

Front Of A Long Line

Claudia Skinner, waitress in a cafe, was the first Howard Countian to receive an X-ray as the annual mass survey got under way here today. Following her were 360 other persons who were X-rayed at the rate of two per minute during the morning. The survey will continue through next Thursday and all residents 15 years of age or older are urged to report for the anti-tuberculosis examinations. X-ray technician pictured is Arnold Delgado.

Atom Plant Strike Threat Fades Away

OAK RIDGE, Tenn. (AP)—Officials reported "business as usual" today at strike-threatened atomic plants here and at Paducah, Ky.

CIO production workers, who had threatened to strike today at the key atomic plants to enforce their demands for pay raises, backed down in the face of a federal court injunction issued last night. The plants produce all of a vital in-

Special Committee Continues Inquiry In Martin County

STANTON (SC) — The special committee named by the grand jury to assist in a probe of Martin County's financial difficulties, continued its interim inquiry here Thursday.

This week the committee, headed by Jess M. Miles Jr., has been talking with County Commissioners Ervin Welch and Joe Froman and former commissioners Stanley Lewis and Oliver Vaughn. Froman, according to Miles, left the committee Wednesday and declined to sign transcripts.

Miles said that the committee was prepared to make an oral interim report when the grand jury, now in recess, goes back into session. He indicated, however, that the committee felt it still had more work to do.

Corpus Merchants Hit By Vandalism

CORPUS CHRISTI (AP)—All available policemen were on the alert here early today in an attempt to check a mounting spree of vandalism that has cost merchants thousands of dollars in broken windows.

As yet, no one has been arrested, and merchants have raised a \$300 reward fund.

Big Spring's Derby Champ Gets Big Welcome In Akron

By BOB WHIPKEY
AKRON — Charles Edward (Lefty) Morris got a champion's welcome today as he registered in for the All American Soap Box Derby.

A band played the Eyes of Texas as he mounted a special platform in downtown Akron and then strode into the Mayflower Hotel under an arch of batons held by girl band leaders. Sirens were screaming, flashbulbs were popping, and people were asking for his autograph.

With 152 other local derby champions, he went through the registering process, gave up his cowboy outfit for a sailor hat, champion's T-shirt and blue jeans. Then he hustled off by bus to a nearby YMCA camp where the champions spend a couple of days enjoying royal entertainment.

Lefty drew No. 19 as his official car designation. This afternoon a drawing was to be held to determine the heat and lane he will run in Sunday afternoon's All American event.

The All American is the biggest stive undertaking of the year for this city of 275,000. Downtown Akron was as busy today as an old time West Texas Chamber of Com-

Sen. McCarthy Claimed To Owe On Income Tax

WASHINGTON (AP)—The Washington Evening Star said today Internal Revenue agents, after an 18 months investigation, have concluded that Sen. McCarthy (R-Wis) owes additional income taxes and interest of about \$25,000.

McCarthy, asked if he wished to comment on the newspaper's story, told a reporter: "It's strictly untrue. There is strictly nothing to it."

The Internal Revenue Service declined comment.

The newspaper said it had learned the revenue service will soon present the evidence it has gathered to McCarthy and give him a chance to explain data that the tax investigators do not understand.

"The tax agents do not contend that Sen. McCarthy acted with fraudulent intent," the story said. "Instead, they assert the Wisconsin legislator erroneously classified as nontaxable some of the money he received and on which he should have paid taxes."

The case was described as covering the tax years 1946 through 1952.

Saying there was no claim of intent to defraud, the newspaper added:

"A taxpayer in these circumstances can clear himself by simply paying back taxes plus 6 per cent interest."

"If the taxpayer pays up the revenue service does not make the case public. Thus Sen. McCarthy's federal tax returns again could escape public scrutiny—unless some congressional committee were to subpoena them."

"The tax agents' confidence in their claim against Sen. McCarthy stems partly from the fact that Internal Revenue Commissioner T. Coleman Andrews is taking a stern attitude toward Sen. McCarthy's lack of detailed records to support his tax returns."

"At least part of the disputed money represents contributions to Sen. McCarthy. Friends, acquaintances and members of the public have sent him sums ranging from thousands of dollars down to pennies."

"Sometimes the donors specified the money was to be used to fight Communism. Sometimes the donors did not say how Sen. McCarthy was to use the money."

"Internal Revenue agents are understood to be insisting that Sen. McCarthy begin by Sept. 1 regarding what other duties Sen. McCarthy might have."

New York Breaks Coolness Record

NEW YORK (AP)—This was the coldest Aug. 12 in the history of the New York City weather bureau—by one-tenth of a degree.

At 5:05 a.m. the mercury slipped to 56.3 degrees, just clipping the 56.4 in 1889.

TO WOO GIRL

LE HAVRE, France (AP)—A Texas pilot, safe from the clutches of British law, admitted today he flew a light plane through and under two Thames River bridges in London in an effort to win a bride.

But Gene Thompson, 30, of Lubbock, Tex., didn't say whether Helen Brown, a hometown girl he met on a European tour, had agreed to marry him. Her reaction he said, was that he was a little crazy to have pulled the stunt.

Thompson, a former World War II and Korea flier, gave Londoners a thrill yesterday by zooming between the towers of famed Tower Bridge, then swooping beneath London Bridge.

He was met by reporters here when he arrived aboard the liner Atlantic en route to the United States from Southampton. He first refused to see newsmen, believing they were police.

Thompson declared he made the flight as a "last fling" on the European tour in order to impress Miss Brown.

He told newsmen he was now unemployed, broke and interested in getting a job in the United States.

He and Miss Brown met as members of a party of Texas Tech students on the European tour.

Details of his daredevil flight were told previously by the London Daily Express.

The Express said Thompson, a 4-foot-3 veteran of the Korean War, left a "confession" of his feat with a friend. The friend gave the story to the paper after Thompson.

Ballots will be mailed immediately to farmers in the respective communities and votes may be submitted by mail until 5 p.m. Aug. 22.

Votes may be brought to the county's ASC office until 5 p.m. Aug. 25. About 200 persons are in each community, Lewter estimated.

New community officers will take office Sept. 1.

THE WEATHER

BIG SPRING AND VICINITY: Fair this afternoon, tonight and Friday with little change in temperature. Possibility of widely scattered showers this afternoon and early evening. High today 88, low tonight 61, high tomorrow 85.

Ike's Economic Report Shows Cheerful Note

'MOST TRUSTED' MAN ABSCONDS

NEW YORK (AP)—Eleven years ago Albert Dorsey was paroled on a burglary sentence and given a job by a Brooklyn shoe factory.

The 54-year-old Dorsey became the firm's "most trusted employee."

Yesterday, as weekly pay was being handed out at the plant, Dorsey suddenly grabbed \$3,750 in payroll envelopes from a woman book-keeper and fled.

Factory vice president Samuel Dones said:

"I would have trusted him with anything. I even let him keep a set of keys to this place. Why did he do a thing like that?"

Debate Limit Agreed Upon For AEC Bill

By RUSSELL BRINES
WASHINGTON (AP)—A surprise Senate agreement to curb debate on atomic energy legislation today boosted chances for speedy congressional adjournment but left prospects for the disputed billion in doubt.

The agreement, reached last night, brings the compromise measure to the Senate floor tomorrow under a talk limit of three hours.

When the bill went through the Senate last month it prompted 189 hours of round-the-clock speech-making, and majority leader Knowland of California said this week Congress' go-home date depends on whether there is "an other filibuster" on the measure.

He postponed the adjournment target date from this Saturday to sometime next week—or later.

There was no objection and no questioning from the floor when Knowland offered the unanimous consent arrangement last night, saying Democratic leader Lyndon B. Johnson of Texas had helped him frame it.

This means the bill, a major feature of the Eisenhower legislative program already approved by the House, will go to the President for signing if the Senate concurs. If it doesn't, the measure may go back to Senate-House conference for another try at compromise.

The legislation provides for a

Absentee total today . . . 84
Absentee voting closes Aug. 24.

Pro-Reds Supporting Foe, Shivers Claims

By BRUCE HENDERSON
Associated Press Staff
Gov. Allan Shivers says Ralph Yarborough is supported by people who fought the bill outlawing Communism in Texas.

Yarborough charged Shivers with refusing federal money to help build Texas dams and called him a "demagogue and cheap politician" for it.

The opponents in the Aug. 28 runoff election for the Democratic gubernatorial nomination hammered new at each other Wednesday night.

In a state radio speech from Fort Arthur Wednesday night, Shivers referred to a strike started there last year by the Distributive, Processing and Office Workers of America—a union later declared Communist dominated by the State Industrial Commission. Two other unions also were branded as being under Red influence.

Shivers said he's sure Yarborough is not a Communist. But he said he considers communism an issue in Texas and Yarborough "thinks it's silly to look under the bed."

A crowd estimated from 4,000 to 7,000 turned out for a big rally at which Shivers' speech was

President Views Bright Prospects

WASHINGTON (AP)—President Eisenhower declared today that the overall performance of the American economy since his administration took over "has been better than during any earlier time."

"The paramount fact . . . is that the recent decline in economic activity has come to a halt," the President said at another point in a report on the state of the nation's economic health at mid-year.

And he listed signs which he said point out bright prospects for the future.

Eisenhower's survey in this congressional election year amounted to a reply to Democratic critics who have contended that the Republican administration is breeding unemployment and leading the nation into a depression.

There appears no doubt that both sides will draw heavily on the report for ammunition in the upcoming vote battles.

Eisenhower noted the criticism in general terms and went on to say that "the recent economic decline, on an over-all basis, has been very small."

He also declared:

1. Price increases during the

Anti-Red Union Bill Delay Loses

By JOHN CHADWICK
WASHINGTON (AP)—The Senate today defeated a move to sidetrack one of the administration's anti-Communist bills—a measure with the avowed aim of ridding labor unions of Red influences.

It rejected 57-31 a proposal by Sen. Magnuson (D-Wash.) that instead a 12-member commission be set up to study the whole problem and report its findings by Jan. 2.

It was offered as a substitute for a bill by Sen. Butler (R-Md.), called it a "deadly anti-union weapon" which he said would "liquidate labor unions."

But Sen. Lehman (D-Ill., N.Y.), called it a "deadly anti-union weapon" which he said would "liquidate labor unions."

Butler called Magnuson's proposal a "parliamentary device" to defeat the bill which he said was endorsed by Atty. Gen. Brownell.

Magnuson argued he was proposing the only "practical" approach since the House Judiciary Committee already has shelved a similar Brownell-backed measure.

Consequently, he predicted, a Senate version of the same legislation would "get nowhere at all" in the House.

Butler told the Senate last night that "the Attorney General approves this bill" and Senate Republican leader Knowland of California told newsmen the administration is supporting it.

The House Judiciary Committee shelved the measure Brownell requested, along with another measure he proposed to let employers

President Held As Moving Into Election Fight

By JACK BELL
WASHINGTON (AP)—President Eisenhower appears to be inching into a leading role in the battle for control of Congress despite his avowed plans to remain aloof from local political skirmishes.

Administration leaders said today Eisenhower hopes to go on television and radio with a 30-minute talk on the administration's legislative record within 24 hours after Congress ends its regular work, probably next week.

Eisenhower told his news conference, yesterday he was planning what he called a little bit of a talk to review Congress' record since he took office in January 1953. He added he didn't want to cheat on himself by saying any more at this time.

But administration officials who asked anonymity said preparations for the appearance have been under way for a long time.

Although the President's talk will be billed as a report to the nation, Democrats indicated they may demand equal time to counter what some of them said they regard as a Republican kick-off for the congressional campaign.

Despite Eisenhower's repeated statements that he would avoid getting involved in local political fights, his schedule already includes appearances in Illinois, New Jersey and Kentucky. Pressure is reported beginning to build up heavily from other areas. The President has also taken time to pose for pictures with more than 100 GOP House members.

GOP National Committee officials have turned to Vice President Nixon to carry the heavy burden of a political stump tour. Nixon starts his active campaigning with a speech at the Ohio State Republican Convention Sept. 15 and is expected to make several excursions to different parts of the country before the November voting.

Many Republicans say, however, that there is no voice equal to Eisenhower's in defending the record of the GOP-controlled Congress. Eisenhower has insisted that the Republicans must stand or fall on the record made on the administration's program.

About 400 In C-City Hear Yarborough Blast Shivers

COLORADO CITY — About 400 listeners in Colorado City's Civic House heard Ralph Yarborough, candidate for governor, slug away at Gov. Allan Shivers in a campaign speech, Wednesday afternoon.

Yarborough also blasted the nation's farm policy, saying, "I read the headlines this morning on the big Republican press—the big Republican press of Texas is the one I'm talking about—and it says the President's won a great farm victory. Was a farm victory of what kind? He's won one destroying the farm economy of this country—and they haven't—don't seem to have learned that they cannot destroy the farm prosperity and keep a high level of prosperity in the industrial world."

He added that "they" had promised 100 per cent of parity and were now trying to cut it to 75 per cent or lower and credited the "gallant Democratic minority" with making a fight resulting in a compromise at 82 and a half per cent.

He pledged an attempt to repeal the law permitting crossfiling, and denied favoring a sales tax, stating that he had been making speeches against a sales tax for 20 years.

He feared at his opponent's "8450,000 windfall," and said, "He's been in office for more than five years. Why, that's a year longer than you put up with Herbert Hoover."

Yarborough pronounced the Insurance Commission his number one target in January, but promised a general housecleaning in all state boards and bureaus. He said however, that he did not plan to fire the rank and file of State employees.

He alleged that his opponents were going all out in spending money, and "pouring on" slander to defeat him, but said, "They're not scaring me with what they're doing—no man that's lived close to the soil and the cotton and the wheat farms is going to be scared by a bunch of Republican money—it's

the kind of stuff we have contempt for!"

Yarborough said that he had learned Wednesday morning that for the first time he had campaign managers in all of the 254 counties in Texas and "not a hired campaign manager in the lot!"

Breaking his torrid campaign pace here Wednesday for lunch, Ralph Yarborough expressed confidence that he would win the Texas Democratic nomination for governor.

The tip-off, he thought, was in the large crowds that were gathering to hear his campaign talks.

"We had several hundred this morning at Brownfield," he pointed out, "and at Lamesa there were several hundred more who stood out in the heat to hear us and vote."

Two years ago the crowds were small, he said, but now the turn out is mushrooming in areas which formerly were carried by Allan Shivers. This was similar to an experience in the Texas Panhandle and Yarborough felt that this was an omen that victory was in the offing.

"If we can just get the voters to turn out we will win this campaign," he said.

Among those accompanying him here were Sen. Wayne Waggonner of Bowie and Bob Huff of Lubbock.

Yarborough went from Big Spring to Colorado City where he was to make an address and then catch a plane to Fort Worth to ride in the annual Post Rodeo there. Before the day was out he was due to hop to Midland for a television appearance and then to Odessa for a big rally.

Delinquent Tax Payments Rise

A total of \$2,188.52 in delinquent taxes was paid during July, bringing such payments during the fiscal year up to \$7,949.58. This is \$5,859.84 more than was paid in delinquent taxes during the same period last year, according to the monthly report made by C. E. Johnson Jr., city tax collector. It was announced in city commission meeting last Tuesday that Attorney Harvey Hooser, who is collecting the taxes for the city, is now ready to file suits against non-paying property owners. Tax, license and franchise collections during July totaled \$2,206.98, bringing the entire tax department collections up to \$14,817.47 this year. Johnson's report shows this to be \$2,298.10 higher than like collections during the same period of last fiscal year. All collections during July were as follows: delinquent taxes, \$2,188.52; interest and costs, \$478.32; occupation taxes, \$49.50; dog taxes, \$13; bus franchise, \$56.74; taxicab franchise, \$51; drivers' licenses, \$19; and tax certificates, \$13. Totals so far in the 1954-55 fiscal year are: delinquent taxes, \$7,949.58; interest and costs, \$1,672.18; occupation taxes, \$283.50; dog taxes, \$49; bus franchise, \$192.33; taxicab franchise, \$337.60; tax certificates, \$54; penalty on current taxes, \$122.37; and last half 1953 taxes, \$3,315.53.

Luther Seast, Borden Wells Finaled; 3 Locations Staked

Completions were reported today in the Southwest Pancho-Mag field of Borden County and the Luther Southeast field of Howard County. Three new area locations have been spotted. Texas Pacific Coal and Oil No. 1 Hyden is the new Luther Southeast producer, coming in for daily potential flow of 183 barrels of oil. Hanley No. 1-A Beal was finaled in the Southwest Pancho-Mag area for pumping potential of 64 barrels of oil and 42 barrels of water per day. J. E. Jones No. 1 W. L. Miller is a new location in the Jo-Mill (Spraberry) field of Borden County. Texas Pacific Coal and Oil No. 1 Ruby Graham is a new Luther Southeast producer, and Fleming and Fleming and Wampler, I-C Snyder is a new Snyder field venture. Borden Hanley No. 1-A Beal has been finaled as a 1 1/2-mile southeast extension to the Southwest Pancho-Mag field which was recently opened by the Hanley No. 1-B Beal. The No. 1-A made a pumping potential of 64 barrels of oil and 41 barrels of water. Gravity of oil is 40.2 degrees, and production is from casing perforations between 7,723 and 7,739 feet. These perforations were washed with 500 gallons of mud acid and treated with 3,000 gallons of regular fracture fluid and 5,000 gallons of sand oil before completion. Location is C SE SW, 24-31-3n. Howard Texas Pacific Coal and Oil No. 1 M. C. Hyden, C SW SW, 47-32-3n, T&P survey, has been completed in the Luther Southeast area for a 24-hour flowing potential of 185.96 barrels of oil and no water. Production on test was through a 24-64 inch choke from perforations between 9,905-15. The perforations were washed with 300 gallons of mud acid and treated with 5,000 gallons of regular acid before the potential test was taken. Gas-ol ratio measured 949-1 and gravity of oil is 43.3 degrees. Flowing tubing pressure was 200 pounds. This new well is to be listed as a mile north extension to the Luther Southeast field. Texas Pacific Coal and Oil No. 1 Simpson, C NE SE, 3-32-2n, T&P survey, is drilling at 8,946 feet in line. A new location in the Luther Southeast field is Texas Pacific Coal and Oil No. 1 Ruby L. Graham, 680 from south and east lease lines, 15-32-2n, T&P survey. It is about 13 miles north of Big Spring and will be drilled to 10,500 feet, starting at once. Fleming and Fleming and Kimbell of Fort Worth No. 1-G D. H. Snyder is a new location in the Snyder field slated for depth of 3,200 feet. It is to be 900 from north and west lines, section 25, block 30, T&P survey. Harper and Huffman No. 1 Oldham, C NE NW, 41-27-H&TC survey, bored to 9,410 feet in lime and shale. Callihan No. 1-A C. W. Creighton, 330 from north and 1,215 from east lines, 84 acre lease, 28-33-1n, T&P survey, hit top of pay at 2,916 feet, it was reported today. Pump has been set at Callihan No. 1 C. W. Creighton, another well at just east of Big Spring, but operator is now swabbing while waiting on power. The No. 1 Creighton is 330 from south and west lines, southeast quarter, 28-33-1n, T&P survey.

