"He Profits Most Who Serves Best"

SMOKE FROM THE MOUNTAIN

After we gave everyone a bragging about their patriotism for Texas holidays, at least a dozen folks came and asked us why the Texas flags were out Thursday. We'll have to take a lot of that boasting back—if you read the editorial discount it a little.

If you want to hear some of the pros and cons of "cement beds"—and it is mostly cons, ask A. D. Pettit and his FFA teams who went to A and M last week-end, how they enjoyed their slumber. Some of them are still limping and groaning.

Did Buddy Weaver eat some Mexican jumping beans Wednesday night? During the amateur hour on the streets of Santa Anna Buddy was hopping around all over the drug store, the performance lasting for at least seven minutes. Calls for a repeat poured in by phone.

It's a relief to everyone that federal inspection is over—especially Hippo Fulton.

We should have amateur night more often. We never saw such a variety of talent displayed here until Wednesday night, when men, women and children showed their stuff. We were particularly pleased to learn that Santa Anna has a blues singer that until now had not been given due recognition.

Some folks accuse Santa Anna of pulling up the side walks and going to bed early but if they all get up at 3:30 like the Spanish Club did this morning, that should be just reason to "hit the hay." It was really a good show to see about 36 sleepy-eyed folks all in one group. Some of them were on the verge of sleepwalking.

Art Exhibit of Local Painters Closes April 22

The art exhibit at McLean's Studio at Brownwood, featuring Mrs. Annie Childers and Mrs. G. A. Shockley of Santa Anna and Mrs. G. B. Bohannon of Brownwood closes this evening after a showing of two weeks.

All pictures on display are original oil paintings of local scenes.

Mrs. Childers and Mrs. Shockley are presenting their paintings for the first time in Brownwood. They have both been painting for only a short time but show a great deal of ability in their work. Mrs. Childers' first instructor was an art teacher in Santa Anna. She later studied with Miss Skyles, former instructor of art in Daniel Baker College. Last summer she was a member of Mr. DeYoung's class in Brownwood. Her pictures include:

"Bees Haven," "Summer Delight," "Lilac Time," "Orchard Pride," "Dahlias in December," "Blue Bonnets at Twilight," "The Vineyard's Offering," "The Queen's Spring," and "Spring's Delight."

Mrs. Shockley has studied with Miss Skyles and Mr. DeYoung and is a very promising artist of Santa Anna. Her work shows patience and drawing ability. Her pencil work is especially good.

Her paintings on exhibit are: "Texans," "Autumn," "Cactus," "Cantelope," "Grapes," "Nasturtiums," "Verbenias," "Strawberries," "Plums," "Violets," "Queen's Wreath," "Pencil," "Budding Oak" and "Sunflowers."

Mrs. Bohannon, who has been painting for a number of years, is well known in this section of Texas for her art work. Her work shows a marked ability. She has studied with such artists as Xavier Gonzales, Miss Addie Brunet and Anthony Young. Her landscape scenes are especially lovely, and show a great deal of design.

The program will last throughout the afternoon. Provisions have been made to care for a large audience.

New Activities Are Planned Recently For Playgrounds

The Santa Anna Recreation Staff met with the Coleman staff in a joint training institute Wednesday morning. Many new activities were planned which will be introduced soon. Among the new activities planned are bicycle races and tournaments for boys and girls. Playground leaders will explain plans more fully.

New equipment is being provided on each playground to increase interest and entertainment features for both children and adults.

"Santa Anna has come to the front this season in the different soft ball games that have been played," according to the directors. It is planned that each team play at least two match games a week.

Among the other activities being offered through the recreation department, the women's volleyball team, coached by Miss Nell Pope, has shown much progress.

Former Methodist Pastor Here Dies

Word was received here this week that Rev. John W. Patison, former pastor of the local Methodist Church, passed away Monday, April 18 at Fort Worth. Rev. Patison, who was pastor here in 1908 and who will be remembered here by many of the older residents, was a superannuated minister and was 74 years old at his death.

Spanish Club Sets Off For San Antonio

Believing that knowledge of Spanish and Spanish customs should be acquired first hand as well as from books, the Santa Anna High School Spanish Club with their sponsor, Miss Lula Jo Harvey, and several chaperons left this morning for San Antonio for a two-days trip to study Spanish customs, architecture and entertainment. While there the group of 36 will see the Battle of Flowers. Several from the Bangs Spanish Club are included in the party.

