

## William Cushing, Pioneer In Area, Succumbs At 78

William Fabens Cushing, 78, a Bostonian who turned cowboy, rancher and oil explorer, died at his home here at 4:30 p.m. Tuesday.

He has been ill for 20 months. Mr. Cushing had been in retirement for the past 20 years.

Funeral will be held at 10:30 a.m. Thursday at the Nalley Chapel with the Rev. Otis Moore, pastor of the St. Paul's Presbyterian Church officiating. Burial is to be in the City Cemetery beside the grave of his wife who died in June, 1941.

Mr. Cushing leaves one son, William E. Cushing, Clarendon; three daughters, Mrs. H. C. Stipp, Big Spring, Mrs. H. A. Reque, Wichita, Kan., and Mrs. F. D. Holmes, Jacksonville. He also has one brother, R. W. Cushing, Chevy Chase, Md., and one sister, Mrs. Sallie Souther, Kohasset, Mass.; and three grandchildren.

The transformation of a Bay State native and young sailor into a West Texas cowboy was based simply upon climatic conditions, as Mr. Cushing described it. Instead of going to Harvard as his four brothers had done and as was a family tradition, he struck out for Texas in search of a "place that's not so cold."

On March 1, 1893, he arrived here to look after his father's interest in the Cushing & Sanderson ranch in northern Glasscock County. His father, L. F. Cushing had come to the area originally in 1886 searching for a location to go into sheep ranching, and although he did not engage actively in the business himself, he had formed a partnership with the late Bob Sanderson.

Mr. Cushing had been born July 6, 1876, in Kohasset, Mass., and this became the basis for naming a now vanished Glasscock County settlement, Kohasset.

He was married to the former Miss Daisy Mann in Sterling City on June 29, 1905. Their home was a spark of culture on the frontier as its hospitality attracted many social gatherings.

An adventurer at heart, he quickly formed the Cushing Ranch Drilling Association back in 1920-21 and searched for oil when the pioneering on this frontier hit the area in earnest.

Member of a family that had come to American from England in 1638, his forbears included Chief Justice William Cushing who administered the oath of office to President George Washington.

Mr. Cushing was a member of the sons of the American Revolution. For many years he presented the SAR award for good citizenship to the outstanding graduates of Big Spring Junior High School. The award was more popularly known here as the Cushing Award. Mr. Cushing also was a long-time member of the BPOE.

He had acquired Mr. Sanderson's interests in the Glasscock Ranch and about 20 years ago he sold the property to the Foster family. He acquired a ranch in Ector County, but he did not take part in its operation. This he left to his son, who also took over the ranch in which Mr. Cushing had an interest in Hall and Briscoe counties after disposing of the Ector property.

Fallbeaver for Mr. Cushing will be Robert Foster of Sterling City, Fred Hyer, Charlie Creighton, Marion Edwards, Ben McCullough, Tom Currie, Robert Currie, and Malcolm Patterson.

## Ammunition-Laden Freight Car Blazes And Then Explodes

SPRINGFIELD, Mo. (AP) — An ammunition-laden freight car caught fire in the Frisco freight yards last night, touching off a series of spectacular explosions and spraying 165 mm. shells over a wide area.

Exploding shells hit one house, destroying it. Another was badly damaged. But only one person was reported injured.

An estimated 4,000 to 5,000 shells were in the car.

Two Frisco yardmen were credited with averting a far more serious situation. The men, Gerald Summers and Sam Gaston, uncoupled the burning car from three other cars also loaded with ammunition.

A freight engine pulled those three cars and the remainder of the train out of danger. Then a switch engine pushed the flaming car west of the yards.

Persons in the area were evacuated. All streets and roads for a mile around the scene were barricaded.

The fire started about 7 p.m. By midnight the car had burned itself out.

## Air Force Flies Beds For Victims Of Polio

HOUSTON (AP) — Air Force planes have flown 10 beds for children to polio-stricken Harlingen after an emergency call.

John G. Dudley, administrator of Baptist Memorial Hospital here, said Harlingen's Valley Baptist Hospital has received its 72nd polio patient and is in dire need of children's beds.

## Rioting Erupts Anew In Sorrowing Brazil

By JIMMIE PAYNE

RIO DE JANEIRO, Brazil (AP) —

Widespread rioting—some of it directed at American business installations—flared in the Brazilian capital today immediately after the body of Getulio Vargas was taken by plane to burial in southern Brazil.

Two persons were killed and more than 30 persons were injured in an outbreak of violence after a half million Brazilians had gathered at Rio's downtown airport to pay a last farewell to Vargas—the strong man leader who chose yesterday to take his own life rather than yield the presidency by force.

Three persons were killed and 30 injured in clashes yesterday in Brazil.

This morning troops patrolled the streets in heavy numbers while Vargas' body was taken from the presidential palace to the airport.

There was no outburst until after the plane left the airport for Vargas' home in southern Brazil where he was to be buried in an unbleached grave.

A crowd gathered in front of the Air Ministry, apparently to express their hostility at the 58 air force and army generals who forced Vargas, 71, to resign.

Troops rushed to the scene and opened fire, injuring two persons. Violence spread to other areas.

In the central area of the city a riot car tried to disperse a mob. The angry Brazilians mobbed the car and set it afire. At least 20 persons were reported injured in that incident.

Hospitals in another section reported treating at least 10 persons for injuries.

Windows of the Standard Oil Co. building were smashed and crowds gathered at the U. S. Embassy, which was placed under heavy guard.

Troops finally cleared the streets. Loudspeakers mounted on trucks rolled through the downtown area, calling on the population in the name of the chief of police to maintain order.

U. S. diplomatic buildings and firms, as well as newspapers which opposed Vargas, were major targets.

Rioters burned the office of the Diarios Associados publishing and radio chain in Porto Alegre, on the Atlantic Coast, heavily damaged the U. S. consulates in Belo Horizonte and Porto Alegre, and hurled rocks through the windows of the heavily guarded U. S. Embassy in Rio.

Many rioters, apparently sparked by the Communists as well as traditional anti-U. S. feelings, blamed the United States for fomenting the crisis which brought Vargas' downfall.

Obviously, too, the rioters were incited by the 600-word suicide letter Vargas wrote just before his death yesterday, in which he spoke of "a subterranean campaign of international groups joined with national groups revolting against the regime of workers' guarantees."

After writing the letter, the 71-year-old strong man put a bullet through his heart. Only a short time before, a group of 58 air force and army generals had forced him to quit his post.