Fines In July Total \$2,809

Fines totaling \$2,809.50 were assessed in Corporation Court during July, report made by Police Chief E. W. York reveals. Police arrested 129 people during the month, and 1,066 traffic tickets were issued. Actual fines collected totaled \$2,140.50. Other fines were laid out in jail. Largest single fine revenue — \$1,586 — came from the 127 people fined on charges of drunkenness. Seven were fined \$45 for vagrancy, 12 were assessed \$350 for disturbance, two were charged \$85 after pleading guilty to theft, nine paid \$250 in fines for affray, and five were soaked \$50 for soliciting business without a permit. Thirty-three people paid fines totaling \$381.50 for moving traffic violations, five who were charged with having no drivers licenses paid \$38, and six charged with parking violations were assessed \$8. Individuals arrested by police were transferred to county authorities on the following charges: 14 driving while intoxicated; one, car theft; five, assault; three, carrying deadly weapons; two, threat with deadly weapons; two, theft under \$50; two, assault with intent to murder; one, demerol; one, destroying private property; and one, murder. Some 18,650 miles were traveled in police cars during the month, and approximately 1,300 calls were made to and from the police radio station.

City Park Fund Runs In 'Black'

Big Spring's City Park is making money this summer. Receipts during July alone total \$5,273.73. This money came from building rentals, concession rights, swimming fees, and golf receipts. As the total expenditures for upkeep were only \$3,502.04, the profit for the month was \$1,771.69. Actually the profit could have been much higher, because \$2,472.31 of the expenditures represented a transfer of money to the general fund. Green fees for golf totaled \$918 during July. And the receipts from swimming were \$4,094.75. Rental on buildings, concession rights and miscellaneous receipts totaled \$260.98. The expenditures were for chemicals, education, machinery and furniture.

We'll Have Dinner Ready, Mommy

The first married hostess in Braniff Airways' 26-year history, Mrs. J. E. Johnston, Carrollton, Tex., waves goodbye to her two children, her husband and his mother as she prepares to take off. Like some other married hostesses, she volunteered for temporary duty because of a boost in the line's travel caused by increased summer business and a strike on another major line. All married hostesses are on the Chicago-Dallas non-stop run. They leave after breakfast dishes are done and return in time for dinner. The children are John, 2 1/2, and Jane, 1 1/2. The mother is Mrs. Sarah M. Johnston. The hostess flew for three years for the line before marrying in 1950. (AP Wirephoto).

HOSPITAL NOTES

BIG SPRING HOSPITAL Admissions—Mrs. Vera Crabtree, Knott Rd.; Mrs. Mary Jo Myrick, 1011 E. 2nd; Fay Sherman, 607 NW 8th; Effie Banks 1804 Settles; Mrs. Dollie Mae Robinson, 806 NW 4th; Mrs. Nell Hopper, Star Rt. Stanton; J. T. Johnson, 611 George. Dismissals—Claude Miller, Rt. 1; W. L. Matney, City; Elizabeth Bremer, Snyder; Onita Brunley, Rt. 2.

Lions Continue Sports Program

Lions Club members mixed honors for an old timer, sports and distinguished guests Wednesday. Joe Hedelson was presented with his certificate and chevrons designating him as an Old Monarch member with 25 years as a Lion. The presentation was made by C. O. Hitt, Lionmaster. Ralph Yarborough, Austin attorney, left off his campaigning long enough to have lunch with the Lions. Among those who were with him were Sen. Wayne Wagonseller, Bowie, Bob Huff, Lubbock, and H. H. Patterson, Frank Hiestand and Charlie Butts, his Howard County manager. At the meeting Yarborough did not speak, merely acknowledge his introduction. Also guests at the meeting were the Rev. H. W. Bartlett, Houston, who was reared in Big Spring; the Rev. Richard Deas, son of Dr. Charlie Deas; and J. C. Godwin, who was transferring his membership from Cleburne, N. M. Godwin has acquired nine duplexes in the 1500 block on Lincoln and he and Mrs. Godwin have established their home at 1500-A Lincoln. Jack Cook projected motion pictures of the Big Spring and Brownwood game, continuing the bi-district series re-run started a week ago with the Gainesville game.

IKE'S REPORT

(Continued From Page 1) higher than at any time before this administration assumed responsibility. Then the President declared: "And since 1953 was a still better year than 1954 is turning out to be, it follows that over-all per-

Preliminaries For Scouts' District Swim Contests Set

Eliminations for the Lone Star district will be held Saturday in preparation for the council Boy Scout annual swimming meet a week hence. In addition to the district contests, there will be a free swim period and all Scouts and Explorers in the district will be admitted free of charge. The meet will start at 10 a.m. at the Mundy pool, said Dan Krause, district chairman. In charge will be Glen Puckett, general chairman, assisted by Sam McComb, district camping chairman, Krause and others. Troops victorious in the various events Saturday will represent the district at the Council meet in Midland on Aug. 21. Among the contests will be two division each for Scouts and Explorers in breast stroke, back stroke, free style, medley relay, free style relay, diving and the cross-chest carry in a life saving event. The pool has been reserved for the event and Krause urged a large turnout by the boys.

Police Check Four Traffic Accidents

Four minor traffic accidents were reported to police officials Wednesday afternoon and evening. Capt. Donald H. Nielson's car was in a collision with another vehicle at the "X" intersection in front of the Veterans Hospital, police said. Driver of the other car, which did not stop, was later identified by officers as Melvin Bailey, who resides in Northwest Big Spring. Nielson, who resides at 1806 Monticello, reported the collision at 10:05 p.m. last evening. A collision occurred about 10:40 p.m. in the 1400 block of Main, drivers involved being Perry M. Hall, 1007 Lancaster, and Howard E. Belk, 905 Main. Wednesday afternoon about 1:05 p.m. a truck driven by Burel Pirkin, 900 NW 3rd, and a tractor operated by E. E. Klaus, 905 E. 4th, were in a collision on West Third. At 6 p.m. vehicles operated by Robert Allen Trout, Howard County Junior College, and Emmet Cecil Hinkle, Ellis Homes, were in an accident at the intersection of Birdwell Lane and Eleventh Place.

Local Student To Get Diploma At W. Texas

Billy A. Damron, Big Spring, is among the 245 candidates for degrees who expect to participate in summer commencement exercises at West Texas State College on Aug. 30. Dr. Henry H. Hill, president of George Peabody College for Teachers, Nashville, Tenn., will be the commencement speaker, according to Dr. James P. Cornette, president of WTSC. Graduation activities begin Aug. 18 at 8 p.m., when Dr. and Mrs. Cornette honor students at a reception at their home. Graduation ceremonies will be held Aug. 30 at 8 p.m. Damron is a candidate for the bachelor of business administration degree.

Lewter Advises Poisoning Now

Cotton insect hatches are continuing in practically all parts of the county, Durward Lewter, county agent, said Thursday morning. Both bollworms and a few leafworms are present. The leafworms are not extremely prevalent and will not do much damage until the second generation hatches, Lewter said. Bollworms, however, are getting a big build up and there will be a lot of "fired squares" (ruined cotton) by the end of the week. Poisoning should be done at once if operators plan to poison at all, Lewter advised, on all crops that have tender buds. Most of the bollworms are young and will be easy to kill. Poisons used to kill bollworms may also be used effectively against leafworms.

Charges Filed

Charges of obtaining lodging by false pretenses have been filed in County Court against C. V. (Clinton) Virgil Jones. It is alleged that the violation occurred at the Crawford Hotel on July 11. A hotel bill is unpaid, according to the county attorney.

Suit On Contract Is Placed On File

Suit for specific performance and alleged breach of contract has been filed in 118th District Court by Wendell Senter and others against A. L. Wasson and Lloyd Wasson. The plaintiffs allege that \$7,921.81 is due and payable on a contract involving the sale of the interest of the late L. N. Senter in the Big Spring Tractor Company to the defendants. Defendants have refused to pay the balance on the \$18,000 transaction, the petition claims. The petition states that the interest of Mr. Senter in the tractor concern was purchased by Mr. and Mrs. A. L. Wasson and Lloyd Wasson in a contract negotiated June 12, 1952. A. L. Wasson and Lloyd Wasson were co-partners at that time, according to the suit.

Pythians Sponsor Program On Traffic

"Highway Courtesy," a program sponsored by the Knights of Pythias, will be aired over radio station KTXC at 9:30 p.m. today. Winners of a national teen-age theme writing contest on highway courtesy will be announced. The program will be recorded on tape by the Citizens Traffic Commission in cooperation with the radio station. It was announced by CTV secretary George Oldham. The tape will later be used in safety programs presented at organizational meetings. It is expected to be played in a Knights of Pythias meeting on Tuesday, Aug. 17.

City Purchases Supply Of Pipe

The City of Big Spring this week bought approximately 3,000 feet of cast iron pipe, it was reported by Purchasing Agent Roy Anderson. The pipe, which weighs approximately 40,000 pounds, is to be used in water lines. Purchase was made from Lone Star Steel on low bid of \$1.54 per foot.

Mishap Results In Suit For Damages

Damages totaling \$25,312 are alleged in a suit filed in 118th District Court by Lydia Clark against Col-Tex Refining Company. The plaintiff alleges negligence on the part of Hamilton Stroud, agent for the defendant, contributed to injuries she received in a traffic collision at Second and Gregg on June 29. A car driven by Mary Toops was involved in a collision with a truck operated by Stroud, the petition says. Mrs. Clark was a passenger in the car. She asks judgment for \$25,000 for injuries to her back and \$312 for medical expenses.

AEC BILL

(Continued From Page 1) sweeping new atomic program allowing private operation of civilian nuclear plants, a limited sharing of information with America's allies and other changes in the basic 1946 atomic energy law. The chance of Senate agreement to the compromise grew thinner today when Democratic Leader Johnson indicated his support for the prospective move to send the measure back to conference for further action on controversial patent provisions. The Texas previously had declined to state his stand, though critics of the bill had been counting on him. "If we have to pass an atomic bill this session," Johnson told newsmen, "it should be a better bill" than the present version. "It should be closer to the Senate bill," he said. Opponents of the revised measure want to send it back to committee with instructions for the Senate conferees to insist on the Senate provision requiring 10 years of compulsory patent sharing in private atomic developments. The compromise measure permits exclusive patents but gives five years' preference on atomic life share patents for a fee. Johnson criticized the compromise measure for diluting Senate provisions which required preference in the sale of government-produced atomic power for co-operators and publicly owned utilities. Knowledge continued to predict the recomittal move would fail but said the vote "should be reasonably close." The opposition gained another recruit today in Sen. Smathers (D-Fla.).

Managers To Meet

Humble Oil Company service station managers will meet at 8 p.m. today in Bellows Hotel. Humble service station managers from the Big Spring area are expected to attend the meeting.

Pythians Sponsor Program On Traffic

"Highway Courtesy," a program sponsored by the Knights of Pythias, will be aired over radio station KTXC at 9:30 p.m. today. Winners of a national teen-age theme writing contest on highway courtesy will be announced. The program will be recorded on tape by the Citizens Traffic Commission in cooperation with the radio station. It was announced by CTV secretary George Oldham. The tape will later be used in safety programs presented at organizational meetings. It is expected to be played in a Knights of Pythias meeting on Tuesday, Aug. 17.

Managers To Meet

Humble Oil Company service station managers will meet at 8 p.m. today in Bellows Hotel. Humble service station managers from the Big Spring area are expected to attend the meeting.

CAMPAIGN

(Continued From Page 1) courthouse lawn at Odessa, charged Shivers blocked building doors on the Canadian and Nueces rivers. But he said Shivers didn't try to block the building of Falcon Dam on the Rio Grande near Sharyland, Shivers' farm home in the Rio Grande Valley.

July Water, Sewer Bills Total \$58,260

A total of 144,688,000 gallons of water was metered to customers in Big Spring during the month of July. This includes water actually used during the latter part of June and the first part of July. Records at the City Hall show this to be an increase of 35,206,100 gallons over the previous month and a decrease of 7,168,700 gallons, from July of last year. Water and sewer bills made out to customers for July totaled \$58,260.72.

'Y' Groups Plan For Encampment

Members of the Hi-Y and Tri-Hi-Y camp committee met Wednesday to discuss plans for the groups' representatives to attend Camp Grady Spruce, near Minerals Wells. The camp will be held for five days, beginning Aug. 23. Attending the camp will be Tommie Jo Williamson, Kenda McGibson, Gary Tidwell, Margaret Fryar, David Read, Peggy Hogan, Janice Nalley, Glenn Rogers, Janet Hogan, Preston Mason, Bennie Compton, Tom Henry Gutin, "Reddy" Reynolds, Sally Cowper, Rodney Sheppard, Sherry Chastel and Betty Anderson. Adult leaders Mrs. Mary Rogers, Mrs. Jane Thomas and George Oldham will also attend. Hi-Y and Tri-Hi-Y members from over the state will attend the camp.

MARKETS

WALL STREET—The stock market turned irregular today in early dealings. Most major divisions disclosed a mixture of gains and losses, with the airframe leasing lower. Among losers were U. S. Steel, Studebaker, Douglas Aircraft, American Telephone, New York Central and Southern Railway. Lower were Boeing Grumman, Lockheed, United Aircraft, Bethlehem Steel, General Motors, South Radio, Southern California Edison, and Southern Railway. COTTON NEW YORK (AP)—New cotton prices 36 1/2 cents a bale higher, Oct. 34 1/2, Dec. 34 1/2 and March 34 1/2. LIVESTOCK PORT WORTH (AP)—Cattle 2,400; cattle and calves steady; some cows strong and fat calves weak; good and choice slaughter steers and yearlings 15.00-15.50; plain and medium 12.00-14.00; good and choice stocker calves and yearlings 13.00-15.00; plain kids 12.00 down; stocker cows 7.00-10.00. HOGS 150; active; butchers fully steady; few steady to 25 higher; choice 180-240 lb. butchers 23.75-24.00; sows 14.00-19.00. SHEEP 300; slaughter ewes steady to 20 higher; other killing good and choice steady; spring feeder lambs about steady; good and choice slaughter spring lambs 16.00; truck lot good and choice shorn springers No. 2 pairs 17.00; utility and good slaughter yearlings 8.00-12.00; cut to good slaughter ewes 4.00-5.00; spring feeder lambs 14.00 down.

Walt Disney Defends Scene In Film Rapped By Censors

up, and he's a fellow who doesn't madden easily. He claimed the board's thinking was outmoded. "There have been many scenes in these animal pictures which I have thrown out for reasons of taste," he remarked. "But I felt this scene belonged in the film. It was a clean birth and very fast. I don't see how anyone could be touchy about it."

Farms And Ranches Held To Urgently Require Added Rain

AUSTIN (AP)—Everywhere in Texas farms and ranches are urgently in need of rain, even in areas blessed by Gulf storm showers 10 days ago, the U.S. Department of Agriculture said Wednesday. Spotty showers in the northern High Plains and in some Trans-Pecos localities helped last week, the USDA said, but soaking statewide rain is the only answer to agricultural needs.

PHILADELPHIA (AP)—An 81-year-old Pennsylvania poultry farmer has asked the U.S. District Court to declare unconstitutional the price and acreage control features of the Federal Farm and Marketing Administration Acts.

Poultry Farmer Fights Controls

In a suit filed with the court yesterday, Joseph Blattner of R. D. 3 Norristown, claimed that acreage controls on his wheat crop will put him out of business and deprive him of a living. Blattner, claiming he requires all his land to raise feed for his chickens, seeded eight extra acres and refuses to pay \$178.20 in penalties imposed by federal farm agents.

Milk Truck Drivers Take Cut In Price In Lieu Of Pay Hike

DETROIT (AP)—Union employees of six Detroit dairies have approved an agreement to cut the price of home-delivered milk by three cents a quart—in lieu of a pay raise.

Yarborough Gets Connally Support

WASHINGTON (AP)—Former Sen. Tom Connally of Texas today disclosed his support of Ralph Yarborough in his run-off election campaign with Gov. Allan Shivers for the Democratic nomination for the Texas governorship.

Process Servers Finally Catch Up

LOS ANGELES (AP)—It took process servers 14 years to catch up with Sally Rand, the fan dancer. William Lawson managed to serve the summons yesterday, issued in connection with a judgment obtained in 1940 by Mrs. Olive Kephart, who charged that Miss Rand had failed to repay some loans.

Airiner Wins Race With Balky Stork

OKLAHOMA CITY (AP)—A Braniff airliner won a race with the stork yesterday, but as it turned out there was really no contest. The excitement started when Mrs. R. E. Byrd of Houston, Tex., was seized by labor pains — or so she thought — about 20 minutes before her flight from Denver reached Oklahoma City.

O'Dwyer To Meet Income Tax Agent

MEXICO CITY (AP)—Former Mayor William O'Dwyer of New York said Wednesday he had an appointment with a U. S. income tax agent. He said the official didn't say what he wanted to discuss but that he assumed it concerned a mysterious \$10,000 a former officer of the Uniformed Firemen's Assn. in New York said he gave O'Dwyer.

AFL Claims Record

NEW YORK (AP)—Membership of the AFL reached a record total of 10,200,000 in June, president George Meany said Tuesday.

Mother's Grief

Mrs. Madeline Maurice holds the body of her 3 1/2-year-old girl, Janine, after she saw the tot struck and killed by a car in a parking lot in Los Angeles, Calif. As neighbors looked on in horror, the mother holds the girl while waiting for an ambulance. Janine was dead on arrival at an emergency hospital. The driver was not held. (AP Wirephoto).

Taft, McCarthy Admirers Give New Jersey Candidate Trouble

NEWARK, N.J. (AP)—Admirers of two famed Republicans—Taft and McCarthy—are causing the New Jersey GOP candidate for the U.S. Senate an occasional headache these days.

The name of McCarthy also has arisen in Howell's campaign. Howell has said the Wisconsin Senator "in his zeal to root out communism... has overstepped his bounds."

governor in 10 years was elected and Democrat Harrison Williams won in the traditionally Republican Sixth District, Case's old district.

MEN IN SERVICE

FLOYD CHAPMAN

Pvt. Floyd A. Chapman is now serving with the 78th Anti-aircraft Artillery in Korea. He is the son of Mr. and Mrs. A. A. Chapman of Plainville. Pvt. Chapman and his parents formerly lived in Big Spring.

90 aircraft and 12,000 men established and maintained a beachhead on an "enemy-held" shore. An aggressor force of U. S. Navy aircraft, submarines and surface ships acted as the "enemy."

Cpl. Manuel A. Lujan of Colorado City has re-enlisted for three years in the U. S. Army at Ft. Buckner, Okinawa.

A rifleman in the 29th Regimental Combat Team's Company E, Cpl. Lujan has been on the island since July 1953. He entered the Army in November, 1952, and completed his basic training at Camp Roberts, Calif.

Pvt. Pedro Parades, husband of Mrs. Mary R. Parades and son of Mr. and Mrs. Benito Parades of Big Spring recently began eight weeks of Army basic training in the Anti-aircraft Artillery Replacement Training Center at Ft. Bliss, Texas.

He will spend his first eight weeks of basic military training on fundamental subjects such as rifle, machine gun, bazooka, marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one week maneuver in the field.

Cpl. Bobby G. Merrick, son of Mr. and Mrs. J. R. Merrick of Sand Springs, has returned home after 15 months service overseas. He was stationed in Okinawa with the 396th Engineer Field Maintenance Company for 15 months.

Herman Howerton has enlisted in the U. S. Army. Sgt. William Parks, local recruiter, has announced. The son of Mrs. Lillie G. Thomas of 501 S. Main, Howerton will receive basic training at Ft. Bliss.

While aboard the ship he participated in naval and amphibious "war games" off the coast of Southern California. He is the son of Mrs. Arlie Yeager of 204 Algiers Street.

