

Nineteen Russians Expelled By Government In France

PARIS, Nov. 26. (AP)—The Ministry of the Interior announced today the expulsion from France of 19 Russians for "interference in French affairs" during the current labor crisis, which erupted in new violence as police and strikers battled in the streets of Lyon.

communists have "launched a violent offensive" to force Paris postal employes to strike. He said "communist elements are using intimidation and menace and trying to create an atmosphere of terror."

The interior ministry said the four expelled officers of the Soviet patriotic union were President Katcheva, Treasurer Krivochine and Secretaries General Dimitri Kobalev and Alexander Palevov.

A Paris newspaper reported that inquiries at offices of the patriotic union elicited this reply: "Our president is away on a trip. We know nothing about any arrests."

The order came a few days after police raided a Russian repatriation camp outside Paris, seized a small quantity of arms and removed a woman and her three children.

Senate Move May Cut Aid For Europe

Development Is Threat To Speedy Action

WASHINGTON, Nov. 26. (AP)—A move to whittle down the \$597,000,000 European aid program developed in the Senate today and threatened plans of leaders for speedy passage.

Senator Wherry (R-Neb) said "some younger senators" are considering offering an amendment to cut back the Senate bill by \$108,000,000, the same amount tentatively stricken out by the House foreign affairs committee.

Wherry told reporters he anticipates this attempt will fail and the Senate "will pass this overwhelmingly."

On the House side of the capitol, fresh prospects cropped up of delay in final action on the program.

Chairman Taber (R-NY) said it probably will be Dec. 4 at the earliest before the House appropriations committee can even consider appropriating emergency aid for France, Italy and Austria.

Taber told this to reporters after a conference with President Truman.

After cutting \$108,000,000 from the \$597,000,000 the Administration asked for France, Italy and Austria, the House foreign affairs committee added \$60,000,000 for China.

The measure before the foreign affairs committee simply authorizes the proposed program.

Before any aid is actually sent, legislation appropriating the funds will have to be cleared from Taber's committee.

The foreign affairs committee's vote to cut down the size of European aid was reported to have been by a 10-9 vote. The vote on \$60,000,000 for China was not reported.

The two big changes put the total okayed by the House group at \$549,000,000 and sent state department officials out of the committee room dejectedly shaking their heads.

The Senate pluggled steadily along meanwhile toward approval of a bill containing nothing for China and the full \$597,000,000 President Truman recommended for the three European nations.

Austria Peace To Be Sought

Big Four Put Problem At Top Of Agenda

German Treaty Talks Placed Second On List

LONDON, Nov. 26. (AP)—French sources said the foreign ministers council agreed today to place the Austrian treaty at the top of their agenda.

The council approved the suggestion made yesterday by French foreign Minister Georges Bidault to take up the question of the Austrian treaty and then send it to their deputies, who are considering an accord in the light of French proposals on the German assets issue.

At the same time, the council placed the preparation of a German treaty, including frontiers and procedure, second on the agenda.

The meeting today was brisk, occupying but two of the three scheduled hours.

The foreign ministers of the United States, Russia, Great Britain and France are to begin German Peace treaty discussion tomorrow.

The new round of discussions at Lancaster House started at 3:30 p. m. (9:30 a. m. Central Standard Time). Under an arrangement reached yesterday, the session was not supposed to last more than three hours.

The Austrian split arose from the fact that, though the Big Four agreed on a six-point program, they could not agree yesterday whether to give priority to Austrian or German problems.

Preliminary indications were that the United States, Great Britain and France technically might win their fight to give Austria the first place provided Russian Foreign Minister V. M. Molotov got assurance that this would not prevent an early start on German discussions.

Secretary Marshall, British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault might have agreed in turn, it was said, with Molotov's proposal for the order of items on Germany, giving priority to a discussion of peace treaty arrangements rather than to the economic and political unity of Germany.

This would get the conference quickly into a discussion of Germany and provide Molotov the opportunity the Americans and Britons believe he wants to deliver a speech critical to their occupation policies.

City Approves End To Lease

City commissioners Tuesday authorized Mayor G. W. Dabney to sign instruments cancelling the lease of Army Airfield property to the Federal government.

The lease termination already has been executed for the government by officials of the War Assets Administration.

All land leased in the spring of 1942, including the Municipal Airport, has been returned to the city, and a small tract south of the airport purchased by the government is included. The latter tract includes slightly over 18 acres which formerly comprised the ordinance storage area for the post.

A brick and concrete ordinance storage installation is located on the land.

Buildings already granted the city as airport property were included in the official instrument, as well as certain electric lines, water lines and the post sewer system.

The electric lines connect with a Texas Electric Service outlet on the south side of the post and extend to all airport buildings on the line.

Water lines connecting with the city lines on the southeast corner of the field extend to the Howard County Junior college and then westward to the airport buildings.

The entire sewer system on the post, including a disposal plant, was turned over to the city.

Rocky Island Searched For Wreck Victims

KETCHIKAN, Alaska, Nov. 26. (AP)—Beaches and wooded areas of Rocky Hipsa island were combed by Coast Guard searching parties as darkness lifted today for possible survivors of 51 crewmen aboard the ill-fated transport, Clarkdale Victory.

Capt. Niels Haugen, commanding officer of the Coast Guard base here, said a walkie-talkie report relayed from one part last night saying "search for survivors negative" remained unexplained, and that darkness had undoubtedly halted their efforts.

Two Coast Guard planes, one flown by Lt. Comdr. Oscar Weed, the base's air detachment commanding officer, sighted what appeared to be three survivors from the battered ship early in the day yesterday, and dropped medical and other supplies. Only the bow section of the battered 10,850-ton ship which went aground Monday night remained on the beach.

A radio message from Capt. Ben Aspen, master of the Steamship Denali, first vessel to reach the wreck, said he could hardly see "how it would be possible for any living person to survive."

The Clarkdale Victory had been broten in two at the number three hatch, and no part of the bridge, midsheeps or aft end could be seen. His eight-man rescue crew was unable to reach the beach.

The searching planes yesterday reported they saw the men below seize the medical supplies dropped and run into nearby woods, as though taking them to other injured survivors.

The victory ship was southbound from Whittier, Alaska, when it ran aground and flashed an SOS at 10:04 p. m. (PST) last night. Its skipper was Gerald R. Laugesen, 35, Oakland, Calif., whose wife was on the way north to Seattle late yesterday for a planned meeting with him, before she heard of the wreck.

Dabney Invited To Washington Meet

Mayor G. W. Dabney, as head of the local Citizens Food Committee, has been invited to a conference in Washington Dec. 2, to discuss plans to maintain and intensify community interest in food conservation measures.

'48 County Vote Is Still Below Strength

County voting strength for 1948 is still far below the potential, judging from the sale of poll taxes here.

As of this morning, a total of 1090 poll tax certificates had been issued by the county tax collector-assessor's office. An additional 400 exemptions had been granted.

Something like 5,000 poll taxes were sold here last year.

JEWS JUBILANT

Arabs Denounce Committee Vote On Palestine Plan

JERUSALEM, Nov. 26. (AP)—While Jews demonstrated jubilantly today over the U. N. Palestine committee's favorable vote on partitioning the Holy Land, Arab leaders denounced the action in words which made no secret of their bitter feelings.

Dr. Hussein El Khalidi, secretary of the Arab higher executive, characterized the vote as "a victory for America's ability to blackmail the world" and added:

"The fact that there were 17 abstentions and 13 negative votes in the AD HOC committee and only 25 favorable ballots shows that the majority of members opposed partition. Only America's attitude and pressure work during the last 48 hours before the vote saved the partition proposal from defeat."

He declined to discuss the course Arab leaders would take should the partition plan be approved by the U. N. general assembly today, saying merely:

"We will not retreat from our position of opposing the dismemberment of our land and the denial of self-determination to our people."

In the streets of Jerusalem other less diplomatic Arabs openly took the attitude of "now we will fight."

Jewish quarters appeared certain that the partition plan would receive the necessary two-thirds majority in the U. N. general assembly. The general opinion was reflected in the Palestine Post, Jewish-owned English language newspaper, which said of the committee vote:

"It is a satisfactory end to numerous debates and the sickening uncertainties of the ad hoc committee and a solemn portent as confident as it is inescapable of the final verdict of the general assembly."

Both Jewish and Arab camps, meanwhile, were quietly but busily preparing for possible developments.

No Meet Set To Study Neff Move

MCALEEN, Nov. 26. (AP)—Bill Patterson, president of the Baylor University ex-students association, said last night that no meeting of the directors of the association was planned to consider the release of two Baylor officials by President Pat M. Neff.

Neff notified Dr. Roy J. McKnight university business manager, and Jack Dillard, executive secretary of ex-students, of their release Monday.

Patterson termed the action "just one of those little family quarrels."

"I think the Governor (Neff) is fully aware of the fact that he has no authority to fire either of the men," Patterson said. He said the business manager was employed by the trustees and the secretary by the ex-students.

TNG Unit Is Designated For B' Spring

Designation of a National Guard unit for Big Spring was announced Wednesday.

By advice from Maj. Gen. K. L. Berry, commanding the Texas National Guard, the unit to be organized here will be Battalion B, 132nd Field Artillery. He gave the designation in a letter to J. H. Greene, manager of the chamber of commerce.

Allocation of a Guard unit here culminates several months' activity on the part of local interests, and a special committee headed by Joe Pond has been at work actively on the project. Arrangements have been made to quarter the Guard unit in a building at the former bombardier field.

