## AT THE CHURCHES

### CHURCH NOTICE

We have been donating to the several churches in town from one to two and one-half columns of our front page every since we have been at the head of this paper, and we are not one bit tired of the efforts and expense, but we feel that our work is not being appreciated like it should. Some of the churches will just drag along and not even furnish us with the changes in their time of meeting or officers. One church that we have been carrying announcement for made a change in some of their officials and let the old card stand for two months before notifying us of the change. Several of the churches change their service hours without furnishing us with the data for correction. These things lead us to think that our work is not appreciated and if this be the case we do not care to embarrass them by publishing their meeting dates, church and Sunday school officials, etc., so in the future we will drop each card at the end of the month and not take up our time and space with them until the new announcements are furnished us. Hereafter we will head the Church Column "FOR THIS MONTH" and all who do not furnish us with the necessary changes for the ensuing month will not be represented.

### CARD OF THANKS

I take this method of expressing my thanks to the voters of Coleman county who saw fit to support me in the campaign just closed for the office of County Treasurer. Especially do I thank my friends who helped me in the campaign.—Nolan Barmore, Glen Cove, Texas.

Mrs. Clinton Lowe was among the pleasant callers at this office Tuesday.

### ANOTHER PIONEER GONE

Mrs. A. G. Weaver, age 76, answered the summons from on high at her home in this city last Sunday morning and passed to her reward.

Mrs. Weaver was born in the state of Mississippi, Oct. 29, 1846. She came to Texas in early childhood with her parents and settled in Leon county, where she grew to womanhood. She professed faith in Jesus Christ and joined the Baptist church at a tender age and lived a consecrated Christian life to the end. She was married to A. G. Weaver at the age of 19, and to this union were born 12 children, 7 sons and 5 daughters, all of whom are still living, as follows: Mrs. Alice Bennett, Eden, Texas; A. C. Weaver, Ozona, Texas; B. Weaver, Santa Anna, Texas; A. U. Weaver, Santa Anna, Texas; Mrs. R. D. Moore, Fort Worth, Texas; Mrs. E. M. Critz, Coleman, Texas; Norman Weaver, Empire City, Okla.; Mrs. Nettie Mitchell, Santa Anna, Texas; Dr. Thad Weaver, San Antonio, Texas; Mrs. Era Strozier, Houston, Texas; Ernest and Leon Weaver, Santa Anna, Texas. All of the children were present at the funeral except A. C., Dr. Thad and Norman who could not be reached in time for the funeral. Dr. Thad arrived Monday night after making his every effort to reach here in time for the funeral.  
Mrs. Weaver moved to Santa Anna 30 years ago with her husband who died in August 1912, just ten years ago. She died as she had lived, happy in the love of Jesus.

The writer has only known Mrs. Weaver for one short year, but knew her as all others did, to be one of the best women that ever lived. She was not only fortunate in possessing a comfortable portion of this world's goods but was rich in the grace of God. Her rich council, cheerful disposition and liberal support of God's cause will be missed.  
Surely a good woman has made her departure, crossed the silent river of death to dwell in that eternal home prepared for the saints.  
Well do we remember a letter from Mrs. Weaver, which contained some of the first words of encouragement in our efforts to encourage civic righteousness and more consecrated living in this town soon after we moved here and started out on our work as publisher of this paper. Volumes could be written telling of her good qualities while she lived.  
Her remains were placed in their last resting place Monday afternoon by the side of her husband in the City cemetery, after a very impressive funeral service at the Baptist church conducted by Rev. J. M. Reynolds who has been her pastor more than two years. A large number of sorrowing relatives and friends were in attendance and a very beautiful floral offering was made.

The News joins the many friends in extending sympathy to the bereaved.

### THANK YOU

The active part taken by my friends over the entire county has made it possible for me to be nominated to the Sheriff's office by a good majority, for which I wish to express my appreciation to each and every one.  
To those who voted against me I want you to feel just as free to call on me as if you had been my strongest supporter, as I feel no ill will and it is my sincere desire to serve all the people alike.  
I realize the necessity of having confidence and co-operation of all the people, thereby enabling me to render you a service that you have a right to expect.  
Yours respectfully,  
DICK PAULEY

Mr. and Mrs. Clyde Bays of San Angelo came in Thursday to visit a week with relatives and friends in Santa Anna.

### IT'S ALL OVER BUT THE SHOUTING

What appears to us to have been one of the hottest campaigns we ever tried to keep up with came to a close in Texas last Saturday and since the people have spoken we accept the results and are now for the winners.

In the state Earl B. Mayfield defeated former Governor James E. Ferguson for United States Senate by about 60,000 votes, which was the only candidate to be elected who had the endorsement of the Ku Klux Klan. Marrs was nominated for State Superintendent; Davidson defeated Billie Mayfield for Lieutenant Governor and Terrell defeated Garrett for State Treasurer. Baker and Blair are running neck and neck for Judge of the Third Court of Civil Appeals, with Blair a few votes in the lead. This was the report Tuesday with seven counties yet to report.

### COUNTY OFFICERS

S. J. Pieratt of Santa Anna defeated Judge L. G. Mathews by 59 votes for County Judge, according to the tabulated reports received Saturday night. Paulley defeated Hamilton for Sheriff; Barmore defeated Mrs. Collins for Treasurer and Lewis defeated Smith for Tax Collector. In the precinct Flores defeated Bell for Public Weigher.  
The court house has been taken to a cleaning, every man and woman that held office and made the race for re-election was defeated, including the four county commissioners who made the race for re-election. The hold-overs made the race without opposition and were re-nominated.

### COPELAND BROS. BIG TENT SHOW, AH NEXT WEEK

The Copeland Bros. and their splendid company will play a week's engagement in Santa Anna under their big tent theatre, starting next Monday, Sept. 4th, presenting a repertoire of brand new plays and polite vaudeville.  
This company has played Texas and the south west for the past twenty years and everywhere the consensus of opinion is that it is one of the cleanest and best companies of its kind traveling.  
This is their first time in Santa Anna and the week promises to be one of the real high class fun and amusement.  
Great care has been taken in the choice of plays and everyone presented during the week will be a late royalty release and of the highest class.  
Chief among the vaudeville features are the Four Copeland comedy mixed harmony quartette, and act that has played every high class vaudeville theater in America. Another act that is in the feature class is the Sherwoods, comedy sketch artists.