The amphibious task force, comprised of approximately 60 ships, honor.

UNCLE RAY'S CORNER

Magpies inhabit the western half of North America.

Magpies, ravens and crows are closely related, but there are ways to tell them apart. Common ravens are much larger than crows.

Magpies and crows are about the same size, but the magpie is set apart by a strong supply of white feathers. Most of the breast feathers and some of the wing feathers are white.

ing near the great bend of the Missouri, they were visited by several of the black-and-white birds. The magpies seemed to be without fear of the white men.

From time to time, the magpies swept down and seized food which they spied near the tents. Sometimes they stole tidbits from the plates of men at dinner table!

One hundred and fifty years have passed since Lewis and Clark became acquainted with magpies. During that period, millions of campers have come to know "camp robbers." The birds with that name include certain jays, in addition to magpies. The majority of camp robbers, in fact, are jays.

Camp robbers seem to wait for people to visit their areas during the summer vacation. Then they invade a camp, and grow bolder as the days go on. The best way to be safe from their raids is to eat on a screened porch. The screens serve the extra purpose of keeping mosquitoes away.

People in camps may feel annoyed by the raids of camp robbers, but it is rare for shots to be fired. The campers feel that birds which are brave enough to come so close should be allowed to live.

York board," said Disney. "I grew up on a farm and saw all kinds of births when I was a boy. I think it helps give you a wholesome outlook on life."

A tiff with the censors is a rare event for Disney. He could recall only one or two others in the past. One time he portrayed a group of water sprites in a picture. The Johnston office raised an objection over the little fairies' navel. But Walt held his ground and refused to erase.

"I had to give in another time," he added. "I think it was in 'Dumbo.' They objected to a winking navel."

Some do not even get a mess of pottage for their birth-right as God's children. "Sell me this day thy birth-right." — Gen. 25:31.

Sound The Warnings: Stylists Are Playing Hob With Female Form

The recent Parisian decree changing the fashions of women's attire has finally reposed, if one may use such a term, in the minds of commerce and trade. A business analyst reports brassiere and corset manufacturers are taking a second look at the new ideas about the female figure, and are now saying "there can be gold in flat-tending over those curves."

The AP's business reporter says the new style will change the sidewalk scenery for the worse, but what mere male ever hailed a major fashion change with anything but pessimism? Some of the brethren have been pretty unenthusiastic in commenting on the impending alteration in the female silhouette, and the bashful reader who was raised on the theory that it wasn't sinful to take a quick, sideways glance at the female form divides in its more carefree moments, but ungentlemanly to comment on it in mixed company, must feel pretty forlorn about the whole business.

Newest New Look Improves The Outlook For The Armed Forces

If the magazine U. S. News & World Report, has its facts on straight—and it usually does—the administration's "plans for military cuts are now going out the window."

It says the administration's second "new look" at this country's defenses will result in "policy changes of basic importance to individuals and to industry." The armed forces "are to remain above three million men—twice the pre-Korean level, and 232,000 larger than called for by the first "new look." What the magazine does not say is that our armed forces would still be half a million men below what was called for before the first "new look" was taken.

Matter Of Fact—Joseph and Stewart Also

Hydrogen Bomb Has Turned Out More Destructive Than Planned

WASHINGTON—Some days ago, Sir Winston Churchill solemnly told the House of Commons that "tremendous changes have taken place in the whole strategic position in the world, which make the thoughts which were well-founded and well-knit together a year ago utterly obsolete."

It is some consolation—although not a very great one—that the Marshall Islanders and the crew of the "Fortunate Dragon" survived their experience. But although they did not die, some became very ill indeed.

The thing is quite bad enough, at any rate, to have the most far-reaching meaning. Because of it, the American Civil Defense Administration has torn up its old plans. By the same token, Prime Minister Churchill used this new phenomenon to justify the abandonment of Britain's great Suez base.

It is a new thing, furthermore, for which Dr. Edward Teller and the other planners of the Pacific H-bomb tests were quite unprepared.

But this great quantity of dust had considerable weight. Hence it fell quickly out of the cloud. And this fall-out of strongly radioactive particles occurred over a very large area, as can be gathered from the acknowledged fact that "Fortunate Dragon" was eighty miles from Ground Zero.

No doubt Teller expected that his new H-bomb would behave like its predecessor, and like the many A-bombs tested. All these bombs of course produced radioactive clouds. The first H-bomb also tore a great chunk from the earth's surface—indeed it wiped the test atom from the face of the ocean. But in all these previous cases, the particles forming the cloud had no great weight. Hence almost the whole cloud ascended to the upper air, to be picked up by the stratospheric winds that blow westward around the earth.

Bill To Give Commie Probe Witnesses Immunity May Bring New Disclosures

WASHINGTON—It is up to President Eisenhower now to sign into law, and he probably will, the bill just passed by Congress to guarantee balking witnesses immunity to federal prosecution if they answer questions about subversion.

General, may ask a federal judge to grant immunity. If the witness still prefers the Fifth Amendment to immunity, he can be cited for contempt of court, tried, and, if found guilty, jailed.

The Supreme Court has ruled on that. But could the state use his federal testimony as a lead on which to gather evidence on which to try him in a state court? There's no answer. And there won't be until the Supreme Court some day gives a decision on it.

Notebook — Hal Boyle

Star Says Modeling May Not Lead To Film Parts

NEW YORK—Many stage-struck girls dream of becoming a fashion model—and going on from there to fame and fortune in Hollywood.

Leon Uris. After working her way into that \$1,500 a week and up bracket, Mona is in a good position to compare her careers as model and actress.

"Modeling is an art, but it is comparatively simple to learn," she said. "A girl who can learn to model at all can do so in a year."

All the evidence shows that this is a new thing, furthermore, for which Dr. Edward Teller and the other planners of the Pacific H-bomb tests were quite unprepared.

Offhand, the only former models I can recall who went into the films are Lauren Bacall, Gene Tierney, Jinx Falkenberg, Phyllis Kirk and...uh...Marilyn Monroe. There are probably a number of others but, comparatively speaking, they are few."

"The thing that gains you the most attention may be something that as an actress you regard as the least of your efforts," she said. "For example, when they were filming, 'Dear Ruth,' I was told to make a noise to annoy my father. He had grounded me and was trying to read the paper."

GRIN AND BEAR IT

WASHINGTON—Thousands salute Herbert Hoover in West Branch, Iowa, on his 80th birthday. Hoover's place in history is secure. He was the last President who could walk past the U. S. Treasury without wondering what they were using for money.

HOUSTON—Hearings that may take two weeks to complete entered their third day here today on renewal of Trans-Texas Airways' temporary certificate from the Civil Aeronautics Board.

"A brightful situation, when they can just walk in and carry out anything that isn't paid for... Why, no home in America is safe..."

Vodka-Selling Businessmen May Prove 'Guilty' By Association

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

The "guilt by association" technique at times seems developed to the point where a man becomes a "Communist" if he so much as suggests that the Russians had a hand in winning the last great war.

Business Outlook—J. A. Livingston

Alice Builds 'Flation' Machine; It Keeps Prices On Even Keel

"What are you doing, what are you doing?" demanded the Walrus. Alice continued working away with a screw driver. "I can't seem to get it adjusted," she said.

"What is it?" demanded the Walrus. "What kind of a machine is it?" "A flation machine," said Alice. "Stop it, stop it at once!" shouted the Red Queen. "This is my parlor. And I demand to know what goes on in my parlor."

they were their hair so that it looked like a horse's tail which is what my young daughter told me it was intended to be. I cannot be arbitrary about what is taste in clothes. I have lived in countries where men wear skirts and women trousers, and I have seen women who strapped themselves to look like boys and men who bejeweled themselves fashionably. Good taste has something to do with local custom and it is not local custom in New England to wear briefs. Ugliness is always unforgivable, and the short that becomes a brief is ugly. When thousands are gathered in one place and so many are badly dressed and wear clothes that only accentuate the imperfections of the human figure, it makes one wonder what has happened to proper manners and good taste. Perhaps it bespeaks the nineteenth century reaction to consider manners; yet they did make life more orderly. And if, as some philosophers believe, manners are the external expression of morals, then these new, popular summer fashions must have been designed by minds that have never heard the line: "Beauty is truth, truth beauty."

These Days—George Sokolsky

Ladies In Briefs Cause Uproar In Berkshires Of Massachusetts

Up here in the Berkshires, in Massachusetts, where many who live in the big cities come to be amateur farmers and musicians and to enjoy the peace and quiet of a sylvan sanctuary, two arguments have filled the summer with rage and outrage.

One is about a prison camp which the reformers in Boston seek to impose upon the communities in these hills that are unpolluted and unguarded because the kindly people here have never needed to spend their money on more than local constables who devote a very small part of their time to law and order, of which, generally speaking, we have sufficient.

they were their hair so that it looked like a horse's tail which is what my young daughter told me it was intended to be. I cannot be arbitrary about what is taste in clothes. I have lived in countries where men wear skirts and women trousers, and I have seen women who strapped themselves to look like boys and men who bejeweled themselves fashionably. Good taste has something to do with local custom and it is not local custom in New England to wear briefs. Ugliness is always unforgivable, and the short that becomes a brief is ugly. When thousands are gathered in one place and so many are badly dressed and wear clothes that only accentuate the imperfections of the human figure, it makes one wonder what has happened to proper manners and good taste. Perhaps it bespeaks the nineteenth century reaction to consider manners; yet they did make life more orderly. And if, as some philosophers believe, manners are the external expression of morals, then these new, popular summer fashions must have been designed by minds that have never heard the line: "Beauty is truth, truth beauty."

Trans-Tex Hearing Enters Third Day

HOUSTON—Hearings that may take two weeks to complete entered their third day here today on renewal of Trans-Texas Airways' temporary certificate from the Civil Aeronautics Board.

No Dog's Life

GRAND RAPIDS, Mich. (AP)—"Buster" the Dalmatian dog who tried out as mascot with the fire department sits forlornly in the humane society shelter, a victim of technological unemployment.

City Investment In Government Securities Increased \$174,646

An investment of \$174,646.50 in government securities was made during July by the City of Big Spring.

This money was invested from the water and sewer system construction fund, a monthly report made by City Secretary C. R. McClenny shows. Other city investments in government securities include \$62,785.30 from the storm sewer bond fund and \$995.04 from the special insurance refund account.

It has been suggested by Auditor Grover Cunningham Jr. during a recent review of the books that such investments be made, in addition to the short-term securities which the city already owned.

Cash balance in the general fund at the end of July was \$7,658.69, more than double the \$3,692.56 balance at the beginning of the month. Total receipts during July were \$68,318.55, and expenditures were \$64,352.42.

Of the receipts in the general fund, \$53,968.78 had been transferred from other funds. Other large sources of income were delinquent taxes, \$2,188.52; fines, \$2,140.50; gas franchise, \$2,622.57; and bus franchise, \$3,760.80.

Cash balance in the water and sewer system revenue fund decreased from \$45,249.11 on July 1 to \$29,290.89 on Aug. 1. Receipts in this fund totaled \$63,153.51 while expenditures were \$79,111.82. Some \$25,000 of these expenditures represented a transfer to the general fund.

Both the airport and the cemetery made money during July, the report shows. The airport fund rose from \$3,556.19 to \$3,616.82. Some \$668.79 was received for back accounts, building rental and gasoline sales, while operating expenditures were only \$698.16.

The cemetery fund started the month at \$315.53, and at the end of July the total was \$466.53. Receipts—from sale of lots, opening graves, and care—totalled \$945. Expenditures were only \$600.

The swimming pool and park system fund showed a substantial increase, going from \$10,520.11 to the close out figure of \$12,291.89. Receipts from golf and swimming fees were \$5,273.73, and upkeep expenditures hit \$3,502.04.

Parking meter revenue during July was \$3,489.49, moving the balance of \$13,489.85 on July 1 to \$16,121.16 on Aug. 1. Expenditures

from the parking meter fund were only \$645.18.

Interest and sinking fund was swelled by a transfer of \$928.65 from the general fund. It went from \$39,274.50 to \$40,203.15. The Fourth Street escrow fund had deposit of \$146.23 added during July, moving the cash balance from \$2,113.58 to \$2,259.81 at the month's end. The street improvement bond fund remained with balance of \$11,293.15.

The garage fund slipped from a balance \$15,264.70 to \$10,651.39. Motor vehicle expenditures were \$4,904 while receipts were only \$320.69.

The \$174,646.50 investment in government bonds from the water and sewer system construction fund brought the balance in that fund down considerably. Treatment

plant expenditures added another \$23,507.32 drop.

The July 31 balance in this fund was only \$136,189.10 as compared with the \$334,342.92 on June 30. Counting the government securities, however, total available on July 31 was \$310,835.60.

The storm sewer bond fund had cash balance of \$1,123.55 on July 1 and there was no change during the month. The \$62,785.30 in government securities owned means that \$63,908.85 was available in the fund on Aug. 1.

The cash balance in the special account insurance refund on July 1 was \$170.13, and here too there was no change. The \$995.04 invested in government securities gave this fund \$1,165.17 available at the end of the month.

Soviet Press Carries On Drive To Reduce Cursing

By RICHARD R. KASISCHKE
MOSCOW (U)—The big Soviet press campaign to clean up Russia's morals has taken a new tack. Cut out the cursing, the men are told.

Komsomol Pravda, the organ of the Soviet Communist Youth League, is spearheading the effort to shush profane and vulgar language.

A drive against drunkenness and hoodliganism already has been going on several months with good results, the papers claim.

Now Komsomol Pravda has cast a disapproving glance toward the Ural industrial center of Sverdlovsk. The youth paper spread over two columns a letter from a Sverdlovsk citizen complaining of vulgarities heard about town.

"Clean these evil words out of our rich, expressive language," the paper admonished.

The letter writer had this to report about some workers in a big plant:

"One recently began to speak to a new girl worker there but the language he used was so bad the girl fled."

"There is also even a Komsomol member who continually uses vulgar and abusive language, in seri-

ous as well as jesting conversation.

"And still another worker, only 17, who feels he shows he's grown up when he uses evil language."

The Soviet government lent a hand in the campaign against excessive boozing by shutting down many of the drink-and-run vodka stands on the streets of Moscow and other cities.

One of the latest shots in the morals war was a newspaper article blaming American jazz for youthful waywardness.

Electronic Trigger For Sirens Is Built

LOS ANGELES (U)—An electronic trigger to set off air raid sirens by radio was announced today by Howard Earl, civil defense director of Los Angeles County.

He said the system is the first of its kind in the nation. It incorporates an inaudible sub-sonic impulse that can be flashed over a standard radio broadcasting system.

In the Northeast and Far West sections of the United States more than 96 per cent of babies are born in hospitals.

IT HAPPENED

News Gets Around

CHICAGO (U)—Milton Washnick, 41, discontinued a burglar alarm service for his North Side drug store on July 1 because, he said, it was "too expensive and unsatisfactory." Burglars yesterday broke into the drug store, which also is a postal substation, and stole \$1,000 in cash, \$1,000 in stamps, 500 money order blanks, a quantity of saving stamps, a portable floor safe and \$500 worth of cigarettes.

Tipsters Anonymous

SAVANNAH, Ga. (U)—City detectives raced out of police headquarters last night on a telephone tip that "a burglar is trapped inside a building at 323 East Oglethorpe Avenue."

They were speeding away in a car before the awful truth dawned—the address given was that of police headquarters.

Candidate Too Eager

BEULAH, Wyo. (U)—State Rep. E. Keith Thomson got carried away with himself in campaigning yesterday for the Republican nomination for Congress.

He wandered from one hay field to another handing out campaign literature.

Finally a rancher tipped him off. He had crossed the state line and

Three Children Drown In River

CAMDEN, N.J. (U)—An 11-year-old Camden boy and his two sisters drowned while on a fishing trip yesterday at Cooper River in Camden County Park.

The victims were Riley Drummond and his sisters, Terry, 7, and Mary, 8. A witness told police Mary stepped to a rock about a foot from shore to get her shoes and fell into the water. Terry and Riley, he said, jumped into the stream in an effort to save the girl but sank from sight.

Their mother, Mrs. Joseph Drummond, was driving nearby and was attracted to the scene by the crowd along the river bank. The Drummonds are Negroes. They have three other children.

Too Long To Wait

SAN FRANCISCO (U)—The government has asked that an indictment against William M. Shuford, accused of embezzling 14,434 in postal funds, be dismissed.

Shuford was postmaster at French Gulch when he disappeared.

The government must finally have figured they couldn't find him. They've been looking for 31 years.

Costly Hiccoughs

DUNCAN, Okla. (U)—L. D. Fryer, a furniture and appliance dealer, knows now he shouldn't have attended that livestock auc-

tion with the hiccoughs.

Fryer said he responded tentatively with a "hic" each time the bid was raised, and went home the bewildered owner of six sheep and ponies.

Notation Is Clear

WICHITA FALLS (U)—Corporation Court Judge Steve Latham decided the notation on his docket explained sufficiently why a woman charged with drunkenness failed to appear in court.

The clerk had written: "Case passed over. Woman passed out."

A Kiss For The New Governor

Mrs. Orval Faubus gives her grinning husband a kiss as unofficial returns show the weekly newspaper publisher shattering Arkansas tradition by defeating Gov. Francis Cherry's bid for a second term in Arkansas' Democratic primary. They are pictured at Faubus' Little Rock headquarters. (AP Wirephoto).

WINS NOMINATION

Idaho's Glen Taylor To Campaign Hard

By DWIGHT L. JONES

POCATELLO, Idaho (U)—After a day or two for rest and repairs to his sound truck, it will be back to beating the bushes with an occasional song and a steady attack on administration foreign policy for Glen H. Taylor, former singing cowboy senator from Idaho.

"There is no substitute for hard work," said the man who put his job on the block when he bolted the Democratic party to run for Vice President on the Progressive party ticket of Henry Wallace in 1948.

Taylor Tuesday made the first big hurdle in his attempt at a political comeback when he won the Democratic nomination for senator in the state's primary election. His victory margin over political science instructor Claude Burtenshaw was slim, but it was enough to put him opposite the veteran Republi-

can Sen. Henry Dworshak in what promises to be one of the top senatorial campaigns this fall.

Taylor attributed his primary victory to hard work and his drumfire attack on administration foreign and farm policies.

He said he was never so hard up for money in a campaign before. But he hit virtually every city and hamlet in the state with his sound truck, holding political rallies wherever it appeared he could find a few listeners.

Taylor left no doubt that he is still a liberal with the same views he had when he served his first term from 1944 to 1950.

"I'm a liberal—a disciple of Roosevelt," he said in an interview. "I believe in keeping money moving and don't like the tight money philosophy of the Republicans."

On foreign policy, he said he plans simply to point to his record.

"I told them then our foreign policy would be disastrous," he said.

He added he now got to have a complete reversal of foreign policy. "Start over again and live according to the Golden Rule. Point Four foreign aid was fine but we never did anything with it—all we gave was military aid."

"By helping corrupt dictators such as Chiang Kai-shek we alienated the people of the world. It proved a buying of ill will."

On other major issues he campaigned for 100 per cent parity for the farmer—with the specification that the formula for figuring farm parity be revised.

And he lined up squarely on the public side of the explosive public vs. private power issue by saying he favors a federal high dam at Hells Canyon on the Snake River.

Taylor returned to the Idaho political wars after several years in California. He said when he announced his candidacy last winter that he had been working as a carpenter in Redding, Calif., and had callouses on his hands to prove it.