Chambers Pasture Snake Hide-Out Years Ago

By Miss Luella Chambers
We knew that we should feed cattle well in the winter and build them up so they would not die in spring. So Ed, Mollie and I would take a load of feed on all extra cold days and go to the big pasture and feed cows and horses. Once a week we gave them salt. In spring we mixed sulphur with salt to make the ticks, if there were any there, drop off.

We had a big hog pasture enclosed with hog wire which ran across the tank.

One sunny morning in early spring, papa told me to go down and look at the fence across the tank. To my surprise it was full of snakes just woven in the mesh of the wire sunning themselves. I often saw them there, but would never go near the fence as I was always afraid of snakes.

My nephews, Lemmie Chambers and Jodie Mathews were never afraid. In warm weather they would ride their horses to the farm, go to that tank and take a swim. They always stuffed their pockets full of their grandmothers good biscuits and tea cakes.

Mr. and Mrs. Walter Gardner and Miss Mildred Boardman of Winters visited here last week-end.

Price Changes Made For Snow White

Due to the fact that I advertised "SNOW WHITE" at one price and changed it to another I feel the people are entitled to an explanation.

"SNOW WHITE" is owned by its originator, Walt Disney and is being distributed by R. K. O. Radio Pictures. They sell the picture and a percentage basis only. After booking the picture, accepting my contract to show at regular prices they waited until Tuesday morning and called me long distance and said that unless the admission was 15c and 25c they would not let me run the picture at all. All I could do was agree with them if I ran the picture at all. I ask the people not to censor me as it was a condition over which I had no control.

Heroes of San Jacinto

Texas has honored her heroes of pioneer days in many ways for their bravery and progressiveness in developing the Lone Star State.

Only recently a memorial museum, filled with relics of Sam Houston, has been erected and dedicated at the Sam Houston Park at Huntsville.

Houston was not the only hero of that Battle on April 21, 1836. His followers were equally as patriotic and as brave and fought for the independence and progress which we have today.

We Welcome Her
Miss Kate Marie Porter was baptized into the fellowship of the church at the Sunday evening services, having united the previous Sunday night. We are happy to have her coming into our membership.

Last Week
It was indeed fortunate that Rev. Buell Jean Martin was secured for the services, as many friends wished to hear this fine young man and availed themselves of the privilege. A letter from him expresses thanks to all for the many kindnesses shown. The pastor was in a good meeting that week, preaching twice each night and

in different churches for the two services. There were 20 professions of faith and 7 others coming by letter or statement up to the Thursday evening service. Many more are expected. This proves that a B. T. U. Revival can indeed be a soul-winning revival as well.

Last Sunday
We were glad to have a full house for the Easter Services, with many visitors and college students in the audience. Our attendance was much better than usual at the morning hour, but the cloud and rain hindered the evening services a great deal.

San Saba Challenged Us
By long distance Sunday morning, the report of the San Saba Sunday school by department came to us as a real challenge. A comparative contest in attendance and offerings will be carried on for a month, though our school did not know it until the past Sunday. The reports will be phoned back and forth for the mutual benefit of both schools. We are in the same size towns, with almost identical membership in church and Sunday school. The first report showed us 1 behind in attendance and \$1.10 behind in offering. We are really going out to work at it this week and watch us pass San Saba next week! Let's do our best this week. Our intermediates, Beginners and Juniors led theirs last week, while our Cradle Roll tied theirs. Adults and Young people can do a lot to win this time.

Next Sunday's Music
Mrs. Fern Mayo and Miss La Verne Griffin of the First Baptist Church of Coleman will render two musical numbers at the Sunday morning service. Mr. Coleman Davis will begin the following week the planning of special music for each service of the day. He has been appointed to this position by Choir Director, Mr. Louis Newman.

Golden Jubilee of Baptist W. M. U.
Southern Baptist women of the W. M. U. are celebrating their Golden Jubilee Year, the 50th year of organized work as auxiliary of the Southern Baptist Convention. Baptist W. M. U. women of the southland last year gave to Home and Foreign Missions and cooperative program causes more than \$2,000,000. Of this amount Texas women gave more than one fourth and our local society about \$800.

We of the local W. M. U. are appreciative of the privilege of participation in unified effort and accomplishments. Many also have been the joys in the constant privilege of service locally.