On Monday night, Sept. 4th, the opening play will be the season's greatest comedy, "The Divorce Market."  
On Monday night the ladies will be admitted free when with escort holding a paid adult ticket.

### CARD OF THANKS

I wish to extend my heartfelt thanks to friends of former days and others who contributed to our comfort during our sorrowing trials in the death and burial of my husband. Words are insufficient to express my feeling of gratitude. May God reward you and His blessings rest upon you all.—Mrs. John E. Tisdale.

Mrs. Tisdale is joined in the above by her children, parents, and other members of the family.

### PARENT-TEACHERS ASS'N TO HAVE OPEN MEETING

There will be an open meeting of the Parent-Teachers Association at the school auditorium on Friday night of next week, at 7:30 o'clock and we would be glad to have every patron of the school present. Let us work together for the best interest of our school.

### GRADUATES AT DENTON

Miss Pearl Sanders of Santa Anna was a member of the graduating class of the North Texas State Normal at Denton this summer and received the diploma with state permanent teachers' certificate at the commencement exercises held there last week.

Hon. J. W. Pope of Dallas delivered the annual summer commencement address at 9 o'clock on the morning of August 23, in the college auditorium. At that time approximately 165 degrees and diplomas with permanent certificates were issued to members of the graduating classes. The total number of certificates of various grades issued to students of the college for the summer session alone was more than eight hundred.

The total attendance for the full session of 1921-1922 has run over four thousand students.

### CARD OF THANKS

We wish to extend to our friends our heartfelt thanks for the many courtesies and favors shown us during our bereavement in the death and burial of our beloved mother. Words are inadequate to express our gratitude but we assure each one that your kindness was appreciated and the beautiful floral offering did much to console our aching hearts. May the richest of God's blessings rest upon you all.—The Weaver Family.

### SPRING A NEW ONE

As you walk along the streets of this town, what do you see? What do you think? What do you say?

Possibly there is some obstruction in the way, some repairs that are needed, or some improvement that could be made. You see the possibilities, but do your thoughts get beyond the confines of your own brain? Do you spring them for the benefit of your fellow citizens?

A bottle of champagne is only an aggravation to a parched throat until the cork is pulled.

It is so with those ideas you are carrying around in your head but never allow to become public.

Spring them—all of them. Some may be impractical, and if so they will be cast aside and no one will be harmed.

But among the number there may be one that is of inestimable value to our community.

That is the one we want—the one we need—but we can't benefit from it until you pull the cork from your thinkery.

### CUSTOM, THAT'S ALL

Adam and Eve were garbed in a single fig leaf each, but that was custom with them and the demands of modesty were satisfied.

From the days of the fig leaf down through the centuries to the cumbersome and trailing skirts each successive step has been taken through innovation and sanctioned by custom.

The trailing skirt was both unsanitary and a nuisance, and in time was properly discarded. Custom popularized the move.

Now we have the very short skirt and the knickers, and custom decrees that there is no valid objection to them.

In former days women rode horse-back on side saddles and contracted curvature of the spine. Then a few of the more daring ones donned pants and rode man fashion. The uproar at first was great, but now it is custom and is regarded as the only sensible way to ride.

The tendency of the age is simplicity in dress, discarding everything that is not in accord with comfort and the protection of health.

We may never return to the fig leaf, but the nearer we approach it the greater is our freedom of action and the longer our span of life.

Shocks and thrills may signalize some of the stages, but custom will stop every tongue from wagging.

### MARRIED

On Wednesday evening at 8 o'clock, Miss Lena McCorkle of this city and Mr. Larue Cox of Brownwood were united in marriage at the home of Uncle Jim Bartlett, grand-father of the bride, with Rev. J. M. Reynolds officiating.

The happy young couple are among the very best citizens of this country. They left on the night train immediately after their marriage for Odessa, Texas, where they will teach school the ensuing school term.

Only the immediate relatives and a few friends were present at the marriage.

The News joins in extending congratulations and best wishes for a useful and happy life.

### WHAT SAY YOU?

Consider the school children. They toil mentally five days in the week, when mental toil is difficult and not at all attractive to one of their ages.

They have not attained that station in life where the value of an education is apparent. To them study is a hardship that is forced upon them by parental authority.

How, then, can we wake the children up and induce them to take a stronger personal interest in excelling in their studies? How can we induce them to strive to be at the head of their respective classes?

Honors in making do not appeal to them as strongly as they do the adult. The juvenile mind has not reached the point where it can appreciate to the full the glories of 99 or 100 per cent.

What, then, will appeal to their young minds? What will supply the incentive that now seems to often absent?

We suggest half a dozen prizes be awarded in each grade each month, so that all will have a fair show in the competition. A single prize would not be sufficient. Too often it would be a foregone conclusion, and the incentive to excel would be destroyed.

Each child knows what it means to "get a prize." It is an event that overshadows many others with them. They will work for a prize when otherwise their inclination is for play.

It would cost a few dollars for our public school officials to arrange a series of monthly prizes, but it would be money spent to the very best advantage.

At any rate, the subject is worth consideration.

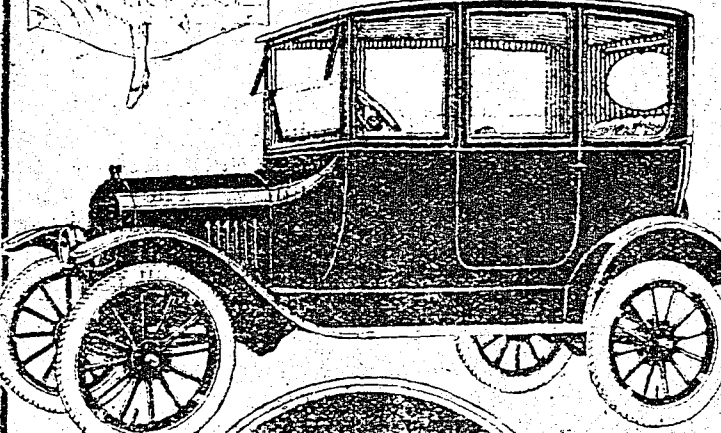

The News has been successful in getting some advertising contracts closed for the remainder of the year with some of the Santa Anna merchants, and after this week several more ads will appear in regular form. We have made some concessions to get this advertising started and we hope it will prove more than profitable to the advertisers.

