11 at the family home at 10 o'clock with the Rev. Augustus Lightfoot, Baptist minister, and the Rev. J. V. Davis, pastor of the Santa Anna Methodist Church officiating. Miss Daniell died early Sunday morning.

Many friends from the surrounding community and from Santa Anna came to the home to pay tribute to the deceased, who throughout her life has been a devout Christian and a worker in the community. Although in ill health for several years, Miss Daniell kept up her Christian work during those years in her contact with friends who came to see her.

Rev. Lightfoot paid high tribute to her Christian life and to her many years as Sunday School teacher at the Line Church where for years she taught the largest Sunday School class ever organized in that church.

A choir sang several beautiful hymns, among them "Asleep In Jesus."

Born on August 27, 1896 at Debuillen, Milan County, Texas, Miss Daniell was 41 years, 8 months and 14 days old at the time of her death. She was converted at 14, joining the Baptist Church at Santa Anna, where she has ever since been a member.

Daniell; four brothers, Jim Daniell and Elmer Daniell, both of Santa Anna, Oscar Daniell of Grosvenor, and Jessie Daniell of San Francisco, California; and several aunts, uncles and cousins. Her mother, two brothers and a sister preceded her in death.

Ladies in charge of the many beautiful flowers were Mrs. Homer Vinson, Miss Virgie Brown, Mrs. Love Simpson, Mrs. Alvis Griffin, Mrs. Ethel Harris and Mrs. Tom Mills.

### What Is Your Thought Of Easter?

To the very young children, Easter perhaps means little more than the annual Easter egg hunt which they have been told the "Bunny" brings. To many it is a beginning of the new spring wardrobe just as spring itself decks itself out in new flowers and grass and leaves for the coming months.

To all Christian nations and peoples, Easter means something much deeper and more significant than Easter eggs and new costumes. Just as nature shows signs of a reawakening and a promise of new life, Easter means to the Christian people a promise and a hope of a life beyond. It is our assurance that we can look forward to a better and fuller life after death—a promise to us that we who have faith shall live again.

To those who have ever felt the sorrow of the loss of loved ones, Easter should in truth be a time of gladness. It is the promise to each of us that the earthly separation will be short if our faith and our work continue.

On Easter Sunday the words of comfort and assurance will be told in all churches of the nation, the words of Christ when He said, "I am the Resurrection and the Life."

### JOHN T. WILLIAMSON ANNOUNCES FOR OFFICE OF COUNTY ATTORNEY

John T. Williamson, in Santa Anna today, authorized the News to announce him as a candidate for county attorney of Coleman county. In this connection Mr. Williamson said: "Encouraged by the fine race I made in 1936 in face of a late announcement, meager finances and running against one seeking his second term, I have decided to make the race this year for the office of county attorney of Coleman county. I expect to make as thorough campaign as possible between now and the democratic primary election in July and will endeavor to see all voters. In the meantime I will appreciate careful consideration of my candidacy by men and women voters of the county. If elected, I will try and make the county the best county attorney it has ever had by rendering efficient, courteous service and endeavoring to enforce all laws as they are written." Mr. Williamson is well known in all parts of Coleman county. He was born in Brady and has lived here since 1924. He was granted license to practice law in June 1935 and is licensed to practice in all the courts, including federal court at San Angelo.

### FRANK DICKEY ANNOUNCES FOR DISTRICT ATTORNEY

Frank Dickey, in formally announcing his candidacy for the office of district attorney of the 119th Judicial District of Texas, subject to the action of the Democratic Primaries, says:

"In aspiring to the office of district attorney I do so realizing that such office is one of the most important within the gift of the people. It involves the preparation and presentation of all of the major cases in which the people as a whole are interested. It requires attention to enumerable duties connected with the investigation of violations of all of the laws. It requires the preparation and presentation in trial of all criminal cases of the grade of felony arising within the district. It is a most important duty of the district attorney to initiate and carry out prosecutions in the eradication of organized crime of any grade, and I realize that, if I am elected, in as much as I have promised and do promise the people an active and vigorous campaign for law enforcement, that I will be held strictly accountable to them for my efforts in this behalf.

I am a member of the American, State, and Runnels County Bar Associations; have been president of the latter for 4 years. I have been actively engaged in the practice of law for 12 years in this district

with my office in Ballinger where I reside.

If I am elected district attorney, I will do my best to serve the people as an efficient lawyer. I will try to make a record in the administration of the duties of the office as a just and vigorous prosecutor, and I promise that I will not boast of convictions in non-contested cases as a mark of personal success. I will be careful in the presentation of cases to the Grand Jury with the end in view that justice may be finally meted out and the people's law administered. I will not usurp the functions of the jury and seek to adjudicate cases and mete out punishment for offenders; neither will I compromise crime for the purpose of avoiding trials of contested cases. When I file motions in court to dismiss prosecutions because of the insufficiency of evidence, such motions will be based upon a lack of evidence and not upon a convenience of trial effected for the purpose of making a record. I will bring to the attention of the Grand Jury evidence of all the crimes committed within the district where such facts are known to me. I will give particular attention to the laws prohibiting child-desertion and to the laws that have been enacted to protect the morals of the youth of our state. I will give to the office the time and attention that it demands, and I will spend the time and study necessary to prepare and try such cases as I may try in the manner in which the law contemplates. It is my intention to cooperate with the peace officers and the people who believe in law enforcement, and I will welcome the aid and assistance of reputable lawyers employed in cases which it may become my duty to try.