This was not the first such experience for the versatile 50-year-old Idahoan, who has done everything from herd sheep barefooted as a boy to conduct a theatrical troupe. Prior to his election to the Senate in 1944 he put in a couple of years as a war-time sheet metal worker in California.

Dive-Bombing Owl Kills 100 Turkeys

SYKESVILLE, Md. (U)—More than 100 young turkeys on a nearby farm were killed yesterday by a dive-bombing owl.

Leonard S. Brushwood, who operates the turkey farm, said the owl got into a pen where he had about 250 turkeys. Shortly after sunrise, Brushwood said he saw the owl using its big wing-spread to corral the turkeys, all 8 weeks old and weighing about 4 pounds each, into a corner.

Brushwood said he shot the owl and found it had bitten off the heads of more than 100 birds.

Deceptive Boa Now To Become Purse

CHARLESTON, W. Va. (U)—They're making a purse out of "Blondie," one of the most deceptive boa constrictors ever to slither across a cage.

Blondie broke into the news last month when she underwent surgery, after gulping a poisoned guinea pig, and "died" in an oxygen tent.

Twenty hours later, however, she suddenly came to life at the home of her owner, George Hilton of nearby Nitro.

Hilton's joy was shortlived. Tuesday Blondie gave a couple of quivers and died again. After waiting a decent interval to make certain, Hilton had Blondie skinned yesterday—all eight feet of her.

'Mischievous Kids' Blamed In Mishap

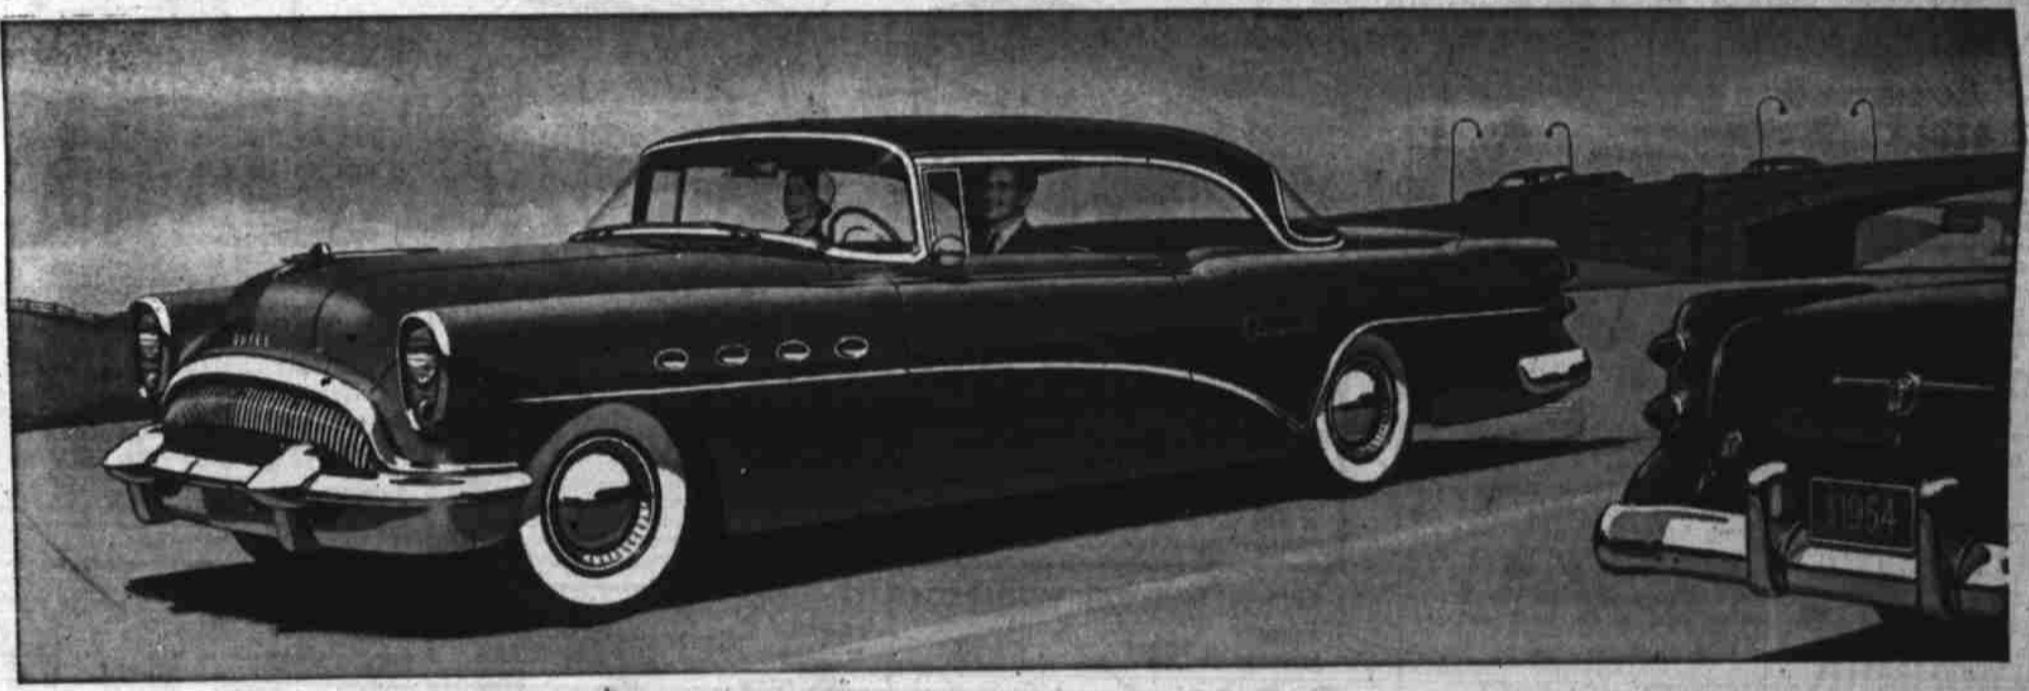

BALTIMORE (U)—"Mischievous kids" have been blamed by assistant manager Hal Stewart for the derailment of the miniature train at Gwynn Oak Amusement Park in which 13 persons were injured.

Stewart said 35 to 40 persons were aboard when the train derailed and two cars overturned yesterday. Nine of the injured were children.

Stewart said the man operating the train had told him "he had stopped the train two or three times earlier in the day to take rocks off the tracks."

The hit that's changing the sales standings puts you way ahead 3 ways

THIS year Buick has done what no other car has done in more than a generation.

This year Buick has moved into the lofty circle of America's three top sales leaders—a circle once dominated only by the so-called "low-price three." For today, Buick is outselling all other cars in the nation except two of these "low-price three." And each new month's sales figures strengthen Buick's new sales leadership.

You can't do better—if you want the best buy for your new-car money—than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways—that's for sure. So drop in on us—tomorrow at the latest—and see for yourself that Buick is the buy of the year, hands down.

Come see for yourself why—

- 1. More new car for your money**
Buick prices start close to the lowest—just a few dollars above those of the traditional "low-price three." But these few more dollars for a Buick get you a lot more automobile—more room, more comfort, more V8 power, more ride steadiness, more solid durability—plus the advanced "tomorrow" styling that has taken the country by storm.
- 2. More money for your present car**
With our great and growing sales volume, we can offer you a bigger trade-in allowance on your present car when you buy a new Buick. After all, the more new cars we sell, the better deal we can make with you. So you get the benefit of our great success in the form of a higher trade-in allowance.
- 3. More dollars when you trade**
Because Buick's broad panoramic windshield has started a whole new styling trend, you can be sure that today's Buick will keep its modern look for years to come. So you are assured of a higher resale figure when you trade it in later on.

Buick Sales are Soaring!

Shower Honors Pat Lloyd In Clyde Angel Home

Pink, in varying shades, was used in the refreshments, table decorations and gift wrappings at the pre-nuptial shower given Wednesday afternoon for Pat Lloyd in the home of Mrs. Clyde Angel. Mrs. Joe Pond and Mrs. J. E. Hogan were co-hostesses. Miss Lloyd is the bride-elect of Ray Adams.

A milk glass punch bowl and other appointments were used on a pale pink cloth. An arrangement of pink gladioli and asters in a milk glass bowl centered the table. Pink ribbon was run through openings in the bowl, to end in a bow at one side. Tapers were in milk glass holders which were decorated the same way.

Miss Lloyd was wearing a trowsseau frock of disciplined cotton in a soft American Beauty shade made princess style and sleeveless, with a square cut neckline.

The guests included: Mrs. R. B. Reeder, Mrs. H. C. Stupp, Mrs. E. B. McCormick, Mrs. P. W. Malone, Mrs. H. M. Jarratt, Mrs. R. H. McEwen Jr., Mrs. John Dibrrell, Mrs. K. H. McGibbon, Mrs. G. H. Hayward, Mrs. J. H. Greene, Mrs. Eva Bryant, Mrs. Lewis Price, Mrs. R. V. Middleton, Mrs. Cliff Wiley, Mrs. M. E. Cooley, Mrs. Merle Stewart, Mrs. J. M. Woodall, Mrs. Shelby Read, Mrs. Bob Piner, Mrs. Charles Watson, Mrs. Arch Carson, Mrs. Horace Gar-

rett, Mrs. Ted Groehl, Mrs. Coy Nalley, Mrs. Roscoe Cowper, Mrs. Harry Hurt, Mrs. Dick Simpson, Mrs. Carl Strom, Mrs. W. R. Douglas, Mrs. Willis Underwood, Marie McDonald and Mrs. B. L. LeFever.

H. L. Moates Have Abilene Visitors

Mr. and Mrs. W. L. Carnohan and children of Abilene visited Mr. and Mrs. H. L. Moates during the week.

Dale and Melissa Simpson of Big Spring visited their grandmother, Mrs. Ruby Simpson the latter part of the week.

Mr. and Mrs. N. M. Smith Sr. visited Mrs. Smith's mother, Mrs. E. A. Smoot in Snyder, Saturday. Mr. and Mrs. D. C. Zant and Carol Gene visited Mr. and Mrs. Bob Harrison and daughter in Lubbock recently.

Mr. and Mrs. Donald Simpson and children, Henry Clark and Frances of Albuquerque, N. M. visited his parents, Mr. and Mrs. Edward Simpson last week.

Mr. and Mrs. Bill Hyden and children have returned from a fishing trip to Corpus Christi and report a good catch.

Good Routine

Mari Aldon, now in London making "A Race for Life," tells Lydia Lane about her three-exercise routine for keeping a perfect figure.

HOLLYWOOD BEAUTY

Three-Exercise Routine For Attractive Figure

By LYDIA LANE

LONDON, England—Mari Aldon is in town to make "A Race for Life" for Film Classics. The first day she had free she came to have tea with me. As the waiter brought up a cart of finger sandwiches and jam tarts Mari looked at this tempting display and said: "I don't see how the English women keep their figures, eating all this every day."

"It's the climate that makes a difference," I remarked. "At least that's the most satisfactory explanation I've heard."

"With every meal they serve potatoes and puddings," Mari remarked. "No one seems to care very much for salads or green vegetables."

Mari was wearing a revealing suit. "How do you keep your figure?" I asked.

"I have one dress which fits me very tight and the moment it seems uncomfortable I give up bread, butter and sweets. I think when you do something about weight as soon as you feel it, reducing is easy."

"I don't think the English women have to bother with weight as much as we do, perhaps because

they walk so much," I suggested. "I like to take long walks," Mari confided. "But when I am on a picture I have to get my exercise another way."

I wanted to know more about this.

"I have three exercises to keep my tummy flat, my waist streamlined, and my spine limber. I'm quite faithful about doing them even when I am tired. In fact I find if I breathe deeply while doing this routine I feel better than when I began."

"Tell me more," I said. "They are quite simple but very much to the point," she said. "First I lie on the floor, roll on my spine and bring my knees up over my head until they are resting in back of my ears. This is almost a half somersault and helps to keep a good posture."

"Next I lie flat and with my heels on the floor and my hands at my side I come up to a 45 degree angle (sitting straight up would be 90 degrees). Because this gives a terrific pull to the stomach and abdomen, it should be done cautiously at first."

"In the third exercise I stand erect with my hands above my head. I then bend as far as I can to one side, then back to the first position, stretching upward as far as I can. I then do this to the other side, to the back and forward."

Officers' Club Is Scene Of Tea Given By Three Hostesses

About 75 guests attended a tea given Wednesday afternoon at the Officers' Club by Mrs. Glenn Mahaffey, Mrs. Raymond Dyer and Mrs. Max McClure.

Pink gladioli and white asters formed the floral centerpiece for the tea table, which was covered with a white linen cloth. Flanking the centerpiece were white candles in silver candleholders.

Alternating at the silver services were Mrs. Henry J. Fisher, Mrs. B. J. Clark, Mrs. George R. Adams, Mrs. Ray W. Rogers, Mrs. Jack P. Goode, and Mrs. Herbert Whitney.

At the sherbet table were Mrs. Joseph C. Alexander and Mrs. Raymond Wallace. Gladioli and asters were also used on this table. Small vases of flowers were used throughout the room.

Golf Association Works On Project

Five members of the Ladies Golf Association of the Country Club will do the catering for the Family Night Supper to be held this evening at the club at 7:30. This will be for their project of buying patio furniture. Members are urged to attend.

Hostesses will be Mrs. Bill French, Mrs. Kent Morgan, Mrs. John Berkeley, Mrs. Fred Kasch and Mrs. Raymond Liles.

The teen-agers dance will be held on Friday evening at 8. Another project party, sponsored by the Golf Association is the Tacky Party and Box Supper to be held at 7:30 Saturday evening at the club.

Mr. and Mrs. A. J. Cain and Betty Fay have returned from Albuquerque, N. M., where they visited their daughter, Mrs. Barney Carr, and Mr. Carr. The Carrs are the parents of a son, Benjamin, born July 8.

Italian Provincial Will Have To Wait

By CAROL MITCHELL. The best way to buy furniture is never to look in anybody else's new home, pick out one store to get it in, never look in another store after that and after you get your furniture, never buy one of those slick home magazines.

If you ever look around after you've once bought, you're sunk and so is your husband's bank account.

The interior decorators will tell you to decide on the one type of furniture you like and stick with it. That is all very well—if you wear blinders.

Say you start out looking for a few pieces—just to furnish an apartment, mind you. The salesperson asks you if you like contemporary. Oh yes, you like it very much. But at this point you like everything, not owning one stick of anything. A couple of cane-bottomed chairs and a pallet would look good to you.

So you wind up with contemporary—mainly because that's all the store sells and the only other thing available is Early American and that makes you feel like a fugitive from "Fugitive's Progress" or at least like you should be conducting tours at Williamsburg, Va.

The bride attended Forsan schools and graduated from the high school in 1953. The bridegroom's parents are residents of Abilene, where the couple attended business school.

MRS. DOUGLAS ASTON

Marriage Of Forsan Girl Is Announced

FORSAN—Mr. and Mrs. Ewing Boyd Thorpe are announcing the marriage of their daughter, Norma Jean, to Douglas Aston July 20 at Lovington, N. M.

The couple went on a wedding trip in New Mexico following the ceremony.

The bride attended Forsan schools and graduated from the high school in 1953. The bridegroom's parents are residents of Abilene, where the couple attended business school.

CUNNINGHAM & PHILIPS
Since 1916

Bride-Elect Of Local Doctor Feted

ROTAN—Honoring her daughter, Jayne Adele of Big Spring, Mrs. Mark W. Strickland entertained with a coffee recently. Assisting in entertaining were two daughters, Becky, and Mrs. Wallace Strickland of Kermit.

Miss Strickland will be wed to Dr. Charles Race Jr. of Big Spring on Sept. 10 at the First Methodist Church of Rotan. Dr. Race is the son of Mr. and Mrs. Charles G. Race of Fort Worth.

The honoree wore a brown silk dress and a corsage of yellow callulmbia.

Baskets of aster mums were in the reception room. Other flowers were on tables and the piano. The refreshment table, laid with an aqua cutwork linen, carried a summer theme in floral note and bride-elect's chosen color, was featured in aster mums arranged with wedding bells and greenery in a long willow planter.

Willow baskets held various fruits and confections. Coffee and fruit juice were served from silver and crystal services. Frosted pink candies in crystal holders completed the arrangement.

In the houseparty were Mrs. Morris Watson, Mrs. Dono Day, Mrs. Bill Day, Mrs. Bob Strickland, Mrs. R. D. Sartor, Beverly Smith, Reva Watson, all of Rotan; Mrs. Brook Middleton, Haskell; June Ann Day, Big Spring and Pat Bouchette of Clyde.

New Sewing Gadgets Give Curves To Suits

By DOROTHY ROE, AP Women Editor. The home seamstress is going in for optical illusions. Although the secret of a good suit lies in perfect fit and careful stitching, today's women have the advantage of new techniques made possible by the new automatic swing-needle sewing machines which do decorative stitching by the simple turn of a dial.

This stitching can be used to accent a curve, slim a hipline or narrow a waistline.

The first step in making your new fall suit is to select the right pattern. If you are of average proportions, you will want one that accents slim lines and suggests a small waist, whether you have one or not.

The basic good lines of the pattern may be accentuated by decorative stitching. Local sewing center experts suggest a line of arrowhead stitching curving around the breast pockets, indented at the waist, and following the curve of the hipline, to give a custom-made look to the suit.

This contrasting stitch treatment creates an optical illusion which makes the wearer look slimmer and taller, and which can be done by even an amateur seamstress.

Some women have hesitated to try to make a tailored suit, even if they are experienced at simpler sewing. But with the help of modern pattern directions and the new automatic sewing machines, they will find that a suit is almost as easy as a cotton dress. It requires a little more care and attention to detail, but any woman can make her own suit, at a fraction of the price of the ready-made article. In addition, if she is careful about fit and finishing details, her home-made suit probably will fit better and look smarter than anything she could buy in a store at anywhere near a budget price.

The woman who sews her own can afford finer fabrics, better accessories, and individual fit.

Made To Order

This smart fall suit is easy to make at home, with modern automatic sewing machines.

Sherman Boy Visits His Aunt And Uncle

LUTHER—David Morris of Sherman is visiting his aunt and uncle, Mr. and Mrs. Van Owens, Mr. and Mrs. Tom Spencer of Comanche visited their son, Mr. and Mrs. Neil Spencer this past week.

David Morrison of Sherman visited Sandra Crow recently. Mrs. Mabel Lee Zimmerman and Sonny of Amarillo are visiting Mr. and Mrs. John C. Blackburn.

Mr. Claude Collins Jr. was a recent guest of Mr. and Mrs. John C. Blackburn.

Mr. and Mrs. Tom Castle of Big Spring were recent guests of Mr. and Mrs. O. E. Hamill.

Mr. and Mrs. Bill Hogan and children went to Tyler last week for their daughter, Betty, who has been spending the summer with relatives.

Forsan Homes Have Out-Of-Town Guests

FORSAN—Guests of Mr. and Mrs. P. P. Howard were Mr. and Mrs. George Abbe, Betty Lou and Glenda of Andrews; Mary Howard of Fort Thomas, Ky. and his wife and daughter, who reside in Big Spring.

Visiting in the home of Mr. and Mrs. R. D. Garrett are his sister, Mrs. Ralph Freeman, Leroy and Joyce of Carlsbad, N. M.