Pond and others had hoped for an infantry unit for the city, but under the state organizational setup, this type could not be assigned to Big Spring.

The battalion setup calls for five officers and 97 enlisted men.

Personnel now represents the next major step, Pond announced Wednesday, and he urged that all men who have had service in the Field Artillery to contact him.

Pond said his organizational committee will meet the first of the week to survey possibilities of officer personnel. Once a commanding officer is chosen, it will be his responsibility to complete a staff and handle an enlistment program.

Truman Commutes Curley Sentence

WASHINGTON, Nov. 26. (AP)—President Truman today commuted the Federal mail fraud sentence of Mayor James M. Curley of Boston, providing for his release today from the Federal reformatory at Danbury, Conn.

The commutation provides that Curley's sentence has been completed with the five months he has served of a six to 18 months term on a mail fraud conviction.

Mr. Truman also commuted the sentence of Donald Wakefield Smith, a former member of the National Labor Relations Board, who was convicted on the same charge.

Smith had been sentenced to a term of from four months to one year and a day.

Curley is Democratic national committeeman from Massachusetts and also has served as U. S. Representative and governor of his state.

Ross said he understands that under Massachusetts law Curley has not been deprived of his civil rights in that state by his conviction.

Nominated To Be Postmaster General

WASHINGTON, Nov. 26. (AP)—President Truman sent to the Senate today the nomination of Jesse M. Donaldson of Illinois to be postmaster general.

Donaldson's appointment was announced yesterday. If confirmed, he will succeed Robert E. Hannegan, who is resigning to become head of the St. Louis Cardinal baseball club system.

One of the newspapers, Risorgimento, Liberty party organ, attributed its information to a "credible source" and said the strike on Dec. 1—would be followed by a similar manifestation in France.

Chest Drive Nears \$10,000

Cash and pledges to the Howard County Community Chest Wednesday neared the \$10,000 mark.

Although there was no official tabulation as yet, a check of donors of \$50 and above accounted for \$7,735 toward the \$36,000 goal. With other contributions beginning to come into headquarters at Empire Southern Gas company plus that gathered but not reported as yet, the figure raised to date was estimated to be upwards of \$10,000.

Dr. R. B. G. Cowper and G. H. Hayward were continuing to make contacts for the large gifts division, and teams under Lewis Price, Marvin Miller and K. H. McGibbon were well along on special gifts, although by no means all had reported.

The general canvass was just swinging into stride and Joe Pickle, chairman of this division, urged workers to make every effort to clean up their contacts by the end of the week. Next week key men, held in reserve for clean-up activities, will be asked to back-track over areas and groups missed in the initial surge.

Meanwhile, Ira Thurman, general chairman, renewed his appeal for residents of Big Spring and Howard county to bring or mail their contributions and pledges to headquarters to eliminate as much of the load on volunteer workers as possible.

Morover, he again stressed the opportunity for pledges, reminding that "the Chest is highly desirous of handling contributions on a pledge basis as an accommodation to those who would like to give more over a year's time. We urge as many as can to take advantage of this."

Among donors of \$50 and over listed by headquarters to date are: First National bank, Dr. R. B. G. Cowper, \$600 each; Texas and Pacific Railway Co., \$500; Big Spring Herald, I. Weiner, \$350 each; R. T. Piner, Big Spring Lumber Co., Duncan Drilling Co., Eberly Funeral Home, \$300 each; State National bank, \$250; Dr. P. W. Ma-

TOMORROW

B'Spring To Pause, Count Blessings

Big Spring pauses Thursday to count its blessings for the year, and to relax around the festive board, take in a traditional football game and other functions scheduled for the day.

Union Thanksgiving services, under the sponsorship of the Big Spring Pastors association, is set for 10 a. m. at the First Christian church with the Rev. James Parks, pastor of the East Fourth Baptist church, bringing the message. Music is to be under direction of the First Christian choir and the Rev. R. Gage Lloyd, First Presbyterian minister and president of the association, will preside. The Rev. Lloyd urged a representative attendance at the service of thanks.

Business in general will observe a holiday. That means banks, public offices, schools, the junior college, retail and wholesale stores, except those agencies and businesses offering emergency and food services.

The St. Paul's Lutheran church is having its Thanksgiving service at 10:30 a. m. when the Rev. Ad H. Hoyer, pastor, speaks on "A Profitable Thanksgiving Service."

At 3 p. m. the football game between Big Spring and Sweetwater will be played at Steer stadium. The school tax office will be open from 9 a. m. to 11 a. m. for advance sale of tickets. W. L. Reed, high school principal, announced. Granted continued good weather, several thousand are expected to witness the colorful clash.

Schools dismiss this afternoon and will not reconvene until Monday morning. Several administrators and teachers are going to San Antonio to take in the Texas State Teachers association convention. W. C. Blankenship, superintendent, Walker Bailey, county superintendent, and J. F. Jones, Howard County Junior College, left Wednesday. Mrs. C. C. Coffee, Mrs. H. L. Derrick, Mrs. W. O. Low, Marguerite Woods, Nancy Boswell, See HOLIDAY, Pg. 10, Col. 3.

Clear Weather Seen For Holiday

Clear, crisp weather for Thanksgiving day tomorrow is the weather man's contribution to Texas happiness.

The forecast calls for generally fair weather everywhere except near the coast, where cloudiness is predicted. No change in temperature is expected.

Fair skies covered Texas today except in the lower Rio Grande valley and the coast, where light rains fell yesterday and where clouds still hung low today.

Rains fell in widely scattered areas along the coast and in south Texas. Heaviest was 1.12 inches at Alice. Other reported were Corpus Christi .80, Rock Springs .75, Victoria .61, Laredo .29, San Antonio .25, Crystal City .21, Del Rio .15, Galveston .13.

in a game that, despite season records, always turns into a close, hard-fought battle.

Although colleges leave Thanksgiving day to the two big state schools and play their games on Saturdays, scores of high school football games will be played tomorrow. Some will determine district or bi-district titles.

They include games at Sherman, Paris, Plainview, Lubbock, Borger, Electra, Graham, Childress, Odessa, Abilene, El Paso, Grand Prairie, Denton, Ft. Worth, Ranger, Stephenville, Breckenridge, Tyler, Gladewater, Texarkana, San Antonio, Austin, Laredo and McAllen.

Hillsboro will have a junior college game.

WANTS EXPORT PRICE POWERS

Harriman Asks Congress For Limited Control Of Steel

WASHINGTON, Nov. 26. (AP)—Secretary of Commerce Harriman today asked Congress for "limited priority and allocation powers" to direct steel to the "most essential programs."

Harriman also urged granting of authority to control prices of export goods as a means of combating inflation at home and of helping the foreign aid program.

The commerce department chief appeared before the Senate-House economic committee to supply details on President Truman's request for such powers.

Mr. Truman had asked authority to control allocation and inventories of basic commodities affect-

ing prices and industrial programs, but Harriman was the first administration leader to say that steel controls are needed.

"By use of limited priority and allocation powers," he said, "a small proportion" of steel could be diverted from less essential purposes to production of freight cars and farm equipment.

At the same time, he called for continuation of present authority to allocate supplies of tin, and said that "more far reaching proposals" are being prepared for submission to Congress later.

Prior to Harriman's testimony, two leading Republican senators—Taft of Ohio and Millikin of Colorado—predicted part of the Tru-

man anti-inflation program may get congressional approval by Christmas.

Taft and Millikin talked to reporters after Rep. Frederick H. Smith (R-Ohio) raised a cry of "socialism" against an Administration proposal for price controls on oil and coal and rationing of gasoline, if voluntary measures fail.

The proposal was made by Oscar L. Chapman, acting secretary of the interior, before the House banking committee yesterday.

Harriman told the Senate group that a grant of power to fix prices on goods shipped out of the country would enable the government to "strengthen the drive against profiteering in exports."

Stores Report More Than Average Rush

If the little woman was out this morning, she was probably grocery shopping for tomorrow's Thanksgiving dinner.

A survey at noon today revealed that grocery stores were doing a brisk business and markets were crowded with customers asking first for hams, second for turkeys and third for hams.

Produce markets were kept busy replacing stalks of celery, along with other vegetables as stores did more than an ordinary Saturday's business.

Rebekahs Host Holiday Dinner

Rebekahs and their guests gathered at the Settles hotel Tuesday evening for a Thanksgiving banquet.

"America" was sung by the audience and the invocation was given by Velma Cain. Memrie Winterrowd gave the welcome address and the story of the pilgrim fathers was told by Mae Darrow.

"Count Your Blessings" was played by Minnie Anderson and an address on Rebekah and Oddfellowship was delivered by W. A. Prescott. Following the singing of "Blest Be The Tie That Binds" the benediction was given by Prescott.

A short routine business session followed the program, and 30 persons were present.

Rev. Ad H. Hoyer Takes Up Duties As Pastor Of Lutheran Church Here

Among newcomers to Big Spring are the Rev. and Mrs. Ad H. Hoyer. The Rev. Mr. Hoyer has assumed pastorate of St. Paul's Lutheran church, Ninth and Scurry, succeeding the Rev. O. H. Horn who accepted a charge at Olney.

The Rev. and Mrs. Hoyer came here from San Antonio, where he was pastor of Mt. Calvary Lutheran church for five and a half years. At the start of the war in 1941, he was one of the organizers of the San Antonio Lutheran Soldier Service Center, and for five years served as its co-manager and Service pastor. During the war he also served members of his church and others in uniform in camps located at Laredo, Eagle Pass, Del Rio and others in that area. For a number of years he also ministered in several of the alien concentration camps in Texas.