Let us urge our readers to patronize our advertising customers when in Santa Anna, as they represent the live business firms of the town. All the merchants of this town have had the same opportunity to buy space and have been solicited in as nice manner as is consistent with good business policies, but for some cause some of the merchants still withhold from us their support. Our business is worth as much to the town as any business here and we have cause to believe that we can come as near prospering in business without their support as they can without ours, so here goes for the better or worse to us all. The News will be out again next week. Read our advertising columns and profit yourselves when in town by looking up the advertising customers.

It will soon be school time again. Let everybody get ready and let every citizen make up his mind to stand loyally behind the teachers, officers, and trustees in their responsible work of conducting our educational affairs.

### HIKING DOWN THE LONG BROWN PATH

Vacationists With Shelter Tents and Tin Cow Learning to Walk All Over Again.

Oh, it's not the pack that you carry on your back. Nor the rife on your shoulder. Nor the tin cow crust of khaki-colored dust. That makes you feel your limbs are growing aflutter. And it's not the hike on the hard terrain. That drives away your smile. Nor the snarl of aspers that raise the booming blisters. It's the last long mile.

—Plattsburg Marching Song.

Straggling out from the suburban transit terminals of New York every Sunday and holiday goes the army of black-and-hikers. There may be an automobile for every twenty of the city folk; disprove the theory of a figure-legged citizenry and are learning to walk all over again.

To the motorist, the hike is just exercise, but to those who catch its real significance the hike means a great deal more. It is the cheapest form of recreation and therefore appeals to those living in crowded districts and unable to avail themselves of the more expensive amusements. And these people, be it noted, are just those the country is so anxious to have spread out and settled in the farming sections. The hike, indeed, has possibilities as a real starter for the "back to the farm" movement.

**Doughboy and Boy Scout Lead Way**

Just a brief survey of the rollicking groups which move off from the outlying terminals on holidays establishes a few general types. There is the ex-service man and his friends who will hear from him the story of more serious excursions on the muddy roads of France. He tightens a strap here and another there on the blanket roll adjustment or the "shelter half," in which the commissary is packed for the mid-day feast by the roadside. Expert directions come from him on the method of slinging the pack so it will not feel so heavy or interfere with the free body movement. He will pass along the information gained in his army days of how that same pack was evolved after numerous experiments to find the easiest way of carrying the heaviest load. With results he now compliments, but which he characterized when a doughboy as a "blankety blank total failure."

### Country Newspaper Ethics

"Sometimes we are criticized for withholding unpleasant facts from the paper, and it may be a short-sighted policy to pursue. But there are other hearts to consider and we are always willing to forego a real scoop for the satisfaction of treating a fellow-creature as we would have him treat us."

Thus remarks Austin Callan in the Del Rio News.

Mr. Callan speaks further: "A man may commit some very grave offense. His conduct might be such that he does not deserve any consideration, and what a juicy, fat story the wreck of his honor makes for a newspaper. People love to read of such misfortunes, too. We all start the day with the recitals of crime and distress. But somewhere there are eyes that see each story of that kind through scalding hot tears; there are hearts that almost break as they read the ugly charges. And, when it is not altogether inconsistent, might we not have a cure for such unfortunates?"

"We had rather suppress a piece of news that shoots a dart into the heart of a sorrowing wife or mother, than to print a damaging inuendo under the disguise of keeping our readers informed of 'carrying on' in the great battle for moral uplift."

"Our mission is to help not to hurt. We harbor no hatred and herald no harsh intimations against human creatures. When we fight it is in support of a principle and against some falsely founded clan that seeks to usurp governmental powers and to tear down the guarantees of the United States Constitution. This we consider our duty, because it involves the welfare of the republic. But such a duty stands above little veiled personal attacks that are not only cowardly but odious to real men."—Ex.

The Parent-Teachers club of the Santa Anna school will give their annual reception to the parents and teachers at the school auditorium Friday night, September 8th, at 8 o'clock. This is a get-acquainted meeting. If you are interested in the school come. A short program will be arranged.

## HOWARD PAYNE COLLEGE BEGINS SEPTEMBER 11

Howard Payne College is just completing the most successful summer term in its history. Dr. J. B. Holt of Kerrville delivered the commencement address on August 11th, to a College Class of 12 graduates and an Academy class of 30.

Howard Payne College has grown steadily since it became a standard college in 1915. Its college enrollment annually is above four hundred and its sub college enrollment about four hundred. Quite a number of the teachers through Central Texas received their diplomas and teachers' certificates through this institution. The college is classed first class by the State Department of Education and by the Texas Association of Colleges. Freshman receive two year high school and four year elementary certificates. Sophomores receive four year high school and six year elementary certificates. Those holding the elementary certificates receive permanent elementary certificates after teaching five years. Juniors receive six year high school certificates and Seniors receive permanent certificates. Graduates of the college complete their master's degrees in one year.

The fall term will begin on September 11th. Four year college and Academy courses will be offered. The academy will begin its work for the first time in the building recently purchased from the city high school, with a separate organization and discipline. A strong faculty will offer courses in the various branches of Fine Arts. The business college is equipped with the latest mechanical and electrical contrivances for teaching.

Children being weighed and measured in the baby clinic at Sugar Creek, Missouri. About 30 babies and their mothers attend this clinic each time it is held. The two shown in this picture are 100 per cent perfect. They are (standing) Thomas Walker Rodman, age 21 months, weight 31 pounds, 1 ounce, height 37 inches; (seated) Charles Raymond Jolly, age 10 months, weight 19 pounds, 8 ounces, height 28 inches.

Then there are the boy scout parties, adept at everything pertaining to "shanks mare" traveling and wood craft. The ex-service man and the boy scout are pioneers in the hiking game. Listen to one of them right off the train and making ready for a twelve mile jaunt: "Get that canteen over the side, Jimmie, and it won't keep bouncing off your leg every step. Is it filled? Well, then, we drink. How about the cats? Let's check 'em off. You got the spuds, Bill; the bacon Jimmie. Who has the coffee and the Borden tin cow?"

"Right here," announces a freckled comrade of the road, patting his knapsack. "Switched the moccas and the can of milk when Sis wasn't looking."