Since the beginning of World War II, Vargas had been a staunch ally of the United States, first against Germany and later against communism.

Brasil's new President, 55-year-old Joao Cafe Filho, who automatically stepped up from the vice presidency, is regarded similarly favorable to the United States.

Vargas' body was to leave by plane today for burial at his native prairie village of Sao Borja, in the state of Rio Grande do Sul in southern Brazil.

Because he died a suicide, Roman Catholic authorities denied him religious rites.

Eight days of mourning were decreed throughout the nation.

An estimated 100,000 of the Brazilian masses from whom Vargas since 1930 had drawn his great support filed throughout the night past the bier in the presidential palace. They waited for hours in double lines stretched for 10 blocks on both sides of the street outside.

Yesterday's violent demonstrations ended in Rio as night fell. Armed guards and cavalry continued to patrol the streets. In Porto Alegre the military took control at the request of the state.

## \$163,627 In Tax Liens Filed Here

Federal tax liens for a total of \$163,627.06 have been filed in the county clerk's office here against Clifford D. and Irene Wiley.

The liens are for alleged unpaid income taxes, penalties and interest for the years 1946, 1947 and 1948, and income taxes and interest for 1945, 1949 and 1950.

Three separate liens were filed. One was against the property of Clifford D. Wiley for the years 1946, 1947 and 1948 in the sum of \$68,644.52. Another was against the property of Irene Wiley for unpaid taxes and interest totaling \$39,506.67 for 1946 and 1947.

A third lien was declared against property of Clifford D. and Irene Wiley in the amount of \$55,475.89 for the years of 1948, 1949 and 1950.

## Yarborough Asserts Gamblers Favor Foe

By MAX B. SKELTON

HOUSTON (AP) — A confident Ralph Yarborough carried his gubernatorial campaign into Central and North Texas today after charging that Gov. Allan Shivers is being supported by a Galveston gambling ring.

After a morning speech at Bryan, Yarborough was to fly to Wichita Falls before moving on to Tyler for a night rally. He is to spend tomorrow in San Antonio and conclude his campaign with a telecast from Dallas Friday night.

A crowd estimated at 2,500 was in Houston's city auditorium last night as Yarborough made his final bid for votes in the state's most populous county.

He had begun the day's schedule with a Houston press conference during which he predicted victory Saturday regardless of the size of the statewide vote. In the late afternoon he campaigned briefly in Galveston and then spoke before a crowd of about 600 in the City Hall auditorium at Texas City.

Yarborough said that while in Galveston he was given a copy of a sample ballot which had been distributed there.

He told the Houston audience: "It was the ticket of a big gambling ring down there. They are beating the drum for Allan Shivers."

At Texas City he said: "Shivers' name heads the ticket but of course it doesn't say it is

the ticket of international racketeers."

He also charged that prior to his arrival in Galveston "goon squads" had gone into the business district to tell people not to show up at his rallies.

"The people of Texas are not going to be beat down by the bossism that gets its orders out of Austin," he said. He later said corruption in Austin is worse than in the carpetbag days following the Civil War.

Yarborough said the crowds his stump speeches have been drawing is indication of victory in Saturday's run-off primary.

He said over 3,000 people heard him Thursday night in Laredo.

"I had been advised not to buck the Webb County political machine," he said, "but it was the first 'Freedom Rally' to be held there in 22 years."

Yarborough also said Shivers has run a campaign filled with "vilification, smear and totalitarian techniques."

"I hear every day of some man who has been fired because he has supported me," he said. "That is a totalitarian technique."

Dick Eisler, Port Arthur mayor pro tem, yesterday challenged Yarborough to carry out his promise in 30 minutes instead of 30 days.

"Eisler is tied in with Allan Shivers," Yarborough told reporters. "If this Eisler were any kind of mayor at all he would already have settled the strike."

## City Commission Votes Increase In Tax Rate To Go Up 15 Cents Per \$100 Valuation

### City Asks Bids On Paving New Parking Areas

Bids for paving parking areas on three sides of the courthouse square will be received by the city at 2:30 p.m. September 9.

The City Commission Tuesday evening ordered advertisements for bids on the project, setting the date as early as possible under publication regulations.

The work calls for 1,855 square yards of surfacing, representing widening of Scurry, Third and Fourth Streets around the courthouse. The work is a part of the landscaping project in which the city and county are cooperating.

The Commission Tuesday also ordered closing of an alley through the block between 11th Place and 12th St. and between Young and Donley. This had intersected the block which has been acquired in full by the Furr Realty Company, and on which Furr Food Stores plans a new super market.

The company had asked closing of the alley in order that it might utilize the full block. The Commission's action was pending a satisfactory agreement completed between Furr and the utility companies which might have lines in the alley.

Passed on an emergency reading was a new city ordinance prohibiting the sale of beer on Sunday. Such an ordinance which has been in effect for two years was affected by a recent decision of the Court of Criminal Appeals, said City Attorney Walton Morrison, and the new statute was drafted to conform to the court's ruling. Under the city ordinance, sale of beer is prohibited within the city limits between 1 p.m. and midnight Sundays. Beer sale during other Sunday hours is banned under the state law.

Mrs. Shine Phillips and Mrs. Friend Talbot appeared before the Commission to request some improvements at the West Side Park, which is operated by the Council of Church Women. They asked installation of a drinking fountain, a storage closet in the park building, and some work on the grounds. City Manager H. W. Whitney was instructed to carry out this work.

The Commission heard, but took no action, on a complaint filed by Milburn and Peeler, regarding changing of grade on Fourth Street for the construction of the Highway 80 freeway. The two operators of Coleman Court, said in a letter that the grade was lowered more than an original agreement, and felt that their property had been damaged to the extent of \$10,000.

### ABSENTEE VOTES SURPASS JULY'S

Howard Countians marked 723 absentee ballots for the Saturday election — 170 more than in the first primary, but 103 short of a new absentee voting record.

Keen interest in the governor's race, as well as in the five local contests, is reflected in the large turnout. The absentee vote also indicates a wholesale turnout to the polls for the run-off election Saturday.

There were 533 absentee votes cast in the July primary election. Record for the county was set in the 1952 general election when 827 absentee ballots were cast in the presidential election.

The city's tax rate this year goes up 15 cents to a total of \$1.85 per \$100 assessed valuation.

The City Commission ordered the increase at its meeting Tuesday afternoon, after surveying the new tax roll and considering immediate and future budget needs.