Before he went to San Antonio, the Rev. Mr. Hoyer held pastorate for 17 1/2 years in Colorado. At Yuma, Colo., he organized a community hospital, of which he was manager and chaplain for over nine years. In connection with this hospital work he was active in Red Cross and other relief activities.

The Hoyers have two sons, one a junior in Texas University, the other a senior in Concordia Theological Seminary at St. Louis, where he is preparing himself as an institutional chaplain.

If the little woman was out this morning, she was probably grocery shopping for tomorrow's Thanksgiving dinner.

A survey at noon today revealed that grocery stores were doing a brisk business and markets were crowded with customers asking first for hams, second for turkeys and third for hams.

Produce markets were kept busy replacing stalks of celery, along with other vegetables as stores did more than an ordinary Saturday's business.

Rebekahs Host Holiday Dinner

Rebekahs and their guests gathered at the Settles hotel Tuesday evening for a Thanksgiving banquet.

"America" was sung by the audience and the invocation was given by Velma Cain. Memrie Winterrowd gave the welcome address and the story of the pilgrim fathers was told by Mae Darrow.

"Count Your Blessings" was played by Minnie Anderson and an address on Rebekah and Oddfellowship was delivered by W. A. Prescott. Following the singing of "Blest Be The Tie That Binds" the benediction was given by Prescott.

A short routine business session followed the program, and 30 persons were present.

McKinneys On Trip Following Marriage Vows In San Angelo

Mr. and Mrs. R. L. McKinney are on a wedding trip to Oklahoma following their marriage at 9 p. m. Saturday at the First Christian church in San Angelo.

The ceremony was read by the Rev. G. N. Goldston, pastor.

The bride is the former June Elizabeth Abernathy, daughter of Mr. and Mrs. P. C. Abernathy of Sterling City, and the bridegroom is the son of Mr. and Mrs. T. R. McKinney of San Angelo.

Mrs. McKinney wore a blue street-length dress with brown accessories and a pink and brown hat. She carried a white Bible topped with an orchid. Mrs. J. L. Abernathy, sister-in-law of the bride, was matron of honor and wore a blue suit with gray accessories and a white corsage.

Elmer McKinney attended his brother as best man.

The church was decorated with an arch of flowers and ferns and baskets of gladioli and tall tapers in candelabra.

Following their trip to Oklahoma, the couple will be at home in San Angelo.

Mr. and Mrs. A. S. Woods left Monday for Houston to spend Thanksgiving with their children. Mr. and Mrs. Wendell Woods and Mr. and Mrs. Odell Woods.

Hearing Postponed On U. T. Dispute

AUSTIN, Nov. 26. (AP)—Hearing of oral arguments in Dr. Everett H. Givens' suit to force the University of Texas board of regents to es- course for Negroes in Austin to- day was postponed until Monday in the third court of civil appeals

by agreement of both parties. The case was postponed as the court remained adjourned today in respect to Associate Justice James H. Baugh, who died Tuesday. Givens, Austin Negro dentist, seeks by mandamus action to have the refresher school established by the constitutional route rather than by statutory provision in order to share in the university's permanent fund.

REQUEST HEARING

Cattlemen Oppose Easing Of Hoof And Mouth Disease Fight

AUSTIN, Nov. 6. (AP)—The Texas and Southwestern Cattle Raisers association today awaited an answer from President Truman on its request for a hearing in order to express opposition to proposed modification of the U. S.-Mexico hoof and mouth disease eradication program in Mexico. Through its board of directors, the association yesterday urged the President of the United States to withhold decision on the modification which would terminate the program of slaughter and burial of diseased livestock and depend on vaccination and quarantine to control the disease.

C. E. Weymouth of Amarillo, president, sent a telegram saying: "It is our belief that the question involved is of tremendous importance to the economy of the world and especially to the world's food supply. The board of directors held an all-day closed session attended by Gov. Beauford H. Jester, members of the Texas Sheep and Goat Raisers association, and representatives of the Texas Livestock Sanitary Commission in addition to cattlemen. Later, board members told reporters they had adopted the following five-point program which they will urge the joint commis-

- sion of United States and Mexico agriculture authorities to follow:
1. Opposition to attempts at eradication of the disease through the use of vaccination.
 2. Reforming of quarantine lines in Mexico and continuance of the slaughter and burial program.
 3. Insistence on re-organization of forces fighting the disease, with strong administrative leadership.
 4. Strengthening of quarantine lines within Mexico and on the international boundary line.
 5. Construction of a fence on the international boundary as quickly as possible.
- The cattlemen criticized the bureau of animal industry of the U. S. department of agriculture for failure to "hold the line" against the spread of the disease and also for approving the modified program which would eliminate the slaughter of diseased cattle.

British Sentence Two Stern Men

JERUSALEM, Nov. 26. (AP)—A British military court today sentenced two acknowledged members of the Stern gang, Jewish extremist organization, to life imprisonment for wrecking the Cairo-Haifa Express last Aug. 9 and killing the Jewish engine driver. The defendants—Yerugham Krubelink, 17, and Mordecai Sofar, 16—were convicted last week. Five coaches of the express were derailed by a mine explosion as the train sped through the Palestine coastal plain.

Elizabeth, Philip Leave Broadlands

ROMSEY, Eng., Nov. 26. (AP)—Princess Elizabeth and Prince Philip ended their honeymoon stay at nearby Broadlands today and left for London on their way to Birkhall to complete their wedding trip in the Scottish Hills. A single policeman accompanied them as they left the estate of Philip's uncle, Earl Mountbatten where they had passed the last six days. Only a handman watched at the gate as the royal couple drove out, waving their goodbyes.

Louis Refuses To Get Worried Over Title Go

POMPTON LAKES, N. J., Nov. 26. (AP)—Joe Louis is making no serious effort to drum up business for his title defense against Jersey Joe Walcott next week at Madison Square Garden. Sometimes Joe seems almost too honest for his own good.

"No," the champion said after deep reflection. "I don't think he (Walcott) is the most worthy contender. I think there's a couple of others maybe just as worthy as he is. But I think if there had to be a championship fight, then Walcott has just as much right to it as the others."

That was the extent of Joe's expressed enthusiasm for the man against whom he will make his 24th title defense. Still, he didn't say in so many words that Walcott is a cinch.

"I think he plans to do a lot of counter punching against me," Joe volunteered. "That's what he likes to do—what I saw of him in a fight on the coast last summer. I'll carry the fight to him hard, and he won't get to do much counter punching."

Louis looks wonderful in training. There is no other word for it. This observer, for one, is prepared to believe that the Tan Bomber, at 33, is as great a fighter as he ever was—maybe even better.

Joe weighs 214 now, only four pounds above he peg he expects to hit at the weigh-in next week. Since he began training he has boxed 65 rounds and run approximately 300 miles on the road. He looks trim and hard, and his reflexes inside the ring are instant and murderous.

"I'm in lots better shape than I was for the Conn and Mauriello last summer," he said.

Effort Is Made To End Finnish Strike

HELSINKI, Finland, Nov. 26. (AP)—The Finnish government began new conferences with a committee of civil servants today in an effort to break a strike—for higher pay—which has stopped trains, closed schools, grounded planes, tied up ships and severed almost every connection between Finland and the outside world.

Forty thousand civil officials in every branch of government service, except police and defense, joined the work stoppage, which began at midnight despite a stern warning broadcast by Prime Minister Mauno Pekkala, who said the strikers were risking loss of their jobs.

Johannesburg, 1,000 miles inland from Cape Town, is Africa's largest city, with a population of 743,900.

The CHIROPRACTOR and You

One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

CASE HISTORY No. 35. A middle aged woman suffering great distress from colitis. Stomach cramps and sourness were constant. Despite professional attention the condition was continually getting worse. She was advised to visit a Chiropractor and a series of spinal adjustments brought her relief. Shortly afterwards, when venturing outdoors on a severe winter's day, she caught cold in both knees. They became swollen and arthritis developed. She returned to her Chiropractor and further spinal adjustments were given. The arthritis cleared up and has not returned since.

CASE HISTORY No. 357. A girl 16 years old who was brought to a Chiropractor suffering from "nerves" and general debility. In addition, she had a cross-eyed condition which had developed following an attack of whooping cough when she was two years old. A nerve impingement of long standing was located and spinal adjustments were given to correct it. Within a few weeks she was a well girl again and had gained considerable weight, and much to her delight, her eyes had returned to their normal position.

CASE HISTORY No. 16. A man in his 60's suffering from neuritis in the left shoulder and arm. He had fallen on the shoulder 11 years ago and recently had fallen on it

again. The muscles of the shoulder and neck were tense and painful, and the discomfort was so great that he had not enjoyed restful sleep in three months. Chiropractic X-ray analysis revealed that two spinal bones at the base of the neck were displaced. These were adjusted back to their normal position, whereupon the neuritis disappeared.

WHAT IS CHIROPRACTIC? Chiropractic is based on the fact that the brain is the human power house. It creates vital energy. Without brain energy no organ or part of the body can function. Brain energy is transmitted over the body's network of nerves. These nerves radiate from the spine, and it is in the spine that the nerve can be "pinched" by vertebrae, and the flow of energy over them impeded or cut off. When, in this way, the connection is broken between brain and one or more parts of the body, disease is the inevitable result. By skillful analysis and precise spinal adjustments, the Chiropractor is able to locate and release impinged nerves and restore an uninterrupted flow of brain energy to the part affected. Health follows naturally.