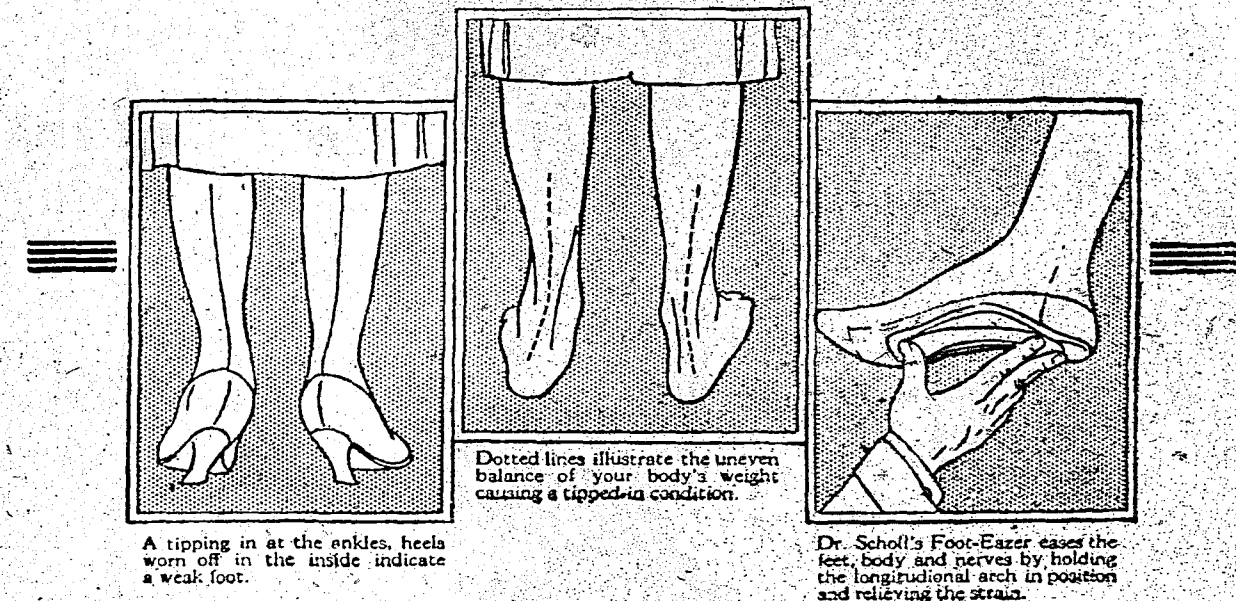

"Well, then, let's go," snaps the commander of the expedition.

This party is traveling light for real distance. Another must expect to make a shorter hitch or else be counting greatly on its power of endurance. Perhaps the camp is not far off because the group is equipped for an over-night stay with heavy blanket rolls, hatchets, lanterns, canvas water-pails, rubber ponchos, kettles, pots, new fangled fire-stand, etc., etc. The blankets are laid out for a better packing of the bags and cans of food. When the party commences to load up the members bristle all over with camp tools and equipment.

**Back to the Farm**

The veteran from the crowded city tenements has found a new territory to roam and one almost unknown to his associates. He is introducing them to this newly discovered land and teaching them how to be independent of any transportation but their own good legs and of any subsistence but what they can carry and prepare. "Walk and cook your own," is his motto.

Who will say the heaviest loads for hauling in the city streets will be a fruit or vegetable load? No, it will be a load of hay, especially as these are added to by municipal ordinances on city farms. We have right here in the county system in the city and suburbs a number of city farms. These farms are operated by the city and are a great help to the city. They are a great help to the city. They are a great help to the city.

### SALVAGE FROM AMERICAN RAG BAGS CLOTHES DESTITUTE EUROPE

Great hearted women all over the United States are busy salvaging the waste of this country to clothe the destitute of America and the war-stricken children of Europe. All sorts of comfortable and in many cases, really beautiful garments are made from the contents of the rag bags of America.

In the Red Cross workshops throughout the Southwestern Division women with clever hands and skilled hands fashion children's stockings from the legs of the worn-out stockings of the grown-ups. Warm caps are made from the tops of men's woolen socks. Little shirts come from the unworn sections of discarded underwear of men and women. Old coats and trousers form new suits for boys, and women's dresses are cut down into the smaller garments of children. Old, and ends of carpet and heavy woolen material become shippers for invalids. Bits of ribbons sew into hat trimmings for children, and even the pocket flaps and collars of women's coats, just waiting in their original form, can be used for hats and caps for children.

An exhibition of the salvage from the rag bags of some American cities was one of the interesting features of the recent Red Cross Convention in Columbus, Ohio. Everything shown had come from some garment which had literally been thrown away by its original owner because it was fit for no use, and the ingenuity displayed in the process of making something wearable and good out of what appeared to be nothing was remarkable. These garments were made by the volunteer workers of the various Red Cross workshops in America. Many of them came from sections in the Southwest, where such work is being done.

Mayor J. O. Martin returned last week from south Texas, where he has been for the past several weeks buying cotton and will be again identified with the several good buyers in Santa Anna this season. The firm of Magnus and Martin is well known in cotton dealing circles and Santa Anna is fortunate in having them with us. Several times we have said that Santa Anna is the best cotton market in Texas, and we now repeat it again, as there will be at least twenty buyers on the streets this season and we regard them a clean set of fellows. Bring your cotton to Santa Anna and receive the highest price for it.

### ENTIRE POLICE FORCE AT RANGER IS REMOVED BY CITY COMMISSION

Alleged Bootlegger Plot Against Police Commissioner is Cause.

Ranger, Aug. 29.—At a meeting of the city commission at midnight Sunday night the entire police force was removed from office following the disclosure of an alleged bootlegger plot on the life of Police Commissioner Cole, recently elected on the law enforcement ticket.

Volunteer policemen under Acting Chief of Police W. J. Harrington patrolled the streets in the place of the discharged officers, to prevent any possible outbreak.

Action Follows Assault.

The action of the city commission which met at 12:01 o'clock Monday morning, came as the result of a mass meeting of citizens held Sunday afternoon when resolutions were adopted asking that the city commission authorize the police commissioner to discharge the entire force.

The petition was signed by about 800 citizens.

The immediate cause of the mass meeting was an assault on Pearl Long here Saturday night. Long had been a member of a party which included the police commissioner and officers in a liquor raid one night last week. Saturday night as he was watching election returns it is alleged that he was assaulted from behind and beaten with a club. His alleged assailant, Leon Wilson, was arrested and charges filed against him in both the city and county courts. He was released in one case on a \$500 bond, and in the other on a \$1,000 bond.

Alleged Reward Offered.

At the mass meeting which was held in a revival tent it was charged that \$500 had been offered by a member of an alleged bootlegger gang to any one who would "get Fire and Police Commissioner Cole."