Newcomers Bridge

Mrs. C. E. Fields had high bridge score and Mrs. Melvin Hay second high at a meeting of Newcomers Bridge Club Wednesday at Smith's Tea Room. Mrs. Lawrence Moellenberg was awarded the traveling prize. Hostesses were Mrs. D. A. Brazel and Mrs. Moellenberg. The group will meet again Aug. 25 at 1:30 p.m. at Smith's Tea Room.

Towel Aprons

Luther People Attend Reunion

LUTHER—Mr. and Mrs. J. W. Kilpatrick, Mr. and Mrs. Winston Kilpatrick, Mrs. U. Hall and daughter of Big Spring, Mr. and Mrs. Carroll Choate of Stanton attended the Lott family reunion in Lubbock recently. Mrs. J. W. Kilpatrick is one of the eleven living Lott children and all eleven were present at the reunion.

Mr. and Mrs. W. A. Rawlings attended the Knox Co. reunion in Lubbock recently.

Mr. and Mrs. Ross Hyden and children of Big Spring have been guests of his parents, Mr. and Mrs. C. H. Hyden.

Mr. and Mrs. W. L. Wilson Jr. and daughter spent the weekend in Ruidoso.

THIS IS GOOD EATING

SALMON STUFFED GREEN PEPPERS. Ingredients: 4 large green peppers, 1-3 cup mayonnaise, 2 tablespoons lemon juice, 1/4 teaspoon tabasco sauce, 2 tablespoons prepared mustard, 1 egg (beaten), 1-2 cups soft bread crumbs, 1/4 teaspoon salt, 1/4 cup finely diced celery, one 1-pound can salmon, 2 tablespoons butter or margarine (melted). Method: Wash peppers. Cut out stem; cut slice from top to make straight edge; dice slices. Remove seeds from peppers. Cover peppers with boiling water; cook 5 minutes; drain. Mix mayonnaise, lemon juice, tabasco, mustard and egg; mix in 1 cup of the bread crumbs and salt. Add to celery, salmon and diced green pepper. Fill peppers; stand upright in baking pan or casserole. Place in oven; add 1/2 cup hot water to pan. Bake in hot (400 degrees) oven 30 minutes. Mix remaining 1/2 cup bread crumbs and melted butter, sprinkle on top of peppers last 15 minutes of baking time. Makes 4 servings. Serve with the following menu.

Salmon Stuffed Green Peppers, Baked Potatoes, Buttered Carrots, Bread and Butter, Fruit Salad, Beverage

Clip this for future use. It may conveniently be pasted on a recipe file card.

REPORT TO PARENTS Birth Problem Faced On Isolated Islands

By DR. MARTHA M. ELIOT, Chief, Children's Bureau. There are places in this country where people are so isolated that having a baby, for instance, may be a hazardous thing.

Berkeley in South Carolina faced that problem and through its county health department it has recently been doing a remarkable job in getting health services to outlying sections.

Berkeley County is not only large in area but much of it is a swamp, which goes by the descriptive title of "Hell Hole Swamp." Extending to the coast it also includes off-coast islands remote from the mainland.

To meet the needs of many in this county the Reformed Episcopal Church donated and equipped Mobile Clinic for the use of the Public Health Nurse, in her territory.

At specified times the Mobile Clinic is driven up with pride and finesse. This is generally near a store at the cross roads or a church. The people are there waiting.

There are no few doctors in the county that the nurse conducts a general conference doing what she can and referring others to the county seat for medical care. Since she is a graduate nurse-midwife, she tests the expectant mother's blood pressure, hemoglobin, urine, collects blood for a test for syphilis, examines the abdomen externally, gives advice and refers each new patient to the doctor for at least one examination.

If the patient is found by the doctor to be progressing normally and doesn't develop any untoward signs, she may be delivered by a local midwife. The nurse-midwife tests the blood pressure and hemoglobin of the patient, again after the baby is born, talks with them, and as far as possible refers them to a physician for further examination. (This can seldom be carried out as the distances are great and transportation is difficult.)

The nurse looks the babies over and instructs the mothers about breast feeding. Fortunately breast feeding is the accepted method of feeding. She immunizes the children against such diseases as smallpox, diphtheria and typhoid.

The nurse-midwife conducts a generalized public health nursing program with emphasis on maternal and child health. She does her work under the supervision of the local County Health Officer, and a supervising nurse.

In order to get through to their patients the nurse-midwives must often leave their mobile units and take off across the boggy fields in high water-proof boots.

And when mothers or babies or crippled children live on distant islands the public health nurse leaves her car and takes to a boat.

As one nurse put it: Necessary? Absolutely! Satisfying? Undoubtedly! Fun? Maybel, Adventurous? Certainly!

It is certainly evidence of how the public health nurses of at least one community, among many I am sure, exert themselves to provide help where, and when, it is needed.

Past Matrons Club

Four guests and 24 members were entertained at the dinner held by the Past Matrons Club at the Smith Tea Room Tuesday evening. Mrs. George Pittman, Mrs. Sam McCombs and Mrs. Fred Eaker were business. The next meeting will be held in the tea room, with Mrs. R. J. Michael, Mrs. Tom Helton and Mrs. John Davis as hostesses.

Dot Crittenden has been transferred from here to the telephone office in Seminole, where she will work for about a week.

The world's richest flavor in coffee

In coffee, its flavor that counts... and nothing compares with the magnificent richness of the flavor of MARYLAND CLUB! Cup after cup, pound after pound, MARYLAND CLUB gives you the world's richest flavor in coffee... and, pound after pound, it gives you real savings, too! For, with MARYLAND CLUB, because of its extra richness, you can use less to make each flavor-rich cup... get 10 to 15 more cups out of every pound! This is the priceless heritage of MARYLAND CLUB, and of MARYLAND CLUB, alone... the world's richest flavor in coffee!

The coffee you'd drink if you owned all the coffee in the world!

If you use instant coffee, you'll want to try Instant MARYLAND CLUB... double-quick to prepare, and superbly rich in REAL COFFEE FLAVOR! MARYLAND CLUB... the world's richest flavor in instant coffee!

LOOKING 'EM OVER

With Tommy Hart

John Conley, Snyder's new head football coach, is supposed to be unhappy with the Tigers' 1954 schedule. He doesn't relish the idea of playing three El Paso schools in a row. In the future, he'll try to line up practice games with schools like Colorado City and Stamford. Both are AA schools but field excellent eleven year and year out.

Big Spring could do worse than look Colorado City in the future.

Work has already started on new football stands at Stanton's stadium.

Coach Melvin Robertson is coming up with what promises to be Stanton's greatest team this fall and capacity crowds are in the offing for all of Stanton's home games.

The new steel stands will seat over 600 persons and are being installed on the west side of Buffalo Stadium. The seats' foundations will rest in concrete.

Robertson issues his first call to practice Aug. 23. New equipment for the Bisons has already arrived. Everything points to a tremendous season for the Bisons.

Borwell obtained his hard-hitting new catcher, Charley Balcutis, from Amarillo but the receiver actually came from West Palm Beach of the defunct Florida International League.

Bert Garcia, the former Big Spring hurler who still holds the Longhorn League record for the lowest ERA (1.76 in 1950), is now hurling for the second-place Yucatan team in the Mexican League.

Gerald (Red) Fahr recently traded Mike Fornieles in a mound dust as Minneapolis beat Charleston in an American Association baseball game. Fornieles gave up only five hits, however.

Fahr is a former Vernon hurler while Fornieles, of course, used to be with Big Spring.

Fornieles' club is mired deep in the AA cellar, with no chance of escaping it.

The big reason Charley Dressen is apt to return to the big leagues in 1955, if he's given the chance.

Oakland, his present employer, will probably draw no more than 25,000 paid admissions this year and Dressen took employment there after agreeing to take a percentage of the team's profits, if there were any.

Odesa recently canceled a district TAAF boxing tournament because too few fighters showed an interest.

Odesa will stage its annual Golden Gloves tournament Jan. 20-21-22.

Spec Gammon, the Odesa scribe, says Jimmy Dan Pace, Oiler infielder, is looking for a high school coaching job in this area. He can handle any sport but prefers football and basketball.

Sees A Scrap

Now that Maureen Connolly is out of competition due to a broken leg, Doris Hart (above) of Miami sees a wide open fight for women's singles honors in the National Tennis Tournament at Forest Hills, starting Aug. 28. She concedes herself a chance, along with Louise Brough, Shirley Fry, Margaret DuPont and Beverly Baker Fleitz.

Webb AB Dusters Trample Coahoma In Finals, 7-3

Webb Air Base's Dusters climaxed a great season by vanquishing Coahoma, 7-3, in the deciding game of the series to decide a 1954 YMCA Softball League champion.

The Airmen got away to a flying start, plating three runs in the 'hello' frame with the aid of as many Coahoma bobbles, and were never headed thereafter.

Mel Haveman again went to the mound for the Dusters and scattered seven Maroon hits.

Jim Ward, on the mound for Coahoma, surrendered only five hits but two of those were home runs off the bats of Manager Bob Bryant and Bruce Robbins.

The first three batters to face Ward in the initial inning reached base on infield bobbles and all scored. Paschal got in on a sacrifice fly and Robbins drove in Bernardino and Bryant with a solid single.

Bryant and Robbins counted their four-masters in the third, the latter's coming with a mace aboard.

Bernardo got across again in the fifth on another error, after he had reached base on a single.

Coahoma picked up a run in the third on base hits by Grady Barr and Mike Smolko and added two in the fourth on a hit by George Ward, a fielder's choice that saw Billy Paul Thomas get on and a safety by Ward.

Each hurler struck out five men and neither walked a batter.

Coahoma had won the first game of the series while Webb stormed back to win the last two.

Jim Knotts Set To Pitch For Tigers Here Sunday

Jim Knotts, fine all-around athlete for HCJC, is apt to be on the mound when the Big Spring Tigers take the field in the first part of a baseball doubleheader against the powerful Midland Colts on the Northside Diamond at 2 o'clock Sunday.

Knotts has been out of action most of the summer with a broken ankle he suffered in a baseball game in his native Doynline, La.

He's better now, however, and has expressed a willingness to take the mound for Ynez Yanez's team.

Carter Is Named Coach At Snyder

SNYDER, (SC)—Roy Carter has been named Seventh Grade football coach at Snyder, succeeding Jimmy Williams, who resigned.

Carter is a former Hardin-Simmons University griddler. He moves in here from Littlefield, where he served as line coach for one year.

The new coach attended Rotan High School, where he lettered four years and was named to the all-district team his senior year.

Zapp Hits 20th Home Run But Broncs Lose Pair

ARTESIA (A)—Artesia salvaged the second game of a doubleheader in the last inning after two outs to sweep two games over Big Spring here Wednesday night.

The NewMesters had little trouble in triumphing, 5-2, over the Broncs in the first game, but not

until final seconds of the leaders' favor, 3-2.

Big Spring hurler Bob Martin sprinkled seven hits over the route in the second game, effectively bottling Artesia hitting power. The Broncs scored one in the fourth and one in the sixth.

Frank Gallardo was walked and Bob Howard doubled him around to third. Then Floyd Economidis flied out and Martin whiffed Pinch-hitter Bart DiMaggio. But Reuben Smart was walked and Floyd Martin muffed Paul Dobkowski's hard-hit ball near second, permitting Gallardo and Howard to score.

One of the Broncs' two runs came on Jim Zapp's 20th circuit clout in the sixth win with none aboard.

The other was on Zapp's single in the fourth, followed by Bert Baez's safety.

In the first contest Artesia smothered life from the Broncs with a seven-run outbreak in the second inning, keyed by Dobkowski's two-on homer. Shortly thereafter, starter Bert Baez was relieved by Tom McKenna.

Bart DiMaggio went the distance for the NuMesters in the first game. Ken Foster, after taking over in the sixth, got credit for the second.

Plymouth Opposes Bliss In Finals

PLYMOUTH (A)—It will be the Plymouth Oilers of Slaton versus Fort Bliss of El Paso in finals of the state semi-pro baseball tournament.

Plymouth whiffed Brooks Army Major Cup winner of San Antonio, 12-5, and night in the deciding contest of a 2-game series.

The Oilers meet Fort Bliss in a best three-of-five series starting here Monday. The winner goes to the national tournament at Wichita, Kan.

Vic Seixas Loses In Newport Meet

NEWPORT, R.I. (A)—The tennis fortunes of Vic Seixas continue to slip. With each tournament it becomes increasingly apparent he won't be in the Davis Cup singles picture this year.

The annual Newport event entered the round of 16 today, and Seixas was among those watching from the sidelines, the victim of a 2-6, 6-3, 6-4 upset at the hands of 18-year-old Jack Frost of Monterey, Calif., yesterday.

Civic Clubs Honor Cayuses Tonight

Reeling from the effects of a disastrous eight-day road trip that saw them slip below the 500 mark for the first time in two weeks, the Big Spring Broncs return home tonight to serve as the host team in a big party planned for them by local service clubs. Artesia forms the opposition.

Civic clubs here have been selling tickets at \$1 each for this one and, despite the Broncs' run of hard luck, spokesmen are hopeful that as many as 2,000 people will show up at Steer Park to cheer the Steeds.

No tonic would probably help the Cayuses like a big trophy. Despite their reverses on the road, the Broncs have proved very, very tough at home.

The Rotary, Kiwanis, Lions Club, American Business Club and Junior Chamber of Commerce is co-operating in staging the game, as an appreciation and tribute to Manager-Club Owner Pepper Martin, who returned professional baseball to Big Spring and kept it here, despite one discouraging development after another.

Martin operated throughout the year with a limited budget and there were times when he didn't think he could keep going but chances are good now, and will improve tonight if a banner crowd shows up, that he will finish the season.

The Arenchis, who has won a dozen games for the Steeds, will take the mound against Artesia this evening.

This is the next to last game of the year between the Broncs and the NuMexers, incidentally. Artesia could counter with Wayne Goodell in the box.

There'll be a Little League game at the park, from 7 until 8 p.m. Other entertainment will include a series of running and throwing contests involving the Artesia and Big Spring players. That part of the show begins at 8 o'clock and will last until about 8:15.

The Broncs will be here for seven nights. Sweetwater follows the NuMexers into town. Next Tuesday, Midland moves in for two contests.

Now he's 12 days ahead of that pace. He whipped the Baltimore Orioles, 1-0, yesterday for his 17th triumph and his fifth shutout against five setbacks.

Trucks gives full credit for his improvement to Manager Paul Richards of the Sox.

"It's a real pleasure to work for him," Trucks said. "I feel I'm really doing my best and I'd like nothing better than to win 20 again."

Trucks' performances so far this season include two one-hitters against Boston May 1 and Detroit July 6. The Orioles reached him for nine but their most serious threat fizzled in the eighth when Minnie Minoso made a fine running catch of Jim Brideweser's long foul fly with the bases loaded and two out.

Bob Kuzava, making his first appearance for Baltimore since leaving the New York Yankees, was charged with the loss.

The White Sox failed to gain in the pennant race since Cleveland and the Yankees also won. The Indians edged Detroit, 3-0. New York beat Philadelphia, 3-1. Boston pounded Washington, 10-1, in an afternoon game but lost to the Senators at night, 5-4.

Cleveland leads the Yankees by three games and the White Sox by seven.

In the National League the Brooklyn Dodgers clipped the idle New York Giants' lead to 3 1/2 games with a 3-2 squeaker over Philadelphia. Third-place Milwaukee moved within seven games by shading St. Louis, 6-5, in a game shortened to seven innings by rain. Cincinnati hit five home runs, beating Chicago, 8-1.

Ted Williams hit a pair of two-run homers, his 21st and 22nd of the season. In Boston's daylight triumph, his career total now is 350, good for a tie for sixth with Johnny Mize on the all-time list of home run sluggers.

The annual charity football game in Chicago, featuring the College All-Stars and the Detroit Lions this season, will be heard Friday night over the Mutual Broadcasting System, which has Radio Station KTRC as local outlet.

The broadcast starts at 7:30 p. m. Big Spring time.

Verban Rigby started in the outfield for the winners, making two fine catches.

Wesley Watson, with a triple and a home run, paced the Owls at attack. He drove in a total of three runs.

Frank Stranahan, Eddie Merrins of Meridian, Miss., and Arnold Palmer of Cleveland top the men amateurs.

Little, National Amateur champion last year, is a stolid fellow of Ben Hogan's old school who turned pro nearly seven months ago and has been runner-up in the National Open, Kansas City Open and All-American.

Each is ready to take golf's biggest money plum.

There will be a \$5,000 winner's payoff in the women's pro division and merchandising prizes for "world" champions of the men amateurs and women amateurs.

Babe Zaharias, Patty Berg, Louise Suggs and other big name feminine stars will battle for shares of the \$12,000 offered women pro.

Frank Stranahan, Eddie Merrins of Meridian, Miss., and Arnold Palmer of Cleveland top the men amateurs.

Trucks On Way To Best Year In Big Show

DALLAS (U.S.)—Walter Fondren, Texas' No. 1 schoolboy football player last season, appears set to close out his high school career in a blaze of glory.

The great talkback of Lamar (Houston), who carried his team to the state Class AAAA championship, will play for the South Saturday night in the 20th annual all-star game of the Texas Coaching School.

There was talk that Fondren, who played under the single wing, might not be able to adjust himself to the conventional T formation of Jess Neely of Rice, who is coaching the South squad, in the four days of practice for the all-star game. But yesterday Fondren showed he had made the transition without a hitch. He was terrific on the T pichouts that utilized his speed.

The South squad had an excellent workout and Neely was pleased with the work of Fondren as well as the quarterbacking of Bill Clements of Huntville. Clements may take over the upback spot from Sammy Blount of Deer Park, who had been working there most of the time until yesterday.

He was showing superior work in ball handling and passing although Blount was smoother on the keeper plays.

Neely also liked Louis Del Homme of Baytown at center as his line started showing the polish expected to make it superior over

the north. Guard Will Wyman of McCallum (Austin); Bill Anderson, Steitie of Edison (San Antonio) and end Carl Larpenster of Port Arthur looked good.

Cosch Bobby Dodd of Georgia Tech also got some good line play from his North squad and he pointed out Jim Braythmer of Phillips and Ronnie Mann of Woodrow Wilson (Dallas) at ends; Dick Crider of Paducah and Gil Polton of Ballinger and Tommy Parker of Coahoma, guards, and Don

Barger, Floydada, center. He also liked Harry Taylor of Poly (Fort Worth) as the quarterback man in the split T, and Larry George of Crosier Tech (Dallas) at fullback. Both squads are due for rough scrimmages today.

ed out Jim Braythmer of Phillips and Ronnie Mann of Woodrow Wilson (Dallas) at ends; Dick Crider of Paducah and Gil Polton of Ballinger and Tommy Parker of Coahoma, guards, and Don

the north. Guard Will Wyman of McCallum (Austin); Bill Anderson, Steitie of Edison (San Antonio) and end Carl Larpenster of Port Arthur looked good.

Cosch Bobby Dodd of Georgia Tech also got some good line play from his North squad and he pointed out Jim Braythmer of Phillips and Ronnie Mann of Woodrow Wilson (Dallas) at ends; Dick Crider of Paducah and Gil Polton of Ballinger and Tommy Parker of Coahoma, guards, and Don

Barger, Floydada, center. He also liked Harry Taylor of Poly (Fort Worth) as the quarterback man in the split T, and Larry George of Crosier Tech (Dallas) at fullback. Both squads are due for rough scrimmages today.

Trucks On Way To Best Year In Big Show

DALLAS (U.S.)—Walter Fondren, Texas' No. 1 schoolboy football player last season, appears set to close out his high school career in a blaze of glory.