Cowsar Drafted By Class B Club

Loughorn baseball league pitchers won't have to worry about big Bob Cowsar. Sweetwater's star slugger, next season.

Cowsar, who clocked 409 for the Sports and led the league in home runs, total bases and runs batted in, has been drafted by Greenville of the Big State (Class B) league.

SLAMMER TOO ENTHUSIASTIC

CHICAGO, Nov. 26. (AP)—William Schiffman slammed down a window sash in his home last night and then called for his wife to help him raise the window.

Mrs. Schiffman couldn't so she called the fire department. Firemen succeeded in raising the window and releasing Schiffman's fingers which had become wedged under the sash.

"Maybe I used too much force," Schiffman said as he examined his damaged fingers.

Date Is Named For Honoring Of Truman, Aleman

HUNTSVILLE, Nov. 26. (AP)—Date of a proposed meeting between Presidents Truman of the United States and Aleman of Mexico to receive degrees at Sam Houston State College has been set as March 30, 1948, college President Harmon Lowman said.

Mr. Truman and the Mexican president have been notified of the date.

The two men were invited previously to receive doctors of laws degrees.

President Truman earlier this fall told a college delegation to "set the date and we'll work to it, trying not to let anything interfere."

President Aleman said if affairs of state did not interfere, he would be glad to come here and accept the degree.

Ruel Signs On With Indians

CLEVELAND, Nov. 26. (AP)—Cleveland Indians President Bill Veeck yesterday reported Herold (Mundy) Ruel former St. Louis Browns manager, has agreed to sign a one-year coaching contract with the Tribe for 1948.

Veeck declined to name the salary terms of the contract.

Ruel's principal duties with the Tribe will be assisting veteran Coach Bill McKechnie in handling the pitching staff, the Indians president said.

Ruel was dismissed as St. Louis manager three weeks ago after a disastrous season.

CLEVELAND, Nov. 26. (AP)—The Cleveland Indians have retained Shortstop Les Boudreau as manager, which is what the fans of this baseball-minded city wanted.

The handsome Franchman signed a two-year contract at a "substantially increased" salary during a six-and-a-half hour conference with Tribe President Bill Veeck in the stadium office Monday.

JUST OBEYING HIS ORDERS

CHICAGO, Nov. 26. (AP)—Joseph Kius, 28, an attendant at a service station, was obedient when two gunmen drove up and one commanded: "Give us all the company's money."

Kius pulled a roll of folding money from his pocket and removed 10 \$1 bills which he held as he handed the robbers the rest, \$65.

He explained why he didn't give them all the money. "This \$10 is mine, not the company's."

The gunmen didn't care who owned the \$10. They wanted it and they took it, Kius told police.

MEDICAL PROGRESS

Story Of Martin County's Hospital Told In Magazine

STANTON, Nov. 26.—Story of Martin County Memorial hospital is related in the current issue of the Progressive Farmer, a southwestern agricultural publication.

Written by Avis Akers, a niece of Mrs. John Johansen of Big Spring, the story traces the hospital from its creation in December of 1945 and operation on Feb. 18, 1946.

Here are some highlights from the piece:

"Prospects weren't so good for building a hospital, so we leased a building, purchased equipment and engaged Dr. Virgil Sanders and his wife, Dr. Nelle Sanders," recalled Ben Carpenter, secretary of the board of directors. Subsequently, Dr. London McIntyre became associated with the hospital.

"Today we have about \$16,000 invested in equipment, about \$5,000 in surplus cash on hand and around \$8,000 in general funds," he added, pointing to plans to erect a 20-bed hospital building at an estimated cost of \$125,000.

Functioning of the hospital stems from memberships, basically \$6, for which the member may get a physical examination including x-ray. Patients, of course, are charged but on moderate rates. Any surplus goes back into the hospital, and according to Elmer Long, business manager, the hospital has never been in debt, and last year had a surplus of \$8,000.

Stanton and Martin county people are proud that the institution can serve many cases in

which time as well as expert care is an important element.

For instance, a 14-year old lad climbed a REA pole three months after the hospital opened, came in contact with a power line and fell 25 feet to the ground. Prompt treatment at the hospital likely contributed to saving his life. Similar was the case of a man who suffered from an acute heart condition that might have claimed his life had he been required to be taken a much longer distance for treatment. One of the great blessings to Stanton and Martin county has been the ability to service obstetrics cases promptly.

Patrons of the hospital hope that

Bids Advertised For School Unit

In called session Wednesday afternoon, trustees of the Big Spring Independent School district advertised for bids for moving and remodeling of an army surplus building for school purposes.

Plans call for installing the unit, part of a cadet classroom structure, in two separate wings at Kate Morrison school. Six additional classrooms would be provided by the structures, which would be financed out of a \$12,000 residue in bonds voted years ago for additional classroom space at Kate Morrison school.

The board also elected three teachers upon recommendation of W. C. Blankenship, and subject to his assignment. They were Ed Robnett, to be Vocational Agriculture teacher; Mrs. Vada Eggleston, formerly a member of the local staff; and Mrs. Margaret McNair.

Authority also was given by the board for insuring three buildings at the post and additional ones at the athletic plant. Two duplications on the tax roll were ordered corrected.

Plans for the classroom units call for new roof, asphalt single siding, plumbing and wiring, painting inside and out. Each wing will be 25 feet wide, 108 feet long, with a 10-foot ceiling. Ceilings will be insulated and a floor furnace type of heating will be employed. Buildings are to be placed on concrete foundations.

FOR EXHIBITS, SHOWS Four AAF Buildings Reserved For County Fair Association

Four warehouse buildings at the Army Airfield were reserved officially Tuesday for the Howard County fair association and other interests seeking to set up central exhibit and show facilities.

J. H. Greene, chamber of commerce manager, told city commissioners that the Howard County Sheriff's Posse, which is cooperating in the venture, already is negotiating for a suitable tract of land, and if a site is purchased, plans will be made for moving the buildings in the near future.

Greene submitted checks, totaling \$5,000, the price set by commissioners on the four buildings.

The funds came from contributions solicited by County Agent Durward Lewter and others on behalf of the 4-H clubs, the Sheriff's posse, and the fair association. City Manager H. W. Whitney will hold the checks until the next city commission meeting, at which time the organizations hope to close the deal.

Two of the buildings will be purchased regardless of the outcome of current negotiations, Greene said, and all four structures will be claimed if the Sheriff's Posse is successful in purchasing a site.

If the full program materializes as proposed, all types of livestock and agricultural exhibits will be conducted at the site, and other events, such as polo matches, etc. will be staged there.

Fuel Oil Shortage Threat Is Eased

NEW YORK, Nov. 26. (AP)—Threats of an east coast fuel oil shortage, induced by a dearth of shipping facilities, were eased last night when the U. S. Maritime Commission announced approval of the sale of 27 Liberty type tankers to oil transportation companies.

The vessels, owned by the commission, can carry 10,000 tons of oil.

Deaf School Decision Delayed By Recess For Thanksgiving

AUSTIN, Nov. 26. (AP)—With students at the State School for the Deaf preparing to go home for Thanksgiving holidays, the State Board of Control today had recessed its hearing of student demands for the removal of the institution's Superintendent Roger M. Powell.

The demand was carried to the board yesterday by a 10-member student committee after a seven-hour student strike over the same issue the day before. The students had agreed to end their strike in return for a hearing of their complaints through their committee.

Board Chairman Hall Logan said the hearing will run into next week. "We want to do a thorough job," he said. "We want to get the facts and not hearsay."

Among witnesses heard under oath yesterday and their testimony recorded were Charles Warren, 17, of Bonita, who told of Sunday night incidents which led to the strike.

Warren said that he and four others slipped off and went to a movie after they had been restricted to the campus.

When a faculty member entered the theater, Warren said, he and another boy ran out and he was caught by Powell outside. He testified that Powell struck him in the scuffle and then hit him "four or five slaps" on his face and about his head. Warren said his lip bled.

Powell was not in the hearing room while Warren's testimony was being heard. He had earlier denied striking any student intentionally.

Olan Lawrence of Buda, one of the student committee members, told the board: "We want a better superintendent who knows how to handle boys and girls."

Backer Of Natural Resources Tax Studies To Renew Effort

WASHINGTON, Nov. 26. (AP)—A Texas state representative, who made a futile fight in the last session of the legislature for new taxes on natural resources, has been here fathering data to renew his efforts at Austin.

He is 24-year-old Jim Wright of Weatherford, former leader of the liberal element among the Young Democrats of America in Texas.

During the past session of the legislature he sponsored bills to provide taxes of 1.55 cents a thousand cubic feet on natural gas, \$3 a ton on sulphur as compared with the present rate of \$1.27, and a graduated tax on crude oil ranging from 3 cents to 10 cents per barrel.

The minimum crude tax would be levied on small quantity pro-

ducers, while the top rate would be imposed on the largest operations. Wright says this would lower taxes for 90 per cent of the present producers, who pay a flat tax of 4.8 cents a barrel, but would bring in more revenue in the aggregate because of a larger return from major oil companies operating in the state.

"I really came up here to see how things are run, since I had never been to Washington before," he said.

"The opportunity appeared to pick up a lot of pertinent information in further support of my tax proposals on natural resources, so I availed myself of it."