It was reported on the streets here that Sheriff Nolley intended to appoint all the members of the ousted police force as his deputies, but the rumor was not confirmed. Nolley stated that

he had taken no action. The city commission meets in regular session this evening when it is expected action will be taken toward appointing a new police force.

### MORTUARY

The remains of John E. Tisdale, age 34, were brought here last week, arriving Sunday morning, and laid away in the Santa Anna cemetery Sunday afternoon.

Mr. Tisdale was a former citizen of this town, moved from here to Grandfield, Okla., about seven years ago, where he and his family have lived ever since, and where he met his death last Thursday while working in the

Electric plant. It is said that Mr. Tisdale, from some cause, came in contact with a live wire and was electrified, dying instantly.

Mr. Tisdale leaves a wife and five small children, the wife being a daughter of Mr. and Mrs. T. H. Moore of this city. She also has several brothers and sisters living here and in nearby sections, who, with many friends will join in sympathy because of her great sorrow.

Funeral services were held at the cemetery, conducted by Rev. J. M. Reynolds under auspices of the L. O. O. F. lodge, Mr. Tisdale being a member of the order. The News joins in extending sympathy to the bereaved.

 Entered at the Post Office at Santa Anna, Texas, as Second Class Mail.

Our advertisers will confer a great favor on us by getting us copy for their ads not later than Tuesday of each week. Remember this and give it your attention first of the week.

The city of Coleman is making preparations to establish a free mail delivery in the near future. The Chamber of Commerce has been busy on the job for several weeks, and we understand that the last requirement has been met and the city folks are to enjoy the privilege of having their mail delivered to their homes.

Talk for your own town and support her institutions. Your home newspaper is one of the institutions that is entitled to your patronage, and you are but serving your own interests by trying to build it up and thus increase its usefulness in the community. The News is for Santa Anna and Coleman county, and its service is freely given in the promotion of every movement for the upbuilding of its people and that helps to make it a better town and county in which to live and rear a family.

Keeping the moral atmosphere of a place clean and untainted, is one of the greatest things that can be accomplished for a town. The fact that a town has a reputation of this kind has a tendency to bring people of the higher class, while on the other hand, vice versa.

A town can easily get a reputation for being tough, but it is a much more difficult job to maintain its reputation the other way. In order that we may keep Santa Anna in the higher class, we should be very careful what kind of people we urge to come here. Choosing citizenship is a privilege that most towns have. If the business men of a community will show a strong disposition to encourage only the higher type of business associates, and rather frown upon that class that is likely to discredit the high-class business standing in the community we can keep it thus, and the same is true of the citizenship in private life. The city authorities can likewise be of great help in keeping the moral atmosphere pure. Our city officials should be encouraged by the local citizenship to ferret out all things that are calculated to be of a disagreeable or unpleasant nature, and they should also be encouraged along the line of keeping the town cleaned up and made more beautiful, attractive and pleasant place to live. This town needs cleaning up and we would be glad to welcome a proclamation by the mayor of Santa Anna for a general Clean-Up.

According to all prophecy the greatest season in several years is just a head and fast approaching. A tremendous drouth is existing throughout the country, but it has been broken in places temporarily, and crops in this part of the country will average better than they were last year, especially does this apply to the sections east, south-east and north-east of town. The communities west of town have been less fortunate as they have not had the several showers that have fell in the communities to the east. The price being paid for cotton is above 20 cents and bids fair to stay around 20 cents or higher, and we think the general conditions in this country are much improved over that of last year. Considering that Santa Anna got more cotton last year than any town of her size in central west Texas, and the

outlook for a still better crop this year, special efforts should be made on the part of the business men of the town to do a good business this fall. People have bought sparingly the last two years, especially in the dry goods line, and this season should be a good season for those in the dry goods business. We have been informed that several of the Santa Anna merchants bought the largest stocks of goods this season they have bought in several, and we think we are justified in telling our readers that what they want this fall they will find it in Santa Anna. Santa Anna has a reputation of being the best cotton market in the state, and this season we will have more buyers than ever before and the market is going to be more than interesting. Our readers will find from time to time advertising in the News from the best stores in town, telling you of their goods and wares and we hope you will make it convenient to do your trading with them when in town. You will also find it to your advantage to bring your cotton to Santa Anna to sell.

On last Saturday's Express, the editor received a fine crate of cantaloupes, shipped to us from Pecos, the shipper being M. C. Buchanan. Mr. Buchanan's oldest daughter has been cooking for, waiting on, dictating to, washing for and trying to boss the editor for the past twelve years, and for this reason Mr. Buchanan remembers us every year with a fine crate of the famous Rocky Ford cantaloupes, raised on his own truck farm in the Pecos valley. The melons were as fine as the world can produce and we extend to the old gentleman our thanks for the nice treat. May he live through many more summers and continue his good deeds.

Rev. Jeff Davis is doing the preaching in a revival meeting at the Baptist church this week. He will preach at both hours Sunday and the ordinance of Baptism will be attended to some time Sunday afternoon.

### OUR GREATEST ASSET (Walters (Okla.) Herald)

The greatest asset our country possesses is its boys and girls. The whole future welfare of the human race depends upon the boys and girls who are now growing up being trained to rightly discharge the responsibilities that will all too soon be resting upon them. It behooves every good citizen, therefore, to do what he can to help the rising generation to make of themselves, men and women rightly comprehending the duty they owe to themselves, their country, and their God.

There are many who do not realize the standpoint from which these boys and girls should be trained to view the questions that must confront them as they go through life, and hence they are apt to become confused and to make serious mistakes, and these mistaken ideas will only handicap them and others in accomplishing the things to be desired and that they should have a part in accomplishing.

In the great scheme of life, we are clothed with many and various responsibilities, and in the discharge of one obligation it is not necessary for us to fail in meeting other obligations just as binding. For instance, we owe to our government certain obligations which are just as sacred as any we have, and we can meet those responsibilities without ignoring any claim that the church may have upon us. We owe much to the church and to society, and we can be true to each if we but rightly understand the basis upon which these various obligations and responsibilities rest, and the boys and girls should be taught clearly in their minds, and to be loyal and faithful in the discharge of duty.

They owe to the church the duty to carry the Gospel of Christ to every creature, to promote love and good will among men and to rid the world of sin. But this work must be accomplished in the hearts of the people, and these must be brought into harmony with the spirit of Christ and the will of the Father above.

