

FARM PEOPLE TO GATHER AT THE A. & M. COLLEGE THE LAST WEEK IN JULY

College Station, Texas, July—The work of the School of Agriculture of the A. & M. College of Texas will be climaxed the last week of this month in the Twelfth annual Farmers' Short Course. During this week the entire force of the institution will be devoted to the task of assisting in the most extensive way possible that great class of farm men and women, boys and girls whose duties on the farm will not permit them to spend more than one week away from their homes. And in addition to the officials of the extension research and teaching divisions of the College there will be brought here on those days specialists of other Colleges and other institutions who have vital information for the farm people, and then there will be Governor Pat M. Neff and officers of Southern farm organizations to talk on the topics of the hour that have the greatest importance to rural dwellers.

For the greatest effectiveness those attending will be divided into groups according to the subjects that they desire to pursue in their work. No text books will be used as the purpose of the course is not to institute new methods but to solve the everyday problems of those who come

teach them some things which if employed in their work on returning home will mean greater profit and greater ease. Men will study farm tractors and engines, fertilizer demonstrations, insect eradication and other related subjects. Women will be primarily interested in interior decoration, cooking, sewing and such minor outdoor work as poultry raising and vegetable gardening. The girls will take elementary courses along the same lines, while boys will devote their time to judging livestock, grain selection and to farm engines and tractors.

In order to have all keenly interested in their work at all times various competitions have been arranged to the winners of which prizes will be awarded for the recognition of merit.

BE A "CHIN-UPPER"
The practical thing to do is to train your brain and train it quickly. Right now, the best trained men and women are the ones who are holding their places or being promoted.

A real man or woman for every position is the desire of every business man.

Do you want to travel the long, hard road of learning thru costly experience? Do you want to start yourself with the handicap of a neglected or incomplete business training? You can avoid both these unpleasant and profitless ways by enrolling with us for a business training. In a few months with us you will gain an education equivalent to years in the business world, and you will learn many things here that you would never "pick up" in actual business.

"Our watchword is 'Thoroughness.'" We know exactly what you need to know to hold a good position. Training young people thoroughly and quickly is our special business. The fact that ours is the largest business college in America, with an annual enrollment of over 4000 is indisputable proof of our ability to do what we claim to do. We own and control the Famous Byrne Systems of Business Training, and with them to give our students the most Thorough, Practical and Complete training that can be had, in Half the Time and at Half the Cost of other schools using other systems. Positions secured. We also teach by mail.

Use your brains now, by enrolling with us at once. Let us prepare you to work from the chin up instead of from the chin down.

DO IT RIGHT
It takes very little if any more time and trouble and expense to do a thing right than to do it half right. But many people do not realize this. And when you do a thing well you get so much more satisfaction out of it. Nobody is ever happy over a slovenly job of any kind. One of the main reasons why many people never succeed in life, and are continually discontented, is that they have never learned to do their work thoroughly.

SYNOPSIS OF CONGRESSMAN BLANTON'S SPEECH

Thomas L. Blanton
With all my heart I gratefully thank my loyal constituents for their highly appreciated confidence and support. Solely upon my record and ability to serve I now seek re-election.

ALL PLEDGES FULFILLED
I have faithfully kept every promise. Without exception I have vigorously advocated and helped to make law every constructive measure passed by Congress during my tenure. And I have uncompromisingly fought every proposed waste, extravagance and graft. Forgetting self I have worked unceasingly, sacrificing the many pleasures of Washington and popularity with Colleagues, to put first always the interest of the tax-burdened people.

ACTIVE UNTRAMMELED SERVICE

Until recently when the Washington press reporters kept back from the public the real situation, thus forcing me to carry a personal message to the people, no other member had been in more constant attendance upon the House proceedings, or given more active and painstaking attention than I had to all business. I have made a careful, exhaustive personal investigation of every Government department, bureau and commission. I have traced the fabulous annual lump-sum appropriations and found the waste, leakages, and graft, which in each bill I fight to eliminate.

WARS MUST STOP! THE PEOPLE HAVE HAD ENOUGH!