He has talked with various federal officials dealing with natural resources, and with numerous con-

gressmen. He estimates the new taxes he proposes would net the state an increase of \$40,000,000 in its annual revenues.

Wright said he also plans to offer a bill appropriating \$3,000,000 for allocation to soil conservation districts. The money would be used to buy heavy machinery to build check dams, drainage ditches and to carry out other soil erosion control measures.

Around the capital: Wichita Falls Congressman Ed Gossett suggests this way to get something in return for our wheat and other foodstuffs sent to Europe:

"We could buy advertising space in their newspapers and time on their radios to get across the American view and counteract a lot of distorted propaganda of the communists.

"The dollars could pay for some of the relief we are sending. A full page ad outlining how we have fought two wars at great cost of lives and money, and never sought one square mile of land, might straighten out the thinking of a lot of people.

"That advertising is the one commodity they have which we could use, which will in effect cost us nothing and at the same time not detract from their own efforts at self support."

Danny Kaye As 'Man Or Mitty' On Ritz Screen

The frenzied day dreams of a romantically frustrated hero are studied with burlesqued derring-do which merges into real life adventure in Samuel Goldwyn's lavish Technicolor musical, "The Secret Life of Walter Mitty" which opens Thursday for a three-day run at the Ritz theatre. Co-stars Danny Kaye and Virginia Mayo, famed duo of Up In Arms and The Kid From Brooklyn, also Technicolor productions under the Goldwyn banner, portray respectively a frustrated young man aspiring to heroism and a glamor girl who is the answer to his yearnings for romance.

Based on James Thurber's popular story, the film features Boris Karloff, Fay Bainter, Ann Rutherford and the lovely Goldwyn Girls, while Thurston Hall, Florence Bates, Gordon Jones, Konstantin Shayne and Reginald Denny complete the principal cast.

Under the direction of Norman Z. McLeod, the story develops from the boring reality of "Mitty's" life to his sub-conscious where his beat-down ego can be itself. His adventures range from his success as a famed surgeon, operating brilliantly with nut-graters and egg beaters, to his part in a vast international conspiracy, dotted by threatening characters who seem to be fugitives from the more gory pulp magazines. Unfortunately, his day-dream of murder in the diplomatic set turns into a very real adventure, wherein the mouse-like Mitty becomes a Man.

Childress, Cisco Lose AA Rating

AUSTIN, Nov. 26. (AP)—Eleven schools have been dropped from Class AA to Class A in Texas Interscholastic league football for 1948. R. J. Kidd, league athletic director, announced yesterday.

The list of schools tentatively assigned to Conference A included Childress, Brownfield, Cisco, Ranger, Stephenville, Electra, Quanah, Gladewater, Jacksonville, Hillsboro and San Benito.

The new listings were made through these factors: 1-enrollment in the last four high school grades, 2-the geographical location of a school, 3-arranging schools in such a manner as to have 22 districts in the state, thus assuring an orderly state championship playoff for conference A members. Class A plays to a state championship for the first time next year.

All schools with an enrollment of 200 to 499 have been placed in the most accessible district to their school.

Help Keep Football True Sport

The football season is near a close and fan-fever will soon be on the wane, but it still seems timely to hand a pat on the back to Jack Sisco, a veteran football official, for his remarks made this week before the TCU Frog Quarterback club. Sisco said in part:

"When it gets so that parents merely smile as their 10-year-old son directs such words as 'cheater, bum, and dirty crook' at the man empowered to enforce the written rules of the game, it's time to stop and take stock."

Sisco also pointed out that the wave of "insults and attacks" will cause many "high-type men now drinking the games to quit, leaving it for drunks and tin-horn gamblers." The speaker said the future of football was in jeopardy unless steps are taken to restore it to the "status of a game."

Sisco's remarks are newsworthy not simply because he was a figure in the near-riot at the Texas-Oklahoma grid contest in Dallas in October. He happens to be a staunch devotee of football, having been outstanding player and successful coach before he turned to private business, and to officiating largely because of his love

for the game. The tendency to regard gridiron officials as "crooks" every time the favored team is assessed a penalty is growing more and more general, on high school fields as well as in college stadiums. If the gamblers and over-zealous adult fans are there to voice such insults, you may be sure the younger folk are going to take up the cry.

And the whole attitude puts an emphasis on victory at any cost—whether honorable or not—that completely negates football for the sport it was designed to be.

It might be protested that there exists a good old American custom of berating umpires at baseball games and "cussing" them for all you're worth. That itself can be carried too far; but there also exists a difference between baseball and football. The one is a professional undertaking, must be accepted with its "show" effects; the other is primarily a scholastic sport, designed for the physical building and teamwork training of youth. That original design is being undermined, by just such tendencies and trends as Sisco points out. The sports loving people ought to do everything possible in their power to correct it.

Increasing Demand For Petroleum

The big demand for petroleum continues, to an amazing degree, and an answer to the question "why?" is given in an analysis recently compiled by various authoritative sources.

To put it briefly, there are several factors:

- (1) By December 31, there will be over 2,300,000 more vehicles in use than there were in 1941. This represents an increased petroleum demand of 15 per cent.
- (2) Government requirements for the year ending next June 30 will be seven times those of 1938. The figure is 91,189,000 barrels.
- (3) The national industrial production index is up over 18 per cent from 1946. This calls for 23 per cent more oil.
- (4) Farmers are using nearly twice as much oil products as they did in 1941. The

need for farm equipment is up by 100 per cent.

(5) Diesel installations have mounted rapidly, and these will use 182 per cent more fuel oil and lubricants than did Diesels in 1941.

(6) There has been 260 per cent increase in the use of "bottled gas," and home and commercial heating demands have gone up 45 per cent.

Put these all together and you can see why the development and conservation of petroleum products must go on and on. There may be a danger point ahead, and some economists proclaim that fact. The petroleum industry estimates that it can meet the current demands, however, plus a little over. The reserve is not too great, and may not be enough. Another pointer is that natural resources always have to be nourished and husbanded.

The Nation Today—James Marlow—

Why European Nations Need Help

WASHINGTON, (U.P.)—Why do France, Italy and Austria need \$597,000,000 (millions) in help from us? Don't they have any money at all to buy what they need? Are they that broke? The answer is simple: They have their own money but they don't have enough dollars to buy what they need from us. If the three countries were turning out enough goods to export to us they could sell those goods to us for dollars.

In that way, they'd lay in a supply of dollars with which they could buy from us the things they need. They've done a number of things to get hold of as many dollars as they could rake together. France, for instance, got some Frenchmen to sell to the French government, for francs, their holdings in this country. In this way the French government was able to convert those holdings here into dollars with which to do buying here. But to make things worse, the higher prices rose in the United States, the less could be bought with the dollars the French scraped together.

Another thing—and this was true pretty generally in Europe—a lot of grain was lost last winter by a freeze and in the summer by a dry spell. So France has to import more grain than she would have had to if the crops had been better. By next March 31, here's the story for the three countries: France—She'll need to spend \$556,000,000; she'll have only \$228,000,000 in dollars to spend; she'll need \$328,000,000 help from us. Italy—She'll need to spend \$386,000,000; she'll have only \$159,000,000 in dollars to spend; and she'll need \$227,000,000 in help from us. Austria—She'll need to spend \$73,000,000; she'll have only \$31,000,000 in dollars to spend; and she'll need \$42,000,000 in help from us. The three countries—to the value of \$597,000,000—will need food, fuel, fertilizer, seeds, medical supplies and cotton.

Affairs Of The World—DeWitt MacKenzie

Danger Is Increasing In France

This is no time to rock the boat, but we should recognize that the situation in strike-ridden France is increasingly grave. I am reliably informed that the French authorities, both governmental and military are viewing with deepest anxiety the potentialities of the nation-wide strike involving a million workers belonging to communist dominated unions. Officials recognize that, as Elder Statesman Leon Blum warned last week, international communism has declared war on French democracy.

They are preparing for the worst, with the hope that it won't eventuate. French military reserves have been called back to active duty and it is said that very shortly the army will be close to active war strength. These forces are scattered throughout the country. The new cabinet under Premier Robert Schuman has got into action with a promise of energetic measures. This assurance came as the strike movement spread across the country and threatened disaster to the already chaotic economy. Schuman's task was to win back those million strikers and at the same time try to prevent other workers from leaving their jobs.

There were few bright spots in the gloomy picture, but one ray of light came from a vastly important—though perhaps wholly unexpected—quarter. General Charles De Gaulle, leader of the powerful new right-wing people's rally, cancelled a speech scheduled for Thursday to keep from embarrassing the government in its conflict with the communist-dominated confederation of labor. The general is the pet hate of the bolshevists, having captured a majority of votes in the recent country-wide municipal elections on a violently anti-communist platform. That is a highly interesting development and supports the suggestion of this column yesterday that Premier Schuman had chosen to adopt a course further to the right, rather than try to maintain a hopeless middle-of-the-road position between communism on the one hand and DeGaulle's extreme rightists on the other. It is further significant that Schuman gave the portfolio of the ministry of economics to Rene Mayer who is an open supporter of DeGaulle. The whole situation is suggestive of the lull before a gathering storm.