On the basis of an anticipated 90 per cent collection, the new rate is expected to yield a little in excess of \$294,000. The budget for the current year had anticipated tax revenues of \$273,534.50, but under the old rate of \$1.70 would have yielded only \$270,552.03.

It was the city's first tax rate increase since 1939. In that year the levy was increased from \$1.30 to \$1.70, when water improvement

bonds were voted for the construction of Moss and Powell Lakes.

Five bond issues, aggregating \$620,000, have been approved since 1942, each of them providing, of course, a tax levy for bond retirement. The city in each case had been amortizing these bonds without raising the rate. There is a total tax authorization of 63 cents provided for in the bond issues that were voted. These include:

Waterworks and sewer extension in 1942, \$70,000, and providing a 10 cent levy; waterworks improvement and extension in 1944, \$400,000 and providing 43 cents levy (this was developing O'Barr water field in Glasscock County); storm sewer bonds in 1951, \$100,500 and providing a five cent levy; street improvement in 1953 for \$50,000 and providing a four cent levy. These issues do not include \$1,250,000 in revenue bonds, or a series of warrants issued in 1951 and 1953.

Commissioners frankly were faced with an operating deficit that would grow. One item of \$4,900 recently was approved for a fireman's wage increase, and this had not been provided in the budget.

Mayor G. W. Dabney pointed to the growing demand for municipal services, and said "we simply cannot provide them on the tax rate we have maintained for the past 15 years."

Preliminary tax roll as submitted after a board of equalization hearing amounted to \$17,865,090. This was nearly \$150,000 less than the \$17,995,000 which had been anticipated, but is up from the 1953 assessed valuation of \$16,849,210. All valuation increase came from new construction and additions to property in the city.

Appropriation of 58 cents from the new \$1.85 tax rate for the interest and sinking fund will be continued. Allocation for the general fund which has been \$1.14 of the total tax rate, will be increased to \$1.29.

Commissioners debated at length on the financial situation, and expressed the hope that the rate might be lowered next year, if emergency conditions are met and fiscal adjustments can be made. Some discussion was had on advancing of the water rate, but this was turned down. One proposal was made to advance the tax rate by 10 cents, but council members felt that this would be cutting the needs "too thin" and an unanimous vote was given on the 15-cent hike.

The city assesses property on the basis of a 66 2/3 per cent of valuation, as compared to the Big Spring Independent School District's 100 per cent.

Tax Assessor-Collector Perry Johnson said that the city assessment on the average five-room home would run about \$2,000. On this basis, the tax increase would represent \$3.00 per year.

## Paris Sets EDC Vote This Week

PARIS (AP) — The European army treaty's chances looked slimmer than ever today following Premier Pierre Mendes-France's decision to submit the pact to the National Assembly Saturday without government support.

He told reporters last night he would not stake the life of his government by calling for a vote of confidence on the treaty's ratification. The crucial decision not to recommend it as government policy was made at a Cabinet meeting which lasted into the late hours.

Even as the ministers met, U. S. Secretary of State Dulles and other backers of the proposed European Defense Community expressed hope the French still might squeeze through ratification. The French Cabinet's decision left little basis for such hopes.

West Germany, the Netherlands, Belgium and Luxembourg already have formally approved the agreement to pool their military resources with those of France and Italy. Italian ratification was expected to hinge on the French action.

France's five partners in the scheme, meeting with her at a foreign minister's conference last weekend in Brussels, unanimously rejected Mendes-France's proposals to drastically change the project. The alterations would have

stripped EDC of much of its central authority.

He reportedly told the other foreign ministers in Brussels last week that unless they accepted his modifications the Assembly would defeat the treaty by some 30 votes.

Hot weather continued in Texas Wednesday with skies mostly fair to clear.

Scattered thunderstorms Wednesday afternoon or night were expected to hit out even more for Thursday, the weatherman said.

Meanwhile, border residents again watched the Rio Grande anxiously.

Heavy rains last week in the El Paso and Presidio - Ojinaga areas had swollen the river far past its normal size and flow again. There was a report at Del Rio that the temporary international bridge there might be closed because of high water.

And in Austin, the Highway Patrol said there was a chance the temporary bridge over Highway 90 at Pecos River Canyon might be closed if the water rises Wednesday. But late Tuesday the river had dropped nearly a foot.

But still the people along the Rio Grande — Texan and Mexican — watched the river closely.

Rainfall for 24 hours included Galveston 1.01 inches, Beaumont 52, Victoria 47 and Salt Flat 21.

Temperatures Tuesday remained under 100 degrees. The highest reported to the Weather Bureau was 98 degrees at Laredo, Presidio and Junction. El Paso was the cool spot with a high of 81.

## Three Youngsters Injured In Two Traffic Accidents

Three Big Spring youngsters were injured in two separate traffic mishaps Tuesday.

Newlin Charles James, 15, of 109 Princeton, received a fracture of his right arm, a severe laceration on his right shoulder and lacerations and abrasions on his face and body. James' motor scooter and a car operated by Donald Burley Davidson, 14, of 504 Runnels, were in collision at Washington and Eleventh Place, police said. The mishap occurred about 9:30 p.m.

Evelyn Smith, 7, daughter of Louis Spivey Smith, suffered contusions on her head and body when she was struck by a car in the 100 block of West 12th about 5 p.m. Tuesday.

Michael Lee Chenault, 14-month-old son of Mr. and Mrs. Darvis G. Chenault, 1603 Avion, received a bruise on the head and a laceration in the mishap. He was not hospitalized.

The little girl, granddaughter of Mr. and Mrs. L. E. Giles, 1711 Scurry, apparently ran into the street while playing with other children. Darvis Chenault, driver, said he didn't see her in front of his car.

The Chenault youngster was thrown against the windshield when his father applied the brakes. The windshield was broken.

Eberley-River ambulances took young James and the Smith girl to Big Spring Hospital where they are under treatment.

Two other accidents, without injury, were reported to police Tuesday afternoon.

Theodore A. Schwann, 307 E. 6th, and Roy J. Hightower, 8114 S. Greig, were operators of automobiles which collided in the 100 block of East 11th at 2:04 p.m.

A collision at 4:53 p.m. involved William Jack Gramer, Webb Air Force Base, and Leroy Clark of Colorado City. The accident occurred in the 1200 block of West Third. Gramer was driving an automobile and Clark a truck.

Chanute Officials Re-Study Slaying, Tie It To Pachucos

CHANUTE AIR BASE, Ill. (AP) — Officials at Chanute Air Force Base have reopened the investigation of the pistol death June 6 of an airman, hitherto considered accidental, and linked it to the terrorist Pachucos society.