We still have in our army 8,720 more officers and 23,560 more men, and we still have in our navy 3,923 more officers and 40,920 more men than we had when the war began in 1917; notwithstanding that since the war we have discharged and put back into private life 174,025 officers and 3,343,213 men from the army and 23,287 officers and 40,920 men from the navy, all seasoned and well trained, upon whom this country could safely rely, if trouble comes. But the rest of the world is insolvent and prostrated, and will be unable to think of war for 25 years. I have fought uncompromisingly to decrease both the army and navy, and to take steps to minimize to the extreme every chance of future wars.

SEPARATING SURPLUS EMPLOYEES FROM PAY ROLL
Every since the armistice I have waged my determined fight to discharge from the pay roll the 250,000 surplus idle civilian

**New Suits--
New Hats--
New Shoes**

We have the past week received a new lot of Men's Suits. The styles and fabrics of these suits are not excelled by any. A part of these are "CURLIE" brand which have an unqualified guarantee of satisfaction, or your money refunded. The prices are far below lots of other makes which carry no guarantee.

Most every one knows the value of a "WORTH" Hat. These hats are bought direct from the Manufacturer, thereby eliminating the jobbers profit. You can buy even jobbers hats at a cheaper price than you can a "WORTH" hat, but if you want real value for the money you spend there are none better.

"BROWN SHOES" are made, not to see how cheap they can be sold, but to give you real wear for every dollar you pay. Their Shoes are not all the best for they are sold at different prices, but when you buy a pair of BROWN SHOES, we stand absolutely behind them, they must give you service for the price you pay.

WE WANT YOUR TRADE.

employees. We still have at least 35,000 unneeded employees. **SUCCESSFUL SINGLE-HANDED FIGHTS**

By investigating, filing minority reports, and fighting them, I have blocked the passage of numerous private claims, wholly without merit, aggregating over \$100,000,000. Through tireless effort I have caused millions of dollars to be stricken from bills, by making proper points of order at the crucial time. My fight killed the Merger Bill, saving nearly a million each year. My fight stopped the proposed \$375,000 inaugural ceremonies. My fight in the fall of 1920 stopped the Navy Department from sending our two huge fleets, embracing 200 fighting ships, around the globe. My speech on December 14, 1920 showing the enormous rents being paid by our departments and bureaus, and specifying the office space then vacant in Government buildings caused the Shipping Board to move from rented buildings, thus saving \$558,274.40 annual rent on that bureau alone. My investigation showing that the government was employing 1,128 shrifts of guards to watch 376 scattered liquor warehouses caused the present proposed move to concentrate and save millions.

AGAINST ALL GRAFT BIG AND LITTLE

I have fought all graft from the petty items that benefit Congressmen to the \$800,000,000 grafted by the Shipping Board. We can never stop big graft until we stop indulging in all petty graft ourselves. I have fought against the Treasury

HAVE THINE OWN WAY
Have Thine own way, Lord, Use me as Thou see'st best. Thou knowest what is best. Oh Thou who knows no sin Within Thyself but who became Sin use me as Thou wilt. Use me as Thou see'st fit. Thou who hast given Thy life for me Let me do something for Thee. —Ora Lee Neill

ON GETTING A HEARING

The man with a grievance is a nuisance. The man with a plan is welcome.

Grievances annoy other people but fail to interest them. The tone of voice has a faint wail in it, and nobody likes to hear a wail.

Some public reformers make the same mistakes as a man with a grievance. The faults they point out are worth nothing. The men they snipe are fair game.

The failure of these earnest critics lies in the unfeeling gloom they carry and spread.

They leave all the good times to the sinners. They get no fun out of their fights.

We do not need a prophet to tell us that some of the condi-

tions of life are sour and hard. In suggesting amendments to the common lot, let the reformers be genial as well as earnest. Best of all, let the reformers bring a plan instead of a grievance.

MANNERS AND BOYS

The ill mannered boy invariably becomes an ill mannered man.

An ill mannered man is not often successful in a business which requires that he come into daily contact with the buying public.

People who spend their own money want to receive courtesy as well as the value of that money. They do not care to pay for a grouch or a grunt.

School teachers are always endeavoring to improve the manners of their pupils, but they find it a difficult task where manners are not taught at home.

These are every day facts—not theories, or a sermon.