Cary Hits Critical Audience

HOLLYWOOD, (U.P.)—Film audiences are too critical, says Cary Grant. "They spend 65 cents," Cary said between takes of "Blandings," and expect perfection. If they bought a gadget for 65 cents they wouldn't expect as much from it. "And it's the little things about a movie that upset people," he continued. "For example, if there's a scene in which an article is mentioned as having been manufactured in 1904, there's sure to be some guy in the audience who'll say 'Heck, that wasn't till 1908.' After that the picture is ruined for him." Cary notes that people lately seem to think English films are truer to life than the Hollywood product. But he scoffs at that idea. "They think the characters are real," he said, "because they are new faces."

Meyers Had Three Sets Of Books

WASHINGTON. — Now that the Senate war investigating committee has dipped into the personal bookkeeping practices of Maj. Gen. Bennett E. Meyers, it might also take a good, penetrating look at the way he kept top secret records of the Army Air Force's materiel command during the war.

The Senate committee has developed the fact that General Meyers concealed hundreds of thousands of dollars of personal income. But if it looks thoroughly into the air corps, it will discover that Meyers kept three sets of books on Air Corps procurement.

Even such top-flight war department officials as then Undersecretary Robert P. Patterson had difficulty getting the true facts about the Air Corps buying program from Meyers. And when Patterson finally sent several aides to see Meyers to determine whether the Air Corps was wasting Federal funds, they learned that Meyers kept three sets of books.

Set No. 1 told the true facts about the procurement program. This was for the eyes of brass hats only.

Set No. 2 was for the White House and was calculated to show Roosevelt how able and brilliant top Air Corps officers were.

Set No. 3, again different from the other two, was designed to show Congress how hard up the Air Corps was and why it needed more money.

Patterson's ex-assistants say that General Hap Arnold, Meyers' superior, was fully aware of Meyers' bookkeeping practices. At one point when Patterson ordered an assistant to make a survey of Air Corps procurement practices, Arnold and Meyers even fought the survey and it was only by calling in private engineers that Patterson was

able to calculate the exact status of Air Corps procurement.

This survey showed that Air Corps buying policies strongly resembled a man drinking coffee and eating doughnuts. If he had half a doughnut left over, he ordered another cup of coffee; if he had half a cup of coffee left over, he ordered another doughnut—thus making for an endless cycle.

In the case of the Air Corps, when the brass hats had too many pilots, they ordered more planes. When they had too many planes, they ordered more gasoline and pilots. When the quantity of pilots, planes and gasoline got out of proportion, they ordered more air bases.

Patterson finally had the report read to a meeting of Hap Arnold's air staff, following which Arnold acidly inquired: "How many copies of that report are there?"

"Three," replied Patterson's aide.

"Put them in the safe," said Arnold turning on his heel and storming out of the room.

What Arnold didn't know until later was that there was a fourth copy of the report. This was taken to Harry Hopkins by Isador Lubin, then a White House secretary. Hopkins summoned Arnold to the White House and showed him the copy of the report charging Air Corps waste. Arnold claimed there was no truth to it whatsoever.

General Meyers' occasional arrogance frequently angered some of his associates. One successful Washington businessman who served the Air Corps with the rank of colonel passed Meyers one day in the lobby of a Dayton, Ohio, hotel. Meyers threw his hotel key at the colonel and told him to give the key to the hotel clerk. The colonel, not used to being ordered around like an office boy, let the key drop

to the floor and walked away. An hour later the colonel, who is worth several millions dollars, visited General Meyers in his office and said:

"Benny, I'm thinking of buying an airplane for myself after the war."

"You are?" replied Meyers. "Yes," replied the colonel, with a bloody look in his eye. "And I'm thinking of hiring an Air Corps general to pilot it for me."

After that Meyers threw no more keys in hotel lobbies.

TRUMAN ON RUSSIA President Truman used the clenched fist of the communists in talking about Joe Stalin the other day. Discussing world problems with John L. Golob, national commander of the Disabled American Veterans, Truman asserted:

"My life and my work is dedicated to keeping the world at peace. I'll do everything within my power to preserve peace, but — he held up a closed fist — we are prepared to use this if we absolutely have to."

"I don't want to see any more crops of disabled vets," Truman continued. "We've had two huge crops from the last two wars. Our European friends have had even greater ones. Their disabled veterans far outnumber their war dead."

The President went on to say that if the American people had a better understanding of the tragic condition of the countries we are trying to help, they would be even more generous.

"We must understand that these countries are made up largely of old men and crippled women and children," Truman said. "Because of the great toll war has taken in their manpower. Therefore, we must be all the more patient in helping these unfortunate countries to get back on their feet."

Texas Today—Jack Rutledge

From Movie Star To Rancher

The saga of rags to riches is always good, but the saga of movie star to cattle rancher is both good and different, and you'll find both in the Moss family of Odessa.

The movie star is beautiful Jane Withers, who married William Moss of Odessa and who, with her husband, will operate the cattle industry of the big Moss ranch.

They were married not long ago and she is in the process of becoming Texasized.

The rags to riches story belongs to Judge Paul Moss, author of two well-known books, cattle rancher, lawyer, and oil man. He is Jane's father-in-law.

Born in North Carolina, he came to Texas in 1912 and found the end of his rainbow in a what was then a forlorn bit of territory. He arrived broke. He borrowed a law book from John Buchanan and set up office.

There were about 600 people in Ector county at the time, and Crane county, attached to Ector for administrative purposes, had 35 votes.

The area was dry—so dry that once when a tourist asked Judge Moss if it ever rained out there, he replied: "Yes, it rains sometimes. In fact, it rained Wednesday about 30 miles from here, but it was busy and couldn't go."

Like other business and professional men, he bought land, which was cheap. He began ranching as a hobby.

Then, of course, oil was discovered. The Permian basin be-

came a big name in oil—and Judge Moss was rich.

He bought more land, including 120 sections in New Mexico near Alamogordo.

He wrote "Shadow of the Pollock" and "The Rock Was Free." He developed his ranches. His law practice grew.

He has not retired in any sense of the word, but is gradually turning over a lot of his work to his family and staff.

The cattle industry, for example, is now the job of his son William and actress daughter-in-law Jane Withers.

Jane ought to be good at her job. After all, actresses know quite a bit about calves.

Forest, North Dallas Clash Tonight For District Title

By The Associated Press

The first of five district championships in Texas schoolboy football to be determined this week goes on the line tonight as unbeaten but often-tied Forest meets North Dallas in the battle for the Dallas title.

Eleven districts already have named their representatives for the state play-off.

The Dallas winner will clash with Arlington Heights of Fort Worth, the District 7 champion, in the play-off starting next week.

There must be a decision tonight or the Dallas district race may end up in a three-way tie. If North Dallas and Forest should play to a stalemate Sunset (Dallas) could tie them for the lead in the event Sunset beat Crozier Tech tomorrow.

Three championships will be in the balance tomorrow over the state. Here is the picture:

District 5—Denison at Sherman, Greenville at Paris, Paris and Denison are tied for the lead but Paris will get the championship in the event they finish that way since it had the statistical edge when they played a 7-7 deadlock.

District 9—Brownwood at Stephenville, Cisco at Breckenridge. Breckenridge can take the title by beating Cisco. While Breckenridge and Brownwood would end up in a tie for the leadership through victories tomorrow, Breckenridge would get the nod since it beat Brownwood in season play.

District 15—Breckenridge (San Antonio) vs. Thomas Jefferson (San Antonio). Breckenridge can take the title by winning. It would finish in a tie with Corpus Christi for the lead but Breckenridge beat Corpus Christi in season play.

The last championship will be determined Friday night when Waco plays Temple at Temple. Waxahachie, still in the race for the District 10 title, meets Hillsboro at Waxahachie tonight. By winning Waxahachie can retain its title hopes since it has lost one and tied one, the same as Corsicans, which plays Cleburne at Cleburne Friday night. Waco must win over Temple to sew up the championship. A tie would throw the district race into a three-way deadlock; a defeat would leave Corsicans and Waxahachie tied for the title, if both teams win their games this week.

District representatives already determined are Amarillo, Wichita Falls, Odessa, Austin (El Paso), Highland Park (Dallas), Arlington Heights, Longview, Lufkin, Lamar (Houston), Goose Creek and Harlingen.

This week's schedule by districts (conference games unless indicated otherwise):
1—Thursday: Amarillo at Plainview, Brownfield at Lubbock, Pampa at Borger.
2—Thursday: Vernon at Electra, Wichita Falls at Graham, Quanah at Childress.

3—Thursday: Sweetwater at Big Spring, Midland at Odessa, San Angelo at Abilene.
4—Thursday: El Paso high vs. Austin (El Paso).
5—Thursday: Denison at Sherman, Greenville at Paris.
6—Thursday: Highland Park (Dallas) at Grand Prairie, McKinney at Denton.
7—Thursday: North Side (Fort Worth) vs. Paschal (Fort Worth).
8—Wednesday: North Dallas vs. Forest (Dallas); Thursday: Sunset (Dallas) vs. Crozier Tech (Dallas).
9—Thursday: Weatherford at Ranger, Brownwood at Stephenville, Cisco at Breckenridge.

10—Wednesday: Hillsboro at Waxahachie; Friday: Waco at Temple, Corsicans at Cleburne.
11—Thursday: Marshall at Tyler, Longview at Gladewater, Texas, Tex., vs. Texarkana, Ark. (nonconference).
12—No games scheduled.
13—Wednesday: Lamar (Houston) vs. Milby (Houston).
14—Friday: Kirwin (Galveston) vs. Galveston.
15—Thursday: Brackenridge (San Antonio) vs. Thomas Jefferson (San Antonio); Friday: Kerrville at Austin.
16—Thursday: Alice at Laredo (nonconference); Friday: Edinburg at McAllen.