Maj. Gen. Byron E. Gates, commander of this technical training base of 15,000 men, said an airman held for questioning in the slaying is an admitted Pachuco. He is one of 50 gang members held in the stockade.

The roundup of the 50 on the base followed offenses which Gates said ranged from AWOL to marijuana addiction and to "savagely assault on members who had 'rat' on Pachucos."

He described the 50 airman as "arrogant" and "faithful to the laws of Pachucos." Many of the men will be given court-martials and dishonorable discharges as a result of the investigation, he said.

Pachuco members take an oath, signed in blood, requiring them to carry knives at all times, perform acts of violence and pledge to give no information to law enforcement officers.

## Shivers Claims Foe Promises Tax Hike

By MARTHA COLE

GEORGETOWN (AP) — Gov. Allan Shivers chided Ralph Yarborough today about his campaign vows and declared that "the thing he is really promising you is a sales tax and a state income tax."

Speaking from a flat bed truck under the shade of a pecan tree, Shivers said his opponent in the Saturday run-off for governor "promises everything you want, just like a man going around in a revolving door."

About 400 persons listened to the governor on the courthouse square. Shivers declared his opponent has said he was going to fire state employees, but that if they voted for him (Yarborough) they jobs would be safe.

This, the governor said, is "the cheapest, dirtiest political trick I have ever seen."

Shivers said Texas has the sixth lowest tax rate among the states and has money in the bank.

"The other day my opponent said we ought to be ashamed of that money in the bank, ashamed of our thrift," Shivers said. "He wants to spend it. As soon as you spend you have got to turn the wheel and tax and tax."

He declared in an address last night it was an unmitigated lie that a bully was sent to get a statement from Mario Sapet, convicted in a South Texas murder. Shivers made the speech to some

4,000 persons at a Brownwood rally last night. Today he carried his campaign for governor in Saturday's runoff primary vs. Central Texas' own Governor, Lyndon B. Johnson — where his opponent, Ralph Yarborough, ran strong in the first primary—and on to Waco for four residential gatherings.

Shivers brought up South Texas, Duval County and its controversial political leader, George Parr, in Brownwood, where Sapet was tried and convicted in the slaying of Jacob Floyd Jr. of Alice. The youth's father has said it was a political slurring meant for him.

Shivers said Sapet had held a guard in the penitentiary that if my opponent (Yarborough) is elected, Parr would get Sapet a pardon.

Shivers said that the good people of Duval County were trying to clean up the trouble there and were helping in an investigation.

"I hope you won't let them down by turning the reins of government over to a man who would call all that investigation," he said.

He said that Parr had said he would support Yarborough.

"I think this opponent had promised them something in return—I know not what," Shivers said.

He told the crowd that "there are a lot of good people who voted for my opponent. I've seen a lot of them today and they told me they realized they had made a mistake."

By contrast with the wildly exotic banquets on which their hosts have feasted the Laborites, Trevelyan gave Chou and his other 47 guests a rather simple English meal—iced watermelon, tomato soup, cold fish, roast chicken, cake with cream, and French wines and champagne.

It was Chou's first visit to the British compound in Peiping, and as such it put the hallmark of respectability on Britain's diplomatic mission in the Chinese capital.

For a long time the British diplomats here never have been able to meet Chou, least of all entertain him at dinner. Because of this, most Chinese were fearful at having any contact with the British. Now that Chou at last has crossed the impressive legation portals and under the royal coat of arms, future relations are expected to be more cordial.

It is expected that within the next few days announcement will be made of the man who will represent China in London. Arrangements for this were made between Chou and Foreign Secretary Anthony Eden at the Geneva conference.

LETTERS TO THE EDITOR

Cites Court Record On Narcotics Cases

To the Editor: After reading the letter of Mrs. Merle Hodnett in Sunday's paper, I decided that she had a very good idea when she suggested that the records of both Jess Slaughter and Jake Bruton for narcotics law enforcement be checked over comparable periods. At least this would show by facts and not favor or prejudice which man has done the most toward the cleaning up of this well-known threat to our community.

I have checked these records and they are as follows, as taken from the files of the District Clerk of Howard County: For the first 18 months in the administration of Jake Bruton, Jan. 1, 1951 through June 30, 1952, there was a total of 30 narcotics indictments returned. Twenty-nine of these were developed by Bruton and his deputies; and the other one was developed by the city police.

A total of 88 years of imprisonment have been meted out as punishment to those who were found guilty in criminal district court in this county. For the first 18 months in the administration of Jess Slaughter, Jan. 1, 1951, through June 30, 1954, a total of only nine indictments have been returned for narcotics violations. Two of these cases were developed and arrests made by Jake Bruton during his last few days in office, and this leaves seven. Of these seven only three have been made by Big Spring city policemen and a state officer. Of these that have been made since Jake Bruton left office, nobody has been sent to the penitentiary.

It was suggested that we check the facts. They are: MRS. W. E. MANN 704 East 14th St.

Takes Issue On The City's Services

To the Editor: This will be the first and perhaps the only letter I ever write to the editor. But when you see a person open his mouth, as Mr. Bud Tucker did in Sunday's paper, it makes you feel free to express your own opinions freely, because it couldn't show less understanding than did Mr. Tucker.

I feel sure that if Mr. Tucker doesn't like the way the city is operated, he can do something about it. He can leave town or he can try to get on the city commission. Of course, the salary of a city commissioner, \$120 per year, is over-paying them, since they only put in any and all hours.

I am also sure that if Mr. Tucker doesn't like the cesspools that are being used he is welcome to start a campaign against a city ever being laid out without one. However, when the original township was laid out here, I feel most certain that the disposal plant of that time was a shovel.

If anyone finds anything for free in this world, that is worth money, let me know. Until then I will pay my taxes and thank God I can live and worship as I please. JOHN J. HAMILTON

Don't Burn Trash In The City Limits

To the Editor: We would like to know if it is against the City ordinance to burn trash within the city limits? If so, why do citizens continue to burn trash daily? If not, it should be. We mothers have our daily washing to do and there is no sense in washing if our clothes are to smell like they have been in a fire. We wash to keep clean and smell clean.

Now if the men don't mind smelling as if they have been in a fire, let them burn trash; but for the Mothers' and children's sake—let's don't burn trash! MRS. JAMES R. PIPER 908 East 13th St.

Sen. Jackson Suggests New Congress Revise Red Laws

By JACK BELL. WASHINGTON (AP)—Sen. Jackson (D-Wash) proposed today that the 84th Congress take time to do "a thorough and resolute" job in revising the laws curbing Communists, including a bill signed yesterday by President Eisenhower.