The great talkback of Lamar (Houston), who carried his team to the state Class AAAA championship, will play for the South Saturday night in the 20th annual all-star game of the Texas Coaching School.

There was talk that Fondren, who played under the single wing, might not be able to adjust himself to the conventional T formation of Jess Neely of Rice, who is coaching the South squad, in the four days of practice for the all-star game. But yesterday Fondren showed he had made the transition without a hitch. He was terrific on the T pichouts that utilized his speed.

The South squad had an excellent workout and Neely was pleased with the work of Fondren as well as the quarterbacking of Bill Clements of Huntville. Clements may take over the upback spot from Sammy Blount of Deer Park, who had been working there most of the time until yesterday.

He was showing superior work in ball handling and passing although Blount was smoother on the keeper plays.

Neely also liked Louis Del Homme of Baytown at center as his line started showing the polish expected to make it superior over

the north. Guard Will Wyman of McCallum (Austin); Bill Anderson, Steitie of Edison (San Antonio) and end Carl Larpenster of Port Arthur looked good.

Cosch Bobby Dodd of Georgia Tech also got some good line play from his North squad and he pointed out Jim Braythmer of Phillips and Ronnie Mann of Woodrow Wilson (Dallas) at ends; Dick Crider of Paducah and Gil Polton of Ballinger and Tommy Parker of Coahoma, guards, and Don

Barger, Floydada, center. He also liked Harry Taylor of Poly (Fort Worth) as the quarterback man in the split T, and Larry George of Crosier Tech (Dallas) at fullback. Both squads are due for rough scrimmages today.

Roast Beef

Rancher Jack Maddox of Blossom, Lamar County, leans into his Flying M brand as he marks one of his dogs. A former basketball player at West Texas State, Maddox now raises cattle, horses and attends rodeos in his spare time. (AP Photo).

Younger Set Rates Chance At Chicago

By CHARLES CHAMBERLAIN CHICAGO (U.S.)—For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history — the "world" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past, the youngest winner of any Tam title being Byron Nelson who took the honors in the 1941 inaugural at the age of 23.

With \$50,000 in cash and a \$50,000 exhibition contract going to the winner, favoritism rests with such seasoned campaigners as Sam Snead, Cary Middlecoff, Lloyd Mangrum, Jimmy Demaret, Peter Cooper and the recent All-Ameri-

can winner, Jerry Barber. All are over 40 or pushing it.

But there are at least three youngsters who are not too awed by the big prize as the 72-hole stamper starts today.

They are British Open champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year-old Bob Toelki, now registering from Livingston, N.J.

The broad shouldered Thomson is one of the hottest tourney pros. He finished third in the All-American phase of the Tam carnival that closed Sunday.

Toelki, a little 127-pounder, is having his greatest tournament season, with a collection of \$14,500 to be third in the official PGA money-winning list.

Littler, National Amateur champion last year, is a stolid fellow of Ben Hogan's old school who turned pro nearly seven months ago and has been runner-up in the National Open, Kansas City Open and All-American.

Each is ready to take golf's biggest money plum.

There will be a \$5,000 winner's payoff in the women's pro division and merchandising prizes for "world" champions of the men amateurs and women amateurs.

Babe Zaharias, Patty Berg, Louise Suggs and other big name feminine stars will battle for shares of the \$12,000 offered women pro.

Frank Stranahan, Eddie Merrins of Meridian, Miss., and Arnold Palmer of Cleveland top the men amateurs.

Little, National Amateur champion last year, is a stolid fellow of Ben Hogan's old school who turned pro nearly seven months ago and has been runner-up in the National Open, Kansas City Open and All-American.

Each is ready to take golf's biggest money plum.

Babe Zaharias, Patty Berg, Louise Suggs and other big name feminine stars will battle for shares of the \$12,000 offered women pro.

Frank Stranahan, Eddie Merrins of Meridian, Miss., and Arnold Palmer of Cleveland top the men amateurs.

Indians Can Win The Close Ones

NEW YORK (U.S.)—Cleveland's reputation for folding the stretch may wind up only a forlorn hope of the New York Yankees if the Indians continue to thrive under pressure.

Al Lopez' surging crew if traveling at a phenomenal .700 pace, but what's more important, psychologically, they're winning the close ones.

Figures compiled by The Associated Press show Cleveland has the major leagues' best record in one-run and extra-inning games.

The Indians have won 23 games and lost only nine by the margin of a single tally. In 13 overtime contests, they've produced 10 victories. Including its 3-0 victory over Detroit yesterday, Cleveland has captured 11 games by two runs and dropped four.

The Yankees have done well enough in the one-run games with a 21-10 mark, but have floundered in extra-innings with five triumphs against five setbacks.

Owls Turn Back Musicals, 7-3

The Cosden Owls shaded the Musicals, 7-3, in a T-Shirt Little League game played here Wednesday evening.

The Owls now have a 5-2 won-lost record, compared to 5-2 for the Musicals.

Taylor Lewis was the winning hurler. He fanned 14, issued seven walks and gave up four hits.

The loser was Ed Wright, who fanned 11, walked five and gave up five hits.

Wesley Watson, with a triple and a home run, paced the Owls at attack. He drove in a total of three runs.

Verban Rigby started in the outfield for the winners, making two fine catches.

All-Star Football Game Over KTRC

The annual charity football game in Chicago, featuring the College All-Stars and the Detroit Lions this season, will be heard Friday night over the Mutual Broadcasting System, which has Radio Station KTRC as local outlet.

The broadcast starts at 7:30 p. m. Big Spring time.

Childers, 155, end and back; Jim Nelson, 150, back; Lorin McDowell, Jr., 135, back; Gary and Eddie Engle, backs, and Doug Gray, end.

The latter three are all transfers. The Engles moved here from Oklahoma. They weigh about 150 pounds each.

Daniels is the fastest boy on the team, a real threat as a break-away runner.

McCorquodale will do the punting and passing for the Cats.

Marion Carter and Tommy Rich were the chief losses. Carter was a fine blocker, Rich a good ball carrier.

In addition to the aforementioned Lindsey will have about 13 freshmen with whom to work.

Garden City lost only to Forsan

and Sterling City last fall.

The schedule:

Sept. 10—Flower Grove here.

Sept. 17—At Gal.

Sept. 24—Marion here.

Oct. 1—Blackwell here (C).

Oct. 8—Drifts here (C).

Oct. 15—Sterling City here (C).

Vargas Survives
Wave Of Unrest
In Uneasy Brazil

By STANFORD BRADSHAW
RIO DE JANEIRO, Brazil (U—)
Tough old Getulio Vargas, former
dictator turned constitutional presi-
dent—appeared today to have sur-
mounted one of the gravest crises
of his long, turbulent career.
The 71-year-old leader apparently
has weathered a wave of mili-
tary and civil unrest that might
have forced his resignation, but
it may be one of the last major
battles for the wily old politician.
His term expires Jan. 31, 1955, and
under Brazil's constitution he can-
not run again until five years—
one term—later. By then he would
be 77.

The crisis was touched off by
an assassination attempt last
Thursday on anti-Vargas editor
Carlos Lacerda in which a popular
air force officer, Maj. Ruben Vas-
ta, was killed when employees at the
residential palace were linked to
the crime. Vargas was accused of
instigating the plot.
But an end to the threat to the
president was indicated by these
events:
1. Vargas was flying today to
Belo Horizonte to inaugurate a
new German-built steel mill and to

make a speech there tonight. Ob-
servers figured the president
would hardly risk leaving the capi-
tal unless assured of the military's
support.
2. Military leaders were sum-
moned to a meeting this morning
with War Minister Zenobio Da
Costa.
3. Three air force officers, includ-
ing a major general, are under
disciplinary arrest for "voicing
criticism injurious to the govern-
ment and congress."

Decisive army and police action
quelling yesterday's rioting also in-
dicated continued military sup-
port for Vargas.

Texas Congressional Delegation
May Gain Power In November

By TEX EASLEY

WASHINGTON (U)—Texas has a big stake in the over-all outcome of the November election: the extent of its delegation's influence in Congress.
If Democrats win a majority in the Senate and the House, the state's voice would grow bigger on each side of the capitol.
First, of course, a Democratic victory in November probably would mean the return of Rep. Sam Rayburn of Bonham as Speaker of the House and the elevation of Senate Democratic Leader Lyndon Johnson to majority leader.

Second, Rayburn and Johnson would then be in a position to push for spots for Texans on the more important committees.
And third, Democratic leadership automatically would mean more places for more Democrats on more important committees and Texas' all-Democratic delegation would thus have more elbow room in the effort for the more influential assignments.
With five new faces due in the Texas delegation when Congress convenes in January, a lot of reshuffling of assignments will be in order if the House goes Democratic. If not, there still will be the question of assignments for the new men.

The November balloting will probably determine whether Texas will have representation on the important Ways and Means and Rules committees.
Ways and Means passes on taxes and tariffs. Rules acts as a "traffic cop," determining if and when legislation approved by other committees goes to the floor.
If the Democrats win in November and Texas were assigned a seat on the rules group, a hot controversy could arise as to which Texas would get the position.
Among those now most likely to be considered are Reps. Martin Dies of Lufkin, who represents the state at large, and Jack Brooks of Beaumont.
The chances would seem to fa-

vor Brooks, who represents a spe-
cial district.
It's no secret that Rayburn be-
lieves in electing good young men
in Congress and keeping them
there. With rare exception that is
the pattern of those who have
gone to the top in congressional
leadership. Brooks is 31, Dies 53.
Furthermore, in years past Dies
and Rayburn often were at odds
on crucial votes.
As for Ways and Means, Texas

Anti-Red Chief
In Iraq Seeks
Treaty Revision

By WILTON WYNN

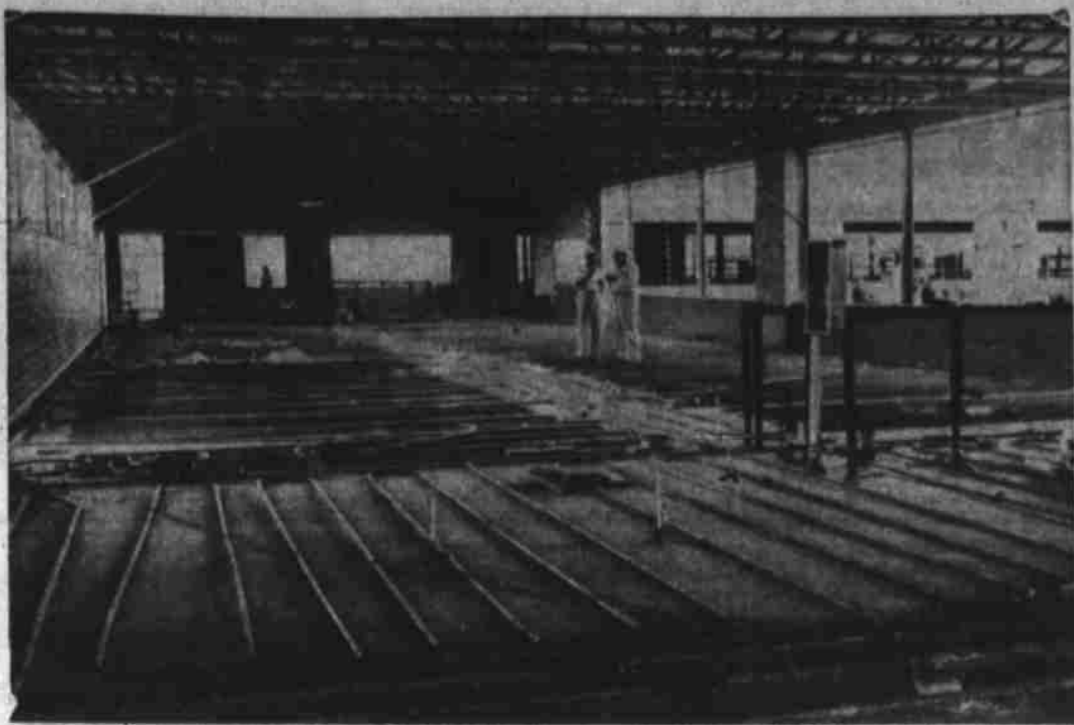

BEIRUT, Lebanon, (U)—The return to power of a veteran Iraqi warrior who once hanged Communists in the streets may herald a new British agreement in the Middle East—a revision of the British-Iraqi treaty.

Iraq's new premier, 66-year-old Nuri Said, recently returned to Baghdad after a lengthy stay in London. He formed a tough-fisted cabinet, dissolved parliament, and announced two major objectives—crushing of subversive activity and revision of the treaty with Britain.
Following closely British settlement of knotty problems in Egypt and Iran, agreement with Iraq may be another major step in London's drive to set her Mid East house in order.

If a fresh British-Iraqi agreement is in the offing, Nuri Said is considered the man to push it through. He has long been a friend of Britain and has kept this country in the Western camp. The unques-
tioned strong man of Iraq, his current cabinet is the 12th he has headed since 1930. He usually takes power in times of crisis.
Nuri never has been the popular type of leader. Nationalists have bitterly criticized his pro-British leanings. Intellectuals consider him reactionary and undemo-
cratic. Three times he has been chased out of the country. But always he has come back—with rare exceptions he has been boss of Iraq since 1930.
Crushing of Communists would eliminate the most dangerous internal opposition to closer Iraqi association with the West. The 1930 British-Iraqi treaty's main feature was the granting of RAF bases in Iraq. Some believe a new agreement will involve a broader arrangement with the West on a regional defense basis.

Solon Backs
Defense Aims

WASHINGTON (U)—Sen. Ferguson (R-Mich) said today President Eisenhower has taken an intense, personal interest in seeing that the nation's defense program is the best that can be devised and "our people need have no fear."
Ferguson, chairman of the Senate Republican Policy Committee, said in a speech prepared for the Senate that the Eisenhower administration has repaired a Democratic policy of "commitments everywhere and strength nowhere" with "a comprehensive military program at a price the national economy can afford."
The Michigan senator said this program was aimed toward keeping world peace, and built around "a flexible, mobile military force which is capable of being supported by men, weapons and supplies in many far-flung areas throughout the world."

Hospital Ward Takes Shape

Outside work on two new ward buildings at Big Spring State Hospital has been all but completed, and efforts are now being concentrated on finishing interior construction. The day room which joins the two wings of one ward building is shown above. One of the wings can be seen through the window at right. The network of pipe on the floor, to be covered by tile, is for the heating system in the building, assuring that patients will not get chilled. Construction superintendent W. J. Schwarzer, center, with state inspector Fred Hull, said that work is about 65 per cent complete on the three structures at the hospital. In addition to the wards, a central kitchen should also be completed by the end of the year. Outside of the buildings is brick, and tile will line the inside.

People Saving More Despite High Costs

By SAM DAWSON
NEW YORK (U-P)—People are going right on saving, it says here in the statistics put out by the government, the bankers and the life insurance people.

It's hard for a lot of people to believe that anyone can save in these days of the high cost of living, of big baby crops and larger families, of high taxes, of a business slowdown and lower take-home pay for many.

But figures released this week show that by and large Americans are putting as much or more away this year than last and that total savings continue to rise. It's going into U. S. Savings Bonds, into life insurance, bank deposits. Totals for all of them are rising.

And merchants will tell you—some of them rather sadly—that many consumers are putting a reverse English on saving too.

They are paying up their installment debts faster than they are taking on new debt by buying gadgets on time. Getting out of debt is one form of saving. Merchants think this can be carried too far. There are other forms of saving

which a man may not realize he's making.

"I can't save anything," a man will tell you. "After I've made the life insurance payment, paid the monthly installment on the mortgage on my house, put money each month in that fund that the wife insists we have against the time Junior goes to college, why, I have a hard time finding enough to meet the payment on the car and the freezer."

But life insurance is a form of saving, a way of building an estate. A home of our own is a form of saving.

The U. S. Treasury reports that in the first half of this year of supposed recession it sold 13 per cent more in E and H Savings Bonds than in the same period of booming 1953, and, in fact, set an eight-year sales record. And sales are exceeding cash-ins.

Deposits in the savings banks of New York state alone increased 393 million dollars in the first half of this year.

The Institute of Life Insurance reports record purchases of new life insurance policies in the first

six months of this year for a gain of 18 1/2 billion dollars. The total of such insurance is now estimated at 219 billion dollars for the nation as a whole.

Accident and health insurance purchases are also running much higher than a year ago.

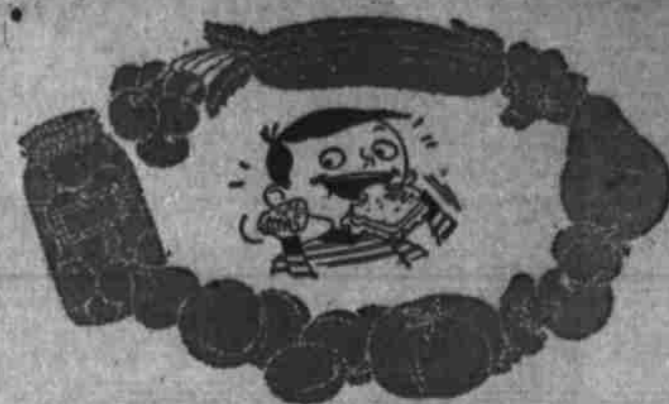

All of this is being done, curiously enough, on a lower total of personal income, according to the Department of Commerce. It finds that in May, its latest figure, personal income totaled about one billion dollars less, on an annual rate, than in May a year ago.

Farmer Says Dry Spell Led To Try To Sell Narcotics

KANSAS CITY (U-P)—U. S. narcotics agents said a one-armed Kansas farmer told them he tried to sell opium because the drought ruined his 160-acre pasture.

Officers who arrested Lawrence H. Bowman, 41, said they found a pound of opium worth \$60,000 in his possession. Bowman, of Burlington, Kan., was being held in jail today in default of \$2,500 bond.

The agents said Bowman's alleged accomplice, Elwyn Earl Slane, 34, a printer, was arrested in Burlington with 30 grains of opium in his possession. The two men will have a hearing in federal court Friday.

Big Spring Vets Recall VJ Day Around The World

By CLIFTON LAWHORNE

Aug. 14th of this year—Saturday—will mark the ninth anniversary of the Allied victory over Japan during World War II.

Back in 1945, this date was referred to by the people of America as "VJ Day." It marked the end of America's struggle against the Axis powers in what has proven to be the world's mightiest conflict.

People in Big Spring, along with those of other cities across the nation, went wild with joy when they learned of the great victory nine years ago. Local residents flocked to the downtown area, and the celebration continued well past midnight.

But Aug. 14th of this year is likely to be passed here without so much as a formal reminder of its significance. It will probably be just another day so far as most folks are concerned.

To some people, however, Aug. 14 will still hold memorable importance. Among these are the veterans themselves, who in most cases did less celebrating on the actual VJ Day than most civilians.

One of these veterans is Ben Asbury, clerk at Mort Denton Pharmacy. Asbury says he was in a hospital at Kunming, China, on the original VJ Day and, while he was glad, there was no celebration for him. He had been overseas for 13 months, serving in the China-India-Burma theatre.

"In the Pacific Islands, in shattered Germany and bomb-scarred England, in Manila, in Paris, in ships at sea and, in hospital wards—they cheered and cried and thumped each other on the back," said The Herald of Aug. 15, 1945.

Also in a hospital—in official capacity—was Dr. George E. Peacock, who is now associated with Cowper Clinic and Hospital. There was no celebration, and we weren't excited because we thought it was a rumor, he said.