LOOKING 'EM OVER

With TOMMY HART

There's something about the national collegiate football poll released recently that doesn't add up—not that one could ever get four out of two and two in the weekly balloting. Perhaps the outcome of the Sugar Bowl game will show the oracles the error of their ways.

The latest ratings placed a Notre Dame team of still unproved ability at the top of the heap, followed by Michigan, Southern Methodist, Southern California, Penn State, Alabama, Texas, Pennsylvania, Georgia Tech and North Carolina in that order.

Such worthies as West Chester (Pennsylvania) Teachers and St. Norbert's rallied some support in their particular sections and, for that reason, in the nationwide poll.

Southern Methodist defeated Texas by a single point yet finished four notches behind the Mustangs. Ahead of the Longhorns were such contingents as Southern Cal, tied by a 20-0 Rice club early in the season; Penn State, perhaps deserving of its high station but certainly no better than Texas; and Alabama—the same Alabama club that lost to Tulane by one point early in the season and later was defeated by a fair Vanderbilt eleven.

Incidentally, three boswells in the country thought Carolina was the top eleven in the nation. That is the same North Carolina club that lost to Texas, 34-0, at the beginning of the season.

Any one of a dozen "small" colleges in the Southwest, including the Cameron (Okla.) Aggies, could probably take either West Chester Teachers or St. Norbert's with touchdowns to spare.

It's the old story: Not who you are but who you know.

Local observers who have been watching the Southern Methodist football team roll on unbeaten and untied may be wondering what the Mustangs will have in the way of an eleven next fall.

Doak Walker, Gilbert Johnson, Dick McKinick and Paul Page, all the starting backfield, will return. Kyle Rote, the high school phenom, becomes eligible. However, the Mustang line will suffer by loss of veterans.

Departing the Sides after this season will be Sid Halliday and Dick Reinke, ends; Earl Cook, a crackerjack guard; and Cecil Sutphin, center, all first string.

Scribe Foresees Wins For SMU, Navy, Texas

NEW YORK, Nov. 26 (AP)—A double dose of football forecasting—and here's hoping that none of the predicted favorites stumbles over a wishbone tomorrow or gets caught in a snow drift on Saturday. Last week's record was 46 correct picks and 11 incorrect for an average of .808. That made the seasonal total 509 on the right side of the ledger and 113 on the left, for a mean of .818.

Top game of the lengthened weekend is Saturday's contest at Philadelphia involving Army and Navy.

Baracles have grown as big as waffles since the Midshipmen last defeated the Cadets, a trick this forecaster thinks they will accomplish before President Truman on Saturday.

Other predictions: Cornell-Penn: A turkey day feature that means everything to Cornell but means only another triumph for the unbeaten Quakers, Penn.

Texas-Texas A & M: The Aggies will have their "twelfth man" as their guest for this Thursday affair. They will need him but Bobby Layne and Dick Harris won't even know he is there, Texas.

Mississippi-Mississippi State: Ole Miss has climbed to the top of the Southeastern conference ladder on the battery of Charlie Conerly and Barney Poole. On Saturday Harper Davis and Shorty McWilliams will put them down, Mississippi State.

Georgia-Georgia Tech: A year ago Charley Trippi personally administered a beating to the Tech youngsters. He is an alumnus now and all of Tech's cripples will be healed by Saturday, Georgia Tech.

Texas Christian-Southern Methodist: The Mustangs want to carry an unbeaten record into the Cotton Bowl. Doak Walker, after a rugged Saturday afternoon, will help them do it, Southern Methodists.

Holy Cross-Boston College: The Crusaders have never lost to the Eagles in the years DaGrosa was a coach or assistant coach at the Cross. He ends 20 years of grid teaching on Saturday with his record intact, Holy Cross.

Thursday Arkansas over Tulsa.

Saturday Hardin-Simmons over Texas Tech, New Mexico over West Texas, Rice over Baylor.

Tech Raiders To Field Strong Quintet Here

Two-Day Clinic To Attract 100

The Texas Tech basketball team launches its season next Tuesday night in a non-conference game against the Hardin-Simmons Cowboys in the feature climax of the Big Spring coaching school.

Coch Polk Robinson, rated as a specialist in backboard play and push-shot offensive, will be one of the school's instructors, using his charges for demonstrations during classes and pitting them against the Border conference rivals.

Indications are that lettermen will compose most of the Tech starters and traveling squad this season. Expected to start against the Cowboys are: James Hill, Amarillo sophomore, and Jay Kerr, Odessa senior, forwards; Don Grove, towering Monument, N. M., lad, center; Ardis Barton, Springlake Junior, and Jiggs Jackson, Monument, N. M., senior, guards.

Also on the traveling squad probably will be: William Banks, Vernon Junior; Wayne Bowles, Lubbock Junior; Eugene Gibson, Lakeview sophomore; C. W. Dukes, Tyler sophomore; Winston Churchill, Sterling City Junior; Harry Compton, Hillsboro Junior college transfer; Gilbert McAllister, Portales, N. M., senior; and Joe Wheatley, Pittsfield, Calif., sophomore.

Texas Tech this season will play in 24 single games and one tournament, opening its home season Dec. 17 against the New Mexico Lobos. It will use a man-to-man defense and driving, short pass offensive.

Tickets for the Tuesday contest, which sell for \$1 each, will shortly be placed on sale at Lou's store, Hester's, Big Spring Hardware and Johnny Dibrell's Sporting Goods Store, according to Clarence Fox, promoter of the clinic.

Fox said he was expecting at least one hundred mentors from throughout West Texas to enroll for the two-day course, which begins Monday morning at the Settles hotel.

TALL CAGER — Don Groves, 22, a Texas Tech player who will be seen in action against Hardin-Simmons university here Tuesday night, is the tallest man on the Raider squad. He's 6-foot-5 1/2. In 13 games last season, he scored 114 points.

Fox said he was expecting at least one hundred mentors from throughout West Texas to enroll for the two-day course, which begins Monday morning at the Settles hotel.

Modern, Nathan Teams Add Wins

Modern Cleaners and Nathan's Jewelers scored victories in Women's Classic bowling league play at the West Texas bowling center Wednesday night, defeating Youth Beauty and Settles Beauty, respectively.

The Spot Removers swept a three game set from Youth while Nathan's was nudging Settles, 2-1. Margaret Howie, Nathan's, and Modern's Pat Walker led the individual scorers, the former getting a 187 in one try while Miss Walker accumulated 529 pins in three games.

Nathan's held high single game with 756 while Modern grabbed high aggregate, 2159.

Tickets On Sale

Reserve seat tickets for the Big Spring-Sweetwater football game, which will be played at Steer stadium starting at 3 p. m. Thursday, will be available at the high school tax office from 9 until 11 a. m. tomorrow.

The duets are priced at \$1.20 each.

Frogs To Play Indiana In '48

FORT WORTH, Nov. 26.—Nine of T. C. U.'s 10 football opponents in 1948 will be the same as in 1947. The something new will be a game with the Hoosiers of the University of Indiana, to be played in Bloomington, Ind., Oct. 9.

The Frogs have played Coach Bo McMillan's team once before, defeating the Hoosiers 20 to 14 at Bloomington in 1941. That was the Frog eleven, captained by Guard Bill Crawford of Fort Worth, that later upset the Texas Longhorns 14 to 7 and went to the Orange Bowl.

The complete 1948 T. C. U. football schedule: Sept. 18—Kansas U., - Kansas City, Mo. (Night). Sept. 25—Oklahoma A. & M., Oklahoma City (Night). Oct. 2—Arkansas U., Fort Worth Oct. 9—Indiana U., Bloomington, Ind. Oct. 16—Texas A. & M., College Station

Oct. 23—Oklahoma U., Ft. Worth Oct. 30—Baylor, Fort Worth Nov. 6—Open Date Nov. 13—Texas U., Ft. Worth Nov. 20—Rice, Houston Nov. 27—S. M. U., Dallas

Lurking Bear Is Arousing Fears

CHARDON, O., Nov. 26. (AP)—A bear was reported lurking in the Bass Lake area near here today and farm women were said to be afraid to leave their homes at night.

Charles Mazny, a florist, said he saw the bear in the road Monday night while he was driving through the snow.

Game Warden Forrest Tuttle declared he had received several reports, but pointed out it was unlawful to shoot bears unless they were caught destroying property or killing livestock.

Recent reports from the West of Chardon were that a bear had chased foxes, bitten off the tail of one and killed two dogs.

Marchant, Johnston Lead In Contest

Local kegglers are eligible to compete for the prizes being proffered for high game scores, by Zale's Jewelry store, whether they play for practice or in a regularly scheduled league game, it has been announced.

Zale's is offering watches to the man and woman who post high scores for the month of November. Like awards will go to the top scorers in December.

Ten Longhorn Regulars Wind Up Prep Grid Careers Thursday

Of the Big Spring high school gridlers apt to see action in the game with the Sweetwater Mustangs here tomorrow afternoon, only Arliss Davis and Culin Grigsby, ends, will be eligible again in 1948, unless the Texas Inter-scholastic league's much-discussed "eight semester" rule is voted out.

Davis will probably start at one of the wing posts while Grigsby, along with Roy Lee Pool, will spell him.