Eisenhower said in signing a measure which would strip the Communist party of its legal rights that further study will be required to determine its full impact on the enforcement of laws already on the books.

As one of the Democrats who helped put across the measure in the face of Republican opposition to attaching it to another bill, Jackson said he regards the legislation as being open to possibly extensive revisions when the next Congress meets.

"I hope that when we return in January we can do a thorough and resolute job in dealing with the Communist problem," he said. "The action Congress took on this particular bill was hasty and done without committee hearings."

"By January we should have some positive comment by the Justice Department on the workability of the new law and how it affects other statutes."

Jackson said he and other Democrats who suddenly came up with a proposal to outlaw the Communist party had no intention of hampering the operations of the Internal Security Act, under which the Justice Department is attempting to force the registration of all Communists.

Eisenhower said in signing the bill that he was satisfied that its terms "were not intended to impair or abrogate any portion of the Internal Security Act or the criminal statutes under which the leaders of the Communist party are now being prosecuted and that they may prove helpful in several respects."

Congress finally passed the bill in somewhat amended form after administration protests that the original Democrat-sponsored version would hamper its efforts against the Reds.

Cub 'Sleep-Out' Planned Friday

Another field day and "sleep-out" for Cub Scouts is set for the City Park Friday. Cubs from all packs in the Lone Star District are expected to participate. They are to report at 11 a.m. Friday with sack lunches. Games, scouting contests and similar activities will fill the afternoon.

Parents are to bring picnics, lunches and the Cubs and their families will eat together, by families starting at 6:30 p.m. A big pack meeting will be held after the picnic, Jack Alexander, Cub commissioner, reported.

Dads and their Cub sons will sleep out Friday night at the park, preparing their own breakfast Sunday morning. Cubs who desire to may take their Cub-Mobiles to the field day. Alexander said that if sufficient vehicles are on hand a race will be held, with Cub fathers providing the motive power.

White Grub Worms Threaten Bermuda

Lawns suffering from white grub worm infestations should be treated immediately, Durward Lewter, county agent, said. He advises use of one pound of 10 per cent chlordane to 500 square feet. The application should be watered down and repeated in 10 to 14 days.

Indications of the worms, which can completely destroy Bermuda lawns, is a "spongy" lawn and grass that looks as if it had been burned.

In first week in September is a good time to apply 16-20-0 or other good fertilizers to the lawn. Lewter said.

The worm poisoning and fertilizer could easily be applied at the same time with the use of a fertilizer distributor.

Help Wage The War On Crippling Polio

To the Editor: I realize that at this time most of our thoughts are directed to the August primaries, which when boiled down, amounts to a verbal war between two big healthy men. Why can't we direct just a few of our thoughts towards another war. A war that is being waged daily by many of our youngsters. A war against a crippling and deadly disease, polio. Their struggling to keep the use of their small limbs.

Several of our homes here in Big Spring have been struck by the disease. My own home was hit a little over three years ago, when my son, nine months of age at the time, was struck by the disease. At that time I was financially unable to have the proper medical care for him. It was the Dallas County chapter of the National Infantile Paralysis Foundation that stepped up and provided the necessary doctors and treatment. Thanks to the funds that the people of this great country have donated, my son was taken care of. Today he is four years of age and walks, runs and plays with the other children.

Today the funds of this great organization are exhausted. Today there are so many youngsters who are being knocked down by this disease who face a life of sorrow with twisted limbs, unless these funds are replenished. Today it is up to the people of this great U. S. A. to replenish those funds. Some folks will no doubt gripe because they are asked to give again to this cause, but I would venture to say these same folks will gripe regardless of who is nominated in the August 28th primary also. I would also venture to say that they would be the first to call for help if someone in their home was struck with polio. Let's get behind this thing and see that our war against polio is not lost because of lack of ammunition (funds).

In closing, let me say this: "I gripped because I had no shoes until I saw a man with no feet."

# Little Girls Better When They Look Pretty

By DOROTHY ROE  
AP Women's Editor  
One of America's top designers of children's fashions has based her success on psychology.  
Helen Lee, youthful attractive mother of three daughters, discovered early in her child-raising career that little girls behave better when they look pretty.  
"A child who knows she is becomingly dressed gains poise and confidence," says Mrs. Lee. "She is likely to be a happy child, and a happy child usually is a good child."  
Mrs. Lee is not of the buttons-and-bows school. She relies on cut and color rather than on trim-

blings for the effectiveness of her designs. And on almost every Helen Lee outfit there is an amusing touch; for example, one of her most popular small-try dresses of last season came with its own "Under Dog" petticoat—a ruffled affair trimmed with pink, blue and brown dachshunds. She is likely to put a pocket in a sash instead of in the conventional place, or embroider a Mother Goose rhyme around the hem of a toddler's frock.  
This experienced mother discovered that small girls like to dress like big girls as soon as possible, and that most of them abhor puffed sleeves and baby trimpings. So she gets a touch of adult design into her young fashions, plans coordinated wardrobes that can be worn together or switched around.  
"I like to appeal to the child's tastes as well as those of the mother," says Mrs. Lee. "Sometimes it's a tough job—but that's the kind of challenge a designer needs."

Born in Knoxville, Tenn., Helen Lee started her dressmaking career by making clothes for her own children. Before that, however, she had studied fashion design in New York and had won a contest in the field. Recently she received the American Fashion Critics Award for outstanding work in children's design.  
She believes color psychology plays a big part in children's fashion tastes and has discovered the favorite is bright red. Next comes blue, then yellow—the bright primary colors that give a lift to young spirits. Says she:  
"Most people underestimate children's sense of humor. All children love a joke, and if a dress can have a trick that makes them laugh, then it's a success."  
Mrs. Lee thinks it is the inalienable right of every girl to have a voice in selecting her own clothes after the age of 7. And she has found that the only way girls can learn to shop wisely is to be allowed to buy their own things and make their own mistakes.

## Indoor Sports Club Postal Sale Will Finance Delegates

Proceeds from the Postal Sale to be held by the Indoor Sports Club Thursday evening will go to defray expenses of the delegates to be sent to Toledo, Ohio, for the annual convention on Sept. 9-12. This sale will be held at 8 p. m. at the Girl Scout Little House, and the public is urged to attend.  
Method of the sale is the auctioning of packages which have been mailed to members from various friends. These are auctioned just as they are received. The value of each is at least 25 cents, and in former sales held by the group, values have run higher. The price limit of bids is placed no higher than \$1.00. Joe Williamson will be the auctioneer. Cake and ice cream will be sold.  
Delegates are James Horton of Big Spring and Willa Mae McCandless of Amarillo. Alternates are Travis Edwards of Plainview and Bess Foringer of Amarillo. Mary Spence will attend the meeting as a candidate for the office of vice president.