To the government, established for the protection of the inalienable loyalty. We should study the principles of free government, and teach the boys and girls to do so, in order that no man or woman may be deprived of any right, the exercise of which does not interfere with the rights of his fellowman. To preserve the principles upon which our government was established is the supreme duty of every true American citizen, for in the preservation of those principles rests the perpetuity of the greatest government ever devised by man. The work of the church is to persuade men to be better, the work of government, to protect them in the exercise of their God-given rights, one of these being the right to worship God as their conscience may dictate.

To promote the welfare and happiness of ourselves and our families we must join with our neighbors and friends in every effort made for the upbuilding of our own community. We do not need to fall short of any duty we owe the church or the government in standing united for the social and material advancement of our own town and county. We may hold to certain views in politics and we may be identified with whatever religious organization we choose in the performance of duty along those lines, but we need not allow these to affect us, or prevent us from coming fully up to the demand made upon us as members of the community in which we live. We cannot disregard the duty we owe our community simply because we have a duty to perform in our relation to our church or to the state.

The boys and girls of today will be the men and women of tomorrow, and in helping them to fit themselves for the responsibilities of life we are engaged in the highest and most important work that we can do. Let us remember that to lead them right and make of them good citizens is a serious matter, and one that calls for the exercise of our best judgment at all times. For the boys and girls are our greatest asset and in them we should manifest our greatest concern.

AS THE EDITOR SEES IT  
When you hear a fellow countryman knocking this country, ask him where he came from. Ask him why he left his own country.

Ask him why he doesn't go back there. If he says he is a native of this country, tell him he is not a credit to his nativity.

If he admits that he came from another country, tell him our country would not miss him.

If he is just a chronic kicker, tell him the devil is waiting for him.

There are many other things you might tell him, but it would be useless. Wholesome truths seldom sink into a tough hide.

An editor was severely criticized by many of his subscribers for printing the plain truth in his paper.

Stung to the quick, he announced that on a given date he would omit from his columns every class of news which any objection was made by any person.

When the paper was issued every page was blank.

To what class of news do you object?

It requires years of correct living to build up an unblemished reputation.

Often it takes but a whispered innuendo to destroy it.

Yet people who otherwise live an exemplary life will indulge in gossip that starts stories that grow into mountains of scandal that develop and crush many an innocent person.

People who can not curb their tongues should become hermits. They would be missed, but not mourned.

Don't let your child "blow in" its first nickle. To do so is to give it its first lesson in extravagance.

Give it five pennies. Let it spend one or two for candy, and save the rest. That will be its first lesson in economy.

From the cradle to the grave is no great tax upon the memory of a normal human mind.

The farmer who has to go ten miles for a trase chain finds it an expensive purchase.

If the town man had to go to the nearest city for a pencil, or his wife had to journey hence for a spool of thread, both would be peeved beyond endurance.

It pays to spend your money with our local dealers, for the more they sell the greater the variety of stock they can afford to carry for your convenience.

J. C. Lewis, Talpa, Texas.

The state and many of the counties have just undergone a political shake-up and new men have been placed in office. Judge Thos. L. Blanton, present mem-

ber of Congress defeated Oscar Callaway of Comanche by about 12,000 votes and will serve another two years in the National Congress. Hon. Jos. B. Dibrell Jr., of Coleman has announced his intention to run for Congress two years from now and we think our government will be in good hands when trusted to such men as Mr. Dibrell, and unless something unforeseen develops between now and the time for our next campaign the News will support Mr. Dibrell for the office.

Our regular readers will do us a favor if they will call the attention of their neighbors to our special subscription offer now running in the paper. We will send the News the remainder of this year to any address in Coleman county for only 25 cents and will send the Santa Anna News and Dallas Semi-Weekly Farm News to any address in Coleman county three months for only 50 cents.

**COMMUNITY CO-OPERATION**

The following resolution was recently adopted by the Lufkin Chamber of Commerce and published in the Lufkin Leader. It is a bit lengthy but we think it one of the best articles we have ever read on the subject of Community Co-operation. We trust every citizen in this country will read it and if you fail to get the full significance of its meaning, read it again and again until you fully conceive its every meaning.

"WHEREAS, Our County is torn by political and economic unrest, and many imponderable agencies are at work to create dissension among our people, to array neighbor against neighbor and class against class, and to arouse a spirit of hostility among business enterprises of all kinds and...

"WHEREAS, such agencies are inimical to the peace and happiness of the people of Lufkin and destructive of the spirit that has made our town the pride of Texas, therefore,

"BE IT RESOLVED By the Board of Directors of the Lufkin Chamber of Commerce:

"That calm thoughts and deliberative judgment must control our conduct, having in mind at all times the Golden Rule and the purest loyalty to our home town and believing that men should grow in love of love and hate of hate and in reference of honest, sterling manhood. Brotherly love and selfishness lived together in the mind of savage man when he inhabited the cave and dugout. They came with him through all his meanderings to civilization. They have always conspired against each other and sought to rule supreme in the same dominion. In the early days selfishness was the stronger and pushed aside his persistent enemy. He reveled in the glowing consciousness that in the mind of savage man he might hold forever the scepter of sovereignty. As the clouds of Barbarism and Ignorance were rolled away by the golden sun rise of enlightenment, selfishness found that his untiring foe had gained new strength and that he must now struggle hard indeed to hold the mastery. As the centuries, with all their constant panorama of change and advancement, have come and gone, brotherhood has silently enthroned itself in the hearts of men. Nineteen centuries ago there came down from the Mount the marvelous edict, "Love thy neighbor as thyself." No one command, no one sentence, has lent as much momentum to the splendid inherent altruism in human nature as this startling rule of conduct enjoined upon mankind.

Notwithstanding the glorious progress of manhood from darkness to light, one meets every day in the business and social world the minions of selfishness, the ancient enemy of human love, envy and hate. Envy and hate are of the same sisterhood. Envy is born of greed and vanity. She destroys for the sake of destroying. Rider Haggard makes the beautiful Cleopatra speak to Hormachus of envy as follows:

"What a thing is envy! That foul sickness of the mind, which makes the jaundiced eye of pettiness to see all things distorted, to read evil written on the open face of good and find impurity in the whitest virgin's soul."

"Hate is a disease. It fastens itself upon the human soul like a dreaded malady. It destroys love. It breeds distrust. It clouds the mind with inhuman thoughts. It is the forerunner of chaos."