It was not until five days later

that Dr. Peacock learned that the rumor was true. He was in medical service stationed on Okinawa, where troops were then training for the invasion of Japan. He had been overseas 19 months.

"America flung off its wartime restraints and exploded in the greatest, widest, most ecstatic celebration of all time."

Dan Oglesby, parts man at Mead's Auto Supply, is another who says that there was no big celebration at the time. The men quietly discussed the possibilities of returning home, he said.

"Everywhere, veterans of the war were in the forefront of jubilation. Now we'll be home sooner, they said."

Joe Pendleton, business manager at John Turner, Inc., was on a pass at Birmingham, England, when VJ Day was announced. He was sweating out being shipped home. The large city had quite a celebration, with Pendleton right in the middle of it. He had spent two years in Europe with a glider troop carrier outfit.

"The curious mingled with the hilarious and snake dances flared traffic at intervals. Lights were dimmed to curb the celebration, but to no avail. A few cars bumped together but pedestrians miraculously escaped injury."

Extreme jubilation was prevalent in Paris, France, with the news of Japan's defeat, said Bill Westfall, assistant Goodyear Store manager. Westfall was there on leave with his brother Dale. The two had just met after a hard 18-month campaign through Europe. Practically everyone had gone to bed when the news was received in Paris, but Westfall says nearly all tumbled out of bed and ran to the streets in celebration—at 3 a.m.

"The sidewalks were jammed, streets were crowded with traffic, and few people stayed in-

doors while the jubilant crowds were shouting, singing, and crying. Most people were dazed and smiling while they were just standing and looking at cars pass by."

Also in France was Sidney Mellinger of Mellinger's Men's Store. We didn't do anything, he said, adding that his outfit was running a prisoner of war camp on VJ Day. He spent 3 1/2 years in Europe during the heavy fighting, and made it home four months after VJ Day.

"Wildly celebrating civilians and soldiers jammed the downtown district of Big Spring from the first flash of official word of the Japanese surrender until well past midnight."

Activity was slow at the 14th Replacement Depot in France, where Tom Osmon was waiting for shipping orders home. Three days later he left for LeHavre, port of embarkation for the U. S. He served through Sicily, Italy, France and Germany with the 38th, 45th and 3rd Divisions. He is now assistant manager of Piggly Wiggly.

"Soldiers were most prominent in town and not a few had tin bottles in hand—tin cans tied to automobiles and bicycles kept up a constant noise until late in the night."

VJ Day had a double significance for Jack Watkins, Good Housekeeping Shop manager. It was also his birthday and though the celebration was not extravagant, there was a celebration. He was in Kassel, Germany, at the time, having stopped after 20 months overseas. He had also served in the Caribbean.

"There were tears, laughter, hysteria and prayers through the Allied world as Japan, last undefeated aggressor nation, announced it had surrendered."

Worth Peeler was waiting for overseas shipment at Kerans, Utah, when the victory was announced. He had just been transferred there from the Big Spring Bombardier School, where he spent almost three years in the intelligence office. He didn't do any celebrating, and a few days later found himself on the way to the South Pacific. He stayed on Leyte six weeks and was rotated back to the U. S.

"Along the enormous battlefronts of the Pacific and Asia the mightiest forces of destruction ever assembled rolled to a victorious halt around the prostrate, vanquished empire of Japan."

Lloyd Wasson was on the island of Ulithi, near the Philippines, after having served on Guam with a combat aircraft service unit. The island shutdown for two days in celebration. Wasson left for the states on Sept. 30.

"Merry makers in hotels got a little over joyous in throwing paper from windows and included feathers from pillows, soap chips, water, toilet paper and bottles."

Ray Dunlap, estimator at Jones Lumber Company, was with the Fourth Marine Division on Maui Island, about 90 miles northwest of Pearl Harbor, when his outfit received news that Japan had collapsed. They thought it was rumor and refused to celebrate.

It was several days until the news became official. Dunlap spent 32 months in the South Pacific, serving on Saipan, Tinian and Iwo Jima campaigns.

"The anxious prayers of a weary world today have been answered. Humanity's bitter cup of universal strife has passed, and in His Infinite Wisdom, blessed Peace on Earth has come to all peoples."

UNDER NEW LAW Tank, Ditch Gets Farmer Tax Credit

By CHARLES F. BARRETT

WASHINGTON (U-P)—A farmer can now get a tax cut by building himself a pond... or digging a ditch.

This is one of the special effects of the huge tax revision law. In passing out scores of tax benefits, Congress didn't forget the farmer in this congressional election year.

The law permits a farmer to deduct from his income, on tax returns, many outlays for soil or water conservation. Even at the minimum 20 per cent tax rate, each \$100 in new deductions means a tax cut of \$20.

The deductions for that purpose are limited in any one year to 25 per cent of the taxpayer's gross income from farming. Note that if you have income aside from farming, you can't deduct 25 per cent of your total income.

If you spend more than 25 per cent of your farm income for soil or water conservation in any one year, you can carry forward the amount over 25 per cent and deduct it on your return the next year. You can keep on carrying these expenditures forward as many years as needed to get your full deduction—but you still can't deduct more than 25 per cent of farm income in any one year.

most of these things generally have been added for tax purposes to the original cost of the land. Usually no deduction was allowed for them unless the land was sold. Then they could be counted in figuring whether you made a profit on the sale.

Experts believe a half million farmers will claim new deductions under the new law. They figure the farmers will get tax cuts amounting to 10 million dollars. The revenue loss would be greater, except many farmers already pay little or no income tax.

Aside from his personal expenditures, the law permits a farmer to deduct special assessments by soil and water conservation districts if they are spent for purposes which would be deductible on the farmer's individual return.

A farmer can deduct expenses starting last Jan. 1. But he must decide, in the first year he pays for such things, whether he wants to deduct them or still follow the old law. Once he reports his decision, he can't change his method without permission from the Revenue Service.

Another tax benefit for farmers in the new law provides that proceeds from sale or exchange of diseased livestock are not taxed if they are reinvested in livestock within one year.

Farmers also pay no tax on proceeds from sale of land necessary to meet acreage limitations under reclamation laws, provided they invest the proceeds into more land—presumably in another reclamation or irrigation district.

Red-ripe Tomato Salads... DRESSED BY Kraft

OFFERED BY FURR'S

(Left) SUMMER'S BEST SALAD
 YOU'LL NEED: Kraft Miracle Whip Salad Dressing, 4 peeled tomatoes, 1 unpeeled cucumber, watercress.
 ALL YOU DO IS cover plate with lettuce. Place bowl of salad dressing at one side. Arrange overlapping layers of tomatoes around the bowl. Garnish with watercress.

(Right) TOMATO EGG STACK-UP
 YOU'LL NEED: 6 hard-cooked eggs; 1/2 cup chopped celery; 1/2 cup Kraft Miracle Whip; salt, pepper; 3 peeled tomatoes; lettuce; parsley; French dressing.
 FIRST STEP, combine egg, celery, salad dressing and seasonings. Cut each tomato into 3 crosswise slices. For each serving alternate 3 slices with egg salad, with tomato slice on top. Place on lettuce and garnish with parsley. Serve with French Dressing.

Television Treatment

Patients at the Big Spring State Hospital are shown in a ward kitchen where they are viewing television. Four sets have been installed at the hospital to provide the patients with visual instruction and entertainment. Doctors at the institution are of the opinion that the TV programs constitute a form of recreational therapy which provides momentary aid to the mentally ill. Television has not established any progressive cure, it was pointed out. Care has to be taken in the selection of programs because of the emotional impact on some patients.

'TV Therapy' Added At State Hospital

The Big Spring State Hospital has added "TV therapy" to its list of treatments. Four television sets are now in operation at the hospital to provide patients with visual instruction and entertainment. One set is being operated in a ward for women, and the other three are in day rooms. "It is our belief that television sets are doing good," said Dr. P. E. Harrison, assistant to the superintendent. "We think that television is a form of recreational therapy, helpful at least to some patients." The sets have been in operation at the institution since the latter part of March. Three were donated by The State Mental Hospital Development Association of Texas, and the fourth was given by a patient's sister. The idea of using TV sets in mental institutions is not new, Dr. Harrison explained. A number of California institutions have been operating television sets during the past few years. "It is not our opinion that television has established any progressive cure for patients," Dr. Harrison said. "The sets provide only momentary aid to the mentally ill." The doctor explained that patients actually enter into what they see on the TV screens, acting somewhat like children. "The more mentally ill actually enter into the emotion expressed by the particular program being shown. Consequently, care has to be taken in the selection of programs. Banned are heavily dramatic programs and those dealing with self destruction, murder, poisoning, etc. Dr. Harrison pointed out that most people would be surprised to see how susceptible some patients are to TV programs. Those who will not respond to any other therapy seem to enjoy television. Some of the most disturbed patients seem to drop all violent actions when watching television, he said. The State Mental Hospital Development Association is a comparatively new organization, having been organized recently in Odessa largely through the work of Mrs. Dorothy Croft. Mrs. Croft, in cooperation with Superintendent Roy Sloan, spearheaded the campaign to purchase the three TV sets which the organization contributed. Contributions were made largely through the Booster Sunday School Class of the First Christian Church there, but other churches took part as did Odessa businessmen. Mrs. Croft and her group hope to expand the organization and invite members from Big Spring and Howard County to participate. Money obtained will be used to purchase equipment for mental institutions, especially those in this area.

Goa Alerted To Repel Invasion

By HAROLD K. MILKS
NOVA GOA, Portuguese India (AP)—Portuguese Goa, which legend says was saved from invaders by a miracle two centuries ago, is depending today on different forces to halt a threatened march from India on Aug. 15. The presence of a team of observers from six other nations, proposed this week by Portugal and agreed to by India, may postpone or even avert the invasion. But if the foreign watchers don't have that effect, the Portuguese say they are ready. Gov. Gen. Paulo Bernard Guedes, gray-haired leader of Portugal's government here, has alerted all troops and police to repel any attempt by a "liberation army" to invade this ancient fount of the Christian religion in the Indian subcontinent. Behind these forces stand more than 300,000 Goan Christians whose forefathers helped to send the earliest Roman Catholic missionaries into India. Christians now number more than five million in India. Portugal and the Latin nations supporting its defense of Goa regard the battle against Indian demands for a merger of the territory with the Indian republic as a holy war. The action, they say, is in defense of the shrine of St. Francis Xavier — the Portuguese missionary who led the Catholic march to Goa and died more than 400 years ago.

Motorist Compounds His Traffic Charges

CHARLESTON, W. Va. (AP) — A motorist gave the Charleston police force a workout Tuesday and was booked on 24 separate traffic charges. Lt. L. M. Morris said Dan Martin, 48, played a game of automobile hide-and-seek with police after patrolman tried to arrest him for running a stop sign. Martin was booked on 14 charges of running stop signs, 8 of running red lights and 2 of reckless driving. He was released on \$1,000 bond.

Bounty For Flies Proves Big Success

TOKYO (AP)—Health authorities here are offering a bounty for flies in an effort to curb the spread of the disease carrying insects. During the first day of the campaign, boys and girls, who collected 3 cents for 50 flies, turned in 40,000 insects to one office alone.

Home Breakdown Blamed For Hike In Child Suicides

VIENNA (AP)—Fretful K. 13, hurled himself out of a school window in Vienna 18 months ago after writing a note saying he feared bad marks. The boy survived, but since then there has been a marked increase in suicide attempts among children in the Austrian capital. City police record 48 cases (six died) among children in the last 18 months, 50 per cent more than in the previous year and a half. This is a count only of cases treated in city hospitals. Prof. Hans Hoff, who heads Vienna's Psychiatric and Neurological Clinic, says private doctors may have handled scores more. "The epidemic," says Hoff, "is unnatural. Suicide is not the normal reaction of a child to a problem. He runs away, or dreams of death, but doesn't actually try to kill himself." Hoff blames homes shattered by war and economic distress and a breakdown of family life. The children themselves give many motives: A boy, 11, died because he was "tired of life." A 16-year-old girl was "disappointed in love." A boy, 13, feared he would be sent to a police home. A girl, 15, was forbidden to smoke. Hoff and his assistants, after a study, say these are just the final motivations. "Children who try suicide invariably have had life histories of insecurity and a lack of love," he says. "Frequently only one single person is left whom the child believes has confidence in him or love. If the child feels this person has let him down or is against him, then his small world collapses. He may consider suicide as the only way to get the attention, the sympathy or the love he wants. Boys and girls don't commit suicide because they get poor marks in school. The boy who set off the current epidemic felt he was rejected by his class, his teachers and his mother. By suicide, the children hope to change things, not escape them, and often they fantasize they will survive their own death. It is quite impossible for a child up to 14 years old to conceive of the finality of death."

FRENCH FRIED ONION RINGS
from Mrs. Tucker's Homemakers Dept.
Peel mild onions, cut into 1/4-inch slices and separate into rings. Chill onion rings in ice water 20 to 30 minutes, if desired. Drain and dry thoroughly. Dip each ring into vegetable batter made in the following manner:
Sift together 1 cup sifted all-purpose flour
1 teaspoon double acting baking powder
1 teaspoon salt
Beat together and stir in 1 egg
until smooth 1 cup milk
Drop a few of the rings at a time into deep Mrs. Tucker's Shortening heated to 365 degrees F. Fry about 3 minutes. Drain on absorbent paper, sprinkle with salt and serve immediately.

Girls Wanted!
That's what you may be reading in the next day or two on a sign in the window of the Howard County Farm Bureau at 117 Burnett.

Girls are wanted there. They must be daughters or sisters of Farm Bureau members; they must not be married (engagements don't count); they must be 16 years old but must not reach the age of 23 before September 1st.

They're wanted to participate in the contest for Howard County Farm Queen. The contest will be held in the Amphitheatre at the City Park at 7:30 p.m., August 20. In connection with the contest there will be a special amateur talent program such as was held last year.

There seems to be a lot of amateur talent wanting to get on the program," explains Mrs. Dan Phillips, Kirkland, office secretary of the Farm Bureau, "but up until now we haven't a single application for the queen contest."

She said Marion Edwards, a man who appears to find time for everything, has agreed to try to find some girls to enter the contest. He is being assisted by Mrs. Edwards and Mrs. C. H. DeVaney. Mrs. Kirkland is anxious to have as many contestants as possible to register right away.

The winner of the title of Howard County Farm Queen will be crowned in the contest for district queen. Those selected as district queens will attend the state convention of the Texas Farm Bureau to compete for the title of state queen, and there is always a mighty nice surprise awaiting the girl who wins the state honors.

Mrs. Anna Lefever and Mrs. Carol Mitchell, who handle the women's page for the Big Spring Herald, also want to have a chat with all queen candidates.

Any girl wishing to enter the contest should immediately communicate with Mrs. Kirkland.

Likewise, anybody who wants to get into the talent show with a dance or a song or as a magician or musician, or with any other entertainment, should get their names on the list just as soon as possible.

The Howard County Farm Bu-

reau has a new president. He is Ralph White of Coshoma, former vice president. He was elected by the directors to succeed Ellis Iden, who resigned, as he explained to the directors, because he couldn't find the time to give the job the attention it requires.

The new vice president is Ross Hill of the Elbow Community. He was elected to succeed White.

Howard Maddox and Tomas Gomez, general chairman of arrangements for the third annual Fiesta de Lameza, say that the facilities on which they had counted for the presentation of the pageantry on the evening of September 18, will not be adequate to accommodate the expected crowd, and that something else is going to have to be done.

They have indicated the possibility that two performances of the show may be staged, or that one performance may be held where there is more space. They have mentioned the High School Athletic Field where at least 5,000 persons can be seated.

Gomez and Maddox call attention to the fact that at the time of the Fiesta there will probably be more than 10,000 Mexican Nationals in the immediate area and that most of these are expected to attend in observance of their national holiday.

John Flach and Skeet Noret, chairmen of the entertainment committee, say they're going to bring some talent from Old Mexico for the entertainment of the crowd, and that this talent will include at least one nationally known Mexican theatrical star.

Bill Noles and Ed Noret report that the color scheme this year will be green and gold, to be used with the Mexican national colors of red, white and green. A firm specializing in decorations for such events is turning out a special order for this year's Fiesta.

The Fiesta, incidentally, will be held the same date as the annual Dawson County Fair.

Now another big event has been announced for one of the same days. It is the annual Pioneer Day, and it has been set down for Sept. 18, the Saturday that ends the Fiesta and Fair programs also.

W. D. (Dud) Arnett, president of

the Pioneers, has already met with 25 other persons interested in the Pioneer Day celebration and the development of the program is well under way. It will last all day and coffee and doughnuts and other refreshments will be served. Mily Powers, Frank Liddell and Bob Crawley are arranging for a place for the celebration.

Others assisting with the Pioneer Day program include Mrs. W. K. Crawley, Mrs. M. C. Lindsey and Mrs. Alice Hart, who will arrange the program; the refreshment committee includes Frank Robinson, Robert Roger and Henry Norris. Members of the entertainment committee are Flora Barnard, Mrs. Violet Kennison and Mrs. Modesta Henderson. Decorations will be in charge of Mrs. Gordon McGuire Jr. and Mrs. T. L. Higginbotham.

Those serving on the reception committee will include Mrs. Evelyn Koger, Mrs. R. S. Townsend, Mrs. Tom Wood, Mrs. Henry Stafford, Mrs. Wright Boyd Sr., Mrs. Elsie Burleson, Mrs. Sam Z. Frazier, Mrs. Guy Simpson and Mrs. W. D. Arnett.

Dixie Kilgore is chairman of the invitation committee. W. K. Crawley is finance chairman. Ernie Barrett and Mrs. R. R. Townsend have agreed to supply a piano, while

publicity will be in charge of Orland Parker, Fred Barbee, Bob Bradbury, Buddy Smith and Dixie Kilgore. The window decorations committee is Mrs. Aubrey Davis, Mrs. Annie Bailey and Mrs. Ross Gibson.

J. D. Dyer Jr. will head the parade committee, assisted by Bob Crawley, Dixie Kilgore, Jack Phinley, Frank Jones, Elwanda Calhoun, Mrs. Mae Wassell and Buck Selsler.

The Pioneer Association is made up of the residents of 30 years, whether or not continuous, and their families and relatives. Other officers are Frank Robinson, vice president; Mrs. W. K. Crawley,

secretary; and Mrs. Dixie Kilgore, treasurer.

Thirty-eight acres of broadcast Sudan was stubble-mulch plowed by Gerhard Synatschek in the Valley View community of Midland County last week. Thus he prepared a seed bed while leaving all the crop residue on the surface for protection.

The Sudan had not been grazed and was from two to four feet tall. A sweep-type plow, furnished by an implement dealer as a demonstrator to the Agricultural Experiment Station at Big Spring, was used.

Immediately after the plowing,

Synatschek planted a mixture of Sideoats Grama, King Ranch Bluestem, Sand Lovegrass and Blue Panic grass on the field. The grass was drilled in through the mulch remaining on the surface.

The demonstrator plow was then taken to the Arch, Bengo Ranch, 20 miles south of Midland, where it is being used in preparing 128 acres for Blue Panic planting. This 128-acre field was in oats and Sudan and was grazed during the summer. Another 20 acres on the Bengo Ranch, planted to Redtop Cane, will also be plowed and planted to a mixture of range grasses.

Phone Call Worry Proves Unneeded

KANSAS CITY (AP)—The phone rang in the Howard Brickley home. It was from Austin, Tex. But when the operator told the unidentified caller to deposit \$1.55 the caller hung up.