## Appreciation Party Given Mrs. Milling

Mrs. L. E. Milling, who is moving to Lubbock soon, was recently honored with a surprise party at a joint meeting of the Women of St. Paul Presbyterian Church.

## There's Gold In Them Crawlers

... Gladys Pederson, left, and Minerva Cutler pack Maine earthworms in cartons for shipment to every state. Carton of 500 brings \$4.

## Underground Agents Help Make Money, Soil

By FREDERICK JAMESON  
of the Boston Post  
Until five years ago the Misses Minerva E. Cutler and Gladys M. Pederson, two retired school teachers, now of West Brooksville, Me., would have run a country mile if anyone held a wiggy worm in front of them.  
But they are no longer squeamish. In fact, the more they see of them the more they like them. Worms mean money in their pockets.  
When they jointly purchased an old farm known as "David's Folly" in this "down east" locality, their intention was to renovate the buildings and operate it as a summer resort. They also intended to work the farm but found the soil was sadly depleted.  
Then they heard that an underground operator, called Lumbric terestris, would bring their soil back to its original fertility. They also learned that their income could be supplemented by raising them. So they made an initial purchase of 3,200 crawlers from an earthworm farm in Ohio. Now the two former school marmas are considered the largest growers of worms in New England.  
Neither will try to guess the number of worms currently growing on their farm, but if you needed a million or two, they'd be able to furnish them to you just as fast as they could be counted.  
So far the pair have sold and delivered their Maine-grown worms to customers in every state in the Union and have sent thousands of egg capsules to Canada and England.  
The worms multiply with astronomical speed. One earthworm can produce from 350 to 500 new earthworms every year. It takes 50,000 earth worms, they say, to turn over a cubic yard of earth in a month. In properly composted waste, they can make a ton of the richest topsoil known.  
The Misses Cutler and Pederson

### Soldier, Though TB Patient, To Wed Japan Sweetheart

PHOENIXVILLE, Pa. (U-P) — Ward 20 C-D at Valley Forge Army Hospital was "up in the air" today over its social event of the year—the wedding of M. Sgt. William Hardin and Miss Isako Shirayama.

It's a wedding that had to clear medical, language and legal hurdles separating the 33-year-old Louisville, Ky., soldier from the slim, attractive, 23-year-old Japanese sweetheart.

They will marry Saturday in the post chapel.

Miss Shirayama must appear before immigration authorities in Washington shortly to determine how long she will be allowed to remain in the United States.

She's here under \$300 bond pending an appeal on a decision by authorities in Hawaii that she had no right to enter the United States on a six-months visitor's visa because she had specific intent to marry.

"If she can stay in this country," says the philosophical Hardin, "I'll send her to my home in Louisville and if not, then she'll have to return to Japan. But she'll soon be able to re-enter the country because now she'll be married to an American citizen," he explained.

And there won't even be a honeymoon—at least not for the present. Hardin is being treated for tuberculosis he contacted while serving in Korea and is not allowed to stay away from the hospital ward. Osaka, who speaks little English, has been living at the hospital

guest house since her arrival last weekend.

The couple is well aware of all the problems, Lt. Col. John Plum, chief of the hospital tuberculosis service, said yesterday.

"Otherwise, I wouldn't have approved the marriage," he said. The medical officer had a long chat with the two yesterday before official permission was given.

Hardin was stationed in Japan when he met Isako. They planned to marry then but the World War II veteran was transferred to Korea and then was hospitalized on his return.

Col. Plum said it will be about 10 months before Hardin can leave the hospital. There may be some passes, though, by Christmastime and maybe even a convalescent leave in January.

Cpl. Moses Life of Brooklyn, a patient in Hardin's ward, said, "Everybody plans to attend the wedding. We're really up in the air about it."

### Boy Scout Jamboree Set At Niagara Falls

LINZ, Austria (U-P)—Niagara Falls, Canada, will be the site of next year's world jamboree of the Boy Scouts.

Gen. Dan Spry, director of the International Bureau of the World Scout Movement, announced yesterday that the gathering is scheduled for the scenic spot Aug. 18-28. It will be followed by a general assembly of Scout leaders.

### British Turn Down Polish Demand For Stowaway's Return

LONDON (U-P)—Britain today rejected Poland's demand for the return of a Polish sailor who stowed away on a freighter to escape his Communist homeland and was granted asylum here.

Eighty British police rescued the seaman, 24-year-old Antoni Klimowicz, from the Polish freighter Jaroslaw Dabrowski July 31. He hid on the ship when it left Poland. Crewmen caught him before he could escape in London and were hauling him back to his homeland.

The British note turned down Poland's demands for compensation for alleged damage resulting from detention of the ship and the police action. The British also denied Polish charges of police brutality.

### Shower Bath Saves Life Of Scientist

LOS ANGELES (U-P)—A shower bath probably saved the life of Robert Siminoff, a chemist in the coroner's office.

Dr. Harry Deutsch, assistant autopsy surgeon, acted quickly when Siminoff was burned by nitric acid. Deutsch saw the acid eating Siminoff's shirt and shoved the chemist under the shower.

Siminoff was preparing a chemical test on a body when the nitric acid exploded yesterday, splattering his head and body. He was taken to a hospital.

### Tiniest Parents Take Normal Baby Home

LOS ANGELES (U-P)—Mr. and Mrs. Floyd Dixon, this city's smallest parents, have taken their

first child home from the hospital. The baby, Debra Jo, weighed 3 pounds 14 ounces when born by Caesarean section Aug. 19 at French Hospital. The parents are each 2 feet 11. Dixon is 28, his wife 27. The hospital sent the mother and child home yesterday.

To Perform At Laramie

Leaving today for Laramie, Wyo., and the national meeting of the Order of the Arrow were these five Buffalo Trails Council representatives. Front row, left to right, are Johnny Fuglar of Big Spring and Assistant Scoutmaster Edward Harvill of Odessa. In the back row are Bobby Dunn of Pecos and Don Roberts and Roger Caddell of Odessa. The Buffalo Trails delegation will perform a tribal dance at the gathering, to be attended by 1,800 Arrowmen from all parts of the nation. The West Texas group is to return home about Sept. 1.