The people of the 119th Judicial District are not indebted to me for anything. They have been more than generous in the consideration that they have accorded me. It is to them that I am indebted for my achievements in the practice of law, and I am grateful to them for their patronage and consideration. I am not making any criticism of any opponent, and I am making the race on my own qualifications and fitness. I trust that the voters of this district will satisfy themselves as to my qualifications and fitness and will cast their votes accordingly. It will be impossible for me to contact each voter personally, but I assure each and every one that I will be grateful for his or her consideration, and if I am honored by election to this office, I promise them an active and

vigorous administration in carrying out the duties of the office to the end that they will not be disappointed in me."

### Furniture & Undertaking Company

"We have been the satisfied owners of a Servel Electrolux refrigerator for over ten years. This remarkable refrigerator, after almost eleven years of daily use, is still just as economical, silent, and trouble-free as when it was first installed in our home."

"A representative of the local Electrolux dealer called on us recently in an attempt to interest us in trading for a late model, but we declined for the reason that our old Electrolux is still giving us such excellent and economical service that we would have nothing to gain by giving it up."

"We have lived in Abilene for fifty-five years, and I often think how wonderful it would have been could we have had the protection and convenience of a Servel Electrolux for all those years. And judging from the condition of our present refrigerator, I sincerely believe that could we have purchased one at that early date it would still be in operation today."

The Seniors of Buffalo High School enjoyed last Tuesday as their senior day. They left school at eight o'clock and returned in the late evening. Each student reported a very nice time. They went to the Brownwood Lake and hiked, went boating, took pictures, and ate a picnic lunch.

They were accompanied by Leon Perry, the senior class sponsor and his wife. The senior flag of blue and white towered over the school building all day untouched. This was a great day to be remembered by all the Seniors of '38.

## THE MOUNTAINEER

### Easter Time Is Joyful

Of all the holidays of the year, Easter is next to Christmas. From of old it has been known as "the happiest of days," "the bright day," "the Sunday of joy" and the "festival of festivals."

The Greeks had an idea about Easter that is beautiful and romantic. "Eastre" was the name of a goddess, the personification of the spring of the rising sun, of all things new and fresh and full of hope.

We have learned that Easter eggs and Easter rabbits have a heathen origin. One of the oldest and most widespread of Easter superstitions is the one which says the sun participates in the general felicity by dancing in the heavens.

The question whether the sun really did dance was discussed by grave old scholars, who took the trouble to demonstrate that while the sun might sometime shine more brightly on Easter morning than on another, it was simply by accident and that there was no dancing.

It is considered by many unlucky to omit wearing new clothes on Easter. That is a good argument to give Dad when you bring up the subject of allowance.

To see a lamb on first looking out of the window on Easter morning is a good omen, especially if its head is turned in the direction of the house. This is because of the ancient notion that the devil can take any form except that of a lamb or dove.

In Christian countries the spirit of Easter finds its most perfect expression in the Resurrection story of Jesus.

### Assistant Editor Takes Charge

During the last six weeks of school it is an established precedent for the assistant editor to take over the affairs of the editor-in-chief. The editor-in-chief is always from the Senior Class. Gale Collier has filled that office this school year.

Emma Sue McCain, a junior, will take over the duties of the office this week and will continue the work the remaining school term.

**Do you want to SAVE MONEY?**

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

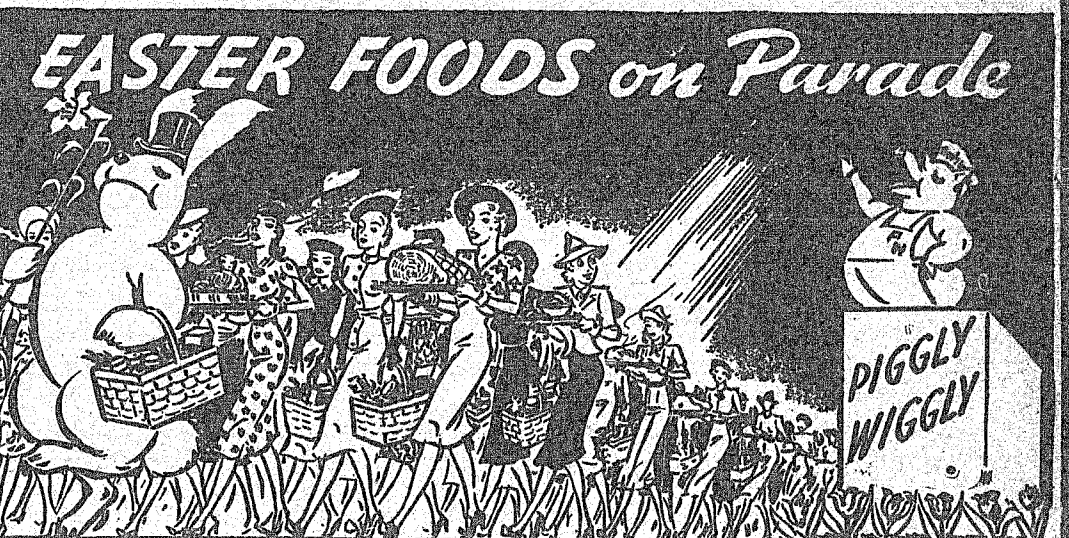

Because it is priced low—includes essential equipment without extra charge—and goes farther, between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in—as well as easy to buy and run. There's a Ford dealer near you.