Our local W. M. S. reached the Standard of Excellence two years ago by meeting all necessary requirements. Since that time we have maintained the rank of a Standard W. M. U. Our organization is now supporting three young people's organizations - YWA, Intermediate Girls' Auxiliary and Sunbeams. A Junior Girl Auxiliary Counselor has been secured and a Junior Girls' Auxiliary will soon be functioning.

Silver Anniversary of Girls' Auxiliary
Our Intermediate Girls' Auxiliary is also celebrating this year their Silver Anniversary - 25 years of organized work. How many people always remember why, without asking, the flags are out on April 21 every year? A large number of Texas' population does not know. But any legal citizen should know that this day is in commemoration of the birthday of the largest State in the Union. It is Texas Independence Day. The people should be more than glad to remember such an important date in the history of such a wonderful and large state. It should only come natural with them to remember such a date.

Let's all remember what a great significance this day was in the history of our great state.

If Electric Service Should Fail...

WEST TEXAS COLUMNIST WRITES AN "AD" ABOUT THE DISCOMFORTS

POINTS and PERSONALITIES

by doris pope

(It is through the courtesy of the Hamlin Herald that we are permitted to reprint the following article, written by that paper's able columnist, Doris Pope, which appeared in a recent issue of the Herald. We are deeply indebted to her for so accurately describing the after-effects of this spring's unusual storms.)

Now with everything at our finger tips with just a click of a switch, we are inclined to take too much for granted. However, there are times when we are forced to stop and think what a world it would be without such conveniences—you know, we kinda get a taste of the "good old days" that we hear dad and grand-dad talk about. That's what happened to Hamlin folks Saturday afternoon when the electric current was dead from 2:10 until 5:40.

Low, grey rain clouds made lights almost a necessity in order to carry on business, so when the current went off, the sale of candles increased a thousand per cent. We stayed in the dry goods stores awhile observing the effect of candle lights, and it struck us as rather amusing when people grabbed a bolt of material, a pair of socks or some other merchandise and ran to the front door, holding the article up and squinting, trying to see what color it really was—just like in the "good old days." (Maybe that will account for some of the terrorizing colors people are wearing.)

And the poor kids, how they did miss the Saturday afternoon picture show! It's really a shame that they didn't have some stereoscopic parlor pictures to look at like ma and pa had—back in the "good old days."

We wandered over to two of our beauty

shops and found dozens of women and girls draped on the floor, chairs and stools, literally sticking their heads in the fire to dry that new wave set. That reminded us that back in the "good old days" grandma didn't shampoo her hair in the winter or in rainy weather; she just rolled it up on curlers.

We noticed the barber shops also felt the lack of electricity. You know back in the "good old days" they weren't bothered with all those little electric gadgets 'cause grandpa just turned a howl down on pa's head and accomplished with the old blue and white shaving mug and razor.

We stopped in to see how the drug stores were making out with their Frigidaire motors stopped and their candle light. Somehow or other they didn't seem too happy about it. Now we could rave on and on about this, but what's the use? Printing presses were stopped, bank machines halted, in fact, there wasn't a business house in Hamlin that did not feel great lack of electricity. And when the current finally did come on after three and a half hours, people gave whoops and hollers that made the Indians back in the "good old days" look like sissies. Health Officer Urges Parents to Fight Diphtheria

Austin, Texas, April 21.—"Few conquests of science have been so spectacular and complete as the rout of diphtheria. And this victory has most firmly established the value of serum treatment both in its preventive and curative phases. However, toxin-antitoxin or its successor toxoid for immunization, and antitoxin for timely cure, are brilliant achievements of which the general public even has yet not fully aware," states Dr. Geo. W. Cox, State Health Officer.

"As indicated, toxoid is the immunizing or preventive agent now usually employed, however, three to four months are required for the body to develop immunity. At that time the Schick test is applied to determine the results of this preventive treatment. This harmless and painless procedure is performed by injecting into the upper layers of the skin a minute drop of the diphtheria toxin. Your doctor can tell from this whether or not your child is immune.

"However, when a case of diphtheria exists, antitoxin is the only treatment that will save a life. Also, to be effective, it must be given early and in large doses. Delay is usually caused by parents failing to realize that any sore throat may actually be diphtheria.