### DATE DATA

## Concerning Letters And Right Kind Of Parties

Dear Miss Brandon:

When Bob was on vacation here he promised to write after he returned home. He has been gone two months and has not written. When he comes back, should I be friendly with him or not give him a second glance?

Glady

By all means be sweet and cordial. A policy of friendliness is one that will never lead you astray. There is an old saying, "Out of sight, out of mind," and it probably explains your situation.

Bob's intentions were undoubtedly sincere, but his own home town has presented him with too many other diversions.

Give him a second chance. This time you may be able to get your friendship on more stable ground so that when he returns home again he actually will be moved to write. Don't make him promise, though.

Dear Miss Brandon:

My group of friends, whose ages range from thirteen to fifteen give many parties at which the chief entertainment is petting. When I refuse, not only the boy I'm with but the whole group as well gets mad at me. What should I do?

Edna

Perhaps you are taking a Pollyanna stand or are delivering a sermon instead of quietly telling your date you'd "rather not," and changing the subject.

Girls who can think of nothing

else to do at a party but pet all ways leave me with the impression that their personalities must be pretty flat if using the physical angle is the only way they can attract boys.

Could be you're in with the wrong group. In time, these girls and boys will probably grow up and out of this phase to the point where love making really means something and is not an idle pastime.

Meanwhile, have one of the parties at your house and really plan it. See that it is done up right, with refreshments, decorations, and carefully selected games that are loads of fun and lively. Don't stubbornly put your foot down on petting; instead make the party so peppy and full of spirit they won't want to pet.

It's your party and you should run it, not Mom, but let her be present when the guests arrive and let them be aware that she is on the premises. A little parental remote control at all parties would solve problems like yours before they get started.

What does a fellow or girl have to be to be an ideal date? Your letter, of any length to Beverly Brandon at the Big Spring Herald may win you one of six wonderful prizes. First prize for a boy and girl winner each is an album of cat records. Four runners-up will receive their choice of a leather billfold with gold initials or a copy of "Date Data" the teen-ager's handbook.

## UNCLE RAY'S CORNER

Toma witch doctors driving evil spirits away.

Now and then a new village is started in Africa. If the houses are to be built in a jungle or forest, much work must be done to clear the area.

Sometimes there is a special worry. The natives say that evil spirits live in the place where the village is to stand.

In the French Cameroons the Toma natives ask their witch doctors to attend to that danger. Two or more of these men pick up magical mops and go into the wilds. The mops usually are shot poles or sticks with red-dyed wool fastened to the end.

A witch doctor puts on a strange garb before starting his work. Under a cone-shaped hat he wears a wig of a queer kind. The wig has long curls which cover the face. The magicians are able to see through spaces between the curls, but their features are hidden.

It is important to the witch doctors to hide their faces. Otherwise, they say, the bad spirits would know who was driving them away. Feeling safe from revenge, they whirl their mops about. After doing this, they report that the area has been freed of bad spirits, and has become a fit place for the building of homes.

Another task of the witch doctors is to tattoo the boys. Once in about five years, a call goes out to all the villages in the Toma area.

The boys of certain ages—say between 12 and 15—gather in the chief village. In a nearby forest they are placed in a fenced-in area.

Hundreds of men gather for the ceremony. The witch doctors wear masks and charms, and their messengers are painted white. The other men cover themselves with banana leaves.

There is dancing before the tattooing starts. Then the witch doctors work on 100 or more boys. Knives are used to make shallow cuts in the back of each one. Some of the boys howl with pain, but others are brave. More scratches are given to the brave boys than to those who howl or cry.

Tomorrow: Sandbars and Nettles.

# I'M FOR ALLAN SHIVERS BECAUSE —

He is First, Last and always a 100%, Patriotic, Red-Blooded American Citizen, a Statesman of Rare Ability, and a True Texan who is always ready to stand up and fight for States Rights.

During the last Presidential Campaign Adlai Stevenson was asked if he intended to support States Rights, and help Texas and the Other States in their Fight for the Tidelands. When Stevenson informed the public that he was for Federal Seizure of the Tidelands, Allan Shivers was Stung by the answer, and although this was a big set back for Shivers and the State of Texas, the Honor of our great State and her fighting Heroes was upheld, when Allan Shivers announced that Texas would fight to regain what was rightfully hers. His Fight for the Tidelands will go down in History as one of the greatest things ever done by any Governor for the State of Texas. I'm for Allan Shivers, a TRUE Democrat.

**R. L. COOK**

I'm for Allan Shivers because he is a man in whom you can place your trust. He is Big enough to Fight for what is right, and by his past performances he has proved to be one of the Best Governors that this State has ever known. I believe it would be a disgrace for the Citizens of Texas to fail this great man during these Critical times. With the World situation as it is we need this MAN as our leader. Allan Shivers, truly a God-Fearing Statesman, will do his utmost for the State and the Nation. I'm for him.

**M. M. EDWARDS**

I'm for Allan Shivers simply because he is the best man for the office of Governor of this great State. He has the Brains, the Ability and the Stamina, the mark of all great Leaders. I'm for him all the way.

**IRA J. DRIVER**

I'm for Allan Shivers because he has proved himself a Leader in fighting for us, the Citizens of Texas. Now it's our turn to fight for him, and keep him as our governor. In fighting for Shivers, we are fighting for Texas.

**K. H. MCGIBBON**

I'm for Allan Shivers because he knows the needs of Texas. During this campaign he has not promised things that he cannot fulfill. He has proved to be a faithful servant of the People, and a Cosmopolitan Representative of ALL the State of Texas.

**JEFF PAINTER**

We have entered into the Atomic Age and it is necessary that we have Great and Humble Men to Lead us. Allan Shivers has proved his Merit by his past performances. Let's all stay with him.

# American Loop Batting Title To W. Bell

Wilson Bell of the American Legion sacked up the American Legion League's batting championship with a full season average of .359. The hard-hitting youngster connected safely in 33 of 55 official trips to the plate. He also led in runs scored with 34 to his credit.

Seven members of the pennant winning Legion outfit hit .300 or better. Five of that group clouted 400 or better. The Legion easily led team batting with a .371 mark. The Legionnaires hit safely 192 times in 517 trips and scored a total of 214 runs.

# Soviets Unveil Results Of New Track Program

BERN, Switzerland (AP) — Russia unveils today the results of two years of dedicated almost military-like drive to rival the United States as the dominating world power in the 1956 Olympic track and field games.