"Let us love one another. Let us here now firmly resolve that our people shall not be divided, but that we stand as a unit for law and order and for the continued orderly progress of our home town of which we are so justly proud. To this end we should see to it that hate and envy do not enter our social and business activities. Trade with home people. Keep our money in our own banks. Sacrifice a little, if necessary, for the common good. Meet the other fellow half way. Respect the law. Let the good in you surpass the bad."

"Let us be dominated by the American ideal. This ideal, conceived in liberty and dedicated to the proposition that all men are born with equal rights, is the most potent and moral ideal in all the world. All this country needs is to be true to herself, and she will save and lead

manhood. The future rests with us. The fate of humanity may be in our minds, but democracy can save or destroy the world. The pleading voice of a war torn world, choked with the sob of the ages, is lifted to us, and intermingled with it is all the shrill, far-flung cry of the radical, the selfish and the restless. It behooves us, in the name of God, in the name of charity, in the name of freedom, in the name of justice, to be consistent, lawabiding, generous, and true, lest we, too, may go to the way of the earlier nations. The republic needs men, God-gifted men, of character, purity, vigor and judgment. It needs men to stand in the hard places and fight the hard battles. It needs men to answer its questions and to solve its problems. It needs men whose lives appeal to our intellect, arouse our ideals, and touch the best in all of us. It needs men who have ideals, and who rely upon them for success. It needs men who will not disturb the public mind by teaching it to want. It needs men who will not disappoint the people with the promise of things they cannot have. It needs men who will always do the best they can just where and as they are; men with sufficient self-abnegation to permit their laboring in obscurity smiling in adversity and waiting in patience. Such men will proclaim and teach that American institutions, and American law are the great bulwark behind which the forces of liberty are entrenched, and that the American Constitution is the outward and visible means by which the blessings of liberty have been secured. Such men will impose the principles of Americanism upon all new comers, and defend those principles against all attacks. Such men will do their work with enthusiasm, not for gain, but because it is a part of the plan.

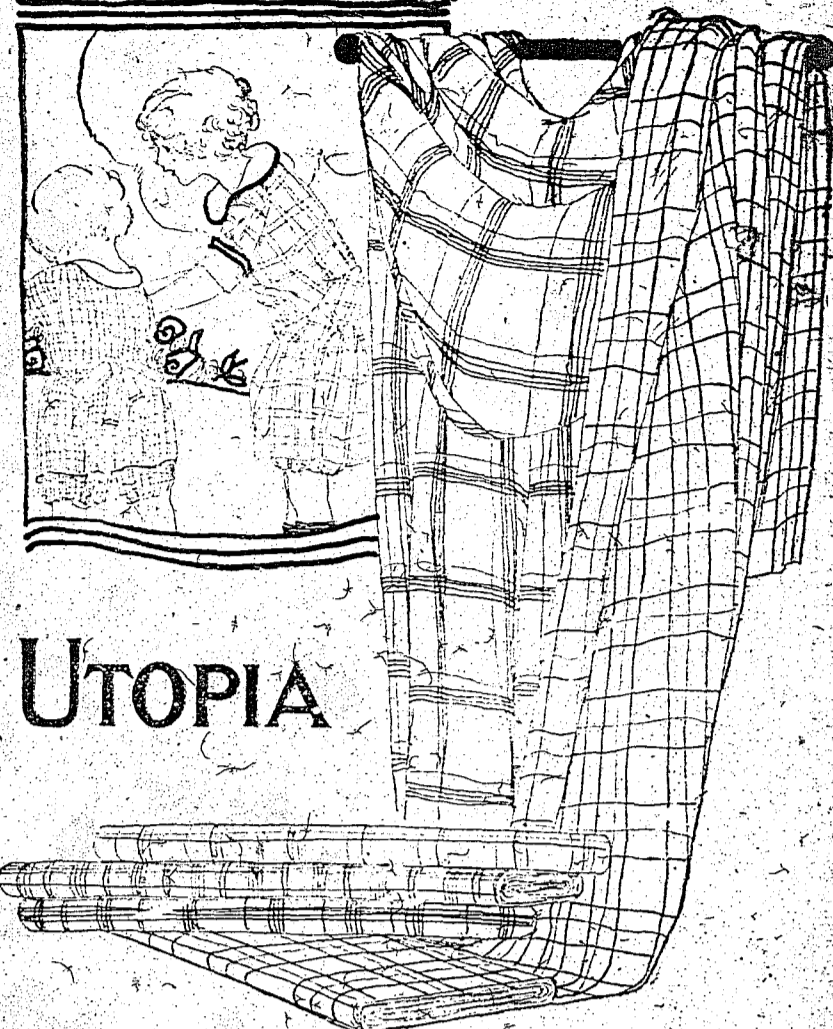

"Therefore, as men and women who have fought hard and long for the glory of our people and town, let us not forget that it cost to win. Storms are brewing, and to protect what we have we must stand together as a unit, presenting a solid phalanx of determination, hope, charity and love against the enemy. Do not say or do anything to create trouble among our people. Patronize each other in a business way. The boycott is one of the devil's instruments to destroy us. Be calm. Possess all your wits. Use your head. Respect the law. Be loyal to the government. And all will be well. Lufkin will continue to grow and prosper, and her people will be the happiest on earth."

**Inscription Found on Egg**  
Richland, Texas, Aug. 14.—Dr. D. G. Smith of this place found an egg in his barn which bears in raised letters on the shell the following inscription: "The end is near." The letters are plain and easily read and the egg is attracting a good deal of attention. Dr. Smith said the letters could not have been raised by an individual, and he is at a loss to account for the strange phenomenon.

**THE OPEN SEASON FOR DOVE SHOOTING BEGINS**  
SEPT. 1ST; 15 ONE DAY  
The open season for killing doves opens September 1st and ends December 15th. No more than fifteen doves may be killed in any one day. The open season for quail does not begin until December 1st and the duck shooting season begins October 16th. Wild turkey gobbler hunting season has been changed, due to the action of the last Legislature. The general season thru the State now opens Nov. 1, with a season limit of three gobblers. Due to scarcity of turkeys there is no open season, and even gobblers may not be shot in Cameron, Hidalgo, Willacy, Kenedy, Starr, Brooks, Jim Hogg and McMullen counties.