"The means are at hand to fight diphtheria to the death, but it cannot be done without a hundred per cent cooperation of parents. May Day, the Child's Health Day, will soon be here and one of the best ways to observe it would be for parents to have their children immunized against diphtheria."

"You must be a clothes rack yourself if you expect the clothes you are wearing to look right," was the statement made by Mrs. Dora R. Barnes, Clothing Specialist from Extension Service of A & M College, when she met with a group of 4-H club girls. 4-H Club Sponsors, and Miss Chrystene Trowbridge, Co. H. D. A., Saturday afternoon, April 9th.

Mrs. Barnes stressed good posture and good looks as the pathway to success in life. She displayed to the group a good sewing box for a 4-H club girl and some garments made by 4-H club girls.

The following group was present for the meeting: Mrs. Henry Dibrell, Cross Roads; Mrs. Ray Jameson, Indian Creek; Mrs. G. C. McDonald, Shields; Mrs. Carter M. Dibrell, Rae-Echo; Mrs. T. T. Sikes, Brown Ranch. 4-H club girls attending: Frances Stewardson of Shields, Willie Ann Holder, Echo; Emma Ruth Tatum, Shields; Maedelle Taylor, Starkweather; Zelma Sikes, Brown Ranch; Nellie Bell, Brown Ranch; Doris Lee Goodgoin, Trickham.

Zelma Sikes, clothing Demonstrator in the Brown Ranch 4-H club, is providing an excellent storage unit in her bedroom by an improvised clothes closet. For the closet she is using a large Frigidaire crate or box, set on the end, and carefully reinforced. The original top of the box is hinged on to make a door, and fastened with a latch. Another Frigidaire box of the same size was cut in two so that it can be placed on top of the first box making the closet reach completely to the ceiling and thus providing a storage space for quilts and blankets in this upper compartment.

Zelma is completing the inside of the clothes closet by placing a rod for hanging garments on one side. A shelf for hats is being built on the other side and beneath this she has built a drawer space to use for her folded garments made by using small dried apple crates inside of a large apple box. She has made a shoe rack from scrap lumber. The entire closet will be painted a very light color on the inside so that it will be fresh, and clean for keeping clothing.

"The food for the family will be more healthful and easily prepared if the meals are well-planned and plenty of vegetables are included," said Mrs. J. H. Close, home food supply

demonstrator in the Brown Home Demonstration club. Mrs. Close has planned her menus weekly so that the meals will be adequate and she can minimize her time spent in preparing meals. Following are the menus served by Mrs. Close for two days:

THE BUFFALO TRAIL-MAKERS

Homecoming at Eureka

A large crowd attended the home coming at Eureka Sunday. They met at ten o'clock Sunday morning. Rev. McCorkle gave a short sermon.

The delicious lunch which was spread at noon was enjoyed very much by everyone. Many former members enjoyed meeting new friends and new members.

After lunch, a program was given, and after the program Rev. Sparks presented the sermon for the evening.

Rev. L. D. Ball gave the closing sermon of the homecoming and opening sermon of a revival.

Among those who were visiting were Allene Lovelace of Brownwood, Mrs. Loyed R. Simmons of Fort Worth, Mr. and Mrs. Will McCulloch and daughter, Lorene, Misses Bettie and Weah McCulloch and their mother of Coleman, Coy Sue, Vernon and Marcel Coleman of Coleman, Rev. and Mrs. Sparks and three children of Brownwood, Mr. and Mrs. Jeneyce and family from Moran, Rev. McCorkle from Coleman and Leslie Evans from Moran.

Some of the Trail-Makers

Mr. J. L. P. Baker has an interesting life which we wish to narrate.

Having been born at Thrifty, Texas on September 30, 1889, he entered school at Brier Creek north of Thrifty in 1897. He attended there two school terms, each being two month terms. He then attended Thrifty school for two years under George Kidd of Brownwood and Miss Mollie Lowe of Eureka.

The Baker family moved to the old home place at Liberty. Mr. Baker attended school there from 1901 to 1906. He attended Santa Anna school one year from 1906 to 1907. He then entered the Academy of Howard

Fayne College under Professor Graves as President. During the two and one-half years that he attended there, he finished the business department and academy work and secured his certificate. In the summer of 1912 he contracted Winn school. During the spring of 1913 he organized an Interscholastic League, the first of its kind to operate in West Texas.