The scene is Neufeld Stadium, site of the five-day European Athletic Championships, to which 92 track and field stars from 25 countries have been drawn.

These European championships could turn into an Iron Curtain triumph in sports. Czechoslovakia is bringing a squad headed by the great Emil Zatopek, world record holder in the 5,000 and 10,000 meters as well as a host of other distances.

Poland's James Bide is the choice in the javelin. The Russian trio of Leonid Shcherbakov in the hop, step and jump, Yuri Lituiev in the 400 meters and Vladimir Kuznetsov in the decathlon are almost sure favorites.

## Union Official Slain In Ohio

CLEVELAND (AP)—A club-wielding killer dragged a 36-year-old union official from his automobile last night and beat him to death a few houses away from his home.

The official was Raymond Weirouch, a vice president of the CIO United Auto Workers Local 515 and the union's chief steward at the Iron Fireman Stoker Co.

Police today were searching for the murderer, who fled in his car after a witness started toward the scene.

The witness was Walter Hahn, who gave this description of the slaying:

Weirouch's car sped into the street, stopped suddenly and started to back into a parking place. Another car stopped at the nearby corner and Weirouch's car backed into it.

The driver ran up, dragged Weirouch from his parked automobile and clubbed him to the ground.

The president of Local 515, E. L. Sorge, said Weirouch had been a good union man and well-liked, and that he doubted the slaying had any union connection.

Weirouch was married and the father of four children.

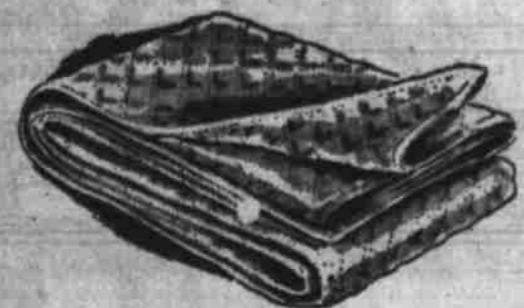

## Death Upsets Market

## IT HAPPENED

### Warning Comes Late

NEWARK, N. Y. (AP)—The husband of a cleaning establishment manager waited in a car outside the shop yesterday, reading about a recent wave of robberies in cleaners. He made a mental note to warn his wife.

Inside, his wife, Mrs. Julia Veith of Belleville, was being robbed of \$66 by two holdup men, who then fled.

### Cast The First Stone

RIPLEY, Tenn. (AP)—The judge found it easy to dispose of the case when three boys were brought in yesterday accused of stealing three watermelons from a farmer's patch.

Judge J. R. Lewis rapped his gavel. "Anybody in here who never stole a single watermelon when he was a boy, let him raise his hand," he said.

Sheriff Willard Norvell, County

### Lost 73 Pounds With Barcetrane

"A year ago, I made up my mind to rid myself of ugly fat. I weighed 243 pounds," writes Mrs. Ruth McCreary, 604 E. New Mexico St., Sweetwater, Texas. "I started using Barcetrane and before the first bottle was gone, I felt better and was losing weight. I didn't go hungry just didn't eat so much rich food. I now weigh 170 pounds—am seven inches less in waist line and feel years younger."

And Mrs. R. O. Young, 1906 W. Second Ave., Corsicana, Texas, writes that she lost 10 pounds taking Barcetrane and is now free of bloating and indigestion.

You can get Barcetrane from any Texas drugist. Money back guarantee by the makers.

### Pigeon Likes Travel

BUFFALO, N. Y. (AP)—Every day a pigeon meets mailman Willis F. Van Tine at the same corner on his route, perches on his cap and rides along part of the way. Van Tine said the bird started the trips last spring. He said he didn't mind the company.

### Now Firemen Burning

DALLAS (AP)—Dallas firemen who put out a small fire early yesterday suspected someone had planned it.

When they got back to the firehouse, they were convinced someone had planned it. Wallets left at the firehouse had been rifled and \$35 stolen.

### Reward For Ghosts

WEST HOLLYWOOD, Fla. (AP)—An undertaker here offers a \$1,000 reward for the capture of ghosts, dead or alive.

Alan Wright says his new funeral chapel has stirred fears among the superstitious that ghosts will come to town along with his activities. He is the first undertaker to operate in this community.

### British Columbian Capital Is Snubbed

VICTORIA, B.C. (AP)—It's happened again.

The latest edition of a popular dictionary lists Vancouver, not Victoria, as capital of British Columbia.

Howls of anguish from this city, which calls itself "a little bit of old England," have greeted at least seven similar mistakes recently, most of them in travel folders.

### Area Graduates To Get Degrees At Texas Tech

A number of graduates from Big Spring and neighboring towns are due to receive degrees from Texas Tech, at the college's summer commencement exercises August 27.

The program will be at 7:15 p. m. on the Administration Building Green. Dr. James P. Cornette, president of West Texas State College at Canyon, is the commencement speaker.

Candidates for degrees from Big Spring include George H. Hayward Jr., B.S. in mechanical engineering; Mamie Lee Dodds, B.S. in Home Economics; Mildred Creath McFall, Master of Education; Lav Dolby Spradling, Master of Education.

Others to receive degrees include William F. Martin, Lamesa, B.A.; Grady S. Blocker, Stanton, B.B.A.; Leta Adkins Ashlock, Lamesa, Master of Education; Vivian Bryant Hatch, Lamesa, Master of Education; Ferrell Fillmore Hogg, Lamesa, Master of Education; Emma Ruth Dugger Lewis, Lamesa, Master of Education; Lelias Carr White, Ackery, Master of Education; and Meriel Christopher Stuart, Lamesa, Doctor of Education.

### 36 Civil Suits Set In District Court

Thirty-six civil suits have been set for trial in 118th District Court in the next four weeks.

The cases were set by Judge Charlie Sullivan during the calling of the District Court docket Monday.

Five non-jury cases were set for hearings this week.

Sixteen jury cases are set for the week of Aug. 30 and six are set for jury trial the week of Sept. 13. Nine additional civil cases are set for the week of Sept. 20, subject to the trial of criminal matters which may come up.

### Tito Accepts U.S. Flood Relief Offer

DENVER (AP)—Communist Yugoslavia has accepted President Eisenhower's offer of a share in a four-million-dollar American relief program for European flood victims, the Summer White House announced today.

Eisenhower's offer of surplus food went several weeks ago to Danube River and tributary area countries, west and east of the Iron Curtain.

It was accepted earlier by Soviet-dominated East Germany, Hungary and Czechoslovakia. West Germany and Austria have also accepted.