# 46 YEARS OF HONEST SHOE BUILDING

Is the reputation of Brown Shoe Co. During these years their daily output has grown from a few hundred pairs to almost fifty thousand pairs per day. The "Star 5 Star" trade mark has become nationally known. Building shoes of an inferior quality and not priced right will not make a business of this kind. We have this season made special effort to fill our shelves with shoes of quality and at medium prices. We know we have succeeded in doing this and ask that you give us a chance to sell you and your family the shoe bill.

## OUR FALL STOCK OF DRY GOODS ARRIVING

We have made some special buys in some close out, short lengths, etc., and it will be worth your while to see what we have in this line. The best shirting made at 17 1/2c per yard. A good 17x38 towel at 25c per pair. Best oil colors in quilt calicos at 10c per yard. New Silks, New Woolens, New Hosiery, Bon Ton Corsets, all kinds of staples and they are absolutely priced right if quality is considered. Our sales this year are 45 per cent greater than last year. There is a reason. It has been our aim that every article going out of our house must be exactly as represented. To give you serviceable and dependable merchandise at honest prices. We believe by your increased patronage that we have a right to feel that we are succeeding in our efforts to serve you satisfactorily. Help us to grow. We will prove our appreciation by our efforts to serve you better.

### WICHITA S. S. TEACHER RESIGNS BY REQUEST

Attorney C. C. McDonald, former Assistant Attorney General and an ardent supporter of James E. Ferguson for Senator, Sunday morning tendered his resignation as teacher of the men's Bible Class of the Floral Heights Methodist church at Wichita Falls.

A clash between members of the class and the pastor, the Rev. J. H. Groseclose followed when a motion was put by Attorney T. R. Boone not to accept the resignation.

Mr. McDonald told the members of the class that last Wednesday several hours before he spoke on the behalf of the candidacy of Mr. Ferguson, Dr. Groseclose came to him and said that he had "quite a load on his shoulders," that if he McDonald was going to make speeches for Mr. Ferguson, he "ought to resign as Sunday school teacher because of Ferguson's stand on the liquor question."

Accordingly, Mr. McDonald said, he tendered his resignation, as he had spoken for Ferguson.

When Mr. Boone made the motion not to accept the resignation, Dr. Groseclose said that since he was an officer of the class, he could not put the motion to a vote.

If all the people in Texas who voted for Jim Ferguson were turned out of the church and barred from the Sunday school church and Sunday school attendance would be greatly decreased.

The sound of Gabriel's Trumpet will be heard before the editor of this paper ever lets up about a clean-up campaign in this town unless the town is carried through a general renovation.

### W. A. NABOURS

(From Cameron Enterprise) Saturday, August 19, 1922, Mr. W. A. Nabours died in Temple, Texas, after an illness of two weeks.

From the home of his son, Mr. Jerry Nabours of Cameron, funeral services, conducted by Rev. Ira F. Key, pastor of the Cameron Methodist church were held at Salem church, of which the Nabours family for many years had been faithful members, followed by burial in the Salem cemetery. Cameron lodge No. 56, I. O. O. F. had charge of impressive ritualistic services at the grave.

W. A. Nabours was born January 30, 1839, in Mississippi. He came to Texas at the age of ten years with the family of his father, Rev. Jeremiah Nabours, a Methodist preacher.

In 1873, Mr. Nabours was married near Cameron to Miss Eliza Zellner. Four children were born to them, all of whom with their mother survive. They are Mr. Jerry Nabours of Cameron, Mrs. E. L. Woodward of Santa Anna, Texas, Mrs. C. A. Edwards of Three River, New Mexico and Mrs. Dave Robinson of Temple, Texas. Besides these seven grandchildren and two great grandchildren are left to mourn the loss of their grandfather.

All his children were in family reunion at the home of Mrs. E. A. Edwards in Three River, New Mexico, when Mr. Nabours was taken sick. After a few days illness there he was brought to Temple, where he died on Saturday at 6 p. m.

His passing is sincerely mourned by a large circle of friends. His long life of faithful citizenship and devotion to duty has been an inspiration to many and the influence he erected will continue to live.

In his suit of Confederate gray, he was a familiar figure at the annual reunions of Hood's Texas Brigade, of which he was a devoted member. His wife always attended Reunions with him and their absence will be keenly felt by the thinning ranks of that noble and historic band of brave men who left Texas at the first call for troops in 1861 and by their courage and valor made the history of the Southland so brilliant.

Mr. Nabours was not only a maker but a preserver of those priceless recollections, having contributed to several Southern histories from the treasure house of his memory. In the Confederate Veteran of February, 1916, was published an article written by him, "Active Service of a Texas Command," in which is recounted the organization and service of Company G, 5th Texas Regiment, Hood's Brigade, of which Mr. Nabours was Second Sergeant. He served bravely through the four years of war and was one of the ten members of the Confederate Company that left Cameron in 1861 to surrender with Lee at Appomattox. His surviving Confederate comrades in Milam county are Messrs. J. Alex Huffman, James L. Stewart, L. W. Miller and Elbert E. Pool.

Mr. Nabours enjoyed the utmost confidence of the people of Milam county as was proven by his long years of public service. He was for twelve years County Treasurer, retiring at his own volition in 1910.

Later he lived in West Texas

to be near his daughters. His last home was in Santa Anna, Texas, with his grandson, Lee Woodward, who keeps alive in his name the undying devotion of the Southern soldier for his famous chieftain.

—MRS. JEFF KEMP.

### LET'S DO IT NOW

There never was a better or more opportune time than right now for a general clean-up in this town. Weeds and other growths of a worthless nature can now be cut and burned, trash and filthy accumulations can be burned and hauled off to the dump ground, lime and other disinfect can be used in places needed, and unless we have considerable rains in the early fall we will not be bothered with any more unsightly and unbecoming growths until next summer. By all means let's have a general clean-up before the fall rush of business, as time will be too valuable during the rush to stop and do the things that could and should be done now. Wake up you City Dads and help to wake up the town.

## Train Your Child To Save Money

There are many spendthrifts in this world, but it isn't always the spendthrift himself who is most to blame.

Adults are generally the result of their early training. If they are taught the value of saving money while young they will continue the habit of saving in after years. If they are allowed to "Make it Fly" as a child the chances are there will be nothing left to fly when they reach the decline of life.

A savings account in this bank is one of the best teachers your child can have, regardless of its age. Open an account for it now, and teach it while teaching is best. A dollar starts them on the road to thrift.