The schools that compromise the present Buffalo, Winn, Cross Tank and Buffalo with Liberty, Cleveland and a few others, entered a contest against each other. One of their most famous yells was, "One-two - three - four - five - six - seven. All of Cross Tank's going to Heaven. When we get there we will yell, Hello, (name of school) are you well?" Later the winners of this contest entered against Santa Anna and Coleman.

In cooperation with other schools a meeting was called at the residence of J. J. Andrews to consider the consolidation of the three schools into the present Buffalo District C and B-1 in 1913.

Mr. Baker taught school at Panther Creek in 1914 and 1915. He again taught at Buffalo in 1915 and until February 22, 1918 at which time he enlisted in the army at San Antonio and was stationed there until his discharge on May 27, 1919. Most of this time he served as a sergeant. He returned to his farm where he worked one year, then he managed the Farmers' Gin at Santa Anna for two years. On June 15, 1921 he married Miss Lucille Mansfield of Brownwood, a school teacher whom he met at Thrifty, Texas.

In 1922 he began teaching school at Clear Creek where he taught for two years. He came back to Buffalo in 1924 and taught from then until 1927. He introduced Home Economics and Manuel Training at Buffalo in 1924. He received his AB degree from Howard Payne College in 1925. He taught school at Woodland Heights from 1927 to 1928, then he taught again at Buffalo from 1928 to 1933. During this interval of time, he spent two years at John Tarleton College in the Industrial Department. He made two additions to the original Buffalo building, one in 1928 and one in 1930. In 1932 Bee Branch was consolidated with Buffalo. During the

same year several men in the community helped build a gymnasium at Buffalo. The year 1933 brought forth the consolidation of Longview with Buffalo.

Mr. Baker taught at Whon from 1933 to 1934 and at Valera in 1934 and 1935. While at Valera, he supervised the consolidation of four districts, Valera, New Central, White Chapel and Bowen into the present Centennial, R. 2. He then farmed one year on his farm south of Santa Anna. On September 1, 1937 Mr. Baker was appointed by the Commissioner's Court to the position of County Superintendent. He still holds this position.

Mrs. Bivins wishes to add that the first time she saw Mr. Baker, he and a thresher crew were obliged to stop near her home during the noon hour. Since Mrs. Bivins' mother was away, she and her brother prepared a lunch of biscuit, ham and eggs. Mr. Baker offered to pay her father, who said it belonged to the children. Mrs. Bivins, then a very small child, was rewarded with one dollar. Later, she attended school under him from 1915 to February 22, 1918.

Easter Pageant Is Presented Sunday At Local Church

An Easter Pageant, "The Light of Life" was presented Sunday evening at the Methodist Church to a large audience by girls in Mrs. J. V. Davis' Sunday School class.

The church was decorated with Easter lilies, hydrangas and fern and the altar was draped in white, with a white cross and candles. John Hardy Blue lighted the tapers for the girls in the program.

Those taking part in the beautiful ceremony were Dorothy Pettit, Billie Burk Pope, LaRue Curry, Betty Ruth Blue, Wilma Mills, Betty Sue Turner, Marie Harris, Glenda Beth Williamson, Mary Field Mathews, Margaret Mobley, Elsie Lee Polk, Virginia Pettit and Jo Anna Baker.

Miss Elsie Lee Harper was pianist and Mrs. Arch Hunter was soloist for the program.

Mrs. J. H. Doolen of Hollis, Okla., is visiting relatives and friends here this week. She is the grandmother of the famous Key quadruplets of Oklahoma.

Blight Resistant Milo Distributed To Farmers

College Station, April 20.—Some 20,000 pounds of the new strain of blight resistant milo has been distributed to approximately 600 farmers in 52 counties, where it will be grown for demonstration and further distribution purposes, according to E. A. Miller, agronomist of the Texas A. and M. College Extension Service.

The soil-borne disease, called milo blight, became a commercial threat in 1935. Since that time it has spread over the Red River region, the Edwards Plateau and much of the High Plains section, and has cut yields in half in about fifty per cent of the vast milo growing area, Miller said.

The disease is most virulent in wet, cold seasons. In such cases the plants affected will show a reddish tinge, will practically cease growing, and finally die. In normal seasons the disease attacks the plants more slowly and is not readily apparent except by an examination of the pith near the roots, which will be found to have turned red, and by a greatly reduced yield.

