AN OPEN LETTER TO THE PATRONS OF

SANTA ANNA SCHOOL Owing to the necessity of supplying the renovated grade building with additional desks, stoves, shades, drinking fountains and other necessities coupled with the fact that there were about

thirteen hundred dollars deliquent school taxes uncollected this year, our school than they counted on a year when the budget was made out-As a result they lack about twelve

hundred dollars having funds sufficient in hand to run the schook nine months. Rather than close the school and thus lose our nineteen affiliation credits and the children their promo-

tions, the board is asking you to contribute only one month's tuition for each child at the customary rate of \$3.00 each in order for the school

to go on the full nine months. We hope you will do your utmost to raise this small amount and let your child attend school the last month, finish his work, and take the final examinations for promotion to the next grade. I am sure that any patron who really believes in education and Mrs. Clark is still at the sanitarium, but we hope she will soon be able to not hesitate to make it possible for his child to go on to school until it ends June 2.

Yours sincerely, C. D. Eaves, Supt.