If the eight semester rule remains in effect, Ike Robb, Delmar Turner, Pat Lamb, Jerry Houser, Donald Hale, E. B. Lees, Paul Shaffer and Moe Madison will be playing their last game along with the boys destined to graduate—Eddie Houser, Jim Bill Little and Harold Berry.

Bill Van Pelt, who has been making the trips with the team, and Kelly Lawrence, a B string back, are among those who have further eligibility, regardless.

Ten Sweetwater players, including eight regulars, will be playing their final game.

Dick Dunkel's College Football Averages

For week ending November 30

The Dunkel system presents a factual, unbiased picture of the relative strength of teams as revealed by the scoring correlation method. This method answers the question, "How well has each team performed relative to the strength of its opposition to date?" The teams are their own figures by the average scoring margin they establish above or below the average rating of their opponents. Average scores below numbers—bet percentages. They indicate each team's present scoring margin in the PAST over the weakest team in the country. Thus, a 60.0 team has been 10 scoring points stronger than a 40.0 team in this manner past performance of any two teams can be compared regardless of location. The ratings have been continuous since 1925.

Students Busy In Preparations For Thanksgiving Fete

Wednesday was to be a busy day for high school students. Before they take off for the Thanksgiving holidays, they were to hear an assembly program presented by the Bible class students at 2:30 p. m. One hour later, a game between the B teams of Big Spring and Midland was on tap. Back at the gymnasium at 6:30 p. m., they were due to participate in a rousing pep rally in preparation for the game with the Sweetwater Mustangs here Thursday at 3 p. m.

Following the rally, the band, pep squad and student body was due to adjourn to the south side of the campus for a bonfire, possibly around 7 p. m.

SOMEBODY'S PICKING ON HSU AND IT 'MIGHT BE' TEXAS TECH

ABILENE, Nov. 26. (AP)—Somebody is picking on Hardin-Simmons University and everybody suspects Texas Tech, whose Raiders play the Hardin-Simmons Cowboys Saturday in an annual football classic.

For one thing, the campus streets here were painted lavishly with "T" and "Beat HSU" signs yesterday.

The head of a cowboy statue is missing. The statue is made of concrete and wood.

Earlier, 13 carloads of Tech students had visited Abilene and then Lubbock police received an anonymous telephone call against protection from Hardin-Simmons students, believed ready for reprisal raids.

Lubbock, home of Texas Tech, also said it had heard that the famed white horses of the Hardin-Simmons Cowboy band had been painted with double T's and polka dots. But that isn't so.

The horses are still white.

New Polic Car Hits Ice Truck

A city police car was involved in a traffic mishap at the intersection of Second and Main streets at 10:40 a. m. today, officers reported.

The police car, a new Ford machine recently put into service, sustained a crushed fender and front grill when it came in contact with an ice truck.

The truck was backing from a parking space, and the view of its driver, Clyde Majors, was temporarily obstructed, officers said.

Capt. R. L. Thompson was at the controls of the police car.

Divorces Granted In District Court

Maiden name of Williams was restored to Willie Mae Featherstone, who won a divorce decree from Andy M. Featherstone in 70th district judicial court proceedings Tuesday.

In other suits brought before Judge Cecil C. Collins, Winnie M. Scott was granted marital freedom from Bruce Donald Scott and was given custody of a minor child while the marriage of Ray Prather and Winnie Dell Prather was dissolved. Custody of two minor children was granted the defendant in the latter case.

Holiday

(Continued From Page One)

Edith Wright, Catherine Russ, and Dorothy Wilson, were to leave Thursday morning and Reed will leave after the game Thursday evening for San Antonio. Mrs. Low, Bailey and Reed are accredited to the TSTA house of delegates.

Faculty and students get a breather at the Howard County Junior College, too, recessing today until Monday morning. A Thanksgiving touch was added at high school and HCJC Wednesday with turkey dinner offered at regular rates.

Shopping for the Thanksgiving table quickened Wednesday, but there was a noticeable trend toward hens as the festive bird. While prices per pound were only about 10 cents under the traditional turkey, the weight factor counted for much when put against the beaten billfold. Turkeys were more in demand than hams.

Numerous families were planning reunions, some taking to the highways for other points, others staying home to be hosts. Colleagues were planning an informal dance Thursday evening at HCJC.

Son Born To Vessels

Lt. and Mrs. L. E. Vessel, of Weatherford, Texas, are the proud parents of a 7-1-4 lb. boy, named Charles Edward, who arrived November 26. Mrs. Vessel is the former Elizabeth Moody, a former resident of Big Spring and the daughter of Mr. and Mrs. Alfred Moody, Amarillo. Lt. Vessel was formerly stationed at the Big Spring, Bombardier school.

WALL STREET

NEW YORK, Nov. 26. (AP)—The stock market had a quiet pre-holiday day in a quiet pre-holiday session.

Fractional changes in either direction were noted in stock dealings, with no section of the list developing a well-defined trend. The ticker tape slowed at intervals after a moderately active opening. Near midday plus and minus signs were noted.

Another batch of year-end, extra and increased dividend announcements was announced. Stocks were unchanged by reports some tax selling and switching of accounts contributed to market irregularity. Many customers have backed in view of tomorrow's Thanksgiving recess and domestic and foreign uncertainties. The market was shaken by Secretary Harriman's request that the government be given "limited priority and allocation powers" over that metal.

Plants were explained, varieties pointed out and each girl was presented with a plant.

Those participating were Ann White, Gwen Gafford, Neida Kay Williams, Neida Echols, Nanette Fargular, Lila Turner, Annabelle Lane, Belva Jo Wren, Nancy Pittman, Nita Jo Heddlston, Nancy Thompson, Mary Lee James, Glenna Coffey, Janice Nalley and Peggy Hogan.

Holiday Entertainment Planned At Club Meet

Further plans were made for the High School Slipper club's annual presentation, Dec. 5 when members met in the home of Doris Purser Monday evening.

Nancy Whitney presented an informal program, and it was announced that Nancy Lovelace would be the next hostess.

Pledges attending were Jenee Beens, Burlatsten McCaully, Judy Beens, Curtisteen McCaully, Judy and Jean Robinson.

Members present were Sue Nell Nell, Delores Hull, Ellen McLaughlin, Nancy Hooper, Mary Robbins, Nancy Lovelace, Nancy Whitney, Rebecca Rogers, Billy O'Neal and the sponsor, Mrs. Tom Harris.

VISIT HERE

Mr. and Mrs. M. O. Spears of Tahoka were visitors here this week. The couple are former residents of Big Spring.

TO VISIT MOTHER

Jack Merrick of Midland was to visit his mother, Mrs. Lucille Merrick, over the holidays.

Deadline Is Declared On Parade Floats

Saturday is the deadline for entering floats or vehicles in the Dec. 4 Christmas parade, the chamber of commerce announced this morning.

All merchants and organizations in the city have been invited to list parade entries if they desire, but complicated arrangement of details makes it necessary to complete the parade's entry list well in advance of the performance date, officials said.

The Jean Gros Balloon figures will form the nucleus of the lineup, but local entries and half a dozen high school bands will round out the seven sections.

The American Business club, Lions club, Rotary club, county 4-H club organization and the Howard County Junior college already have announced that they will sponsor entries. The local automobile dealers association members also will participate.

The parade will mark the first formal appearance of the Howard county American Legion post's drill unit, which is composed of approximately 30 uniformed men.

Several merchants have indicated that they will sponsor entries if suitable arrangements can be made. The list probably will not be completed until the Saturday deadline, however.

B'Springers Speak To Forsan Club

FORSAN, Nov. 26. —W. D. Berry and Eddie Hickson of Big Spring were speakers at a meeting of the Forsan Civic club Tuesday night.

Berry addressed the group on "The Responsibility of the Sponsor in Boy Scout Work" and Hickson spoke on "What the Boy Has a Right to Expect."

The civic club sponsors the Forsan Boy Scout troop. Glenn Whittemberg is club president, and Lewis Heuvel is program chairman.

Sheriff's Men Seek Swindling Suspect

Members of the sheriff's office departed for Frederick, Okla., where they were to pick up James Jackson, wanted on a swindling charge here.

Jackson allegedly contracted to do the work on a cess pool for a Big Spring couple and inflated the price on the project.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Ma Hoskins Sneezed at Cats!

Ma Hoskins couldn't understand why she got a fit of sneezing every time Harpo, the cat, came in the room. Finally figured she'd have to get rid of Harpo altogether.

Then Doc Hollister explained she had an "allergy." Cat's fur made her sneeze like strawberries give some folks rash. He gave her an inoculation so she and Harpo could live sneezelessly together.

I guess a lot of us have "allergies" in the social sense. Some folks just can't stand movies, or radio comedians. Other folks don't go for bear. Myself, I enjoy a moderate glass of beer or two with friends... but it's up to them what beverage they choose.

From where I sit, the important thing is not to let our social allergies result in antisocial taboos. Let's not criticize the fellow who likes beer if we like cider. A little inoculation of tolerance can help us live-and-let-live happily together.

NOW—make a date to OIL-PLATE!

Let's change that dirty, beat-up summer oil! Let's refill with brighter, lighter Conoco Nth winter oil!

Free-flowing Conoco Nth Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder walls are OIL-PLATED!

This extra OIL-PLATING actually resists gravity... won't all drain down even overnight! So, you're extra-protected from metal-eating, combustion acids... from "dry" starts... from sludge and carbon caused by wear!

And that means zingful power... pick-up... get-up-and-go! A change you'll be thankful for!