Farmers at first were inclined to blame the lowered milo yields to drought and chinch bug damage, but milo which produced only twenty or thirty bushels an acre was found growing alongside kafir and hegar, which are not susceptible to the disease, and which yielded from fifty to sixty bushels an acre.

The problem was attacked by the Agricultural Experiment Station as soon as the disease was reported. From 800 plants growing in diseased soil, R. E. Karper, in charge of sorghums investigations, selected 20 plants which were resistant to the blight. Use of a greenhouse allowed the selection process to be speeded up, and within two years the stations at Chillicothe and Lubbock were planting the new strain for distribution.

A small quantity of the new strain of milo was placed in the hands of the certified sorghum seed growers of the state in 1937. The 1938 distribution to farmers was made through county agricultural agents and vocational teachers, Miller said.

The new milo strain is expected to replace Dwarf Yellow Milo No. 670, which was developed by the Experiment Station some twenty years ago, within four or five years.

The World's Greatest Reporting Shorthand More Than Fifty Thousand Write It!

Byrne Simplified Shorthand is the most simple, legible, rapid and complete system in use. The proof of the pudding is in the eating. Read Mr. Jones's letter:

Mr. H. E. Byrne, Byrne Commercial College, Dallas, Texas. My dear Mr. Byrne:

It is a pleasure to write a word of endorsement for Byrne Simplified Shorthand.

When taking the course, I found Byrne Simplified Shorthand to be very easy to learn, in fact, I completed my course in twelve weeks, and when I put the shorthand to practical reporting use, I found it ample in every respect, readily applicable to every requirement, and easily read.

During the period that I served as an Official Reporter on the 73rd and 93rd Judicial Districts of Texas, serving under four different judges, I found Byrne Simplified not lacking in any respect. While there, some years my earnings ran as high as \$8,000.00 per year.

Since coming North, I have had a wide experience in reporting. When I first came here, I reported to the Circuit and Superior Courts in Chicago, and then I resided in Washington, D. C., for a time and reported hearings before the

Trickham News

By Mrs. A. H. Dean

Sunday was a beautiful day. Easter means more to the older people than hunting Easter Eggs or having a new Easter dress and bonnet to wear. After reading "What Is Your Thought of Easter" in the last issue of the Santa Anna News, Easter means more to me than ever before.

Our services were all well attended Sunday. At 2:30 in the afternoon we had a program of Easter songs, readings and a play by a number of small boys and girls, followed by an Easter hunt near the church.

Mr. and Mrs. Oscar Boenicke and Mr. Joe Toombs were dinner guests of Mrs. C. F. Shield Sunday.

Mr. and Mrs. Ray Owen were visitors in the Charlie James home Saturday night and Sunday.

Mrs. Jean James and baby, Tavie Marie Stacy, and Rodney Dean spent Sunday in the Charlie Bowden home.

Mr. and Mrs. E. S. Haynes, and Mr. and Mrs. J. R. Haynes spent Sunday with Mr. and Mrs. Glenn Haynes and baby.

The officers and teachers of the Trickham Sunday School met last Wednesday night with Mr. and Mrs. Jess York. These monthly meetings are being well attended and much good is being accomplished.

Willis Burney of Texas Tech, Lubbock, spent the Easter holidays in the home of his parents, Mr. and Mrs. Louis Burney.

Ora Alice Newman of Howard Payne visited home folks during the holidays.

Mr. and Mrs. A. H. Dean spent last Friday in the Kit Casey and Neely Evans homes north of Santa Anna.

Mrs. Wiley McClatchey and Mrs. Jess York entertained their Sunday school classes at the McClatchey home last Saturday night. Every one reported a very pleasant evening.

Mrs. McClatchey and Mrs. York are doing some splendid work with the young folks. They have had quite a few to join their classes in the past month.

Ruth Dean celebrated her eleventh birthday Saturday afternoon by having several of her little friends spend the afternoon in her home. After many games were played Mrs. Dean and Mrs. Fred Haynes served cookies and punch to the children.

Floyd Goodgoin of Daniel Baker spent the holidays with Mr. and Mrs. Homer Goodgoin.

Mrs. Robert Stearnes honored her six year old daughter Saturday by having a birthday dinner with several relatives and friends present.

Our deepest sympathy goes to Mr. and Mrs. Ellie Grant of Rockwood whose baby died last week of pneumonia. The Grants formerly lived at Trickham.