The Brickleys were worried. Their 10-year-old daughter, Linda, was visiting her grandmother, Mrs. May Farmer, in Austin. They tried to trace the call, fearing it was from a hospital.

Then their phone rang again. It was Linda, reporting from 800

miles away. "I'm lost downtown in Austin."

Mrs. Brickley, relieved, told her which bus to catch to reach grandmother's house.

Oh yes, Linda hung up the first time because she didn't know how to tell the operator to make the call collect.

Chicago Baby Boom

CHICAGO (AP)—More babies were born in Chicago in July—8,602—than in any other month in the city's history, the Board of Health reported yesterday. The previous high was 7,695 in December 1948.

Single Ceremony To Unite Four Sisters With Sweethearts

SEATTLE (AP)—The wedding bells will chime in unison Saturday for four sisters. They will be married at a single ceremony to sweethearts whose occupations range from lawyer to newspaper publisher.

Superior Court Judge Malcolm Douglas will perform the mass ceremony uniting:

James D. Astel, publisher of the Forks, Wash., Forum, and Marion White, of Seattle.

Walter Roberto, mayor of Forks, and Mrs. Emily Baarstad, a widow who operates a Forks motel.

Fred J. Wetrick, Seattle attorney, and Dolores Lopez, operator of a millinery shop here.

And Herbert Delmonico, San Francisco millinery designer, and Mrs. Carmellita Coffman, also of San Francisco.

All eight have been married previously.

Astel, who met his bride-to-be here last November, said the four couples met through business and social contacts.

The ceremony will be private and there will be no attendants or best men.

Pretty Up Meal With These Toast Tulips

By CECILY BROWNSTONE
Tulips can bloom on your table in mid-summer. We're talking about Toast Tulips, to be sure! Made from slices of enriched yeast-raised bread, brushed with melted butter or margarine, tucked into muffin cups and toasted in the oven, you can use them many ways—from main-course accompaniments to desserts.

For a pretty main dish fill the Toast Tulips with cooked green peas; serve with a sauce of mayonnaise, lemon juice and minced parsley or dill; accompany with hamburgers. Other times fill the Toast Tulips with a well-seasoned cream sauce and hard-cooked eggs, diced meat or fish. Or with cooked leftover vegetables mixed together in a cheese sauce.

When we turned the Toast Tulips into Peach Custard Tartlets recently and served them for dessert, they met with real praise. The crunchy base is delicious with its coating of butter, sugar and cinnamon.

TOAST TULIPS
Roll a slice of bread with a rolling pin to 1/4 inch thickness. Trim away crusts with kitchen scissors. Brush both sides of bread slice with 1 tablespoon of melted butter or margarine. Set slices in muffin

cups that are medium size—about 2 1/2 inches measured across top. With fingers, press center edges of bread toward middle to form tulip shape. Bake in moderate (375 degrees) oven until tips are lightly browned—about 8 minutes.

PEACH CUSTARD TARTLETS
Ingredients:
3 slices white bread
1/2 cup butter or margarine (melted)
1-3 cup sugar
4 teaspoons cinnamon
1 4-ounce package instant coconut-cream pudding
2 cups milk
4 small peaches (peeled and halved)
8 pecans

Method:
Make Toast Tulips as directed in recipe, brushing 8 slices bread with 1/2 cup melted butter and sprinkling both sides of bread with mixture of 1-3 cup sugar and 4 teaspoons cinnamon; Bake in oven as directed just before serving. Fill warm toast cups with chilled coconut-cream pudding that has been made with 2 cups milk according to directions on package; use about 1/4 cup pudding for each serving. Top each tartlet with 1/2 peach, a dab more of the pudding and a pecan.

Meats In Can Make Main Dish News

Canned ham, liver and tongue spreads make a three-tiered loaf covered with cream cheese.

PARTY SANDWICH LOAF
Trim crust from day-old loaf unsliced bread. Cut lengthwise into four even slices. Spread first slice with ham filling, second slice with liver filling and third slice with tongue filling. Top with remaining slice bread. Cream four three-ounce packages of cream cheese. Add 1-3 to 1/2 cup light cream, blending until spreading consistency. Frost top and sides of loaf. Decorate in flower design with green pepper, radish slices, pimiento or ripe olive. Makes 10 servings.

To make ham filling combine one small can ham spread, two tablespoons chopped stuffed olives, one-half teaspoon prepared mustard and one tablespoon mayonnaise.

Liver filling is made by mixing together one small can liver paste, one-half teaspoon minced onion, one tablespoon mayonnaise and one hard cooked egg, chopped.

Prepare tongue filling by combining one small can tongue spread, two tablespoons chopped pickle and one tablespoon mayonnaise.

Her Birdie Looks At The Birdie

Rosa Timmerman, cook extraordinary, has added Budgie, a parakeet, to her many hobbies. Miss Timmerman is a local anesthetist who has made cooking her specialty outside of the hospital.

She Can Put People To Sleep, But Wake Up Their Appetites

Rosa Timmerman is a good cook because she is an anesthetist. One thing doesn't necessarily follow the other, but in Rosa's profession a lot of time is spent waiting for calls to come to the hospital. She has used this time to become a really skilled cook, not content with the ordinary dishes but working out unusual and exotic things.

Her friends already know how delicious and unique her Christmas candies and cookies are. It was with such goodies that she began to develop the hobby of cooking.

She is now working on her seventh looseleaf notebook of recipes—a collection she has compiled over the past 25 years. Each notebook is devoted to one type of food.

Rosa believes that hobbies are the best occupational therapy there is, and she should know for she has among her hobbies, knitting, needlepoint, drawn work, crocheting, tatting, ceramics and sewing.

She also collects antiques and glassware and hopes that some day she can get them altogether in one place. They are now stored.

"Home has been where I hang my hat for the past 25 years," she says. She had done anesthesia in Central and West Texas during that time.

To keep up to the minute on good

eating Rosa subscribes to "Gourmet" magazine. But she recommends one's imagination and own ideas as the best way to come up with exciting dishes.

Here are two of Rosa's main dishes that promise to pep up anybody's jaded appetite.

CHINESE PORK CHOPS
Ingredients:
4 tenderloin pork chops at least 1 inch thick
5 tablespoons soy sauce
1/2 cup water
Method:
Place chops in frying pan. Marinate for one hour in the soy sauce. Add 1/2 cup water, place lid on skillet, bring to boil, then lower flame and allow meat to simmer until tender and all water is cooked away. Be sure to turn meat frequently, especially during the last few minutes of cooking, so that both sides are well coated with the sauce when meat is ready to be served. Do not add any other seasonings, not even salt. Should meat not be sufficiently tender when all water is cooked away, a little more hot water can be added and cooked a few minutes longer.

CHICKEN ORIENTAL
Ingredients:
1 3-pound fryer, cut up
1 1/2 teaspoon salt
1/4 teaspoon pepper

1/4 teaspoon cloves
2 medium onions, sliced
3 cloves garlic, crushed
1 tablespoon capers
1/2 cup blanched, sliced almonds.
Method:
Season chicken with salt, pepper and cloves. Then fry until browned on all sides. Remove skillet from fire and add remaining ingredients. Place lid on frying pan and cook over low flame until chicken is tender. The sauce should be cooked down like thick gravy and spooned over the chicken when ready to serve.

Quick Breads Live Up Summer Lunches

A quick bread can do so much to make summer lunches satisfying. Bake the loaf in the cool of the morning; store it in a tightly covered container and you will have it on hand for a number of meals.

When we added cheddar cheese and caraway seed to a quick loaf recently, we found it was superb with a variety of hot-weather, main-dish salads. You can make this loaf two ways: starting from scratch or using a prepared biscuit mix. Prepared either way, the loaf is fine-flavored. Sliced, it is the appealing color of golden sunlight. Undiluted evaporated milk and the cheese help to give it a delicious, moist, substantial texture. Another point in this bread's favor is that it slices beautifully thin, without crumbling, as soon as it is cool.

Some special salads to serve with this Caraway Cheese Loaf: Here are several nominations.

Try it with romaine or water cress (or other greens), cucumber and anchovies or small sardines. It is delicious, too, with stuffed tomatoes. Cut each tomato into six sections, without separating them at the base; push the wedges gently apart and fill with a salad of egg, chicken, crabmeat, tuna or shrimp. Or use another vegetable such as kerner corn or green peas marinated in French dressing for the stuffing.

We also like the bread with a salad of lettuce, pineapple and mayonnaise mixed with Bahama-type mustard and lemon juice. Or use a mixed salad of seasonal fruits—peaches, pears, blackberries and melon plus oranges.

8 1/4 by 4 1/4 by 2 1/2 inches; line bottom of pan with waxed paper, grease paper and sides of pan. Sift together the flour, baking powder, baking soda and salt into large mixing bowl. With a long-handled fork stir in grated cheese and caraway seeds until evenly distributed. Stir vinegar into milk. Beat egg enough to combine yolk and white; add milk-vinegar mixture and beat together lightly; pour into flour mixture; add melted butter. Stir only until dry ingredients are moistened; batter will be lumpy. Turn into prepared pan. Bake in moderate (350 degrees) oven about 30 minutes, or until tester inserted in center of loaf comes out clean. Turn out on rack; strip off paper; cool. Bread may be sliced thin as soon as it is cool.

SPEED-UP CARAWAY CHEESE BREAD
Ingredients:
2 cups sifted flour
1/2 teaspoon baking powder
1/4 teaspoon salt
1/2 pound cheddar cheese (grated fine)
1 tablespoon caraway seeds
1 cup evaporated milk (undiluted)
1 tablespoon vinegar
1 egg
3 tablespoons butter (melted)
Method:
Grease bottom of a loaf pan (about 8 1/4 by 4 1/4 by 2 1/2 inches; line bottom of pan with waxed paper; grease paper and sides of pan. Put biscuit mix, baking soda, grated cheese and caraway seeds into a large mixing bowl; with a long-handled fork stir until cheese and caraway are evenly distributed. Stir vinegar into milk. Beat egg enough to combine yolk and white; add milk-vinegar mixture and beat together lightly; pour into flour mixture; add melted butter. Stir only until dry ingredients are moistened; batter will be lumpy. Turn into prepared pan. Bake in moderate (350 degrees) oven about 30 minutes or until tester inserted in center of loaf comes out clean. Turn out on rack; strip off paper; cool. Bread may be sliced thin as soon as it is cool.

Try Exotic Fruit Salad Dressing
Perhaps you have your favorite dressing for a fruit salad, but if not, the kitchens of New Orleans, always a good source for the exotic in foods, have one to offer.

NEW ORLEANS FRUIT SALAD DRESSING
Beat together one 3-ounce package of cream cheese, 3 tablespoons lemon juice and 3 tablespoons light molasses. Fold in 1/4 to 1-3 cup chopped nuts. Enough for 4 to 6 salads.

If you want to serve fresh fruit cocktails all through the winter months, this is a good time to prepare and freeze the fruits now on market. Any combination, using the fruits your family like best, will taste good next winter when the table sunshine isn't so readily available nor so inexpensive.

Good First Course
Peel and de-vein a pound of shrimp; do not cook them first. Heat a quarter cup of butter in a skillet and add the shrimp and a quarter cup of chopped parsley. Cook and stir just until the shrimp are opaque through. Sprinkle with salt, freshly ground pepper and a little lemon juice. Serve with small rounds of bread cut from a crisp French roll, for an appetizer.

Try These Meats On Outdoor Fire
The most exciting outdoor eating consists of foods cooked over an open fire, whether it's a built-in barbecue, a portable charcoal grill or a Boy Scout style log fire. The best part of an outdoor cooked meal is the meat. Here are three good choices.

Hamburgers—Season with salt and pepper and perhaps a little onion juice or seasoning salt. Add no egg or bread crumbs. Make the patties flat and wide, as they will shrink up a little during cooking. Stack with waxed paper between, then wrap in waxed paper.

Barber Pole Franks—Grilled franks are delicious without any special fixings, but if you'd like a smoky flavor touch, twist the franks with bacon and fasten at both ends with toothpicks. Grill as usual, turning to cook bacon evenly; pop into buttered buns and remove toothpicks.

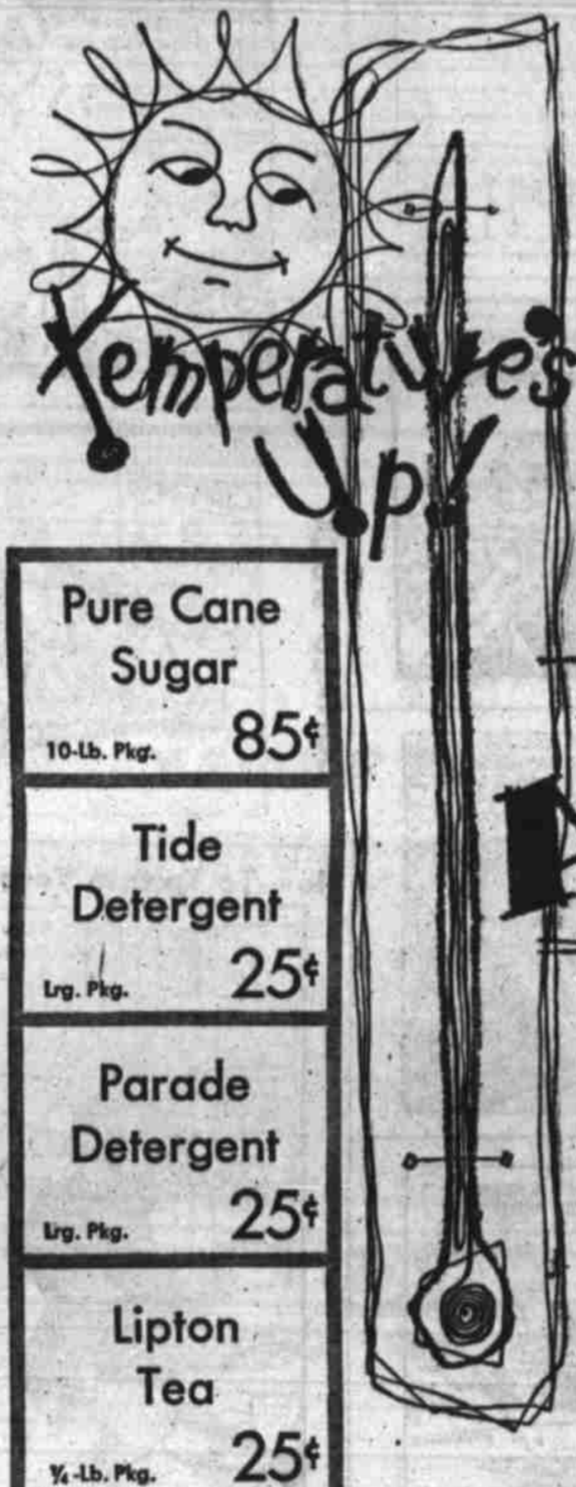

Cubed Steaks, Club Steaks, Sirloin—Don't take round steak to a picnic and expect to be able to fry it like a tender steak. A high grade of round steak may be acceptably tender if purchased thin, pounded with a meat pounder, then cooked quickly on a hot grates grill. It won't be as tender as porterhouse, however.

Big Interchurch Meeting Will Try For Closer Christian Ties

Miller's Role — A meeting starting next Monday in Evanston, Ill., will determine whether centuries-old divisions among Christian religions can be made smaller or even grow still smaller. Here is the first of four articles on the Assembly of the World Council of Churches, which some churchmen have called the most important religious event since the Reformation.

By GEORGE W. CORNELL
EVANSTON, Ill. (U)—Most of the world's churches are moving toward a fateful crossroad.

Which way they turn can mean either closer ties or sharper gaps in the centuries-old divisions of Christianity.

The answer hinges on the Assembly of the World Council of

Churches opening here next Sunday.

"It will be a critical test," said Dr. W. A. Visser 't Hooft, the council's general secretary. "We shall see which is stronger — the force of unity or the force of division."

The meeting will be the most widely representative Christian gathering ever held on the American continent.

In a range of subjects, purposes and participation, it may well be the most comprehensive Christian assembly ever called.

All things considered, said Dr. Franklin Clark Fry, head of the United Lutheran Church and vice chairman of the council's Central Committee, "it is the most crucial interchurch meeting in Christian history."

Fundamental theological questions, buried through the years in the ashes of denominational cleavages and regional aloofness, will be raised in the first such broad attempt to cement Christianity's scattered forces.

"The assembly will deal with subjects that go to the very heart of the faith," Dr. Fry said. "It is daring thing to do."

"The outcome can determine the lasting strength of the whole movement to bring the churches closer together and increase their effectiveness."

More than 1,500 representatives from 161 denominations with approximately 170 million members in 48 countries on both sides of the Iron Curtain will take part in the meeting.

Dr. Henry P. Van Dusen, president of Union Theological Seminary and chairman of the council's U.S. Study Committee, described it this way:

"The most truly ecumenical assemblage of the followers of Christ who have ever met 'in one accord in one place' in the 20 centuries since his life and death and resurrection."

Although the World Council met once previously — at its founding six years ago in Amsterdam — it is digging for the first time into basic and potentially shattering — on consolidating — matters of faith.

The present-day "Ecumenical Movement," aimed at bringing together the world's Christian churches, had its tiny beginnings at a missionary conference in 1910 at Edinburgh, Scotland.

It was dreamed, discussed and designed at succeeding meetings of Christian leaders in Stockholm in 1925, in Lausanne, Switzerland, in 1927, at Oxford and Edinburgh in 1937, in 1948 at Amsterdam it culminated in the World Council.

The council does not seek to become a world church, or even to arrange mergers, viewing that as the task of individual denomina-

tions. But it does seek, said Dr. Visser 't Hooft, "to be an instrument of the Holy Spirit for healing our divisions."

Except for the Roman Catholic, nearly every major church will be represented.

Although Roman Catholic churchmen have attended some previous meetings of World Council groups, none will be present at Evanston under a ruling by Samuel Cardinal Stritch of the Chicago archdiocese.

There have, however, been articles and studies by Roman Catholic leaders on the assembly's theme. Said an American Catholic publication, *The Pilot*:

"No true Christian at any rate will look with indifference at the hopes that are set in Evanston."

A coiled steel spring weighing a pound can be made to lift a pound of weight about 32 feet.

Scot Church Says Queen Out Of Line

EDINBURGH, Scotland (U)—The Free Church of Scotland sharply criticized Queen Elizabeth II Wednesday for making a donation toward the rebuilding of the South-west Roman Catholic cathedral.

Queen Mother Elizabeth and the Duke of Edinburgh also were taken to task.

The Commission of Assembly, the church's executive body, unanimously passed a resolution expressing deep concern over the royal family's action.

The resolution said "in the coronation the Queen solemnly undertook to pledge herself to uphold the Protestant faith of the nation and it is, in our opinion, quite inconsistent with these vows that she should also uphold a faith that is antagonistic to the Protestant re-

ligion and that in these days putting forth all its might to undermine and overthrow our national Protestantism."

The Free Church of Scotland is a sect outside the established Church of Scotland. In the past, it also has protested Sunday polo playing by the Duke of Edinburgh.

Peru Blames Revolt On Ousted Premier

LIMA, Peru (U)—Peru's government has blamed ex-Premier Zenon Noriega for leading the armed revolt it said it crushed early Tuesday.

A communique last night said Noriega, who was forced to resign as government chief Monday, had escaped and gone into hiding. He was aided by rebellious army forces in his attempt to unseat

President Manuel Odría, the announcement said, but the revolt was nipped without a shot being fired.
